Over Two Hundred Dead Following Earthquake In Eastern Part Of Japan

Several Hundred Injured In Most Destructive Earth Shocks Since Disaster of 1923; Approximately 4,500 Buildings Wrecked As Quake Rocks Several Villages of Northern Izu Peninsula, Playground of Japan

By GLENN BABB
Nov. 26.—(AP)—At least 215 persons were killed and several hundred injured today in eastern Japan's most destructive earthquake since the disaster of 1923.

Striking a score of towns and villages of northern Izu peninsula, the quake destroyed or seriously damaged 4,500 buildings according to the official estimate. It climaxed a series of earthquakes in that area since November 10.

With communications partially restored in the stricken area, which is 125 miles southwest of here, authorities began the tragic tally of the casualties. The home ministry's announcement this evening of 215 deaths was matched by a survey by Rengo News Agency showing 219 dead.

Fires, landslides and bursting reservoirs added to the havoc after the quake had reached its maximum of violence. Many communities had yet to be heard from and their reports were expected to enlarge the death toll. Property losses already have been estimated in the scores of millions of yen.

Reports indicated the heaviest blow fell upon the area extending from Mishima to Numata, a region about fifteen miles long and five to ten miles wide.

The village of Nirayama was wiped out, 69 persons being killed there. Nagoka, a hot springs resort, also was destroyed, 22 having perished there. A group of small villages in the southern part of the stricken area reported 80 dead.

The larger towns of the northern edge of the quake belt escaped with relatively less damage. Mishima reported four deaths, Mamazu one and Atami three. Fires, however, added to the destruction in these towns but they were controlled.

A portion of this stricken area also suffered heavily in the earthquake of 1923, notably Atami, Hakone and Ito.

Definite news from Shimoda, at the southern tip of Izu peninsula, was lacking but a naval plane flying over the town reported no serious damage had been observed.

Troops from Mishima and Shizuoka entered the stricken region to maintain order and relieve suffering. Newspapers organized relief units to aid the Red Cross and the military, while the home ministry sent experts to ward off disease.

Need \$73,000,000 to Run Departments in North Carolina

Raleigh, Nov. 26.—(AP)—North Carolina State departments and institutions are seeking approximately \$73,000,000 for maintenance and permanent improvements for the next biennium.

Requests from the general funds to be passed upon by the advisory budget commission in reporting to the General Assembly in January total \$48,178,191. Of this sum, \$43,976,522 is for maintenance and \$4,201,669 for permanent improvements.

The Highway Commission and Department of Agriculture, supported by special appropriations, will request approximately \$25,000,000.

The Highway Department figures were given as \$17,563,365 for maintenance and \$5,896,122 for road construction. The farm department will ask \$544,157 for the year 1931-32 and \$546,582 for 1932-33.

The budget commission is expected to pass the requests it acts upon before passing them along to the Legislature.

A total of \$11,061,858 was requested in 1929 for permanent improvements for this biennium, but the institutions received only \$1,970,000.

FATALLY INJURED IN AUTO WRECK

CITY ALL SET FOR OBSERVING THANKSGIVING

Union Thanksgiving Service to Feature Celebration Locally Tomorrow

Greenville and Pitt county made last minute preparation today for the annual observance of Thanksgiving day tomorrow.

As is customary, practically all forms of industry will suspend operation for the day as their employees are given an opportunity to attend football games and other kinds of sports and to offer up thanks for the blessings bestowed upon them during the year.

The tobacco market, the chief industry of the city and county, will suspend operation with completion of sales this afternoon, and the hundreds of workers employed in warehouses and factories will either spend the day in the city or go to their respective homes in various parts of the county.

One of the most important things in connection with the local observance will be the union Thanksgiving service to be conducted at the Memorial Baptist church at 10:30 o'clock. Rev. Lee Sadler, pastor of the Christian church, will deliver the sermon, and an appropriate musical program will be arranged. The service is being conducted under the auspices of the Ministerial Association, and the public has been given a cordial invitation to attend.

The union service was adopted by pastors of the various churches several years ago as the most direct way to offer up thanks for the blessings which the community has received and the service tomorrow promises to eclipse all others from the standpoint of inspiration.

All public buildings, including the courthouse, banks, postoffice, the Sheppard Memorial Library and the public school system will be closed in observance of the day. The city mail carriers will make their usual morning rounds, and the general delivery window will be open for a short time during the morning.

The program at the Baptist church follows:
Organ prelude, 10:30 a. m.; Doxology; Invocation, led by Rev. W. A. Lillycrop; hymn of praise; the reading of the Scripture, Rev. W. S. Harden; prayer, Rev. E. L. Hillman; hymn, offering to be presented by the several denominations represented in the state; anthem by the choir; Thanksgiving sermon, Rev. Lee Sadler; hymn; benediction, Rev. A. W. Fleischmann.

New Bern, N. C.—(AP)—The body of Leon Dawson was found on his house-boat, physicians said he died of natural causes.

Governor Pollard Orders Troops to Take Charge of Situation Growing Out of the Bombarding of Hotel and Houses of Non-Union Mill Employees

Richmond, Va., Nov. 26.—(AP)—Governor Pollard today directed Colonel H. L. Oppie, of Staunton, 11th infantry, Virginia National Guard, to place troops on guard in Pittsylvania county where disorders have resulted incident to the strike of union workers in the Riverside and Dan-River mills. The number of guards men to be placed on duty was left in the hands of Colonel Oppie.

Troops, the governor said, will be taken from Lynchburg, Roanoke, South Boston and points nearby to Danville.

