NEW OFFICERS INSTALLED BY LEGION POST

Committee Also Appointed to Arrange Plans for Observance Armistice Day

Officers elected at a previous meeting were installed at the regular monthly meeting of the Pitt County Post, of the American Legion at the Rotary building last night. In addition, the Legionnaires also heard echoes of the state convention at Winston-Salem, made tentative plans for observance of Armistice Day and appointed a committee to draft resolutions expressing the regret of the post in the death of Dr. Charles O'Hagan Laughlinhouse, state health officer, and first commander of the local post.

The Legionnaires enjoyed their usual supper last night with J. Sam Fleming as host. Commander Dave Moore presided over the first part of the meeting and J. S. Elliott, incoming president, over the latter part.

Officers inducted were: J. S. Elliott, commander; Z. V. Bunting, first vice-commander; C. C. Martin, second vice-commander; Sam Worthington, third vice-commander; Layton McGougan, adjutant; Dr. S. M. Crisp, service officer; D. M. Clark, sergeant-at-arms; Lee Moore, chaplain; H. H. Duncan, athletic officer; Dave Moore, historian; K. A. Pittman, Americanization officer, and S. L. Bridgers, publicity officer.

The new officers were introduced by W. H. Rogers, Jr., who told them of the great responsibility resting upon them in the new field of service, and assured them that they would have the untiring support of the entire membership at all times. He urged the members of the post to co-operate with the new officers in every way possible and help them put across the future programs in big style.

Commander Elliott brought up the savel from the retiring commander, expressed his appreciation of the high honor which had been conferred upon him and pledged his every effort to uphold the high standard which his predecessor had held before the organization. He read the preamble to the constitution and asked his hearers to see that they lived up to its provisions as near as possible.

Commander Moore thanked the Legionnaires for the spirit of co-operation that had been manifested on all sides during his administration and declared that the success of the year would not have been possible without the united support of the organization.

At a suggestion from W. H. Rogers, Jr., a rising vote of thanks was extended retiring officers for the splendid service which they had rendered during the past year.

Virtually every phase of the Winston-Salem convention was described by members of the delegation who attended from the local post. Commander Moore said it was one of the most eventful meetings in history of the organization, and his statement received the hearty sympathy of Walter Cherry, Z. V. Bunting and Dr. A. M. Schultz, who also acted as representatives of the post.

Commander Elliott brought up the question of Armistice Day observance, and declared that plans should be formulated at once to give the city one of its greatest celebrations. He called upon W. H. Rogers, Jr., for suggestions regarding the observance, but the speaker declared that he had given it no consideration but thought that the day should not be permitted to pass without due attention.

S. L. Bridgers declared that the post should continue to celebrate the occasion as in previous years, and proposed that the celebration be made just as important as the post could make it. A committee consisting of S. L. Bridgers, W. H. Rogers, Jr., H. H. Duncan, F. J. Deiner and J. B. Kittrell was appointed to arrange plans for the observance.

Dr. K. E. Pace called attention of the Legionnaires to the campaign now under way in this city to provide more trees and to preserve those already on hand. He explained that virtually all civic organizations had evidenced a willingness to support the movement, and that the city had been divided into wards with each of the civic organizations being assigned a ward in which to carry on its work.

The principal object of the movement, he stated, was to beautify every section of town and especially the new residential developments which are almost completely bare of trees. Dave Moore, J. H. Corey and F. A. Jordan were asked to work in conjunction with other organizations in an effort to make the tree campaign a success.

At the suggestion of retiring Commander Moore, a committee composed of J. H. Waldrop, R. B. Lee and S. M. Graham was appointed (Continued on Page Four)

Third Race Of Cup Series Ends Disastrously As The Shamrock Loses Mainsail

Wars On Rackets

BEGIN DRIVE AGAINST CRIME AT CHICAGO

Police Seek 26 Public "Enemies" Listed by the Crime Commission

Chicago, Sept. 17.—(AP)—The 6,000 members of Chicago's police force today hunted the 26 "public enemies" listed by the Chicago Crime Commission, with Alphonse Capone, gangland overlord, the first on their list.

Backed by warrants issued last night by Municipal Judge John H. Lyle charging Capone and the other gang chiefs with violation of the vagrancy law, Chief of Detectives John Norton inaugurated the search. Judge Lyle, who made certain the warrants were returnable before him before delivering them into the hands of assistant state attorneys, announced he would set the bond for each at \$10,000.

Judge Lyle explained that he was making the bond no higher in order to offset criticism which his insistence upon larger sums in recent hoodlum cases aroused.

Danny Stanton, South Side hoodlum, already in a cell at the detective bureau, was the first of the 26 against whom the vagrancy warrant was issued. He is reputedly allied with the Capone forces.

Besides Capone, the list of 26 named included the name of his brother, Ralph, generally regarded as his chief lieutenant; his arch-enemy, George "Bugs" Moran, who is currently reported to have been displaced as North Side gang czar by the Capone forces; and other lesser lights of Gangdom's ruling set.

Tony Volpe, reputed chief gunner for the Mob Monarch, Jack Guzik, business manager of the Capone syndicate; Frank Rio, who was Capone's companion in jail at Philadelphia for a year for carrying concealed weapons; Frank Diamond, Capone lieutenant; Joseph Genero and George (Red) Barker, Capone allies, were among those named.

Others were Joseph Aiello, head of seven brothers, said to control the alcohol output of the North Side; Frank Lake, one of the original beer bosses and his former partner, Terrence Dragan; Frank McErlane, South Side gangster; Joe Sallie, retired from the South Side territory to his home in Wisconsin and Leo Mongoven, former bodyguard of Moran, now said to be connected with the rival Capone gang.

