U. S. TO ADOPT BY THE PLATT RULE IN CUBA

Hoover Administration to Follow Amendment Enunciated by Elihu Root

Washington, Oct. 2.—(AP)—In respect to the present situation in Cuba, the Hoover administration plans to follow the interpretation of the Platt amendment enunciated in 1901 by Elihu Root under which the intervention described by the amendment was held not to be synonymous with intermeddling with the affairs of the Cuban government.

The pronouncement was conveyed to a Cuban constitutional convention at the time by the late Major General Leonard Wood.

It is authorized to state officially that in the view of the president, the intervention described in the third clause of the Platt amendment is no synonymous with intermeddling or interference with the affairs of the Cuban government, but the formal action of the government of the United States, based upon just and substantial grounds, for the preservation of Cuban independence, and the maintenance of the government adequate for the protection of life, property and individual liberty, and adequate for discharging the obligations with respect to Cuba imposed by the treaty of Paris on the United States.

The famous article 3, embodied in the permanent treaty defining the rights of the United States in Cuba and over which there has been much controversy, read as follows:

"The government of Cuba consents that the United States may exercise the right to intervene for the preservation of Cuban independence and maintenance of a government adequate for the protection of life, property and individual liberty and for discharging the obligations with respect to Cuba imposed by the treaty of Paris on the United States now to be assumed and undertaken by the government of Cuba."

The interpretation as sanctioned by President McKinley and enunciated by Root has remained substantially in effect for the past 29 years with the exception of a period between 1909 and 1923, when the United States followed a policy of "preventive intervention"—the policy of preventing by warnings or other means the necessity of direct American intervention in the affairs of the Republic.

Secretary Stimson declined today to comment on reports President Machado would seek a suspension of constitutional rights during the forthcoming elections.

The secretary did say, however, that in no instance has the United States intervened forcibly in Cuba to maintain in power any existing regime or to overthrow one.

He said every case in the future would be judged on its merits, since any contingency might arise. In such contingencies, the United States will follow the course set forth by Mr. Root.

Judge James Webb Buried At Shelby

Shelby, Oct. 2.—(AP)—Funeral services for Judge James L. Webb, 76-year-old dean of the North Carolina Superior court, who died here yesterday, were held this afternoon at the First Baptist church, a church organized by his grandfather.

The aged jurist, father-in-law of Gov. O. Max Gardner, will be buried in the Shelby cemetery. The rites will be conducted by Dr. Zeno Wail, pastor of the First Baptist church.

Messages of condolence and sympathy have been received by the bereaved family from persons high in North Carolina's officialdom. The governor's office in Raleigh was closed today out of respect to Judge Webb and a large delegation of state officials, including Superior court judges and attaches, were expected to attend the funeral.

Negro Has Close Call In Court

Henderson, Oct. 2.—(AP)—All they need to send Walter Brodie, negro, to the jailhouse was a true bill from the Vance county grand jury.

Brodie was accused of shooting and injuring Ethel Belle Holloway, member of his own race.

Solicitor Parker prosecuted, the jury returned a verdict of guilty and Judge W. T. Sinclair prepared to pass sentence. It looked bad for Brodie.

Then a member of the grand jury told the negro's counsel no true bill had been returned. The indictment was scrutinized. Upon it was marked "not true bill."

Court officials said it had never happened here before.

PLANE DROPS FIRE BOMB IN COAL FIELDS

Barn on Farm Near Madisonville, Ky., is Destroyed By Fire Early Today

Madisonville, Ky., Oct. 2.—(AP)—Reports that a barn had been fired in the country near here by an airplane which dropped a fire bomb were received at the sheriff's office today.

The farm belonged to James Smith, employed as the Number 1 mine of the Ross Col. Company. He estimated his loss at \$300.

The barn caught fire before dawn. Reports to the sheriff and to William Ross, president of the coal company, came from several persons who said they heard the plane and were able to trace its movements.

Last July an airplane dropped half a dozen bombs near Providence, where it is estimated that \$100,000 damage has been caused by violence as a result of labor troubles in the mines, though no damage was caused by that plane.

The reports today were that the plane first flew over the Ross Company's No. 1 mine, near Madisonville, barely missing the 50 foot smokestacks, then dropped the fire bomb over Smith's barn.

Operations were suspended today at the Ross No. 1 mine. President Ross stated that not enough men had appeared for work. Pickets lined the roads yesterday.

The Ross mine number 2, four miles west of here, will continue to be operated, he said. It works about 30 men now.

Most of the western Kentucky mines were closed down for a time last April when the men demanded recognition of the union and return to the 1917 wage scale. The U. M. W. of A. never has taken action on the strike. Within the last few months a number of mines had resumed operations and violence followed.

Youth Held For Slaying Farmer

Rutherfordton, Oct. 2.—(AP)—Clifford Herring, 18-year-old boy of the South Mountains, was held today in connection with the ambush slaying of Harvey Propes, Golden Valley farmer.

Propes was slain while picking cotton Tuesday afternoon.

Sheriff W. C. Hardin said Propes a former deputy sheriff, who had been active against bootleggers, reported to officers recently his finding of a still near the homes of Clifford and James Herring, and assisted in bringing it in. James Herring has not been arrested, although sheriff's deputies are seeking him.

Propes was shot with a .32 caliber steel bullet from a high powered rifle. The Herrings own a gun of that description, officers said, and were seen driving near the place where Propes was killed shortly before the slaying.

Prices Hold Their Own On Leaf Mart

Prices continued to hold their own on the Greenville tobacco market yesterday when 480,369 pounds of leaf brought \$84,592.52, for an average of \$17.43 per hundred pounds.

American People Spend \$2,848,000,000 Annually For Intoxicating Liquors

Estimate of Nation's Drink Bill Compiled by the Association Against Prohibition During Eighteen Months' of Study of Production Materials

Washington, Oct. 2.—(AP)—American drinkers, on the estimate of the association against the prohibition amendment, are spending \$2,848,000,000 a year for their intoxicants under prohibition.

This figure the association said, while not claimed to be infallible, was based on an 18 months study of production of materials used in manufacturing spirits wines and beer, deducting the estimated amounts used in legitimate industry. It is calculated average retail prices of 50 cents a gallon for beer, \$2.30 for wine and \$11 for spirits.

"The drink bill, it maintained, 'exceeds the most liberal estimate of what we would have been spending if the 18th amendment had never been enacted.'"

