RED ARMIES ADVANCE ON TWO CITIES

Thousands of Inhabitants Flee in Terror From Changsha and Wuchang

Shanghai, Aug. 29.—(AP)—Red armies marched toward Changsha and Wuchang today causing thousands of Chinese inhabitants of both cities to flee in terror.

Radio dispatches from Changsha said the Communists were entering upon the Hunan province capital, which was sacked and partially destroyed by Reds a month ago.

The provincial garrisons of 8,000 showed a tendency to evacuate the city, leaving it to be overrun by despoiling Reds.

The United States gunboat Palos stood by in the Ssang river, ready to take aboard the few remaining Americans in the city.

The main body of Communists, encamped east of the city, numbered 10,000 and was being increased by bands continually arriving.

Military defense plans included a wire fence strung about Changsha, reputedly to carry a deadly electric current. Foreigners considered the plan of little value.

The morale of defending troops was extremely low. Unpaid and accusing Governor Ho-chien of not taking proper measures against the Red devastation of the city last month, the troops expelled the governor a few days ago. Without the proper leadership, they feared Red revenge for the execution of hundreds of Communists following the July Red assassination and looting.

Scores of commandeered boats were in the river to bear provincial troops away if the Red attack proved too strong.

Three thousand Chinese refugees from Changsha reached Hankow today and more were coming.

Thousands of others fled from Hankow, across the Yangtze river to Chungking. Red forces were reported preparing to attack the city of a half million population.

Europe Scorched By Intense Heat; Twenty-Nine Dead

London, Aug. 29.—(AP)—About one million square miles of Europe—from Scandinavia to the Mediterranean, and from the British Isles indefinitely eastward—were scorched today in a heat wave which in Britain alone has taken 29 lives in two days.

While the thermometers of England, northern, central, and western Europe registered a maximum temperature of about 94, further south temperatures of as high as 120 Fahrenheit were reported.

Residents of the larger cities were severely tried by the excessive heat, and workers in the industrial centers were among the chief sufferers.

Several steel mills in South Wales closed temporarily yesterday when the men declared they were unable to endure the intense heat near the furnaces. A number of men in the plate works of the same area collapsed. The heat also overcame many workers in the textile factories of other parts of England.

Perhaps the least troubled people in England are visiting Americans who are escaping the change from the gray cold of earlier in August.

The chief lament of Americans is the difficulty in getting ice-water melons and other warm weather delicacies. Otherwise they are pretty comfortable, and agree with the explorer, Vilhjalmur Stefansson, who broadcast in London last evening, that the heat wave here is not nearly so severe as the heat wave experienced recently in the United States.

Nash County Man Kills His Brother

Rocky Mount, Aug. 29.—(AP)—Will Long, 28, Nash county farmer, shot his brother, John Long, 31, to death last night to protect his wife, he said, from the man's drunken fury.

Sheriff J. H. Griffin, told by 25 eye-witnesses that Will Long shot in defense of his life and that of his wife, said no inquest would be held.

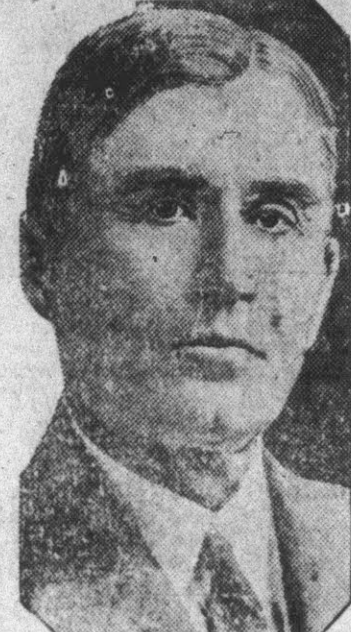

The witnesses said John Long, escaped convict from Greenville county, drew a gun on his brother's wife. The two men fought for the possession of the weapon, and John Long was slain.

TAKE STEP TO GET CANNING FACTORY HERE

White Interests Maryland Packers In Possibilities of This Community

J. J. White has returned from Washington, D. C., and the eastern shore of Maryland where he conferred with officials of the United States Chamber of Commerce and the National Tri-State Packers' Assn., in the interest of the establishment of a canning factory in this community.

