## FIRE FOLLOWS ARREST IN AIR RAID AT MINE

### Incendiary Blaze Destroys Tipple of Providence Mining Co., in Kentucky

Providence, Ky., Aug. 14.—(AP)—Several arrests in the Monday air raid on Webster county coal mines were followed today by a fire that destroyed the tipple of the Providence Coal Mining Company.

The fire, described by officials as incendiary, was discovered in a shed. It consumed the shed, the tipple and two Louisville & Nashville Coal cars. Loss was estimated at \$50,000.

The blaze was laid by Wayne Crow, a deputy sheriff, to revenge for the arrests here late last night of Essel Grant, 35 and Ewing Riley, 30. The two had been linked with the raid in which nine bombs were dropped from an airplane on mines in this vicinity. The bombing raid was one of a series of disorders, which included the dynamiting yesterday of an Illinois Central trestle, James Malone, 24, Duquoin, Ill., aviator, admitted today at Murphysboro, Ill., States' Attorney Fletcher Lewis announced, that he introduced Paul Montgomery, confessed pilot of an airplane that made a bombing raid on mining properties at Providence, Ky., last Monday, to two Kentucky miners accused of plotting and carrying out the raid. Malone was arrested last night at Duquoin and was questioned by county government officials until an early hour today.

Lewis said today that Essel Grant and Ewing Riley were arrested last night on the strength of Montgomery's confession naming them as the two men who accompanied him in his flight over the Kentucky fields. Montgomery said, according to Lewis, that Grant and Riley tossed out the nine bombs which threw the coal field into an uproar but did no actual damage.

Five miners from Zeigler, Ill., brought here for questioning by Franklin county authorities last night, were released today when they were unable to throw any additional light on the bombing.

Providence, Ky., Aug. 14.—(AP)—Two miners were under arrest today, charged with shooting from an ambush in connection with recent violence in the Webster county coal fields which came to a climax Monday with the dropping of nine dynamite bombs on coal company properties from an airplane.

The men under arrest are Essel Grant, 35, of Clay, Ky., and Ewing Riley, 30, of Providence. Riley was arrested on a description sent here by State Attorney Fletcher Lewis from Murphysboro, Ill., where Paul Montgomery, aviator, yesterday was said to have confessed to piloting the bombing plane and to have named two men who hired him to back the flight. Grant was arrested by name.

County Judge A. L. Hall said the shooting from an ambush charge was placed against the men for want of a better state charge. They were taken immediately to Dixon, county seat, where they were held under \$5,000 bail for an examining trial August 15.

Both men denied any knowledge of the bombing and said they did not know Montgomery.

Grant was discharged by a Webster county coal company several months ago after he attended a miners' union convention in Indianapolis. Yesterday afternoon he spoke at a called meeting of 500 miners at which speakers deplored the violence in Webster county fields and urged co-operation of miners and city and county officials.

Murphysboro, Ill., Aug. 14.—(AP)—With three persons under arrest, one here and two at Providence, Ky., officials here today continued what State Attorney Fletcher Lewis called "private conferences for further maneuvers" in the investigation of the bombing from the air Monday of mine properties at Providence.

What the "further maneuvers" were, Lewis refused to say, but reports assumed arrests were imminent.

After at first refusing to comment, Lewis admitted today that Essel Grant and Ewing Riley were arrested in Kentucky on information furnished by Paul Montgomery, confessed pilot of the plane from which nine bombs were dropped. Montgomery, Lewis said, named Grant and furnished a description which resulted in Riley's arrest. Sheriff R. R. Overy of Webster county, Ky., was due here today with requisition papers for the return of Montgomery to Kentucky. The sheriff likely will start back Friday.

Runs 28 Miles To Speak.

Durham, N. H.—What a commuter he would make! Clarence Demar, veteran marathon runner, kept a speaking engagement here by running 28 miles in the middle of the night after he had missed train.

## Weeks Junior Record

Westfield, N. J., Aug. 14.—(AP)—Eddie Schneider, 18-year-old pilot, took off at 5:55 a. m. (EST) today in an attempt to set a new junior trans-continental flight record. The present record was established by the late Frank Goldsborough, who made the trip in 33 hours, 35 minutes.

## FLIERS STILL IN THE SKY AT ST. LOUIS

### Jackson and O'Brine Gain New Fame and Fortune in Record Breaking Flight

St. Louis, Aug. 14.—(AP)—Record-breaking endurance champions, Dale (Red) Jackson and Forest O'Brine were coasting "down hill" today in their record-breaking flight, with each hour they remained aloft bringing them additional fame and fortune.

As they left the former record of the Hunters brothers 24 hours behind them this morning, Jackson and O'Brine sent down a message that "we are still going strong—just grinding out the hours like nobody's business."

They had piled 24 hours onto the previous record at 9:52 a. m. CST when they had been up approximately 579 hours. They were heading their endurance ship—Greater St. Louis, toward a 1,000 hour goal.

The morning communication included a request for new batteries for the radio transmitter, ordered yesterday but forgotten in the excitement attending the breaking of the record. They also ordered a new wobble pump used to transfer gasoline from the main tank in the fuselage to the wing tanks.

"They did not state whether or not the old pump had failed, but it was believed it had begun to show the strain of constant wear and that the airmen wished to replace it as a precaution.

The refueler made the 130th contact in delivering the new pump and 9 a. m. gasoline, oil and breakfast had been delivered previously along with congratulations from Jackson's parents and many others including Miss Irene Hunter, sister of the Hunter brothers.

