LEAGUE OPENS SESSIONS IN SWITZERLAND

Chairman Praises Briand's Plan for Consolidation of European Peace

Geneva, Sept. 10.—(AP)—The eleventh assembly of the League of Nations convened here this forenoon. Cesar Zuzumeta, of Venezuela, as temporary chairman, opened the meeting.

The league elected Nicholas Titulescu as its president. M. Titulescu has been Rumanian minister at the court of St. James.

The assembly began its proceedings with reports on and expressions of sympathy with the populations of Italy and Santo Domingo for losses sustained in the earthquake and hurricane of the past few weeks.

In his opening address the chairman spoke of the great loss to the league in the death of Dr. Gustav Stresemann and Fridtjof Nansen. He spoke in high praise of the contributions of these men to world peace and international understanding.

"We welcome M. Briand's generous plan which points a way toward complete consolidation of European peace and approachment," he said.

Succeeding M. Zuzumeta, M. Titulescu then took office as chairman and declared the league now faced questions surpassing in importance any it had dealt with hitherto.

The eleventh assembly of the league has for consideration a number of controversial questions which are likely to keep the body occupied for three weeks or more.

First in immediate interest is the proposal fathered by M. Briand for creation of a European federation.

The assembly, which has had the project passed on to it by the council, must decide what form within the framework of the league itself this scheme for regional collaboration will take. Presumably the assembly will set in motion the discussion and study which may take several years to reach the practical stage.

The assembly will also seek to modify the covenant of the league so as to close it completely against the possibility of war, thus harmonizing it with the spirit of the Kellogg pact.

Geneva, Switzerland, Sept. 10.—(AP)—Foreign Minister Dino Grandi of Italy suddenly left Geneva by automobile this morning without waiting for the opening-assembly of the League of Nations, which tomorrow will hear Foreign Minister Briand of France explain his ideas on his "United States of Europe" plan.

Signor Grandi's almost precipitate departure caused a considerable flurry among the delegations. This afternoon it was the principal topic of lobby gossip, overshadowing the immediate business of organizing the assembly's machinery.

The official explanation given out at headquarters of the Italian delegation was that Signor Grandi had arranged in advance to leave Geneva as soon as the council sessions were finished and to entrust Italy's business at the assembly to Senator Scialoja.

French circles appeared greatly surprised that Signor Grandi should have departed on the very eve of M. Briand's important address.

Graf Zeppelin Pays Visit to Moscow

Moscow, Sept. 10.—(AP)—The Graf Zeppelin landed here at noon, today paid her first official visit to the Soviet capital and was greeted with red flags flying and bands playing proletarian airs.

After a brief visit she left for Germany again.

The veteran dirigible, which on her round the world flight last summer sailed across the entire U. S. S. R. from east to west, appeared from Moscow earlier than expected. Her progress was speeded by a tail wind during the 27 hour flight from Friedrichshafen, Germany.

After circling low over the city and twice dipping over the ancient Kremlin in tribute to the chiefs of the Red Republic, the Graf came down on October Field. About 100,000 holders of special tickets had been waiting for her there since early morning.

A detachment of 250 Red soldiers laid down the dirigible while Dr. Hugo Eckner descended and was greeted by high Russian air officials. Mail was dropped and more taken aboard.

The big guard of soldiers had difficulty in keeping the great crowd from rushing the Graf.

After an exchange of greetings and courtesies Dr. Eckner climbed on board again. The Graf rose, once more circled over Moscow and settled down for the return flight to Friedrichshafen.

Blease Loses Battle For Senate In South Carolina; Long Eliminates Randall

Broke Speed Record

Associated Press Photo
Bill Cummings broke the world's record for 100 miles over a one-mile circular dirt track in automobile races at New York state fair, Syracuse. His time was 1:11.52.

CHICAGO MAN TO MAKE SOLO HOP TO PARIS

Captain Roy Ammel Will Attempt to Beat Lindbergh's Time Across Ocean

Roosevelt Field, N. Y., Sept. 10.—(AP)—Hoping to better Colonel Charles A. Lindbergh's time for a solo flight to Paris, Captain Roy W. Ammel of Chicago today was preparing his fast monoplane for a trans-Atlantic flight.

He said he planned to take off within two days or as soon as his motor and instruments can be checked, provided weather conditions were favorable. He arrived from Chicago yesterday after a seven hour and 30 minute non-stop flight.

His plane is a low winged Lockheed Sirius monoplane powered with a 425-horsepower Wasp motor. It is similar to the plane in which Colonel Lindbergh and his wife set one-stop trans-continental speed record, last Easter Sunday.

Captain Ammel said his plane has a cruising speed of 140 miles an hour and a maximum speed of 191 miles. Gasoline tanks with a capacity of 817 gallons have been installed.

If he has sufficient gas when he reaches Paris, he said he would circle the French capital and fly on to Rome or Berlin.

He expressed confidence in his ability to make the flight to Paris in less than 30 hours. Colonel Lindbergh made his flight in 33 and one-half hours. The distance from here to Le Bourget field at Paris is measured at 3,610 miles.

Captain Ammel said he would not carry radio equipment.

He has had more than 2,000 hours of flying experience, much of it in Central and South America.

Planes On Way to Santo Domingo With Supplies of Food

Fort Bragg, Sept. 10.—(AP)—Loaded with medical supplies for hurricane sufferers in Santo Domingo, three planes piloted by service aviators were to take off from here today to continue their journey to the storm-distressed republic.

The fliers were forced to spend last night here after battling their way through bad weather from Norfolk, Va., their starting point. Plans to continue to Charleston, S. C., were abandoned when weather reports indicated continued bad flying conditions.

The planes are each loaded with approximately 2,000 pounds of anti-toxins, anaesthetics, surgical dressings and surgical instruments.

Tobacco Prices Reported Better Than Yesterday

The Greenville tobacco market sold yesterday 401,090 pounds of tobacco for \$34,300.65 at an average of \$8.55 per hundred pounds. The market was reported to be some stronger today with demand for good tobacco more pronounced than any other time of the season.

Sen. James Couzens Appeared Sure of Republican Renomination in Michigan; Byrnes' Lead Over Blease Continued to Mount With Late Returns

(By The Associated Press)
The apparent defeat of Senator Cole L. Blease in South Carolina and the elimination in Louisiana of Senator Joseph E. Ransdell today stood out from the results of primaries held yesterday in eight states.

While the two Democrats went under, the first to James F. Byrnes, former representative, and the latter to Governor Huey P. Long, Senator James Couzens appeared sure of the Republican nomination in Michigan.

Byrnes and Long, by their Democratic nominations, were assured election in November.

New Hampshire and Colorado also chose senatorial candidates, South Carolina, Michigan, Vermont, Arizona, New Hampshire and Colorado nominated gubernatorial candidates, while Washington's primary determined only party choices for the House of Representatives.

As shown by the latest available returns the result by states were:

South Carolina—For Senator (D) James F. Byrnes defeated Cole L. Blease. For Governor (D), Ibra C. Blackwood leading Olin D. Johnston by narrow margin.

Louisiana—For Senator (D) Huey P. Long defeated Joseph E. Ransdell.

Michigan—For Senator (R) Senator James Couzens leading former Gov. Chase S. Osborn by substantial majority. For Governor (R), Wilbur M. Brucker, attorney general, well ahead of Alex J. Groesbeck and Judge Edward J. Jeffries.

Colorado—For Senator (R) Geo. H. Shaw, former chairman of state Republican committee, leading William V. Hodges. For Senator (D), Edward P. Costigan, former member of tariff commission, leading two opponents.

Arizona—For Governor (D), former Governor George W. P. Hunt, leading three opponents. Governor Phillips, Republican incumbent, was unopposed.

Vermont—For Governor (R), Stanley C. Wilson, lieutenant governor, leading two rivals.

New Hampshire—For Senator (R), Henry W. Keyes, unopposed. For Governor (R), former Governor John G. Winant conceded the nomination.

Washington—For Representatives (both parties) incumbents in three congressional districts trailing their opponents.

Columbia, S. C., Sept. 10.—(AP)—Defeat for Senator Cole L. Blease (Continued on page six)

LIQUOR STILL AND TWO MEN CAPTURED

Officers Make Haul of Operators and Booze In Winterville Territory

Surprised at their still in Winterville township, two members of arrested by Pitt county officers yesterday afternoon and brought to the county jail in this city to await trial at the next sitting of County court.

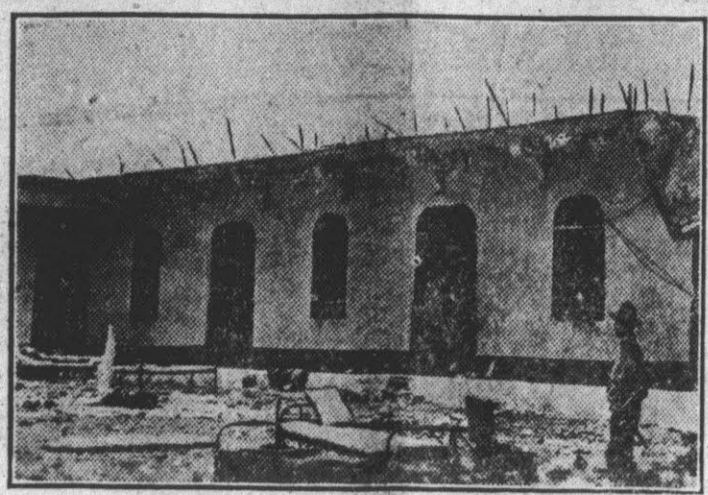

The men, both of whom were white, are John Bill Cox and Woodrow Cox. In addition to the operators, the officers also captured six gallons of whiskey and 18 barrels of beer. The still was of the usual type employed in this section of the country, and was completely destroyed.

The plant was located in the swamp between Ayden and Winterville. The officers managed to creep up close to the still without discovery by outposts. The two distillers made a break for liberty when they discovered the presence of the representatives of the law, and it is possible they might have furnished a lengthy sprinting contest had it not been for the fact that the man leading the race fell down and intentionally tripped the runner just a few paces ahead of the pursuing officers.

