SET TRAP FOR LAST MEMBER OF BOND RING

Three Men Held At Chicago for Operating Theft Brokerage Firm

Chicago, Aug. 9.—(AP)—A police trap was set today for the fourth and last member of a bond theft "brokerage" firm supposed to have handled hundreds of thousands of dollars worth of securities taken in big robberies all over the country. Three alleged members of the ring were arrested yesterday and \$15,500 in stolen securities was recovered.

The police, naturally, refused to reveal the name of the fourth man or to say where they expected to catch him. It was variously reported that the trap was laid in Chicago and in Kansas City.

The three arrested yesterday, all of whom have served sentences in Leavenworth penitentiary, were Leo Beloit, Kan., Stanley McCormick, former Minneapolis broker, and R. W. Hampton of Indianapolis.

Hampton was arrested first as he attempted to pass an alleged forged letter of credit. Information gleaned from him led to the arrest of the other two. On Morgan the arresting officers found \$15,500 worth of securities which they said had been stolen.

Morgan served part of a five year sentence on charges growing out of the wrecking of the Union National Bank of Beloit of which he was cashier. He pleaded guilty to the charges which included embezzlement, misappropriation of funds and false reports. He was paroled after serving a few months.

McCormick was also paroled from Leavenworth penitentiary after serving more than two years of a seven year term for possession of stolen securities. He was charged with handling some of the securities taken in the \$1,500,000 Gerald Chapman mail truck robbery in New York.

Hampton's sentence was for counterfeiting. These three and their accomplice are believed by police to have operated a clearing house through which passed the loot of many of the larger robberies of recent years. The bonds, found on Morgan, they said, came from robberies in Cleveland, New York, Memphis, and Cicero, Ill. The three men were released under \$5,000 bond.

Use Serum Made From the Blood of Typhus Patient

Washington, Aug. 9.—(AP)—Serum from the blood of a 13-year-old boy, Julian Morris, of Sudleyville, Md., protects, two United States government scientists, Dr. R. E. Dyer and Dr. L. F. Badger, as they search for a cure for typhus, using guinea pigs for the experiments. Young Morris, who was ill for two weeks with genuine typhus, a disease which thus far has baffled science, came to Washington and gave a half pint of his blood for injection in either of the experiments in case of laboratory accidents.

Dr. George W. McCoy, director of the laboratory of the National Institute of Health, a branch of the Public Health Service, said the danger was very real. There have been many cases of infection, and several deaths, from laboratory experiments in typhus, he said.

Young Morris' blood is also being used in experiments on protection from typhus. Dr. McCoy estimated that, if properly kept, it would retain some of its protective value for about a year.

Typhus, a disease characterized by a sudden severe headache, high fever, and often delirium, has no connection with typhoid fever.

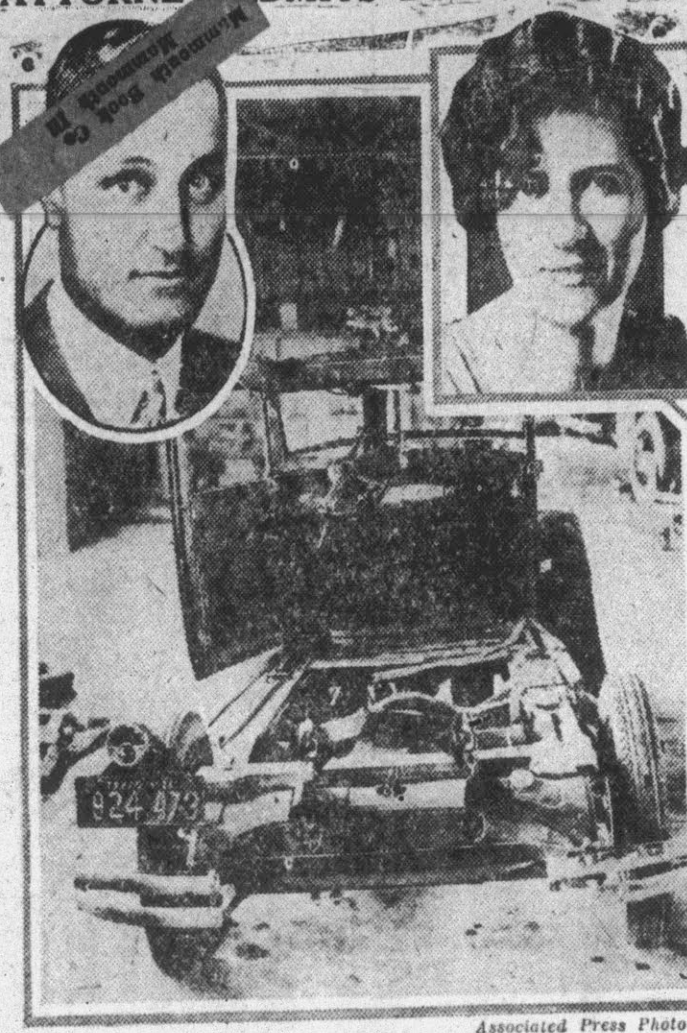

Jack Pickford to Mary Again

Salinas, Cal., Aug. 9.—(AP)—Jack Pickford, screen actor, was today making preparations for his third trip to the altar, this time with Miss Mary Mulhern, New York stage actress, with whom he filed notice of intention to marry at the Monterey county courthouse yesterday.

The groom-to-be, a brother of Mary Pickford, gave his age as 33, and Miss Mulhern said she was 22. Both gave their residences as Hollywood.

Pickford's first wife, Olive Thome, an actress, died in Paris several years ago, and he was divorced from his second wife, Marilyn Miller, also an actress. Miss Mulhern appeared in the cast of "The Trial of Mary Dugan" in New York.

ATTORNEY ADMITS BOMB SLAYING

A. D. Payne, Amarillo, Tex., attorney, confessed to police in Stinnett, Tex., that he placed dynamite in his automobile which wrecked it, killing his wife and maiming his 9-year-old son. He was arrested after his former secretary had signed a statement indicating his infatuation for her provided a motive for plotting his wife's death.

Robber Drops Explosive, Killing Himself And An Official Of Texas Bank

Several Also Injured. Hot Weather Sets New Record Here

In Fort Worth Bank As Bomber Lets Bag of Nitroglycerin Fall to the Floor After Demanding \$10,000. Bank Badly Damaged

Fort Worth, Tex., Aug. 9.—(AP)—Fred L. Pelton, vice-president and cashier of the Stock Yards National Bank, and an unidentified bomb thrower were killed, several others were injured and part of the bank was wrecked today. The bomber dropped a bag containing nitroglycerin after demanding \$10,000.

L. W. Marshall, assistant cashier, was seriously injured. Clifton Major, 3, was cut by flying glass. The blast occurred shortly before noon. The man carrying the satchel came to the desk of W. L. Pier, president of the bank, and demanded \$10,000.

"I'm desperate," he said. "I want the money quick. There's a price on my head and I don't care what happens to me. There is nitroglycerin in this satchel." He warned Pier not to notify police.