When Jackson and O'Brine will land remained problematical today. "I think we will be up next year if the weather and everything holds out," O'Brine radioed from the endurance plane. Both fliers have talked of remaining aloft for 1,000 hours, and it was considered unlikely at Lambert-St. Louis field, over which they are flying, that they would come down before reaching the goal if everything continues to go well.

"We are not getting far from the field so we can set it down, drop it down or throw it down," O'Brine said over the radio. National Aeronautic Association contest rules require endurance fliers to bring their plane down on the field from which they took off to make their records official, which accounts for the precaution mentioned by O'Brine.

## Lawrence Heads Labor Federation

Salisbury, Aug. 14.—(AP)—Roy R. Lawrence, a Winston-Salem printer, today held the presidency of the North Carolina Federation of Labor.

Mr. Lawrence, president of the Central Labor Union in his home town and a member of the Typographical Union chapel there, was elected head of the federation at the closing session of the state convention here yesterday.

The new president has done been active in labor work in the Carolinas and Virginia. He succeeds T. A. Wilson, of Raleigh, president for the last three years, who did not offer for re-election.

Greensboro was selected as the 1931 convention city and Mr. Wilson was appointed delegate to the American Federation of Labor convention in October.

## R-100 HEADS ACROSS OCEAN FOR ENGLAND

### Giant Airship Making Fast Time Over the Atlantic After Visit to Canada

St. Hubert Airport, Montreal, Aug. 14.—(AP)—The British dirigible R-100 was making fast time today on an eastward crossing of the Atlantic toward its home station at Cardington, England.

With one of its powerful motors out of commission, the largest lighter-than-air liner in the world cast off from the mooring towers here at 8:26 p. m. (EST) yesterday and headed down the St. Lawrence Valley.

In addition to its complement of 44 officers and men, the airship carried 13 passengers, including two official observers and a group of press representatives.

Despite the handicap of one dead motor, Squadron Leader R. M. Booth and his officers expected to make a quick crossing aided by following winds and the tip-up at Cardington Saturday morning. Their estimate for the trip was 50 hours, which would give the R-100 the record for an eastward trans-Atlantic voyage.

Circling over Montreal in a last gesture of farewell, the R-100 headed down the river. An hour and 24 minutes later it was sighted over Three Rivers, Que., flying at the rate of 60 miles an hour. Picking up speed, the airship arrived over Quebec at 10:45 having covered the 163 miles from Montreal in 2 hours and 20 minutes.

Weather forecasts promised good flying conditions over the first half of the ocean with following winds.

The R-100 carried only two items which could be listed as freight on her return voyage. One was a bunch of ponies for King George sent by Viscount Willingdon, governor general of Canada, and a basket of peaches addressed to the Prince of Wales from Premier Ferguson of Ontario.

A small packet of official mail was aboard including a letter from Premier R. B. Bennett of Canada to Prime Minister Ramsay MacDonald.

The departure of the R-100 ended a 13 day stay in Canada.

## Tornado Claims Four Lives In Earthquake Zone

Naples, Italy, Aug. 14.—(AP)—On the eve of celebration of escape from serious damage in last month's earthquake, the section of Naples occupied by the agricultural market today was swept by a tornado which took at least four lives and injured between 70 and 80 persons.

The city was panic-stricken and police and carabinieri had trouble in keeping back the crowds from the hospitals where the injured were taken. The storm broke at 6:50 a. m. The early hour it was believed kept the casualty list as low as it was since the market was not yet crowded.

The four known dead were found beneath the debris of the wall of the Romeo Aeronautical Works, a section of which, ten feet high and 150 feet long, was knocked down. Policemen and firemen engaged quickly in removing the remainder of the debris in the fear that other bodies would be found. Many took refuge from the storm in its shadow and barely escaped when it fell.

From 3:45 a. m. to 4:30 a. m., nearby Rome experienced a terrific electric storm which, knocked tiles from roof and carried chairs and tables left on open air balconies great distances. Sleep was impossible.

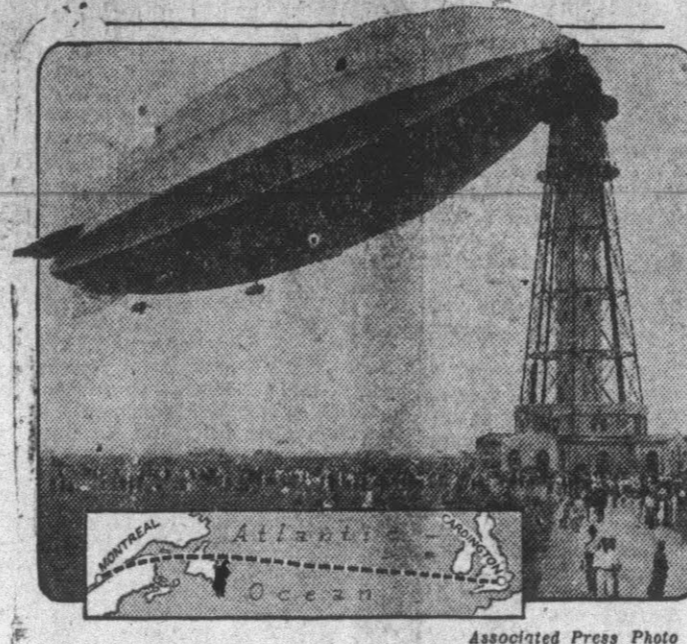

## Woman Captures Two Air Records

St. Louis, Aug. 14.—(AP)—Miss Laura Ingalls, 25-year-old New York flier, today had added two new records to her collection of aviation achievements. And one of them she took away from a man.

