TAX RELIEF BUDY SEEKS BUDGET CUT

Petition Commissioners to Readjust Tentative Budget for the Present Year

By C. W. HEARNE
A committee of Pitt County Tax Relief Association held meeting on Wednesday, in the courthouse and gave a detailed and critical consideration to the suggested budget filed by the Board of County Commissioners of Pitt county, indicating the expense of Pitt county government for 1930-31. This committee report is recommended to the association at 10:30 a. m., Monday, July 15. The association will in turn present its recommendations relative to the budget, to the Board of County Commissioners on that day.

The committee adopted the following as its report: and

WHEREAS, The Board of County Commissioners for Pitt County, on the first Monday in July, the 7th, filed its tentative budget for 1930-31, expenses and taxes, which budget indicates that the tax rate for 1930 will be fixed at \$1.35 per hundred dollar valuation, county-wide, as against \$1.29 per hundred dollar valuation for 1929; and

WHEREAS, the assessed value of taxable property in Pitt county as indicated by said budget, is \$44,000,000; approximately the same as for 1929; and

WHEREAS, the earning capacity of the people generally and especially the farmers of Pitt county for 1930, appears to be about the same as it was in 1929; anticipated yields and prices indicate no increase in earnings; and

WHEREAS, the delinquent tax list for Pitt county for the year aggregating approximately \$300,000, much greater than in any year in the history of Pitt county; and

WHEREAS, this committee has found it necessary to apply for a loan of \$100,000 to meet current expenses accrued in 1929 fiscal year; and

WHEREAS, in our opinion the taxpayers of Pitt county are now unable to pay taxes at the rate assessed and levied for 1929 and have no anticipated income that would enable them to pay 1930 taxes at the rate indicated by the Board of County Commissioners for 1930.

NOW THEREFORE, BE IT RESOLVED, that Pitt County Tax Relief Association respectfully petition Pitt County Board of County Commissioners to readjust its tentative budget to cover 1930 expenses as filed on July 7, 1930 into three groups as follows:

Group One: Bond and interest, said budget.

Group Two: (a) Estimate for highways, roads and bridges; and (b) The County Farm be reduced fifty per cent (50 per cent).

Group Three: All other departments of Pitt county government, without exception, be reduced twenty-five per cent (25 per cent).

BE IT FURTHER RESOLVED, that in our opinion the foregoing indicated reductions in public expense is reasonably in keeping with business conditions generally; and further, is in keeping with the policy adopted by the State of North Carolina in its general percentage reduction in state expenses.

BE IT FURTHER RESOLVED, that the Board of County Commissioners and the several departments of Pitt county government be, and are hereby urged by the taxpayers of Pitt county to adjust within their respective departments, the appropriations made in such way as to make effective the above indicated reductions in such way as, in their discretion, will best serve Pitt county, by elimination, consolidation or otherwise.

The Pitt County Tax Relief Association will meet in the courthouse, next Monday, July 14, at 10:00 a. m., at which time the report of the ways and means committee of this association will be considered and acted on. Every taxpayer in Pitt county is invited and urged to be present as this is their last opportunity in 1930 to protest, as permitted by law, land valuations for taxing purposes.

Under the laws of North Carolina taxpayers have certain and prescribed rights which are available, if the law is followed. This association offers its aid that the law may be fairly understood and followed. Section 1771, (144) stipulates, that the Board of County Commissioners of each county is constituted a Board of Equalization and Review for its county and shall meet on the third Monday of June in each year (our Board of Commissioners saw fit to hold this meeting on July 14), to consider valuations of property for taxation. This section provides generally, that valuations legally fixed may not be changed by this board, but there are exceptions permitting changes in valuations. One of them is; Sub-Section (d) "Where the valuations of the real property since the last

Fire Loss in Greenville Shows Decided Decrease Over The Previous Year

Reported Ill

Cardinal Vannutelli, 93, dean of the sacred college, was reported ill with an attack of uremic poisoning.

STATE LEADS THE WAY IN COTTON CUT

Cuts Acreage Ten Percent and Leads All the Cotton Belt States

Raleigh, July 10.—(AP)—North Carolina led the way in reduction of cotton acreage among the cotton belt states, the State Federal Crop Reporting Service of the State Department of Agriculture announced today.

North Carolina reduced its acreage 10 per cent, Oklahoma came next with an eight per cent cut.

The two factors entering in the cause of acreage reduction in North Carolina, the July 1 cotton report said, were the serious boll weevil damages resulting in low yields and therefore unprofitable returns last year and the unfavorable planting and germination conditions during the spring this year.

"The crop," the report said, "is generally in good cultivation in North Carolina at the present time. The plants are somewhat small and backward, but otherwise healthy."

"Boll weevils are reported to be generally found all the way through the eastern counties and as far west as Gaston."

"Thus far Polk, Rutherford, Gaston, Cleveland, Lincoln, Catawba and Iredell counties have been comparatively free of boll weevil effects. This has resulted in better yields and profits. Cleveland county ranks third in acreage in the state and first in production."

The report showed North Carolina to have 1,784,000 acres of cotton July 1 this year, compared to 1,916,000 acres July 1, 1929. The average abandonment between 1929 and 1930 has been 1.6 per cent for the state, compared to a cotton belt average of 3.5 per cent. In 1929, the state had a yield of 190 pounds of cotton per acre.

Five Wilson Women Slightly Injured In Automobile Wreck

Five women from Wilson were painfully injured when the automobile in which they were riding wrecked on the Greenville-Farmville road, about two and a half miles from Greenville, early last night. A child was also an occupant of the car but escaped without injury.

The occupants of the car were Mrs. J. S. Adkins, Miss Elizabeth Adkins, Mrs. Ellis Briley, Mrs. Howard Adkins, Mrs. Sudie Gay and a grandchild of Mrs. J. S. Adkins.

The party was returning home from Bayview when the car, driven by Miss Elizabeth Adkins, went out of control and crashed into a tree alongside the highway. The machine turned completely over, landing on its top, and was almost completely demolished by the impact.

The occupants were released from the wreckage by passing motorists and rushed to the local hospital for medical attention.

The injuries were said to consist of minor cuts and bruises, and all were reported to be getting along nicely today.

Annual Report of the Fire Chief Places Last Year's Loss At \$69,887.82, a Decrease of \$6,414.93 Even In Face of More Alarms

The total fire loss suffered by the city of Greenville during the fiscal year closing June 30 was given at \$69,887.82 in the annual report of George Gardner, chief of the Greenville Fire Department, submitted to the Board of Aldermen at the first meeting of the year.

This was a decrease of \$6,414.93 over the previous year, the report indicated.

The department responded to a total of 95 calls during the year, compared with 57 calls during the previous year.

The report also indicated that the department had answered 55 calls since January 1 this year. This did not include several false alarms and out of town calls. The loss for this period was given at \$32,150.28.

Although the department is considered one of the fastest and most efficient in this section of the state, the annual report of the fire chief contained recommendations for more hose and ladder equipment to enable the department to more completely cope with the local situation.

It was pointed out at a meeting of members of the fire department and various city departments Tuesday night that the ladder equipment was not sufficient to enable the department to cope with a blaze higher than a second story building, and that in recent fires ladders had been used from the inside of buildings to go higher than the second story. It was also said that higher ladders would be in immediate demand of flames prevented the use of ladders on the inside of buildings higher than two stories, and an urgent appeal was made that the situation be provided for.

Chief Gardner expressed himself as well pleased with the record his department had been able to establish during the last two years, and said he felt sure they would be able to cope with the local situation with additional equipment.

In face of the movement on foot to secure a reduction of fire insurance rates of the city—which is possible only through increased efficiency of the fire department—belief was expressed by those interested in the situation that every effort would be put forward to bring about the desired increase of equipment within the next several weeks.

"The crop," the report said, "is generally in good cultivation in North Carolina at the present time. The plants are somewhat small and backward, but otherwise healthy."

"Boll weevils are reported to be generally found all the way through the eastern counties and as far west as Gaston."

"Thus far Polk, Rutherford, Gaston, Cleveland, Lincoln, Catawba and Iredell counties have been comparatively free of boll weevil effects. This has resulted in better yields and profits. Cleveland county ranks third in acreage in the state and first in production."

The report showed North Carolina to have 1,784,000 acres of cotton July 1 this year, compared to 1,916,000 acres July 1, 1929. The average abandonment between 1929 and 1930 has been 1.6 per cent for the state, compared to a cotton belt average of 3.5 per cent. In 1929, the state had a yield of 190 pounds of cotton per acre.

Man and Woman Rescued From Plane On Lake

Chicago, July 10.—(AP)—A pilot and his unidentified young woman passenger were rescued by coast guards last night from an amphibian plane adrift in Lake Michigan, three miles off shore.

Lieut. Arthur Johnson, the pilot, said the plane plunged while he was showing his passenger how close he could skim the surface.

One of the wings, he said, crumpled as the plane dived. The pontoons, punctured by driftwood, filled quickly and Johnson and the passenger climbed to the top wing.

Cries for help and a shirt used as a signal attracted attendants who called the coast guard.

The young woman left the coast guard station without revealing her identity. Johnson, who is chief pilot for the Air-Seal Land Aircraft Company, said she chartered his plane at Waukegan, Ill., for a lake flight.

A report received here from Wilson this afternoon was to the effect that the automobile from which P. L. Plinchum, federal prohibition officer, was shot to death at Goldsboro a few weeks ago, was in possession of Pitt county officers.

