SOUTHERN CROSS BOUND FOR U. S.

Kingford-Smith and famous plane reported to be making good time on dangerous westward crossing from Irish Free State to New York on last major cruise of career.

PRES. HOOVER AGAIN ASSAILS VETERANS BILL

Says Very Basis of Bill Sets Untruthful and Impossible Presumption

Washington, June 24.—(AP)—President Hoover today renewed his attack upon the World War veterans relief bill, declaring it was bad legislation.

His regular Tuesday Press conference the president said the bill passed 66 to 6 by the Senate yesterday was not formulated any more in the interest of the veterans than of the taxpayers.

The text of the president's remarks was:

"In this problem we are dealing with sick and disabled veterans. Except for some marginal cases the government has long since generously provided for the men whose disabilities arise from the war itself."

"These cases before us, except for a comparatively small number of marginal ones, are in reality men disabled from incidents of civil life since the war."

"The whole matter is one that must be approached in a high sense of justice and utmost sympathy. But this veterans bill is just bad legislation. It is not more in the interest of veterans than in the interest of the taxpayer. The financial burdens, the amount of which has again been reaffirmed by General Hines, and they were even increased by Senate amendments yesterday; do constitute a serious embarrassment to the government and to the country but there are other objections even more serious."

"This bill selects a particular group of 35,000 to 100,000 men, makes provision for them in the most wasteful and discriminatory way conceivable and entirely neglects the equal rights to help of over 200,000 more veterans who are likewise suffering from disabilities incurred in civil life since war."

"Furthermore, the very basis of the bill, sets up an untruthful, and, according to our physicians, a physically impossible presumption and predicated its action upon this: For instance a man who has served a few days in the army in his home town or in camps, and afterwards enjoyed seven to eight years in good health, then after all that time incurs any affliction, is thereby declared to have a disability due to the war and is to be compensated or pensioned on the same basis as the man who suffered in the trenches and from actual battle. It contains many other discriminations and injustices."

"These things violate not only the fact but the very integrity of government. It is a sad thing for our government to set standards of subterfuge to our people. It is unfair to all other veterans who have become disabled in civil life. It is unfair to the whole spirit of the World War Veterans."

"There are emergency and marginal cases which I have insisted should be cared for and which will be cared for, and there is the additional necessity for us to study the broader side of the subject exhaustively before we plunge."

"The American Legion presented a bill designed for emergencies which has had the earnest support of many administration members but their views have been over-ruled. The sensible thing is either to take care of these emergency or marginal cases and then soberly determine future action, or alternatively, to make the beginnings of sound action now on such foundations as will contribute to the ultimate settlement of the problem with real justice to veterans and with generosity in solution for the future. Such action can be taken within our present financial resources and I believe the nation would support that. I do not believe the country will support this bill."

Forty Five Persons Slain When Prisoners Mutiny At Central Jail At Rangoon

Several Hundred Good Breakfasts Are Conducive To High Efficiency

Rangoon, Burma, India, June 24.—(AP)—At least 45 persons were killed and 73 wounded in a mutiny in the central jail here this afternoon after Malcontents had denounced the Simon report.

Several hundred prisoners were returning from their employment in the workshops to the mail hall for their meal when they suddenly rushed the sentries guarding the inner gates.

They slaughtered six of the sentries and seized their rifles. The mutineers then fought their way to an outer gate where they were halted by half a dozen determined guards.

The outer guards held several hundred of the desperate convicts at bay until the arrival of the military police who surrounded the prison.

Two hours of hand-to-hand fighting between the convicts and the military police ensued.

The casualties as made known soon after the fighting subsided included killed: 20 sentries and 11 guards; two military police; one truck driver; 60 convicts.

After the convicts had secured the weapons of the inner wardens they raided the prison armory, and equipped themselves with arms and ammunition.

They then retraced their steps to the workshops.

Fire Chiefs Meet At Charlotte, N.C.

Charlotte, June 24.—(AP)—Veteran firefighters of Dixie's fires gathered here for the opening session this morning of the third annual convention of the Southeastern Association of Fire Chiefs.

Arrivals early today brought the attendance over the 100 mark as officials predicted that existing attendance records would be broken.

Following welcomes and responses the fire chiefs are to be addressed today by A. L. Duckett, of Asheville, president of the State Firemen's Association and R. W. Riggsby, Charlotte city manager.

Reports of officers and committees will be received this afternoon. The convention is for two days. States which form the Southeastern division are Virginia, West Virginia, North and South Carolina, Georgia, Alabama, Mississippi, Tennessee and Kentucky.

Kelly to Succeed Park Mathewson

Raleigh, June 24.—(AP)—Paul Kelly, head of the Division of Public Relations, will succeed the late Park Mathewson as assistant director of the department of conservation and development, it has been announced here.

The division of commerce and industry will be recognized under Mr. Kelly's leadership. It will include public relations.

Bryant W. Sipe, professor in the Western Carolina Teachers College at Cullowhee, will become stationer for the department.

Poison Case Jury To Be Chosen From A Special Venire

Snow Hill, June 24.—(P)—Greene County deputies were busy today rounding up a special venire of 100 from which tomorrow will convene a jury to try George Gay, 24-year-old farmer, for the poison murder of his wife.

A true bill, charging Gay with murder, was returned by a grand jury here late yesterday. Judge M. V. Barnhill ordered a special venire summoned for the opening of the trial at 9:30 Wednesday morning.

After Mrs. Gay's death in April her body was exhumed and following an examination by State chemists they reported that the found evidence of poison in her body. She was an expectant mother.

TWO MEN SENT TO THE ROADS BY COURT HERE

Two Cases Disposed of In County Court During One of Hottest Days of Year

With the weather man attempting to set a new heat record for the year in this city, County court this morning held one of its shortest sessions in months. Two cases were disposed of and each of the defendants was sent out to the county roads for service by Judge W. L. Whedbee, who presided.

Charlie Eure, colored, charged with larceny, was sent out to the roads to do duty for a period of 90 days. He was arrested by local policemen following the theft of a cake from the Greenville bakery truck.

Moses Boyd, alleged member of the illicit whiskey traffic of this city, was sentenced to the roads for 90 days for possession of whiskey for sale. Isaac Anderson, arrested in connection with the same case, was adjudged not guilty and released.

Congress Plans To Pass World War Veterans Bill Over Presidential Veto

Measure, Greatly Modified, Returned to House for Action On Changes by Senate; Hoover's Disapproval Regarded As Certain

Washington, June 24.—(AP)—Prompt approval of Senate amendments by the House and an emphatic veto from President Hoover were forecast today for the world war veterans compensation bill.

The measure greatly modified, but still highly objectionable to the administration and the basis of predictions of higher tax rates, was returned to the House today for action on the changes of the Senate.

In advance of President Hoover's veto, which congressional leaders regarded as certain in view of his statement of Sunday, the sponsors of the measure were aligning their forces to pass the bill over the chief executive's disapproval.

Administration spokesmen held but little hope of sustaining the bill, but were more optimistic with regard to the House. A two-thirds vote of both branches of Congress is necessary to override a presidential veto.

A caucus of House Republicans will consider the problem tonight. A move was underway at that end of the Capitol to work out a compromise more suitable to President Hoover in the event of a veto.

The bill was passed by the Senate last night on a roll call which found

TWO MEN DIE FOR MURDER AT COLUMBIA

Ray Coleman and Paul Johnson Pay Death Penalty for Killing Pay Clerk

Columbia, June 24.—(AP)—The state of South Carolina today claimed the lives of Ray Coleman and Paul Johnson for the murder of Earl Blue, Spartanburg textile mill payroll clerk.

Calmly, and without demonstration, the men went to their death in the electric chair, Coleman denying his guilt and Johnson warning others to beware of sin and pointing to himself as an example.

Coleman was pronounced dead at 6:28 a. m., seven minutes after the current was sent racing through his body.

Johnson had a twenty-four minute respite. Coleman's death struggle broke one of the chair braces, making it necessary to bring workmen in to repair it. Johnson was pronounced dead at 6:52 a. m. five minutes after the current was turned on.

The men were sent to the chair for killing Blue on December 14, 1928 in an attempt to rob him of a \$7,000 payroll.

None of their relatives was at the prison this morning. Johnson's father, the Rev. L. W. Jolly, pastor of the Simpsonville Methodist church, paid his son a last visit late yesterday. Coleman had married the Rev. Mr. Johnson's daughter.

A crowd of more than 100 was gathered outside the penitentiary long before the appointed time of the electrocution. About half that number was admitted to the death chamber and saw the last in the lives of the men whose case has stirred South Carolina as has no other case in recent years.

