## FILE TRIPLE SUIT ASKING 30 MILLIONS

### Chicago Radio Concern Seeks Damage In Alleged Illegal Pool of Patents

Kansas City, June 26.—(AP)—In a suit for triple damages of thirty million dollars filed here today, the Grigsby-Grumow Company, of Chicago, radio set manufacturers, alleges the existence of a vast illegal pool of patents created in violation of the Sherman anti-trust law.

The defendants named are the Radio Corporation of America, the General Electric Company, the Westinghouse Electric & Manufacturing Company and others.

James A. Reed, Kansas City, former United States Senator from Missouri, and Ernest R. Reichman of Chicago, are attorneys for the complaining company.

The petition sets forth that under the "tube clause" contained in the license agreement which the Chicago company received from the defendants, it was compelled to buy radio tubes and was prevented from engaging in the vacuum tube manufacturing business until the clause was declared illegal by the United States District Court of Delaware.

On this account, the petition alleges, the company was damaged in the sum of approximately \$3,000,000 more, which, together with certain other damages, brings the total damages to \$10,000,000.

Three times this amount is asked because the Clayton act entitles a plaintiff in such cases to recover three-fold.

The petition contains many of the allegations made in a petition filed by the United States Government in the Federal Court of Delaware on May 13, 1930, officials of the company said in announcing the filing of the suit. That petition, asked for dissolution of the illegal combination which this petition also alleges.

Other charges made in the petition are:

That while the Chicago company was compelled to buy tubes from the Radio Corporation, the latter failed to deliver an adequate supply although dealers and distributors selling radio receivers of the Radio Corporation received sufficient tubes;

That the defendants entered into of which they allocated among themselves exclusive rights in the radio and vacuum tube fields not only under existing patents but all patents;

That they used "more than 4,000 patents as a part of their common plan and design to unlawfully restrain trade and commerce" and with a common understanding, and in co-operation with each other threatened to sue and did sue manufacturers, jobbers, dealers, distributors and other sales agencies engaged in handling or selling radio receiving sets.

It is also declared that, because of the vast organization and resources of "said conspirators," they were able to terrorize many persons and corporations not able to withstand the threatened process of litigation wherefore they refused to deal with manufacturers not licensed to manufacture and sell upon the terms and condition dictated.

**Mrs. Worthington Passes Away Here; Funeral Friday**

Mrs. Mallissa J. Worthington, 60, died this morning at 4:30 o'clock at her home on South Washington street following illness extending over a period of six months.

Funeral services will be conducted tomorrow afternoon at 4:30 from her late home by Rev. W. A. Lilly, pastor of St. Paul's Episcopal church. Interment will be made in Cherry Hill Cemetery at five o'clock this afternoon.

Mrs. Worthington was the wife of the late E. J. Worthington and had lived in Greenville all of her life. She was a member of the Episcopal church and was held in high esteem by a host of friends.

She is survived by one son, Anslo Worthington, of Norfolk, Va., and one daughter, Mrs. C. J. Turner, of Windsor, Va. She is also survived by two sisters, Mrs. N. W. Jackson, Norfolk, and Mrs. Bill Gaskins, of Vanceboro.

Pall bearers will be: E. J. Conklin, Amos J. Stocks, Lee Manning, James Whitfield, Lon May, W. B. Whitehurst.

Honorary: W. B. Brown, Wiley Brown, Tom Hollingsworth, John L. Hassell, T. M. Moore, Frank Tyson, Claude Gaskins, Frank Harrington, E. P. Tucker, J. E. Davenport, W. S. Moye.

New Bern, N. C.—(AP)—A freight train struck an automobile owned by J. W. Leggett, of Kinston, at a crossing near here and wrecked it. Leggett's daughter and another girl, occupants of the car, escaped injury.

## BANKER CHARGED WITH LARCENY

Harold Russell Ryder (right), Broadway "playboy" and his attorney, Isaac Reiss, as they appeared at a bankruptcy hearing on the affairs of the former's New York brokerage concern which failed for \$2,000,000. Ryder is under bond pending trial of an indictment charging him with grand larceny in the conduct of the firm's affairs.

## Hoover Vetoes Veterans' Compensation Bill And Is Sustained By the House

In His Veto Message President Says the Measure Was Unjust Both to the Veterans and Tax Payers of the Nation

Washington, June 26.—(AP)—The House sustained President Hoover today vetoing the World War veterans' relief bill.

Consideration of substitute legislation designed to overcome Mr. Hoover's objections to the original measure began immediately.

In his veto message, the president again protested the bill sent to him was unjust both to the veterans and the taxpayers. He said he wanted "a square deal between veterans—not unjust discrimination between special groups."

Chairman Johnson of the House World War veterans committee submitted the substitute bill. Debate was limited to twenty minutes for each side.

The vote for upholding the President was 188 to 182.

A two-thirds vote would have been necessary to override Mr. Hoover.

The Republicans, who had gained a pledge of 154 votes to sustain the veto, jumped up from their seats and shouted and cheered when the vote was announced by Speaker Longworth. The majority, which came as a big surprise, caused a round of handshaking.

The lengthy veto message reached the House at 1:21 p. m. and enough votes to assure its being sustained had been cast at 1:45 p. m. The message said in part:

"The practical effects of this enactment of a fictitious 'presumption' into law are widespread. It creates a long train of injustices and inequalities. The first is to place men of this class who have in fact been disabled in civil life since the war upon the same basis as the men who were wounded in battle and suffered the exposures of the trenches. But a second injustice immediately arises. The Veterans Bureau estimates that there are somewhere in the neighborhood of 380,000 possible cases of disability incurred in civil life since the war amongst the 4,300,000 living veterans. By this legislation all except somewhere between 75,000 and 100,000 of these men are excluded from this aid by the government except for benefits which they already receive by hospitalization, the bonus, and insurance.

This bill would, therefore, create a preferred group of one-third among the men who are suffering from disabilities incurred in civil life since the war.

"The further injustice of this bill may become more apparent when it is realized that men who were enrolled in the army who remained out comparatively few days of weeks in service, without ever leaving their home states, will receive aid upon the same basis as those men who passed through the battle of the Argonne. They may come upon the government payroll for life in case of total disability at rates from \$80 to \$200 a month.

Durham, N. C.—(AP)—J. C. Kearny, 80, received fatal injuries when knocked down by a bicycle ridden by David Fuller, 17, who is under \$1,000 bond on a charge of manslaughter.

