MAY ABANDON FLIGHT FROM JAPAN TO U. S.

The Lack of Finances Blasts Plans for Non-Stop Crossing of the Pacific By Bromley

Omirato, Japan, Sept. 16.—(AP)—Lieutenant Harold Bromley, tonight abandoned his attempt to fly across the Pacific this year but said he hoped to obtain backing for a trans-Pacific effort in 1931.

Replacement of damaged parts in his plane would require one month, Bromley said, and it then would be too late to attempt the flight this season. He plans to store the plane in Yokohama during the winter.

Ominato, Aomori Prefecture, Japan, Sept. 16.—(AP)—The fear they might be unable to attempt another non-stop airplane crossing of the Pacific from Japan to Tacoma, Wash., was expressed today by Harold Bromley and Harold Gatty.

Bromley, Tacoma aviator, who for more than a year had sought to claim for himself the distinction of being the first man to span the Pacific in a heavier-than-air craft, said lack of finances might compel him to abandon the flight.

"I am unable at this time to make a definite statement, however," he declared.

Gatty, an Australian, who joined Bromley in the capacity of co-pilot and navigator, was frank in expressing his belief the flight will be abandoned. He concluded a narrative of Bromley's latest venture, of which he was a partner, with the statement:

"Personally I think another attempt at present is out of question, the typhoon season is here and we cannot hope again for conditions as good as those existing when we left Samishiro Beach Sunday."

Gatty revealed it was a damaged exhaust pipe and not a leaky gasoline feed line which caused the return of the vermilion monoplane "City of Tacoma" to Japan after a flight of almost twenty-five hours during which the plane traveled 1,200 miles towards its goal.

"The return trip was agony and even now I hardly know how we managed it. We both are semi-conscious at times," he said.

"Gatty said they reached Horio, principal island of Japan, while it was still dark Sunday morning. They circled for a time, looking for a place to land.

"We found a beach which appeared suitable," Gatty continued, "and although we knew Samishiro Beach was only fifty miles further we felt unable to continue."

Gatty said they dumped their remaining gasoline to lighten the load, fearing the sand would be soft, and landed. The undercarriage of the plane sank into the sand, but the ship was not damaged.

A few fishermen of the village of Shatsukari, near which the "City of Tacoma" landed, rushed to the plane after it stopped. They found both aviators lying on the sand, semi-conscious from the effects of escaping exhaust fumes. The fishermen notified the police station at Shatsukari, from where a physician was dispatched, but the fliers soon recovered.

Bromley planned to return to Shatsukari today to determine the feasibility of removing the plane to Samishiro Beach.

Convict Keepers Held For Death of Negro At Raleigh

Raleigh, Sept. 16.—(AP)—Three men, charged with the care of convicts, today were held responsible for the death of Willie Bellamy, Negro, who died in convict camp No. 5 in Wake County.

Gordon Watkins, superintendent of the camp, Vance Mangum and Swardie Council, guards, were named in a grand jury presentment yesterday and charges with manslaughter in connection with the Negro's death.

Bellamy's death resulted from "heat prostration," the grand jury report said, "caused directly by brutal and inhuman treatment received during the five days he was a prisoner at camp No. 5."

The report further said there was evidence of immorality, drunkenness, and profane language on the part of Watkins, Mangum and Council, and evidence that Watkins did not stay on the job more than half of the time and was drunk during part of that time.

Two Kisses for Coste
Boston—Louise Steff, 16, will remember Deiondrea Coste by two kisses, one on each cheek. When his plane was over Portsmouth, N. H., on the way to New York from Paris a map fell out. Louise returned it when the Captain visited Boston.

LAST RELICS OF ANDREE PARTY REACH NORWAY

Supposed Remains of Knute Frankel On Board Boat Bound for Tromsøe

Skoavik, Norway, Sept. 16.—(AP)—The last relics of the Andree polar balloon expedition were brought back today to the world which knew them 33 years ago with arrival of the little Swedish vessel Isbjorn from White Island, or Hvitoen.

The Isbjorn, which has aboard among other things the supposed remains of Knute Frankel, third member of the Andree expedition, is in here for repairs heading to proceed later today toward Tromsøe, where the relics will be taken ashore and examined by experts.

In the eight days which the Isbjorn has used to reach here from Hvitoen, the ship's master, Capt. Knjut Subendorf, has had members of the expedition which went to the Andree camp site after it had been discovered by men aboard the Bratvaag, carefully catalogue and take every means of preserving everything found remaining there.

The Isbjorn's trip plans have been put between glass sheets which permit them to read easily. In the center of the ship's hatch there stands a simple wooden box—made by the crew from the shelter over the ship's motor—which is still dripping water as the ice melts from about the remains of Frankel.

Among the many discoveries of the Isbjorn expedition is a map on which is traced in red the tortoise journey of the Andree party from day to day, forward and backward like the lines of a seismograph, with the hapless party entirely at the mercy of capricious nature.

Possibly the most sensational revelation in the notes on the map is the fact that the Andree party drifted around on exactly the same spot north of Foyen Island where the Noble tragedy was enacted in 1928.

Captain Subendorf said he believed there ought to be a great chance of finding what was left of the Noble expedition somewhere on the west coast of Franz Josef Land, east of Spitzbergen.

One of the most pathetic objects was a birthday letter to Neis Strindberg, a member of the ill-fated expedition, from his little brother, Tore.

Mabel Yarborough, daughter of a Charlotte merchant, who entered a plea of guilty to a charge of being an accessory to the robbery received a 5 to 8 year sentence.

Mary Frick, pretty Rockwell school teacher, the only one of the quartet to fight the charges, was given a sentence of 6 to 8 years. A jury found her guilty yesterday.

Honeycutt and Ellis implicated both the girls in pleading guilty to the charges. They said Miss Frick drew a diagram of the bank for them and that she and Miss Yarborough aided in planning the robbery.

The bank was robbed during the early part of last month. The two girls were arrested a few days later. Charlotte on an automobile theft charge and a story implicating Honeycutt and Ellis. The two youths were arrested in Clearwater, Fla., on information given by the girls.

The Senate Campaign Funds Committee Resumes Main Line of Inquiry Today After Declining to Hear Oscar Carlstrom, Attorney General of Illinois

Chicago, Sept. 16.—(AP)—The Senate campaign funds committee denied Oscar E. Carlstrom, attorney general of Illinois, the privilege of presenting a statement in defense of "The honor and dignity of Ruth Hanna McCormick" today and returned forthwith to the main line of its inquiry.

