FLIERS REACH NOVA SCOTIA ON WAY TO U.S.

Four German Airmen Refuse to Divulge Ultimate Destination in America

Halifax, N. S., Aug. 25.—(AP)—The German seaplane D-1422, carrying Captain Wolfgang Von Gronau, German aviator, and his crew of three from Germany to New York, arrived at Halifax today after a one-stop flight from Queensport. The fliers, who landed at the finishing village of Marie Joseph some 75 miles east of Halifax this morning to make sure of their directions in a dense fog, took off from the village at 12:15 p. m., guided by a moth pilot plane of the Halifax flying club, and reached Halifax a few minutes before half past one.

Fuel and supplies awaited the German crew here, and it planned to come on to New York probably tomorrow.

Queensport, Nova Scotia, Aug. 25.—(AP)—Captain Wolfgang Von Gronau, German aviator, and three companions waited here today after a surprise flight across the Atlantic, for weather conditions to improve before continuing their trip to the United States.

Their ultimate destination in the United States was undetermined, but the first stop en route was to be Halifax, about 180 miles away, where the airmen planned to take on fuel and oil. The last leg of their flight was from Cartwright Bay, Labrador, about 600 miles distant.

Their plane, a big Dornier Wal flying boat—one of two used by Roald Amundsen in his 1925 Arctic expedition—swooped down upon the harbor here at 1:45 p. m. yesterday completing the flight from Labrador in six hours and 45 minutes. But for a heavy fog blanket and incomplete weather charts, Captain Von Gronau explained, they would have gone directly to Halifax.

The aviators left the Island of Sylt in the North Sea on their trans-Atlantic flight last Monday, keeping their destination secret. They flew to the Faroe Islands and thence to Reykjavik, Iceland, where they announced they were returning to Germany.

Friday the plane left Reykjavik, but chose a course toward Greenland instead of toward Germany and after reporting position occasionally by radio landed at Igvigut, Greenland, in the afternoon. Fuel had been sent on there and Saturday morning the plane continued to Cartwright Bay, Labrador. Departure from Cartwright Bay was at 7 a. m. Sunday morning.

Captain Von Gronau said apart from the fog they met with no difficulties on the flight. Besides Captain Von Gronau there are aboard the ship Edward Zimmer, aviation student, Franz Hack, mechanic, and a wireless operator named Albrecht. All are attached to the flying school at Warnemunde, Germany.

Berlin, Aug. 25.—(AP)—The German flight across the Atlantic, led by Gronau, had been but scantily remarked by the German press up to today. Their arrival in Greenland and Labrador was treated as a secondary news.

But today two of the morning newspaper report arrival of the fliers in Nova Scotia with front page banner lines.

All of the newspapers have refrained from editorial comment.

Man Loses Arm As Result of Wreck

Raleigh, Aug. 25.—(AP)—O. W. King, of Garner, was in Rex hospital here today recovering from severe injuries he received in an automobile accident near Garner Saturday night. Mr. King had to have his right arm amputated; it was so badly crushed in the accident.

In another week-end accident, A. T. Ellen of Raleigh, street car motorman, suffered severe wounds when he was struck by an automobile while crossing a street yesterday. Mr. Ellen suffered bad scalp wounds but is not thought to have suffered a fractured skull.

Interested in Business

New York—Professor Andrew G. Truxal of Dartmouth is inclined to agree with James W. Gerard Anent the leadership of the 64, but has regrets about concentration on materialistic things. In a sermon at the West Park Presbyterian church he said: "The youths of bygone days have striven to become philosophers, statesmen, adventurers and soldiers, and it is true that some young men do now, but the young America is chiefly interested in becoming successful business executives."

Legislator Arrested

J. H. Kirby, 23-year-old member of the Georgia house of representatives, was indicted by a grand jury on charge of holding up a finance company with toy pistol and taking \$100.

DERBY PLANES ROAR TOWARD THE WINDY CITY

Thousands Watch Arrival of Derbys in National Air Races at Chicago

Chicago, Aug. 25.—(AP)—Sultan Sneed roared "faster, faster" at the national air races today.

Pilots and planes were accelerated by the scintillating command. Everywhere it was speed and the eyes of thousands snapped around the five-mile course at the Curtiss-Reynolds airport in the finish of the Pacific derbies held on favor.

Claydon O'Donnell, who has led the "power puff" dash since it left her home airport at Long Beach, Calif., was assured of victory, barring mishap. She had an elapsed time of more than five hours over second place Mildred Morgan, Beverly Hills, Calif., at the last leg take-off from Madison, Wis., this morning.

John Blum, Seattle, led only a 20-minute elapsed time lead over Nick Mamer, the Spokane "Sun-God" pilot, at the takeoff of the men's Pacific derby in St. Paul.

The finish of both derbies was on the mid-afternoon program. The takeoff of the non-stop speed classic from Los Angeles has been tentatively set for tomorrow, dependent upon the weather man. Adverse winds, the weather man said, would probably continue until tonight.

