

ASK STATE TO HELP CITY IN MONEY CRISIS

Asheville Delegation Appeals to Sinking Fund Commission for Aid in Dilemma

Raleigh, Dec. 4.—(AP)—Representatives of the city of Asheville, Buncombe county and the special school district generally called "Old Asheville" today appealed to the State Sinking Fund Commission for aid in their present financial crisis.

Charles N. Malone, attorney for the County Board of Education and special bond attorney for the city and county, explained to the sinking fund body that Buncombe county and Asheville need the support of the state body seriously.

"We want the Sinking Fund Commission to agree with us that it is of paramount importance that we pay out debts and we want the state to know that you are behind us," Mr. Malone told the commission after Gov. O. Max Gardner had asked what did the delegation think the state can do.

"We have got to have new legislation," Mr. Malone continued, "and we think the Sinking Fund Commission could help us greatly if it would sponsor what we need."

"And, if you've got any money, lend it to us," Captain Nathan O'Berry asked what collateral could be placed for any loans from the state and Mr. Malone replied he understood the city and county could issue "valid" notes.

"Asheville and Buncombe county paper is good," Mr. Malone said. "Even if we don't realize but 50 per cent on our tied up bank deposits of \$3,000,000 we are not going to let that \$4,000,000 make us cease to be a going business."

The conference was adjourned until 2:30 P. M. at the request of Governor Gardner, who said no conclusion could be reached until "we have all the facts."

"Any controversy in the facts should be found," he said, "and should be clearly and accurately revealed to the public."

A preliminary estimate of the total indebtedness of the City of Asheville and Buncombe county was given as \$50,119,000.

Julius Adams, Asheville banker, recommended state-wide legislation "to make such conditions impossible in the future."

He suggested the sinking fund commission be put on the same basis with the Corporation and Banking commissions, and to employ examiners for protection of public funds.

A department of justice to investigate cases where city funds are depleted should be established, he said, adding that it is not practical to "rely on local solicitors who have their bread buttered on one side or the other."

Mr. Adams said he did not think any Asheville or Buncombe officials have profited from the conditions there.

Buncombe's county exemption from the county finance Act passed in 1923 was described by Mr. Adams "as the most stupid procedure ever carried on in any community in the world, civilized or uncivilized."

The commission heard Gallatin Roberts, mayor of Asheville who said "bushels of paper" were in the Asheville banks as result of loans on land in the city or county. He said Asheville, incorporated 1857, has never defaulted in paying its indebtedness.

A. C. Reynolds, superintendent of schools, said city teachers had been paid for five months and need salaries for only one more by the law. The county school teachers, he said, have been paid for four of six months.

Fire Damages Charlotte Hotel

Chicago, Dec. 4.—(AP)—Fire discovered early today in the food elevator shaft on the second floor of the Mayfair Hotel, sent 89 scantily clad guests scurrying into the cold winter air but did only slight damage to the hostelry.

The blaze was confined to the kitchen and elevator shaft. Damage was estimated at under \$1,000.

The fire was discovered by R. C. MacMahon, night clerk on duty in the lobby, who sounded the alarm and telephoned the romos of all guests to warn of the blaze.

There was no disorder as the four score persons in the 9-story building assembled in the lobby and on the sidewalk clad, for the most part, in pajamas and sleeping things. After the rooms and lobby had been aired of smoke, most of the guests returned to their sleep while others spent the remainder of the night in nearby restaurants.

AT GEORGIA 'POSSUM SUPPER

Gov. Franklin D. Roosevelt of New York helps himself to one of Georgia's classic delicacies—possum. He is being served by Adelaide Tignor, daughter of T. H. Tignor, on whose farm at White Sulphur Springs, Ga., the 'possum supper' was served.

Warren Says People Of State Will Be Shocked At McNinch Appointment

Minister Asks Congregation to Cut His Salary

Salisbury, Dec. 4.—(AP)—Sermons in the First Methodist church here are going to come cheaper during the year but its not because the congregation isn't willing to pay more for them.

Dr. J. H. Barnhardt, pastor, requested the church stewards to reduce his salary \$300 in order that he might share with the congregation the present economic depression.

The minister, who is serving his second year here, had the request granted today despite the opposition of many church members.

FARM OFFICE MAKES MONEY FOR GROWERS

Annual Report Shows \$39,782.69 Worth of Products Handled During Year

The annual report of the county farm agent shows that \$39,782.69 worth of farm products, consisting of cream, poultry, hogs and vegetables, were sold through the agencies of this office. Nine carloads of hogs were shipped with a net income of \$13,604.60 and 76,441 pounds of poultry were shipped, bringing a cash income of \$15,971.35. This poultry was sold for an average of 56 per cent above the local market, or a total profit of \$3,772.65.

5,397 hogs were vaccinated for some 400 farmers. The saving from this item alone will go well beyond \$2,000.00.

In addition to this work a live-at-home campaign was held in each township, resulting in 11,975 acres of cash crops being diverted to food and feed crops.

A county campaign for distribution of a mixed rat poison was put on and 132 pounds of poison was distributed at half price. It is estimated that rats destroy \$75,000 worth of food and feed crops each year in Pitt county.

Five hundred and twenty pounds of tobacco seed were re-cleaned for 447 farmers and directions furnished for treating same against leaf spot diseases. This was enough seed to sow 1,320,000 square yards of bed.

Forty-nine result demonstrations have been conducted and completed with adults and 13 with club boys. 34 meetings with an attendance of 2,468 farmers have been held relative to demonstration projects; 1,116 farm visits have been made and 35 circular letters have been written from which 28,007 copies have been mailed to farmers. As a result of these activities this office has received 900 telephone calls and 2,215 office calls.

Shoes Go Up High Point, N. C.—Fire of unknown origin did estimated damage of \$15,000 to the Quality Shoe Store here.

HUNT INSANE CRIMINALS IN NEW YORK

Six Men Escape From Mattewan Hospital After Being Freed By Former Inmate

New York, Dec. 4.—(AP)—Six insane criminals, one a murderer and another a pyromaniac, were hunted in New York City today a few hours after their escape early this morning from the Mattewan hospital for the criminal insane near Beacon, N. Y.

Shortly after midnight three men, armed, overpowered four employes of the asylum, summoned the six inmates from their beds and carried them away in two motor cars.

About half past five Mrs. Frank Vanderkuylen heard a pounding on the door of her apartment in West 53rd street and answered the intruder. He said he was her husband, one of the six fugitives, and demanded admission. Frightened, she refused to unbar the door and called Superintendent Kieb of the asylum. By the time New York police were notified, Vanderkuylen was gone.

This, and another circumstance convinced Kieb and New York police that the men were hiding here. Several weeks ago Harry Gordon, 38, Rochester's "mad butcher" who was in the criminal asylum for the slaying three years ago of two business rivals and the wounding of two more, was visited by his wife. He told her, Mr. Kieb said, "I'll get out of here some day if I can, and when I do I'll take a boat for Poland and right away."

Mrs. Gordon told of the incident today, and the district attorney of Monroe county, to whom she reported it, tipped New York police at once to watch the steamship piers.

Vanderkuylen was committed to Mattewan last March from New York after trial for murder. Gordon had confessed and boasted of the killings for which he was found "not guilty but insane."

The other escaped men included: Anthony A. Alky, 41, New York, listed as "a dangerous pyromaniac." John P. Gambill, 23, New York. Joseph Kaylor, 35, Long Island. John G. Biginsin, 30, Brooklyn. All have long criminal records.

The leader of the gang which rescued the sextet was identified by Mattewan guards as a former inmate, William Nelson of New York, who escaped a fortnight ago after being sent to the asylum for burglary.

Washington, Dec. 4.—(AP)—Representative Warren, Democrat, of North Carolina, today declared "that the people of North Carolina will be shocked over the appointment of Frank B. McNinch by President Hoover as a member of the Federal Power Commission."

Warren said he was taking up the appointment with Senators Robinson of Arkansas, the Democratic leader; Walsh, Democrat, Montana and Norris, Progressive Republican, Nebraska.

"I am urging them to closely scrutinize the record of this man whom the President is attempting to foist upon the country," he said.

Mr. Warren added that the power issue was perhaps foremost in the nation today and that McNinch would "not stand the test as a representative of the people."

Pointing out that McNinch was the head of the anti-Smith organization in North Carolina in 1928, Warren said "it was an insult to the Democrats of the state" for the president "to charge up this man to the Democratic party."

Senator Overman, Democrat, North Carolina, was seeking to determine if McNinch is a Democrat the Senator said he understood the nominee supported Mr. Hoover in 1928 campaign.

"I favor Mr. McNinch, if he is a Democrat," said Overman, "I also want to make certain Mr. McNinch and other appointees have no connection with the power trust."

Chairman Couzens of the Interstate Commerce committee intends to call an early meeting for consideration of the five nominees.

Charlotte, Dec. 4.—(AP)—Frank R. McNinch said today he had "no comment to make" upon the criticism of Representative Warren, regarding President Hoover's appointment of him to the Federal Power commission.

Raleigh, Dec. 4.—(AP)—Joshiah William Bailey, Senator-elect from North Carolina, said today he had "irresistible considerations" for opposing the confirmation" of Frank R. McNinch of Charlotte, nominated yesterday by President Hoover to be a member of the Federal Power Commission.

Mr. Bailey said he had written a long letter to Senator Lee S. Overman of North Carolina protesting against the confirmation of Mr. McNinch, whose democracy is questioned by Mr. Bailey.

Mr. Bailey would not give out the letter here but said it would be posted this afternoon.

