CHIEF COUNSEL IN STEEL SUIT KILLS HIMSELF

L. A. Manchester Commits Suicide Before Opening of Court Today

Youngstown, O., June 27.—(AP)—L. A. Manchester, chief counsel of the Youngstown Sheet and Tube company shot and killed himself in the company's offices this morning just before court opened for a session of the suit to prevent the merger of Sheet and Tube with the Bethlehem Steel corporation.

Motive for Manchester's suicide was not immediately known.

Judge David G. Jenkins was informed Manchester had shot himself as court was being opened for the third day of the trial. He adjourned until Monday.

The shooting took place in Manchester's office. The fact that he was dead was withheld for several minutes.

The dramatic interlude in the trial followed two days of opening statements and introduction of voluminous correspondence files as evidence. The taking of testimony was to start today with J. A. Campbell, veteran chairman of the board for the Youngstown company on the stand.

J. C. Argentsinger, associate general counsel of the Youngstown company, heard the shot with which Manchester killed himself. He rushed into his office, located on the public square, and found the body slumped in a chair at a desk. Manchester had shot himself in the right temple.

Argentsinger declared the suicide was caused by a nervous breakdown due to overwork.

First word of the tragedy was brought to grace in the court when he called Attorney Baker and a whispered conference was held between them and Attorneys F. H. Wood and James B. Kennedy. Judge Jenkins entered and the bailiff began the ritual to open court.

Kennedy rushed up to the judge and told him the news. Attorneys Luther Day, Harry Crawford, and U. C. DeFord of opposing counsel were called into conference in the judge's chambers. A few minutes later Judge Jenkins returned to the court and announced it adjourned "for good and sufficient reason."

It was some moments before an announcement of what had happened was made.

President Frank Funnell of the Youngstown company said Manchester seemed unusually depressed all day yesterday.

For several months I have been worried about him (Manchester) and urged him to take a rest," said Chairman Campbell, "but his lifelong habit of sticking to the job would not let him lay off for a minute and so a complete nervous breakdown took place. Our loss is very heavy and the whole city will mourn the death of an upright and public spirited citizen."

Congressman Porter Dies At Pittsburgh After Brilliant Life

Pittsburgh, June 27.—(AP)—The brilliant career of Stephen G. Porter, one of the nation's foremost statesmen, is ended.

Mr. Porter died at 2:40 a. m. (EDT) today in Allegheny General hospital, members of his family were at the bedside.

The chairman of the House of Representatives Foreign Affairs committee, leader in the worldwide fight for control of habit-forming drugs, and dean of the Pennsylvania congressional delegation, lapsed into unconsciousness early yesterday and sank rapidly.

Mr. Porter became ill about two months ago. He was stricken while aboard ship en route from London. June 11 he was brought to Pittsburgh from Walter Reed Hospital in Washington. Death was due to cirrhosis of the liver.

Representative Porter was 61 years old. He was a prominent figure in Republican politics of Pennsylvania for the past 20 years and became a national figure at the close of the world war, while Congress and the nation sought solution of the gigantic problems growing out of that conflict.

After the treaty of Versailles was signed, Mr. Porter took a leading part in the conferences which resulted in the Knox-Porter resolutions, firming the basis for restoring diplomatic and commercial relations with Germany and Austria-Hungary.

During the world war President Wilson frequently consulted Mr. Porter on American war policies and President Harding likewise asked his aid in handling post-war problems.

Scores Of Lives Lost In Thunder And Rainstorms In Northern Territories

Seeks Congress Seat

Stella B. Haines of Augusta, member of the Kansas legislature for four years, is a democratic candidate for the house of representatives from the eighth Kansas district.

J. J. WHITE IS MADE HEAD OF B. & L. GROUP

Greenville Man Appointed President of Group One of N. C. B. & L. Association

J. J. White, secretary of the Home Building and Loan Association of this city, was notified today of his appointment as president of Group One of the North Carolina Building and Loan Association. The selection was announced through members of the executive committee who were elected at the annual convention of the association recently held at Blowing Rock and who have charge of making appointments of this kind.

Group One embraces many of the most important counties in Eastern Carolina, and the building loan associations of this area have played an important part in the development of the state during the last few years. The appointment to the presidency of the group is considered a distinct recognition of Mr. White's services to the organization and his ability to render outstanding services in the future.

Although a young man, Mr. White is secretary of one of the oldest and strongest building and loan associations in the state. The institution has played an important part in the development of Greenville over a period of many years, and scores of homes in all sections of the city stand as monuments to the vision and foresight of its officers.

Mr. White expressed keen appreciation of the high honor which had been so unexpectedly conferred upon him, and said he would do everything possible to forward the work of the organizations in this line of endeavor now than ever before and ventured the suggestion that the future would witness a widespread interest in the method of home owning as enunciated by the building and loan associations idea.

Man Poisons Himself

China Grove, June 27.—(AP)—Taking a glass of water from the hands of his 8-month-old son, S. C. Cooper, 35-year-old mill worker, swallowed poison at his home here today and died instantly. The coroner is investigating.

President Hoover To Receive Crew of Southern Cross

Washington, June 27.—(AP)—Squadron leader Charles Kingsford-Smith and the crew of the ocean spanning Southern Cross are to be received by President Hoover at the White House Monday at 12:30 o'clock.

Sir Ronald Lindsay, British ambassador, was notified informally that the president would be delighted to greet the fliers whenever they came to Washington. The White House was informed today they would arrive at Bolling field Monday about 11 o'clock.

Thirty Killed On Drill Boat When Lightning Ignites Explosives In the Rocky Bed of the St. Lawrence River; Two Drownings Reported In New York

(By The Associated Press) Scores of lives apparently were lost in thunder, hail and rainstorms which affected several northeastern states, Ontario and Newfoundland particularly Thursday.

The more serious aspects were: Brockville, Ont.—Thirty were killed on a drill boat when lightning fired explosives in the rocky bed of the St. Lawrence river.

Capreol, Ont.—A passenger coach of a train bound from Winnipeg for Toronto plunged into the flooded Vermillion river. The loss of life was uncertain today.

Sudbury, Ont.—Several trains were stalled and many motorists stranded by landslides and washouts after a 14-hour rainfall.

Lumsden, N. F.—Three fishermen were drowned in a hail storm which sank 30 boats.

Upper New York State—Two were drowned at Buffalo when a gale overturned a boat. Buildings were unroofed. A 35,000 gallon oil tank was fired by lightning at Olean.

Pennsylvania—Scores of buildings were unroofed, telegraph and power poles leveled and trees uprooted by severe wind and electrical storms in central and eastern part of state. A farmer near Carlisle was killed by a lightning bolt.

Brockville, Ont., June 27.—(AP)—Explosion by a bolt of lightning of several charges of dynamite placed in the rocky bed of the St. Lawrence river was blamed today for the death of 30 men, killed when the blast tore the drill boat, J. B. King, to bits.

Only 12 members of the crew of 42 were rescued. These were picked up by the U. S. coastguard cutter 211. Several of them were severely injured and were brought to hospitals here.

The drill boat which was owned by J. P. Porter and Sons of St. Catharines, Ont., was engaged in blasting a channel through Brockville Narrows off Cockburn Island on the eastern fringe of the thousand island group yesterday when the explosion occurred.

Several holes had been drilled in the rock and filled with dynamite and the day crew was drilling additional holes to place more dynamite when an electrical storm broke over the river about 4:30 p. m. Many of the night shift were asleep below the decks.

Witnesses said they saw a flash of lightning dart down to the boat, followed immediately by a terrific explosion. The air was filled with debris and the drill boat had disappeared.