They were taken without any resistance, and along with the paraphernalia, were brought to the county jail to await hearing in County court.

Objectives for the year as set (Continued on page six)

HURRICANE RELIEF HEADQUARTERS

This battered structure is the headquarters for relief operations in the hurricane stricken city of Santo Domingo. It is one of the few buildings that withstood the fury of the storm.

Educational Conference Of County Schools To Be Held Here Next Friday

Meeting of County Teachers In Campus Building At Teachers College Preparatory to the Opening of Eight Months Schools Monday, September 15th

A county educational conference will be held at the campus building of the East Carolina Teachers College Friday, September 12, from 10:30 a. m. to 3:45 p. m. The conference is preparatory to the opening of the fall term of eight months schools Monday, September 15, and is expected to be largely attended. Eighteen schools will be represented.

The six months schools will open Monday, October 13, and the general teachers' conference will be held in this city October 10, it was stated this morning.

The conference here Friday will feature a discussion of the new school year by R. G. Fitzgerald, superintendent of schools, and objectives of the year by Miss Ida E. Seidel, supervisor of rural education.

There will also be departmental meetings at which various problems dealing with school activities will be discussed.

In the handbook of county schools, issued by the Pitt County Board of Education, the following program is set forth:

"How startling it is to review the programs of work of past years. There has been emphasis on various subjects—reading, arithmetic, language, etc. a health program and school yard beautification have a part. In twenty years what material happenings have occurred? The automobile has crowded out the horse. The telephones became a universal instrument in communication and the best of the world's music is brought into the humblest homes. Many other changes could be listed.

"These changing conditions of every aspect of life has its influence in the schools. From eight one and two teacher schools, there are now thirteen consolidated schools caring for 200 to 600 children in each school. Also 22 one and two teacher schools. From a seventh grade graduate teacher there is now an average of teachers index of 693.4. Which means the teacher is equipped with almost three years of college training, for her work. High schools are available and within reach of every boy and girl in the county. It costs more to get an education, but the patron is getting more. Someone has said that the method of education for wholesome behavior is simply practice from hour to hour, from day to day in wholesome behavior. This current right living is the process of education. With this objective in view can a program be planned in which plenty of playtime and health education and plenty of work is provided. These are safe ingredients for a growing normal child but too much of any of these may prove harmful. Let us elevate and dignify work to the level of respectability, even of honor, that each child willingly may initiate work in response to a felt need. Labor is man's greatest function. He is nothing, he can do nothing, he can achieve nothing, fulfill nothing without working."

"The beautification of the school yard is continuing but is that interest being developed in the community? The health program is an integral part of every school. A summary of the grade standards help determine objectives of the total subjects. These total subjects should be greatly enriched, by self-expression of the child, by giving him a greater appreciation of the beauty of the sunset, by increasing his ability to develop the cultural side, to live a finer life by being a better chooser and judge in what he wants and to help him want that which is better."

Objectives for the year as set (Continued on page six)

New Argentine Officials Adopt Severe Measures To Prevent Reprisals

Rule By Martial Law Tightened; Heavy Guards Maintained Throughout the City of Buenos Aires; Troops Move Thru Streets With Fighting Planes Overhead

Buenos Aires, Sept. 10.—(AP)—The new government of the Argentine today adopted the most severe measures to prevent reprisals and counter-revolutionary tactics by friends of the ousted administration of the resigned president, Hipolito Irigoyen.

Rule by martial law was tightened. Heavy guards were maintained over the city; troops moved through the streets, and fighting planes maneuvered overhead.

A censorship more rigid than has been known heretofore was imposed. The chief of the Argentine press section advised all foreign correspondents that no messages could be sent out of the country which had not been approved by authorized censors. The prohibition applied alike to cable, telegraph and telephone. The correspondents were told that anyone violating the order would be expelled. No code messages were accepted.

The government appeared greatly concerned because quantities of arms were taken from city arsenals during the fighting Monday night.

Two military edicts were issued prescribing trial court martial for anyone found in possession of arms after 6 p. m. yesterday, for anyone acting in any manner against the government, and for anyone failing to return within twelve hours any arms belonging to the government.

Reports that Irigoyen had been placed aboard the warship Belgrano to be taken to an unannounced destination, were discredited this morning when it became known that he is still a prisoner in the barracks at La Plata. He was said to be in very delicate health.

Many persons connected with the deposed administration have been arrested. Among the latest to be taken into custody are the former interventor of Mendoza province, Borzani, and the personnel of his administration. Other members of the Irigoyen regime have escaped into Uruguay.

General Augustin P. Justo, who was minister of war under President Alvear, and who Monday night was named chief of military forces in the Federal capital, has of all military forces of the republic. At his request Carlos Meyer Pellegrini was named Federal interventor for Buenos Aires province.

President General Jose Evaristo Uriburu told the Associated Press today that close cooperation with the United States and active participation in the League of Nations (Continued on page six)

Fearing Angry Parents, Youth Leaves Sanford

Sanford, N. C., Sept. 10.—(AP)—They're looking for little Paul Jones, 13, to tell him his parents aren't mad because the old cow pushed down the automobile shed.

The boy had been sent to graze the cow near a shed wherein was stored the automobile of a neighbor. Becoming unruly, the animal tore down the shed and damaged the machine.

Paul, apparently fearing punishment, disappeared.

Mr. and Mrs. G. A. Jones would like someone to tell Paul they aren't angry.

Bowles Loses Fight for Mayor Detroit

Detroit, Sept. 10.—(AP)—Charles Bowles lost his fight yesterday to regain the position of mayor of Detroit which he won as a reform candidate and lost in a recall election after 6 months in office.

He had the satisfaction, however, of ruffling ahead of the man endorsed by the committee which managed the recall campaign.

The winner of what turned out to be a virtually a three-man race was Frank Murphy, who resigned from Recorder's court to enter the contest with the backing of some of the elements which helped elevate Bowles from the same breach to the mayor's chair last November. Murphy ran approximately 12,000 votes ahead of Bowles, who, in turn had a margin almost as large over George Engel, the recall committee's choice.

Criticism of Bowles started with charges that gambling houses were operating in the city without interference from the centralized police vice squad.

In the recall campaign Bowles retained the support of a large portion of the so-called reform element which had backed him in his original race for the office. Anti-Saloon League leaders asked that he be given a chance to complete his two-year term.

A few hours after it became known that the mayor was recalled by a vote of 120,000 to 89,000, one of his most active political foes, Jerry Buckley, political commentator for radio station WMBC, was shot to death by three gunmen. This crime intensified the excitement in the city, and is now the subject of a grand jury investigation.

\$30,000 SUIT NON-SUITED IN CIVIL COURT

Plaintiffs Appeal Case to Supreme Court Against the Charles Stores

The case of Miss Roselyn Lamm, of Lucama, against the Charles Stores, involving damages for \$30,000, was non-suited in the civil term of Pitt County Superior court this morning.

The motion for non-suit was made by defense attorneys yesterday afternoon after all evidence had been submitted, but no decision in the case was rendered by Judge Small until the opening of court this morning, when he explained that he thought a non-suit was the only advisable course to pursue.

The case came up for consideration when court convened Monday morning, and it looked like it was going to require an entire half-week to complete hearing when the motion for non-suit brought the action to a temporary termination yesterday afternoon.

The suit centered around a check for \$10,000 and had been hanging fire for some time.

The Charles Stores alleged that Miss Lamm gave them a check and that the bank refused payment of same. After corresponding with the young lady regarding payment, they had a warrant issued for her arrest and this was served on the streets of Lucama.

When the case came up in county court, Miss Lamm charged that the check was forged, and she was acquitted of the charge.

She immediately filed suit for \$30,000 in Superior court on the grounds of malicious prosecution.

Immediately following the non-suit decision this morning, plaintiff attorneys filed notice of appeal to Supreme Court.

Sues Faith Healer for Alienating His Wife's Affections

Washington, N. C., Sept. 10.—(AP)—C. H. Rouse today filed suit here against J. M. Creech, of Seima, a faith healer and faith healer, alleging the latter alienated his wife's affections. Rouse asked judgment of \$2,000.

The complaint set forth that Creech lived in Rouse's home while "conducting religious meetings and practicing attractive and sensational acts and performances that appeared to give him unusual and unnatural power and control over weak persons."

Creech made wicked proposals Mrs. Rouse, the complaint said, which were first refused "but finally overcame her powers of resistance."

Creech held services in Wilmington before coming here.

Mr. and Mrs. Rouse have eight children.

CITY SCHOOLS TO BEGIN FALL TERM THURS.

First General Teachers Meeting Held at High School Library This Morning

Greenville city schools will open tomorrow morning, at 8:30 o'clock for the school year 1930-31. This applies to both the white and colored schools. The teachers are all on hand and the first general teachers meeting was held this morning in the high school library with Superintendent Rose presiding.

Following the general teachers meeting the principals met with their respective groups in the various buildings of the city this afternoon. The work of registration and enrollment has already been completed, so most of the preliminary work is out of the way.

The schools will operate this year with four less teachers than they had last year and this reduction of the teaching force has made it necessary to do away with the first grade and the fourth grade at the Old Model School on Cotanch street. These children will all be taken care of in the new building at the Training School.

When the doors are opened on Thursday morning, all pupils will assemble in the assembly halls of the various buildings. The principals of each building will then give detailed instruction to the various groups.

In the High school for Thursday and Friday of this week the assembly will be at 8:35 and school will be dismissed at 12:30 o'clock. In the lower grades the children will assemble at 8:35 and will be dismissed at 10 o'clock on Thursday morning and at 12:30 o'clock on Friday morning. Beginning Monday a full day's schedule will be carried out in every school.

The school officials and teachers earnestly request parents not to go in the class rooms on the first day of school, but to remain in the assembly halls and wait for the children. The school officials are glad to have the parents come to school on the first day and meet with the school in the assembly.