FATALLY INJURED

## SOUGHT AID OF MAGIC MAN TO KILL HIS WIFE

### Purported Confession of George Gay Given At Poison Case Trial At Snow Hill

George Gay, young farmer accused of poisoning his wife, today took the stand in his trial for murder and asserted stories of prosecution witnesses that he sought the aid of a Negro "conjure doctor" in "getting rid" of his wife were untrue.

The 24-year-old defendant, briefly told the story of his married life and said he had never had trouble with his wife and had always loved her.

After his wife's fourth child was born, he said, their family physician told them that if Mrs. Gay should have another child it would probably cost her life and when she became an expectant mother she grew despondent.

He asserted she threatened at one time to take poison, but he dissuaded her.

On one occasion, he admitted on cross-examination, he took Mrs. Gay to see George Henderson, Wilson Negro known as a "conjure doctor." He said the Negro prayed for her, but gave her no medicine.

Gay was still on the stand when court was recessed for lunch.

Snow Hill, June 26.—(AP)—A purported confession that he had sought the aid of a Negro "conjure doctor" who said he could help him "get rid" of his wife was placed in the record today in the trial of George Gay, 24-year-old farmer, for the alleged poison-murder of his wife.

John McKeel, farmer-neighbor of the Gays, testified Gay told him of bargaining with the "conjure doctor" who claimed he could cause Mrs. Gay's death through black magic.

Gay told him a few days before Mrs. Gay's death, McKeel said, that a Negro had offered for \$6.01 to "conjur" Mrs. Gay so that she would die apparently natural death. He added that Gay told him he intended to "get rid of her."

The state rested its case with the testimony of McKeel. Previous witnesses in the trial, which began yesterday, had told of quarrels between the young couple.

L. B. Rhodes, assistant state chemist, testified he made an examination of Mrs. Gay's vital organs following her death last April and found poison in a sufficient quantity to have caused her death.

Feared Dead in Bed

Salisbury, June 26.—(AP)—Mrs. W. A. Kiziah, wife of a veteran engineer on the Southern Railway, was found dead in bed at her home in Spencer this morning. She was survived by her widower and three sons.

## Reservations Threaten To Prolong Senate Fight Over London Naval Pact

### Administration Leaders Continue Confident the Arms Limitation Agreement Will Eventually Be Given Unreserved Approval In Bitter Controversy

Washington, June 26.—(AP)—Reservations in preparation by opponents of the London naval treaty threatened today to prolong the Senate's contest over ratification of the pact.

Administration spokesmen continued confident the arms limitation agreement would eventually be given unreserved approval but foresaw a protracted, bitter controversy.

The reservations under preparation would include the following:

A declaration that the treaty involves no permanent surrender of the previously claimed right of the United States to build as it pleases.

An assertion that under the so-called "escape clause" America can build whatever type of ship it desires in the event of England or Japan building beyond the treaty limits because of the construction programs of nations not signatory to the pact.

A statement that under the replacement clauses Great Britain can replace her six-inch gun cruisers with ships of that category.

## SOUTHERN CROSS CONTINUES FLIGHT TO NEW YORK AFTER BEING FORCED DOWN BY FOG

### BANK ACCOUNT OF SLAIN MAN UNDER PROBE

#### Authorities Attempt to Find Out Where Lingle Got So Much Cash Money

Chicago, June 26.—(AP)—The source of "Jake" Lingle's bank deposits averaging, his banker said, more than \$1,000 a week, has become a matter of first importance to the authorities investigating murder.

William N. Kline, president of the Lake Shore Trust and Savings Bank, disclosed to investigators for the state's attorney yesterday that the slain Tribune reporter, although receiving only a modest salary as a newspaperman, made six to eight deposits each month of sums ranging from \$500 to \$800. Such deposits always were in cash and were exclusive of check deposits.

Earlier in the day Police Captain William Russell, until recently commissioner of Chicago police, had told of a stock buying partnership that existed between Lingle and himself. Friends of the reporter had held that stock market profits accounted for the wealth Lingle was presumed to possess.

Capt. Russell said that at one time the paper profits of his joint venture with Lingle amounted to \$100,000, but that the October market crash swept it all away. The banker, however, told the investigators that the large cash deposits were continued by Lingle after the market crash.

The question the state's attorney now seeks to answer is: Where did Lingle get the money deposited following the market collapse, and where has it gone? At the time of Lingle's murder June 9, his bank balance was between \$2,400 and \$2,700, the banker said.

Captain Russell told Patrick Roche, special investigator for the state's attorney, that Lingle and he started speculating with a pool of about \$10,000. He said he entered the arrangement because of his long friendship with the reporter. He added that this was the only financial dealing he had with Lingle; and he denied that either Lingle or himself ever had withdrawn any of the money.

## Propose Health Camps to Combat March of Pellagra

Wilmington, N. C., June 26.—(AP)—Health workers of North and South Carolina have endorsed a proposal to establish model rest camps in every county in both states to demonstrate methods of fighting pellagra.

The action was taken here last night at a meeting sponsored by the Carolina Council, local health education organization. Dr. Charles Laughlinhouse, North Carolina health officer, and Dr. J. Adam Hayne, South Carolina health officer, are solidly behind the movement, they said.

eight-inch gun ships. Opponents of the treaty, including numerous high ranking naval officers have contended the pact involves a departure from accepted American construction policy, in its curtailment of the construction of big cruisers.

With respect to the second reservation, foes of the pact assert that if Great Britain builds beyond the treaty figures under the escape clause, America can build only in the same categories as the new British vessels.

President Hoover is standing firm upon his announced intention of calling a special session of the Senate immediately upon adjournment to take up the treaty. This was learned after a petition bearing the names of 24 Senators and asking that the treaty debate be postponed until fall had been sent to him.

## ATLANTIC HOP LAST CHALLENGE

Captain Charles Kingsford-Smith's Atlantic dash was his defiance of flying dangers. He promised his fiancee to end his flying days with that flight.

## Endurance Fliers Draw Nearer World's Record In Flight At Chicago

### Hunter Brothers Had Been In the Air for Nearly 350 Hours Today; Will Pass Endurance Mark on Next Sunday Morning; Leaky Gas Tank Causes Trouble

Chicago, June 26.—(AP)—The four flying Hunter boys of Sparta, Ill., staked virtually all their money on an airplane endurance flight which, if it is continued, will surpass the record at 6:01 o'clock next Sunday morning. At 3:40 a. m. today the plane had been in the air 347 hours.

Walter, the eldest, said they had pooled their funds, expecting to realize at least \$200,000 if they were successful.

The smooth sailing that had marked the flight for two gruelling weeks turned rough last evening when the first serious threat to the success of the flight—a leaky gasoline tank—developed. The tank under the left wing was the faulty one, and the circumstance necessitated light refueling, with its hazards and difficulties.

