NEGRO MUST DIE IN CHAIR FOR BURGLARY

Supreme Court Upholds Verdict In Lawrence Case; Error In Pitt Case

Raleigh, Sept. 24.—(AP)—The State Supreme Court today upheld the sentence of electrocution imposed on Harvey Lawrence, convicted in Hertford county of first degree burglary.

Justice Connor wrote the opinion in the Lawrence case, in which the appeal was based on the fact that the presence of armed militia at the time of the trial of the man tended to prejudice the jury against the defendant.

Justice Connor said that no intimation could be found in the record of the case that presence of the armed guard, which was barred from the court by the presiding judge, tended to "prejudice the defendant."

He said he could find no error in the refusal of the judge to grant a motion of the defense that the guard be dismissed.

Further, Justice Connor said, the record "showed no manifestation either before or at the trial of ill will toward the defendant on the part of the people of Hertford county."

He held that the evidence was "amply sufficient" to support the verdict.

In the case of the State versus C. H. Ross, Pitt county, error was found by Chief Justice Stacy on the ground that the man was tried in Superior court twice on the same warrant.

Justice Connor charged with issuing two "bad checks," one on January 13, 1929, and the other February 13, 1929. He was tried on both charges in the first and acquitted in the second in Superior court. In the Superior court trial the evidence introduced in his appeal from the charge based on the check issued in January dealt wholly with the January check. He was acquitted and the court ordered another trial from which the defendant appealed when convicted. Chief Justice Stacy found error and ordered the judgment arrested.

The opinions filed were: Savings & Trust Co. vs. Life Insurance Co., Nash, reversed; State vs. Lawrence, Hertford, no error; State vs. Burke, Hertford, no error; State vs. Benthal and Brett, Hertford, no error; Batten vs. Corp. Comm., Johnston, affirmed; Rand vs. Gillette, Johnston, affirmed; Brown vs. Brown, Hertford, affirmed; McNeill vs. Suggs, Harnett, error and remanded; Flowers vs. Chemical Co., Wayne, no error; Jenkins vs. Floyd, Warren, no error; Ivey vs. Cotton Oil Co., Halifax, affirmed; Fields vs. Life Insurance Co., Johnston, affirmed; State vs. Rice, Pitt, error; Carter County vs. Construction Corp., Cartersville, affirmed; Edwards vs. Morris, Pitt, no error; Smith vs. Smith and Cobb, Pitt, affirmed; Ernest Braxton vs. Matthews, Pitt, no error.

Says He Did Not Intend to Murder Paul Moneyham

Raleigh, Sept. 24.—(AP)—D. W. Kent, on trial for murder, testified in Wake Superior court today that he didn't intend to kill Paul Moneyham, a young automobile mechanic, but shot more to frighten him as he shot a tire.

Kent told his version of an argument he had with Moneyham in a tobacco barn August 28 and of the midnight shooting of Moneyham. Kent testified that Moneyham started the argument at the tobacco barn and that he followed him and followed him as Kent went to his home.

Testimony yesterday by T. E. Lassiter was to the effect that Kent started the trouble at the tobacco barn and assaulted Moneyham with a shove before leaving the barn and making a threat against the dead man's life.

Moneyham was shot to death when he went to Kent's home with his mother supposedly to try and settle the difficulties which occurred at the tobacco barn.

Kent was wounded by part of the load of shot which killed Moneyham as she attempted to keep her husband from shooting. She had to have her right hand amputated.

DR. JACOBS ELECTED HEAD HEALTHBOARD

Native of Bertie, Now In India, Chosen As Successor to C. O'H. Laughinghouse

Raleigh, Sept. 24.—(AP)—Dr. William Picard Jacobs, a native of Bertie county, was this afternoon elected permanent secretary-treasurer and health officer of the North Carolina State Board of Health.

Dr. Jacobs succeeds Dr. Charles O'H. Laughinghouse, who died last month.

Dr. Jacobs is now in India where he is engaged in rural health sanitation work. Dr. Jacobs has been in India about 10 years.

Dr. Jacobs is an A. B. and A. M. graduate of the University of North Carolina, where he also took two years of medicine. He received his M. D. at Pennsylvania.

Dr. Jacobs was unanimously elected on a second ballot by the Board. Dr. C. W. Armstrong of Salisbury was the only other man placed in nomination, receiving two votes on the first ballot. The entire board was present at the meeting.

The newly elected health officer has indicated he would accept his position board officials said.

While at North Carolina Dr. Jacobs was a member of the football and track teams. He is a Phi Beta Kappa, Kappa Alpha, and Theta Nu Epsilon and was a member of the University honor order of the Golden Fleece.

The board this morning adopted a budget for the biennium 1931-33 as outlined which will call for an annual expenditure of approximately \$490,000, about \$6,000 each year less than the previous budget.

Mrs. Charles O'H. Laughinghouse, widow of the late state health officer and board secretary, notified the board that her husband's will provided that his medical library of between 700 and 1,000 books be presented to the board.

Adverse Weather Prevents Hop-Off Across Atlantic

Harbor Grace, N. F., Sept. 24.—(AP)—Adverse weather temporarily held up the hop-off of the monoplane Columbia on a flight across the Atlantic. A heavy rain fell during the day.

After being stranded for ten days at Charlottetown, P. E. I., by unfavorable weather, Capt. Errol Boyd and Navigator Harry Connor brought the plane here yesterday for their proposed flight to Crofton, England. They hope to take-off as soon as weather conditions permit.

Representative Bacon Sends Recommendation to President Hoover Seeking Employment for More American Citizens and Former Service Men In U. S.

Washington, Sept. 21.—(AP)—A recommendation that government construction contracts carry a stipulation that preference be given American citizens and former service men in employment of labor has been made to President Hoover by Representative Bacon, Republican, New York.

"It creates great social discontent," he wrote, "when ex-service men and other American citizens are willing to work and have that work refused them because aliens may be obtained at less than the prevailing scale of wages."

His letter was made public today. In a separate communication to Secretary Mellon, Bacon said he had heard of instances in the middle West, Pennsylvania, and on Long Island where contractors recruited labor from remote points for work on postoffices and veterans hospitals, bringing it to "an already demoralized labor market and leaving the local labor supply in the rather sorry position of spectators."

"Even in the erection of a veterans bureau hospital," he added, "an ex-service man cannot today get a job if the contractor wills that cheap aliens should fill his rolls."