Bones Believed to Be Those of Andree

Tromsø, Norway, Sept. 17.—(AP)—Some of the human bones found by the sealer Isbjorn on White Island and brought here yesterday are believed by scientists to be those of Salmon August Andree, Arctic explorer, whose skeleton was found some time ago by Dr. Gunnar Horn.

As a consequence of the new find the Andree coffin, which recently was taken to Tromsø cathedral, was brought back to the hospital today. Experts at once began an examination, hoping to place in Andree's coffin such bones as, by matching, should be found to be his.

Enterprise Holds Her Course Apparently Determined to Win the Race Even Though It Be a Walkover; Lipton's Boat Turns to Line

U. S. S. Kane, off America's Cup Course, Sept. 17.—(AP)—The third race of the series for the America's cup today ended disastrously for Shamrock V., the British challenger, three quarters of an hour after the start.

Footing it along on even terms with Enterprise, the defender, Shamrock lost her mainsail, which billowed down, half on her deck and half in the water. She immediately lost way and came about. It appeared that a block, which holds the big wing to the mast head, had been carried away.

Enterprise started to come around when the mishap to Shamrock occurred, but then turned back on the course, apparently determined to sail out the race and claim the victory, even though it be a walkover.

The tug Susan A. Moran, carrying the race committee, steamed over to the disabled Shamrock as did Erth. Sir Thomas Lipton's steam yacht.

The challenger's crew, however, hauled in their big sail alone, and then Captain Ned Heard turned his boat back toward the starting line, turning ahead of the wind in only her topsails.

The rest of the big spectator fleet stayed close by for a few minutes and then set off after the Enterprise, footing it away for the 15 mile mark.

The mishap came so suddenly that it took every one by surprise, especially this Press boat.

All the afternoon the Kane was centered on a bobbing base in the water, which, as it drifted past, was identified as being a case of Scotch whiskey, or perhaps what Heard held a case of Scotch whiskey.

Up to the time of the mishap, Shamrock had given the best performance of the series and had shown every indication of making a real battle of today's contest.

She had all the better of the start, going across almost bow to bow with the defender but in the windward berth, which gave her a large advantage.

To this slight margin she had clung with grim determination until the accident to her rigging. The Enterprise was creeping up, however, and it appeared only a matter of minutes and miles until she would take command.

It was not believed the accident to Shamrock was serious enough to require extensive repairs, but with today's race gone she had a staggering margin to overcome. Enterprise would need only a narrow victory after today to clinch the cup.

After a conference with Sir Thomas on the deck of the nearby Erin, Skipper Ned Heard of the Shamrock turned his boat arid set out after the distant Enterprise.

Wins Speaking Contest

Springfield, Mass.—A fellow with such a distinguished name ought to be good at declamation. David K. Warfield, Jr., of Muddy Creek Forks, Pa., who is not a son of the theatrical producer has won a regional speaking contest for future farmers.

Sales Continue Light On Local Tobacco Market

According to the official report of the supervisor of sales made public this morning, the Greenville tobacco market yesterday sold 709,086 pounds of tobacco for \$74,149.83, at an average of \$10.45 per hundred pounds.

It was estimated that the price for better grades advanced from two to three dollars per hundred pounds this afternoon.

U. S. RESUMES RELATIONS IN THREE NATIONS

Normal Diplomatic Relations Ordered In Argentina, Peru and Bolivia.

Washington, Sept. 17.—(AP)—Secretary Stimson announced today he had ordered American diplomatic representatives in Argentina, Peru and Bolivia to resume normal diplomatic relations with those countries.

The secretary said he had taken into consideration that the governments recently constituted in the three countries were defacto and in control of the situation. He said it was apparent to the State Department that the governments were meeting with no resistance on the part of the people of those countries.

The promises of the governments to bring about an orderly situation and fulfill their obligations to the peoples were taken notice of.

Mr. Stimson said, the recognitions in no way indicated a new policy or a change of policy by this government towards governments owing their existence to revolution or coup d'etat.

Prompt recognition by this country was inspired, he added, by a desire to maintain friendly intercourse with the three nations and not to embarrass them by a lack of recognition during the present world-wide economic depression.

He said the recognition followed the usual rules of international law which had been supported by this country since foreign policies were first enunciated under the administration of George Washington.

The Secretary of State pointed out, however, that certain differences in policy towards Latin American neighbors were brought about by special treaty arrangements. In this connection, he recalled that the five Central American Republics sought this country to approve a treaty adopted among themselves in 1923, which refused to recognize governments coming into power in those countries by revolution or coup d'etat.

La Follette, brother of Senator Robert M. La Follette had a steadily widening lead for the nomination over Governor Walter J. Kohler and appeared to have wrested control of the party in the state from the conservative element which the latter represented. Strong supporters of Kohler conceded defeat.

Butler, former chairman of the Republican national committee had a much smaller but steadily growing margin over Eben S. Draper, his opponent in the contest for the seat now held by the Republican Senator Frederick H. Gillett.

DARKEY SENT TO THE ROADS FOR STEALING

Several Other Cases Given Hearing in the Regular Session of County Court

Simpson Collins, colored man, of the Hanrahan community, charged with stealing approximately two hundred pounds of cotton, was sentenced to six months on the county roads by Judge W. L. Wheeler, presiding over the regular weekly session of County court in this city yesterday.

Several other cases were disposed of during the session, the majority of which consisted of violations of the prohibition laws and larceny.

Jasper Braxton, charged with operating an automobile while drunk, was fined \$50 and cost and his license was revoked for a period of 90 days.

Prayer for judgment was extended to the 30th of the month in the case of Jasper House, charged with possession and transporting whiskey.

Herman Cobb paid a fine of \$50 and cost for carrying a concealed weapon.

Charged with the theft of a pistol, Heber Stocks, was sentenced to thirty days in jail.