While Pelton, whose desk adjoined Pier's, engaged the man in conversation, the bank president went behind the cage and told the tellers to count out \$10,000 in currency. Then he telephoned Chief of Police Lee. The latter was out of the city and Pier called the North Side station, informing officers what was happening. He warned them to remain outside the bank and wait for the stranger to go out with the money.

Pier said that while he was calling the explosion occurred. Both Pelton and the stranger were killed instantly. The stranger's body was blown away from the waist down and his torso hurled to the ceiling.

All the fixtures of the bank were shattered by the blast. More than a score of customers and employees escaped injury, however. Money and checks were strewn everywhere.

The bomber was described as having sandy, red hair. He was about five feet 8 inches tall and weighed about 160 pounds.

The Magers boy, son of Mr. and Mrs. Clifton Magers, was standing inside the bank. Flying glass cut him on the head and body. Marshall received a badly cut leg and Pelton's body was badly mutilated.

Snake Meets His Waterloo In Trap

Goldsboro, Aug. 9.—(AP)—That snake was a pretty slick snake, as snakes go. He could steal eggs from under setting hens without the hens knowing it.

But a rat trap in the corn crib of Ed Godwin was his Waterloo. Fifty-four inches of snake crawled up to a net. Something snapped, and the trap closed tightly about his girth. A bullet from a 32 calibre pistol finished him.

SEVEN MINERS ARE KILLED AT POTTSVILLE, PA.

Sixteen Others Injured When Caught in Fall of Debris At Gilberton Colliery

Pottsville, Pa., Aug. 9.—(AP)—Caught in a fall of timber and debris in the Gilberton Colliery of the Philadelphia and Reading Coal and Iron Company last night, seven miners were killed and 16 others injured.

Three of those who escaped with their lives were injured so severely they may not recover, hospital physicians said today.

Twenty-three men were working in the third level, about 1900 feet below the surface, when the accident occurred, due, investigators believe, to a sudden collapse of timbering. The dead and severely injured were buried under tons of splint, coal and dirt, while the others escaped the full force of the avalanche.

The crash of breaking timbers and falling debris warned workers on the surface of the accident, and rescue crews set to work immediately to save their comrades. Thirteen of those taken out required only first aid treatment.

The Colliery, 10 miles from Pottsville, has been closed for several months and new rails were being placed in the slopes preparatory to resuming operations Monday.

Two Youths Held for Bank Robbery In Rowan Co.

Charlotte, Aug. 9.—(AP)—With the arrest of two Charlotte youths in Clearwater, Fla., on information supplied by their girl companions, police here were confident today they had solved the robbery of the Bank of Rockwell, Rowan county, which was looted Wednesday of \$1,028.

Ted Honeycutt and John Ellis were taken into custody in Clearwater as they stepped from a train. Officers were advised, Clearwater authorities were informed of their arrival by Charlotte detectives who got the information from two young women held in jail here.

Mary Frick, Rockwell, N. C., and Mabel Yarbrough, Charlotte, were arrested as the blonde and brunette who assisted the bandits in their escape.

After locking R. W. Brown, the cashier, in the bank's vault, the bandit scooped up the money in a small bag and escaped in a blue automobile. Two miles from Rockwell, residents said, they swapped to a large roadster in which two young men met them.

The blue car, abandoned by the side of the road, was returned to its owner here from whom it had been stolen.

The two girls are being held under \$5,000 each. Honeycutt and Ellis will be returned to Charlotte immediately, unless they fight extradition.

Lindberghs Off For Morrow Home At North Haven

Hicksville, N. Y., Aug. 9.—(AP)—Colonel Charles A. Lindbergh and Mrs. Lindbergh took off in her new biplane at 9:55 a. m. (EST) from the Aviation Country Club field for North Haven, Me., summer home of Mrs. Lindbergh's father, Ambassador Dwight W. Morrow. Lindbergh, Jr., who, according to rumors, was to have been taken along, was not a passenger.

Their biplane has a cruising speed of approximately 100 miles an hour and if they have favorable weather, they should make the flight in approximately four hours.

It was not known how much gasoline they carried, but their plane has a capacity for a seven hour flight.

Poison Milk Blamed for Death of Youth

Lenoir, Aug. 9.—(AP)—A mountain weed was blamed by physicians today for the death of a boy and the serious illness of four other members of the same family.

Robert Edmiston, 10, died from "milk poison," physicians believe, contracted, probably, from the family cow after that animal had eaten a weed known as "white snake root."

John Edmiston, the lad's father, two sisters and a brother are yet in danger from the same disease.

"White snake root" grows to 10 or 14 inches in height and has small white flowers. It is found only in mountain regions.

LUNDGREN READY FOR DASH AROUND THE WORLD.

Ted Lundgren, Hollywood, Cal., aviator, made final preparations at Roosevelt field, N. Y., for an early takeoff for a race against time around the world. The first day's flight will be to Harbor Grace, Newfoundland.

PITT FARMERS ARE GUESTS OF KIWANIS CLUB

Howard J. Wischaupt Delivers Principal Address At Twice-a-Month Meeting

Declaring that the pendulum of the business world swings both ways and that the good times usually follow hard times, Howard J. Wischaupt, of Cleveland, noted business analyst, delivered the principal address at the twice-a-month meeting of the Greenville Kiwanis club at the Rotary building last night. The speaker said the period of depression which has existed in this section was largely psychological, and that even now business was beginning to hit the upgrade.

The Kiwanians had several well-known farmers from this and surrounding communities as their guests last night, and the program dealt largely with short talks by the visitors in addition to the principal address by Mr. Wischaupt. President B. B. Sugg presided over the session and the program was in charge of G. V. Smith. The usual song duets were led by Rev. E. L. Hillman, pastor of the Jarvis Memorial Methodist church with Mrs. R. A. Tyson, Jr., acting as instrumental accompanist. The visitors were introduced by J. F. Harrington.

Those who made short talks were: J. C. Galloway, of Grimesland, Jim Frizzelle, of Greene county, Mack Smith, of Bell Arthur, and Paul Davenport, of Pactolus. Each expressed his pleasure of the opportunity of being present, and said he believed good results should be obtained from the gathering. It was left to J. C. Galloway, however, to stress the need of service, co-operation and optimism among the people of the locality. He declared that all of these things would be necessary as the business, financial and agricultural world attempts to leave the valley of depression to find the hills.

Mr. Wischaupt, who was introduced by C. B. Rowlett, expressed surprise that so much pessimism should prevail in this section with such splendid crop conditions existing in every part of the county. He told his hearers that every valley has two hills, and without the valleys, no section could fully appreciate the hills.

What every community needs, he declared, is a spirit of optimism. The kind of optimism that causes a man to rise up and start over again after every defeat. He declared that the crying body of men to talk optimism, and to cut out the "yes, but's" of the pessimist who makes it a point to throw an interrogation point around every assertion dealing with improved business conditions.