DANCER CHARGES HE HIT HER

Exhibiting a badly swollen eye as evidence, Vivian Duncan, of the Duncan sisters dancing team, haled Rex Lease, film actor, into a court near Los Angeles on charges of battery. She said Lease beat and kicked her after she refused his advances following a party at the home of another actor.

Twenty Dead As Terrific Heat Wave Sweeps Over Areas Of Middle West

Farm Work Falters As Merciless Sun Acts As Check-Rein to Man and Beast; Temperatures of More Than 100 Degrees Reach As Far As Montana and the Dakotas

Chicago, July 10.—(AP)—Middle America withers under a merciless sun. Twenty have died. The grain fields—save for corn—suffer. Farm work falters, the baking sun a check-rein to man and beast.

Indeed two of the heat deaths occurred in the fields. An Iowa farmer, prostrated by a temperature high in the nineties, fell dead at his plow. A Nebraska farmer died the same way.

There were temperatures of 100 degrees or hotter as far north as Montana and North Dakota, and South Dakota to Louisiana and Alabama.

The hottest spot officially was Miles City, Mont., with 108 degrees. Huron, S. D., had a reading of 102, while the Fahrenheit heat went also to three figures in Omaha, Kansas City, Sioux City, Ia., St. Louis, Mo., Evansville, Ind., Nashville, Tenn., Shreveport, La., Emporia, Kas., and Birmingham, Ala., to name a few widely separated places.

There were unofficial readings of

Prefers Death to Life With Only One Leg

Pittsburgh, July 10.—(AP)—Preferring death to life with one leg, George B. Dunbar, of Indiana, near here, shot and killed himself late yesterday.

Dunbar's legs were injured in an accident in a coal mine two years ago. Recently he was told amputation of one of them was necessary.

108 degrees in Mitchell, S. D., and Sioux Falls. Wheat, oats, rye, barley and flax have begun to show the effect of the hot weather. A South Dakota crop bulletin also called attention to the effect the heat was having upon farm work.

Chicago, surrounded by heat, benefited by its Lake Michigan location, a northeast breeze fanning thankful thousands.

Milwaukee and other lake shore cities also enjoyed comparative isolation from the heat blanket.

But even beneath beneficent breezes, the lake cities perspired. Two Chicago deaths resulted in falls, one from a window to which a man had gone for a breath of air, the other through a skylight through which toppled a woman who sought heat relief on the roof.

Forecasters offered little relief. They did venture that it would "be quite so warm" in the northwest tomorrow.

Cast Of Vanities Held On Charge Of Indecent Exposure In N. Y. City

Earl Carroll, Broadway Producer, Again Finds Himself Involved With Law As Police Raid His Show and Arrest Nine Members of Vanities' Cast

LEAD-CAST OF VANITIES ...

New York, July 10.—(AP)—Through a cluster of 200 persons who gathered on the sidewalks outside, Earl Carroll, Broadway producer, made his way into Jefferson Market court today with eight dancers and show girls from his newest review and again gave him, self up to the law.

A warrant for Carroll, who landed in Atlanta prison because of his denial of his famous bathtub party four years ago, issued yesterday after police had raided his "Vanities." Carroll was not at the theatre when the raid was made.

Carroll's appearance today was brief, for a few minutes after he and his show girls entered the courtroom the trial was adjourned until tomorrow so his attorney might familiarize himself with the case.

New York, July 10.—(AP)—Earl Carroll, Broadway producer, whose testimony concerning his famous bathtub party landed him in federal prison for perjury, found himself involved with the law again today because of another scene presented on his stage.

A squad of policemen yesterday marched through the stage door of the new Amsterdam theatre, advertised by Carroll as "the portal through which pass the most beau-

tiful girls in America," and arrested nine members of the cast of his "Vanities."

Warrants charging them with giving indecent performance were also issued for Carroll and Louis Lotti, treasurer of the theatre, but they could not be found. At the close of the matinee performance, the policemen, who had arrived on the scene in shiny sedans served warrants on eight girls and one man, told them to put on their street clothes and "come quietly."

The prisoners included Naomi Ray, Faith Bacon, dancer, and Jimmie Savo and six show girls. Savo and the six girls were appearing in a scene entitled, "A Window of Meris," in which the lone man finds himself among a group of wax figures that come to life. Miss Bacon and Miss Ray had danced numbers in both of which the police charged they were very scantily clad, Miss Bacon wearing only two ostrich feather fans.

Carroll drew attention four years ago by a party on the stage of his theatre in which police charged a young woman bathed in a tub of champagne.

He was charged with perjury after he denied before a federal grand jury that the bathtub incident occurred.

In 1924 he was arrested on a charge of displaying indecent pictures in the lobby of his theatre. He was discharged after spending four days in the Tombs.

Warrants for the arrest of Carroll, Lotti and the nine members of the cast were sworn out by police officers who had attended per-formances of the show.

Those arrested were released in \$500 bail and were back in their places for the evening performance from which the show window scene was deleted.

WAVE OF HEAT UNABATED IN THE CAROLINAS

Thermometers Continue to Hover Near 95 Degrees In Two States Today

(By The Associated Press)
A wave of heat enveloping the Carolinas since Sunday today was practically unabated. Thermometers continued to hover around 95 degrees and above while the sun concentrated on South Carolina cities.

Promised rain has fallen sparingly in few and widely separated districts to bring momentary relief but the resultant coolness has been short lived with the sun continually beating down from a cloudless sky.

Twenty deaths have resulted over the country with three credited to the Carolinas. Weather forecasts promise showers in various sections of the sister states for this afternoon and tonight but early noon saw little chance of the promised relief.

Columbia, Anderson, and Greenville, S. C., at noon today recorded 98 degrees each while temperatures at Greenwood and Columbia yesterday hit 103. Columbia looked to the mercury to soar over 103 today.

Laurens and Newberry, S. C., yesterday had not been made this afternoon. However, they are in the same general section between Greenwood and Columbia, and it is expected their reading will approach the extreme cities.

Gastonia at noon today reported a 96 with a 102 yesterday. Today, Sumpter, S. C., registered 95; Wilmington went to 94 and a few minutes later at noon dropped to 93. A light sea breeze there helped cool the city. Charlotte had 94 at noon.

Union, S. C., reported 93.5 while Raleigh and Rocky Mount came in for a low of 91 at noon. Temperatures in many of the cities was expected to rise from one to four or five degrees this afternoon and recede to about 90 later in the day.

To Question Release of Principal in the Lingle Murder Case

Los Angeles, July 10.—(AP)—The district attorney's office planned an investigation today of statements by three policemen that they had questioned and released Fred Forsythe, wanted for the slaying in Chicago of Alfred Lingle.

Ed C. King, investigator, said the policemen entered the apartment of Frank Foster, indicted for the Lingle slaying, a week before his arrest, and found Forsythe and others present.

The policemen reported, King said, that they confiscated three guns found in the apartment, which he searched for liquor, but returned the arms, seeing no basis for charges.

The officers said Forsythe attempted to give them \$200 after they had taken the guns. The police said the arrests of Foster and his companions a week later was the first inkling they had that they had been talking to a much wanted Chicago fugitive.

Foster is being held here pending a hearing on his removal to Chicago. Chicago police here on the case say Forsythe shot Lingle with Foster's gun.

The policemen reported, King said, that they confiscated three guns found in the apartment, which he searched for liquor, but returned the arms, seeing no basis for charges.

Alabama Court To Consider Case of Doomed Negro

Montgomery, Ala., July 10.—(AP)—The Alabama Supreme Court was called to convene in extraordinary session today to hear an appeal in behalf of Mose Daniel, Montgomery negro, under sentence to die in the electric chair tomorrow for attacking a white woman.

Capitol attaches said it had been many years since the high court had held an extraordinary session. Attorneys for the negro appealed to the Supreme Court, after a lower court had held it was without jurisdiction to suspend the sentence.

Judge Leon McCord, trial jurist, before whom plea for a suspension of sentence to permit an appeal to the high court was made, said attorneys had informed him immediately after conviction that they did not wish to appeal.

The negro was tried early last month with national guardsmen patrolling the court house. Attorneys who defended him were appointed by the court.

KILLED BY LIGHTNING
Elizabethtown, N. C., July 10.—(AP)—Hilda McDuffie, 13, was killed on her father's farm near here late yesterday when struck by lightning while at work in a cotton field.

Republicans Fail To Deal With Huston At Morning's Conference

Indicted For Fraud

Magistrate George F. Ewald of New York City and five others were indicted by a federal grand jury on charges of mail fraud in promotion of stock of the Cotter Butte Mines, Inc., of Butte, Mont.

SCORES DEAD AFTER BLAST AT COAL MINE

At Least 144 Persons Perished When Trapped in Shaft at Neurode

Neurode, Germany, July 10.—(AP)—At least 144 persons lost their lives yesterday in an explosion at the Wenceslaus mine, eighty-one bodies have been recovered, most of them badly burned. No hope is held for those remaining in the shaft.

Of 193 miners in the shaft at the time of the explosion only 56 escaped.

The explosion in the mine occurred when a large gas pocket was tapped. The fumes spread through the shafts so quickly that there was little chance for anyone to escape.

Rescue work proved increasingly hazardous and finally was abandoned after a number of the crew, fitted with gas masks, had been overcome or injured.

It was possible to save only 49 persons of the 193 in the mine before breaking off the rescue work. All of these, although badly burned, are expected to recover.

The disaster took both men and officials completely off their guard as the periodical gas survey had been completed only Sunday. It was thought that the mine was safer than ever.

In 1912, 117 died in the Bochum mine disaster, and in 1925 the death toll in the Dortmund mine reached 135.