The four speed acts in the classic are Lt. Col. Roscoe Turner, veteran trans-continental flier; Capt. William S. Brock, New York-to-Tokyo pilot; L. F. Schoenhar and Wiley Post.

Post, contest officials disclosed, expected to carry two barographs, leaving one and refueling at the finish here and taking off again for New York in an attempt to break Capt. Frank Hawks' west-east record.

Mrs. Phoebe Omile still led the women's Dixie derby at the takeoff from Memphis, her home port, today. Two other derbies finished yesterday.

J. Wesley Smith, Philadelphia airport, won the dash from Hartford, Conn., and Art Killips, La Grange, Ill., was first in the derby from Miami, Fla. The trek from Brownsville, Texas, was won by John Livingston, Aurora, Ill., Saturday.

Today was women's day, and to cap it off, Amelia Earhart, trans-Atlantic flier, was due to arrive. Several of the events this afternoon were for women pilots.

Race officials said Captain Hawks would land from New York before midnight, his speedster rigged out with trimmer wings and a faster propeller, capable, they said, of a 30-mile-an-hour speed. The plane is entered in the high-spot of the races, the Thompson trophy event on Labor day.

Age came back to triumph over the new generation of fliers yesterday. Charles S. (Casey) Jones, one of the nation's best known aviators and a veteran of barnstorming days, zoomed past the pylons at an average speed of 149.41 miles to win the 50-mile cabin plane event. Lieut. Wilson N. Newhall, of the 10th Observation Squadron, won the national guard liberty engine builder's trophy, averaging 129.75 miles for the ten laps.

Shoots Son-in-Law. Belmont, N. C.—(AP)—E. Albert Moffett, retired Charlotte merchant, who wounded his son-in-law Amos T. L. Smith, seriously in a shooting affair Saturday, has surrendered, blaming the trouble on business differences.

President Of Peru Quits And Flees To Panama As Revolt Gains In Scope

Military Cabinet Takes Charge of Situation As President Leaves; Washington Surprised At Rapid Turn of Events at the Peruvian Capital

Lima, Peru, Aug. 25.—(AP)—A new government, composed of a military junta, ruled Peru today following the resignation and departure for Panama of President Augusto B. Leguia.

When dissatisfaction grew in the country yesterday following news of a revolt at Arequipa led by Lieut. Colonel Sanchez Cerro, the former cabinet resigned and the president immediately dictated a new one.

About 1 o'clock this morning Leguia appeared at the governmental palace and began the ceremonies of swearing in the new ministry. In a dramatic interruption Colonel Leonidas Gonzales Hondemar pushed in to notify the president that a military committee had important news for him.

Leaving two ministers unsworn, the president conferred with the officers' group and was told that his new cabinet, headed by General Fernando Sarmiento, was unsatisfactory. He was asked to resign and complied.

Lima, Peru, Aug. 25.—(AP)—Augusto B. Leguia, who has ruled Peru under a virtual dictatorship for 11 years, resigned today and fled toward Panama aboard the cruiser Grau.

Leguia, a Peruvian statesman and executive, is 67 years old and for many years has been one of the stormiest figures in Peruvian politics.

He received his early education in Chile and served in the Peruvian army from 1879 to 1881. Later he entered business and became head of the Latin American department of an American insurance company. In 1903 he turned his attention to politics and five years later was elected president.

Trouble developed quickly and in May, 1909, a revolution broke out in Lima which very nearly cost him his life. The revolt was put down and he finished his term which was a rather stormy one with foreign complications. In 1913 Leguia was driven into exile and for six years was forced to remain out of his native land. In 1919 he returned to Peru and was again elected president. Claiming that he had been warned he would be prevented from taking office, he headed a revolt and seized the government by a coup d'etat.

Since then Leguia has remained in power, the constitution being amended in 1923 and again in 1927 to permit his reelection.

The president's resignation followed a revolutionary movement begun in the department of Arequipa last week.

This revolt, headed by Lieutenant Colonel Sanchez Cerro, was joined by the military forces and soon spread to other districts of southern Peru.

A new military cabinet has been sworn in with General Sarmiento named minister of war, as president of the council.

Other members are Col. Eulogio Castillo, Col. Montagne, Col. Lopez, Naval Captain Giochocha, Col. Yanez and Rear Admiral Blichel. The distribution of portfolios was not made known.

Washington, Aug. 25.—(AP)—The State Department officials today expressed surprise over the rapid turn of events in the Peruvian revolution and particularly over dispatches from Lima that President Leguia had resigned.

The department's information throughout the revolution has come almost entirely from press reports. It had no information on the latest developments.

Something They Start Young. Goldsboro, N. C.—(AP)—Charged with transporting whiskey, Herman Blackwell, 13, of Mount Olive, was sentenced to an indefinite period in the Eastern Carolina Training School.

Silver Dollar In Mouth Keeps Away Bad Luck

Winston-Salem, Aug. 25.—(AP)—For 67 years "Uncle Jim" Webster, aged Forsyth negro, has carried a silver dollar in his mouth.