Last minute prayers were said for Johnson and Coleman by Rev. Dean Crain, prison chaplain, and Rev. T. L. Bryson, Methodist minister of Pendleton, a close friend of the Johnson family.

Coleman, a big, heavyset man, seemed interested in those present as he entered the death chamber. He sat calmly in the chair as guards fastened the electrodes on his arms and legs.

Asked what he had to say, he replied "I have to say is that I am innocent between my God, my wife and my baby."

Then as the death mask was being placed over his head, he muttered "pray for me pray for me."

He continued repeating over and over in an undertone "have mercy on me, have mercy on me."

Johnson was even more calm than Coleman. Entering the death chamber he looked over the crowd, took his seat in the chair and made his brief oration on the evils of sin.

"I want to warn all you men that are here that there is danger in sin," Johnson said. "It is sin" (Continued on page six)

KINGSFORD-SMITH OFF ON PERILOUS FLIGHT ACROSS THE ATLANTIC

IN GEORGIA RACE FOR GOVERNOR

Richard E. Russell, Jr., (left) of Winnetka and John H. Hilder of Jefferson are candidates for the Democratic nomination for governor of Georgia. Four others are in the race.

John H. Hilder of Jefferson is a candidate for the Democratic nomination for governor of Georgia. Four others are in the race.

Intrepid Airman and Companions Left Beach At Port Marnock, Irish Free State, Early This Morning for Trip to New York; Crowd Estimated At Ten Thousand People Cheer Frantically As Plane Soars Into the Air

Baldonnal Airdrome Irish Free State, June 24.—(AP)—As cheerful as crickets, the crew of the famous airplane Southern Cross today were racing across the North Atlantic with their radio keeping up a spirited stream of messages and their propellers eating up the mileage between Ireland and New York.

At 3:30 p. m. Greenwich time, (10 a. m. EST) the tri-motored plane, which already has a triumphant crossing of the wide Pacific to its credit, was 990 miles out on its daring voyage and was rapidly approaching the halfway mark on the overwater lap between the coast of Ireland and Cape Race, Newfoundland.

The plane had average a little more than 88 miles an hour since its departure from Port Marnock at 4:27 a. m. (10:27 p. m. Monday EST) and had increased its speed up to 105 miles an hour as its heavy load of gasoline grew lighter.

The four men aboard her, Capt. Charles Kingsford-Smith, J. W. Stansage, radio operator, M. E. Van Dyk, assistant pilot, and Capt. J. T. Saul, navigator, were in gay spirits as was indicated by their many messages picked up in Baldonnal and London as well as by ships at sea.

The sky was slightly overcast, but the ocean was calm and conditions seemed favorable for a fast hop across the stormy North Atlantic, which already has taken so heavy a toll of brave aviators—and several women—who sought to make the first westward crossing.

Undeterred by these tragedies of recent years, Captain Kingsford-Smith flooded the air with cheerful messages.

"Slightly overcast," said a message picked up in London at 1:15 p. m. "Ocean like milk pond, traveling 100 miles an hour. If conditions were like this always, ocean flying would be easy."

It was cold, high up there over the Atlantic, but the fliers were dressed for it and their messages showed no loss of zest for their great adventure.

"Shooting suns and things," said one message received shortly after 10 o'clock. "Gee, ice cold outside. I bet Van and Smith are feeling it. We are all wrapped up like polar explorers but it is still pretty nippy."

Twelve Lives Claimed By Terrific Heat At Chicago; Torrid Weather In South

Mercury Sets New Record Over the State of Illinois, Reaching Its Peak At the Windy City; Relief Predicted for Today

Chicago, June 24.—(AP)—Terrific heat, setting a new season's record at 97 degrees caused twelve deaths in Chicago yesterday.

The weather man had predicted thundershowers would end the city's suffering during the night, but dawn found the thermometer edging upward in the eighties.

In other parts of Illinois temperatures went even higher and Centralia reported pavement buckling under a heat of 106 degrees. Lincoln, Neb., was 102 degrees hot and a thermometer on a porch with a southern exposure at Edgewood, Ia., had the almost incredible reading of 132 in the sun.

Among the Chicago deaths, one man succumbed to sunstroke; another, overcome by the heat, fell from a scaffold. There were drownings and deaths by heart attack which physicians ascribed to the blistering heat.

The high temperature readings were general over the entire cornbelt and even up into the summer territories of Wisconsin and Michigan. One had to go as far north as Minnesota and the Dakotas and upper Michigan to avoid getting into the torrid nineties.

The list of 12 Chicago dead was greater than the entire death list from heat for the summer of 1929.

Atlanta, June 24.—(AP)—Air mail pilots skimming across southern skyways have solved the hot weather problem with one piece bathing suits, but down on the pavements the conventional wilted collar is sinking to new lows.

Yesterday the south experienced perhaps the warmest day of the year, smashing an assortment of heat records and listing the first death attributable to the weather.

Said Kytie.

Last night John Kytie and Dick Merrill, mail pilots, dropped into Charlotte and told of spending the day in the air in one-piece bathing suits and goggles. Both continued to wear parachutes.

"Just like flying in an oven," said Kytie.

Alabama had temperatures throughout the state in the vicinity of 100 degrees and an unofficial mark of 105, the warmest since 1921, was posted at Columbus, Ga., located on the Georgia-Alabama boundary.

In Macon, Ga., where Peter Andrews, 50-year-old shoemaker succumbed to the heat, a reading of 97.8 was the highest in two years. Atlanta had 99.9 degrees, an all-time record for the date, June 23, and the hottest June weather since 1914.

By a strange twist Florida in the extreme south escaped the full force of the heat wave, although Apalachicola, Fla., in the northern part of the state had 101 degrees, which old residents said was the warmest ever experienced there.

Again today the Atlanta weather bureau posted the familiar forecast—"fair and warmer." Whether as warm or warmer than yesterday no one would hazard to guess.

MARYLAND MAN TO DIRECT ENFORCEMENT

Amos Woodcock To Have Charge of Dry Law Under Justice Department

Washington, June 24.—(AP)—Preparing to take over the prohibition bureau of the Treasury at the end of the month, the Justice department has selected Amos W. Woodcock of Salisbury, Maryland, for the task of directing enforcement.

As federal district attorney for his state and more recently as an aide to the Hoover Law Enforcement Commission in its prohibition studies, he has acquired an experience which, the department says, makes him well equipped for his new post.

As district attorney, the department said in announcing the selection, Woodcock made an "excellent record" and "earned the respect of his state for the fair, fearless and efficient manner in which he performed his duties."

He is 42 years of age and has been practicing law since 1914. Before his appointment as district attorney in 1922 he served as assistant attorney general of his state.

Citing his experience, the department said it "qualifies him to perform the important function of coordinating the duties of prosecution and to work toward more efficient cooperation on the part of state and local governments in the enforcement of liquor laws."

"Since enforcement activities culminate in prosecutions, it added, "the work of direction will involve numerous legal problems, and it is with this in mind that a man of wide legal experience has been chosen."

In his new position, Woodcock will have the title of director of prohibition. The post was established by the Williamson bill providing for the transfer of the enforcement unit. The appointment does not have to be approved by the Senate.

Baltimore, June 24.—(AP)—Amos W. Woodcock, named as director of the new bureau of prohibition, in the Department of Justice, said today that he planned to see that the law is administered "fairly, honestly, decently, earnestly and above all fully."

For eight years federal district attorney in Baltimore, chief of a state that has no prohibition enforcement law, Mr. Woodcock was questioned about his enforcement plans.

He said he would discharge his duties with "due regard for the bill of rights" in the Constitution.

In addition to handling enforcement problems as district attorney, Mr. Woodcock has served in recent months as adviser on problems in the ershap committee.

Port Marnock, Irish Free State, June 24.—(AP)—The airplane Southern Cross, victor over the Pacific, sought today to conquer the Atlantic in the first westward flight from Europe to New York.

Aboard it were four men, headed by Captain Charles Kingsford-Smith, pilot, who successfully steered it on the first airplane flight from America to Hawaii and Australia. The others were J. W. Stansage, radio operator; M. E. Van Dyk, assistant pilot, and Captain J. T. Saul, navigator.

The take off was at 4:27 a. m. (10:27 p. m. E. S. T. Monday). Although loaded to capacity with gasoline the big ship raced 1,000 yards down the runway and then rose gracefully. It circled Port Marnock, which is 7 miles north-west of Dublin, once, and then turned westward toward Galway and the open ocean.

Ten thousand spectators witnessed the departure, cheering frantically as the plane left the ground. Among those present were Governor General Mac Neil, the American Minister Frederick A. Sterling and Mrs. Sterling, and others.

