TAX RELIEF ASSOCIATION TALKS BUDGET

More Information on County Expenses Is Sought As Result of Meeting Monday

(By C. W. Hearne)

The Pitt County Tax Relief Association was in session on Monday, July 14th, according to notices previously given, in the court house from ten o'clock until 1:30. There were about one hundred representative citizens and taxpayers present. This was considered a good attendance in the face of tobacco curing and other pressing duties on farmers.

The meeting had a copy of the proposed budget for county expenses for 1930; this budget was given over in detail. After considering the meeting by unanimous rising vote, adopted the report of the committee of the body as heretofore printed in the columns of this paper, to-wit: requesting the Board of County Commissioners to reduce the proposed county road fund fifty per cent and all other county expenses twenty-five per cent, except for bonds, interest and striking fund, these to remain as suggested by the Commissioners.

Many of the items in the budget were criticized mostly from lack of information, it seems, for instance: there appeared no figures to indicate income from fees collected by the Register of Deeds office, Clerk of Court's office, or Sheriff's office. The meeting understood that there is a "Bond Salary Fund." The meeting desired further information on these fees.

Also, more information was sought on items for medical services as follows: County Jail \$100.00; County Home Medical service and drugs \$100.00; paupers' medical service \$300.00. These items, it seems to the taxpayers, should not be charged against them for the reason that \$5,000.00 is included in the budget to maintain Pitt County Health Department. It seems that a whole time physician and two nurses are paid by the county and state to render this particular service.

Also, more information was desired on items designated as commissions as follows:

Under general county fund expenditures, general expense, sheriff's commission, \$2,000.00; treasurer's commission, \$2,750.00; under head of county bond fund, sheriff's commission, \$750.00; under head of road and bridge bond fund, sheriff's commission, \$3,500.00; under head of county road fund, general fund, treasurer's commission, \$3,800.00; sheriff's commission, \$3,200.00; under head of county home, sheriff's commission, \$175.00; under head of health department, sheriff's commission, \$200.00. Total \$17,375.00.

As the public understands it, the sheriff and the treasurer are on salaries, therefore, why are the people required to pay in taxes the commissions charged in the budget? Further, it is understood, the salaries of these officers are paid out of the bond salary fund, or the general fund.

It was the sense of the meeting that a general cut of twenty-five per cent would reasonably take up excesses at the present and afford a reasonable measure of relief, except as to the county road fund, which, conditions demand shall be cut fifty per cent.

The County Board of Equalization and Review, which is the same as the County Board of Commissioners, was in session during the morning of Monday, the 14th. It held no afternoon session. It adjourned to meet next on July 28th. Therefore, it was impossible to file with said board complaints based on excessive valuations for 1930. The resolutions adopted by the meeting were delivered to the chairman of the board after his meeting had adjourned, and after other members of the board had left town.

It seems that the Taxpayers Association have further food for thought, in that in addition to notes of the county aggregating \$100,000.00 sold by the county on June 16th, 1930, the county now has advertised other notes aggregating \$250,000.00 to be sold on July 28th, 1930. The first \$100,000.00 sold June 16th matures July 30th, 1930, and the proposed sale of the notes to be made on July 28th, contemplates maturities as follows: \$75,000.00 on November 28th, 1930; \$75,000.00 on December 28th, 1930; and \$100,000.00 on January 28th, 1931.

LUMBERMAN TESTIFIES AT FUND PROBE

W. D. Alexander Admits Spending \$7,207 in Behalf of McCormick

Chicago, July 15.—(AP)—W. D. Alexander, lumberman of Bloomington, Ill., today testified at the senatorial inquiry into Ruth Hanna McCormick's primary campaign expenses that he spent \$7,207 of his own funds in behalf of her campaign.

He said he assumed direction of Mrs. McCormick's campaign in McLean county because of his friendship for her, and not because of any request from her headquarters. He had informally told Mrs. McCormick of his activities and his expenditures without submitting any report.

In her testimony yesterday, Mrs. McCormick had named McLean county as one of several in which her campaign had not cost anything. The expenditure disclosed by the lumberman swelled the total of expenditures in Mrs. McCormick's behalf to about \$327,000 of which she put up \$252,000.

Alexander said he had volunteered his services and his funds, saying his activities benefited him in his community. Mr. Alexander said he might aspire to public office, but he had no other interests aside from his lumber business. He did own some utility stock.

Mrs. McCormick appeared in the committee room while Alexander was on the stand but did not exercise the privilege granted her to cross-examine witnesses.

W. R. James, president of the Chicago West Parks board, who directed Mrs. McCormick's campaign in Chicago and Cook county, said he volunteered to assist her and received no compensation for it. He denied he had solicited or received any contributions to her campaign. He had not placed on the payroll of the West Park system any persons who worked in Mrs. McCormick's behalf.

English Trial Will Continue Another Day

Kenansville, N. C., July 15.—(AP)—Indications that the trial of Stephen English, Duplin county farmer, charged with the murder of his wife, would extend into Wednesday were seen today as the defense continued its testimony.

Stedman Duff, cousin of Bertie Brinson, whom the state alleges was English's paramour and the reason he is alleged to have killed his wife, featured yesterday's session.

He said he passed the English home the afternoon after the time Mrs. English was said to have been killed and saw her empty a pan of water from the front door.

Duff said he continued on to Cavanaugh's store where he saw English and Beaufort Albertson state's star witness, who has said English killed his wife before the two went to the store.

FLIERS DEFER PLANE RACE TO CITY OF TOKYO

Two Planes to Take Off From Tacoma Sometime Friday, or Probably Later

Tacoma, Wash., July 15.—(AP)—Delayed while exports groom their motors, pilots of the two planes which may race from Tacoma to Tokyo today said their flights had been postponed until Friday or perhaps even later. The fliers had expected to take off Thursday at the latest.

