## RAIN BREAKS HOT WEATHER IN THE SOUTH

### Thundershowers Bring End to 66 Day Drought in Mem- phis, Tenn., Area

Atlanta, July 24.—(AP)—Thundershowers or overcast skies had broken the south's heat wave today and ended a 66 day drought in the Memphis, Tenn., area.

The showers in Memphis proper last night were light, but a heavy rain fell south of the city. Dudley Gamble, 27, was killed by lightning which preceded the rain. One house was unroofed by wind.

A good rain also fell in central Alabama and Mississippi, routing the heat wave from Birmingham and Meridian. Birmingham had more than one inch of rainfall during the 25-hour period ending at 7 a. m. today.

Mobile had a light rain with more in the offing, and the forecast promised Montgomery a thundershower. The thermometer at the Alabama capital soared to 99 yesterday. At 10 a. m., today it was at 84.

New Orleans had fair weather, but the city was not uncomfortable with a high yesterday of 94.

A refreshing shower fell in Atlanta last night after a day which was uncomfortably because of humidity. The high here yesterday was 97.

Showers fell in sections of west Tennessee today. Chattanooga, Nashville and Knoxville had showers yesterday.

Charlotte, N. C., reported 98 for yesterday's high while Charleston, S. C., was two degrees cooler.

Most Florida points reported clear weather. Tampa, however, expected thundershowers this afternoon and tomorrow.

Scattered rains fell on parched lands in eastern Arkansas.

Little Rock, Ark., had a high yesterday of 96, while Louisville, Ky., reported a comfortable 88.

State Democrats  
to Wage Militant  
Fight This Fall

Raleigh, July 24.—(AP)—Today on the political battlefield of North Carolina, Governor Gardner's orders to the state's Democrats as the nominal head of the party are:

"At Jerusalem—at home—thence to Samaria and the uttermost parts of the state," a militant offensive must be waged against the Republicans.

And, too, Josiah W. Bailey, bearer of Democratic sanction to represent the state in Washington, added his voice to the meeting here last night of the state Democratic executive committee.

The Democratic Senatorial nominal declared that the "scars of 1928 must be erased."

"Every county and every congressional district," he said, "lost in that year when the state turned upside down and went for Hoover must be reclaimed for Democracy."

The remarks of the two party leaders followed the re-election by acclamation of Odus M. Mull, of Shelby, as chairman of the committee, and the election, also by acclamation, of Mrs. Thomas O'Brien, of Goldsboro, as vice chairman.

Mr. Mull pledged himself to the party and predicted a Democratic victory this fall. Mrs. O'Brien did likewise.

No definite plans for the fall campaign were formulated, but all speakers stressed the importance for an "aggressive and militant" fight.

Missionaries  
Rescued From  
War Territory

Foochow, China, July 24.—(AP)—Twenty-one American and twenty-three British missionaries who have been marooned in the Chinese war zone were rescued and brought here last night by John J. Muccio of the American consulate and the British consul Martin.

Two others whose rescue was expected were still held. They are Miss E. J. Harrison and Miss Edith Nettleton, English missionaries, who were captured three weeks ago by bandits near Chunguan, Ann Fukien.

The missionaries were held about 100 miles up the Min river from Foochow and the consuls made the trip by boat after being promised safe conduct through the battle lines of both the rebel troops and government forces.

They were isolated in an area controlled by Lung Sing-Pang, a rebel leader.

Catches Large Fish

Myrtle Beach, S. C.—(AP)—Dr. R. D. Tuttle, of Winston-Salem, N. C., caught a 33-pound salmon while fishing near here.

## SCIENTISTS STUDIES BABY MIX-UP

The babies of Mrs. Charles Bamberger (left) and Mrs. William Watkins are believed to have been "mixed" at Englewood hospital, Chicago. Dr. Arnold Kegeles (right), Chicago health commissioner, and a corps of scientists have been trying to determine which is which.

## Three Killed By Storms Sweeping Over The State; Property Damage Heavy

### Stage Holdup As Police Head Sleeps

New York, July 24.—(AP)—Police today were seeking two hold-up men to whom 760 Mott avenue, the Bronx, was just another place to stick up.

They entered the drug store on the ground floor, herded the pharmacist, two soda clerks and the building superintendent into rear room and made off with \$100 and a wrist watch.

The shouts of the building superintendent for help aroused all the tenants except Police Commissioner Mulrooney who was asleep in his apartment on the fifth floor.

## GOVERNMENT WILL NOT PAY FOR LIQUORS

### Intoxicants at Gov- ernmental Expense Forbidden in Em- bassies, Consulates

Washington, July 24.—(AP)—Bubbling champagnes and choice wines at governmental expense are forbidden luxuries in American embassies and consulates abroad under an executive order just signed by President Hoover.

The order cites in detail regulations covering the disbursement by nearly 100 American diplomatic and consular missions abroad of allowances recently voted by Congress for official entertaining.

After a six years fight for such funds, Congress recently allotted \$20,000 to this purpose in its appropriations for the State department.

Congress authorized the allowances in 1924, but failed to make the necessary appropriation in any bill since that time until the present budget.

In addition to liquors, three other items are tabooed under the order. They include hire and repair of automobiles, printing and engraving expenses and club dues.

The order states that "express provisions of the law" prevented governmental funds being used for these purposes.

Among the items permitted under the appropriation are receptions at the missions on American national holidays, flowers and wreaths for weddings and funerals, tips and gratuities, dinners, formal and informal functions and special entertainments.

The ruling came as a considerable surprise to State department officials and particularly those in the foreign service who will benefit by the funds.

The item of serving liquor is generally considered by foreign service officials stationed abroad to be about the heaviest of any for which they have been forced to pay out of their own pockets.

Many of the foreign service officers who do extensive entertaining have found that liquors frequently run to a considerable bill.

Department officials said today they had no information as to the

CHILD FATALLY HURT  
WHEN HIT BY CAR

GOLDSBORO, N. C., July 24.—Margaret Bill King, 5-year-old daughter of Bruce F. King, was fatally injured today when she ran into the path of an automobile driven by E. D. Pardington, 28, of Winston-Salem.

A technical charge of murder was placed against Pardington and a hearing for the case tentatively was set for August 1. Bond of \$2,000 was named for him.