Some reports were that there had been a large quantity of dynamite aboard the J. B. King which had been exploded by the flash. Luther Kuchenbecker, superintendent in charge of the work, who was ashore at the time said there was no dynamite aboard the boat. He said the explosion was caused by lightning following the steel drills which were working on the rock or wires leading to the charges which had been placed.

Leo Marion, an inspector of the public works department of Ottawa, who was one of those rescued, estimated there were three tons of dynamite in the drill holes and expressed the opinion that there also was considerable quantity in the boat. He charged that an unidentified boat passed at the time of the explosion, but did nothing to aid in the rescue.

The explosion was witnessed by the crew of the U. S. coastguard cutter 211, which was passing in charge of Capt. G. B. Lok. The boat assisted in rescue work. A number of men were seen clinging to wreckage and while those near at hand were hauled aboard the cutter the life boat picked up others.

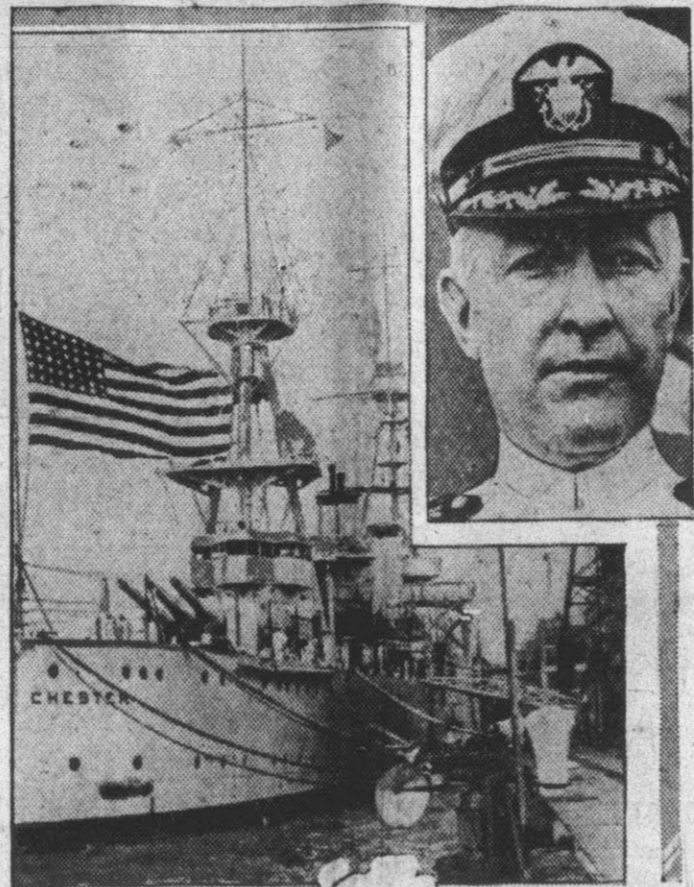

After landing 12 survivors, the cutter returned to the scene and searched for others.

Among those rescued was G. L. Brown of Ottawa, a member of the night shift. He said he was asleep in his bunk when the explosion happened. He said he managed to reach a porthole and jump overboard before the boat sank. He was picked up clinging to a piece of floating wreckage.

The destruction of the vessel was witnessed by occupants of summer cottages along the shore. Many persons who heard the explosion paid no attention to it, believing it to be one of the blasts which the crew of the drill boat had set off in the course of their work.

Succumbs to Heat
Durham, June 27.—(AP)—While ploughing at his home in Orange county today, A. J. Lloyd, 76, farmer, succumbed to the heat and died.

NEW CRUISER READY FOR BUSINESS

Ready for business, the 10,000-ton cruiser Chester is shown at the Philadelphia navy yard where it was commissioned and turned to the command of Capt. Arthur Philip Fairfield (inset).

Kingsford-Smith Reaches New York, Completing His Hop Across The Atlantic

Monoplane Southern Cross to Make Trip to California in Few Days to Complete Noted Flier's Trip Around the World Started in 1928

New York, June 27.—(AP)—Conqueror of Pacific and Atlantic and just 2,500 miles from a complete circumnavigation of the globe, Major Kingsford-Smith and the crew of the monoplane Southern Cross today were the honored guests of the city of New York.

At dusk last night 6:30 Standard Time, the Australian flier set his big black monoplane down at Roosevelt field, completing a 3,000 mile flight from Port Marnock, Ireland, an epic journey interrupted only by a 24 hours stop for fuel at Harbor Grace, Newfoundland.

Tired, not so very tired of flying? Not a bit of it. "With the Atlantic we do as least keep on flying and we were sure to strike America. In the Pacific we had to hit a small island, and we knew that if we were the least bit off we'd be lost." The aviation business thus disposed of the interview turned to more personal things. First his fiancée, Miss Mary Powell of Australia.

"I'm to be married in September," he said, and grinned to show the prospect was pleasing, "but it won't interfere in the least with my flying. My fiancée likes flying almost as much as I do and she's been up with me lots of times."

"My mother? She never worries about me. In fact, she seems to have a sublime faith in me. My father, who is 78 years old, never worries about me either."

"Did I carry a picture of Nellie Stewart? You bet I did." He wrote to her for an autographed photograph. She sent one to him, which he has carried since—through the war, across the Pacific, now across the Atlantic, and to New York. Soon he will carry it across the United States.

Change in Dry Dept. Not to Affect Men In Two Carolinas
Washington, June 27.—(AP)—Deputy Prohibition Administrators who have had charge of enforcement in North Carolina and South Carolina under the Treasury Department will continue to hold their positions when the department of justice takes over enforcement on July 1.

Carrington Urges Slower Marketing Of Tobacco As Step For Uniform Prices

Annual Report of the President, Read At Convention of Tobacco Association of the United States At Virginia Beach, Expresses Need of Balanced Market

Virginia Beach, Va., June 27.—(AP)—Slower marketing of the tobacco crop over a longer selling period as a step toward securing more uniform prices throughout the season was urged here today by A. B. Carrington, of Danville, Va., president, in his annual report read by his son, T. M. Carrington, of Danville, before the 30th annual meeting of the Tobacco Association of the United States.

President Carrington is touring the British Isles.

The organization head remarked a recent tendency to market the crop of tobacco very rapidly, declaring that such a policy was not to the interest of the growers. A prediction that slower selling would tend toward a balanced market.

Mr. Carrington praised the efforts being made by the governments of Virginia and North Carolina to impress upon farmers the importance of diversifying their crops to the extent of raising sufficient foodstuffs and fodder for the home consumption.

"I believe that this is the most important and most constructive step that has been urged upon the farmers for many years and deserves the most hearty support and cooperation of our association," he said.

"I am of the opinion that if the farmer will raise sufficient food for man and beast to live at home, the supply of the staple crops such as tobacco and cotton will automatically be cared for. Smaller crops of tobacco and cotton mean better attention, better cultivation, a saving in fertilizer and labor and cost of production."

The 1929 tobacco crops in the bright districts of Virginia, North Carolina, South Carolina and Georgia was reported by Mr. Carrington as the largest ever marketed from these districts. The total amount reported sold was \$33,556,041 pounds, an average price of \$17.92 out of which he estimated the net of 1929 crop in the bright districts was 750,200,437 pounds, allowing ten per cent for resales.

Domestic factories in the United States are now using about 877,000,000 pounds of tobacco yearly, said Mr. Carrington. The manufacture of cigarettes consumes about 400,000,000 pounds, which in 1929 was made into 119,000,000 cigarettes, an increase of 11,000,000 over 1928.

Norfolk, Va., June 27.—(AP)—William L. Cooper, director of the bureau of foreign and domestic commerce, United States Department of Commerce, announced this morning before the convention that the tobacco section will be enlarged so as to comprise a division of the department.