The appointment of Mr. McNinch who led the anti-Smith forces in this state in 1928 and who refused to give an accounting of the expenditures of his organization as required by statute, has resulted in several officials issuing statements opposing his confirmation.

\$1,000,000 OIL BLAZE AT NEW YORK

Pratt Works of Standard Oil Company Badly Damaged By Fire Last Night

New York, Dec. 4.—(AP)—Fire which swept the Pratt works of the Standard Oil Company on the Brooklyn waterfront broke out again this forenoon after being brought under control once. Two alarms summoned apparatus to the scene for the second time.

Two hundred thousand gallons of gasoline crude oil and turpentine and 18 tanks were destroyed and pipes, barges, a fireboat and a tanker were damaged as the fiery mass poured into the East River.

Officials of the Standard Oil Company said their loss was between \$250,000 and \$500,000. Fire department officials had said earlier that damage might total a million dollars.

New York, Dec. 4.—(AP)—Streams of flaming oil pouring from the Pratt works of the Standard Oil Company illuminated the Brooklyn waterfront early today.

The fire, which threatened for a time to wipe out the entire plant, was stemmed by forces working by land and by water after a fight of three hours.

More than 200,000 gallons of gasoline, crude oil and turpentine and 18 tanks in which it was stored, were destroyed. Piers, barges, a fireboat and a tanker were damaged as the fiery mass poured into the East river.

Fire department officials said the loss might reach a million dollars. Precautions were taken to protect the plant of the Brooklyn Union Gas Company and nearby tenements.

The fire started in a terrific explosion of 100,000-gallon crude oil tank. Through underground pipes the flames and burning fuel spread quickly to a 50,000-gallon petroleum tank, eight more crude oil receptacles and eight turpentine tanks.

As the petroleum tank blew up, it tore away an 18-foot brick wall, hurling debris on the firefighters. The remaining tanks produced blasts as they caught fire and rocked the area. The liberated oil flowed into the river through sewers and over the ground.

The blaze narrowly missed igniting a three-story brick warehouse filled with 5,000 cases of Naphtha and 500 drums of pale oil. The fireboat Vermont flamed up but was saved. Several barges were caught in the inferno but a number were taken out in the river for safety.

Some 40 companies and four fire boats trained great streams of water and chemicals on the blaze. Flaming oil was chased from manhole to manhole in a sewer which ran through the plant into the river.

In spite of the intense heat and the falling masses of molten metal no firemen were hurt.

Thousands of persons surrounded the plant and perched on nearby buildings to watch the fireworks.

Two Killed In "Red" Rioting

Berlin, Dec. 4.—(AP)—Communists rioting over Germany last night resulted in two deaths, many injured and upwards of 100 arrests.

There were virtually no arrests here, but in Leipzig nine Communists were injured in a clash with police in the course of a "hunger march". One of the injured died later.

In Hamburg a Communist mob stabbed one policeman to death and wounded two others with knives.

Pres. Hoover Asks \$150,000,000 For Public Buildings

Washington, Dec. 4.—(AP)—President Hoover today transmitted to Congress a supplemental estimate of \$150,000,000 for public building construction and Chairman Woods of the House Appropriations committee immediately introduced a bill to authorize the expenditures.

The President's message said: "I have the honor to transmit herewith for the consideration of Congress an estimate of appropriations for the fiscal year 1931, amounting to \$150,000,000 for an emergency construction fund to enable the Chief Executive to accelerate work on construction projects already authorized by law so as to increase employment."

Secretary Mellon Sees \$180,000,000 Deficit In The Treasury This Year

To Organize Cannery At Meeting In City Tonight

Plans had been completed today for the mass meeting at the court house tonight at 7:30 o'clock to organize a canning factory for the City of Greenville, and it was expected several hundred people would be in attendance.

Invitations have gone out to merchants and farmers in all sections of the country, urging them to attend the meeting and take part in discussions looking to organization. The invitations were sent out through the Merchant Association and the Pitt County Department of Agriculture.

The great part which the canning industry has played in other communities will be presented in a graphic way by Messrs. Sykes and Kelley, mem-

bers of the State Department of Conservation and Development. They will also discuss the possibilities for such an organization in Greenville, and attempt to show that the business men and farmers, too, will derive untold benefits from the project.

Promoters said interest in the factory, which will be devoted to the canning of beans and tomatoes, had been so favorable that they were confident of support both from business and agricultural interests.

The factory, it was said, would not only afford a ready market for beans and tomatoes, but would also aid in the relief of unemployment and create a regular weekly payroll from which the entire community would receive direct benefit.

Washington, Dec. 4.—(AP)—It looks more than ever as though Mr. Taxpayer will have to pay one per cent more on this year's income than last.

Secretary Mellon sees it that way. His annual report, addressed today to Congress, predicted a \$180,000,000 deficit when the fiscal year ends next June.

While making no recommendation, the Treasury head recalled pointing out a year ago that continuation of the one per cent reduction then made would depend on the revenue prospects this month. These now "indicate that the temporary decrease can not be continued during the current year."

Contrasting with the deficit forecast, the 1930 fiscal year surplus was \$183,789,215. Every bit went toward retirement of the public debt, which stood at \$16,185,308,299 when the year closed.

Calculations on the future led to a request for legislation making possible refunding operations which would aim at putting all or part of the national debt on a lower interest rate basis if money conditions justify. Mellon asked that the loan law be amended with the object of granting the Treasury "complete freedom in determining the character of securities to be issued" in any refunding, and to allow eight billion dollars in new bond issues to be put out as a refunding operation, which would retire like amounts of older debt.

Further, his report repeated a recommendation that Congress free income taxpayers who buy federal securities from liability for the payment of income tax on the realization of such investments. That would give national paper the same exemption status as that now held by state and municipal borrowings.

The secretary also foresaw some changes in the form of payment hitherto received from foreign governments by the United States as a result of war loans, saying:

"It is reasonably certain that the December interest payments on account of foreign debts will be paid in cash, and it is quite possible that this may be equally true in June. It is impossible to forecast what method of payment foreign debtors may elect, though it is entirely possible that part of the interest payments will be made in securities."

If the deficit materializes, it will be the first time a surplus has been missed since 1919. Mellon looks to 1932 to bring back a favorable balance, to the extent of \$30,000,000. The estimates set the income tax revenue then at \$2,200,000,000 or \$70,000,000,000 more than expected this year.

As another evidence of expecting better business in the year starting next July first the Treasury secretary estimated customs receipts for that time would be \$110,000,000 greater than the \$502,000,000 expected this year. The latter estimate represents a drop of \$85,000,000 under the 1930 figure. Miscellaneous taxes are expected to bring \$623,000,000 this year and a increase by \$53,000,000 in the next. February would see 7,000,000 jobless. Neither figure covered office workers or farm laborers out of work.

The estimate was based on reports from unions in 24 cities, checked against statistics of the Department of Labor and other employment agencies. Green termed it a "close picture of the situation."

"An increase in unemployment from October to November is normal," said Green, and the chance this year has been about the same as usual. But so many already were out of work in October that any increase is cause for concern.

"This year we enter the winter months with an unemployment crisis already on our hands. We should take this November increase as warning that relief measures must be speeded and the utmost possible done to hasten the work on relief and prevention already begun.

Washington, Dec. 4.—(AP)—The American Federation of Labor estimates today showed 4,860,000 laboring men out of work in November.

This figure was given out by William Green, president of the federation with a warning that at the Federal Council of Churches declaring for an educational campaign to promote prohibition. Under the plan young people's groups would discuss temperance along lines laid down for them.

The resolution was offered by Dr. Benjamin S. Winchester, educational secretary with the comment that "a disproportionate amount of time has been expended by the church in political activities."

Elizabeth City, Dec. 4.—(AP)—Election of officers and selection of the 1931 convention city were the main matters of business before the Seaboard Medical Association today before adjournment of the 35th annual session of the body.

The convention, before which upwards of 40 technical papers were read, opened Tuesday. Delegates attended from North Carolina and Virginia, the states embraced by the association.

Speakers yesterday included Dr. George E. Newby, of Hertford; Dr. Thomas McCrae, of Philadelphia; Dr. C. J. Andrews, of Norfolk; Dr. Bentley Boyd, of Norfolk, and Dr. Peyton W. Eley, of Norfolk.

WET BLOC OF HOUSE BEGINS NEW CAMPAIGN

Membership Book Thrown Wide Open for the Addition of New Members

Washington, Dec. 4.—(AP)—The wet bloc of the House has opened wide its membership book and is asking for new names on the dotted line.

Laying plans at a caucus yesterday, for continuing their warfare on the prohibition laws, the wets decided the present was an excellent time for any members who may have changed their views since last session to come on over and declare themselves.

Repeat moves were left to a later day in the new wet campaign program, but meanwhile, the members decided to exhaust parliamentary tactics in opposing appropriations for denaturing industrial alcohol with poisons and to petition the judiciary committee for approval of a bill to authorize manufacture and sale of beer.

They must move fast on the alcohol poisoning, for the appropriations of the industrial alcohol bureau are contained in the treasury supply bill now before the House for action.

No decision was reached on whether to oppose the \$2,000,000 increase for the prohibition bureau, but the militant chairman, Linthicum, Democrat, Maryland, was set for an individual fight on this item anyway.

Linthicum predicted the seventy-third Congress, to be elected two years hence, would end prohibition by refusing to appropriate enforcement funds. The seventy-second Congress, meeting next year, he said will see the wet bloc increased to 160.