Parents will be welcome in all the class rooms at any time after the first day.

Attention is called to the fact that there are no changes whatever in the textbook for the coming year, and that therefore second-hand books may be bought from children who have finished with them.

Five Members of Family Claimed By Flames At Silo

Hebron, N. D., Sept. 10.—(AP)—Poisonous fumes, which turned a silo into a turret of death, had claimed five members of the Tony Neidhardt family today.

The victims were Tony Neidhardt, Hebron farmer, and four of his children, two sons and two daughters who died in a vain attempt to save their father from the methane gas vapors. George, 24, was taken unconscious from the silo yesterday, but died while physicians were attempting to save his life.

Fred, 20, Margaret, 20, and Freda, 18, and their father, 50 years old, were drowned in the brine of the silo after being overcome by the gas. The bodies were recovered by a cousin, John Nudhardt.

Ollie Bohle, town marshal, nearly lost his life in an effort to rescue the victims but was saved after he had collapsed in the silobylis son, Waldo, 16, who entered the death pit twice to tie a rope around his father's unconscious form. A group outside then drew Bohle to safety.

No inquest will be held the coroner said, as the deaths were obviously caused by methane or marsh gas generated in cornstalks. The gases were released when Neidhardt stirred the refuse as he was cleaning out the pit.

His two sons entered the pit to succor their father as Neidhardt collapsed and his two daughters met the same fate in attempting to save the three.

His widow and two daughters survive Neidhardt.

State to Furnish Pure - Bred Corn Seed to Farmers

Raleigh, Sept. 10.—(AP)—Farmers in North Carolina who suffered from the recent drought would be furnished pure bred seed corn from Caledonia Prison Farm under arrangements launched by Governor O. Max Gardner.

Farm agents in the drought stricken area in the northwestern part of the state would ascertain the needs of the farmers, under the executive plan. The corn would be shipped to the farmers at will deliver it to the farmers at the courthouse in line with prevailing market quotations.

U. S. NAVAL LIEUTENANT IS RELEASED

Harold Grow, Accused in Plot to Bomb Arequipa, Given Liberty At Lima

Lima, Peru, Sept. 10.—(AP)—Lieutenant Commander Harold B. Grow of the U. S. Naval Reserve, held by Peruvian authorities since the overthrow of the Leguia government, was said by the newspaper La Prensa today to have been released.

The American officer, who resigned from the navy under Leguia and became chief of Peru's air forces, had been detained at Arequipa, stronghold of the southern revolutionaries led by Lieutenant Colonel Luis Sanchez Cerro.

He was accused of having plotted to bomb the city of Arequipa and of having been a "mercenary." He is the last of three Americans held by the successful revolutionaries to be released. He had asked that Peru decide his fate and discouraged American intervention.

Fred M. Dearing, American ambassador to Peru, cabled that Grow was expected to reach Lima tomorrow from Arequipa aboard the steamer Rinac.

Dearing also informed the department Charles Sutton, an American irrigation engineer employed by the former government, returned to his home yesterday. He said Harold B. Gildred, likewise held a prisoner, also had been released.

Seek Receivership for Raleigh Brokers

Raleigh, Sept. 10.—(AP)—The financial crash of Durfee & Marr, Raleigh investment brokers, reached the Wake county Superior court today when Oliver W. Allen and T. A. Banks, attorneys, filed a suit asking for receivership for the company. Later the lawyers requested that the petition be "held in abeyance."

Written admission was made late yesterday that the firm was unable to meet its obligations, which are said to approximate \$100,000.

The receivership petition today was filed in behalf of O. W. Borden, Hooks, young Goldsboro doctor, who alleged that the firm was insolvent and unable to meet its obligations.

Mr. Hooks declared in his petition that he sent the firm money for the purchase and sale of stock on which he has never received return. He alleged his losses totaled \$2,802.

As a result of the admission of the insolvency of the firm the State Corporation Commission launched an investigation of the failure of the firm and heirs of the Tucker estate, of which Cary K. Durfee, firm member, is executor, also started a probe. The Tucker estate valued at \$425,000 in 1906, is reported to have lost heavily in the failure.

Gov. Long Will Be Subpoenaed In the Irby Case

New Orleans, Sept. 10.—(AP)—Samuel Irby, who Governor Huey P. Long had accused of conspiring to kidnap after he and James Terrell, were taken for a Shreveport hotel by state police last Thursday when they said they planned to sue Governor Long for slander, appeared in Federal District court here today and asked that a writ of habeas corpus seeking to determine his whereabouts be dismissed.

Irby testified that he had just seen Terrell and that he was "all right." He was present when counsel for the defense read a statement which it was said had been written by Terrell and Irby, asking the court to drop the case as they were not in custody and had not been mistreated.

The statement said the two men were taken into custody at the Shreveport hotel by their own request and that reports of any contemplated action or suit against Governor Long "were ridiculous and absurd as the governor had never done anything to us."

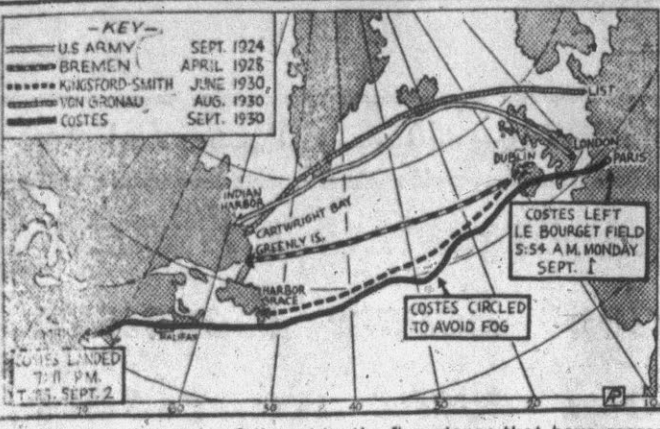

New Orleans, Sept. 10.—(AP)—Assistant Attorney General E. R. Schowalter, said today that he was having subpoenas issued for Governor Huey P. Long, who was nominated by the Democratic party for the United States Senate yesterday, his secretary, Alice Grosjean and Mrs. Samuel Irby, demanding their appearance in the Federal District court to testify in the case of Samuel Irby and James Terrell, missing since last Thursday when they planned to file suits against the governor, charging slander.

A hearing in an effort to determine the whereabouts of Irby and Terrell will be resumed at 11:00 A. M. Judge Wayne G. Borah of the Federal District Court has said he would try to "get to the bottom of the case" if he had jurisdiction.

The governor's secretary is the divorced wife of James Terrell and she is also the niece of Mrs. Samuel Irby.

In the application for a writ of habeas corpus now being heard in Federal court, Governor Long was charged with a conspiracy to kidnap the two men. The writ was amended yesterday at the suggestion of Judge Borah to read that "The men were being held without due process of law."

ROUTES OF EAST-WEST FLIGHTS

Here are the routes followed by the five planes that have crossed the Atlantic from Europe to North America. Costes's plane was the first to reach the United States on a non-stop flight from continent to continent.

Brummitt Champions Co - Op Association

Raleigh, Sept. 10.—(AP)—In order to apply the "principles of collective bargaining," North Carolina should have a "Tobacco Growers Association," in the opinion of Attorney General Dennis G. Brummitt.

The suggestion was advanced as a remedy for the present "tobacco price crisis" by the state official who outlined what he termed "an association such as other buyers' and growers' have—such as the Merchants' Association." He said he did not mean "what is known as cooperative marketing."

"With such an organization," he said, "production can be controlled." He expressed the belief that three-fourths of the farmers in the four adjoining tobacco-growing states would join such a movement. The organization would cover, under his plan, all the territory within the five-county area, which includes Virginia, South Carolina, Georgia and North Carolina.

The plan as outlined in the Attorney General's reply to a request from former Representative Hallett S. Ward, of Beaufort county, that an investigation of the big tobacco companies operating in the state be conducted.

The Attorney General advised Mr. Ward that his request was being given "full consideration."

The R. J. Reynolds Tobacco Co. in a letter mailed to the attorney general, said it would welcome an investigation by the state "upon the question whether or not this company is a party to, or has ever been a party to, any conspiracy to keep down the prices of leaf tobacco."

The Attorney General advised Mr. Ward that his request was being given "full consideration."

THE GREAT ATLANTIC & PACIFIC TEA CO.

Monday, September 29th, 1930 the following described real estate: In or near the Town of Bethel, beginning at the edge of the Tarboro road, six feet west of house in which Roy Staton now resides, running North 100 feet; thence East 80 feet; thence South 100 feet to the edge of the road; thence with the road 80 feet westwardly to the beginning, containing 8,000 sq. ft. more or less.

This the 26th day of Aug., 1930. M. K. Blount, Trustee. Aug. 26-11w-4wk.