SELECTION OF JURY  
BEGINS IN MURDER CASE

Wilmington, July 24.—(AP)—Selection of a jury for the trial of four men accused in connection with the murder of Moses Padrick was started here this morning.

The four men who will be tried are Bud Phillips, Bill Kelly, John Foster and J. W. Blake. The trial is expected to run several days.

Padrick's body, bullet riddled, was found in a lonely swamp near a still.

French Born Widow  
of Sir Theodore  
Owens Remanded to  
Jail After Hearing

Vercailles, July 24.—(AP)—Lady Owen, a wealthy titled woman and the French-born widow of Sir Theodore Charles Owen, who last night was under arrest for shooting and wounding the wife of Dr. Paul Gastaud, Paris radiologist, today taken before the investigation magistrate here.

This official sought to find out details of Lady Owen's tragic romance with the Parisian doctor.

"The question of money ruined my romance," she told the magistrate.

Madame Leone Gastaud, her victim, lies near death in her husband's clinic at Paris. She has two bullets in her abdomen and one in her chest. A fourth bullet grazed her breast.

Lady Owen told examining Judge Lathrie that she loaned her lover, Gastaud 100,000 francs for his clinic.

"That in my opinion was what began to spoil things," she said when the doctor told her of his intention to break with her, she continued, she became so angered that she bought a revolver.

When she arrived at the Marly-erol home of the Gastauds, a friend and assistant of the doctor tried to reason with her. "I wished, however, at all costs to see Madame Gastaud, who was in her garden, embroidering," she continued.

"When Madame Gastaud came to me, I fired several times at her through my silk shawl."

Lady Owen appeared to be quite calm and confident. As she was waiting in the ante-room she lighted one gold-tipped cigarette after another. Between times she was busy with her vanity case touching up her heavily rouged lips.

She fully expected to be released immediately and was much surprised when the judge told her she must go back to jail.

## J. F. BOWEN UNDER BOND FOR ASSAULT

### Local Merchant Charged With Secret Assault On T. D. Phillips

J. Francis Bowen, prominent local merchant, is under bond pending hearing tomorrow morning before Magistrate John Ivey Smith on a charge of secret assault with intent to kill with a deadly weapon upon T. D. Phillips, local munition manufacturer, at the latter's home on East Fourth street late Tuesday night.

Immediately following the shooting Bowen was arrested by local police at his home and placed under bond pending the preliminary hearing.

Interviewed today regarding the versions of the affair neither Mr. Bowen nor Mr. Phillips would make any statement for publication.

According to available information Mr. Bowen, apparently annoyed by Mr. Phillips' radio took his pistol and went to put a stop to it. Neighbors in the vicinity reported that he stopped outside Phillips' window and called to him to turn off the radio and fired through the window at him. Phillips, taken by surprise immediately came outside to the front porch where Bowen attacked him, throwing him down. Phillips' wife who had been aroused by the shooting had appeared upon the porch in time to witness the latter scene together with neighbors from nearby porches and lawns.

Asked if he could give any cause for the affair Phillips stated that he had not been aware that he was annoying anyone with his radio and that the whole thing was a surprise to him. Bowen has made no public statement as to the cause of his actions.

DETROIT POLICE HAVE  
AFFIDAVIT CLAIMING  
ANNOUNCER EXTORTED  
MONEY FROM GANG

Detroit, Mich., July 24.—(AP)—While poor people who considered "Jerry" Buckley their champion today, were contributing funds to blanket his casket with flowers, police said they had in their possession an affidavit purporting to show that the radio announcer who fell before a rain of bullets early yesterday was extorting money from bootleggers.

Buckley was political commentator for station WABC and had taken an active part in the successful campaign to recall Mayor Charles Bowles. He was slain in the lobby of the La Salle hotel, where he lived and in which the radio station is located, two and a half hours after he made the announcement that the mayor had been called from office in Tuesday's special session.

His brother, Paul, former assistant prosecutor, declared "Jerry's activities for the recall was the sole reason for the slaying." Police advanced other theories—that he had made gangland enemies thru his attacks on gamblers, that he was witness of a gang slaying, that he might have been extorting money from gamblers and bootleggers.

"Jerry" Buckley championed the cause of the unemployed last winter when thousands were in distress. He broadcast pleas for direct programs of cheer to them, and according to intimate friends, spent all his savings in responding to personal requests for money.

His efforts in their behalf won him the friendship of the poor. An announcement by Police Commissioner Thomas C. Wilcox that he had a sworn statement from an admitted bootlegger accusing Buckley of extortion revealed that the police were investigating an assumed possible connection with the underworld as one of several theories for the slaying.

The name of the accuser was withheld. The affidavit said that Buckley had induced him to take up liquor buying. After he became connected with a prosperous bootlegging game, the affidavit said Buckley demanded and received sums aggregating \$4,000.

Home-Coming Speaker  
Greorgetown, S. C.—Judge Horvick, Associate Justice of the North Carolina Supreme court, has accepted an invitation to make the chief address at Georgetown's home-coming.

## S. C. SENATOR SHOT DOWN EARLY TODAY

### Assailant of Edward Dennis Rushed to Columbia for Safe Keeping

Moncks Corner, S. C., July 24.—(AP)—State Senator Edward J. Dennis, long a storm center in "Bloody" Berkeley county's politics, was shot down and seriously wounded as he stood before the post-office here today.

The load of buckshot which struck Dennis came from an automobile nearby. W. L. Thornley, of Moncks Corner, was arrested and charged with the shooting.

J. W. Hill, state officer who made the arrest, was ordered by Governor Richards to have Thornley taken to Columbia for safe-keeping. An escort of Charleston officers was on the way here this forenoon to take Thornley to Columbia.

Thornley made no effort to resist arrest and was taken to the Berkeley jail pending the transfer to Columbia.

Senator Dennis was conversing with two friends at the time the shot was fired.

Senator Dennis, who is in his 54th year, has been a practicing attorney and active in Berkeley politics for many years. He is up for re-election this year. He was taken to Baker sanatorium at Charleston.

Thornley, a native of Moncks Corner, is about 35 years of age. He had been unemployed recently and returned home from a hospital not long ago. He is married and the head of a family and so far as is known has never been instrumental in local political affairs.