While these plans were being laid a resolution was adopted by the executive committee of the Federal Council of Churches declaring for an educational campaign to promote prohibition. Under the plan young people's groups would discuss temperance along lines laid down for them.

The resolution was offered by Dr. Benjamin S. Winchester, educational secretary with the comment that "a disproportionate amount of time has been expended by the church in political activities."

Spurs Aid For Idle

Immediate action on unemployed legislation was demanded by Senator Pat Harrison of Mississippi.

FOUR MILLION MEN JOBLESS IN AMERICA

American Federation of Labor Urges the 'Speeding Up of Relief Operations'

Washington, Dec. 4.—(AP)—The American Federation of Labor estimates today showed 4,860,000 laboring men out of work in November.

This figure was given out by William Green, president of the federation with a warning that at the Federal Council of Churches declaring for an educational campaign to promote prohibition. Under the plan young people's groups would discuss temperance along lines laid down for them.

The resolution was offered by Dr. Benjamin S. Winchester, educational secretary with the comment that "a disproportionate amount of time has been expended by the church in political activities."

In His Annual Report to Congress, Head of Treasury Department Declares That Revenue Prospects Make It Impossible to Continue One Per Cent Reduction On Income Taxes; Would Free Buyers of Federal Securities

Washington, Dec. 4.—(AP)—It looks more than ever as though Mr. Taxpayer will have to pay one per cent more on this year's income than last.

Secretary Mellon sees it that way. His annual report, addressed today to Congress, predicted a \$180,000,000 deficit when the fiscal year ends next June.

While making no recommendation, the Treasury head recalled pointing out a year ago that continuation of the one per cent reduction then made would depend on the revenue prospects this month. These now "indicate that the temporary decrease can not be continued during the current year."

Contrasting with the deficit forecast, the 1930 fiscal year surplus was \$183,789,215. Every bit went toward retirement of the public debt, which stood at \$16,185,308,299 when the year closed.

Calculations on the future led to a request for legislation making possible refunding operations which would aim at putting all or part of the national debt on a lower interest rate basis if money conditions justify. JOIN BANKRUPT FIGHT AGAINST TENN. BANKERS

State Corporation Commission Pushes Complaint Against Caldwell & Co.

Asheville, Dec. 4.—(AP)—The State Corporation Commissioner of North Carolina, receiver for the suspended Central Bank and Trust Company of Asheville, will join in an involuntary petition in bankruptcy against Caldwell and Company, Nashville, Tenn. investment banking house, it was announced today.

The commission through its attorneys, Tom McConnell of Knoxville and Pitts M. Conner and Fletcher of Nashville, yesterday afternoon filed notice in the U. S. District Court at Nashville, that it would join with R. E. L. Gallimore and others in asking that the investment banking house be adjudicated a bankrupt.

The North Carolina interest claim that Caldwell and Company anticipated notes of the city of Asheville to its own use revenue Asheville, which the Central Bank and Trust Company had sold to the investment banking house to be sold, paying for only \$250,000 of the \$295,000 block.

Of these notes, it was explained in the charge, \$235,000 were deposited by Caldwell and Company with the Bank of Tennessee at Knoxville, and in turn sent by that institution to the Chase National Bank in New York City. Of the remaining batch of notes, \$20,000 were used to cover loans or deposited in a bank at Bastrop, La. and \$40,000 to cover an indebtedness of Caldwell and Company to Weakley county, Tennessee.

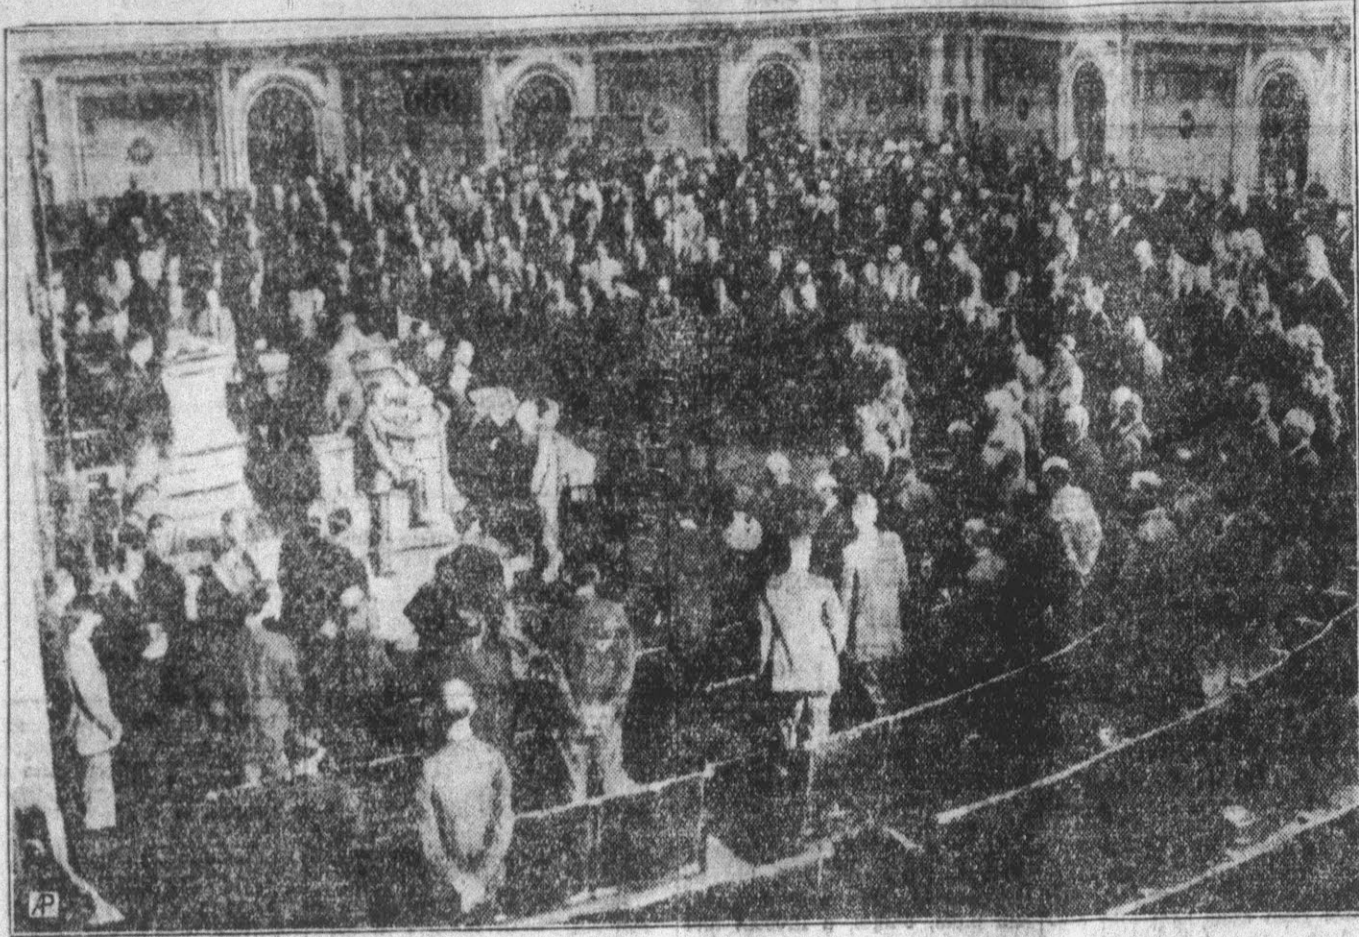

Judge Gore, in Federal Court at Nashville yesterday afternoon, approved the sale of 1,900,000 shares of Inter-Southern Life Insurance Company stock at the Keystone Holding company, of Hammond, Ind., at a price of \$1.50 a share, but ordered that safeguards be thrown around the paying over the money and instructed that no money be disbursed until all claims were properly established.

The attorneys for the Asheville bank and the State Corporation Commission protested the sale of the stock, declaring that it was offered too cheaply and such action would tend to dissipate the assets of the Caldwell company. It was pointed out that the stock had already been pledged.

The North Carolina commission also announced it would file a preferred creditors claim against the Caldwell Company, both with the receivers and in the petition for involuntary bankruptcy against the Nashville investment banking house. The commission claimed that the Central Bank and Trust Company purchased a diversified list of bonds from Caldwell and Company for \$300,000 with the agreed stipulation that the Nashville company would re-purchase the bonds upon demand of the Central Bank.

It was intimated that the hearing on the involuntary petition would also bring out a series of financial deals between the Central Bank and the Caldwell company. When the investment banking house failed, it carried with it scores of banks scattered throughout the country.

CONGRESS MEETS IN OPENING SHORT TERM

GIFTS TO POOR MOVE SLOWLY IN THIS CITY

Not a Single Contribution Yet Made To Merchants Association Campaign

Giving in behalf of the poor is getting away to a slow start in Greenville this year.

Although the Merchants Association's Christmas cheer campaign opened the latter part of last week, it was stated this morning that not a single contributor had been received up to date.

Officials of the organization were sanguine for the outcome of their appeal, however, and expressed belief that funds would begin to pour into the office the latter part of the week or the first of next.

In an effort to aid the merchants, the New Theatre announced this morning that it would give ten percent of its receipts to the campaign fund every day next week. This is the first time such action has been taken in behalf of the poor, and it was expected a goodly amount would be derived from this source.

Manager Corbett said he realized there was much suffering existing among tenant farmers in some sections of the community at this time and that his theatre desired to do everything possible to carry joy and happiness to the destitute families during the holidays.

the campaign will be noted on this every day. The mercury at the present time is at the bottom, but with campaign forces at work, it was hoped it would begin to rise right away.