He said he was trying to sell the spirit of optimism to this part of the state and hoped that he would receive the hearty support of that great mass of thinking men and women who realize that the future holds forth just as many opportunities for development as any period of the past. The leading business men of the nation, he asserted, have declared that business is on an upgrade, and all signs point to the correctness of their statement.

Among the first railroads to ask authority to reduce rates was the Illinois Central which telegraphed today a petition for immediate authority to make a rate of 171-2 cents per hundred pounds on range cattle shipments from Reeves, Tenn., to Baton Rouge, La.

This meant a temporary cut of 50 per cent in the usual charges and would facilitate a movement from the west to the south where ample cattle feed is available.

The commission's order permits the Illinois Central to make the new schedule effective without notice, and without regard to its relation to other rates.

Let Others Do Likewise

Asheville, N. C.—(AP)—John O'Donnell may soon be a "wearer" of the green in dear old Erin. The local man, native of Ireland, is going back home for the first time in 45 years.

This Is Real News

Chapel Hill, N. C.—(AP)—H. R. Totten, who, as botany professor at the University, usually watches growing green things, took time during a trans-continental tour to watch a growing red thing. He came back to Chapel Hill with a flaming flowering beard.

Drought Hits At President's Camp

Orange, Va., Aug. 9.—(AP)—Recreation occupied a smaller space than usual today in President Hoover's week-end program as he gave his attention to the problems of drought relief.

I. C. C. Orders Railroads To Reduce Freight Rates In Drought Stricken Area

Commission Asserts That Emergency Has Been Created by the Long Dry Spell and All Carriers Are Ordered to Lower Tariff on Live Stock, Feed and Water.

Washington, Aug. 9.—(AP)—The Interstate Commerce Commission today issued an order authorizing reduced freight rates by railroads in drought stricken areas.

The commission asserted an emergency had been created by the long dry spell and that all Interstate carriers were authorized to lower tariffs "on live stock, feed and water and upon such other articles of traffic as may be found necessary to and from stricken areas," without observing the usual requirements as to publication and notice in rate changes. The authorization expires October 31.

The commission had been informed that a number of railroads, eastern and western, intended to petition for special permission to disregard the usual requirements and make emergency rates.

In view of that and the proposals President Hoover has made, the commission took quick action to give blanket authorization for such action.

By the authorization, railroads will be able to make the schedules effective on day's filing, will not have to publish full copies for all points of the emergency tariff, and will be able to disregard the long and short haul provision of the commerce act and charge less for hauling relief shipments over long distances on the same line and in the same direction.

The commission authority has been exercised on this emergency basis in a number of instances, the most recent of which related to the Mississippi floods.

It is not believed any protests will be filed against any action of carriers or government to lay down temporary rates that will help regions threatened with disaster even though the temporary rail service offered them will cost far less than ordinary service obtained by ordinary shippers during the same period.

The order said "a prolonged period of severe drought exists generally throughout the United States, and that immediate measures of relief are necessary in many sections to avoid loss of livestock and to prevent general suffering."

It was added the schedules were intended to serve in the public emergency described.

Among the first railroads to ask authority to reduce rates was the Illinois Central which telegraphed today a petition for immediate authority to make a rate of 171-2 cents per hundred pounds on range cattle shipments from Reeves, Tenn., to Baton Rouge, La.

This meant a temporary cut of 50 per cent in the usual charges and would facilitate a movement from the west to the south where ample cattle feed is available.

The commission's order permits the Illinois Central to make the new schedule effective without notice, and without regard to its relation to other rates.

Hawks to Make Return Flight to New York Monday

New York, Aug. 9.—(AP)—If weather is favorable, Frank Hawks will take off from Los Angeles at two o'clock (PCT) Monday morning in an attempt to beat the west-east transcontinental air record of the Lindberghs, the Texas Company, sponsors on the flight, announced today. Hawks established a new east-west record this week.

ROUNDUP LAST OF THE SIX MEN IN JAIL BREAK

Three Pitt County Prisoners Captured By Sheriff In Vicinity of Oak City

Three negro prisoners, the last of six who escaped from the Pitt county jail last Monday night, were back behind the bars today after being captured by Sheriff Sam Whitehurst in the vicinity of Pamlico and Oak City. The other three men came back on their own accord within a few hours after the escape had been reported.

The three men taken by the sheriff were Leroy Carr and Claude James, of New Jersey, and Will Latham, of Pitt county. Carr and James were being held here on charges of stealing an automobile and Latham awaited hearing on an assault charge.

Latham was captured at Pamlico after he had missed an outgoing freight train which his companions succeeded in boarding. The sheriff followed the train to Oak City and took Carr and James into custody.

The six men gained their liberty by ripping a piece of iron from their cell. With the aid of this instrument they prized away enough bars to enable them to climb through the bars to safety.

One of the prisoners went to the police station and surrendered, giving the officers the first intimation of the jail break.

The next day the second prisoner returned to jail, declaring he found conditions better on the "inside" than on the "outside." Wednesday the third prisoner, who recently underwent an operation, was found sitting in front of a warehouse in tobacco town, the first lap of his return trip to the bank and three square meals a day afforded in the confines of the prison.

The six men were awaiting trial on charges of stealing automobiles and assault.

Big Plane Draws Nearer Endurance Mark At St. Louis

St. Louis, Aug. 9.—(AP)—Less than 100 hours today stood between Dale Jackson and Forest O'Brien and a new world record for sustained flight.

They had reeled off 456 hours in their monoplane Greater St. Louis at 7:11 a. m. (CST) when they began their twentieth day in the sky above Lambert-St. Louis field, and had 98 hours to go to beat the 554 hour record of the Hunter brothers.

The Greater St. Louis now is using considerably more gasoline than it did at the start of its long grind, but otherwise little change has been noticed in the plane.

TAKES STEPS TO SEND AID TO DRY AREA

President Hoover Calls Conference of Governors to Study Situation

Washington, Aug. 9.—(AP)—President Hoover today summoned Secretary Hyde and James C. Stone, farm board member, to his Virginia camp for further conferences on the drought situation.

The agriculture secretary and Mr. Stone planned to leave immediately for the Rapidan river lodge. Stone has just returned from a survey trip in the middle west and south, particularly in Kentucky, and he will lay the new information before the President.

Secretary Hyde will supplement Stone's reports with any additional advice from the weather bureau as to prospects of relief.

The White House announced today the replies of Governors Reed of Kansas, and Parnell of Arkansas saying they would be on hand for the conference between the President, government officials and governors of the states affected Thursday. Additional replies were expected during the day.

The White House was keeping in constant touch with the presidential camp. George Akerson, one of the President's secretaries, remained in Washington to advise the President of the situation by long distance telephone.

It was reiterated at the White House today that the nation's food supply was in no danger and that the shortage in animal feed crops was spotted.

Washington, Aug. 8.—(AP)—President Hoover's organizing talents were concentrated today on the task of welding together an effective campaign for relieving the sufferings of the drought stricken country.

