PLANES SPEED TO AIR RACES AT CHICAGO

Three Entrants in Men's Derby Ready to Hop Off; Women Fliers in N. M.

By the Associated Press
Airplanes—big, little, slow and fast—shot through the skies today from the four corners of the nation, with Chicago and the national air races as their target.

From Long Beach, Cal. and Seattle they were flying—women and men; and from Hartford, Conn., and Miami, Fla., and Brownsville, Tex. They will be next Wednesday, at a time when the national air classic is at its height, that the last of the air derby rests his plane on the grandstand-banked Curtiss-Reynolds airport near Chicago.

The women fliers, who hopped from Long Beach August 17, were winging toward Amarillo, Tex., with a scheduled stop at Lubock. They will cross Oklahoma, Kansas, Missouri, Iowa and Wisconsin before they finish at Chicago next Monday. There are six pilots in this race, with Mrs. Gladys O'Donnell, who finished second in the women's air derby last year after having had only 40 hours of solo flying, holding the lead.

The two-man derby, Brownsville to Chicago, was moving further north today after a night stop at Fort Worth. John H. Livingston of Aurora, Ill., held an advantage of more than one hour over W. G. Moore of Kansas City when the planes were set down at Fort Worth last night. This derby finishes at Chicago Saturday, the day the national air races open.

Another derby finishing Saturday is that which started at Miami yesterday. Art Killips of La Grange, Ill., had a 14-minute lead over Art Davis of Lansing, Mich., with the third pilot, George Burrell also of La Grange, 13 minutes back of Davis.

This derby is zig-zagging northward, its itinerary marked by Macon and Augusta, Ga., Murfreesboro, Tenn., and Cincinnati, O. Two derbies, one from the east and one from the west, started today. From Hartford, Conn., five planes were scheduled to arrive in Chicago Sunday after night stops at Syracuse, N. Y., Cleveland, O., and South Bend, Ind. At Seattle, four pilots stepped into planes they expected to land in Chicago next Monday. This derby is over a route marked by Butte and Billings, Mont., Bismarck and Aberdeen, S. D., Fargo, N. D., St. Paul, Minn., and Milwaukee.

More women will take the air tomorrow when the eastern women's derby starts from Washington, D. C. This race, in which there are six entries, is to end at Chicago, August 26.

The high speed, non-stop Los Angeles-to-Chicago derby will start and finish next Wednesday. The list of entrants includes William S. Brock who flew from New York to Tokyo in 1928; Lt. Col. Roscoe Turner, holder of the north-south transcontinental record; L. F. Schoenhair, well-known coast flier; and Wiley Post.

Hundreds of others planes were reported converging on Chicago. Included among them were nineteen planes of the naval air squadron whose base is the Airplane Carrier Lexington, San Diego, Cal. These planes reached Kansas City yesterday, and hopped off to finish tonight to Chicago today.

Cotton Spinning Under Normal

Washington, Aug. 21.—(AP)—The cotton spinning industry was reported by the census bureau today to have been operated during July at 67.4 per cent capacity on a single shift basis, compared with 76.3 per cent in June this year and 100.2 per cent in July last year.

Spinning spindles in place July 31 totaled 34,030,706 of which 26,464,444 were active at some time during the month with the average being 22,944,203 compared with 34,135,368, 27,742,158 and 26,029,389 for June this year and 34,829,022, 30,958,858 and 24,883,979 for July last year.

Active spindle hours for July totaled 5,297,357,681 or an average of 156-hours per spindle in place, compared with 5,778,524,384, or an average of 1169 in June this year, and 7,744,243,369, or an average of 222, in July last year.

The Question Is—Where? Waynesville, N. C.—(AP)—The unsettled question as to whether Wiley Trantham was fatally shot a week ago in Haywood or in Madison county today had investigators at a standstill.

Not Held for Manslaughter Asheville, N. C.—(AP)—A Buncombe grand jury has absolved R. B. Ballard of Anderson Cove of charges of manslaughter brought after his stepdaughter jumped from his car and was fatally injured.

COMPETITION IN WOMEN'S NATIONAL AIR DERBY

Here are the women pilots in the air derby from Long Beach, Cal., to Chicago. Left to right: Marjorie Dalg, Danbury, Conn.; Jean La Rene, Chicago; Ruth Stewart, St. Louis; Ruth Barron, Hollywood; Gladys O'Donnell, Long Beach, and Mildred Morgan, Beverly Hills.

Live Stock Development Train Viewed By Several Thousand County Farmers

The Live Stock Development Train, sponsored by the Atlantic Coast Line Railroad, State College, and the North Carolina Department of Agriculture, has come and gone and the farmers of Pitt county know probably more about stock and poultry development than they ever knew before as result of the train's visit. Exactly 1,300 growers passed through the train at the Atlantic Coast Line station yesterday and viewed the hundreds of exhibits which had been put on display for their inspection. They also listened with interest to lectures dealing with this line of industry, and went back home convinced that live stock and poultry should play an important part in the life of the community if produced along the well defined line as presented in lectures by the specialists.