He was slain in the lobby of the La Salle hotel, where he lived and in which the radio station is located, two and a half hours after he made the announcement that the mayor had been called from office in Tuesday's special session.

His brother, Paul, former assistant prosecutor, declared "Jerry's activities for the recall was the sole reason for the slaying." Police advanced other theories—that he had made gangland enemies thru his attacks on gamblers, that he was witness of a gang slaying, that he might have been extorting money from gamblers and bootleggers.

"Jerry" Buckley championed the cause of the unemployed last winter when thousands were in distress. He broadcast pleas for direct programs of cheer to them, and according to intimate friends, spent all his savings in responding to personal requests for money.

His efforts in their behalf won him the friendship of the poor. An announcement by Police Commissioner Thomas C. Wilcox that he had a sworn statement from an admitted bootlegger accusing Buckley of extortion revealed that the police were investigating an assumed possible connection with the underworld as one of several theories for the slaying.

The name of the accuser was withheld. The affidavit said that Buckley had induced him to take up liquor buying. After he became connected with a prosperous bootlegging game, the affidavit said Buckley demanded and received sums aggregating \$4,000.

## Department Heads Favor Governor's Plans For Survey Of Government

### Gardner Makes Ar- rangements for In- tensive Study of State Government With Bookings In- stitution of Washing- ton for Report to the Legislature

Raleigh, July 24.—(AP)—State departmental heads met with Gov. O. Max Gardner in his office at the capitol today and following a discussion of one and one-half hours gave hearty endorsement to the governor's announced plans for a comprehensive and intensive survey of the system of state government.

Governor Gardner has arranged with the Brookings Institution, of Washington, D. C., to make this survey and report to him its findings in time to incorporate such of its findings as he sees fit in his recommendations to the 1931 General Assembly.

The survey will embrace questions of the relation of the state government to the local governments in the matter of support, supervision, control, general administrative organization, financial organization, personal organization, and purchasing and contracting.

In announcing plans for a comprehensive and intensive survey of government administration in the state, the governor said he hoped to find a better integrated and more efficient set-up for the administration of the state's business, including its relations to local governments.

The survey will be made by the Brookings Institute, of Washington, D. C., and is to be completed in time to be in the hands of the members of the General Assembly soon after the fall elections.

A total sum of \$100,000,000 is being collected annually for the support of public services, Governor Gardner said, and he wants to see that every dollar is spent, by application of business principles to governmental functions, where it will do the most work.

With respect to state government, the survey will include the questions of general administrative organization, financial organization, educational administration, personnel administration, purchasing and contracting.

### Body of Missing Woman Discovered

Akron, Ohio, July 23.—(AP)—The body of a woman with head and limbs detached, found in a blackberry patch near Hudson, Ohio, yesterday, was identified today by Marshal Clyde Smith of North Randall, Ohio, as that of his wife, Myrtle Smith, who had been missing from home since June 16.

Apparently Mrs. Smith had been shot to death about three weeks ago. The limbs and head then had been severed and tossed into the blackberry patch along with the torso.

Detroit, Mich., July 24.—(AP)—While poor people who considered "Jerry" Buckley their champion today, were contributing funds to blanket his casket with flowers, police said they had in their possession an affidavit purporting to show that the radio announcer who fell before a rain of bullets early yesterday was extorting money from bootleggers.

Buckley was political commentator for station WABC and had taken an active part in the successful campaign to recall Mayor Charles Bowles. He was slain in the lobby of the La Salle hotel, where he lived and in which the radio station is located, two and a half hours after he made the announcement that the mayor had been called from office in Tuesday's special session.

# GLACIER PARK HEAD TO COME TO THIS STATE

## J. Ross Aiken Transferred to Superintendency of Great Smoky Park

Asheville, July 24.—(AP)—J. Ross Aiken, superintendent of the Glacier park in Montana and one of the star men of the national park service, will be transferred to the superintendency of the Great Smoky Mountain national park in North Carolina and Tennessee early this winter. The announcement was made in Asheville today by Arno B. Cammerer, associate director of the national park service, who is here for a conference on progress in land acquisition for the park, with Chairman Mark Squires, of North Carolina Park Commission, and Chairman David C. Chapman, of the Tennessee Park Commission.

Within the next month, Mr. Cammerer said, John C. Needham, formerly of the Muir Woods National monument, on San Francisco Bay, will come to North Carolina to act as assistant chief ranger on the North Carolina side of the park. E. R. Hough, expert woodsman, formerly of the United States Forest Service, will go to the Tennessee side of the park in the same capacity at the same time.

The two assistant chief rangers, said Mr. Cammerer, will lay out ranger stations, trails, communication lines, and similar facilities in preparation for the arrival of the superintendent who will study out the plan of the development of the park and acquaint himself with the situation preparatory to the start of development of the park when the government takes over the final tracts.

Mr. Hough and Mr. Needham will work out a plan for protection and administration of the acreage which the government already has taken over until the final development program is in readiness.

Mr. Aiken, who is to be the superintendent of the Great Smoky Mountains National Park, is one of the outstanding men in National Park Service.

## Six Members of Coastguard Are Awarded Medals

Elizabeth City, July 24.—(AP)—Six members of the Chicamacomico coast guard station today were wearers of the American medal of honor presented to them for rescuing 42 men from the torpedoed British tanker, *Emilio*, in August, 1918.

The medals were presented Capt. John Allen Midgett and five members of his crew yesterday by Admiral F. C. Billard, commandant of the coast guard service who is on a tour of inspection of coast guard stations.

The presentation was at the fourth annual meeting of the Warrent and Chief Petty Officers Association of the seventh coast guard district, held at Manteo. Charles Wroton, keeper of the Washos ward station, was elected president of the association.

Bernice R. Ballance, of Hatteras station, was elected vice-president, and Thurston Midgett, of Caffey's Inlet, secretary-treasurer. Next year's meeting will be held at Raleigh, the date to be fixed later.

## Says Rural People Reluctant to Accept Help of the Public

Chapel Hill, July 24.—(AP)—Rural residents were described as more reluctant to accept charity than the city-bred in an address to the State Institute of Public Welfare today by Dr. Carl C. Taylor, dean of the graduate school of State college, Raleigh.

