FLIER HELD IN BOMBING OF KY. MINE

Paul Montgomery Arrested In Illinois On Charge of Dropping Bombs Yesterday

Murphysboro, Ill., Aug. 12.—(AP)—Paul Montgomery, local aviator, was arrested here at 10 a. m. today by Sheriff William Flanagan for investigation in connection with the airplane bombing of mining properties in the vicinity of Providence, Ky. yesterday.

Montgomery's arrest followed receipt of a telephone call from Sheriff Overbe of Dixon, Ky., that a warrant for the aviator in connection with the bombing outrage had been issued here.

Three men who came here this morning from the Kentucky coal field conferred with county authorities, advising that they "had some evidence of Montgomery." The nature of the evidence was not revealed.

The aviator, who had talked of a Rome-to-Dallas, Tex., non-stop flight this summer, declined to make any statement other than to deny he had flown in the vicinity of Providence yesterday or that he had any connection with the air raid.

Immediately after his arrest he asked for permission to engage counsel.

Providence, Ky., Aug. 12.—(AP)—Police of several cities today were seeking the owner of an orange monoplane, which yesterday swooped down and dropped nine bombs on mine properties near here. The bombing culminated a series of disorders which started when several mines re-opened recently after shutdowns because of independent strikes. No one was injured and no damage done.

Officials of the coal companies against which the attack apparently was directed, as well as local officers, telegraphed descriptions of the plane to surrounding cities, and a thorough search was started. No headway had been made early today, however, except for a report from Paul Montgomery, a Murphysboro, Ill., aviator, that he had seen a strange plane flying in the vicinity of Pinckneyville, Ill., yesterday. Pinckneyville is approximately 100 miles by air from here.

Meanwhile, at Washington, agencies of the federal government's service for regular civil aeronautics were investigating the bombing. Several witnesses reported the number of the plane, but the reports varied.

The air attack occurred yesterday morning as miners were on their way to work, and threw this city and Webster county into a state of intense excitement. Four of the nine bombs failed to explode, and the others merely tore large holes in the ground. A mine guard fired two shots at the plane but without effect.

A mass meeting, attended by miners, city and county officials, business men, ministers and mine operators, was held here last night, and speakers denounced the day's violence. Mayor J. C. Snow pledged the support of the entire city administration in suppressing violence, and a resolution was passed expressing confidence in both the city and county administrations.

Deputy sheriffs and special guards patrolled the mine properties last night, but there was no disorder. Operators said the mines would operate today.

The bombing was the last of a series of depredations that started when the mine re-opened July 1. About 75 per cent of the mines returned to work, and the remaining 25 per cent has been trying to persuade the workers to lay down their tools again.

The homes of several miners have been dynamited, power lines have been blown up, miners shot from ambush and dynamite found on the porch of a county judge who was to hear a case against several men charged with banding and confederating. Troops have been requested on several occasions, but the requests have been denied by Gov. Flem D. Sampson.

The bombing plane yesterday appeared from the direction of Harpersburg, Ill., and dropped the first bomb at an abandoned mine near Clay, Ky., north of here. The plane then dived over Providence and dropped two more bombs on the outskirts of the city. Another bomb was dropped at the entrance to the Buckman mine, but it failed to explode. Five more bombs were dropped as the plane gained altitude. They fell near properties of the Meador Young and Holt Coal Company and the Diamond Coal Mining Company, but only two exploded.

An examination of the unexploded bombs revealed that they were made of dynamite wrapped with tape, with fuses attached.

Advise South Farmers To Keep Unconditioned Tobacco Off The Market

Beaten To Death

Mrs. Ida Diamond, 27, was found beaten to death with an axe in her home in Hartford, Conn. Her husband, a taxicab driver, was held by police as the slayer.

BEGIN PROBE OF PRIMARY IN CAROLINA

Representative of Nye Committee Starts Investigation at Charlotte Today

Charlotte, Aug. 12.—(AP)—North Carolina's Democratic primary, in which Josiah W. Bailey defeated Senator F. M. Simmons for the senatorial nomination, was under investigation today by a representative of the committee headed by Senator Gerald P. Nye, Republican, North Dakota.

The investigator, J. L. Ward, who said he is a Democrat and a native of Mississippi, began his work shortly after arriving in Charlotte yesterday, by calling on Arthur Mewshaw, manager of the Simmons campaign in Mecklenburg county.

It was Mr. Mewshaw who revealed the nature of Mr. Ward's visit to North Carolina. The Charlotte man told newspaper reporters he had been questioned concerning expenditures.

"I told him I spent \$50 on Simmons," Mr. Mewshaw said, "and I don't suppose he figured that was excessive."

Mr. Ward, after admitting that he hoped to complete his work without publicity, said that charges of extensive use of money had been made to the committee. He did not reveal why whom the charges were said. His visit here, he said, was more or less routine, explaining that the committee always sent an investigator to look into charges before taking any action itself.

"There is nothing to tell now," Mr. Ward said. "If there is anything to tell later, it will come out. I am here to listen to complaints and to find out what I can. I expect to question Mr. Bailey and Mr. Simmons as well as their supporters before I leave."

Nashville Banner Publisher Dead

Nashville, Tenn., Aug. 12.—(AP)—Edward B. Stahlman, publisher of the Nashville Banner, died today after an extended illness. He was 87 years old.

Death came at 4:50 a. m. His illness began in March, 1929, as the result of overwork, and he was forced to take his first vacation. While his life had been despaired of several times, Mr. Stahlman was able to sit in his garden during much of the past year and even to take a few automobile rides. His final relapse occurred a week ago, and up to that time he had kept in close touch with affairs.

He was intensely interested in the campaign of his friend, Cordell Hull, who last Thursday was given the Democratic nomination for U. S. Senator.

It Pays To Be Prompt!

Kinston, N. C.—(AP)—November 21 is a big day in the home of Mr. and Mrs. W. O. Riggs, Fort Barnwell couple. Their last three children have been born on that day, at intervals of exactly two years.

Dies From Auto Injuries

Lincolnton, N. C.—(AP)—Coryt Wise, 30, of Miami, Fla., is dead of automobile accident injuries, his mother here, Mrs. Etta Wise, has been advised.