Several hundred farmers who did not go through the train inspected the exhibits on the outside and expressed surprise at the progress that has been made in this branch of industry in North Carolina. They viewed with interest the splendid exhibits of poultry and were astounded at the size and beauty of the live stock.

The personnel of the train was composed of several officials of the Coast Line railroad, and representatives of State College and the Department of Agriculture. There were twenty-two members of the train party in all and they were busy from the time the train pulled into the Dickinson avenue station until closing time at six o'clock yesterday afternoon. They said the train had been visited by thousands of people on its tour of the state and that much interest had been aroused in the field of live stock and poultry.

The visitors were taken on an automobile ride over the city after the exhibits closed, and they expressed appreciation of the evidence of growth here during the last several years. They were particularly impressed by East Carolina Teachers College, an institution for the training of state teachers, the new Sheppard Memorial Library, the city public school buildings, and last, but not least by any means, the size of the tobacco district, and the splendid appearance of the business section.

Last night the visitors were tendered a barbecue supper at the Yum Yum Barbecue Palace by the Greenville Merchants Association. In addition to a splendid repast consisting of barbecued Pitt county hog and Brunswick stew, the half hundred people in attendance listened to several interesting talks dealing with the purpose of the live stock train and the development and future possibilities of the tobacco industry in this part of the state.

W. S. Brown acted as toastmaster, and the visitors were welcomed by Dr. R. H. Wright, president of

STATE OFFERS \$400 REWARD FOR LYNCHERS

Gardner Places Entire Resources of the State Behind Edgecombe Investigation

Raleigh, Aug. 21.—(AP)—The resources of the State of North Carolina today were back of the investigation into the lynching of Oliver Moore, negro tenant farmer, charged with criminal assault upon his employer's two young children.

Gov. O. Max Gardner, from his home in Shelby, announced a reward of \$400, the maximum allowed by law, for information leading to the arrest and conviction of any person or persons implicated in the mob violence.

In offering the reward, Governor Gardner reiterated his determination to "place the entire resources of the state" behind Solicitor Don Gilliam whose task it will be to prosecute the persons arrested in connection with the case.

Solicitor Gilliam, from Wilson, announced that he would "do everything in my power to apprehend and prosecute members of the mob." The solicitor has been busy this week with court at Nashville.

Governor Gardner, who was spending his vacation at Flat Rock, near Hendersonville, has returned to his home in Shelby in order to keep in closer touch with the case.

Moore was taken from the Edgecombe county jail, carried a short distance into Wilson county, hanged to a tree and shot to death.

Solicitor Gilliam is generally credited with having been the motivating force behind the successful prosecution of 29 members of a mob which mutilated Joseph Needelman in Martin county in 1925.

The solicitor conducted the investigation of the attack on Needelman and as a result eight men were indicted as "ring leaders" and 21 as accessories. Henry D. Griffin, one of the "ring leaders," received a sentence of 30 years in state's prison, which he is now serving, and others indicted got sentences of 10 years or less or paid fines.

The successful prosecution of a group of 29 mob members by Solicitor Gilliam at that time was said to be the first such instance in North Carolina.

Rocky Mount, Aug. 21.—(AP)—Sheriff W. E. Bardin of Edgecombe county today continued to search through far flung areas for clues in the lynching early Tuesday of Oliver Moore, negro, accused of attacking two small white girls.

"I haven't a single clue as to the identity of the men who forced their way into the Tarboro jail Monday night," Sheriff Bardin said, "but I am following every possible lead."

"The mob came quietly and worked swiftly," he continued, "and there was not great delay after the door had been opened by Deputy Watson, who believed that an officer with a prisoner had arrived. Watson did not know one man in the crowd. Those who were unmasked were not familiar to him, and all of the license plates had been removed from the cars."

The sheriff said he had no idea as to the place of the mob's origin. Its size was estimated by H. C. Brown, jailer, at about 100 men.

Sheriff Bardin defended his action in not removing Moore to Raleigh after his identification.

"There was no indication in Tarboro or any other section of the county of any other violence," he said.

The lynching was the first in the history of Wilson county, where the mob took the negro after his capture.

Boosts Education As Crime Remedy

Chapel Hill, Aug. 21.—(AP)—Education was described as the remedy for ignorance and crime in an address today by R. B. House, executive secretary of the University of North Carolina, to the Parent-Teacher Institute in session here.