Ernest Jenkins was sent out to the county roads to spend 90 days after he was convicted on a charge of driving while drunk.

WISCONSIN NOMINATES LAFOLLETTE

William Butler Nominated By Republican in Massachusetts

By the Associated Press
Out of the welter of yesterday's primary voting in three states Philip F. La Follette appeared today the Republican nominee for Governor of Wisconsin and William M. Butler of Massachusetts as the choice of the Republicans of his state for the Senate Governor Frank G. Allen was renominated by the Massachusetts Republicans.

La Follette, brother of Senator Robert M. La Follette had a steadily widening lead for the nomination over Governor Walter J. Kohler and appeared to have wrested control of the party in the state from the conservative element which the latter represented. Strong supporters of Kohler conceded defeat.

Butler, former chairman of the Republican national committee had a much smaller but steadily growing margin over Eben S. Draper, his opponent in the contest for the seat now held by the Republican Senator Frederick H. Gillett.

Marcus A. Coolidge of Fitchburg led Joseph F. O'Connell of Boston for the Democratic nomination to the same office. Three other candidates in the race had dropped far behind. Both leading contestants are wets.

The Democratic opponent to Governor Allen will be Joseph B. Ely, of Westfield, whose nomination for the governorship was conceded by former Mayor John J. Fitzgerald of Boston, his nearest opponent.

New York state's primaries, in which national interest was limited to nominations for the House, showed the defeat of Representative S. Wallace Dempsey, Republican of Lockport, veteran chairman of the House Rivers and Harbors committee.

His successful opponent, Gresham Andrews, favored dry repeal.

Representative Ruth Baker Pratt was given the Republican re-nomination in the "Silk Stockings" 16th district. Upsets did not appear likely in the other races.

A convention of Delaware Democrats yesterday chose former Senator Thomas F. Bayard, a wet, as their candidate for the seat held by the Republican Senator Daniel O. Hastings. The latter, a dry, has his party's nomination to succeed himself. A plank advocating repeal of the 18th amendment went into the Democratic state platform.

Explosion Damages Wilson Light Plant

Wilson, Sept. 17.—(AP)—Seven eastern North Carolina towns were plunged into three hours' darkness last night when a slight explosion ripped mahole plates off the boilers at the municipal light plant here.

The towns, Wilson, Elm City, Stantonsburg, Lucama, Sims, Bailey and Middlesex, are supplied light and power by the local plant.

NAME KELLOGG A MEMBER OF WORLD COURT

Former Secretary of State to Fill Vacancy Created By Resignation of Hughes

Geneva, Sept. 17.—(AP)—Frank B. Kellogg, formerly United States Secretary of State, today was elected a member of the permanent Court of International Justice, so-called World Court, to replace Charles Hughes, who resigned to become Chief Justice of the United States Supreme Court.

The Kellogg election was jointly by the League assembly and council in secret balloting. Later in the present session Kellogg is expected to be elected to the full nine-year term beginning January 1, next.

Kellogg received 30 out of the 47 valid votes. The other candidates voted for were not announced.

The Assembly of the League of Nations today left open a path for the United States to confer and collaborate with the Geneva body on a plan for a Federation of European states such as originally suggested by Aristide Briand, the French Foreign Minister.

The Assembly, as was previously agreed, sent M. Briand's memorandum of May 17, in which he broached the idea of a European Federation, to a special committee of representatives of the European states and members of the League for further study and report to the assembly next year.

This action was taken by unanimous consent, the resolution ordering it being presented by M. Briand himself. This resolution was changed eventually that it may avail itself of collaboration of any nation, including non-members of the League and non-European members.

The course, was considered as opening the possibility later of an invitation to the United States to have a representative on the committee which finally takes M. Briand's memorandum under advisement.

The assembly of the League today declared to declare China eligible for re-election immediately to the council of the League for forty-eight valid votes cast 27 favoring giving Nanking the right to re-enter the council this year, but to change the rule a two-thirds majority of those voting was required.

The assembly then elected Guatemala, Norway, and Irish Free State to the three council seats vacated by Cuba, Canada and Finland. Portugal's candidacy, launched only yesterday, failed.

Federal Officers Seize Big Brewery At Elizabeth, N. J.

Elizabeth, N. J., Sept. 17.—(AP)—A foamy river of beer swept through the streets surrounding the Peter Reid Brewery last night after a raid by prohibition agents who seized 150,000 gallons of beer and arrested nine men.

Just who pulled the bung that started the flow of beer was not clear. The flow was stopped by the agents after seven men headed by Jack Dunne, of West New York, N. J., arrived on the scene and said an injunction preventing the destruction of the beer had been obtained.

When the agents armed with a search warrant, kicked through a plate glass door and entered the brewery, six men are reported to have escaped through a tunnel leading to a bottling plant across the street.

Hollywood Mourns the Death of Sills

Los Angeles, Sept. 17.—(AP)—Studio flags flew at half mast today while Hollywood's film colony mourned the death of Milton Sills, scholar and actor, stricken with heart disease while in the prime of life and fame.

Mrs. Doris Kenyon Sills widow, still was in a serious condition because of shock.

Autopsy surgeons, who were called upon to determine the exact cause of Sills' death, reported yesterday the actor died of Angina Pectoris, a heart's disease, probably of five years standing.

Big Chinaman Dead

New York—Charles Lee of Long Branch, N. J., who, in view of friends, was the biggest Chinese laundryman in the world, died. A special coffin had to be built. Charles was 6 feet 2 and weighed 275. Members of the Eng family at whose home he died in New York's Chinatown said he abandoned euphorics because he could eat faster with a fork. He had two pounds of meat at a meal and some times three bottles of beer.

Ralph A. Horr of Seattle, wet candidate, was chosen as republican nominee for congress from the first Washington district.

