RESCUE FORTY PERSONS FROM SNOW STORM

Snow Plows Goto Aid of Autoists Imprisoned by Storm in Dakota Hut

Chicago, Nov. 22.—(AP)—Pre-winter snows still buried some sections of the northwestern plains today while details were recounted of a storm-drama—the rescue of forty persons from a storm-bound tarpapered hut in North Dakota.

Their rescue was effected by the crew of a snow plow which dug a path to the hut, five miles from Mandan, N. D., the hut's occupants had been forced to abandon their automobiles and remain for twenty-four hours in the small dwelling, their only available shelter. A number of women and children were among the rescued. None of them, however, suffered any ill effects of their experience.

Their plight was discovered by several men who had been able to force their way over the snow-covered roads to Mandan.

Meanwhile conditions in other sections of North and South Dakota and western Nebraska were somewhat nearer normal today as a result of communication repairs, and there was time to take stock of the damage done. Wire and power officials in North Dakota figured damage to their lines would be between \$250,000 and \$500,000.

Denver, Colo., Nov. 22.—(AP)—Slowly rising temperatures, still below freezing, brought a measure of relief today from an invasion of winter into the Rocky Mountain and adjoining regions which has caused at least ten deaths, disrupted traffic and hampered communication.

Trains as much as forty hours late were arriving at their destinations today presaging rapid resumption of normal schedules. However, mountainous drifts from a nearly continuous, three-day snow storm, covered many highways and rights-of-way in Wyoming, Colorado, and New Mexico, defying snow plows.

Four additional fatalities were added yesterday, to the list of deaths caused by this storm. The body of Howard Rhodes, 50, was found frozen at Lamar, Colo., a mile from where his saddle horse succumbed. The body of John Evans, 80, Black Forest ranger, was found beneath three feet of snow near Colorado Springs.

Moses Salsgrove, Laguna Indian, was reported frozen to death near Gallup, N. M.

The missing included: Hoe Norton, Deming, N. M.; James Tilford, Denver lost in New Mexico, and a Navajo Indian youth who was reported to have fled into a wintry wilderness from the Roosevelt School at Fort Apache, Arizona.

Adjourns Hearing On Smoky Park During Week-End

Sevierville, Tenn., Nov. 22.—(AP)—Hearing of the state suits to condemn 39,000 acres from the Champion Fibre Company for the Great Smoky Mountains National Park is adjourned over the week-end.

Attorneys have indicated they plan to finish the company's side of the case before taking a Thanksgiving recess next week.

A jury of view which spent from August 12 to November 14, tramping over the large area, is now hearing evidence from the Champion Fibre Company and the state as to the value of the land and timber.

Through H. F. Holt, Knoxville engineer, the company has placed an estimate value of \$6,521,827 on the large acreage and timber. A B. Hossick, appraisal expert of Montclair, N. J., testified yesterday the company would sustain a loss of \$1,714,611 to its North Carolina plants, if the Tennessee area is condemned.

U. D. C. Sessions to Close Today

Asheville, Nov. 22.—(AP)—Two short business sessions today brought to a close the annual general convention of the United Daughters of the Confederacy here.

A report on the plans of the U. D. C. on marking the Shiloh Battlefield monument was to be made by Mrs. Alexander B. White, of Tennessee.

Buy Now Campaign Gains Great Momentum In All Sections Of The State

Drive for Improvement of Business Has Already Demonstrated That Things Are On the Up-Grade; Bank Resources In North Carolina Total \$615,000,000

The State-wide "Buy Now" campaign launched by The North Carolina Merchants Association and its affiliated local associations, is meeting with a large measure of success and is gaining in momentum. The campaign has already demonstrated that business is on the up-grade and that prosperity is not dead in North Carolina (as some pessimists would have had us think) but that it has simply been lulled to sleep by the constant glooming and gloomy view of a large number of people who are given to taking a gloomy view of affairs.

Reports from all sections of the State indicated that prosperity is awakening; that it is recovering from its bad dreams of depression, panic and fear; that the masses are overcoming their lethargy and are beginning to realize that there was no foundation for the fears they entertained and that the depression was more psychological than material.

North Carolina still has its rich and fertile fields; its marvelous natural resources; its great industrial development; its tremendous capital reserve; its immense bank deposits; its high standard of living; its culture and refinement; its skilled workmen; and over three million people who never have nor never will know defeat.

The bugaboo of "hard times" and "unemployment" have been greatly magnified in North Carolina and as the president of one of our higher educational institutions remarked the other day "If these are hard times, they are the most prosperous hard times this State has ever seen."

The National and State Employment Commissioner told me today that he estimated the unemployed in North Carolina at not more than 11-12 percent of the population and that of that number fully 25 percent of them were residents of some other state or community from that in which they were seeking employment.

Reports of national and state banks, as of June 30, 1930, show that there is deposited in the banks of North Carolina more than \$321,455,000.00, and that total bank resources in North Carolina, including assets of industrial banks and trust companies, are in excess of \$615,000,000.00. There is certainly nothing in these reports to indicate hard times and the only thing necessary to restore normal conditions in this state is for the people as a whole to resume their normal buying so that merchants can move their goods, place orders with the factories for more merchandise; enable the factories to employ more men and give to those men in wages the means to buy what you yourself sell or produce.