The Merchants Association is being assisted by the Pitt County Welfare Department. Workers of this organization are determining the most needy cases and these will be reported to the Merchants Association so that they may be provided for the first. The field workers report evidence of much suffering, although the situation is far from being as serious as it was last year.

People desirous of aiding the poor have been requested to send in their contributions as early as possible so that the campaign may be pushed forward as rapidly as possible. The drive will come to a close Christmas Eve night when the last of the donations will be invested in food and clothing to fill the stockings of the community's dependents.

Margaret Linn, of Landis, N. C., has been elected "queen" of Catawba College, Salisbury, N. C., by the student body.

NEWS BRIEFS

Raleigh.—(AP)—Frank Rhodes, 65, is Cleveland-bound, here to shovel snow. "I hope its ten feet deep" he told J. M. Hinnant, jailer, who gave the aged man a bed several nights.

Lenoir.—(AP)—Of Darius Cline, 96, Confederate Veteran who died recently, this story is told: During the Civil War battle he failed to hear an order to retreat because of partial deafness. He charged single-handed through the Union lines and so was taken prisoner.

Raleigh.—(AP)—There's a new club at North Carolina State College. Its called the "Virgin Club". It has for its purpose the promotion of better moral relations.

High Point.—(AP)—Those on the inside looking at the outside are helping those on the outside looking enviously inside. The city's prison farm is supplying great quantities of cord wood and green vegetables for the needy.

Mrs. Sarah E. Lewis, 80, widow of a civil war veteran, cast her first vote at the last election in Utah.

A well drilled near Logan, Utah, to supply a grade school produced water at 115 degrees Fahrenheit.

The magnet road sweeper used in Oregon to clear highways, picked up 13,870 pounds of metal on state highways last year.

Drivers' license laws such as are in effect in California will be sought in 26 state legislatures next year.

The Salt Lake City, Utah, police department recovered 3,000 stolen bicycles last year.

California's statistical department estimates women are involved in 12 percent of the automobile accidents of the state.

Iron ore shipments for the 1930 season from the Lake Superior district will total nearly 47,000,000 tons a decrease over 1929.

Large deposits of oyster and clam shells have been found in Santa Barbara national forest.

Free transportation to schools is provided 160,000 country children in Louisiana.

Twenty Louisiana public and private colleges are instructing 15,000 resident students.

Heads Glee Club

Joe Wahlberg, of Orlando, Fla., is the new president of the University of Florida Glee Club, which plans an extensive southern tour next spring.

SAYS MOUNTAIN CHILDREN NEED BOOK LEARNING

Washington, Dec. 3.—(AP)—Brass work and basket weaving, as education, will have to go begging as far as the mountain school sponsored by President Hoover is concerned.

"Why not have these children do handwork like the soldiers at Walter Reed Hospital?" guests from Washington, with ideals on enriching the curriculum, often ask Mrs. Christine Vest, teacher, in a wise way and replies, "hand-work isn't what these boys and girls have been lacking. Their parents are ambitious for them to get book learning."

And the classes in reading, writing, and arithmetic continue.

Close Call
Goldsboro, N. C.—C. D. Caddy, using a small fire extinguisher, put out flames consuming the automobile of Frank Parker, who lay unconscious inside as the result of a collision.

They Don't Want Him, So! Albemarle, N. C.—A movement to bring suit to oust Frank Crisco, recently elected sheriff of Stanly county by 29 votes over N. A. Cooper, is taking shape here.

Preachers On the Job
Danbury, N. C.—Stokes county citizens have reason to believe their newly installed governmental regime will be pure and uncorrupted. Three county officers are ministers.

Take the Car
East Orange, N. J.—Miss Isabel Julian has written the New York traffic court which she was cited, "Take the car if the fine is very big for parking."

WANT ADS PAY

Hot water where you want it instantly!

Why heat a 30 gallon tank to get a quart of Hot Water?

The SUMMIT Electric Water Heater, lavatory size, costs but \$29.50. It connects right on to your hot water pipe below the basin. Works automatically; keeps a supply of hot water always on hand. A turn of the faucet draws hot water as you want it—any time, day or night, even in summer when your heating plant is idle.

The Summit Electric WATER HEATER

GIVES you a constant supply of hot water without the waste of time, water or fuel to heat a large tank or long stretch of pipes. Heats only as much water as you want—and heats it cheaply. Takes very little current as the tank, heating element and control are inside heavily insulated case. Easily installed, fully guaranteed.

See the SUMMIT Heater in actual use now in our show room.

Water & Light Comm.

Case Not Properly Filed, Dismissed By Supreme Court

Raleigh, Dec. 4.—(AP)—The North Carolina Supreme Court will brook no infraction of legal rules in the bringing of appeals before it.

Yesterday the court dismissed an appeal in the case of Avery Pruitt et al versus Neal Wood et al, Wilkes county, because, it said, the appeal was not properly filed. Chief Justice Walter P. Stacy wrote the opinion.

The case was a civil action to restrain the defendants from cutting timber. It was appealed from a judgment of dismissal in Wilkes Superior Court in January.

The plaintiffs were allowed 90 days to serve statement of appeal and the defendants 60 days to file exceptions.

The litigants failed to come within this limit, the court said, adding that such delays, if allowed, would cause unnecessary jams in its court. Seven other exceptions were handed down.

Highway System to Be Completed In Five Years

Raleigh, Dec. 4.—(AP)—Within five years, at the present rate of income, North Carolina should have its present state highway system of more than 9,000 miles completed, R. A. Doughton, chairman of the Highway Commission, estimates.

Mr. Doughton yesterday figured the cost of completing the work at approximately \$31,324,941 and made the estimate of the time required to bring the system up to standard.

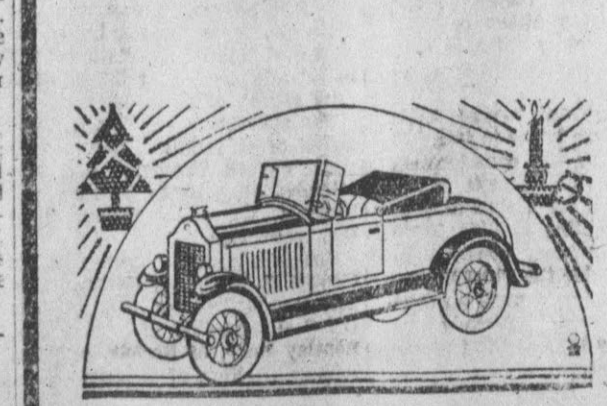

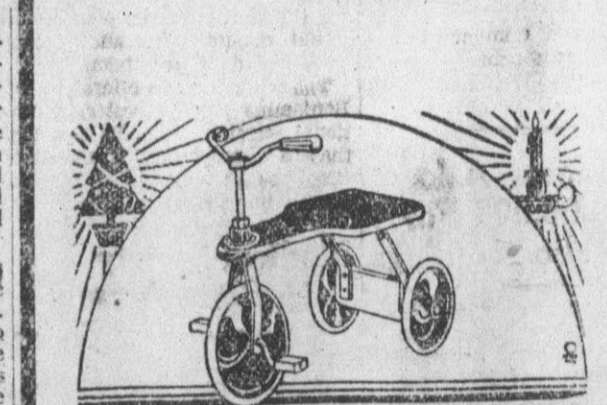

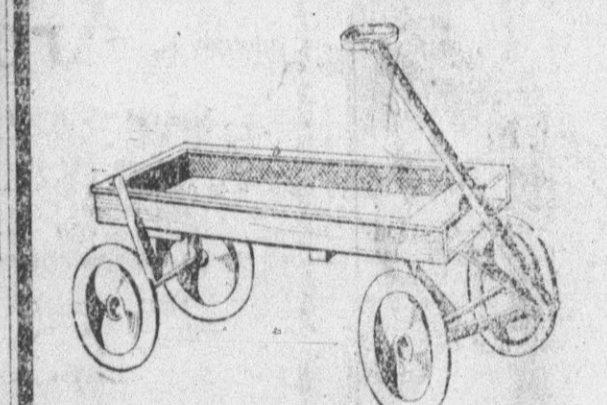

To be a Healthy Woman watch your Bowels!

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients. It doesn't sicken or weaken you. No restrictions of habit or diet are necessary while taking it. But its action is thorough. It carries off the sour bile and poisonous waste. It does everything you want it to do. It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow.

When you've a sick headache can't eat, are listless or sluggish, and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

GREAT CROWD ATTENDS COW DAY EXERCISES

M. A. McLawhorn Awarded Cow and George Gorham \$50 In Cash

Yesterday was "Cow Day" in Greenville and M. A. McLawhorn, Greenville township farmer, was awarded the cow in the distribution of prizes at Joyner's warehouse yesterday afternoon at 2 o'clock. The \$50 cash award went to George Gorham, colored.

Numbers of other prizes were awarded during the afternoon, and hundreds of people from every part of the trade territory were here to attend the exercises.

Awards previously had been made at Five Points but the chill temperatures which have prevailed in this section the last several days caused officials of the Merchants Association to transfer this feature to the warehouse so that the crowd would not be exposed to the cold weather.

"Cow Day" has been sponsored by the Merchants Association every month for the last three months, but it was announced from the association's office yesterday that further events of the kind would be deferred for the next several months. To take the place of this special sale days they have arranged "Turkey Day" November 7 when 20 turkeys will be given away to the shoppers of the community.