While on the eastern shore, Mr. White visited several of the big canning factories and reported that he was greatly impressed with conditions in the communities where the plants operated. He stated that the officials displayed certain interest in the establishment of a plant in this territory, and following certain data to be furnished from this end a personal investigation by officials of one of the large canning companies will probably be made here at an early date.

Mr. White expressed opinion that possibilities were unlimited in this section for the establishment of a canning factory, and is using his every influence to create interest in this connection. The community produces a surplus of products each year, which if handled through a canning factory, would be instrumental in returning considerable revenue. It would also have a tendency of opening up a new means of employment of labor here, and also aid in the creation of a year-around payroll.

Mr. White's visit to the great canning center was in the interest of several local business men, who realizing the possibilities of this new form of industry, are doing everything possible to bring about the erection of a factory here.

Hoover Pictured As Keeper of Promises

Washington, Aug. 29.—(AP)—President Hoover was pictured today by the Republican National Committee as a keeper of party promises whose record has been equalled by few recent administrations.

A statement issued by the Republican headquarters contained a summary of administration accomplishments, listed in a column opposite the promises of the Republican platform adopted at Kansas City in 1928.

Among the promises listed as kept were the \$160,000,000 cut in income taxes; revision of the tariff to aid agriculture, with emphasis on the flexible provisions of the tariff act; creation of the farm board; improvement of inland waterways and added federal contributions to highway construction.

The committee statement stressed also the transfer of the prohibition bureau to the justice department; reorganization of district attorneys' offices and tightening of Canadian liquor export regulations. The statement credited the President with leading in arousing the country against lawlessness.

APPROVE PLAN TO PLANT MORE TREES IN CITY

The campaign to foster interest in the planting and preservation of trees in this city received the hearty endorsement of members of the Merchants Association last night.

The merchants not only endorsed the campaign but pledged their efforts with those of other civic and business organizations to do everything possible to provide the city with more trees.

The campaign had its inception at the regular weekly meeting of the Greenville Rotary Club Monday night. Speakers, setting forth the need of more trees and the preservation of existing trees as an effort to beautify the city, urged that some action be taken to interest the general public in the proposition.

A committee from the club was appointed to confer with other organizations of the city, and a campaign will be launched to bring about an improvement in the tree situation.

WHITLEY CASE IS CONTINUED TO NEXT COURT

Man Charged With Killing Paul Forbes Not Physically Able to Stand Trial Now

The case of Jodie Whitley, of Penny Hill, Pitt county, charged with the killing of Paul Forbes, of the same section, has been continued until the next term of Pitt County Superior court. Hearing was deferred in the case when attorneys for the defendant declared Whitley was not physically able to undergo trial at this time, and Judge W. L. Small, agreed to let the action go over until the next session.

In connection with effort of attorneys to bring about Whitley's release, Judge Small also agreed to permit his release under justified bond of \$2,500. Whitley was still in jail today and an effort to raise bond had so far proved futile.

Forbes came to his death several weeks ago as result of a shot fired from a gun in the hands of Whitley. The shooting was said to have resulted from a disagreement between Whitley and Forbes at the latter's tobacco barn.

Whitley was alleged to have struck Forbes' daughter, and the father threw a hammer and hit Whitley. Said to have been infuriated by the incident, Whitley went to his home, procured a gun and posted himself under a tree near the Forbes home and waited for Forbes to come out.

When Forbes made his appearance, Whitley was alleged to have fired at him, one shot taking effect in the eye. Forbes died sometime later, but it was not thought that the injury was serious enough to have caused his death and an autopsy was performed under the direction of Coroner E. S. Williams.

The head was cut open and it was discovered that a shot had lodged in the head causing a hemorrhage of the brain. The coroner's jury returned a verdict that Forbes came to his death from a gun in the hands of Whitley and ordered that Whitley be held without bond.

Whitley, who had disappeared, surrendered to the sheriff a few days later and since that time has been held in jail here without bond.

Grand Jury Recommends Better Medical Service At Pitt County Jail

In Report to Judge Small, Jury Declares That Some Prisoners Are Not Getting Necessary Medical Attention; Discourage Any New Road Building

With exception of the county jail all other institutions and departments of the county were found to be in good condition by the new six-month grand jury in the investigation made during the present term of criminal court.