Flying over Lambert-St. Louis held yesterday, Miss Ingalls completed 714 consecutive barrel rolls, 297 more than the previous men's record, which Dale Jackson held, and 647 more than the previous women's record, which Mrs. Betty Lund held. Five official observers watched Miss Ingalls' flight and counted the rolls.

Taking the air at 3:50 p. m. (CST) Miss Ingalls landed three hours and 39 minutes later.

## R-100 ENDS CANADIAN VISIT

After a visit of several days in Canada the huge British dirigible R-100 was made ready to start for Cardington, England, on its return crossing of the Atlantic. The above picture shows the airship at St. Hubert airport, Montreal.

## HAWKS MAKES NEW RECORD TO THE EAST

### Noted Flier Beats the Time Set by Lindbergh in Flight From California to N. Y.

Valley Stream, N. Y., Aug. 14.—(AP)—Behind the name of Captain Frank M. Hawks in aviation's record book today is set down the time of 12 hours, 25 minutes, three seconds, for an eastward trans-continental trip, the fastest ever flown by man over that distance of 2,500 miles.

Seemingly fresh and his white sports clothing unstained, Captain Hawks set his Travelair monoplane down on Curtis field at 5:41:39 p. m. (EST) last night after having left Glendale, Cal., at 5:16:27 a. m. (EST). A week ago he took from Roscoe Turner the record for the westward transcontinental flight, making it in 14 hours, 50 minutes and 43 seconds.

"I don't think it can be done any faster," said Capt. Hawks as he landed last night. "Given exceptional weather in the fall, it is just possible my time can be bettered."

A great shout went up from several hundred throats at the field here when the flier appeared overhead, but his motor and fishbail down to a landing. As he taxied up to the hangar, his wife and son rushed up and were the first to greet him.

"When do we eat?" he asked. Later, when the roar of the motor had left his ears somewhat, and he could hear questions, he told of his flight, of a moonlit sky under which he took off in the west, of the dawn that met him over the desert and the sun that gleamed at him first near Flagstaff, Ariz.

Always it was speed. Most of the time he flew between 8,000 and 10,000 feet up, he said.

## ANOTHER LEAF HOUSE READY TO GET BUSY

### Johnston Warehouse to Be Operated by S. B. Curvin As Currin's Warehouse

The Johnston warehouse will be operated this season by S. B. Curvin, under the name of Currin's warehouse.

Mr. S. B. Curvin has been in the tobacco business for about twenty-five years. He is thoroughly experienced in all branches of the business and he has bought for the larger companies, operated warehouses and has experienced in all lines of the tobacco business.

## Carolina Deaths

Raleigh, N. C.—(AP)—William F. Drake well known, civil war veteran, 91, and said to be the last survivor of the Monitor-Merrimac battle.

Asheville, N. C.—(AP)—C. C. Memming, president of Coronet Phosphate company and leading figure in Florida phosphate industry.

## DECLARE DRY LAW SUCCESS IN THE U. S.

### Speakers at Institute of Public Affairs Doubt Efficiency of Canada Control Act

University, Va., Aug. 14.—(AP)—The Institute of Public Affairs, in which prohibition has been warmly debated in the last ten days, was held today that the 19th amendment is a success, and that Canada's liquor control system, about which Americans hear much, is a failure.

The speaker was Ben H. Spence, Washington correspondent for the Toronto Daily Star, and sometimes called the "Wayne Wheeler of Canada." He prefaced his address with the statement that one acid test is necessary for all liquor systems: Under which do the people consume the most alcohol?

Government control of liquor in Canada is incorrectly named, it should be government sale, Mr. Spence said. In denying that the Canadian liquor systems are government owned, he offered figures showing that of the 5,135 liquor-selling establishments in Canada, only 575 are owned and operated by the government, 4,560 belonging to private concerns.

"The government simply acts as selling agent for the brewers and distillers and purveyors to the drinkers," he said.

Mr. Spence called liquor "the least leakable liquid that ever leaked" in referring to the difficulty of controlling it.

"It has the peculiar property," he added, "of being able to soak and seep through all kinds of legal and other dams."

An enormous export trade has grown up from Canada across the American border, he said, for the states contiguous to the province of Ontario are "thickly populated by the driest and thirstiest people in all the world."

## Lumberton Judge Out for Governor

Charlotte, Aug. 14.—(AP)—North Carolina's political hunting ground, where the season is always open, had a new Nimrod today in the person of Judge Thomas L. Johnston, who yesterday formally announced his candidacy for the Democratic nomination as governor in 1932.

Judge Johnston stated that he had "positively decided" to enter the 1932 primary and that he would resign from the Superior court bench six months before the primary in order to conduct an extensive campaign.

## Deficit Reported In Operation of U. S. Government

Washington, Aug. 14.—(AP)—A deficit of \$214,518,952 in the cost of operating the government from July 1 to August 12 was indicated today in the treasury's daily statement.

The deficit, however, was \$2,558,788 less than for the same period last year. It probably will be wiped out when the installment of 1929 income taxes is received from the third quarter in September. About \$400,000,000 is expected then.

## THREE NEGRO MEN KIDNAP GIRL IN WAKE

### Overpower Johnston County Man and Spirit Away His Girl Companion

Raleigh, Aug. 14.—(AP)—Although a thorough investigation was in progress, the sheriff's office here today seemed inclined to doubt the kidnapping story of Milton Rodgers, of Johnston county.

Rodgers appeared here early today and told officers how his automobile was held up near Garner, and his girl companion forcibly removed and taken away by three negroes.

