## DIARY TELLS OF LAST DAYS OF EXPLORERS

### Misfortune Pursued Andree and Companions From Start of Journey to North

Stockholm, Sept. 20.—(AP)—Frozen faded faces so fragile now after 33 years that to turn them has been almost to destroy them, have told the story of the last days of August Salomon Andree, Swedish explorer, and his two companions, who in 1897 tried to fly over the North Pole in a balloon.

The pages are those of M. Andree's diary, part of which he wrapped in an old jersey and placed beneath his Arctic shirt next to his body before he lay down to die on the ice of White Island in late 1897.

Thus preserved they were found by Dr. Gunnar Horn and others of a Norwegian expedition last month with Andree's remains and other relics of the balloon expedition, and were brought back here for minute examination and publication.

Some phases of the disaster which overtook Andree and his two companions the pages do not make clear, and they may remain forever a mystery, but a remarkable clear and full account is given of part of the balloon voyage.

The diary records the start of the balloon from Danes Island, Spitzbergen, on July 11, 1897, with favorable auspices for a successful flight over the North Pole toward land on the opposite hemisphere, where they hoped to come down, safely, such as did the Dirigible Norge nearly 30 years later.

But almost from the start misfortune pursued them. The balloon's gas bag leaked, and the balloon and its apparatus became so weighted with ice and frost. It lost its buoyancy and at times bumped along the ice. At 7 p. m. on the third day out there was a fire in the cabin of the balloon but it was promptly extinguished.

The diary records that: "The balloon again rose, but both valves were opened in preparation for a landing. The next week, from July 14 to July 21 was spent encamped on the ice while a sledge journey back toward land was organized, the explorers, who besides Andree were Nils Strindberg and Knut Frankel, hoping to reach Franz Josef land, known as Fridtjof Nansen land."

It is not just clear why they should have headed toward this little known and uninhabited region instead of toward Spitzbergen, where they had food depots and there were some inhabitants, but their march was eastward from the spot where they came down, 83 north latitude, 30 east longitude, less than 500 miles from the North Pole.

The doomed men struggled on day after day, crossing ice crevasses, and traversing by means of a small canvas boat deep pools of fresh water which they found on the ice between them and their goal. Each of the three men had their experience with falling into these caches of food and supplies. Their own food was running out. They were on shortened rations and the outlook was pretty grim. They killed some polar bears which Andree calls "wandering meat shops of the Arctic" and with each successive kill the prospects of the party brightened. There were days when no bears appeared and the men went hungry.

There is no clue to the end of the men, which of them died first and what brought death on. There is, in solution of this, only the fact of discovery of their remains. Strindberg and Frankel's laid out as if in a sort of interment, and Andree's own body up against the side of a mountain, as if he lay down there knowing it was where he would die.

## Raskob Will Set Aside \$2,000,000 for Son and Bride

New York, Sept. 20.—(AP)—The New York Daily News says today that John J. Raskob has set aside a trust fund of \$2,000,000 for his son and bride to become operative upon their marriage.

John J. Raskob, Jr., son of the chairman of the Democratic National committee, and Miss Minerva Aaronson, secretary for a New Haven bridge house, will be married next spring.

Formal announcement of the engagement is made by Mrs. Elizabeth Aaronson, mother of the prospective bride. Miss Aaronson is 19 years old. They met when Raskob attended Yale. He has graduated.

The New York World said Mr. Raskob laughed away reports of the \$2,000,000 trust fund as "just gossip."

High Point, N. C.—(AP)—Rowina Cardwell, his pretty 14-year-old daughter, is missing. J. W. Cardwell has reported to police.

## New Charges Are Entered Against Bishop J. Cannon

Richmond, Va., Sept. 20.—(AP)—Dr. Costen J. Harrell, pastor of a local Methodist church announced today new charges against Bishop James Cannon, Jr., of the Methodist Episcopal church, have been forwarded to Bishop William N. Ainsworth, of Birmingham, Ala., chairman of the College of Bishops of the church.

No announcement of the nature of the charges was made. The complaint against Bishop Cannon was signed by Dr. Harrell, Dr. I. P. Martin, of Abington, Va., Dr. J. T. Marsten, of Richmond, and Dr. Forrest J. Pettymann, of Baltimore.

Dr. Harrell issued a brief statement today concerning the matter but declined to supplement it in anyway.

The statement follows: "On yesterday a complaint against Bishop James Cannon, Jr., was mailed to Bishop William Ainsworth, chairman of the College of Bishops, Methodist Episcopal church, South, asking him to call a committee to investigate Bishop Cannon's case. This complaint was signed by four ministers of the church, Dr. Forrest J. Pettymann, of Richmond and Dr. I. P. Martin of Abington, Va."

## ED FLANAGAN TELLS ABOUT TRIP ABROAD

### Member of Legislature Principal Speaker at Meeting of the Kiwanis Club

E. G. Flanagan, member of the North Carolina Legislature from Pitt county, was the main speaker at the regular meeting of the Greenville Kiwanis club at the Rotary building last night.

His subject was Europe, and having recently returned from a trip to seven countries, that part of the world, he was able to furnish the club with an interesting account of observations made along his route.