Three years ago a similar explosion in the Wenceslaus mine took seven lives. That explosion earned the shaft a reputation as "unlucky" among the miners and Silesia.

Two Hooneymooning Senators Summoned Back to the Capital

Washington, July 10.—(AP)—The first of the returning honeymooning senators, Senator Reed Smoot, of Utah, arrived in the capital today to participate in the consideration of the London naval treaty.

He and his bride of a week were received at the White House by the President and Mrs. Hoover, whose guests they will be while here.

The rose room on the second floor of the White House will be the bridal suite.

Mr. and Mrs. Smoot were honored guests at a breakfast party given by Mr. and Mrs. Hoover. About twelve others were present.

Senator Smoot was summoned back by President Hoover just before he was to start a honeymoon trip to Honolulu.

Senator Baird of New Jersey, who was on his wedding trip abroad, also is returning.

Farmer Kills Himself
Winston-Salem, July 10.—(AP)—Julius Collins, 47-year-old Yadkinville farmer, was found dead today with shotgun wounds in his breast near a neighbor's house. The death was apparently suicidal.

It was said Collins had been drinking several days and that his wife had left because of his conduct.

Showdown Expected During Afternoon on Refusal of Party's Chairman to Resign; Members of Party Hold Conference With the President

Washington, July 10.—(AP)—The Republican conference slated to deal with the bitter business of what to do about Claudius Huston's refusal to resign the party chairmanship deferred that problem at this morning's session.

Attention was confined to routine business, but a later meeting today was expected to result in a showdown between the Tennessee and the leaders who want him to get out. The eight officers and party workers who assembled were said to be almost unanimous against his continuance as chairman.

President Hoover consulted with two of them both before and after the gathering at headquarters. They were James Francis Burks, counsel of the national committee, and Joseph R. Nutt, its treasurer.

Smiling after the morning's conference, which was called by him to discuss plans for the fall campaign, Mr. Huston received newspapermen in his office. He said:

"I will have a statement to make late today. The statements attributed to me in the morning papers are correct."

The statements referred to were repetitions of his determination not to resign, despite calls for such action from Republican congressional quarters.

Circuit Court Upholds Decision In Whiskey Case

Asheville, July 10.—(AP)—The United States Circuit Court of Appeals here today affirmed the decision of the District Court at Baltimore, Md., in the case of Sam Hill alias Sam Sibley, George Bolton alias Harry Klein, Edward S. Murtha and Edward Miller of Baltimore, who had appealed from convictions in the lower court for smuggling whiskey into the United States at Ocean City, Md.

In affirming the decision the court in an opinion written by Judge John J. Parker, said "The time has passed when convictions will be reversed in the courts of the United States for mere technical defects in pleadings."

The four defendants and 36 others were indicted Feb. 6, 1930, on charges of smuggling 1,850 cases of whiskey, gin and champagne into the United States at Ocean City on Dec. 20, 1929. Thirty-two of the defendants pleaded guilty, one escaped and three were found guilty.

Hill, Bolton, Murtha and Miller pleaded not guilty, and when found guilty, appealed on grounds the pleadings were faulty in construction. The quartet was found guilty March 27, and received sentences ranging from 15 months to two years.

Guggenheim Will Back Experiment With "Rockets"

Worcester, Mass., July 10.—(AP)—The experiments of Dr. Robert H. Goddard of Clark University, to send a rocket into the air to heights unattained by balloons in search of scientific data have received the backing of Daniel Guggenheim, the founder of the Daniel Guggenheim Fund for the Promotion of Aviation.

Dr. Goddard, head of the university's department of physics, has been conducting his experiments for the last fifteen years, but as a result of the Guggenheim grant is planning construction of a rocket more elaborate than any previous attempt.

Propelled by a newly developed liquid fuel, he hopes to send the rocket 250 miles into the air to gather scientific data at atmospheric stages. A parachute attached to the rocket would bring it safely back to earth.

Winston-Salem, July 10.—(AP)—The last white one-teacher school in Forsythe county has been removed.

Patrons of the Fulp school district yesterday voted by 53 to 1 to enter the long term Walkertown consolidated district, thus leaving only three short term districts in the county.

LAST ONE-TEACHER SCHOOL GIVES WAY TO PROGRESS

STILL SEARCH FOR MISSING SOCIETY GIRL

Disappearance of Miss Mary McCleenny Continues to Baffle Richmond Police

Richmond, Va., July 10.—(AP)—The disappearance of Mary Frances McCleenny, pretty 20-year-old Richmond society girl, was as much a mystery as ever today as her father and private detectives returned from a fruitless search through Tidewater Virginia.

The search, said to have been based on information furnished by a man who promised to reveal the girl's whereabouts in return for immunity from prosecution, was termed a "wild goose chase" by investigators on their arrival in Richmond today. Norfolk, Phoebus, Ocean View and Buckroe Beach were visited in the hunt. Detectives declined to reveal the name of the man said to have appeared at the McCleenny home with an offer to reveal the girl's whereabouts.

Dr. D. C. McCleenny, showing the strain of almost ten days of unsuccessful efforts to locate his daughter, missing since July 1, was tired and wan when he returned with the detectives, and disappointed that no definite information was obtained.

Detectives would not reveal what their next move would be, but J. Ward Ebb, manager of the private agency working on the case, said that new leads were being followed with promised immediate developments.

Miss McCleenny left her home in the exclusive Hampton Gardens residential section early on the night of July 1, ostensibly to bid farewell to a friend who was leaving town. She has not been seen since by members of her family.

Three witnesses were found who said they saw Miss McCleenny leave her automobile parked near the home of the friend she went to visit and ride away in another automobile with a man. Police revealed that Dr. McCleenny had appealed to them that same night to help prevent his daughter from marrying a "garage man."

Dr. McCleenny has sworn out a warrant charging his daughter with larceny of a suit case. This will permit police to hold her for Richmond authorities and police of other cities have been asked to look for her.

Scientist Predicts Early Arrival of New Era of Sweet Smells

Hamilton, N. Y., July 10.—(AP)—Early arrival of a new era of sweet smells was forecast today by Dr. Donald A. Laird, head of the department of psychology of Colgate University.

He foresees many of the wide-spread, disagreeable odors of industry turned into pleasant aromas through a recently discovered advance in the perfume's art. By this new method instead of using perfume to cover up bad smells, the evil odor itself is "put to work."

It is given as a companion to a minute percentage of some powerful chemical. The new partner, called an industrial aromatic, may be equally evil smelling. But the combination of the two bad odors produces a sweet or a pleasant one.

Industry, says Dr. Laird in a survey issued today, is rapidly taking up the new principle to increase sales of articles which once lacked a smell appeal. He quotes a survey of 56 varieties of common smells made by E. Auguet, a Milwaukee advertising man, to learn how they ranked among customers. The worst was perspiration, garlic, second, rubber third and kerosene fourth.

FEW ELECTED HEAD N METHODIST LAY ACTIVITIES

Lake Junaluska, July 10.—(AP)—W. P. Few, president of Duke University, Durham, today was elected president of the board of lay activities of the Methodist Episcopal church, which is holding its annual meeting here.

Few succeeds Judge M. E. Lawson, of Liberty, Mo., who has held the office for four years.

Other officers elected were G. W. Pardee, Little Rock, Ark., D. R. Beeson, Stillwater, Okla., vice-presidents; S. H. Blair, Montgomery, Ala., recording secretary, and J. E. Crawford, Nashville, Tenn., treasurer and associate secretary.

CONSTIPATION RELIEVED QUICKLY

CARTER'S LITTLE PILLS This Purely Vegetable Pill will move the bowels without any pain and depressing after effects. Sick Headaches, Indigestion, Biliousness and Bad Complexion quickly relieved. Children and Adults can easily swallow Dr. Carter's tiny, sugar coated pills. They are free from calomel and poisonous drugs. All Druggists 25c and 75c red pkgs.

BUSINESS CLUB TO MOVE HEADQUARTERS TO N. C.

Asheville, July 10.—(AP)—The board of governors of the National Association of American Business Clubs will meet in Indianapolis Saturday, it was announced here today by Wallace Wright, national president.

Following the board meeting, national headquarters will be moved to Asheville, where they will be located during Mr. Wright's leadership.

Policies of operations and plans of expansion for the various American business clubs throughout the United States will be discussed at Saturday's board meeting. The National Association has undertaken the sponsorship of juvenile welfare, including scouting, and the establishment of a board for the advancement of statesmanship among boys of the high schools of the United States.

TAX RELIEF BODY SEEKS BUDGET CUT

(Continued from page one)

quadrennial assessment shall have been affected by some extraordinary circumstance, the facts in connection with which shall be found by such board in each case and entered upon the proceedings of said board. A very great deal of our farm lands seems to come within this exception, because of the extraordinary circumstances under which the farmers are now compelled to exist. This law further provides that the taxpayer has right of appeal from the County Board to the State Board of Assessment, but this appeal must be taken within thirty days of the decision by the County Board. The taxpayers in Pitt county can secure tax relief if they act concertedly and according to law in seeking that relief.

This is the taxpayers' time to come out and show by your presence that you are interested in saving your homes and farms from total confiscation by excess burden of tax. The welfare of Pitt county is at stake. Do you realize it and will you do your part to secure fair tax burden under existing conditions?

We have just received some beautiful seamless pumps in AAA to C's, in white crepe, patent leather and mat kid.

This white crepe can be made into any color to match your evening dress.

LEADERSHIP is the coveted prize in every industry, and the rubber industry is no exception.

So it is only human that our aspiring friends occasionally indulge in the thrill of talking about Leadership, whether they have it or not.