"Business adjustment is a crying need" House said, "but a condition more fundamental is ignorance and crime—a rotten spot in the character and intelligence of our people—and education is the remedy."

Dr. Clara E. Hayes, of the medical division of the American Child Health Association, and Mrs. C. E. Kendell Field, secretary of the National Congress of Parents and Teachers, were other speakers on the morning program.

"It is time to consider agriculture, but let us also consider the men and women, the boys and girls, who are seeking life by forest and field," House said.

"Let us keep in mind the human values at issue in the market place and if we consider these things we shall see more and more clearly that education, more education, better education, freer education for every child in the state is now and forever the crying need of North Carolina."

LOSS BY FIRE INCREASES IN THIS STATE

July Report Shows Increase of \$295,289 Over Same Month Last Year

Raleigh, Aug. 21.—(AP)—Fires did damage estimated at \$555,985 in North Carolina during July, compared with \$260,696 for July of last year, an increase this year of \$295,289, Dan C. Boney, state insurance commissioner, announced today.

Charlotte, with a department store fire loss of \$257,994 last month, had a total nearly equal to last year's July figure. There were 145 damage fires last month and 149 last year.

Other major fire losses in July were: Lumber plant at Lexington, \$51,000; business block and two dwellings, Lincolnton, \$25,700; store and contents, Hendersonville, \$24,000; store and contents, Gastonia, \$19,000; dwelling, Leaksville, \$18,000; store and contents, Burlington, \$15,000; store and theatre, Crumpton, \$12,000; dwelling, Warren county, \$11,000; sawmill, Raleigh, \$9,228; dwelling, Wadesboro, \$8,000; laundry and storage, Durham, \$5,250; dwelling, Wilmington, \$5,000; vacant mill, Burlington, \$5,000.

Seventy-one dwellings burned during the month with a loss of \$101,902.

The total fire loss for Asheville, Winston-Salem, High Point, Rocky Mount and Salisbury, five of the state's largest cities, aggregated only about \$9,000.

The following towns reported no fire damage in July: Mount Airy, Smithfield, Aberdeen, Ayden, Bessemer City, Albemarle, Kinston, Wilson, Roanoke Rapids, Thomasville, Aheksie, Statesville, Laurinburg, Benson, Middlesex, Southfork Pines, La Grange, Graham, Farmville, North Wilkesboro, Sanford, Pinehurst, Mount Olive, Williamston, Roxboro, Lumberton, East Spencer, Wake Forest, Shelby and Kannapolis.

Whitley Heads State Firemen

Merchessville, Aug. 21.—(AP)—Truck and reel races, an annual event of the North Carolina State Firemen's Association, today held the attention of delegates.

All business was completed by the convention yesterday with the election of Robert C. Whitley, of New Bern, as president, and John L. Leis, of Statesville, as vice-president. All other officers were re-elected.

The new president, who served three years as vice-president, succeeded A. L. Duckett, of Asheville, who held office for three years.

SIXTEEN CLUB BOYS MAKE PERFECT SCORES

Raleigh, Aug. 21.—(AP)—Sixteen 4-H club boys scored perfect scores of 200 points in the poultry judging contest conducted during the annual short at North Carolina State College, the records of L. T. Harrill, state club leader, today showed.

Ellenson McDoughald, of Lee county, won first place in the poultry judging contest, the Roland Causey, of Guilford county, and Tounley Redfern, of Anson county, tied for first place in crops judging.

Communist Candidate for Congress and Two Representatives of Union, in Bessemer City to Make Speeches, Captured by Textile Strikers; Severely Beaten and Chased From City Limits

Bessemer City, Aug. 21.—(AP)—Three men suspected by striking textile workers at Bessemer City of being Communists were captured by strikers here last night, two of them tied together, all of them roughly treated and then chased from town.

The two men were said to have been Alber Herder, organizer for National Textile Workers Union, W. G. Binkley, of Winston-Salem, Communist candidate for Congress in the fifth North Carolina district, and Walter Wilson, Asheville, southern representative of the American Civil Liberties Union.

According to Town Clerk Rhyme of Bessemer City, the trio came to Bessemer City last evening prepared to speak and to distribute literature.

Strikers of the American Mills No. 2, who walked out Monday in protest against a wage cut and since have been outspoken against radicalism or unionism, took them in hand. Two of them, reported to have been Herder and Binkley, were tied together with ropes and taken to the center of town, kicked and otherwise violently handled. Wilson also was mistreated, it was said.

Officer M. A. Carpenter, R. Rhyme said, approached the throng and managed to take Herder and Binkley from the strikers' hands. Then, putting them into their car, he escorted them to the city limits, leaving them on the highway to Gastonia.

Wilson, Mr. Rhyme said, was chased from the town in the opposite direction, disappearing through a railroad cut.