Bacon said the United States was faced with unemployment and the government had put in motion a vast public building program to help relieve the situation, yet it had "permitted itself to become a partner in approving a policy as to labor on government works that is not countenanced by many of our states and by some foreign countries, of permitting the employment of aliens in preference to citizens."

While there may be some confusion as to how far the government may go under the law in giving preference to citizen employment, Bacon said fundamentally there should be none.

"Such a policy, adopted now, at a time that is most ripe for it," he said, "would undoubtedly make unnecessary some of the measures that have been introduced in Congress and which go much further in their aims, and as to which there may be considerable conflict of opinion, irrespective of what view may finally obtain as a matter of law."

FORMER PITT COURT CLERK PASSES AWAY

J. D. Cox to Be Buried At Winterville Tomorrow Afternoon At 2 O'clock

John David Cox, a former Clerk of Superior Court of Pitt county, died at a Rocky Mount hospital last night at the age of 71 years. He had been in bad health for a number of years and death was not unexpected. He had been confined in the hospital about three weeks.

Funeral services will be conducted from the Winterville Baptist church Thursday afternoon at 2 o'clock. Elder W. A. Bilbro, of Greenville, will officiate. Burial will be made in the Winterville cemetery.

Mr. Cox was born and reared on the old homestead in Winterville township. About twenty years ago he moved to Winterville and for many years was prominent in the business and political life of the community and county. In 1914 he was elected to the office of Clerk of Superior Court of Pitt county. He served in this capacity until 1918 when bad health caused him to retire from public life.

Since that time he had been spending several months each year in the mountains of Virginia in an attempt to regain his health. While he received some benefit from the change, his condition later became more aggravated and necessitated his confinement in a hospital several weeks ago.

He is survived by his wife, one sister, Mrs. Fannie Carroll, and a brother, Dr. B. T. Cox, both of Winterville.

Woman Shoots Up Court; U. S. Commissioner Hurt

Enid, Okla., Sept. 24.—(AP)—Mrs. Dolly Douthitt, eccentric 69-year-old widow, shot and seriously wounded U. S. Commissioner Wedgewood, attorney and a United States commissioner, and fired another shot at Judge Arthur G. Sutton of Alva, in court here today. The second shot did not take effect.

Wedgewood, a pistol wound in his groin, was rushed to a hospital. Mrs. Douthitt was placed in the county jail.

Wedgewood was defendant in one of seven suits in which Mrs. Douthitt was involved as either plaintiff or defendant. The suit in which Mrs. Douthitt sought damages from Wedgewood had just been dismissed by Judge Sutton.

Mrs. Douthitt also attempted to fire at Roy Elam, a young attorney, but was disarmed. The thirty odd court attaches, attorneys and spectators were thrown into a panic when Mrs. Douthitt, who had been acting as her own attorney, arose from the counsel table, whipped a pistol from her dress and fired.

The seven cases were being heard on a special docket by Judge Sutton of the 19th district, who was sitting after the local judges had been disqualified. One of the 20th district judges, O. C. Wybrant, was defendant in a suit brought by Mrs. Douthitt for \$200,000 damages. She had claimed the local court was prejudiced against her.

Mrs. Douthitt is the owner of valuable property here and several of the cases arose out of her alleged failure to pay taxes. She had long been involved in litigation arising from her financial affairs.

In her damage suit against Wedgewood, Mrs. Douthitt had claimed the commissioner had "persecuted" her.

FASCIST HEAD CHARGED WITH HIGH TREASON

Adolf Hitler, Generalissimo, Under Subpoena to Testify On Party Policy

Leipzig, Sept. 24.—(AP)—Exciting news over revelations that Adolf Hitler, German Fascist generalissimo, has a high treason charge pending against him was lessened considerably today when the Reichswehr ministry divulged that the complaint dated back more than a year ago.

The offense charged is in connection with an article appearing in his Volksischer Beobachter, official mouthpiece of the Fascist movement.

Since information as to the charges did not leak out until after the recent elections, which thrust his party into a position of second most powerful in the Reichstag, and in view of the recent Polish rumors, there was at first a widespread assumption that a post-election development was referred to by the attorneys at Leipzig yesterday in recalling the affair. There was general visualizing of new and secret plans of the Fascists until today when the facts in the matter became known.

Munich, Bavaria, Sept. 24.—(AP)—Accused of treason, Adolf Hitler, leader of the German Fascist party, was under subpoena today to testify in the trial of three young Reichswehr lieutenants regarding the beliefs and policies of his party.

It was revealed in court at the time the subpoena was sought by Dr. Frank attorney for the defense of the three men, who are charged with high treason, that Hitler is being charged with high treason also.

Details of charges against Hitler, who is an Austrian although dictator in the second strongest party in the newly elected Reichstag, were not disclosed, but the presiding judge would not hear of the subpoena until informed by the state's attorney, as the defense council contended, that such a serious charge was being lodged against him.

It was expected that he would appear tomorrow, the date set in the subpoena. Defense counsel indicated that he would be asked to state whether Fascist policy had not changed since 1923, year of the Munich "beer cellar" putsch. This may involve acknowledgment or denial that he would have his party overthrow the constitution by unconstitutional means.

The three lieutenants, Richard Scherzinger, Hans Luden, and Hans Friedrich Wendt used yesterday's appearances in court as opportunity to expound their theories of responsibility of the past German governments.

"We could have no confidence in a government which is permanently pacifist and neglects the true interests of the nation," their spokesman told the court.

They are charged with implantation of Fascist cells in the German army with the intention of overthrowing the constitution.

Man Tarred, Feathered And Tossed From Car In Miami Business District

Miami, Fla., Sept. 24.—(AP)—A man tarred, feathered, bound gagged and wrapped in a white hooded garment, David Winberg, 44, was hurled from an automobile in the downtown district here last night.

Police attributed the attack to displeasure with Communist beliefs said by Weinberg's acquaintances frequently to have been his subject of conversation. He was hauled from the automobile in a neighborhood where he was well known.

Authorities said his condition was not critical. Weinberg said he was kidnapped from his home about 8 P. M. by three unidentified men, one of whom displayed a badge. He was "skipped" and ordered into an automobile. He told police that he was driven about for some time and then transferred from a coupe to a touring car and was blindfolded, gagged and bound.

He said he was asked questions concerning his ideas of Communism and literature which he had in his home.