The fliers, in notes dropped to the field, said efforts were being made to repair the tank, and they also spoke of the added caution needed in handling the plane due to the change of balance created by the empty left wing tank.

The hunters are confident of the various mechanical devices being used. They hope to write stories of the effort, and they anticipate financial assistance from the milk and other food concerns and makers of the gasoline and oils used. Theoretical engagements will be taboo, Walter added.

Forest O'Brien and Dale Jackson, of St. Louis, holders of the record, kept their plane aloft 420 hours, 21 minutes. The Hunters hope to keep their single-motored ship droning over Sky Harbor, a suburban airport, 500 or more hours.

While the two younger Hunters, John and Kenneth, still in their early 20's pilot the endurance ship, Walter and Albert, fly the refueling ship. A fifth Hunter, Irene, hurried from her school teaching in Southern Illinois to supervise the cuisine department. She sees that the "finest brothers in the world" have what they want to eat, and hat, piping hot or icy cold, as they desire.

## Kingsford-Smith and Companions Make Perfect Take-Off From Harbor Grace Early Today In Effort to Complete the Flight From Ireland to America; Expect to Reach New York This Afternoon

New York, June 26.—(AP)—Droning through skies which cleared as it approached the coastline of the United States, the Southern Cross was almost half way to New York in about seven hours of flying.

Squadron leader Kingsford-Smith and his comrades were over Halifax at 11 a. m. (EST) having covered in six hours and fifty-five minutes a distance of a little more than 550 miles as the crow flies.

This did not accurately indicate their speed, since they did not follow a straight line course, but it indicated that they would traverse the approximately 1,200-mile distance from Harbor Grace, N. F., where they took off at 3:05 this morning, to Roosevelt Field, N. Y., in about fifteen hours, landing at their New York goal soon after 5 o'clock tonight.

Harbor Grace, N. F., June 26.—(AP)—The sky trail to New York was resumed today by Captain Charles Kingsford-Smith and his three flight companions of the world circling airplane, Southern Cross. The plane made a perfect takeoff at daybreak.

Prevented by blinding fog and compass trouble from completing an Ireland-New York hop and landing here with barely enough petrol to see her tanks, the veteran plane was in the air again within 20 hours after completing a hop from Ireland. It hopped off at 3:05 a. m. (EST) 5:35 a. m. Newfoundland daylight saving time. Captain Kingsford-Smith had 400 gallons of petrol and 12 gallons of oil put into the tanks yesterday in preparation for today's hop. The wind was favorable.

The fliers arrived at the airport a half hour before the take-off and went immediately to the plane. Lunch was put aboard and the motors tuned up and the crew of three, jumped eagerly into the plane.

The plane taxied 100 yards before going into the air.

A light westerly wind was blowing. Evert van Dyke, co-pilot, shouted to his companions, "hurry up, we have no time to lose."

An 1,100 mile flight faced the Southern Cross, with an estimate of 12 to 14 hours flying time being necessary. The direct course lay over Cabo Serrat, Cape Breton Island and Nova Scotia, and by a slight deviation would include New England, Captain Kingsford-Smith, pilot, planned to land at Roosevelt Field, Long Island.

The second successful westward crossing of the perilous Atlantic in the history of aviation was made in 32 hours' flying time. The Southern Cross left the airport at Port Marnock, Irish Free State early Tuesday morning.

The plane arrived here at 5:57 a. m. (EST) yesterday morning after flying blindly for the last several hours.

The crew of Captain Kingsford-Smith, Van Dyke, J. Patrick Saul, navigator, and John W. Stannage, radio operator, were tired but in good condition. Within a few minutes the Australian leader of the expedition, announced his intention to take off within 24 hours for New York and San Francisco.

Two years ago the Southern Cross was flown from San Francisco to Australia by Captain Kingsford-Smith in the first trans-Pacific crossing. Later it was crossed. Later it was flown to England by the Australian. He is a veteran of five years flying.

While the fliers rested here in preparation for the flight to New York messages of congratulation came from all over the world. A message from Rear Admiral Byrd was one of the first to arrive. Others were from Sir Cecil Hurst, the British ambassador, Henry Ford, and the Prime Ministers of Australia and Newfoundland.

# GREENVILLE WINS FROM BELHAVEN

The Greenville baseball club continued its winning streak yesterday by defeating a strong team from Belhaven by the score of 5 to 3. It was the fourth consecutive victory of the local club since the opening of the Four-County league several days ago.

The game was witnessed by between two and three hundred people and proved decidedly one of the best, since the opening game with Williamston. The local club has taken three straight games from the Martin county capital.

The club was engaged this afternoon with one of the most formidable aggregations in this section of the state—the team from Elm City. This outfit has the distinction of conquering practically everything it has come in contact with this season and promises to furnish Bob Forbes and his band of college and ex-leaguers one of the most difficult encounters of the season.

One of the mainstays of the Elm City club is no other than the invincible Mark Webb, a southpaw, who has seen service on the diamond in the old Virginia league and two Eastern Carolina circuits. Webb, a veritable giant in stature, has a speed ball that has baffled the batters of many a club in this city before, and while he is still in the mediocre class of hurlers, he is a man to be reckoned with when a hit is needed to put a ball game on ice.

Kinston was to have played here yesterday afternoon, but the manager of the local club received a belated message that it would be impossible for the club to fill the engagement. Belhaven was immediately communicated with and the manager of that club agreed to make a quick trip over to help keep Greenville from disappointing the Wednesday holiday crowds.

A red-headed youngster whose name was not determined did the mound work for the Belhaven lads, and he did it so well that Greenville fans are looking forward with interest to the next appearance of his club here next Wednesday. He held the local boys at his mercy a greater part of the game and it was believed he would have made even a better showing had he had time to prepare for the game.

J. D. Simpson, secretary of the Greenville club, has arranged an interesting schedule for each Wednesday afternoon during the remainder of the summer months, and fans who love good baseball will have the opportunity of seeing some of the strongest clubs of Eastern Carolina in action here.

Mr. Simpson expressed hope that attendance would be large at every game. He said the boys needed the encouragement which attendance always gives and that the club needed the cash to defray expenses of the organization. Without either, the life of the Four-County league, and the Greenville club particularly, is only a matter of time.

# ROBIN - CUB SERIES WILL DECIDE RACE

Separated by one game in the standing, the Robins and the Cubs open in Chicago today a series of four games which probably will decide which will reach July 4, the traditional turning point of the season, on top.