Business has seemed bad because you and I have curtailed our normal expenditures. We heard so much about hard times we became skeptical and then afraid, and our fear produced hard times. We know that a resumption of business can be brought about by a resumption of reasonable spending—by buying those things we would buy but for the talk about hard times—so instead of retarding business by refusing to buy and hoarding money, let's buy what we need and start the wheels of industry turning.

Let's have prosperity instead of dollars.

The way to save prosperity is to keep money in circulation. The present depression is with us because money has been taken out of circulation by a refusal upon the part of the public to buy the things they customarily buy. Money is just as important to the life of business as blood is to the life of the human body.

It isn't so much the volume of money placed into circulation as it is the rapidity with which that money changes hands by buying and the payment of accounts that creates prosperous times. Do you know that if every person living in North Carolina spent an extra nickel, it would place in circulation \$158,513.80 a day or \$7,875,537.00 a year. This figure would be multiplied many times because the little 5c would change hands very frequently. A nickel a day would absolutely wipe out the unemployment problem in North Carolina, for it would release enough capital to employ thirty thousand of the unemployed as a wage of over \$5.25 per day. The difference between hard times and prosperity in North Carolina is just a nickel.

PRICES SHOW FINE GAIN ON GOOD WEED

The Better Grades Brought From 60 to 79 Cents a Pound Here Yesterday

Better grades of tobacco brought more money on the Greenville tobacco market yesterday than any other day of the season, according to information contained in the official report of K. W. Cobb, supervisor of sales, made public this morning. The supervisor said that a considerable amount of the superior grades brought from 60 to 79 cents a pound, and the bidding was the most lively in some time.

The market sold yesterday 1,331,842 pounds of tobacco for \$186,939.83 at a general average of \$14.04 per hundred pounds.

The report showed that for the entire week sales amounted to 6,277,568 pounds of bright leaf for \$869,615.85 at a general average of \$13.85 per hundred pounds.

Sales for the season were given at \$5,593,844 pounds for a total sum of \$7,752,672.85 at an average of \$13.95.

Farmers from a long distance visited the Greenville market during the week just closed and expressed themselves as highly pleased with the rapid way their tobacco was handled. With five sales in progress at the same time, the market is able to sell in the neighborhood of a million and a half pounds leaf daily, making it possible for the farmer to market his offerings and return home the same day. In fact, some growers have been known to make two separate and distinct sales in one day.

One Killed, Several Injured When Train Plunges Into River

Nantassan France, Nov. 22.—(AP)—Alacrity of passengers in scrambling out of the Paris-St. Nazaire express when its locomotive dived first two coaches tumbled into the river Loire near here last night was believed today to have prevented a heavy toll of human life.

Only the engineer of the train is believed dead, while twelve persons were injured. The engineer is believed to have been swept away by the river torrent. Three of the injured persons were members of the train crew. Other injuries principally were bruises.

The train was proceeding shortly after ten o'clock under a slow order along a section of the railroad line near Oudon, twelve miles from here, where the Loire backs up against the rail embankments a switchman noticed that the track had sunk somewhat and rushed to flag the train.

He failed by less than a minute to reach the train in time and the locomotive and first two coaches hit the soft spot and tumbled into the river. The fireman jumped in time to save himself, and as the two coaches went under, passengers scrambled out of windows and doors.

Rescue squads struggled today to get into the first of the two sunken coaches for the bodies of any who may have perished, but the railroad company did not believe there were any more victims.

TO HOLD UNION THANKSGIVING SERVICE HERE

Churches to Unite In Returning Thanks At the Memorial Baptist Church

On Thursday, November 27, at 10:30 A. M., the churches of Greenville will assemble in Union Service of Thanksgiving at Memorial Baptist church. There is much for which the people of this city and county have to render thanks unto God, and it is the sincere hope of the pastors of the several churches uniting in this service that the people will avail themselves of this opportunity to join together in this hour of Fellowship for this purpose.

Surely we could do no less than this, when God has blessed us so much. We plead distress, but it is little compared to the things for which we may give thanks. This service also offers the privilege of presenting an offering that is used for the furtherance of work for the orphans of North Carolina, as cared for by such institutions conducted by the several denominations in the State. Let every professing Christian's lay aside other things this year, and come unto the house of the Lord to render praise and thanks unto Him.

The Program for Union Thanksgiving service follows:

1. Organ prelude, 10:30 A. M.; Doxology; Invocation, led by Rev. W. A. Lillycrop; Hymn of Praise; The Reading of the Scripture; Rev. W. S. Harden; Prayer, Rev. E. L. Hillman; Hymn; Offering to be presented to the Orphanage work conducted by the several denominations represented in the state; Anthem by the Choir; Thanksgiving Sermon, Rev. Lee Sadler; Hymn; Benediction; Rev. A. W. Fleischmann.

SNOW HILL MAN KILLS HIMSELF

Richard Taylor Commits Suicide In Office of Sheriff This Morning

Snow Hill, Nov. 22.—Richard H. Taylor, thirty-five years old, a prominent lawyer of Snow Hill shot himself with a shotgun in Sheriff Rasmussen's office this morning at seven thirty.