The report submitted to Judge Walter Small, of Elizabeth City, who is presiding over the court, the jury declared that the jail was found to be in good condition with exception that some of the prisoners were not getting the necessary medical attention. It was recommended that the matter be taken up with the proper authorities with a view of improving the situation.

Regarding investigation of the county roads, the jury recommended that convict labor be used for the purpose of keeping up the old roads as much as practical. Belief was also expressed that no new roads should be started at this time, although no reason was produced regarding the suggestion. The report was submitted under the signature of J. J. Elks, foreman. The report in its entirety follows: North Carolina—Pitt County; In Superior Court, August Term, 1930.

To the Honorable W. H. Small, Judge Presiding:

Your grand jury for this term submits the following report:

We have carefully considered and acted upon all bills submitted to us which have been made, and made due returns on same.

We have visited the several public offices of the county, Clerk of Superior Court, Register of Deeds, Superintendent of Education, Treasurer, Sheriff, Welfare, County Farm Agent, Auditor, and Tax Supervisor.

In each of them we find the affairs of the county are being well cared for, and efficiently managed. We have visited the following named county institutions, and report thereon as follows:

The jail was found to be in good condition, well cared for, with the exception that some of the prisoners are not getting the medical attention they should have. We would suggest that the proper authorities investigate same. The county road camp is in very good condition, the prisoners well cared for. We would recommend that the convict labor be used for the purpose of keeping up the old roads as much as practical. We don't think that new roads should be started at this time. The county home, under the management of Mr. Corbett, was found to be in good condition. The inmates seemed to be well cared for and contented.

We commend the presiding judge for the manner in which he conducts his courts and express our appreciation to him, the solicitor, and all other officers for their courtesies to this grand jury. Respectfully submitted this Aug. 23, 1930.

J. A. Lang Buried At Lang's X-Roads

Funeral services for J. A. Lang, 71, native of Pitt county, who died at his home in Hickory, Tuesday night, were conducted at the family burying ground at Lang's Cross Roads yesterday afternoon at 5 o'clock.

Rev. J. E. Tandy, pastor of the Farmville Christian church, officiated, assisted by Rev. Joyner. The services were in charge of the Mazonie Lodge No. 284 of Greenville.

A large crowd from different parts of the state attended and an extensive floral tribute attested the high esteem in which the deceased was held.

Although Mr. Lang had been in declining health for two years, his death came unexpectedly and proved a severe shock to his many friends in this section. He was born at Lang's Cross Roads and lived in Farmville and Greenville before moving to Hickory about ten years ago.

Several deeds of transfer have been filed for registration in the office of the register of deeds during the month:

J. R. Bullock and wife to J. S. Hathaway, 82 acres, \$10.00.

W. C. Lewis and wife to W. H. Highsmith, 2 lots, \$500.00.

B. C. Gardner and wife to L. M. Earnest, 1 lot, \$1,225.00.

E. L. Mayo and wife to M. O. Blount, 1 lot, \$500.00.

Wm. F. Stokes, Tr., to W. G. Stokes, 210 acres, \$5,000.00.

S. C. Ives, Tr., to W. C. Lewis, 34.75 acres, \$60.00.

Lee Crawford and wife to M. D. Crawford, 75 acres, \$10.00.

J. H. Paylor, Mgr., to Alice F. Paylor, 1 lot, \$300.00.

R. C. Flanagan et als to Everlene Smith, 1 lot, \$300.00.

Heber Stokes and wife to W. Z. Loftin, 100 acres, \$1.00.

A. B. Corey Tr., to W. Z. Loftin, 103 acres, \$340.00.

COLORED EDUCATOR PAYS TRIBUTE TO DR. C. O. H. LAUGHINGHOUSE HERE

A "gem of purest ray serene" was the late "friend of man," Dr. C. O. H. Laughinghouse, a lover of home and home folks—ever ready to help some one, and point the way to a cleaner realization of the things that will make the world better.

His general attitude to the negro citizens of this section marked him as a tender-hearted, sympathetic friend.

His earnest effort to improve the health conditions of our present is fresh in the minds of all. The

"Rosenwald-Laughinghouse" blood test, clinic conducted in Pitt county is the crowning act in behalf of our people. The floral offering of negro citizens of the county is but a small expression of the great love of this people for this friend of man.

All grades and shades of men found him an inspiring soul, broad and Catholic of spirit. It is to this type of manhood that the older negroes owe their high ideals.