Brooklyn has held first place for about a month with a crippled Cub team hanging right onto the next rung of the ladder. The Robins did a little sliding yesterday as they lost their final game before invading Wrigley Field to the Pittsburgh Pirates. They can lose again today and still remain ahead but only by a few percentage points.

The Robins could not hit the offerings of Ray Kremer yesterday, getting but seven rather ineffective blows.

Pittsburgh touched Dudley and Clark for eleven blows and a 5 to 1 victory. The Cubs hit the Philadelphia pitching much more freely but barely pulled out the game by a 13 to 12 score to sweep the three game series and score their eighth victory in their last nine starts. Gabby Hartnett drove in the winning run in the ninth, in part after his two home runs and a single had brought 115 other runs.

The Athletics got an even break with the Chicago White Sox, romping through the first game 8 to 1. Chicago took the second, 7 to 2.

Jack Russell of the Boston Red Sox had just one bad inning with Detroit, the eighth, but that was enough to give the Tigers the game 4 to 3.

# This season YOU CERTAINLY CAN AFFORD GOODYEAR'S

THERE never has been a time when the tire-buyer's money could buy as much as right now.

Rubber's cheap — and consequently tire prices are the lowest they've ever been.

People with an eye to values are seizing this chance and making the most of it.

They're buying Goodyear Tires — because right now they can buy them for as little as they used to pay for inferior or unknown tires.

Why are they singling out Goodyear Tires with especial

insistence as against all others? Because Goodyear Tires are definitely superior in tread and

carcass, the two main parts of a tire.

The Goodyear All-Weather Tread is superior in traction.

The Goodyear Supertwist Carcass is superior in vitality and long life.

You are not asked to accept these statements without inquiry.

Any Goodyear Dealer will be glad to demonstrate the facts. The facts certainly are: Goodyear Tires do give greater value.

As far back as 1916, it became a

fact that more people ride on Goodyear Tires than on any other kind.

Every year since that time it has been increasingly true that more people ride on Goodyear Tires than on any other kind.

Today this preference for Goodyear runs into millions: millions more people ride on Goodyear Tires than on any other kind.

More Goodyear Tires than any other kind annually leave motor car factories on new cars—more Goodyear Tires go into service through the great Goodyear dealer organization — more Goodyear Tires are used by transcontinental, urban and interurban buses.

There can be only one conclusion: Goodyear Tires must be better—and at present prices they are a matchless bargain.

Now is the time to get yours.

## Falkland News

Miss Ella McPhail, who has been visiting the Crisps, has returned to her home at Red Springs.

Mr. E. C. King, who has been ill, is improving which is glad news to all.

Mrs. Genness Novill's many friends will be sorry to learn that she is ill.

Mrs. Mary Fountain of Raleigh has been visiting her brother, Mr. E. C. King, and her daughter, Mrs. Tom Mallette.

Mrs. Ethel Denton and Miss Bonnie Boswell visited Mr. and Mrs. E. C. King Sunday.

Mr. and Mrs. Ben Stokes and children of Pinetops, formerly of this place, visited the Marslanders Sunday.

Mr. and Mrs. Willis Wooten and baby visited Mrs. Wooten's parents, Mr. and Mrs. Louis Peaden on last Sunday.

Mrs. L. T. Pierce of Farmville, visited Mrs. P. G. Mayo Monday.

Mrs. Sallie Cotton Wiggins and Mrs. Lon Newton visited Mrs. G. H. Pittman, recently.

Mrs. Anna Donald and son, Mordecai, who has been visitors at the home of Mrs. Donald's brother, Dr. J. J. Jessner Novill, have returned to their home.

Miss Emma Gorham visited Monday near Winterville at the home of Mrs. Jerome McLawhorn where she used to board when she taught in a school near there.

Miss Eloise Marslander of Moyock, niece of the late Mr. C. A. Marslander, is staying a while with Mrs. Ada Marslander and Miss Edith Marslander.

Mrs. G. H. Pittman, Miss Ruth Pittman and G. H. Jr., visited Mrs. Della Cannon and family, of Roundtrees and also Mrs. J. C. Cannon, of Ryden, Monday.

Several people from Falkland have attended one or more services rendered at the King's Cross Roads church by Rev. Jack Turner during the past week.

The home demonstration club of Falkland and also the Winterville club were invited to the home of Mrs. J. F. McLawhorn at the home near Winterville, June 23. Those present were delightfully entertained by a radio program. Punch and cake were served as refreshments.

The women from Falkland who attended this meeting were Mesdames: G. H. Pittman, C. H. Mayo, R. B. Tyer, John Eakes, Maggie Brown Parker, and Misses Em Gorham and Annie Mayo.

This community was deeply grieved recently because of the death of Mr. C. A. Marslander, one of the best beloved men here, a man who filled many worthwhile places both loyally and competently. He was postmaster, bookkeeper, superintendent of the Sunday school, and teacher of the men's class at Sunday school. In losing him, the community is now deprived of one of its truest friends.

**Seek Reinstatement Demonstration Agt.**

Winston-Salem, June 26.—(AP)—Mrs. Club women of Forsyth county of the have begun a vigorous campaign for reinstatement of the Home Life Demonstration agent, an office recently abolished by county commissioners.

Women of the city and county plan an organized protest beginning June 30 to have the office continued and will ask the resignation of Miss Alice McQueen who has held the position for the past eight years.

Abolition of the Home Demonstration office was in keeping with the economy program adopted by the board, according to a statement by J. G. Hanes, chairman of the County Commissioners.

**Believe It Or Not**  
Cold water is fine for drinking and sprinkling the lawn, but the water to luxuriant bathing is HOT.

WATER... gas-heated... automatically. Your home has crossing near Leggett's daughter occupants of ro. Gas & Elec. Co. jury.

**Always Drowsy**  
Tired, overworked, strained eyes make you feel that way, because they really are tired and need assistance.

Properly fitted glasses relieve that condition—serve as a tonic to the entire nervous system. Attention to this is not only wise—it is a duty.

Be sure to see a Registered Optometrist.

We are registered optometrists.

## WINTERVILLE HOME DEMONSTRATION CLUB MEETS

Winterville, June 26.—The monthly meeting of the Winterville Home Demonstration Club was held on Monday afternoon, June 23, at the home of Mrs. R. L. McLawhorn, near Winterville, with the members of the Falkland club as guests, and also Mrs. Shine, agent of Wayne county.

The principal feature of the afternoon was a most interesting radio talk by Mrs. Frances Renfrew Doak, from WPTF, Raleigh, which had been so thoughtfully arranged by Mrs. McLawhorn for this occasion. Her subject, "Home Lawns," was especially appropriate since the meeting was held under the spreading oak trees, on a carpet of grass, the birds supplementing the program with their sweet songs.