Mr. Taylor arose early and went about the usual chores around his home, including the milking, walked down to the court house, and entered the main office of the sheriff, the doors of which had been opened and the fires made, he went back into the smaller office, where the act was committed.

Mr. Taylor had been a resident of Snow Hill for the past ten years, moving from Hookerton, where his father Fred M. Taylor has been in the mercantile business for more than thirty years. He is descended from a long line of prominent Snow Hill ancestors.

A man of fine physique and brain, he was in splendid health and had a lucrative practice, and friends cannot account for this act. Surviving are his parents, his wife, formerly Miss Christine May of Henderson and two children of eight and five years.

Says Child Labor Situation Is Good On Tobacco Market

D. R. Markham, senior inspector of the Coastal Division of the North Carolina State Child Welfare Commission, has completed an investigation of the child labor situation on the Greenville tobacco market. The investigation has been in progress the last several days, and Mr. Markham expressed himself as highly pleased with conditions existing here.

The Child Labor law in North Carolina prohibits the employment of children under 16 years of age. Mr. Markham said he found that not a single child was employed in the tobacco industry. It is a record that brought the highest commendation.

The inspector also investigated the sanitary condition of the market as it pertains to toilet seats. He said the situation was generally good, with all of the tobacco companies exhibiting a splendid effort to live up to the requirements of the law.

Raeferd, N. C., —(AP)—Dan McMillan, young negro, was killed when a tree fell upon him while he was taking out timber.

TEACHERS TO END SESSIONS HERE TODAY

Two Addresses Will Mark Close of the Northeastern Teachers Meeting

The conference of the Northeastern District of the North Carolina Education Association will come to a conclusion this afternoon with addresses by Zenos E. Scott, superintendent of schools of Springfield, Mass., and Miss Mary Teresa Peacock, state librarian. Mr. Scott will speak on the subject, "Teaching and Its Obligations," and Miss Peacock will discuss "The Function of the Library in An Activity Program."

At this morning's session the teachers heard Dr. F. G. Bosner, Professor of Education of the Teachers College, Columbia University, discuss the importance of "Curricula Activities." The speaker stressed the need of these extra activities in order to effect a well-rounded education.

Between 1,500 and 2,000 teachers from this part of the state are attending the conference, as well as officers of other educational organizations. The first session was held in the Austin building last night at eight o'clock with Miss Maud C. Newbury, superintendent of Currituck schools, presiding. The principal speakers were E. J. Coletrane, president of the North Carolina Education Association, and Dr. Senos Scott.

The visitors were welcomed to the city by Dr. R. H. Wright, president of East Carolina Teachers college after invocation by Rev. Lee Sadler and a song number by college students. Announcements were made by J. L. Warren, secretary of the association.

President Coletrane declared that the "greatest safeguard against crime is to have every child properly civilized and socialized." In discussing an appraisal of the teachers' work, he called attention to the fact that lawlessness is one of the greatest problems of the day and emphasized the fact that the schools must play a big part in improving the situation.

"It is not my purpose to minimize the part which the home and the church should play in the solution of the problem of lawlessness," he said. "It is my purpose, however, to magnify the part which the home and the church should play in the solution of the problem of lawlessness," he said. "It is my purpose, however, to magnify the part which the schools should play."

"It is my honest opinion that, since the school deals with practically all children, it has the greatest opportunity and that it has done more to prevent lawlessness. There are data that go to show that education is of value as a civilizing agency."

Cashier of Defunct Bank \$24,000 Short

Gastonia, Nov. 22.—(AP)—T. R. Rankin, former cashier of the Bank of Lowell, at Lowell, which closed Thursday, was charged with embezzlement of \$24,000 of the bank's funds in a warrant sworn out here today.

Rankin waived preliminary hearing and was bound over to Superior court under \$15,000 bond; J. R. Rankin and R. Grady Rankin, of Gastonia, signed his bond.

Wilson, N. C.—(AP)—Seven Raleigh residents were injured slightly when their automobile overturned three times near here.

Blames Hysteria for Closing of Carolina Banks

Asheville, N. C., Nov. 22.—(AP)—Hysteria today was blamed by John Mitchell, state bank examiner, for the closing of eight of the 12 banking institutions in this section that have suspended business since the Central Bank and Trust Company, Asheville's largest bank, failed to open.

Mr. Mitchell said the condition which brought about the failure of the others was purely local and a result of depression in the wake of deflated real estate values coupled with the general business depression.

Despite the fact both the City and County had large deposits in the Central Bank and Trust Company, arrangements have been made to meet all payrolls and interest on notes due December 1.

Decision to operate the city schools is being left open. However, the schools will carry on and arrangements are expected to be made to continue unhampered all educational work.

Barnes Urges Free Play Of Prices Without Use Of Government Control

Tells Members of the United States Chamber of Commerce This Is the Only Way to Let Economic Forces Work for Themselves in This Country

Atlanta, Nov. 22.—(AP)—A plea for "free play of prices, without the injection of government control or influence" was made here in a speech by Julius H. Barnes, who told directors of the United States Chamber of Commerce such a course was "the only way to let economic forces work themselves out." Mr. Barnes is chairman of the chamber board.