As a first step the chief executive has called on the governors of the most severely affected states to meet with him here next Thursday to determine a method of bringing into play all available state and county agencies for relief with the co-operation of various federal branches, and the Red Cross.

Meanwhile, at his Virginia fishing camp Mr. Hoover was studying carefully the field reports compiled by the Department of Agriculture defining the ascertained damage on maps of the stricken area.

Announcing his decision to call the governors late yesterday the President said preliminary reports indicated approximately 1,000,000 farm families were affected, together with livestock amounting to 12 per cent of the total animal population of the country. In a lengthy statement surveying the situation Mr. Hoover said the situation was one to cause a great deal of concern.

"But it must be borne in mind," he added, "that the drought has mainly affected animal feed, the bulk of the direct human food production of the country being abundantly on hand."

"Nevertheless, there will be a great deal of privation among families in the drought areas due to the loss of income and the financial difficulties imposed upon them to carry their animals over the winter."

"The American people will proudly take care of the necessities of their countrymen in time of stress or difficulty. Our first duty is to assure our suffering countrymen that this will be done, that their courage and spirit shall be maintained, and our second duty is to assure an effective organization for their consumption."

At the same time the chief executive asked Acting Chairman Blackwell of the Red Cross to have his organization prepare to relieve any human suffering.

On the basis of the agriculture department survey of conditions as of August 1, the President said the most acute shortage of animal feed crops was in southeastern Missouri, southern Kansas, southern Illinois, southern Indiana, southern Ohio, Kentucky, West Virginia and northern Virginia, with smaller areas in Montana, Kansas, Iowa and Nebraska. However, a reduction of feed crops in the other states also was noted and the President said governors of one or two other states may be asked later to attend.

"In any event," he said, "in the most acute areas we should now lay the foundation for effective local and state organization, the object of which is to prevent suffering amongst farm families deprived of support, and to prevent the sacrifice of livestock more than is necessary."

More detailed information on conditions in the drought areas is expected to arrive from agents of the Department of Agriculture in time for study Thursday. The livestock affected was placed at 2,250,000 horses and mules, 6,000,000 cattle and 12,000,000 hogs and sheep.

lanta.

DON'T LET YOUR ADVERTISING TAKE A VACATION

In the face of depression
Mr. William H. Rankin,
president of the William H.
Rankin Advertising Com-
pany, points out that the
successful businesses of to-
day are persistent and con-
stant advertisers and he
urges all would-be success-
ful businesses not to let their
advertising take a vacation
this year.

Mr. Rankin's company
with offices in New York,
Chicago, San Francisco and
London, handle a tremend-
ous volume of national ad-
vertising and here is what
he has to say about it:

"One of our customers,
who more than doubled
their appropriation January
1st—three months ago felt
they had made a mistake.
The big increase in their
business during the past six
weeks has proven to them
that they were right—and
that the best thing they ever
did was to double their ap-
propriation January 1st.

"In times like these, dur-
ing the past 20 years, I have
noticed that advertisers who
redouble their advertising
and sales activities are those
that become leaders and
maintain leadership there-
after.

"I have noticed, too, that
even in the Stock Market,
the Stock of those adver-
tisers who have kept their ad-
vertising going ahead of last
year's appropriation have
been the first to increase in
price—market operators,
large and small, give prefer-
ence to Listed Stocks that
have built great consumer
good-will through years and
years of steady, persistent,
consistent advertising.

"Most advertisers whose
business is not so good have
allowed their advertising to
take a vacation—this year
of all years advertising es-
pecially in newspapers
should be kept at work, tel-
ling newspaper readers day
by day the reason why they
should buy advertised pro-
ducts.

"We in the Wm. H. Ran-
kin Co., have worked harder,
longer hours, more intelli-
gently and effectively in the
interest of our customers
than ever before in our 30
years' history. Our custom-
ers' Sales and Advertising
Departments have done like-
wise! The results speak for
themselves—we have more
good men and women on
our payroll this year than
ever before! We could not
if we wished take a vacation
—and who wants to take a

vacation when there's work
to do?
"Moral—Don't let your
advertising take even a day's
vacation this year."

ABOUT TOWN

The reduction of ten cents in the
city's tax rate will be received with
elation by people who have been
clamoring for tax cuts the last sev-
eral months. This is the second
time the Board of Aldermen have
reduced the tax rate during the
last two years, representing a total
slash of twenty cents for the period.

It is no easy matter to operate a
city government on a budget less
than formerly even though condi-
tions are dull, and the aldermen
are to be congratulated for the ef-
fort which they have put forth in
making the slash possible.
It is the purpose of the board to
maintain a high standard of effi-
ciency in the operation of govern-
ment at the least possible expense,
but it is like Mayor Lanier told a
taxpayer the other night when the
new budget was announced, "it is
impossible to pack a 25c administra-
tion on a 10c tax rate.

The new budget has been newed
down until it will require the strict-
est economy by the board to get
through the year without going
out of bonds, and the next several
months should test the business
ability of the aldermen to a greater
extent than it has been tested in
years. They have a big job ahead
and with co-operation and sym-
pathy of the public, should be able
to come out with colors flying.

Although farmers of this section
have been hard hit the last two or
three years, they are not pessimistic
concerning the future.
This fact was brought out in a
convincing way at the annual farm-
er's night entertainment given by
the Kiwanis club last night. Many
of the most influential farmers of
the section were in attendance, and
expressed belief that the future
held forth great possibilities from
the man who gives attention to liv-
ing at home, such as suggested by
Governor O. Max Gardner.

It was the consensus of opinion
that the man who produced food
for home consumption in addition
to the money crops would be the
one to emerge at the big end of
the horn at the end of the next
harvest season. No miracle may be
expected the first year or so but
by continued attention to the ex-
periment the growers will begin to
realize results.

The farmer is the backbone of
this great section of the state and
when he once gets on his feet, there
will be more prosperity than North
Carolina has seen in many a day.

In the midst of the hue and cry
about low tobacco prices on the
Georgia and South Carolina mar-
kets comes the statement from a
market supervisor that good to-
bacco is really bringing good prices
and that the low averages have re-
sulted from common grades of leaf
being thrown upon the floors of the
various warehouses.

It was also stated that much of
the dissatisfaction reported to exist
in the two belts resulted from exag-
gerated newspaper accounts and
efforts of political factions to cre-
ate unsettled conditions. It is to
be hoped the statement is true and
that the markets will be able to re-
port improved prices when better
grades of tobacco are placed on
the market.

Results obtained from Dollar Day
in this city Thursday have proved
a source of much gratification to
the merchants of this city, or at
least to the fifteen members of the
Merchants Association who partici-
pated.

It was stated that trade was as
good if not better than any pre-
ceding trade day in years, and this
produced considerable optimism
among the general run of business
establishments.

The special trade days are doing
much to interest people in visiting
Greenville to do their shopping and
this fact is becoming more evident
with the passing of each year.