The meeting was opened by singing "America the Beautiful," followed by the club prayer. The following reports were given: Roadside, by Mrs. M. A. Woodard; Junk Pile, by Mrs. B. T. Cox; and Reading Circle, by Miss Elizabeth Tripp.

Delicious refreshments were served by members of the Evergreen Community Club, a local junior organization.

—Reported.

**Undergoes Operation.**  
Mrs. W. A. Lillycrop was operated on for appendicitis Wednesday morning at the Pitt Community hospital. She was reported to be getting along nicely.

**Atkinson Baby Is Buried Here**  
The three months' old child of Mr. and Mrs. R. S. Atkinson, of Windsor, formerly of this city, died yesterday and was buried in Cherry Hill cemetery in this city today.

Pall bearers were: J. H. Corey, A. B. Smith, Clifton Edwards, Edgar Duke, W. P. Moore, Alex Blow and W. C. Taylor.

**Several Barbers Fined for Keeping Unsanitary Shops**  
Several barbers have been haled before the courts in this city the last few days charged with violation of the State Barber Law as result of inspections made by B. L. Jessup, district chief inspector, and Inspector E. B. Roach.

Two negro barbers, David Barnhill and Stator Clark, charged with violation of the law a second time, were fined \$10.00 each. Robert Hodges, also colored, was instructed to discontinue the operation of his shop, owing to the fact that he was said to be suffering from an infectious disease.

Several white barbers also were charged with maintaining unsanitary places, and were fined \$10.00 and cost each, payment of the fines being suspended providing they should not again violate the laws. Those answering to the charges were: Jack S. Brown, N. A. Simpkins, B. M. Reagan, J. C. Cotter.

The following colored barbers received similar action: John Langley, Lester Blount, Roy Howard, Eddie Latham, Charles Davis, Glen White, Thomas Bryant.

**Coffer-Miller Players Will Appear Here**

The Coffer-Miller Players will present two plays at East Carolina Teachers College on Saturday of this week, at the matinee an amusing French comedy, "The Merchant Gentleman" and in the evening another comedy, "Her Husband's Wife". Both of these are interesting and entertaining plays.

This company has appeared at the college several times in past summers and has always greatly pleased the college audiences. They are always happy in their choice of plays, presenting good plays that are highly entertaining, always comedies, but usually comedies that have caused the people of several generations to laugh at the universal follies and foibles of mankind.

This is the second attraction in the summer series. There is a special combination price for those who wish to see the two plays.

Next week, on Tuesday evening, the attraction will be a recital of American ballads by Leon M. Person.

**Names Men to Study Charge Against Judge**

Washington, June 26.—(AP)—Chairman Graham of the House Judiciary committee today formally named a sub-committee of five to study the allegations of William Lavarre of Columbia, S. C., in a petition filed against Federal Judge Bascom A. Deaver of the Middle District of Georgia.

The sub-committee is composed of Representatives Moore, of Ohio; Sparks, of Kansas, and Jonas of North Carolina, Republicans; and Summers, of Texas, and Montague, of Virginia, Democrats.

Moore, who was designated chairman, said the group would probably hold a meeting to study the allegations of Lavarre, a newspaperman, who is now in jail at Augusta, Ga., on a contempt of court charge.

Moore said he did not know anything about the case and had not looked into the Lavarre petition but that under the ordinary procedure when complaints were filed against an official conduct of a federal judge, a judiciary sub-committee made a preliminary study immediately to determine the basis for the charges.

Moore said he received notice today from Chairman Graham that he was to head the group.

Under the procedure in previous cases of this kind a sub-committee reports its findings immediately to the full committee which has the power to institute or end proceedings of this character.

Lavarre charged in his petition that Judge Deaver had exhibited tyranny in an equity case in which Lavarre was involved with Harold Hall, a former partner in the ownership of a string of South Carolina and Georgia papers.

Representative Crisp, Democrat, of Georgia, who made a study of Lavarre's charges, said that they "appear baseless." He predicted no investigation would be undertaken by the judiciary committee. The Georgian declared Judge Deaver, a Republican, was held in high esteem by the Georgia Bar and was recognized as a just jurist.

## NAMES MEN TO STUDY CHARGE AGAINST JUDGE

The Georgian declared Judge Deaver, a Republican, was held in high esteem by the Georgia Bar and was recognized as a just jurist.

**Carolinians Settle Auto License War**

Raleigh, June 26.—(AP)—The commonwealths of North and South Carolina may smoke the pipe of peace today for their automobile "license war" is at an end.

A formal agreement has been approved which stipulates policies to be observed by both states toward trucks and cars licensed in one state and operating in the other.

The "war" was halted some weeks ago when a truce to be effective until July was ratified. Yesterday approval was given by Commissioner of Revenue Allen J. Maxwell of North Carolina to a pact drawn up by W. V. Sutherland, director of the motor vehicles division of South Carolina.

Under this plan trucks licensed in either state may operate in the other when engaged in transportation of agricultural products from growers to markets.

## BOLIVIA IN GRIP OF NEW REVOLUTION

Buenos Aires, June 26.—(AP)—Newspaper Critica, in a special edition, today said clashes of a most serious nature have occurred in La Paz, Bolivia. Critica says that former President Siles has taken refuge in the U. S. Legation.

The newspaper stated it had received a private message from La Paz saying that revolutionaries had taken possession of the departments of Cochabamba, Oruro, Potosi and Santa Cruz.

La Paz was isolated from the rest of the country and it was expected that it would fall into the hands of the rebels at any time.

General Kantz, the German commander-in-chief of the Bolivian army, sent messages to border garrisons asking help while former President Siles asked protection of the United States Legation. Foreign Minister Medina took refuge in the Argentine Legation.

Two regiments were stated to have refused to fight against the rebels.

A government communique, published today, gave notice of a revolutionary movement at Oruro where the so-called Camacho regiment had taken control of the town. The communique minimized importance of the disturbance.

The statement follows: "Wednesday morning at 8:20 a. m. the officials Jose Serrano, Julio Fernandez, Desiderio Rivera, Victor Acosta, and Arturo Vergara, unexpectedly took the Camacho regiment at Oruro and took charge of the plaza there.

Immediately they telegraphed officers at La Paz proposing that aid be given the movement, and indicating as their choice for exercise of a new government, Abiancho Galindo, Jose Larza, Mariaga Pando Osorio, and Julio Sahjines. General Kundt rejected the proposal as absurd, and pointed out to the leaders of the subversive movement their duties toward the nation.