The program last night was in charge of B. W. Mosley, who gave Mr. Flanagan a hearty welcome back home. B. B. Sugg presided and the song program was in charge of C. B. Rowlett with Mrs. Ray Tyson at the piano.

Dr. Louis Skinner, chairman of the committee appointed to cooperate with other organizations in an effort to plant more trees throughout the city, told of the progress of the campaign. He said the city had been divided into wards with civic organizations being made responsible for some particular section. He said it was the purpose of the movement to create more interest in the planting and preservation of tree life of the community, and that individuals in all of the residential sections would be urged to plant trees in the front of their homes as a means of beautification.

President Sugg read a letter from Mrs. J. B. James, chairman of the garden club of the Woman's Club, asking the support of the club in the erection of a fountain on the square situated at the end of Fifth street in the western section of the city. Mr. Sugg indicated that the club would be glad to render any assistance possible, but referred the matter to the public affairs committee of which Dr. Louis Skinner is the chairman.

W. H. Woolard, chairman of the program committee, announced that the next meeting would be confined to entertainment of the faculty of city schools. The program will be in charge of Rev. E. L. Hillman, pastor of Jarvis Memorial Methodist church, and it was stated that each member of the club would be given the name to some teacher as his guest during the evening.

Mr. Flanagan told of the places of interest in France, Switzerland, Holland, Germany, Italy and England, and said that some of them simply staggered the imagination. He was particularly impressed by the things of historic interest in Paris and Italy, and gave an interesting description of the graves of the unknown soldier at Munich, one of the greatest tributes to the World War dead in any section of the world.

Referring to a subject of particular interest to the people of this section, that of cigarettes, he said there was a vast difference in the prices of American products in all of the countries. For instance, he pointed out, American cigarettes sold for 38 cents in France; 38 cents in Italy; 37 cents in England and 23 cents in Holland and Switzerland. In Germany the price was \$1.35 a package.

He was particularly impressed by (Continued on page four)

## FEDERAL DRY AGENT SLAIN DURING RAID

### Party of Dry Agents Ambushed By Gunman During Raid on New Jersey Brewery

Elizabeth, N. J., Sept. 30.—(AP)—Federal, state and local authorities sought today to round up a gang of gunmen who ambushed a raiding party of Federal dry agents in a brewery and killed one of the agents.

John G. Finello, 44 years of age, of Philadelphia, was shot and instantly killed yesterday when he walked into the boiler room of the Rising Sun Brewery where a gang of eleven gunmen had lined up and disarmed his companions.

The raiding party of five Federal men came from Philadelphia. Robert Young, special supervisor of breweries in New Jersey, was in charge.

Leaving one of their number at the entrance as a guard, the agents entered the brewery. They arrested the engineer and two stokers in the boiler room. Young and three agents remained with the prisoners while Finello went through the plant seeking others.

At that point the gunmen rushed into the boiler room with drawn guns covering the agents whom they disarmed.

Finello, unaware of the attack, walked into the room.

"There's Finello—let him have it," one of the gunmen yelled and stepped behind Young to use his body as a shield.

Finello attempted to fire his gun but it jammed. The man behind Young opened fire with two guns, killing the agent instantly. He was shot seven times.

City and state police were hurried to the brewery with tear gas bombs and riot guns fearing the attackers might entrench themselves in the place, but they had fled in automobiles after disarming the agent guarding the entrance.

George Craig was slightly wounded in the neck by a bullet fired through a window while he was searching the place. No one was found in the place.

The brewery is in the Union Square District in the heart of Elizabeth. The plant covers two city blocks and is one of the oldest in the state.

## COLLEGE WILL OPEN FOR FALL TERM SEPT. 30

### Class Work, However, Will Not Actually Get Under Way Until October 3

East Carolina Teachers College will begin its 22nd year of work during the week of September 30 with an enrollment that now promises to tax its maximum capacity.

Freshmen registration will occupy the first two days, September 30 and October 1, and all other students will be registered on October 2. Class work begins on October 3.

Students living in or near Greenville and all others who expect to attend the college as day students should make application for admission registration. Special registration information is sent to those who make application; without this information the student is at some disadvantage in following the registration procedure.

Students who have attended other colleges must present a certificate of honorable dismissal from these colleges. Those who expect to graduate from East Carolina Teachers College must present a transcript of college work done elsewhere.

## FIDACS AT SOLDIER SHRINE

Delegates to the eleventh annual congress of the Fidac, inter-allied war veterans' organization, visited Arlington cemetery to honor the unknown soldier. In the center reading the address is Lieut. Col. Fred W. Abbott of Great Britain, president of the organization.

## FARM BOARD FIELD MAN SPEAKS HERE

At a mass meeting held at the courthouse in this city yesterday, plans were outlined for an educational campaign looking to the organization of a co-operative marketing association among the tobacco growers of the county.

The meeting, which was attended by a large crowd of growers from many sections of the county, was held under the supervision of the Federal Farm Board and State College, and was one of a series being held throughout the county in an effort to present the co-operative marketing medium to the public.