Mr. Cooper said the enlargement has been made necessary by the great increase in the work of the tobacco section. He announced that B. D. Hill, chief of the tobacco section would continue in as chief of the tobacco division. The change will be effective July 1, he said.

The address of Mr. Cooper followed the reading of the annual report of the association president, A. B. Carrington.

Greene County Man Found Not Guilty of Poisoning Wife

Snow Hill, June 27.—(AP)—George Gay was back at his Greene county farm today for the first time in over two months, cleared of the charge of having fatally poisoned his wife.

A jury in superior court here early last night after but 22 minutes deliberation returned a verdict of not guilty on a charge of first degree murder. Gay had been in jail since shortly after his wife's death last April.

Thundershowers Bring Relief In Two Carolinas

Charlotte, June 27.—(AP)—A heavy thundershower last night brought general relief in North and South Carolina from a warm spell which has continued for three days. Communication lines in many sections were crippled by the storm.

The heat wave yesterday claimed its first victim in this state when Mrs. Mary Farris, of Wilson, dropped dead while attending a funeral at Kinston. Physicians said she died of a heart attack brought on by extreme heat.

May Enter Politics

Theodore Douglas Robinson, former assistant secretary of the navy, may seek republican nomination as U. S. representative in the 33rd New York district.

HEAVY LOSS OF LIFE FOLLOWS CHILE FIGHTING

Rebels Reported to Be Dominating Situation At Bolivian Capital

Lima, Peru, June 27.—(AP)—Eduardo Saavedra, former vice president of Bolivia, in a telegram from Arequipa, Chile, today said there had been a heavy loss of life in fighting in streets of La Paz, Bolivian capital, Wednesday. His message follows:

"The rebels are dominating the situation, and I can assert that the only government positions are the government palace and comercio street."

"It is known that the number killed last night in La Paz is great, among them many socially prominent persons."

Previous telegrams from the former vice-president and exile had said that the military college, aided by civilian and other military elements revolted in the course of the night and defeated the loyal regiment.

Saavedra blames the president, resigned, Hernando Siles, and the German chief of the Bolivian army, General Kundt, who has supported M. Siles, for the Sarguinary disturbance the revolutionary elements charge that M. Siles is attempted to have himself re-elected president in defiance of the constitution.

Lima, Peru, June 27.—(AP)—Spurred by the martyrdom of a beautiful young Bolivian girl, who with stirring words had urged the men of La Paz to be men and strike in defense of their liberties, a mob in that city Sunday waged a vain and deadly battle with police.

The gendarmes, mounting machine guns on trucks, repulsed wave after wave of the enraged citizens, until forty or more lay dead in the streets of the mountain capital, and more than 60 lay wounded.

The demonstrators then took the bodies of the girl and a boy student companion whom the police also killed and carried them to every part of the city, exhibiting them as evidence of what was called an outrage perpetrated by those whose duty was to defend.

Again Monday when a public burial was sought for the dead the police dispersed the crowds with gun fire and others were killed and wounded. Public excitement grew and continues to grow.

Railroads Run Excursions for Atlanta Golfer

Washington, June 27.—(AP)—Bobby Jones now has the railroads running excursion trains on his account.

Southern lines asked Interstate Commerce Commission permission today to begin running special excursions at reduced fare from Atlanta and Athens, Ga., to New York beginning June 30, that his admirers might rally to welcome the golf champion back from his most recent conquest in England.

CHICAGO COPS STILL PROBE LINGLE CASE

Law Looks to Lawless Element for Help In Solving the Death of Reporter

Chicago, June 27.—(AP)—The law looked today to the lawless for help in solving Jake Lingle's murder.

Into the inquiry of the Tribune reporter's murder had come information of large loans made to the reporter by gambling house keepers. The state's attorney wants to know who made the loans and why.

The borrowings of Lingle, the investigators said, also included sums from Maj. Carlos Ames, president of the City Civil Service Commission and Republican nominee for sheriff; Alderman Bert Cronson, nephew of Corporation Counsel Samuel Hittleson; and from Hittleson himself. There was also the matter of a cancelled check for \$500 written by Lingle and cashed by Police Captain Dan Gilbert, in charge of the Central police detail.

Gilbert expressed willingness to tell the grand jury about the check. He said Lingle met him one night and said he needed \$500. The officer lent it to him, and later was repaid by Lingle with the check made out to "cash."

The rumored coolness existing between Lingle and George (Bugs) Moran, rival to Al Capone for Chicago gang sovereignty, was recalled to investigators by one development yesterday involving the Sheridan Wave Club, a north side gambling place in which Moran was said to have been interested. The investigators heard that on the night of June 9—the day of Lingle's murder—Joey Joseph and Julian (Potatoes) Kaufman had announced the Sheridan Wave Club was to be reopened. The club had been shut down following the Moran gang massacre of February 14, 1929.

Joseph and Kaufman will be questioned, the authorities said, concerning a reported \$15,000 advance "fee" demanded of them to permit the reopening of the club. The gamblers will be asked, too, if it was true that they refused the threat and that as a result a demand was made to "have the joint knocked off by the police the minute it opens."

The investigators also heard the loans rumored to run as much as \$20,000 were made to Lingle by Sammy Hare, owner of the Della Winter Club and of the Della, a roadhouse. The significance of this transaction was not revealed.

The Herald and Examiner said today that authorities had learned that:

"Three days before Lingle was killed, police of the state's attorney's office raided and closed the Billmore Athletic Club, a gambling resort that State's Attorney Swanson had personally raided a year ago. The next day Lingle called upon an official of the state's attorney's office and complained that the raid had embarrassed him because I told them to go ahead and run."

The board of strategy which is in charge of the Lingle murder inquiry, also was informed there had been trouble between Lingle and Frank Newell, said to control handbooks operating in many loop office buildings.

The investigator who has been seeking information concerning the Sheridan Wave Club said that a New York sports publican had published a paragraph stating that Lingle was set to go in Chicago beginning the night of June 9.

This same investigator, according to the Herald and Examiner, was told that Lingle demanded a fee of \$15,000 to permit the place to reopen. When this was refused, the investigator was told that Lingle said: "If you open, you'll see more police squad cars than you ever saw together before."

The inference in all the rumor and report concerning gang and gambling connections of the reporter was that Lingle, through his close police connections, was in a position to make or break anyone operating an unlawful racket. So far as the investigators have revealed, they have as yet no proof of such dealings. They know only that Lingle was a close friend of the police commissioner, William Russell, and that he also, through his newspaper work, was well acquainted with many gangsters and gamblers.

GOLDSBORO CUTS EMPLOYEES' SALTRY

Goldsboro, June 27.—(AP)—An economy wave hit Goldsboro today with the announcement that salaries of all city employees except day laborers would be cut ten per cent July 1. If a recommendation of the city budget committee is passed by the board of aldermen,

ABOUT TOWN

A good ball game every Wednesday afternoon for the entertainment of half-holiday crowds is the plan of the Greenville baseball club of the four-county league recently organized here.

One of the most interesting things in connection with these games is the fact that women will be admitted free of charge. This announcement was made by J. D. Simpson, one of the circuit organizers, several days ago and the offer holds good the remainder of the season. The club needs all the money it can get, of course, but it wants the ladies to go out and see the games in large numbers and is willing to admit them free of charge to accomplish this purpose.

The club needs attendance for encouragement and money to defray expenses, so it is up to the men of the community to get busy and attend the games in as large numbers as possible.

We have been clamoring for baseball all the summer, and now that we have it everybody should make it a point to support the club and help them at least to pay expenses.