The dollar, "Uncle Jim" believes, preserves his good luck intact.

Born a slave in Rockingham county, the aged negro first placed a coin against his teeth when 17 years old. He changes it at the end of each ten years.

"To keep off 'Uncle Jim' points out: 'I ain't never been sick, has I? And I'm 84.'"

TWO MEN ARE SHOT DOWN BY TRAIN BANDIT

U. S. Immigration Inspectors Slain; Bandit Fatally Wounded When Trapped

Fort Francis, Ont., Aug. 25.—(AP)—Two United States immigration inspectors were killed yesterday on a Canadian National passenger train near Emo, Ont., by a 21-year-old bandit who later was trapped in a farmhouse and mortally wounded.

The victims were Inspectors Laurence Botes, 30, customs officer for Rainier, Ont., and Inspector Lawrence Jones, inspector for Warroad, Ont. The bandit was Emerick Frenette, of Fort Francis. He died last night in an Emo hospital.

The shooting was described today by Conductor George B. Ireland of the train. He met the bandit in the vestibule between two coaches.

"I've just killed one man and if you don't do as I say, you'll be the second," the bandit told him, trying to conceal handcuffs which dangled from an arm.

"He told me," continued Ireland, "that he wanted to go to Winnipeg and ordered me into the day coach, where there were quite a few passengers sleeping. After getting me to sit a few seats away from him and facing him.

"Botes was sitting opposite as the train neared a siding. He got up and stretched when he was shot down.

"The gunman then took me to the vestibule of another coach. At this point Inspector Jones, appeared at the entrance of the coach and asked where Botes was. I couldn't speak. Then the desperado shot him."

Frenette then marched George Ireland through the train at the point of a pistol but did not molest passengers.

He forced Ireland to take him to the engineer's cab where he ordered Engineer J. R. Russell to move the train which had stopped. The brakes had been set from the rear by trainmen after passengers had given the alarm.

Frenette then ordered the engineer, brakeman and fireman out of the cab and started to rob them. He refused to take the engineer's watch, saying "I used to be a railroad man myself."

Frenette fled, pursued by police and citizen posse. He was surrounded in a farmhouse at Barwick, Ont., whose owners he had evicted. Many shots were exchanged. Frenette during the police "came in and get me." Finally the house was set on fire and Frenette was shot as he ran out. A handcuff was still on his wrist.

In the hospital he told police he had "lost both his job and his girl" and was "desperate."

He expressed regret for the killings, but said he had heard "American officers were quick to shoot."

TOBACCO FIRM IS READY FOR OPENING DAY

Farmers Warehouse Better Prepared Than Ever to Take Care of Patrons

The Farmer's Warehouse will be opened this season by Rufus Keel, Nat Young and J. G. Jentry.

This progressive firm has everything in readiness for the opening of the Greenville tobacco market September 2 and will be in better position than ever to serve their patrons.

Improvements last season added several thousand feet of floor space to the warehouse and will enable the concern to take care of the offerings of farmers from the twenty counties patronizing this market.

Each of the warehousemen are veterans in this line of business. They have seen service practically in every phase of the industry, and are in position to render the highest type of service when the season actually gets under way.

PLAN TRANS-ATLANTIC FLIGHT

Lieut. William S. MacLaren, navigator and pilot, and Mrs. Beryl Hart, co-pilot, are planning a trans-Atlantic flight by way of Bermuda and the Azores. Their plane, Tradewind, is under construction.

Several British Soldiers Slain During Encounter With Afghan Tribesmen

British Army Captain and Several Other Fighting Men Killed in Hand-to-Hand Fighting in Kurran Region of Frontier Province

Simla, India, Aug. 25.—(AP)—A British army captain was shot to death and forty-one other British and native fighting men have been slain in hand-to-hand encounters on the Bannu-Kohat road in the Kurran region of the northwest frontier province, according to an official report made public today.

Fazal Qadar, an Afghan Mullah, leader of the hostile force, was so seriously wounded that he died shortly after, eight fighting men of the British company were killed and ten injured; thirty-two Hathi Khel Wazirs were slain, fourteen were wounded and seventy taken prisoners in the most important engagement in Peshawar province in recent days.

The British forces, comprising a platoon of infantry, which the slain Britisher was accompanying, was drawn into the battle when one of the tribesmen shot down Captain Ashcroft from behind while the captain was engaged in an argument with one of the foe.

"Ashcroft was killed instantly. Seeing him fall the British force closed in upon the Afghans and a fierce conflict at close range occurred.

The government force comprising regular infantry, frontier constabulary and police, went out from Bannu yesterday morning to meet the Mullah who had spread the word that he would hold a meeting at a designated spot. The British force intended to prevent the meeting and arrest the Mullah.

The tribesmen appeared, heavily armed and bristling with fight. But the Mullah sent a message to the government force that he was prepared to surrender providing he was permitted first to march to the meeting place and then to the Bannu where he and his followers would give themselves up.