The old South gave something of refinement and culture to men and women of their day, and as the light of a life goes out of this side there is naught but sadness for the man lower down. Deep and abounding gratitude is the possession of Greenville negroes for all friends such as he was. North Carolina is poorer today than she was.

NEGRO FREED ON MANSLAUGHTER CASE

Tarboro, Aug. 29.—(AP)—Manslaughter charged lodged against Edward Eason, Edgecombe county farmer, as a result of the death of Tedmond Atkinson, negro, were dismissed at a preliminary hearing today.

Atkinson was killed when his wagon was struck by Eason's truck last May. Witnesses testified the accident was unavoidable.

Former college man held for larceny.

Raleigh, Aug. 29.—(AP)—P. G. Dellinger, former N. C. State College student who now lives in Charlotte, was today bound over to

Wake Superior court under \$1,000 bond by Judge Wiley Barnes of city court on a charge of store-breaking and larceny.

Probable cause was found against Dellinger on a charge of robbing the Lewis Sporting Goods Company here of about \$500 worth of merchandise Nov. 11, 1929.

In the Democratic primary 3,667 votes were cast in the gubernatorial race and 3,125 for United States Senator.

WISE ACTION.

The action of the State Supreme Court in setting aside the requests for restraining orders brought against Pitt County no doubt meets with general approval in our county. As before stated in these columns, we could see no good that could come from the litigation, while on the other hand, the delay it caused in the settlement by the county of its current bills and obligations was proving costly to the county as well as embarrassing to the commissioners and probably injuring the future credit of the county. In view of these facts we are glad that the Supreme Court saw fit to move up the hearing of the matter in order that the litigation might be set aside before further harm could be done by it.

GREENVILLE MAY GET CANNING FACTORY

Announcement of the possibility of a canning factory for Greenville is good news and should prove interesting to all the people in our county. In addition to furnishing employment to our labor at a season that is now our dead season, a canning factory offers an outlet for the produce of our farmers. The possibilities for such an industry in our county are most promising, and it is to be hoped that the efforts to attract the packers to this territory will prove successful. Canneries and the kindred institutions, creameries and cold storage plants mean better business in any community.

ABOUT TOWN

Correct weight is of serious consideration to everybody and merchants in this section of the state should do everything possible to keep their scales in proper condition all the time. This is just as essential to the man selling goods as it is to the person buying them, and it is important that correct weight be given all the time so that neither will be cheated. Examination of scales is now under way in this section by representatives of the state department of weights and measures, and all scales approved are being so marked that the customers may at once tell whether he is getting correct weight. The merchant should make an effort to co-operate with the inspectors and in this way aid in the movement to insure correct weight at all times.

Help keep the business section clear of automobiles during the opening days of the tobacco market by leaving your automobiles at home or parking them around on side streets. This request was made several days ago by members of the Merchants Association and it is being impressed upon the people who make a habit of carrying their cars up town every day and leaving

them parked in one place for hours at the time.
The one-hour parking law is not stringently enforced during the summer months, but beginning this week officers will check the business district every hour of the day to catch those who leave their cars parked over the one hour period. Every inch of parking space possible will be needed to accommodate the visitors who will come here when the tobacco market opens and it is hoped the business people will leave their cars at home that day, or park them around on the side streets to help relieve the traffic congestion.

People who have houses and rooms for rent should not fail to let the public know about them during the next few days. There is always a great demand for accommodations of this kind at this season of the year by reason of the influx of tobacco men from Georgia and South Carolina markets who will remain here while the local tobacco season is in progress. Greenville is probably better able to take care of the visitors this year than ever before by reason of the erection of many new homes in various parts of the city. The housing situation has been improving the last several years, but it is possible that the condition is better at this time than ever before, although apartments and rooms close in are still at a premium. If you have any rooms to rent, get busy at once and let the people know about it. You may tell two or three people, but there is nothing that gets results better than advertising in the columns of the Daily Reflector.

The big business men of the country have their eyes on North Carolina, and they will probably invest more in this state than any other state of the south during the next several years. Pitt county as one of the most progressive parts of the state, should make a bid for the attention of the big business interests. In other words, our business men should begin talking about the resources and possibilities of this immediate section, and let the outside world know what we have to offer.