Harold Bromley, who expects to fly the monoplane "City of Tacoma," across the Pacific, said it would take a day or so to get his craft in shape.

The motor is being completely overhauled on "The Pacific Era," which may race "The City of Tacoma" across the north Pacific.

Robert Wark and Eddie Brown, Seattle pilots, said ten hours test flying would be needed before the take-off.

Three gasoline tanks, to increase the ship's capacity to 750 gallons of gas also have to be installed in "The Pacific Era."

"The City of Tacoma" will also carry 750 gallons of fuel. Eight hundred more gallons are to be picked up when she lands in the Aleutian Islands.

"The Pacific Era" is to carry a lighter load, refueling in the air above Juneau, and Nome, Alaska. Three hundred and fifty gallons are to be carried on the take-off, 450 taken on at Juneau and the tanks filled above Nome.

Rockingham County Has Man to Offer

Reidsville, July 15.—(AP)—Found: One young man, six feet tall, weighing about 130 pounds, brown hair, blue eyes and fair complexion, aged 20 to 25 years. Has heart tattooed on left arm, wrist, and lodge "B" on right hand.

Came to county welfare office several weeks ago, asked food, place to sleep, became dumb thereafter, and has spoken no word since. Refuses food, except at hands of attendant, and is gradually weakening. Is now confined in county home.

Highway Patrol Earns \$10,000.00 Profit Past Year

Raleigh, July 15.—(AP)—Approximately \$10,000 more than the state spent in operating the state highway patrol was brought into the state treasury during the fiscal year by that unit, according to a report by Captain Charles D. Farmer, director of the patrol.

Operating costs were \$144,111.98 while \$153,264.18 accrued from drivers without license plates and with improper licenses. Court fines and costs totalled \$66,940.71 of the latter figure.

The patrol warned 146,968 drivers concerning violations, the report showed, while 4,437 arrests were made. Of these 539 were for reckless driving and 454 for drunken driving.

A total of 3,792 cars without license plates were apprehended; 3,196 had improper plates; 422 had lost their tags; and 235 dealer tags were found on automobiles being used for private purposes.

Man Killed by Train

Aberdeen, N. C.—(AP)—A Seaboard Air Line freight train struck R. J. Stutt's automobile at a grade crossing here, killing him instantly.

Farmer Will Ask Legislature for Driver's License

Raleigh, July 15.—(AP)—Captain Charles D. Farmer, commander of the state highway patrol, expressing himself as highly pleased with the first year, announced today that he planned to ask the 1931 General Assembly to require a driver's license for every person in the state who operates a motor vehicle.

Captain Farmer pointed out that in addition to the increased element of safety if every driver was tested as to ability to operate an automobile the revenue, said that he would also advocate a highway patrol of 200 men. The present consists of 37 men.

Under Captain Farmer's plan all persons now driving cars would pay \$1 for license, all beginners would pay \$2 and all chauffeurs would be charged \$3 for a license.

HOOVER WILL MAKE TRIP TO THE ROCKIES

President to Visit Mountains Solely for the Purpose of Rest and Recreation

Washington, July 15.—(AP)—President Hoover was said today at the White House to expect to spend at least two weeks in the northern Rocky mountains late in August or early in September, "solely for purposes of an outdoor holiday and rest."

The following statement was made public:

"On May 9 press representatives were told that the president hoped to take a month's holiday in the western national parks, beginning August 1.

"At that time it was anticipated that the work of Congress would be completed at a much earlier date than has now eventuated.

"The president will require some time in Washington to complete important matters after the adjournment of the present session. He expects, however, to be able to be able to spend at least two weeks in the northern Rockies late in August or early September, solely for the purpose of an outdoor holiday and rest.

"The president has received a very great number of cordial invitations to make public appearances and addresses in various cities en route. The curtailment of the period when he may be away from Washington and the very nature of taking a holiday and rest will preclude acceptance of these invitations and he believes they will not be pressed."

One Killed In Fight In S. C.; Another Hurt

Kershaw, S. C., July 15.—(AP)—One man was dead, his brother lay seriously, if not fatally, wounded in a Camden hospital and another was held in the Kershaw county jail here today as the result of a shooting on the road between Westville and Dekalb shortly before midnight last night.

Stephen Owens, 24, was killed when a bullet went through his heart. James Owens, 26, was shot in the abdomen and right leg. Henry F. Clyburn, 25, of Westville, named by James as the man who killed his brother and shot him, was taken into custody shortly afterward.

Stephen's body was found in the front seat of an automobile by Donald and Alex Wilford, of Kershaw, who reported the find to the police.

In the meantime, James had crawled to a house 100 yards away and had attracted attention of residents by his groans. He freely explained that his brother had been shot in the heart by Clyburn.

Clyburn, when found by officers, was said to be badly bruised and had the sleeves torn off his shirt. Those investigating said there had been a scuffle about the automobile. No explanation of the shooting was available at an early hour today.

Junior Trans-Continental Flier Rescued From Wreckage Eighteen Hours After His Plane Crashes in Fog; Flight Companion Unhurt

Bennington, Vt., July 15.—(AP)—Eighteen hours after his plane had crashed into a mountain side in a dense fog Frank Goldsborough, 19, junior trans-continental record holder, was found alive in the wreckage today.

He was unconscious and in a serious condition. Orders were sent down the five miles of tangled Woodford mountain for a stretcher. Two or three hours was necessary to get him down to medical aid at Dunville Notch.

Leonard Lawrence, a stage driver, discovered the wreckage at 6:30 a. m. Parties numbering more than 100 had searched all last night since Donald Mockler, Goldsborough's flight companion, had come out of the woods with word of the accident.