By offering real values from time
to time without thought of profit
taking, the merchants will be able
to draw more than passing inter-
est to the city as the leading shopping
center of this part of the state. In
fact, it should be the purpose of the
merchants to share profits with the
public on these special occasions. It
should be a means of drawing the
people here all through the year,
and especially where there is a
chance of getting unusual values
for their money.

ONE-LEGGED OPTIMIST FOUND AT GOLDSBORO

Goldsboro, Aug. 9.—(AP)—Optim-
ism hereafter will be defined in
terms of John Horn's outlook.
Horn, one-legged gatekeeper at
the Wayne county fairgrounds,
stuck a nail through his foot. He
is thereby quite flat on his back.
"Oh, it might have been worse,"
said Horn. "If I had stuck a nail
through the foot of this \$175 cork
leg, I might have ruined it."

No one regrets the unfortunate
state of affairs in our county gov-
ernment more than I. Yet it ap-
pears that just such a condition
was inevitable sooner or later, owing
to our extravagant policies.

In justice to the Taxpayers Re-
lief Association, please let me say
that the result of the last primary
indicates the approval of a majority
of the taxpayers of the endeavors
of the said association which, I be-
lieve, asks only a just and economi-
cal administration of the county
government.

MRS. CHARLES MCARTHUR.

PRaises Reflector For EDITORIAL ON POOL ROOM

Editor, Reflector,
Greenville, N. C.

Dear Sir: I want to thank you for
your editorial of yesterday in re-
gard to the granting of permits
for the operation of three pool
rooms in our city.

Like you, I thought that we had
forever gotten rid of these places,
when the people expressed them-
selves on the subject over a year
ago. What good reason have the
aldermen who voted this permis-
sion for bringing them back into
our city? How much will they help
the business of our city? What
help will they be to the moral and
spiritual welfare of the city? What
have they ever done to uplift any
community? Why was not an op-
portunity granted for the Minis-
terial Association and the churches
to be heard before these permits
were granted? Do the members of
the council remember the request
of the Ministerial Association for
their help in making and keeping
Greenville moral? And do they
remember the assurance given that
they would help us all they could
to do so? Is the granting of per-
mits for the running of pool rooms
helpful to the morals of our city?

I am sure I voice the sentiment of
the good people of our community
when I say that we do not want
pool rooms in our city. We are
trying to make this place a godly
Christian community, and we need
all the help we can get to do it.
Let all of those who are willing to
help keep out of our city every-
thing that tends to demoralize and
take away from God, and stand to-
gether in this matter.

Signed:

W. S. HARDEN.
Greenville, N. C.,
Aug. 9, 1930.

Hazard Is Stimulant

Great Neck, N. Y.—A mental
hazard is a mere stimulant to A.
"Ducky" Yates, Syracuse broker,
former state amateur golf cham-
pion and one-time Yale football
star. About to tee off in the state
tournament, he was arrested on a
grand larceny charge in connection
with a stock deal. With the detec-
tive as a companion he went all
the way in par and won his match.

Whole."

God is calling upon His people
to come out from among the peo-
ple of the world, and faithfully sup-
port the church in these critical
days, that He may bless out coun-
try in this time of distress. Will you
heed His call?

ST. PAUL'S EPISCOPAL CHURCH

Rev. W. A. Lillycrop, Rector.
Because of the fact that we are
in the process of moving from the
old church to the new building,
there will be no services of the
church or Sunday school held at
St. Paul's during the month of Aug-
ust. Due notice of the opening of
our new building will appear in this
column during the month. In the
meantime, our people are urged to
attend the services and Sunday
schools of the other Greenville
churches during this month.

in the heart of a friendly city."
We welcome you to all the services
of the church.

NEW METHOD OF STEALING MELONS

Greensboro, Aug. 9.—(AP)—The
old-fashioned method of stealing
has yielded to the march of pro-
gress, according to the story John
Gay, street car motorman, tells.
With a screech of brakes, a sleek
roadster slid to a stop before a
farmer's truck, piled high with
melons. The motorist squinted an
appreciative eye, and instructed the
farmer to place several in the rum-
ble seat.

It was done. The farmer held
out his hand for cash. The autoist
waved a mocking hand, let in his
clutch and sped away.

Held In Slaying

After an altercation with Adam
Rawa, farmer near Doylestown,
Pa., William Davis, 11, of Phila-
delphia shot at him but killed his
nine-year-old grandson instead.

Cat Prognosticator
Baltimore—Napoleon celebrated
his ninth birthday by taking a nap
with his head between his fore-
paws, and that, on the word of
his owner, was a sure sign of a
change in the weather. The pre-
diction appeared in the afternoon
papers and a few hours later it
rained. Napoleon is a short haired
Fetrian cat which his owner says
has been predicting weather in that
fashion for all its nine years.

We've Heard This One Before
Charlotte, N. C.—(AP)—William
W. Moyle, who claims to have in-
vented a device that eliminates
static, thinks he knows why the
country has had no rain recently.
Radio broadcasting, Moyle wrote
Secretary Hyde.

DOROTHY DARNIT

Social and Personal

Miss Susie Kell Gray, Robinsonville, and Miss Clyde Cox, of Chicago, returned today from Raleigh, where they attended the State 4-H short course this week.

Mr. and Mrs. A. Sherrod, of High Point, are visiting Mr. and Mrs. Z. M. Whitehurst in College View.

Mrs. D. M. Sellers and Miss Bernice Tripp left this afternoon for a trip to Emporia and Virginia Beach.

B. W. Ginn left today for New York.

Dink James has returned from South Carolina and Georgia.

Dr. E. T. Dickinson, of Wilson, was here today on professional business.

Mrs. W. R. Smith and little daughter, Miss Lena Mae Smith, returned yesterday from a visit in Roxboro and Greensboro.

Miss Suzanne Simmons, of Charlotte, who has been the guest of Miss Mary James Lipscomb, has returned to Morehead, where she is spending the summer.

Mrs. R. T. Burnette left this morning for Charleston, W. Va., to visit her daughter, Mrs. Gullford Smith. Miss Helen Burnette will join her in Richmond.

Miss Margaret McCutcheon, of Bishopville, S. C., is the guest of Mr. and Mrs. T. T. Hollingsworth at the Princeton Hotel.

Mrs. W. W. Casey, Misses Lella and Eugenia Thomas and Bobbie Burns are spending the week-end at Nags Head.

Mrs. C. S. Robinson, Mrs. R. H. Byrd, Virginia and Carl Byrd left this morning for Wilmington and Wrightsville Beach.

Miss Helen Stewart has returned to her home in Sanford after a visit with Mrs. R. H. Byrd and family.

Mrs. Alfred Simmons, of Wilson, has been spending a few days with her sister, Mrs. L. C. Evans.

Church News, Notes and Society

Methodist Circles to Meet

Circle No. 1 of the local work department of the Woman's Missionary Society of Jarvis Memorial Methodist church will meet with Mrs. J. B. Kittrell, 800 E. Fifth St., Monday afternoon at 4:30 o'clock.