The regiment, whose full strength is 800 men, will arrive in Pittsylvania county at five o'clock this afternoon and be quartered there to do guard duty and keep vigilance over the situation. Governor Pollard said. The troops will also cooperate with Danville city authorities if this assistance is requested.

The chief executive said troops were being sent at the request of Commonwealth's Attorney P. J. Hundley of Pittsylvania county. The reason the request was declined last night, the governor said, was because of a conference between Pittsylvania and Danville authorities to determine whether the situation could be handled without the assistance of troops. The governor was informed that no definite action resulted.

After the meeting the commonwealth's attorney of the county and Sheriff C. R. Murphy telegraphed the governor that "local police authorities cannot handle the situation at Schoolfield. We urge you to send troops to take charge."

Governor Pollard this morning received a report from Major Jordan, commander of the national guard unit at Bedford, who was sent to Pittsylvania county to investigate the situation. This report told of disorders and recommended that troops be placed on guard duty.

The governor withheld action until after a conference this morning with a committee representing the striking union workers, Commissioner of Labor John Hopkins Hall and Adjutant Gen. W. W. Sale.

Danville, Va., Nov. 26.—(AP)—Disorder incident to the strike among union employees in textile mills here was renewed this morning as a continuation of a demonstration precipitated yesterday when the mills renewed partial operations.

Demonstrators this morning swarmed about the mill gates. Early indications were that few or no non-union employees entered the plants this morning. Police arrested 35 persons at an early hour today in their attempt to curb the disorder.

The demonstration started last night when a crowd estimated at more than 500 bombarded a hotel and several houses of non-union workers with bricks and rocks.

Five hundred persons, who had taken part in a parade last night, assaulted a hotel and houses of non-union workers with bricks. Guns were fired into the air and several figures occurred. Explosions, which police were unable to locate, sounded over the city.

Daily Reflector Will Not Appear Thanksgiving

In accordance with an old custom, the Daily Reflector will not appear on Thanksgiving Day. This action is taken to give employees of the paper an opportunity to participate in observance of the season of Thanksgiving. Business, editorial and mechanical departments will be closed during the day, and after today there will be no further edition of the paper until Friday afternoon. Members of the staff join the entire community in expressing appreciation and thanks for the many blessings which the nation has received during the past year.

SUNDAY NAMED AS SALVATION ARMY DAY HERE

Divisional Staff To Participate In Services at City Churches Sunday Morning

Sunday has been designated as "Salvation Army Day in Greenville" and activities of the organization will be explained from the pulpits of the various city churches Sunday morning at 11 o'clock.

Colonel Fred Seiler and the entire Divisional Staff of the Salvation Army will come to Greenville to help the local unit observe the day. Colonel Seiler is one of the Army's foremost leaders in this country. He is in command of all Army operations in North and South Carolina, and has seen extensive service in the work throughout the nation.

Sunday afternoon at 3:30 o'clock a mass meeting will be held at the State Theatre and the public has been given a cordial invitation to attend. The doors will be open at 3 o'clock and exercises will get under way promptly at 3:30.

This meeting will be in charge of Colonel Seiler who will be presented by J. Con Lanier, mayor of the city of Greenville. Colonel Seiler is a speaker of considerable note and is expected to bring a splendid message to his hearers.

Sunday night a meeting will be held at the Salvation Army Hall in the Mill village. This will be in charge of the Divisional Staff, composed of men who have seen long years in the service.

Services will be held in the following churches Sunday morning: Episcopal, Colonel Fred Seiler, speaker; Memorial Baptist, Staff Captain William Gilks speaker; Emmanuel Baptist, Ensign Malpass speaker; Presbyterian, Ensign Amberger speaker; Methodist, Commandant W. MacHolt, speaker; Christian Commandant MacHolt, speaker at the night service.

Leading up to the observance of "Salvation Army Day," workers will conduct a series of services Saturday night at 7 o'clock with a street service at Five Points. This will be led by Staff Captain Gilks, second in command. At 7:45 a service will be held in the new Salvation Army Hall at 505 Evans street just below Five Points.

This will be one of the most extensive programs put on by the Army workers since organization here several years ago, and Captain Campbell said he hoped the public would attend the services in large numbers and become more fully informed regarding activities of the workers in other parts of the world.

Elizabeth City Banker Is Dead

Elizabeth City, Nov. 26.—(AP)—C. H. Robinson, 82, banker and textile manufacturer, died at his home near here late last night. He was president of the First and Citizens National banks since its organization in 1891. He was also president of the Elizabeth City Cotton Mill, a director in the Elizabeth City Hosiery Mill, the Southern Trust Company, and the Virginia-Carolina Joint Stock Land Bank.

NATION READY TO PAUSE FOR THANKSGIVING

Industry to Slow Up Tomorrow As People Express Thanks for Blessings of Year

Washington, Nov. 26.—(AP)—Depression, unemployment—national misfortunes these, but tomorrow still is Thanksgiving Day.

And without using a microscope, many of the 122,000,000 Americans are finding reason for being thankful. The national turkey will be on the board—maybe some pounds smaller and not in such great numbers as in the past few years, but by the same token several valuable times less costly.

Do you remember how President Hoover asked that the day be observed?

That we make sure every person in the community, young and old, shall have cause to give thanks for our institutions and for the neighborly sentiment of our people.

In echo to those words in his proclamation have come reports from even the hard hit sections of the country—special baskets for those who need food; extra efforts to get all possible cheer and cause for thankfulness be distributed.

Still another story is told of great carloads of Thanksgiving birds moving to market, accompanied by equally abundant supplies of glistening red cranberries.

And even though the financial news of the day tells of less money in circulation and less buying going on, the same columns report lower prices on many of life's necessities.

The President's proclamation reminded the country of other blessings too:

Freedom from civil and industrial discord. Progress upon the enduring structure of our institutions. Education further extended.