Resolutions Adopted By Agriculture Commissioners of Southern States Also Advise Farmers to Avail Themselves of Federal Farm Board Co-operation

Atlanta, Ga., Aug. 12.—(AP)—Advice to tobacco growers and recommendations to the Federal Farm Board on current crop conditions were contained in resolutions adopted by agriculture commissioners of southern states and published today.

Expressing the view that "a crisis is pending in market conditions" of cotton, tobacco and wheat, the commissioners advised tobacco growers to keep "unconditioned grades of all types" off the market, adopt the federal grading systems and avail themselves of assistance to cooperatives offered by the Farm Board.

In another pronouncement the Farm Board was called upon to use its power to "prevent the south's cotton crop from being placed on the market at prevailing low prices." The commissioners advanced the opinion that the cotton crop would not exceed 14,000,000 bales in contrast to the August 1 government estimate of 14,362,000 bales which they believed did not allow sufficiently for drought conditions.

Farmers, merchants, bankers and business interests were requested to assist in holding a "large amount of the present cotton crop off the market until general business conditions improve. Restricted sales will necessarily stimulate prices as it does in other lines of business and such is a safe and sound policy under present conditions, unless the present crisis should continue indefinitely and our business and financial leaders all predict that the crisis is passing."

A resolution dispatched to President Hoover, Secretary of Agriculture Hyde and the Farm Board, continued drought surveys and the determination of relief measures.

Representatives of eight states attended a conference here yesterday, at which the resolutions were adopted.

FIVE STATES IN MIDST OF BALLOT FIGHT

Political Fate of National Figures Hangs in the Balance Today

(By The Associated Press)

The political fate of national figures hung in the balance today as voters of five states chose party nominees for state and federal offices.

The veteran Senator George W. Norris of Nebraska, faced two opponents for the Republican senatorial nomination in a primary intensified in interest by his defection from the Republican ranks in 1928 to support Alfred E. Smith.

In Arkansas, Senator Joe T. Robinson, Democratic leader, and 1928 vice-presidential candidate, faced primary opposition for the first time in 12 years.

The colorful J. Thomas Heflin, Senator from Alabama, was forced to step aside at today's primary by state leaders, leaving the party's senatorial contest in Alabama between John H. Bankhead of Jasper, and Frederick I. Thompson, Mobile publisher. Heflin, however, was urging the voters to stay away from the polls today. He will run against the Democratic winner as an independent candidate in the November elections.

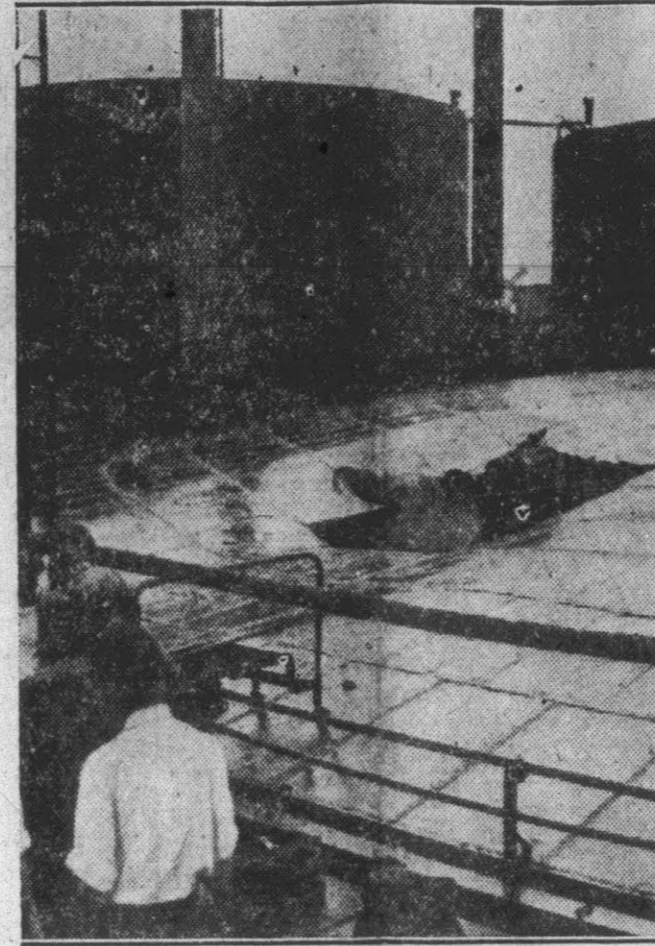

In Oklahoma and Ohio, the Democrats selected candidates to oppose the Republican senatorial incumbents—W. B. Pine and Roscoe C. McCullough, neither of whom had opposition within their party.

Aged Keeper of Cemetery Loses \$180 to Thieves

High Point, Aug. 12.—(AP)—High Point's oldest native citizen, Henry M. Sechrest, today was going about the business of making a living, having been robbed of all his savings.

The 82-year-old custodian of the local cemetery reported to police thieves secured \$180 from under the mattress of his bed during the past week. The money was his insurance against the inevitable rainy day he foresaw.

PLEASURE RIDE ENDS IN DEATH

A plane, carrying the pilot and two girl passengers, pierced the heavy steel roof of this gas tank in Chicago, plunged through a million cubic feet of illuminating gas and buried itself in 40 feet of water at the bottom of the tank.

SAINT LOUIS FLIERS NEAR NEW RECORD

Jackson and O'Brine In Striking Distance of Hunters' Mark Today

St. Louis, Aug. 12.—(AP)—The monoplane Greater St. Louis, piloted by Dale Jackson and Forest O'Brine, early today soared nearer and nearer to a new record for endurance, refueling flying. As Jackson and O'Brine approached the present record of nearly 554 hours, held by the Hunter brothers, their plane continued to function well.

In fact, that John Hunter, a visitor at Lambert-St. Louis field, said, "It looks as though they have got it in the bag."

At 2:11 a. m. today (CST) Jackson and O'Brine had been circling over the field for 523 hours and had slightly less than 31 hours to go to equal the Hunters' record. Under endurance flying regulations, they must remain up an additional hour to break the record.

Although within sight of the record, which they formerly held, Jackson and O'Brine today had no intention of an early landing. They planned to remain in the air at least eight days beyond the recent record. Jackson, speaking over the plane's radio transmitter, even talked of staying up three weeks more.