The automobile in which the men were, Mr. Rhyme said, had a Maryland license.

The town today was quiet, following the chasing from the city yesterday of the three suspected Communists. The mills, of which Frank Goldberg of Gastonia is president, are not in operations.

The strikers declared today they are awaiting a move from Goldberg. Offers of compromise must come from him, they said, adding that committees were ready to meet with him.

They indicated also they might add a request for the removal of several mill overseers to their three demands yesterday.

Mrs. McPherson Plans to Occupy Pulpit Sunday

Los Angeles, Aug. 21.—(AP)—With Allice Temple McPherson planning to occupy her pulpit Sunday despite her mysterious illness, Angelus Temple authorities are facing a definite break between the evangelist and her mother, Mrs. Minnie Kennedy.

The woman evangelist, terming herself "just a sick girl," has emphatically denied her mother's repeated assertion that she suffered a broken nose in a fist encounter with her daughter.

Mrs. Kennedy announced she would leave for the mountains as soon as discharged from the sanitarium where she is under treatment.

Dr. Edward H. Williams, treating Mrs. McPherson, said she probably would be able to return to her pulpit Sunday, in accordance with her expressed desire.

Girl Believed Killed by Bears

Washington, N. C., Aug. 21.—(AP)—Search for a nine-year old crippled girl was continued here today, with those making the hunt fearing that the child had been killed and dragged away by wild animals.

Mr. and Mrs. Jesse Marion Jones, of Blount Creek, parents of the girl, said she had been crippled since birth and expressed the belief that she could not have gone far enough from home by herself to have become lost.

Reports that a number of bears and wildcats had been seen in the vicinity of the Jones farm during the last few weeks led to the theory the child may have fallen victim to animals.

GERARD SAYS 59 MEN RULE THIS COUNTRY

Says Men Could Convert Great Britain Into Greatest Empire On Earth

New York, Aug. 21.—(AP)—In the opinion of James W. Gerard, formerly ambassador to Germany, 59 men "rule the United States."

Mr. Gerard compiled a list of these men for today's New York Times, which asked him to amplify a sentence in a pamphlet he wrote endorsing the crusade of Viscount Rothermere and Lord Beaverbrook for British empire free trade and high protection. In that pamphlet he wrote:

"Give the 40 men who rule the United States ten years for the development of this industrial empire (the British empire) and no country on earth could approach it in per capita wealth."

Explaining why he, as an American, should write on the subject, Mr. Gerard wrote: "I offer as my excuse the interest that America, in common with all the world, has

in the preservation of British prosperity."

The list includes leaders in American finance, industry, the amusement field and journalism, but omits President Hoover and all others holding state and national offices.

Mr. Gerard explains the actual "power behind the throne" is wield-

ed by men whose wealth and important industrial positions in the nation give them a permanent influence in American life. Statesmen he said, are usually shorn of most of their power when they retire.

The list in the order given by Mr. Gerard follows:

John D. Rockefeller, Jr., Andrew W. Mellon, J. P. Morgan, George F. Baker, banker; John D. Ryan, copper magnate; Walter C. Tagle, president of the Standard Oil Company of New Jersey; Henry Ford, Frederick E. Weyerhaeuser, lumber magnate; Myron C. Taylor, chairman finance committee United States Steel Corp.; Charles M. Schwab, chairman Bethlehem Steel Corp.; Eugene C. Grace, president Bethlehem Steel Corp.; H. M. Warner and Adolph Zukor, motion picture magnates; William H. Crocker, banker; O. P. and M. J. Van Sweringen, railroad magnates; W. W. Atterbury, president Pennsylvania Railroad; Arthur Curtiss James, large holder of railroad securities; Charles Hayden, financier; Daniel O. Jackling, president Utah Copper Co.; Arthur V. Davis, president Aluminum Company of America; P. M. Gossler, president Columbia Gas & Electric Co.; R. C. Holmes, president Texas Corp., oil producer; John J. Raskob; the DuPont family (seven members); Edward J. Berwind, financier; Daniel Willard, president Baltimore & Ohio Railroad; Sosthenes Behn, chairman International Telephone & Telegraph Co.; Walter S. Gifford, president American Telephone & Telegraph Co.; Owen D. Young, chairman General

Electric Co.; Gerard Swope, president General Electric Co.; Thomas W. Lamont of J. P. Morgan & Co.; Albert H. Wiggin, banker; Charles E. Mitchell, banker; Samuel Insull, electric power magnate; the seven Fisher Brothers, motor magnates; Daniel Guggenheim and William Loeb, mining magnates; W. W. Hill, president American Tobacco Co.; Adolph S. Ochs, publisher; William Randolph Hearst, publisher; Robert B. McCormick and Joseph Medill Patterson, publishers; Julius Rosenwald, merchant; Cyrus H. K. Curtis, publisher; Roy W. Howard, publisher.