Ahead of the ship at its departure lay a course of 3,364 miles to New York. Due westward across the Saorstat toward Galway and then westward and somewhat to the South to the coast of Newfoundland, where it was to turn south-west and follow the seaboard to New York.

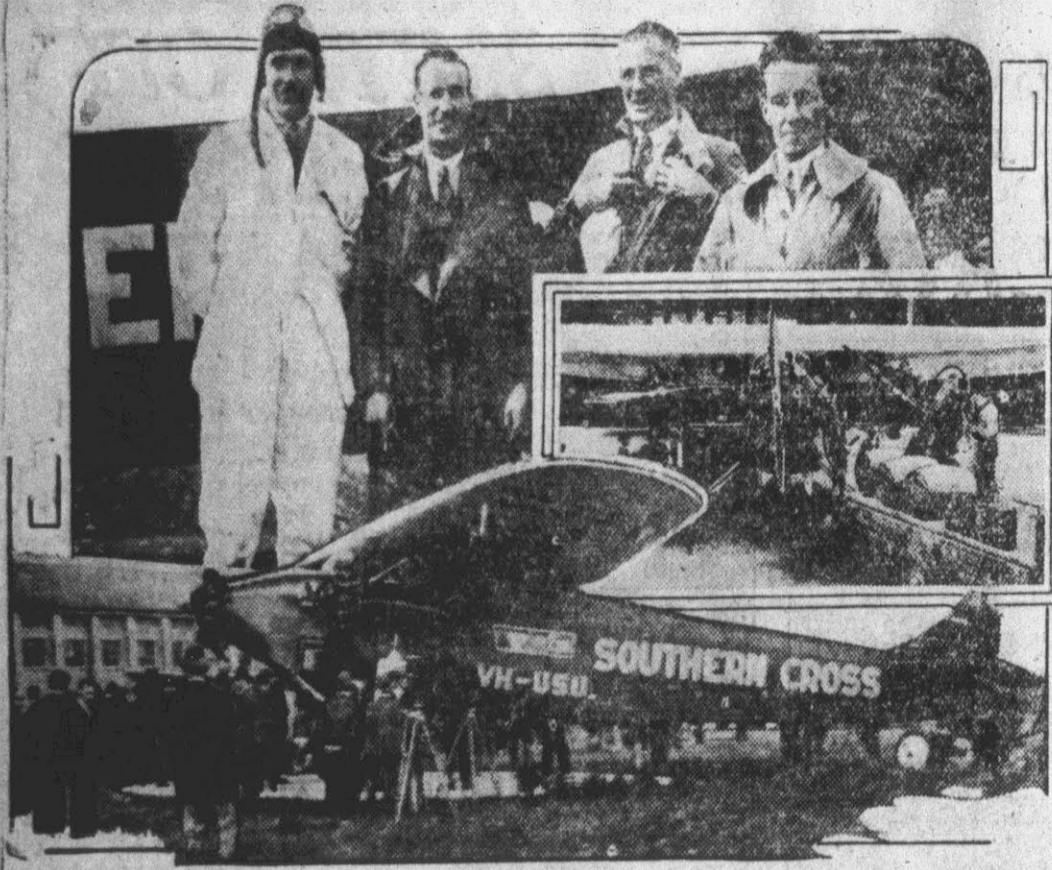

The airman expected a trip of about 34 hours, which would bring them to New York about 8:37 (EST) Wednesday. The ships tanks were loaded with 1,296 gallons of gasoline—two gallons less than capacity in order to escape the unlucky numeral 13—which would be sufficient for 38 hours flight. Captain Kingsford-Smith considered the margin sufficient for most contingencies.

The westward flight never before has been made, although tried frequently from various parts of the world.

Social and Personal

Miss Marietta Sugg and Mr. Frank Patrick returned yesterday from Wrightsville Beach where they spent the week-end.

Mrs. R. R. Fleming, of Pactolus, is visiting at the home of Mrs. Charles F. Blanchard.

Mr. and Mrs. B. G. Aboynous and children have returned from a visit to Wake Forest.

T. A. Ricks left today for Mount Olive where he is connected with the government as inspector.

Ned Sherman, of Providence, R. I., who has been spending a few days here with M. R. Long, returned home yesterday.

Joe Lee and Shep Morton went to Kingston today on business.

M. R. Long left yesterday for a short, business trip to Roxboro.

Mr. and Mrs. W. D. Turner and children and J. M. Turner spent yesterday in Raleigh.

Mrs. W. H. White and Miss Clara Moye have returned from several days' visit in Richmond. Miss Catherine Hooker, of Richmond, accompanied Mrs. White home for a visit.

Mrs. Colin Stokes, of Plymouth, N. C., is here yesterday.

Mrs. Eva Shackelford, of Farmville, spent a short while in the city yesterday.

Mrs. Ada James and Messrs. Charles and Larry James have returned from Morehead where they spent the week-end.

John Harrington, Ed Whitehurst and Billy Staton left this morning for Camp Charles where they will spend a week.

Bancroft Moseley left this morning for several days' stay at Camp Charles, near Wilson.

Mr. and Mrs. C. C. Dawson are visiting relatives in Elizabeth City.

Miss Hennie Whichard is spending a few days in Greensboro, the subject of Mrs. W. E. Padgett.

Mrs. G. C. Honeycutt and little son, Gattis, Jr., returned Sunday from a two weeks' visit in the west of a part of the state.

The secretaries present then gave their quarterly report, which assured us that the trend of progress still exists. Several clubs have held call meetings in the interest of the fair, making pine needle baskets and of demonstrating the water method of jar painting. Renston was holding a call meeting on the same Friday. Red Oak leaders were teaching them to make pine needle baskets, a good example of cooperation.

Red Banks is still progressive. They are going to hold a call meeting soon, to make plans for the fair.

Winterville is still maintaining her usual record for civic improvement. Four of their members attended a mass meeting at the courthouse to ask that home demonstration work, not be curtailed.

Red Oak hopes to have their club house ready for their July meeting. They should feel proud, in thus distinguishing themselves.

All the clubs present reported a good attendance at the district meeting in Washington and also the short course held at E. C. T. C. Miss Nice then gave two recipes, one for vinegar, another for relish, which, being unusual, makes us anxious to try them. Watch the Daily for others to follow.

At the close of the meeting, the members resolved to thank the club women of Greenville who assisted in the preparing of the wonderful luncheons during the short course. Mrs. W. I. Wooten was then made an honorary member of the clubs.

Mrs. E. H. Boyd, County Reporter

Miss Takes Part in Wedding

Mrs. Frances Moseley has returned from Greensboro where she took part in the marriage of Miss Mary Elizabeth Perkins, of that city, to Mr. Charles Wallace Horton, Jr., of Haverhill, Mass. The wedding was one of the outstanding social events of the summer season at Greensboro.

ATTENDING STATE B. Y. P. U. CONVENTION

Rev. and Mrs. A. W. Fleischmann and children left yesterday for Mars Hill to attend the North Carolinian Convention of the Baptist People's Union.

Mrs. Lee W. Lee will leave for her home for several days by illness.

Return from Wedding Trip

Mr. and Mrs. T. A. Ricks have returned from their wedding trip in Canada, Niagara Falls and other places of interest.

Attention, Boy Scouts!

There will be a special call meeting of all Boy Scouts at the courthouse Wednesday morning at nine o'clock. All Scouts are urged to be present.

Spending Several Days Here

Misses Margaret West, of Lynchburg, Va., Eleanor Hugdins and Harriet Carr, of Norfolk, Doris Chamberlee, of Raleigh, Elizabeth Crum, of New Bern and Julia Brent, of Oxford, are spending several days in this city with Misses Elizabeth and Cotten Skinner.

COTILLION CLUB TO GIVE DANCE TONIGHT

The regular monthly dance of the Greenville Cotillion club will be held at Webb's warehouse, formerly the Planter's warehouse, tonight, beginning at 10 o'clock and continuing until 2. The Duke Blue Devils will play for the dance. Chaperones will be: Mrs. J. B. James; Mrs. S. T. White; Mrs. Will Hooker and Mrs. W. T. Lipscomb.

Dr. Massey Returns

Dr. M. B. Massey has returned from St. Louis where he has been taking post graduate work in extractions of all kinds under the noted Dr. George B. Winter of Washington University. After finishing this course he spent one week of special study in dental X-ray work in the office of Dr. Clarence O. Simpson a world recognized authority in this work.

Elma Warren Ill

Elma Warren, son of Mr. and Mrs. G. N. Warren is very ill, suffering from a case of typhoid fever at his home near Stokes.

New Books for Library

The End of the Century and the San Souci book clubs have each given to the Greenville Public Library recently a package of modern fiction. This is very helpful and when such books are in demand.