COMMISSIONERS' SALE OF LAND

Under and by virtue of the authority contained in that certain order entered in the cause of Minnie Simmons vs. Mary Boyd, et al., and in accordance with the terms of said order made and entered at the May Civil Term, 1930, of Pitt Superior Court, the undersigned Commissioners will offer for sale to the highest bidder for cash before the Court House Door in the Town of Greenville, N. C., on

Monday, October 6, 1930

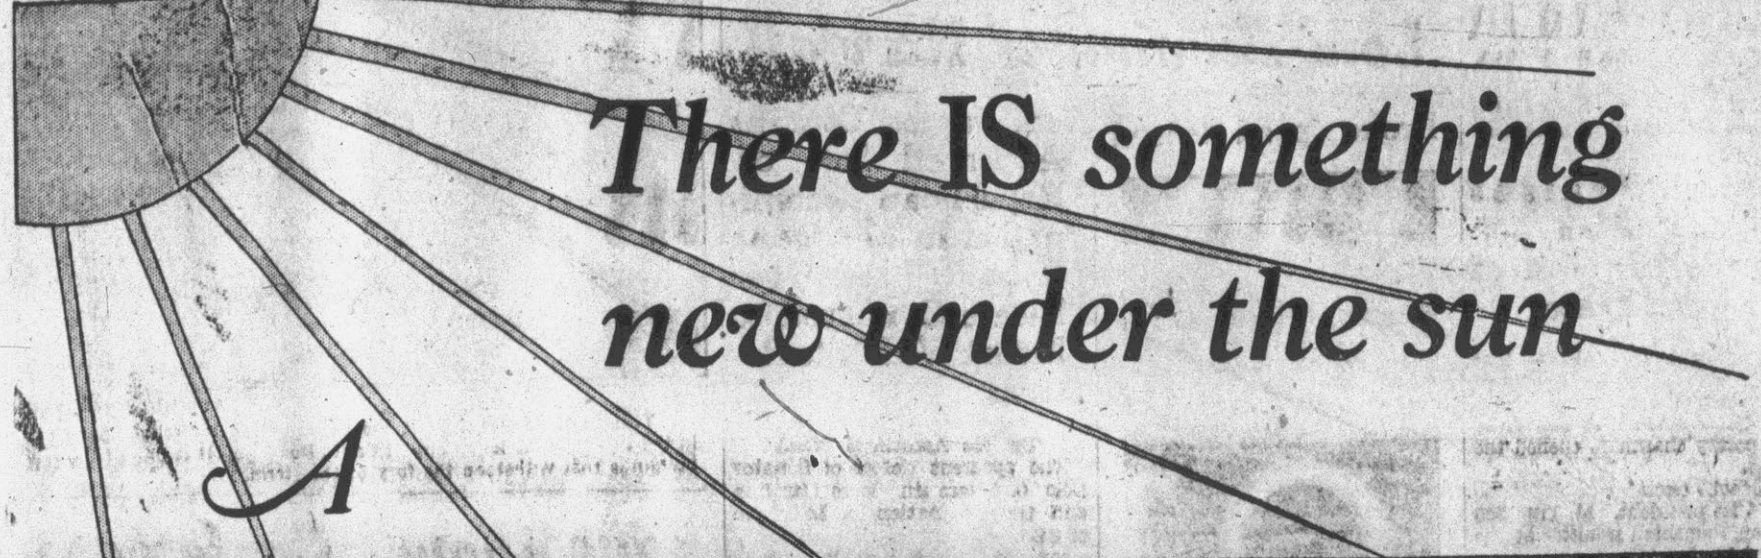

at 12:00 o'clock, Noon the following described parcels of real estate, lying and being in the Town of Greenville, N. C., and more particularly described as follows: Lying and being on the West side of Reade Street, at the corner of First and Reade Street, and beginning at the Northeast corner of the Methodist Church Lot, and running thence East, with First Street to the corner, thence South with Reade Street 50 feet, thence in a Westerly direction, with a line parallel with First Street to the Southeast

corner of said Church Lot, thence North with the said Church Lot line to the beginning, at First Street, and being the same parcel of real estate that was conveyed to the late Cynthia Patrick by L. H. Worthington and wife by that deed duly recorded in the Register's Office of Pitt County in Book Q-6, at page 179.

Situate at the Southeast corner of First and Cotanch Streets, adjoining the lots of Will Cherry and Bessie Askew on the East, on the North by First Street, and on the

West by Cotanch Street and being the same parcel of land conveyed to Cynthia Patrick by Oscar Hooker by deed of record in the Office of the Register of Deeds of Pitt County in Book G-5, at page 527.

Said sale will be subject to confirmation by the Court and a deposit of 10 per cent of said purchase bid will be required by the undersigned Commissioners pending the confirmation of said sale. This September 1, 1930. Albion Dunn, W. L. Whedbee, Commissioners. Sept. 2-11w-4wk.

There IS something new under the sun

KELVINATOR at \$159.50

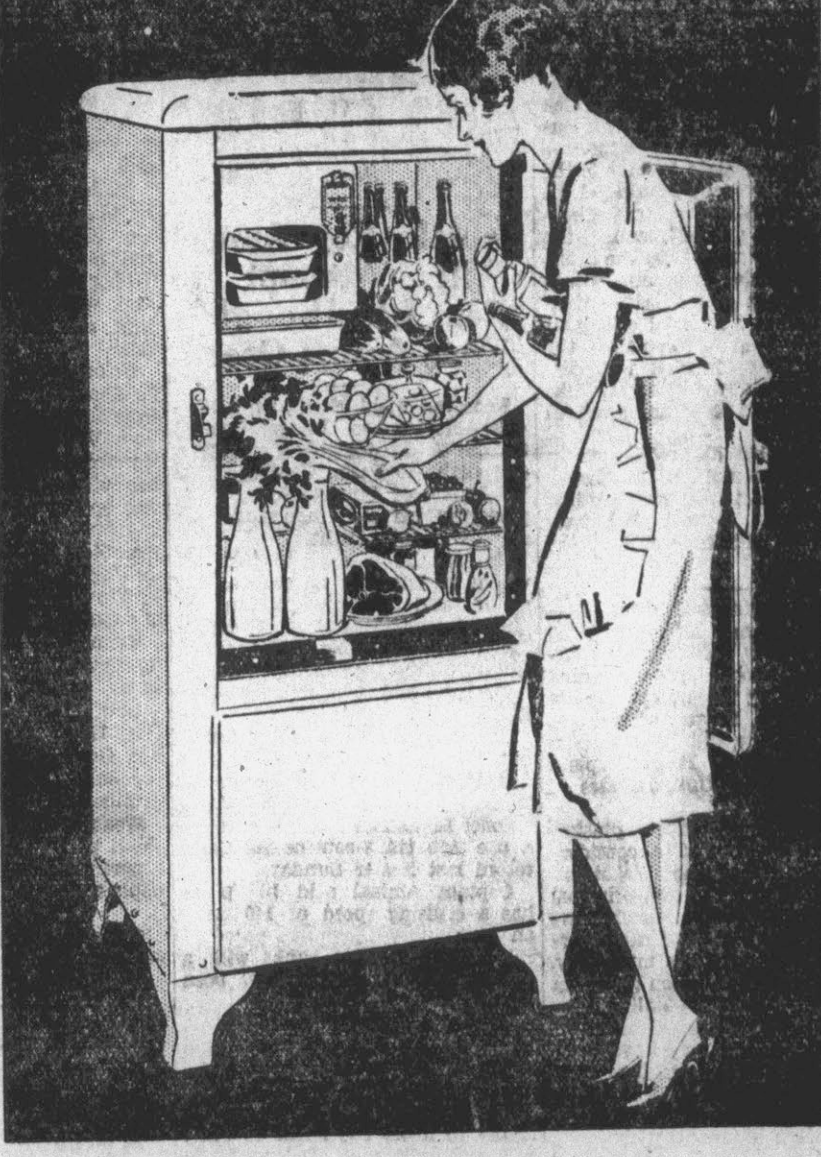

The NEW YUKON MODEL

At last the great ambition of the entire electric refrigeration industry has been realized!

Kelvinator has produced an electric refrigerator of self-evident quality, of ample food and ice cube capacity, of really striking beauty and traditional Kelvinator reliability—at a price that is destined to make refrigeration history.

It is fitting that Kelvinator—the pioneer—should take this great step which finally breaks down the price barrier, enabling tens of thousands of families of moderate income to enjoy, to the fullest, the many recognized advantages of modern electric refrigeration.

The Kelvinator name, the oldest and greatest in electric refrigeration, gives the assurance of quality, value and

dependableness that makes the price of \$159.50 so truly revolutionary.

Never before has it been possible for all home owners to obtain quality electric refrigeration at the price they have wanted to pay. Take a few minutes to inspect the Yukon and satisfy yourself that the refrigerator you have always desired is really here.

Carolina Kelvinator Co., Inc.

3rd Street Greenville, N. C.

Social and Personal

Mr. and Mrs. L. G. Cooper and little daughters, Fannie and Mary Cooper, have returned from Montreat where they have been spending some time.

G. H. Hudson, of Grimesland, was here today.

Miss Mary Hoover Boyd has returned from a visit to relatives in New Bern.

Miss Margaret Hassell left today for Washington, D. C., where she will enter Martha Washington Seminary.

Richard Williams, Jr., of Baltimore, Md., is spending the week with his mother, Mrs. R. Williams.

Mrs. Charles McLawhorn and Misses Ida and Mary Ida McLawhorn, of Winterville were here today.

Miss Estelle Harris left this morning for Raleigh, where she will enter Meredith College.

Bennett Moseley left a few days ago for Davidson College.

MISSES WHITE AND HARDEE TO REPRESENT GREENVILLE AT DEBUTANTE BALL

Mrs. C. S. Forbes, Mrs. S. T. White, Miss Helen White, Charles Forbes, Jr., and James Moye left this afternoon for Raleigh, where they will attend the debutante ball and other social affairs given in honor of the debutantes.

Miss White will represent Greenville as one of the season debutantes. She will have as her marshal Joe Hamilton, of Rocky Mount.

Charles Forbes, Jr., will be marshal for Miss Elsie Cook, of New Bern, and James Moye for Miss Carrie Wiggins, of Tarboro.

Miss Lillian Hardee will also be one of Greenville's debutantes and will have for her marshal Wesley Harvey, of this city.

Miss Hardee and Mr. Harvey will leave tomorrow for Raleigh.

The ball which will take place tomorrow evening, is the outstanding social event of the year.

Return From Trip To Europe. Mr. and Mrs. E. G. Finnagan and Mrs. W. A. Darden who have been touring Europe for the past two months, returned home yesterday.

Presbyterian Prayer Services. This evening at eight o'clock the prayer services will be held in the churches of our town. Go to one of them. At the Presbyterian church the study will be "II Chronicles 1:36. Causes of Captivity." Plan to be there with a real desire for a blessing. Bring some one with you.

Officers Called to Meet. The officers, elders and deacons of the Presbyterian church are urged to attend the prayer meeting this evening, and remain for a very important meeting after the prayer services.

Miss Hart in Richmond Hospital. Friends of Miss Bertha Hart will regret to learn that she is in Johnson-Wills hospital, Richmond, Va., where she underwent an operation Tuesday.