Without awaiting emissaries sent by the British to confer with the Mullah led his hostile Lashkar toward the meeting place. En route they encountered the platoon of infantry. A man in the Lashkar as-sailed Ashcroft. It was while defending himself that the Britisher fell.

Washington, Aug. 25.—(AP)—Improvement in farm conditions in five states affected by the drought was reported to President Hoover today by Secretary Hyde upon the latter's return from an automobile tour of the regions with experts of the Agriculture Department.

"I feel much better about the situation," the secretary said on leaving the White House. "While the loss is there, pastures are not permanently injured."

The agriculture secretary, with Dr. Harry N. Vinall, specialist on southern pastures in the bureau of plant industry, and John B. Sheppard, bureau of crop estimates, made a four-day trip through Virginia, West Virginia, Kentucky, Southern Indiana and Southern Ohio.

"I think probably the worst affected area in the drought stricken sections we visited was the Shenandoah Valley in Virginia," said Mr. Hyde, adding: "In a general way the loss of the corn crop is at least as great as estimated, but the hopeful thing is that the rains are bringing back the pastures."

S. C. to Stage Primary Tuesday

Columbia, S. C., Aug. 25.—(AP)—The battle of ballots to decide South Carolina's office holders will be waged tomorrow by the Democratic party in primary election. Practically every important office is at stake.

A record primary vote was forecast by political observers. The registration is the largest in the party's history. The Democratic nomination is tantamount to election.

These voters will decide the political future of Cole L. Blease, former governor and long active in the state's public life who asks renomination to the United States Senate. The junior Senator's seat is sought by former Congressman James F. Byrnes, of Spartanburg, and Leon I. Harris, of Anderson, solicitor and world war veteran.

SCORE OF NEW FACES WILL BE SEEN IN HOUSE

Fifteen Republicans and Seven Democrats to Retire From U. S. Congress

Washington, Aug. 25.—(AP)—At least twenty-six new faces will appear in the House of the seventy-second Congress as the result of voluntary and involuntary retirement of present members.

Fifteen Republicans and seven Democrats have relinquished their seats or announced their intention to do so at the end of the present Congress, while three Republicans and one Democrat have been forced out through defeat in primaries.

Of the voluntary departures, six of the majority and one of the minority were occasioned by senatorial aspirations. In all but two instances, these Representatives won Senatorial nominations.

Ruth Hanna McCormick, after serving one House term, has been nominated by Illinois Republicans for the Senate. Representatives White of Maine, Dickinson of Iowa, and Pritchard of North Carolina, also have been selected Republican Senatorial choices, in their states. Cordell Hull, of Tennessee, is the lone Democrat nominated for a place in the Senate.

Representative Fort of New Jersey and Sproul of Kansas, Republicans, were defeated, the former by Ambassador Dwight Morrow and the latter by Senator Allen.

The involuntary retirement list, which may increase in late primaries, now consists of Representatives Sears of Nebraska, Chairmen of Ohio, and Michaelson, of Illinois, Republicans, and Box of Texas, Democrat.

A desire to re-enter the business world, old age, long public service and purely personal matters have been given as reasons for the voluntary retirements.

Major Charles Manly Stedman, the only Civil War veteran remaining in the House, will go "home for a rest" next March, concluding twenty years as a Democratic Representative from North Carolina at the age of 90.

Pearl Peden Oldfield, of Arkansas, one of the three women Democrats in the House, wishes to leave her office next March.

Rough Handling of Doctor Probed

Farm Board Head Visits President Following Return From Drought Sections

Asheville, Aug. 25.—(AP)—A charge that Dr. Farrar Parker, prominent Asheville physician, was roughly handled by Patrolman Brock Cook and Special Officer Sam Bennett when he was stopped by the policemen early Sunday morning was under close investigation by Commissioner C. H. Bartlett, of the Department of Public Safety, here today.

Commissioner Bartlett instructed Chief of Police W. R. Messer to make a complete investigation of the incident and report to the commissioner in writing for action in the case.

Store Manager Shoots Self to Hide Robbery

Body of Slain Man Reaches Asheville

Statesville, Aug. 25.—(AP)—Theodore G. Joyce, Statesville department store manager, today was recovering from a bullet wound in the leg which police charge was self-inflicted in an effort to hide the robbery of \$700 from the store where he was in charge.

Joyce was found by officers yesterday on the floor of the store. He said he had been held up and shot and that his assailant robbed the store.

Investigation, officers said, disclosed a gun of the same calibre as the one with which Joyce was wounded in the ashes of the store's stove. Police said it was identified as belonging to Joyce's father.

Joyce was placed under arrest for trial in mayor's court here September 8. His \$1,000 bond was signed by officials of the store where he was manager.

A Mean Trick

Thomasville, (AP)—Someone played a low trick on several thousand chimney swifts. When they poured down the chimney of the Main Street Methodist church, a nocturnal prowler sealed up the top. Members of the congregation freed them late in the afternoon.