HOME DEMONSTRATION CLUB OFFICERS MEET

Home demonstration officers assembled on Friday, June 20, in the Greenville Woman's club building. A goodly number throughout the county were present and three clubs, Winterville, Simpson and Red Banks, responded with 100 percent attendance.

Miss Nice discussed several business matters of importance. The short course at Raleigh will be held beginning with July 29, and lasting through August 2. Club members were urged to attend the next meetings to be held soon.

Small Negroes Sing Live At Home Meet

Raleigh, June 24.—(AP)—They were real live-at-homeers and sang about it, did Priscilla, 11; Curtis, 8; and T. C. Stancill, 5; for they'd never seen a street car, never been on a train.

Governor O. Max Gardner, instigator of the live-at-home program, naturally admired people who practiced what he preached and County Superintendent W. H. Pittman knew it.

So when he heard the trio of small negroes singing, that clinched matters.

He bundled them up and brought them here where they gave a live-at-home concert before the state's chief executive.

Three Negroes Burned to Death At Rocky Point

Wilmington, N. C., June 24.—(AP)—Three negroes were burned to death today in a fire which destroyed the mill of the Casey Lumber Company at Rocky Point, 10 miles north of here.

Tom Aikens, 44, night watchman at the plant; Tom Aikens, Jr., 12; Charles Williams, 30.

The three were believed to have been sleeping in a shavings vault at the mill and to have been trapped in it by the fire.

A fourth negro who was with them escaped from the building and spread the alarm. He was burned seriously, but is expected to recover.

Habeas Corpus Hearing Deferred Until Tomorrow

Goldsboro, June 24.—(AP)—A Habeas corpus hearing set for this morning for Jim Aldridge, LaGrange man held in jail in connection with the slaying of P. L. Finlchum, prohibition officer, here last Tuesday, was postponed until tomorrow morning.

Judge F. A. Daniels who will hold the hearing allowed the postponement because Wayne county officers expected to testify were in Wilson for a similar hearing for J. M. Langston, of LaGrange. Langston is charged with murder of Finlchum.

Winterville, June 24.—(AP)—A preliminary hearing July 1 for J. M. Langston of LaGrange, charged with murder of P. L. Finlchum, prohibition agent, was ordered today following habeas corpus proceedings before Judge N. A. Stancill here.

Harry Langdon, film comedian, and his wife, former Mrs. Helen O'Brien, as they appeared in court where O'Brien accused Langdon of stealing his wife's love.

NAYLOR AND ORCHESTRA TO BE ON ETHER

Atlantic Beach Musicians to Broadcast Through WPTF at Raleigh

Atlantic Beach, June 23.—Oliver Naylor and his premier broadcasting orchestra will broadcast over radio a program of dance music Tuesday night from 8:30 to 9 o'clock through Radio Station WPTF at Raleigh. Manager R. W. Cordon, of Atlantic Beach, invites the public to listen in on their melodies, promising a rare modern musical treat.

On the next night, Wednesday, the 11-piece orchestra will make their first appearance at the formal opening of Atlantic Beach. Thereafter they will play nightly in the handsome new Tudor casino that has been erected at the beach by the new owners, Atlantic Beach and Bridge company.

Several hundred invitations have been sent out to prominent North Carolinians in all parts of the State for the beach opening and, judging from advance acceptances, there will be many persons on hand from many sections to help the management celebrate in proper style the dedication of the new resort to a successful and enjoyable summer season.

Entertainment features are being planned for the occasion Wednesday night, as well as for subsequent nights at the resort. Everything possible to cater to the desires and wishes of the public will be undertaken by Manager Cordon, he states in his ambition to see Atlantic Beach the most popular coastal resort along the Atlantic ocean.

The new dance floor, constructed on the New York style of sunken effect, is one of the largest in the State, measuring 120 by 40 feet. The Naylor orchestra on its raised, decorated platform will be visible from every portion of the large hall. Around the dance floor are higher promenades, with tables for serving of light refreshments.

The color scheme of green and flame is unusually effective in the casino. The flame-shaded electric lights add an attractive tint to the scene. On the 24 panels around the walls are decorative heraldic symbols, similar in design and size, but different in details and colors. In another part of the pavilion is a larger shield with the New Bern and Born emblem. Flags are also used artistically in the spacious hall.

Railroads Ordered to Make Effective Cotton Goods Rate

Washington, June 24.—(AP)—Railroads serving traffic from Norfolk to points in North Carolina were ordered today by the I. C. C. to make effective class rates for cotton goods, hosiery and knitting factory products equal to rates applying on similar goods moving between North Carolina cities. The order will take effect September 2.

It resulted from an investigation by the commission into a complaint by Virginia interests that North Carolina state rates on goods described were discriminatory against interstate business.

"We find the rates on these articles (cotton piece goods, hosiery and knitting products) in less than car loads from Norfolk to points in North Carolina and east of the Richmond division of the Seaboard Air Line between the Virginia-North Carolina state line and Norfolk," the commissions finding said. "The Portsmouth division of the Seaboard Air Line between Norfolk and Raleigh, the Norfolk and Southern between Raleigh and Fayetteville and Wilmington, are unduly prejudicial to shippers at Norfolk and unduly preferential to shippers at Charlotte, Greensboro, Salisbury, Durham and Winston-Salem to the extent that the rates from Norfolk exceed those from Charlotte, Greensboro, Salisbury, Durham and Winston-Salem to the territory of destination above described for like distances."

Curb Market Growers Pound Local Officers

Ministers have nothing on Greenville policemen as far as "getting pounded" is concerned.

Members of the department who have been keeping order around the curb market this morning received an automobile load of vegetables as a token of appreciation of the farmers who bring their products to the market for sale from day to day during the year.

Policemen doing duty at the curb market are: Butler, House, Manning, Paige, and Whichard, but they did not share the glory all by themselves, but drove the automobile by the police station and divided the gift with other members of the department.

The farmers said they were truly appreciative of the splendid service which the officers had rendered from time to time and did not feel like letting the summer vegetable season go by without letting them know it.

To say the cops were delighted would be expressing the matter mildly. Assistant Chief Whichard said the gift was so liberal that his boys would be able to thrive upon cabbages not only today, but several days to come.

the choice of a name for the famous infant.

Despite the reticence of Colonel Lindbergh and other members of the Morrow household since the announcement of the birth of a seven and three quarters pound boy Sunday, the public seemed to take it for granted that the child would be christened either Charles Augustus Jr. after his father or Charles Dwight, a name combining that of his father and his maternal grandfather, Ambassador Dwight W. Morrow.

"Official word filtered past the guards at the gate of the Morrow estate that Mrs. Anne Lindbergh and the boy were making satisfactory progress," but that was all.

A messenger boy coiled up the hill to the Morrow home at half-hour intervals all day yesterday, each time bringing a sheaf of telegrams and cablegrams of congratulation from all parts of the world. Among them were messages from President Hoover, Don Manuel C. Telez, Mexican ambassador to Washington, and persons prominent in aviation circles.

Flowers and other gifts sent by friends were delivered in a truck. A baby carriage manufacturer

who attempted to deliver a sample of his product as a gift to the Lindbergh baby was turned back at the gate with the information relayed from the house through the guards that the Lindberghs had not ordered a baby carriage and did not want one.

Hickory, N. C.—(AP)—Johnny Regan, Jr., life guard at Lake Hickory, is credited with saving the life of W. H. Carpenter, whom he pulled from the water after the latter was seized with cramps.

Several Persons Gravely Injured In Seville Riot

Seville, June 24.—(AP)—Several persons were gravely injured and about 100 suffered minor hurts in the rioting on the streets of Seville today as an outgrowth of a general strike.

More than 150 persons were injured in disorders yesterday and the fighting was resumed today, as the strikers again began demonstrations. Among those injured in today's disorders was a child who was reported to be dying.

Martial law was in effect. Cafes and business houses were closed, the inhabitants of the city were mostly indoors and the streets were deserted except where the strikers were congregating.

