## SEIZE UNION RECORDS IN CRIME DRIVE

### Police Raid Offices of Ten Labor Unions in Effort to Clean Up City of Chicago

Chicago, Sept. 18.—(AP)—The police hunt for 26 "public enemies" was revealed today as just a segment of a concerted finish battle against racketeers and hoodlums. Raids on 10 labor union offices directed by State's Attorney Swanson spread the warfare into another sector yesterday and resulted in police seizure of records which are expected to shed light on the efforts of underworld gangs to "muscle" into control of reputable labor groups.

The union offices were entered by seven squads of detectives under authority of warrants from Chief Justice John J. McGoorty of the criminal court, who inaugurated the major offensive against the gangs in a special charge to the September grand jury.

The police squads struck simultaneously so there would be no chance for removing or hiding the records. Assistant State's Attorneys Mueller and Lounsbury, in charge of racketeer prosecutions, said that most of the unions involved were under the domination of George (Red) Barker, William (Three Finger Jack) White and similar characters. Both Barker and White were listed by the Chicago Crime Commission as "public enemies" and were on the list of the 26 sought on variance warrants.

Among the union offices raided included: The Municipal Clerks' Union, said to acknowledge Danny Stanton, also a "public enemy" as leader; the Union of Commission Wagon Drivers, of which Bernard O'Donnell, two of whose brothers are listed as "public enemies" is business agent; Newspaper Wagon Drivers' Union, said to be controlled by Anthony (Red) Kissane and John Barz; Coal Teamsters' Union, which with its subsidiaries is reportedly controlled by Barker and White; and the Filling Station Owners Union, said to be dominated by James Belcastro, also a "public enemy."

The raiders seized books and papers of the Marble Setters' Union and the Billposters and Billers' Union while a scrutiny was to be made of the records of the Ticket Takers and Ushers Union in an effort to ascertain if Barker held some connection with it.

The prosecutors announced they would seek in the mass of seized records some inkling as to how "these hoodlums, gangsters and ex-convicts obtained union jobs" and also whether their control was obtained by use of the pistol. Chicago's Acting Commissioner of Police Alcock ordered additional compensation for any policeman bringing in one of the "public enemies," the only one apprehended being Danny Stanton who happened to be in a cell when the warrants were issued. He obtained his release by providing \$15,400 bonds.

Police believe that Al Capone, most notorious of the group and the lesser figures of Gangland had all sought hiding places out of the city.

## Report No Change in Condition of Major Stedman

Washington, Sept. 18.—(AP)—Physicians said today they had noted no change in the serious condition of Representative Chas. M. Stedman of North Carolina, who suffered an apoplectic stroke last week.

The 69-year-old legislator, only surviving Civil War veteran in Congress was very weak yesterday.

## Johnston Wishes Blackwood Success

Spartanburg, S. C., Sept. 18.—(AP)—Olin D. Johnston, of Spartanburg, last night announced his wishes "for success" of Ibra C. Blackwood's administration as governor and thereby put to rest the rumors prevalent since Blackwood was declared the nominee by the State Democratic Executive Committee Tuesday that Johnston would contest the election in the courts.

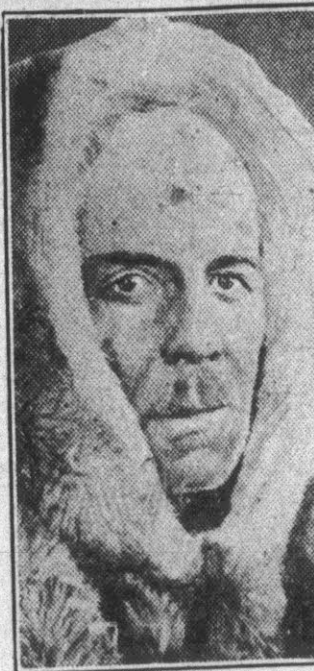

In his statement, Johnston pledged a "continued effort in the cause of bringing about greater prosperity and a more stabilized form of government in our great state."

Johnston, who petitioned the committee for a recount of the vote in the run-off primary September 8, received 999 less votes than did Blackwood. He based his opinion on alleged errors in counting the state ticket in Charleston county and also asked for a state-wide recount because of the closeness of the vote.

The defeated candidate also said "It is my intention to continue in the service of my state and my people."

## Woman Killed When Plane Crashes In Flight From San Diego To N. J.

### Finds Arctic Relics

Associated Press Photo  
Relics of the Franklin expedition that perished 83 years ago were found by Maj. L. T. Burwash, aviator and Arctic explorer, on a flight to King William land.

## Prices Relfect Slight Gain On Tobacco Market

Greenville tobacco market yesterday sold 647,784 pounds of tobacco for \$67,212.37 at an average price of \$10.49 per hundred pounds, according to official figures made public this morning.

## WINS BATTLE AS SOVEREIGN IN THE LEAGUE

### Cuba Defends Right As An Independent State In Heated Argument At Geneva

Geneva, Sept. 18.—(AP)—In a heated encounter before the Assembly of the League of Nations today Cuba defended her sovereign rights as an independent state within the League—and won.

Cuba's critic who met defeat was Nicholas Politis of Greece. He censured the West Indian state for blocking entry into effect of the protocol for revision of the World Court statute.

"Cuba," declared Orestes Ferrara, the island nation's ambassador at Washington, "will not submit to dictation by Mr. Politis, nor by Greece, nor by any member of the League of Nations."

Then he loudly announced that Cuba's reason for objecting to the coming into force of the protocol must be neither challenged nor dismissed by the committee.

"We entered the League regarding it as a society of nations and not as a super state able to override the sovereignty of any member," he declared.

The discussion was closed by Chairman Scialoja of Italy after spectators and delegates had risen to their feet in excitement and persons from outside the committee room had rushed in to see what all the commotion was about.

Dr. G. C. Wu of China took the role of peacemaker. He said that China regretted the protocol could be brought into force but no one should challenge Cuba's rights to her objections which, indeed, were provided for in the protocol itself.

"This warm passage of arms has gone far enough," said Dr. Wu, with a smile and a slow drawl in his English. "You have noticed that the temperature in this room is higher than the temperature outside. I move the discussion closed."

M. Politis said Cuba was the only member of the league not having made "an effort of good will," to bring the protocol into force. He said Cuba's position was most regrettable.

Senator Ferrara replied with vigor that Cuba could not submit to a discussion of her reasons by the committee. "These reasons are an expression of Cuba's sovereignty," he asserted, "and must not be challenged. Her reasons must be accepted."

The Cuban representative concluded that M. Politis' remarks were in the "nature of an election speech."

## Ruth Alexander Was Crushed to Death As Plane Plowed Into Hill Shortly After Taking Off On Projected One-Stop Trans-Continental Flight Early Today

San Diego, Cal., Sept. 18.—(AP)—Ruth Alexander, 24 year old San Diego aviatrix, plunged to death in her airplane today shortly after taking off on a projected one-stop trans-continental flight to Newark, N. J.

Miss Alexander left Lindbergh Field at 3:28 a. m. PST and flew but four miles when death stopped her undertaking. With a terrific crash her light low-wing monoplane plowed into a hill four miles north of the field. Her broken body was found in the wreckage. Parts of the plane were strewn for several hundred feet.

A wing of the plane was found about 300 feet from where the body of the aviatrix and the motor and the other wing lay.

The motor was torn completely away from other parts of the plane. No trace of the "stick" or propeller could be found.

The motor plowed into the ground, making a large hole. The fuselage was folded into a small bundle. Several braces and struts were wrapped around Miss Alexander's body.

An explosion in the gasoline tank was considered as a possible cause of the crash.

Miss Alexander's flight officially began at Agua Caliente, Mexico, shortly after 1 a. m. She landed her plane, christened the Agua Caliente, at Lindbergh field for checking.

A low fog swept in from the sea but the aviatrix was thought to have hurdled it shortly after her eastward takeoff, having gained an altitude of 500 feet. How she happened to be flying close to the ground later was not determined.

The aviatrix had planned to stop only at Wichita, Kansas, which she had expected to reach at 7 o'clock, (CST) tonight.

Miss Alexander was born at Irving, Kas. in 1906. It was there in 1919 when she first rode a plane as a passenger with an itinerant flier, that she decided to become an aviatrix.

In 1928 she came to California, earning her way to San Diego by driving a car for some tourists. She began carrying out her ambition to fly by working and saving money for instruction. She worked in a beauty shop for a while and also as a waitress. She enrolled for an aviation course and quickly showed aptitude.

On November 17 last year, although she had less than 20 hours training and instruction, Miss Alexander passed the rigid tests prescribed by the Federation Aeronautique Internationale and qualified to try for any aviation record recognized by that organization.

The next day she went aloft in a light plane, soared to a height of approximately 18,000 feet and established a world's record for women fliers, in planes of less than 100 horsepower.

Less than three weeks ago Miss Alexander added another feat to her achievements by making a non-stop flight from Vancouver, B. C., to Agua Caliente, Mexico in 16 hours.

At present he is gravely ill in a Washington hospital and he may not live to complete his present term. Several other members with long service are withdrawing of their own will.

## Jury to Decide Upon Sanity of Winston Woman

Winston-Salem, Sept. 18.—(AP)—A jury of six will decide whether Mrs. Minnie H. Wood is sane.

Mrs. Wood, according to her statement, was haled before a clerk of court following a "fuss" with a neighbor over the garden fence and adjudged insane by a physician.

Habeas corpus proceedings were instituted to prevent her being taken to Morapton Judge A. M. Stack will act in the matter Saturday. The jury hearing is set for September 25.

## Atlanta Puts Ban On Use of Radios After 11 O'Clock

Atlanta, Sept. 18.—(AP)—This city has decreed that the curfew shall run tonight and every other night at 11 P. M. for radio fans and saxophone students.

A new ordinance providing a maximum penalty of \$200 fine or 5 days in the city stockade prohibits loud radios or unreasonably playing of musical instruments after 11 P. M.

All that is necessary for an arrest is the complaint of neighbors and the alleged offender will be compelled to face a police judge.

## YEAR HARD ON OLD MEMBERS OF CONGRESS

### Veteran Statesmen Will Retire As Result of Primaries In Various States

Washington, Sept. 18.—(AP)—The year has been a hard one for veterans of Congress.