"We believe that \$2,500,000,000 exclusive of revenue" the association added "is a generous estimate of what we would have been spending today if there were no prohibition." We can find no basis for the sweeping claim that we should now be spending from \$3,000,000,000 to \$7,000,000,000 for drink if there were no prohibition."

The estimate of liquor expenditures was contained in a pamphlet issued under the title "Does Prohibition Pay?" In connection with presenting the drink bill the booklet took issue with the claim that prohibition had increased productivity of workers—asserting the report of President Hoover's committee on recent economic changes was taken as a guide and it "nowhere mentions prohibition as a factor in the increased output of workingmen."

"The increased output of workers can be accounted for," the report said, "by the increased use of power, improved machinery, mass production, personnel management and similar factors which are quite outside the control of the individual worker."

HEARS PLEAS FOR MORE AID FOR SCHOOLS

Raleigh, Oct. 2.—(AP)—The state board of equalization met here today and considered request for additional aid for schools in four counties of the state and also discuss the situation which has arisen in Johnston county due to a slash in the annual school budget.

Delegations from Montgomery, Hyde, Davidson and Brunswick counties appeared before the board this morning seeking additional state aid for those counties.

The board then began a discussion of what effect the ruling of Judge W. A. Devin at Smithfield last week will have on its allocations of funds to counties.

Last week Judge Devin refused to issue a mandamus against a reduction of the number of Johnston County teachers to 349 after the board of equalization had allotted the county state aid on the basis of 433 teachers.

A Democratic board of education in Johnston prepared a school budget of \$590,000 and a Republican board of county commissioners cut the budget \$51,000.

The board of education had included 433 teachers in its budget, the number provided by the Hancock bill, but decided the only practical way to meet the slash to the number of teachers by 84.

"Taxpayers of four districts carried the case to Judge Devin who held that the county board could fix the number of teachers.

A similar offer was made during the recent co-operative dollar day staged by members of the Greenville Merchants Association and the response was most gratifying to us, but many persons because of financial conditions here at that time were unable to take advantage of the offer and after receiving numbers of requests from our subscribers we have

decided to repeat our special for a limited time in order that all our subscribers and those who would like to become subscribers may receive the benefits of this forty per cent savings.

Under this offer no subscriptions will be taken for a shorter period than one year. The regular price of The Reflector is \$5.00 per year but while this special offer lasts you can subscribe or renew your present subscription for a full year for \$3.00.

This offer will remain open for a short time and after its close there will be no further reduction of this kind. If you want to save \$2.00 on the price of The Reflector, bring or mail your subscription to the Circulation Department at once.

PRES. HOOVER WELCOMED TO CLEVELAND, O.

Six Thousand Bankers Take Part In the Demonstration At Union Station

Cleveland, O., Oct. 2.—(AP)—Six thousand of the nation's bankers, and citizens of Cleveland today welcomed President and Mrs. Hoover, and the president's party with a series of public demonstrations which will be climaxed tonight by an address by the President before the American Bankers Association convention at Cleveland Public Hall.

A parade to escort the President, and his party from the station to Hotel Cleveland began at once. It followed Euclid avenue which was guarded by 600 policemen and firemen.

As the parade moved closer to downtown Cleveland, thousands of citizens gathered in the public square to witness the arrival of the distinguished party. Cannon began to boom at the lake front—a 21-inch Presidential salute given by Battery B of the 135th Field Artillery.

Refreshed after his trip across Pennsylvania during the night, the President had a hearty breakfast and then read newspaper accounts of the initial Philadelphia victory before preparing for the busy day laid out for him today in Cleveland where tonight he will make the first of four addresses in the next five days before the American Bankers Association.

Word reached the Hoover train that a big crowd awaited his arrival at the Euclid avenue station on the outskirts of the city. A parade, with a band and military detachment, awaited to escort the Chief Executive and his wife nearly four miles to their hotel, a reminder of his campaign days of two years ago.

While the Hoover trip has been described by Republican leaders as non-political in character, for the second time in a year his entry into Ohio comes at a time when the major parties are engaged in a bitter fight for seats in both the Senate and House.

The President had an opportunity to talk over the current political situation (by his way from Philadelphia last night and early today at least three of his guests being party leaders of the old school.

James Francis Burke, general counsel of the Republican National committee, who left the train at Pittsburgh, Postmaster General Brown and Jeremiah Milbank, of New York, eastern treasurer of the national committee in 1928, were among his guests. Brown is an Ohioan as is David S. Ingalls, assistant secretary of the navy in charge of aeronautics, another guest.

Mr. Hooks received a letter from Mr. Bailey yesterday afternoon fixing the definite date for his speaking engagement here, and expressing regret that it would not be possible for him to appear at night owing to an engagement in Plymouth.

Mr. Hooks said the coming of Mr. Bailey to fire the opening gun of the campaign in this county had been received with general interest throughout the county, and he expressed belief that the courtroom would be packed to capacity by party members from this and other sections.

Mr. Bailey started his campaign the first of the week and has already appeared in numbers of the principal cities of the state. At each place he championed the cause of the Democratic party, and paid tribute to the administration in this state.

Although no definite date has been set for the coming to Pitt county of Clyde Hoy, of Shelby, Mr. Hooks said he expected to hear from the veteran campaigner sometime in the near future. It was expected, however, that he would come here a short time after Mr. Bailey has appeared.

Mr. Hooks declared himself as highly pleased with the progress of the campaign in various parts of the county and said he felt sure the people of Pitt county could be counted upon to turn in their usual splendid majority for the Democratic party at the November election. The executive chairman has been lining up his forces for battle since the convention here last summer and will have everything in readiness for the appearance of the two principal speakers the latter part of the month.

CANNON CASE DISCUSSED BY ELDERSTODAY

Bishop Ainsworth Confers With Three of Men Who Preferred Charges

Richmond, Va., Oct. 2.—(AP)—Three of the four Southern Methodist elders who preferred charges against Bishop James Cannon, Jr. after a five hour conference with Bishop W. N. Ainsworth that lasted until early this morning, met again today at the home of Bishop Collins Derry, Bishop Ainsworth, with whom the charges were filed, was reported to have left the city for an unnamed destination.

The nature of the charges filed against Bishop Cannon have not been divulged. Dr. Costen J. Harrell of Richmond, one of the elders who filed the charges said after last night's conference that he did not believe "anything was done at tonight's meeting that would be of any public interest."

The three other elders who signed the request for an investigation of Bishop Cannon's activities were Dr. Forrest J. Pettymann, of Baltimore; Dr. I. P. Martin, of Abingdon; and Dr. J. T. Mastin of Richmond.