Dr. Taylor, speaking on "Rural Dependency," said country folk invariably were more ready to care for their aged dependents than the city residents and displayed the same attitude toward dependent children.

Among reasons he assigned for the lower rate of dependency in the rural areas was the standard of living there.

"Many dependent rural families," he said, "live in rent-free tenant houses, are at times 'staked' by landlords and even supply merchants, and are given rent-free plots of ground upon which to produce their own food."

"Rural families," he continued, "which if they lived in cities would become paupers, in country districts obviate pauperism by falling to a lower standard of living and retaining their family independence."

The Rev. Edwin McNeill Potrat, pastor of the Pullen Memorial Baptist church of Raleigh, advocated adoption of modern methods of welfare activities by the church in another address.

## Funeral for Noted Aviation Leader to Be Held Friday

Hammondsport, N. Y., July 24.—(AP)—The body of Glenn Hammond Curtiss, whose pioneer exploits in aviation gained for this little Finger lakes village the title of "Cradle of Aviation," arrived here today from Buffalo, where he died suddenly yesterday morning.

The Rev. G. P. Summerville, rector of the St. James Episcopal church of Hammondsport will officiate at services tomorrow afternoon at 4. Burial will be at Pleasant View cemetery.

## Victims of Bridge Collapse Buried

Coblenz, Germany, July 24.—(AP)—Thirty-six victims of Tuesday's tragic bridge collapse were buried last night while all the Rhineland mourned.

A procession of thousands escorted the bodies over the old Moselle bridge into Leuzel, where funeral services were held in Turner Hall. The coffins were placed in one long row, those containing six child-victims in the center.

The bridge collapse brought a tragic end to a celebration of the recent evacuation of the Rhineland by French troops. A crowd estimated up to 150 was on the bridge, a flimsy structure over an estuary of the Moselle river, watching fireworks. The structure gave way suddenly, pitching all into the water. It is expected other bodies will be recovered later.

## Dies From Injury Received in Wreck

Henderson, July 24.—(AP)—Lawrence N. Setzer, 27, garage mechanic of Drewry, died here today from injuries received when his automobile sideswiped another car and careened off against a Seaboard passenger train.

The accident occurred about 8:30 last night as the train was passing the Henderson cotton mills on the outskirts of the city. Setzer received internal injuries and a fractured skull.

W. J. Satterthwaite, driver of the other automobile, was uninjured.

## Mount Holly Woman Released On Bond

Gastonia, July 24.—(AP)—Mrs. L. F. Butler, Mount Holly woman ordered held for investigation in connection with the death of Mrs. Grace Whitaker, also of Mount Holly, was released from the Gaston county jail last night under bond of \$1,000. Attorneys for the defendant waived preliminary examination Tuesday.

Mrs. Butler is alleged to have severely whipped Mrs. Whitaker just before her death.

## EXPLOSIONS FORCE MINES TO CLOSE

Providence, Ky., July 24.—(AP)—A series of dynamite explosions crippled power lines early today and forced the closing of two coal mines recently reopened after labor trouble that began April 1.

The dynamite was planted under power line poles at six places and in addition charges were exploded at both ends of a highway bridge across the Illinois-Central Railroad spur track leading to the Hartero Coal Company's mine. The bridge was damaged but did not fall.

## ROTARY OFFICERS MEET AT WRIGHTSVILLE BEACH

Wilmington, July 24.—(AP)—Various suggestions for the betterment of individual clubs and for the district as a whole were outlined today at a conference of presidents and secretaries of Rotary clubs in the 57th district.

More than 100 representatives from 52 cities were registered this afternoon and many more were expected by nightfall. M. Eugene Newsome, of Durham, immediate past international president, spoke on the aims and objects of Rotary.

## stunning new Heavy Duty

# GOODYEAR for only \$12.00

(4.50 - 21 size)  
(formerly 30 x 4.50)

The tire pictured is the handsome new Goodyear Heavy Duty in the 4.50-21 size (formerly 30 x 4.50)

The tire shown in this advertisement is right now one of the most attractive bargains ever offered a car-owner.

It is the new and nationally popular Goodyear Heavy Duty Balloon.

Sales are rolling up on this great tire in a volume never before equaled in the rubber business on a tire of super-standard quality.

One reason is the outstanding good looks and extraordinary merit of the tire; another reason is the amazingly low price at which it can now be sold.

The tire itself, as the name

Heavy Duty implies, is big, stout, massively proportioned, armored with an extra-thick and extra-safe All-Weather Tread—and around its sleek black sidewall runs a single identifying stripe of silver.

A striking feature is the way in which the outer rows of All-Weather blocks are prised down into the sidewalls, as fresh and smart a touch as anything in modern design.

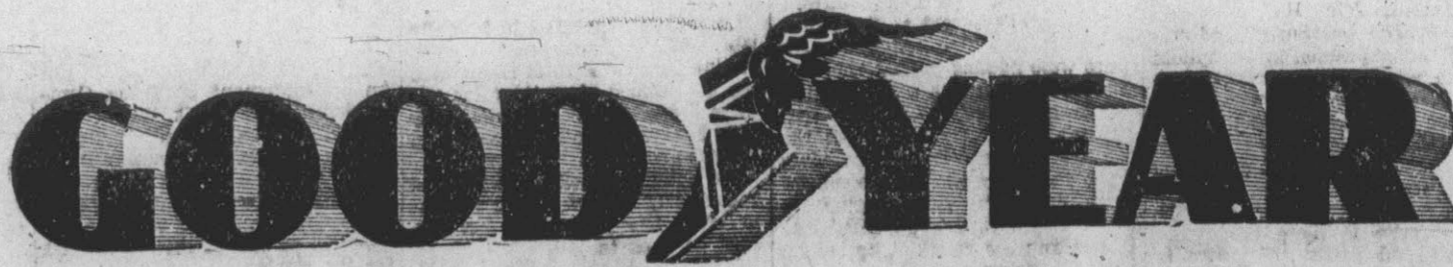

Goodyear builds this stunning new Heavy Duty for those who want to drive fast and far without worry, and who want extra immunity against punctures,

blowouts, or tire troubles of any kind.