S. Wallace Dempsey, chairman of the Rivers and Harbors committee and a member of the House from New York for 15 years, was beaten in Tuesday's primaries.

So was E. E. Brown, who has served the eighth Wisconsin district since 1913.

Furnifold M. Simmons of North Carolina, in the Senate since 1901 and its dean in point of service, has been defeated for re-nomination. Joseph E. Ransdell, recently beaten for the Democratic Senatorial nomination in Louisiana, has been a Senator since 1913 and before that served in the House from 1899.

Representative Miller of Washington, who has served continuously since the 6th Congress, was eliminated on September 10.

Louis C. Cramton, dry leader, who was beaten by a wet in the voting in Michigan has served without a break since the 63rd Congress.

The dean of the Georgia House delegation, Thomas H. Bell, another primary victim, was serving his thirteenth term.

Bell, however, was the only one of the group in the House known as the "old timers" who has lost. Representative Henry Allen Cooper, of Kenosha, the dean of the House was re-nominated in Tuesday's primary. Cooper, eighty and serving his eighteenth term, is still alert and vigorous.

Others in the group who have survived the primaries include Gilbert N. Haugen of Iowa who is serving his 16th consecutive term. John Garner, of Texas, House minority leader, who is serving his fourteenth consecutive term. Speaker Rainey of Illinois on his thirteenth term, and Pau, North Carolina, who has been in the House since March 4, 1901.

The only civil war veteran in the House, Charles Manly Stedman of North-Carolina, now in his 90th year, chose voluntary retirement this year after twenty years of Congressional service.

At present he is gravely ill in a Washington hospital and he may not live to complete his present term. Several other members with long service are withdrawing of their own will.

## W. L. DOWELL WILL ADDRESS BUSINESS MEN

### Secretary of the State Merchants Association to Speak at the Quarterly Meeting

Willard L. Dowell, of Raleigh, secretary of the North Carolina Merchants Association, arrived in Greenville this afternoon where he will deliver the principal address before the regular quarterly meeting of the Greenville Merchants Association at the Rotary home tonight at 7 o'clock.

Although the subject of Mr. Dowell's address had not been announced today, it was stated that he would deal with problems vitally affecting the mercantile life of the state at the present time and fully inform the merchants as to what would be expected of them as association members.

Three other addresses are on the program for the evening. Each will deal with local conditions and set forth some of the most pressing needs of the community at this time.

The usual supper will be served and Claude Tolar will preside.

The following program has been prepared for the occasion.

Song.

Invocation—C. W. Willard.

Greetings, etc.—W. S. Brown.

Need of United Efforts for Further Progress of Greenville—J. L. Little.

Conditions in Europe—E. G. Flanagan.

How shall we maintain our place as "Hub of Eastern Carolina"—B. B. Sugg.

Address—W. L. Dowell, secretary of North Carolina Merchants Association.

Open Discussion.

Adjournment.

## COURT HOLDS CHAIN STORE TAX AS VALID

### Supreme Court Says \$50 Tax Imposed by State Is Constitutional

Raleigh, Sept. 18.—(AP)—North Carolina's chain store tax is held to be constitutional in a Supreme Court opinion on file today.

The state law, which imposes a fee of \$50 each on units of chains or branch store organizations in excess of one operating in the state, was contested by the Great Atlantic and Pacific Tea Company and 18 other chain or branch store companies. The plaintiffs involved have intimated they intend to appeal the decision to the United States Supreme Court.

The law was enacted by the 1929 General Assembly. The tax was objected to by the 19 plaintiffs and paid under protest for the year beginning June 1, 1929. They then brought suit against Allen J. Maxwell, commissioner of revenue, to recover approximately \$50,000 paid in taxes under protest.

The case came before Judge R. A. Nunn of the Wake county Superior Court, and in November, 1929, that jurist held that the tax was constitutional and denied the plaintiffs' petition for recovery of monies paid under protest.

Whereupon the plaintiffs appealed to the Supreme Court. Justice Connor wrote the opinion upholding the lower court. In it he denied that the revenue measure violated either the state or federal constitution.

## SEIZE GIANT LIQUOR STILL AT DETROIT

### Plant Valued at \$1,000,000 Destroyed By Police Department Last Night

Detroit, Sept. 18.—(AP)—Police early today announced they had destroyed an illicit distillery which had been doing a \$1,000,000 a month business for several months.

In a raid late last night they discovered and seized the largest alcohol plant found in Detroit since the 18th amendment went into effect. The raiders said the value of the elaborate equipment and materials was \$1,000,000, while conservative estimates placed it at more than \$500,000.

Operators of the plant escaped by means of rope ladders from rear windows while the police were battering down doors and partitions. The building, located near the center of the uptown business district at Woodward avenue and Grand boulevard, formerly was used by the fire department but was abandoned and sold several years ago.

The big distillery was equipped with a telephone system and a battery of elevators. There was evidence that it was operated by experts. Each vat was furnished with a bulletin board, giving the formula used and instructions as to temperatures and time of heating. There was a well designed ventilation system for carrying fumes to the roof.

Fifty firefighters formerly passed had been converted into elevators. Eighty thousand gallons of grain mash was found in vats and 20,000 gallons of grain alcohol was ready for shipment. There was a crating department and evidence that five gallon tins of alcohol were shipped in carload lots from a railroad siding near the building.

Storage rooms were crammed to the ceiling with materials for making alcohol. Including 100,000 pounds of raw sugar and 2,000 gallons of molasses.

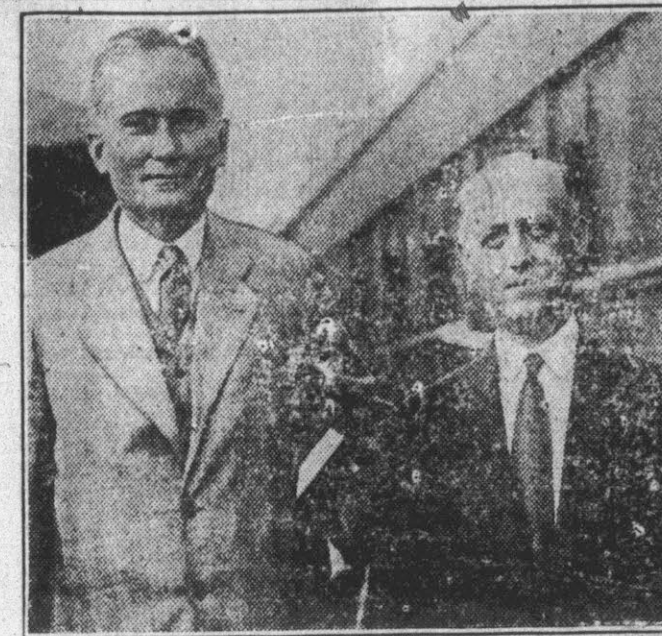

A sloopage in the ventilating system led to the discovery of the distillery. Persons living nearby had complained of the odors.

Jack Gets New Valet

Thomasville, Ga.—John Ross, Negro caddy master, has stepped up in the world. Jack Dempsey has hired him as valet. He cooks anything, shines a man's shoe and never loses a golf ball. Fly? "Depends on what's after me," he answered Jack, who then revealed that the valet would make airplane.

Conserved N. C.—(AP)—A trunk containing \$500, stolen from the residence of Mrs. J. O. Parham, of Kannapolis, was found undisturbed in vines half a mile from the house.

## HEADS COMMITTEE TO SAMOA

Senator Hiram Bingham (left) of Connecticut in Los Angeles en route to Samoa as head of the congressional committee to draft new laws for the Samoan Islands. Rep. Carroll L. Beedy of Maine, a member of the committee, is shown with him.

## Enterprise Wins Fourth Straight Race From The Shamrock And Holds Cup

### Vanderbilt Overcomes Lead of British Boat at the Outset of Today's Race and Finishes in Slightly Over Three Hours; Thirty-Seventh Victory for the U. S.

U. S. S. Kane, off America's Cup Course, Sept. 18.—(AP)—(By radio to the Associated Press)—The sloop Enterprise today completed a successful defense of the historic America's cup when she won the fourth straight race and the series, four victories to none.

The white-hulled American sloop finished the thirty mile triangular course at 1:50, making the run in three hours, ten minutes and five seconds.

It was the thirty seventh time an American boat had beaten the successive British challengers in the 79 years during which the cup has been in competition.

The successful British challenger, Shamrock V, fifth yacht of the Lipton line, trailed the defender across the finish line five minutes and 56 seconds behind.

## PAGE NAMED PRESIDENT OF LEAF GROWERS

### Head of Wachovia Banking Company Leads Movement for Co-Op Marketing

Raleigh, Sept. 18.—(AP)—Gov. O. Max Gardner today set about the task of preparing a ground-work or the tobacco cooperative marketing association of farmers of North Carolina by conferring for several hours with representatives of the Federal Farm Board and N. C. State College.

Governor Gardner said after the conference that details of the proposed contract for growers were discussed and that the selection of an organization committee also came up for consideration.

The governor has not yet named members of the executive committee of five authorized at an executive meeting of representatives of tobacco growers held here yesterday afternoon after a general meeting to seek "relief from low tobacco prices."

Frank Page, vice-president of the Wachovia Bank and Trust Company and former head of the State Highway Commission, said today he had not been notified that he had been elected president of the newly formed organization committee. He refused to comment further, declining to say whether he will accept the post until he has been officially notified.

Raleigh, Sept. 18.—(AP)—Tobacco growers in North Carolina today had their hopes pinned to the formation of a cooperative marketing association as a means of "relief from low tobacco prices."

Decision to organize a cooperative association was reached here yesterday at a mass meeting of growers and the machinery set in motion by an executive meeting of representative of the tobacco growing counties.

Frank Page, vice-president of the Wachovia Bank and Trust Company, and former head of the State Highway Commission, was elected president of a newly formed organization committee. Mr. Page has refused to comment on his election or say whether he will accept the post until officially notified of the committee's action.

The marketing association will be composed of two branch associations, one in the eastern and one in the old tobacco belts of the state. The organization has fixed taking 100,000 pounds of tobacco off the 1930 market as its goal.