John Hunter, who acted as spokesman for the brothers after their arrival here yesterday, assured their St. Louis rivals they would not attempt to break the record of the Greater St. Louis this year if a new mark is achieved.

"We would like to see the boys make it," he said, "and it looks as though they got it in the bag. We wish them all the luck in the world."

There was a suggestion of champagne, however, in the well wishes of Harry Perkins of St. Louis, Hunters' manager. The success of Jackson and O'Brine has cost the Hunters about \$100,000 in contracts which they were not a tendency to wait and see if a new record was established.

Plans were under way today for a fireworks celebration tomorrow night if Jackson and O'Brine break the record.

The fliers received the first assurance of a financial return from their flight yesterday when an oil company announced it would give them \$100 for each hour they remained in the air over the old record. The offer will continue for 70 hours, or until the fund reaches \$7,000.

Young Woman Fires Bullet Through Heart

Page Land, S. C., Aug. 12.—(AP)—Miss Julia Lee, 20, daughter of William Lee, a farmer, near here, shot herself through the heart with a pistol early today. Relatives could assign no cause for the act.

Relatives, hearing the report of a gun, rushed upstairs to find Miss Lee in her room, the revolver clutched in her hand.

Mr. Lee said the weapon was an old one he had thrown away some time ago.

STORIES TELL OF THE FALL OF CHANGSHA

Missionaries Declare Loss Through Communist Invasion Will Reach Millions

Shanghai, Aug. 12.—(AP)—Stories describing the destruction of Changsha reached here today with arrival of the first European missionaries to revisit the communist ravaged city and view the ruins.

The missionaries succeeded in making a moderately thorough survey despite growing fears of another communist attack. Reports not only indicated belief that an orgy of murder, arson and looting was being carried out, but also that the city was being completely destroyed.

Church workers said both foreign and Chinese properties were looted and burned and loss would run into millions of dollars.

A report written at Changsha Sunday by a representative of the Northern Presbyterian Mission said generally speaking the city was not burned but "heavy damage" had been inflicted.

Fifty-five major foreign properties had been looted and either burned or demolished to "some extent," the report said. Several hundred Chinese buildings, including virtually all the official structures and a majority of the principal business houses were looted and burned or wantonly demolished.

The report said several missions escaped heavy damage. These included Yale College in China with exception of the hospital; the Los Angeles Bible Institute of the Y. M. C. A.; the Y. W. C. A., which was being used as provincial military headquarters, and other lesser properties.

"The Reds probably did not get more than one million dollars cash," the report continued. "The damage done, however, was infinitely greater."

The report on mission properties said five churches had been looted and demolished; one church burned; one school burned and eleven others looted and badly damaged; seven schools partially looted; four missionary residences burned; two residences partially looted and two orphanages partially looted.

Among mission properties remaining undamaged were the Swedish mission and the British Wesleyan mission.

"The estimates thus far indicate that among the American missions our Northern Presbyterian suffered the worst," said the letter. "Conditions among our properties were pitiable and shocking."

"The new church building was partially burned. All other buildings were gutted."

"There is a general feeling that provincial troops, who are now conducting a merciless search in the city for remaining Reds, likely will be unable to hold the city, the communists thereby returning. Such an event would mean renewed slaughter and death."

"The populace is living in deadly fear of the Reds. Everybody has a haggard, haunted look."

"Provincial forces now are killing suspected Reds. It was reported 250 suspects were shot at one time."

PLEADS HE IS NOT GUILTY IN FAIRFAX CASE

Captain of Ill - Fated Liner Declares Innocence at Hearing In Norfolk

Norfolk, Va., Aug. 12.—(AP)—Captain Archibald H. Brooks, master of the Merchants and Miners steamer Fairfax, arraigned before a board of United States steamboat inspectors here today upon four charges growing out of the collision of the Fairfax with the Tanker Pithin in Massachusetts Bay on the night of June 10, pleaded not guilty to all four charges.

The charges, as read to Captain Brooks by Captain T. J. Hanlon, who is sitting with Captain J. E. Tarkenton, in the hearing of the evidence, were as follows:

Reckless operation of the Fairfax as a speed of approximately 10.77 knots an hour through dense fog, operation of the vessel in violation of article 16 of the Pilotage rules for inland waters prescribing moderate speed in a fog, unskillfulness in the failure to make proper maneuver to avoid striking the Pithin after the tanker was sighted by the lookout aboard the Fairfax and negligence in failing to search for persons who jumped overboard from the steamer after the collision.

Ralph Eliassen, of Belmont, Mass., student at the Massachusetts Institute of technology was the first witness called. He testified that he was standing on the bow of the Fairfax at the time of the collision and that when the Pithin suddenly loomed out of the fog on the starboard side of the Fairfax she was headed directly across the bow of the Fairfax and at a distance of not more than 200 feet. The Fairfax, he said, was blowing fog signals at regular intervals. He heard only one signal from the Pithin and that was simultaneous with his sighting her as she suddenly emerged from the fog.

The Pithin, he said, was struck some distance aft and had almost cleared the Fairfax when the bow of the steamer plunged into her starboard side.

Harold Travers, of Gloverville, S. C., an electrical engineer, testified that he was standing near the bow of the Fairfax for approximately 45 minutes before collision with the Pithin. He replied affirmatively when asked if he heard any whistle blown by the Fairfax adding that the whistle as a loud one and that he heard it blown all the way down the bay and up until the time of the collision. He stated that he saw the Pithin before the crash.

WEBBS READY FOR OPENING OF LEAF-MART

Local Warehouse Is Prepared to Receive Offerings Here On September 2

Webbs Warehouse is all set for the opening of the Greenville tobacco market, Tuesday, September 2, it was stated by managers of the house today, and when the doors swing open everything will be in place for the reception of the thousands of farmers to visit the city from day to day during the season.

Webbs warehouse has 52,800 square feet of floor space and is constructed of steel brick and is located on Albemarle Avenue. The building covers a city block.

This warehouse will be managed by Clyde Webb, who has been connected with the tobacco markets of Eastern North Carolina for several years. Modern conveniences installed in this warehouse include large ladies' rest rooms, sleeping quarters for men, and large and roomy stables for the team.