The Farm Board was represented by Colonel Bagan, who delivered the principal address of the session. He did not advocate the organization of an association at once, but declared that it was advisable that the educational campaign be conducted so that the people might be fully aware of the nature of the movement.

He said the prime object of the meeting was to acquaint the farmers with existing conditions, and to stimulate a desire to improve the situation. He discussed the present status of the crop, of the poor quality and improperly handled tobacco, the effect of overproduction, and the poor marketing system.

He declared that a remedy to the situation lay in the planting of seed of known origin, preferably certified seed; growing of the variety and type of tobacco is greatest demand; planting on only well adapted land; use of experimental stations information on fertilizing, cultivation, control of insects and bacterial diseases, and last but not least, diversification of rotation of crops, using special rotation for tobacco. He also stressed the importance of not over-cropping.

He showed that when production is less than disappearance prices are high, that when production balances with disappearance prices are good, and that when production exceeds disappearance prices go to pieces. As a means of stabilizing production he urged the growers to heed outlook information, properly restricted credit, use of surplus for fertilizer, and a well balanced system of farming for each farm.

Gastonia, N. C.—(AP)—Jake Vanderburg, acquitted more than a year ago of murdering five members of his family, waived preliminary hearing and was held to Superior Court on charges growing out of alleged threats against Mrs. Ella Green.

## COMMUNISTS WILL SERVE JAIL TERMS

### Four of Seven Men Convicted At Gastonia Have Arranged to Surrender

New York, Sept. 20.—(AP)—The New York Times says four of the seven Communists under long prison sentences in North Carolina in connection with the Gastonia Textile strike, have arranged to surrender to the authorities at Charlotte, before September 29 to avoid forfeiture of bail.

The men were convicted of the slaying of Chief of Police O. P. Aderholt and disarmed shortly after the convictions were upheld on August 20 by the North Carolina Supreme Court. They are at liberty under bail.

Two of the men, who plan to give themselves up to the authorities, are Beal and K. Y. Hendricks, who are said to have returned to the States recently from Soviet Russia. Beal is under a seven-year to twenty year sentence and Hendricks five to seven-year terms.

## STATE AGAIN ON THE TRAIL OF OTTO WOOD

### Officials Conducting Search for Famous Prisoner in Forsyth County

Raleigh, Sept. 20.—(AP)—Prison officials today were again on the trail of Otto Wood, North Carolina's most elusive criminal.

Reports that a man resembling Wood had been seen in Forsyth county and an automobile in Forsyth county, sent officials in that section on a search for the man.

H. H. Honigsmann, warden of Central State Prison, said the Forsyth county report was one of hundreds involving Wood since his last escape but that it would be thoroughly investigated.

The Greensboro News, in a signed story from its High Point correspondent, today said Otto Wood, four time prison escapee, spent Thursday night at High Point and aided his sister-in-law, Mrs. Robert Wood, to kidnap her daughter, Lucille, six, from a High Point school.

The State's most spectacular criminal, who ghosted away from State's prison over a month ago, was identified by Pansy Wood, the woman's 11-year-old daughter, who refused to accompany them, the News said.

Earlier reports had indicated that Otto Wood and the woman, widow of his brother, had fled together to California.

The escapee was sighted yesterday in Forsyth county and an automobile in which he was believed to have been riding taken by Forsyth officers, according to dispatches last night from Raleigh and Winston-Salem.

A man and a woman answering the description of Otto Wood and the woman, spent the night at the Arthur Hotel, the manager was quoted as saying. Mrs. Wood registered as Mrs. J. E. Brown, he said. Otton, entering the hotel some hours later, was accompanied by a man police believe was Bill Payne, long-term prisoner who escaped some time ago.

The two men registered for the two O. H. Taylor and "Bill" Campbell, the names on the book were.

The men left the hotel about 2:30 A. M. and did not return, while the woman remained until 10 o'clock, appeared in the lobby with a small child, was joined by the man believed to have been Otto and disappeared.

The child, Pansy, told newspaper men how her mother attempted to induce her to leave school, and, failing, took the younger child away despite Pansy's tears. The girl was positive in her identification of Otto Wood as her mother's companion.

## Tobacco Sales For Past Week Past Last Year

Sales on the Greenville tobacco market during the week just closed were heavier than during the corresponding period of last year, according to information given out this morning by the supervisor of sales.

The week's sales also were heavier than any other market in the state.

The sales were given at 3,839,100 pounds for a total sum of \$398,257.30, at an average of \$10.31 per hundred period last season, the market handled 3,296,498 pounds at an average of \$13.31.

For the same period last season, the market handled 3,296,498 pounds at an average of \$13.31.

## HYDE CHARGES SOVIETS WITH GRAIN SLUMP

### Says Speculation of Government on Chicago Market Caused Depression

Washington, Sept. 20.—(AP)—The outcome of Secretary Hyde's blunt telegram to the Chicago Board of Trade concerning bearish speculation in wheat there "by the Russian government" was being awaited eagerly today in Washington.

President Hoover has interested himself in the situation, but held the view today that the matter was departmental and consequently was not expected to make any move.