People who trade in Greenville this season of the year are assured of obtaining some of the best bargains of the year.

In a few weeks new goods for the fall and winter trade will be arriving and the merchants do not want to carry over any of the summertime stocks.

If you have not been in the habit of trading in this city why not make a trip the next several days and inspect some of the hundreds of bargains which the merchants have in store for you. This place has the reputation of being the principal shopping center of eastern Carolina and the merchants are living up to it in a way that leaves no doubt as to the right of the contention.

The thrifty shopper should not let this opportunity to obtain real bargains go by unnoticed. It is a season that should mean a substantial saving to the bargain hunter and it is to be hoped he will take advantage of it.

The danger which thousands of swimmers face this season of the year should be recognized by everybody and every effort should be made to decrease the annual toll of life resulting from this one cause.

Several persons of this community have lost their lives in this way during the last two years, and the latest tragedy of the kind happened only two days ago when a young man dived into shallow water and broke his neck.

When diving, one should be careful to know the approximate depth of the water and see to it that he does not try such stunts in shallow streams. He should also be sure there are no obstructions in the water which he might collide with and painfully, if not seriously, injure himself.

Swimming has its dangers, just like driving an automobile. The swimmer, like the driver, must know the stream in which he is swimming and he should know how to swim before attempting diving or swimming in deep water. This kind of sport has its limitations for the novice, and even the experts should observe necessary precautions. Life is too valuable to risk in such a useless way, and the man, woman or child going around resorts at this season of the year should be ever on guard against eventualities, or circumstances over which they have no control.

After selecting the place for your vacation, the next important thing is to think about what you will want to read.

There is nothing more important to the vacationist than news from his home town, and the best and most direct way of receiving it is through his home town paper.

The Reflector has catered to the people of Greenville and Pitt county for many years, and it is better prepared to serve the needs of the

by reason of the complete leased wire reports which it receives eight hours every day. It matters not where you are planning to go on your vacation, do not overlook this important matter of providing yourself with home town news. To do so will put you out of contact with things back home and no person desiring to keep well informed can afford to do this.

Let us have your subscription before you leave the city and in that way guarantee yourself of keeping in close personal touch with the activities of your neighbors and friends while enjoying the sites of other sections of the country.

The continued increase in automobile traffic makes it very important for the driver to not only conform to the traffic regulations but to use plenty of horse sense as well. There are numbers of people who do not know anything more about the law as it pertains to the operation of a car than the average person knows how to run a washing machine, and the man who is not eternally on the watch for such people is in danger of falling a victim to their ignorance.

Then, too, there are many times when a cool head and the use of horse sense will avert an automobile wreck not embraced in the automobile traffic category. Lots of accidents are the result of nervousness of the drivers, men and women who become excited in an emergency, and who subsequently lose control of their cars and trust to Providence to save their necks. It is in such instances that quick action, combined with a cool head, will save the day for another driver unexpectedly involved.

It matters not how long you have been driving an automobile, you cannot be too careful or too punctilious in the observance of traffic regulations. You are eternally at the mercy of the other man's action and unless you maintain vigilance always you may become one of those countless numbers of victims whose passing is marked by tiny crosses dotting the highways in different parts of the country.

Coffer-Miller Players to Give Two Plays Here

The two plays to be presented tomorrow, both at the matinee and in the evening, at East Carolina Teachers College by the Coffer-Miller players are highly entertaining comedies. In the afternoon, at 3:30 o'clock, "The Merchant Gentleman", the famous French comedy of the newly rich, is the finest play ever written on this theme and is just as interesting to the American audience of today as it was to the Parisians of the past, for human nature has not changed. In the evening, "Her Husband's Wife" is the play, and, though very different, is just as entertaining.

A special price for those who wish to see both plays is offered, the tickets for the two plays to be purchased at the door in the afternoon.

A refreshing week-end treat is in store for those who take advantage of the opportunity to see these two plays. The Coffer-Miller Players have two stars with strong support that make up an exceedingly fine company.

Both of these will be presented in the old auditorium, in the administration building. There is plenty of room for the public to have desirable seats.

On Tuesday evening of next week Leon Pearson, who is himself a noted poet, will give a recital of American ballads.

Season tickets will be on sale again tomorrow at the second attraction and it will be of advantage to any one who wishes to take in the remaining number of the series to get one now.

Carolina Deaths

Harris, 73, well known Stanly county citizen.

In Society

—many Society leaders have won praise for the natural beauty of their skin and complexion thru the use of Gouraud's Oriental Cream. It imparts that soft, alluring ivory toned appearance to the Arms, Neck, Shoulders and Complexion which is so bewitchingly attractive. Will not streak, spot or rub off.

After selecting the place for your vacation, the next important thing is to think about what you will want to read.

There is nothing more important to the vacationist than news from his home town, and the best and most direct way of receiving it is through his home town paper.

LARGE CROWD PRESENT AT COTTON MEET

Much Interest Manifested in the Boll Weevil Control Meet

Farmers from Farmville, Fountain, Swift Creek, Gardeners Cross Roads, Ayden, Winterville, Renston, Arthur, Back Jack, Grifton, Greenville, and from over the river attended the demonstration on T. E. Hooker's farm yesterday. The object of the demonstration, according to E. F. Arnold, county agent, was to create interest in boll weevil control. A demonstration in applying a poisoned molasses mop was given. The preparation consisted of mixing one gallon of molasses with one gallon of water and one pound of calcium arsenate. This is enough material to treat one acre of cotton and is applied with a mop made by wrapping a piece of fertilizer bag around a stick with cloth extending about six inches beyond the end of the stick. The portion of the bag beyond the end of the stick is cut into ribbons and dipped into the mixture and brought in contact with the cotton plant.

Those present report that the weevil is already doing damage and it was the opinion of those present generally that our cotton would be a failure unless something was done to check the weevil. We have our labor, fertilizer and land tied up in cotton. Why not invest another \$1.50 in poison and save the money already invested? Farmers in other sections have been making a bale to the acre in boll weevil infested areas by dusting. Pitt County Farmers can do the same if they will get down to brass tacks and follow directions. Some listen to the method of control and then do what they think will control which is often far short of what is re-

Required to control weevil. It pays to follow a plan that has proven successful in full.

A number of farmers are going after the weevil this year in a way that is going to mean a good yield of cotton. J. E. Winslow, chairman of the Pitt County Board of Agriculture, has a four row duster in operation and plans to dust every row of cotton on every farm he has. Jno. Speir has purchased dust and duster and will dust his cotton. Dave Turnage is rigging up his duster outfit and will dust his cotton. H. V. Stator of Bellfield plans to poison his entire crop. A large number of farmers with small acreage plan use of the molasses mop method of control. The calcium arsenate can be had through the representative of the cotton association, Mr. C. C. Hilton, for six and three quarters cents per pound. (63.4). Molasses may be had from the same source at twenty four cents per gallon, (24c) when purchased in barrel lots.

Twins Cop Second Place in Piedmont

Raleigh, June 27.—(AP)—Winston-Salem's Twings had possession of second place in the Piedmont League today as the six clubs prepared to open the week end series. Charlie Carroll's swatters grabbed the runner-up berth by defeating Raleigh again as Henderson thrashed Greensboro. The Birds are leading the Twins by only one game.