Senator Gerald P. Nye, chairman opened today's hearing with a statement denying that the committee had spied on private affairs or pilfered records from the files of Mrs. McCormick, who charged yesterday by committee operatives in a statement issued last night.

The charges and counter charges of spying were then sidetracked and Mr. Nye called Mabel G. Reinecke, formerly collector of internal revenue as a witness.

Mrs. McCormick and heard advisors, Attorney General Carlstrom, officials of the Danenberg Detective agency which Mrs. McCormick employed to "shadow" Senator Nye, and Charles O. Rundall, counsel for the Danenbergs, were waiting when Chairman Nye, Senator Roscoe Patterson of Missouri, and Senator C. C. Dill of Washington took their seats. Their committee colleagues, Senator Dale of Vermont and Wagner of New York, had not arrived.

In his statement "setting forth the position of this committee," Senator Nye denied it had ever employed spies to follow and pry into the private affairs of anyone and denied emphatically that it had directly or indirectly planned or participated in any way in the theft of records from Mrs. McCormick's files.

Carlstrom stood waiting while Nye read his statement.

"Mrs. Ruth Hanna McCormick has been charged with some very serious things," he said. "Justice demands that she be given the right to defend her honor and dignity, both as a candidate and as a member of Congress. I don't feel that she or the State of Illinois is being accorded justice. We want to establish proof, on the testimony of two witnesses certain facts pertaining to the work of committee agents in this matter. We have these witnesses ready to present in this hearing. We have kept them from hands into which they might have fallen—only to become intimated."

FOUR SENT TO THE PEN FOR ROBBING BANK

Two Youths and Two Young Women Sentenced At Salisbury This Morning

Salisbury, Sept. 16.—(AP)—Ted Honeycutt and John Ellis, Charlotte youths, and two girls tried here with them for robbing the Bank of Rockwell today were given prison sentences.

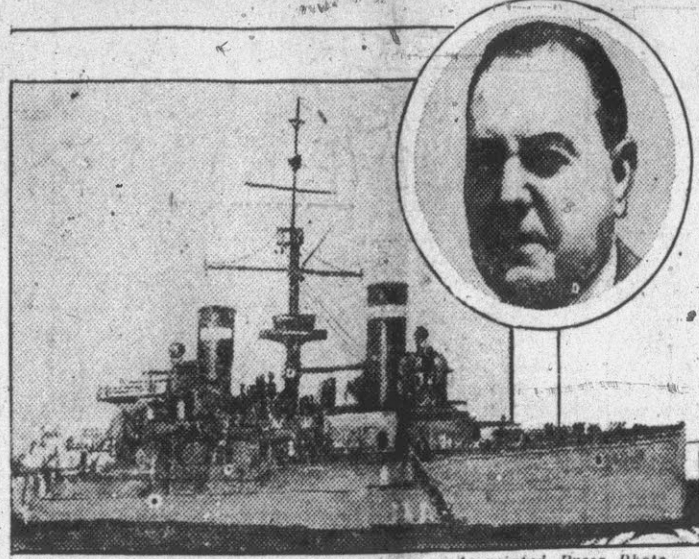

Presiding Judge John Clements sentenced each of the boys to from 10 to 14 years in State's Prison at hard labor. Both had pleaded guilty.

Mabel Yarborough, daughter of a Charlotte merchant, who entered a plea of guilty to a charge of being an accessory to the robbery received a 5 to 8 year sentence.

Mary Frick, pretty Rockwell school teacher, the only one of the quartet to fight the charges, was given a sentence of 6 to 8 years. A jury found her guilty yesterday.

Honeycutt and Ellis implicated both the girls in pleading guilty to the charges. They said Miss Frick drew a diagram of the bank for them and that she and Miss Yarborough aided in planning the robbery.

TOOK IRIGOYEN INTO EXILE

The cruiser Belgiano aboard which Hipolito Irigoyen, aged former president of the Argentine republic, was taken into exile. His departure from Buenos Aires was said to have been by his own choice.

HINDENBURG PROMISES TO AID BRUENING

President of Germany Will Support Chancellor In Effort to Hold Government

Berlin, Sept. 16.—(AP)—Chancellor Bruening today cancelled his out-of-town visits and began a strenuous campaign to negotiate with party leaders toward obtaining a workable majority for the government.

Dr. Bruening has received definite pledges of support from President Hindenburg and a considerable number of influential politicians and the impression was gained by observers today that his position would be strong.

Supporters of the Hindenburg-Bruening government which has been ruling Germany since the dissolution of the Reichstag declared emphatically today that the administration would not take up the question of resigning because of the outcome of Sunday's election.

The octogenarian president who fully recognizing the mandate of the people in Sunday's Reichstag elections, will it is said, acquiesce in no efforts at sabotage of parliamentary government by Adolf Hitler's Fascists, who amazingly increased their representation in the German legislative body from twelve to 107 in the nation-wide polling.

The chancellor faced today what political observers felt was a most difficult, well nigh impossible task. His own centrist group gained eight seats in the Sunday balloting, giving them a representation of 68, but his life as chancellor seemed to depend upon the attitude the Social Democrats, whose representation is 143 in the new body, take toward him.

Prior to dissolution of the Reichstag the Social Democrats consistently voted against the government on matters of importance, particularly economic and financial reform bills. To secure their collaboration the chancellor probably will have to make concessions which will cost him other elements of his support and keep his cabinet near the precarious bare majority mark in the Chamber.

Tobacco Meetings To Be Held Today

Raleigh, Sept. 16.—(AP)—Members of the North Carolina Tobacco Relief Commission were to be elected today in county meetings in the new bright leaf tobacco belt.

Election of the "Relief Commission" composed of a delegate from each of the tobacco-producing counties, is the second major step in the formation of a new tobacco growers co-operative association.

Decision to launch a new co-operative market association was reached at a mass meeting last week at which time the "relief commission" was provided for as one of the steps of relief from the "Tobacco Price Crisis."

James C. Stone, tobacco member of the Federal Farm Board, will explain to a mass meeting here tomorrow plans for launching the new association.

Negro Killed When Sand Pit Caves In
Rocky Mount, Sept. 16.—(AP)—Three negro workmen were buried beneath tons of dirt today by a cave-in at the city sand pit here. Other workers rescued two alive, but the third was dead when the diggers reached him.