The secretary of agriculture conferred with him before asking John A. Bunnell, president of the Chicago Board, "What provision your exchange has made or can make for the protection of our American farmers from such activities."

Mr. Hyde declined today to supplement the information contained in the telegram sent last night, pending a reply from Mr. Bunnell. Dr. J. W. T. Duvel, administrator of the grain futures act who directed the inquiry into reports of Russian activity, likewise refused to talk.

While watching developments, the State Department said it had taken no action in the matter. Whether it will interest itself in the problems presented remains to be seen.

Hyde's telegram said the Russian government had engaged in "heavy short selling" of grain, and that this had contributed to the fall in wheat's price and injured the farmers.

Secretary Hyde informed the president the Russians recently had sold at least 5,000,000 bushels of wheat for December delivery.

## Ewald and Wife Under Bond for Buying Office

New York, Sept. 20.—(AP)—G. F. Ewald, a former city magistrate and his wife, Bertha E. Ewald, were at liberty under \$5,000 bail today after pleading not guilty to indictments charging them with buying Ewald his office.

Martin J. Healy, Tammany leader in the nineteenth district, who was charged with receiving the \$10,000 which Ewald is accused of paying, and Thomas T. Tompamy, described as a go-between in another indictment will answer the charges against them next Monday.

The indictments were returned against the four by a special grand jury ordered by Governor Roosevelt after a regular grand jury had failed to act.

The charge against the Ewalds is punishable by two years' imprisonment and a fine of \$3,000.

Ewald also is under a federal indictment for mail and fraud in connection with sale of stock in Cotter Butte Mines, Inc., of which he was once a director.

The special grand jury was recessed until next Wednesday. It is expected it will take up the charges of Jacob Cash who says he gave Healy \$2,000 on the day he was appointed city marshal.

The jury is also expected to delve into the disappearance of Supreme Court Justice Joseph Force Crater, for whom a wide search is under way. Crater was president of Healy's Cayuga Democratic club at the time.

## Gant Charged With Forgery

Greensboro, Sept. 20.—(AP)—Three indictments charging Mason W. Gant, Guilford Superior Court clerk, with forgery in connection with the distributor of confederate pension checks today were on file here.

Three other indictments, all returned by the grand jury yesterday, charged the court clerk with embezzlement, abstraction and misapplication of confederate pension funds.

The last named three have been turned over to Judge Michael Schenck, of Hendersonville, presiding over criminal court here, and will probably be served on Gant today.

Gant is at liberty on \$15,000 bond on the forgery charges.

Other bills of indictment are now in the hands of the grand jury and will be considered by that body today, Solicitor J. F. Spruill said.

The grand jury will consider next week any further information regarding the clerks' affairs that may be reported by the auditors examining his books.

Gant's \$15,000 bond was signed by himself, J. B. Stroud and H. M. Chambliss. Gant was reported to be ill at his home when the bond was delivered to Judge Schenck.

## Mangled Body of White Man Found On Kenly Street

Wilson, Sept. 20.—(AP)—A man found dead in the street here early today was tentatively identified after several hours investigation as Robert Taylor, 45, a farmer living near Selma.

A coroner's jury reached a verdict that he had been feloniously slain by unknown parties. Officers investigating the case held varied theories. Among these was one he had been killed and the body tied to an automobile and dragged to Kenly.

A negro was arrested as a suspect, but was later released when no evidence to warrant holding him was found.

### THORSON—METCALF.

Miss Miriam Metcalf, of Webster City, Iowa, and J. W. Thorson of this city, were united in marriage Thursday evening, Sept. 18, in the Memorial Baptist church, Rev. A. W. Fleishmann officiating.

The bride is the daughter of Mrs. G. J. Long, of Webster City, Iowa. Mrs. Thorson received her education at Grinnell College, Grinnell, Iowa, and for the past two years has held a secretarial position with the Equitable Life Insurance Company of Des Moines, Iowa.

The groom is the son of Mr. and Mrs. H. A. Thorson of Edenton, N. C. Mr. Thorson attended electrical school at the Southern University of Norfolk, Va., and is now proprietor of the Court View Service Station in this city.

The young couple will make their home in Greenville.

**Miss Hunter Bride Hostess**

In honor of Mrs. John C. Wyatt, a June bride, Miss Grace Hunter delightfully entertained at a bridge party on Friday afternoon at Hill Home's Drury store. The game was played on the balcony which was tastefully decorated with ruffled robes and black-eyed Susans. High score prize went to Miss Eva Hodges and the consolation to Miss Eva Keeter. Mrs. J. C. Wyatt and Mrs. C. E. Taylor each received a guest prize.

During the game refreshing drinks were served, and afterwards a delicious ice course followed.

### Scouts Meet.

The Boy Scouts of Troop 30 enjoyed an interesting meeting at the Rotary club last night. Robert Fields' application for membership was carefully considered and the troop finally decided to accept his application. Scout Tom Wilson formally accepted him into the troop.

All the Scouts then went up to the gymnasium for the initiation of the new member. After this three teams were chosen to play basketball. Two teams then played and the winner engaged the first team. The last game was hard fought and finally the game had to stop. The score ended two and two.