Mr. Barnes said "the average man can take losses due to his own judgment, but he resents prices forced upon him by an act of government. Economic law rises above politics of governmental authority and business must respect economic law."

Expressing the view that "prosperity rests upon an increased volume of trade," he attributed present world business conditions to high walls of protection built around themselves by various countries. Whenever the flow of international trade goes upward there is a tendency to increase barriers, he said.

Mr. Barnes observed that the interests of labor lie not in a wage theory of "living wages" or "saving wages" but in a fair share of the increased production of labor. He said he found business leadership in America studying every device to relieve unemployment, shorten hours and increase wages.

PRES. HOOVER OPPOSES CUT PUBLIC DEBT

Probability for Continuance of Income Tax Reduction Sinks to New Low Level

Washington, Nov. 22.—(AP)—Regardless of a prospective deficit, President Hoover has disapproved suggestions for suspending this year all reduction of the public debt.

In the interest of sound government financing the Chief Executive announced yesterday he wished left alone the sinking fund set aside for reducing the obligations of the United States. With his announcement, what hopes remained for a continuance of the current one percent reduction in income tax rates sank to a new low.

The proposal had been made in several quarters that the sinking fund, now about \$430,000,000 a year be applied through Congressional authorization against this year's expenditures. It was hoped to avert, or reduce to a minimum, the deficit and also permit continuance of the low tax rate.

The president indicated other funds which have been applied to debt reduction during the surplus years would be available for current use. These include foreign funds which have not been needed for debt payments and other receipts immediate government operations.

The government now is far ahead of the statutory requirements in the matter of debt reduction. From the peak of \$26,000,000,000 the nation's obligations have been reduced in ten years to \$16,000,000,000. It was his condition that inspired the proposal to leave the debt unreduced for one year. Even before the president's announcement, however, both the treasury and several congressional leaders had made known they would not recommend it.

A shrunken internal revenue, coupled with the need this year for considerable appropriations for relieving abnormal economic conditions, has brought about the deficit expectation. Mr. Hoover recently expressed belief it would be a small shortage.

The budget plans now being drawn up contemplate stringent economy in the operation of government departments, but this is expected to be offset largely by proposed expansion of the Federal Building program as an unemployment relief measure and by a seed loan probably of \$60,000,000 to aid farmers crippled by the summer drought. In all probability there will be other sizable expenditures.

Sprinter To Wed

Associated Press Photo
Charles W. Paddock, once the world's "fastest human," will marry Mrs. Neva Prisk Malady, daughter of C. H. Prisk, Pasadena, Cal., publisher, in Pasadena December 31.

METHODISTS TO MEET NEXT IN THIS CITY

N. C. Conference Endorses Proposal for Consolidation With Protestants

Henderson, Nov. 22.—(AP)—Jarvis Memorial church, Greenville, today was chosen by the North Carolina Conference—Methodist Episcopal church, south, for its 1931 meeting place.

The vote for the Greenville church was unanimous. Duke Memorial of Durham also invited the conference, but the committee recommendation was for Greenville.

The proposed consolidation of the Methodist Episcopal church, south, in North Carolina with the Methodist Protestant church in North Carolina was endorsed in a resolution passed unanimously today by the North Carolina Conference of the former group.

The resolution, which was unopposed, provides for appointment of a commission to work out details of the proposal with the Western North Carolina Conference and the Methodist Protestants.

Another resolution provides for raising jointly with the Western North Carolina Conference a fund of \$100,000 by February 1, 1931, to liquidate the debts on the Methodist church at Chapel Hill and on the College Place Methodist church Greensboro.

The latter church serves North Carolina students. Earlier in the week the conference was told the Chapel Hill church was in immediate danger of foreclosure of a mortgage unless something was done.

Tonight, the Rev. C. K. Proctor, superintendent of the Oxford Orphanage, will preach to the conference. Bishop Edwin Mouzon preaches tomorrow morning and ordains a class of young preachers. A memorial service for the members of the conference who died during the year will be held in the afternoon with Dr. R. L. Flowers, of Duke University, as the chief speaker.

Seven Villages Are Wiped Out By Earthquake

Tirana, Albania, Nov. 22.—(AP)—Seven villages were destroyed and more than 50 persons killed in the earthquake which yesterday at 3 p. m. shook the Valona district, on the shore of the Adriatic.

More than 200 persons were injured. The villages to suffer destruction were Terbia, rafa, Therni, Dukati, Lepeno, Vranishi and Llogara.

CONFERENCE URGES RIGHTS OF THE CHILD

Report of the White House Body Sets Forth Requisites for American Youth

Washington, Nov. 22.—(AP)—A statement of the services for health and protection due every boy and girl constituted the heart of the report made public today by President Hoover's conference on behalf of the young.

Definitions of minimum protections which should be afforded were accompanied by an advocacy of district, county and community organizations to co-ordinate state-wide programs. These programs would be "responsive to a nationwide service of general information, statistics and scientific research."

Meanwhile Surgeon General Cummings, of the Public Health Department withdrew the recommendation of the conference that maturity and infancy activities of the children's bureau be transferred to the Public Health Service. That recommendation had led to some discord, opposition being registered by Grace Abbott, head of the children's bureau.