John Forbes, 38, was the negro killed. The others, Isham Robinson and Abram Small, were slightly injured.

L. B. Aycock, city manager, said the accident was the first at the pit in 10 years.

Highest Average Price of Season Established Here

Tobacco prices improved somewhat in Greenville yesterday and the market was able to establish the highest general price average of the season, according to the official report of sales given out this morning.

The day's offerings consisted of 853,796 pounds which brought \$89,348.55 at an average of \$10.46 per hundred pounds.

It was stated that there was approximately 750,000 pounds of leaf on the various warehouse floors today with indications that sales would be completed during the mid-afternoon.

The average yesterday was over a cent higher per pound than any other sale of the season, and was believed to have been the result of an increase in the offerings of better grades.

KINSTON MAN ELECTED PITT HEALTH HEAD

Dr. R. S. McGeachy to Succeed Dr. Ham As Director of Local Health Department

Dr. R. S. McGeachy, of Kinston, has been elected as director of the Pitt County Department of Health. He will assume charge of his new duties the first of October, succeeding Dr. Clem Ham, who has been in charge of the department nearly two years.

Dr. McGeachy at present is director of the Lenoir County Health Department. He has been in charge of the office for the past ten years, and is one of the veterans of public health service in this part of the state. He will remain in Kinston to complete his work with the health office there before coming to Greenville to assume active charge of the work in Pitt County.

The election of the health director to some extent straightens out the unsettled situation which has existed in the health office since last June when a cut in appropriations brought about a reorganization of the office and a cut in personnel.

Dr. Ham's resignation was tendered to the department at that time, but he was re-elected. He resigned a second time several weeks ago, but was asked to remain on the job until a successor could be obtained.

Dr. Ham has made no announcement concerning his future intentions.

Fliers Arrive At Miami After Cracking Plane

Miami, Fla., Sept. 16.—(AP)—Captain Lewis A. Yancey and two companions arrived here from Nassau today aboard the Murson liner Munargo, following the wrecking of their plane in which they were completing a tour of Central America and South America.

The plane crashed near Georgetown, Exuma Island last Friday as the fliers made a forced landing in a swamp.

Yancey was accompanied on the trip by Zeh Bouck, radio operator, and Emil Burgin, pilot. Yancey acted as navigator for the journey. They planned to leave here tonight by boat for New York.

Captain Yancey said all equipment in the plane was lost in an explosion and fire resulting from the forced landing.

"We were lucky to get away with enough clothes to cover ourselves," he commented. "We had a lucky break—a mighty lucky break. It was a wonder we weren't killed."

FIVE STATES STAGE BATTLE OF BALLOTS

New York Among the States to Choose National and State Officers Today

Washington, Sept. 15.—(AP)—The selection of candidates for national and state offices was before five states today in party primaries and nominating conventions.

The primaries in New York, Massachusetts and Wisconsin and the conventions in Connecticut and Delaware virtually complete the choice of party standard bearers for the general elections seven weeks off. Only a few nominating conventions in scattered states remain to be held.

A variety of issues, ranging from prohibition to chain stores and banking, have marked the contest ended by today's balloting. In two states, Massachusetts and Delaware, senatorial candidates were to be chosen. Gubernatorial selections were to be made in the Bay State, Wisconsin and Connecticut. All five states nominating candidates for the House.

Three Republicans and five Democrats sought nomination for the Massachusetts State seat now held by the Republican Senator Gillett, who is retiring. The Republicans were William M. Butler, former chairman of the Republican National committee; Eben S. Draper, former state Senator; Mayor Andrew J. Bossy; Gillis of Newburyport. The Democrats were Marcus A. Coolidge, former Fitchburg mayor; former Governor Eugene N. Foss; Peter J. Joyce, a manufacturer; Thomas C. O'Brien, former district attorney; and J. F. O'Connell, formerly member of the House.

Butler and Foss are dry, Draper and Coolidge wet. Gillis styles himself "moist."

A Delaware Democrat was to be selected to oppose Senator Daniel O. Hastings, Republican nominee, former Senator Thomas F. Byard, a wet, and national committeeman, Josiah Marvel, supporting by drys were leading candidates before the convention.

Philip F. LaFollette sought to wrest the Wisconsin governorship, held for three terms by his father, the late Senator Robert M. LaFollette, from Walter J. Kohler, the incumbent millionaire manufacturer.

Massachusetts Republicans had Governor Allen seeking renomination, opposed by Mayor John D. Devir of Malden. Three Democrats craved nomination for the post. Governor Trumbull of Connecticut and Lieutenant Governor Rogers were possible gubernatorial selections, in the Republican convention, of that state.

Few contests of importance developed in the New York Congressional races.

Page Trust Company Opens Defunct Bank At the Capital City

Raleigh, Sept. 16.—(AP)—Agreeing as liquidating agent to pay depositors 50 cents on the dollar as soon as legal and clerical arrangements can be made, the Page Trust Company opened the banking "house" of the defunct Raleigh Banking and Trust company here this morning.

Arrangements for the transfer of the bank were completed at 5 o'clock this morning after officers and directors of both banks had been in session from early last night.

The last call statement of the Raleigh Banking and Trust Company, at close of business as of June 30, showed deposits of \$2,167,180.28. The bank's capital stock was \$200,000 and surplus was listed at \$300,000.

The State of North Carolina had \$298,000 on deposit in the Raleigh bank, which it was said at the offices of the State Treasurer, was protected in the amount of \$307,000 by state and government bonds.

Mr. Robert Page said this morning that it could not yet be announced when the Page Company, as liquidating agent, could begin payments to depositors of 50 percent of their accounts, but that it would begin as soon as the Corporation Commission examiners completed an audit of the affairs of the defunct bank.

D. M. Darden and C. E. Taylor, bank examiners, started an audit this morning.

Branches of the Page Trust Co. are at Aberdeen, Carthage, Hamlet, Raeford, Siler City, Thomasville, Liberty, Ramseur, and Sanford.

Pitt Farmers Declare For 25 Percent Cut Of Leaf Acreage Next Year

Also Recommend That Farmers Refuse to Sell the 1930 Floor Scrap Tobacco In Order to Reduce the Crop; Name Members to Governor Gardner's Tobacco Relief Committee Which Meets In Raleigh Tomorrow

John G. Whant of Concord is the republican candidate for governor in New Hampshire.