Bishop Ainsworth arrived in Richmond early last night and immediately went into conference with the four elders. Under the church procedure, three elders of the church may prefer charges against a bishop, filing them with any other bishop of the church. It then becomes the duty of the bishop with whom the charges were filed to appoint a committee of twelve to investigate the charges. If a trial be recommended by the investigating committee the accused bishop is suspended until the next general conference when the trial will be held. The next Southern Methodist conference is in 1934.

Bishop Cannon's name became before the last general conference in connection with his trading on the New York Stock Exchange. At that time he expressed contrition, was passed without a trial, being called and was reappointed chairman of the denomination's Board of Temperance and Social Service.

Bishop Cannon is now in Washington, arriving there last Monday night after a trip from Brazil. He hurried home after learning of the charges preferred against him.

Several officials of the state organization of Daughters of the American Revolution will attend the unveiling in connection with the unveiling of a marker at the site of the first courthouse in Pitt county Saturday, October 25.

This announcement was made today by members of the Greenville Patriots Chapter, D. A. R., under whose auspices the marker is being erected. Although the program has not been completed, it was stated that it would be impressive and in keeping with the spirit of the occasion.

Among the officials expected to attend are Mrs. Ralph Von Landington of Charlotte, president general, and Mrs. Charles Whitaker of Southern Pines, state regent. It was stated that other officers of the organization would also be present.

The stone for the marker, which is now being erected was given to the local chapter by the Raleigh Granite Works. It will not only perpetuate the site of the old courthouse but will also mark the final resting place of Colonel John Hardee and wife who lie near the old courthouse site.

The site is on the Greenville-Washington road about three miles from Greenville. It has been a source of interest to the people of Pitt county for years, and it is for this reason that the Daughters of the Revolution wish to definitely designate it.

It is expected that scores of descendants of Colonel Hardee will be present at the unveiling as well as hundreds of other people of the county interested in the perpetuation of things of historical interest.

R-101 Ends Test Flight.
Cardington, Eng., Oct. 2.—(AP)—The dirigible R-101 returned to her base here this morning after a night trial lasting about 15 hours. The airship is expected to start on her flight to India during the week-end.

ABOUT TOWN

swimming tenaciously to the pres-
tige as champions of the world.
Pittsburgh Athletic captor,
the opening game of the World
series from the St. Louis Cardinals.
It was one of those spectacular
events to which the team of 1906
returned to town this time, and
which is a reminder of a victory
of the Athletics that they would
honour the "C" club, although
they have a long way to go yet
before they accomplish their
goal.

If you did not get the opportu-
nity to attend the coming make-
up, you may make it a point to
do so during some of the other
games of the series. You will en-
joy the fast play-by-play reports,

to deliver the Armistice Day ad-
dress is a matter of interest to
everybody.

The Legionnaires are planning to
make the occasion one of the most
important in years, and have as-
sured the public to co-operate with
them in making this impossible.
The signing of the Armistice bring-
ing to an end the greatest war in
the history of the world com-
manded the attention of every na-
tion on earth, and it is nothing
but right that it should be appro-
priately celebrated from year to
year.

Although the program has not
been completely worked out, the
Legion members plan to include
many splendid features, and the
people who attend may rest assured
of something out of the ordinary.

It is gratifying to note that Pitt
County court is dealing severely
with pistol "toters" and members
of the illicit whisky traffic com-
ing before it from time to time.
It is only through proper punish-
ment such as that meted out by
Judge Whedbee in this week's ses-
sion that the situation can be im-
proved.

Carry a concealed weapon is a
dangerous business, and many peo-
ple, especially members of the
clerk race, make a habit of do-
ing it without fully realizing the
extent of the crime. Many a kill-
ing in past years would have been
avoided had the principals been dis-
armed, but as it was they had the
weapons on the hip and used it.

By careful attention to such
cases, the court should be able to
instill enough fear in the hearts
of the violators to cause them to
abandon their practice. The one
thing alone would play a big part
in reducing the annual toll of life.

With business beginning to take
a turn for the better, merchants
should not fail to let their patrons
know something about the thous-
ands of bargains which they have
to offer from time to time.
There is only one way by which
this may be done, and that is
through the columns of the daily
newspaper. The thrifty housewife

H. M. Bonner, M. D.
Eye, Ear, Nose & Throat
Office, Second Floor
National Bank Building

scans the columns of her favorite
paper every evening to see what
the merchants have in stock, and
in the case of a sale she will go
to the store next day and buy it.
The merchant that does not ad-
vertise cannot expect to be suc-
cessful in the sale of his wares.
Give attention to this part of the
game and you will know what
he has on his mind. If you have
not been advertising, why not
begin at once and do it. The public
wants it of you and you are not
treating them right if you fail to
do it.

Don't wait until robbers have
entered your home before locking
your doors, but do it now and save
yourself from loss of property.
This is the season of the year
when thieves are prowling around
trying to deprive the people of the
fruits of honest labor, and if you
do not put your possessions under
a good key you cannot expect to
prevent loss.

Help the police department hold
down crime by guarding yourself
against the criminal. You will be
rendering a service to yourself as
well as the community at large.

Two Holdup Men Shot At Detroit

Detroit, Oct. 1.—(AP)—Two al-
leged holdup men, both from Buffalo,
were shot and seriously wounded
in a fight with police here early
today.

Physicians at Receiving Hospital
said Lawrence McBride, 25, prob-
ably would die, and that Larry
Kelly, 24, is in a critical condition.
McBride was shot twice in the
neck. Kelly was shot in the side
and struck on the head several
times with a revolver butt.
Assistant Prosecutor John R.
Watts said Kelly admitted that he
and McBride held up a drug store
at 2001 E. 12th St. before Patrolman
Carnett and William "Big Boy"
Garnett of the street and sought to
question them. The officers were
answering an alarm turned in by
the pharmacy when they came up
on Kelly and McBride.
Garnett said one of the suspect
opened fire as the police were get-
ting out of their car. The officers
emptied their revolvers and Mc-

Union Deplores Bail Jumping In Gastonia Cases

New York, Oct. 1.—(AP)—The
American Civil Liberties Union,
which helped to raise \$27,500 bail
for the seven men convicted of
conspiracy to kill the Gastonia
police chief during Communist
labor disorders there in 1929, today
characterized as a "serious case
of bail jumping," the failure of the
defendants to appear in the North
Carolina Superior Court or the day
their appeal was to have been
heard.