Friday and Saturday battles find Henderson at Durham, Greensboro at Winston-Salem and High Point at Raleigh. Durham captured fourth place from High Point by virtue of a sweep of the series with the Pointers. Fred Tauby, Durham outfielder, carried off honors as the clubs wound up the mid-week series. In four trips to the plate against the Pointers he smashed out three home runs and a single to defeat the furniture city sluggers single-handed. The score was 8 to 3. Henderson hit hard behind Pat Townsend's airtight hurling to thrash Greensboro again, collecting sixteen safeties to triumph 9 and 2. Prim, new Patriot hurler, was slammed all over the lot. Earhardt again starred at bat

Associated Press Photo. Amos W. W. Woodcock, Baltimore lawyer, is the new national prohibition director under the department of justice.

for the Gamecocks, batting in four runs with a triple and pair of singles. Winston-Salem won out over Raleigh in the seventh, a double by Hamner and singles by Mallonee, Husta and Ferrell, resulting in a 5 to 3 victory. Bellard held the bats to save 11 hits, but was kjed with five passes to first, issuing five.

Greensboro.—(AP)—Mrs. Mary M. Snider, 65, for 32 years a Greensboro resident.

Only Half Game Separates Leaders in Sally League

Charlotte, June 27.—(AP)—Interest in the Sally League's first half race, which ends with Saturday's double-headers, remained at a high pitch today with Macon and Greenville still separated from top places by only a half of an acre. Greenville passed up an opportunity to grab the leadership by losing its week-end opener as Augusta defeated Macon. Asheville kept by the running with the slimmest sort of chance of capturing honors by beating Charlotte.

The Tourists are two and one half games from top with only three games to be played. Manager Odie Strain topped the Augusta attack as the Wolves trimmed Macon, smashing out two triples and a single to bat in a pair of runs. The score was 5 and 4.

The game was saved for Augusta by the strong relief pitching of McClung. He came to Harris' rescue in the seventh and brought an end to a Macon rally which netted one run. Krider and Richardson pitched for Macon.

Ericksen outpitched both Anderson and Washington as Columbia toppled over Greenville, 7 and 4. It was the first victory the Spinners had registered over the Spinners this season.

Steneham and Young hit homers for Columbia. Rhinehardt and Howell driving out one each for Greenville.

Asheville rapped Larry Boerner hard to beat Charlotte, 7 and 0. Sullivan topped the attack with three hits. Mink Crman was on the mound

Yesterday's Stars

Hughy Critz and Fred Leach, Giants—Collected eight hits between them, drove in four runs and scored two.

Larry French and Ervin Brame, Pirates—Held Phils safe in double bill as Pirates won twice, 1-0 and 11-5.

Tony Lazzeri, Yankees—Hit homer with bases filled to aid Yankees beat Indians.

Dazzy Vance, Robins—Struck out six, kept Cubs' nine-hits scattered and beat them, 7-1.

Al Simmons, Athletics—Hit single, double and triple as A's won over Browns easily.

MILK...

FROM RICH DAIRY LANDS

Klim brings you milk, rich and fresh and sweet, in every season, wherever you may be. For Klim (spell it backwards) is simply powdered whole milk from America's richest dairy lands. Every spoonful you add to your favorite recipe increases the food value and the fine flavor.

It's convenient, too. If the recipe calls for a cup of milk, just add four tablespoons of Klim to the dry ingredients, mix it in, and add a cup of water. And, of course, you can make it extra-good by using more Klim.

Klim doesn't require ice—you can keep it on a convenient shelf. It's the easy and economical way of making richer, tastier and more nourishing your foods cooked with milk.

Try it to-day in your cooking. Your children will enjoy the fresh flavor of Klim.

The new recipe book "This New Freedom" contains many valuable suggestions for convenience, safety, and health in preparing food. A copy is yours for the asking.

MERRELL-SOULE CO., INC. 350 Madison Avenue, New York, N. Y.

Klim is available in 1-, 2-, and 5-lb. tins. The larger size you buy, the more you save.

Cook With Electricity

The Electric Range does everything any other stove can do and does it cheaper, cleaner, better and quicker.

For those in doubt as to what electric refrigeration to buy . . .

we make this— THERMOMETER TEST!

Proof Positive of KELVINATOR'S Greater Efficiency

YOU don't have to take anyone's word about electric refrigerators. You can see results. Kelvinator is making this possible at a special demonstration this week. Kelvinator wants you to know the facts.

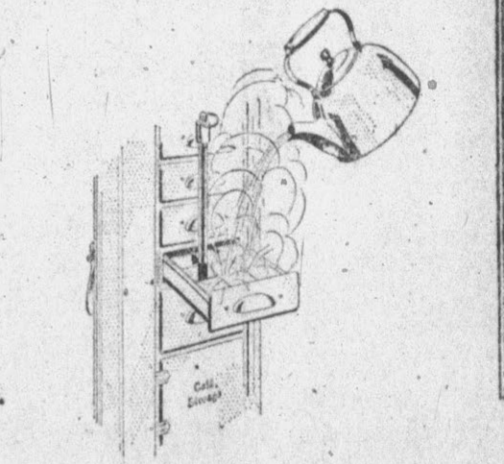

So, for this entire week, we are demonstrating Kelvinator's refrigeration efficiency in a test to which no other electric refrigerator has ever been subjected—publicly. Don't miss this opportunity to get the facts about electric refrigeration values!

We call this the Thermometer Test. We place a thermometer in the Kelvinator ice tray. Then we pour in boiling water! You can actually see how quickly Kelvinator's wonderful refrigeration cools the water. It requires but 5 minutes for Kelvinator to take 100 degrees of heat out of the water. You will see Kelvinator freeze water to solid ice in less than 80 minutes. Only Kelvinator provides this automatic super-fast freezing—because Kelvinator alone has the famous Iso-Thermic Tubes.

Kelvinator Alone Gives Automatic 4-Way Cold!

World's Fastest Freezing is only one of the features of the new 4-Way Cold Kelvinator, providing four separate and entirely automatic degrees for—(1) extremely fast automatic freezing of ice and desserts; (2) a special Cold Storage compartment with below-freezing cold for keeping meats, fish, game, ice cream, etc., indefinitely; (3) steady cold for freezing regular ice supply; (4) controlled cold in food compartments always below 50 degrees.

Special Free Offer During Entire Demonstration

A handsome pewter ice bowl and tongs—\$10 retail—is the thing for attractive service of ice cubes for cooling drinks. FREE to every purchaser of a Kelvinator Electric Refrigerator during this demonstration. See it on display at our showrooms.

Own a Kelvinator on Easy Payments. No need to postpone your enjoyment of Kelvinator's many advantages a day longer. A low down payment and easy monthly terms are provided by Kelvinator's attractive ReDisCo monthly budget plan. Get the details today.

Own A Kelvinator On Easy Terms

With warm weather here, you need not postpone your enjoyment of Kelvinator's many advantages a day longer.

MISS HELEN WHITE BRIDGE LUNCHEON HOSTESS

Having as honor guests Misses Margaret West, Lynchburg, Va., Eleanor Hudgins and Harriet Carr Norfolk, Va., Doris Chamblee, Raleigh, Elizabeth Nunn, New Bern, Julia Brent Hicks, Oxford, Elizabeth Webb, Hillsboro and the Misses Tucker, Raleigh, house guests of Misses Elizabeth and Cotten Skinner, Katherine Hooker, Richmond, Va., guest of Mrs. W. H. White, Misses Pat Holderness, Carrie Wiggins, Tarboro, Mary Clark, Elizabethown, Lillian Burch, Ellison, Eva Hackney, Carlotta Waters, Elizabeth Flynn, Hattie Carrow, and Nina Way Credle, Washington, friends and class mates at Salem college. Miss Helen White was a charming hostess at a bridge luncheon Thursday morning.

The home on Seventh street was effectively decorated with gladioli and a variety of other colorful garden flowers. The guests arrived at eleven o'clock and bridge was played. Tables were placed on the porch and in the drawing rooms. The honor guests were presented dainty handmade handkerchiefs.