Governor O. Max Gardner, a leader in the price relief movement was authorized by the organization committee, an outgrowth of the Tobacco Relief Commission, to appoint an executive committee of five to draft the necessary papers and contracts for the association.

James C. Stone, vice-chairman and tobacco member of the Federal Farm Board, in an address before 2,000 farm leaders at a mass meeting here yesterday, promised to "lend the association 'every penny we can under the law' provided its organization is carried out.

The contracts will probably call for delivery of 50 per cent of the crop to the cooperative and the marketing of the other 50 per cent otherwise, tobacco men said. This plan, it was argued, would enable the association to sign up a greater number of growers than any other plan.

Washington, Sept. 18.—(AP)—Senator Smith W. Brookhart, Republican Iowa, issued a statement today assailing Franklin D. Roosevelt, Democratic Governor of New York, in connection with his recent advocacy of repeal of Federal control of liquor.

The Senator said the governor had failed to give prohibition a fair trial in his state. He added that under the circumstances no fair minded persons could say that prohibition had been a failure "even in New York."

"It is Governor Roosevelt who has been a failure," Brookhart said.

Recalling his advocacy of a union of the West and South for political action on economic grounds, the Iowa senator said:

"In the last session of the Senate such a union was effectively in operation for most of the session.

"They way is now open for the West and South to unite against the centralized power of all states which has destroyed the prosperity of agriculture, of the independent merchants, of the independent bankers and of the every other legitimate independent business."

"The West and the South are also united in opposition to the issue raised by Governor Roosevelt for the repeal of the 18 amendment," Brookhart said. "Since this issue has been put forward by the son of Wall Street also, it furnishes an additional and powerful reason for cooperative action between the West and the South."

Two Hurt At Planing Mill

Ashville, N. C.—(AP)—When machinery of a planing mill got out of control, D. P. Davis and T. M. Knight, who were making a coffin for a neighbor's child, were seriously injured.

Champion Sitter Reported Missing

Greensboro, Sept. 18.—(AP)—A young man who sat in a tree long enough to become a tree-sitter champion may be pardoned, it would seem, a touch of the wanderlust.

Arnold "Arsenic" Taylor, 14, Durham youth, who first brought to North Carolina the branch-sitting championship has run away from home.

Appropriately enough his companions in Capt. Eyrd, surnamed Charles, and 12 years of age. Police here are searching the tree-top for the tree-sitter and Eyrd.

### Henderson Takes Part In Fight to Aid Cotton Trade

Raleigh, Sept. 17.—(AP)—W. K. Henderson of Shreveport, Louisiana, president of the Hells-World Radio station, who is well known to radio listeners on account of his sensational fight against chain stores, through his broadcasting station KWKH, has turned his attention to the present cotton situation and is waging an energetic campaign for the purpose of putting the cotton growing industry on a permanent profitable basis.

Mr. Henderson is calling upon various agencies throughout the nation to cooperate in carrying out his plans under which he would attempt to do three things.

First: Throw the support of all agencies to the American Cotton Cooperative Association, as one marketing organization for all of the cotton growing states. He would have this organization sell cotton only as consumption demands.

Second: Control production by decreasing of harvesting according to the consumption of cotton of the previous year and

thus present the creation of larger surpluses.

Third: Create a larger consumption of cotton by the united effort of all agencies interested in the movement.

Mr. Henderson recommends that all cotton farmers be urged to join their respective state cotton associations that are affiliated with the American Cotton Cooperative Association and take advantage of the opportunity offered to borrow ninety percent of the market value of their cotton.

### Carolina Bright Bits

Danbury, N. C.—(AP)—Fall has come to the Sauratown mountains three weeks early. Dry weather, sabbings for Artist Jack Frost, has painted the peaks red, yellow and gold.

Marion, N. C.—(AP)—Jail, for Carl Epley and J. E. Cuttles, will be no place of free bed and board. Finding them unable to work, Judge W. F. Harding instructed that they pay \$16.75 each for their month's keep.

Elizabeth City.—(AP)—Hogs which acted piggery over a quantity of fermented apple pulp acted juggy and jassy immediately after ward, F. J. Hasnight relates. They were, he says, drunk.

Raleigh.—(AP)—Mrs. Julious C. Smith, wife of a Greenston attorney, and her small daughter Keith had a horse to blame today for their troubles. When the insect entered their automobile, Mrs. Smith struck at it. The car turned over and was demolished. Another and daughter were hurt.

New Bern, N. C.—(AP)—Eating what it can and canning what it can't for charity distribution, Craven county hopes to tide its poor over the long hard winter.

### Farmer Shoots Down Colored Assailant

Warrenton, Sept. 18.—(AP)—With a pistol brought him by his wife as he hid behind an outbuilding to escape being fired on by Willie Harris, negro, W. E. Clark, young farmer near here, yesterday shot Harris to death. He was exonerated by a coroner's jury.

Clark was confronted by Harris as he went from his home to a pig pen. The negro threatened him with a pistol and Clark sought refuge behind a building. Mrs. Clark saw from a window what was taking place and carried her husband a pistol.

Harris, testimony at the coroner's inquest showed, had broken into a store at Littleton and had been traced to the vicinity of the Clark home a short time before the shooting occurred.

### To Probe Ewald Appointment, N. Y.

New York, Sept. 13.—(AP)—Charles W. Cullin, former sheriff of New York county was supposed today as a witness before the special grand jury called at Gov. ernor Roosevelt's direction to probe charges that George F. Ewald paid for his appointment as a city magistrate.

Cullin's name had not been brought previously into the investigation, and no reason was given today for his summoning.

The first witness today was Peter Eckert, father of Mrs. Bertha Ewald who loaned \$10,000 without interest to Martin J. Healy, Tammy district leader, in 1927 within a day or two of her husband's appointment to the bench.

### Threatens Life of Movie Actor to Get In Movies

Los Angeles, Sept. 18.—(AP)—A youth, accused by police of sending death threats through the mail to Ben Lyon, screen star, as a means of breaking into the movies, was under arrest today.

The prisoner said he was Dick Ward, of 107 East 103rd street, New York, and police said, admitting sending three picture post cards to Lyon threatening to kill him.

Lyon was arrested yesterday in front of the Warner Brothers studio where Lyon was working. Police said they found a loaded pistol in his pocket.

Lyon received the first of the post cards several days ago. It read: "Remember meeting my sister in New York?"

The next one bore the sentence: "I am on my way as promised."

The third one post marked at Kansas City read: "I am coming fast. Say your prayers because you will need them."

Lyon turned the post cards, all of which were signed "Ward," over to police who maintained a watch.

When a nervous appearing young man was seen pacing before the entrance of the studio he was arrested.

Lyon was taken to the jail to see Ward, who wept and said he was interested in motion pictures and thought Lyon could get him a job.

"The card about my sister seems you in New York is untrue," Ward said to Lyon. "I haven't got a sister."

New York.—(AP)—A Tar Heel has written what some judges think the best book of September, "The Murderer Returns" by Edwin Dyer Torgerson, who lives near Wilmington, N. C. is the choice of the book-of-the-month club.

### Charlotte Negro Pulls Tarzan Trick

Charlotte, Sept. 17.—(AP)—The exploits of Tarzan, dweller among the Apes, have been emulated by Grant Hicks, negro.

Two policemen spotted Hicks with an automobile tire. They were curious to know where he got that tire and gave chase.

Hicks sprang several blocks in little over nothing flat. The cops were close behind, four others joining to hunt en route.

Hicks clambered up a tree, one officer trailing while the remaining quainter held him treetop. There he hung for a time. The blues followed. Grappling from one hourpost to another, the negro finally gave up and was taken to jail to catch his breath.

### LOWER ROAD LEVEL TO PERMIT BUS PASSAGE

Ashville, Sept. 17.—(AP)—The problem of the camel and the needle's eye confronted James C. Strikleather, ninth district highway commissioner. He made the eye bigger.

Members of the International Road Congress, who will tour North Carolina highways in October, will be riding in a 12-foot high bus. Mr. Strikleather was informed. An underpass at Marshall is only eleven feet high.

Mr. Strikleather has ordered the level of the road lowered 12 inches.

Down In Carolina?—Two young men drove up to a filling station in broad daylight here, opened the proprietor to the lavatory and fled with \$35.

Not Guilty!—Raleigh, N. C.—(AP)—Graham Franks Apex youth, has been cleared of blame in the automobile accident death of W. L. Brewer of Holly Springs.

### Woman Connected In Disappearance of Judge Crater

New York, Sept. 18.—(AP)—The New York World says it has been learned by Dr. Samuel Buchler, a lawyer, that the day before Supreme Court Justice Joseph F. Crater disappeared a woman asked him to start suit against the justice for \$100,000 for breach of promise.

The woman, who called herself Lorraine Foy, said she had letters from the justice, but failed to return the next day as she had promised.

The information from Buchler came after his attention had been called by the newspaper to letters it had received from a woman in which he was mentioned in connection with the suit. The writer said she, Mrs. Crater and others knew the justice's whereabouts and that he had gone west to escape his difficulties.

The day before Justice Crater disappeared he withdrew \$5,500 from the bank. The writer says he had to take this money out of the bank to "satisfy the whims of a woman" who threatened scandals.

She says she understands the threatened suit was disposed of by payment of \$5,000.

The letter was postmarked from Chicago. In addition to Mrs. Crater it mentions United States Senator Robert F. Wagner and Taylor Phillips as among those who could throw some light on the affair.

Senator Wagner who was Crater's former law associate, has previously denied knowing anything about his disappearance. Taylor, a former partner of Wagner, denied to the World that he knew where Crater was.

Chapel Hill, N. C.—(AP)—Charged with attempted criminal assault on a 14-year-old negro girl, W. A. Ford, an 63 white man is held in Hillsboro under \$1,000 bond.

## NEWS BRIEFS

Badin, N. C.—(AP)—An automobile accident was fatal to James Turner, 15-year-old Badin negro.

Southport, N. C.—(AP)—Candy L. Little, 33, of Littleton, Brunswick county, shot and slightly wounded Laura Little, then killed her, in a fight, Sept. 11.