Information sent down by a boy from the party which found him said Goldsborough's pulse was beating regularly, although he was unconscious and groaning. He was severely cut across the head and chest and his legs were probably broken.

The two were flying from Buffalo, N. Y., to Keene, N. H., and had stopped at Schenectady, N. Y. Fog was encountered after the take-off and the men became lost, crashing about noon.

Mockler was thrown free but was unable to pull wreckage off his companion's body and, after an hour, started down the mountain side. He became lost and following a small stream, arrived at an outlying farm house at 5 p. m. Searching parties were immediately formed and airplanes were notified to fly over the countryside.

The crash occurred on Woodford mountain. Mockler, although nearly exhausted, accompanied a searching party and stayed on the mountain all night. He remembered a swamp and a waterfall near the scene of the crash and the information led woodsmen to the scene.

An ambulance had been sent to Dunville Notch, which is in the town of Woodford, and had entered the woods. The searchers started out with Goldsborough on an improvised stretcher, and word was sent for another and more comfortable one. He had to be carried about two miles to the ambulance.

He was to be brought to the Putnam Memorial hospital here. About four miles from the point where the ambulance was to meet him, the searching party had no medical men among its members, a doctor having gone home early today.

Mrs. Bryce Goldsborough, the boy's step-mother, arrived here late last night from Albany.

Mockler was flying with Goldsborough to Keene to keep a lecture appointment last night. Goldsborough had left Cleveland, Ohio, yesterday morning.

At 9:15 a. m., approximately two and a half hours after he was found, Goldsborough was in an ambulance enroute to Putnam Memorial hospital here. The distance from the scene of the crash is only about four miles but the roads are extremely difficult.

The six men in the party that found the flyer used two coats tied together as a stretcher. They carried their unconscious burden for nearly two miles before reaching the ambulance. Part of the journey was through thick mud, knee deep, while at other points rocks and boulders barred the path.

The youthful airman was borne from his plane, his eyes were closed. His teeth had been knocked out by the force of the crash, and true to the instinct of an experienced flyer, he had reached for his parachute cord. One finger encircled in a tight grip the ring which releases the chute.

The ambulance bearing Goldsborough on the tedious trip arrived at the hospital at 9:40 a. m.

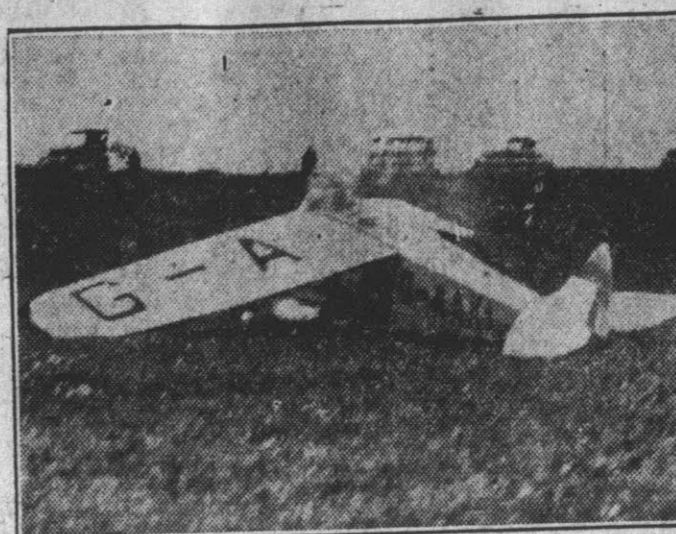

\$3,300 In Mattress Disturbed Her Rest

New York, July 15.—(AP)—A lumpy mattress disturbed the sleep of Mrs. William Dallano of the Bronx. So she sent it to a bedding factory to be rebuilt.

Abraham Feldman, an employe, discovered what robbed the mattress of its softness. It was a package containing \$3,300 in bonds and currency concealed under the ticking.

When Feldman returned the package to Mrs. Dallano she remembered her husband placed the bonds and cash in the mattress for safe keeping.

BRITISH OCEAN PLANE CRASHES

Squadron Leader C. S. Wynne-Eaton, British airman, was injured when the plane in which he hoped to fly across the Atlantic crashed and was destroyed by fire when he was taking off from St. Johns Harbor Grace, Newfoundland. Picture shows the plane just after it crashed to the ground.

Youth Describes Brutal Slaying Of Woman Near Morristown, New Jersey

Morristown, N. J., July 15.—(AP)—Chuckling as he related how he handled the knife with which he killed his mother's maid, Harry Woolsey, Jr., 14 year old son of a wealthy Ridgewood family, today re-enacted the slaying for state police.

The killing took place on Sunday evening while Woolsey and the 23 year old maid, whose home was in Scranton, Pa., were standing on the top of Green Pond mountain, the boy said. The body of the maid was found yesterday.

"I don't know why I caused all this mess, but if I had any money you'd never have got me," he said. "I'd have dyed my hair, changed my clothes, and escaped."

Young Woolsey, penniless, had applied at the Dover police headquarters for a place to sleep. He was recognized by police who had been asked to search for the missing boy and maid.

He told police he didn't like girls. "They're all alike, just cats," he said.

The boy said he and the maid were admiring the scenery—a wonderful view, he said, of the lakes and forests. As the girl turned her back to him, he said, he drew the hunting knife from his pocket and stabbed her.

"Do you know what you are doing?" he quoted her as saying after the first wound. "Of course I do," he said he replied and stabbed her several times more.

Two Perjury Charges Against Chicago Gangster Dropped By Florida Court

Miami, Fla., July 15.—(AP)—County Solicitor George McCaskill announced today that two perjury charges against "Scarface Al" Capone, Chicago gang chief, would be dropped because they cannot be successfully prosecuted.