Weather Bakes Eggs At Hickory

Hickory, Aug. 12.—(AP)—The U. W. Hartsfields had baked eggs instead of scrambled for supper, all because of the heat.

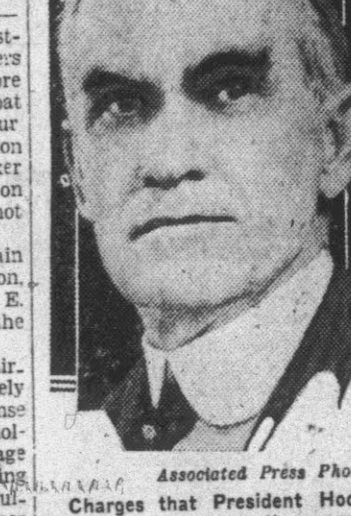

Mrs. Hartsfield bought two dozen "fresh" eggs. With the pan hot the grease sizzling, she broke one into a dish.

Mrs. Hartsfield—imagine her amazement!—found in her hands a nicely baked egg, cooked to a queen's taste. The remaining 23 eggs were identical.

Hot weather of the past few days had cooked them.

Pres. Hoover Abandons Trip To Rockies To Direct Drought Relief

Accuses Hoover

Charges that President Hoover had juggled figures on the appropriations made by congress for the new fiscal year were made by Rep. Joseph W. Byrns of Tennessee.

MICRO-FARMER SLAYS HIS WIFE, THEN HIMSELF

Life of Son Was Also Threatened; Home and Tobacco Barns Wrecked By Fire

Selma, Aug. 12.—(AP)—Two persons were dead and a home and four tobacco barns today were charred ruins, the work of a 65-year-old man who argued with his wife about some tobacco belonging to a married son.

Marshall Robins, Micro township farmer, who lived four miles north of here, shot his wife to death yesterday, drove off his son at the point of a shotgun, set fire to his home and tobacco barns, and then fled into a nearby swamp where he killed himself.

The boy, hearing the shot that killed his mother, ran to the house to see what was the trouble. His father threatened to shoot the boy also, and the younger Robins ran to summon aid.

A sheriff's posse, searching in the swamp where bloodhounds had followed the trail, heard a shot not 30 yards away.

They found Robins with his shoes off. He had placed the gun muzzle against his head and pushed the trigger with his naked toe.

The shooting, neighbors said, was the result of a family quarrel, in which Mrs. Robins took the part of a married son in a dispute over the ownership of a crop of tobacco. The fire which destroyed the home, also burned the disputed tobacco.

Mary Pickford to Go Back to Stage

Hollywood, Cal., Aug. 12.—(AP)—Broadway, robbed of its stage talent by the talkies, newest Goliath of the entertainment world, struck back at Hollywood and gave screenland a dose of its own medicine.

The audacious screen which took Ruth Chatterton, Marylin Miller, Jack Oakie, Ann Harding and other headliners from the footlights is now giving up to the legitimate stage names which long have been movie by words—Mary Pickford, Rod La Roque, and Vilma Banky.

Miss Pickford confirmed the announcement yesterday of Arch Selwyn, New York producer, that she will go to New York for a stage appearance "just as soon as a suitable play" can be found for her. She denied, however, rumors that she planned to retire from the screen for good. She has two more pictures to make for United Artists this year and will return to the stage only for eight weeks between the pictures.

La Roque and his wife, Vilma Banky, are to be co-starred by Selwyn in a play adapted from the Hungarian by John Emmedson and Anita Loos. The blonde Vilma, a Hungarian, teamed romantically with Ronald Coleman, was an outstanding success in silent pictures, but when "talkies" came her account limited her to foreign characterizations. She is now in Europe.

Mrs. Giles May Live
Marion N. C.—(AP)—Mrs. N. W. Giles, whose life was despaired of after a 50-foot fall from a cliff, may live, doctors now say.

In Announcing Cancellation, Chief Executive Declares He Feels That He Can Be of Greater Service at the Capital During Critical Situation Existing in Several States

Washington, Aug. 12.—(AP)—President Hoover today cancelled his proposed western trip. In announcing cancellation of his proposed tour of the Rocky Mountain parks, the Chief Executive said in view of the drought situation, he felt that he could be of greater service in the capital.

Washington, Aug. 12.—(AP)—Hopes for alleviation of drought conditions today were shifting from the weather bureau to the conference President Hoover has called on the situation.

Showers in the past 24 hours have not been enough to break the drought and the weather bureau today was not overly optimistic that others prospect would do much toward ending the country's record dry spell.

Each day without rain in the states affected increases the gravity of the problem the governors of 12 states, the President and government officials will consider at the conference, Thursday. A meeting of farm organization officials and farm board members had been called for the next day.

Showers were indicated for tonight or tomorrow in parts of Indiana, Illinois, Upper Michigan, Minnesota, Missouri, Iowa and northeastern Kansas.

R. H. Weightman, forecaster, said however, the rain would not be heavy but in some places might be moderate.

Showers were also predicted for parts of the lower Ohio Valley tonight or tomorrow, including portions of western Ohio, Tennessee, Kentucky and West Virginia.

For eastern New York and southern New England fair and continued cool weather was predicted for tonight, but no rain was in sight.

During the last 24 hours the largest fall of rain in the drought region of the middle west was .50 at Kansas City, while St. Joseph and Columbia, Mo., each had about one fifth of an inch of precipitation.

Otherwise the widely scattered showers in portions of the plains states were insufficient to give any relief in the drought situation.

Weightman said.

The fall in temperature has done something toward taking the country's mind off the drought.

Only five cities yesterday reported temperatures of 100 degrees or more.

These included Shreveport, La., 102, but 1.04 inches of rain fell there in the last 24 hours. This was the heaviest rainfall reported from any part of the country, San Antonio and Dallas, Texas had temperatures of 100 degrees as did Oklahoma City, Okla., Yuma, Ariz., had a temperature of 102 degrees, reflecting conditions which have made it one of the historic "hot spots" of the country.

Almost Freezing Weather Reported in Some Sections

(By The Associated Press)

The weather almost all over the country took long cooling today, in some places almost to the freezing point.

In temperatures reported to the Associated Press, there were a number of 30's and most were 50s and 60's. The highest was 85 degrees at Miami and the lowest was 34 at Burrville, Conn.