Miss Lillian Burch Ellison was winner of a lovely white sport bag for high score. At one o'clock an elaborate course luncheon was served.

MISS JAMES ENTERTAINS FOR VISITORS

Miss Lucy Francisco James delightfully entertained Wednesday evening, complimenting Misses Margaret West, Eleanor Hudgins, Harriet Carr, Doris Chamblee, Elizabeth Nunn, Julia Brent Hicks, Elizabeth Webb and the Misses Tucker, house guests of Misses Elizabeth and Cotten Skinner.

Gladioli and foxglove were artistically used to decorate the attractive home. Punch was served in the sun room which was decorated in lavender and pink flowers with pink tapers.

On arrival the guests were presented lovely corsages.

Bridge was played in the music room, sun room and hall. Dancing was also enjoyed.

A delectable ice course and salted nuts were served, carrying out a green color note.

LITTLE MISS FRANCES KITTRELL ENTERTAINS

Little Miss Frances Kittrell entertained several of her little girl friends yesterday afternoon, the occasion being her fifth birthday.

The guests were taken to White's Theatre for the picture, then to the home of the little hostess' parents.

Mr. and Mrs. J. B. Kittrell, whose refreshments were served. A pretty pink and white birthday cake with five lighted candles and the dates was enjoyed.

Little Miss Kittrell received a number of attractive gifts.

Returns From Europe

J. D. Rogers has returned from a business trip to Europe.

DR. AND MRS. WRIGHT ENTERTAIN IN HONOR OF MR. AND MRS. CADMAN

(By Gertrude Caraway)

One of the largest and loveliest receptions held for some time in this section was given Wednesday night by Dr. and Mrs. Robert H. Wright at their home here in honor of their daughter and son-in-law, Mr. and Mrs. M. Donald Cadman, of Pleasantville, N. Y., who were married on June 20 in Brooklyn, N. Y. They have been much entertained during their honeymoon in Eastern North Carolina.

The spacious Wright home was beautifully adapted for the occasion. The front and side porch were artistically decorated as a grand bower with a background of pine. The guests were greeted there by Mr. and Mrs. S. T. White, Mr. and Mrs. R. C. Deal and Misses Ola Rens, Mamie Jenkins and Emma Hooper. Misses Frances Spilman and Jean Blount received the cards.

Punch was served by Mr. and Mrs. J. B. James and J. H. Blount, assisted by Misses Marietta Sugg, Clara Louise Moyer, Frances Moseley, Frances Norman, Jane and Rose Hadley and M. Blount. Also assisting with the serving were Will Whedbee and Miss Margaret Fleming, Dunk James and Miss Jane Hadley, James Little and Miss Alice Lee Hooker. The table was daintily appointed.

Welcoming the guests at the front door were Mr. and Mrs. Francis Bowen, Miss Sallie Joyner Sugg, Miss Annie L. Morton. They were introduced to the receiving line by Mr. and Mrs. C. S. Forbes, Mr. and Mrs. E. G. Flanagan, Mr. and Mrs. Marvin Blount.

The reception room was attractively arranged with daisies, moss and southern smilax. In the receiving line were Dr. and Mrs. Wright, Mr. and Mrs. Cadman, Mr. and Mrs. H. B. Smith, of New Bern; Miss Mary Wright, William Wright, Dr. and Mrs. J. B. Wright and Mr. and Mrs. E. B. Crow and Mrs. Isaac Wright, of Raleigh; Dr. and Mrs. W. B. Murphy, of Snow Hill; John D. Wright, Jr., Misses Rosalie Smith, Rebecca Wright, Bertha Dalton Wright, James and Isaac Wright.

At the dining room door were Dr. and Mrs. K. B. Pace and Mr. and Mrs. E. L. Henderson. Welcoming the guests there were Mr. and Mrs. B. W. Moseley, Mr. and Mrs. R. Barker and Mrs. Adelaide Blount. At the dining room table were Mrs. Hortense Moyer and Mrs. J. L. Fleming. Assisting with the serving

were Misses Elizabeth Austin, Evelyn Wright, Mary Forbes, Elizabeth Smith, Louisa Hooker and Helen White.

The dining room was beautifully decorated. The chandelier was entwined with a spray of hollyhock, fern and tulip. A lovely lace cloth was used on the table, with centerpiece of white roses and fern in a crystal bowl. Tall white tapers were lighted in low candlesticks. Ice cream in the shape of pierced hearts, decorated cakes, mints and nuts were served.

To greet the guests at the study door were Mr. and Mrs. W. S. Harden, Mr. and Mrs. C. L. Adams, Mr. and Mrs. E. L. Hillman, Mr. and Mrs. P. W. Picklesimer and Miss Bragg. Directing the guests to the unique register in the form of a scroll, were Mr. and Mrs. L. C. Arthur; Mrs. C. M. Warren, Mrs. Mollie Henderson and Mr. and Mrs. T. A. Person. At the register were Mr. and Mrs. R. J. Slay and Mr. and Mrs. G. B. W. Hadley. Gladioli and pink crepe myrtle were used in the room.

At the door to the gift room, where numerous wedding presents were displayed, were Mr. and Mrs. Norman Winslow, Mrs. Hollar, Mr. and Mrs. F. C. Harding. At the music room door, where an orchestra furnished music during the evening, were Mrs. Travis Hooker and Miss Maria D. Graham. The rooms were decorated with daisies, gardenias, dusty miller and ivy.

In the music room to greet the guests were Mr. and Mrs. L. R. Meadows, Mr. and Mrs. J. L. Wooten, Mr. and Mrs. W. E. Hooker and Mr. and Mrs. J. L. Little. Receiving in the rear hall, which was prettily arranged with evergreens and moss, were Mr. and Mrs. Knott Proctor, Mr. and Mrs. J. H. Rose and Mr. and Mrs. M. L. Wright.

The sun parlor had an attractive background of potted plants, with cut gladioli. Receiving here were Mr. and Mrs. H. C. Sugg, Mr. and Mrs. George Hadley, Miss Frances Wahl, Miss Dora Coates and Mrs. J. B. Kittrell.

Bidding the guests adieu from the sun parlor door were Mr. and Mrs. Curtis Perkins, Mr. and Mrs. Charles White, Mr. and Mrs. Bruce Warren, Mr. and Mrs. M. K. Fort, Miss Mattie Scoville and Miss Agnes Wadlington.

A large number of visitors called between the hours of nine and twelve, the occasion being one of the most enjoyable held for some time in the city.

Progressive Bridge Club

Farmville, June 26.—The Progressive Bridge Club held an enjoyable meeting at the home of Mrs. J. H. Darden on Wednesday afternoon. Multi-colored garden flowers decorated the living rooms.

Following a spirited game of auction was the presentation of the high score prize, a bathing bag, to Mrs. J. Loyd Horton, and table prizes, Godelet prints, to Mrs. G. A. Jones, Mrs. J. Y. Monk, Mrs. R. O. Lang and Miss Ida Cowan. An ice course was served.

Special guests were Mrs. D. C. Mitchell and Miss Ida Cowan of Durham, sisters and guests of the hostess, Mrs. W. R. Willis, and Miss Susan Barrett.

Garden Club Meets

Farmville, June 26.—An interesting meeting of the Garden Club was held Wednesday afternoon with Mrs. A. W. Bobbitt at her home on Church street.

Mrs. T. E. Joyner announced a canning exhibit to be presented on July 2, in the municipal building, by Miss Ethel Nicc, county demonstrator, and Mrs. W. G. Stancil of Washington, representing the Dixie Canning Co. It was decided to appoint boy and girl scouts as inspectors of sidewalks and vacant lots during the summer months.