Club Women On Educational Tour To Washington

Representatives of Pitt, Beaufort and Washington Home Demonstration clubs left today for an educational tour of Washington City, Richmond and the Shenandoah Valley. They will return June 27. The following Pitt County women made the trip:

Miss Ethel Nice, Miss Ella Fleming, Allie Lee Fleming, Robert Sugg Fleming, Mrs. J. P. Hawkins, Velma Gurganus, Kate Roebuck, Mrs. A. W. nee, Mrs. B. F. Buck, Mrs. S. A. Porter, Mrs. Luella L. Stancill, Mrs. A. F. Fleming, Mrs. J. E. Edwards, Mrs. W. F. Gallaway, Wilson Andrews, Mrs. Daisy Carson, Mrs. Lewis Burlingame, Mrs. J. P. Moss, Mrs. J. E. Whichard, Miss Hattie Whichard, Lucy Ee! Abbott, Mrs. Penny Hart, Miss Annie Nobles, Mrs. Nannie Evans, Mrs. R. G. Johnston, Mrs. C. D. Fentress, Mrs. H. V. Spivey, Mrs. J. T. Carson, Mrs. L. R. Buck, Mrs. H. H. Porter, Mrs. L. L. Latham, Margaret Womack, Schuman Cherry, Mavis Womack, Mrs. R. B. Lee, Mrs. N. T. Stokes, and Miss Malice Causey.

BAD FIX AFTER LONG SICKNESS

Cardui Proved Helpful to Lady In Her Effort To Recover Lost Strength.

Muskogee, Okla.—"About a year ago I began taking Cardui," writes Miss Myrtle Blake, of 202 1/2 S. Cherokee Avenue, this city. "I had been sick all the winter before. I was feeling bad. I was in bed for three weeks.

"I had the headache all the time, and couldn't keep anything on my stomach. I lost weight until I looked like a shadow of myself.

"I tried a good many things, but nothing seemed to help me. I kept going down and losing strength.

"My mother had known about Cardui for some time and had me take it. After three weeks of this treatment I began to feel better. I was improving so much, I kept taking it. After three weeks I began gaining in weight.

"I looked and felt much better. I feel so much better this year, and look like a different person.

"I took the Cardui Home Treatment for several months and can recommend it."

Cardui is a reconstructive tonic, of genuine medicinal value.

porters and leaders, Hartness, Langston, and others have assured Mr. Bailey of their loyal support and cooperation in making it an overwhelming Democratic victory in every race this fall. Such reports cannot make Congressman Jonas, who hopes to ride back in office on enmity between Democratic factions, feel so good, yet the old Democratic donkey, now that all four feet are free and well shod, must be feezing pert enough, thank you. — Cleveland Star

ABOUT TOWN

Three games of baseball this week ought to give Greenville people a chance of enjoying some of the national sport which they missed during the spring and early part of the summer.

The first game is scheduled this afternoon with Williamston, the second with Kirston and the third with Elm City.

Greenville was played two games with Williamston this season and each time the superior pitching and stick work of the local club, what they will be able to do about the game this afternoon is problematical, but it is assured that they are planning some sweet revenge.

The appearance here of Kinston Wednesday will mark the beginning of that club in the Four County circuit recently organized in this district. The Lenoir county boys will take the place of Edenton which dropped out on account of the long distance between the towns comprising the league.

While Elm City is not a member of the league, they have a team that has been able to make quite a showing this season and they are expected to give the local boys something to think about.

Greenville people are urged to go out to these games and in that way show the boys they are behind them in their effort to provide the section with a good brand of national sport during the remainder of the summer.

High school children from various institutions of North Carolina have been awarded prizes by Governor Gardner for writing the best essays on "Live-At-Home".

Governor Gardner personally delivered the prizes, and in addition stressed the part which the "Live-At-Home" movement should play in the life of the state in the future.

The governor himself sponsored the live at home plan several months ago, and it was to increase interest in the movement that prizes were offered to the students writing the best essays.

There were some mighty fine manuscripts turned in on the subject at Raleigh, but all could be judged winners, but a very few actually received prizes, although the state executive expressed his appreciation of the splendid type of work embraced in the essays.

The live at home plan is of vital importance to every man, woman and child in North Carolina in this time. It is the only direct way of overcoming the spirit of depression which has existed in the farming areas since the season of short crops and low prices. The farmer that tries out the plan and practices the economy it stresses should be able to find himself out of the hot water in the future, in fact at a much earlier date than the man who fails to regard the principals of live at home and continues to live along the old and extravagant plan.

DEMOCRATIC HARMONY AHEAD

It appears as if the Republicans of North Carolina are to be disappointed. North Carolina isn't showing much indication of going back into the Republican column this fall in any manner or form. Admittedly, Democratic affairs have been in a turbulent condition in the state for several years, but the trend, a forceful one, is to harmony now. Prior to the primary the Republicans were saying to each other, and all who would listen, that "we'll have easy sailing this fall no matter whether Bailey wins or Simmons." Since the primary they do not seem so enthusiastic, for the Democratic party is indicating, after stumbling into several pitfalls, that it has learned enough guption to refuse hereafter to permit party fights to assure Republican victory. Senator Simmons came up to the mark in noble manner and declared that the statement that he might run as an independent candidate was "ridiculous." Some of his strongest sup-

porters and leaders, Hartness, Langston, and others have assured Mr. Bailey of their loyal support and cooperation in making it an overwhelming Democratic victory in every race this fall. Such reports cannot make Congressman Jonas, who hopes to ride back in office on enmity between Democratic factions, feel so good, yet the old Democratic donkey, now that all four feet are free and well shod, must be feezing pert enough, thank you. — Cleveland Star

Treasury Surplus Now \$223,020,521

Washington, June 24.—(AP)—The treasury's surplus for the 1930 fiscal year reached \$223,020,521 last Saturday.

As disclosed today, the government income then aggregated \$4,106,318,144 while its total expenditures since July 1, were \$3,883,297,622. The receipts were 142,000,000 more than collected in the same period last year but the surplus was \$14,000,000 less.

While the surplus exceeded \$223,000,000 last Saturday, it may not be so great on June 30 as expenditures in the last week may reduce it. A year ago on the same day the surplus was \$237,000,000 while at the end of the year the surplus was \$186,000,000.

Expenditures for the present year have exceeded expenditures for the same period of the 1929 fiscal year by \$157,000,000.

Income tax receipts for the present month have amounted to \$497,000,000, bringing the total for the year to \$2,381,007,020, an increase of \$85,000,000 as compared to the same period of the previous year.

Custom receipts, which have shown a spurt within the last ten days, now total for the year \$575,639,211, decrease of \$13,000,000 as compared with last year.

Plans to Clear Up Slaying of Lingle Before Inquiry

Chicago, June 24.—(AP)—State's Attorney John A. Swanson indicated today that an investigation of rumored collusion between public officials and gangsters was being held in abeyance until the slayer of "Jake" Lingle, Tribune reporter, can be brought to justice.

Replying to a question as to whether he was investigating reports that Lingle was shot down because of his intimacy with police officials on the one hand and gangster on the other, the state's attorney said:

"The state's attorney has not overlooked conditions that existed prior to the assassination of Lingle. The state's attorney will not overlook them and at the proper time I will direct an action against those responsible."

"This action is only held in abeyance for the time being so as not to jeopardize a possible solution of the Lingle murder itself."

The search for James (Red) Forsythe, alias Fawcett, who has been identified by some witnesses as the actual slayer of Lingle, was being pushed vigorously with new information coming to light concerning Forsythe's past.

Capone Sued for \$2,500 By Doctor

Miami, Fla., June 24.—(AP)—A suit for \$2,500, damages for a doctor's bill is the latest of Scarface Al Capone's legal troubles.

Capone was named in a suit filed in Civil court of record by Arthur Fridman, attorney for Dr. Kenneth Phillips, who listed various items of medical service.

Of the amount due, Dr. Phillips' suit said, \$135 is for services in 1929 in treating "Costello, Joseph, Coughlin and Boswell," whose first names are unknown. During the same period, the suit alleges that the physician attended "the cook's wife, and assistant chef, and the mate on the boat."

Weevil Poisoning Demonstration to Be Conducted Here

A demonstration in poisoning the boll weevil will be conducted on the farm of T. E. Hooker near the intersection of highway No. 11 with No. 81 west of Greenville at 2 p. m., Thursday, June 26. C. H. Brannon, state entomologist, has been invited to attend and conduct this demonstration, which is being sponsored with C. C. Hilton, local representative of the N. C. Cotton Growers' Cooperative Association.

At this demonstration different methods and costs of boll weevil control work will be gone into. All farmers interested in boll weevil control are invited to attend this meeting. The farmers, while attending this meeting, will also have the opportunity to observe the side-dressing demonstration with cotton, which is being conducted by the American Cyanamid Company and Mr. Hooker.

There are several methods of boll weevil control. However, the one to be put on at this particular time is known as the pre-sure molasses mop control, which is, perhaps, the cheapest boll weevil method control which has proven successful.

Sheriff's Tax Sale

By virtue of the tax list execution placed in my hands by the Board of Commissioners of Pitt County, and the levy made thereunder, and the law authorizing such sale, I will, on Monday, August 4, 1930, at the court house door, in the town of Greenville, N. C., beginning at 12 o'clock noon, offer at auction the real estate of parties hereinafter set out and the real estate as described in the said tax list unless the taxes, 4 per cent penalty, and cost on the several parcels are paid by that time. Taxes for 1929.