MEMORIAL BAPTIST PRAYER SERVICE

Mid-week service of prayer, praise and Bible study tonight at 8 o'clock. Let us keep this engagement with the Lord. You will be helped to face the tasks of this day with stronger faith and greater courage. Come with us. Bring your Bible. The pastor will lead our discussion tonight on the topic of "Giving."

School Books Wanted. People who have second hand school books in grades from 1st to 6th, could put them to a good use by bringing them to the Welfare office where deserving children throughout the county may have an opportunity to get them. There are many families whose circumstances are bad and unless books are provided by interested citizens who have a supply of books on hand many of these children will be handicapped indefinitely for use of books.

Return From Fishing Trip. Mr. and Mrs. W. E. McGowan and Mr. and Mrs. J. R. Lawrence spent yesterday at Minnott Beach fishing. They reported a good catch for such a bad day, as they caught between 80 and 100 trout, croakers, bluefish and pinfish.

The Realistic. For beauty and satisfaction no permanent compares with The Realistic. Why? Ask the woman who has one! Call 31.

Mar-Vel-O Demonstration. Mrs. Lloyd K. Wooten, of Kingston, will be here Friday at Hill Home's Drug Store to demonstrate "Mar-Vel-O," a new face cream. The demonstrations will be held at eleven o'clock in the morning and three-thirty in the afternoon, on the mezzanine of the drug store. All ladies in the city are cordially invited to visit the drug store and see the demonstration.

Special. For ten days only, beginning Wed., Sept. 10th, our ten dollar permanent wave for \$5.00. This is an unusual offer and for a limited time, so make your appointment early. Rosebud Beauty Shop, phone 379.

Plan to Develop Polo Asheville, Sept. 10.—(AP)—Development of polo as an all-year sport for Asheville is planned by a group of polo enthusiasts, headed by Robert E. Smith who succeeded in organizing several girls' teams.

Methodist Prayer Services. Come to prayer meeting this evening at 8 o'clock. Every member is invited. Now for several times we will have a most interesting and helpful study. The general theme is "How We Got Our Bible," and the subject for this evening is "The Ancient Versions." An interesting feature will be the collection of all the oldest Bibles in the possession of our members and also as many different translations of the Bible as we may happen to have. You will miss much if you are not present.

Return From Automobile Tour. Misses Alma Browning, Frances Wahl, Eunice McGee, Cleo Rainwater and Ola Ross have returned from a tour the New England states and Canada.

RED OAK NEWS

Everybody in Red Oak community who will help us with our fair exhibit at the Pitt County Fair is invited to a meeting at the club house next Friday night, Sept. 12, at 7:30 o'clock. It is very important that we meet then and make some plans. Don't wait for a personal invitation, but come and bring someone who is interested with you. We are hoping that Miss Nice and Mr. Arnold will be with us at that time. Every member of the Red Oak Home Demonstration club is urged to be in attendance.

Mrs. B. T. Pittman and children, Mrs. Pattie Bridges, Miss Tessie Harris and Mr. Jarvis Pittman, of Macleesfield, spent Sunday at the home of Mr. J. F. Pollard.

Miss Mary Selma Pittman has returned to her home in Macleesfield after spending some time with Miss Irma Pollard.

Falkland News

Miss Annie Mayo spent last weekend in Greenville with Misses Mattie Vines and Elizabeth Mayo.

Mr. Louis Crisp has left here for Snow Hill, where he will be a teacher in the school there.

Miss Olive Mayo returned Sunday from Greenville, where she had been visiting Miss Virginia Pierce.

Miss Virginia Pierce, of Greenville, was the guest of Miss Delphia Satterfield for a few days this week.

Mrs. Hugh Smith and Ada Marslander and Misses Edith Marslander and Virginia Pierce spent Tuesday in Pinetops with Mrs. Ben Stokes.

Miss Olive Mayo delightfully entertained Monday night in honor of Miss Edith Marslander who will leave this week for Greenville to attend the high school there this year.

The main game of the evening was Carron. Coca Colas and cakes were served as refreshments. Those who enjoyed the hospitality of Miss Mayo were Misses Edith Marslander, Delphia Satterfield, Virginia Pierce, Annie Mayo and Ruth Pittman; Messrs. Harvey Tyer, William Harris, King Mayo, Charlie Tyer and Edward Mayo.

THIS MIGHT BE A LAW ABOUT A FEW THINGS!

Erwin, N. C., Sept. 10.—(AP)—Even Ananias never thought of one to equal the story David Stephens tells for truth. Going a-fishing with his wife, he hook caught. He scrambled into the stream after it, stepped on an old automobile tire, threw it out on the bank. Inside, Stephens said, were nine catfish, from twelve to fifteen inches long.

This May Be a Story, But— Lenoir, N. C., Sept. 10.—(AP)—Most queer stories come into newspaper offices. This came out of the News-Topic shop here. A big rattlesnake was killed in it. And somebody stole Editor Johnston Avery's typewriter. To appreciate just how queer that last is, you'd have to be acquainted with the typewriter, the editor explains.

OWN A FARM

Why rent when you can buy as cheap as rent? Why work for someone else when you can work for yourself?

We can sell you a farm and give you as long as you want to pay for it.

We have desirable farms, with newly painted houses that can be bought by paying as little as \$100 per year. Farms ranging from 25 acres to 200 acres.

We have already had a large number of inquiries. If you are interested, fill in the attached blank and mail to

N. O. Warren
Greenville, N. C.

or North Carolina Joint Stock Land Bank,
Durham, N. C.

Without obligation on my part, please give me full information regarding your farms.

REVOLUTIONARY GOVERNMENT RULES ARGENTINA

With the Hipolito Irigoyen government unseated by an army-navy rebellion the movement has spread throughout the republic. The above picture shows the government offices at Buenos Aires which were stormed by crowds that ransacked the building after the downfall of the government.

New Kelvinator On Display In Local Display Rooms

That there is something new under the sun has been proved by Kelvinator Corporation of Detroit, said E. E. Rawls of the Carolina Kelvinator company, local distributors for Kelvinator electric refrigerators.

"We have just placed on our floors the new YUKON model priced at the lowest figure at which any Kelvinator has ever been priced. It is a quality electric refrigerator in every respect, adhering in its construction to established Kelvinator standards of workmanship and materials.

"The new model is of all rust-proof steel construction, a seamless one-piece shell with opening in back for ventilation. Its outside finish is of elastic white enamel, especially developed by Kelvinator in its own laboratories. The inside of the cabinet is white porcelain with rounded corners. Five cubic feet of food storage space are provided, and there are more than nine square feet of shelf area. Two trays, one metal and one rubber grid, have a capacity of 42 ice cubes, totaling four pounds of ice at a single freezing.

"Kelvinator designers have gone far in the YUKON model in providing low refinements and features of convenience which will appeal to the housewife. One of these is a cut-out in the lower shell which makes room for the storage of tall milk bottles. Another is the new conveniently located temperature control plate which makes instantly available, with a turn of the dial, five distinct temperatures of freezing speeds. At the top of this plate is a new feature, the defrosting switch. Turned to the 'off' position the motor is disconnected and defrosting takes place. This completed, a turn of the switch to the 'on' position causes resumption of the freezing process.

"The new YUKON is mounted on five inch legs, which permits sweeping under the cabinet another feature which will appeal to the home manager.

"Inside the door is a trim of blue black porcelain which is non-chippable and adds a touch of beauty to the interior. The hardware is exceedingly artistic in design, being made of die-cast Butler chrome finished material. The latch is a perfect device which opens instantly and closes with either a light push or gentle slam. It holds the door air-tight.

"Mechanically, the new refrigerator maintains the well known Kelvinator standard of efficiency. It has the flooded type of cooling and is equipped with a standard Kelvinator condensing unit, separate motor and compressor with belt drive. Silent operation is assured by mounting this unit on cushions

and rubber springs, which absorb all vibration. The cooling unit and the condensing unit are both removable from the cabinet at one operation, a feature new to this particular Kelvinator model.

"The new Kelvinator YUKON is the refrigerator that thousands of families have waited for—a high grade job at a popular price. Public acceptance of electric refrigeration has existed for some time, but until now there has not been a quality cabinet job available at a price low enough to attract the great majority to buy. Kelvinator has swept the price barrier away at a stroke, and we are looking for a tremendous increase in our trade now that we have this splendid electric refrigerator to offer prospects whose circumstances would

not permit them to invest in one of the larger and more expensive models. We are happy indeed to be able to offer them in the YUKON a refrigerator which is all quality at such a low price.

Tennis for Exercise

New York—George Lott intends to play tennis for exercise hereafter, giving up tournaments. "It's a great game for fellows in school," explained, "but when you go to work you can't afford the time necessary to keep in form. You've got to give up one or the other."

A Healthy Scalp

High Will Begin Football Practice Here Tomorrow

Football practice at the local high school will get under way tomorrow afternoon, Coach C. W. Porter announced today. An unusually hard schedule is slated for this season and the lack of experienced material means that a lot of hard practice will have to be gone thru with before the team can be brought up to the level with teams of former years. Only a handful of lettermen are back and the backfield will have to be made up of entirely new material.

A NEW STOCKING OF A NEW CHARACTER

ADMIRING GIRL-FRIEND: "Yes, darling, those stockings are sheer! And simply dull-lishus! Just a bit of gossamer—and probably your allowance is, too, after vanity leads you into several pairs of them."

PROUD POSSESSOR: "Don't talk sheer nonsense—wear sheer loveliness! Don't be dull intellectually—be dull fashionably. These are CHIFFOAM*—which means no runs—and no errors—but lots of hits. And they're not expensive—because they wear so long and beautifully. It seems it's all in the twist—but try them yourself."

THE SECRET: — it's the tighter twisting of the silken threads. Result:—longer wear

CHIFFOAM* — greater durability and what's more—

gossamer sheerness.

Of course, it's dull—

for that's what women want. But thrift is woven in every thread—thrift as well as chic!