Cerro Gordo, N. C.—(AP)—

Thomas Strickland, Fair Bluff township youth, is in a Mullins, S. C., hospital near death after what is said to have been an attempt to kill himself.

### SO DIZZY, HAD TO LIE DOWN

### Oklahoma Lady Says She Obtained Relief by Taking Black-Draught.

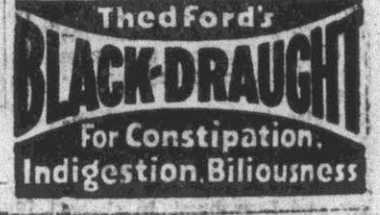

Thibodeau, Okla.—"We have used Theford's Black-Draught in our family ever since I can remember," says Mrs. M. C. Weatherford, of 117 Ross Street, this city. "My mother gave it to us children. Whenever we got sick or out of order, she gave us a few doses of it to straighten us out."

"For years I have kept Theford's Black-Draught in my home. I find it the best medicine for sick headache and biliousness I have ever tried."

"Sometimes I have spells when everything seems dark before my eyes and I feel dizzy. I have to lie down or I would fall. When I feel such an attack coming on, I take Black-Draught and make a tea out of it, which I take in small doses for several days. The dizziness quickly passes off after I take Black-Draught, and I feel fine."

"I gave my little grandchild Black-Draught not long ago. She was bilious and this made her drowsy and languid. I made a tea of the Black-Draught and gave it to her, and very soon she was up, playing around the house."

"I have my little grandchild Black-Draught not long ago. She was bilious and this made her drowsy and languid. I made a tea of the Black-Draught and gave it to her, and very soon she was up, playing around the house."

## TRADE IN YOUR OLD TIRES

We Will Allow You MORE

TRADE IN YOUR USED TIRES NOW. We will make you a liberal trade-in allowance—on one tire or a full set. If your tires are worn smooth they are worth money to us, as we have an up-to-date tire repair department and can apply a new tread, and we have a ready sale for these tires. If your tires are only partly worn, or if they are new and do not provide you with the safety that you want for the wet and slippery weather this fall and winter, we will give you still more for your tires in trade for new Firestone tires.

Why take chances on tires that are not safe—you can have the safety that race drivers demand—at the lowest cost ever known.

We are in the tire business—we know tires and tire values, and give you better service and lower transportation cost.

### SAFETY and ECONOMY THAT IS NOT DUPLICATED at THESE PRICES

THE tire buying public is entitled to the truth about tire values. We joined with Firestone to give car owners the facts. When we sell you a tire we not only sell you the most economical transportation but greatest safety.

### A DEPARTMENT STORE FOR MOTORISTS

WE SELL AND SERVICE the complete line of Firestone Tires, Tubes, Batteries, Brake Lining, Rims, and Accessories—also Gasoline, Oils, and Lubrication. This means we buy higher quality products at lower cost and pass these savings on to you in lower cost transportation per mile and more efficient service.

### DOUBLE GUARANTEE

Every tire made in the Firestone Factories, carries the Firestone name. You are doubly protected in buying these tires from us, carrying the Firestone unlimited guarantee and ours.

\* "Mail Order" or "Special Brand" tire is made by some unknown manufacturer and sold under a name that does not identify him to the public, usually because he builds his "first grade" tires under his own name.

# WARD'S FALL FASHION WEEK

## COATS

A Special Display of Fashion's Smart Models in the New Fabrics, Furs and Styles

### From \$14.75 To \$39.75

Coats are smart and flattering, and when they sell at only \$14.75 they make an irresistible appeal to women who seek style and quality at a moderate price. These coats follow the new fashion trends and are truly smart in their clever line manipulation and generous fur trims.

Fine Trico Broadcloth and Novelty Tweeds—light but warm coat fabrics—fashion these models: They are flattering with their flares, youthful boleros, chic belted and bloused backs. Most all of them are fur trimmed with deep shawl collars and wide cuffs in French Beaver, Manchurian Wolf, and Lapin. A visit to our coat department will convince you of their value. Then you'll realize the full meaning of "Style without Extravagance." Sizes 14 to 40.

More Proof That Ward's Offer "Style Without Extravagance" FALL DRESSES \$7.45

Because we want you to remember Ward's Fall Fashion Week—we have concentrated every effort to give you the best obtainable frocks at \$7.45. You'll find them a good value at this economy price.

### Women's Sheer Chiffon or Service Weight GOLDEN CREST HOSIERY! \$1.04 pair

A splendid value for Fall Fashion Week! Full fashioned—and all silk from top to toe. Here's a 5-thread 45-gauge Chiffon with picot tops... and an 8-thread 45-gauge Service weight full strength. Both have French heels, too! Note the exquisite colors on display during Fall Fashion Week! Promenade—Beige Chair—Nightingale—and many others that will lend chic to new frocks!

### Ward's Puts America on a New Style Footing

## ROCHELLE SHOES

### \$3.98

You'll adore these medium priced shoes that link Fashion with Economy! Sponsored by famous shoe stylists, created by high class designers... they bring you the modes of the moment. Narrow toes—round toes—square campus toes—Cuban heels—Louis heels. See Rochelle Footwear Fall Fashion Week!

### MY OWN HATS \$1.95

Each Hat Comes in its own Lovely Wardrobe Box!

"My Own" Hats are for women and girls who want a distinctive Hat at a moderate price! Smart felts with clever touches of velvet to give them a piquant chic! The brims dash up and down in a temperamental way... hair and foreheads are revealed! And there's a becoming style here for you.

# Social and Personal

J. H. Blount left last night for Richmond, Va. Dr. and Mrs. Joseph Smith and Mrs. J. K. Spivey spent yesterday in Raleigh.

George Lay, of Chapel Hill, was here yesterday. Miss Elizabeth Winslow left today to enter Duke University in Durham.

Misses Virginia Jones and Elizabeth Moore left yesterday for a visit in Dunn.

Miss Louise Winslow has returned to Agnes Scott College in Atlanta, Ga.

C. R. Small, of Marian, Indiana, is visiting his daughter Mrs. J. E. Winslow.

Miss Effie Mae Winslow is visiting friends in Western North Carolina.

**Simultaneous Boy Scout Campaign**  
November 18 to 22 has been set aside by the Executive Board of the Boy Scout Council for the Annual Finance Campaign.

The various towns and communities in this area will conduct their campaigns on the same dates, raising funds for the 1931 budget.

The Boy Scout movement has established itself in the hearts of the people in practically all progressive communities, and people consider it indispensable as a character-training work.

**D. A. R. TO MEET FRIDAY AFTERNOON**  
The Greenville Patriots Chapter, Daughters of the American Revolution will meet Friday afternoon at four o'clock with Mrs. R. L. Smith.

**Mrs. Merritt Hostess at Bridge.**  
Mrs. R. C. Merritt was a charming hostess yesterday afternoon, honoring Mrs. Charles Williamson, of Danville, Va., who is the guest of Mrs. P. K. Miles.

Three tables were placed for bridge. Red roses, purple asters and marigolds were attractively used throughout the home.

Following a number of interesting progressions, Mrs. W. S. Clary was awarded a piece of pottery for high score. The low score prize, a handkerchief, went to Mrs. J. J. Summerell. Mrs. Williamson was given dusting powder.

A delectable salad course with orange ice and salted nuts was served by the hostess who was assisted by Mrs. Charles O'H. Horne. The guests were: Mrs. Charles Williamson, Mrs. John Hodges, Mrs. E. B. Ficklen, Mrs. P. H. Kasey, Mrs. H. L. Hodges, Mrs. K. B. Pace, Mrs. A. J. Moore, Mrs. J. J. Summerell, Mrs. P. K. Miles, Mrs. L. W. Gaylord, Mrs. W. S. Clary, Mrs. Charles Horne and Mrs. E. J. Garrett.

**AMERICAN LEGION PROGRAM TO BE BROADCAST TONIGHT**  
The local post of the American Legion extends an invitation to all members of the American Legion and Auxiliary who do not have a radio, and to anyone who would like to hear the American Legion program, to come to the high school this evening.

A program of unusual interest dedicated to the American Legion will be broadcast from coast to coast. Three artists on this occasion will be Schumann-Heink, Martha Atwood, Metropolitan soprano, and Wehrenrath.

The program will be broadcast from nine until ten-thirty. A radio has been installed in the high school especially for this program.

**Mr. Greene Improving.**  
Friends of Burt Greene will be glad to learn that he is very much improved, and will be able to leave the hospital tomorrow. He underwent an operation in Pitt Community hospital last week.

**TOBACCO SALES HEAVIER ON FARMVILLE MARKET**  
Farmville, Sept. 18.—The Farmville tobacco market sold about a half million pounds on Monday of this week, the largest sale of the entire season so far. Tuesday's sale reached the 280,000 mark, and today's sale was estimated at 260,000.

With the price situation still unsatisfactory few tags are being turned. Better grades of primings and some tips are coming in, and prices are a bit stronger. Farmville has had no blocked sale as yet, but increasing breaks are expected, and there will be less fluctuation in sale totals in the next few weeks.

## Grimesland Looks Forward to Good Year for School

September 15, promptly at 8:45 o'clock, the school children of the Grimesland vicinity, assembled at the Grimesland High School to begin a real year's work. The enrollment for the day was very encouraging to Mr. L. J. Worthington, the principal, to the teachers and to the parents, as they have been earnestly working toward standardizing the high school. The school enrollment neared the 60 mark, the grammar and primary grades almost reached 190, making the total enrollment about 250. At least 75 more students are expected.

In the Simpson community there is no high school and, due to the efforts of the Grimesland Principal, many of the high school students of that section, have been enrolled in Grimesland. The additional students will make the standardizing of the high school a possibility by the end of the first month if the daily attendance nears the enrollment mark in the meantime; therefore, the parents will be a great asset, as they will have the attendance of their boys and girls in charge.

Despite the period of depression, Grimesland is looking forward to a very prosperous year. The faculty is a capable one. The members are Mr. L. J. Worthington, principal, with Misses Nannie Esther Williford, Laca Howard, Myrtle Lewis, Laura Smithwick, Ethel Davenport, Ruth Lewis, Alma Marks, and Mary Butler.