Because crude rubber is cheap this year, you can buy this special Goodyear in the size illustrated for only about a dollar more than you had to pay last year for an ordinary tire in the same size—and other sizes are priced in proportion.

This is a real opportunity to make your tire money stretch its farthest, and keen buyers everywhere are cashing it in by changing over to Goodyear Heavy Duty Balloons.

Just look at the tire and you'll heed the suggestion: *Now is the time to get yours!*

STATE THEATRE WILL OPEN NEXT MONDAY

Publix-Saenger Theatres of North Carolina, Inc., with headquarters in Greensboro, has leased from Mr. Sam White the property known as White's Theatre and on next Monday, July 28, will re-open the house as a thoroughly renovated theatre.

This marks another step forward in the progress of Greenville and this community.

T. Y. Walker, manager of the new State, promises a policy that will be in keeping with the ideals of his company and the best traditions of this community. His assurance that he wishes to make the theatre the center of interest of Greenville patrons has met with the approval of those theatre goers who are so anxious to see Greenville take its place in the leadership of this section.

Mr. Walker promises many surprises in the great improvements that have been made at the new State—new seats, new carpets, new sound and projection equipment, new lighting and stage effects, in fact now everything awaits the inspection of those Publix-Saenger is here to serve.

The gala opening has been announced as Monday, July 28, at 1 o'clock. The opening attraction is one that will meet with the heartiest approval of all as it is the latest laugh riot of those funny fellows, the two Black Crows, Moran and Mack, in "Anybody's War."

Popular prices have been announced as follows: For the matinee, adults will be charged 25c for the balcony and 35c for orchestra seats. At night, the balcony admission will be 35c and orchestra 50c. Children at all hours will be 10 cents.

ELIZABETHAN PLAYERS ARRIVE IN THE CITY

The Elizabethan Players, with Mr. and Mrs. Pierre Pelletier as both stars and managers, arrived in their own bus this morning, and this afternoon are giving a performance of "The Merchant of Venice" at East Carolina Teachers College.

This evening at eight o'clock, they will give a performance of "Macbeth."

Last night they played at Wake Forest College, the night before at Duke, and previous to that in Asheville and at the Duke summer school at Junaluska. They have had a full summer season, going from one campus to the other of the big summer schools, and wherever they have been, they have delighted their audiences, according to rumors that have reached here from other places.

They have a staff of about a dozen, and they all travel as one big family, carrying their own scenery and trunks of costumes, independent of trains and schedules.

Both Mr. and Mrs. Pelletier are stars of note, both of whom have played with the best companies and have had their Shakespearean training under the best, and they live up to the highest traditions not only in their acting but in every detail of their production. Mr. Pelletier played with Southern and Mrs. Pelletier with Mrs. Fiske.

Children, which means those of school age, will be admitted for half price.

The next attraction, on the evening of July 28, will be the humorous, Strickland Gillilan.

Mrs. Monk Hostess.

Farmville, July 23.—Mrs. J. Y. Monk entertained at four tables of auction bridge on Monday evening, honoring her house guest, Mrs. A. S. Bynum, of Charlotte. Lovely summer flowers and bridge lamps arranged in the living room made an attractive setting for the party.

Top score was made by Miss Tabitha DeVisconti, who received bath salts and table numbers, and the honor guest was remembered with bridge cards. A refreshing salad course was served at 10:30.

Farmville, July 24.—Mrs. Jelma Bynum delightfully entertained her card club at her home on Wednesday afternoon. Bright summer flowers were used profusely in the living room where tables were placed for bridge.

After six progressions a novel package of bath salts was awarded Mrs. Ed Nash Warren of Maury, winner of high score, and a plate dinner was served at 6:00.

In addition to the club members Mrs. Bynum had as guests Misses Harriet Wind, of New Bern, Catherine Wind, of Fort Pierce, Fla., Mable and Anice Kilpatrick, of Portsmouth, Va., Louise Askew, of Kinston, and Colvin Carraway.

### Atlantic Hotel Ready to Observe 50th Anniversary

Morehead City, July 26.—The 50th anniversary of the Atlantic hotel here will be celebrated Thursday, Friday and Saturday, July 31, August 1 and 2. Many visitors are expected from many parts of the state, all who visited the hotel in the past being invited back for the reunion. Mr. and Mrs. H. M. Wooten, of Clayton, are perhaps the oldest couple now living that attended the opening ball in 1880. They will be among the honor guests.

These honor guests will be entertained Thursday night at a banquet given by Manager and Mrs. Dan G. Bell. This will be followed by a concert by Madame Marie De Kyster. A beach party and orchestra concert will be given the next afternoon at the Atlantic beach casino.

\*On Friday night a historical revue will be given in the hotel ballroom. The spirit of Neptune and the Atlantic ocean will be evident in the music, the interpretative dancing and the explanations of the tableaux portrayed in the huge screened picture frame. The history of the last half-century will thus be given.

A bridge party will be given Saturday morning at the hotel, with a gala anniversary ball that night in the hotel dining room. An old-fashioned note will be evident. Governor and Mrs. O. Max Gardner have been invited to lead the grand march for the older couples who used to dance at the hotel. The dance will be a full-dress affair, although gentlemen will be permitted to change to lighter clothes after the grand march. The old hotel has been prominent in coastal history, long being known as the "Summer Capital of North Carolina."

### Light Rainfall Breaks Heat Wave; Still Hot Today

Although the high temperatures which have prevailed in this section the last several days were lowered somewhat by a light rainfall here last night, Greenville people continued to sweater today with the only hope of relief embraced in the forecast by the weather man for showers tonight and tomorrow.

The temperature the last several days has hovered around 98 and 99 degrees, according to records furnished by B. T. Clark, local weather observer, with the mercury lacking from a half to one point reaching the record set here about two weeks ago.