While blindfolded, he said, they rode for probably two hours and then the automobile stopped. He believed the other car was nearby. After being taken from the car he said the handcuffs were unfastened, his ankles and arms bound and his clothing removed. He was ordered to lie down and the coat of fur and feathers were applied. Then he was placed in one of the automobiles and again taken for a long ride before being thrown out.

Weinberg could not give a motive except that he had in his home until Mordav books and other literature dealing with Communism, racial equality religion, and other controversial subjects he read them, he said, but denied he discussed them frequently.

His kidnapers, Weinberg told police, asked him where the books were published and who was in charge of their distribution in Miami.

Weinberg said he probably would be able to identify one of his kidnapers if he saw him again, but was not certain of the others due to darkness. Police concentrated on detailed descriptions of the cars given them by Weinberg.

A book of religion was stolen and apparently thrown from the motor car when Weinberg was hurled. (Continued on page six)

SAYS PROSPECT IS BRIGHT FOR CANNING PLANT

Representatives of Maryland Packers Pleased At Possibilities In Greenville

Representatives of one of the large Maryland canning companies was in this city last night and today in conference with J. J. White and others with the view to establishment and operation of a canning factory in Greenville.

The concern represented operates several canneries on the eastern shore of Maryland and on a recent visit to that section, Mr. White discussed with the company's officials the possibility of a canning factory for Greenville, and it was a result of this visit that the representatives came to Greenville to study conditions as to a canning factory. Following the brief survey, one of the representatives stated that while he was in no position to say definitely what action his company would take toward erecting a plant here, he expressed enthusiasm as to the possibilities in this section and stated that he was confident that within the near future some company would establish a canning factory here provided the farmers were interested enough to produce enough tomatoes to supply the plant.

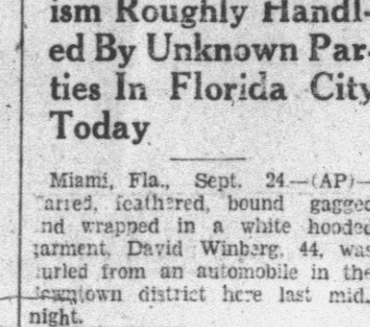

He said that while it would be best to begin with the shipment of green tomatoes, and the canning of ripe tomatoes, there were even greater possibilities for canning a variety of other vegetables produced in this section just as soon as the establishment could get far enough ahead and the farmers could produce a sufficient amount of the various crops.

He stated that in order to maintain a canning factory in Greenville it would be necessary for the farmers of this community to cultivate from three to five hundred acres of tomatoes. The plan that would be erected here should the company decide to locate in Greenville, would employ about 90 people, and as soon as production increased enough to justify the plant would be enlarged to take care of the growing business.

He expressed confidence that owing to its fertility this county could produce a large yield of tomatoes, and was leaving this (Continued on page six)

LEAGUE WILL PROBE WORLD DEPRESSION

Geneva, Sept. 24.—(AP)—The League of Nations, through its economic organization, will undertake a world wide study of the present economic depression with a view to ascertain its causes.

The League's economic committee, in authorizing the investigation yesterday, said it would be entirely technical and free from all political association. The proposal for the study was made by the Indian delegation but was adopted unanimously.

The assembly is impressed by the seriousness of the present situation, and resolution aid, "by the general recession of employment, and trade, by the constant recurrence of such periods of economic depression and the failure up to the present of discovering any concerted means for averting the loss as incurred."

The League's financial committee gold delegation published its report, indicating probability of a shortage of new gold for monetary purposes will be inadequate by 1934 unless measures to alleviate the situation are adopted in time.

The gold delegation has been studying fluctuations of the purchasing power of gold and has not yet completed its work. Financial experts of many countries, including George E. Roberts, vice-president of the National City Bank of New York, compose its membership.

Allen Loses Case Against Farm Tenant

Court Reverses Case and Rules That the Farm Owner Owes Tenant

W. H. Allen, farm owner, who sued his tenant, W. J. Dunn, as result of a controversy over a crop left his case in the civil term of Pitt County Superior court in this city yesterday. He not only lost his case, but heard the jury uphold a claim of the tenant that he was indebted to him in the sum of approximately \$500, thereby completely reversing the case.

The case came up for consideration when court convened Monday morning and the jury returned a verdict about the noon hour yesterday. Court then recessed until this morning.

The action had its beginning when Allen obtained a claim of delivery for Dunn's crop. Dunn immediately filed a counter claim, contending that Allen owed him approximately \$500.

A considerable amount of testimony was involved on both sides and the case developed into one of the hardest-fought of its kind heard here in some time.

STEDMAN WILL BE BURIED AT FAYETTEVILLE

Fayetteville, Sept. 24.—(AP)—The body of Major Charles Manly Stedman, Congressional Representative from North Carolina, will be brought here tomorrow from Washington for burial.

Major Stedman, in his 90th year, the oldest member of the National House of Representatives and the last veteran of the War Between the States to sit in Congress, died in Washington yesterday afternoon. He was 89 years old and will arrive here tomorrow at 8 a. m.

Funeral services will be conducted at 10:30 a. m. tomorrow at the First Presbyterian church here. The Rev. W. H. Koelling, pastor of the High-Land Presbyterian church, will officiate at the services. He will be assisted by the Rev. Arthur Brooker, pastor of St. John's Episcopal church.

Honorary pall bearers will be 15 members of the Fayetteville Independent Light Infantry, which he joined at the outbreak of the War Between the States. Members of the infantry will also form a guard of honor for their fallen comrade.

Major Stedman will be buried in Cross Creek cemetery, where his parents are buried.

A Congressional committee headed by Senator Robinson of Indiana, and composed of Representatives Cannon of Missouri; Sparks of Ohio; Collier of Mississippi; Curry of California; Thatcher of Kentucky and the entire North Carolina delegation will attend the services.

Expressions of regret and sympathy were voiced by high public officials at the death of the veteran legislator.

President Hoover, in a statement from Washington, offered his condolence to members of Major Stedman's family. Governor O. Max Gardner, Chief Highway Commissioner R. A. Dougherty, State Secretary of State James A. Hartness and Odus M. Mull, state Democratic chairman, were among those voicing sentiments of grief in this state.

Winston-Salem, Sept. 24.—(AP)—A memorial service for Representative Charles Manly Stedman, who died in Washington yesterday, will be held here today by the North Carolina division of the United Confederate Veterans, of which he was a member.

The veterans, holding their annual convention here, will halt their sessions to pay tribute to a fallen comrade. Representative Stedman, who joined the Confederate cause when the call for men was issued at the outbreak of the War Between the States, rose from a private to major in the four years of battle.