Joe Taft, Scoutmaster.  
Ben Herring, Scribe.

### Bishop Darst Here.

Bishop Thomas C. Darst, of Wilmington, is the guest of Mrs. E. B. Ficklen, while in the city.

Friends of Mrs. Emma Taft Lesh, formerly of this city, but now of Muncie, Indiana, will be glad to learn that she is improving and has returned to her home from Holland, Michigan, where she has been in a hospital. Mrs. Lesh was badly injured in an automobile accident about three weeks ago while visiting relatives.

Charles and William Taft Lesh, sons of Mrs. Lesh, recently left Muncie to attend Harvard law school at Cambridge, Mass. This is William Lesh's third year and Charles Taft is just entering. Both are Phi Beta Kappa graduates of Indiana University.

### Iverson Skinner in Hospital.

Friends of Iverson Skinner, Jr., will regret to learn that he is in the Washington hospital.

### JUNIOR WOMAN'S CLUB HOLDS FIRST MEETING OF THE YEAR

The Junior Woman's Club held its first meeting of the year at the club house on Friday afternoon with most of their members in attendance. The meeting was called to

order and presided over by the president, Miss Clara Moyer. Committees were formed for the coming year and quite a bit of business disposed of. The following committees were called upon to serve: Program committee, Miss Mary Forbes, chairman, Miss Mary Wright and Mrs. C. W. Porter; membership, Miss Lee Hannah, chairman, Miss Iva Shelburn and Miss Catherine Warlick; civic, Mrs. Dail Laughinghouse, chairman, Miss Mary Harding and Mrs. Person Nicholson; public welfare and health, Mrs. Tom Gorman, chairman, Mrs. Carl Reid and Miss Frances Norman; ways and means, Mrs. Walter Harrington, chairman, Mrs. J. B. Cummings and Mrs. Harvey Ruffin; music, Miss Rose Hadley, chairman, Miss Selma Carson and Mrs. James Patterson.

The meeting was then turned over to the hostesses, Misses Iva Shelburn, Selma Carson, Mrs. James Patterson and Mrs. Donald Kirby. Mrs. Patterson presented Mrs. R. L. Carr, who gave a most interesting talk on "The History and Scope of the Library." She told how the library was organized in 1903 by the End of the Century Club and run by a commission of representatives from the various organizations of the city. She especially mentioned the faithful service of Mrs. W. A. Bowen, who kept the library open three afternoons during the week for seventeen years, free gratis. In 1923 the Woman's Club took over the library and realizing it was a town institution, presented it to the town in 1929. Rooms were provided for it in the Evans street school and when that building was burned shortly after, only 500 of the books were saved. Temporary quarters were built on the Evans street lot by the town and last spring Mr. Harper Sheppard, of Hanover, Pa., notified the town that he would give \$50,000 toward a public library in memory of his father, the late Mr. Henry Sheppard, a resident of Greenville. The town presented the library with the Evans street lot and a magnificent building has been erected, which will be formally presented to the city on October 19 at 8 o'clock in the evening.

The hostesses then served a delicious salad course and the meeting adjourned to meet again on October 3rd.

### SIXTEEN DISTRICT MEETINGS OF WOMEN'S CLUBS ARRANGED

By Mrs. Henry Highsmith

An itinerary covering the state almost from Murphy to Manteo and reaching all of the sixteen districts of the State Federation of Women's Clubs has been arranged by Mrs. J. M. Hobgood of Farmville, who is chairman of district work together with Mrs. E. M. Land, state president. Mrs. Land and Mrs. Hobgood will begin their tour of the state Monday, October 13 at Lillington where the ninth district meeting will be held with Mrs. T. B. Upchurch of Raeford, district president and the Woman's Club of that place as hostesses.

The following day, Tuesday, October 14, at Red Springs the tenth district meeting will be held with Mrs. J. B. Elliott of Chadbourne, district president, and Miss Louise Purcell, president of the local club, in charge.

The itinerary will then jump to the extreme western part of the state where the first district meeting will be held at Andrews. Mrs. Billie Davis of Sylva, president of the district and Mrs. D. H. Tillet, president of the Andrews Woman's club will be joint hostesses. Fifteen senior and five junior clubs comprise this district.

Meeting of the second district will be held at Morganton, Tuesday, October 21, with Mrs. J. O. Wood of Black Mountain, district president and the thirteen federated clubs of Asheville as hostesses. Twenty-four clubs belong to the second district.

Third district meeting will be held at Morganton, Wednesday, October 22, Mrs. T. B. Finley of North Wilkesboro is president of this district and Mrs. L. T. Avery, president of the Morganton Woman's club.

Fourth district meeting will be held Saturday, October 25 at Bessemer City with Mrs. W. T. Alexander of Shelby, district president, and Mrs. O. R. Black, president of the local club in charge. This district is comprised of twenty clubs, with a membership of 1,379. Both the Bessemer City Woman's club and

the Gastonia Woman's club have recently completed new club houses, the first costing \$5,000 and the second, \$8,000.