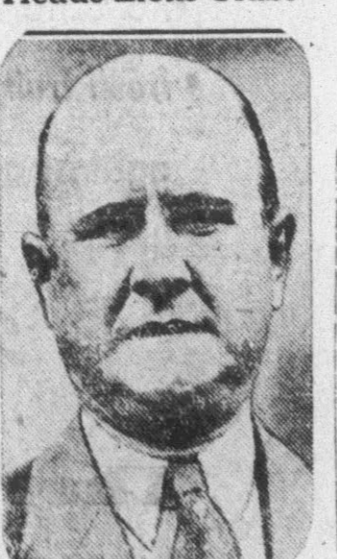

Although the heat has been oppressive, a light breeze probably played an important part in preventing prostrations or death in various sections of the county. The shower last night was accompanied by a light wind that sent the mercury lower than it has been in several days and enabled hundreds of people to enjoy the most refreshing snooze they had had in nights. The temperature today lingered around 95 and 98 degrees, with the weather man holding out hope of cooling showers during the afternoon and night.

### One Accident Enough?

London.—A flight that the Prince of Wales was to have made to Carnarvon to open the Royal Welsh agricultural show has been cancelled. Adverse conditions were assigned as the reason, but since he has flown in bad weather before, there is speculation as to whether the recent airplane disaster is responsible.

## Steamship Head Commits Suicide

Mamaroneck, N. Y., July 24.—(AP)—Ralph C. Stoddard, 40, a director of the Antilles Steamship company, was found dead on the floor of his bedroom last night shot through the mouth with a bullet from a rifle which lay by his side.

His ten year old son found the body, clad in pajamas. Police attributed the death to suicide, but could learn no definite motive, although the son and a maid said Mr. Stoddard had suffered occasionally from a stomach ailment.

Mrs. Georgia Stoddard, his wife, and two children, a fifteen month-old son and a fourteen year old daughter, have been vacationing at Menville, N. C., near Asheville. They were notified of the death and were on their way home today. Two other children, the ten year old son and another son, seven, were at home with their father at 38 North Chatsworth Avenue.

The Stoddards had lived here for six years, coming from Havana, where Stoddard had been in the steamship business for twelve years previously.

## Four Candidates for Congress Get Thru Primaries

Washington, July 24.—(AP)—Four of six members seeking senatorial seats in the next Congress have hurdled the hazardous primary and the remaining two will take the preliminary jumps early in August.

Representatives Ruth Hanna McCormick of Illinois, White of Maine, Dickinson of Iowa, and Pritchard of North Carolina, have won Republican nominations in their respective states.

Representative Sproul of Kansas, is waging a heated campaign for the Republican nomination in his state August 5, while Representative Cordell Hull, of Tennessee, Democrat, hopes to receive the nomination of his party August 7.

Mrs. McCormick and Pritchard are one termers in the House. On the other hand, Dickinson is serving his twelfth; White his fourth; Sproul his eighth, and Hull his twenty-second. The Illinois Representative was Congressman at large, while Pritchard was swept into office with the Hoover landslide in a normally Democratic district.

### LEADERSHIP

Firestone brought out for automobile use:

- The first straight-side tire.
- The first rubber non-skid tread.
- The first commercial demountable rim.
- The first patented Gum-Dipping process.
- The first balloon tire.

### PERFORMANCE

Firestone Gum-Dipped Tires:

- hold all world's records on road and track for safety, mileage, speed and endurance.
- for eleven consecutive years have won the 500 mile Indianapolis Endurance Race.
- were on winning cars in Pike's Peak Race, where a slip meant death.
- were on the Studebaker car which on a board track at Atlantic City in 1928 went 30,000 miles in 26,326 minutes.
- ran 71,351 miles on a Detroit taxicab, before the first tire was replaced.
- were on the G. M. C. truck carrying a two-ton load that hung up the Coast-to-Coast endurance record.
- for 10 years have been sold on a mileage cost basis to taxicab and bus lines in greater volume than any other tires, and now equip the world's largest taxicab fleet and the world's longest bus line.

## APOLOGIES TO OUR READERS, BUT NOT TO OUR CRITICS.

Being out of the city I was unaware of the regrettable fair that occurred Tuesday night, and those left in charge of the paper yesterday being unable to get at the facts, withheld the story of the occurrence pending my return to the city. I understand today that there has been severe criticism of the paper on the part of some people because the story did not appear in yesterday's paper, some of them even stretching their imagination so far as to say that the prominence of the parties concerned and the fact that their advertising furnishes a part of the revenue for the paper was the cause of the non-appearance of the news story. To such scandal mongers who are always looking for something to gossip about rather than attend to their own affairs, if they have any, we have no apology to make, and so far as their criticisms are concerned, we don't care. To our readers, however, who because of our policy of giving complete news coverage, had a right to expect the news story in yesterday's paper, we do wish to apologize for the delay in getting the story in the paper. The sole reason for the story not appearing in yesterday's paper was the fact that I was not here to put it in, and the same appears elsewhere in this issue.

We give this explanation because we feel that our readers and friends are entitled to know why we did not give them the news on time as is our custom. Otherwise we have no apologies to make.

D. J. WHICHARD, Jr.

## ABOUT TOWN

The endurance fever seems to have hit the country at this time, judging by the different tests under way even among the juvenile element. Some of the tests are not only absurd, but show to what extent people will go just to gain a little notoriety.

The trouble with the country is the lack of the average run of people having something to occupy their minds. If everybody would try to see how long they could endure a little gainful occupation, tree-sitting, sea-sawing and other forms of endurance contests would soon vanish.

## May Head Marines

Appointment of Maj. Gen. Smedley D. Butler to post of commandant of marine corps has been urged by Pennsylvania senators.

Information concerning the prop-

er method of treatment of plants affected by the beetles and weevils is put out by the farm office from time to time, but if this is not complete enough the farmers should consult representatives of the department personally.

Some sections are more seriously affected than others, but by careful application of modern methods the loss should be greatly reduced, in the opinion of the farm experts.

Members of the North Carolina Democratic executive committee met in Raleigh last night to plan for a militant fight to redeem the state for Democracy. It is the purpose of the executive committee to carry the cause of the party into every nook and crook of the state before the election in November, and the public will have the opportunity of hearing some of the best speakers of the time.

Greenville and Pitt county long since were assured of prominent speakers, men who have taken an active part in the life of the party over the last several years, and the messages they will bring no doubt will be listened to with interest.

The campaign is to be one of the most stubbornly contested this state has witnessed in many a year, and the Democrats have gotten away to an early start in order to be able to accomplish their purpose.