No attempt was made by Mr. Gerard to rank his selections according to his opinion of their importance, but he expressed the belief that as a class the bankers exert the greatest influence, because they control the purse strings of the nation.

He declared while all these men are too busy to run for political office, their influence, financial, industrial and semi-political, determines the men who shall go into office.

LIVE STOCK DEVELOPMENT TRAIN VIEWED BY SEVERAL THOUSAND COUNTY FARMERS

(Continued from Page One) East Carolina Teachers College. The response was made by W. W. Lewis, manager of the train.

K. W. Cobb, supervisor of sales of the Greenville tobacco market, told the visitors about the achievements of the market during its over 35 years of history and of the possibilities which the future held forth. He said Greenville warehousemen were planning to sell 75,000,000 pounds of bright leaf to set an entirely new record for the market.

He impressed his hearers that Pitt county is the largest tobacco producing county in the world, a record that the section has been able to hold for several years, and one the people hope to be able to hold for many more years.

B. B. Sugg, member of the firm of Smith & Sugg, tobacco warehousemen, said he thought that live stock, like tobacco, could be made to bring in rich returns for the farmers of the county. He said he believed the county should derive great benefit from live stock and poultry development and did not think that the thrifty farmer would go wrong by confining his attention to the industry.

J. J. White, member of the firm of H. A. White & Sons, discussed the possibilities of Greenville and Pitt county as an industrial center. He said several nationally known concerns had made Greenville one of their distributing centers in past years, and that there was indication that the city's continued growth would attract others in the years to come. He painted an optimistic picture of the future and expressed the opinion that Greenville was destined to become one of the leading industrial centers of this part of Carolina as well as the "principal shopping center."

Several members of the train party made short talks dealing with the purpose of the tour, and stressed the important part which live stock and poultry raising is going to mean to the farmers of North Carolina in future years. They expressed appreciation of the splendid welcome accorded them by the citizenship and said they expected Pitt county to take the lead in this field of endeavor even as it had forged to the front in the tobacco industry.

MISS MARY RACHAEL TEEL ENTERTAINS

Miss Mary Rachael Teel delightfully entertained a number of her friends on Wednesday evening in honor of her guests, Miss Dorothy Poole, of New Bern, and Miss Margaret Eakes.

Bridge was played at four tables. During the games candy and peanuts were served. High score prize, a bridge set, was won by Miss Margaret Hardee. Guest prizes of socks and handkerchiefs were given to the guests, Misses Dorothy Poole, Margaret Eakes and Hathaway Price.

At nine o'clock a number of boys came and dancing was enjoyed, after which watermelon was served.

Celebrates Birthday. Masters J. Hicks and Pat Corey, sons of Mr. and Mrs. J. Hicks Corey celebrated their fifth and seventh birthdays Tuesday afternoon from 3:30 to 5:30, at the home of their parents on Library street.

On arrival lemonade was served. Forty-five friends enjoyed games, golfing, stories and music. A color scheme of pink and green was effectively carried out in table decorations and refreshments. The favors were balloons.

Tall pink candles lighted the birthday cake. Ice cream cakes, beautifully decorated with frosted pink roses, were served.

The little hosts were the recipients of many useful gifts.

More Zuta Records Seized At Chicago

Chicago, Aug. 21.—(AP)—The records of a second branch of the Zuta-Aiello-Moran gang faction were seized last night by investigators attempting to solve the slaying of Jake Lingle, Tribune reporter.

Acting on information they obtained in one of Jack Zuta's safe deposit boxes, State's Attorney's agents raided the luxurious apartment of Joe Aiello, head of the Unions Siciliano, and his brother, Dominick. They found a mass of records, several weapons and about 100 keys.

Whether the papers contained any mention of financial transactions with public officials such as was found in the records kept by the slain Zuta was not revealed.

Neither of the Aiellos was at home when the investigators arrived. Their wives said the notorious brothers left the city soon after Lingle was killed.

The Aiello apartment was described by Patrick Roche, chief investigator as expensively furnished with

OUR BEST WAY OUT.

It was gratifying that so many persons of this community, especially the farmers, interested themselves in visiting the Live Stock Development Train here yesterday afternoon. The exhibits and the lectures by the exhibitors in charge of the train were of a nature that should convince the farmers of the value of the development of the poultry and live stock industry in connection with the farm work in this section and it is to be hoped that many of them will put good use what they learned from visiting the train.