C. B. Rowlett, secretary of the association, stated that several other prizes would be awarded by the merchants in an attempt to make the occasion measure up to recent "Cow Days". Coming within two days of Christmas, the awarding of the turkeys is expected to attract enormous crowds from all parts of the county, and merchants will make extra arrangements to take care of the visitors.

Mr. Rowlett said this morning that members of the association who participated in "Cow Day" were highly pleased at the splendid patronage which they received during the month. People from a radius of many miles—in fact, considerably beyond the Greenville trade territory—visited the city and bought liberally of the splendid bargains which the merchants had to offer.

The bargain display for "Turkey Day" will be similar to "Cow Day", Mr. Rowlett said, except that it will include many Christmas gift suggestions. Old Saint Nick will predominate in the "Turkey Day" bargains and people desiring to purchase this kind of goods should get busy right away and buy while the counters are loaded with the best offerings of the season.

CONSIDERING THEIR CHANCES

The two prospective contenders for the speakership of the seventy-second congress—Nicholas Longworth (left), the Ohio republican, and John N. Garner, Texas democrat—who began their friendship a quarter of a century ago, are shown discussing their prospects during their first meeting since the November election.

WHITE HEADS THE SALVATION ARMY DRIVE

The Advisory Board Opens Campaign Headquarters At Five Points

The Salvation Army Advisory Board composed of the following: W. L. Best, C. B. Rowlett, J. H. Waldrop, G. H. Ballard, Wiley Brown, K. W. Cobb, Rev. W. S. Harden, J. C. Lanier, Dr. A. M. Schultz, A. C. Tadlock, J. E. Winslow, Mrs. G. H. Ballard, Mrs. Ed Harvey, Miss Lil Wilson, J. H. Rose, F. C. Harding, is very fortunate in securing Mr. J. J. White to act as their chairman for the coming appeal for maintenance funds to support the work carried on among the less fortunate ones in our community for the year 1931.

The Advisory Board has opened campaign headquarters in the Salvation Army Hall at Five Points which is in charge of Mr. Eugene Kemp who was sent here from Salvation Army headquarters in Charlotte to handle the details in connection with the effort. Miss Polly Fullford is acting as secretary to the board during this effort. The telephone number is 749.

Mr. White has called a workers' meeting to be held Tuesday, December 9, at 6:30 p. m., at which time the pledge cards and instructions will be given to the workers. All prospective givers will have been acquainted with the appeal before the canvass. This will be done by means of the press, speaking before assembled groups and through the mail.

The following men have been appointed as co-chairmen to assist Mr. White in making a success of the maintenance fund appeal: Z. P. Murphy, Phil Goodson, C. H. Edwards, James Ficklen, L. J. Smith, E. G. Flanagan, J. B. Kittrell, J. G. Clark, Dr. Carl Pace, S. T. Carson, Howard McClinnis, Herbert Re. Barker, J. C. Braswell, James Brewer, J. C. Gaskins, L. A. Stroud, J. J. Summerell, J. S. Elliott.

Mr. White believes that the canvass can be made in one day, or two days at the most. However, Mr. White insists that the campaign will continue until sufficient funds are raised to carry on this humanitarian work as done by the trained social workers of the Salvation Army.

Over Score Killed In Burma 'Quake

Rangoon, Burma, Dec. 4.—(AP)—Twenty two persons are known to have been killed and a number of others injured in two earthquakes which rocked Burma during the night. There was much material damage, the Pyu District particularly suffering.

The first shock, a mild tremor, was felt at Rangoon at 10:20 P. M. the second at 1:20 A. M. was much more intense, and lasted much longer. A district 150 miles north of Rangoon appeared hardest hit.

Buildings in Pyu were reported after today with a number already destroyed and others, including the courthouse, badly damaged. Several miles to railway line and a number of bridges were badly damaged and a score of persons are homeless.

The Rangoon mail train should have been in the area where the epicenter of the shock was located and fear for its safety is felt.

Severance of rail and telegraph communications is delaying accurate information of the scope of the damage. An unconfirmed report says there was considerable loss at Toungoo.

J. J. Payne left yesterday for Gallatin, Tenn., where he will be on the tobacco market.

Returns From Atlanta.

Dr. R. H. Wright has returned to Greenville after a visit to Atlanta to attend the conference of the Association of Colleges and Secondary Schools of the South.

Benefit Performance

A play "The Servant in the House," by Charles Rann Kennedy, will be staged at the Episcopal parish house Friday night at 8 o'clock under the direction of Mrs. Picklesimer. A musical program will also be rendered. There will be no admission charge but a voluntary offering for the benefit of the organ fund will be taken. 4-2t

Bell-Hardy.

Farmville, Dec. 4.—A wedding that came as a complete surprise to their friends here occurred at Greenville on Wednesday afternoon, Nov. 26, at 3:00, when Miss Ethel Elizabeth Hardy became the bride of Mr. Richard Albert Bell, both of Farmville. The ceremony was performed by Rev. A. W. Fleishmann of Memorial Baptist church, in the pastor's home, and was witnessed by only a few people.

MRS. HOWARD HOSTESS TO END OF CENTURY CLUB

The End of the Century Club held the regular meeting Tuesday afternoon in the Guild room of the new Parish house.

This room was lovely with its oriental furnishings, fine paintings and cozy fireside.

In the absence of our president, Mrs. Arthur, our vice-president Mrs. J. L. Little, presided. Several items of business came up before the club and were disposed of. The usual amount of Christmas seals were bought by members of the club as it is our custom to support this better health movement.

The club books were discussed and exchanged. Current events were as usual entertaining and instructive.

We were delighted to have as guests for the afternoon Mrs. Charles Skinner, Miss Annie L. Morton, Miss Miriam Goodwin, Miss Betsy Greene and Mrs. Marianna Murphy.

The program for the afternoon was given by Mrs. M. K. Fort whose subject was "France as a Leader of Fashions." She spoke of the fashions of many centuries and their leaders, especially of those brought on by Queen Elizabeth and Louis XI and XIII of France, also Marie Antoinette and Paul Poiret. We were interested to know that our modern beads and earrings are the universal decoration of savagery. Mrs. Fort mentioned that the club members might be interested in Poiret's prophecy that women will be wearing trousers in thirty years, and that it would be no fad; they will be as inimitable as bobbed hair. She closed this delightful paper with this summary: "There is no mystery about the origin of fashions. It grew as a vanity of courts. The king was the dictator of fashions. Today the style is invented by leading figures and made public by mannequins at the races, on the streets, at the theatres and on the stage."

At the close of this splendid paper the hostess served a delicious salad course. —Reported.

JUNIOR WOMAN'S CLUB TO MEET TOMORROW

The Junior Woman's Club will meet at the club house tomorrow afternoon at 3:30 o'clock with Mrs. Durwood Tucker and Miss Mary Forbes as hostesses. Mrs. J. H. Rose will speak to the club on the origin of Christmas customs.

They are making their home for the present with Mr. and Mrs. Walter Newton.

St. Peter's Catholic Church.

Holy hour, sermon and Benediction of the Blessed Sacrament tonight at 7:45.

Friday being the first Friday, Holy Sacrifice of the Mass at 7:00 a. m.

—Rev. C. J. Gable.

Entertainers Club.

Misses Doris Tucker and Winifred Eiberidge delightfully entertained their club at the home of Miss Tucker. After they played games and had several contests, they all enjoyed a delicious ice course. Later they enjoyed popping pop-corn. The guests then declared they had had a delightful time and left. —Reported.

PICTURES OF POLAR REGIONS TO BE SHOWN BY WILKINS

"Flying the Ends of the Earth" is the subject upon which Sir Hubert Wilkins, the great explorer-aviator will talk when he appears at East Carolina Teachers College on the evening of December 12 and he will show moving pictures of the scenes from both the Arctic and the Antarctic polar regions.

Many of these pictures show the heroic Ben Eielson, who was Sir Hubert's pilot in his Arctic work for three years and during the first year of his expedition to the Antarctic. The pictures are all life motion pictures that actually illustrate his personal narrative of his experiences.

Sir Hubert began his career as an explorer with Stefansson and it is peculiarly fitting that he should be the second great explorer to appear at the college, three years after Stefansson appeared there.

Wine Ticket.

Thomas Manning Dennis of this city, won a ticket to the Carolina and Duke football game Saturday at Chapel Hill. He was one of the boys to name the all-state team in B. C. Sports Review. He was the only lucky boy in Greenville.

Best Eye Glass Service

When a child is nervous, petulant, irritable, quarrelsome, always discontented—frequently when sickly—it may be caused by defective vision.

When the youth or maiden is backward in studies, cannot grasp what is explained in the school room, gets dizzy, is listless—it may be the eyes.

When the adult is irritable, experiences "vertigo," "upset stomach," headache, tired eyes, sleeplessness during the day—it is probably the eyes.

This is nature's warning that the eyes should be examined and proper glasses procured. No time should be lost in doing this. Have an optometrist examine them.

ABOUT TOWN

The mass meeting looking to the organization of a canning factory for Greenville will be held at the court house tonight at 7:30 o'clock and everybody interested in the project is urged to attend and take part in the discussions.

Two members of the State Department of Conservation and Development will attend the meeting and tell of the advantages to be derived from their form of industry. These men have had an opportunity to watch the progress of the canning business in other sections of the state and should be able to bring the citizens some valuable information.

Greenville has been in the need of such an industry for years, and with proper encouragement it is believed organization will be virtually perfected tonight.

It matters not in what branch of industry you happen to be engaged, make it a point to attend this meeting and do your part for improvement of the industrial life of the community.