YACHT RACE POSTPONED AT NEWPORT

Pea Soup Fog Causes Calling Off of Third Run Between American, British Boats

U. S. S. Kane, Newport Harbor, Sept. 16.—(AP)—The third race of the series for the America's Cup, scheduled for today, was called off at 10:26 a. m.

A pea soup fog, which had given signs of lifting, settled down again shortly after ten o'clock and the committee decided that a race today was impossible.

At 10:20 the committee ordered all boats already at the starting line to return to port and six minutes later the postponement signal was hoisted.

Neither the Enterprise, American defender, nor the Shamrock V had left port.

The fog made navigation difficult. Two large yachts, identity of which was not learned, collided in the harbor but with little apparent damage to either.

Only a faint southwesterly breeze was blowing, hardly sufficient for racing and much too light to drive away the fog.

The light breeze hardly would have carried the two big racing sloops around the 30 mile course in the 5-1-2 hour time limit under which the race must be completed to be official.

The third race will be sailed tomorrow, weather permitting.

Today's respite may make it unnecessary for the Shamrock to ask a postponement of the fourth race, which had been considered if today's race had been sailed and the Enterprise again had won.

So far as could be seen through the fog neither of the large yachts which collided was damaged to any extent.

They came together in full view of hundreds aboard the spectator fleet. Both apparently were bound out for the starting line when the mishap occurred.

It was believed the collision hastened the decision of the committee to call off the race.

Wade Marr Severs Connection With Raleigh Land Bank

Raleigh, Sept. 16.—(AP)—Wade S. Marr today severed his connection with the Atlantic Joint Stock and Land Bank of Raleigh.

Former Governor Angus McLean having announced yesterday that Marr's resignation as secretary and treasurer of the bank had been "unanimously accepted." A statement from the bank's directors said Marr had resigned in order to give his entire time to "efforts to straighten out the affairs of the brokerage firm of Durkin and Marr," now in receivership.

No funds of the bank were involved by the firm's failure, the directors said.

Pitt County farmers gathered in mass meeting at the courthouse here this morning passed resolutions recommending a twenty-five percent reduction of tobacco acreage during the coming year, that farmers refuse to sell their 1930 crop of floor scrap tobacco, and appointed a member to Gov. Gardner's Tobacco Relief Commission which will hold its first session in Raleigh tomorrow.

The meeting, called principally for the purpose of electing a member to the Governor's Commission, was largely attended by business men and growers from many sections of the county, and the courthouse was packed to capacity. Numbers of talks dealing with the seriousness of the price situation existing in the tobacco industry at this time were made by prominent business men and planters, and it was declared that the only relief possible lay through reduction of acreage and refusal to market or sell any part of this season's crop of floor scraps.

It was the consensus of opinion that destruction or composting of all low grades of tobacco would reduce the present crop to such an extent that a direct demand would be created and this in turn would mean improved prices. While the proposal was not put to vote, virtually everybody present signified a disposition to abide by the sentiment of the meeting and to refuse to offer a pound of scrap for sale in the future.

Opinion was expressed on all sides that action through a contract for acreage reduction would take care of the crop production for next year.

J. E. Winslow, who presided over the meeting, was chosen as the county's representative on Governor Gardner's Tobacco Relief Commission, and J. T. Thorne, of Farmville, alternate. It was urged that as many people as possible attend the meeting in Raleigh tomorrow as it was the purpose of the governor and his commission to work out some kind of plan for the relief of the present serious situation.

Raleigh, Sept. 16.—(AP)—Gov. O. Max Gardner and representatives in business and agriculture will meet in executive session here tonight with James C. Stone, Federal Farm Board member, to discuss plans for relief of tobacco growers of North Carolina.

Governor Gardner today said the meeting would be behind closed doors and that what transpires will probably be kept in secret until a general mass meeting, to be addressed by Mr. Stone, is held tomorrow.

"I don't know what we can do, but we do hope to be able to do something to help now," the Governor said. "We can't do anything to help now so that another situation like the present can be averted. Both ideas will probably be discussed fully tonight."

In the meantime today members of the North Carolina "Tobacco Relief Commission" were being elected in county meetings in the new bright leaf tobacco belt. Election of the "relief commission" today follows decision made at a mass meeting here last week to launch a new tobacco-co-operative. There commissioners will attend the mass meeting here tomorrow.

Cleveland Prepares to Honor Two Fliers

Cleveland, Sept. 16.—(AP)—Cleveland prepared an elaborate tribute today to Major Deiondrea Coste and Lieutenant Maurice Bellonte, France's air conquerors of the Atlantic.

The public was urged to turn out by the thousands to greet the French aviators at a reception at Public Hall where the program called for brief speeches by civic officials when they arrived at 3 P. M.

The climax will come tonight when several thousand residents of Cleveland and Akron will attend a dinner in honor of the distinguished fliers.

ABOUT TOWN

Certain street intersections were marked recently with a view of preventing "u" turns, but for some unknown reason the markings have received little attention. Whether the people do not understand why the signs were put there or wish to willfully violate the law is a matter of speculation, but in either case their conduct is a menace to public life and should be stopped.

If necessary the wording "No U Turns" should be placed in the center of the markings so that nobody will be in doubt about what is expected to do. And if violations should continue in the face of this action, the police department should watch the intersections and carry the violators before the mayor to explain why they failed to observe the traffic regulations.

With the general increase of automobiles it is absolutely imperative that traffic laws be carefully observed, and people who violate them cannot expect to remain immune from prosecution.

Pitt county tobacco growers met at the courthouse here today to select a representative of Governor Gardner's Tobacco Relief Tobacco Relief Commission which will begin to function at the meeting called at Raleigh Wednesday morning.

Just what the outcome of the Raleigh gathering will be cannot be foreseen at this time, but since the governor and the leading farmers are up in arms because of the low prices being paid for the principal crop of the eastern half of the state it may be expected that some drastic action will be taken to improve the situation.

The governor realizes that something must be done to reduce acreage in coming years, but most important of all, he also recognizes the fact that something must be done now. With tobacco going at prices away below the cost of production, it is a recognized fact that the state is faced by an acute situation, and its seriousness will increase if there should be no improvement in the price situation.

In view of this fact, some action is in the offing for an attack on present prices, and if it should meet with any degree of success the entire state and especially this section, will render thanks to the members of the commission for their timely action.

People who permit their yards to become cluttered with paper are violating a city ordinance, and unless the situation improves in Greenville some of the people violating the law are going to be called into court to answer to the charge.