This June 24th, 1930.

"Coming events cast their shadows before"

TRIED AND TRUE!

When tempted to over-indulge

"REACH FOR A LUCKY INSTEAD"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted"

Your Throat Protection—

against irritation—against cough

"I have come to the conclusion," writes Sir Henry Thompson, M.D., F.R.S., "that more than half the disease that embitters human life is due to avoidable errors in diet." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight, and, by avoiding over-indulgence, maintain a modern, graceful form.

ANOTHER FOUL CAUSES A STIR IN RING WORLD

By EDWARD NEFF,
(Associated Press Sports Writer),
Philadelphia, June 24.—(AP)—
Another foul caused a stir today
about heavyweight prize fighting.
This time it was George Godfrey,
giant negro of Leipserville, Pa., who
committed the foul, this time the
faller gladiator, writing in anguish
on the floor of the battle pit,
was Primo Carnera, the Italian
colossus, and again the faithful
come to see a fight, roared and
roared, and shouted "Take" and
went home talking to themselves.
The battle of the behemoths, the
two largest men ever to face each
other in a ring, missed duplicating
the farcial ending of Jack Sharkey
duel with Max Schmeling for the
heavyweight crown by less than
two minutes. Whereas Sharkey
fouled his man in the last few
seconds of the fourth round, God-
frey struggled past the first minute
of the fifth before he drove an ap-
parently irrefragating left hook
into Carnera's groin.
From that second on, however,
the situation looked exactly like
the rubber stamp ending that has
been plastered on three out of
four of the last important heavy-
weight struggles. Carnera writhed
and moaned in the manner of all
fouled fighters, finally was eased
from his agony by merciful uncon-
sciousness, and was dragged out of
there, winner on a foul.
In four of the most recent im-
portant heavyweight bouts, Otto
von Porat has fouled Phil Scott,
Scott has failed to have a claim of
foul sustained against Jack Shar-
key; Sharkey lost on a foul to
Schmeling and Godfrey belted
Carnera low. For this display of
submarine twirling and prancing
the fans have paid an attendance
bill of approximately \$1,300,000.
Last night almost 40,000 custom-
ers paid close to \$200,000 for the
bout that was billed last night as
the real test of Carnera as a fighter.
Frank Wener, chairman of the ath-
letic commission, said there would
be an investigation before the
fighters were paid. It was report-
ed that Carnera was to receive 60
percent of the gate receipts, and
Godfrey \$10,000 flat.
There was no question as to the
low blow. Early in the fifth round
Godfrey, who had been punching
short but with increasing lack of
power to the body as the fight
wore on, suddenly loosed a long
left hook that looked foul from the
start all the way to the point of
contact. Carnera yowled, grimaced
and then collapsed. His huge
body shaking the reinforced ring
as he landed.

Peaches Still Cling to the Lead In S. Atlantic

Charlotte, June 23.—(AP)—Phil
Gallivan's right arm proved as
trustworthy as ever as Macon opened
its crucial series with Asheville and
today the Peaches still had possession
of the S. Atlantic League lead.
The big fellow unleashed a neat
bunch of hooks and slants on the
Tourists which enabled him to
capture his 13th game of the sea-
son, he surrendered 10 hits, but
kept them widely scattered as his
team mates rapped Mattingly and
Greene for a 12 to 2 win.
Greenville kept pace by adminis-
tering a 9 to 8 defeat to Charlotte,
but a young fellow by the name of
Ernie Padgett, making his debut
with the Hornets, came near up-
setting their afternoon.
Padgett knew that they made a
mistake in selling him by smach-
ing out two homers, a triple and
single. He drove in four runs and
scored as many himself.
Red Howell led the Spinner fir-
ing, blasting three hits, one his
11th homer of the season.
Walker also pasted out three hits
for Greenville, all singles, and
Rhinhardt, Harmon and Sechper
had two each.
Odie Strain's Augusta Wolves re-
turned to the win column with
Columbia's Comers as the victims,
defeating them 11 to 2.
Griffin came through with the
big end of Augusta's hitting, driv-
ing out four safe blows in five trips,
including a double and triple.
Schuman, Augusta's starting hur-
ler, had to retire from the game
when hit on the foot by a batted
ball. Jinx Harris succeeded him
and proved a worthy successor.

Yesterday's Stars

Hack Wilson, Cubs—Clubbed Phil-
adelphia pitching for two singles, a
double, triple and 22nd home run.
Danny Mac Fayden, Red Sox—
Held Tigers to three singles and
blanked them, 2-0.
Babe Herman, Robins—Drove in
four runs with single and 16th and
17th homers against Pirates.
Lefty Grove, Athletics—Struck
out 11, gave five hits and beat the
White Sox, 3-1.
Babe Ruth, Yankees—Hit 24th
homer to aid Yankees beat Browns.

Fights Last Night

New York—Eddie Mack, Denver,
stopped Joey Abrams, Brooklyn, 10.
Philadelphia—Primo Carnera,
Italy, won on a foul over George
Godfrey, Philadelphia, (5). Billy
Angelo, Leipserville, Pa., stopped
Shuffle Callahan, Chicago, (1).

Piedmont Clubs To Play at Night

Winston-Salem, June 24.—
(AP)—It begins to appear that
ball players in the Piedmont
league won't get many nights
off the rest of this season. Of-
ficials of the local club have an-
nounced that they have joined
Greensboro, Durham and High
Point in the six club league in
making arrangements for night
play. The contract here calls
for the installation of a light-
ing system by July 4.

Cincinnati	23	38	.377

HEAVY HITTING MARKS PLAY IN MAJOR CIRCUIT

Modern day play, with its lively
ball, home runs and two-figured
scores, was exhibited to Mr. John
Public in large quantities by the
Major League ball teams yester-
day.
A total of 256 hits, in which were
interspersed 20 home runs, rang
off the bats of the players, scoring
159 runs to furnish an example of
the great American sport as play-
ed in 1930. The American leagues
outscored their national league
rivals 21 to 7 and out-hit them 137
to 119 but seven games were play-
ed in the junior circuit as compar-
ed to four in the Heydler circuit.
The American League also led in
home runs 11 to 9 as Babe Ruth
connected with his twenty-fourth
of the season.
The Chicago Cubs led the parade
in both leagues, defeating the Phil-
lies 21 to 8 as they found their
Philadelphia pitchers for
24 hits including Hack Wily's
twenty-second home run. Davis,
Phillie Catcher, drove the ball over
the fence twice.
Not far behind the Cubs trailed
the Brooklyn Robins as they down-
ed the Pirates 19 to 6 in the
greatest array of hitting in either
circuit. The Robins hit safely 28
times and in doing so tied two
league records. Their ten consecu-
tive hits in the sixth equaled the
one-inning successive hit record
held by the Cubs and Cardinals
while the two added at the start
of the seventh ran the constructive
string to 12 and tied the mark
made by the Cardinals against the
Phillies on September 17, 1920. The
out that retired the Robins in the
sixth was made by catching Lopez
at the plate, thus allowing the un-
broken string of hits to extend in-
to the next inning.
Even the Boston Braves cut loose,
winning a slugfest match from
Pa., outpointed Henry Bernard,
the St. Louis Cardinals, 12 to 3.
Wally Berger hit his twenty-first

Home Run to Retain Runner-up Honors in the Circuit

Bill Walker and the giants man-
aged to put on an old-fashioned
ball game, the former holding the
Reds to six hits and the latter win-
ning 3 to 0. Ray Kulp held New
York to eight safeties.
As if to give Mr. Public a variety
the Athletics and White Sox hook-
ed up in a 1 to 2 game in the
opener of a double header in the
American League and they closed
with a 17 to 8 affair. The world
champions were on the long end
of the score in both games. Mose
Grove outpitched old Red Faber
in the first encounter but home
runs came thick and fast in the
nightcap. Five were divided be-
tween the Athletics. Al Simmons
getting two and Fox, Haas and
Cochrane one each while Jolley
connected twice for the Sox.
The Yankees lost ground as they
blanked the Browns in the first
game of a double bill 15 to 0 and
then dropped the second 10 to 6.
Henry Johnson pitched four hit
balls in the first while Ruth got
No. 24 in his home run campaign.
The defeat dropped the Yanks to
third place.
A double killing over the Indians
by the Senators sent Washington
into second place. The scores were
9 to 5 and 3 to 2.
Alvin Crowder, Heinie Manush
and Art Shires were the stars of
the opener while Fred Marberry
outpitched Hudlin in the closing
contest.
Behind Danny Mac Fayden's
three-hit pitching the Red Sox de-
feated the Tigers 2 to 0. Sullivan
pitched almost as well, holding the
Sox to four hits. It was Mac Fay-
den's second three-hit perform-
ance in a week.