Gains in the prevention of disease and protection of childhood.

And internationally, a strengthening of the outlook for peace. Here in Washington Thanksgiving is a brilliant day, topped off by a ball attended by many of the republic's leaders and the fashionable, glittering group which clusters at the national center.

But President Hoover, both by precedent and personal inclination, will not attend the ball. Thanksgiving day for him will be a quiet one, spent at the White House fire-side with his family and friends—an observance simple and in keeping with that of the American home.

Case Against Wife Killer Nears Close

Lexington, Nov. 26.—(AP)—The trial of Thomas Marion, High Point, man on a charge of murdering his wife, moved today into its final stages.

Judge H. Hoyle Sink, presiding in Davidson County Superior court, hoped the way would be cleared for him to deliver his charge in time for the case to reach the jury before court adjourned for the day. He ordered court to convene a half an hour earlier in order that disposition of the case might be hastened.

Presentation of evidence was completed yesterday with the exception of a few witnesses and the pleas to the jury were all that remained before the judge's charges. Marion testified a negro highwayman who first robbed him shot Mrs. Marion to death as she sat in an automobile on a road near here on the night of October 4.

Coldest Weather of This Season Expected Tonight

Atlanta, Nov. 26.—(AP)—After a brief respite last night from Monday's cold wave forecasts in virtually all southern states predicted the coldest weather of the season tonight and tomorrow.

In border states the mercury was expected to go below the 20-degree mark.

Freezing temperatures were expected to extend as far south as northern Florida, with heavy frosts on the Georgia and South Carolina coast.

Snow fell in Kentucky today. A low temperature of 24 was reported in Louisville at 5:30 this morning.

Light snow flurries were seen in various points in Tennessee today. A low temperature of 27 was recorded in Nashville. In Memphis and Knoxville the mercury stood at 33 degrees. Chattanooga charitable institutions were receiving appeals from destitute persons for fuel, clothing and food.

GANT WILL BE SNOW FLURRIES TRIED BY JURY IN THIS STATE

Judge Schenck Denies Motion to Dismiss Action Against Guilford Clerk

Greensboro, Nov. 26.—(AP)—Judge Michael Schenck today denied a motion by attorneys for Mason W. Gant, former Guilford county clerk of court, that action by the State of North Carolina to secure a \$100,000 judgment against Gant's estate and his bonding company be dismissed and ordered an immediate jury trial.

Judge Schenck also overruled a motion by the Aetna Casualty and Surety Company, bondsmen for Gant. That his court had no jurisdiction to maintain such action, he gave attorneys for Gant and the bonding company 15 minutes in which to reply to his rulings before beginning trial of the case on its merits.

Attorneys for Gant, who is charged with misapplication of \$59,340 of State Confederate pension money in criminal indictments, attempted to appeal from Judge Schenck's ruling but the jury refused to entertain the motion until the case had been tried.

The state seeks to recover \$59,340 Gant is alleged to have abstracted plus 12 per cent interest, as allowed under a North Carolina statute. The Aetna company, as bondsmen for Gant, was named in action.

BYRD'S FLAGSHIP IS ANCHORED IN INLET

Southport, Nov. 26.—(AP)—The barque, City of New York, flagship of the Byrd Antarctic expedition, overdue at Charleston, S. C., from Wilmington, N. C., was reported today by the Southport Pilot's Association to be anchored in Lockwood Folly Inlet, on the North Carolina coast, 12 miles south of here.

The barque, in tow of a tug, put into the inlet Monday night, after clearing from Wilmington, to await favorable weather.

NEGRO FAILS TO GET DAMAGE AGAINST HOSPITAL

New Bern, Nov. 26.—(AP)—Holding there was no negligence on the part of Dr. R. D. V. Jones or the St. Luke's hospital staff, a jury in Superior court has refused W. E. Spruill, negro, \$25,000 damages for the death of his wife.

Spruill's complaint charged that while his wife was desperately ill and under the influence of opiates in the hospital she was left alone, fell from the bed to the floor and died.

CALLS COLLEGE CHEATING NOTHING BUT "BUNK"

Raleigh, Nov. 26.—(AP)—R. C. Bennett of Wilmington, newly elected president of North Carolina State College freshmen, drew a storm of applause when he characterized a recent story about cheating in the college as "all bunk."

At Least Six Deaths, Attributed Directly Or Indirectly to the Cold, Reported Today; Many Sections of the Country Now Blanketed With Snow; High Winds Cause Property Damage In Nebraska and Iowa

Chicago, Nov. 26.—(AP)—A cold wave, sweeping down from the northwest brought death and suffering today to the middle west, many sections of which were blanketed with snow.

At least six deaths were attributed, directly or indirectly to the storm. Two were in Chicago, where a railroad switchman slipped from the icy top of a car in a fatal fall, and exposure accounted for another victim. At West Bend, Iowa, a woman was killed when her automobile skidded on an icy road and turned over, and another met death at Lebanon, Ind., where a blinding snow prevented her from seeing an approaching train.

Milwaukee reported one death from exposure, as temperatures throughout Wisconsin ranged from 20 above to near zero. Peoria, Ill., also reported one death from the same cause.

In Chicago, more than 2,500 men sought protection during a night of biting cold in police stations and shelters for the unemployed.

The temperature sank as low as 16 above yesterday, with snow flurries and colder weather predicted for today for Chicago and other parts of the middle west.

At Cleveland, police and charitable organizations were host to hundreds of jobless, driven to shelter by temperatures around 20 above Ohio was covered by a thin blanket of snow.