A few hogs, some poultry, and one or two good milch cows on every farm in Pitt county would not only mean better living on the farms from a health standpoint, but the sale of the surplus products would provide the farm heads with some ready money at the times of the year when money is needed to harvest other crops, to pick tobacco as our farmers have been doing for many years past is gradually leading them toward financial ruin and only by diversification can they hope to overcome their present difficulties. Under our present system, when the cotton and tobacco crops are bad or when prices are low we find ourselves in financial difficulties while if we were following a plan of farming that provided many different commodities for the market there would always be a sufficient market for a part of these at least to relieve financial stress and suffering.

Western North Carolina has been putting all its eggs in one basket and no doubt is responsible for the bad condition in which we now find ourselves. If we are to succeed in getting away from this "money-crop" and as we see it, the "New and Hen" proposition to the proposed home supply farm is our best hope. The visits of this development train to the farms in this section will bring forth results in a better and more profitable farming.

Carolina Woman LOST 47 LBS.

Feels Years Younger In 3 Months and

I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides. "Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say. "I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 30. "P. S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

ABOUT TOWN

The livestock development train created considerable interest on its visit to Greenville yesterday. Many of the most prominent farmers of the county visited the train during the day and inspected the showing of livestock and poultry.

The train is being sponsored by the Atlantic Coast Line Railroad, State College, and the North Carolina Department of Agriculture. Its purpose is to arouse more active interest in livestock and poultry development. The train will go into virtually every community of the state and the people will receive much valuable information regarding the two industries.

The raising of livestock and poultry is going to play an important part in the life of the state in the future, and every farmer should begin turning his attention to this new source of revenue in order to make his future more secure. It has been proved conclusively that the grower cannot base all of his hope on the money crops. The price situation is too uncertain and if he has other sources to fall back upon in case of lower prices he will find living much easier than under the old plan of farming.

Good results should be obtained from the tour of the livestock special and the people should visit it and inform themselves concerning the most advisable methods of procedure in this form of industry.

Men of character are needed by the courts of today. Judge Walter Small, of Elizabeth City, who is presiding over the two week's term of Superior court in this city, told members of the Pitt County Post in regular monthly meeting here Tuesday night.

The judge expressed opinion that people should not try to escape jury service because this afforded them an opportunity of rendering a high type of service to the community in which they reside.

He said it was just as difficult to get men of character on the jury as it is to go out in town and try to pick fifty men with the same requisites. The juries should be composed of that element of people who are well informed and able to appreciate the big issues involved in the various cases coming before the courts.

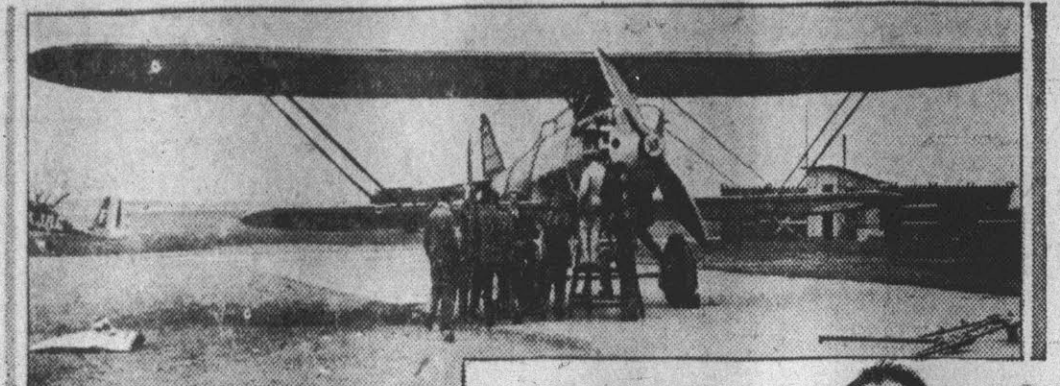

The courts are the very foundation of American life in that they offer justice and protection to the millions of people they were organized to serve. The court is an institution, and as such should receive the support of the people under all conditions, he pointed out.

Employees of local business houses yesterday celebrated the final half holiday of the summer season. The holiday period actually came to an end last week, but the merchants at the last minute decided to give their employees another opportunity of taking a half day off before the rush of the fall months begin.

While the closing was not as general yesterday as previously, numbers of people were fortunate to get away from the business district to enjoy the afternoon at some pastime, and they returned to the stores this morning much better prepared to meet the demands which the business world places upon them.

The annual convention of the North Carolina Department of the American Legion will be conducted in the city of Winston-Salem the latter part of this month, and the various posts throughout the state will do everything possible to outdo one another from the standpoint

Capt. Dieudonne Coste (right), famous French flier, and his mechanic, Maurice Bellonte, hope to take off soon from Le Bourget field, near Paris, on a trans-Atlantic flight to New York. Their plane, The Question Mark, is shown above.

Attendance. Greenville will send the usual number of delegates, and it is probable that several other members of the post will attend, although the exact number has not yet been determined. It has been suggested, however, that as many as twenty members go and officers will do everything possible to get that number off.