HERMAN CASEY SENTENCED TO DIE IN CHAIR

Sentenced to Death for the Murder of James Causey, Suffolk Lumberman

Kinston, Sept. 17.—(AP)—Herman Casey, 45-year-old truck driver, convicted of killing James C. Causey, 53, Suffolk, Va., lumberman, today was sentenced to die in the electric chair on December 5. He gave notice of appeal to the Supreme court would be filed.

Casey, though appearing worn and haggard after his week's trial, displayed no emotion at the verdict, standing unmoved before presiding Judge W. A. Devin.

The jury convicting him returned its verdict of first degree murder late yesterday, but Judge Devin deferred passing sentence at the request of defense attorneys who said they wished to question one of the jurors.

The juror, Samuel Elmore, appeared for questioning this morning but was dismissed. The defense announced it had decided not to question him.

Judge Devin in dismissing Elmore said he was convinced the jury was above reproach.

Casey, member of a prominent eastern Virginia family, was found shot to death in a wooded section seven miles from here last July 4. His automobile had been set afire and the body was badly burned.

Detectives arrested Casey and Milton Wood, 20-year-old farm boy, on suspicion and Wood related that Casey had killed the Virginian after robbing him. Wood appeared as the state's principal witness in Casey's trial.

Eight N. C. Cities Above the 25,000 Population Mark

Washington, Sept. 17.—(AP)—North Carolina has eight cities with population between 25,000 and 100,000.

A revised list of cities having in 1930 inhabitants numbering between those figures issued today by the Census Bureau showed 270 such cities in the nation.

Charlotte led North Carolina's contingent with 82,645 persons, trailed closely by Winston-Salem, Wilmington, the smallest, had 32,167 and was the only one of the group to register a decrease since 1920. Greensboro's percentage of growth, 169.0, was greatest.

Gov. Gardner Tells Planters That Co-operative Marketing Is Only Hope For America In Agriculture; Stone Pledges Support of Federal Farm Board; Brooks Declares Farmers Are Behind The Movement.

Raleigh, Sept. 17.—(AP)—Tobacco farmers of North Carolina this afternoon were apparently moving near and nearer to formation of some kind of co-operative organization for the handling of their crop after listening to an address and advice by Gov. O. Max Gardner, James C. Stone, member of the Federal Farm Board, and leaders in agriculture and business in Eastern North Carolina.

The growers unanimously adopted a resolution that the "Tobacco Relief Commission" immediately undertake to project into reality some form of organization conforming to Government Farm Board standards.

Leland Kitchen, Scotland Neck farmer and business man, introduced the resolution.

The resolution called for the commission to "immediately retire" when the general meeting adjourns to consider the organization. It also provided that the governor be authorized to appoint at least seven "disinterested" citizens of the state to assist in the perfecting of the organization.

Mr. Kitchen declared on the floor of the meeting that the farmers "were already lost" if their effort for a co-operative did not have the backing of business men, bankers and the people generally in support of his provision for seven citizens.

Following adoption of Mr. Kitchen's resolution Gov. O. Max Gardner called a meeting of the executive committee on the newly formed "Tobacco Relief Commission" for 3:30 this afternoon in the hall of the House of Representatives of the state capital to prepare a program "for presentation to the people of North Carolina."

The program, Governor Gardner said, will be based on the action taken at the mass meeting today and the one last Thursday looking toward the formation of some kind of tobacco co-operative association in the state.

Meeting in the City Auditorium here, hundreds of farmers at a general mass meeting were told by Gov. O. Max Gardner that the purpose of the gathering was to "project into reality" plans laid at a similar mass meeting here last Thursday. The Governor also told "the gathering that the co-operative marketing idea was "the only hope for America in agriculture."

The Federal Farm Board stands ready to render "every assistance" to North Carolina farmers, Mr. Stone, vice-chairman of the Farm Board, told the farmers and business men assembled to seek relief from the "tobacco price crisis."

"We will loan you every penny we can under law," Mr. Stone said, "and we will guarantee to stretch that law just as much as we can without breaking it."

Mr. Stone explained, however, that before the board could give any aid the farmers must organize for co-operative marketing. He urged that a decision be reached promptly as to what course should be pursued and action taken without delay under the best leadership available.

Dr. E. C. Brooks, president of N. C. State College, followed Mr. Stone and declared that the conference of farmers and business men at the offices of Governor Gardner last night voted to throw its full influence behind a co-operative association such as was proposed by Mr. Stone.

Governor Gardner pledged anew the backing of the state government in the movement seeking relief.

He suggested Frank Page, former highway commissioner, for the leadership of whatever relief organization that might be launched. "I don't know," the Governor said, "whether Frank Page would accept this position. But I do know Frank Page is a patriot. I have faith in him and I believe if you will call on him he will respond."

Governor Gardner asserted in his speech that he was "not a candidate for any office or at any time," and said his efforts to find relief for the tobacco growers were not colored by personal or political ambition.

The fight for relief, the governor said, has a basic question involved. (Continued on page four)

NATIONAL ADVERTISING REPRESENTATIVES: Bryant, Griffith and Brunson, New York, Chicago, Boston, Atlanta.

KEEP UP ADVERTISING, GO AFTER BUSINESS.

R. H. Ballard, president of the Southern California Edison Company, Los Angeles, said:

"More new business is what we need and not so much talk of depression. Spend the money for new business campaigns and new advertising, and the results will be surprising. The people have the money and will buy goods, I believe, if somebody has the courage to sell them the buying idea."

He pointed to increases in savings deposits, gains in new life insurance in force and increased buying of bonds as evidence of the ability of consumers to buy goods if they so desire. Affected, however, by the pessimistic drift of national comment, the public is reluctant to buy and consequently is building up a tremendous backlog of purchasing power.