Three of the men, Clarence Mil-
ler, Joseph Harrison, and W. M.
McGinnis, have fled to Russia.
Two Fred Beck and K. Y. Hand,
tickets were to have returned from
there on transportation provided
by the Civil Liberties Union, and
two others, Louis McLaughlin and
George Carter, are in this country.

"We participated in raising bail
in this case," a statement from the
Liberties Union said today. "Be-
cause we had faith that these men
would keep their pledges. After
they had fled to Russia, we heard
from Beck that he and Hendricks
would return for an appeal. Steam-
ship tickets were made availab-

FACES TRIAL AFTER 47 YEARS

For 47 years, James Franklin Neeley, 70 (left in front), was a
fugitive sought for the slaying of Hiram Cooley near Guntersville,
Ala. He was arrested recently while visiting a brother in Tyler, Texas,
and returned to Alabama to face trial for the slaying in 1883. With
him are Sheriff and Mrs. I. B. Hyde of Guntersville.

for them at Warsaw, but since
being tried in 1883 we have
heard nothing about the men.
The Civil Liberties Union is op-
posed to jail jumping in this case
as in all others. There was little
hope of freeing these men in the
prejudiced atmosphere of the
North Carolina courts, but the legal
fight was made and the de-
fendants should have stood by the
court, unjust as it was.
"This is the first instance of bail
jumping in any trial case in al-
most ten years. The last was in
the I. W. W. way preservations when
William D. Haywood fled to Rus-
sia in 1921.

P. T. A. THIRD STREET SCHOOL MEETS

A very interesting and largely attended meeting was held by the Parent-Teacher Association of the Third street school on Wednesday afternoon, Oct. 1, in the school auditorium. This being the initial meeting of the year, matters pertaining to the activities of the association during the coming school year were taken up and discussed in an enthusiastic manner.

The association has outlined for itself a program of service which will no doubt result in much good to the school and to the community generally.

For the coming year, Mrs. James Eicklen has been unanimously chosen president, Mrs. Chas. Horne vice-president, Miss Dixie Taylor, secretary, and Mrs. Earl Helen treasurer. The efficiency of our president augmented by the ability of the other officers and given the active cooperation of the members will no doubt prove one of the notable achievements.

All subsequent meetings will be held in the school auditorium on the first Wednesday in each month at 3:15 p. m.

MISS WHITTINGTON TO SING OVER RADIO

The numerous friends and admirers of Miss Margaret Whittington, coloratura soprano of Snow Hill, will be glad to learn that she will be heard again over radio station WFTL, Raleigh, Friday evening of this week. This will be her fourth appearance before the microphone of that station. That the large radio audiences that have heard her on former occasions appreciate her is shown by the large fan mail that has come to her. Her last appearance was with the Eastern Carolina Singers in a program arranged by Mrs. Dido Howell recently. Miss Whittington has arranged a most attractive program for this occasion. She will be on the air from 8:00 to 8:30 p. m.

Mrs. Long Bridge Hostess

Mrs. James Long was a charming bridge hostess last evening at her home on Dickinson avenue, honoring the teachers. Purple aster and dahlias were effectively used in the room where tables were placed for bridge.

Concluding a number of interesting games, prizes were awarded. Miss Mamie Ruth "Funstall" was given a dorin and lipstick for ladies' high score, and Garland Hodges, bridge cards for high men's score.

A tempting fruit salad course was served.

Farmville Rotes Stage Banquet

Farmville, Oct. 2.—One of the happiest occasions of the fall season was that of Wednesday evening, when the local Rotarians held their annual banquet, honoring the teachers of the High school and the Rotary Annex.

Partners were matched in a drawing contest, each Rotarian having two ladies as his guests. David C. Esby, president of the club, finally delivered his welcoming address, after interruptions by various members, who wished to have that honor, and Supt. Robert E. Boyd succeeded in making the response, after Miss Annie Perkins, who has taught here for the past thirty years, was satisfied that the slight to her rights of seniority, was unintentional. Rev. R. S. Tandy acted as toastmaster.

The stunts all took the form of interruptions, John Holmes of Raleigh, scientist, being obliged to call for order in the midst of his humor. Some strange lady looking for her husband created this disturbance, which was settled when she found him. Supt. Boyd was initiated into the mysteries of the order at this time. Musical selections were rendered by both John and Elbert Holmes, with Mrs. J. M. Holgood as accompanist.

The program was featured with a talk by Carl Georch of Washington, who seemingly annoyed above his fellows with the sparkling oil of wit, was apparently in his happiest mood. Mrs. Georch was also among the honor guests present.

The Rotary colors of blue, gold, and the emblem of the organization were effectively used in banquet table appointments, and in the barquet table appointments and in the fee course. Covers were laid for sixty-five. The banquet was served by the Ladies' Missionary Society of the Christian church, in their basement dining room.

Robbers Enter Store At Ayden

Jewelry valued at \$75.00 was taken by thieves who entered the Speir Jewelry Company at Ayden the latter part of last week, it was stated by a member of the firm who was in the city this morning on business. Entrance to the building was made by breaking one of the plate glass windows in the front of the store. Officers so far have been unable to obtain any information as to the identity of the robber.

MINSTREL MERRYMEN MARKS JOLSON'S LATEST AND BEST, 'MAMMY'

The first song that Al Jolson sang during the making of "Mammy," his latest Warner Brothers picture, is being sung in a picture which will open at the New Theatre Monday, as a reward to those who work with him for the first time that he really is as good as the public thinks he is.

"Mammy" Jolson's fourth and greatest Warner Brothers picture is a story of minstrel endmen, a comedy with many Technicolor sequences. The cast includes Lois Moran, Louise Dresser, Lowell Sherman, Hart Bosworth, Tully Marshall and Mitchell Lewis. Irving Berlin wrote the play and songs. Michael Curtiz directed.

How Old Are You? Today Said She --- I'm 43

Am I Fat?—Not Me

Yes! A year ago I had twenty-two more pounds of fat than I needed—I was fat—and very sensitive about it—but now I say it is foolish for anyone to be overweight.

What did I do? Nothing very hard, I can assure you—I cut out pies—candy and all sweets—ate moderately and every morning before breakfast I took one half teaspoonful of Kruschen Salts in a glass of hot water—Never missed a morning.

I lost fat—gained in energy—vigor—charm—and vivaciousness and have a shapely figure I am proud of—anyone can do the same.

A North Carolina woman lost 47 pounds in 3 months—A Montana woman lost 19 pounds in 4 weeks—Wisconsin woman 11 pounds in 6 weeks.

Greenville Drug Co., and every druggist in the world sell Kruschen Salts—a Bottle that lasts 4 weeks—costs 85 cents.