The proposed factory is of as much importance to the farmer as the business man. Both will benefit, the one by an increased source of revenue through the consumption of his products, and the other through the regular payroll released by the factory each week.

Amelioration of suffering among the unemployed of Pitt county is the object of the Merchants Association Christmas campaign fund, and the public is not only invited, but urged to contribute generously to this fund between now and the holiday season.

Up to date, according to officials of the association, not a single contribution has been made to the fund. It was expected, however, that the public would begin giving attention to the campaign within the next week or so and that the arrival of Christmas would find a comfortable sum in the campaign coffers.

If you have not given to this fund, why not get busy and do so at once. The quicker the public response, the sooner members of the campaign committee will be able to carry relief to the suffering people. This is a movement directed to the cause of suffering humanity, and no greater cause could be imagined.

Yesterday was Cow Day in the city of Greenville and several hundred people from this great trade territory visited the city to see what the merchants had to offer.

In addition to the harvest of bargains, the visitors were treated to about two hours of entertainment at a tobacco warehouse when prizes were awarded. This is the principal feature in connection with the day, and people who probably never came here before were in attendance to mingle with the crowds and to take advantage of the many things the merchants had to offer.

This was the third event of the kind held in as many months. It not only resulted in the attracting of many people to the city, but also brought about the payment of numbers of accounts which had been standing for a considerable period. The participating business houses seemed to be well pleased with the outcome of the campaign, and no doubt will contribute freely to the next event of the kind.

An insistent plea has gone out to the people to interest them in the purchase of Tuberculosis Christmas seals, and if it is heeded, the coming of the holidays will find the Woman's club in possession of sufficient funds to provide a bed for indigent children at Pitt Community hospital. Every cent received in the sale of seals will be used in behalf of the poor children of the county. They will be provided with a bed at the local hospital and as many cases as possible will be handled during the coming year.

This is one of the most commendable movements the city has had a chance of contributing to in

Brenau Beauty

Helen Wetherill, of Vinton, La., has been chosen as the prettiest girl in Oglesby Hall, at Brenau College, Gainesville, Ga. There were 43 contestants for the honor.

years, and it is hoped everybody will buy and see that every letter or package leaving the city bears one or more seals.

Think of the matter, Mr. Citizen, and buy more seals this season than you ever bought before.

John D. Rockefeller has given the enormous sum of \$1,000,000 to the relief of unemployment in the city of New York. This wizard of the financial world has already contributed generously to the advancement of his fellow men but it is probable that never before has a gift been as imperative as the one just made.

Mr. Rockefeller has set an example which other men of millions would do well to attempt to emulate. He has shown that at heart the welfare of humanity at heart, the welfare of the men who comprise the working class of the nation and who form the actual backbone of the country.

Everybody is not as rich as Mr. Rockefeller, but there are rich men in every community who would do well to consider the million dollar gift and then give something themselves to the relief of the communities in which they reside, and in which all of their interests are centered.

Greenville and Pitt county are affected by the unemployment problem. Men and women in the rural district are suffering for the lack of food and clothing, and they are going to suffer still more during the cold winter months if they do not receive aid from the more prosperous element of this locality.

Everybody should consider the millions of the gift of the man of millions in New York, and then in his own feeble way, give also in behalf of humankind.

Advocate American Air Merchant Marine
 Washington, Dec. 4.—(AP)—An American "Airship Merchant Marine" was advocated today by the National Advisory committee for aeronautics.

Citing the "remarkable performances" of the Graf Zeppelin, the committee in its annual report urged support for the Navy's airship program, which calls for craft considerably larger than the German ship.

The value of airships, the committee said, "should be developed thoroughly until they are fully demonstrated," and "airship lines should be established on a basis that will give to the United States an airship Merchant Marine."

Business Leader Dies At High Point
 High Point, Dec. 4.—(AP)—John W. Hedrick, 58, leader in High Point's business, church, civic and educational life, died early today.

Complications following an operation for appendicitis performed on Saturday proved fatal.

The funeral service will be held tomorrow afternoon at 3 o'clock at the First Reformed Church here.

Mr. Hedrick was vice-president and general manager of the Lexington Grocery Company here, large wholesale establishment. He was director of numerous local enterprises.

A native of Lexington, Mr. Hedrick lived 29 years in High Point. He served as its mayor from 1921 to 1925 and was a member of the school board five years. He was vice-chairman of that body at the time of his death.

He was instrumental in bringing to this city High Point College, and was a trustee of the institution. He was active also in his church, the Reformed.

Woman Flier Lands In Sea

Catania, Italy, Dec. 4.—(AP)—Miss Winifred Spooner, British girl aviator who was seeking to make a record flight from Croydon to Capri today came down in the Tyrrhenian Sea, and then swam ashore to get aid for her companion, Captain E. C. T. Edwards, who remained with the plane.

Their plane, in which they had left some 2000 daylight, fell in the water about three kilometers from Bel Monte Calabro but did not sink.

Although it was still dark Miss Spooner, who is 23 years old, plunged into the sea, swam ashore and found help at a small railway station. She was exhausted but revived quickly and told railroad employees of Edwards' plight.

Meanwhile Edwards attracted attention of fishermen who went to his assistance. The two fliers left Croydon yesterday.

In landing, Miss Spooner was bruised about her nose and lip, while Captain Edwards was injured on the forehead and nose. Miss Spooner said it would be necessary to abandon the flight.

Concord Man Killed By Fall
 Concord, Dec. 4.—(AP)—Tom Gay Coltrane, 27, son of L. D. Coltrane, cashier of the Concord National Bank and himself a bank employe, was found dead early today in the front yard of Dr. E. A. Misenheimer.

Although an inquest has not yet been held, authorities who examined the body said the young man had evidently tripped and fallen, striking his head on the cement steps.

An autopsy revealed a fractured skull.

Coltrane was a graduate of Davidson College and had been employed in the bank here for several years. He is survived by his parents, a sister, Miriam Coltrane, and a brother L. D. Coltrane, Jr., all of Concord.

He had been visiting in the Misenheimer home last night.

STILL FOUND IN HOME OF ASHEVILLE MAN
 Asheville, Dec. 4.—(AP)—following the discovery of a miniature still and some grain alcohol in his home in Grove Park section, the Asheville police department this afternoon arrested O. F. Meadows, head of the O. F. Meadows Sheet Metal Works here, on a charge of violating the liquor laws.

The still was found in the attic of the Meadows home at 161 Kimberly Avenue after plain clothes officers had searched the house shortly after noon. A small amount of grain alcohol was found besides the still. Officers said they also discovered a few cases of what were said to be gin bottles. These were empty, however.

SENATE FAVORS DOAK NOMINATION
 Washington, Dec. 4.—(AP)—A poll of the Senate labor committee today showed it unanimously favored confirming the nomination of William N. Doak of Virginia, as Secretary of Labor and Senate leaders intended to seek his confirmation later in the day.

RECEIVE BIDS ON NEW TEXT BOOKS
 Raleigh, Dec. 4.—(AP)—The State Board of Education today received bids on new textbooks proposed by the State Textbook Commission for adoption for next year.

It was indicated that no announcement in regard to the acceptance or rejection of the bids would be made until late today or tomorrow morning as the board went into executive session to open the proposals.

The Textbook Commission recommended new arithmetic, writing and drawing books.

Opposition to the proposed adoption has arisen in various parts of the state, some boards of trustees having adopted resolutions against the adoption.

BILL ADVOCATES VETERANS' HOSPITAL
 Washington, Dec. 4.—(AP)—Construction of a veterans bureau hospital at a maximum cost of \$1,000,000 in South Carolina would be authorized under a bill introduced today by Senator Smith, Democrat, South Carolina.

Jury Of Women Acts In Illinois

Chicago, Dec. 4.—(AP)—Headed by Jane Adams, international famous welfare worker, the first legally authorized jury of women in Illinois has gone into action, winning the praise of Herman N. Bundesen, Coroner of Cook county.

"I might say, 'that it is gratifying to have a jury so alert as to bring out the material and important facts leading to an intelligent verdict in this case.'"

The case was that of Mrs. Elsie Wasson, killed in the rear of her home when her son Edwin stepped on the started of Mrs. Wasson's automobile, which had been inadvertently left in gear. The car leaped forward, crushing Mrs. Wasson to death, and the women jurors held it was an accident.

The customary thing, according to Coroner Bundesen, has been for coroner's jurors to sit mute during the taking of testimony, but all this was changed yesterday when Miss Adams and five other women heard the evidence of Mrs. Wasson's death, taken in an undertaking establishment conducted by a woman. Much of the questioning was done by the women.

"We are proud to enact this phase of citizenship and feel deeply our responsibility," Mrs. Adams said.

Cann Heads Pilot Life.
 Greensboro, Dec. 4.—(AP)—F. E. Cann, vice-president and secretary of the Jefferson Standard Life Insurance Company, resigned today to accept the vice-presidency of the Pilot Life Insurance Company.

The majority of the Pilot company's stock is now owned by the Jefferson.

TEN-YEAR-OLD BOY KILLS HIS FATHER
 Phoenix, Ariz., Dec. 4.—(AP)—Estell Woods, 35, business man, was shot to death in his home today by his 10-year-old son. The boy told police he became enraged when his father beat his mother, and seized a rifle, shooting his parent in the throat.

Woods came here several years ago with his family from Ashland, Ky., where his father, friends said, was a prominent minister.