The county is in need of optimistic men with a vision of the future and faith in the possibilities of the county. They should compare the advantages of the county to other sections, and in this way show how the rich agricultural region stacks up against territories where this form of industry plays only an unimportant part. This community has numbers of strong talking points, if the other part of the world only knew them like the people at home do there could be no question about the prosperity of the future. Think the situation over and become one of those kind of boosters who never tire of telling the good points about their home towns.

This is the season of the year when big news is in the air and the person who is not a subscriber to a daily paper cannot hope to keep tab on world affairs like the man who is. The Reflector offers splendid service in this connection with its leased wire, operating at the rate of sixty words a minute, eight hours to the day. It keeps its readers correctly informed regarding all of the big issues of the day. If you are not a subscriber why not send in your subscription today and be in position to receive complete accounts of the latest developments during the fall and winter months?

LITTLE GIRL ASSAULTED, THEN KILLED

Eight Year-Old Child Victim of Criminal Attack at South Bend, Indiana

South Bend, Ind., Aug. 29.—(AP)—Attacked and then killed after being held prisoner for more than 24 hours, Marverine Appel, 8, was found dead in an alley two blocks from her home late last night. Baling wire had been wound tightly around the girl's neck, and a deep gash had been made on the left side of the head. Deputy Coroner William K. Mikesch, of St. Joseph county, whose examination revealed that the child had been assaulted, said she had been dead about an hour and a half when found.

Police sought a man who yesterday was reported to have asked the girl and several other children to take a ride in his small automobile. They refused, but detectives said they believed he later had succeeded in luring the girl into his machine.

The girl disappeared from the home of her mother, Mrs. Eula Appel, late Wednesday, and police of South Bend and several northern Indiana cities were asked to search for her.

Mr. and Mrs. Richard Duschatz, who live two blocks from the Appel home, discovered the body when they went to their garage last night. It was lying beside one of the doors. Police and citizens joined in a hunt for the slayer. One suspect was arrested, but authorities were unable to establish a definite connection with the slaying. He was Jack Stance of New York, who was held for questioning after he called at the Appel home to inquire about the girl, and assured the mother "not to worry, she will be found tomorrow."

Another clue was given the police by Mrs. Mary Mitcarek, a neighbor, who said she heard a scuffle at the rear of her lot last night, and on investigating saw two men running through the yard. She could not give an adequate description of the men.

APPROVE PLAN TO PLANT MORE TREES IN CITY

(Continued from page one) need of more trees to furnish shade for the residential sections and also as a means of beautification. It was stated that numbers of trees had been destroyed, and leaking gas mains in past years and lack of attention on the part of the public. It was stated today that the plan had been favorably received by many of the city's organizations and that all of them had pledged every effort to make the campaign a success.