Fifth district meeting will be held at Oncood on Thursday, October 23, with Mrs. J. B. McCall of Charlotte, district president, and with Mrs. W. A. Fowl, local president.

Sixth district meeting will be held at Mt. Airy on Friday, October 24, Mrs. George Marshall of Mt. Airy, district president, was president of the local club last year. This district has done outstanding work among adult illiterates. Forty-two pupils were sent on the educational pilgrimage to Washington. Mrs. Claude Morris of Salisbury is chairman of the district literary work.

Seventh district meeting will be held at Gibsonville on Monday, October 27, with the Gibsonville Book club and the Elon College Book club as hostesses. Mrs. Herman Winburg of Greensboro is the president of this district. Fifteen clubs with eight hundred members comprise this district.

Wendell's Mother Circle and Woman's club will be joint hostesses to the eighth district meeting to be held at Wendell, Tuesday, October 28. Mrs. C. B. Hatch of Pittsboro is chairman of the district. Mrs. Ethel Howard is president of the Woman's club.

Jumping from the eighth to the fourteenth district in a day, the latter district meeting will be held at Woodland on Wednesday, October 29. Mrs. Dennis G. Brummitt of Oxford is president of this district and Mrs. J. P. Brown is president of the local club.

Fifteenth district meeting follows on Thursday, October 30, at Williamston with Mrs. J. H. Saunders, president of the local club and Mrs. D. M. Clark of Greenville, district president. The outstanding club work of this district was that of helping to establish libraries.

The meeting of the sixteenth district is on the next day, Friday, October 31, at Gatesville with the Gatesville Women's club as hostesses. Mrs. T. L. Carter of Gatesville is president of this district. The fifteen clubs of this district have done outstanding work in alleviating the distress of their communities due to prevailing "hard times."

Coming back to the eleventh district, Mrs. Land and Mrs. Hobgood find that their itinerary takes them on Saturday, November 1, to Newton Grove, a village in Sampson county, where two rural clubs and the Newton Grove Woman's club and the Westbrook's Woman's club will be hostesses at the district meeting. Mrs. C. Edward Taylor of Southport is district president. The clubs of this district work in close relationship with the Home Demonstration agents. All the counties in the district have county agents which is due largely to the efforts of the club women.

The next meeting scheduled is on Tuesday, November 4, when the thirteenth district meeting will be held at Goldsboro with the Goldsboro Woman's club as hostesses. Miss Mary Emma Giddens is local president and Mrs. E. S. Patterson of Nashville is district president.

The last meeting scheduled is that of the twelfth district at La Grange on Wednesday, November 5, with the local Woman's club and Mrs. G. T. Farnell of Bayboro, district president in charge.

### THE WAYS OF THE SOUTH

By Mrs. J. R. W. Ayden, R. 2, Tobbaco, cotton we grow  
For any old price we can get  
One to eleven cents.  
We work and toil the whole year  
through, tobacco and cotton to  
grow.  
Then to the market we make  
Anything they give we take  
We plant our land in tobacco  
and cotton  
Corn, potatoes and meat we have  
forgotten.  
We mortgage our land and team  
and crops  
Tobacco and cotton to grow.  
With never an idea of the price  
we are to get.  
Because we take anything we can  
get.  
The price is so low we have  
decided to quit  
Our tobacco and cotton others  
always get  
The prices paid by the consumer  
are so low.  
Tobacco and cotton we can no longer  
afford to grow.  
We must raise our meat and other  
things we eat.  
And grow and grow until we are  
free.  
To set our own price  
Then won't it be nice?

#### JOE E. BROWN'S BIG THRILL, SPEEDBOATING IN 'TOP SPEED'

"Top Speed" is merely a relative term, according to Joe E. Brown, star of this lively production which comes to the New Theatre Monday and Tuesday.

The picture features a highly exciting speedboat race.  
"The greatest thrill of my life came in riding in these speedboats at between 50 and 60 miles an hour," said Brown. "I've traveled 14,000 miles an hour in an airplane, you obtain no such sense of speed in the air as you do through the water. It seems at least three times as fast."  
Mervyn LeRoy directed. Bernice Claire, Jack Whiting, Frank McHugh and Laura Lee are in the cast.

#### Chicken Thief Put To Rout By Hail of Bullets

A negro for sometime had been depleting the chicken coop at the home of Mrs. Richard Forest, at the extreme end of Dickinson avenue.

Last night the same light-handed gentleman made his appearance again. He had two nice fat White Leghorn chickens in each hand, making his way to safety, when Mrs. Ferret, who had been awakened by the noise, opened fire upon the intruder with his pistol.

The bullets went wild and so did the darky. He threw the chickens in the air and hit terra firma in the high places.

It was believed that further depredations upon the chicken house would cease, now that the thief realizes that more lead awaits his appearance.

## High School Opens At Fountain With Large Attendance

Fountain public school opened its doors to the public Monday morning, Sept. 15, with a slight increase in attendance over the previous year. The exercises were opened in the auditorium with the invocation sent by Rev. Newman, pastor of the local Baptist church, and ended with an outline of objectives for the school year by the principal, B. E. Beasley. Many parents witnessed the opening, promising strong cooperation with the entire faculty.