Memorial Missionary Society

The Woman's Missionary Society of Memorial Baptist church will meet at the church Monday afternoon at four o'clock. The sunbeams will meet in the beginner's department at the same hour.

Immanuel Missionary Society

The Woman's Missionary Society of Immanuel Baptist church will hold their regular monthly meeting Monday afternoon at four o'clock.

Mrs. C. M. Thomas has prepared an interesting program. All ladies of the church are urged to attend.

Forest Fire Adds Menace to Drought Areas of Midwest

Milwaukee, Wis., Aug. 9.—(AP)—The red glow of forest fires flared on the horizon today to add a new menace to the midwestern drought.

In scattered sections of the Great Lakes area, small sections of woodland were ablaze. In themselves, they represented no great danger but federal and state forestry officials foresaw a grave danger unless rain comes soon.

"Extremely dangerous," was how S. E. Schoonover, acting regional forester here, characterized conditions. "While there have been light showers, the rainfall has not been sufficiently heavy to make much headway in extinguishing fires, or giving relief."

Unless the public cooperates fully, he indicated, it might be necessary to close national forests to travel, except by individual permit. The present heat is making the forests as dry as tinder. Scores of small fires have been reported in northern Wisconsin and in the upper peninsula of Michigan.

Highway Patrol Made 385 Arrests During July

Raleigh, Aug. 9.—(AP)—State highway patrolmen in North Carolina warned motorists of 13,003 violations in July, traveled 104,645 miles, stopped 11,924 automobiles and made 385 arrests, according to the monthly report of Capt. Charles Farmer, which was announced today by R. A. Doughton, chairman of the Highway Commission.

In the cases resulting from the 835 arrests fines totaling \$2,796.76 were levied and costs totaled \$2,236.70. In addition sentences aggregating 86 months were imposed.

The patrolmen extended 877 court-tesies during the month, issued 389 cards to drivers to have their lights fixed, reported 5,385 lights fixed at stations and warned persons in 2,243 instances for parking on highways.

There were 97 automobiles found without license and license collections from these totaled \$3,834.64 for the month.

There were 53 reckless drivers and 41 drunken drivers arrested during the month.

New Hostess

Chapel Hill, N. C.—(AP)—Miss Kate Graham has started fall house-cleaning. The Charlotte woman, sister of Frank Graham, new university president, has arrived to become his official hostess.

HARRINGTON-HARRIS

Washington, N. C., Aug. 8.—Mr. Charles F. Harris announces the engagement and approaching marriage of his daughter, Olive Mae, to Mr. J. Frank Harrington, Jr., of Greensboro, North Carolina. The wedding to take place in September.

Mr. Harrington is the son of J. F. Harrington of this city, and has been making his home in Greensboro for the past few months.

The above announcement will be of interest to his many friends in Greenville and Pitt county.

Notice to Pupils and Patrons

The Greenville City Schools will open for the fall term Thursday, Sept. 11. Registration for all new pupils, not previously registered will take place at the high school building on Sept. 8, 9 and 10.

Junius H. Rose, Supt.

Farmville School Head to Go With Sanford Schools

Farmville, Aug. 8.—Citizens of this community and Pitt county in general, who are vitally concerned and interested in the development of education locally, and the continued progress of the Farmville schools have learned recently, with profound regret, of its efficient superintendent George R. Wheeler's acceptance of the supervision of the Sanford schools.

Mr. Wheeler is a native of Sparta, Ga. He is married, and has two bright and attractive children. Upon being installed as head of the school here, 12 years ago, Mr. Wheeler set about, with tremendous earnestness, to a correct diagnosis of the local problems in relation to material and mental development, immediately reorganizing, equipping and directing the work of the school along sound lines of progress and permanent stability.

A large, modern, brick building, with new and increased capacities, now stands on the site where formerly three old frame buildings inadequately housed the school. Supt. Wheeler has consistently placed major emphasis on the raising of the standard until today it enjoys the distinction of being a State and Southern H. high school, and has credits with northern colleges. It has progressed from an elementary school, below the average in achievement, to 8 months above national standards.

Twelve years ago, one half of the pupils were in the first and second grades, today they are very evenly distributed. The senior class of last year, in state examinations, stood 40 per cent above the median of the state. All sports and athletics that tend to develop character, have been encouraged and included in the educational program.

Of a conservative nature, Mr. Wheeler is a man of wide vision, of sober judgment and logical thought and has so administered his duties here as to merit the approval of the entire community and county. He has served as well in civic and religious circles here, having organized the local Rotary club, and serving as president. He has also held various offices in the Baptist church.

Predict Fight for Attorney General

Raleigh, Aug. 9.—(AP)—The Raleigh Times today says political rumors on "Capitol Hill" are that Henry C. Bourne of Tarboro, Walter D. Siler of Pittsboro, assistant attorney general, and Charles Ross of Lillington, special counsel of the Highway Commission "may fight it out" in 1932 for the Democratic nomination for attorney general.

Dennis G. Brummitt, present attorney general, will seek the governorship in 1932.

Rumors, the Times continues, are also cropping up about opposition for other present state-office holders.

Mrs. T. W. Bickett, widow of the late Gov. Bickett, is mentioned as a candidate for secretary of state to displace James H. Hartness; Clarence Mitchell may seek to oust Frank Grist from his job as commissioner of labor and printing; Ralph Steele of Raleigh, may seek the state auditorship now held by Baxter Durham.

George R. Ross of Moore county and O. P. Shell of Hartnett may oppose W. A. Graham for the nomination as commissioner of agriculture.

The Times says no rumor of opposition to Dr. A. T. Allen, state superintendent of public instruction, or Dan C. Boney, insurance commissioner, has been heard.

CAROLINA DEATHS

Greensboro, N. C.—(AP)—Andrew Wagoner, 85, Confederate veteran. Greensboro, N. C.—(AP)—John A. McIVER, 69, for 24 years clerk of Moore County Superior court.

Charlotte, N. C.—(AP)—Mrs. Ruth Berryhill, 89.

Wilmington, N. C.—(AP)—Mrs. W. C. Galloway, 65, sister of the late E. L. Doughtridge, former lieutenant-governor.

Scotland, N. C.—(AP)—Dr. A. Craig Liverman, 69, retired dentist and outstanding citizen.

Trenton, N. C.—(AP)—William T. Bonner, member of old Eastern Carolina family and reputed inventor of asbestos lining for automobile brakes.

Brevard, N. C.—(AP)—Overton Erwin, 33, world war veteran, and son of one of the county's wealthiest citizens.

WINS MISS AMERICA TITLE

Dorothy Bell Goff of New Orleans was the judges' unanimous selection as "Miss America" at Galveston beauty pageant.

BETTERS WOMEN'S SPEED RECORD

Florence Lowe Barnes of San Marino, Cal., sitting on the wing of the low-winged monoplane in which she bettered the recognized speed record for women by traveling 196.19 miles an hour at Los Angeles. Record was formerly held by Amelia Earhart.