EQUAL—THAT IS THE WORD.

Equal—That is the word! On that word I plant myself and my party.—Charles B. Aycock.

The ruling by Judge Meekins, of the Federal court, that the Legislature cannot give exemption from taxation to individual owners of stock in foreign companies and levy and collect on such property when held by a corporation, may or may not be affirmed by the Supreme Court at Washington. It may be that, following many precedents—all bad—he has, like scores of other judges, twisted the Fourteenth Amendment from its purpose to protect corporations. These things are debatable. In invoking the Fourteenth Amendment, Judge Meekins has the highest judicial authority, and cannot be criticized for doing what his superiors have done.

Whatever difference of opinion there may be as to the wisdom of his decision and the applicability of the Fourteenth Amendment, or the right of the Federal courts to intervene, there will be universal approval by those who stand for equality that the spirit of his decision is just and right. The whole basis of taxation in North Carolina is set forth in Section 3 of Article 5 of the State Constitution in these words:

Laws shall be passed taxing, by a uniform rule, all moneys, credits, investments in bonds, stocks, joint stock companies or otherwise; and also all real and personal property according to its true value in money.

That principle was taken from the Declaration and is Jeffersonian. Equality has been the guiding star of North Carolinians from the beginning. It was because Federalists departed from it that in 1800 Federalism was defeated. It is because as a party the Republican party opposes equality that it can have no continuing victory in North Carolina. If the Democratic party shall tie itself to the doctrine of classification, a camouflage for Privilege, it will be untrue to its creed and principles. Judge Meekins is right in the declaration that the State should not exempt foreign securities from taxation when held by an individual and subject them to taxation when held by a corporation. The Legislature that exempted this property from taxation departed both from justice and equality and adopted Privilege. It is to be regretted that so gross a piece of favoritism has been tolerated in North Carolina and that it remained for a Federal Court to do what should have been done by State authority.

The next General Assembly should promptly repeal the discrimination and place all property on the tax books "by a uniform rule." This would not necessitate a ruling by the Supreme Court of the United States. There will be objection to this, of course by the same disciples of Favoritism and Privilege who secured that piece of Federalistic legislation. Indeed, fearing that the Supreme Court will affirm Judge Meekins, we may expect to see the owners of foreign securities join hands with the holders of other intangibles, and redouble the attempt to secure the ratification of the classification amendment to the Constitution, so that if Judge Meekins is affirmed they can make common cause for a lower rate of taxation than is imposed upon land and houses and factories.

olina and that it remained for a Federal Court to do what should have been done by State authority. The next General Assembly should promptly repeal the discrimination and place all property on the tax books "by a uniform rule." This would not necessitate a ruling by the Supreme Court of the United States. There will be objection to this, of course by the same disciples of Favoritism and Privilege who secured that piece of Federalistic legislation. Indeed, fearing that the Supreme Court will affirm Judge Meekins, we may expect to see the owners of foreign securities join hands with the holders of other intangibles, and redouble the attempt to secure the ratification of the classification amendment to the Constitution, so that if Judge Meekins is affirmed they can make common cause for a lower rate of taxation than is imposed upon land and houses and factories.

ABOUT TOWN

The city schools will open the week and hundreds of children will return to the school rooms to take up studies which they left off at the end of the Spring term. It is to be hoped the youngsters will take advantage of the splendid educational training offered them through high type of schools in the city and county. They will have the same chance of reaching the high branches of learning as hundreds and thousands before them have had and if they do not take advantage of them, they have nobody to blame but themselves.

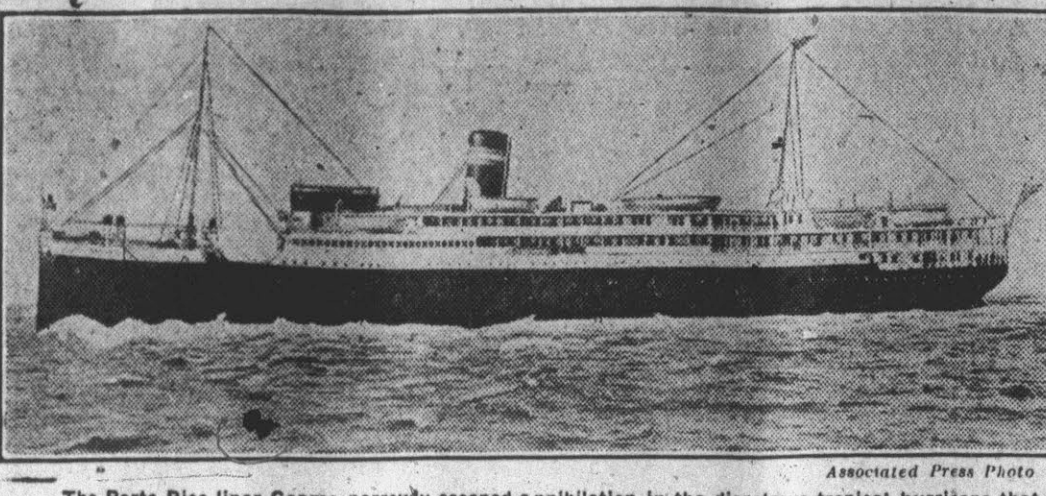

The parents should do everything to encourage their children in accepting the splendid chances of development offered through the school system. It is impossible for the teachers to convert the child into a finished product without the sympathetic help of the parents. The teacher may do her best by the child as far as teaching goes, but she cannot make him learn. In other words she cannot learn for him and every student must be the master of his own destiny.

The child must be encouraged at every stage of the educational training and nobody can do that better than the parent. It is to be hoped this fact will be taken into consideration and that everybody will do his best to make the coming session one of the best in the history of the school.

It is rather difficult to do in the face of such low prices, but Pitt County farmers are doing their best to believe that predictions for improved prices, voiced by prominent tobacco men before the opening of this market, will come true sometime in the near future. It is hard to realize anything at this time other than what is actually happening, but the boys are "sitting tight" hoping that the seemingly improbable will come to pass before they are crushed by the critical financial state of affairs.

It is a heart-breaking experience to the men who have toiled day and night over a period of long months to be forced to bring their tobacco to market and see it go at prices below the cost of production. It is still harder to bear by reason of the fact that this section did not produce over a half crop of common weed last season, and looked forward so hopefully to this season to help them recover from the blow.

BATTLED HURRICANE; ALL PASSENGERS SAFE

The Porto Rico liner Coamo narrowly escaped annihilation in the disastrous tropical hurricane that swept Santo Domingo. The battered liner limped into port at San Juan after passing through the center of the storm.

If you have been in the habit of speeding and running across stop signs without stopping, see that you abandon the practice at once. It will save you the embarrassment of being hauled into court or probably paying a hospital or undertaker's bill.

Business probably has seen better days in Greenville, but merchants are doing everything possible to keep a stiff upper lip, as the old saying goes, believing that conditions will improve sometime in the near future.

This faith in the possibilities of the locality has caused many business houses to lay in splendid stock of merchandise, including some of the best values ever seen here before, and the patrons of this great shopping center will have the privilege of buying exactly what they want.

It matters not in what section of the country you have traded in bygone years, make it a point to visit Greenville in the future and take advantage of the vision of the merchants. It will mean a great saving and that is what everybody is looking for at this time.

Sour Stomach

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes. Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia.