**SINGING AND ACTING BOTH ARE GIFTS OF THIS GIRL**  
Both singing and acting lie very close to the heart of Bernice Claire who has the feminine lead with Joe E. Brown in "Top Speed," coming Monday and Tuesday to the New Theatre.

Miss Claire, who is only twenty-two years old, won her first laurels on the stage in "The Desert Song." Then First National Pictures called her to California and gave her her first screen opportunity in "No, No Nannette," a singing and dancing role. This was followed by "Spring is Here"—an admirable vehicle for the display of her exceptionally beautiful soprano voice.

But about that time a certain First National Director, Mervyn LeRoy, took it into his head that this sensational young discovery was not only a really marvelous singer but an exceptionally capable actress. To prove it, he insisted upon Miss Claire being assigned a straight dramatic role in "Numbered Men," with no music at all. It was a difficult role, too, calling for high emotional interpretation. The success of "Numbered Men" sup-

plied the answer, and proved that LeRoy had known what he was doing.

In "Top Speed" Miss Claire has a chance to combine her talents, as her role demands both singing and acting. The acting is in the vein of light comedy, for which her gift has become well known during the past season.

Besides Miss Claire and Joe E. Brown, the featured cast of "Top Speed" includes Jack Whiting, Laura Lee, Frank McHugh and a distinguished array of lesser lights.

**Entertains Sunday School Class.**  
Grimesland, Sept. 15.—Miss Alice Mae Elks delightfully entertained her Sunday school class out in the grove at her home in Grimesland, Monday afternoon.

As the children arrived, fruit punch was served by little Miss Juanita Hoell. Stories and games were enjoyed by everyone. Then frozen fruit salad and cakes were served by little Misses Martha R. Fleming and Martha E. Hoell. Candy cars, whistles and harps were given as favors.

There were twenty-three present.

**To Attend Radio Show.**  
Harry Johnson, salesman of Majestic radios with Smith Electric Co., leaves tonight for Richmond, Va., to attend the radio show now being held in that city. While in Richmond he will also attend a two day session of amateur station operators of the American Radio Relay League, as he owns and operates station W4AHS here.

**Acosta Arrested for Flying Plane Without License**  
Bridgeport, Conn., Sept. 18.—(AP)—Bert Acosta, chief pilot for Admiral Richard E. Byrd on his trans-Atlantic flight in 1927, was under arrest today for flying a plane in Connecticut while his license was under suspension.

Acosta had taken off from Roosevelt Field, N. Y., late yesterday afternoon in a borrowed plane. He landed late last night in a meadow on the farm of David Evans at Wilton. He told Evans, eighth trouble had made the landing necessary, but Evans telephoned the state police in Westport and Acosta was arrested.

His license to fly in this state was suspended for low flying over Naugatuck in 1928. In January, 1929, he was suspended for low flying and stunting over the Long Island fields and fined \$500. Inspectors of the Department of Commerce said so far as they knew the fine has not been paid and that his license was still suspended.

## Wire Tapping Charge Again Before Body

Chicago, Sept. 18.—(AP)—The investigation of campaign funds in the Illinois primary was adjourned at noon today to be resumed after the general election in November. Senators Gerald P. Nye, of North Dakota, and Uriah H. Dale, of Vermont, announced they would re-open the investigation of the Nebraska Senatorial primary on Lincoln next Monday.

Chicago, Sept. 18.—(AP)—Though barred from the evidence, the tap-pee-phones charges continued to bob into the picture which Senate probes of Illinois primary campaign funds expected to finish, for the time being, today.

Photographs of the phone circuit which Mrs. Ruth Hanna McCormick Republican Senatorial nominee, claimed tapped the line to her home at Byron, Ill., were laid before the Senate investigating committee yesterday by F. B. Thompson, publisher of the Rockford, Ill., Daily Republic, owned by Mrs. McCormick.

The photographs were taken last Sunday, Thompson said when he was called as a witness to testify whether or not the Republican candidate had become financially interested in the newspaper in order to further her campaign. The

photographs were not admitted as evidence but the members of the committee inspected them.

The committee again denied the plea of Attorney-General Oscar Carlstrom of Illinois that he be allowed to present a statement in defense of Mrs. McCormick.

Hertford, N. C.—(AP)—The first day of school was also the last for little Edward Lamb, seven. He was fatally injured when he fell from a school bus.

**Two Hundred Hurt In Bombay Election**  
Bombay, India, Sept. 18.—(AP)—More than 250 persons, including women and children were injured in police attacks on obstructive mobs swarming about the town hall polling place where the Bombay legislative election was held today. The police arrested 382 women and 18 men. The women were released tonight.

**Senate Campaign Funds Committee Examines Pictures McCormick Circuit**

Chicago, Sept. 18.—(AP)—The investigation of campaign funds in the Illinois primary was adjourned at noon today to be resumed after the general election in November. Senators Gerald P. Nye, of North Dakota, and Uriah H. Dale, of Vermont, announced they would re-open the investigation of the Nebraska Senatorial primary on Lincoln next Monday.

**ABOUT TOWN**

Good tobacco advanced from two three dollars per hundred pounds on the Greenville tobacco market yesterday, lending strength to the statements made by prominent tobaccoists during the early part of the season that the price situation would improve as soon as the farmers began offering their crop.

This information will be received with pleasure by the thousands of owners of the state, but they will be satisfied, however, until two three more advances of this kind are recorded. In fact, it is going to take some rapid changes in the price situation to enable the farmer to realize the cost of production. In the face of the continued demand for organization of the farmers, it looks like it might pay the farmers in the long run to offer more for the crop and save all of the expense and worry which will result if organizations are effected. The time for action has come and it affects the manufacturer as much as it does anybody else.

The regular quarterly meeting of the Greenville Merchants' Association will be held tonight at seven o'clock and several matters affecting the business life of the community will be discussed. The business interests of the city have been vitally affected by the price of tobacco, but they are optimistic concerning the future. On the other hand, they are looking forward to an adjustment of the situation and hope that preliminary plans may work around for an improvement of prices for the principal crop of the section.

Willard L. Dowell, of Raleigh, will be one of the prominent visitors to be a direct bearing upon the business of the state. It has not been determined what he will talk on, but since he always has something of importance to say, the merchants are looking forward to his coming with interest. All members of the organization are urged to attend and acquaint themselves with some of the objectives of the future.

The Pitt County Post of the American Legion has decided to range for one of the greatest celebrations in history here Armistice Day. In the words of one of the members, "I am going to celebrate whether anybody else does or not, was on the other side when the mistle was signed and I actual-experienced some of the emotion that coursed through the veins of thousands of American boys in the trenches when the word reached them that hostilities had ceased." But judging by the attitude of members of the local post, it is not going to be necessary for a "buddy" to celebrate alone. An elaborate program, with the usual speaker, is now being outlined and the day is going to be just as significant to the former service men as any other occasion of the year since the ending of the great war.

Greenville people should do everything possible to help the boys serve the day. It is a duty every body owes them. It matters not how they may be, we should take the day off and in that way express appreciation of the sacrifices which America's young manhood made upon a foreign battlefield. Let's not permit the day to slip unnoticed, but let us join the ranks and help the Legionnaires pay tribute to the men who gave us all that civilization might be had.

Every penny counts these days, and the person interested in saving pennies should trade in Greenville where goods may be purchased at bargain prices all the year around. This is especially so on special days such as that planned for an early part of October when a cash prize will be given away to the shoppers. If you are not familiar with the conditions of this special day, why

not watch the advertisements appearing in the columns of this paper from day to day and acquaint yourself. The merchants not only plan to give away prizes, but they are going to stimulate business by offering some of the most amazing bargains of the year. Greenville is recognized as the principal shopping center of Eastern North Carolina because it serves a larger trade territory than any other town of the same size, and the distinction gains significance each year as new patrons are added to the list. It matters not where you have been doing your shopping in the past make it a point to come to Greenville during the fall and winter season and purchase liberally of the extensive offerings which the merchants have bought for you.

**Actor's Missing Wife Again Shows Up At Hollywood**

Los Angeles, Sept. 18.—(AP)—Mrs. Marguerite Beery, reported missing by her husband, Nolan Beery, film actor, was at the home of friends in Hollywood today where she said there was no mystery attached to her absence from her North Hollywood ranch. She said she had been in Las Vegas, Nevada, to "establish a residence." Soon after her return she issued the following statement: "I was much surprised upon my return to read I had mysteriously disappeared. There is no mystery to my absence. I went to Las Vegas to establish a residence. I am returning there to make it a permanent residence.

"Will you ascertain what reward Mr. Beery offered for information as to my whereabouts? If sufficiently large, I will have myself located immediately." "Newspapers reported Mr. Beery said I had \$750 on my person at the time I disappeared. May I add that during my married life with Mr. Beery of twenty-two years I have never seen \$750."

Beery had said he learned Mrs. Beery had received her monthly income from the \$250,000 trust fund which he established for her some time ago. Beery reported to police Monday his wife had disappeared September 8 without explanation, and asked aid in locating her. He said she had been ill and he feared harm had befallen her. After his wife had been located, Beery asked the authorities to continue their investigation of her disappearance, declaring "I want the proper authorities to investigate this matter and prosecute anyone guilty of enticing or luring Mrs. Beery from her home. If it can be established any person or persons are responsible for her strange absence, I shall lodge charges against them."

**YOUNG MAMA ALMOST GOT INTO COURT**

Pittsburgh, Sept. 18.—(AP)—Ruth Ellen Federkeil was telling her dolls today how their mama almost got into court. Ruth Ellen, listed as a "housewife," was sought by a deputy from the sheriff's office after she failed to appear and answer to her name, included on a long list of prospective jurors. The disgruntled deputy returned to report that Ruth Ellen was a "housewife" all right—in a doll house. She is only seven.

**Top Speed Ahead**

**DO-X to Qualify As Passenger Ship**

Allenrhein, Switzerland, Sept. 12.—(AP)—The famous 12-motored DO-X soon will make a trial flight for official qualification as a passenger aircraft. The American motors which were placed in the ship recently are now being overhauled and the flight, which will be for only a few hours, will be made as soon as that work is completed. This is preparatory to a projected trans-Atlantic jump to the American continent, which probably will be early next month. A number of tests will be made, however, before the big airplane is definitely ready for the trip over the Atlantic.