"The movement lacks importance. The Camacho regiment remains isolated at Oruro, without connection with the remainder of the republic where the garrison commanders have declared themselves firm in their loyalty to the government, and the public order.

Oruro is a city of 16,500 people in 1900, with important tin mines nearby. It is located south of La Paz, actual capital of the country and northwest of Sucre, nominal capital. It is situated on the railway line from La Paz to Antofagasta, Chilean city.

## Readjustment—New Low Prices

Since last October America has been passing through a period of depression—a condition that has caused unemployment, retrenchment and downward revision of prices. To help meet this condition, to stimulate industry and to reduce unemployment

The J. C. Penney Company has

# Radically Revised Prices Downward throughout the Store

Store-wide, our counters are packed full of values truly exceptional when compared with prices which were effective last October or even last January. Our No. 449 silk hosiery that formerly sold at \$1.49 is now \$1.29. Sheets that were \$1.29 are now 98c. Our Pay Day Overalls are down from \$1.29 to \$1.10. You will find in our \$19.75 men's suits of today many of the same fine fabrics that were used in making higher priced lines a few short months ago.

Below you will find other concrete evidence of the new lower prices and higher values with which our store is packed and a glance at our windows will show them jammed full with exceptional savings in cotton piece goods, sheets and pillow cases, domestics, silks, cosmetics, toilet goods, hosiery and underwear.

In announcing new low prices and new high values we rededicate ourselves to our old Company slogan: "WE ALWAYS HAVE AND ALWAYS WILL UNDER-SELL." Our reason and excuse for soliciting your patronage is just that—

**WE SAVE YOU MONEY!**

These new low prices call for quick action. Don't delay. Visit our store at once and convince yourself of the fact that

## ABOUT TOWN

It is going to take good attendance to keep up the spirit of the newly organized four-county baseball league, and the people who appreciate this kind of sport should realize the fact before it is too late.

The boys are capable of providing a splendid brand of ball at least three days of the week, but they cannot do this unless they receive proper financial support. The only way they have of getting money is through gate receipts and this they must have right away if the clubs are to measure up to expectation.

It is not like regular league teams where a certain amount of money is subscribed in the beginning to make the project a success. These boys are playing without the slightest assurance of receiving anything for their labor, but they cannot work for nothing because of the expense involved.

If you want to witness some good ball the remainder of the hot summer months, then turn out to the next game and let your presence and price of admission give impetus to the movement.

W. E. Hooks, chairman of the Pitt County Democratic Executive Committee, has again called attention of the voters to the county convention to be held in this city next Saturday.

He says it is the duty of members of the party to attend the meeting and lend their support to plans for the coming elections. The county convention elects delegates to the state convention in Raleigh July 3rd, and considers other business looking to the successful conduct of the campaign in this county.

Delegates to the county convention were elected at precinct primaries last Saturday, and it is the hope of the county chairman that all of the delegates will do everything possible to attend and represent their individual section in a creditable way.

No wonder violations of the prohibition law continue with some of the leading men of the various communities of the nation opposed to it.

Some few days one reads of some prominent politician declaring himself unalterably opposed to the law and advocating either modification or outright repeal. As long as this condition continues, flagrant violation of the law may be expected.

Were all the leading men of the nation lined up on the side of justice and right enforcement of prohibition no longer would present such a problem to the government. The skulking members of the illicit traffic would find it too unhealthy for them and the vile beverage that is gradually sapping the life out of our young people and dragging the high moral standard in the dirt could not be obtained quite so easily.

It is impossible to conceive of any sane-minded person taking a direct and unequivocal stand for repeal of the eighteenth amendment.

ment when this nation has had ample proof in the past of the squalor and unhappiness resulting from unrestricted sale of intoxicating beverage. The past cannot be used for a stepping stone to the future in this case. Prohibition must continue a part of the constitution or the lives of over one hundred and twenty millions of people will be forever cursed by the vile influence of the whiskey evil.

That whiskey and immorality walk hand in hand is a foregone conclusion. What must the future hold forth if those who are endeavoring to tear down the high standards of morality of the nation are to have their way? It is a condition that demands the attention of thinking men and women—fathers and mothers—upon whose shoulders rest the responsibility of another generation. And in their hands is a solution to the problem—an eternal battle against the forces of evil that would destroy the peace of our homes and convert the foundation of this great nation into a moral holocaust from which there will be no escape.

Greenville and Pitt county offer golden opportunities to the home-seeker and investor, and the man interested should take advantage of the city's slogan "Our Greenville, Yours if You Come."

The possibilities for the investor are unlimited, and the man seeking a legitimate business connection should be able to find it here without casting about for any considerable length of time. The business realm has been constantly expanding for a period of the last several years, and if predictions of prominent business men prove true, the future is going to see just as much development as the past.

To the home-seeker we would say come and try us out. You will find the city filled with hospitable people who will do everything possible to make your stay here pleasant. Once you get Greenville or Pitt county sand in your shoes it is hard to get away. This fact has

been proved conclusively in hundreds of cases and there is no reason in the world why it should not prove so in your case.

## TWO MEN CLAIM RIGHT TO RULE OF CHIHUAHUA

### Chief of Police of the State Slain Following Impeachment of Governor

El Paso, Tex., June 26.—(AP)—Two men claimed authority to rule the state of Chihuahua, Mexico, today as the result of a political disturbance which led to the impeachment of Governor Francisco Almada and the slaying of Gabriel Jimenez, chief of state police yesterday.

Governor Almada sought to rule the state from Juarez where he fled by airplane yesterday after the impeachment by the chamber of deputies on charges of misconduct by followers of Manuel Prieto, candidate for governor.

At Chihuahua City Manuel Jesus Estrada, a Prieto Partisan, was acting as governor by virtue of authority conferred upon him by the chamber after it had deposed Almada.

The correspondent of El Continental Spanish language paper published in El Paso, last night sent a written account by airplane messenger, saying telegraph censorship had been established in Chihuahua City.

Nine members of the legislature were present he said, among them two deputies, Valefte Chkon Bac and Virgil Tocassall, who were im-

peached several months ago. While the charges against Almada were being read, the correspondent said, a group of men headed by Gabriel Jimenez, chief of the state police, came through the corridor of the palace and began shooting at the deputies. During the exchange of shots, Jimenez was shot in the head and killed almost instantly. Several others were injured.

This account stated that when the shooting started, General Eulogio Ortiz, chief of military operations in the State of Chihuahua was in his office in the right wing of the palace and immediately rushed to the deputies chamber, giving orders for troops in the barracks to help establish order.