General G. B. Tyson, of Fayetteville, will probably be selected to deliver the memorial address. It was announced by General G. H. Hall of Red Springs, a native of Fayetteville and close friend of the Congressman.

N. Y. Republicans Troubled By The Wet and Dry Issue

Albany, N. Y., Sept. 24.—(AP)—With trouble threatened no matter what they decide, state Republican leaders were struggling today with the problem whether to go wet, dry or moist in the convention opening here tomorrow.

"The extreme wets, led by Dr. Nicholas Murray Butler and former Senator James W. Wadsworth, insisted uncompromisingly in their demand for a wet candidate and a plank asking repeal of the 18th amendment, and the Women's Christian Temperance Union has not softened its threat to put a dry third party ticket in the field if the Republican gubernatorial candidate and the platform were not dry in every sense of the word.

And to add to the troubles of the leaders, there is a general belief that United States Attorney Charles H. Tuttle, believed first by many votes in the race for the nomination for governor, would not accept the nomination unless the platform coincided with his demand for repeal of the eighteenth amendment.

One development, however, was a real comfort to the leaders. Frank A. Victor, state superintendent of the anti-Saloon League surprised everybody by a statement that Mr. Tuttle deserved the "enthusiastic support of all right minded citizens" if he would agree to "respect, obey, enforce and defend the constitution."

FILM ACTRESS DEFENDANT IN GAMBLING SUIT

Clara Bow Denies Owing \$13,900 to Gambling Joint At Lake Tahoe, Nevada

Los Angeles, Sept. 24.—(AP)—Having issued a statement denying anyone had a "rightful claim" against her, Clara Bow, film actress, remained silent while attorneys for a Lake Tahoe resort proprietor today sought to collect alleged gambling debts totalling \$13,900 which they said were incurred by a girl with flaming red hair who had been introduced as the "it" girl of the screen.

Miss Bow issued the statement after attorneys for James McKay, operator of a gambling resort on the Nevada shore of the fashionable Lake Tahoe, announced they had succeeded to B. P. Schulberg, production manager of the studio employing the actress.

McKay said the girl, introduced by a man known as Will Rogers and accompanied by a woman assumed to be Marie Dressler, gave four checks for losses at roulette and other games last week and that the checks had been returned to him marked "payment stopped."

"If anyone in the world feels he has a rightful claim against me for any sum of money whatsoever, which I deny, I will gladly accept service of any legal documents. I always pay every honest debt promptly."

Immediately afterward she was not to be found, and no elaboration of the statement was obtainable.

Schulberg said yesterday he had received no communication from McKay's attorneys. It was pointed out, however, that the letter probably had not yet reached Los Angeles.

Certain forms of gambling are legal in Nevada but attorneys asserted checks given in games of chance could not be collected by court action.

Will Rogers, film actor, could not be reached here to ascertain whether it was he who introduced the girl at the gambling resort. Miss Dressler likewise could not be located. Rogers was working "On Location" in the Lake Tahoe region recently.

HYDE TO PUSH INQUIRY INTO GRAIN TRADE

Three Separate Investigations Launched to Determine Extent of Russian Activity

Washington, Sept. 24.—(AP)—Three separate investigations of the Russian government's speculative wheat transactions in the Chicago pit received fresh impetus today through the return to the capital of Secretary Hyde.

The Department of agriculture was to push its survey of the Russian wheat operations in this country to cover all transactions, possibly extending back over a period of months.

The Chicago Board of Trade officials awaited Secretary Hyde's data before proceeding with their examination of the transactions.

Plans were all laid, meanwhile for the investigation by the House Communist committee, of which Representative Fish of New York is chairman.

In New York Saturday the committee will hear the officials of the all-Russian Hextile Syndicate that sold the wheat shorts and Representatives of New York brokerage Houses which placed the orders.

The following Monday the committee will sit in Chicago to question officers of the Board of Trade, who have proffered their cooperation to Chairman Fish's request for their appearance. The officers include John A. Bunnell, president of the board of trade; Joseph W. Badenock, chairman of the board's business conduct committee and Fred S. Clifton, secretary.

Hyde's return from a trip to Ann Arbor, Mich., cut short a trip which it had been expected might extend to Chicago for personal conferences with the board of trade officials. He returned to Washington instead to maintain a close watch on developments.

A legislative proposal to prohibit speculation or "short" trading in commodities on American exchange by the Russian government and its agencies was advanced yesterday by Senator Oddie, Republican, Nevada. He expressed the view that it might be necessary to incorporate such a provision in a bill he plans to introduce at the next

session of Congress to exclude all Soviet manganese, coal, lumber, wood pulp, gelatin, wheat and aids from the United States.

Acid Stomach

Excess acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on crude methods, never continue to suffer, when you learn how quickly, how pleasantly this premier method acts. Please let it show you—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in corrective excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

BIRTHDAYS CELEBRATED WITH BUFFET SUPPER

Farmville, Sept. 24.—An unusually enjoyable affair was that of Monday evening, when Mrs. J. A. Mewborn entertained in honor of her daughter, Miss Sarah Mewborn, a member of the faculty of the Snow Hill school, and George Moore, whose birthdays fell on that day.

The occasion took the form of a buffet supper, and was held at six o'clock. The dining room was decorated in orchid and yellow flowers and the table was centered with a huge birthday cake bearing twinkling candles.

After supper music and bridge served as entertainment until a late hour.

Guests included Misses Sarah Mewborn, Payne Suggs of Snow Hill, Mae Wooten of Stantonburg, and Evelyn Horton; George Moore, Boyd Hight, W. Outlaw, Leroy Parker and Mr. and Mrs. J. B. Joyner.

Bridge and Rook Tournament—Woman's Club, Thursday 3:30 and 8 o'clock. Unusual prizes.

SPECIAL MEETING AT PRESBYTERIAN CHURCH TOMORROW EVENING

Thursday evening at 6:30 delegates from the churches surrounding Greenville will meet at a supper conference in the interest of the Ministers' Annuity Fund, and hear Dr. Ackley from Louisville, Ky. go into a detailed explanation of plans for the campaign to begin the fund in the next few weeks in the State of North Carolina. Upon completion of subscriptions to a fund of \$3,000,000 to start the fund, each minister, with his church, will pay regularly a fixed percentage each month to build up a reserve for payment of a monthly sum to each disabled or retired minister of the church. Many churches have already begun to use this method to care for their preacher, with splendid success.