This backlog should and can be tapped, declared Mr. Ballard, if American business men snap out of an apathetic state of mind and employ redoubled efforts to produce new business. This is not the time, in his opinion, to lay off salesmen and cut advertising appropriations.

ABOUT TOWN

If Pitt county farmers would not market their floor scraps this season it is generally believed that the shortage created through this action would have a favorable effect on the price situation.

At least this was the sense of the mass meeting of business men and farmers held here yesterday for the purpose of electing a member to Governor Gardner's tobacco-relief commission which will hold forth at Raleigh today.

It was believed that the scrap tobacco could be used as compost and that the farmers would realize just as much from the product in this way as they would if it were placed on the market.

The resolutions recommending a twenty-five percent reduction in next year's tobacco crop, it was declared, should take care of the future of the industry and open the way for improved prices next season.

If the farmers would faithfully carry out the resolutions of the meeting it is possible that the present serious situation might be alleviated to no little extent. In fact it is claimed that prices will pick up as soon as good tobacco is placed on the market and the farmers surely should be willing to give the

Top Speed Ahead

statement a test to see if it will hold good as prominent tobaccoists claim.

The election of Dr. McGeachy, of Kinston, as director of the Pitt County Department of Health will be received with interest throughout the county in view of the fact that the successor to Dr. Clem Ham has been in doubt for some time.

The Kinston doctor has been in charge of the Lenoir County Health Department for a period of ten years or more, and is one of the veterans of public health work in this part of the state. He will assume active charge of the work here this first of October.

The director of the public health department is one of the most important posts in the county, and Dr. McGeachy will find plenty of work in the application of his experience in Pitt county. The program of the local health department has been among the most ambitious in the state for years, and it is the purpose of the board to maintain the high standard of service in the future.

J. E. Winslow will represent Pitt Gardner's tobacco relief commission. Mr. Winslow, who is president of the Pitt County Department of Agriculture, is probably one of the best known landowners business men and farmers of the county and should represent his county in this first organized effort to bring relief from the low prices of tobacco.

Realizing the crisis created by the low prices for this year's crop, Governor Gardner called the meeting today for the simple purpose to try to relieve the situation. He is not so much interested in the future as the present, realizing that there is plenty of time to plan for the next crop, and that there is no time to spare if the present crop is to be saved.

The nature of the commission's action is unknown, but it is a foregone conclusion that something will be done to try to bring about an improvement in prices. If this is not accomplished, then they will prepare for another season and see to it that the farmers are protected from another situation of this kind.

The Pitt County Post of the American Legion installed new officers last night, and upon the shoulders of these individuals will rest the responsibility of the progress of the organization in the future.

The post has experienced splendid growth the last year under the enthusiastic direction of retiring Commander Dave Moore. The membership has grown to new bounds, and the organization no doubt is in better shape than ever before to render a distinct service to the community and the millions of men it represents.

The new officers have a splendid record of service to uphold during the coming year, and that they will do so can not be questioned. Each man has served the post in various capacities, and is familiar enough with its aspirations to reach new heights of achievement. That

Begin Work On Colorado River Dam Improvement

Las Vegas, Nevada, Sept. 17.—(AP)—Government officials and representatives of six western states assembled here today to take part in the ceremonies marking the beginning of work on the great dam ever undertaken—the \$165,000,000 Boulder Dam project of the Colorado river.

Dr. Ray Lyman Wilbur, secretary of the interior and personal representative of President Hoover, and field for the application of his experience in Pitt county. The program of the local health department has been among the most ambitious in the state for years, and it is the purpose of the board to maintain the high standard of service in the future.

A sledge hammer and railroad spike of Nevada silver were the implements of dedication. The ceremony seven miles out in the desert this afternoon was arranged to herald what Dr. Wilbur described as a new era of development of colossal projects in the \$165,000,000 to \$200,000,000 natural resources of the country.

"I have never been a track worker, but I know what end of the sledge to use," said Dr. Wilbur as he contemplated the tool of his official labor for the day.

The driving of the spike signals beginning of work on a twenty-two mile branch of the Union Pacific

railroad to Summit, a point in the mountains near the Colorado river from which the government will build a 7.17 mile line to the dam site.

The government has estimated eight years will be required to complete the dam, which will be constructed under supervision of the reclamation service, of which Dr. Elwood Mead is commissioner and which functions under Secretary Wilbur.

The gigantic engineering undertaking is the fruit of co-operation and agreement among six states.

Cook Electrically

DO YOU KNOW That the electric range is sootless, that it will not blacken your walls or bottom of utensils?

DO YOU KNOW That the electric oven is so well insulated that food will stay hot in it for hours after the current has been turned off?

Now! An Amazingly Quick Way ... to end headaches!

HEADACHES had been the bane of her life. Excitement, hot weather or indigestion would cause her head to ache. It seemed that every time she planned to go out, those splitting pains would spoil her evening. And it wasn't limited to evenings, either, for her work at the office was interfered with by those terrible pains in her head.

Then one night she had a date with John. They were going to the theatre and then to a party at a friend's home. She had been counting on it for weeks. She had a headache when she got up and in the rush of dressing and the hurry of getting ready, it grew steadily worse.

It looked like her evening was spoiled and it would have been, too, if John had not insisted that she try some medicine that all the fellows at the office used for headaches. She took a dose of Capudine. John waited for her and by the time she was ready to go, the pain had left her. Now when excitement or nerves cause her head to ache, she takes Capudine. She has told all of her friends and they have found relief the Capudine way, too.

Being liquid, Capudine acts immediately, often in one-third the time required by other forms. It contains no narcotics, does not disturb digestion and is approved by Doctors and Druggists. Even with the most severe headache, relief comes very quickly.

Sold at Drug Stores, 10c, 30c and 60c bottles and by the dose at soda fountains.