Convicted On Poison Gum Charge
 Rockingham, Dec. 4.—(AP)—Stoney Mooreham, negro, convicted of selling alcohol that caused the death of William Fletcher, local negro, and made others ill, was sentenced yesterday to serve 18 months on the roads.

Zebulon Bank Closes.
 Raleigh, Dec. 4.—(AP)—The Zebulon Banking & Trust Company, only bank at Zebulon, Wake county town 15 miles east of here, foiled to open for business today.

F. E. Bunn, vice-president and cashier of the bank, said the closing followed a series of withdrawals of deposits. He said the directors hoped to reopen the institution.

CHARLOTTE BANK CLOSES ITS DOORS
 Charlotte, Dec. 4.—(AP)—The First National Bank, the oldest financial institution in Charlotte, failed to open for business today.

A notice, signed by H. M. McAden, president, and posted on the door of the bank read as follows: "On account of heavy withdrawals of our deposits, we have decided to close our bank for the protection of all depositors alike and the bank is now in the hands of National Bank examiners for the purpose of orderly liquidation."

The First National was the oldest National Bank in the State. It was founded in 1866.

According to the September 24 statement, its capital stock was \$300,000, surplus, \$400,000 and deposits at that time were give was \$1,887,000.

EXTORTIONIST DEMAND \$50,000 FROM EDITOR
 Girard, Kas., Dec. 4.—(AP)—Sheriff J. M. Hyndman said today that E. Haldeman-Julius, author, editor and publisher, had reported receiving a letter from extortionists demanding \$50,000 under threats of harm to members of his family.

DESIRE TO MAKE JOBS SAFER AND SHORTER
 Cleveland, Dec. 4.—(AP)—Executives of five big railroad brotherhoods met today with the object of making railroad jobs shorter and safer.

The conference is concerned primarily with doing something for the 50,000 unemployed estimated to be on the brotherhoods rolls.

The other purpose is to prepare for a common fight with railroad operators against the competition of motor trucks, pipe lines, waterways and busses, according to D. R. Robertson, president of the Brotherhood of Locomotive Firemen and Engineers.

DESIRE TO MAKE JOBS SAFER AND SHORTER

Cleveland, Dec. 4.—(AP)—Executives of five big railroad brotherhoods met today with the object of making railroad jobs shorter and safer.

The conference is concerned primarily with doing something for the 50,000 unemployed estimated to be on the brotherhoods rolls.

The other purpose is to prepare for a common fight with railroad operators against the competition of motor trucks, pipe lines, waterways and busses, according to D. R. Robertson, president of the Brotherhood of Locomotive Firemen and Engineers.

Robertson said the men now out of work could be given jobs at once if the number of miles traveled by crews on each shift were reduced and the number of working hours cut down for other railroad men.

Ultimately, the brotherhoods hope to gain what is understood to be the equivalent of a six-hour day without a wage reduction from the present eight-hour day. Temporarily, however, Robertson said reduction could be made without an increase in operating costs.

TY COBB INTERESTED IN PHILADELPHIA CLUB
 Philadelphia, Dec. 4.—(AP)—The Philadelphia Evening Bulletin today quotes Ty Cobb in a telephone talk to his home in Augusta, Ga., as saying that he might be interested in the Philadelphia National League club "at the right price".

If the heirs of the late William F. Baker should decide to sell the Baker share of the club.

The Bulletin says Cobb several times since his retirement from baseball, talked with the Phillies' president about buying the club. As late as the recent world series, it is said, Cobb conferred with him on the subject.

IMPORTED LABORERS
 Richmond, Va., Dec. 4.—(AP)—In communications to five Virginia members of Congress, John Hopkins Hall, Virginia commissioner of labor, today protested vigorously against alleged importation of labor at greatly reduced wage scales by out of the state contractors engaged in construction of Federal projects in this state.

The labor commissioner specifically named the J. A. Jones Company of Charlotte, the G. B. West Company of Greenville, N. C., and Worsham Brothers, of Knoxville, Tenn., in his communication.

HANDLEMAN WOMAN HURT IN CAR WRECK

High Point, Dec. 4.—(AP)—Miss Betty L. Cox, 55, of Handleman, suffered concussion of the brain and possibly a fractured skull today when automobiles collided at a street intersection at noon.

C. L. Dixon, 22, driver of the car in which she was riding, was released, but police held Grady Crutchfield, the other driver, who, they say, admitted speeding.

Endorse Robinson.
 Washington, Dec. 4.—(AP)—Endorsement of the Senate Democratic leadership of Senator Robinson of Arkansas, was given in the Senate today by two members of the party's steering committee. Senators Shepperd of Texas and Harris of Georgia, in replying to published reports of party discord.

SAYS ABANDONMENT OF ONE CROP IDEA WOULD SOLVE FARM PROBLEM
 Tuskegee, Ala., Dec. 4.—(AP)—Abandonment of the one-crop idea is the remedy offered by Carl Williams, cotton member of the Federal Farm Board, to better conditions for the southern farmer.

In an address before a farmers' conference at Tuskegee Institute yesterday, he pointed to the disadvantages of the system, adding that southern agriculture would be stimulated by a change to more diversified farming.

Tarboro Man Held Up
 Tarboro, Dec. 4.—(AP)—Two men held up Richard B. Henry, of Tarboro, here last night, took \$19 from him and escaped in an automobile.

Make Them Practical Buy Them Early

Christmas is coming, as it always does in the latter part of December. It will slip up on you, as it so frequently does, unless you buy early.

This year, above all others, gifts should be practical. There's nothing so practical as things to wear.

They should be in good taste, especially if it is necessary to economize in expenditure. Men know that things to wear from this store are in good taste, and value them accordingly.

We are ready now with complete selections of holiday merchandise. Prices are lower than they have been in years.

All Suits and Coats are Reduced.

CASTE HOLDS UP PROGRESS OF INDIANS

Osborne Lectures On Conditions In India In Pitt County Public Schools

Albert B. Osborne, Boy's Secretary of the Hamlet Y. M. C. A., who was born in the interior of India, known as "Kiplin's Jungles" where his parents spent more than half a century as medical missionaries spoke in all the schools in Greenville this week, and visited the schools of Farmville, Winterville, Chicod, Bethel, and Ayden. The lecture was excellent and very instructive.

"India is a land where the average income of the masses in twelve dollars a year, where eighty-one million people go to bed hungry. Some lay the blame of this poverty upon England, but the great cause of poverty is that ancient Hindu religious institution which divides the people of India into more than eight thousand divisions and subdivisions—castes. How can a laborer hope to gain a comfortable living when his birth determines his occupation, which cannot be changed, and practically restricted to one location? Suppose, for example, he is a shoe-maker, so that all he is allowed to do is to work among leather; then, though there may be too many shoe-makers, and out of a job, he cannot accept any work except that of his caste, therefore, he must fold his arms and starve. He cannot even appeal to members of a more prosperous caste for charity; to give it would bring pollution upon both donor and recipient.

"Caste is the outward revelation of his spiritual condition, otherwise, according to the Hindu belief, it is Heaven or Hell he has earned in his previous life, though he has no remembrance of what that life was, stated the speaker.

"While it is generally believed in America, that Mahatma Gandhi has tried to break down the walls of Caste. Mahatma is a strong believer in this institution, this was shown in a discussion with a Brahman in his weekly, Young India. Mahatma has done nothing to unite the castes, and failed to unite Hinduism and Mohammedism. We still have our religious riots between these two great religions, in statistics show.

CONGRESSIONAL COMMITTEE CALLS ON PRESIDENT

A committee from the house and senate called on President Hoover to notify him formally that the seventy-first congress had convened. Front row, left to right: Rep. Willis Hawley, Oregon; Rep. John N. Garner, Texas; Senator Joseph T. Robinson, Arkansas, and Senator James E. Watson, Indiana. Back row: William Tyler Page, clerk of the house and David Barry, sergeant-at-arms of the senate.

fact most of our trouble in India, is between these two faiths. Caste is the chief obstacle to self government. So long as it exists only a strong constant effort will keep the Brahman from monopolizing all authority. He will claim by virtue of his caste, and the religious Hindu will not dare to oppose him. Among the leaders in politics in India, the Brahman ought to have pre-eminence because of his ability, but that he should have sole control because of the mere fact that he is a Brahman would be a calamity greater than the rule of a foreign power.

Mr. Osborne had several children dressed in native costumes and told stories of the home life, snakes and wild beasts.

No Crime!

High Point, N. C.—High Point (glory be!) has no crime wave. Chief of Police E. A. McGhee reported the month of November the quietest of many months past.

On Their Way

Davidson, N. C.—Twas a long, long trial and grinding backfield performers of the Davidson football team advanced the ball nearly two miles in the season just closed, in statistics show.

Strikers Would Have Pickets to Enforce the Law

Danville, Dec. 4.—(AP)—Striking textile workers would have their pickets enforce the law in Schoolfield replacing militia and extra county police now on duty there.

The proposal "made in absolute good faith to the citizens and taxpayers of the county and to the county officials" came from the management committee of the local textile union organized last night.

Including troops on duty at the Dan River Mills in Schoolfield, the committee set forth in a statement, "there are five law enforcement groups operating in the county. "Dismiss the soldiery, the extra county police and extra deputy sheriffs," the statement urged, "and permit the pickets of the union textile workers to attend to the job under a guarantee that there will be the same good order and law observance in the strike zone as is now in effect—and that at no cost whatever to the county, not even the cost of feeding the pickets."

To Wed Soon

Associated Press Photo Elizabeth Evans Hughes, daughter of Charles Evans Hughes, chief justice of the United States, will be married in New York to William Thomas Gossett December 19.