American Gunboat Repulses Attack of Red Bandits

Tallahassee, Fla., Oct. 2.—(AP)—Red Marauders attacked the U. S. S. Yulee, gunboat of the American Yacht Club, with field guns and machine guns near Yachow, Hunan province, today, but were repulsed when the Yulee opened up with her three-inch guns.

Roar Admiral Thomas T. Craven, commander of the American Yacht Club, was aboard the Yulee, which was not hit by the rebel cannon fire. The attack came from the shore—a hall of missiles from field pieces and machine guns.

This is the second time the Yulee has drawn rebel fire in recent weeks. She was attacked 25 miles above Wusueh, Hunan, September 16, and fought her way past the marauders in a 40-minute engagement. Red attacks upon river craft are reported steadily increasing.

The Communist menace to Nanchang and Kiukiang, important Kiangsi province cities, caused the Nationalist government military headquarters at Hankow to withdraw 10,000 soldiers from Hunan Province for duty in the Kiangsi area. A red army of 40,000 was reported in Northern Kiangsi early this week.

Charge Lynchings to Neglect of Religious Leaders

A Janes, Oct. 2.—(AP)—A group of prominent medical and law members of the Methodist Episcopal church, Janes, in a statement issued for publication today, ascribed the persistence of lynching to the neglect of religious leaders to impress the people with the solemn warnings of the church on this subject and weakness and inability on the part of public officials.

The statement urged that measures be taken to bring such public officials to account in the courts of justice and at the bar of outraged public opinion.

The statement also said the situation, as we see it, is serious in the extreme and challenges every religious leader, public official and Christian citizen to determine and undertake war upon the blight of survival of barbarism.

Dr. J. W. Perry, Nashville, Tennessee, missionary secretary; Prof. N. C. Newbold, Raleigh, Dr. T. H. Cook, Mrs. J. J. McEachern, Atlanta, and Dr. W. W. Alexander, director of the commission on interracial relations, signed the statement which was made public today.

Florida Governor Sued for \$50,000

Tallahassee, Fla., Oct. 2.—(AP)—Governor Doyle E. Carlton was made defendant in a suit for \$50,000 damages, which was filed in circuit court here today by D. Stuart Gilks, an attorney, on behalf of Fred O. Ibernardt, publisher of the Florida State News, Tallahassee newspaper.

No charges were contained in the precept for the suit, which was made returnable November 3.

Ibernardt said however, that the suit was based on a statement issued to the press recently by the governor. He did not identify the statement nor indicate what it contained.

The publisher, whose newspaper has waged a bitter editorial campaign against the governor and his administration, was one of the three men arrested in Jacksonville on August 18 last, on charges of conspiracy to produce the assassination of Governor Carlton. The other defendants were Frank Rains, former Carlton political campaigner, and Henry Halsema, a Jacksonville real estate operator.

The charges were dismissed at a preliminary hearing before justice of peace, who said the state had failed to produce sufficient evidence against the defendants to warrant binding them over to criminal court for trial.

UNIVERSALISTS MEET AT PINK HILL

Pink Hill, N. C., Oct. 2.—(AP)—The 25th annual convention of the Universalist church of North Carolina will open here tonight with members of the Women's Missionary Society of the denomination holding special sessions during the meeting.

Mrs. Fannie C. Stated, of Perdue, Me., will be the chief speaker at the principal business session tomorrow morning.

The convention will close Sunday.

Hold Corporations Liable for Injuries From Bad Streets

Raleigh, Oct. 2.—(AP)—Municipal corporations are liable for injuries caused by defective streets, the North Carolina Supreme court held in an opinion on file here today.

The ruling was handed down in the case of Annie P. Hamilton against the City of Rocky Mount. The city sought to prevent Mrs. Hamilton from continuing court action against it for personal injury. The case now goes back to Nash county for trial.

Fourteen opinions all of them dealing with civil cases, were handed down by the court yesterday.

Fayetteville.—(AP)—Four officers of the First Baptist Sunday School just selected here have held officers continuously for periods ranging from 35 to 49 years.

Three Killed When Tenement Building Collapses at N. Y.

New York, Oct. 2.—(AP)—Three men were killed, two persons are missing and eight others were injured today in the collapse of a four story tenement building at 15 Greenwich avenue in Greenwich Village.

Police and fire department rescue squads removed the bodies of three victims and carried out the injured. Three of the women women. They continued their search of the ruins for the other two persons known to have been in the house.

Mrs. Marie Sargouse, 70 years old, who conducts a boarding house in the building was the only one of the 13 persons in the place who was awake. The others were trapped in their beds on the third and fourth floors and had no chance to escape when the structure gave away.

FASHIONS for Youthful Women

The woman who wears size 38 and over is fortunate this season. For the first time in ten years, many of the season's smartest styles are at their best on the woman rather than the girl. Formality, richness of fabric, sophistication,---these are the keynotes of the new collections. Smart women prefer these qualities in their wardrobes,---and we are featuring them in its new group of Fall fashions for women. Now, as always, the woman of more mature figure will find a wide variety of attractive styles here.

LIGHTS OUT ON GRID ACTIVITY IN THIS STATE

Charlotte, Oct. 1.—(AP)—The light apparently are out in both ends of the word, so far as North Carolina's big five football teams are concerned.

Davidson and State met Saturday night in the first inter-five contest to be played at night. The game bore doubly on the state championship race and the future of nocturnal football in North Carolina.

Both elevens were dissatisfied, not to mention sports writers and a certain element of fandom.

Agreeing that the system used in Greensboro furnished sufficient light, Davidson backfield men objected nevertheless because the white ball they said, gave away too easily and the artificial illumination made passing distance difficult to judge. State performer said the "painted" balls were funny.

Wake Forest refused this week to play games at night. It is not likely the University of North Carolina or Duke will abandon the daylight brand of ball. And State, to field itself wired up for play under the stars, will be hard put to find night opponents.

Out of the welter of words that has greeted this latest gridiron innovation two conclusions have been accepted by most critics: Night football is feasible early in the season, during the ultra Saturdays of September. It will become impractical when chilly breezes of October and November are re-enforced by the slipping temperatures evening brings on.

The addition of the hefty Silver, 328 star, to the State squad gives John Van Liew a quartet of ends hardly equalled in the North State, to use Duke and Meehl fill out the cur. Each showed well in State's first two games.

Quillen and Mills, Wake Forest safeties, received—and deserved—a big part of the glory going round after the Deacons scared Carolina so Saturday. Both in defense and defense they scintillated.