Snow was general in Minnesota and eastern North Dakota, reaching blizzard proportions at Grand Forks and Fargo. Some schools were forced to abandon classes in Fargo.

Other sections of the middle west experienced high winds, which caused some property damage at Lincoln, Neb., and at Creston, Ia.

New York, Nov. 26.—(AP)—The first real cold snap of the season, accompanied in many places by snow, prevailed today throughout the eastern states.

Temperatures began to fall yesterday when a bitter west wind, which at times reached a velocity of 45 miles an hour, swept the seaboard.

A drop of 16 degrees from a comfortable 50 to 34 brought the mercury in New York City to the lowest point for the season.

Recess State's Suit to Condemn Smoky Park Land

Sevierville, Tenn., Nov. 26.—(AP)—A recess until December 8 was announced yesterday in the hearing of state's suit to condemn 39,000 acres of land and timber from the Champion Fibre Company for the Great Smoky Mountain National Park.

A jury of view which will set a price on the large area has listened to evidence the past two weeks from witnesses of the Champion Fibre Company. The state will present testimony beginning December 8 as to the value it places on the property.

However, the Knoxville Journal, at Knoxville, Tenn., said today it had learned from authoritative sources that negotiations between the company and state for a compromise on the condemnation price may be undertaken. D. C. Chapman, chairman of the Tennessee Park commission declined to make any comment.

Although witnesses for Champion Fibre have valued the land and timber from \$5,000,000 to \$6,000,000 the company values it at \$4,180,000, Judge John Frantz, chief counsel, told the jury yesterday.

Mrs. Letha Everett Dies After Operation

Mrs. Letha Everett died last night following an operation for appendicitis. She was 32 years of age, and had been sick only a short time.

Funeral services were conducted from her late home near Black Jack this afternoon at 3 o'clock by Rev. Fats Riggs, and burial was made in the Stokes burying ground.

She is survived by her husband, three children and two brothers. She was a member of the Kingston Methodist church.

Tobacco Market Nears 60,000,000 Goal for Season

The Greenville tobacco market closed this afternoon to observe the Thanksgiving season. At the conclusion of sales, K. W. Cobb, supervisor of the market, said the season's sales had reached 58,819,306 pounds. The general average was given at \$12.91 per hundred pounds. The total amount paid out by the market was estimated at \$8,291,075.57.

For the week the report showed the market had sold 3,335,534 pounds for \$447,861.49 at an average of \$13.33 per hundred pounds.

ABOUT TOWN

Tomorrow is Thanksgiving Day and a grateful nation will pause in the midst of its activities to render thanks for the manifold blessings bestowed upon its people during the present year.

Thanksgiving Day is one of the greatest days of the year in that it causes us to pause for a moment and actually consider the bountiful blessings which have been heaped upon us from year to year.

This section alone has as much, if not more, to be thankful for than many sections of the country. Our crops have been good, we have enjoyed excellent health and business, and prospered while other districts struggled to keep the wolf from the door.

Is not this something to be thankful for? Is it not sufficient to cause us to desire to go to a place of worship and join in the service of thanksgiving with others whose hearts are filled with gratitude for the blessing which they also have received?

Greenville churches will unite in a short service of Thanksgiving at the Memorial Baptist church tomorrow morning at 10:30 o'clock. Be sure you are among those who attend, and in that way let the rest of the community know that you really are appreciative of the lavish gifts enjoyed from time to time during the year.

Many of us have had our reverses combined with our pleasure, but we should also be glad of them. They help us to realize the thrill that comes with success and prepare our hearts for the things which the future holds forth for us.

Members of the Pitt County Chapter of the American Red Cross canvassed the city yesterday in their annual Roll Call campaign, and while a report of the canvass has not been made public, it is certain the public responded to the appeal for membership.

Everybody is aware of the big part which the Red Cross has played in the life of the nation the last several years, and especially since the ending of the war, many disasters have visited the nation from time to time, and members of the Red Cross were always on hand to minister to those in need.

Most of the money received in the Roll Call is kept at home to care for local conditions, and this has come in mighty good in Pitt county, especially last year when the organization contributed liberally to the campaign launched in behalf of the poor.

Its greatest work, however, goes to those communities stricken by some sudden catastrophe so overwhelming that few organizations except the Red Cross is able to handle it. Millions of dollars have been spent by the organization in such instances, and its forces stand by daily ready and willing to respond to further call for aid from the distressed.

If you have not joined the Red Cross, do not delay the matter. Send in your membership at once. The campaign will come to a close Thanksgiving Day.

Numbers of merchants have already decorated their windows for Yuletide but from now on the decorations will increase until virtually every business house in the city conveys the spirit of Christmas.

And in this connection, all advertisements will begin calling attention of the public to the fact that it is advisable to do your "Christmas shopping early."

Greenville merchants always lay aside an extensive line of goods for the holiday season and by constant reference to the columns of The Reflector from day to day the public should be able to keep well informed regarding what the stores have to offer.

These goods will be sold at prices comparing favorably with the great metropolitan centers because Greenville merchants have a reputation to sustain, and that is the claim to "the principal shopping center in Eastern North Carolina."

It matters not where you have been doing your Christmas shopping in past years, come to Greenville and inspect the extensive stocks of Saint Co.

Nick and convince yourself that it will be difficult to do better elsewhere.

Even the city will be decorating in keeping with the spirit of Christmas, and before this starts why not determine the kind of decorations you are going to use in your store and home.

Electrical decorations for the Yuletide season was started here about three years ago and since that time it has grown in favor until the business districts and parts of the residential districts are converted into veritable fairylands.

The artistic placing of lights of different colors furnishes one of the best forms of decorations, and especially when intermixed with liberal supplies of foliage.