MAKE DRIVERS QUALIFY

The increasing number of deaths and injuries in our state no doubt will bring forth in the next session of the legislature a measure that would provide for the licensing of all drivers in the state and such a measure is essential to the future safety of our highways and should have the hearty support of every Representative and Senator.

By the licensing of drivers we do not mean simply that a permit to drive should be issued to every person who applies for same and can furnish the necessary fee. While there will of course have to be a small fee attached to the issuing of licenses the measure should in no way be a revenue producing law but one that will safeguard travel on our highways by refusing licenses to any and all persons who are unable to pass rigid examinations that would reveal their fitness to be entrusted with the driving of a motor vehicle. The issuance of such statewide licenses would likewise prove of great value in enforcing the traffic laws as frequent violations could be punished by revocation of licenses thereby removing the reckless and dangerous drivers from the roads. If human life is to count for anything in our state such steps should and must be taken to safeguard our highways.

DEMOCRATIC HARMONY AHEAD

It appears as if the Republicans of North Carolina are to be disappointed. North Carolina isn't showing much indication of going back into the Republican column this fall in any manner or form. Admittedly, Democratic affairs have been in a turbulent condition in the state for several years, but the trend, a forceful one, is to harmony now. Prior to the primary the Republicans were saying to each other, and all who would listen, that "we'll have easy sailing this fall no matter whether Baily wins or Simmons." Since the primary they do not seem so enthusiastic for the Democratic party is indicating, after stumbling into several pitfalls, that it has learned enough guile to refuse hereafter to permit party fights to assure Republican victory. Senator Simmons came up to the mark in noble manner and declared that the statement that he might run as an independent candidate was "ridiculous." Some of his strongest sup-

porters and leaders, Hartness, Langston, and others have assured Mr. Bailey of their loyal support and cooperation in making it an overwhelming Democratic victory in every race this fall. Such reports cannot make Congressman Jonas, who hopes to ride back in office on enmity between Democratic factions, feel so good, yet the old Democratic donkey, now that all four feet are free and well shod, must be feeling pert enough, thank you. — Cleveland Star

ABOUT TOWN

Three games of baseball here this week ought to give Greenville people a chance of enjoying some of the national sport which they missed during the spring and early part of the summer.

The first game is scheduled this afternoon with Williamston, the second with Kinston and the third with Elm City.

Greenville has played two games with Williamston this season and each time the Martin county boys fell before the superior pitching and slick work of the local club. What they will be able to do about the game this afternoon is problematical, but it is assured that they are planning some sweet revenge.

The appearance here of Kinston Wednesday will mark the beginning of that club in the Four County circuit recently organized in this district. The Lenoir county boys will take the place of Edenton which dropped out on account of the long distance between the towns comprising the league.

While Elm City is not a member of the league, they have a team that has been able to make quite a showing this season and they are expected to give the local boys something to think about.

Greenville people are urged to go out to these games and in that way show the boys they are behind them in their effort to provide the section with a good brand of national sport during the remainder of the summer.

High school children from various institutions of North Carolina have been awarded prizes by Governor Gardner for writing the best essays on "Live-At-Home."

Governor Gardner personally delivered the prizes, and in addition stressed the part which the "Live-At-Home" movement should play in the life of the state in the future.

The governor himself sponsored the live at home plan several months ago, and it was to increase interest in the movement that prizes were offered to the students writing the best essays.

There were some mighty fine manuscripts turned in on the subject at Raleigh, but not all could be judged winners. A very few actually received prizes, although the state executive expressed his appreciation of the splendid type of work embraced in the essays.

The live at home plan is of vital importance to every man, woman and child in North Carolina in this time. It is the only direct way of overcoming the spirit of depression which has existed in the farming areas since the season of short crops and low prices. The farmer that tries out the plan and practices the economy it stresses should be able to find himself out of the hot water in the future, in fact, at a much earlier date than the man who fails to regard the principals of live at home and continues to live along the old and extravagant plan.

An open switch on a railroad operating through this county cost the life on one man and the narrow escape from death for fifty or more passengers on the wrecked train Sunday morning.

Nobody knows how the switch came to be open at the time the train came along, but whether done through malice or carelessness, it was a terrible thing and the officials should continue probing the incident until responsibility has been placed upon the proper shoulders.

Human life is one of the most valuable assets of the nation and world, and it cannot be permitted to be destroyed without somebody suffering the consequences, especially in a case of malice or hatred. It is to be hoped the railroad company will investigate the case until they have determined why left the switch open and then deal with the perpetrator of crime in a way that will leave no mistake as to the seriousness of the deed.

Now that the Democrats of the various precincts of the county have selected delegates to the County convention to be held in this city next Saturday, it is to be hoped everyone of these men and women will be present to take part in selecting delegates to the State convention in Raleigh the early part of July.

The county convention is highly important in that it forms the second step in the organization for the political campaign to be waged during the month of December. By attending this session the people should be able to fully familiarize

themselves with the political situation and know exactly what will be expected of them as good Democrats when the campaign gets under way.

In fact, the county convention is just as important to the county as the State convention is to the State, and the people should attend and do their part by organization.

Pitt county is going to see some real campaigning, this fall after the volley of the opening guns has been fired. Her people will have the pleasure of hearing some of the best speakers of the party in the persons of Josiah William Bailey, nominee for the U. S. Senate, Cameron Morrison, former governor, and other notables of the political field. It will be a great fight to again line the people up for the cause of Democracy and should command the attention of every man and woman interested in the future welfare and progress of the state.

Treasury Surplus Now \$223,020,521

Washington, June 24.—(AP)—The treasury's surplus for the 1930 fiscal year reached \$223,020,521 last Saturday.

As disclosed today, the government income then aggregated \$4,106,318,144 while its total expenditures since July 1, were \$3,883,297,622. The receipts were 142,000,000 more than collected in the same period last year but the surplus was \$14,000,000 less.

While the surplus exceeded \$223,000,000 last Saturday, it may not be so great on June 30 as expenditures in the last week may reduce it. A year ago on the same day the surplus was \$237,000,000 while at the end of the year the surplus was \$186,000,000.

Expenditures for the present year have exceeded expenditures for the same period of the 1929 fiscal year by \$157,000,000.

Income tax receipts for the present month have amounted to \$497,000,000, bringing the total for the year to \$2,381,607,020, an increase of \$85,000,000 as compared to the same period of the previous year.

Custom receipts, which have shown a spurt within the last ten days, now total for the year \$575,639,211, decrease of \$13,000,000 as compared with last year.

Plans to Clear Up Slaying of Lingle Before Inquiry

Chicago, June 24.—(AP)—State's Attorney John A. Swanson indicated today that an investigation of rumored collusion between public officials and gangsters was being held in abeyance only until the slayer of "Jake" Lingle, Tribune reporter, can be brought to justice. Replying to a question as to whether he was investigating reports that Lingle was shot down because of his intimacy with police officials on the one hand and gangster on the other, the state's attorney said:

"The state's attorney has not overlooked conditions that existed prior to the assassination of Lingle. The state's attorney will not overlook them and at the proper time I will direct an action against those responsible."

"This action is only held in abeyance for the time being so as not to jeopardize a possible solution of the Lingle murder itself."

The search for James (Red) Forsythe, alias Fawcett, who has been identified by some witnesses as closely answering the description of the actual slayer of Lingle, was being pushed vigorously with new information coming to light concerning Forsythe's past.

Capone Sued for \$2,500 By Doctor

Miami, Fla., June 24.—(AP)—A suit for \$2,500, damages for a doctor's bill is the latest of Scarface Al Capone's legal troubles.

Capone was named in a suit filed in Civil court of record by Arthur Friedman, attorney for Dr. Kenneth Phillips, who listed various items of medical service.

Of the amount due, Dr. Phillips' suit said, \$135 is for services in 1929 in treating "Costello, Joseph, Coughlin and Boswell," whose first names are unknown. During the same period, the suit alleges that the physician attended "the cook's wife, and assistant chef, and the mate on the boat."

Weevil Poisoning Demonstration to Be Conducted Here

A demonstration in poisoning the boll weevil will be conducted on

the farm of T. E. Hooker near the intersection of highway No. 11 with No. 81 west of Greenville at 2 p. m., Thursday, June 26. C. H. Brannon, state entomologist, has been invited to attend and conduct this demonstration, which is being sponsored

with C. C. Hilton, local representative of the N. C. Cotton Growers' Cooperative Association.