The girl's name was given as Viola Edwards, of Elizabethtown, but inquiry there revealed that no person by that name is known to the sheriff's office, or to other town and county officials.

Meanwhile, deputy sheriffs are combing the woods near Garner under orders from Sheriff Numa F. Turner that Rodgers' story be fully investigated.

Raleigh, Aug. 14.—(AP)—Wake county authorities early today were searching for three negroes who Milton Rodgers, 22, of Johnston county, told them overpowered him and kidnapped his young girl companion.

The girl, Rodgers said, had told him her name was Viola Edwards and that her home was in Elizabethtown, N. C. He said he had picked the girl up on the outskirts of Raleigh when she waved him down and asked for a ride. She appeared to be about 17 years old, he said.

Shortly after leaving Raleigh, he said, a car drove up behind his automobile and followed within a short distance of Garner, six miles from here, and then passed him.

After driving around his car, he said, the other machine stopped and blocked the highway, forcing him to halt.

Two negro men got out of the machine while a third sat at the steering wheel and waited up to his parked auto, Rodgers said, and demanded the girl. When the negroes walked up, he related, the girl became frightened and grabbed him and began screaming.

He tried to hold her, he said, but one of the negroes jerked her away and fired a pistol over his head, evidently to frighten him.

The girl struggling and screaming, was bundled into the kidnapping car. Leaving him beside the road, he said, the machine was driven away.

He had never seen the girl until he picked her up in Raleigh, he said, and after the other car had gone, he returned here and notified officers.

## Steals Coat Off Jesse James' Back

Knoxville, Ia., Aug. 14.—(AP)—Jesse James' King Albert coat was stolen from his back yesterday while the manager of the wax display of which the famous Missouri outlaw was a part was ballyhooing to the crowd of Marion county fair visitors the evils of crime.

The museum manager appealed to police for protection of his defenseless band of wax figures from further such outrages and offered a \$50 reward for the return of the coat.

## Hoover Conference For Relief Of Drought Area Opens At Capital City

### Confers With Hoover

President Hoover instructed Ernest P. Bicknell, acting chairman of the Red Cross, to stand by to assist in any possible emergency involving human suffering occasioned by the drought.

## Drizzling Rain Falling Today as Govern- ors and Represent- atives From Twelve States Assembled for the Purpose of Arranging Plans for Relieving People Affected by the Dry Weather; Preliminary Meetings During Morning

Washington, Aug. 14.—(AP)—The governors' drought relief conference called by President Hoover convened at 2:30 p. m. today at the White House with prospects that it would last several hours.

Governors from ten states in the drought area and representatives of governors of two others were present when the President called the meeting to order in the cabinet room.

Mr. Hoover hopes to lay a foundation for an effective local and state relief organization by pooling the advice of each state representative.

Senator Robinson of Kentucky representing Governor Sampson told newspapermen before the meeting began that conditions in the Bluegrass state, were worse than in any other in the drought region.

"Our corn crop will not be more than 10 per cent of normal, tobacco not more than 20 per cent, and hay not over 5 per cent," he said.

Garden vegetables, grass for cattle and other pastures were greatly damaged, he said, although word from Governor Sampson said some relief came last night with general rainfall over the affected regions.

"Thousands of tenant farmers would be thrown out of employment," Governor Weaver of Nebraska and Erickson of Montana were the first to arrive at the White House.

The Nebraska governor said with the exception of a few scattered localities his state was not in distress and not only had ample farm acre for its own livestock but could supply nearby states if transportation were furnished.

Governor Erickson said conditions in Montana were not as good as in Nebraska.

Washington, Aug. 14.—(AP)—A drizzling rain was falling today as governors and their representatives from twelve states assembled for the Hoover drought conference.

The morning was taken up with preliminary meetings and discussions with farm board and agriculture department officials. The governors as they went from their hotels to conferences saw umbrellas and rain coats.

By another paradox, the farm board was informed its chairman, Alexander Leggs, might be kept from the conference with President Hoover this afternoon because of rain and storm.

Leggs, flying here from the west, was forced to take a train at Dayton, Ohio, because of bad weather. He planned to take another plane at Altoona, Pa., but if storms still threaten he will continue by rail. In that event he would arrive too late for the conference which was set for 2:30 p. m.

The extension of credit to farmers in the dry sections to enable them to carry on operations and prepare for another crop year drew more attention than any immediate action to relieve suffering.

Realizing the necessity of extending credit, President Hoover summoned Secretary Mellon back to the city and was ready to talk business with the chiefs of all government credit agencies.

Governor Leslie of Indiana sounded the alarm on the crisis confronting the farmers. He made no proposition, awaiting the outline of a program by the President, but he said "it is money we need and must have."

"The farmers for the most part have nothing left to put up even as security for a loan," the Indiana Republican stated, "and we must have money if he is going to try and carry on again next year."

There were indications President Hoover was going to make some comment on this subject to the conference. He has been busy seeking a program of cooperation between the government's intermediate credit system and the strong banks of the nation which would permit the working out of some credit system for the stricken farmers.

## PITT SOLDIERS GETTING ALONG FINE AT CAMP

### Artillery Unit Making Efforts to Capture Some of the Laurels At Fort Bragg

Members of the Greenville unit of the North Carolina National Guard, who entrained last Sunday morning for annual encampment at Fort Bragg, were reported to be getting along splendidly, according to information received by relatives here. The boys naturally found camp life rather strenuous during the first day or two, but they soon settled down to business and planned to capture some of the laurels accorded the various units from time to time during encampment period. Before leaving, the unit underwent training almost every night for a period of two weeks, and the men were in prime condition when they left here to give a good account of themselves on the field.