McCaskill said he would enter a formal order to nolle prosequere the proceedings.

Capone was acquitted Saturday by a directed verdict of criminal court judge, E. C. Collins in the first of three perjury charges which grew out of his arrest here several weeks ago.

McCaskill said he believed Judge Collins' reason for ordering Capone declared not guilty in the first case would hold good in the others should they be brought to trial.

Judge Collins held Capone was within his rights to enter testimony he had given in a false arrest case against S. D. McCreary, director of public safety of Miami, despite the fact that the perjury warrants already had been sworn out, because final decision in the false arrest case had not been given at the time.

Rob Bank At THE POINT OF MACHINE GUN

Three Unmasked Bandits Take \$24,000 From Birmingham Bank Today

Birmingham, Ala., July 15.—(AP)—Three unmasked bandits held up the Woodlawn-American National Bank here early today and escaped with approximately \$24,000 in currency.

While one of the trio remained in an automobile and trained a machine gun on the door, his two companions bound three employes and a customer and placed them on the floor of the bank while they went about their work.

William Cox, bookkeeper, told the police he was forced at the point of a gun to give the bandits access to the money. Others in the bank at the time of the robbery were C. L. Parker, head teller; John Kyne, stenographer; C. L. Porter, janitor, and George Muse, a customer.

The bandits escaped in an automobile as R. W. Daly, cashier, was entering the bank. Daly released the employes and the customer and notified police.

SENATOR REED SUPPORTS THE NAVAL TREATY

Pennsylvanian Closes Debate for the Proponents in the Senate Today

Washington, July 15.—(AP)—Senator Reed of Pennsylvania, a delegate to London, advocated the naval treaty to the Senate today in closing debate for proponents of the agreement.

Sixty members answered opening roll-call, eight more than were present yesterday when the other Senator-delegate—Robinson of Arkansas—argued for the pact. Robinson is the Democratic leader.

Reed, a Republican, said America entered the limitations agreement to save herself from an almost "hopeless inferiority" in auxiliary ships as compared with Great Britain and Japan. He outlined to an attentive audience the condition of the American fleet at the time the London negotiations were opened last winter.

He said Great Britain had a four to one ratio against the United States in commissioned cruisers while Japan had a margin of two to one. The London agreement proposed to establish a 10-10-7 ratio on cruisers.

Leaders were more optimistic today of an early and successful vote on the pact. An informal understanding among friends of the treaty on the Norris resolution appeared to have cleared away the biggest fight point.

However, the opponents were busy today preparing new reservations. Treaty advocates insisted they would stand for none except that of Senator Norris, Republican, Nebraska, stipulating that in ratification of the pact the Senate gave no consent to any secret understandings which may exist.

Report Lull In Weevil Activity

Raleigh, July 15.—(AP)—Hot, dry weather during the last week and the dying off of old, over-wintered weevils has caused a temporary lull in boll weevil infestation, according to C. H. Brannon, extension entomologist of North Carolina State college.

Mr. Brannon said he expects a new burst of boll weevils to make its appearance this week. If a period of rainy weather sets in, he said, heavy damage will result.

Langston Denied Habeas Corpus Writ

Goldsboro, N. C., July 15.—(AP)—J. M. Langston today remained in Wayne county jail on a charge of shooting to death P. L. Finchem, federal prohibition agent, after Judge Henry A. Grady had denied him a writ of habeas corpus.

Since last Friday Judge Grady has had under consideration transcripts of evidence taken in preliminary hearings for the Langston man and last night he denied the writ.

Finchem died of bullet wounds inflicted by occupants of a car he and other officers were pursuing on suspicion that it was loaded with liquor.

Operators of the death car escaped but following investigations, Langston was arrested and charged with murder.

G. O. P. Hold Conference At Washington

Washington, N. C., July 15.—(AP)—James S. Duncan, state Republican executive committee chairman, was here today to hold the first "working conference" of party leaders in this section.

Between 40 and 50 Republican leaders are scheduled to be present at the meeting which will be followed by conferences in other towns this week.

The other sessions will be held at Rocky Mount Wednesday for the second district; Goldsboro, third district, Thursday; Raleigh, fourth district, Friday; Fayetteville, sixth district, Saturday.

Meetings will be held in the five western districts at later dates, the first to be at Lexington for the seventh district on July 24.

Two Held On Murder Charge

Wentworth, July 15.—(AP)—Held on a charge of murder of Adolphus F. Walker, 75 year-old Virginia merchant, Norman Davis, 25, and Richard Turner, 20, Rockingham county men, are in jail here following Walker's death Sunday.

Walker was said to have approached the pair Wednesday about a \$105 debt and the two men admitted officers said, striking him when he put his hand in his pocket as if to draw out a pistol.

TOWN ABOUT TOWN

There were no automobile accidents of any seriousness in Pitt county over the last week-end, and this leads to the conclusion that the people of this county at last have realized the importance of driving carefully.
The death toll from automobile accidents has been mighty small in Pitt the last several years compared with other sections, and it is quite noticeable that the record is improving with the passing of each month. With the ever increasing amount of traffic on virtually all of the leading arteries of the state, it behooves everybody to observe all traffic laws and to use his head about the rate of speed he travels.
It is all right to move swiftly when the road is clear and the weather good. But when traffic is heavy and abutments slick, it will prove a paying proposition to go slow at all times. It is far better to get where one starts a little bit behind time than to go there on an ambulance.