The attendance of the opening date was: Elementary, 283, and High School, 70. Since that time until the end of the first week it has increased from 283 in the elementary school to 290, and from 70 in the high school to 75; making a grand total of 365 students. We are hoping to pass the 400 mark by the end of the first month.

The faculty consists of the following teachers: Miss Christine Smith, grade 1-B; Mrs. Lillian G. Mercer, grade 1-A; Miss Hester Gist, grade 2-B and 3-B; Miss Alida Swindell, grade 2-A; Mrs. Elizabeth B. Stokes, grade 3; Miss Aleathia Carney, grade 4; Mrs. Emily S. Mercer, grade 5; Miss Elizabeth Eaton, grade 6; Miss Kate Connor Murray, grade 7; Miss Mary Broadhurst, grade 8; Math-Science, Miss Charlotte Chaffin, grade 9; History-Geography, Miss Elizabeth White, grades 10 and 11; English-French, Mr. T. McL. Carr, Vocational Agriculture, and Miss Bessie Tomlinson, music.

#### PAINS IN BACK, PALE AND WEAK Georgia Lady Says That After She Took Cardui Her Health Got Better.

Waycross, Ga.—"About two and a half years ago, I found myself very much in need of a tonic," says Mrs. J. H. Miller, of 1036 Albany Avenue, this city. "I was pale and weak."  
"At times, I suffered a great deal from pains in my head and back. I couldn't do any sweeping, and other housework was very hard on me, feeling as I did."  
"My mother advised me to try Cardui. After my second bottle, I felt better, as I seemed to have more strength, but I was not satisfied to quit taking it. I wanted to get stronger. I kept on taking Cardui until I had taken six bottles. "I did not have the pains in my back and head after this. So now, I can certainly recommend Cardui, for my health has been good since taking it."  
"Thousands of other women recommend Cardui, after having found it of valuable assistance to them in building up their health. Try Cardui in your case."

Prices on the good grades of tobacco were much better Friday. We sold lots of tobacco from 30 to 40c per pound. And we expect to see a continual improvement in prices from now on. Keep your tobacco dry and don't sell too fast. We are fighting harder than we ever have before to protect the interest of the farmer. ANYBODY CAN SELL TOBACCO WHEN IT IS HIGH, but it takes men of judgment and nerve to take care of your sale when it is cheap. We are not quitters. The lower it goes the harder we fight. Watch our sales. You will like the way we sell tobacco. Bring us your next load. We will make you a good sale.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET

New York, Sept. 19.—(AP)—Cotton opened steady today, unchanged to 4 points lower under some other night selling orders which appeared to be partly from the South. Hedging was a little more active according to some observers, but it appeared to be quite readily absorbed around the initial prices by covering and trade buying.

The latter was believed to be partly for foreign account including houses with Liverpool and Japanese connections, but the volume of business tapered off after the first few minutes and the market was comparatively quiet at the end of the first half hour. Prices held fairly steady around 10.90 for raw October and 11.33 for March, or about 2 to 4 points net lower. Liverpool was just about as due on the New York close of yesterday. Private cables said there had been confidential and Bombay buying there and reported fair sales of cotton cloths to Indian and China.

## GRAIN MARKET

Chicago, Sept. 19.—(AP)—General selling with absence of adequate buying support forced grain values today into new tumbles that in the late dealings went from bad to worse. Scant export demand for North American wheat was in evidence, total European purchases today being but 200,000 to 300,000 bushels with Russia said to be offering wheat heavily. A prominent Chicago trader who returned today from a five months' trip to Europe said he found conditions abroad generally poor except in France.

## STOCK MARKET

New York, Sept. 19.—(AP)—The stock market broke below recent resistance levels today in active selling that was stimulated by a rumor of political troubles in Germany. Seizing this report, which quickly proved to be unfounded, as ammunition for their own guns, professional bears offered leading issues in large blocks and succeeded in bringing out considerable liquidation from other sources. Volume increased sharply. Denial of the rumor concerning German arrested the break shortly after noon when losses of 3 to 5 points or more had developed, but the market, after making an irregular recovery turned dull for a time and then went into another decline in which the earlier recessions were extended. U. S. Steel, dropping to 163, was off 4 points, while American Can, Johns-Manville, Sears Roebuck, Bethlehem Steel, DuPont, United Aircraft and Eastman lost 3. Westinghouse Electric broke more than 6. J. I. Case dropped 7 and Worthington Pump and Allied Chemical about 8. American Telephone and General Electric yielded a couple of points.

The weakness of the market found many holders ready to part with their stocks. Some disappointment has been expressed this week over the failure of the anticipated business revival to materialize in a broad way and many who had made purchases during the advances of late August and early September had placed stop loss orders which were uncovered by the declines.