It is gratifying to note that North Carolina has forged to the front of the South in the matter of population. For years Georgia has been credited with the honor of being the empire state of the southland, but she has given way to the rapid march of North Carolina by a matter of several thousands of people during the last ten years.

Report of the census department shows North Carolina has gained approximately 600,000 during the period between 1920 and 1930, while Georgia's was approximately 7,000. Healthy increases, however, were registered by all the southern states, and especially in Florida where the highest percentage increase was noted.

Efforts are under way to move the dredge further up Contentee creek so that the fertile farm land of that section may be utilized.

The State Highway Commission has been asked to remove a section of the bridge across the creek so that the dredge may be moved up stream. It is the purpose of the drainage commission to deepen the creek so that it will take care of the flood waters which usually empty into the lowlands making it impossible for the landowners to make the land available for cultivation.

Hundreds of acres of land in this district are vitally affected and it is to be hoped the highway commission will take action at an early date and in that way speed up the work of reclaiming land that should bring rich returns to the owners when the creek is able to take care of the flood waters.

## BISHOP RONDTHALER CELEBRATES 88TH BIRTHDAY

Winston-Salem, July 24.—(AP)—Bishop Edward Rondthaler, of the Southern Moravian church province, today was quietly celebrating his 88th birthday at his home near the Old Home Moravian church of which he has been pastor for many years. The venerable bishop, who is still quite active, has been in the ministry more than half a century.

## HERE'S WHERE E. L. DOHENY GOT HIS START

This rickety wooden oil derrick, built 37 years ago by Edward L. Doheny, was the first one to take oil from the Los Angeles basin and started Doheny on his way to a fortune now estimated in excess of \$100,000,000. Mr. Doheny (left) is telling Frank R. Seaver the history of the derrick just before it was removed to the Doheny plant at Torrance, Cal., where it will remain as a relic.

## This Woman In 4 Weeks Lost 19 Pounds of Fat

Here's a letter written October 21, 1929, by Mrs. Fred Barringer, of Lewiston, Montana, that ought to be read by every overweight woman in America.

"Gentlemen: I first saw your advertisement in a Billings, Montana, paper and decided to try Kruschen Salts. "I started taking them every morning as directed as I was very much overweight and wanted to reduce. "I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give 'Kruschen Salts' a fair trial. The day I started to take them I weighed 256 pounds and at present

which has been just four weeks. I weigh 239 pounds. And I must say, I feel much better. Kruschen Salts had a decided effect upon the quality of food I took and stimulated my desire to greater activity. "I have recommended Kruschen Salts to many of my friends, in fact, have a number of them taking Kruschen Salts. "May all large people, both men and women, who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince any one." A bottle of Kruschen Salts that lasts four weeks costs but 85c at Greenville Drug Co., or any drug-store in America.

# OLD PITCHERS GOING GOOD FOR MAJORS

Whoever it was said "youth must prevail" probably would be inclined to retract the statement if he should look at the major league box scores these days. The ancient pitching brigade have done just as much prevailing as the youngsters and often in a more convincing manner.

Five moundsmen whose combined age total approximately 200 years, were sent out to toil yesterday and while only one pitched a complete game, nearly all of them turned in good pitching performances. Adolfo Luque, Cuba's leading baseball hero, age 39, did a great job as he made first place in the National league safe for the Brooklyn Robins. Luque held the St. Louis Cardinals to five hits through a trying duel with Sylvester Johnson while Brooklyn slowly gathered enough momentum to win, 4 to 1. Most of them, Luque had only a one run lead and it was not until the Cards had tied the count in the seventh that the Robins started hitting.

Along with Luque, Jack Quinn, of the Philadelphia Athletics, whose years number near 45, amove or below, gave the younger pitchers a lesson. Quinn had a little trouble in the ninth inning and George Earnshaw finished the game for him as the A's downed Detroit, 4 to 1, but in his eighth inning on the mound which gave him his ninth victory, Quinn allowed only five hits and only three more drives past the infield.

Urban "Red" Faber, second in age to Quinn in this quintet, did not figure as a winner or loser for the Chicago White Sox. After holding a 1-0 lead for five frames, Faber weakened and allowed the Boston Red Sox three runs in the sixth. Hal McKain relieved him and got credit for the victory as Chicago walked again and gained a 5 to 3 decision. The victory moved Chicago back into sixth place as Washington came back after three straight defeats and pulled out a 10 to 9 victory over the St. Louis Browns in eleven innings. Two home runs by Cronin, the second of which tied the score in the ninth, featured the Senator victory.

Another youngster of 39 years, Eppa Rixey, was given the task of trying to put the Cincinnati Reds into sixth place in the National league ahead of the Boston Braves at the start of yesterday's doubleheader. He had a bad inning and was behind when taken out for a pinch hitter in the eighth. Silas Johnson was credited with the victory as Cincinnati tallied in the ninth to win the game, 3 to 7. Johnson also was charged with the defeat in the second game when he again appeared as a relief pitcher and was the victim of Boston's eleventh inning run which gave the Braves the decision, 6 to 5, and kept the teams in a tie. Harry Scobold, not much younger than the ancients of the select group, pitched the entire game and drove in the winning run himself.

Herb Pennock, the youngster of the quintet, age 36, had a rouen time of it against Cleveland and was the principal victim of the Indians' eighth inning rally which netted five runs and a 10 to 5 victory over the New York Yankees. But it was Owain Carroll who was charged with the defeat.

The Phillies and Pittsburgh used pitchers of every kind as the Pirates won two games through Pittsburgh's two home runs. Traynor's first four batters gave Heinie Meine a 2 to 1 decision over Roy Hansen in the first half of the bill while his second, coming with two no base in the thirteenth inning, put the Pirates on the long end of a 16-15 count. Ten pitchers worked in this game and between them they yielded 50 hits.

## CUBS AGAIN FORGE WAY TO THE TOP

By ORLO ROBERTSON  
Associated Press Sports Writer

Manager Joe McCarthy, the minor leaguer who made good in the "big time" without previous major league experience, today had the Chicago Cubs again out in front, setting the pace in the hectic National league pennant scramble.

The Cubs moved into the ruling seat yesterday by blanking the Giants 6 to 0, while the Robins were splitting a double-header with the St. Louis Cardinals, Brooklyn taking the first encounter 9 to 8 and the Cards the closing contest 17 to 10. The Cubs' victory and the Robins' even break sent the champions to the front by one-half game.