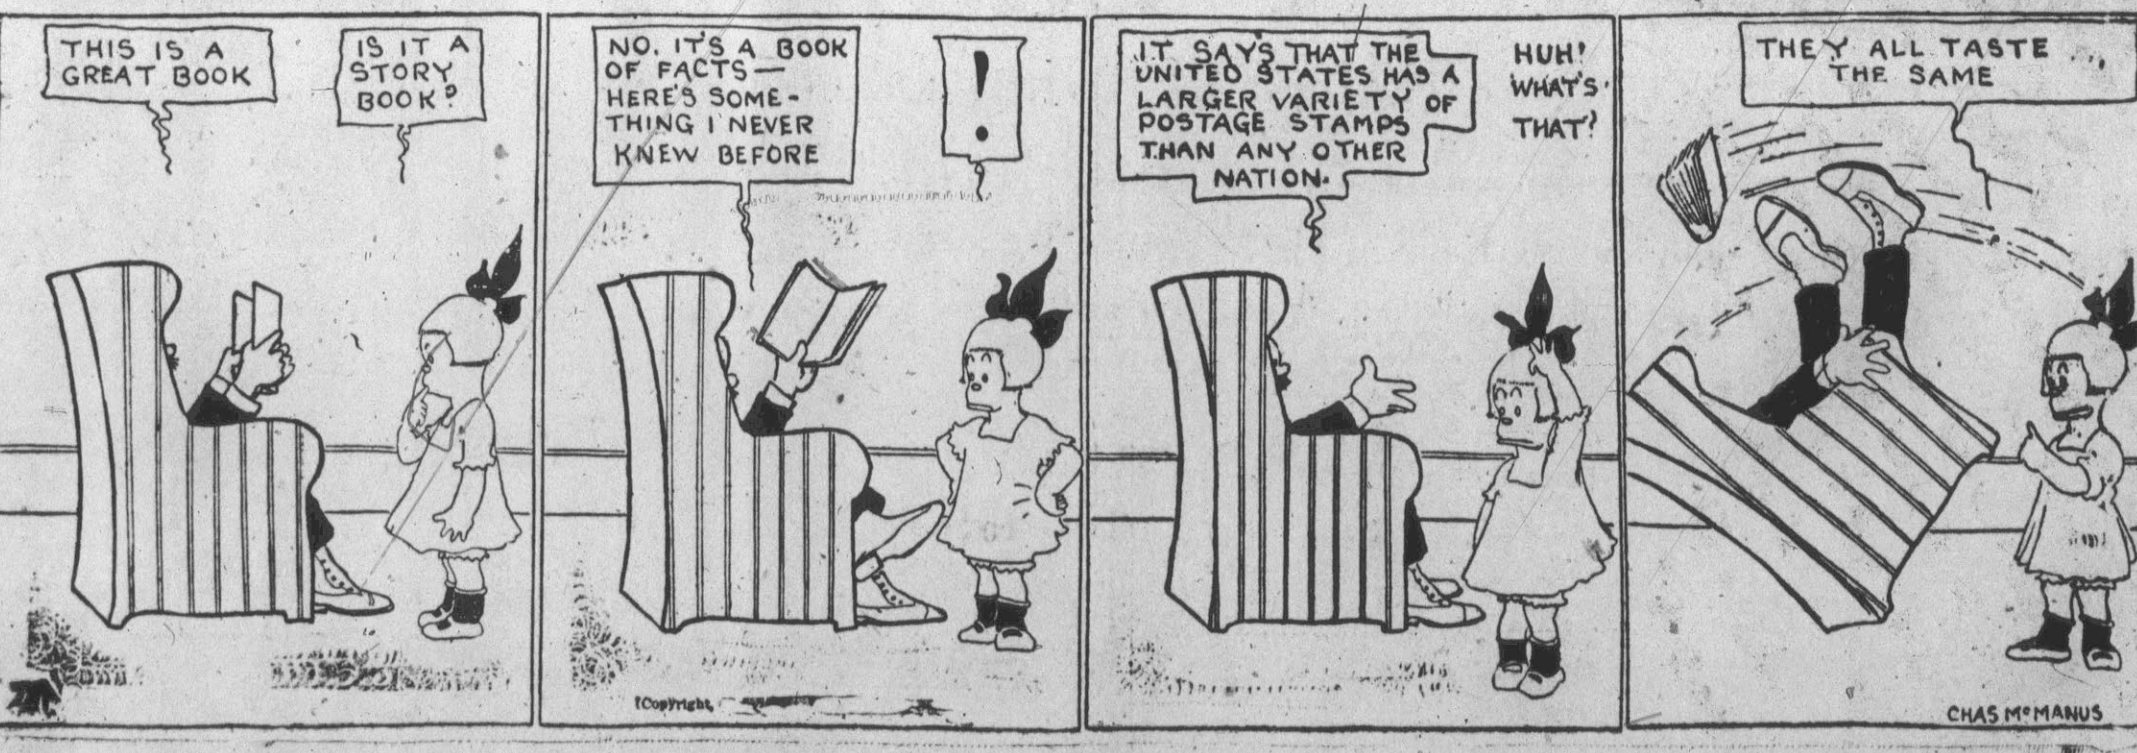

by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drug store. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

THE BEST WAY TO WHITEN TEETH
 A single application of Phillips' Dental Magnesia Toothpaste will bring glistening, white teeth and a sweet breath. Prove it at our expense. Write The Phillips Co., 170 Varick St., New York, N. Y., for free ten-day tube.

Cook Electrically

DO YOU KNOW
 That when cooking in the electric oven, the current is on only a third of the time?
DO YOU KNOW
 That in an electric oven there is less shrinkage of meats and pastry?

DOROTHY DARNIT

PENNANT RACE GETS TIGHTER IN NATIONAL

By HUGH S. FULLETON, Jr. (Associated Press Sports Writer) The National League race was tighter than ever today.

After Brooklyn's 3 to 0 triumph over the Cubs and New York's 2 to 1 victory over St. Louis yesterday, here is how the four leaders are lined up:

Club	W.	L.	Pct.	Behind Play
Chicago	80	57	.584	—
St. Louis	77	59	.566	2 1/2
Brooklyn	78	60	.565	2 1/2
New York	77	60	.562	3

Brooklyn gained a full game on the two teams ahead of it, and went into a virtual tie with St. Louis for second place, trailing by only one point.

The Robins' two babes, Phelps and Herman, figured heavily in the victory. Given great support, Phelps limited the Cubs to five hits as he bested Pat Malone in a pitching duel. Herman put the finishing touch on the struggle in the eighth inning when he slammed the ball into the left field bleachers for his first home run and the last two runs of the game.

The Giants and St. Louis went even in the first half of the seventh, but the Giants got to Grimes for a single and a double to open their half of the frame and scored twice on a pair of hits to the infield.

Cincinnati's latest losing streak went to six games as the Phillies defeated the Reds, 8 to 6. Frank O'Doul, acting as a pinch hitter, cleaned a home run with two on base in the sixth to tie the score and two more runs off Larry Benton in the eighth won out for Philadelphia.

The American League race remained unchanged although Washington's Senators had a long hard struggle to keep from losing any ground. It was not until the 12th inning that the Senators put on one of their characteristic rallies, scoring five runs to defeat St. Louis, 9 to 4.

The league leading Philadelphia Athletics had their troubles in Detroit and came out on the long end of a 3 to 1 score only through the efforts of their slugging recruit outfielder, Jim Moore, who broke up the struggle between Lefty Grove and Earl Whitehill with his second home run in the two weeks or less he has been with the A's. The homer provided the margin that enabled Grove to win his 20th game of the season.

The New York Yankees clung to their slim chance of overtaking the A's by combining some of their 16 hits with gifts from Cleveland pitchers, to defeat the Indians 8 to 6. Five hit batsmen were among the features of the game, which was notable principally for its poor pitching.

The Chicago White Sox combined the day's biggest collection of hits, 19, with a five hit pitching job by Pat Caraway to defeat the Boston Red Sox, 10 to 1.

LOTS OF NEW FACES IN THE ARMY LINEUP

By EDWARD J. NEIL (Associated Press Sports Writer) West Point, N. Y., Sept. 10.—(AP)—It's hard to recognize the current edition of Army's football machine, what with new direction, new faces and new raiment.

Red Cagle, the agile Red Rover, has moved away along with Hertz Murrell, his plunging partner, and Buster Perry, the thundering tackle. Biff Jones has shifted his military base to Oklahoma and even the vivid golden jerseys have been changed in favor of the more formal black with gold piping. Only the setting on the plains is the same and the caliber of the men who go to make up Army's yearly challengers for national supremacy.

Major Ralph Irving Sasse, of Wilmington, Del., Jones' successor as head coach, has gone over completely to the Warner school of football as expounded by the old master "Pop" himself, at Stanford. The cadets this year will start their changes from the familiar wing formations developed first in far western football, specializing in spinners, sharp breaking bucks, deceptive slants and passes.

Sasse is in splendid shape as far as a line is concerned. Carlmark and Messinger, on the ends; Price at one tackle; Capt. Humber and Hillsinger in the guards, and Miller at Center, all are veterans. His backfield veterans consist chiefly of "Reddy" Carver, 1929 quarterback, and Borwan, a sub, but he looks with delight upon a rare crop of ball carrying graduates from last year's undefeated plebe squad.

In fact it seems possible that the four regulars in the backfield, before the season is far under way, will be "Cy" Litzel, fullback from Carnegie Tech; Roland Elliott, former quarterback at Lehigh; Ken Fields, from Illinois; and Ed Herb, ex-Colgate, halfbacks, all plebes last season.

Fights Last Night

Chicago—Edgar Norman, Chicago, knocked out Bert Quinn, (1).
Indianapolis—Tracy Cox, Indianapolis, outpointed Henry Falega, Des Moines, (1).

SPORTS SLANTS

As a back for all-star debate, a correspondent wishes to know the outstanding performer of each major league club for the current campaign.

I can think of a number of easier assignments. It is provocative of headaches, but this list can be inspected and sifted according to personal taste or preference.

American League
Athletics—Mickey Cochrane, Al Simmons and Lefty Grove.
Senators—Joe Cronin and Same Rice.
Yankees—Lou Gehrig and Babe

Ruth.
Indians—Wes Ferrell, Johnny Hodapp and Earl Averill.
Tigers—Charley Gehringer and Earl Whitehill.
Brown—Lefty Stewart and Ralph Kreeg.
White Sox—Carl Reynolds and Ted Lyon.
Red Sox—Tom Oliver and Danny McFayden.

National League
Cubs—Hack Wilson, Kiki Cuyler and Gabby Hartnett.
Robins—Glen Wright, Babe Herman and Al Lopez.
Giants—Bill Terry.
Cardinals—Frankie Frisch.
Pirates—Pie Traynor and Adam Comorosky.
Braves—Wally Berger and Soxie Seibold.

Reds—Harry Hellmann.
Phillies—Chuck Klein and Phil Collins.
It is one of the main hopes and expectations of Louis Stoddard, the chairman of the U. S. Polo Association, that the rapid development of national interest this year in the galloping sport will lead to inauguration of an east-west series for national supremacy in 1931.

Heretofore there has been no cause for even a mild sectional debate, for the good and sufficient reason that 95 per cent of the "big league" polo talent rode on Long Island. Polo long has been played in the west, but only recently has it reached high-society proportions and sent such players into the international arena as Pedley and Boeske

of California, Smith and Williams of Texas.
These four would give any other combination in the world a great battle, now or next year, even spotting Thomas Hitchcock, Jr., to the opposition. They will have the chance to do it, if Stoddard's plans materialize.

Except that it promises to furnish some fast and furious fist-fighting, there seems no real reason for the match between Lightweight Champion Al Singer and Welterweight Contender Jimmy McLarnin in the wide open spaces of the Yankee Stadium this September 11. The only things they have in common are that Singer won't fight Jackie (Kid) Berg, his leading light weight rival, and that McLarnin

for the time being can't gain a bout with the welterweight champion. Singer knocked out Sammy Mandell, but Sammy wasn't the same young man who gave a boxing lesson a season or two ago to McLarnin. Irish-Canadian Jimmy figures to have too much stuff for Jewish-American Al to handle, but both can do a lot of damage when they connect with the right spot.

History, Sept. 10.—(AP)—W. D. Morrow has found his stolen automobile, though in no ordinary fashion. The machine was discovered submerged in the Catawba river at the exact spot where Luther Turner and his sweetheart, Elsie Poover, went to a tragic death in Turner's automobile last fall.

THIRTY thousand welcoming shouts as he steps to bat... the idol of them all. Ball one! Ball two!... and cr-rack! he's done it again. Popularity to be lasting must be deserved.