Frost was reported in New England and Pennsylvania and in many places low records for the date were established. The drop was precipitated in most places from the extreme heat of the past several weeks, in some instances amounting to a degree an hour for the past two days.

In some sections there was crop damage by the sudden cold, but this was less than it would have been if the preceding heat and drought had not already done about all the damage there was to do.

Continued cool was the forecast.

POORLY DISCIPLINED TRAFFIC.

The case for the patrol will need to be developed as strongly as possible, because fatalities and accidents have not decreased importantly during the period the police have been on duty. We doubt whether they would decrease were the force multiplied, unless the state became more particular in granting the privilege of operating an automobile. A fairly strict drivers' license law, coupled with the operations of the state police force might reduce the hazards of the roads.

We have poorly disciplined traffic. A North Carolinian who recently drove from his home in this state far into Canada and back, said one of his most vivid impressions on the trip was the comparative indifference of North Carolina drivers to the rules of safety and courtesy on the roads. The observation may not agree with that of other travelers, but it is true that very little care is taken in this state to keep incompetent hands off the controls of the automobile, and we pay a great price for our recklessness. — (High Point Enterprise).

ABOUT TOWN

The unemployment situation has been greatly relieved in Greenville by the beginning of operation of several of the large tobacco factories. Several hundred men and women are employed at the stemmers and the payrolls will do much towards relieving the financial stringency which has existed in this part of the state the last several months.

The factories are busy handling tobacco from the South Carolina and Georgia markets at this time, but next month they will begin work on the products of the farms of this section. The market is instrumental in the paying out of millions of dollars to the people of this section every year, and everybody is always glad when the fall of the year comes along with its harvest of golden leaf.

Buyers from various business establishments of the city have gone north to make their purchases for the fall and winter season, and in a few days now the people of this great trade center will have the opportunity of inspecting the latest creations of the fashion world.

Greenville merchants make it a point to give their customers the best to be had in the merchandising field, and this year will be no exception. The buyers will have the privilege of visiting the great style centers of the nation, and their purchases will be in keeping with the offerings of merchants in the largest cities.

Thrifty shoppers would do well to visit Greenville the next several weeks and avail themselves of the hundreds of splendid values to be found on the counters of leading merchants.

The growing of feed crops is receiving more than usual attention of Pitt county farmers at this time as they attempt to cut expenses in the upkeep of their stock. A demonstration encouraging the production of improved feeds will

be held on a farm near Farmville in the near future and every farmer has been urged to attend and acquaint himself with the type of product under cultivation on this farm.

The production of food and feed crops is going to play an important part in the life of this great agricultural region in the future. Instead of raising only money crops, the farmers have been advised to produce more of the things they use at home and in that way be able to provide for their family and stock regardless of prices for money crops.

Farmers interested in improving their feed crops should attend the meeting arranged under direction of the farm department and in that way fully familiarize themselves with the best kind of crops.

It will not be long before the time will roll around for the Pitt county fair and in view of this fact farmers and their wives should begin turning their attention to the things they are going to offer for display. The exhibits at the county fair should be made truly representative of the county, and to make this possible it is incumbent upon the farmers to place the best of their products on display.

Exhibits of farm products in past years have been of a very commendable nature, but it should be the purpose of the farm people to improve with the coming of each year. It gives the public an opportunity to judge of the progress of the various communities, and really seeing what the people are capable of doing.

The Merchants Association is compiling one of the most extensive lists of credit customers in history and in a few weeks now they will have the names of hundreds of people of this community who do business on the credit basis. But the names will play a minor role in the list, in that the principal purpose of the credit list plan is to determine "how" the customers pay. It will enable the business men to know definitely who pays and who does not pay. It will enable them to eliminate that type of person who makes it a habit of getting in debt to one man and then changing over to another without making settlement with either. It is a plan that should have a far-reaching effect in the mercantile life of the city and be instrumental in saving the merchants hundreds of dollars annually.

To be a success business must be conducted on an intelligent basis, and the credit list is one of the most important factors in making this possible. It puts the merchants in closer personal touch with the credit customer than ever before and eliminates the "sting" that goes with the loss of unpaid accounts.

Caps Reach Fourth Place In Piedmont

Raleigh, Aug. 12.—(AP)—Raleigh's fighting Caps had undisputed possession of fourth place in the Piedmont league today and had reached the thick of the fight for the pennant as the result of a winning streak of eight games.

Apparently hopelessly sunk at the bottom of the loop six weeks ago, the Halemens braced and started winning at every turn. Last week they pulled out of the cellar after a long fight, and went into a tie with Greensboro for fourth position.

Meeting the league leading Henderson Gamecocks in this week's opener, the club batted hard behind Coleman's superb pitching and trashed the Teamcocks 7 to 1 to gain fourth position. Greensboro losing a decision to Durham.

Tom Young led the Cap attack with four hits in five trips. Jones slugged three of Henderson's six.

Durham sent Greensboro to the cellar position with a 4 to 3 triumph. Roberts was in great form, limiting the Patriots to five hits.

Five Durham errors were responsible for all the Greensboro scores. English hit a homer in the second with none on for Durham.

Following the game it was announced that Clay Hopper, Patriot outfielder, had been named manager of the Greensboro team, replacing Hobt Brummitt. Brummitt will remain with the club as a player.

High Point collected 10 hits to emerge on the long end of a 5 to 2 count with Winston-Salem. Shover, Pointer moundsman, was tight with blows, yielding but six to the Twins as his mates rapped Bray hard.

Clay Parrish, husky Pointer outfielder, was the big gun of the victory. In five trips he smashed out four hits, two going for doubles.

Joy Bath Takes Out CORNS New English Way

Now you can dance to your heart's content, run and walk and have good feet free from corns (calouses and hard skin).

The soreness, aching and burning baths with one exhilarating Radox Bath—3 or 4 baths, as many nights in succession and you lift out corns roots and all.

No more foot agony — instead strong, vigorous feet that will never go back on you. Greenville Drug Co. sells Radox—so do all leading druggists.

Miss Bessie Hooten, R. N., who has been doing hospital work in New York, is spending a few days with Mrs. E. W. Cobb.

Miss Hooten was located in this city before going to New York. She will go to Durham from this city, where she will be connected with Duke hospital.