Dr. Cumming suggested "that in conformity with the wishes expressed by the President, this point of controversy be referred to a continuing committee."

The report, distributed by Dr. H. E. Barnard, conference director, recommended that President Hoover appoint a continuing committee to study points upon which agreement had not been reached. The rights of American childhood were expressed today in the report of the conference to aid the young as follows:

1. Every prospective mother should have suitable information, medical supervision during the prenatal period, systematic care at confinement. Every mother should have post-natal medical supervision for herself and child.
2. Every child should receive periodical health examinations before and during the school period including adolescence, by the family physician, or the school or other public physician, and such examination by specialists and such hospital care as its special need may require.
3. Every child should have regular dental examination and care.
4. Every child should have instruction in the schools in health and in safety in accidents, and every teacher should be trained in health programs.
5. Every child should be protected from communicable diseases to which he might be exposed at home, in school or at play, and protected from impure milk and food.
6. Every child should have proper sleeping rooms, diet, hours of sleep and play, and parents should receive expert information as to the needs of children of various ages as to these questions.
7. Every child should attend a school which has proper seating, lighting, ventilation and sanitation. For younger children, kindergartens and nursery schools should be provided to supplement home care.
8. The school should be so organized as to discover and develop the special abilities of each child, and should assist in vocational guidance, for children, like men, succeed by the use of their strongest qualities and special interest.
9. Every child should have some form of religious, moral and character training.
10. Every child has a right to a place to play with adequate facilities therefor.
11. With the expanding domain of the community's responsibilities for children, there should be proper provision for a supervision of recreation and entertainment.
12. Every child should be protected against labor that stunts growth either physical or mental, that limits education, that deprives children of the right of comradeship, of joy and play.
13. Every child who is blind, deaf, crippled or otherwise physically handicapped should be given expert study and corrective treatment where there is the possibility of relief, and appropriate development or training. Children with subnormal or abnormal mental conditions should receive adequate study, protection training and care.

Cost \$44,017.60 for the Political Campaigns in N. C.

Raleigh, N. C., Nov. 22.—(AP)—It cost Democrats and Republicans \$33,017.60 to conduct their final campaigns.

Odus M. Mull, Democratic State Chairman, announced the Democratic figures yesterday as \$15,812.63. The Republican figures previously had been announced as \$17,204.77.

ABOUT TOWN

The annual Red Cross Roll Call was begun Armistice Day and will continue until Thanksgiving Day. People desiring to renew membership or become new members are requested to get in touch with some member of the campaign committee and let the workers know they are behind them in this effort to provide for activities of the Red Cross here.

Mrs. J. L. Hassell, is chairman of the Red Cross in Pitt county. She has called on the people to support the cause in the most liberal manner possible, and expressed belief that Pitt county would come through just as she has done in recent years.

Everybody realizes the important part which the Red Cross plays in time of distress. Its arm of mercy stretches out to the most remote part of the world in time of disaster, and it is nothing but right that its funds should be kept ready for aid at any time.

The Red Cross has rendered untold services here in America during the last few years. During the floods that carried death and destruction to different parts of the country thousands of dollars were spent by the Red Cross for relief of the sufferers. It was the same higher communities taking their toll of life and property. This arm of mercy is always ready to minister to the wants of humans and the greater its membership, the more pronounced its service.

Don't let this Roll Call pass without joining the organization. It is a duty you owe to humanity, and the cause of humanity is the greatest cause for which we are called to provide.

Greenville people were glad to have as their guests delegates to the Northeastern District of the North Carolina Educational Association here since Friday evening. It is always a pleasure of the city to entertain a gathering of this kind, and it is hoped they will meet here just as often in the coming years as in the past.

These educators, representing virtually every school in this district, are doing much for the development of educational and spiritual life of the State, and their future is just as bright as it has even been before. The schools, like everything else, are facing an unusual situation at this time, brought on largely by financial depression, but that they will solve the problem even as industry is going to solve it, cannot be doubted in the slightest sense of the word.

Education—the greatest asset to the young man and young woman of today—cannot go backward. Its face has been turned to the side of progress, and it must continue to turn in that direction if North Carolina is to move the ladder that leads to the goal of her ambition in the field of education.

Everybody will hope that members of the association will find as much pleasure coming to Greenville as the people of this city find in entertaining them, for in that case it is certain they will make Greenville the shrine of their pilgrimage each year.

Boy Scouts of Greenville are rendering another distinct service to the community today in collecting books under auspices of the American Association of University Women as a part of American Book Week.

The Scouts will visit the various homes of the city and collect books, which the people wish to give to this cause. The association will distribute the books where they are most needed, and numbers of people who heretofore have been unable to provide reading material for themselves, will find this done for them.

the association to attempt to make more books available to the sources most in need of them.

The Boy Scouts are to be congratulated upon their activity in this connection. It is the second time within the last few weeks they have proved themselves worthy subjects of the people, and their future, is brighter today than it has ever been before.

Senator M. K. Blount of Greenville is advocating a Driver License Law for the State of North Carolina, and protesting the amount of attention the matter is receiving it assured that it will come in for due consideration at the next sitting of the Legislature.