HICKS Capudine FOR HEADACHES

DOROTHY DARNIT

MARY SACKER AND MRS. ELLIS ZAYTOUN WILL TAKE NOTICE that an action entitled as above has been commenced in the Superior Court of Pitt County, North Carolina, for the purpose of setting aside a certain mortgage executed by L. C. Hatch and wife, to Mrs. Mary Sacker of record in Book E-18, at page 462, of the Register of Deeds office of Pitt County, and the defendants will further take notice that they are required to appear before the Clerk of the Superior Court of Pitt County at his office in Greenville, North Carolina on or before the 16th day of October, 1930, or within the time provided by law and answer or demur to the complaint filed in this ac-

tion within the time required by law or the plaintiff will apply to the Court for the relief demanded in the complaint. This the 16th day of Sept., 1930. J. F. Harrington, Clerk of the Superior Court; By E. F. Tucker, D. C. Lewis G. Cooper, Atty. Sept. 17-17w-4wk.

Day or Night AMBULANCE SERVICE PHONE 127 WILLIAMS

THERE'S a harmony between the natural loveliness of this modern age and the natural, mild goodness of Camels. And if you find them keeping company, don't be surprised.

Camel has given the world the luxury of a naturally mild cigarette—a cigarette that preserves all the refreshing fragrance of the choice, mild tobaccos from which it is made—a cigarette that is delightfully smooth, but never flat, never parched, never tasteless.

Modern smokers are awake to the fact that mere flatness doesn't mean mildness. That's one reason there's such a swing to Camels. Watch it right in your own crowd. Join them in Camels—a smoke that's enjoyable all the way—all the time.

By Charles McManus

Social and Personal

R. J. Cobb, of Norfolk, was here today. Miss Elizabeth Andrews will leave this evening for New York. Rhodoch Williams left Monday for Chapel Hill to attend the University of North Carolina. J. C. Gaskins, W. L. Brewer and L. G. Cooper went to Henderson today to attend the ball game. Mr. and Mrs. W. S. Clary have arrived from Roxboro, and are making their home with Mrs. E. B. Ficklen.

MRS. FICKLEN RETURNS FROM HOSPITAL

Friends of Mrs. J. S. Ficklen will be glad to learn that she has returned from Wilmington, where she has been in the hospital.

JUNIOR WOMAN'S CLUB TO MEET TOMORROW

The regular meeting of the Junior Woman's Club will be held tomorrow afternoon at 3:30 at the club house.

Mr. Bullock in Hospital

Friends of B. W. Bullock of Bethel will regret to learn that he is in Pitt Community hospital.

KING'S DAUGHTERS TO HAVE SILVER TEA

The Patient Circle of the King's Daughters and Sons will celebrate their forty-fourth anniversary with a silver tea at the home of Mrs. Hortense Moye, September 18, at eight o'clock.

Presbyterian Prayer Services

The regular prayer and praise service of the Presbyterian church will be held this evening at eight o'clock. The study will be, "Let everyone read this book before coming. Let every regular attendant try to bring someone with you. We invite all members and our friends to come."

MERCHANTS TO MEET THURSDAY EVENING

The regular quarterly meeting of the Greenville Merchants Association will be held at the Rotary building Thursday evening at seven o'clock. All members have been urged to attend as several important matters are to come up for consideration.

Sunday School Council to Meet

The Sunday School Workers' Council of the Immanuel Baptist church will meet at the church this evening at seven o'clock. Dinner will be served. All Sunday school teachers and officers are requested to be present.

Attend Supreme Court

A. B. Corey, Julius Brown, S. J. Everett, L. W. Gaylord, J. B. James, F. C. Harding, Albion Dunn, K. A. Pittman, J. B. Eure, M. B. Prescott, J. H. Paylor and R. T. Martin, of the Pitt County Bar, attended Supreme Court in Raleigh yesterday.

ATTENTION, MEMBERS NINE O'CLOCK COTILLION CLUB

There will be a call meeting of the Nine O'clock Cotillion club Thursday morning at ten o'clock at the Woman's club. All members are urged to attend.

Sans Souci Book Club Meets

The Sans Souci Book Club held its first meeting for the year with Mrs. W. L. Best, on Evans street, Tuesday afternoon, Sept. 16. In spite of the extremely warm weather, fourteen members were present.

Brake Relining and Adjusting. PARKER-SERVICE STORE, Inc.

Mrs. J. B. Kittrell, the president, told in just a few words how glad she was to meet with the club again, having adjourned during the summer months.

Red Banks Club Meets

Members of the Red Banks Home Makers' Club met at the school building on Friday afternoon. A goodly number was present and after discussing business matters of importance, Miss Nice gave several interesting and helpful suggestions in regards to the improvement of "home lawns." We feel that much good will result from this phase of the meeting.

As the time for election of new officers was at hand, the following were chosen: President, Mrs. L. W. Cherry; vice-president, Mrs. L. S. Hardee; secretary, Mrs. E. H. Boyd. Mrs. C. L. Tucker was placed on the program for a reading when the club meets next month. A call meeting will be held Friday night to make plans for the fair. Visitors will be made welcome at the next meeting.

Falkland News

Miss Frances Winstead, who has been visiting at the home of the Morrills, has returned to her home in Wisch.

Mr. and Mrs. Joe E. Meeks, from near Farmville, visited Mr. and Mrs. P. G. Mayo Sunday.

Mr. and Mrs. Jasper Little and family, of Belvoir, visited Mr. and Mrs. Lyman Brown and Benjamin Mayo Sunday.

Friday night the Ever Ready Sunday school class will meet with Mrs. G. H. Pittman.

Mr. David Morrill left here Tuesday for Washington, D. C., where he will be in college again this year.