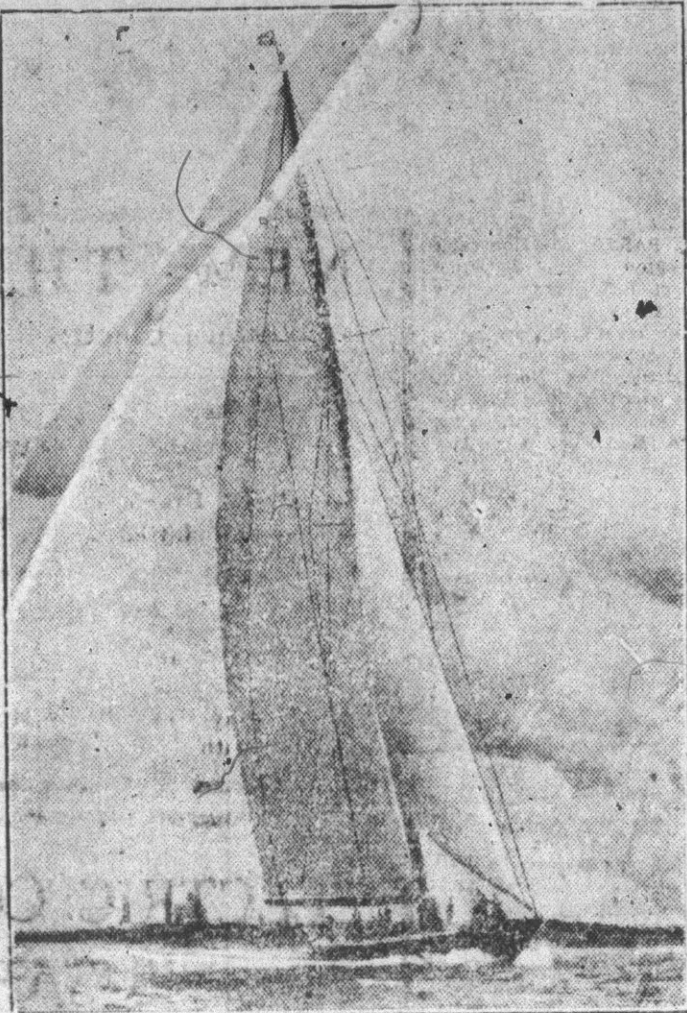

A tree specialist will be called to the city at a later date to supervise the planting of trees and persons may obtain his services at a nominal charge, it was stated by members of the campaign committee.

MILITARY AND POLITICAL UNREST REPORTED FROM FOUR AMERICAN REPUBLICS

(Continued from page one) ternal revenue, also has been arrested.

Two stories were told here to indicate the attitude of the new government. During administration of the oath to members of the new junta, Lieutenant Colonel Solis, who was chief of the machine gun battalion which President Leguia used for his personal defense stepped

toward Sanchez and embrace him. The new president looked at him and then summoned a major and ordered him to arrest Sanchez and search his effects.

Later, Jose M. Serra, chief of the telegraphic service, introduced himself to Sanchez and said he was awaiting any orders the president might have. Sanchez ordered Serra arrested and his private effects searched in order to "ascertain the degree of his responsibility."

The secretary of government, today issued a statement that the situation was normal and that the administration was maintaining order. The statement was issued under the name of the first military junta headed by Gen. Manuel Maria Ponce.

would be lifted. Martial law has been abandoned.

Foreign Secretary Montange told the Associated Press the new government would not reopen the Tarrana Africa question and would respect other international settlements arranged by President Leguia.

Raleigh Mechanic Shot to Death; Woman Wounded

Raleigh, Aug. 29.—(AP)—Paul Mayhem, 27, Raleigh garage employee, was killed early today by a shotgun load that severed the arm

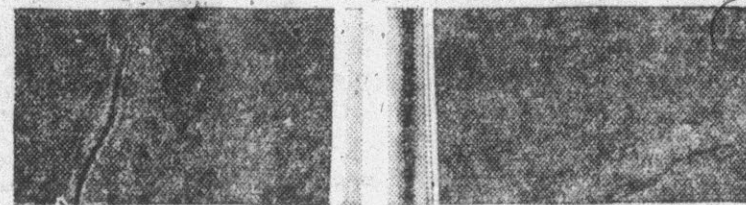

of the wife of the man charged with his slaying. The shooting took place at the home of D. W. Kemp, of Lake John, ten miles from here. Kemp was lodged in jail on a charge of murder. Officers said the slaying was the outcome of an argument. The woman was shot as she attempted to run between the two men. She is in a hospital here.

TAYLOR MADE SECRETARY OF HEALTHBOARD

Dr. Wright and Dr. Crowell Engage In Personal Encounter During Election

Raleigh, Aug. 29.—(AP)—North Carolina today had a new active state health officer, one whose election precipitated a personal encounter between two members of the State Board of Health.

After Dr. H. A. Taylor, of Raleigh, had been elected to succeed Dr. Charles O. H. Laughinghouse, who died Tuesday, Dr. John B. Wright, of Raleigh, accused Dr. A. J. Crowell, of Charlotte, board president, of carrying the election of Dr. Taylor by making a personal appeal to the board as its president.

Dr. Wright, in recounting the affair, said Dr. Crowell then called him "a liar." Whereupon the Raleigh physician said he slapped Dr. Crowell across the room.

Later the differences were adjusted, the men shook hands and both admitted they had been "a bit hasty."

Dr. Taylor, who was Dr. Laughinghouse's deputy health officer, will hold the title of acting secretary of the Board of Health and acting state health officer. He was elected by a vote of four to three, members of the board announced.

The board adopted a resolution setting forth that it did not intend to elect a state health officer without "sufficient time to give proper consideration to all the factors involved."