Mrs. T. E. Joyner gave a report of the very successful flower show held recently by this organization.

The program for the afternoon consisted of some Garden Tips for July, given by the hostess; a selection, "The Land of the Immortal Shakespeare," read by Miss Bettie Joyner; and a poem, "An Invitation to a Gate," read by Mrs. T. E. Joyner. The roll call was responded to with names of fragrant flowers and the round table discussion had as its subject the immediate planting of seed for next year's bloom.

The July meeting will be held with Mrs. J. L. Shackelford on Monday, the 25th, at five o'clock.

Hosts at Bridge

Farmville, June 26.—Mr. and Mrs. Patrick Vainright entertained at a delightful bridge party on Monday evening, complimentary to Mr. and Mrs. Rodney Prescott, visitors here. Flowers were artistically arranged. The ladies' prize, a novel strand of beads, was won by Mrs. W. A. Polard, Jr., and the men's prize, an ash tray, was presented to Arthur Tugwell. A delectable salad course was served.

Mrs. Morgan Hostess

Farmville, June 25.—The final meeting of the Merry Matrons' club year was held on Tuesday afternoon, with Mrs. J. I. Morgan as hostess. Handsome gladioli were in pleasing arrangement throughout the lower floor.

Two splendid papers, "A Guide to Good Landscaping," by Mrs. W. M. Willis, and "Planning the Home for the Whole Family," by Mrs. H. W. Turnage, brought to a close the very interesting and delightful study of the American Home, which was begun in the fall and has been continued through the winter and spring months by this group.

A women's salad course was enjoyed after adjournment. In addition to the club members, Mrs. Morgan had as her guests Mrs. J. M. Wheeler and her house guest, Miss Mary K. Jerome, of Atlanta, Ga.; Mrs. T. E. Joyner and guest, Mrs. T. L. Barrett of Roanoke, Va.; Mrs. J. B. Joyner, Miss Bettie Joyner, Mrs. Chas. Baycom, Mrs. G. S. Vought

Greensboro Woman Accepts Position With Health Office

Mrs. Myrtle F. Roberson, of Greensboro, has accepted the position as county health nurse of the County Department of Health. It was announced today by Dr. Clemson, director of the department.

Mrs. Roberson, who has seen extensive service in public health work in some of the largest cities of the nation, will have charge of the general nursing program, one of the most important fields in connection with the department activities.

She is a graduate of East Liverpool hospital of Ohio and the New York Polyclinic hospital. She received her public health training at William & Mary College and Columbia University.

She was connected with public health activities in Greensboro over a period of several years, being a staff nurse of the Greensboro Nursing Council, and later supervisor of the health service in New Orleans, resigning to accept the work in this county.

At the door to the gift room, where numerous wedding presents were displayed, were Mr. and Mrs. Norman Winslow, Mrs. Hollar, Mr. and Mrs. F. C. Harding. At the music room door, where an orchestra furnished music during the evening, were Mrs. Travis Hooker and Miss Maria D. Graham. The rooms were decorated with daisies, gardenias, dusty miller and ivy.

In the music room to greet the guests were Mr. and Mrs. L. R. Meadows, Mr. and Mrs. J. L. Wooten, Mr. and Mrs. W. E. Hooker and Mr. and Mrs. J. L. Little. Receiving in the rear hall, which was prettily arranged with evergreens and moss, were Mr. and Mrs. Knott Proctor, Mr. and Mrs. J. H. Rose and Mr. and Mrs. M. L. Wright.

The sun parlor had an attractive background of potted plants, with cut gladioli. Receiving here were Mr. and Mrs. H. C. Sugg, Mr. and Mrs. George Hadley, Miss Frances Wahl, Miss Dora Coates and Mrs. J. B. Kittrell.

Bidding the guests adieu from the sun parlor door were Mr. and Mrs. Curtis Perkins, Mr. and Mrs. Charles White, Mr. and Mrs. Bruce Warren, Mr. and Mrs. M. K. Fort, Miss Mattie Scoville and Miss Agnes Wadlington.

A large number of visitors called between the hours of nine and twelve, the occasion being one of the most enjoyable held for some time in the city.

Mrs. Proctor Wins Cup In Ladies' Golf Tournament Here

Mrs. J. Knott Proctor won the cup in the ladies golf tournament which has been in progress at the Greensboro Country club the last few days. It was announced this morning.

The final round was played on the country club course yesterday, and Mrs. Proctor was declared winner after defeating Miss Estelle Green, runner up.

Much interest was manifested in the tournament and numbers of women participated in the annual event.

Mayors Court

Friday, June 27th
Bunyan Taft, colored, whiskey for sale, bound over to county court under bond of \$500.

John Phillips, drunk and disorderly, \$10.00 and cost.
J. P. Coyne, driving while drunk, failed to appear and a capias was issued for him.

Candidates File Expenses Today

Raleigh, June 27.—(AP)—Kenneth O. Burgwyn, Democratic candidate for superior court judge in the eighth district in the June 7 primary, spent \$2,741.50, he reported to Secretary of State Hartness today.

Other expense accounts filed up to early afternoon included:
M. H. Younts, candidate for judge in the 16th district, \$631.20; J. W. Ferguson, solicitor in the 20th, \$3,509; J. A. Powers, solicitor in the 17th, \$20; Brownlow Jackson, Congress, none; J. E. Carpenter, solicitor in the 9th, \$153.06.

Today is the last filing day and before 5 o'clock this afternoon J. W. Bailey, Democratic nominee for U. S. Senator, is expected to file his account showing expenditures of slightly less than \$10,000.

Court of Appeals Upholds Decision In Hatem Case

Asheville, June 27.—(AP)—The United States Circuit Court of Appeals today upheld the District Court of the Eastern District of North Carolina in two cases against Ayoub S. Hatem, of New Bern, charged with using the mails to defraud, but remanded another to the lower court on account of insufficient records.

Hatem was charged with using the mails, while pretending to be engaged in the retail merchandising business at New Bern and Pinehurst, for the purpose of defrauding various foreign merchants by ordering goods from them, for which he never paid or intended to pay. He received three sentences of one year and one day in each case, the sentences to run consecutively and not concurrently. He was also fined \$500.

Winston-Salem.—(AP)—Mrs. Adelaide Elizabeth Holder, 73, wife of J. H. Holder of Lewisville township, Burlington.—(AP)—James Everett Crutchfield, 62, well known insurance man.

Don't Stand Still
A big portion of your progress depends upon proper vision—yet thousands of people unconsciously retard their advancement by neglecting their eyesight.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, June 27.—(AP)—Cotton opened steady at an advance of 2 to 10 points today on a continuation of the recent buying which appeared to be prompted by less favorable private crop advices from the southwest and the barely steady showing of the Liverpool cables.

July sold up to 13.82, or 12 points net higher and there seemed to be some trade buying at that position, but the advance met some liquidation brought out by notices which were estimated at about 4,400 bales. Scattering buying of the new crop months was supplied on the advance to 13.16 for October and the general market eased off after the posting of the weather map which showed lower temperatures in the west and some rain in the eastern belt.

At the end of the first half hour active months were 3 to 6 points net lower, with July at 13.67 and the new October at 13.04. Liverpool cables said that foreign buying, covering and trade calling, had been supplied by realizing and reported a firmer tone in Manchester with moderate cloth sales to Egypt and the Orient. A private crop report pointed a reduction of 3.9 per cent in acreage, a condition of 73 per cent and an indicated yield of 15,036,000 bales.