Held For Murder

Mt. Airy, N. C.—(AP)—A quarrel last fall came to life again, and today Curtis Easter, 39, is dead of a bullet wound and Virgil Woods, 33, of Cama, Va., is in jail in Virginia. The shooting occurred just over the Virginia line.

Social and Personal

J. J. Gilbert has returned from Oxford, where he has been attending a Masonic meeting.

Miss Lois Johnson, of Thomasville, is the guest of Miss Lelia and Elizabeth Higgs.

Miss Bonnie Brunson, of Charlotte, is the guest of Miss Peggy Johnson.

Mr. and Mrs. J. E. Collins returned yesterday from Creswell, where they have been visiting Mrs. Collins' parents.

Mr. and Mrs. H. C. Sugg have returned from Charlotte.

Herbert Elks has returned from Hazlehurst, Ga.

W. M. Moore has returned from Wrightsville Beach and Goldsboro.

W. T. Lipscomb has returned from Nashville, Ga., where he has been on the tobacco market.

Miss Dorothy Willard and Miss Sybil Clark are visiting Miss Gretchen Parrish in Danville, Va.

Mr. and Mrs. J. D. Rogers, Jr., have returned from Cairo, Ga., where Mr. Rogers has been on the tobacco market.

Mrs. H. A. Bost and Miss Mary Wall Bost are visiting relatives in Hillsboro.

Miss Elizabeth Bost, of New York, who is being visited by her parents, Mr. and Mrs. H. A. Bost, left Saturday morning for Greensboro and Hillsboro.

Mrs. F. R. Elmore, of Rocky Mount, is the guest of her sister, Mrs. D. L. Hardee.

Mrs. Bruce Williams and little daughter, of Winston-Salem, are the guests of her parents, Dr. and Mrs. Joseph Dixon.

Mr. and Mrs. Ernest L. Willard, Misses Ruth and Edith Willard and Ernest Willard, Jr., spent yesterday in Durham.

Mr. and Mrs. M. K. Fort and little daughter, Ellen, are spending some time with Mrs. Fort's mother, Mrs. J. Warren Moore, in York, S. C.

Miss Blanche Rountree, of Zanesville, Ohio, is visiting at the home of her parents, Mr. and Mrs. L. H. Rountree of this city.

Bill Rountree spent yesterday in Richmond, Va.

Mrs. Charlie Harris has returned from Rocky Mount, where she has been visiting her sister, Mrs. Roy Faithful.

DR. LAUGHINGHOUSE IN HIGH POINT HOSPITAL

Friends of Dr. Charles O'H. Laughinghouse will regret to learn that he is in a High Point hospital for treatment.

Reports received by relatives here state that he is getting along nicely.

REVIVAL MEETING AT RED OAK CHURCH

The revival meeting which has been in progress this past week at Red Oak church will come to a close either Wednesday or Thursday night of this week. Rev. R. J. Bamber, who has been conducting the meeting, has been drafted along with two other new men in Virginia to work with the Pension Board, and since his duties commence the first of next month, it will be impossible for him to remain in our community longer than Thursday at least. So, if you have not attended the meeting thus far, come these last few nights and you are sure to receive a blessing if you come in the right spirit.

We have had the best cooperation from our friends in Greenville that we have ever had in a meeting before, but this is not strange, as Brother Bamber made many warm and steadfast friends in that city while he was pastor of the Christian church there. Some of them have even gone so far as to bring lovely baskets of flowers for the church, and I am sure that I voice the sentiments of the church members when I say that we truly appreciate that and all other interest that the Greenville people have shown.

The Red Oak Home Demonstration club will please take notice that you and your husbands are requested to meet at the club house as soon Wednesday morning, Aug. 27, as you can. We are going to finish up our club house. Be on hand for there is work for all to do. Bring your paint brush, trowels, hammers, yard rakes, etc., and last but not least, bring enough dinner for your family. This will be about the last time this year that we will have the pleasure of spending the day together, so be on hand good and early.

We are so sorry to have to announce that Mr. W. T. Allen is still very ill at his home. We have missed "Buck" from our services and we sincerely wish him a speedy recovery.

Mr. and Mrs. J. F. Pollard and Miss Irma Pollard went to Bethel last Sunday afternoon.

Mr. and Mrs. Hymn Causey, of Craven county, visited Mrs. R. S. Ellen last Thursday night.

Friends will be glad to know that Mrs. Billy May has improved from a recent illness.

Let the Children Ride on the HOBBY HORSES For White People Only Every Tuesday, Wednesday, Thursday and Friday from 2 to 6 p. m. Located on ALBERMARLE AVENUE

ATTENDING AMERICAN LEGION AND AUXILIARY CONVENTION IN WINSTON

Mrs. K. B. Pace, Mrs. L. H. Bowlfig, Mrs. C. A. Bowen and Miss Estelle Greene, of the Auxiliary of the American Legion; D. C. Moore, Jr., J. S. Elliott, Dr. A. M. Schultz, C. W. Williams, Walter Cherry, J. B. Kittrell, P. L. Goodson, D. L. Hardee, Greenville; C. C. Martin, Ayden, and Vance Bunting, Bethel, of the Pitt County Post of the American Legion, are in Winston-Salem attending the state convention of the America Legion and American Legion Auxiliary.