Return From Camp Pitt.

The following people have returned from Camp Pitt, which is located at Camp Kiro on the Neuse river: Misses Lillian Brown, Lula Mae Barker, Mary Shaw Robeson, Nancy Lee Summerell, Nellie and Bettie Bloxton, Zele Foley, Mary Emma Clark, Irma Cobb Dunn, Edna Earle Baum, Verda Wilson, Louise Tadlock, Hilda King of Faison; Mr. and Mrs. J. Lindsay Savage, Mr. and Mrs. George Gardner and Mr. W. S. Evans of Hemp.

This is the second year that Camp Pitt has been run under the direction of Mrs. Lindsay Savage.

While at Camp Pitt the girls enjoyed hiking, land games and many water sports. Miss Lillian Brown received a silver loving cup for winning the most points for the best all-around camper, with Misses Mary Shaw Robeson and Verda Wilson following closely.

The camp emblems were given to the following: Miss Louise Tadlock, for the nearest camper; Miss Hilda King for the best marine collection; Miss Mary Emma Clark for the best land collection; Miss Lula Mae Barker for croquet; Miss Nellie Bloxton for checkers; Miss Verda Wilson for patches; Miss Nellie Bloxton for horseshoes.

In the swimming events in the experienced swimmers' class, Miss Mary Shaw Robeson won first place for speed under water swimming, and surface diving; Miss Lula Mae Barker for back swimming and Miss Nancy Lee Summerell for endurance and high diving.

In the medium class, Miss Verda Wilson won for speed, under water swimming and surface diving, and Miss Bettie Bloxton for endurance.

In the beginners' class, Miss Hilda King won for speed and endurance.

On the last night around the council fire stunts were given. Miss Louis Tadlock won for the best individual stunt. Following the stunts was a watermelon feast at which time plans for next year's camp were discussed, everyone voting that she had had a delightful time and hoping to be back next year.

To Study "Pioneer Women"
The mission study book "Pioneer Women" will be discussed on Wednesday evening of this week at 8 o'clock at the Immanuel Baptist church. All members of the church invited to be present.

SALVATION ARMY TO GIVE ANNUAL PICNIC
The Salvation Army will have their annual picnic Thursday, Aug. 14th at Hollywood Beach for the mothers and children who haven't had an outing. Anyone who would like to go, please get in touch with the Salvation Army. Also any one who would like to donate money or anything to help prepare the lunch. Would also like to have two trucks to carry the children and mothers in and out. Any one who would like to help make this an enjoyable day for the under-privileged, please call Capt. M. Cranford, phone 455-J.

Birthday Party.
Bethel, Aug. 11.—Mrs. S. C. Ives delightfully entertained forty children at her home on Friday afternoon from five until six-thirty o'clock, the occasion being the birthday of her little son, Charles. Several games which were directed by Miss Mary Lindsey, Miss Gertrude Matthews and Miss Mary Woodard, of Greenville, were played on the lawn which had been decorated with garden flowers and ferns. Alice Ruth Bundy and Jack Carson won prizes in a contest. A color scheme of pink and white was carried out in the birthday cake which was surmounted with fifty tiny white candles and banked with pink verbenas and ferns. Each guest was given a slice of the cake, other refreshments were served also. Attractive favors were then given each guest. The little host was the recipient of many nice gifts.

Winterville Club To Meet.
On Wednesday afternoon, August 13, at 3 o'clock, the Winterville Home Demonstration Club will have a special call meeting at the home of Miss Elizabeth Tripp. Matters of importance demand our attention, hence we hope for a large attendance. Visitors are always welcome.

RED BANKS NEWS
The regular meeting of the Home Demonstration club members was held on Friday, Aug. 8. A steam pressure canner has lately been purchased by this club and an enjoyable afternoon was spent in learning how to use it. Further plans for the Fair were also discussed.

Recently a delightful picnic supper was held at which all the club members and their families were in attendance. Delicious viands, along with iced tea and ice cream, purchased with funds from the club were enjoyed. It seemed that nearly as much was taken up as was consumed. Just before the supper a delightful program under the direction of Miss Janie Gold Hardee was rendered. Songs, dances and stunts were effectively carried out. Clara Spence was present and delighted the audience with one of her recitations, "The Stumped Toe."

We were very glad to have Miss Nice and Miss Hyde present. During the program a fountain pen was presented to her as an expression of appreciation for her splendid service.

COME TO PARTING OF THE WAYS

Gloria Swanson, film actress, announced in Hollywood that she and her titled husband, Marquis Henri de La Falaise, had decided to live apart. She said they found it possible to maintain separate establishments and still remain "the best of friends."

HEAT CAUSES IMPAIRMENT OF LEAF CROP

Sharp Decline In Condition of Tobacco in Various Belts Reported

Washington, Aug. 12.—(AP)—Sharp declines due to the drought, in condition of tobacco crops, particularly in the burley belt, the fire-cured districts and the old belt of Virginia, were noted in the monthly crop report of the Department of Agriculture.

The drop in condition of all fire-cured types was 23 points on Aug. 1 from the July 1 condition, and in the Paducah district 31 points. Burley declined 21 points.

The report says deterioration was particularly notable in Virginia, West Virginia, Kentucky, Tennessee, Indiana and Ohio.

The indicated production of various types and condition percentage: Fire cured 172,154,000 pounds; condition 57 per cent of normal. Burley 293,068,000; condition 49 per cent.

Plus cured 758,720,000; condition 75 per cent.

One sucker 25,939,000; condition 61 per cent.

Green river air-cured 23,000,000; condition 54 per cent.

Virginia sun cured 3,819,000; condition 62 per cent.

The report says fire-cured tobacco condition declined in the old belt but improved in the new.

Indicated production by districts: Old Belt: Virginia 66,630,000 pounds; North Carolina 206,000,000; Eastern North Carolina Belt: 258,000,000 pounds.

South Carolina Belt: South Carolina 94,430,000 North Carolina 43,000,000.

Georgia-Florida Belt: Georgia 62,210,000; Florida 6,450,000.

Fire Cured: Virginia 23,426,000; Clarksville, Hopkinsville district: Kentucky 44,000,000; Tennessee 52,848,000. Paducah district: Kentucky 37,000,000; Tennessee 5,880,000. Henderson stemming district 9,000,000.