Old papers scattered about one's premises form an unsightly appearance and pride alone should cause the property owners to clean up and attempt to keep their neighborhood above the criticism of public officials, or those charged with the responsibility of keeping the city clean and sanitary.

If there is any paper scattered around your home, see to it that you clean up immediately and save yourself the embarrassment of having to appear in court to explain your carelessness.

With the opening of city and county schools automobile drivers should use every precaution possible to prevent accidents while passing through the school zones. Signs have been erected on all

CONSTIPATION RELIEVED QUICKLY

The Family Vegetable Pill will move the bowels without any pain and depressing after effects. Sick Headaches, Indigestion, Bilemness and Bad Complexion quickly relieved. CARTER'S PINK PILLS GREENVILLE BUSINESS SCHOOL opens Tuesday, Sept. 9. Limited number of students. Call or write Mrs. C. M. Tolar. Tue-Sat.

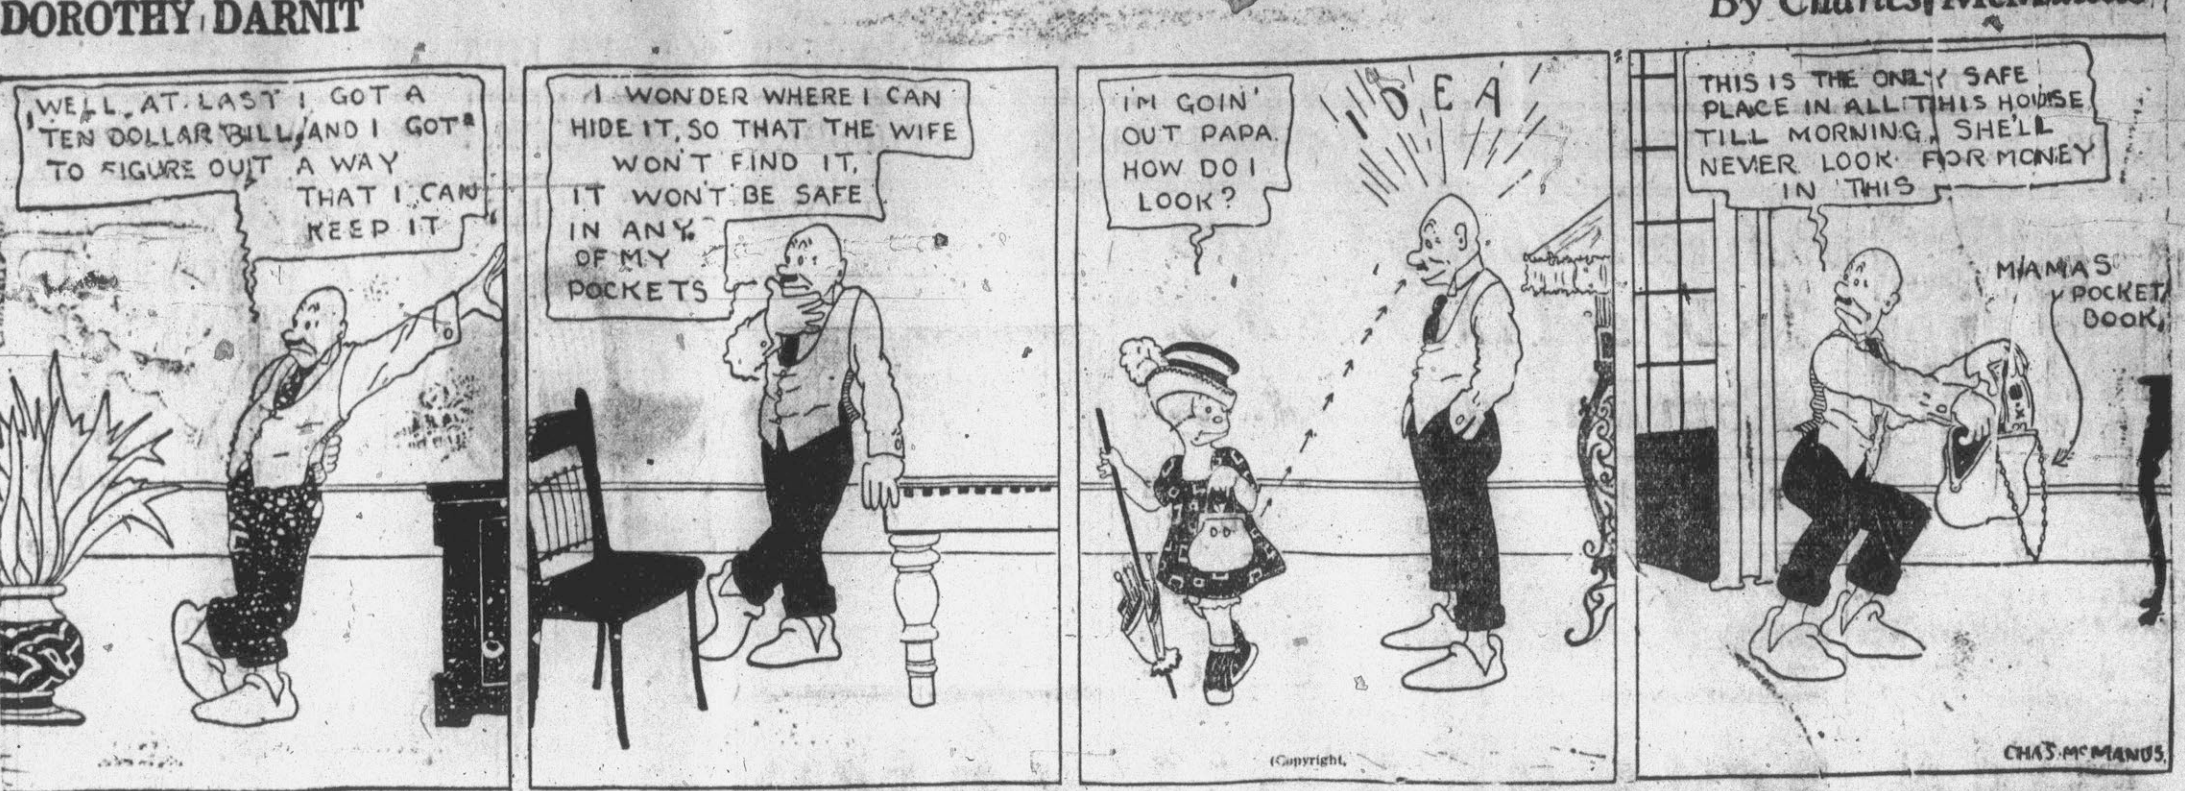

DOROTHY DARNIT

the highways to warn the driver of his proximity to schools, and if these should be carefully observed there is no reason why accidents should happen. The same signs have been placed in the cities in an effort to cut down the list of fatalities occurring from year to year, and if every automobile driver should drive slowly and carefully through the school districts the children would be able to go to and from their homes with complete safety. It matters not where you may be going or how much of a hurry you may be in, you should observe these signs and in that way do your part by increasing the safety of the thousands of school children attending the public schools.