Senator Blount estimates that the highway death rate in North Carolina would be decreased approximately 20 percent were such a law to become effective. He says it is the paramount need of the State today, and will carry these facts before the Highway Traffic conference which will hold forth in Charlotte, November 24-25.

Mr. Blount also believes that legislation should be provided to remove from the highways mechanically unfit vehicles. Statistics, according to facts he has compiled in this connection, shows that fifteen percent of accidents result through unfit vehicles.

Each of the suggested laws would have a tendency of greatly improving the traffic problem in this state, and make it much safer for the thousands of people who traverse our highways from day to day. They would have a tendency to do away with numbers of evils which have been increasing the toll of death on public highways since the automobile came into existence.

CHURCHES

IMMANUEL BAPTIST CHURCH
Rev. W. H. Covert, Pastor.
9:45 a. m.—Sunday School; R. J. Slay, Supt.
11:00 a. m.—Morning worship.

FELT BLUE AND DISCOURAGED

Lady Was Weak and In Pain—Took Cardui and Says It Helped Her.

Forrest City, Ark.—"I was weak and run-down, and had severe pains in my side and back," writes Mrs. L. H. Milton, who lives on Walnut Street in this city. "I was in bed for about five weeks, not able to do a thing. This caused me to be blue and discouraged."
"My mother gave me Cardui when I was a girl, and it helped me, so I decided to try it again. I sent for it and began taking it. After taking one bottle of Cardui I felt better. I kept on taking it and grew stronger. By the time I had taken three bottles, I was up and able to do my work."
"Now I am well and strong, care for the house, and have time to tell my friends what splendid things Cardui did for me."
If you are run-down, nervous, or suffer every month, take Cardui, a purely vegetable, reconstructive medicine of long established value. Experience of several generations has shown that Cardui helps women to health. Sold everywhere. 2-517

Take 'Thorford's Black-Draught' for Constipation, Indigestion, Bloatingness. 25 cents a package.

Anthem: "Praise the Lord, O My Soul."
Address: Hon. F. C. Harding.
Reception of pledges, 2 to 4 p. m.
6:45 p. m.—Epworth Leagues.
7:30 p. m.—Evening worship.
Cantata by the choir. "Praise and Thanksgiving."
Prayer meeting Wednesday evening at 7:30.

PRESBYTERIAN CHURCH
Rev. W. S. Harden, Pastor.
9:45 a. m.—Sabbath School—Dink James, Supt.
11:00 a. m.—Morning worship.
"The Eleventh Commandment."
Sabbath School in Hollywood at 3 p. m.
Sabbath School at Ballard's Cross Roads at 3 p. m.
6:30 p. m.—Young People's Meet.
7:30 p. m.—Evening worship.
"Living the Abundant Life."
7:30 p. m. Wednesday, regular mid-week prayer service.

Sunday will be college day in the Sunday school and the morning service hours. Miss Margaret Engle, field representative from Louisville, Ky., will be present at the Sunday school hour, and speak to the students of the college in the class room, in the interest of our student work.

At the 11 o'clock hour, the pastor will preach a special sermon having the entire college class present, and assisting in the service.

Why Did They Come

Hundreds of people came to our Jewelry Sale opening day and still they come. They came because this is the time of year when people's minds turn toward the good Jewelry Store. They came because they know that we carry a big complete stock of high class, nationally advertised merchandise. They came because they know that when we say

Bargains We Mean Bargains

To "Point-Up" Appetite Just Stimulate Bowels

Whenever the end of the day finds you out-of-sorts; food doesn't tempt you and won't digest; break is bad; tongue coated, just chew a candy tablet before bedtime. Tomorrow you'll be a new person!
A candy Cascaret clears up a bilious, gassy, headachy condition every time. Puts appetite on edge. Helps digestion. Activates bowels.
Cascarets are made from cascara, which authorities say actually strengthens bowel muscles. So, take these delightful tablets as often as you please; or give them freely to children. All drug stores sell Cascarets for a dime, and no dollar preparation could do better work.

Miss Engle also will speak to the young people at their evening prayer service, 6:45.
A cordial invitation is extended to our friends, and strangers to attend these services.

N. C. AVIATOR RELEASED FROM CHILE PRISON

Reidsville, N. C., Nov. 22.—(AP)—J. H. Smith, of Reidsville, was notified today that his son, Reed Smith, aviation mechanic, had been freed under bond at Concepcion, Chile, where he had been held for two months as an alleged revolutionist. Smith's aviator, Orville De Larm, escaped from the Concepcion prison on November 1.

For TEETHING troubles

Fussy, fretful . . . of course babies are uncomfortable at teething time! And mothers are worried because of the little upsets which come so suddenly then. But there's one sure way to comfort a restless, teething child. Castoria — made especially for babies and children! It's perfectly harmless, as the formula on the wrapper tells you. It's mild in taste and action. Yet it rights little upsets with a never-failing effectiveness.
That's the beauty of this special children's remedy! It may be given to tiny infants—as often as there is need. In cases of colic and similar disturbances, it is invaluable. But it has every-day uses all mothers should understand. A coated tongue

calls for a few drops to ward off constipation; so does any suggestion of bad breath. Whenever older children don't eat well, don't rest well, or have any little upset, a more liberal dose of this pure vegetable preparation is usually all that's needed. Genuine Castoria has Chas. H. Fletcher's signature on the wrapper. Doctors prescribe it.