The day's reports from industry and trade were rather nondescript although it appeared that large copper producers had definitely cut the domestic price to 10 1-2 cents a pound. The custom smelters were also holding at that figure. Steadiness of the Department of Labor's commodity index in August, which was unchanged from July, was attributed chiefly to the rally in farm produce prices last month because of severe drought for many of the other important groups of staples declined. There were a few unfavorable dividend actions, notably by the directors of Park & Tilford and Dunhill International. On the other hand, Allegheny Steel voted an extra dividend and Diamond Shoe increased its rate. Wall street heard

a report that Republic Steel was likely to omit its common dividend. A gain of \$79,000,000 in brokers' loans, although surprising in view of the downward movement of stock prices during the week covered by the report, reflected temporary borrowings through brokers for income tax payment purposes. The Federal Reserve statement showed that bank borrowings had dropped \$20,000,000 to the lowest level in several years. The money situation remained favorable. Call loans renewed at 2 per cent again, but funds were liberally offered in the outside market at 1 1-2.

## Lipton Gives Up Attempt to Win American Race

Newport, R. I., Sept. 19.—(AP)—Defeated in his fifth attempt to regain for Britain the America's cup, Sir Thomas Lipton has abandoned his fruitless quest. As sirs shrieked signaling another American victory, the 80-year-old Irish sportsman said: "It's the end of the race. It's the finish, yes, the finish. I will not challenge again. It's no use. We cannot win." The victorious American yacht Enterprise clinched the series by covering the 30-mile course in three hours, 10 minutes, 13 seconds, the fastest time ever made in the sixty years since Britain first challenged for the cup in American waters. She beat Sir Thomas' Shamrock by five minutes and 17 seconds.

## SENATE CONSIDERATION OF WORLD COURT MAY BE HELD UP BY CUBA'S OPPOSITION

(Continued from page one)

be willing to abandon its opposition. The intricate puzzle of what to do in the situation created by Cuba's opposition was not, however, completely cleared. Cuba maintained that entering into effect of the protocol affecting the rubber and status of judges was against her interests. Senor Ferrera, member of the Cuban delegation, said that 22 or 23 states had not ratified the protocol. He said Cuba might ratify after other states had. The French and Belgian representatives suggested that eleven judges and four deputy judges be selected as under the present statute, with the provision that the deputies automatically should become regular judges upon enactment of the new statute. Other delegates opposed this on technical grounds. Both Professor Baker and Rene Cassin, of France, emphasized today that the World Court situation is in a "terrible muddle" and that Cuba's insistence under her rights to prevent the protocol of revision coming into effect is "the last of the protocol itself" and, according to the French expert, also the "last of the adherence of the United States to the statutes of the court."

"CRACK-PROOF" TEXACO

DRIVE a few yards in reverse gear. Notice how the engine races. Notice what a pull it places on your motor! Then imagine driving across the entire continent, from New York to Los Angeles and back—all the way in reverse! That's exactly what the "back-up" boys, world's champion reverse drivers, did with a Ford at a speed of 10 to 12 miles an hour. This is equal, according to Ford authorities, to 50 to 60 miles in high gear.

Success depended upon perfect lubrication

Practically all radiator ventilation and fan cooling were eliminated by driving backward. Their engine speed, equivalent to 50 to 60 miles in high gear, was maintained for 42 consecutive days. The abnormal engine heat was intensified to almost scorching proportions on the Great Salt Lake Desert, where the thermometer registered 121° F. Anything less than perfect lubrication would have spelled disaster.

**FACTS**  
The driver—James C. Hargis, 26, St. Louis Interior Decorator.  
Car—a new Ford roadster equipped with rear headlights. The forward gears were taken out so that it was impossible to drive any way but backward.  
Conditions—Drove from New York to Los Angeles and back, 7180 miles, in reverse gear.  
Products used—The same new crack-proof Texaco Motor Oil and "dry" Texaco Gasoline sold in all our 48 States.

After they had conducted many comparative tests they selected the new crack-proof Texaco as the one motor oil most likely to withstand the terrific heat and engine strain. And once again the new Texaco has lived up to every expectation—has proved its longer-lasting qualities that will not break down under any driving conditions. Modern engines demand an extra margin of protection. They demand better lubrication. Car owners demand lower oil consumption, smoother, quieter engines and freedom from carbon. The new crack-proof Texaco Motor Oil and Texaco-Ethyl, the "dry" Ethyl Gasoline, provide all these advantages. Wherever you may be, stop at the first Texaco Service Station—where you see the Texaco Red Star with the Green T. THE TEXAS COMPANY Texaco Petroleum Products

## Gorman's Market Report

Prices on the bodied tobaccos are improving each day and we look for still better prices on the good and fine tobaccos the coming week. The sales are getting larger each day and with a second sale we sold until four o'clock today. There is still quite a large percent of common lugs and black tips coming in and these are keeping the general average down. Keep your tobacco dry and free from strings and foreign matter and bring it to GORMAN'S. We are working harder than ever for our customers and we are told many—many times each day that we are running the best sale on the market. We realize that you need every dollar you can get for this crop and we are not turning a single pile loose until we have squeezed every possible cent out of it for you. We know tobacco, know how to sell it, have the experience and the confidence of the buyers and no one will work harder for you. Bring your next load to GORMAN'S and let us convince you.

GORMAN'S Has FIRST SALE MONDAY, FIRST SALE WEDNESDAY AND FIRST SALE FRIDAY.