After the forthcoming flight, which merely is to test the performance of the motors, a duration flight will be started over Lake Constance to determine the ship's capacity for distance. The DO-X then will fly by way of Amsterdam to Travemunde, Germany, which will be made the base for a number of Baltic cruises and trips to Oslo and Southampton.

When these are completed satisfactorily the DO-X will prepare for the American flight by way of Lisbon. New York—The Irving Berlins are to build a six story \$200,000 house on east Ninety Third street next to a new house to be erected for Mrs. Graham Fair Vanderbilt.

**Bryan University Opens At Daytona**

Dayton, Tenn., Sept. 18.—(AP)—A fundamentalist University that grew out of the famous anti-evolution trial here five years ago opened today, a memorial to William Jennings Bryan.

While here fighting to uphold the Tennessee statute forbidding the teaching of the theory of evolution in public schools, Bryan suggested the establishment of a school in Daytona. He died July 26, 1925, two days after the trial ended, but his idea took root and grew into the William Jennings Bryan University, a co-educational school. It will have intercollegiate athletic teams, but will not have military training at least for the present. Only freshmen classes started today, the plan being to add courses

**CONSTIPATION RELIEVED QUICKLY**

**CARTER'S LITTLE PILLS**  
 This Purely Vegetable Pill will move the bowels without any pain and depressing after effects. Sick Headaches, Indigestion, Biliousness and Bad Complexion quickly relieved. Children and Adults can easily swallow Dr. Carter's tiny, sugar coated pills. They are free from calomel and poisonous drugs. All Druggists 25c and 75c red pkgs.

**Cook Electrically**

**DO YOU KNOW**  
 That the electric range is sootless, that it will not blacken your walls or bottom of utensils?  
**DO YOU KNOW**  
 That the electric oven is so well insulated that food will stay hot in it for hours after the current has been turned off?

 "Where You Save"

**DOROTHY DARNIT**

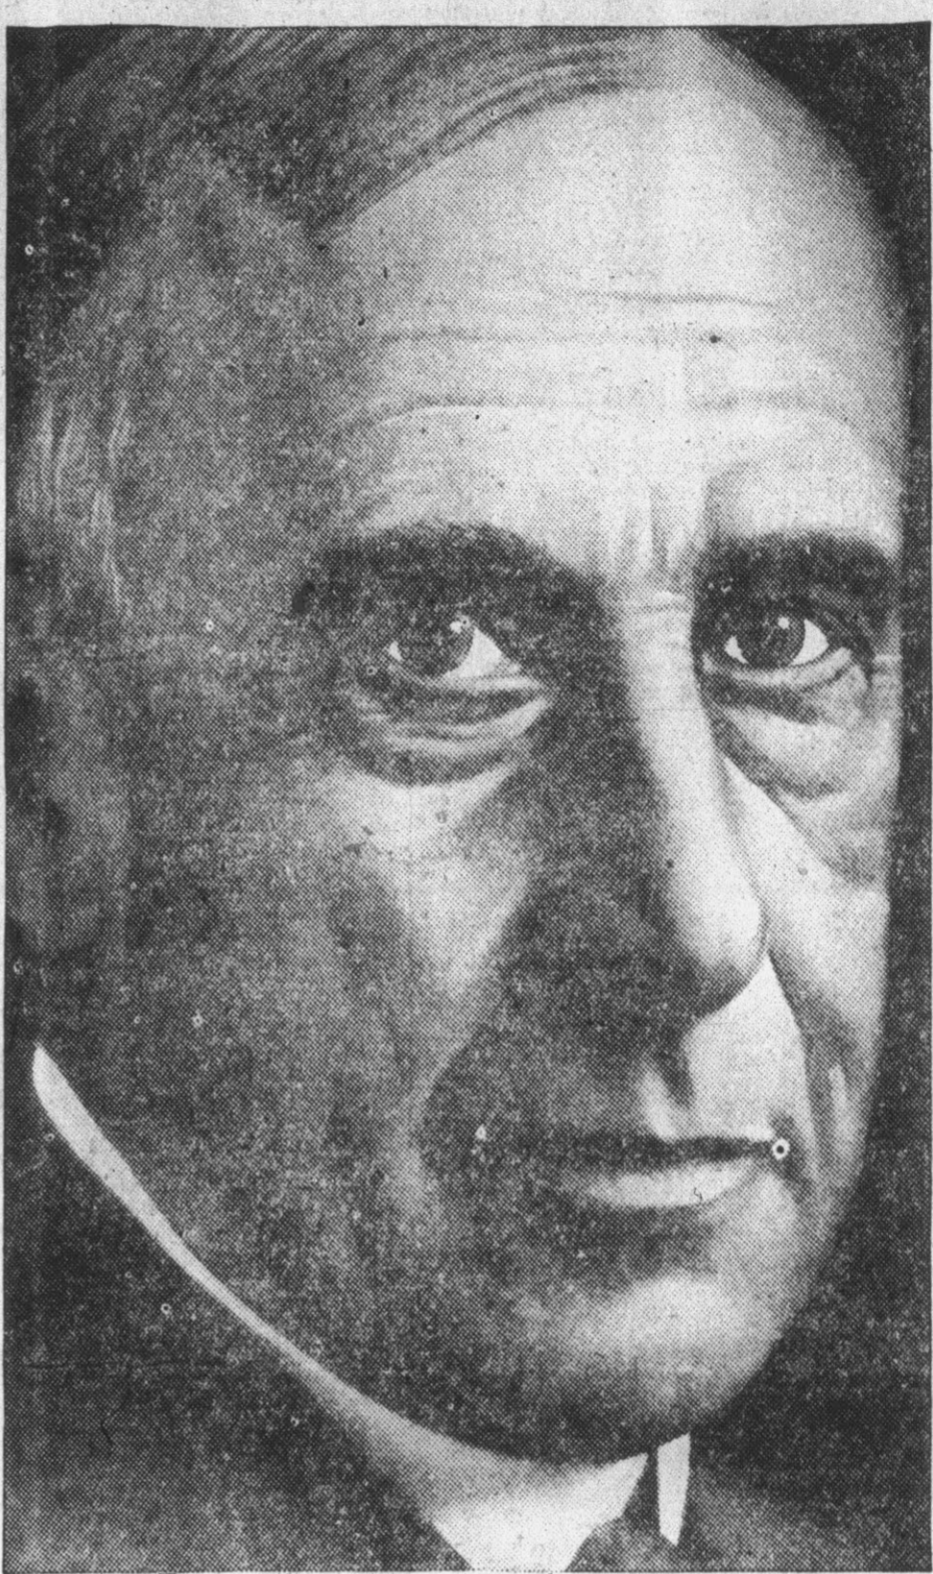

gradually until the university is a four year institution. Until the \$400,000 administration building is completed classes will be held in the Rhea Central High School building where John I. Scopes, defendant in the Dayton trial, taught. Nearly \$1,000,000 has been subscribed to the Fundamentalist school, which has acquired an 81-acre site. William Jennings Bryan University, it is set forth in its charter of incorporation, is for the purpose of "conducting and perpetuating a university for the higher education of men and women under auspices distinctly Christian and spiritual, as a testimony to the supreme glory of the Lord Jesus Christ and to the Divine inspiration and infallibility of the Bible." The president, Dr. George E. Guille, was for 15 years extension Bible teacher for the Moody Bible Institute of Chicago and a staunch fundamentalist.

Clarence Darrow, Dudley Field Malone and Arthur Garfield Hays, noted attorneys, came to Scopes defense in his trial, but he was found guilty and the judge assessed the minimum fine of \$100.

North Carolinian Dead In N. Y. Albemarle, N. C.—(AP)—Miss Leola Johnson, 21, daughter of Mrs. Ollie I. Johnson of Albemarle, drowned in New York Sunday, relatives have been advised. Greensboro, N. C.—(AP)—W. B. Woodard, deaf and dumb man, was attacked, choked, robbed of \$15 and left unconscious he reported to police.

**"A SIGNIFICANT EXAMPLE"**

Says  
**SAMUEL HARDEN CHURCH**  
 President of the Carnegie Institute

—that great enterprise founded by Andrew Carnegie at Pittsburgh for the promotion of art, science and literature. Known throughout the world as a student of current problems. Chairman of the Board Carnegie Institute of Technology, Director American National Theatre. Member American Mission to Morocco 1923. Officer of Legion of Honor (France).

"Perhaps the most vital influence in the American business world in recent years has been the tendency of industrial leaders to join hands with science. No more significant example of this trend exists than your modern use of the Ultra Violet Ray in the 'Toasting' of the LUCKY STRIKE tobaccos. The great success of your experiments demonstrates the wisdom of this union between business and science."

Samuel Harden Church

**LUCKY STRIKE**—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—**THEN—"IT'S TOASTED."** Everyone knows that heat purifies and so **TOASTING** removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating! Everyone knows that sunshine mellows—that's why **TOASTING** includes the use of the Ultra Violet Ray.