We mention this in all good humor, and merely to explain the somewhat confusing advertising you see now and again, in which one rubber company or another blithely forgets its definitions and shoots the works.

The justification for such a fling is that the use of the term Leadership in most cases is qualified, even if obscurely, by being based on some subordinate phase of the business in which the advertiser claims to excel.

BUT what's all the shootin' for—is Leadership really an important matter?

We think it is, as the most dependable indorsement of a product that the public can find upon which to rely.

When a plurality of the world's motorists, for example, year after year singles out one make of tire as the highest representative of value and merit, that is tremendously important.

It affords the average buyer the finest and safest possible guidance in his purchasing—and for his good and our own we desire to keep that guidance clear.

DISPENSING, then, with equivocal claims, evasions, qualifications and adroit expression, what company actually holds Leadership in the rubber industry?

The public has decisively answered that question in concrete terms of dollars and cents, and has conferred the award upon Goodyear.

Goodyear in turn submits to you the solid facts which support its Leadership.

It does this in no spirit of boastfulness; on the contrary with a privileged sense of the responsibility which its outstanding position entails:

In both volume and value of annual sales, Goodyear is the largest rubber company in the world.

Goodyear consumes 1/6 of all the crude rubber used annually in the world—approximately 50% more than any other manufacturer.

Goodyear builds more than 1/4 of all the tires sold in America, the remainder being divided among some forty manufacturers.

For years Goodyear has factory-equipped between 1/4 and 1/3 of all the new motor cars manufactured.

Goodyear exports approximately 40% of all the tires exported from the United States and Canada for other parts of the world.

Goodyear maintains the largest development laboratories and corps of experimental engineers of any rubber company in the world.

In the last seven years Goodyear's annual production

of pneumatic tires has increased 172%, as against an increase of approximately 75% for the industry as a whole.

WITH special reference to tires, Goodyear holds Leadership because:

Goodyear has made more tires for motor vehicles than any other manufacturer—by millions.

Goodyear is making, today, more tires than any other manufacturer in the world—by millions.

Goodyear's tire business has increased faster in the last five years than any other manufacturer's—by millions.

More people ride on Goodyear Tires than on any other kind—by millions.

THERE'S the story, good people, figure it out for yourselves.

Certainly it means that in Goodyear Tires the average user finds a quality and a value which he cannot equal elsewhere.

Certainly it means that when you buy a Goodyear Tire you buy something good enough, outstandingly good enough, to have won a special and unrivalled place in the confidence of the public.

And when any other rubber company confuses you with talk about Leadership, just treat yourself to a knowing grin and say: "Sure! We know — You're Napoleon!"

HISTORY

Social and Personal

Mrs. J. W. Shackelford, of Farmville, was here today.

Miss Lettie Taylor, of Kinston, is visiting Mr. and Mrs. Z. V. Murphy on Dickinson avenue.

Mrs. H. W. Whedbee and W. L. Whedbee left yesterday for Louisville, Ky., to visit Dr. and Mrs. Malcolm Thompson.

Mrs. Donald Kirby has returned from Goldsboro, where she has been visiting relatives and friends.

Mrs. C. W. Hearn left Wednesday for a visit to her mother, Mrs. A. B. Pearsall at Red Springs, Sarah Hall Goodwin, of Lumberton, niece of Mrs. Hearn, who has been visiting her the past few days, accompanied her home.

Dr. and Mrs. Joy A. Breth and little daughter, Margaret Ann, and Mrs. Sarah Edder, of Akron, Ohio, are visiting their sister Mrs. J. H. Woodard.

Mrs. Harry Skinner and Mrs. A. M. Moseley left today for a visit in Wilson.

Mrs. X. Mayo and Mrs. Price, of Bethel, were here today.

Mr. and Mrs. O. R. Brown, Misses Annie Hoover and Malissa Brown, and Mrs. J. J. Barefoot, of Raleigh, who have been the guests of Mr. and Mrs. A. H. Taft, have returned to their home.

Miss Blanche Staton left today for a visit in Kinston.

Mrs. J. T. B. Hoover who has been visiting her daughter, Mrs. A. H. Taft, left Monday for a visit in Raleigh.

Miss Ruth Williamson has returned home after spending several days at Ocean View and Rocky Mount.

MRS. MOSELEY BRIDGE LUNCHEON HOSTESS

Mrs. A. M. Moseley was a charming bridge luncheon hostess Wednesday morning, honoring Mrs. J. C. Butler, of Atlanta, Ga.

A variety of summer flowers with a pink and blue color note predominating, were attractively used throughout the home.

Four tables were placed for bridge. Mrs. Bruce Warren was awarded bridge cards for high score. Mrs. Butler presented silk hose.

A delectable three course luncheon was served.

Undergo Tonsil Operation.

Little Miss Alice Harper Parker and Master Edward Harris, of Farmville, underwent tonsil operations in the local hospital today. The are both getting on nicely and returned to their homes this afternoon.

Mrs. Meeks Honored.

Farmville, July 9.—Miss Mary Elizabeth Meeks, of Rocky Mount, house guest of Miss Mary Alice Beaman, was honored at a lovely party given by Miss Elizabeth Lang on Monday morning at 10:30, and held at the Farmville Drug Store.

Attractive place cards guided the guests to their chairs at tables reserved by the hostess, refreshing drinks and ices were served and exquisite nosegays were given as favors.

Miss Lang's guests included Misses Mary Elizabeth Meeks, Mary Alice Beaman, Lucy and Janie Johnston, Lettie Lane Joyner, Rosalie Lang, Virginia Lang, Rachel Monk, Lurline Bass, Margaret Davis, Nancy and Rachel Lewis.

Entertains Club.

Farmville, July 9.—Miss Mary Alice Beaman entertained the members of her bridge club at a very delightful morning party on Tuesday, honoring her guest, Miss Mary Elizabeth Meeks, of Rocky Mount.

Masses of summer flowers were arranged in the home and tallies were in fan design. Miss Sarah Mewborn was awarded a lovely powder jar as winner of high score, and Miss Rachel Monk was given a compact as consolation. A dainty evening handkerchief was presented to the honoree. At the end of the game refreshment cloths were placed on the tables, which were centered with silver vases of old fashioned pink, and a delightful chicken salad course was served.

PIVER—TURNER.

Bethel, July 8.—Miss Fannie Jones Turner, of Bethel, and James Arthur Piver, of Greenville, were married in a quiet ceremony at the Methodist Episcopal church in Bethel at 8:30 o'clock Thursday evening, July 3. Rev. J. R. Edwards pastor of the bride, officiated.

The bride was attractively attired in a striking gown of blue georgette. She wore a French felt hat with harmonizing accessories. Her flowers were a shoulder corsage of sweet peas.

After the ceremony Mr. and Mrs. Piver left for a short motor trip, after which they will be at home, West Fourth street in Greenville.

Mrs. Piver is the youngest daughter of Mr. and Mrs. John Thomas Turner, of Bethel. She graduated from the Bethel High School and was valedictorian of her class. She also graduated from East Carolina Teachers College and taught for two years in the public schools of Eastern Carolina.

Mr. Piver is the son of the late George and Minnie Piver, of Southport. For the past few years he has been connected with the Great Atlantic and Pacific Tea Company in Greenville.

AMERICAN LEGION AUXILIARY ELECTS OFFICERS FOR NEXT YEAR

The American Legion Auxiliary held a very interesting meeting yesterday with Mrs. S. M. Schultz and Mrs. L. H. Bowling as hostesses. A number of important matters were discussed.

Officers for the coming year which will begin in September, were elected as follows: President, Mrs. D. M. Clark; first vice-president, Mrs. Wiley Brown; second vice-president, Miss Estelle Greene; corresponding secretary and treasurer, Mrs. M. K. Fort; recording secretary, Mrs. Layton McGowan; chaplain, Mrs. Walter Cherry; sergeant-at-arms, Mrs. J. Hicks Corey; historian, Mrs. S. N. Graham.

The following delegates to the state convention, which will be held in Winston-Salem in August, were appointed: Mrs. R. C. Stokes, Jr., Mrs. K. B. Pace, Mrs. D. M. Clark. Alternates, Mrs. L. H. Bowling, Mrs. C. A. Bowen, Mrs. C. H. Edwards.

The hostesses served a tempting ice course.

Card Club.

Farmville, July 9.—Miss Elizabeth Fields was hostess to her card club this week at her home which was beautifully decorated with large baskets of gladioli. A frozen salad course, served at the end of the game, proved delectable and refreshing.

Charges Man With Killing Lumberman

Kinston, July 10.—(AP)—The slaying of J. C. Causey, Suffolk, Va., lumberman, laid at his feet by an alleged accomplice, Herman Casey, 44, of Greene county, will receive a preliminary hearing here tomorrow on a charge of murder.

Milton Wood, 19, who has been under arrest with Casey since shortly after Causey was found dead last Friday, told police last night that he watched Casey kill the Virginian and then set fire to his car after he had dumped the body into it.

Casey's body burned to a crisp; was found in his charred automobile Friday. Officers believed he was killed Thursday for a pay roll.

Young Wood swore that he was riding in a truck with Casey when they stopped the Suffolk man on a lonely road. Casey, without preliminaries, he said, shot Causey, robbed him, then placed his body in the car and with the aid of gasoline from the carburetor, set fire to the automobile.

His story was told to a Goldsboro officer and two Norfolk officers, sent here to aid in the investigation. It was denied by Casey. Officers admitted that they placed considerable credence to it.