If you don't like the place in which you are living, pack up your kit bag and come to Greenville. This city is filled with plenty of possibilities for the home seeker and investor and the man who feels that he is not enjoying the advantages he should in some other town.
Greenville has the reputation of being the principal shopping center of this section of the state and its merchants live up to the claim. This should make the city of far greater attraction to the newcomer or the prospective new-comer in that he will find living conditions here on par with all prosperous and thriving young cities in this section of the country.
If you are looking for a new home, accept the Greenville slogan, "Our Greenville, your if you come" and locate here and help make the place hold forth greater inducement to the public in the years to come.

If you have not taken the typhoid treatment, do not fail to do so. Inoculations as given by the local health department completely immunize a person against this dreaded malady and enable him to go from place to place without the constant fear of being put out of the running by an attack of fever.
There are several cases of typhoid fever in Pitt county at this time, and who knows but that the germ will not spread to unexpected areas, setting a new record. You have no guarantee that the germ will not come your way, so avoid the awful experience of confinement with the fever by immunization as offered through the health department.

If you don't believe Greenville is enjoying a substantial growth in spite of the calamity howl which has been heard on all sides the last few months, look around at the number of improvements taking place in various sections of town at this time.
Several thousands of dollars is being expended for new buildings at this time, and it is probable the sum will be increased materially before the year comes to a close.
A new library building, church, and several buildings at East Carolina Teachers College are among the major construction projects nearing completion at this time. There have been quite a number of improvements in the business district showing the merchants are awake to the advantages which the future holds for the man staying eternally on the job.

When tempted to over-indulge

"Reach for a Lucky instead"

THE BATTLE CRY OF MODERATION!

Be moderate—be moderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED." Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"Coming events cast their shadows before"

"It's toasted"

Your Throat Protection—against irritation—against cough

*"There is only one remedy for fat, and that is eat the right food... There are at least one hundred so-called obesity cures. None of these is permanent. All of these are injurious," says Vance Thompson, Ph.D., in his famous little book, "Eat and Grow Thin," published by E. P. Dutton & Company. We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

REDUCTION IS WHAT IS NEEDED.

Declaring that there is no cause for enthusiasm in the possibility of an instalment plan of paying taxes, the News and Observer in the following editorial rightly says that rather than a plan of payment what is most needed is a reduction of taxes to the point that the overburdened taxpayers will be able to meet their payments:

"The sentiment for paying taxes by instalments is said to be "enthusiastic." The Federal government has adopted it with satisfaction rather than enthusiasm. It is easier to apply the instalment plan than to require all taxes paid in one lump sum, and legislators may well devise a plan. But the only plan that will evoke enthusiasm is a reduction of the burdensome land taxes. No postponements of time in paying will bring the relief desired.

"The farmers some years ago asked for farm relief. Government answered by loaning them money. It was a good idea as a temporary way of relief. But what the farmer wants is better prices for his products so he will not need to borrow money. In the same way what the farmer and town home owner wants more than instalment paying of taxes is a reduction of taxes."

VALUE OF NEWSPAPER ADVERTISING.

For the benefit of those few remaining ones who doubt the value of advertising and that of all methods the newspaper columns prove to be the best medium, we quote herewith what George W. Hill, president of the American Tobacco Company, has to say about newspaper advertising and the part it has played in the success of his company.

The following excerpts are taken from a statement of Mr. Hill to the press on June 25:

"It may interest you gentlemen to know that we sincerely attribute a large measure of the prosperity of our company to the assistance that Newspaper Advertising has given us. It is of course a fundamental that any manufacturer must make an article which appeals to the public—is of service to the public and is of outstanding quality, if he proposes to be successful. Second only in importance to the quality of the product, in our opinion, is the question of its exploitation by Advertising. . . . And we attribute in no small meas-

IN MEMORIAM
Carl Willis Tingle.

Carl Willis, son of Mr. and Mrs. J. N. Tingle, passed away Friday, the eleventh, after six weeks' suffering from osteomyelitis. He bore his suffering with patience and was conscious to the last.

There was a simple impressive service at the home in Greenville, conducted by his pastor, Rev. E. L. Hillman of the Methodist church, after which he was taken to New Bern and buried in the Cedar Grove cemetery. Rev. Hillman was assisted at the grave by Rev. P. M. Price.

Carl is survived by the following brothers and sisters: John, Jr., Norman, Mary Elizabeth, Billie and Helen Luelle.

Carl was a fine little lad of unusually retiring disposition but greatly loved by all who knew him intimately. He was a member of the Boy Scouts and a regular attendant of the Methodist Sunday school.

Showers of telegrams and phone messages and the great numbers of beautiful flowers which came from numerous states attested the widespread popularity of both Carl Willis and his parents.

HARPIST AT COLLEGE THIS EVENING

Salvi, the great harpist, who will give a concert at East Carolina Teachers College this evening will play two of his own compositions. He is a noted composer of music for the harp, as well as the greatest player of the harp in the world.

The instrument in his hands is like a full orchestra at times, and like the lightest tones of the human voice at other times. He is the master that has revolutionized harp playing, making it a solo instrument worthy of a place by the piano and the organ, instead of one of the pieces in an orchestra to give support to others.

The harp upon which he plays is a marvel of beauty that delights the eye as well as the ear. It was made especially for him.

Beauty Queen of West Virginia Renders Several Solo Selections

Rev. A. W. Fleischmann, pastor of Memorial Baptist church, was the principal speaker at the regular weekly meeting of the Greenville Rotary club last night.

He spoke on the subject of "Italy," and described in an interesting way the progress which has been made by Italy in that country.

He said the outlook for Italy was brighter today than ever before, and indications pointed to increased interest in the work of the organization in all sections of the nation.

He said the club had had a tendency toward producing a better understanding among the nations of the world, and that this was especially noticeable among the Italians.

J. H. Waldrop, who was installed as president of the club at the previous meeting, presided over the session last night.

The program was in charge of the International Relations Committee.