The Greenville boys have won more than passing attention at camp in past years, and it was the purpose of Captain J. C. Lanier and his men to capture more honors this year. The company was at maximum strength several days prior to departure for training camp and most of the men were well seasoned and capable of rendering a good account of themselves.

The artillery truck and culinary department left the city several hours in advance of the regular detachment and had everything in readiness for business when the soldiers arrived.

The company will be out of the city fifteen days. During that time they will be put through regular army tactics under the command of state and national army leaders. This training carries with it certain rewards in addition to more complete knowledge of military activities. The various companies are permitted to compete for prizes in many phases of activity, and every man strives to enable his company to walk away with as many honors as possible.

Captain Lanier was highly gratified at the splendid showing of his men at the final drill before departure, and expressed belief they would be able to attract more favorable consideration than ever before. At least they went to camp with that idea in view and it is the Greenville object to win whenever victory is possible.

## CONDEMNED NEGRO TESTIFIES AT TRIAL OF HIS BROTHER

Clinton, Aug. 14.—(AP)—Chevis Herring, negro convicted of the murder of F. F. Newton, Kerr postmaster, testified today in the trial of his brother, Ernest, for the same crime that the two of them planned and carried out the attack and robbery together.

Chevis told how Ernest hid behind a stump at the side of the road and how he hid nearby. He told of the joint attack on the aged man as he returned at midnight, Saturday, June 28, from the post office to his home.

## Diploma for Edison

Buffalo, N. Y.—A diploma for Thomas A. Edison. The inventor and his wife were among 75,000 graduates of the Chautauqua Library and Scientific circle who completed a four-year reading course.

Peaches Gain Leadership of Saly League

Charlotte, Aug. 14. — (AP)—Thanks to the good right arm of Buck Greene and the home run ability of Johnny Mann, Macon's Peaches has possession of the Saly league leadership berth today as they opened a crucial week-end series with Greenville.

Unleashing the prettiest piece of pitching Charlotte fans had seen this season, Greene let the Hornets down with one hit, a single, by Leub in an extra frame, to beat the Insects 3 to 2 to place his club back in the lead.

Mann gave him the victory by pasting one of Jim Mooney's south paw slants over the left field fence in the 10th with the score knotted at 2 all.

Augusta enabled the Peaches to take the lead from Greenville with the victory by thrashing the Spinners 12 to 4. It was the first defeat the Schepnermen had sustained in 10 starts.

Roland Flinn baffled the first half victors while his team mates rapped Pearce and Stokes hard and timely. Fayonsky and Williams were stick stars for Augusta with three blows each.

All of Greenville's runs came via the homer route. Hudgens got his 31st of the season, Howell his 22nd, Cutler and Rhinehart got the others.

Asheville went above the 500 mark by walloping Columbia 14 to 3 to capture the series. Mitchell twirled brilliantly while his team mates uncorked an 18 hit assault on Gross and Foster, Comer mounds man.

Hipps came through with the heaviest firing for the Tourists banging out a triple and four singles.

pared by only singRUEAIOINN Greenville and Macon are separated by only half a game as they enter their crucial series at Macon today. Other week-end tussles send Charlotte to Columbia to battle the Comers and Asheville to Augusta to engage the Wolves.

Peiping, Aug. 14.—(AP)—Three thousand Chinese are reported to have drowned in the Fuchanghien district, 40 miles north of Shanghai, along the Mukden railway, where rains have flooded 1,000 villages, causing great damage and washing out the rail line.

# Social and Personal

Mrs. D. T. Gallop and Miss Eloise Gallop, of Fayetteville, who have been the guests of Mrs. C. H. Edwards, left this morning for Elizabeth City.

Mrs. Joseph Whitehead and Miss Rosiana Pittman, of Scotland Neck are the guests of Miss Elizabeth Higgs.

Mrs. B. D. Moore and son, Raymond, of Mt. Holly, and Mrs. E. G. Etheridge, of Elizabeth City, are the guests of Mrs. C. H. Edwards. Misses Mabel Cherry and Ruby Mayo Bailey, of Hobgood, are the guests of Mrs. W. C. Taylor, on Cotach street.

Major and Mrs. D. S. Wilson and little son, D. S. Wilson, Jr., left yesterday for Fort Benning, Ga., after visiting Major Wilson's parents, Mr. and Mrs. W. B. Wilson.

Mrs. A. P. Baker and little son are visiting Miss Sue Fountain in Tarboro.

W. J. Evans, of Oxford, is spending a few days at the home of his mother, Mrs. Namie Evans.

M. K. Blount has returned from Virginia Beach.

Miss Mabel Glenn Best left yesterday for Baltimore to visit Miss Rose Mae Jones.

Mr. and Mrs. Frank Tyson left yesterday for Baltimore where they will visit Mr. and Mrs. Seber King. Miss Beadie Sitterson, of Kinston, who has been visiting Miss Mabel Glenn Best, has returned home.

**Birth Announcement.**  
Mr. and Mrs. E. C. Williams, Jr. announce the birth of a son, William Bartley Williams, on Sunday, August 10th, 1930.

**MISS MARIAN WILSON GIVES THEATRE PARTY**

As a compliment to her house guest, Miss Dolly Wilson of Los Angeles, California, Miss Marian Wilson entertained about twenty-four members of the younger set at a theatre party yesterday afternoon. The guests enjoyed the picture at the State Theatre and later in the afternoon were taken to the drug store where refreshments were served.