Tells of Effort to Get Publisher to Control Gambling

Jacksonville, Fla., Aug. 29.—(AP)—An alleged plan by Fred O. Eberhart, Tallahassee publisher, to obtain control of gambling in Miami was unfolded today by William Shands, former member of the state road department, at the resumption of the preliminary hearing of three men charged with conspiring to assassinate Governor Doyle E. Carlton.

Under cross examination of Edgar W. Waybright, defense counsel, Shands reiterated his statement yesterday that Eberhart planned to obtain the removal of Sheriff Lehman of Dade county to gain control of gambling there.

Shands said he had three telephone conversations with Eberhart regarding the alleged plan. In the first conversation, Shands said Eberhart said merely that he "wanted to discuss the removal of Sheriff Lehman" but in a second conversation Shands testified Eberhart said he "had a \$50,000 fee and would pay to Graham, Hills and me half of it if his plan could be put into effect."

George Hills, Jacksonville, and Ernest Graham, Miami, are other members of the road department.

Shands said Eberhart had never discussed with him any alleged plot to kill the governor.

SAFETY CONFERENCE COMMITTEE MEETS

Raleigh, Aug. 29.—(AP)—The committee on arrangements for a state-wide industrial safety conference to be held in High Point Nov. 13 and 14, met here today with T. A. Wilson of the State Industrial Commission to make plans for the meeting.

The conference will be between employers, and employees and insurance men in the interest of reducing industrial accidents in the state. During the first year of the industrial commission's life, 1929-30 there were 38,000 industrial accidents in the state and it is believed this number can be materially reduced.

MEN FINED FOR RUNNING GAMBLING POOL

Raleigh, Aug. 29.—(AP)—Cases of four men arrested yesterday for participating in the operation of a "clearing house pool," a form of gambling, were disposed of in Raleigh police court today and no new arrests were made.

B. F. Cumbo, negro tailor, described by police as the "banker" for the "pool" operated for negroes, was fined \$10 and costs on a charge of gambling and three of his agents pleaded guilty to the same charge.

Alex Gray and "Red" Roper, also negroes, were each fined \$10 and costs, and Sol Dozier, who gave the police evidence, was taxed with the costs.

CARDS TAKE HARD FIGHT FROM CUBS

By HUGH S. FULLERTON, Jr.
(Associated Press Sports Writer)

At least three teams in the National League apparently have no intention of letting the Chicago Cubs capture another pennant without a battle. With their successive triumphs over Brooklyn and New York, the Cubs seemed to be having things much their own way, then along came St. Louis to cause trouble.

The Cards, who have been creeping up in fourth place for some time, moved into Chicago yesterday with a record of eight straight victories. Instead of following the example of their predecessors and letting themselves be knocked out of such a place, they fought through the major league season's longest game to make it nine straight with an 8 to 7 triumph in 20 innings.

For six innings Burleigh Grimes shut out the champions while the Cards piled up a five run lead. Then Grimes weakened and before Sylvester Johnson took over the mound duty, the Cubs had tied the score at 5-5.

Johnson finished the game for St. Louis, hurling 12 innings and giving only nine hits. And young Bob Osborn, who opposed him in the last nine frames, did about as well. Each had one bad inning, the 15th, but it failed to break the deadlock, each team scoring twice. In the 20th, Douthitt singled, advanced to second as Adams was thrown out and scored on High's single with the run which finally decided the game after four hours and ten minutes of play.

Brooklyn complicated the standing by taking second place from New York with an 8 to 7 victory. The Robins blasted Carl Hubbell and Pete Donohue from the mound in the sixth inning for seven of their runs, just enough to hold off a final Giant rally.

The results of these two games left Chicago five games ahead of Brooklyn with the Giants and St. Louis in a virtual tie for third place another half game back.

Sell Your Tobacco In Greenville With FORBES & MORTON

The market opens next Tuesday with First Second Sale at our house. If the house we follow is full will give us sale soon after dinner. However, we do not look for large opening. Prices on the border market are gradually advancing, and though we do not expect the primings to sell for a great price. We do think the body tobacco will bring a living price, and as the best tobacco in the bright belt is in this territory, we feel sure the eyes of the tobacco world will be on Greenville and all orders for good tobacco will have their headquarters here. We wish to thank our patrons for the support given us in the past and assure you of superior effort and service in the sale of your tobacco for the coming season. We have carefully selected a force in our warehouse who are courteous and efficient and you may be assured that every man in our employ will take pleasure in rendering any service you might require.