NEWS BRIEFS

Washington, D. C.—(AP)—Senator Simmons has gone home to New Bern, N. C., where he will stay until Congress re-opens.

Winston Salem, N. C.—(AP)—When a mad dog invaded his hour Miss Maggie Foster thought quick. She trapped the animal between a door and a wall, and held him until help came.

Asheville, N. C.—(AP)—Asheville friends of George M. Pritchard, Republican Senatorial nominee, predict his victory over Josiah W. Bailey, Democratic, by 75,000 votes.

Washington, N. C.—(AP)—Before the local Chamber of Commerce Frank Graham University President, scolded a warning against "False Economy."

Raleigh—(AP)—An unidentified 45-year-old boy, unconscious from no discernible cause was found here on a sidewalk last night.

Wilson—(AP)—Nestor Freeman, negro, reputedly wealthy and somewhat of a local character, has been arrested for rum running. Officers say his car was filled with whiskey.

Burlington—(AP)—A bullet from the gun of W. C. Thomas ricocheted 250 yards, and struck Grover Bain, 37, mill employee. He may live, say doctors.

All in a Name
London—His All Holiness Meletius II, primate and patriarch of Alexandria, and Oecumenical judge sitting on the throne of St. Mark, and ruling over the churches of Africa and Asia—that's the official title of a big bearded man attending a British church conference here.

Wilson Banking House Opens Up At New Bern

New Bern, Aug. 9.—(AP)—New Bern again today had banking facilities, with the opening of a branch of the Branch Banking & Trust Company, of Wilson.

The Citizens Bank & Trust Company and the Eastern Bank & Trust Company suspended business here Tuesday, last October the First National Bank closed.

The Branch Bank here is in charge of R. E. Harris, assistant vice-president of the Wilson institution. S. S. Lawrence, vice-president, was here for the opening.

John Mitchell, state bank examiner, has withdrawn his examiner from the Eastern bank, and has given permission for the bank, with its five branches, to reopen.

That is expected within ten days, President W. J. Swan announced today.

WEATHER OUTLOOK FOR WEEK BEGINNING MONDAY

North and Middle Atlantic States—Showers Tuesday night or Wednesday and again toward end of the week. Cooler first half of week with moderate temperatures thereafter.

South Atlantic States: Frequent local thundershowers in the interior throughout the week with moderate temperatures.

Ohio Valley and Tennessee: Showers are indicated first half of the week and again toward the end of the week, warm at the beginning of week with cooler Tuesday or Wednesday and with mostly moderate temperatures thereafter.

Take Children From Sewers

Calcicutte, India.—The National Congress party has as one of its aims taking the children out of sewers. The use of children to clean sewers is general, the youngsters being lowered into manholes too small to admit an adult. They are said to like the work as it makes them appear as heroes in the eyes of other youngsters.

Free Ride

Ostin, Italy.—Signor and Signora Peretti have a free airplane ride coming. They celebrated their 10th wedding anniversary by taking a jaunt in a hydroplane, to Palermo, Sicily, and have been promised a free ride on their diamond anniversary by minister of aviation, Balbo.

The Same Malady

Raleigh, N. C.—(AP)—This tree sitting is old stuff. Raleigh had one in 1915. An inmate of the state insane asylum, on the delusion that he was a bird, climbed a tree and stayed up 12 hours, until firemen with nets and ladders brought him down.

WANT ADS PAY

30 Years to Think It Over
Roxboro, N. C.—(AP)—Charles Clayton, who pleaded guilty to second degree murder in the slaying of Lemuel Clayton, not a relative, December 2, 1929, has been sentenced to 30 years in state's prison.

NOTICE OF SALE

Under and by virtue of the power of sale contained in that certain Deed of Trust executed by Kathleen Murphy to W. H. Bradsher, Trustee, for the Greenville Bldg. & Loan Ass'n., under date of September 7, 1928, of record in Book N-17, page 158 of the Pitt County Registry, default having been made in the payment of the indebtedness secured thereby, the undersigned Trustee will offer for sale and sell to the highest bidder for cash before the Court House door in Greenville, N. C., on
Monday, August 25th, 1930
12:00 o'clock, Noon

all of the following described real estate:

In the town of Greenville, N. C., beginning at a stake in the Northern line of West Fifth St., 80 feet East of the North East corner of the intersection of Fifth and Hudson Sts., and running Eastwardly 40 feet to a stake; thence Northwardly 153.75 feet to a stake; thence Westwardly 40 feet to a stake; thence Southwardly 157.75 feet to a stake, the beginning point, and being Lot No. 3 in Block F of Riverdale Sub-division as shown on Map thereof in Register of Deeds office of Pitt County—Map Book No. 2, page 36, and being the place

MRS. PARKERSON'S DINING ROOM

Greenville's Best Eating Place

We are preparing the best chicken dinner for you Sunday 11:30 to 2:30, being the first Sunday meal we have prepared since leaving Greenville for Mr. Parkerson to enter the hospital, in which he stayed one month, but we are glad to be home again, and with the new improvements and making things better, we are sure you really feel at home when you eat here.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Aug. 5.—(AP)—Sutton opened steady today at an advance of 3 points to a decline of 2 points. There are some buying or covering on relatively steady Liverpool cables, but it was readily supplied by over night selling and offerings became more active after the first few minutes owing to private reports of showers in Texas.

Active months broke back to or a shade below the previous low records with the new October contract selling off to 12.22 and March to 12.70, or 6 to 10 points net lower by the end of the first half hour. According to private advices there was a shower at Amarillo, Texas and the weather looked threatening there but one of the local market readers said he saw no sign of rain in Texas, although the indications were for unsettled conditions in Oklahoma, Arkansas and Tennessee and for possible showers in eastern states.

Liverpool cables said that hedging and Bombay selling had been absorbed by covering, continental buying and trade calling in that market. The amount of cotton on shipboard awaiting clearance at U. S. ports at the end of the week was estimated at 20,000 bales as against 28,000 last year.

GRAIN MARKET

Chicago, Aug. 5.—(AP)—In a rapidly shifting market with dealings on a large scale, corn prices averaged higher and wheat lower today. Sensationally unfavorable crop reports as to drought and heat injury to corn continued, and a semi-official Kansas estimate suggested a yield of less than 70,000,000 bushels in that state, as against 107,000,000 bushels harvested last year.

Corn closed irregular, ranging from 1-2 net lower to 1 higher than yesterday's finish; wheat closed heavier 1-8 to 7-8 off; oats 1-2 down to 1-8 advance and provisions unchanged to a rise of 7.

STOCK MARKET

New York, Aug. 5.—(AP)—Two more large doses of selling were administered to the stock market today, without giving it much chance between swallows, and closing quotations were irregularly lower, with losses running from 1 to 5 points.

Stocks were heavily liquidated during the first hour, selling off about 1 to 6 points. During the next 45 minutes, most of these losses were regained as bears repurchased the shares, they had sold short at higher levels, but the upturn attracted renewed selling and the closing tone was heavy. Total sales were about 1,600,000 shares, the largest Saturday turnover since June.