**St. Peter's Catholic Church.**  
Friday is the Feast of the Assumption of the Blessed Virgin into Heaven, there will be Holy Sacrifice of the Mass at 8:30 a. m.  
Rev. C. J. Gable.

**Watermelon Feast.**  
The Masons of this city and community will be treated to a watermelon feast next Monday night, Aug. 18, at the regular meeting of Greenville Lodge No. 284, when Bro. Henry C. Smith will furnish an abundance of luscious melons for the occasion. Every Mason is urged to come out and help eat the melons.

**Sunday School Class Meets.**  
The two fourth grade of Jarvis Memorial Sunday school had a class meeting Wednesday afternoon at four o'clock. It was at the home of little Miss Dorothy Harris. We had our business first. We elected officers as follows: Dorothy Harris, president; Mable Beaman, vice-president; Marjorie Spivey, secretary; Eleanor Fitzgerald, class reporter, and the rest of the class was to phone the children when they were absent.

We played games and had some watermelon. We had a good time.  
Eleanor Fitzgerald, Reporter.

**NEW SUPERINTENDENT OF FARMVILLE SCHOOL ARRIVES**

Farmville, Aug. 13.—Robert Edwin Boyd, of Charlotte, supervisor of the Pountain school for the past four years, arrived this week to take charge of the Farmville schools. Supt. George R. Wheeler, who has served efficiently in that capacity for the past twelve years, having recently resigned to accept a position as county superintendent and head of the Sanford city schools.

Mrs. Boyd, who was Miss Bruce Ellis of Greenville, before her marriage in July, accompanied her husband here, and they are occupying an apartment in the home of Mrs. S. G. Gardner on North Main street.

Mr. Wheeler and family leave Thursday for their new home, Sanford.

**Honor Guests.**  
Snow Hill, Aug. 13.—Mrs. Alton Alridge and Mrs. J. S. Hardy were joint hostesses on Monday afternoon at a lovely bridge party honoring their house guests, Miss Mable Regan of Lumberton, and Miss Helen Hodges of Washington.

A color scheme of pink and green was effectively carried out in the decorations of flowers, table appointments and refreshments. High score prize, a bridge set, was won by Miss Edna Warren, and sheer handkerchiefs for evening use, were presented to the honorees and to out-of-town guests, Miss Chrystelle Lucas, of Benson, and Mrs. D. R. Morgan, of Farmville.

**Mrs. John Warner Honored.**  
Mrs. Jake Venters and Mrs. Roy Lassiter delightfully entertained at bridge Tuesday afternoon at the home of Mrs. Venters on Dickinson avenue, complimenting Mrs. John Warner, formerly of Washington, who is now making her home in Greenville.

A profusion of summer flowers and potted plants decorated the porch, where six tables were arranged for bridge. After two progressions the hostess served Coca Cola and peanuts, which were very refreshing. Following several spirited progressions the high score prize, a set of tea napkins, were awarded to Mrs. Guy Evans, and second to Mrs. R. T. Rogerson.

The hostess then presented to Mrs. Warner a novelty powder jar. Delicious ice cream and cake were served by the hostesses, carrying out a pink and white color scheme. Those enjoying the hospitality of Mrs. Venters and Mrs. Lassiter were Misses Annie Laurie Herring, Margaret Marshall, Mesdames John Warner, H. L. Pruett, W. C. Braswell, Ed Bradshaw, C. B. West, Jr., Dan Pigott, Hyman Cherry, Jack Brown, G. C. Honeycutt, Red Corbett, Milo Smith, Hugh Blount, Guy Evans, R. T. Rogerson, E. F. Arnold, Larry Brown, H. R. Goodall, L. B. Tucker, H. C. Martin, M. E. Ebron, E. S. Jackson and Gus Stokes.

**Recovering From Injuries.**  
Farmville, Aug. 13.—All of the members of the Erwin party, injured in the automobile collision of Thursday afternoon, on the Farmville-Wilson highway, are recovering satisfactorily, with the exception of Mrs. Tom Ellis-of-Saratoga, who it is feared, sustained internal injuries.

Mrs. Sam Ervin and son, Oscar, of the Bell Arthur section, her daughter, Mrs. Ellis of Saratoga, Mrs. Job Tyson and Mrs. Ervin's brother, Walter G. Sheppard, both of Farmville, were returning late Thursday afternoon from Rocky Mount, where they visited Mr. Ervin, a hospital patient there.

The entire party narrowly escaped death, when a car owned by Mr. Lancaster of Stantonsburg, and driven by Mr. Sills of Wilson, ran into the Ervin's Ford, at the intersection of the Stantonsburg road, the Ford being overturned and wrecked by the impact.

**RE-MARRY AFTER HAVING OBTAINED DIVORCE**

Farmville, Aug. 13.—Miss Colvin Carraway of Farmville, and Johnnie Meadows, a former resident and barber of this place, who now resides in Wilson, were married there Tuesday, after having been separated a year, following divorce proceedings. Mrs. Carraway has been with her mother here for several weeks, having recently completed a demonstration tour for a Baltimore paint and varnish firm.

**Negress Jailed After Severely Cutting Another**

Sannie Willis, colored woman of Carolina township, was being held in Pitt county jail today in default of bond of \$2,500, charged with the serious stabbing of another colored woman by the name of Martha Mayo, last Tuesday night. The Willis woman was arrested by Constable A. G. Gurganus and brought to the jail here for safe keeping.

The fight was said to have resulted from an argument over the love affairs of the two women. The Mayo woman received a dangerous wound in the back and cuts on other parts of the body while the Willis woman escaped without injury.