English Trial Enters Third Day

Kenansville, N. C., July 10.—(AP)—With a long list of state witnesses yet to be called, the trial of Stephen English, young farmer of Wallace, for first degree murder of his wife, entered its third day here today.

The witness around whom the state was expected to center its case has already appeared. He is Raeford Albertson, 19, who charged that the defendant attempted to hire him to kill Mrs. English for an automobile and \$50.

He also told the jury drawn from a special venire from Onslow county that English later admitted to him that he had killed his wife.

Montgomery-Ward Makes Important Prosperity Move

Beginning today, as is announced elsewhere in this issue of the Daily Reflector, and in nearly 900 leading newspapers throughout the country, Montgomery Ward & Co., inaugurates one of the most unusual merchandising policies the country has ever seen. Announcements have been sent to the company's ten million customers, telling them that from now until September 15, any item in the company's catalogue or retail stores except groceries, will be sold on Ward's time payment plan.

Heretofore, the company has confined its time payment selling to such items as washing machines, furniture, stoves, furnaces, etc., and in the face of present business conditions with the general tightening of credit by most retailers, this action on the part of Montgomery Ward & Co., is a significant move.

Mr. George E. Everett, president of the company, in announcing the new policy, expressed the belief that there is plenty of money and purchasing power in America and that greater prosperity can be brought about by creating an inclination to buy on the part of the public. Mr. Everett points out that the average weekly payroll of America today is conservatively estimated at eight hundred and forty million dollars; that the registered savings accounts in the country total over twenty-seven billion dollars, and are steadily increasing.

He says, "Yes, there is ample money power and we believe that general business will improve when the buying public is satisfied that retail prices reflect the lower commodity levels. In our judgment, commodity prices are scraping bottom today and Montgomery Ward & Co., has placed, and is placing orders for millions of dollars worth of merchandise at these new low levels. Months ago we cut prices accordingly, and again in the last sixty days have made further reductions on such merchandise as piece goods, work clothing, plumbing supplies, etc."

In explanation of the new plan at new low prices and on the time plan, Mr. Everett says, "We consider it a constructive move (one of the very few that have been made thus far) to stimulate consumer buying. Even a small upturn in demand will start orders to factories, which, turning, unemployment lessening and a resultant upward trend to our general business structure and prosperity."

"Many will praise us for this move. Some will criticize us. I hope that other institutions, large and small, will follow with their constructive methods to persuade the public to use its paying power. In his first daily article, issued June 30, Calvin Coolidge said 'My countrymen, it is time to stop criticizing and quarrelling and begin sympathizing and helping.'"

This latest move on the part of Montgomery Ward & Co., will be welcomed by business leaders and people everywhere. No doubt a move like this by Montgomery Ward & Co., with its far flung distribution organization of mail order business, houses and retail stores in every part of the country, will have a decidedly uplifting effect on business in the local Ward store today.

This city's fashion queen will be chosen the coming Monday and Tuesday nights during the Greater Greenville Fashion and Beauty Extravaganza, which will be the stage attraction at White's theatre. More than thirty local boys and girls will take part in this production.

Miss Simpson, who is a member of the organization of mail order business, houses and retail stores in every part of the country, will have a decidedly uplifting effect on business in the local Ward store today.

Officer Injured In Pistol Battle With Rum Runners

Chicago, July 10.—(AP)—Two motorcycle policemen and two rum runners with an automobile load of alcohol engaged in a spectacular running fight along 22 miles of state highway between Joliet and Aurora, suburban cities, early today. The affray ended on the outskirts of Aurora with the perhaps fatal wounding of one of the officers, Henry Schelling.

Officer William Burks stopped to aid Schelling and the rum runners escaped. The officers confiscated the bootleggers' sedan and the intoxicants.

The shooting started on the outskirts of Joliet when the pair in the sedan opened fire on the officers without warning. One shot from the patrolmen pierced a tire of the sedan on the outskirts of Aurora and the runners left their machine. They fled when Schelling fell with bullet wounds in the neck and shoulder.

THREE STANLEY MEN PAROLED BY GOVERNOR

Raleigh, July 10.—(AP)—Three men convicted in Stanley county on two counts of breaking, entering and larceny were paroled today by Gov. O. Max Gardner. The men were sentenced in July 1929 to serve two to three years each.

The three, Jim Jolly, Rathford Dennis and Raeford Burleson, were "more boys at the time" the parole statement said. It also stated that the owner of one of the business houses entered said that he "has never felt that the prisoners were guilty."

AUTOMOBILE SALES FALL OFF IN STATE

Raleigh, July 10.—(AP)—New automobile sales in North Carolina for the first six months of 1930 totalled 21,927, compared to 29,452 sold during the same period of 1929. W. C. Spruill, assistant director of the motor bureau vehicle bureau of the state department of revenue, announced today.

BURNING UP MILLIONS
During May the total fire loss was \$38,415,142, \$6,285,734 more than in May, 1929. The total for the first five months of this year is estimated to be above \$210,521,000, which corresponds with \$196,487,000 for the same period last year. If the present trend continues, the 1930 waste will exceed that of 1929 by more than \$30,000,000.

When, over a two-year period, appreciable declines in our fire loss were recorded, it was believed that America was at last becoming "fire conscious." Apparently this optimism was not justified. We are again on our way toward a new record.

We cannot plead ignorance. Various public and private organizations have worked intensively to show us the danger of fire and how to prevent it. Each year we have a nationally-observed Fire Prevention Week. There is only one sound reason for the gigantic waste—carelessness.

We put off wiring inspection; we drop tobacco, and matches wherever we happen to finish with them; we lazily leave piles of trash in corners of garages and basements.

We do everything that may cause fire, and almost nothing to prevent it. It is only natural that our annual waste should be the greatest in the world.

Every year the American people contribute about \$500,000,000 to fire waste. It is destroyed just as thoroughly as if we threw currency in the stove. That is worth thinking about.

ABOUT TOWN

Members of the Greenville Fire department are to be congratulated upon the splendid record they have been able to establish during the last few years, and especially the record of last year.

The report of Fire Chief George Gardner discloses the fact that although the department responded to 38 more alarms last year than during the previous year they were able to reduce the city's fire loss by several thousands of dollars.

A movement is now underway to increase the efficiency of the fire fighters by giving them more equipment. The plan will not only increase the safety of life and property but will also enable the city to enjoy a lower fire insurance rate.

That the aldermen will give the matter earnest consideration when it comes up for hearing cannot be questioned. They have always done everything possible to increase the scope of activities of the firemen and that they will continue to do this cannot be doubted. The same opinion has been expressed by Mayor J. C. Lanier, one of the most powerful allies the firemen

has in improving their service.

The reported reduction in the cost of operating the water and light plant during the past year will be received with keen interest by people interested in economy of the city's enterprises.

In spite of the fact that power rates are as low here as any other town in the state, and much lower than some, the commission has been able to cut down expenses in all departments and will continue to practice economy in the future.

If ever there was a time when something of this kind was needed it is now. The members of the commission are to be congratulated upon the thrift they have displayed and it is to be hoped they will get just as good results from their future efforts.

A court in Tennessee has declared that persons riding with a drunken driver are just as guilty as the driver.

The ruling is going to be hotly contested, but if the court sticks to it, good results should be obtained. People who ride with drunken drivers not only tolerate the violation of the prohibition law but also lend their encouragement to the violation of traffic laws prohibiting the operation of automobiles by intoxicated drivers.

If the courts of other states should take action as drastic there is every reason to believe the drunken driver eventually would disappear from our public highways. Then, also, the legislation would be aided greatly by authorizing highway cops to make arrests of whiskey cases.

"I feel like I have read the latest when I finish reading the Reflector," a reader remarked to the writer of this column a day or so ago.

To which we made our best bow and assured the gentleman that our leased wire news service enabled us to give detailed reports on the most important news developments in all parts of the world.

The Reflector very often receives compliments of this sort, and it is proud it is able to render such a distinct service to the hundreds of people of this great agricultural community.

We have always striven to render the highest type of service and improvements in the newspaper field with the passing of each year enable us to more completely realize this ambition. The profession has been revolutionized by invention during the last twenty years, and the service which our readers enjoy today is the outgrowth of the latest creations in the field of newspaper work.

The venerable clinics for colored people being conducted in this county at the present time should receive the hearty support of the thinking people of both races.

This campaign is the only one of its kind conducted in the state of North Carolina and is an experiment on the part of the United States Health Department tending to show the State Health department how important it is to safeguard the lives of members of the colored race.

The treatment of those suffering from venereal troubles not only eliminates the possibility of communicating the disease to other people, but it also makes the sufferers of greater value to the community by increasing their physical and mental fitness.

This one thing should make the campaign worth thousands of dollars to Pitt county people and enable the colored people to get rid of one of the greatest scourges known to humanity.

The treatments are being given free of charge and it is to be hoped those affected with the disease will be tested immediately so they may receive treatment at the earliest possible moment.

PUBLIC FORUM
OUR READERS ARE INVITED TO USE THIS COLUMN FOR DISCUSSING PROBLEMS OF INTEREST TO THIS COMMUNITY. IN ALL CASES NAMES MUST ACCOMPANY ANY COMMUNICATION.
Please Make Your Discussion As Short As Possible.

THE PENTECOSTAL HOLINESS CHURCH—WHO WE ARE.