Pocahontas to Meet. The Degree of Pocahontas will meet Tuesday evening at the regular hall at 8 o'clock. All members are urged to be present.

Birth Announcement. Mr. and Mrs. Roy Faithful, of Rocky Mount, announce the birth of a daughter, Frances Olivia, on Friday, August 15, 1930.

People Urged to "Stay At Home" During Winter. In order to lessen the southward rush of unemployed transients during the coming fall and winter, the Salvation Army is issuing a warning in all cities and towns where it operates for these people "to stay at home."

The movement is instigated by Commissioner Alexander M. Damon, who is in charge of the southern territory, with headquarters at Atlanta, Ga., and by securing the cooperation of the other American territories, it will become a national affair.

The Salvation Army is operating in about three thousand cities and towns in the United States, and in each of these an effort will be made through the local authorities, the newspapers and in other ways, to induce the victims of the winter wanderlust to stay at home.

It is believed that this will materially lessen the burden which is piled every year upon the charity organizations of the cities and of the south.

To escape the rigors of severe winter, a great number of people come south each year, and none feels the burden of keeping these people and returning them to their home more than the Salvation Army, which in most communities is in direct contact with the transient problem.

Flames Destroy Stables In Ayden. Wingate's Stables, a one-story wooden structure in the Ayden business district, was destroyed by fire Saturday night, according to information reaching Greenville today. The damage was roughly estimated at several thousands of dollars.

The flames at one time so seriously menaced the business district that a call for assistance was sent in to the Greenville fire department. The fire had been brought under control, however, by the time the department arrived.

Farm Hand Kidnaps Girl In Indiana; Sought By Posses. Valparaiso, Ind., Aug. 25.—(AP)—Hundreds of grim, determined men thrashed through the Kankakee river bottoms today looking for a farm hand and the ten-year-old girl he kidnapped, hoping to find her alive, but fearing to find her dead.

The girl, Betty Jane Foster, was abducted from her farm home Saturday night by Claude Dillner, 27, who formerly worked for the girl's parents, in which he said he was in love with the child, but would kill her if the police were notified.

Neighbors, friends and police of six counties joined in a search which was divided into twelve posses. No word of the two had been received until last night when a report was received that an automobile containing a man and a girl had been seen on a little used road in the river bottoms and that the man had driven to one side in an apparent effort to avoid being seen.

All of the posses were immediately headed for the swamp land and today were closing in from all sides on the district from which the report came.

ELECTRIC COOKERY IS SAFE! When the switch is turned nothing can happen—but heat. There are no gases or flames to endanger the household.

Black Jack Woman Badly Burned When Oil Can Explodes

Mrs. Sam Boyd, of the Black Jack community, suffered severe burns when an oil can exploded in her hands yesterday afternoon.

Mrs. Boyd was building a fire preparatory to cooking supper when a spark ignited the oil which she was pouring into the stove and caused the can to explode.

She was painfully burned about the face, arms and upper part of the body, but the attending physician did not think that the injuries would prove of a serious nature.

Funeral Services for Mrs. Casey Held Here Sunday. Final rites for Mrs. W. W. Casey were conducted from her late home at the Vine House Sunday morning at 11 o'clock by Rev. E. L. Hillman, pastor of Jarvis Memorial Methodist church. Interment was made in the cemetery at Hertford.

Mrs. Casey died Thursday night following an operation Wednesday afternoon. She had been ill only a short time and her death came as a profound shock to the community. She was 53 years of age, and a native of Hertford. She had been living in Greenville the past nine years.

The funeral was largely attended both here and at Hertford and a large floral tribute attested in a mute way the high esteem in which she was held.

Forest Fire Loss Heavy In State. Raleigh, Aug. 25.—(AP)—North Carolina forest fighters during the spring and summer this year have faced the most serious problems in control of the "red demon" in 14 years, Charles H. Flory, assistant state forester, said today.

During the six months, January 1 to June 30 this year, there were 2,784 forest fires which burned an area of 227,577 acres in the 44 counties providing for fire protection. The total damage was \$86,628.

The number of fires this year for six months was almost twice as large as the 1,399 fires in the first half of 1926 and three times as many as the 830 in the first six months of 1927.

Despite the fact, however, that there were almost twice as many fires in 1930 for the period as in 1926 the loss this year was less than half. The 1926 damage was \$817,983 and this year \$86,628.

Also, Mr. Flory said, in 1926 there were 2,460,000 fewer acres under forest fire protection than the 10,067,763 acres now watched. This year the average fire was held to 83 acres, in 1926 each fire averaged covering slightly more than 200 acres.

The cost of fire fighting this year has been the largest in the history of the department, \$25,269 having been spent, or an average of \$9 to suppress each fire.