Mrs. Reb Holland and children have recently been the guests of Mrs. Hcland's sister, Mrs. Delphia Satterfield.

These people of this place who are attending school or teaching school who returned to Falkland for last week-end are, Miss Edith Marslander, Mr. Brown Mayo and Mr. Louis Crisp.

Mr. C. H. Mayo's Sunday school class met at his home Friday night to practice some hymns. This class made a fine showing Sunday morning in Sunday school when they sang as a special song "Brighten the Corner Where You Are."

School started Monday. We are very glad to have with us the teachers, both the new teachers and also the teachers which we have had the pleasure of having with us before. We hope that they might have a successful school year.

One Shot In Plot to Break Prison

Baltimore, Sept. 17.—(AP)—A well laid plan for a break to freedom by nine inmates of the Maryland penitentiary was being investigated by state officials today as Arthur Owen, guard, who discovered and frustrated the plot, only to be shot with his own pistol, lay in the University hospital in a critical condition.

The investigation was in the hands of Herbert R. O'Connor, state's attorney, who started his work last night, questioning one of the prisoners involved in the short-lived riot, with others to be grilled today. He was joined in the investi-

gation by Stuart S. Janney, chairman of the State Board of Welfare, and police officials. O'Connor also questioned Owen, and said the guard named the prisoner who shot him. He said the rioters would be prosecuted. The break started shortly after five o'clock yesterday afternoon, just as the shops were being closed for the day and the guards were changing shifts.

Led by Rawlings Whittemore, a brother of Richard Rees Whittemore, who was hanged in the same prison several years ago after a meteoric career in crime, the little band made its break across the roof of the unused foundry building close to one of the outside walls. They were seen by Owen just as they cast the grappling hooks of their rope ladder at the top of the wall—an unsuccessful cast.

Owen opened fire as he heard the group, but was struck down, rendered his gun and shot twice. Other guards heard the shots and opened fire.

A riot call was sent to the city police headquarters for assistance, and nearly 200 police and detectives were thrown in a cordon about the walls, outside of which several thousand spectators had gathered. The prison is in the heart of the city.

In the meantime, inside the prison the would-be escapees had been cornered by guards after an exchange of more than a score of shots. After a brief parley, in which Whittemore is reported to have been spokesman for the insurgents, they surrendered.

Seek Slayer of Two Fayetteville, N. C.—(AP)—Officers are seeking to connect a negro arrested in Charleston, S. C., who gave his name as Bob Morgan with the slaying of W. A. Smith and L. B. Clements, Fayetteville and Richmond railroad detectives.

One Killed; Two Hurt Warrenton, N. C.—(AP)—James Rudd was killed and Allen Green and Walter Kearney, all negroes, were hurt in an automobile accident near here.

Man Can't Sleep, Gets Nervous, Hates People "I could not sleep and got so nervous I hated everybody. Since taking Vinol, I can sleep 10 hours and feel full of pep all day."—Julius Bender.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver peptone. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous without people are surprised how QUICK Vinol gives new life and pep! Tastes delicious. — Warren Drugstore.

Too Much ACID

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acid, and at once. The symptoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

Lutheran Preachers Condemn the Legion

Milwaukee, Wis., Sept. 17.—(AP)—Two hundred pastors of the Wisconsin and Missouri churches today were on record as condemning the prayers of the American Legion as "addressed to idols" and abominable to the sight of a Christian.

Meeting in conference here, the pastor failed to take action regarding the Rev. John Henning, pastor of the Iron Bridge, Wis., church whose ouster was asked by his board of directors because he refused to admit several Legionnaires to communion. The Rev. Henning said he considered the American Legion "anti-Christ since it did not officially recognize Christ in the prayers of the organization."

The pastors approved a statement that "prayers of the American Legion ritual are Christian, are addressed to idols and are abominable to the sight of a Christian."

While the meeting was called, deleterious and previously to determine if Legionnaires should be denied church membership, the convention failed to take action for or against the proposal.

West Jefferson, N. C., Sept. 17.—(AP)—The embarrassment of D. A. Vosburgh if he may invert a broom, does not have to be imagined. It was the sort of stuff nightmares are made of.

There came to Vosburgh officers with a claim and delivery papers taken by a local clothing store to relieve Vosburgh of a suit of clothes sold to him on credit. Word had got about that he planned to

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Sept. 17.—(AP)—Cotton opened steady today at an advance of 5 to 10 points on some trade buying and a moderate commission house demand for late months which appeared to be encouraged by the reports of a continued holding movement in the South and relatively steady Liverpool cables.

The advance met some realizing and a little south-rn selling but it seemed to be quite readily absorbed, and the market was steady at the end of the first half hour with prices about 10 to 12 points net higher on the more active positions. New October contracts sold up to 11.05 and March to 11.46.

Liverpool cables said there had been Continental and Bombay buying in that market and reported an improved cloth inquiry from India, although business was said to be slow in developing.

GRAIN MARKET

Chicago, Sept. 17.—(AP)—Highest prices in the wheat market today came in the late dealings as a result of scarcity of offerings. Upturns in wheat quotations at Winnipeg did much to lift the Chicago market as the day approached an end, the day's business consisting largely of spread trading between the two cities. Meanwhile the domestic crop movement northwest was sharply curtailed, receipts at Minneapolis and Duluth falling below either a week or a year ago.

STOCK MARKET

New York, Sept. 17.—(AP)—Efforts to revive interest in a stock market advance met with indifferent success today. Several groups manifested a willingness to go higher, but buying activity was limited and shorts took their time about covering.

The weekly summary of conditions in the steel industry and the August foreign trade figures showing the first gain in exports in several months afforded some basis for mild bullish operations, although the report that steel production was only holding its own failed to generate much contagious enthusiasm. Moderate advances on a small volume of trading in the earlier hours were extended later when the utilities were sent forward as leaders, and there was some strength in the food shares.