Article IV. Conviction.
"When He (the Holy Spirit) is come, He will convict the world of sin," John 16:8. No one can obtain salvation without repentance. And no one will genuinely repent until he is convicted of sin. The first state of man in the move from darkness to light is conviction. To be convicted is to be convinced of error. No one will seek God until he feels the need of Him. And we are so independent that we will admit no need until we see ourselves helpless sinful creatures. The work of conviction is done by the influence and power of the Holy Spirit. Jesus said "No man cometh unto me except my Father draw him." In this dispensation of the Holy Ghost, God's dealings with the human family are through His Holy Spirit. The third persons of the trinity is in the world today to convert, to lead to God, and to comfort the hearts of men.

The Holy Spirit uses many agencies in His office work here among man. One of his agencies is the preaching of the "Word." It is comforting to know that the word of God contains many passages of love and mercy, but the full gospel minister must remember that it also contains many messages of warnings and denunciations of sin. Many

times when the sins of the times are denounced, the people who are guilty of particular sins that may be mentioned, feel that they are disrespected and condemned with fierce denunciation, but a message that will show a man his error is a message of mercy even though it is apparently disguised. Men who are dead in trespasses and sins need to be quickened and made conscious of their need. For the minister to pat a man on the shoulder and speak words of commendation makes good church goers, but it sometimes takes the inspired reproof of the Holy Spirit to sink the arrows of conviction into the deep of a man's heart and convince him that he is sinful and in need of a Saviour.

We need a gospel that will make penitent hearts. The publican who went into the temple conscious of his guilt and bowed in humility, came far closer to the mercy seat than the pharisee who stood in his dignity commending himself to God. Jesus said the convicted publican went down to his house justified rather than the self righteous pharisee. The people today who will believe the Bible and look into its truths will find it to be a mirror that will show the spiritual condition of their hearts. There seems to be a tendency among modern churchmen to steer clear of convicting truths, and use themes that will entertain and console even the man who has sin in his heart. "He that covereth his sins shall not prosper." Therefore all messages that would seem to console a man in his sins can be nothing more than another veil to enshroud him deeper in deception. The greatest blessing to any one who has the least sin covered in his heart is an arrow of conviction that will make him conscious of that sin, and convince him of his wickedness in sinning against God.

We are the people who believe in crying aloud, and sparing no sin, that the people may see their sinful activities, and be conscious of indwelling sin. All sinners who believe the gospel will be blessed with a visitation of the Holy Spirit, bringing deep and pungent conviction.

I. H. PRESLEY.

ARRANGE FUNERAL FOR CARDINAL VANNUTELLI
Vatican City, July 10.—(AP)—Funeral services for Cardinal Vannutelli, dean of the Sacred College who died yesterday evening of uremic poisoning, have been fixed for Saturday at 10 a. m., at the Church of St. Ignatius. Repairs which his own titular church, St. Mary Major, is undergoing, made fitting obsequies there at this time impossible.

The new dean of the Sacred College, Cardinal Granito Pignatelli Di Belmonte, will preside, and impart benediction.

Cardinal Vannutelli's body has lain in state in the throne room of his apartment in the O'Ataria palace since his death yesterday evening.

Carolina Woman LOST 47 LBS.
In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and side.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

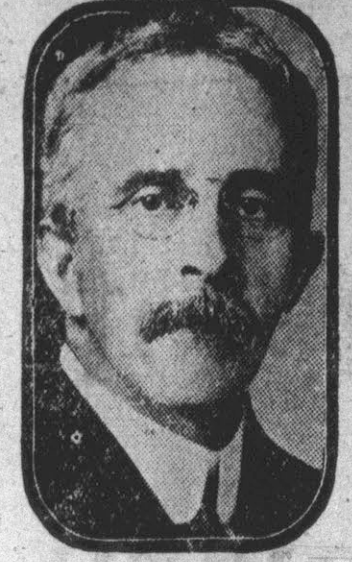

"I shall never be without Kruschen Salts, will never cease taking my daily dose, and more than glad to highly recommend it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1930. "P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at Greenville Drug Co., and druggists the world over. Take one half tea spoon in a glass of hot water every morning before breakfast—walk a little each day. Do not overeat.

THIEVES AVERAGE SEVEN CARS A DAY IN N. C.

Raleigh, July 10.—(AP)—An average of more than seven automobiles were stolen each day in North Carolina during the fiscal year which ended June 30. L. S. Harris, director of the bureau of the state department of revenue, announced today.

There were 2,586 cars stolen during the fiscal period and 1,608 were recovered by state and county officers. The 15 inspectors attached to Mr. Harris' office recovered 100 cars. During June 130 automobiles were stolen in the state and 63 were recovered.

During the past fiscal year, Mr. Harris said, his inspectors were instrumental in collection of \$470,000 in delinquent taxes.

\$8,000 Jewelry Haul
Paterson, N. J., July 10.—(AP)—Three men slugged the proprietor of a downtown jewelry store today and escaped with watches and jewels valued at \$8,000. Entering the store of George N. Elliott on a busy section of Main street, one of the intruders struck Elliott with a blackjack and the others scooped up the valuables and ran.

AUGUST HECKSCHER AND BRIDE

THE PERKINS CO.

"Everybody's Store"

419 Evans Street
Greenville, N. C.

By Charles McManus

The Spirit of Progress is a famous statue on the original Montgomery Ward & Co. Building, Michigan Boulevard, Chicago. For generations it has been a symbol of leadership and inspiration for this great world-wide organization.

The Spirit of Progress

Guides Montgomery Ward & Co.

Starting as the original mail order house and now operating the world's largest general merchandise chain, we continue to strive to realize the ideals of leadership which our symbol represents

18,000,000 people will see this announcement in more than 650 of the nation's leading newspapers this morning. You are personally interested in this important message and will be well repaid for the time you take to read every word.

Leadership demands action. A great deal has been said and written about unemployment and poor business. You read much about the reduced purchasing power of the average citizen—but what about his paying power?

Despite the unemployment, the present average weekly payroll of America is estimated at \$840,000,000. In addition, the registered savings accounts total over twenty-seven billion dollars and are steadily increasing. Yes, there is ample paying power. But we believe that general business will improve only when the buying public are satisfied that prices to them (and that means to you) reflect the new low commodity levels.

In our judgment, commodity prices are scraping bottom today. We do not say that there will not be some further declines, but broadly speaking, current prices are the lowest in years, in some cases the lowest in 15 to 20 years.

Leadership Demands Action

Montgomery Ward & Co. is placing orders for millions of dollars worth of merchandise at these new low commodity levels. There are 120,000,000 American people to be fed, clothed, sheltered and entertained; and regardless of unemployment, poor export business, low agricultural

prices, etc., the requirements of the American nation total a huge sum.

New Fall Prices Now

For many years it has been the custom of Montgomery Ward & Co. to make Fall prices effective when our Fall and Winter Catalogue is distributed, about September 1st.

Months ago we cut prices. During the past 60 days there have been further declines in the cost prices of many items of merchandise—and all these low prices we are making effective at once—so that as far as Montgomery Ward & Co. customers are concerned, they need not wait for lower prices. Ward's prices are down NOW to the new commodity levels.

How Do You Judge a Low Price?

Only by the dependable quality you receive.

There is nothing cheap about Montgomery Ward & Co. merchandise. We have never sacrificed quality to make low prices, and despite the surprising savings that are possible on thousands of different articles which we sell through our catalogues and Retail Stores, you can buy from us with complete confidence.

There is a good deal in the papers now about the Byrd Antarctic Expedition. They used more than 7,000 articles selected from our regular stocks and they used them under conditions where quality and dependability meant life itself. Their verdict was radioed to us in March from Dunedin, New Zealand, "Satisfactory in all respects."

Our method of doing business can be stated in one phrase—**"You Must Be Satisfied"**

The goods you buy from us must be "satisfactory in all respects." **Leadership demands action.** In making our Fall prices effective now, we are doing something definite to establish public confidence in new price levels and we are taking this constructive step to stimulate the use of your buying power.

For years we have recognized the conveniences and advantage of the Time Payment method. We are selling annually many millions of dollars of goods on Easy Payments. Basically the American Public is honest, meets its just obligations. On that belief we have never hesitated to sell on time. Over a period of many years, our experience has been thoroughly satisfactory and our bad debt losses negligible.

Now, for the first time in the history of American merchandising, a national institution offers this Time Payment opportunity

Beginning today and continuing until September 15, Montgomery Ward & Co. will sell you any merchandise shown in its catalogues or Retail Stores (excepting groceries) on the Easy Payment Plan, provided your order totals \$25 or more

We have begun the mailing of 10,000,000 announcements to our customer list, giving full details. Visit the Ward Store in your neighborhood for complete information. We know this offer will bring us additional business. It will make us new friends. It will acquaint great numbers of people with the dependable quality and the low prices that are the foundation of our business.

We consider it a constructive move (one of the very few that have been made thus far) to stimulate consumer buying. Even a small upturn in demand will start orders to fac-

tories, wheels turning, unemployment lessening and a resultant upward trend to our general business structure and prosperity.

Many will praise us for this move, some will criticize us. I hope that other institutions, large and small, will follow with their constructive plans to persuade the public to use its paying power. In his first daily newspaper article of July 1st, Calvin Coolidge said,

"My countrymen, it is time to stop criticizing and quarreling and begin sympathizing and helping."

Prices based on the new low commodity levels, quality goods of absolute dependability, our policy of "You must be Satisfied" and now this great 60-day Easy Payment opportunity. Surely these combine to bring you economy, convenience and satisfaction in your buying.

Yours sincerely,

George B. Everett
President.

MONTGOMERY WARD & CO.