Hack Wilson, the National league's home run king, played an important role in the Cubs' victory. He pounded out his twenty-eighth and twenty-ninth homers, which coupled with Eddie Farrell's hit of the same nature accounted for five runs. The other was a gift from Roy Parmelee, who relieved Tiny Chaplin in the seventh.

Pinch-homers were almost as common as base hits in the Robins-Cardinals fracas. Bottomley and Puccinelli were called in from the Cardinals dugout in the first game and they made good with home runs, which coupled with homers by Frisch and Marcus totaled St. Louis eight runs in the opener.

They all went for nought, however, when Manager Robinson sent Harvey Hendrick in to bat for Finn in the ninth with two men on base, two out and the Robins trailing by two runs. Harve sent the ball sailing over the fence, three runs crossed the plate and the game was over.

The second contest was all Cardinals, however, as they pounded old Adolfo Luque from the mound and then fell on Elliott, Dudley and Clark just as furiously. Frisch connected with his second home run of the day and Lee hit for Brooklyn as a pinch hitter in the first inning.

Lester Sweetland had one of his good days as the Phillies trimmed the Pirate 7 to 2. Home runs by Southern and Whitney featured the attack that centered in the first and fifth rounds.

The leaders in the American league found the going tough, the Athletics losing to the Tigers 7 to 6 and the Senators dropping their second successive game to the Browns 6 to 4.

George Earnshaw was the victim of the Tiger's eleven hit attack, which included seven extra base hits. The champions managed to stay in running until the ninth, when Charlie Gehring, who had tripled and stole home in the fifth, led off a rally with a double.

Although held to five hits by Handley, Brown and Liska, the Browns took advantage of nine bases on balls to defeat the Senators. Stewart, who went the route for the winners, scattered Washington's ten hits.

Babe Ruth poked out his thirty-fifth home run and Lou Gehrig's twenty-eighth as Ed Wells won his eighth game when the Yankees defeated the Indians 7 to 3. Harry Fleece also hit the ball over the fence for the Yankees.

Boston broke up the White Sox three-game winning streak by taking the final of the series 3 to 1 behind Horace Lichenb's fine pitching.

# Market Report

## Cotton--Stocks--Grain

### COTTON MARKET

New York, July 24.—(AP)—Cotton opened steady at an advance of 1 point to a decline of 3 points. There appeared to be some buying on the overnight weather news, but the demand was limited and prices weakened during the early trading under liquidation, combined with some local and Wall Street selling. This became more active after the posting of the weather map which showed rain at Meridian, Miss., and a couple of points in Alabama, and sent prices off 12 1/4 for the October contract or about 9 to 11 points lower on the more active new crop months. July was again relatively easy, declining to 12.52 or 17 points net lower under further liquidation which may have been due to the circulation of notices estimated at about 600 bales. Liverpool cables said that local and continental liquidation in that market had been reported a somewhat better feeling in Manchester with a fair business pending.

### GRAIN MARKET

Chicago, July 24.—(AP)—Reports that Russia had sold 3,600,000 bushels of new wheat for August shipment to various European countries at a price fixed on the Liverpool October delivery had a late depressing influence on grain values today, but rallies ensued at the finish. Traders here and at the American seaboard asserted that the Russian business was being done for propaganda purposes. Word of rains in Missouri and in Canada tended further to bring about temporary price reactions, as well as the fact that recent buyers of corn appeared anxious to collect profits.

### STOCK MARKET

New York, July 24.—(AP)—Bull forces gave the stock market a rest today, but offered sufficient support to hold leading shares at concessions of a point or two from yesterday's final levels and to discourage any ambitious bearish activity. On the whole, the list was inclined to ease, with a few shares losing 3 to 6 points, or more. Price trends changed frequently in extremely dull trading. There were fairly substantial dips at times, followed by moderate rallies. Trading was in such small volume that the ticker tape was stationary much of the time.

The General Motors earning statement, showing net of 1.34 a share for the first half, as compared to \$2.01 in the same period last year, was generally regarded with satisfaction. The substantial improvement in the company's cash position since the first of the year, was also gratifying, and the stock was firmly supported by its market sponsors.

Wall Street is now waiting rather impatiently for U. S. Steel's earnings statement, due next Tuesday. Dow, Jones and Company, estimated the company's second quarter earnings at \$3 a share, compared to \$3.44 in the second quarter. While this will only aggregate about half the first six months income of 1929, it comes close to the full year's dividend requirement of \$7 a share, and exceeds the results of the like period of either 1928 or 1927. There have been some rumors that directors would declare a \$1 extra, but they gained little credence.

The results of major corporations so far reporting for the first half have been gratifying, but many of the smaller corporations have not done so well. Fallonsbe Brothers cut its annual dividend rate from \$3 to \$2, the first steel company to reduce its regular disbursements this year. The company showed a profit in the second quarter, however, compared to a deficit in the first. Among the day's none too pleasing news was announcement of a 10 per cent wage reduction by

# NOW! We Offer the Public Our New UNLIMITED GUARANTEE on Riversides.. "The Fairest, Strongest Guarantee Ever Written"

**RIVERSIDE TIRES** have gone steadily forward for 19 years. Never has there been a time when their quality could be questioned. Their march of quality progress has been indicated by guarantees of 6,000—8,000—10,000—12,000—16,000 miles. This year guarantees were increased again, to 18,000—22,000—30,000 miles—the highest figures ever included in a binding tire guarantee. And still the quality improves!

They have now reached a degree of excellence where no mileage guarantee can indicate the true measure of service these tires will give. So now we demonstrate our faith in Riversides by what we believe to be the strongest, fairest tire guarantee ever written.

### GOVERNMENT WILL NOT PAY FOR LIQUORS

(Continued from page one)

number of missions abroad whose heads maintained "arid territories" in compliance with prohibition laws of their country at home. Ambassador Dawes in London caused considerable comment last year by announcing that no liquors would be served at the embassy in London during his term of office.

At the homes of many foreign service officers, however, liquors are served, but under the present ruling these must continue to be paid for by the host no matter what the occasion.