BIGGER AND BETTER

THE NEW CHEVROLET SIX HAS MANY IMPROVEMENTS

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-year record of constant progress and improvement. For this Bigger and Better Six offers new beauty, new luxury, new completeness and new quality—yet it sells at lower prices!

The improvements in the new Chevrolet Six begin at the smart new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper and unusually efficient. Due to the increased wheelbase, the lines are longer and lower, giving an air of exceptional fleetness and grace. And the new Fisher bodies

combine with this more attractive exterior appearance, a new degree of interior luxury. The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier and deeper. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism; an easier shifting transmission.

And along with these improvements, Chevrolet offers a 50-horsepower, six-cylinder motor—four long semi-elliptic springs—four hydraulic shock absorbers—a safety gasoline tank—and an economy of operation not surpassed by any automobile.

DOROTHY DARNIT

Dandruff Crust Quickly Dissolved

One after another, a million men and women have made this discovery; that this simple method does dissolve the crust of dandruff; puts the scalp in the pink of condition; makes hair soft, lustrous, thick and vigorous.
Get a bottle of "Danderine" from your drug or toilet counter today. Put a little on your brush each time you dress your hair. Penetrating to the head, its soothing aid soon has an itching, feverish scalp cool, comfortable, healthy. The crust of dandruff simply melts away.
Danderine is unsightly. It is the cause of grayness, baldness, dry, brittle, dull hair. When the scalp is freed from this irritating scurf, Danderine soon has the hair back in condition; soft, glossy, thick, vigorous and youthful-looking.
Start on Danderine today and end hair worries. A thirty-five cent bottle will demonstrate its merit!

Social and Personal

Miss Mary Stewart, of Washington, is the guest of Miss Maxine Johnson at the Vines House.

Mrs. Craven Brooks, of Kingston, is visiting her sister, Miss Rachel Scarborough, at the Vines House.

Mrs. W. A. Faulkner and daughter, Miss Georgia, of Plymouth visited Mrs. Faulkner's sister-in-law, Mrs. W. E. Smith, today.

Stewards to Receive Pledges
Members of Jarvis Memorial Methodist church the stewards will be at the church auditorium tomorrow afternoon from two to four o'clock to receive your pledge. This plan of supporting the church has been most gratifying in the past. We are counting on you to make this a great success. All together for a fine beginning of the new conference year.

RALEIGH MINISTER WILL SPEAK HERE

Rev. J. M. Uge, of Raleigh, will speak at Immanuel Baptist church tomorrow morning at 11 o'clock.

Pat Crawford Good Referee As Well As Baseball Player

The Ayden High school football team defeated the Kingston High yesterday in Ayden by a count of 52 to 0. Ayden started off scoring right at the start and continued in each period. Kingston team was game and fighting all the while, but the Tornadoes had them cut classed in every play.

Pat Crawford, a utility player for the Cincinnati Reds, and who married a Kingston girl, gave the fans a new thrill by refereeing a fine game. There is no doubt that Pat is a good base runner, because he showed plenty of speed trying to keep up with the Tornadoes.

Another treat for P. Y. county football fans comes next Thursday, afternoon (Thanksgiving) school when the Ayden High school Tornadoes meet the strong Chapel Hill High school team, for what is thought to be the best game of the season. To win this game means much to the county, so give the boys your support and help them bring this victory to Pitt county. Chapel Hill has one of the strongest teams in the state, and no doubt will put up a real fight. Coach Coggins, of the Tornadoes deserves much credit in making up a winning club for Ayden, his team has won six and lost three for the season.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Nov. 22.—(AP)—Cotton opened steady today at unchanged prices to an advance of 3 points, which was only a partial response to relatively steady Liverpool cables.

The initial demand was supplied by scattered selling which was supposed to include some Southern hedging and after showing net gains of about 2 to 4 points during the first few minutes, the market was rather irregular within a range of a few points. At the end of the first half an hour new December was selling at 10.79 and May at 11.48 or about 1 to 3 points higher. Much of the trading again appeared to be connected with evening up of December, probably in anticipation of some notices on Monday.

Liverpool cables said that hedging had been absorbed by Continental buying and trade calling in that market and reported a fair demand for light goods from India. The amount of cotton on shipboard awaiting clearance at the end of the week was estimated at 145,000 bales against 149,000 last year.

GRAIN MARKET

Chicago, Nov. 22.—(AP)—Prost reports from Argentine received during late dealings here hoisted the Chicago wheat market today to the highest point reached on a rapid bulge in prices. Traders showed much more disposition than heretofore to pay attention to recent Argentine official estimates of severe crop damage by rust. Besides, notwithstanding flat denials talk of revolts in Russia continued to stimulate buying, and it was asserted that Winnipeg has disposed of 4,000,000 bushels of wheat this week for shipment overseas.

STOCK MARKET

New York, Nov. 22.—(AP)—The stock market backed up a little in the face of a quiet week-end liquidation today.

The market was dull and bears cautious. Leading shares suffered few losses of much more than a point, although one of the higher priced issues declined about 2 to 4. Sales totaled only about 1,000,000 shares, but the closing tone was heavy.