A delightful song program was rendered by Miss Beatrice Knapp, "Miss Fashion Queen of West Virginia, who has been in Greenville the past two days in connection with the Fashion and Beauty Extravaganza at White's theatre.

She rendered several solo numbers, being accompanied at the piano by Mrs. R. A. Tyson, Jr.

BEAUTY QUEEN TO BE CHOSEN HERE TONIGHT

City's Entrant to the North Carolina Pageant to Be Selected At White's Theatre

Tonight at 9 p. m. Greenville's entry to the North Carolina Fashion and Beauty Extravaganza will be held on the stage at White's theatre, as the concluding performance of the "Greater Greenville Fashion and Beauty Extravaganza" takes place.

This unique stage attraction opened last evening to a capacity audience at White's Theatre for a two night engagement with a dazzling display of colors and beautiful local models. The home town girls did themselves proud, as each one carried herself like a real professional in the various ensemble numbers used in the production.

Twelve local models are taking part in the ensemble scenes, while song and dance numbers were interspersed between these numbers.

Little Misses Marjorie Sugg and Marie Smith proved entertaining with their dances, while a little tanger to this city in the person of Miss Mary Deberry of Rocky Mount, won the approval of the audience by her acrobatic dance number.

The overture of last night's presentation was played by Miss Christine Evans, which was followed by a pajama display featuring four local models.

Miss Fashion Queen of West Virginia was well received by the audience for her modeling and song number.

Six local models appeared in a sports wear number, which featured the latest modes in milady's styles for sports.

Receiving by far the largest ovation of the audience "Miss Fashion Queen of Rocky Mount," who in private life is Miss Elaine Goede, a recent graduate of the Teachers College at Farmville, Va., appeared in a striking lavender evening gown. It is easy to see that the city of Rocky Mount has an excellent chance to win the state title, as their Fashion Queen, looked very chic on the stage.

Mr. Sam Allen assisted in a number featuring six local models in afternoon frocks, which was effectively done. The costumes used in this number were very becoming to the models.

In the grand finale, all of the models appeared in evening gowns representing many of the various business firms who are co-operating. This is the number in which each model was voted on for the title of "Miss Fashion Queen of Greenville." They were all eager to win and carried themselves like a queen in this scene.

The following firms are represented by models: Miss Philco, Catherine Utley; Miss Tolar Jewell; Frances Fleming; Miss Baker's Studio; Mary Lou White; Miss Blount-Harvey Company; Lillian

Cooking School Tomorrow—Wednesday 3 P.M. Last Day For Colored Servants

So many who at present do not have colored help, have asked that we arrange some period for white people, so we have arranged for our demonstrator, Miss-Mosley, to remain with us Thursday and Friday. There will be no regular cooking school. We will, however, have one of our new model Universal Electric Ranges connected and in operation, and will be glad for all, even if you do not use an electric range, to come in at any time Thursday or Friday from 10 a. m., 'till 4:30 p. m. Miss Mosley will take pleasure in explaining and demonstrating the operation of an Electric Range as it should be operated.

SOX DIVIDE DOUBLE BILL WITH YANKS

The Chicago White Sox may be struggling along in the second division of the American League but they still have the profitable faculty of doing the unusual at the unusual time to pep up an otherwise drab ball game.

Always known as a team capable of playing championship ball one day and then going to the other extreme 24 hours later, or even sooner, the Sox yesterday produced a few more varieties in the way of baseball entertainment as they divided a double bill with the New York Yankees.

The opener went to the Sox 10 to 9 in a long, weird affair that lasted one minute short of three hours while the Yankees took the nightcap—a tame affair compared with the first—by the score of 7 to 2 in two hours and four minutes. It was in the first game, however, that the Chicago Southsiders did the unusual.

They started off by pulling four errors to help the Yanks into a big lead. This advantage was soon wiped out by a savage attack with the result that the teams went into the last half of the ninth tied, nine-all. With two out and Reynolds, the fleet Texan, perched on third, Watwood came through with a hit that went for a single although Lazzeri juggled the ball for a moment and the game was over. To add the cause of their three pitchers, the Sox also tied the American League double play record, pulling five. Fourteen men were left stranded on the base paths, however, which with the nine in the second game gave the Sox a grand total of 61 left on bases in five games—which is probably come sort of a record.

It took the Athletics eleven innings to defeat the St. Louis Browns but they finally managed to eke out a 9 to 7 decision and increase their lead in the junior circuit to two full games as Washington fell before the up and coming Detroit Tigers. Lefty Grove went to the

rescue of Quinn, who had relieved Earnshaw, in the eighth and received credit for the victory.

Walter Johnson tried two pitchers against the Tigers but Detroit found the pair for 13 hits to make it three to one for the current series. Dale Alexander, the Tigers' big first sacker had a gala day with his giant war club, driving in three runs with three singles and a double. Hadley started for the Senators but gave way to Brown.

In the other American League contest the Indians made it three straight over the Red Sox, winning 3 to 2 when Wesley Ferrell bested

Milton Gaston in a burling duel. It was Ferrell's 13th victory.

Only one game was played in the National League but the Brooklyn Robins increased their lead to three games as they downed the Pirates 12 to 8. Given an early lead, Dazzy Vance breezed along without much trouble behind the powerful bat of Glenn Wright, who drove in seven runs, and scored four on two homers and a like number of singles. Traynor also hit for four bases.

SPORTS SLANTS

By ALAN GOULD
(Associated Press Sports Editor)

"Just because we cleaned up at Wimbledon for the first time in many years, don't go out and wager the family plate on our boys retaining the Davis Cup," warned one of the veteran moguls of the United States Lawn Tennis Association after we had exchanged compliments over the situation abroad.