Football season will be opening in Greenville in a short time now, and the public has been asked to support the Greenville high school club as liberally as it is possible to do so.

The boys are making an effort to put out a winning team this season, under the careful direction of Coach "Soup" Porter, and if given proper encouragement, there is every reason to believe they will emerge at the end of the season with more victories than losses to their credit.

Poor financial support in past years has handicapped the athletic department of the school to no little extent, and it is hoped, the public will rally behind the boys this season and help them "bring home the bacon."

MORE CAPITAL FOR GREENVILLE

Whatever a district's advantages in location or transportation facilities, or agricultural wealth, its progressive and prosperous development depends upon the stock of capital available for constructive use.

The farmer must have funds with which to make and market his crops, purchase live stock and equipment, improve his land, erect buildings or lease additional acreage. The merchant, likewise, must usually borrow to stock his shelves and to keep going until he can sell and make collections. And they must both go to the same place for their loans—to the bank.

A good many people think of banks as depositories for money, places in which they may put their savings or their funds for current use. The most important of the functions of a financial institution is, however, that of supplying the funds which business requires. It is to this end that it gathers together from many sources, serving, in effect, as a reservoir from which the community may draw the funds which business requires. In a community like Greenville there is always work for every

dollar of capital that can be put together. The familiar advertising slogan, "Every dollar spent in a city is a dollar for someone else in that community to spend", presents an important truth, but one no more important than that "Every dollar banked in a community is a dollar that will be spent over and over again."

Under the circumstances, the importance to Pitt county of the year's tobacco crop should be sufficiently apparent, for it is large and of good quality, and it will bring a fair price I hope. The money received for it should go far to build up the district's stock of capital and make possible a general business revival.

Greenville is one of the fastest growing cities in the South. Its population has doubled since the 1920 census. Pitt County has not, of course, grown so rapidly in number of inhabitants but the increase in its tobacco production has almost matched the city's gain and so has the market value of this leading moneycrop.

The Greenville district has, indeed, every reason to look for advance in diversified agricultural wealth as in population. Its progress—a progress by which every citizen will profit—will be stimulated by every increase in the volume of capital which the district's banks are able to accumulate, and thus to make available for agricultural and business need.

"MAKING FRIENDS AND HOLDING THEM

— is the secret of success in business. —

Says GEN. SAMUEL McROBERTS

Chairman of the Board, Chatham Phenix National Bank and Trust Company. Director, Armour & Co., American Sugar Refining Co., National Surety Co., Kansas City-Southern Railway, Brig. General, A. E. F.

"Making friends and holding them, by a friendly up-to-date usefulness, is the secret of success in business. This axiom has been the guiding force in the progress of the Chatham Phenix National Bank and Trust Company. And it is obviously the guiding force in your business—as evidenced by your use of the Ultra Violet Ray in the 'Toasting' of the LUCKY STRIKE tobaccos."

Samuel McRoberts

LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so TOASTING removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating! Everyone knows that sunshine mellows—that's why TOASTING includes the use of the Ultra Violet Ray.

"It's toasted"

Your Throat Protection—against irritation—against cough

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited General Samuel McRoberts to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of General McRoberts appears on this page.

GORMAN'S Market Report

The prices on bodied tobaccos continue to show improvement. Our entire sale today in which was a large per cent of very low grade primings and black tips averaged \$10.76 for all sold. During the past week we sold tobacco as high as 40c. We look for a steady improvement on the medium and good tobaccos during the next few days. The common grades are selling about as they did on the opening and we can see no hope for a price improvement on these grades.

Watch our sales and we are sure that you will be convinced that a knowledge of tobacco, experience and salesmanship count in the marketing of this crop. You want every dollar you can get out of this crop and GORMAN'S is the place to get it. Keep your tobacco dry and free from strings and foreign matter and bring it to GORMAN'S and we will send you home satisfied and knowing that everything possible has been done for you. Bring the ladies with you when you sell, as we have an up-to-date reception room for the ladies and children. Our warehouse is your home while in Greenville.

GORMAN'S Has FIRST SALE WEDNESDAY AND FIRST SALE MONDAY, 22ND.

Mr. and Mrs. Guy Tyson and family and Mr. Nesbitt, of Wendell, visited in the home of C. L. Parker Sunday.

Mrs. Paul Allen and family, of Farmville, were visitors of Belvoir Wednesday.

Gleba Scott and Blancy McLawhorn of Greenville, were visitors of Elmo Scott Sunday.

Milton Sills succumbs to heart attack.

Motion Picture Actor Stricken While Playing Tennis With His Wife At His Home.

Los Angeles, Sept. 16.—(AP)—Milton Sills, who deserted a career as an educator for the stage and reached his zenith of fame as a motion picture actor, is dead.

The player of "two faced" roles, was stricken last night while playing tennis with his wife, the former Doris Kenyon, film actress at their suburban home, and fifteen minutes later died of what was diagnosed as heart disease without regaining consciousness. He was 48 years old.

Sills' passing takes from the screen the second of its noted actors within a month. Lon Chaney, noted for his grotesque character roles, died here in August.

Tall and strapping, Sills was one of the films' best athletes. Although he had been ill in 1929 and last spring, he was thought to have been in perfect health this summer.

A party of friends gathered at the Sills home yesterday. During the afternoon the actor complained of feeling ill but said it was nothing serious. At 6:30 p. m. he collapsed and was carried into the house. He was dead when physicians arrived.

Mrs. Sills, shocked, was placed under the care of physicians.

Since no physician was present when Sills died, the death certificate was unsigned. Coroner Frank Nance took charge of the body and said an autopsy might be performed.