PLAN TO STAGE GREAT BEAUTY SHOW IN CITY

Arrangements Under way for Fashion and Beauty Extravaganza Next Week

Greenville is to have an opportunity to be represented in the Greater North Carolina Fashion and Beauty Extravaganza, this fall at Greensboro, according to an announcement made today by a representative of the Ronald B. Woodard organization, who is in the city making arrangements for the staging of the "Greater Greenville

Fashion and Beauty Extravaganza," at White's theatre, this coming Monday and Tuesday nights, in co-operation with local business firms.

A score of Greenville business firms will be invited to co-operate and many of them will be represented by local models in the extravaganza.

All the local models taking part in this big production will be personally selected by Miss Betty McCoy, a representative of the producing company, who is now in the city. Miss McCoy stated that no local girls would be allowed to enter the extravaganza, unless they were recommended by local merchants.

The "Greater Greenville Fashion and Beauty Extravaganza" will be in the form of a miniature musical revue, in which there will be many big ensemble numbers. There will be interposed throughout the show, several song and dance numbers.

various cities' representatives for the state finals. The young lady selected at Greensboro this fall as "Miss Fashion Queen of North Carolina" will be sent to New York City, to compete for the title of "Miss Fashion Queen of America."

Miss McCoy, in an interview with a reporter for the Daily Reflector said, "We are striving to obtain a girl from each city in this state, who will be truly representative of the girlhood of that city. The local fashion queen will be selected on her poise, natural ability to model clothes and personal charm. Beauty will not be the deciding factor."

MacDonald Wins Fight Against His Government

London, July 10.—(AP)—Prime Minister MacDonald's victory by only three votes in a House of Commons fight yesterday, was believed today to be more safely entrenched against the next attack upon his regime. This probably will come next week when a motion of censure presented by Stanley Baldwin, Conservative leader, is up for vote.

There are predictions of a split in the Liberal following as a consequence of tactics of the leader, David Lloyd George, in so nearly forcing an election and ministerial defeat which he admitted he did not really wish.

The lengths to which a section of the Conservative following went in an effort to bring about the defeat, excited considerable comment today. Observers termed the strategy "subterfuge" and in some quarters the expression, "not cricket," was heard.

This reference was to the action of 50 or more conservatives in remaining at St. Stephens Cluz, nearby, until the moment of the division, as if to infer their absence was genuine and to foil the Laborites into a sense of false security, motivated by which some would remain

Ambassador Dwight W. Morrow (second from left with cane) was met by a large crowd of personal friends and government officials when he returned to his post in Mexico City after a long stay in the United States.

River Patrols Join Attack On Chinese Bandits

Shanghai, July 10.—(AP)—American, British and Japanese river patrols joined today in defensive operations as bandits and Communists intensified their firing on foreign vessels on the Yangtze and flouted a banner reading "down with imperialism, capitalism, foreigners and religion!"

Marauders continued to fire heavily at all foreign commercial or navy craft operating above Hankow, where steamers attempting to reach the lower river were reported to have been subjected to showers of bullets from both banks.

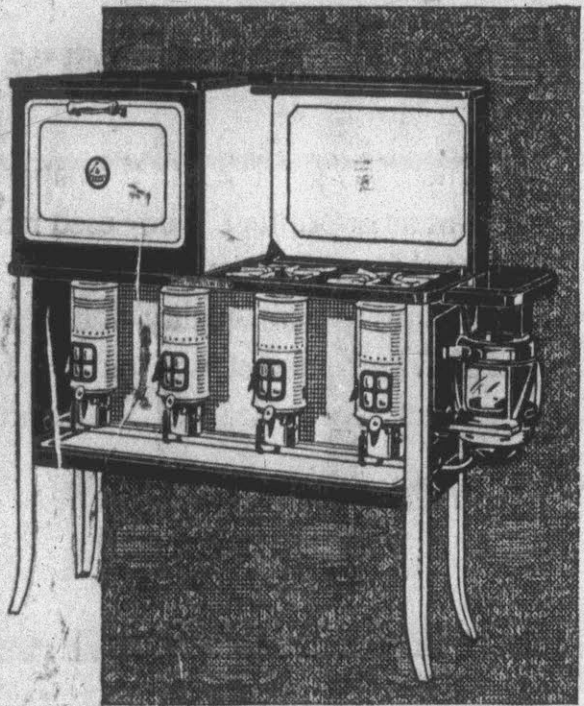

Commanders of the American, Japanese and British patrols were understood to be working cooperatively regarding distribution of their ships, each patrol attempting to protect all foreigners regardless of nationality.

Because of the large number of places in which gunboats were needed, the number under any one flag was inadequate.

Reliable reports said the bandits were well armed with rifles and machine guns and had plundered numerous small river ports between Hankow and Ichang, obtaining considerable money from post offices and customs houses and abducting anyone worth a ransom.

Out you go...old stove

Only \$8⁵⁰ down

Puts

this new labor-saving range in your place

WHY put up with the exasperating, poky old stove another day? It has made enough extra work, wasted enough of your time and strength. For a few dollars you can put in its place one of these swift-cooking new Perfection ranges.

The new range model shown above has silver-gray porcelain door panel, splash panels, burner chimneys and sliding burner-tray. Other parts are in smooth gray Perfectolac and satin black.

The handy end-shelf over the oil reservoir gives extra working space. The glass reservoir holds fuel for ten or twelve hours of cooking. When replenishing is necessary, the glass container can be tilted to remove for filling without disturbing the cooking.

Four powerful long-chimney burners give swift clean heat for every kind of cooking. The built-in oven is large enough for full-size roasting pans. It has an accurate heat indicator.

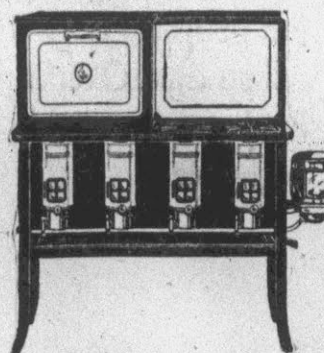

Twelve other new Perfection ranges, one of which is pictured here, give you a choice of many sizes, finishes and prices. Long chimneys or short-drum burners, as you prefer. All models are quick to light, easy to regulate, simple to refuel... a joy to live with. All can be bought on the new Perfection Purchase Plan.

Any dealer displaying this sign will offer you free trial and easy terms on any Perfection and accept your old stove as part payment.

IS THIS YOUR FUTURE SHADOW?

"Coming events cast their shadows before"

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

When tempted to over-indulge

"Reach for a Lucky instead"

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted"

Your Throat Protection—against irritation—against cough

*In his famous book entitled "Foods for the Fat," Dr. Yorke-Davies gives this advice: "Any system for reducing fat will be of no avail if the patient persists in eating between meals." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

REDS CAUSE CUBS TO LOSE FIRST PLACE

By HUGH S. FULLERTON, Jr.
(Associated Press Sports Writer)

The Cincinnati Reds are struggling deep in the second division of the National League, but when the Chicago Cubs, champions last season and contenders for this year's title, come along the Reds step out and play some first division baseball.

The Reds knocked the Cubs clear out of first place in the last few days by winning four games in a row and made it a record of seven victories over Chicago in eleven games played. There seemed to be every reason why Cincinnati should lose the final clash yesterday but they had the champions coming from behind all the way and finally put over a run in the tenth inning to gain a 4 to 3 victory. The Reds were out hit 11-10 and seven of them fanned against Charley Root's pitching, but still they had enough punch to squeeze over the odds run.

The defeat dropped the Cubs two full games into second place as Brooklyn took both games of a double header from the Boston Braves. With Dazzy Vance pitching superlative ball, striking out nine while he allowed only three hits, the Braves took the first game 8 to 0. The Cubs put up a better battle in the second and it required a home run with the bases full by Del Bissonette to give Brooklyn a 6-4 decision.

The steadily advancing St. Louis Cardinals picked up another game on the New York Giants and now are only a half game back of third place as the result of their 7 to 6 victory over the Pittsburgh Pirates while New York dropped another to Philadelphia by a 5-4 count.

The American League celebrated the end of Washington's long winning streak, which came at the hands of the Boston Red Sox. Washington used only one pitcher to a game, but Lloyd Brown gave the Red Sox 17 hits in the second contest while Milt Gaston held the Senators to eight, and Boston won 5 to 1. Washington took the first game 5 to 2, behind Sam Jones pitching to make it ten straight.

The Athletics, in second place, had a very bad day against New York and went down by a 12 to 6 score. The Philadelphia pitchers were ineffective and the fielding behind them was bad.

Once more Babe Ruth provided one of the day's biggest pieces of

news by drawing down a three-day suspension because of the previous afternoon's dispute with Umpire Brick Owens. The punishment did not turn out to be very severe as an injury was keeping the Babe out of action.

The struggle among the five trailers in the American League remained unchanged as the pair with the better standings, Cleveland and Detroit, won their games. The fourth place Indians slammed out a 9 to 5 decision over the St. Louis Browns to win their first series in almost a month. They took three out of the four games.

The Detroit Tigers strengthened their hold on the top of the second division with a 6 to 1 triumph over the Chicago White Sox behind the pitching of George Uhle.

MARANVILLE GOING GOOD THIS SEASON

By HUGH S. FULLERTON, Jr.
(Associated Press Sports Writer)

One reason why the Boston Braves are still in the thick of the National League battle is to be found in 150-odd pounds of unadulterated shortstop bearing the imposing name of Walter James Vincent Maranville, otherwise known as "Rabbit." This little baseball player, who has spent 18 of his 37 summers playing major league ball, is having one of the best seasons of his long career.