During the early trading some of the amusement, merchandising, and sugar stocks made a little headway.

The week-end news was mixed, and in the main, failed to provide any fresh impetus to bullishness. The mercantile reviews reported continued quiet in retail trade. Recent activity in the merchandising shares, however, has been in anticipation of early signs of holiday buying.

In contrast of the rest of the list, Montgomery and Ward and Sears Roebuck actually closed about 2 points higher. Some utilities rallied at the close, and North American and Columbia Gas closed steady.

Wall Street was favorably impressed with continued improvement in the grain markets.

GIVE FINAL REPORT OF POPULATION

Government Estimate Places Entire Population of the Nation At 122,775,046

Washington, Nov. 22.—(AP)—The 1930 population of the United States is 122,775,046.

This figure was announced today by the Census Bureau as the final total of the compilation it started at the beginning of the year. All revisions have been completed.

The census report shows the number of inhabitants of the 48 states increased in the preceding decade by 17,064,426, or 16.1 per cent. The 1920 population was 105,710,620.

In the column showing the percentage of increased by states was a key to several important trends of the past ten years. Leading in this table was California with 65.7 percent Florida on its heels with 51.6, both showing the pull of climatic attractions. Third with 32 percent was Michigan, center of the fast growing automobile industry. Fourth was Arizona with 30.3. New Jersey had 28.1 suggestive of the shift from metropolises to adjacent suburban territory. Texas, 24.9, and North Carolina, 23.9, pointed to the southern advance in industry and agriculture. Oregon had 21.8 a symptom of the westward shift. New York ninth in rank, had 21.2.

For tenth place West Virginia and Louisiana tied at 18.1 percent. California led also in totals gains adding 2,250,390 inhabitants while New York State gained 2,202,829. Michigan Texas and Illinois were the other states to gain more than one million. Only one state Montana, lost population, dropping 11-283.

Financial Situation Better At Asheville

Asheville, Nov. 22.—(AP)—The financial situation in Asheville and Western North Carolina, which has resulted in the closing of 14 banks in the last three days, was clearing today.

Deposits of the banks, which weathered the crisis, were reported as increased today with business firms and individual displaying their faith in the stability of these institutions.

Three smaller banks were closed today, but these institutions had been expected to suspend business since Thursday. They were:

- Bank of Black Mountain, in Buncombe county, capital, \$25,000; surplus \$35,000, president, C. C. Dougherty, cashier, Elma Lansing.
- Polk County Bank and Trust Company, at Columbus, in Polk county; deposit liability, \$45,978; resources, \$153,000. President, F. W. Blanton; cashier, T. S. Lewis.
- Bank of Murphy, in Cherokee county.

NOTICE OF SALE UNDER DEED
OF TRUST
By virtue of power vested in me
by that certain deed of trust which
was executed to me on January 24,
1929, by Bill Smith and wife Claudie
Smith, and which is duly recorded
in the register's office for Pitt coun-
ty in Book V-17, at page 244, de-
fault having been made in the pay-
ment of the note therein secured,
and advertisement and sale having
been requested by the holder there-
of, I shall offer for sale to the high-
est bidder for cash at public auc-
tion at the court house door in the
Town of Greenville at 12 o'clock
noon, on

Tuesday, December 23, 1930,
the following described tract of real
estate lying, being, and situate in
the county of Pitt and state of
North Carolina, to-wit:
Bounded on the south by Hugh
Stokes, on the west by Hugh Stokes
and Lewis Stokes, on the north by
P. A. Wayne, and on the east by
P. A. Wayne, and containing 100
acres more or less, and being the
same land that was conveyed to
Bill Smith and wife Claudie Smith
by Ed Strong and wife by deed duly
recorded in the register's office for
Pitt county, to which reference is
made for a more particular descrip-
tion.
This November 22, 1930.
Albion Dunn, Trustee.
Nov. 22—11w-4wks.

NOTICE OF SALE OF PERSONAL
PROPERTY UNDER ME-
CHANICS LIEN
By virtue of authority of section
2435 of the Consolidated Statutes of
North Carolina relating to Me-
chanic and Artisans Liens on per-
sonal property repaired or altered,
the undersigned, to satisfy a repair
bill of \$48.70, will offer for sale for
cash at public auction before the
court house door in Greenville on
Friday the 5th day of
December, 1930
at 12 o'clock noon the following
personal property:

One Pontiac Sedan, 1928 Model.
Motor No., P-237741. Serial No.
294684.
This Nov. 21st, 1930.
PITT-HUDSON CO.
S. O. Worthington, Atty.
Nov. 22—11w-4wks.

ADMINISTRATOR'S NOTICE
Having qualified as administrator
of the estate of John M. Mills, de-
ceased, late of Pitt County, North
Carolina, this is to notify all per-
sons having claims against the
estate of the said deceased to ex-
hibit them to the undersigned on
or before Nov. 22, 1931, or this no-
tice will be pleaded in bar of their
recovery.
All persons indebted to said es-
tate will please make immediate
payment.
This the 22nd day of Nov. 1930
H. J. Mills, Administrator for
the estate of John M. Mills.
Nov. 22—11w-4wks.