**GENERATOR STARTER IGNITION SERVICE WASHING AND GREASING Phone 216 ALL WORK GUARANTEED PARKER SERVICE STORE, Inc.**

**Check Flasher Working In Local Rural Districts**

During the past several weeks an alleged check flasher, giving the name of F. S. Lyle has been operating successfully among many of the merchants of the rural districts of the county. In most cases these checks are given on the First National Bank, of Atlanta, Ga., and signed with a rubber stamp, The National Iron Co., and are drawn in

different denominations. Each time there appears on the check papers have all been returned with the notation that there is no such firm operating in Atlanta.

This information having just been given to the offices of the Greenville Merchants Association, the secretary would appreciate any help in assisting in the apprehension of this party. At the same time the association continues its warnings as to accepting checks from any one without personal identification.

## ABOUT TOWN

The half holiday season ended in Greenville yesterday, and from now on employees of local stores and business houses will begin planning for the rush of business which will begin with the opening of the tobacco market next month. The half holiday has been a source of much benefit to the men and women who stand behind the counters six days to the week. They are able to visit many of the surrounding resorts during the half day allotted to them on Wednesday during the summer months, and will be better able to care for the thousands of demands to be made of them during the fall and winter.

A half day off may not mean much to some people, but it is of vital importance to the laboring masses in that it gives them an opportunity to get out in the open and enjoy some of the beauties and pleasures which nature provides this season of the year. It enables them to also gain some of the vigor and vitality which the fresh air and exercises give to one, and this in turn helps them to render a higher degree of service all the year around. The half holiday is not only beneficial to the worker, but it also puts money in the pocket of the employer through improved service.

The predicted reduction in the tobacco production in the United States should have a tendency to improve the price situation down this part of the country, in the opinion of men well acquainted with the situation. A cut of several million pounds of the bright leaf may not sound like anything out of the ordinary to the average man and woman, but to the keen observer of market conditions, it is significant of a greater demand for the type of crops produced in this part of the country.

With the splendid crop produced in Pitt county this year, the people would be able to recover somewhat from the depression caused by the crop shortage last year. The price situation, however, is going to play an important part in this situation and it is hoped therefore that the indications of improved prices from the general shortage will prove true. The finest kind of tobacco in the world is produced right here in Pitt county, and it is natural to presume that the price situation even under stress should be better than other belts where the quality is inferior and grading far below the standard of that in Pitt county. All county planters put more into the production of a crop than do the farmers of other belts and it adds to reason that they should receive more for what they produce.

The Greenville police department may not be the best in the world, but it is so good that few of the crimes committed in this city remain unsolved with the perpetrators going in full.

During the epidemic of automobile thefts reported here sometime ago, only in one or two instances did the cops fail to round up the cars and the thieves. The same is true in other instances. There is probably less bootlegging going on in the city at this time in years, and this is due largely to the vigilance of the chief of police and his and of a dozen faithful followers. It is true that bootlegging becomes more widespread during the fall and winter months, but it is life to say the surreptitious movements of the liquor element will be less extensive this season than in years. There will be whiskey for sale, to be sure, and plenty of it, but its flow will be reduced to such extent that the consumer will have to do a little more casting about for the supply than formerly.

Chief Pierce realizes he has a big job on his shoulders in policing a town of this size with the force assigned to him, but he is doing it in a way that has won the commendation of the majority of the people, and especially that great mass of law-abiding people who realize what the cops are up against in law enforcement.

Goods for the fall and winter showing of Greenville stores will begin arriving the next few days and also, perhaps, a cordial invitation to visit the city and inspect the stores. The showing this fall will be one of the most complete in years, and prices will be in keeping with the larger cities. The merchants are doing everything possible to give their patrons the same kind of service they would receive in the stores of the big cities, and it is for this reason prices for latest creations of the fashion world are lower than the small towns.

### Forty-Six Miners Entombed in B. C. Two Known Dead

Princeton, B. C., Aug. 14.—(AP)—Rescue squads toiled today to reach forty-six miners entombed in the Blakenburn coal mine, fifty miles east of Vancouver.

Two workers are known to have been killed in an explosion last night which blew out one portal of the main tunnel. One miner was released alive when rescuers dug through debris and found the bodies of Albert Cole and Reid Smith. Three hundred feet from the mouth of the tunnel a cave-in blocked the passage of the rescue workers and all available workers were attempting to force a passage through to the trapped men, who comprise virtually the entire afternoon shift of the mine.

### Madison Officers Slay Mountaineer After Liquor Raid

Marshall, Aug. 14.—(AP)—A pitched battle growing out of the search of a mountaineer's automobile that carried no whiskey, today had brought death to one and severe injuries to two others. Wiley Tranham, 35-year-old mountaineer, died yesterday from gunshot wounds received in a fight with three Madison county officers far out in the mountain wilderness. Joe Osborn, of this section, and Eric Austin, said to be from Illinois, received severe wounds in the close range fighting.

The battle came after a search of the men's automobile for liquor by Sheriff Ramsey and deputies Rector and Foster, of Madison county. No whiskey was found, it was said, and the officers left. Shortly after leaving the scene of the search, the officers' car broke down. The three men, coming upon the mater, attacked them, the officers said. Shotguns, rifles and revolvers were used in the fight. None of the officers was injured. The shooting occurred near Max Patch, in a remote section of the mountains.

## are getting bigger tire values now than ever before!

Competitive conditions are tightening up in the tire business.

When this happens, high-powered salesmanship usually takes on an extra head of steam.

But don't be confused when the tire dealer with something "special" to sell backs you into a corner.