GRAIN MARKET

Chicago, June 27.—(AP)—Reports that Kansas farmers are piling their wheat on the ground and are making few deliveries except for storage counted today as a strength ening market factor. On the other hand, the movement of wheat in the southwest taken as a whole, continued to be on fairly liberal volume.

Wheat closed firm, at the same as yesterday's finish to 3-4 higher; corn closed unchanged to 3-8 up; oats 1-4 to 3-8 off and provisions varying from 2 decline to an equal gain.

STOCK MARKET

New York, June 27.—(AP)—The latest glimmer of speculative optimism in Wall Street was very nearly extinguished by still another bear drive in today's stock market. Prices sagged substantially, but trading was dull. The market had been permitted to close higher on two successive days for the first time this month, which, in the opinion of professional traders, was about the best that could be expected with speculative enthusiasm so close to the ganishing point.

The huge decrease of \$371,000,000 in Brokers Loans failed to stimulate any considerable short covering. With brokerage loans at their present low levels, Wall Street has been more interested in bank loans on securities and these loans have tended to increase.

Security loans of New York member banks, showed a decrease of about 30,000,000, while their loans to brokers were cut 96,000,000 possibly indicating further short of loans from brokerage accounts directly to the banks.

Since the American Tobacco extra and splitup announcement, stimulating business news has been scarce. Further railway net operating income reports for May were about the only items of interest to stock market circles, and reports by such roads as New York Central and Southern Pacific showing declines of about 40 percent were not encouraging. The current slump in the textile industry was emphasized by the department of commerce's May statistics for wool consumption, showing only about 28,000,000 pounds used, as to 32,000,000 in April, and 42,000,000 in May 1929.

HINES FAVORS NEW VETERAN RELIEF BILL

Director of Veterans Bureau Endorses the Measure Before Finance Committee

Washington, June 27.—(AP)—The new House bill to aid World War veterans was endorsed before the senate finance committee today by Director Frank T. Hines, of the Veterans Bureau.

Taking up the substitute for the measure vetoed by President Hoover, the Senate committee questioned Mr. Hines in executive session all morning.

A vote will be sought late today by Senator Watson the acting chairman. Moves to change the House measure were in preparation. Democrats were ready to seek higher rates than those provided by the House bill. They have a \$60 maximum, as allowed to Spanish war veterans, rather than the \$40 maximum provided by the House. Senator Bingham Republican, Connecticut, gave notice he would seek to substitute the original program of the American Legion allowing for increased disability compensation awards rather than a straight out pension. Senator Watson has been an advocate throughout for the Legion program.

Before going to the committee session, Senator Watson called upon President Hoover. The president was understood to be firmly opposed to any increase in the payments allowed by the House.

With a contest on the veterans measure in sight, Senator McNary, Oregon, assistant Republican leader, predicted Congress would not adjourn before next Tuesday night. The finance committee was called into session this morning by Acting Chairman Watson to discuss and possibly vote on the measure. Director Hines of the Veterans Bureau, and John Taylor of the American Legion were summoned as witnesses.

LOCALS COP GAME FROM ELM CITY

Members of the Greenville base- ball club copped their fifth straight game of the season by defeating Elm City at the fair grounds yes- terday afternoon, by the score of 17 to 4.

Described as one of the strongest clubs in this part of the state, Elm City fought hard to overcome the lead which the Greenville lads began piling up during the early stages, positively refused to let pitching invincible ball at critical stages, positively refused to let them do it.

Elm City used two hurlers in an effort to stop the heavy stick work of the Greenville batsmen, who proved invincible throughout the game and piled up enough wallops, including three or four extra base drives, to put any old ball game on ice. Greenville was credited with 16 hits against the visitors ten.

Bostic and Respass led the bombardment for the local club, each being credited with four safeties out of four trips at the plate. Respass made two of his singles count for extra bases, one a triple and the other a double.

The ease with which Elm City fell before the attack of the Greenville club proved one of the most surprising developments of the season. The highly touted club at no time seriously threatened to overcome the comfortable lead of the locals, and while they hit freely at times, the hits were so well scattered that they could not be converted into runs with the exception of the times the four markers were chalked up to their credit.

Thorne started out to do mound duty for the visiting club, and while he performed quite creditably for five innings, he was relieved by Page in the sixth after a withering stick assault.

The game gave the newly organized club of the Four-County League their fifth straight game of the season. Three of the victories were chalked up at the expense of Williamson, another from Belhaven and the final from Elm City.

J. D. Simpson, secretary of the Greenville club, expressed satisfaction at the splendid showing which the local club has been able to make so far this season. He said he had arranged for at least one outstanding game each week, that to come on Wednesday in the interest of the half holiday crowds. There will be plenty of other good clashes and the public is urged to attend and watch the Greenville club attempt to cop the championship of the district.

15% Reduction on all Electrolux Gas Refrigerators During May and June

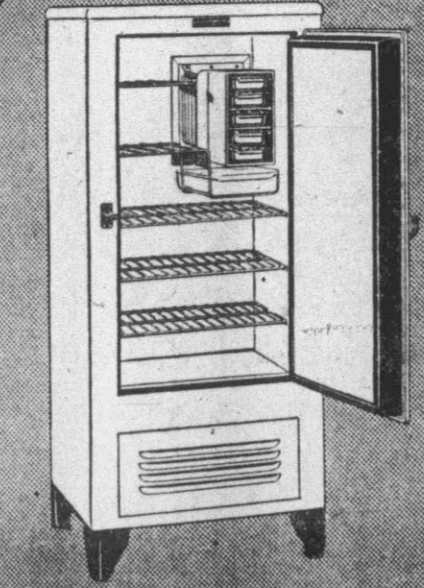

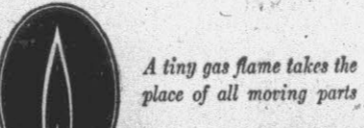

No machinery... no noise
to freeze
these
ICE CUBES

ELECTROLUX works noiselessly
and at a cost of only 4¢ to 10¢ a day

HOW would you like to have in your kitchen a magical refrigerator that made all the ice you could use... without machinery... without a whisper of sound... at a fraction of what you pay for ice now?

That describes Electrolux. A tiny gas flame... a mere trickle of water... freeze pure sparkling ice cubes and desserts quickly, chill salads and drinks perfectly, and provide a constant refrigerating cold that keeps food fresh and wholesome for days and days. And at a cost that is less than the wholesale price of ice. With no machinery... no moving parts, science has been able to find no reason why Electrolux should not last a lifetime. Or why it should ever become noisy.

Be fair to yourself by not deciding on your automatic refrigerator until you see Electrolux. Come in and examine the variety of beautiful cabinets in our display. And ask about easy terms.

- QUICK FACTS!**
1. Permanently noiseless.
 2. Absolutely safe.
 3. Only a few cents a day to operate.
 4. Lasts indefinitely.
 5. No mechanism to wear, to vibrate, to need oil.
 6. Free from trouble.
 7. Perpetual, steady cold.
 8. Plenty of pure ice cubes.
 9. Tested and endorsed by national authorities.

What a Dollar Does for You

Follow it over an A & P counter

83½ cents go wherever the best food is to be found at least cost to you—in your neighborhood, in other parts of the country, or in foreign lands... Every cent of this part of your dollar is on the job for you every day. It comes back to you as food—the kind you prefer.

14 cents stay at home—for your landlords, salary and wage earners who live among you, your tax collectors and community activities, your light, heat, power, and water companies; your newspapers for advertising that tells you special bargain news.

97½ cents, the sum of these items, keeps an A & P store going, doing its full share in your community's business life.

2½ cents, slightly more than the cost of a postage stamp, is the only charge you pay A & P for all this service.