Building Wrecked By Blast. Washington, Aug. 25.—(AP)—A building was wrecked and many injured late last night in an explosion at the Southern Oxygen Company plant in South Washington, Va. The hurt employee, J. Boyd Herndon, 26, was badly burned and may lose his eyesight.

WHAT EVERY WOMAN WANTS TO KNOW. The house is the housewife's problem. The Kitchen, the Table, the Living-Room. Entertaining of Guests and how to make your home look even more attractive are problems handled by the masters of their art in the Sunday World's Women's Section. Textile Plants Resume Work At Bessemer City

Bessemer City, Aug. 25.—(AP)—The two plants of the American Mills here whose 700 employees walked out last Monday in a wage cut resumed operations today with a partial force. Employees who could be reached at the mill offices professed not to know how many operatives returned to their jobs, but admitted all did not.

An agreement for ending the strike was reached Saturday. The strikers receded from a demand for a reduction in rent on houses owned by the firm.

Last night a mass meeting of the strikers was held to consider a report that the mill management had "black-listed" certain employees and would not re-employ them. R. C. Gregory, strike-leader, said the workers voted unanimously to continue the strike.

Gregory said "about half" the strikers returned to work today, but asserted they did so through a "misunderstanding."

"We will get them out again," he said.

Gregory said the new grievance of the workers was the refusal of the mill to permit Marvin Hood, Mrs. Hood and John Brown, strikers, to return to work.

DEAR FOLKS—Realizing the tobacco season is here again, and that the tobacco market is the life blood of Greenville, we wish to extend a hearty welcome to the people who make this market.

A person's health and happiness depends upon the food which he consumes and we are very anxious to get in touch with those desiring a good place to eat. In the past you have given us the pleasure of serving you, and we are pleased to state that we are better equipped than ever before to take care of a large crowd. We also have the best cook obtainable in this section; hence we know that our cooking and service cannot be excelled.

Our prices are in the reach of everyone. Meals 35c and 50c weekly rates cheaper than you can feed yourself. Meal tickets to suit the folks that desire to eat irregular.

Sunday dinners, the most wonderful chicken meals—50 cents. Thanking you for your patronage and kindness, and wishing you a very successful and prosperous tobacco season, we are, Mr. and Mrs. Parkerson at MRS. PARKERSON'S DINING ROOM Dickinson Ave., Greenville, N. C.

LOCAL GUARDS RETURN FROM ENCAMPMENT

Greenville Artillery Unit Highly Praised for Work at Fort Bragg. Members of the Greenville unit of the North Carolina National Guards, who have been in annual encampment at Fort Bragg the last fifteen days, returned to Greenville yesterday afternoon in splendid physical condition. In addition to receiving training on the field the boys also won praise of the officers of the 113th field artillery for the excellent work they did while in training.

Speaking of the encampment this morning, Mayor J. C. Lanier, captain of the unit, said his boys did not receive a single criticism during their entire stay at Fort Bragg. He said that they won words of praise from Colonel Joyner, of the 113th Field Artillery for their activities on the rifle range. Col. Joyner is said to have declared the firing of the First Battalion, of which the Greenville unit was a member, the finest he ever saw.

Captain Lanier said the youngsters underwent daily inspection in every department, and that they always passed a high rating. He described the conduct of his men as praiseworthy.

The company went to camp this year with 65 men—full strength—and this enabled them to get by much better than they would have had membership been below normal. The majority of the boys had seen considerable training, and especially during the days prior to leaving for Fort Bragg when they underwent daily drills in preparation for the

fifteen day test ahead of them. Captain Lanier expressed appreciation of the words of commendation from his superior officers, and thought this would be instrumental in causing the members of his company to strive for greater things in the future, both in the military and athletic field.

How Does He Do It? London—A man drawing 8.25 shillings weekly dole money from the government under an unemployment benefit has applied for a money lenders' license and received it.

Genoa Paper Wins. Genoa, Italy—The will of Serafino Almondo, who was a citizen of Genoa, provides an annual award to a newspaper of Rome or Genoa for the best article regarding children and animals, "dependent creature of God." The Genoa Lavoro is the first winner. Its prize article urged journalism to refrain from accounts of arrests and trials of minors, whether guilty or innocent.

Not a Rooster Fight—Rutherfordton, N. C.—(AP)—James Moore, 16, shot his father, Charles Moore, 38, through the arm as a result of what is said to be a family quarrel over chickens.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Aug. 25.—(AP)—Cotton opened steady today at a decline of 1/16 to 1/8 points on reports of rains in Texas over the week-end and relatively heavy Liverpool cables.

There appeared to be very little southern selling here, however, while offerings were otherwise light. This was again accompanied by reports that the south was holding cotton and private wires said that the basis in the southwest was 25 points higher on Saturday. New December contracts, after easing off to 11.00 under the initial pressure, rallied to 11.10 with the general market working up 5 to 10 points from the lowest by the end of the first half hour.