Stocks like U. S. Steel, American Car, American Telephone, Consolidated Gas, North American, Water Works, Coca Cola and Public Service of New Jersey improved a point or so. Brooklyn Union Gas and Pacific Lighting gained two. Republic Steel and J. I. Case advanced nearly 3 and international combustion engineering preferred rose 4. Ward Baking "A" soared 8 points. There was some selling in the rails, coppers and motion pictures, resulting in losses of about a point in Paramount Public, General Theatre, Atchison, Southern Railway, St. Louis Southwestern and Kennecott. Atlantic Coast Line went to the lowest price since 1924.

The iron and steel reviews, reporting little or no change in production averages during the past week, nevertheless found evidences that inquiry was improving and that the price structure was firming. "Steel" said the improvement of the past few weeks was being maintained, "superficially at least" and voiced an unanimity of opinion that the corner had been turned, "although concerning the extent and rapidity of recovery reservations continue." There were numerous indications, the publication added, that large consumers of steel product appraised present levels as the bottom.

Money was plentiful and easy and the first 2 percent call loan renewal rate in some time was posted at the stock exchange. Outside funds promptly went to 11-2 percent. It was expected that the Treasury overdraft at the Federal Reserve Bank would have been virtually eliminated by the end of the day.

Beaufort, N. C.—(AP)—W. J. Simpson, undaunted by the drought, grew a peach of a peach. It weighed 15 ounces, that's all.

Fliers Rescued Following Crash In the Jungles

Rabaul, New Guinea, Sept. 17.—(AP)—Captain Thomson, pilot for New Guinea Gold Limited, and his mechanic, McMurtrie, have been brought to the coast after crashing into a mountain peak and enduring tortures in the jungle.

While flying a tri-motored Handley Page plane between the mountain gold fields and the coast they were caught in a terrific storm. The powerful machine was tossed about like a kite until it was finally flung against a mountain, being impaled on a tree, like a butterfly on a specimen board.

Thomson and McMurtrie climbed down the tree and commenced an arduous journey to the coast.

They struggled through the jungles in the ranges. Their clothes and flesh were torn by the thorns of the needle bush and their wounds were irritated by leeches which dropped upon them from the trees. Their sores festered. Bush flies poisoned their eyes.

Then McMurtrie contracted the dread scourge of the tropics, blackwater fever, and pleaded to be left behind. Raving deliriously, he had to be carried on the back of his tottering, almost blind companion, who was unable to sleep for fear of an attack by hostile natives. Both were on the verge of collapse when a searching party located them.

TOBACCO FARMERS MOVE TOWARD ORGANIZATION AT MEETING IN RALEIGH

(Continued from page one)
 The right of the little man to live.

Other speakers before the meeting included Eugene Talmadge, commissioner of agriculture of Ga., M. L. Corey, a receiver of the defunct Tri-State Co-operative Tobacco Association; and J. T. Lazar, representing the South Carolina Tobacco Growers Co-operative Association.

Mr. Lazar made a plea that if a co-operative organization is perfected co-operation between growers, buyers and warehousemen be given the utmost consideration. If any friction arises between the three, he said, the progress of a co-operative will be seriously hindered.

NEW OFFICERS INSTALLED BY LEGION POST

(Continued from page one)
 to draft resolutions expressing the loss of the post in the death of Dr. C. O'H. Laughinghouse. A copy of the resolutions was ordered sent to the family of the deceased, the Daily Reflector, and one to be put on the record of the post.

J. H. Waldrop, member of a committee appointed at a previous meeting to investigate the Pension Bill, made a short talk dealing with the subject. A. B. Corey also spoke briefly on the pension bill.

J. B. Kittrell praised the retiring officers for their splendid services and urged that more attention be given to the matter of collecting dues during the present year. He started the ball rolling by planking down his \$3, asking others to follow the example.

It is one of the many pleasant wonders of this modern Age of the Talking Screen that a play which has enjoyed a tremendous success for years on the stage, can be made available to audiences everywhere in moving picture houses.

It is with extreme pleasure that we announce that "Grumpy" has been brought to the living screen and will be presented to you at the State Theatre Friday, September 19. "Grumpy" as a play has been confirmed as one of the world's greatest successes. "Grumpy" comes to you with Cyril Maude, the man who made it the triumph it has been for 17 years in the title role again.

At last...
 There IS something new under the sun
 the price barrier has been swept away

...no need now to postpone your enjoyment of quality electric refrigeration

Examine this new Kelvinator Yukon Model closely. Here is genuine Kelvinator quality all the way through, even though the Yukon's price is far below the lowest at which it was ever possible to offer a Kelvinator before.

Now you can enjoy every convenience and benefit of quality electric refrigeration; you can have ice cubes always available; you can keep foods fresh and delicious indefinitely; you can have crisp salads and dainty frozen desserts any time.

FIVE CUBIC FEET OF FOOD STORAGE SPACE
 This new Kelvinator is a big electric refrigerator. It gives you five cubic feet of interior space—over nine square feet of shelf room. It freezes 42 ice cubes (4 pounds of ice) at a time. Its cabinet is massive, with heavy table top and extra thick, tight-fitting door. The Temperature Selector gives you instant choice of five different freezing speeds. Exterior finish is a special white enamel, developed by Kelvinator, on rust-proof steel. The interior is finished in white porcelain. All corners are rounded. Fittings are heavy die-cast hardware, in Butler chrome finish.

In short, here is a real Kelvinator—at a price which makes its IMMEDIATE purchase not only possible, but easily practicable. It is here, awaiting your inspection. See it without delay.

Purchase of the New Yukon Model is made easy by Kelvinator's ReDisCo Monthly Budget Plan, providing for convenient monthly payments.