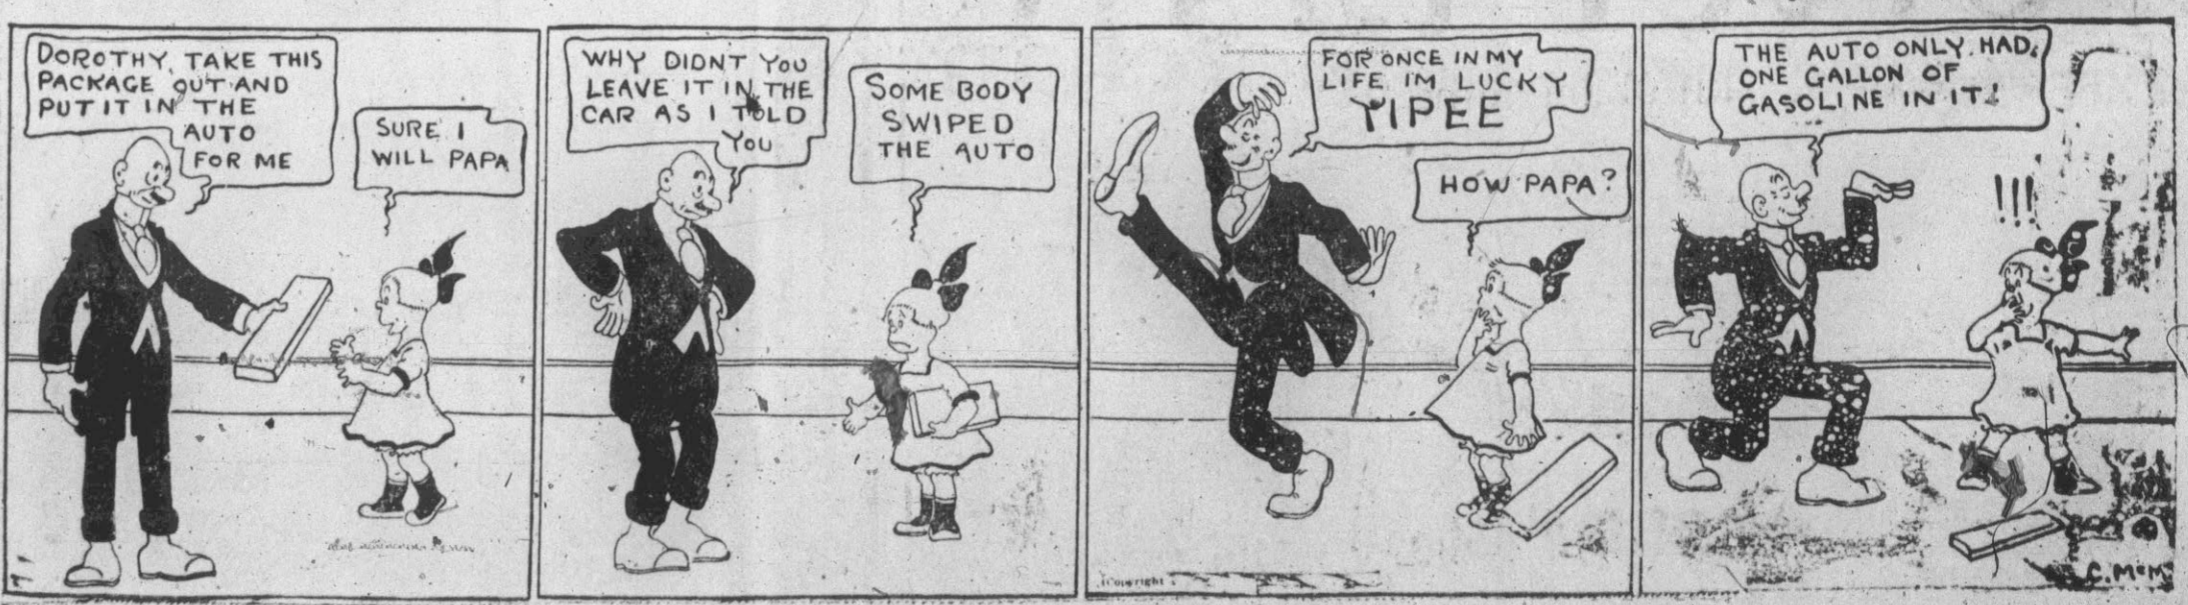

**"It's toasted"**

**Your Throat Protection—against irritation—against cough**

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited Mr. Samuel Harden Church to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of Mr. Church appears on this page.

# SEVERAL GRID GAMES ON TAP FOR WEEK-END

The regular fall call for "one near the 50-yard line" was only a few hours away today as Lenoir-Rhyne and Atlantic Christian College prepared to usher in the football season at Hickory tomorrow night. A few hours earlier, in the afternoon, Mars Hill plays Maryville at Maryville but the Lenoir-Rhyne-Atlantic game bids fair to attract more interest.

The scrap in Hickory is merely an appetizer for what will follow Saturday when the first two members of the State's "Big Five" take the field this season into action. North Carolina State, with a Wolfpack of undetermined power of hard scrimmages scheduled for today and tomorrow in preparation for Saturday night's game with High Point. The Purple Panthers are reputed to be a stronger aggressor this year under the tutelage of a new coach, young Julian Beal of South Carolina. Johnny Van Liew, State's new mentor, is working his charges behind closed doors in preparation for the scrap.

Davidson, the other big five team in action Saturday, plays Elon but Coach Monk Younger is reported not to be worrying about the game. The Wildcats chief trouble with Elon apparently lies in one Williams, 200-pound line-charging ball carrier.

Gulford is another North Carolina team that will see action Saturday. The Quakers will play a night visit to Emory and Henry in Virginia.

Davidson, the other Big Five team in action Saturday, plays Elon but Coach Monk Younger is reported not to be worrying about the game. The Wildcats chief trouble with Elon apparently lies in one Pete Williams, 200-pound line-charging ball carrier.

Gulford is another North Carolina team that will see action Saturday, the Quakers will play a night visit to Emory and Henry in Virginia.

Another week of preparation is in store for North Carolina, Duke and Wake Forest before they open the season. Wake Forest and North Carolina will hold their annual scrap at Chapel Hill on the 27th while the Blue Devils will entertain the South Carolina Gamecocks in Durham on the same date.

The Tar Heels had their first scrimmage of the year yesterday but the workout was not as pleasing to Coach Chuck Collins as it might have been. Although the first offensive eleven scored 15 times against fourth and fifth defensive teams, the University meritor described the opposition as "too easy" and criticized what he termed "ragged blocking."

Duke concentrated yesterday on a morning scrimmage with the emphasis on the passing game. In the afternoon, signal drill occupied the Athletics. At State, backfield men and ends were given special attention.

## Carnera Fights Last Ring Battle; Scores Knockout

Chicago, Sept. 18.—(AP)—Primo Carnera has finished his conquest among American heavyweights with an average of 1,000, and an extremely healthy bankroll.

The Italian monster last night nominated and elected Jack Gross, a Jewish heavy from Philadelphia, as knockout victim number 23, accomplishing the business in less than four rounds. Carnera's board of managers said the bout was his last in America, and that he would sail for Italy October 11.

About the only difference between Gross and Carnera's other opponents was that the Philadelphia did his fighting left-handed. He tried hard, but outweighed 67 pounds and appearing almost puny compared to the bulky Italian, he didn't have a chance. Carnera mauled and nudged him about the ring, working methodically until the fourth when a turned loose a crushing right that dropped Gross for nine counts. Gross got up, but another nudge on the jaw by the hamlike fist felled him for keeps.

The crowd was about 10,000 with receipts of approximately \$35,000.

## Spinners Victors In Sally League

Greenville, S. C., Sept. 18.—(AP) Greenville's Spinners, champions of the South Atlantic League, were looking forward today to a post-season series with Selma, South-eastern League winners, for the Class B championship of the South. The Spinners won the right to meet Selma yesterday at Macon when they downed the Peaches 4 to 2 to win their fourth and deciding game of the Sally's post-season series. Macon won two games.

Although Greenville garnered only six hits off three Macon pitchers, errors by the Peaches helped the South Carolinians win.

# HIGH IS HERO OF CARDINAL OUTFIT TODAY

By HUGH S. FULLERTON, Jr. Associated Press Sports Writer  
There isn't very much to Andy High as ball players go—only 51-2 feet of him—but today he can wear the biggest hero's garland St. Louis has to offer. Andy does not even rate as a regular on the Cardinals (his season yet he is the one who has given them two successive triumphs over their rival Brooklyn Robins and a clear hold on first place.

On Tuesday Andy went into the game as pinch hitter in the tenth inning and cracked out a double that led to the game's only run and a virtual tie with the Robins. Yesterday High hit a double in the ninth and brought a 5 to 3 triumph for the Cards and a full game margin. He hit with the score tied and two men on base.

Sylvester Johnson pitched a fine game for the Cards against Adolfo Luque. Al Grabowski, who got credit for the victory and Jim Lindsey, did well in relief roles, and chided Hafey's home run in the fourth gave the Cards their first tie.

Cincinnati broke its losing streak by defeating the Boston Braves, 6 to 4, behind Red Lucas' pitching in the second game of a double header, after it had run to 13 straight through Boston's 6 to 3 triumph in the first clash, and Pittsburgh's Pirates slammed out 12 runs in two innings to defeat Philadelphia 12 to 5.

The formality of ending the American league pennant race was delayed for a day or two as the Philadelphia Athletics went down before Red Faber's six hit pitching and lost a 4 to 2 decision to the Chicago White Sox while Washington rallied after a bad first game and won the second from Cleveland, 6 to 4. The Indians hammered out a 13 to 7 victory in the first as Earl Averill tied the modern major league home run record. Averill hit three homers in successive times at bat, barely missed a fourth and grounded out, then cracked out another his first time up in the second game.

The other American league teams took their games more or less lightly, devoting most of their time to attempting to fatten their batting averages. The St. Louis Browns outlasted a seven run rally by the New York Yankees to win out, 9 to 8, while the Detroit Tigers gained a 9 to 7 victory over the Boston Red Sox as each team cracked out 15 hits.

## Why They Play

**NATIONAL LEAGUE**  
Pittsburgh at Philadelphia.  
Chicago at New York.  
St. Louis at Brooklyn.

**AMERICAN LEAGUE**  
Boston at Detroit.  
New York at St. Louis.  
Philadelphia at Chicago.  
Washington at Cleveland.

# SPORTS SLANTS

Tim e was up on the radio the other night while Professor Knute Rockne was in the midst of another broadside against the new shift rule, its "six-count" and those he charges with an attempt to ruin the effectiveness of the shift play to which the Notre Dame system is committed.

"The one second stop is O. K., remarked Rockne, "but it should not be necessary for us to stop long enough for the opposition to look the whole situation over and then determine what to do. I will handle every referee working with our team a stop-watch before each game and then I'll have two of my own men on the side lines time the referee."

In effect Rockne charges that the success of teams throughout the country using the shift last year had some bearing on the new and more stringent stop-rule.