The convention this year has important problems confronting it, principal among them being several amendments to the constitution. Among the major amendments will be that looking to a redistricting of the state, making twenty districts

instead of ten. The entertainment features will be many and the delegates will not see many dull moments within the Twin City. At least that is the intention of the committee on entertainment, and they are expected to carry out their plans to the last detail.

Spinners Increase Lead In the Sally

Charlotte, Aug. 21.—(AP)—Greenville's Spinners had increased their lead to a game and a half in the close Sally league race today, and

had a rosy outlook for the weekend by way of a four-game mixup with Columbia's lowly Comers. The Schepnermen tightened their grip on the leadership berth by topping over Charlotte again as Asheville was making it two in a row over the second game Macon Peache.

Week-end skirmishes find the Peache sat home for four games with Augusta's Wolves, their place occupants. In the other engagement, Charlotte and Asheville clash on Hornet soil.

Greenville rapped Jim Mooney, Charlotte strike-out king, hard to

take the final of the series 12 to 2, raking his offerings for 11 hits and 10 runs before Tallamante relieved him in the fourth.

Anderson pitched superb ball for the Spinners, keeping Bee hits well scattered. Rhinehardt furnished the punch for his victory with four hits in five jaunts to the plate.

Lee Ormand made it possible for Asheville to capture the final and deciding game from Macon. The score was 3 to 1. He fanned 12 and yielded but six bingles.

Tom Nash, of All-American football fame, mauled home the first two runs and stole home in the eighth with the third.

Johnny Rhider, who has been pitching great ball for the Maconists in recent games, was the victim of an 11-hit attack.

Augusta captured an afternoon game from Columbia 11 to 7, but the Comers ran true to form and returned to take a night tilt 7 to 6.

The Wolves went wild in the opener, collecting 17 hits. Lynch was the heavy socker, with four for five.

Columbia had one big inning to take the night game, scoring five runs off McClung in the sixth.

Joyous Foot Bath Then Lift Out CORNS

Root and All—Out to Stay! Two tablespoonfuls of that amazingly refreshing and foot invigorating Radox to one gallon of water makes a footbath which after 3 or 4 night's soaking lifts out aching, maddening corns, callouses, too—root and all.

Radox softens the hard outer layers of corn—and oxygen which Radox liberates, enters the pores, each night penetrating further and further, carrying the salts right to root of corn which can be lifted out bodily.

Wonderful to take out pain and burning and refresh tired feet! Get a package of Radox at the Greenville Drug Co., or any drug store and know the joyous comfort of corn and callous free feet—Radox is the modern, scientific method to remove corns which completely eliminates old fashioned plasters, dangerous cutting, skin destroying acids and obsolete methods.

BELIEVE A'S HAVE ABOUT CLINCHED RAG

By HUGH S. FULLERTON, Jr. Associated Press Sports Writer

While the National League pennant race goes merrily on without getting very near to a decision, the Philadelphia fans are about ready to hear the news that the Athletics have clinched the American league title for another year.

It will require an amazing winning streak on the part of the Washington Senators or the New York Giants combined with a wholly unexpected slump on the part of the A's to keep the world's champions from capturing another American league flag.

The Senators continued their chase yesterday by trouncing the St. Louis Browns, 14 to 4, scoring a ten run burst in the fifth inning which went a long way toward avenging the indignities suffered in St. Louis.

N. C. State Captain

Max Stout, center, will captain the football squad of North Carolina State college this year.

ble header with the humble Reds, who had lost seven straight games and 20 out of 25 previous games.

Young Benny Frey gave Brooklyn just five hits as he bested Adol. Luce in the first clash while Ray Kolo was equally successful against Ray Phelps in the second.

The last-place Phillies evidently were destined to win their twelfth game with the champion Chicago Cubs although it required three days of effort to give them a 10 to 8 decision.

A single homer and a wild pitch by red Fitzsimmons were about enough for the St. Louis Cardinals as they downed the New York Giants 5 to 4.

Farmall Prices Reduced!

We have just received a big piece of power farming news—the McCormick-Deering FARMALL price has been cut \$50, and we are at once passing the information on to our customers.

"We are glad to be able to make a reduction in the FARMALL tractor price at this time because right now the farmer is seriously in need of anything that will help him to cut down his costs of crop production.

"Due to manufacturing economies and anticipated reductions in material costs, we were able to reduce prices on the McCormick-Deering implement lines, effective for present season.

"Recently, by the same process, we lowered the price on the 10-20 McCormick-Deering tractor \$40, and cut the 15-30 tractor price \$75.

"Now, to complete our program of reductions, we announce a \$50 cut in the price of the FARMALL.