After order was restored, the correspondent's account said, the deputies continued their discussion of the charges against Governor Almada, voted to impeach him and installed Manuel Jesus Estrada as governor, administering the oath of office to him.

### Atlantic Beach Opening Draws Large Crowds

Atlantic Beach, June 26.—The gala opening of Atlantic Beach last night was attended by more than 2,000 persons; it was estimated by Manager R. W. Cardon, who was

highly gratified at the success of the occasion, which far surpassed even his highest hopes. Among the throngs were many motorists from practically all parts of the State, including a number from Greenville.

With its vari-colored lights and new decorations, the new casino was unusually lovely during the evening. It was highly praised by the visitors. Oliver Naylor and his eleven-piece orchestra also made their public debut and were also greatly acclaimed by the dancers, who characterized the dance as one of the most successful and enjoyable held for some time in the section.

Ideal weather during the day and evening favored the success of the occasion. Hundreds of picnickers

### Candidate Cards TO THE VOTERS OF PITT COUNTY

I hereby announce myself a candidate for County Commissioner subject to the action of the voters of Pitt County in the second Democratic primary to be held July 5th. I am very grateful for the support you have given to me in the past and will appreciate your continued support. If nominated, I will endeavor to serve you to the best of my ability.

J. PAUL DAVENPORT.  
 June 18-21-24-26-28; July 1-2-3

and bathers were at the resort during the afternoon. New Bern Methodist and Kinston Baptist were among the ones staging picnics in the picnic buildings.

The enjoyment of the crowd at the formal opening predicts the success of the resort during the summer, it is said. Mr. Cardon hopes that all East Carolinians will visit there during the next few weeks.

There is one that is going rounds and that may be publishing at this time:

"Sitting in a park was a rich gentleman who had to be the man next to Hoover and said:

"How long this Al Smith will be President, ha? How long you t'ink?"

"Al Smith? Why he ain't sident. Hoover is President. Herbert Hoover."

"No, aye t'ink Al Smith, is President."

"What makes you think that?"

"Listen: my boss say to 'If Al Smith is President, lose your job.' My boss to me, 'If Al Smith is sident, everybody have time.' My boss say to 'If Al Smith is President go hungry.' So, I lose job. Everybody have time. I go hungry.

"Aping yimminy, how I go gry! So Al Smith, he t'be President, ha? You t' so?"

"No, Hoover is President." You can no fool me. Al th, he is President."

"Whoever is President, of we can be sure: That we have been times when wished Smith had got the

—N. Y. World.

### DEATH.

Most of us don't like the idea of death and we protest at deaths which seem necessary—until they become so frequent that we no longer pay attention to them.

North Carolina had, in 1928, one suicide for each 100,000 in the month. North Carolina had, in May, a rage of nearly four deaths a day from pellagra.

Automobiles caused more than two deaths a day. Should we go on? Every one of these deaths could have been prevented. Many of the 226 deaths from pulmonary tuberculosis could have been prevented.

Most folks who commit suicide would have seen their troubles straightened out if they had sought help in straightening them out if they had sought help for it. Pellagra is unnecessary, and no capable physician will allow a patient to continue to the final stage in his area.

Every one of us who has seen an automobile knows that the bad accidents happen—and most of us can't take chances. Enforcement of the laws about automobiles and drivers by local as well as state officers would help prevent some of the acci-

### LOADED WITH DEADLY GERMS • SPREADING DISEASE • CONTAMINATING ANYTHING TOUCHED

## THE FEARFUL 7

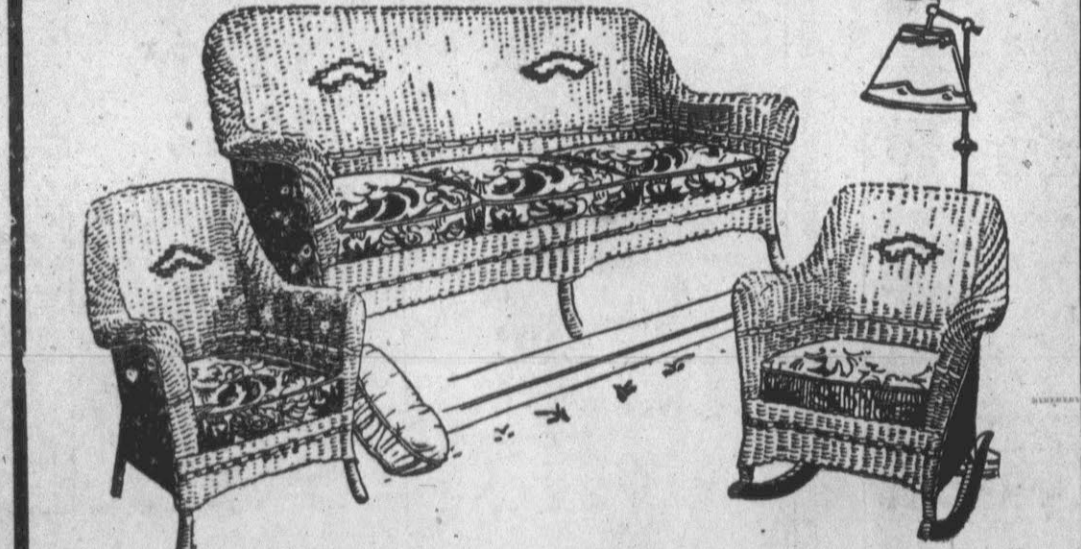

Scientists say flies transmit thirty different diseases. Kill them NOW. In a single season a pair of flies can produce over five trillion descendants. Each one carries deadly bacteria, each aflame with burning torment!

### FLY-TOX KILLS THEM ALL

Fly-TOX kills them all. Flies, teeming with germs, are the filthiest of the Fearful Seven. They contaminate everything they touch. Don't risk disease from the taint of flies. Kill them. # Market Report

## Cotton--Stocks--Grain

### COTTON MARKET

New York, June 26.—(AP)—Cotton opened steady at an advance of 11 to 14 points today on the relatively firm Liverpool cables and prospects for continued hot weather in the South. The advance met enough selling to cause some irregularity but offerings were light, and a comparatively moderate demand was sufficient to send prices up to 13.52 for July and 12.95 for 20 points net higher on the general list.

Offerings increased slightly at these figures and the market showed reactions of a few points at the end of the first half hour. Additional July notices estimated that about 14,000 bales were issued here this morning and led to some further switching from July to later positions. Liverpool cables said there had been Continental and Bombay buying in that market and reported contracts comparatively scarce.