All of the officers, laymen, and some of the leaders among the women, are expected to attend from the churches, including the local church. It is the desire of the committee in charge to have the membership of the churches well informed of the necessity of the fund, the only business-like way which this fund provides, to take care of our preachers when their work is over.

Supper will be served promptly at 6:30 p. m., 50c a plate. No collections taken at this meeting.

Bridge and Rook Tournament—Woman's Club, Thursday 3:30 and 8 o'clock. Unusual prizes.

Methodist Prayer Services.

We will continue the study of "How We Got Our Bible" this evening at the mid-week prayer service. The theme will be: "The Early English Versions." These are very interesting studies. Remember that the Woman's Missionary Society gets credit for attending this series of studies in their Bible study. We shall expect a large attendance at 8 o'clock this evening.

MASONIC CLUB TO RESUME MEETINGS

The Greenville Masonic club, which was organized and got an excellent start last spring, the purpose of which was the promotion of fellowship and the conferring of the three symbolical degrees of Masonry in due form, has had vacation during the heated period. It is the purpose of the officials of this organization to resume its regular meetings either this or next week and to meet regularly and carry on to the fullest through the coming winter.

The brethren think this organization will accomplish great things for Masonry. Any Master Mason in good standing who resides locally is eligible for membership in the club regardless of where his Masonic membership may be. The requirements being that the member attend all meetings and take an active part in the work assigned to him.

F. F. F. Club.

Farmville, Sept. 24.—Mrs. Edgar J. Barrett was hostess to the F. F. F. club on Tuesday afternoon. Bright fall flowers made a lovely setting for the three tables, placed in the living room.

A bridge tournament, which will run through the winter season, began at this meeting. After the designated number of progressions the hostess, assisted by Miss Grace Smith, served stepple club sandwiches, sweet pickles and hot coffee.

In addition to the club members, Mrs. Barrett had as guests, Mrs. John Hill Paylor, Mrs. W. D. Copeland, Misses Sue Barrett and Lucy Barrow.

Attention, National Guards.

There will be a formation of the local unit of the National Guard Thursday evening at 8 o'clock, for the purpose of attending the show "All Quiet on the Western Front." Admission will be free to all guardsmen attending in formation.

GREENE COUNTY CITIZEN CELEBRATES 80th BIRTHDAY

Farmville, Sept. 22.—A joyous occasion was that of Thursday, Sept. 18, when the sons and daughters, grandchildren and a great grandson numbering in all about thirty, met together at the home of R. F. Harper near Snow Hill, to celebrate with him his 80th birthday. Mr. Harper is the only surviving son of the late R. H. P. Harper of the same county. He has lived practically all of his life at the old homestead, two and a half miles from Snow Hill.

A picnic dinner was spread on tables in the grove at 1:00, by the Harper children.

Presbyterian Prayer Services.

This evening at 8 the mid-week prayer services will be held all over town. How many who love the Lord will be at one?

Bobby Jones Makes Further Advance for Honors At Ardmore

Merion Cricket Club, Ardmore, Pa., Sept. 24.—(AP)—Bobby Jones continued his sensational advance toward the national amateur golf championship today by overwhelming Ross Somerville, the Canadian title holder, 5 and 4, in the first round, but the slaughter among the other favorites continued as five of the eight "seeded" stars were eliminated in the opening 18-hole match.

Jones, George Von Elm of Los Angeles and George Voigt of New York were the only "seeded" players to survive the first round. Von Elm swamped Chuck Hunter, Philadelphia district entry, 6 and 5, Voigt disposed of Lester Bolstad of St. Paul 2 and 1.

The favorites to fall were Dr. Oscar F. Willing of Portland, Ore., last year's runner up, Johnny Goodman of Omaha, the 1929 conqueror of Jones; Francis Ouimet, veteran former international collegiate title holder and Philip Perkins, 1928 finalist and former British champion.

These upsets followed the elimination in the 1929 champion, Harrison R. Johnston, and other favorites in the qualifying play.

Goodman's expected defeat robbed the tournament of its "natural" a return match in the third round between the Omaha star and Jones.

Declares Germany Responsible Only for Agents' Acts

The Hague, Holland, Sept. 24.—(AP)—Presenting Germany's case to the mixed tribunal which is adjudicating American claims for damages caused by sabotage engineered by German agents in the United States before America's entry into the war, Dr. Von Leviski argued that Germany could be held responsible for only the acts committed by her agents.

Von Leviski said it was necessary to establish beyond a doubt that Germany actually committed the acts and that there is a break in the chain of evidence linking the sabotage to the German government.

He said a cablegram sent by the Berlin foreign office on January 26, 1915, to the German military attaché in Washington did not order sabotage in America but only authorized it. He declared the foreign office sent the cablegram at the request of the general staff, but it has been established, Von Leviski declared, that this intervention was entirely ineffective because Von Papen, the military attaché, disregarded the cablegram and did not pass it on to his supporters.

FEW SPEAKS AT DUKE OPENING THIS MORNING

Durham, Sept. 23.—(AP)—The "New Duke University" was formally opened here today with Dr. William Preston Few, president, the principal speaker at exercises in the new west campus at 9 o'clock this morning.

Two hours later Dr. Few spoke at exercises on the Woman's College campus.

The gathering in the new auditorium on the west campus marked the formal opening of the extensive new Duke campus and buildings which have been under construction several years at a cost of about \$20,000,000.

Dr. Few, in welcoming the 2,000 odd students for the new academic year urged each student, man or woman, to find the way "to those things which all experience has taught to be most worth while and most enduring."

He urged the students to "observe the laws—the laws of nature, the laws of life, and the laws of the land, including the prohibition law." He especially commended the latter to you and every other law that you may be tempted to break; the president told the students.

"We must all learn that there is no short cut to permanent well-being but we must attain it, if we attain it at all, through orderly process," President Few continued. "Give yourselves this year and every other year to the things that are worth while; and if your covetousness don't take to the trees or to the air but try to catch something of the thrill of living in the midst of a civilization that is in the building and yourself become some thing of a builder—builder of colleges, builder of education, builder of causes and so become a useful and happy servant of humanity."

It was announced today an enrollment of approximately 2,100 students is expected at Duke this year.

Formal Exercises Also Mark Opening of New \$20,000,000 Buildings

ABOUT TOWN

The printing on the backs of their envelopes the map showing Greenville as the "Hub of Eastern Carolina."