"The boys have done marvelously so far and of course the prospects against the French are brighter now than they seemed a few months ago or even a few weeks ago. I am assuming our team will get past the Italians or Japanese in the intermediate finals but we should not be over-confident of winning the Challenge Round.

"Too much optimism should not be based on Allison's singles victory over Cochet. It was great, but it may prove just the left Cochet needed to put him back on top of his game. If he had scrambled through at Wimbledon, we might have caught him by surprise in the Davis Cup but he is fully warned now. Do not overlook Borotra's fine showing, especially against Tilden. The Basque is a fine fighter and it should not be forgotten he won the deciding point last year in the singles."

There is no question the U. S. A. has the best chance in three years to win back the most prized of all tennis trophies, however much the moguls may be keeping their fingers crossed. American superiority in the doubles is outstanding, and the Yankee exhibition in the singles abroad so far has been the brightest since the hey-days of Tilden and Johnston.

In moments when there is nothing much else to yawn about, the question still pops up: How good is this Carnera, if any good at all? Do his victories over such experienced men as Christner and Godfrey mean anything.

We may be doing an injustice to the specimen that Ed Nell first labelled the Ambling Alp but the distinct conviction remains that the Primo is just as good as the cleverest kind of ballyhoo and manipulation can make him—and no better.

Carnera engaged in a cross-country series of exhibitions with a variety of tank performers. At Oakland, Bombo Chevalier pulled a "Bartling" SM, belted the Italian's fragile chin and started some excitement that developed into a more or less complete expose. Undaunted the troupe returned East for a "fight" with K. O. Christner, once convicted and barred for participating in a faked match in Maryland. Thereupon came the "big test" with the plant George Godfrey, who took the easy way out by delivering what the referee described as a deliberate foul punch.

After the Philadelphia fight, many of the boys came away muttering that Carnera looked good, fast and could "take it." It is not quite plain just what he can "take," for the evidence is pretty clear that the giant can take it anywhere but on the chin. Sparring partners were warned not to take any pot-shots at the Italian's jaw and it was noticeable Godfrey took no chances on scoring a possible knockout with a misdirected shot to the chin.

The opinion in this corner still stands that the first Grade A or B heavyweight who takes a few honest, earnest wallopings at the Primo's whiskers will bring him down.

Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermiluge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermiluge costs only 35c a bottle, and can be bought from B. S. Warren, Druggist.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, July 15.—(AP)—Cotton opened steady at a decline of 5 to 9 points today under selling promoted by relatively easy Liverpool cables and reports of some further showers in portions of eastern and central belts.

July showed the maximum loss at the start, possibly owing to liquidation brought out by the circulation of notices representing about 6,700 bales, and there was some switching from that delivery to later positions. Liverpool and the continent were credited with selling here during the early trading, but there was enough trade buying or covering to give the market a fairly steady tone.

At the end of the first half hour July was selling around 12.81 and the new October 12.59 with active months showing net losses of 7 to 9 points. Liverpool reported Bombay selling in that market.

GRAIN MARKET

Chicago, July 15.—(AP)—Indications of liberal export business in United States wheat by way of the Gulf of Mexico did much to lift the wheat market late today. Relative high prices for corn as compared with wheat formed another outstanding factor that tended to hoist wheat values. The spread between corn prices and those for wheat was said to be the smallest since 1895, when corn sold at 5c a bushel over wheat for a brief period, whereas later in the same year wheat went to 51c over corn.

Wheat closed unsettled 1 1-4 to 1 5-8 higher than yesterday; corn closed 1-2 to 1-4 advance; oats 1-2 to 5-8 up and provisions unchanged to a rise of 12.

STOCK MARKET

New York, July 15.—(AP)—The newly organized bull forces encountered stiff opposition in today's stock market from the die-hard bears who felt that speculation for the rise was becoming rash, but the bull faction managed to keep price trends fairly well in hand.

The broad advance yesterday caused considerable nervousness among traders who had followed the upswing despite lack of confidence and profit taking in addition to the efforts of bears playing for a technical reaction gave the market a rather uncertain aspect much of the time.

A few rather pleasing second quarter earnings statements helped to bolster confidence, although it is well known in Wall street that the best reports usually appear first. National Biscuit earned 80 cents per share against 84 cents a year ago; General Electric 51 cents, as against 56 last year, and Commonwealth Edison \$2.77 against \$2.79. Western Union earned only \$2.78 in the June quarter, against \$3.82 in the like period of last year, but this was a wide gain over the \$1.45 reported for the first quarter.

The fact that several leading companies have managed to approach the record earnings of the second quarter of 1929 is considered highly favorable, in view of the substantial curtailment of general business, but current estimates indicate that when all the evidence is in, corporate earnings generally will show a substantial decline.

The rail stocks were helped by declaration of another \$1 dividend by Missouri Kansas Texas. The initial dividend paid in the last quarter was regarded as purely a special disbursement, and in view of the current low levels of freight traffic, Wall street was inclined to doubt that the management would order another at this time. The fact that the management saw fit to pay it, largely from surplus, indicates that better times are ahead.

Uncover Million Dollar Insurance Conspiracy, N. Y.

New York, July 15.—(AP)—An insurance executive who observed a supposedly dead man hurry on his way to work started an investigation that has disclosed a million dollar conspiracy.

Recalled that he recently saw John McCoy's death certificate, the executive inquired about it. It was all news to McCoy.

The insurance man told District Attorney Fack of Richmond county who soon discovered 39 other persons on whose supposed deaths the Metropolitan Insurance company had paid death benefits ranging from \$482 to \$3,500. Two employees of the company were arrested charged with falsifying records. None of the persons whose death claims had been paid were aware of it.

The district attorney estimated that the insurance companies had been defrauded of millions of dollars on false death claims throughout the city.