Sills was born in Chicago January 12, 1882, and attended public schools there. He graduated with a bachelor of arts degree from the University of Chicago in 1903, but remained at the University for several years as an instructor of philosophy.

An interest in amateur theatricals took Sills from the scholarly atmosphere of the university and put him behind the footlights. A prominent producer witnessed one of his performances and persuaded him to take up acting as a vocation.

Success came quickly to the young scholar, and after a debut in "Dora Thorne" in 1906 in New Palestine, Ohio, he soon became Broadway's matinee idol. Twenty years ago he played in such success as "This Woman and This Man," "Just Married," "The Governor's Lady," "Law of the Land," and "Diplomacy." He also appeared in Shakespearean plays.

In 1916 he joined the migration to Hollywood and the screen. His stature—Sills was six feet one inch tall and weighed 190 pounds—won for him the two-fisted roles which led to stardom.

Among the best of his motion picture roles were "The Barker," "Burning Daylight," "The Crash," "The Hawk's Eye," and "The Valley of the Giants."

At the height of his stage career Sills married Edith Lynne in London, May 26, 1910. To them was born a daughter, Dorothy, who was with her father when he died. The marriage ended in the local divorce courts in 1925. Mrs. Sills' charging of desertion. A year later Sills married Miss Kenyon, and to them was born a son, Kenyon Clarence Sills, now three years old.

The actor is survived by his mother Mrs. William Sills, of Chicago. His father died of a heart attack several years ago. A brother, Clarence Sills, Chicago banker, also survives. The first Mrs. Sills lives in New York.

Sills was a member of Delta Kappa Epsilon fraternity, several southern California clubs, a director of the Motion Picture Academy of Arts and Sciences.

Carthage, N. C.—(AP)—John Beasley, local newspaper publisher, broke his leg near Pinebluff when he stepped from an automobile.

Miss Jane Hall Honored.

Henderson, Sept. 4.—On Thursday afternoon Mrs. S. E. Jennette delightfully entertained at two tables of bridge in honor of her niece, Miss Jane Hall, of Greenville.

After several spirited games the high score prize, a string of lovely beads, was awarded Miss Closs Peace. The honoree was also remembered with a string of beads. A refreshing salad course was then served.

Those playing were: Misses Annie Thomas, Annie Herbert Lamb, Dot Jennette, of Norlina, Closs Peace, Mittie and Mishew Crudup, Ferbie Fenner and Jane Hall.

Mrs. Alex Cooper entertained at a dance at the West End Country club last evening in honor of Miss Jane Hall of Greenville. Dancing was enjoyed until a late hour. At twelve, however, a midnight luncheon was served. The luncheon consisted of ham and olive sandwiches, rolls, pickles, punch and cake.

About fifty guests enjoyed Mrs. Cooper's hospitality. Among the cut of town guests were Misses Betty Gray and Rosa Heath Long, of Roanoke Rapids.

Dairy Ratings. Milk grades for the dairies furnishing milk to Greenville:

Grade A—Blount's Dairy, Harvey's Dairy, Riverside Dairy, Horne's Dairy, Flanagan's Dairy.

Grade B—Copeland's Dairy.

LEGION TO INSTALL OFFICERS TONIGHT.

The regular monthly meeting of the Pitt County Post of the American Legion will be held at the Rotary building tonight at seven o'clock. The principal work confronting the organization tonight will be the installation of officers elected sometime ago.

KING'S DAUGHTERS TO HAVE SILVER TEA.

The Patient Circle of the King's Daughters and Sons will celebrate their forty-fourth anniversary with a silver tea at the home of Mrs. Hortense Moye, September 18, at eight o'clock. A program consisting of music and readings will be rendered. Everyone come and bring a friend with you.

Be sure to remember. On the 18th of September. To come to our birthday party. Our age is no more than just forty-four. We are proud of it, you see. And will celebrate with glee. So join the merry throng. And help us along to continue our Good works as of yore.

BELVOIR NEWS.

The teacherage has put on a lively appearance as all the teachers have arrived. We are glad to extend a welcome to the new ones who have come to work with us.

Friends of Mrs. C. L. Parker will be glad to learn that she is getting along as well as could be expected after having the misfortune to fall

break her arm Tuesday morning.

Major Steadman Growing Weaker.

Washington, Sept. 16.—(AP)—Representative Charles M. Steadman of North Carolina, who suffered an apoplectic stroke last week, has not responded to treatment, physicians said today his condition was "decidedly unfavorable."

The physicians said, however, there was a "possibility" that the 89-year-old Democrat, only surviving Civil War veteran in Congress, might recover.

SORE AND FRETFUL, A NERVOUS WRECK.

Oklahoma Lady Says She Took Cardui Until the Soreness Was All Gone.

McAlester, Okla.—"When just a girl, at home, I was in a run-down condition, had severe pains in my side, and would have to go to bed for a day or two at a time," writes Mrs. G. C. Worsham, 217 West Cherokee Street, this city. "My mother gave me Cardui. It built me up, and it was years before I had any more trouble."

"After I was married, I had an illness, after which I suffered a great deal with soreness in my sides and in the lower part of my body. The weight of my hand on my body would hurt me."

"I just could not stand on my feet any length of time. I fretted until I was a nervous wreck. I tried different remedies, but could not see any improvement."

"My mother reminded me of how much good Cardui had done me at home, and so I began taking it again. After my first bottle, I was better. I could tell it by the soreness being less. I kept on taking Cardui until the soreness was all gone. I felt well and strong."

TAKE CARDUI IN USE BY WOMEN FOR OVER 50 YEARS. A companion medicine to Cardui—Theodor's Black-Draught for Constipation, Indigestion, Biliousness.

"The Store All Women Know"

McGowan & Cannon Market Report

Greenville, N. C., Monday, September 15th.

We sold today nearly one hundred thousand pounds of tobacco on our third sale. Prices were much better on the better grades, especially brown lugs and good tips. We sold several piles as high as 40c per pound. We had customers today from a distance of 180 miles. All of our customers with good grades of tobacco were pleased with our sales, and said we were having the best sale in town. You will find that nobody works any harder for the farmers than we do. Bring us your next load and we will strive to please you. If you are not selling with us, come around and watch our sales and we will convince you that we sell it higher. We are the leaders in pounds and prices of the Greenville tobacco market. Below we give a few averages:

Shakelford & Hodges—170 at 28; 96 at 24; 344 at 21 1-2; 96 at 27; 30 at 26; 70 at 28; 110 at 29; 122 at 25; 54 at 29; 46 at 28; 124 at 24 1-2; Total, 1262 pounds; Total amount \$319.24; Average \$25.29

Ernest E. Williams—192 at 37; 116 at 35; 210 at 30; 70 at 29 1-2; 114 at 18; Total pounds 702; Total amount \$209.51; Average \$29.85

WE HAVE—1ST SECOND SALE WEDNESDAY, SEPTEMBER 17TH; FIRST SALE THURSDAY, SEPTEMBER 18TH.