This is one of the best ways of constantly keeping the city before the public eye and the business men who adopt the plan may rest assured of receiving rich returns in the future.

Situated in one of the richest agricultural sections of the country, with a system of hard surfaced roads radiating in all directions, the city is in reality the very center of activity of this part of the state and it offers innumerable opportunities to the investors and people seeking a good place to live.

Attempt to Get Reed to Run for Senate Again

Washington, Sept. 21.—(AP)—Friends of the veteran James A. Reed of Missouri, son of a word from him here today on plans that he plans to public life.

Two propositions confronted the silver-haired Missourian as he came to the capital from a trip through Europe. One is that he run again for the Democratic Presidential nomination, the other that he seek reelection to the Senate two years hence.

Ed Villino, of Kansas City, intimate friend of Reed and treasurer of his 1928 Presidential campaign, came here to meet the newly returned Senator upon his return from a vacation abroad. Villino said friends of the Missourian were urging both for the presidency and the Senate.

The way has been opened for Reed to run again for the Senate by the announcement of Senator Hayes, Democrat, Missouri, that he intended to retire at the expiration of his term in 1932.

Haves intends to take over the leadership of a wild life conservation movement.

Reed is an old foe of President Hoover. He attacked Hoover as food administrator under President Wilson while the Missourian was a member of the Senate. He renewed his assault on the Republican president in a radio speech last Spring.

Therefore, his friends argue the Missourian is the natural opponent of the administration for the 1932 campaign. But they concede they are talking without authority so far, for no one has received a word from Reed that he would consider a return to public life.

LONG ENMITY WAS BACK OF RAIL SLAYING

Antagonism of Many Years Believed Back of Double Tragedy At Baltimore

Baltimore, Sept. 24.—(AP)—The shooting to death of the president of the Western Maryland railways by a vice president of the road who took his own life was ascribed today to friction over matters of policy in connection with the road. A coroner's verdict declared Dudley G. Gray, vice-president in charge of traffic, shot and killed Maxwell C. Byers, the president, and fatally wounded himself. The two men were found in the president's office a pistol lying at Gray's side.

Gray had been with the road 17 years. He was 61 years old, Byers, who was 52 years old, became president in 1920. Until 1928 when Byers also became chairman of the board, Gray made his reports directly to the Board of Directors, but after that the reports were handled by Byers alone.

Further facts of the drama of the double tragedy came to light today with information Byers made a desperate effort to escape, running about his office as Gray fired shot after shot after him.

But the door was locked and he finally fell, his body punctured by eight bullets, one of which had pierced his heart. Two bullets were found in the body of Gray, one close to the heart. It was that wound, physicians said, caused his death, four and a half hours later in a nearby hospital.

Business officials who knew their railroad antagonism between the president and the vice-president. Minor railroad employes said they had engaged in stormy conferences in recent months. Police were informed the two had been at odds over litigation in which their railroad was involved.

Gant to Be Tried During October

Greensboro, Sept. 24.—(AP)—Mason W. Gant, resigned clerk of Guilford Superior court, who is charged in 11 counts with irregularities in the handling of Con-

federate pension funds, will probably be tried in Guilford Superior court at the term beginning October 20.

Dennis G. Brummit, attorney general, Baxter Durham, state auditor, J. F. Spruell, district solicitor, and A. L. Brooks, of the firm of Brooks, Parker, Smith and What-

ton, are here to arrange for the prosecution of Gant.

Possibility that a special term of court would be called to try the cases against Gant has been discarded, it was believed in legal circles, as the resigned clerk's \$15,000 bond calls for his appearance in court October 20.

Two additional indictments, one charging embezzlement, abstraction and misapplication in connection with 20 confederate pension checks, were returned yesterday to bring the total amount of money involved to \$3,440.

It's AS EASY and natural to enjoy the fragrant mildness of a Camel Cigarette as it is to admire beauty when you see it.

Camels are made, and always have been made, for discriminating smokers—the people whose keen judgment unerringly selects the best. But that doesn't mean you have to be an expert to enjoy Camels! The delicate, mellow fragrance of those choice sun-ripened tobaccos is something that anybody can appreciate. Camels are naturally smooth and mild—never parched nor insipid.

Why is there such a swing to Camels? Because more and more smokers are learning the difference between true mildness and mere flatness. Give yourself the luxury of a cigarette that's always pleasant smoking.

1930 TO SEE BETTER PLAY ON THE ENDS

Atlanta, Sept. 24.—(AP)—A cursory glance at the list of flankmen on Southern Conference teams this year indicates that 1930 will see better end play than in any recent seasons.

Practically every Southern Conference team boasts at least one end who knows his business while some of the teams have both wings handled by veterans.

Knoxville followers of the University of Tennessee thing Huz and Brandt are the best pair of ends to be found south of the Ohio river. These boys covered 79 punts last year. The punt catchers returned them but 61 yards.

Georgia has Vernon "Catfish" Smith, an all-Southern last year, and Captain Herbert Maffett, over at New Orleans the fans think Hollan and Dalynple have no peers.

In Jimmy Noland, Florida has one of the steadiest and best defensive ends in the South, while Farnell is an equally capable player. Few ends can take care of their position better than Tom Jones of Georgia Tech and Moore of Alabama. Schwartz and Scheffer at Vanderbilt a great pair on the terminals while Washington and Lee has the Giant, Behl Williams and South Carolina has Bob Greese.

South Carolina teams will furnish plenty of color in their grid-iron uniforms this season. Furman will wear white helmets, while jerseys with purple stripes, purple trousers and light tan shoes. Billie LaVal at South Carolina, always a master showman, has decided on a scarlet jersey trimmed with turquoise. Citadel will be in blue, black and black. Wofford has gold and black and Clemson purple and gold.

The first big intersectional parade is just a fortnight off. Louisiana State has placed the South one up by defeating South Dakota West on last Saturday, but on October 4 most of the Southern teams will enter their conflicts as the underdogs.

Prominent games set for this date find Maryland playing Yale at New Haven; Vanderbilt Tackling Minnesota at Minneapolis; Tulane facing Northwestern at Evansville; Furman meeting the Army at West Point. Louisiana College also plays the University of Mexico in an international game the same date.

CARDS AND CUBS MUST SETTLE RACE

With the American League title firmly settled in the hands of the Philadelphia Athletics, the National League has eliminated the surviving Eastern contender, leaving the St. Louis Cardinals and Chicago Cubs to battle it out for championship.