He said each claim involved the theft or counterfeiting of an official death certificate blank and the health department seal, and forgery of the names of the doctor, undertaker, cemetery officer, health department clerk, witnesses and beneficiaries.

Stock Market Loss Caused Killing at Los Angeles, Cal.

Los Angeles, July 15.—(AP)—A frenzy, caused by brooding over stock market losses, was offered today by Frank Keaton, 56, as an explanation for his slaying of Motley Flint, Los Angeles financier.

Rising from among the spectators as Flint stepped from the witness stand yesterday, Keaton fired three times at the retired banker, over the shoulders of Mrs. David O. Selznick, wife of a motion picture executive. As Flint collapsed, Keaton threw his gun at the financier and raised his hands in surrender.

"This fellow ruined me! He ruined me!" said Keaton as he was seized.

Flint, brother of former United States Senator Frank P. Flint, had been testifying in a \$250,000 recovery suit brought by Mr. and Mrs. Selznick against a bank once headed by the financier. Flint had paused to address Mr. and Mrs. Selznick as the shots rang out.

Keaton, an Inglewood, Cal., real estate dealer later retracted the shooting, saying he knew Flint by name but never had met the financier.

An inquest was ordered. Fifteen were summoned to describe the shooting. Superior Judge Frank Collier, first to seize the slayer, was asked to testify.

In a rambling story, Keaton said he had left his home where his sickly wife at times takes in washing to help provide for the couple's two daughters. He carried a pistol

Three Counties Gain Representative to State Legislature

Raleigh, July 15.—(AP)—Three North Carolina counties will each gain a representative in the State General Assembly and three will each lose on the basis of the 1930 population figure of the state, announced by the Associated Press, O. M. Mull, State Democratic chairman, said today.

Guilford, Mecklenburg and Buncombe counties will each gain a representative, according to figures compiled by Mr. Mull, and New Hanover, Rockingham and Nash will each lose one. The change will give Guilford and Mecklenburg each four representatives, Buncombe three, and New Hanover, Rockingham and Nash one each.

On the basis of the new census, Mr. Mull continued, the state senatorial districts will have to be remade. Guilford and Mecklenburg counties will be entitled to two senators each. Buncombe, Durham, Gaston, Robeson and Wake will each be entitled to one senator. Rowan and Pitt, which each now have one senator, will not quite reach the requirement of 63,346 persons to the senator. The next general assembly, Mr. Mull said, will be called on to redistrict the state for senators.

Eighty-seven counties of the state will each have one member of the House of Representatives and the other 33 will go to Guilford and Mecklenburg, four each; Forsyth, Buncombe and Wake, three each; Durham, Gaston, Halifax, Johnston, Pitt, Robeson, Rowan and Wayne, two each.

Wins Cup But Never Sees It

New York—Mrs. Helen Willis Moody has won a Wimbledon cup four times but has never seen it. She doesn't know whether there is such a cup; she thinks it must be imaginary. "Anyway, one gets something much nicer in the way of a bowl or a picture, which is much better for the home."

Valuable Timber Wrecked By Fire Near Bend, Ore.

Bend, Ore., July 15.—(AP)—Six hundred fifty men worked desperately on an 18-mile front today to control forest fires which in two days have laid waste about 5,000 acres of timber in the Deschutes and Cascade national forests.

The forests were so shrouded in smoke, it was impossible for lookouts to determine the progress of the fire.

Last reports from the Three Sisters district, scene of the worst fire, said flames had moved into Virginia yellow pine and had developed into a crown fire, burning the tree tops. More than ten miles of trenches were constructed yesterday and Jack F. Campbell, assistant supervisor of the Deschutes national forest, said he hoped the fighters would be able to construct enough trenches to check the fire today.

Twenty-eight smaller fires were burning in Summit country from Willamette Pass north toward the Three Sisters. Forest officials believed all had been started by lightning.

The smoke pall was so dense it was impossible for lookouts to determine how many of the fires were under control. Rangers said, however, most of these fires were doing little damage.

Two small fires were reported in the Mount Baker, Wash., national forest. Of six other fires in the western part of the state, the biggest was burning over 2,500 acres of logged off land near Cook in Skamania county.

Juror Reported to Have Talked in English Trial

Kenansville, July 15.—(AP)—A story going the round of the courthouse this morning that one juror in Stephen English's trial for murder had talked with English's cousin threatened for a time today to cause a mistrial.

Judge G. V. Cowper halted the trial for more than an hour and sent the jury from the room while he discussed the rumor with attorneys for the defense and prosecution. At last it was decided to continue with the trial until more definite information that there had been irregularities was received.

The name of the juror reported to have discussed the case was not disclosed.

The defense, which yesterday apparently had been drawing near the end of presentation of its evidence, summoned 12 additional witnesses and continued to present its case today.

Asks Prosecution for Cruelty to Convicts

Spartanburg, S. C., July 15.—(AP)—Governor Richards has asked Solicitor Ibra Blackwood of Spartanburg to prosecute officials responsible for alleged cruel treatment of convicts on the county chain gang.

In a letter to the solicitor he said: "I feel that there should be prosecutions and am asking that you take the necessary steps in this connection."

The governor's request followed a letter from Gaffney attorneys in which they said a Gaffney boy, Lester Crawford, had been suspended by his wrists for refusing to work.

John A. Law, chairman of the county board at Spartanburg, reported to the governor that the youth was suspended as charged but "not exceeding seven minutes."

S. M. Henry, state detective, who investigated, said the reports of cruelty were true "but magnified some."

His investigation was made with the foreman of the grand jury and one of the jury members and they believe, he said, "the chain gang guards went beyond their rights in the punishment and think their removal advisable."