At this demonstration different methods and costs of boll weevil control work will be gone into. All farmers interested in boll weevil

control are invited to attend this meeting. The farmers, while attending this meeting, will also have the opportunity to observe the side-dressing demonstration with cotton, which is being conducted by the American Cyanamid Company and Mr. Hooker.

There are several methods of boll weevil control. However, the one to be put on at this particular time is known as the pre-sure molasses mop control, which is, perhaps, the cheapest boll weevil method control which has proven successful.

"Coming events cast their shadows before"

TRIED AND TRUE!

When tempted to over-indulge "REACH FOR A LUCKY INSTEAD"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted" Your Throat Protection—against irritation—against cough

"I have come to the conclusion," writes Sir Henry Thompson, M.D., F.R.S., "that more than half the disease that embitters human life is due to avoidable errors in diet." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight, and, by avoiding over-indulgence, maintain a modern, graceful form.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, June 24.—(AP)—Cotton opened easy today at 4 points higher to 3 lower and early in the day was only moderately active with a downward tendency. Buyers were inclined to hesitate, despite steadier Liverpool cables than expected and there was July liquidation in progress for over tomorrow's first notice day.

Irregularity in the early movement of stock values and a decline in wheat as well as reports of lower bar silver in London all seemed to have a rather depressing influence on the market; and there was little in the early news to encourage aggressive buying. The July position sold down to 13.27, a loss of 13 points from the previous close, and new October declined to 12.77, a loss of 8 points.

High temperatures were reported over much of the central and eastern belts but some good showers occurred in portions of Oklahoma and Arkansas. Liverpool cabled that the steader tone there early was due to trade calling and covering with scale down buying which absorbed Continental and Bombay selling.

GRAIN MARKET

Chicago, June 24.—(AP)—Fully 4c a bushel drop in wheat prices today accompanied news that the 1930 harvest was spread northward into Nebraska, and that condition pointed to a big marketing movement there soon. Wheat closed unsteady at the day's bottom level, 33-8c-4c a bushel below yesterday's finish. Corn closed 1c-13-8c off, oats 1-8c-1-3c down, and provisions unchanged to a rise of 12c.

WHEAT:	High	Low	Close
July	91-2	88-1-4	88-3-8

STOCK MARKET

New York, June 24.—(AP)—The stock market was left to the device of the professional trading element today, which found stocks more easily depressed than rallied. The bear faction lacked conviction, however, and occasional flurries of short covering caused temporary upturns.

Wall Street was more impressed with a sharp falling off in the volume of trading, than in the rather meaningless price movement. While yesterday's rally failed to carry over into today's trading, the renewed dullness of market was interpreted in brokerage circles as indicating that the liquidating movement under way for the past three weeks had largely spent itself.

While some commission houses looked for a substantial technical rally. There was a general feeling that the market would turn dull and stay dull for a while. A few pool operators are itching to get into action again, but with unimpressive earnings statements, slackening industrial activity, and more dividend reductions expected to feature business news during the next several weeks, prospects for resumption of a bull market during the near future are regarded as anything but bright.

Rather discouraging today was the condition statement of weekly reporting Federal Reserve member banks, showing an increase of \$51,000,000 in loans on securities, as contrasted to a drop of \$211,000,000 in brokers loans during the same period. Loans against security collateral are now \$1,233,000,000 above last year at this time.

Several stocks sold up 1 to 8 points in the morning. American Tobacco B, making the maximum gain, but was mostly more than lost later. U. S. Steel, sagged moderately. The July position of wheat dropped more than 2 cents.

Salisbury, N. C.—(AP)—Death has claimed the last survivor of the Rowan rifle guards, crack Confederate army company. David Lewis Holshouser, 80, the last surviving member, died here.

Charlotte, N. C.—(AP)—Dr. C. A. Milneheimer, 73, prominent Charlotte physician, died at his home here after an illness of several months.

Eugene Newsom Addresses Rates At Chicago, Ill.

Chicago, June 24.—(AP)—After a leisurely round of acclimation, Rotary International today speeded up the business of the silver anniversary convention.

An address by M. Eugene Newsom, international president, and a message from President Hoover topped the first plenary program at the Chicago stadium.

Relating that distances no longer exist and that human relations must be founded on friendship, Newsom's address pointed out that Rotary's greatest usefulness was in choosing the means whereby friendship can best be interpreted.

President Hoover's greeting read: "The impressive attendance from so many countries is renewed evidence of the spirit of international good will which is so significant a development of our times and in the encouragement of which Rotary has played such a useful part."

Paul P. Harris, founder of Rotary, ignored an illness of several months to attend last night's poignant portrayal of the growth of Rotary, and his entrance into the stadium was the signal for a riotous demonstration from the thousands of Rotarians and their wives.

The Rotary Anns. After reciting that Rotary has an "ever increasing purpose in promoting friendship and good will among the nations of the world," Harris said:

"If we are to achieve that goal which for centuries has been the dream and hope of the people of the earth—the abolition of war as a means of settling international disputes—then the hearts of men must be so touched and molded that mutual understanding and good will will take the place of fear and hatred."

Schroeder On Way to Indianapolis Face Murder Charge

Mobile, Ala., June 24.—(AP)—Sheriff George L. Winkler and his prisoner, Harold Herbert Schroeder, presumably were well on their way today toward Indianapolis where authorities have announced they will seek a murder indictment against him.

The sheriff and Schroeder left here yesterday by automobile after Schroeder unexpectedly had decided not to contest extradition.

By driving until a late hour last night the sheriff hoped to reach Indianapolis this afternoon. Schroeder has maintained that he set fire to his car near Indianapolis May 31 and burned the body of an unidentified young man because he feared he would be blamed for a wreck in which the youth "accidentally" suffered a broken neck. Authorities have refused to accept his story.

Littlejohn Must Serve Jail Term In Murder Case

Asheville, June 24.—(AP)—H. G. Littlejohn, of Spartanburg County, S. C., today is under a sentence of from four to six years in State Prison for the slaying of Dwight Williams early this month on one of Asheville's principal streets.

Judge James L. Webb, of Shelby, sentenced Littlejohn after a jury had convicted him of second degree murder yesterday.

TWO MEN DIE FOR MURDER AT COLUMBIA

(Continued from page one) (that put me here today, but by the grace of God my sins are forgiven. I hope to meet you in Heaven. Let this be an example for each and every one.)

Captain Olin Sanders, of the penitentiary force, whose duty it is to give the signal for the switch to be turned on, is an old friend of the Johnson family and said he often played with Paul Johnson when Johnson was a small boy. He was visibly affected today.

Johnson and Coleman were captured in Indianapolis a short time after Belue was killed. Their efforts to get aid in their projected holdup gave officers a clue that they followed in discovering who had slain the payroll clerk.

Watch Kelvinator remove 100 Degrees of Heat in Five Minutes

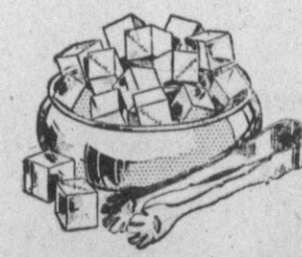

BEGINNING today at our showrooms, (Insert Address Here), we will conduct a 10-day demonstration of Kelvinator's new Automatic Super-Fast Freezing—the most remarkable advance ever made in electric refrigeration.

Whether or not you are immediately interested in electric refrigeration for your home, you will be well repaid for your visit by the scientific marvels you will witness at this demonstration. You will see boiling water at 212 degrees temperature poured into Kelvinator's exclusive Fast-Freezing Tray. Within 5 minutes you will see 100 degrees of heat extracted from this water. You will see the Kelvinator freeze water to solid ice in less than 80 minutes.

You can inspect at your leisure the new de luxe Kelvinators that provide four separate degrees of cold: (1) for extremely fast automatic freezing of ice and desserts; (2) a special Cold Storage Compartment with below-freezing cold for keeping meats, fish, game, ice cream, etc., indefinitely; (3) steady cold for freezing ice at Kelvinator's fast speed; (4) controlled cold in food compartments always below 50 degrees.

Special Offer During Entire Demonstration

accessory for which you would pay \$10. See it on display at our showrooms.

This handsome pewter ice bowl and tongs—just the thing for attractive service of ice cubes for cooling drinks will be given FREE to every purchaser of a Kelvinator Electric Refrigerator during the period of the demonstration. An attractive

Own A Kelvinator On Easy Terms

With warm weather just ahead, you need not postpone your enjoyment of Kelvinator's many advantages a day longer.

A low down payment and easy monthly terms are provided by Kelvinator's attractive Re-DisCo monthly budget plan. Get the facts on it today.