Captain Thad Brock flank star or Davidson who was shifted to guard this season, fits into that position smoothly. "The best natural outball player I ever saw," a team mate termed him.

Blocking and passing drew attention of coaches at three of the big five schools this week. Monk Younger, Van Liew and Chuck Collins, Davidson, Carolina and State mentors, found their elevens satisfactory in those departments at Saturday. Pat Miller at Wake Forest went to work on offense, satisfied with his team's defensive owing Jimmy DeHart drills the Dukesters assiduously in the trick plays he has given them, which went a bit erratically against South Carolina.

McCarthy May Reach An Agreement With the Yankees Soon

Philadelphia, Oct. 2.—(AP)—Whether or not Joe McCarthy, deposed pilot of the Chicago Cubs, actually has come to terms with the New York Yankees for a two-year term as manager in 1931-32, succeeding Bob Shawkey, indications today pointed to completion of negotiations in short order.

After a day of conflicting reports, it was understood McCarthy had rejected a flattering offer to take over the Boston Red Sox on a long term contract in preference to accepting a tentative proposal for the management of the Yankees, with consequent greater opportunity to distinguish himself in a new field.

McCarthy not only admitted he was in a receptive mood to a New York offer, having already had some preliminary conversation, but revealed that he planned to go to New York in a few days to talk definite terms with Colonel Jacob Ruppert, owner of the Yankees.

"It is not always a question of money," McCarthy said. "I want to go where there is the greatest opportunity. You know, when they break your heart, you want something to come back with."

Reports have been published that McCarthy will sign on a basis of two years at the Yankee helm at \$25,000 a year but he denied any such detailed terms had been discussed.

For some time the idea has prevailed that Babe Ruth eventually would be given a chance to handle the Yankee reins after his present player contract runs out. This contract, calling for the record \$80,000 salary and signed last spring in training camp, has one year more to run.

SERIES BRIEFS

Philadelphia, Oct. 2.—(AP)—Up in his tower office after the first game Connie Mack expressed surprise that the Cardinals were caught flat-footed when Haas and Boley pulled off their brilliant "squeeze" play in the seventh. "We used it years ago," Mack said, "so we just dusted it off to try on the Card-46—the opportunity offered

One of the happiest Philadelphiaans today was "Izzy" Epstein, blind newsboy, who is exhibiting a score yard of the first series game signed by President Hoover. While the houting was going on Babe O'Rourke, the A's announcer, slipped into the President's box and whispered to Mr. Hoover's secretary that a blind newsboy had asked for the executive's autograph. A moment later a scorecard was handed back, signed by the president.

The bleacher line began forming for today's game before the players had left the field after the opener yesterday. Sam Warwick, 17 year old newsboy of Cumberland, Md., headed the line at the dollar window. He left yesterday's game in the ninth so that he would be first in line when the ticket windows open at 9 A. M.

Connie Mack said Boley's head-long dive and stop on Douthitt's slash gave him the biggest thrill of his baseball career—bigger than winning last year's series from the Cubs. "If he hadn't made that stop and tossed out Grimes at second," he said, "there 'no telling what might have happened."

SPORTS SLANTS

Among the younger crop of glowers who sprouted up from nowhere in the late and very chaotic National Amateur Golf championship at Merion, none has developed so consistent a penchant for the spectacular as Maurice J. McCarthy, Jr., of the Green Meadow Country Club of Harrison, New York.

Black-browned, pug-nosed with a nose denied like that of a retired professional boxer, McCarthy inserted himself into more dramatic situations on one day at Merion than met of the others combined.

On the second qualifying day, the former intercollegiate and present metropolitan champion holed out a spoon shot for an ace on the 216-yard 17th hole to cause almost as much excitement as the elimination of the defending champion, "Jimmy" Johnston.

Late that evening, McCarthy came embroiled in the playoff with 11 players seeking the eight remaining qualifying places. Darkness stopped this melee and early the next morning he qualified and then the fun began.

As a pipe-opener, McCarthy went 19 holes to beat Watts Gunn, the former playmate of Bobby Jones. Thus warmed up, the New Yorker took on George on Elm, next to Jones the tournament's outstanding favorite and runner-up for qualifying honors, and beat the coast star at the 28th after ten extra holes of the most dramatic golf any championship has ever seen.

This stunt not only broke the old record, but doubled it, for the longest previous extra hole match went only five holes.

Some day McCarthy may bowl 'em all over and win the championship. He is only 23 now, but he has a world of experience and he isn't apprehensive about tackling any shot or any opponent. His game has been soundly taught and

developed by his father, a professional. He beat Max Marston, an ex-national champion, in a 22 hole match in 1926 and the following year, at Minnikanda, McCarthy carried the Great Jones to the home hole. He was only 19 then and he captained the Georgetown university team two years, capturing the intercollegiate title in 1928.

Von Elm finished his last amateur tournament without shaking the jinx that has pursued him on the first day of match play ever since he beat Bobby Jones for the title in 1926 at Baltusrol. Von Elm was eliminated in the second round in defense of his crown, by Harry Legg in 1927, put out in the first

round of 1928 by Arthur (Ducky) Yates and last year, at Pebble Beach, by Chandler Egan, the 1901-5 champion, also in the first round.

George Rotan, the Texas veteran, attempted a come-back at Merion but failed to qualify by a stroke, because his perfectly played second shot to the 16th green on the second medal round hit a spectator on the head and bounded back 40 yards into an old stone quarry. Instead of a four which he had every reason to expect scoring, Rotan barely escaped this hazard with a six and finished with a total of 156. Two strokes less would have put him in the match play without dispute. 155 would have put him in the playoff.

BANK ROBBED OF \$64,500 AT CHARLOTTE

Two Bank Employees Who Claimed They Were Held Up, Are Questioned

Charlotte, Oct. 2.—(AP)—Police today were seeking to determine who robbed the American Trust Company of \$64,500 with the story of two bank employees that they were held up by two unidentified men as the only clue on which to work.

Carl Bailey, bank guard for five years, and Leroy S. Staunton, clerk and messenger for 10 years spent last night at police headquarters, although they had not been arrested, where they were questioned by detectives.

Chief R. Horace Moore of the Charlotte police department, said the men were "detained" at headquarters, but made no further announcement. He said the department was without a tangible clue to the solution of the robbery.

Bailey and Staunton told police they were held up by two men as they were unloading the money, and cash and securities at an express office.

One of the men, after sticking a gun in his ribs, crawled into the small strongbox of the steel-lined money truck and kept him covered from his hiding place, Bailey said.