The week-end business and trade reviews in the main reflected little but perplexity as the probable effects of the drought on public purchasing power, and only served to increase speculative nervousness. Corporate news was still largely unfavorable. It was reported that Youngstown Sheet and Tube would cut operations from 60 to 55 per cent of capacity next week. Brown Prentice decreased its annual dividend rate from \$2.40 to 60 cents.

Brokers' gossip had it that the bull leaders had completely abandoned the campaign for the time being. One of the most prominent traders in the group became a heavy seller. A few middle western operators usually associated with bull stock markets were said to have withdrawn completely from activity in the market, interesting themselves by dabbling with grains.

While professional bear selling appeared to have been the impelling force of the decline, some commission houses acknowledged that there had been substantial general liquidation. The extent of the bear participation, however, was evident in the fact that at least 100 issues on this market on the curb were loaning "flat" which means that the trader who borrows stock to sell short is so anxious to get it that he is willing to forego the usual interest.

Wreck Wrong House

Elizabeth N. J.—It was just a mistake of a number or so but wreckers almost wrecked the wrong house because of it. Neighbors detected the error, informed the police, the wreckers apologized, moved on to the right house and agreed to pay damages.

WANTS

RATES: 1c per word, (minimum 25c) per insertion, this size type. Larger type, double price. Persons not having regular account with this office must send or bring cash with copy. No want-ads taken over telephone.

ATINA-IZE — PROTECT YOUR future investments and family before it is too late. See Dr. E. P. Spence for Atina Insurance. 9-ft.

FOR RENT—ONE SIX ROOM bungalow with modern conveniences. Call Mrs. Z. P. Vandayke at 59 or 483-W. 1-ft.

Chicago—Marshall (Gary) Leach, Gary, Ind., outpointed K. O. White, Chicago, (10).

Hollywood, Cal.—Midget Wolgast, New York, outpointed Canto Poblet, Pasadena, Cal., (10).

Winston-Salem, N. C.—Jack Gross of Philadelphia, knocked out Jack League, San Antonio, (10).

POLOISTS LIKELY TO DEFEND CUP

When the American team rides out to face the British in defense of the Westchester polo cup experts predict that three of the four posts will be filled by Tommy Hitchcock (upper right) at No. 3, Winston Guest (lower right) at back and Eric Pedley, the California sharpshooter at No. 1.

LEADERS IN AMERICAN WIN AGAIN

Another east-west warfare is on in full blast in the polo leagues and if the opening day's results are any criterion then the eastern clubs are due to see their percentage columns rise several notches.

Ten games were played in the inter-sectional combat yesterday with the western teams able to salvage only one of the conflicts.

The Chicago Cubs kept their position of the country from being completely white washed by defeating the Boston Braves 6 to 1.

It was well that the Cubs did win or they would have found themselves trailing the Robins by still greater margin than three and one-half games.

With Babe Herman smacking the ball for two home runs, a double and a single in four times at bat, and Glenn Wright and Jake Flowers adding a pair of circuit drives, the league leaders easily downed the St. Louis Cardinals 11 to 5.

The Giants gained a half-game on the Cubs and Robins when they were called on to play the Pirates twice and won both, the first 9 to 1 and the second, 7 to 2.

Bill Walker kept the Pirates eleven hits scattered in the opener while Carl Hubbell let the Corsairs down with five blows in the nightcap.

Freddie Brickell, a recent acquisition from the Pirates, played a big part in the Phillies' 8 to 5 triumph over the Reds.

The Athletics found little trouble at Chicago whipping the White Sox 5 to 1 and 4 to 1 in a double-header and thereby increasing their lead in the American league another half game. Bob Grove hung up his eighteenth victory of the season in the opener.

Keeping pace with the champions, the Washington Senators came from behind to defeat the Cleveland Indians 5 to 4. After spotting the Indians four runs in the first four frames, the Senators kept nipping at Shoffner and Jabonowski until they took the lead in the eighth on Manush's double and Cronin's fourth hit.

George Pipgras and Harry Rice put together some effective hurling and batting respectively, to give the Yankees a 5 to 3 decision over the Browns.

The Red Sox, aided by six run rally in the first inning, defeated Detroit 8 to 6 to break the Tigers' six-game winning streak. In winning the Sox were forced to put down a four-run rally by the Tigers in the eighth.

YESTERDAY'S RESULTS

PIEDMONT LEAGUE
Raleigh 2; High Point 10.
Winston-Salem 8; Greensboro 5.
Durham 7; Henderson 3.

NATIONAL LEAGUE
New York 9-7; Pittsburgh 1-2.
Chicago 6; Boston 1.
Philadelphia 8; Cincinnati 5.
Brooklyn 11; St. Louis 5.

MERICAN LEAGUE
Philadelphia 5-4; Chicago 1-1.
Boston 8; Detroit 6.
Washington 5; Cleveland 4.
New York 5; St. Louis 3.

SOUTH ATLANTIC LEAGUE
Columbia 1; Greenville 9.
Asheville 5; Charlotte 1.

Yesterday's Stars

Lefty Grove and Bill Shores—Athletics—held White Sox to 12 hits in two games to give Athletics double victory.

George Pipgras, Yankees—Gave Browns only five hits to chalk up 23th win of year.

Joe Cronin, Senators—Collected four hits off Cleveland pitching and drove in winning run.

Babe Herman, Robins—Collected two homers double and single and drove in four runs against Cards.

Bill Walker and Carl Hubbell, Giants—Pitched effectively against Pirates as Giants won both ends of double bill.

Tourists Showing Up As a Strong Threat In Sally

Charlotte, Aug. 5.—(AP)—Greenville's Spillers had possession of second place in the Sally league today and were only a game and a half behind Macon's Peaches.

Red Howell, husky Spinner outfielder, batted the Greenvilleans into the runner-up berth, leading the attack against the Corners with a homer, double and single. Grey was hit hard, while Stokes, Spinner hurler, was effective in the pinches and received airtight support.

Macon staged an uphill battle to emerge victor over Augusta. The Wolves tallied five runs in the first two innings only to see the loop leaders crash through with the winning tallies in the final stanzas.

Mann starred for Macon with the stick by crashing out four safe blows in five trips, Harvel heading the Wolf swatting with three.

Six hurlers were called on by the two teams, Augusta using four in an attempt to snatch the battle. Newsome got credit for the victory. Yeargin was charged with the loss.

Asheville tightened its grip on fourth place and became a pennant threat by flogging Charlotte again. The count was 5 to 1.

Kershaw Jones made his debut as a Tourist hurler in great style, giving the Insects but six hits. Wical, starting Big hurler, was hit hard, but Petty, his successor, did splendid in the relief role.

Slugs For Pennant

Bill Terry, first baseman of the New York Giants, whose potent bat has been largely responsible in keeping the club in the hunt for the National league pennant this year. He's hitting around .400.