Just remember the one fact — after years of experience, after testing this value and that, "more people ride on Goodyear Tires than on any other kind!"

There must be a valid reason for this. There is: Goodyear Tires are definitely superior, in the two main parts of a tire. The Goodyear All-Weather Tread is superior in traction. The Goodyear Supertwist Carcass is superior in vitality and long life.

These superiorities are not sales claims; they are real.

Any Goodyear Dealer will be glad to demonstrate the facts.

The facts certainly are: Goodyear Tires do give greater value.

As far back as 1916, it became a fact that more people ride on Goodyear Tires than on any other kind.

Every year since that time it has been increasingly true that more people ride on Goodyear Tires than on any other kind.

Today this preference for Goodyears runs into millions: millions more people ride on Goodyear Tires than on any other kind.

There can be only one conclusion: Goodyear Tires must be better — and at present prices they are a matchless bargain.

Now is the time to get yours.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET

New York, Aug. 14.—(AP)—Cotton opened steady, unchanged to 4 points higher in response to relatively steady Liverpool cables. Fluctuations were somewhat irregular during the early trading, but orders were fairly well divided and there appeared to be some covering which kept the active months about 4 to 7 points net higher.

The market at the end of the first half hour was comparatively quiet but fairly steady at within 2 or 3 points of the best with new October selling around 11.96 and March 12.40.

Liverpool cables said that hedgers and liquidation in that market had been absorbed by covering on expectations of a bullish drought report, referring, no doubt, to the expected report from Washington with reference to drought effects on general crop prospects since August 1st.

## STOCK MARKET

New York, Aug. 14.—(AP)—After another effort to depress prices through recent resistance levels, the discouraged mob of bears lost courage and retreated further in today's stock market.

Prices were generally reduced to 3 points during the early hours of selling, but stocks were well taken on the decline, arousing some fear in bear circles that important banking interests may be offering support to the market around recent low levels. Most early losses were substantially more than cancelled, although weak spots continued to stand out here and there.

Such wide moving issues as Allied Chemical, American Tobacco B. Atchison and Case gained 5 points and more, Case getting more than 20 points above its recent low.

Shares recording gains of 2 to 4 points included Radio, Eastman, Union Carbide, American Smelting, Public Service of N. J., and Electric Auto Lite, while advances of a point or so were numerous in important shares.

Call money again renewed at 2 1/2 per cent but was available in good supply in the outside market at 2. The brokerage loan figures, to be announced late in the day, were expected to show a large decline.

## GRAIN MARKET, N. Y. STOCK LIST

Chicago, Aug. 14.—(AP)—Wheat advanced late today, influenced by reports that bankers would finance the Canadian wheat pool, and the provincial governments would probably guarantee the bankers' loans. It was reported also that the heavy selling which tumbled wheat prices down yesterday at Winnipeg was for Chicago account. Export business today in North American wheat was estimated at 1,000,000 bushels mainly from the United States, with Liverpool and Chicago prices widening to about 18c, the greatest difference so far this season.

Wheat closed firm 7-8 to 1 1/4 higher than yesterday's finish; corn closed unchanged to 3-4 higher; oats 1-4 to 3-4 up and provisions unchanged to 5-6 down.

# 8 plies under the Tread

**Here is EXTRA SAFETY!**  
 FOR the high powered, high speed cars of today, with needed quick starts and stops, you should have this extra protection. Just look at the inside of this Firestone Anchor Super Heavy Duty Tire. There are eight plies of cords under the all Non-Skid, Center Traction Tread. It is a big—tough—strong tire—a construction that insures against punctures and blowouts.

**Come In and See for Yourself!**  
 We have cut up various brands of tires, so that you can see the inside construction. Come in and make these comparisons, section for section, and you will readily see the superiority of Firestone.

We sell and service the complete line of Firestone Tires, Tubes, Batteries, Rims, Brake Lining and Accessories, and actually give you greater values.

**Firestone ANCHOR Super Heavy Duty**

PATENTED DOUBLE CORD BREAKER THICKER TREAD

MORE RUBBER IN TREAD AND SIDEWALL

SINGLE SHARP LATCH BEGINS NO GREATER AT ALL

MAIL ORDER TIRE STANDARD BRAND

The Firestone Anchor Super Heavy Duty Balloon has a double cord breaker—8 plies under the tread. Some other makes have no breaker at all and some a single breaker made with old-fashioned, square woven fabric that Firestone discarded when they developed the balloon tire.

**DOUBLE GUARANTEE:** Every tire Firestone makes bears the name "FIRESTONE," and every tire we sell carries the Firestone Unlimited Guarantee and ours. You are doubly protected—absolutely assured every dollar you spend buys real quality and satisfaction. We guarantee that you will get all the miles out of your tires that have been built in by Firestone.

## HOW ONE WOMAN LOST 20 POUNDS OF FAT

**LOST HER DOUBLE CHIN**  
**LOST HER PROMINENT HIPS**  
**LOST HER SLUGGISHNESS**  
**Gained Physical Vigor**  
**Gained in Vivaciousness**  
**Gained a Chapey Figure**

If you're fat—remove the cause! KRUSCHEN SALTS contain the 6 mineral salts your body organs, glands and nerves must have to function properly. When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideous by fat! Take half a teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—exercise regularly—do not overeat and—in 3 weeks get on the scales and note how many pounds of fat have vanished. Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keener in mind. KRUSCHEN will give any fat person a joyous surprise. Get an 85c bottle of KRUSCHEN SALTS at Greenville Drug Co. (last 4 weeks). If even this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned.