The Brooklyn Robins dropped out of the race yesterday as they took an 8 to 2 beating from the New York Giants while the league leading Cardinals again triumphed over the last place Phillies by a 19 to 16 count.

This final touch of the season's intersectional play gave the western clubs 189 victories to 163 for the east. In the American League, the clubs from the Atlantic Seaboard came out with 202 victories and 150 defeats.

Just as the Athletics surpassed their American League rivals, the Cardinals now appear to be the dominating team of the elder circuit. Yesterday's victory in the slugfest which produced 25 hits for the winners and 16 for the defeated Phils put them three full games ahead of the idle Cubs and brought the record of their climb up to 29 victories in 36 games.

The Giants gained a virtual tie as the American League had a day of idleness, the Athletics spent the afternoon watching the antics of their prospective rivals and the last place Phils. Off to an 11-0 lead in four innings, the Cards rumped through the last of the game. The losers furnished the game's features, one a homer with the bases full by Tona Rens, the other an unexpected show of fielding which produced two neat double plays.

Brooklyn sent Dazzy Vance against the Giants. But Fred Fitzsimmons had the better of the Dazzler, who fell before a five hit assault in the fifth inning which produced four runs and a victory. Fitz allowed only six hits and two homers scored the only Brooklyn runs.

The Cincinnati Reds stepped out of their character as consistent losers to take a double header from the Pittsburgh Pirates. Jackie May gave the Pirates only three hits in the first contest to gain an 8 to 0 shutout. The Reds won the second 5 to 0.

DEACONS WILL PLAY ON HILL ON SATURDAY

By WHITNEY THARIN
Associated Press Staff Writer
Charlotte, Sept. 24.—The boys who follow the football scores, each Saturday will be able to get a better line on their favorites this week than last.

The race for state honors, a battle that counts in the Carolinas, will see at least two members of North Carolina's Big Five given a setback in their ambitions.

In South Carolina the situation is not so acute as Clemson, the occupants of the state throne, is the only team facing a serious intra-state threat. Wofford, the Tiger's opponent, is expected to give Josh Cody's charges a real workout but it is doubtful if the Terriers will find scoring as easy as against Newberry.

North Carolina will look Saturday for the first time upon the 1930 edition of the University Tar Heels and Wake Forest as the teams make their debut at Chapel Hill. Chuck Collins' proteges are elated to put a crimp in any fond hopes Wake Forest breathe may harbor.

The Davidson-N. C. State clash will probably be the most important of the week-end battles in Tar-heelia because out of this battle is liable to emerge the runner-up for state championship honors.

In case you haven't heard, the University Tar Heels are scheduled to head the parade and the runner-up post is the place for which the other four teams are reported to be fighting.

The Davidson-State game at Durham will be played under the floodlights which reminds that night football in North Carolina has been received like the tariff bill—some boost it and some knock it.

The opening night, between Lenoir Rhyne and Atlantic Christian College provoked several favorable comments but the night game at Raleigh last Saturday has come in for considerable panning.

The chief complaint seems to be that the lights on the opposition side of the field, regardless of the side the spectator is on, shine too brightly in the spectator's eyes and not enough on the players. Inability to read the numbers and recognize faces of players were other complaints. Programs sold to customers were almost worthless because it was too dark to read them, some claimed.

The chief need appears to be more light on the subject and this will probably be given more attention before the next night game.

SPORTS SLANTS

NewportSitting on a camp stool on the swaying deck of the U. S. coast guard destroyer Porter, Com. S. S. Yeandle, one of the assembled crew of experts covering the America's Cup races for the first time, remarked:

"Well, it must have been a very good race. There isn't any doubt, is there, that Enterprise won?"

As it happened, there was no doubt, but this was not because the experts on the Porter were able to discern anything more tangible than two dim patches of canvas, drifting over the finish line a half mile away.

Yacht racing, no doubt, has its place in the sporting scheme of things. There is always a fascination about the sea, if one's constitution is robust. No doubt, there are thrills also when the wind is brisk and the water clear, but like golf—it seems a better sport for the competitor than the observer.

In reporting what transpires in a race for the America's Cup, the experts on baseball, golf, polo, tennis and boxing go out to sea. Most of them, if the truth must be revealed, are still at sea upon return. Accustomed to action on which they can base conclusions or try opinions; they are baffled by monotony. They have seen two sailboats and what of it?

Of course, there are exceptions and I do not mean to indicate out of this billion dollar pageantry that no experting can be produced of the deep blue seas.

There is for example, gray-thatched William Ulysses Swan of Boston who has covered championship golf, tennis and football, but turned in later years almost exclusively to his real love, yachting.

William Ulysses covered the races as far back as 1885 and he talked to me glibly of double-luffed spinners, jibbing and hitching. There was no question he obtained a thrill out of it all.

It seemed that some restraint was almost necessary to keep him from dashing down to the harbor and taking Shamrock V out personally to prove his point that the challenger was not properly sailed in the leeward and windward races of the first day.

The experting in these staid racing parts is on a racy scale. The gentlemen of the press crowd the decks of three destroyers. They dash about in scudals, go up in blimps and airplanes.

They surround Sir Thomas Lytton on board his steam yacht Erin and, of course, drink tea. They clamber up the side of Vará, Harold S. Vanderbilt's yacht, for interviews.

Spectators at America's Cup races are, as usual, divided into at least three classes—"ringside" patrons who travel in luxurious comfort on private yachts and occupy favored positions in the sea-going parade; "Blatcher" customers who pay from \$1.50 to \$5 for a glimpse of the proceedings from the decks of huge river or coastwise steamers, and "gate-crashers," mostly in small boats, who are kept constantly on the run by patrol craft as they dart in and out, seeking points of vantage.

COTTON MARKET

New York, Sept. 24.—(AP)—Cotton opened steady today at a decline of 2 to an advance of 3 points and early in the day displayed ore or less stability with narrow price changes.

The Liverpool cables were slightly better than had been expected and there was less pressure of fears in the way of hedge selling into the South. The trade continued to buy while shorts were inclined to cover probably on the theory that the technical position of the market had been strengthened by recent operations. October liquidation was in progress for over first notice day tomorrow but spot houses were on the buying side. New December advanced 3 points to 10.80 and March gained 2 points to 11.06.

Liverpool cabled that the market there was steady with local buying absorbing hedging and Continental liquidation and that Manchester-Manchester was unsettled with cloth and yarn buyers cautious.