YOURS FOR HIGHEST MARKET PRICE ON EVERY PILE SOLD WITH US,

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Aug. 28.—(AP)—Cotton opened steady today at a decline of 6 to 11 points under a little southern selling and pre-holiday realizing which may have influenced by relatively easy Liverpool cables.

Offerings were light, however, with very little hedging in evidence and after the initial decline to 11.30 for the new October and 11.72 for March, prices stiffened up on covering, while there may have been some buying on a private crop report placing the condition as of August 23 at 56.0 and the indicated yield at 14.940,000 bales.

New October rallied at 11.37 and March to 11.78 or some 6 to 7 points from the lowest and the market at the end of the first half hour was quiet and steady within 5 or 6 points of yesterday's closing quotations. Liverpool cables said that further trade calling there had been supplied by local and continental liquidation.

STOCK MARKET

New York, Aug. 28.—(AP)—Bears who waited until the last day before the three-day week-end suspension to close out their short contracts found stocks could be bought only at increasing prices.

Rails, which had been heavily sold by the bear crowd, because of the low summer volume of freight traffic, the lowest in eight years, made one of the most pronounced upturns of the summer, a long list of important industrials, utilities and merchandising shares made moderate headway. Trading was extremely dull, however, as many operators had already left town for the week-end.

Few important shares failed to gain as much as a point. Advances of 3 to 5 or more were recorded by American Tobacco B, Westinghouse Electric, Eastman Kodak, Coca Cola, Rock Island, Southern Railway and Canadian Pacific. In addition Aitchison, Union Pacific, New Haven, Air Reduction, American Telephone, Macy and Real Silk Hosiery gained 2 or more. U. S.

Steel, trading ex-dividend, gained more than 2. Trans-America made one of the best gains since its transference from the curb, getting up more than 2, coincident to the announcement of expansion abroad. Packard, however, eased under considerable liquidation.

The advance in the rails may have represented more than short covering, for July-earnings statements, while showing a reduction of about 30 per cent from last year, are running a little better than June, as compared to 1929, and more than 60 class 1 carriers have already reported.

Wall street was inclined to place a decidedly favorable interpretation on the brokerage loan figures, showing for the second week a moderate reduction for a period of rising stock prices. If the buying has been entirely of a professional nature, as some of the most pessimistic observers have felt, the figures indicate that professionals were paying cash.

GRAIN MARKET

Chicago, Aug. 29.—(AP)—Commission house purchasing on a high scale carried the corn market 3 1/4c a bushel at one stage today. Notwithstanding that the upward swing met with heavy profit taking sales and with general readjustments to prepare for a ripe holiday ahead, corn retained the greater part of the advance, whereas wheat slipped back from small gains. No crop estimates by recognized experts were issued today.

Leaf Warehousemen and Business Men Meeting at Wilson

Wilson, Aug. 28.—(AP)—Members of the Eastern Carolina Warehouse Association and the Eastern Carolina Supply Merchants Association met with bankers and business men here today to discuss a movement to take all tobacco checks payable to order this year.

Committees representing all tobacco markets will report their findings and the system will be put into effect over the entire tobacco belt if agreed upon by all involved.

Picked To Race Shamrock.
Newport, R. I.—Another triumph for the Vanderbilt convention. Harold S. Vanderbilt, who invented a system of bidding at contract bridge and sundry improvements in railroad equipment, with some chums handled the yacht Enterprise so well that it has been picked to race the Shamrock V.

WEBB'S WAREHOUSE

Greenville, North Carolina

Solicits the Sale of Your 1930 Crop of Tobacco

To My Farmer Friends:

For five years my warehouse in Washington led the market in pounds and prices. During each of those years, hundreds of farmers in Beaufort, Pitt, Martin and other counties sold all of their tobacco with me exclusively.

Believing that larger opportunities were available in Greenville, I have leased a warehouse here and will operate it this season. I will have with me one of the best forces to be found.

WEBB'S WAREHOUSE, in Greenville will give you the very best of service at all times. You can rest assured of that fact. I trust that my associates and I will have the pleasure of greeting many of our old friends this season on the floor of our warehouse and that we also will make many new friends.

Be with us opening day, TUESDAY, SEPT. 2.

SINCERELY,

C. H. WEBB