If you have not considered the kind of decorations you are going to have this season, put your thinking cap on and get busy right away. Christmas is just around the corner and will be here before you prepare for it unless you begin your preparations at once.

The underprivileged child committee of the Greenville Kiwanis Club is sponsoring a matinee at the State theatre Friday morning for the purpose of raising food to be distributed among the poor of the city.

The plan is one of the most unique tried out in a campaign of this kind and is expected to do much toward relieving the hunger among the people out of employment.

Every child will be admitted to the theatre free of charge providing he carries some article of food. It is hoped that in this way sufficient food may be provided to relieve the condition of several families reported to be in bad circumstances.

Conditions generally are not as bad in Pitt County this year as they were last but there are always a certain number of poor to care for, and by starting early the Kiwanians hope to do their part in the relief program for the year.

Wake Forest, N. C.—(AP)—Rare volumes collected over Europe and America and an extensive library of Baptist history have been presented Wake Forest College by Dr. C. J. Black, Bessemer City Baptist minister.

Carolina Girl's Lucky Day

THREE candles! And each one represents a year of joyous living. Little Marjorie Williams of 10 Central Ave., Asheville, is a typical Fig Syrup baby. Here is what her mother says:

"I read a lot about California Fig Syrup, and when Marjorie became constipated I got some for her. It relieved her constipation immediately, sweetened her breath, made her bright and happy again."

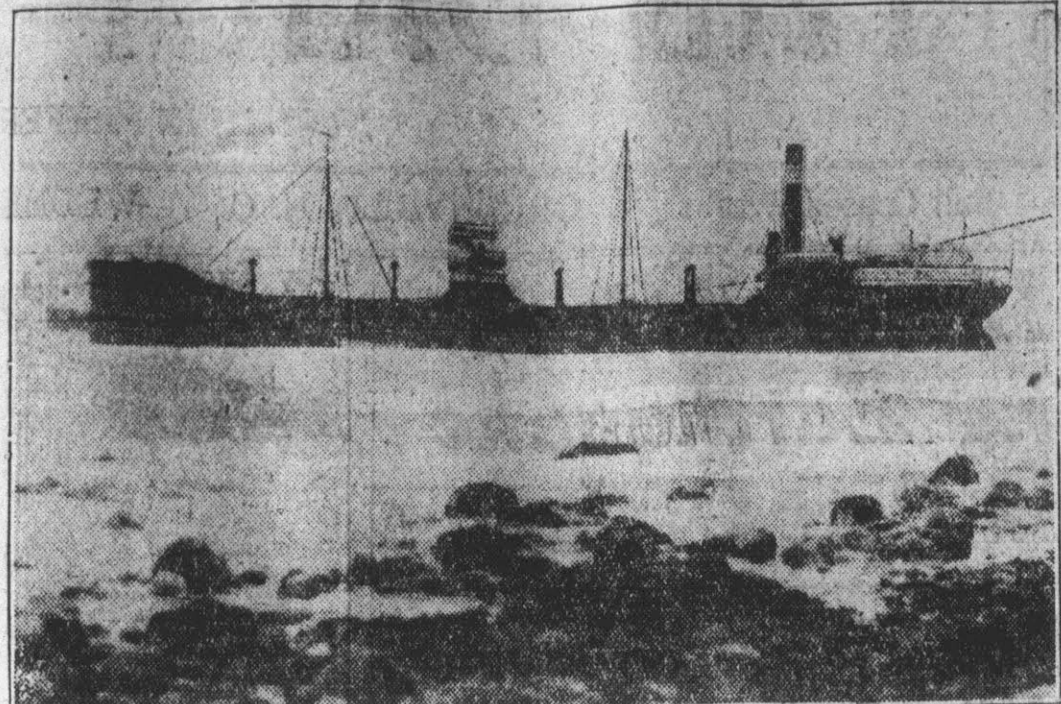

"I have also used Fig Syrup for all her colds and upsets. It has kept her strong and vigorous."

For fifty years wise mothers have been secure in the knowledge that a child's headachy, bilious, feverish or fretful spells can be quickly and safely overcome by California Fig Syrup. Physicians recommend its soothing aid to keep the bowels clear in colds or children's ailments; or whenever bad breath, coated tongue, or listlessness warn of constipation.

California Fig Syrup helps tone and strengthen weak bowels—assists in building-up and energizing weak children. The genuine always bears the name California. All drugstores.

Social and Personal

Mrs. James Norfleet, Jr., of Winston-Salem, spent Monday night with her sister Mrs. J. M. Henderson.

Dr. Herbert ReBarker of East Carolina Teachers College left this afternoon for Orlando, Florida, where he will give a series of addresses before the Florida Education Association on Curriculum Revision in Mathematics.

Miss Rachel Scarborough left this afternoon for Winston to spend the Thanksgiving holidays with relatives.

Misses Alma Browning, Eunice McGee and Ola Ross left this afternoon for a visit in Richmond.

Misses Grace Hunter and Dorothy Swanson left today for Marion, S. C., to spend the Thanksgiving holidays with Miss Hunter's relatives.

Miss Maxine Johnson, Laura Thomas, Nina Fleming and Helen Gray Jones have gone to Baltimore where they will spend the Thanksgiving holidays with Miss Jones' parents, Rev. and Mrs. H. Frederick Jones.

Miss Dixie Taylor has gone to New Bern to visit relatives.

Misses Ella Sockwell and Mary Casey left this morning for Norfolk to spend a few days.

Miss Clem Bridges left this afternoon for Elm City to spend Thanksgiving.

Mrs. J. M. Hnedson, Jr., and little son, Mack, left yesterday for Black Mountain to spend some time with her mother.