Yesterday's Stars

Clarence Mitchell, Giants—Held Cardinals to seven hits and bat them, 2-1.

Babe Herman, Robins—Smashed 31st homer with one on in ninth to help beat Cubs, 3-0.

Pat Caraway, White Sox—Beat Red Sox, 10-1, with five hit pitching performance.

Earl Combs, Yankees—Drove in four runs with three singles in the game with Indians.

Jim Moore, Athletics—Rookie's homer with one on enables Athletics to beat Tigers, 3-1.

Big League Leaders

NATIONAL LEAGUE
Batting—Terry, Giants, .405.
Runs—Cuyler, Cubs, 140.
Runs batted in—Wilson, Cubs, 163.

Hits—Terry, Giants, 229.
Doubles—Klein, Phillies, 51.
Triples—Comorosky, Pirates, 23.
Home Runs—Wilson, Cubs, 47.
Stolen bases—Cuyler, Cubs, 34.

AMERICAN LEAGUE
Batting—Gehrig, Yankees, .389.
Runs—Ruth, Yankees, 139.
Runs batted in—Gehrig, Yankees, 156.

Hits—Hodapp, Indians, 205.
Doubles—Hodapp, Indians, 46.
Triples—Combs, Yankees, 13.
Home Runs—Ruth, Yankees, 18.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Sept. 10.—(AP)—Cotton opened very steady at an advance of 9 to 13 points on a renewal of the covering movement which developed yesterday and which seemed to find additional incentives in the steadiness of Liverpool and continued small volume of sales from the south.

Trade buying was again in evidence and there was some commission house demand on the advance which carried the market up to 11.10 for new October and 11.53 for March or about 13 to 15 points net higher.

There was a little more cotton for sale at these figures apparently and there may have been some local selling on a belief that the rains reported in the south would benefit the crop. There was no aggressive pressure, however, and the market was steady within 2 or 3 points of the highest at the end of the first half hour.

Liverpool cables said that hedging and short selling in that market had been taken by continental and Bombay buying on the advance and reported an increased cloth inquiry from India.

GRAIN MARKET

Chicago, Sept. 10.—(AP)—Nervous price fluctuations were the chief characteristics of a dull market in wheat today.

Prices held within a narrow range of 1c a bushel and generally averaged slightly higher. The chief incentives for higher prices were strength at Liverpool and the crop report of the Free Press at Winnipeg which estimated this year's wheat crop in Western Canada at 336,000,000 bushels against 282,000,000 bushels last year.

All buyers apparently were holding off until after the United States and Canadian governments released their official crop estimates this afternoon.

Wheat closed nervous 3-8-10 higher than yesterday's closing prices. Corn was unsettled ranging from 1-8c lower to 1-4c higher, oats were 1-8-1-4c up, and provisions showed a range from 10c decline to an advance of 2c.

STOCK MARKET

By CLAUDE A. JAGGER
 Associated Press Financial Editor

New York, Sept. 10.—Cheered by further improvement in business statistics, professional speculators continued for the fifth successive day to make bullish demonstrations in the stock market today, but the general public still remained rather cold to equity shares.

The advance, while limited, was broad, embracing most sections of the list. Utilities, merchandising issues and several of the manufacturing issues were in particular demand, and rails showed a better tone. Such shares as American Can, Radio, Air Reduction, Westinghouse, General Electric, National Biscuit and Paramount gained a point or more. Shares selling up 2 to more than 3 included Byers, Spang, Chalfant, American Power and Light, Vanadium, Pacific Lighting, Atchison, and Union Pacifics. Allied Chemical sold up nearly 5.

The U. S. Steel Corp. reported a drop of about 440,000 tons in unfilled orders during August—the largest decline for that month in seven years, but Wall Street was inclined to believe the corporation would not have increased its rate of production without confident expectation of better business in the fall.

Particularly pleasing was the tabulation of total freight car loadings for the last week in August, showing a gain of 43,955 cars over the last week in August, showing a gain considerably larger than is seasonal for the period, and lifting the volume of freight movement from the levels of 1922 to those of 1924.

The Federal Reserve's report that 530 department stores showed a drop in August sales volume of 11 per cent from August of last year was accepted as indicating

water over the dam, since several merchandising organizations have recently reported improvement.

Several issues were helped by corporate news developments. Ward Baking A sold up a few points. While rumors of an actual merger of Ward with Gold Trust have been denied, some sort of alignment is looked for. Diamond Match sold off further, reflecting denial by the Kreuger interests of any intention of purchasing a large interest in it.

Call money held at 2 1/2 per cent with an easier undertone. The piling up of funds incident to the September 15 government operations is expected to flood the money market with funds.

Where is Kinston?
 Kinston, N. C.—(AP)—The rattle snake over which an automobile had to be run six times before it died, and which inflicted half inch gashes in the tires, was undoubtedly a native of the Kinston area, where the spikes grow tough and the yards grow tall.

FOUR THOUSAND PERSONS LOSE LIVES IN SANTO DOMINGO STORM

Four thousand people lost their lives when a tropical hurricane leveled Santo Domingo, capital city of the Dominican republic. Other thousands were injured and left homeless. The property damage was estimated at between forty and fifty million dollars. This picture, pushed by airplane to Atlanta, shows debris piled in one of the principal streets.

NEW ARGENTINE OFFICIALS ADOPT SEVERE MEASURES TO PREVENT REPRISALS

(Continued from page one)

... in activities of the paramilitary union were to be keynotes of his administration in the Argentine.

Stressing especially his desire for friendly intercourse with the United States, General Uriburu declared:

"I desire my government to establish friendly and mutually advantageous relations with the United States and shall name an ambassador to Washington the instant that the United States recognizes the new Argentine government."

The president denied emphatically that the deposed president, had been put in jail or had been taken aboard a warship. "After I arrived at government house Saturday," he said, "I discovered that the president had fled from the capital. Later he was placed in the barracks of the Seventh Infantry at La Plata where he was held until his resignation.

"At that time his imprisonment ceased. On advice of his physician he remained at the barracks, since it was reported his health would not permit him being moved. My personal hope is that Sr. Irigoyen's condition soon will be so improved that he may be removed to a sanitarium where he will be able to recover.

"As proof of the government's concern in his health I will say that he has been given every possible attention. I personally sent two of the Argentine's most eminent physicians, Dr. Mariano Castex and Azael Alfaro, to visit him and I am now awaiting their report. Mr. Irigoyen is free to leave the barracks and if he desires the government is disposed to place at his disposal all conveniences.

"If he desires to leave La Plata on a warship the government will afford him this service. His removal to a private sanitarium seems the best move just now, and I expect his advisors soon to order abandonment of his quarters in the barracks. He presently occupies the rooms of the officer commanding the garrison."

Keller New Head Reformed Church

Salisbury, Sept. 10.—(AP)—With the Rev. John H. Keller, of China Grove, as its new president, the Potomac Synod of the Reform Church in the United States turned its attention today to business matters incident to its 58th annual meeting.

This afternoon the delegates, 300 strong, will be taken by automobile to Concord and Mount Pleasant, then to the historic lower stone church and to the Nazareth Home, where supper will be served. Delegates will return here for the night session.

Mr. Keller succeeds the Rev. E. the Synod. Other officers elected included Dr. Clarence Sapp, Newton, vice-president; the Rev. Felix Park, Silver Run, Md. corresponding secretary, and the Rev. William J. Lowe, McConnellston, Pa., recording secretary.

Representatives from Maryland, Pennsylvania, District of Columbia, Virginia and North Carolina are present.

ADMINISTRATORS' NOTICE

Having this day qualified as administrators of the estate of the late C. S. Elks, Pitt County, North Carolina, all persons are hereby notified to present their claims to the undersigned administrators within twelve months from this date or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment.

This August 26th, 1930.

Man Describes How Lumber Official Was Slain Near Kinston

Kinston, Sept. 10.—(AP)—The story of how James C. Causey, 53, was found dead in a woods near here July 3, shot to death, his automobile burned and his body charred, was related today in the trial of Herman Casey, 45, on a charge of murder of the Suffolk, Va., lumberman.

The details were given by Raymond Jarman, deputy coroner of Lenoir county. Jarman said he was called to the scene and made the investigation leading to identity of Casey.

He identified keys, rings and spectacles found in the automobile's ruins and testified they were Causey's. He said Casey, a truck driver, was at the scene and told him he had seen the automobile afire the day before.

"I didn't bother about it because I thought it was somebody burning their car for the insurance," he quoted Casey as telling him.

R. E. Woodard, Jr., of Goldsboro, a business associate of Causey testified he had spent the morning of July 2 with him. He said Causey had intended to go to Sedgewood country club, near Greensboro, the next afternoon to judge a horse show.

Woodard told of coming to Kinston to see Causey on the morning of July 3 and of learning later there that his friend had been slain.

The jury, selected yesterday, is composed of 10 farmers, one carpenter and a filling station proprietor. Approximately 100 witnesses have been summoned for the trial.

Casey was arrested a few days after Causey's body was found and has been held without bond since. Milton Wood, farm boy arrested at the same time, said Casey robbed Causey, shot him and set the automobile afire.

Peggy Duncan Swims the English Channel

Dover, Eng., Sept. 10.—(AP)—Peggy Duncan, 200-pound South African girl swimmer, succeeded this afternoon in her effort to swim the English channel. She landed at South Foreland from Cape Griz, France, at 12:35 p. m.

Miss Duncan who is 19 years old, had hoped to beat the 14 hour 25 minute record of Gertrude Ederle established four years ago. Entering the water at about 8:20 p. m., here initial speed was about 21-2 miles an hour. The total time for her swim was 16 hours and 15 minutes.

In 1926 when Miss Duncan was just 15 years old she set a new mark in swimming from Robben's Land to Cape Town, a distance of about seven miles, in 9 1/2 hours. The water was said to be colder than that of the English channel and to be infested with sharks.

She was the only one of six women and six men who started the race to finish.

She started training for her channel swim at Boulogne, France, early in August of this year.