Prospects for additional rains in the southwest, however, brought in some selling on the bulges. Liverpool cables said there had been hedging, liquidation in that market on the bearish ginning figures and poor off-take.

GRAIN MARKET

Chicago, Aug. 25.—(AP)—An 8-25,000 bushel increase of the United States wheat visible supply accompanied lower prices today for wheat. The increase brings the total up to 182,275,000 bushels against 176,227,000 bushels a year ago. Good rains in Kansas favorable for fall plowing tended also to ease wheat values down and to offset fresh reports that nearly all states are showing use of wheat as feed to an extent beyond anything heretofore expected.

Wheat closed unsettled, 1-4 to 3-4 lower than Saturday's finish; corn closed unchanged to 3-4 down; oats unchanged to 3-8 off, and provisions varying from 5 decline to a rise of 7.

STOCK MARKET

New York, Aug. 25.—(AP)—The modest bull movement in stock prices was resumed at the start of the new week in the stock market today, only to slip up in a selling movement in the petroleum shares. After an advance of 1 to 4 points in a score of prominent shares during the first hour of trading, weakness of the rails unsettled the entire list, and by early afternoon, the early advance had been cancelled. A sharp break in Vanadium, a recent pool favorite, was a contributory factor in the reaction. Pivotal stocks were well supported, however, within a point or so from last week's final levels.

Losses in the oils were mostly limited to about a point but Skelly, Shell Union, Prairie Pipeline, and Rio Grande reached new lows, and Sinclair sold around the year's minimum. Vanadium tumbled more than 5 points, and shares losing a point or two included American Can, Consolidated Gas, Paramount, Goodyear and Johns Manville. During the early rise, Air Reduction, Byers, Eastman, Autostrop, New York Central, Union Pacific and Case all sold up 3 to 4. Trading was still light and largely represented transactions between floor traders.

Weakness of Vanadium followed publication of an analysis indicating reduced earnings for the last half of the year. A large portion of the first half net of \$3.30 a share came from security transactions although the statement did not segregate the amount.

News coming to hand over the week-end was meagre, but had its bright spots. The demand for steel and steel products was reported a little more active at Youngstown and Chicago, although trade reports from Pittsburgh were scarcely cheerful. Trade reports from Chicago also indicate some improvement in wholesale and retail buying in the middle west.

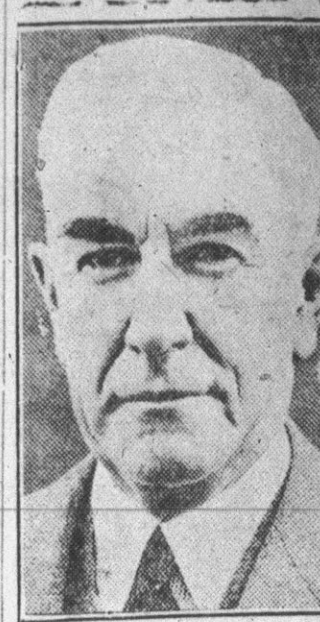

In Wall street banking circles, however, there is a tendency to look for only gradual recovery in business, a tendency which restrains investors from buying stocks on advances. The Guaranty Trust Co. in its monthly survey, published today, says that although business sentiment in some quarters has

A More Beautiful and Efficient Residence Heater

The Universal Circulator, with its beautifully blended walnut porcelain finish and gracefully designed cabinet, is a distinctive article of furniture, as well as an amazingly efficient heating unit.

Built like a furnace, utilizing the natural laws of warm air circulation, it gives all the comforts of a basement heating plant at less than half the cost.

It heats the entire house evenly and thoroughly—there are no hot or cold spots—the warm, purified air circulates to every nook and corner, and makes the entire house comfortably warm even in the most severe winter weather.

The Universal burns hard or soft coal, coke, wood or coals with equal efficiency and economy.

Universal Circulators are finished in beautiful two-tone Walnut Porcelain

"THE LIVE FURNITURE DEALERS"

CURRIN'S MARKET REPORT

Greenville Tobacco Market opens Tuesday, September 2nd, with CURRIN'S WAREHOUSE having 1st Sale.

I am taking this opportunity to announce to the tobacco growers of Eastern Carolina that I have leased Johnston's Warehouse in Greenville and will operate it the coming season as

CURRIN'S WAREHOUSE

This warehouse is generally known as one of the most conveniently arranged and Best Lighted warehouses in the state.

I have been in the tobacco business in Eastern Carolina, both as a Buyer and Warehouseman for the past 29 years, and with my knowledge and long experience in the tobacco business I feel safe in saying that no Warehouseman in Eastern Carolina is better qualified to protect the sale of your tobacco.

I have employed, as Auctioneer, Mr. W. S. Dunn, who has been on the Greenville market for the past three years and is regarded as being one of the best Auctioneers in the business.

I have employed the best force for every position that could be obtained. No warehouse will excell CURRIN'S WAREHOUSE in quality of service rendered or prices paid for every grade of tobacco. I earnestly solicit your patronage.