Air Cured (light) Burley: Ohio 13,000,000; Indiana 5,500,000; Missouri 4,222,000; Virginia 6,225,000; West Virginia 5,990,000; North Carolina 4,550,000; Kentucky 199,125,000; Tennessee 52,068,000.

Southern Maryland 25,300,000.

Air Cured (dark) one sucker: Indiana 2,800,000; Kentucky 21,000,000; Tennessee 3,159,000. Green River (Kentucky) 23,000,000.

Virginia sun cured 3,819,000.

Cigar tobacco production was indicated as 161,128,000 pounds with Georgia producing 1,700,000 and Florida 4,497,000.

Struck By Auto, Man Dies
High Point, N. C.—(AP)—Andy J. Williams, 25, of Lumburg, Va., died in a local hospital of injuries received when he was struck by an automobile near Asheboro. Jim Rollins, of Central Falls, said to be the driver of the car, is held.

Two Killed; One Hurt
Sumpter, S. C.—(AP)—When the truck they were using struck a filling station at St. Paul, Clarendon county, two negroes were killed, another badly hurt, many bruised and cut and one sent to jail.

FRIENDS
Don't forget the delicious fried chicken dinners the Friendly Dining Room is preparing for you each day. Come in and try one—only 35c.

Nature Thought of Everything
Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from B. S. Warren, Druggist.

Greenville Asked to Send Queen to Morehead Festival

Greenville has been invited to send a bathing beauty contestant for the gala bathing beauty revue to be held August 27 and 28 at Atlantic beach near Morehead City, according to a letter written to the local Chamber of Commerce by R. W. Gordon, of Morehead City, who is directing plans for the contest.

The commercial organization here has been asked to refer the matter to some civic organization in this city, if it prefers not to handle the selection of "Miss Greenville." The sponsors of the festival hope that bathing queens will take part in the contest from many cities in the state, so that "Miss North Carolina" may be truly representative.

To the winner will be given a handsome silver loving cup. Two silver loving cups will also be presented to the alternates. Prizes will be awarded to all who enter the contest, so that it is considered well worth while for every city to have a representative.

A silver loving cup will also be presented to the city that has the largest number of citizens, based on mileage, present at the contest on Wednesday night, August 27, when the winners are to be selected. The prizes will be awarded on the following night. Plans are underway to make the events outstanding socials in the history of the state.

Tobacco Barn On Cobb Farm Burned

A tobacco barn containing 1,000 sticks of tobacco was destroyed by fire on the K. W. Cobb farm, about two miles west of Greenville yesterday afternoon. The tobacco, valued at approximately \$500, was the property of R. D. Harrington. The barn was the property of K. W. Cobb and was valued at \$300.

WHY SUFFER— FROM MENTAL ANGUISH?

It is no longer necessary to endure headaches and other aches and pains caused by worry about the running condition of either your passenger car or truck. We can charge batteries—line brakes—adjust valves—tighten bearings—wash—polish and grease your car or anything it may need. The proof of the pudding is eating thereof.

NOTICE OF SUMMONS BY PUBLICATION

North Carolina—Pitt County. In the Superior Court

Leon Tyson

vs.

Maggie Tyson.

The defendant, Maggie Tyson, will take notice that an action entitled as above has been commenced in the Superior Court of Pitt County, North Carolina, to obtain an absolute divorce, on the grounds stated in the complaint, and said defendant will take further notice that she is required to appear at the office of the Clerk of Superior Court of said County, in the Court House at Greenville, N. C., on the 14th day of August, 1930, and answer or demur to the complaint in said action on the 14th day of August, 1930, or within thirty days thereafter, or the plaintiff will apply to the Court for the relief demanded in said complaint.

This the 14th day of July, 1930.

J. F. Harrington, Clerk Superior Court.

Walter G. Sheppard, Farmville, N. C., Attorney for Plaintiff.

July 16-11w-4wk.

NOTICE OF SALE.

Under and by virtue of the authority and power contained in a decree entered by the Superior Court of Pitt County on July 3rd, 1930, in that certain Civil action, entitled "Joint Stock Land Bank of Raleigh vs. Bettie Ella Jones, Berta P. Roberson and others," the undersigned Commissioner, appointed therein, will offer for sale for cash, before the court house door in Greenville, at 12:00 o'clock, Noon, on

Monday, August 25th, 1930

the following described real estate: Beginning at a stake on the right of way of the Atlantic Coast Line R. R., on the Eastern edge of said railroad, and the corner of the H. B. Bullock and Bettie Ella Jones land and runs N. 49 degrees 30 minutes E. 3834 feet to the Satterthwaite line; thence S. 50 degrees E. 530 feet; thence S. 23 degrees 30 minutes E. 1103 feet; thence S. 10 degrees 30 minutes W. 765 feet to the G. C. Williams corner; thence S. 63 degrees 30 minutes W. 3450 feet to the edge of the R. R. right of way; thence N. 19 degrees W. 1103 feet along said railroad right of way to the beginning. Containing 138.15 acres, being all of farms 5 and 6 of the W. A. and O. P. Roberson sub-division of the Jordan place as will appear by reference to map thereof attached and made a part of this description, said map being recorded in the Register's office of Pitt County in Map Book 2, page 24.

This July 21st, 1930.

J. B. James, Commissioner.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Aug. 12.—(AP)—Cotton opened steady today at a decline of 4 to 6 points in response to the relatively easy showing of Liverpool cables and private reports of showers in parts of Alabama and Mississippi.

There was further covering and trading buying, but the decline continued right after the opening with new October selling off to 12.20 and March to 12.65 or about 10 to 12 points net lower on the active months. These prices brought in a little more buying and the market was steady at the end of the first half hour although prices mainly held to within 2 or 3 points of the lowest.

Liverpool cables said there had been some local and continental buying there on the southern weather news but that it had been supplied by hedging and liquidation. Standard cloth statistics showing a decrease of 2.3 per cent in stocks on hand and an increase of 1.6 per cent in unfilled orders last month came in for bullish comment. Their influence, however, was probably offset by the New York cotton exchange service report estimating domestic consumption for July at 369,000 bales compared with 347,000 last year.