Mrs. L. W. Johnson and little son Herbert Austin, of Holden, Mass., are expected tonight to spend several weeks with Mrs. Johnson's mother, Mrs. H. E. Austin.

Miss Elizabeth Austin, who is teaching in Poplar Branch, will spend Thanksgiving and the weekend with her mother, Mrs. H. E. Austin.

Mr. and Mrs. C. B. Stafford left yesterday for Gallatin, Tenn., where he will be on the tobacco market. Messdames Frank Brown, Gus Forbes and Henry Sugg spent today in Raleigh.

Literary Department Meets.

The members of the Literary Department of the Woman's Club met at the club Tuesday afternoon at 3:30. Mrs. C. M. Jones and Mrs. E. L. Hillman were hostesses. Mrs. Arnold, chairman, presided. Mrs. Graham, secretary, called the roll and read the minutes of the last meeting. Each member answered the roll with an interesting current event.

The subject for the afternoon was Georgia. These taking part on the program are natives of Georgia. Mrs. E. F. Arnold gave many interesting facts about the life and works of Frank Stanton, whom 1925 was called poet laureate of Georgia. Following this Miss Eunice McGee gave a short talk on the life and works of another noted Georgia writer, Harry Stillwell Edwards. She read Edwards' "Aeneas Africanus" which was greatly enjoyed. Miss Charlton then gave a humorous reading by Edwards called the "Gum Swamp Debate."

Following these readings Misses Fullilove, accompanied by Miss Ona Shindler, sang "Just a Wearing for You and 'Mighty Lak a Rose." These songs are poems by Frank Stanton and set to music.

We were pleased to have Misses Fullilove and Shindler as guests for the afternoon.

The hostesses, assisted by Misses Margaret McGinnis, Edith and Dorothy Willard and Mrs. J. C. Gurley served coffee and sandwiches.

State to Give Free Matinee to Children Friday

A special matinee will be given by the State Theatre to the children of Greenville Friday morning at 10:30 o'clock. It was announced today by Manager T. Y. Walker. The matinee is being sponsored by the undersigned child committee of the Greenville Kiwanis club as a means of providing food for needy families throughout the community.

Each child attending the show will be required to bring some article of food. This may be canned goods, flour, meat or any other item which the committee can use in its program for relief of the poor.

All children up to 15 years of age will be eligible to a free pass to the show providing they bring along the required article of food. It was announced first that the matinee would be in the afternoon, but the hour was moved up to 10:30 in the morning to allow more time for the performance.

This show, aside from the main picture, will consist of a group of comedies especially provided for the children.

The Kiwanians desire to make the offering to the poor as large as possible, and hope was expressed that the building would be crowded to capacity.

Former Secretary to Clara Bow Held Under \$1,000 Bond

Los Angeles, Nov. 26.—(AP)—Daisy Devore, whose work as a hair dresser two years ago so pleased Clara Bow that the flaming haired screen actress employed her as confidential secretary, was at liberty today under a \$1,000 bond, charged by the grand jury on 37 counts of grand theft from her former employer.

Investigation which resulted in the indictment late yesterday was begun two weeks ago, shortly after Miss Bow returned from New York and discharged Miss Devore alleging she discovered shortages in her accounts.

The indictment charged Miss Devore, who had access to the actress' bank account, issued unauthorized checks totaling \$16,000. Both Miss Bow and Miss Devore were witnesses before the grand jury.

Following Miss Devore's dismissal, which at first was ascribed to personal differences, she commented freely on her business relations with the actress. She asserted she had saved Miss Bow's money, sometimes against the actress' will. She claimed to have originated the idea of stopping payment upon more than \$15,000 in checks Miss Bow was alleged to have given a Nevada gambling house in payment for an evening's "entertainment."

SENT TO ROADS CARRYING GUN

Several Other Cases Disposed of In the Weekly Session of County Court Here

Robert Moore, colored, of Pountain, charged with carrying a concealed weapon, was sentenced to 60 days on the county roads by Judge W. L. Wheeler, presiding over the regular session of County Court in this city yesterday. Several other cases consisting principally of larceny charges, were disposed of during the session.

Moore, it was revealed, had a shotgun concealed beneath his overalls. This would not have been any extraordinary occurrence had it not been for the fact that he was out gunning for another negro. Hence the incriminating circumstances surrounding the action.

Louisa Ray, colored, charged with larceny, was ordered to pay \$50 and cost.

Martha Franklin, colored, larceny, was sentenced to 30 days in jail.

S. H. Bundy, charged with disposing of mortgaged property, was instructed to pay to the Clerk of Court the sum of \$100 by the first Tuesday in January.

John Henry Wilson was sent to the roads for six months on a charge of larceny.

W. J. Moore, convicted of driving drunk, was fined \$50 and cost and ordered not to drive again in 90 days.

Henrietta Dixon was given 90 days in jail for having whiskey for sale.

Convicted of having whiskey for sale, Dave Brown was sentenced to six months on the roads. He appeared to Superior court under bond of \$250.

Edison Trying to Bring Aviation Out of the Fog Banks

West Orange, N. J., Nov. 26.—(AP)—Thomas A. Edison is trying to bring aviation out of the fog. He has been experimenting with rockets to circumvent flying's greatest enemy. His rockets would give off light by night and a black smoke by day to locate airports and determine the depth of the fog.

"It seems to me that aviation can't see the mountain for the mole-hill," he remarked in stating his belief that the solution of the problem was much simpler than it appeared.

"Radio, at the present time, is a bit too delicate for fog work," he said in disapproval of the radio beacon for blind flying. "I personally prefer to work up something which is much more simple, involving, perhaps, light or sound." Edison disclosed his experiments in a talk with Richard Adworth, director of the Newark airport. Among other things the inventor was asked:

What color are various degrees of fog? How soon before you emerge from the fog does the color lighten? How does it look from the top? If you know the depth of the fog, can you land safely?