"These price reductions, made during recent months, mean a saving to farmers of millions of dollars.

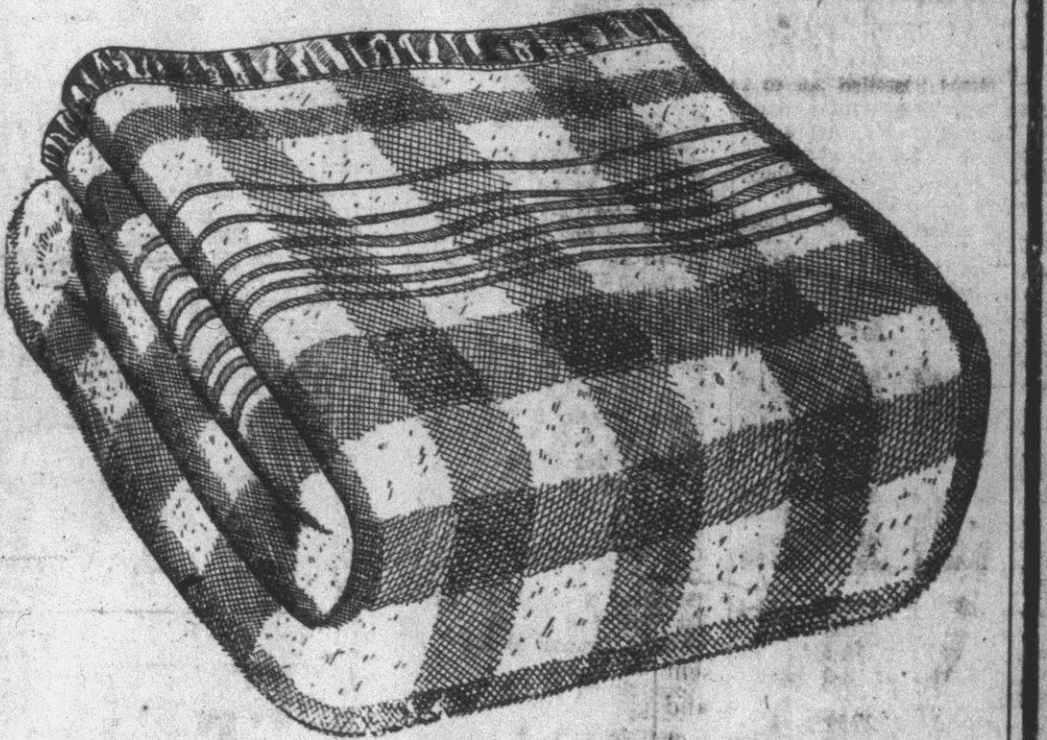

"As the original all-purpose tractor the McCormick-Deering FARMALL has won tremendous popularity. More than 100,000 FARMALLS have been built. Already this tractor has created a real revolution in farming. It is the best investment a farmer can make.

"The new price, \$825 f. o. b. Chicago, is the lowest ever placed on the FARMALL."

You have probably seen the FARMALL Tractor at work. If not, we will demonstrate it at any time, on any job. The FARMALL replaces 6 to 10 horses and 2 to 3 men. It plows 7 to 9 acres a day . . . double disks 18 to 25 acres . . . drills up to 45 acres . . . plants 24 to 46 acres . . . cultivates 33 to 50 acres and, in later cultivatings, 50 to 65 acres.

If it isn't a McCORMICK-DEERING, it isn't a FARMALL

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Aug. 21.—(AP)—Cotton opened barely steady today at a decline of 7 to 14 points in response to easier Liverpool cables and private reports of some rain in the southwest.

In addition to local and commission house selling, there appeared to be some overnight selling orders from the south, but the initial offerings were quite readily absorbed by further covering or trade buying. December advanced from 11.09 to 11.16 on this demand and there may have been a little buying on the failure of the early weather maps to show the privately reported rains at some Texas points.

The bulge, however, met increased offerings and the market at the end of the first half hour was about 10 to 12 points net lower. Liverpool cables reported hedge selling in that market, but said there was an improved cloth demand in Manchester with the India boycott less severe.

GRAIN MARKET

Chicago, Aug. 21.—(AP)—Rapid increase of the movement of newly harvested wheat in Canada had a bearish effect on grain values during the late dealings today. Deliveries of wheat at interior points in Canada for 24 hours aggregated 1,077,000 bushels, against 271,000 for the corresponding time last year. In the corn market, profit taking on the part of yesterday's buyers formed an outstanding feature toward the last, but the market maintained a firm undertone.

Wheat closed unsettled 3.8 to 1 lower than yesterday's finish. Corn closed nervous at 1-2 to 7-8 net gain; oats 5-8 to 1-8 advance and provisions varying from 7 setback to a rise of 5.