C. H. McGOWAN & BIGGS T., CANNON, Owners and Proprietors

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Sept. 16.—(AP)—Cotton opened steady today at an advance of 2 to 11 points, with new October selling up to 10.94 and March to 11.35 during the early trading or about 8 to 12 points net higher on the more active months.

There seemed to be some buying on the relatively steady showing of Liverpool, while offerings were light and the comparative absence of southern hedging promoted more or less covering. There was some further liquidation of old style October and December contracts but it seemed to be quite readily absorbed at the prevailing difference.

Offerings increased somewhat on the advance, however, and the market reacted partially with active positions ruling about 4 to 5 points net higher at the end of the first half hour.

Liverpool cables reported that continental buying and calling had absorbed holdings in that market and that improved advices were reaching the cotton goods trade from India.

GRAIN MARKET

Chicago, Sept. 16.—(AP)—Notwithstanding new low record prices at Liverpool, the Chicago wheat market advanced today, owing very largely to assertions that France may import 35,000,000 quintals of wheat. A leading French authority was quoted as estimating that the French wheat crop will not exceed 56,500,000 quintals. Contrary to what has been the rule of late, there was said to be no material selling pressure today in spring wheat markets, notably at either Minneapolis or Winnipeg, and the market here jumped at a rapid rate in the final transactions.

STOCK MARKET

Wall Street, Sept. 16.—(AP)—The shorts again had the helm on the stock market today. Encouraged by the softness of grains and by the absence of important opposition, they piloted prices lower, uncovering numerous new weak spots.

Rallying tendencies toward noon erased declines of one to three points in prominent issues, but the bears thereupon shifted their attack to the farm implement and merchandising shares and the recoveries were more than lost. Trading tended to increase slightly on the decline, especially during the earlier hours, but such commission house selling as appeared was inconsequential and the professionals had the market virtually to themselves.

Nearly all groups shared in the general heaviness although the selling shifted frequently as though the bears were seeking quick action before an oversold condition should develop. Four point losses in International Harvester and Auburn Auto were accompanied by losses of

a couple of points in Westinghouse, Montgomery Ward, Sears Roebuck, Macy, Gillette, May Department Stores, North American and Western Union, some of which had regained earlier declines of the same extent. Grigsby Grunow was especially weak, breaking to 6 3-4, a new low, before meeting support.

Strong issues included Diamond Match and Lehigh Valley, up 3, Safeway Stores, Jewel Tea, Norfolk and Western and Ingersoll Rand, up 2, and Kroger Grocery and Curtis Publishing, which gained a point.

Reports that General Motors retail deliveries had improved to a larger extent than had been anticipated were well received, for they came on a day when one statistical chart that showed automobile production at the end of last week was at its lowest ebb of the year with the exception of the interval of the Ford shutdown. It was admittedly uncertain, however, when the General Motors improvement was indicative of a change in trend.

Call money renewed at 2 1-2 per cent, but the rate seemed to carry little significance and was lowered to 2 around mid-day. Unofficially funds were available at a concession of half of one per cent from the stock exchange figure.

Mrs. McCormick on Stage
Stockbridge, Mass.—Friends here disclosed that Mrs. Cyrus McCormick of Chicago has been on the stage incognito. For the fun of doing something "worth while" she produced "Lute Song," an adaptation of a Chinese play, under the name of Dorothy Willard and played the part of a princess. She bought some costumes from China and others were made in this country under her direction.

Help For Cotton Farmers!

The N. C. Cotton Growers Cooperative Association, through the aid of the Federal Farm Board and the American Cotton Cooperative Association, is now advancing 90 per cent of the average price being paid for cotton on the local markets.

Present Advance Nine Cents

If, however, your cotton grades better than middling 7-8", you will receive a second check as an additional advance on grades and staples.

No Calls For Margin

There will not be any calls for margin if the price of cotton should decline. In other words, there will be no comeback on the producer when he puts his cotton in the seasonal pool.

We borrow money at extremely low rates of interest. Now only 4 per cent.

Our Storage and Insurance Rates are Very Low.

NO HANGOVER FROM 1929 CROP

Cotton upon which we advanced 16c last season has been taken over by the Stabilization Corporation. Members who delivered cotton better than middling 7-8" will receive additional payments amounting to more than \$175,000. There will be no loss, either to the Association or its members, if this cotton is finally sold for less than the amount advanced.

Don't Force Your Cotton On An Unwilling Market

All farmers know that cotton is selling at less than the cost of production. Judging the future by the past, they also know that cotton will bring a better price if held off of this depressed market.

14,000,000 bales is not more than the World will consume at a fair price, if marketed in the proper way.

"Sell Your Cotton and Keep It Too"

Whether you raise one bale or 5,000 bales, it will pay you to join the Cotton Association and receive as first payment approximately what your cotton would bring on the street. AND YOU WILL STILL OWN THE COTTON.

No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Baalman's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.

That empty, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort.

That drowsy, sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and "go to sleep" prevent Baalman's Gas Tablets prevent gas from interfering with the circulation. Get the genuine in the yellow package, at any good drug store. Price \$1.

Always on hand at Greenville Drug Co., and Pitt Drug Co.

Sell Your Tobacco In Greenville With

FORBES & MORTON

On our Monday's Second Sale we had 115,000 pounds of tobacco average \$12.00 per hundred. This was decidedly the best sale we have seen. All the better grades showing a sharp advance. All our patrons were getting more than they expected, some actually doubling. For the first time we do not hesitate to advise you to sell your common and medium tobacco. We expect the good grades to advance and think they will soon be bringing a living price. We think today's sale was the largest of the season. Total figures are not available at time this is written.

FIRST SALE WEDNESDAY, SEPT. 17

FIRST 2ND SALE THURSDAY, SEPT. 18

FIRST SALE FRIDAY, SEPT. 19.

We feel sure tobacco will be selling much better, and can assure you of the highest prices in our house.