The other took charge of Staunton when the messenger, walked from the express office to join Bailey who had been guarding the truck, according to the employees' account.

Bailey said he was forced to drive to the edge of town where the men tied them both, pushing them into the small strongbox, and took the truck's key in order to hinder their return to the city.

Bailey said they worked their way from their bonds and caught a ride back to the city with a passing motorist. The men notified police that they had been robbed. Both were able to furnish complete descriptions of the men they said held them up.

Bank officials announced the situation, one of the largest in the Carolinas, was fully protected from the loss by insurance.

Medical Missionary Addresses Women of the Episcopal Church

Farmville, Oct. 2.—Dr. Lula Discoway of New Bern, on furlough from her duties in the St. Elizabeth hospital, Shanghai, China, was the principal speaker at the get-together group meeting of the Women's Auxiliaries of the Episcopal churches of Pitt county, which was held here yesterday.

The group comprises the auxiliaries of Ayden, Greenville, Grifton, Winterville, and Farmville, and a splendid representation was present at this meeting.

Dr. Discoway, a woman gifted of extraordinary faculties, and strong personality, has rendered conspicuous service in the field of medicine and surgery during the four years she has spent in China and her address, in which she told of choosing a profession, training trip to China, hospital experiences, the political situation and her return, completing a trip around the world, held her audience spellbound.

The meeting was opened with a corporate communion service, conducted by Rev. A. C. D. Noe of Ayden. A cordial welcome was extended by Mr. C. T. Dixon, president of the Farmville Auxiliary, and by the presiding officer, Mrs. J. L. Shackelford. Reports of the different groups were heard, and Mrs. C. J. Sawyer of Windsor, unified thank-offering treasurer of the Diocese, made a splendid talk.

A communication from the Diocesan educational secretary, Miss Mae Wood Winslow was read, as were telegrams from other officers and speakers, unable to attend. News of Miss Veneta Cox, another Farmville missionary to China, was requested of her mother, Mrs. B. T. Cox, of Winterville. A vocal solo was rendered by Mrs. J. W. Joyner. Dr. Frank Dean of Wilmington was present and introduced Dr. Discoway. He also conducted noon day prayer, and closed the meeting at 1:30 with a prayer for missions and for the sick, especially in the parishes represented. Greenville was selected as the place for the spring meeting of this group.

Lunch was served in the churchyard by the hostess auxiliary. During a social hour which followed, a box of exquisite Chinese embroideries and interesting souvenirs was opened by Dr. Discoway, as an added feature of entertainment for the ladies.

Five Pullman Cars Derailed at Clinton

Clinton, Oct. 2.—(AP)—Five Pullman cars of Seaboard passenger train No. 208 were derailed early this morning about a mile from here. Six passengers, whose names were not immediately available were brought to a hospital here. It was said none was seriously injured.

The derailment was said to have been a result of a broken rail. The engine and tender and other cars remained on the track.

Seaboard officials started an investigation this morning. They expected to have the tracks cleared soon.

German President Celebrates His 88th Birthday

Berlin, Oct. 2.—(AP)—President Paul Von Hindenburg is 88 years old today. Hale and hearty, he attends to his numerous duties with military precision, leads a regular life, and disposes of his time in such a manner that enough leisure moments are left over for his family, relatives and friends.

Few people believed that the grand old man could live through five years of a burdensome presidential term and give every hope of completing the seven years prescribed by the constitution.

A few months at the executive palace will finish him," was the phrase heard on every side after his election in the spring of 1925.

But President Von Hindenburg has fooled them all. He has proved a statesman of outstanding qualities. He has traveled more than his predecessor, Friedrich Ebert, ever cared to travel during the uncertain post-revolution period, when all energies had to be concentrated on stabilizing the republic.

He has spoken in public on a number of important occasions, and has always surprised by the vigor of his utterances. His speech at Tannenberg, on the occasion of his 80th birthday celebration, was an international sensation, for in it he absolved Germany of guilt in bringing about the world war.

Seek Suspension of Constitutional Guarantees in Cuba

Havana, Oct. 2.—(AP)—Suspension of all constitutional guarantees until after the national elections on November 1 will be asked tomorrow of the Cuban Congress, convened in special session.

President Machado last night announced his intention of calling Congress together for that purpose. Dr. Guan Icaza, speaker of the House, and Clement Vasquez Bello, president of the Senate, promised him their support in putting thru an authorizing measure.

The projected suspension of the constitution would give the administration almost carte blanche in dealing with disorders during the pre-election campaign.

In some quarters the presidential request was connected with a momentary censorship imposed yesterday by the government on outgoing and incoming cable messages. The censorship was withdrawn because it was found to be without constitutional sanction. The newspaper El Pais said censors inspected all matter intended for their columns prior to publication.

The President, in a manifesto, proclaimed his approval of methods adopted by police Tuesday in suppressing a demonstration of 300 students and others who attempted to march on the presidential palace. Six policemen and six students were injured in the fighting. One of the injured students died yesterday.

Arkansas Farmer Slays Evangelist

Searcy, Ark., Oct. 2.—(AP)—The Rev. M. S. Mason, 50, Springfield, Mo., evangelist was shot and killed last night by John Miller, 75-year-old farmer, who came here and surrendered to officers after the shooting.

The slaying occurred at the home of Miller's son in the Bethel Grove community in which the minister had been a guest while conducting a revival.

No motive was revealed. The aged farmer refused to talk.

SMELL OF FOOD MADE HER SICK

Had No Appetite; Was Bilious. Says Black-Draught Did Her Good.

Winston-Salem, N. C.—"For several years I had been troubled with constipation," writes Mrs. H. D. Duggins, of 514 Cleveland Avenue, this city.

"I had dizzy spells that were followed by dull headaches. I would get bilious, and could not eat heartily for days at a time. It would make me sick to smell the victuals."

"One time while I was suffering from a bad spell of constipation, I sent to a neighbor for something to give me relief, and she sent me Theford's Black-Draught, and the next day I felt fine. It did me more good than anything I ever tried, and I can recommend it to my neighbors and friends, as I always feel good after I have taken Black-Draught. It seems like my system is toned up and I have more energy for work."

Thousands of others have reported that many disagreeable symptoms, due to constipation, indigestion and biliousness, have gone away after they had taken Black-Draught.

Japanese Emperor Signs Naval Pact

Tokyo, Oct. 2.—(AP)—Emperor Hirohito today signed the London naval treaty. The Imperial seal was

affixed to the document thereby completing Japanese ratification.