GRAIN MARKET

Chicago, Aug. 12.—(AP)—Despite official announcement of 600,000,000 to 700,000,000 bushels cut in the government forecast of corn yields, prices averaged lower today. Rushes to buy corn faded away after the first hour, and the market collapsed under the weight of belated offerings from traders who apparently had not foreseen that the bullish effects of drought damage had been largely anticipated.

Corn closed unsteady 1-4 to 1-4 lower than yesterday; wheat closed nervous at 2 1-4 to 2 7-8 net decline, with oats 1-4 to 5-8 off and provisions unchanged to a setback of 2c.

STOCK MARKET

New York, Aug. 12.—(AP)—After a period of gloom over the government crop reports, the stock market took a bullish tip from the weather man today but was only moderately impressed with it.

The U. S. crop reporting board's estimate of deterioration of the corn crop since Aug. 1 was not as bad as expected, and forecasts of showers and cooler weather over extensive areas was interpreted as improving the outlook for a seasonal upswing in general business.

After selling off 2 to 8 points during the morning, the market turned upward around midday, and most pivotal shares regained their losses. Rails, farm implements and mail order issues, however, continued under pressure, and the market turned extremely dull on the rally. Warner Bros., recent weak feature, rallied 4 points in short covering, and losses of 2 or 3 points in U. S. Steel, American Telephone, American Can, Westinghouse and DuPont were about recovered. Corn products sold up moderately. International Harvester, Sears Roebuck, Montgomery Ward, and Rock Island, however, lost 2 to 4 points, recording new low levels. Union Pacific dropped 8 points.

The day's corporate news was meagre, but the rumor crop was thriving. The heavy short covering and brisk rally in Warner Bros., which undoubtedly was an important influence in the mid-day rally, was based upon a report that the company was to be reorganized by one of the leading Wall street private banking houses.

The rail shares failed to follow the midday rally, with the weekly car loadings reports showing sharp declines, and the prospect of a reduced movement of crops, indicating further reduction in earnings. Farm implements continued under pressure, reflecting expectations of low farm purchasing power. Amort Corp., has placed large orders

Four Killed.
Sayre, Okla., Aug. 11.—(AP)—Four persons were killed and two injured when an automobile collided with a parked car on a river bridge here last night. The dead are: Ralph Arkhalter, driver; B. John Hartman, Miss Grace Dees and Miss Winoa Moreland, of Sayre.

CUBS FACE ROBINS FOR FOUR GAMES

By EDWARD J. NEIL
Associated Press Sports Writer

The Chicago Cubs breathed deeply today of the dustless air at the head of the procession—leaders of the National league parade once more.

In second place, chest-fallen and perhaps just a bit weary of the frantic struggle for the flag, are the Brooklyn Robins, out of first place with the exception of a couple of one day lapses, for the first time since June.

The margin is only a point, but it is a margin, and the worst is yet to come for the falling flock of Uncle Wilbert Robinson, for the Robins must face the battling Cubs themselves in a four game series that opens today in the backyard of the 1929 champions.

The Cardinals dealt their final blow in the overthrow of Brooklyn yesterday, coming from behind in the ninth to score three runs and whip the Robins for the third consecutive time, 7 to 6, while Young Buddy Teachout, freshman southpaw of the Cubs, was taming the Boston Braves, 4 to 2, the third time McCarthy's warriors have turfed that trick in two days.

More woeful even than the drop of the Robins is the record of the flock against the Cubs themselves. Brooklyn has beaten Chicago only four times against 11 defeats.

The Pittsburgh Pirates beat the Giants 8 to 5 and kept them from gaining precious ground. Larry French pitched nice ball to halt a Pirate losing streak that had reached five straight.

Washington's Senators picked up a game on the pace setting Athletics in the American league but the brace his still very wide.

Washington clipped Cleveland 9 to 2 while Old Red Faber and his spittal arm were taming the A's and Lefty Walberg 8 to 3. Goose Goslin hit a pair of homers to lead a St. Louis attack that halted the Yankee winning streak of six games, 10 to 5.

O'Rourke and Blue also hit home runs.

Danny MacFayden turned in the best pitching performance of the day, letting Detroit down with three hits, two of them by Easterling, as the Red Sox won 5 to 1. Ray Kemp also hurled well for Cincinnati, holding the slugging Phillies to six hits as the Reds won 4 to 2.

Headaches Slants

Needless pains like headaches are immediately relieved by Bayer Aspirin as millions of people know. And no matter how suddenly a headache may come, one can at all times be prepared. Carry the pocket tin of Bayer Aspirin with you. Keep the larger size at home. Read the proven directions for pain, headaches, neuralgia, etc.

By ALAN GOULD
(Associated Press Sports Editor)

"If I were picking an all-star National League team on the basis of the season's play so far," writes Cullen Cain, from his conning tower on John Arnold Heydler's gallant craft, "the following would be my unhesitating choice:

Pitchers—Collins, Phillies; Malone Cubs; Walker, Giants; Clark, Robins.

Catchers—Lopez, Robins; Hogan, Giants.

First base—Bill Terry, Giants.

Second base—Frank Frisch, Cardinals.

Third base—Freddy Lindstrom, Giants.

Shortstop—Charley Gelbert, Cardinals.

inals. Left field—Adam Comorsky, Philadelphia. Center field—Hack Wilson, Cubs. Right field—Chuck Klein, Philadelphia.

"Honorable mention for those coming close to earning places in such a lineup should go to Cuyler, Critz, Jackson, Lucas, Kremer, Seibold, Vance, Paul Waner, Ott, Herman, Whitney, Traynor, O'Farrell and Wright."

If Professor Cain was seeking an argument and he probably wasn't, he undoubtedly could locate one easily by tagging any metropolitan fan and pointing out the nomination of Gelbert for shortstop in the place of either Travis, Jackson or Glenn Wright.

So far as New York City is concerned, the only argument at all is whether Jackson is better than Wright or vice versa. The answer depends on which side of Brooklyn Bridge one resides.

Gelbert, young and fast, unquestionably has improved, but it would seem he has still some distance to go before being as valuable at bat or as field as the stars of the Giants and Robins.

For the time being the momentous question of whether Joplin or Springfield, Missouri, has the greater claim upon Horton Smith has been settled in favor of Joplin. It was all fair, open and above-board.