The "Puritan," non-rigid Zeppelin-type airship operated by the Goodyear Tire & Rubber Co., of Akron, O., will visit Greenville on Nov. 30 and carry a number of persons on demonstration flights. The John Flanagan Buggy Co., local dealer for the Goodyear Co., announced today.

The airship "Puritan" is one of a fleet of six operated by the Akron concern and according to Mr. Flanagan 28,000 persons have been carried in them without injury to a single passenger or member of the crew.

Two motors of 110 horse power each drive the ship through the air at a cruising speed of 45 miles per hour, or a top speed of 60 miles per hour. The spacious and handsomely decorated cabin of the craft accommodates four passengers in addition to the pilot.

Upon the occasion of its visit here the "Puritan" will land at the Hooker Field. Passengers will be carried at the rate of five dollars per person in order to help defray expenses of the visit here. The ship is accompanied by a high-speed bus which carries a skeleton ground crew, mooring mast and other equipment to facilitate handling of the ship in event it should be moored overnight.

Arrangements for rides in the ship may be made through Mr. Murphy, at their place of business, or directly with the Flanagan Buggy Co. In the event the airship is unable to come here on the date planned, because of unfavorable weather conditions, the "Puritan's" visit will be moved back to the next open date on its schedule.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Don't Go to Extremes To End Constipation

When bad breath, or a coated tongue, biliousness or headaches warn of constipation, don't take violent purgatives. There's no use when a candy Cascaret will stop the trouble in a jiffy; will cleanse your system pleasantly, and completely.

The relief you get so promptly from Cascarets is lasting. Cascarets are made from cascara, a substance which medical authorities agree actually strengthens the bowel muscles.

So Cascarets are a blessing to old folks with weakened bowels; to children; to anyone in need of establishing regular bowel habits. Ten cents a box—all drug stores.

Dr. W. B. CALDWELL'S SYRUP PEPSIN

A Doctor's Family Laxative

As we grow older the bowels become more sluggish. They don't get rid of all the waste. Some days they do not move at all. So older people need to watch their bowels constantly. Only by doing this can they hope to avoid the many forms of sickness caused by constipation.

When your bowels need help remember a doctor should know what is best for them, and get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist. Syrup Pepsin is a doctor's prescription for lagging bowels, good for all ages.

No restriction of habits or diet is necessary while taking Syrup Pepsin. Made from fresh, laxative herbs, pure pepsin and other valuable ingredients, it is absolutely safe. It will not gripe, sicken or weaken you.

Take a spoonful next time your tongue is coated, or you have a bad taste in your mouth. It clears up a bilious, headachy, dull, weak, gassy condition every time. When you see how good it tastes and how nice it acts, you'll know why Dr. Caldwell's Syrup Pepsin is the world's most popular laxative for every member of the family.

ARMY LEADER NOT UPSET BY CHICAGO GAME

By EDWARD J. NEIL, Associated Press Sports Writer. West Point, N. Y., Nov. 26.—(AP)—Major I. Sasse, late of the tank corps and now the major domo of Army's football forces, has no illusions about this football game. The Cadets are going to play with the Notre Dame Terrors of Knute Rockne in Chicago Saturday. But he's not particularly apprehensive about it either.

The gallant major, an end of fair capabilities at the Military Academy back in 1916 or so, visited in the mid-west last week and saw some of his assistants and saw the South Bend Flier tailed against Northwestern for three quarters only to tear things open in the final period. He came back and told his own eleven about it. And apparently the matter now has been dropped until Saturday.

"How do I feel about it?" he chuckled as he danced around, first on one foot and then the other, in a skippy blannel baseball suit that held back little of the bitter wind that drove across the practice field. "Well, I'll tell you. I ate some terram night and then I had a Welch rabbit and I tell you I don't feel so good."

"But what's the use of kidding? Notre Dame didn't look much different last Saturday than they did the first time I ever saw them back in 1913. They came on to us, and beat us about 35 to 13. Rockne was captain and end and every time he'd slap his hand, they'd score a touchdown. Then he'd clap his hands again and say 'come on boys, let's score another.'"

"Seriously though Rockne has a great team. It is wonderfully coordinated. They put on the pressure in the final quarter against Northwestern and their all-around superiority was amazing. "Of course, why shouldn't they have great teams. Notre Dame has the spirit, the men, the coaching, everything. If we can average an hour and a half practice a day we're doing fine. But we'll have a lot of fun for ourselves out there and you never can tell what's going to happen in football."

THIS GAME OF GOLF—

By O. B. KEELER

No matter how extreme a football fan you may be, or baseball fan, or boxing fan, you must admit, if you know anything about it whatever, that golf is the game that has them all sewed up in a sack when it comes to arguments about rules.

So far as I have been able to observe in 33 years, there is a golf rule for everything and there is time to look up and apply that rule while the competition is in progress.

You do not hear, or read, many afterthoughts concerning the rules following a golf match or a golf tournament. I have heard of two in the last 37 national championships I have covered. One was absurd from the jump—a competitor at stroke play being allowed to move and tee his ball, at a penalty of two strokes, to one side of an unplayable position. As it was impossible to move the ball back where it rested, the application of the rule obviously was correct.

The other matter was a question of fact. The ball either was lost—or was in a parallel water hazard, a penalty of one stroke. That might have a lot of difference in the 1930 United States Open championship, which was won by a margin of two strokes.

The ruling of the official in charge was that the ball was in the parallel water hazard. This certainly was a reasonable assumption, since several thousand persons looked over all the available terrain not in the hazard for the prescribed five minutes.