GRAIN MARKET

Chicago, Sept. 24.—(AP)—Big selling to stop losses of eastern holders who had bought at 10c bushel higher prices carried wheat down to fresh low records late today. September delivery of wheat here dropped to 76.3c, the bottom most level reached since January 1907.

Rye and oats today also reached new bottom-price records with corn likewise declining sharply in the last half of the day.

Wheat rallied abruptly about 2 cents just before the final gong and closed feverish, varying from 1-4c lower than yesterday's finish to 1-2 cent net advance. Corn recovered, too, closing 1.3 to 5-8c up, with oats at 1-4 cent off to 1.3 up, and provisions unchanged to a setback of 25 cents.

STOCK MARKET

New York, Sept. 24.—(AP)—Stock market bears demonstrated force fully today that their claws were still sharp. A vigorous selling movement, launched just after noon when prices were working slowly upward in response to an improvement in steel production figures, carried quotations down swiftly until yesterday's gains had been more than lost and several of the leaders, including U. S. Steel, had broken to new lows for the reaction.

The selling came unexpectedly coincided with renewed weakness in wheat and with publication of a statement that there was no prospect of an increased dividend or an extra on American Can. Circulation of a rumor that such a move was likely started short covering in the last hour yesterday, but the withdrawal of this prop apparently led professional shorts to reconsider their position.

There were reports that banks specially country banks, were liquidating collateral on security gains in response to pressure from high sources. The total of these banks stands at about \$3,000,000,000 and is around \$700,000,000 above the total a year ago.

Spectacular declines occurred in several stocks. Vanadium broke about 15 points and Air Reduction and Foster Wheeler between 9 and 10. Westinghouse and Auburn Auto dropped 7. U. S. Steel, American Can, Du Pont, North American, American Telephone, International Harvester, Eastman Kodak, American Water Works, American and Oregon Power, Anaconda and Atchafalaya lost 3 to 4 American Smelting, Johns-Manville, Worthington Pump and Houston Oil broke 6 or more.

Reduction in gasoline prices, although doubtless reflecting "price wars" in numerous localities, were so interpreted as a means to stimulate consumption at a period when season demand is tapering off. Cash money was easy at 2 percent, with the usual concessions in the outside market. Rates on some maturities of time money were further reduced.

Hopeful of Long Life
New York—Dr. Thomas Darlington, a sachem of Tammany, who is 72 years old today, expects to live to be 120. Here is how: "If people want to live to be 120, as I plan to do, they must brush their teeth seven times a day and wear loose collars or none at all, take air and sun baths and go to church. They should not worry. Worry has killed more men than whiskey ever will."

MAN TARRIED AND FEATHERED AT MIAMI, FLORIDA TODAY

(Continued from page one) ed from it was found by police.

Chief of Detectives Scarborough described Weinberg as "a dangerous radical" after police visited the tailor's home and found a large quantity of literature relating to Communism and radical equality.

Scarboro said tracts similar to those found in Weinberg's home had been distributed recently among many of Miami's negro population. "We have been searching for the men who passed out to negroes these booklets urging them to join Communist organizations," Scarborough added. "It would appear that Weinberg has been at the head of or connected with a local group of Communists seeking to stir up racial strife among the negroes here."

The detective chief said he had received no information tending to identify three men who made the attack on the tailor.

SAYS PROSPECT BRIGHT FOR CANNING PLANT

(Continued from page one) afternoon, he carried with him for inspection by company officials several samples of tomatoes grown in this county.

Erection of a canning plant here would not only offer the farmers a chance for more diversified farming from which they would realize a cash return but it would mean a payroll for a considerable amount of labor which would likewise have a tendency of improving the financial condition of the community.

Best Return Cash

Philly Alpha—Carefully counted and pinned together by himself, seven new one dollar bills are in a piece hole in a desk of Andrew W. Mellon in Washington. They are some of Uncle Sam's money, all of which is in charge of Mr. Mellon, and they are for carfare to Philadelphia. They were handed to him by a Marshall with a subpoena to testify in a prohibition case in Philadelphia. But later it developed that the Department of Justice had the information judicial condition of the community.

Your Opportunity to Buy a Farm On Easy Payment Plan

Most farmers are now making their arrangements either to buy or rent, for next year.

Every one will agree that now is the time to buy. Farm land values are bound to go higher.

We can sell you a Farm and give you as long as you want to pay for it.

We have a number of desirable Farms, well located, with all buildings improved, with newly painted houses—ranging from 25 to 200 acres.

We are trying to place these tracts with good people who desire to own their homes rather than pay rent.

Judge to Consider Murder Case Today

Boydton, Va., Sept. 24.—(AP)—Judge N. S. Trumbull, before whom attorneys are arguing a motion to set aside a verdict of first degree murder returned against Garland Smith, 22-year-old North Carolinian, today was to take the question under consideration.

Arguments were not completed yesterday and the jurist directed the lawyers to complete their debate today.

The jury that convicted Smith Saturday of the murder of Mack Tuck on December 29, 1929, recommended a penitentiary sentence of 20 years.

Tuck was shot from ambush following a prohibition raid in which he took part. R. A. Puryear was also killed and Smith was convicted and sentenced to death for his slaying. The Superior Court of Appeals, however, granted a writ of error and remanded the case.

Gribbin Speaks At Reunion of Veterans

Winston-Salem, Sept. 24.—(AP)—An address by the Rev. R. E. Gribbin, pastor of St. Paul's Episcopal church, featured the morning session of the 23rd annual reunion of the United Confederate Veterans of North Carolina.

Mr. Gribbin told the veterans that while he was not himself the son of a veteran, he spent his early life in South Carolina and was educated at the Citadel and so had imbibed much of the spirit of the Confederacy.

General W. A. Smith, commander of the North Carolina division, presided at the session.

General Homer Atkinson, commander of the Virginia Confederate Veterans, addressed the meeting briefly. He told the group that because South Carolina posts paid more attention to getting their dues paid into the Southern Department on time, that state last year had more votes in the United Confederate Veterans reunions than the combined vote of North Carolina and Virginia.

He pled with the camp officer to see that annual dues were paid on time.

Raskob Experiments
North Chelmsford, Mass.—John J. Raskob, Jr., is experimenting here with artificial linen. And he has a new automobile, this in honor for him. He has bought a second hand flivver, of somewhat antiquated vintage as cars go. It is five years old.