"The year before when we lost four games, there was no talk about doing anything with the shift," he said. "Last season St. Mary's and Southern California were among the best teams on the coast. They shift. Notre Dame Purdue were undefeated in the middle west. They shift. Tulane was the best in the south and Fordham one of the top notchers in the east. They shift, too.

"Draw your own conclusions." Someone asked Professor Rockne why he used so-called "shock troops" which mean in football reserves. He gave three reasons:

1. They save wear and tear on the regular varsity during a tough season such as Notre Dame plays consistently, soaking up the knocks and bruises which are more severe in the first quarter than in any other period.

2. They give the varsity, on the bench, an opportunity to become keyed up.

3. They allow the regular quarterback a chance to size up opposing strategy.

Glenn (Pop) Warner, quizzed as to his all-time all-America backfield selections, named Jim Thorpe, Ernie Nevers, Willie Heston and Bo-M-M-Millan.

It would be a difficult quarter to beat, but it would take no time at all to start a debate on the subject. Walter Eckersall, George G. Gipp, Ted Coy, Ned Mahan and Red Grange all might figure in the argument.

"Man o' War" recalled Feustel, "wasn't hard to train. In the first place he was perfectly round. The only trouble I ever had with him was to keep him from eating. I checked this by putting a bit in his mouth while he was eating. Although Man o' War was high strung, there was nothing vicious about him. He was willing, faithful and always 'rainin' to go. When he conceded 18 pounds and a beating to John P. Orier in the Dwyer, that proved what kind of a horse he was."

## Fights Last Night

Primo Carnera, Italy, knocked out Jack Gross, Philadelphia, (4); Dick Daniels, Minneapolis, out-pointed Al Fay, Pittsburgh, (10).

## Bulls Declared Winners of the Piedmont League

Durham, Sept. 18.—(AP)—Although Henderson led the Piedmont League in the percentage of games won and lost, Durham today was hailed as the champion outfit of the loop by virtue of a 7 to 5 victory over the Gamecocks yesterday which gave the Bulls the deciding game of the post-season series.

The Bulls, playing in Henderson, used three pitchers to stop the game was closely played throughout, out with each team benefiting by the other's errors.

**Big League Leaders**  
**NATIONAL LEAGUE**

# Market Report Cotton--Stocks--Grain

## COTTON MARKET N. Y. STOCK LIST

New York, Sept. 18.—(AP)—Cotton opened steady today at a decline of 2 points on July but generally 1 to 2 points higher in response to relatively steady Liverpool cables. The demand was light however, while there seemed to be a little more southern selling and prices eased off after the opening with new October selling down to 18 1/2 and March to 11 3/4, or about 2 to 3 points net lower on the more active positions.

The tone, however, was fairly steady and the market was holding within a point or two either way of yesterday's closing quotations at the end of the first half hour. Liverpool cables reported general buying and covering in that market and said there had been moderate sales of cotton cloths to the home trade and South America with Indian news encouraging.

## GRAIN MARKET

Chicago, Sept. 18.—(AP)—Wheat values displayed a downward bias today influenced a good deal by reports that the Grain Stabilization Corporation would have some of its wheat surplus holdings ground to be used as feed and shipped into drought districts.

Wheat closed unsettled 3-8 to 3-4 lower than yesterday's finish; corn closed 1-2 to 1 down; oats a shade to 5-8 off and provisions ranging from 20 decline to a rise of 12.

## STOCK MARKET

New York, Sept. 18.—(AP)—The stock market slipped into reverse again today and moved slowly downhill, although its descent was checked now and then during intervals of dullness when offerings dried up.

The mediocre rally yesterday led bearish professionals to believe that the best prospects for immediate profits were still on the short side and selling was resumed throughout the list, utilities encountered considerable realizing, but pressure was also applied to the merchandising shares and to miscellaneous industrials. Activity increased somewhat in comparison with the Wednesday trading, yet the turnover remained small.

Declines generally held to nominal proportions in the more active stocks. American Telephone, North American and Stone & Webster yielded 2 points or more and there were similar drops in R. H. Macy, Woolworth Safeway Stores, Westinghouse Electric, Johns-Manville, Loew's, Auburn, Autostrop, Foster Wheeler and Diamond Match.

American Water Works, Sears Roebuck, Case, American Rolling Mills and Eastman Kodak lost 3. U. S. Steel, General Electric and American Can eased about a point. In order to make much progress in either direction the market appeared to need more definite news, of one sort or the other, than has been forthcoming. Reports of better inquiry for some of the commodities, notably steel, pig iron and copper, indicate a belief on the part of important consumers that prices have scraped bottom; but in the absence of a rally in quotations on these materials improvement is regarded as rather theoretical.

Professional bears have capitalized the sluggish response made by business in a period when seasonal gains are normal. On the other hand, more cheerful speculative circles profess to be satisfied with the situation and are willing to allow the recovery plenty of time.

The weekly construction figures for the states east of the Rockies revealed that the daily rate of new awards for September was running slightly behind August, although the figures for residential building showed improvement.

Money was easy and so abundant that the unofficial rate held at 1-2 per cent against the call loan renewal of 2 per cent.

Chicago, Sept. 18.—(AP)—Wheat values displayed a downward bias today influenced a good deal by reports that the Grain Stabilization Corporation would have some of its wheat surplus holdings ground to be used as feed and shipped into drought districts.

Wheat closed unsettled 3-8 to 3-4 lower than yesterday's finish; corn closed 1-2 to 1 down; oats a shade to 5-8 off and provisions ranging from 20 decline to a rise of 12.

## STOCK MARKET

New York, Sept. 18.—(AP)—The stock market slipped into reverse again today and moved slowly downhill, although its descent was checked now and then during intervals of dullness when offerings dried up.

The mediocre rally yesterday led bearish professionals to believe that the best prospects for immediate profits were still on the short side and selling was resumed throughout the list, utilities encountered considerable realizing, but pressure was also applied to the merchandising shares and to miscellaneous industrials. Activity increased somewhat in comparison with the Wednesday trading, yet the turnover remained small.

Declines generally held to nominal proportions in the more active stocks. American Telephone, North American and Stone & Webster yielded 2 points or more and there were similar drops in R. H. Macy, Woolworth Safeway Stores, Westinghouse Electric, Johns-Manville, Loew's, Auburn, Autostrop, Foster Wheeler and Diamond Match.

American Water Works, Sears Roebuck, Case, American Rolling Mills and Eastman Kodak lost 3. U. S. Steel, General Electric and American Can eased about a point. In order to make much progress in either direction the market appeared to need more definite news, of one sort or the other, than has been forthcoming. Reports of better inquiry for some of the commodities, notably steel, pig iron and copper, indicate a belief on the part of important consumers that prices have scraped bottom; but in the absence of a rally in quotations on these materials improvement is regarded as rather theoretical.

Professional bears have capitalized the sluggish response made by business in a period when seasonal gains are normal. On the other hand, more cheerful speculative circles profess to be satisfied with the situation and are willing to allow the recovery plenty of time.

## Morrow Returning to United States

Mexico City, Sept. 18.—(AP)—A train twining northward today through the Mexican cordillera carried Dwight W. Morrow, retiring ambassador, toward his own country, where in November he will stand for election to a Senatorial toga.

The miles of unending cacti and purple mountain ranges echoed the farewell of the thousands who had gathered last night at the Colonia Station to see him and Mrs. Morrow off, the farewell of Mexicans to those whom they like and respect: "Vaya usted con dios, Senora. 'May you go with God.'"

## Marion Talley Returns to N. Y.

New York, Sept. 18.—(AP)—Marion Talley, 23 year old prima donna who abandoned grand opera for a Kansas wheat farm in 1928, has turned her back on farming and is studying singing in New York again, under Frank LaForge.

Miss Talley, who came to New York from her farm last August, said her wheat crop was good and her corn crop a failure, and averred she had come East to make some records. She refused to admit she was headed back to the operatic stage.

Opinion prevailed in musical circles today that she expected to return to the singing career begun auspiciously at the Metropolitan Opera House in 1926, when she was 18. She spent four seasons in Opera and was reported to have earned from \$300,000 to \$500,000.

Buy No More Paris Gowns  
New York—Marion Davis, back from abroad, says she buys no more Paris gowns, since American women have come to realize they can buy just as fashionable togs at home and pay less.

## Steamer Crippled During Hurricane Docks At Orleans

New Orleans, Sept. 18.—(AP)—The steamship Commercial Bostonian was tied up in port today badly crippled from the hurricane that struck off the North Carolina coast last Friday and her captain and crew told spectacular stories of the storm.

The steamship arrived with its radio antennae, life boats and after house torn away, but with its miscellaneous cargo intact. Captain Sexton M. Berrgren, of Jersey City, said the ship encountered the hurricane off Frying Pan Shoals, N. C., and that the wind was so strong it tore off the clothing of the crew. He said the wind smashed his speaking tube, and that it was only by the courage of the third mate, W. Cadman, of Providence, R. I., in divesting himself of his outer clothing, and working himself forward to the engine room that word could be gotten to the chief engineer to keep the engines going.

"We kept the engines going, though we burned out bearings," Captain Berrgren said, "and later had to stop twice at sea for repairs." Many of the crew helped oil the engines by hand, as a list to starboard rendered the oiling system useless. The Commercial Bostonian plies between New Orleans and Philadelphia.

## When Will You Be 42?

Today You Say—And That is That—But Tell Me Are You Very Fat

Well, if you are—It's probably your own fault—You don't know how to eat right and that's one reason.

If you would like to learn how to lose the fat you hate—and no one else likes—do as I did—Take this 30 day test—

Cut out candy, cakes—pies and ice cream—cut down potatoes, rice—butter—cheese, cream and sugar—Eat anything else you feel like eating but moderately—lean meat—fish—chicken—vegetables and fruit are best—

Take one-half teaspoonful of Kruschn Salts—in a glass of hot water every morning before breakfast—don't miss a morning—follow this advice. One woman lost 19 pounds in 4 weeks—another got rid of 47 pounds in 3 months—A New York woman lost 14 pounds with one bottle of Kruschen and is full of vim and pep so she writes—

A Greenville Drug Co. or any drug store in the world you can get these magic salts—one 85 cent bottle lasts 4 weeks—ask for Kruschen Salts—an enemy to Fat.