But they are still writing about the "illegal" Yale touchdown against Georgia, and apparently all the officials were in error.

According to Fielding H. Yost, the correct ruling would have been to give Yale the ball on Georgia's 20 yard line.

As the noted football coach then sapiently pointed out, the whole course of the game would have been changed. Yale might have gone on to a score. And, equally as likely, Georgia, with the added wear and tear of attack and time used, might have failed to put over the third and winning touchdown.

In golf, there is plenty of time to see what has happened, and to produce a rule on it. The ball either is in the hole or out of it, if you know what I mean. In case of a stytle, the nearest edges of the balls either are less than six inches apart, or six inches, or more apart. And they will lie still while being measured.

Yost well says: "The arbiter's decision must stand, where every play is dependent upon conditions preceded by preceding decisions. In football the court of last resort is on the chalk-lined gridiron. Officials make human mistakes, but are an important part of football."

True. But it is difficult for even a human being to make mistakes in the application of the rules of golf. When did you hear of a "long count" in golf, for instance? Though you sometimes hear things said about sixteen practice swings!

GEORGIA AND ALABAMA CLASH ON THANKSGIVING

The turkey day battle between the universities of Georgia and Alabama at Birmingham in which the Southern conference title chances of the 'Bama Crimson Tide probably will be decided, will bring together some of the flashiest players of Dixie. They include: Jack "Ripper" Roberts, fullback, and Austin Downes, Georgia; and John Cain, fullback, and Freddie Sington, tackle, of Alabama.

SOUTH TO SEE FINE FOOTBALL THANKSGIVING

Atlanta, Nov. 26.—(AP)—The Thanksgiving football fireworks and championship conflicts in its...

Serious statisticians see the Dixie title in the balance at New Orleans and Birmingham. Followers of family feuds observe the pageantry and pomp of history at Charlottesville and Roanoke, Virginia and Knoxville, Tenn.

Burgling toward a second perfect conference season, Tulane's Wave charges against Louisiana State eleven, primed for its best effort of the season. Day field practice, the school's new president and a complement of rosters requiring three special trains have put L. S. on edge. Tulane polished up yesterday with its first closed practice of the year.

Alabama was reported in rare physical trim to repulse Georgia at Birmingham and keep its slate unscathed by defeat. Injuries caused Coach Mehre of Georgia to juggle his lineup a bit. "Red" Leathers, crack guard, seemed unlikely to get into action and Davidson was groomed to replace Chandler, who has experienced a rigorous season at halfback.

Kentuck was en route to Knoxville to throw Shipwreck Kelly and a confident team against its ancient foe, the Volunteers of Tennessee, who showed strength Saturday in trimming Vanderbilt. Virginia Military made sweeping...

lineup changes for the Virginia Poly classic at Roanoke. With a new stadium in the offing, the Virginia-Carolina tilt was scheduled for the last time on Lambeth field, Charlottesville, where the series had its inception in 1892.

Florida regarded the outcome of its struggle with Georgia Tech as a major factor in determining the success or failure of the 1930 campaign and Duke resolved to pull a comeback after its tie with Wake Forest and trounce Washington and Lee. Mississippi was being groomed for the Mississippi Aggie and Auburn prepared to take on South Carolina.

Horween Will Not Return to Harvard

Chicago, Nov. 26.—(AP)—Arnold Horween today issued that he was through with active football and would not return as Coach at Harvard.

"No, I won't go back to Harvard next year," he said. "I've been playing hockey from our leather business long enough to coach. I must go on here. I've been saying that every year, of course but they've always asked me to come back although it was understood at the start that I was to coach for but a year or two."

COTTON MARKET

New York, Nov. 26.—(AP)—Cotton opened steady today, unchanged to 4 points lower, which was only a partial response to relatively easy Liverpool cables. There was further liquidation together with some southern selling, but the decline to 11.05 for March seemed to carry the market into some old trade buying limits and the initial offerings were readily absorbed.

Trading continued fairly active, but orders were quite evenly divided and fluctuations correspondingly narrow. After selling at 10.71 and unchanged, new December contracts eased off to 10.67, while May held between 11.32 and 11.30 with prices showing net declines of about 3 to 5 points at the end of the first half hour. Liverpool cables reported hedging, local and continental liquidation with a poor off-take but said there were more sales of cotton cloths to India.

GRAIN MARKET

Chicago, Nov. 26.—(AP)—Unfavorable crop advices from Argentina gave the wheat market here an early lift upward today. Damage in Argentina from frost and rust were reported as becoming more and more apparent, necessitating reduction of estimates of the Argentine wheat exportable surplus.

Opening at 1-8 off to 5-8 up, Chicago wheat future deliveries kept near afterward to the initial limits. Corn started unchanged to 3-4 up and subsequently scored a rise all around.

Just a Bad Cold . . . due to improper heating

eliminate this possibility with a Universal Circulator it gives uniform room temperature at low cost

We Have In Greenville 18 Satisfied Customers using these Circulators. The names of which we will gladly furnish upon request.

Most colds are caused by fluctuating temperatures in the home. You can avoid this danger by installing a Universal Circulator in your home. It heats every room, every nook and corner evenly and uniformly, circulating a constant current of healthful, moist, warm air throughout the house and in addition saves 1/2 to 3/4 on fuel costs.

Further, the Universal Circulator is a beautiful article of furniture, as well as a remarkably efficient heating unit. Its beautifully designed Walnut Porcelain cabinet is in perfect harmony with the furnishings of the home and lends added charm and beauty to any room.

Why not pay us a visit and let us give you the full details regarding these amazing heaters.