Prinze Hamaguchi and Count Hakin, Lord Privy Seal, were both present at the simple ceremony.

Two nations, Japan and the United States, thus far have rat-

ified the treaty, while the British government has approved the treaty.

The action brought into full effect the treaty, Great Britain and

the United States having previously ratified it. France and Italy were not included in its more important provisions.

Signing followed a long investigation of the pact and its implications by the Privy Council, which

yesterday notified the emperor of its approval and advised that he sign it.

COTTON MARKET

N. Y. STOCK LIST

New York, Oct. 2.—(AP)—Cotton opened steady at an advance of 1 to 5 points in response to the relatively steady showing of Liverpool, while it looked as if the action of yesterday's market had brought, in some overnight buying orders.

The demand was not active, however, and prices eased after the call under a little southern selling and realizing. Spot houses were sellers of the late months, presumably in the way of hedging and after selling at 10.65 at the start, new December contracts reacted to 10.56 or about 5 points net lower.

Liverpool cables reported continental buying and covering but said business in cotton cloths and yarns was restricted with buyers cautious.

STOCK MARKET

New York, Oct. 2.—(AP)—The Stock Market once more took the familiar downward course today that it often finds leading down from the tops of such abrupt rises as that of yesterday.

After further extension of the advance in the opening transactions, in and out traded rushed to take profits, and a large portion of the ground gained during the one-day advance was lost. Selling, in the main, however, was in moderate volume.

U S Steel, American Telephone and American Can lost 3 points, while several of the investment rails, including New York Central, Baltimore & Ohio and Canadian Pacific, dropped as much as 4.

There were 5 points losses in Eastman Kodak and Gillette. Allied Chemical slumped 10. Case and Western Union 6 and United Fruit 7. The close was weak. Sales approximated 2,400,000 shares.

Legion Delegation Leaves for Boston

Goldboro, Oct. 2.—(AP)—The North Carolina delegation to the national convention of the American Legion, to be held October 6-9, today began its journey to Boston, the convention city.

GOVERNOR GARDNER TO SPEAK AT CHARLOTTE

Charlotte, Oct. 2.—(AP)—A preliminary to the Kings Mountain celebration Tuesday, Gov. O. Max Gardner will speak here Monday night on a patriotic program sponsored by the Daughters of the American Revolution.

Officials from adjoining states as well as leading North Carolinians, have been invited to attend the meeting.

Too Many Cats

New York—One hundred cats are 99 too many. A great orchestra maintained by Miss Grace Van Dusen Martell in her basement apartment on the upper west side has been ordered disbanded by Magistrate McGee because neighbors complained. All the alley strays found of home with her. The kids in the neighborhood say to that. The court has permitted her to keep on cat. The order won't do any good she told the judge. The boys will throw more cats in the window.

Would Cut Shelf

New York—Rear Admiral Bradley A. Fisk has a scheme whereby Dr. Charles W. Elliott's five foot shelf would be cut to three. It is to reduce the ordinary printed page 25 times, print 45 pages on a card and read through a magnifying lens. He believes his system minimizes eye strain as only one eye is used at a time, and reduces the cost of literature. In a test he read 200,000 words at one sitting without tiring an eye.

Export Debiture Plan Described At Salisbury Meet

Salisbury, Oct. 2.—(AP)—Fred Brenckman, of Washington, legislative representative of the National Grange today described the export debiture plan of farm relief to member of the State Grange which is holding its annual convention here.

Blast Reveals Suicide Tragedy

Chicago, Oct. 2.—(AP)—An explosion, which wrecked his home in suburban Oak Park revealed the suicide tragedy of Frank A. Porlick, 50, importer, early today.

Porlick's body was found in the ruins. His throat and both arms had been slashed with a razor. Three sealed notes were found, one addressed to Porlick's estranged wife, who has a divorce suit pending, and another to his children. A third directed that his body be sent to his sister, Mrs. T. V. Maurer of New York.

Police believed that Porlick after slashing his throat turned on the gas in the kitchen. What set off the explosion, which aroused the neighborhood, could not be determined.

Two Cuckoo Gang Members Slain

St. Louis, Oct. 2.—(AP)—Sam Therna drove up to city hospital here today, seriously wounded from machine gun bullets, and told police Peter McTigue, member of the cuckoo gang of St. Louis, and William E. Boody, also this city, had been killed in an attack on a shack near Valmeier, Ills, early this morning in which they were teaching a still.

Therna, shot through the hips, drove up to the hospital, sounded his horn and collapsed.

While on the operating table he told police he, McTigue, Boody and James Dormandy, also a Cuckoo gangster, and apparently a fifth man, had gone to the shack about 4 days ago to run off 500 gallons of mash for whiskey.

Therna said he was awakened at dawn by the sound of machine guns, jumped up, felt himself shot, heard Boody gasp he was hit and dying, and McTigue already was

dead. Dormandy fled to the woods he said he believed.

Therna got in Boody's small car managed to drive to City Hospital, and collapsed. His condition is serious but the wounds are not expected to prove fatal.

Republicans to Name Candidates for Short Terms in Congress

Greensboro, Oct. 2.—(AP)—Selection of Republican candidates for the short terms in Congress created by the deaths of Representatives Charles M. Stedman, of the Fifth District, and W. C. Hammer, of the Seventh District, was to be considered today here at Lexington.

Frank Hancock, of Oxford, Democratic nominee for both short and regular terms will probably be opposed for the short term by John P. Reynolds, of Wentworth. Republican nominee for the regular term. The Republican executive committee of the Fifth District will act on his nomination at a meeting here.

The Republican executive committee for the Seventh District will select its nominee at Lexington, Colin G. Spencer, of Carthage, is the party's nominee for the regular term.

The Democratic short and long

term nominee in the Seventh District will be chosen at Asheboro on Friday. Representative Hammer had been nominated to succeed himself.

The short terms will be filled at a special election to be held November 4, date of the general election.

A More Beautiful and Efficient Residence Heater The Universal Circulator, with its beautifully blended walnut porcelain finish and gracefully designed cabinet, is a distinctive article of furniture, as well as an amazingly efficient heating unit.

Built like a furnace, utilizing the natural laws of warm air circulation, it gives all the comforts of a basement heating plant at less than half the cost.

It heats the entire house evenly and thoroughly—there are no hot or cold spots—the warm, purified air circulates to every nook and corner, and makes the entire house comfortably warm even in the most severe winter weather.

The Universal burns hard or soft coal, coke, wood or cobs with equal efficiency and economy.

Universal Circulators are finished in beautiful two-tone Walnut Barcelona