### GRAIN MARKET

Chicago, June 26.—(AP)—Advancing prices in the wheat market today led to gains of 4 1/8c a bushel as compared with yesterday's finish. Reactions from the day's top prices occurred in the final dealings, and wheat closed unsettled 2 1/2 to 3 1/2 over yesterday's finish; corn closed 3-8 to 1 up; oats unchanged to 1-4 advance and provisions showing 7 to 32 gain.

### STOCK MARKET

New York, June 26.—(AP)—The stock market again showed signs today of throwing off the reactionary tendencies that have prevailed, with occasional off-day interruptions, since the first of the month. Bears found the market rather thoroughly sold out, for the moment at least, and stocks worked substantially higher, under the influence of short covering.

The overnight announcement of the American Tobacco two-for-one split and \$4 extra dividend was a bright spot in the gloom that has prevailed the financial community for weeks, and a reduction in the annual dividend rate of Anaconda from \$7 to \$3.50, announced soon after midnight, was not as bad as had been commonly expected. Some weeks ago, Wall Street was looking for a reduction

### Spinners Battle for First Place With Peaches

Charlotte, June 26.—(AP)—Sally League clubs were ready to swing into the final series of the first half race today, with Macon's Peaches and Greenville's Spinners separated from the leadership position by only a fraction of a game.

George Spiers and his Asheville Tourists are out of it as far as the first half is concerned unless the miraculous happens. The Tourists must win all of their remaining four games while the Spinners and Peaches are losing an equal number in order to capture honors.

The week-end schedule finds Asheville at home against Charlotte, Columbia invading Greenville and Macon swapping punches with Ode Strain's Wolves at Asheville.

Greenville hopped back into the thick of the fight by taking the final of the week's opening series from Charlotte as the Peaches were losing a close one to Asheville.

Big Jim Hudgens was the hero of the Spinner victory. In the 9th frame with the score knotted he belted his 19th homer of the season to give Pearce a 4 to 3 decision over Earl Brown. Insect ace, in a hurrying duel.

A wild throw to first by Hamilton spelled defeat for the Peaches. The bad throw followed Nash's triple in the 11th and gave Asheville a triumph by the same score by which the Spinners won, 4 and 3.

Ode Strain and his Wolves served notice on the Maconists that they can expect an abundance of trouble over the week-end by handing Columbia a double licking for a sweep of the series. The scores were 4 to 1 and 2 to 1. The Wolves came from behind to win both games.

Columbia pitchers went wild in the sixth inning of each game to account for their losing.

Goff led the Henderson attack with three hits, including two doubles, but Earnhart batted in most runs, three with a triple and single. Kahdot hit a homer for the Birds and Sarders one for Greensboro.

Elmer Bray was in great form as Winston-Salem stopped the Caps, holding the Hayleymen to one run after the first inning. The Twins batted hard behind his good pitching and emerged on the long end of a 13 to 4 score.

Lindley was the star of Durham's win over High Point. In the ninth frame with one on and score deadlocked, he derrieked a homer to enable the Bulls to triumph, 5 to 3.

Cherry Bull pitcher, hurried good ball despite giving up 11 hits, his best work coming with runners on the paths.

### DIZZY SPELLS AND HEADACHE

Atlanta, Ga.—"I have been a user of Theford's Black-Draught for about forty-five years," writes Mrs. Sarah L. Thomas, of 449 Bedford Place, this city. "I wouldn't know how to keep house without it."

"I gave it to my children, while they were growing up, for headaches, colds and other childish ailments."

"I was subject to headaches and dizzy spells that caused me to spend a day or so at a time in bed, and made me feel weak and shaky."

"My step-mother advised me to take Black-Draught, and finding it so helpful and quick to relieve me, I have used it, when I needed a laxative, ever since. It is splendid for constipation and indigestion. Whenever I eat anything that disagrees with me, I take a pinch of Black-Draught and get relief. I have never used anything that helped me more."

"I have recommended Black-Draught to my friends and they tell me they find it good."

Costs only 1 cent a dose. RA-246

### Steamer Trunks Feature Suit To Stop Steel Merger

Youngstown, Ohio, June 26.—(AP)—Four steamer trunks and their unknown but much debated contents were the objects of abstract scrutiny today in the trial of the injunction suit to prevent a billion dollar merger between Bethlehem Steel Corporation and Youngstown Sheet and Tube Company.

As former Secretary of War Newton D. Baker was bringing to a close his opening statement answering the sensational charges of fraud made by Attorney Luther P. Day, there were awaiting to testify four witnesses alleged to be directly connected with the trunk affair.

The trunks, it was charged, were stored by an official of the Youngstown company auditing documents under an assumed name at a time when opponents of the merger were seeking to scrutinize certain records.

**Dull Finish**  
*Humming Bird*  
 Full Fashioned Hosiery

Dull Finish has always been characteristic of the fabric of Humming Bird Full Fashioned Chiffon Hosiery—and this finish is achieved in the Multi-twist of the Raw Silk and not in the finishing process.

Humming Bird dullness is therefore knit into the fabric, insuring better fitting and greater wearing qualities, finer fabric, more elasticity and no fuzziness. Rings and shadows are also eliminated by this Multi-twist process.

Humming Bird Chiffon Hosiery with Picot Tops assure you complete hosiery satisfaction.

45 Gauge Picot Top CHIFFONS \$1.50  
 Extra Sheer Picot Top CHIFFONS \$1.95

Kitchens don't have to be ovens... keep cool with this new range

DOES this summer find you using an old stove that bakes the whole kitchen and roasts everybody who goes near it? What a shame to make hot-weather baking such a bugbear and the cooking of summer meals such a nerve-racking ordeal... when it isn't really necessary. For only a few dollars, this new labor-saving Puritan oil range will bring comfort to your kitchen.

Smooth porcelain and Perfectolac in cool silver-gray contrasted with satin black, make the new model illustrated above dainty to live with and easy to keep clean.

The swift heat of four powerful Puritan burners are at your service at the touch of a match. Controlled by automatic wick stops, they pour clean, hot flame against the cooking utensils. The inner combustion tubes are guaranteed for the life of the range. They never burn out.

The two oven burners are Little Giants, for extra cooking speed. Fresh, "live" heat is evenly distributed for the uniform browning of baking in all parts of the oven.

Other new range models, one of which is pictured here, give you a choice of many sizes and colors. All are quick to light, easy to regulate, simple to refuel.

Any dealer displaying this sign has an interesting offer to make you on putting a Puritan or a new Perfection range in your kitchen for a free trial, giving you easy terms, and accepting your old stove as part payment.