When he was one of the main cogs of Boston's amazing team of 1914, his batting average was only .246 and his mark for his 18 major league years is .262, but this season he is hitting above the .300 mark and is fielding right along with the league's best. When the Braves stepped out yesterday to trouble the league leading Brooklyn Robins, 4 to 1, Maranville merely made two of Boston's nine hits, scored once, and handled eight fielding chances without an assist and started three of Boston's four double plays.

The shortstop had some assistance in stopping the Robins and leaving them only a half game ahead of the idle Chicago Cubs. Tom Zachary, who was considered too old for the American league this season, pitched a great game, shutting out the Robins except for Johnny Frederick's homer, while Wally Berger came through with his 24th circuit blow of the year, gaining a tie with Hack Wilson and Chuck Klein for the National league lead.

Completing the National league's day, Pittsburgh and Philadelphia made it a bad day for the first division. The Phillies, with Phil Collins on the mound, humbled the New York Giants, 8 to 1, pounding three pitchers for 14 hits while "Shutout Phil" held the Giants to ten thoroughly scattered blows. The Pirates kept the St. Louis Cardinals a game and one half back of the third place Giants by slamming out a 10 to 5 victory.

Washington continued to lead the American league parade with its ninth straight victory. The Senators, already in first place by several percentage points, beat the Boston Red Sox, 6 to 5, and finally gained a tie with the Athletics for the top where games are concerned. The world's champion lost a half game by dividing their double header with the New York Yankees.

Fred Marberry won his fifth game in Washington's streak of 17 victories in 18 games and made it 16 Senator pitchers to go the route

in that time. Heinie Manush aided him with a homer that produced the deciding runs. George Walberg proved this core arm something of a myth against the Yankees in the first game, holding them to three hits for a 4 to 0 victory. Red Ruffing kept pace with him for the last 8-1-3 innings after the Athletics had driven Henry Johnson to cover. The second contest was something of a slugfest, with George Pipgras outlasting four of the Athletics hurlers for a 9 to 4 victory.

Pop Bottle Attack Holding Interest In Sally League

Charlotte, July 10.—(AP)—Patrons of the South Atlantic League are finding plenty to discuss these days outside of base hits, brilliant

pitching and sparkling fielding. A few days ago it was a bat throwing incident. Today they were going over a pop bottle event put on by Greenville fans, with Umpire Cal Hubbard, the former All-American tackle, the target for their throws.

None of the bottles struck the giant arbiter. The trouble arrived in the ninth inning. Manager Joe Schepner of the Spinners came to bat after Boogs had fanned and protested about balls called when Macon made four runs in its half of the ninth.

Hubbard refused to stand for Schepner's words, and ordered him out of the park. As he did, bottles started falling around him. He immediately forfeited the game to Macon 9 to 0.

The Peaches were leading at the time 10 to 5. Parham, Sitts and

Patterson led the attack on two Spinner pitchers with two hits each. The victory gave Macon the series.

Jim Hudgens poled his 23rd homer of the season for Greenville, and Richards, Macon backstop, poled his third circuit wallop in as many days.

Charlotte blasted Asheville out of fourth position by trimming Columbia again as the Tourists were bowing to Augusta.

Jim Mooney was on the mound for the Bees, and fanned 13. He had little trouble winning behind the heavy hitting of his teammates and the numerous errors of the Corners. The score was 1 and 3.

Manager Hoblitzell topped the Hornet hitting with three out of

five, one going for two bases. Augusta slaughtered Asheville 13 to 5. Lynch and Griffin featured by slashing triples with the bases loaded.

Today's games find Greenville at Charlotte, Asheville at Macon and Augusta at Columbia.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, July 10.—(AP)—Cotton opened steady today at an advance of 3 to 9 points in response to firm Liverpool cables and reports of continued high temperatures and dry weather over the greater part of the south.

There was some July liquidation, probably incident to the circulation of notices estimated at about 6,300,000 bales including deliveries at Savannah which sent the price off from 13.15 to 13.06 during the early trading but new crop positions held fairly steady with new October contracts selling up to 12.85 or 7 points net higher while the new December at 13.03 showed a net advance of 11 points.

Liverpool cables said there had been local and continental buying in that market and reported a better feeling in Manchester with more sales of cotton cloths to India and China.

GRAIN MARKET

Chicago, July 10.—(AP)—Influenced by selling pressure from the southwest, where the harvest was reported as showing enlarged yields wheat prices underwent decided setbacks today after early upturns. Kansas dispatches said the north-west part of the state was reporting yields of from 41 to 55 bushels of wheat per acre. In some quarters, too, the government crop report this afternoon was expected to make a more or less bearish showing.

Wheat closed nervous 1-1/2 to 1-5/8 a bushel lower than yesterday's finish; corn closed 5-8 off to 7-3 up; oats 1-8 to 1-2 advance and provisions varying from 12 decline to a rise of 15.

STOCK MARKET

New York, July 10.—(AP)—Professional traders continued their struggles with a torpid stock market today, and had little to show for their efforts. Bearish efforts in the early trading accomplished little and before midday, traders shifted to the constructive side. Most pivotal shares soon recorded moderate gains.

Trading could not be enlivened. It was estimated in brokerage circles that the personal transactions of floor traders accounted for about 60 per cent of the activity. Commission house sentiment was a little more optimistic, and investment suggestions were plentiful, but virtually none was sanguine enough to look for any runaway market for a while. Important banking interests still seemed content to let the market drift.

The rails gave the best account of themselves, reflecting good yields from the prime dividend payers, expectation of improvement in traffic with the crop movement, and estimates as to the benefits to be derived from the increased class rates. While different roads will be affected variously, for instance, the Chicago Great Western, entire territory of which is affected, estimates that earnings will be increased about \$1 per preferred share.

The U. S. Steel unfilled tonnage report showed a reduction during June of only 91,163 tons, which was about in keeping with expectations. New evidence that the drop in wholesale commodity prices is beginning to influence retail prices and the cost of living appeared in announcements of sharp price reductions by Sears Roebuck, Montgomery Ward. The Labor Bureau, Inc., reported wage decreases in excess of increases in June, but reduction of retail prices may be a compensating factor. On the whole, the day's news was about a stand-off, with little market influence.

The bear activity in the morning closely coincided with the announcement of the suspension by the exchange of Sutro & Co., because of the alleged connection of one of its customers with the notorious Manhattan Electrical Supply pool. This action of the exchange, following the Throck Morton suspension, is interpreted as indicating that the stock exchange proposes to hold heads of member firms more strictly than ever accountable for the acts of subordinates. It is felt in conservative quarters that a campaign against manipulation would do much to restore confidence in equity shares.

Al Reduction, Johns Manville, and National Cash Register dropped 3 to 5 points to new lows, then rallied. In the rails, Atchafalpa, New York Central, New Haven, and others, gained 2 points or more. U.

SPORTS SLANTS

By ALAN GOULD
(Associated Press Sports Editor)
It hasn't been necessary to stage a playoff for the British Open golf title since 1921 but there have been five of these extra-round battles in the last seven years of competition for the United States Open crown. Before the war, it was not uncommon to have a triple tie at the end of the regulation 72-hole round in the American Open. The late Alex Smith beat Jack McDermott and his young brother, Macdonald Smith, in a three-cornered playoff in 1910. Francis Ouimet beat Harry Vardon and Ted Ray in 1913 in the most famous of all playoffs. Bobby Jones has figured in four of the five post-war playoffs, all two-man affairs. The Georgian has an even break to his credit in these

COMPLETES WORLD FLIGHT

Wing Commander Charles Kingsford-Smith signing the register at the Oakland, Cal., airport at the end of his flight around the world in the Southern Cross. James T. Drew, Oakland chief of police, is holding the book for the airman to sign.

NEW ENFORCEMENT HEAD SWORN

Coincident with the transfer of the national prohibition enforcement bureau from the treasury to the department of justice, Amos W. Woodcock was sworn in as the new director. Left to right: C. B. Sornborger, appointment clerk of the justice department; Mr. Woodcock, Attorney General Mitchell and G. Aaron Youngquist, assistant attorney general.

battles, beating Bobby Cruickshank and Al Espinosa but losing to Willie Macfarlane and Johnny Farrell. Jones has had to travel 108 holes in each of the last two Open championships, with the playoffs extended to the full 36-hole round, and it is not altogether improbable that he may have to wage another extended fight at Minneapolis. It would be worth the price of a ring-side seat to see Jones and Walter Hagen in a 36-hole playoff for the big crown.

Dean Cromwell, Southern California's track coach, stopped on a basketball of fireworks when he named Paul Jessup of Washington instead of Eric Krenz of Stanford for the discus-tossing position on Stanford captain.

Where Good Peaches Go

It has been said by a whimsical international wit that when a good American dies he goes to Paris. But where do the good peaches go? We know where a lot of them go—the finest, downiest, rosiest peaches that ever grew in a Southern orchard. When they are ripened just to the proper point they go into freezers with purest, richest, Southern milk and cream, to become component parts of

The Velvet Kind

Fresh Peach Ice Cream

If you can think of any more desirable fate for the most tempting peach, we cannot. Consider the thousands of people to whom this Fresh Peach Ice Cream will bring comfort and joy. You should be one of them this very evening! And we mention Peach in passing as only one of many succeeding flavors.

Southern Dairies never stops at half measures in foraging the whole South for its prize products to be incorporated in The Velvet Kind Ice Cream.

Again we submit a De Luxe Pint Package of Fresh Peach Ice Cream, obtainable from The Velvet Kind dealer nearest you, is positive proof of Where Good Peaches Go.

Always the Flavors of the Moment

Single Flavors or Two-Flavor Combinations in the famous De Luxe Pint Packages Filled and sealed at the freezers—untouched by human hands