Banking Complications

Winston-Salem, N. C.—Stokes county officials conferred with the state government this week explaining that \$184,000 of county funds was tied up in the closing of Stokes banks. The regular payroll December 1 was not met.

Rounding Up Thieves

High Point, N. C.—With the arrest of three men, bringing the total to seven, High Point officers believe they have completed rounding up an aggressive ring of box car thieves.

BLOUNT-HARVEY CO.

GREENVILLE, NORTH CAROLINA

DODD PULLS BIGGEST VOTE AS ALL-STAR

Atlanta, Dec. 4.—(AP)—Bobby Dodd, Tennessee's triple-threat quarterback, polled the heaviest individual vote among players nominated for the fifth annual all-southern conference football team as selected for the Associated Press by coaches and sports writers.

He was an unanimous choice. One ballot listed him as quarterback of the second team while more than fifty others gave him first team ranking. Observers are agreed that Dodd is the cleverest quarterback the South has seen in years. In addition to his skill in directing a team he can pass and kick with the best and is a fair ball carrier.

Dodd's popularity marked the second successive year that a Tennessee gridder received high vote. Last year Gene McEver was out the nation's scoring leader, topped all candidates. McEver was out with injuries this year, but again Tennessee placed two backs on the honor team as Luddy Hackman—McEver's mate in the "Hack and Mack" touchdown combination—took his halfback post.

Four of the 1929 honor men were repeaters on this year's squad. They were Roberts, Tulane center; Smith Georgia end; Sington, Alabama tackle and Dodd.

Six teams are represented on the team. The University of Tennessee led with three selections, while Alabama and Tulane, conference co-champions, and Tennessee have two. Florida and Georgia Tech have one each.

First team: Dalrymple, Tulane, end; Sington, Alabama, tackle; Steele, Florida, guard; Roberts, Tulane, center; Leathers, Georgia, guard; Maree Georgia Tech, tackle; Smith, Georgia, end; Dodd, Tennessee, quarterback; Suther, Alabama, halfback; Hackman, Tennessee, halfback; Roberts, Georgia, fullback.

Second Team: Maffett Georgia, end; Waters, Florida, tackle; Maddox, Georgia, guard; Lipscomb, N. Carolina, center; Bodenege, Tulane, guard; Clements, Alabama, tackle; Schwartz, Vanderbilt, end; Downes, Georgia, quarterback; Kelley, Kentucky, halfback; Zimmerman, Tulane, halfback; fullback; Cain, Alabama fullback.

The following players gained honorable mention because of heavy sectional votes. Ends—Rocky Duke; Holland, Tulane; Jones Georgia Tech; Williams, Washington and Lee; Jones, Clemson; Elmore, Alabama; Gressette, South Carolina; Norris, Maryland.

Tackles—McCance, Tulane; and Wright Kentucky; Saunders, Tennessee; Leyendecker, Vanderbilt; Cobb, N. C. State; Motley, Virginia.

Guards—Tison, Washington and Lee; Howard, Alabama; Thayer, Tennessee; Grousett, Mississippi A & M; Freeman, South Carolina; Forquer, Kentucky; Khoury, La. State; Krajevic, Maryland; Stout, N. C. State.

Centers—Williams, Kentucky; Boutwell, Mississippi; Harkins, Auburn; Eberdt, Alabama; Garvey, Vanderbilt; Lemons, Florida; Stimson, Sewanee.

Quarterbacks—Branch, N. Carolina; Campbell, Alabama; Spicer, Kentucky; Welch, Clemson.

Halfbacks—Hooper, Virginia Polytechnic; Thomas, Virginia; Murray Duke; Leonard, Vanderbilt; Dickens, Georgia; Berger, Maryland; Herrington, Mississippi A & M.

Fullbacks—Sauls, Florida; Dunn, V. M. I.; Feltz, Tulane; Sington, Dalrymple, Suther and Roberts of Tulane were named on the majority of the selections. The hardest fight came between the guards and the halfbacks. No sophomores were named on the first team although Zimmerman and Cain made the second eleven.

Campaign On Crows
Glassboro, N. J.—Thousands of crows are to be killed by hunters under the auspices of the Gloucester County Game and Fish Association. A big roost near Woodstown will be raided tomorrow night and Saturday night. The idea is to protect wild game, chickens and corn patches.

THREE GEORGIA BULLDOGS ON ASSOCIATED PRESS ALL-SOUTHERN TEAM

The University of Georgia placed three men on the all-Southern football team selected for The Associated Press by coaches, sports writers and officials. Vernon "Catfish" Smith, end, was a repeater. The other two are "Red" Leathers, guard, and Jack Roberts, fullback. Tulane University placed Jerry Dalrymple, end, and Lloyd "Preacher" Roberts, center. Alabama placed Fred Sington, tackle, and John Suther, halfback. Tennessee furnished Bobby Dodd, quarterback, and Buddy Hackman, halfback. Jimmy Steele, guard, comes from Georgia Tech. Dodd, Sington and Roberts of Tulane were on the all-Southern team last year.

JUDGE GIVEN FIRST PLACE ON FIELDING

Chicago, Dec. 4.—(AP)—Joe Judge, veteran of 15 consecutive up and down campaigns with the Washington Senators, was officially recognized today as the greatest fielding first baseman of all American league baseball history.

Official fielding averages for the 1930 campaign, released today, clinched his fame by revealing that the veteran Senator had led his league rivals and probably a world record for any circuit of baseball.

Although 36 years old, a period of life when most of baseball's stars have passed to the minors or out of the game, Judge accepted 1,117 chances in 117 games and was charged with but two errors, an average of .998. His performance was top percentage points better than is heading record of 1929.

The championship Philadelphia Athletics again topped the league in team fielding, the official statistics disclosed. The Athletics fielded at a .975 clip, the same as in 1929, and made but 145 errors while making 1,648 assists and 4,107 putouts. The Washington Senators were second with a .971 average, a gain of six points over 1929. Other teams finished as follows:

St. Louis, .970; Boston, .968; Detroit, .967; New York, .965; Cleveland, .962; and Chicago, .962.

In addition to Judge, the fielding aces by positions and averages during the season were:

Second basemen—Charles Gehring, Detroit, and Oscar McIlillo, St. Louis, .979; third basemen, Marty McManus, Detroit, .966; shortstops, Joe Boley, Philadelphia, .970; outfielders Al Simmons, Philadelphia, .960; and catchers Mickey Cochran, Philadelphia, .993. The eleven pitchers having perfect fielding records were Ad Liska, Washington; Coffman and Collins, St. Louis; Rommel and Quinn, of Philadelphia; Sullivan, Herring, Cantrell and Page, Detroit; Gomez, New York, and Weiland, Chicago.

Near Fatal Leap

New York—It's so far and so near for Mary McCormick. Asked when she expected to become Princess Serge Mavani she said "It won't be until next year, but then it's almost next year now, isn't it?"

SPORTS SLANTS

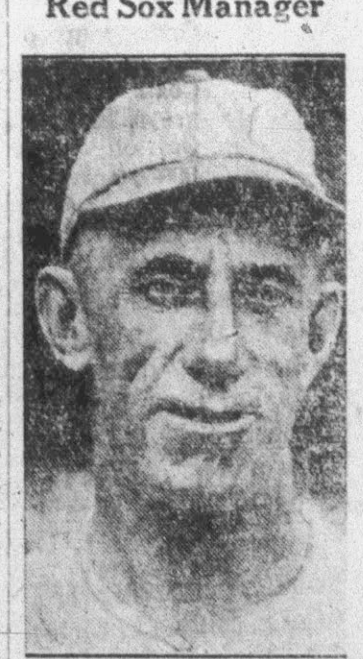

"I read your column regarding the great Georgia Tech team of 1917 with a lot of interest," writes Dick Jemison of the Ohio State Journal, "because at that time I was writing sports on the Atlanta Constitution and saw them play eight of their nine games.

"The one game I missed and one of the two you don't mention in your article, was the opening game when they ran up the record score in the history of football, beating Cumberland university 222 to 0.

"Every team that they defeated that year was defeated by the largest score they had ever been defeated by. I am listing below the complete scores for that year: Cumberland university 222-0 Davidson 47-0 Pennsylvania 41-0 Washington and Lee 63-0 Vanderbilt 83-0 Carlisle Indians 98-0 Georgia 21-0 Auburn 68-7

"I have always contended that this was one of the greatest football teams that ever played. Every lineman was in excess of six feet tall and the team averaged as a whole including the backfield, which contained two light men in Hill and Strupper, averaged 193 1-2

Red Sox Manager

John "Shano" Collins, former Chicago White Sox outfield star, is the new manager of the Boston Red Sox for 1931.

...pounds, and its speed was marvelous, considering its size.

"As an illustration, 'Pup' Phillips, the center, weighing 215 pounds, would beat both ends down under punts.

"You will note the Georgia score was 21-0, which was simply a carrying out of the old adage that when these two meet, past performances don't count. They fight each other tooth and nail and I

...don't think either one has beaten the other by such a score since they've been playing."

Dick Jemison can charge omission of Georgia Tech's massacre of Cumberland to the official Spalding Football Guide; also to John Heisman, Tech coach in 1917, who wrote Spalding's story of his team accomplishments without making mention of the record score,

...whether from modesty or embarrassment.

Spalding's, after nothing the size of that score, representing over 30 touchdowns, perhaps decided to refer the matter to its track and field department.

Incidentally, this year's renewal on December 6 of the ancient rivalry between Georgia Tech and Georgia may be anything but the

Only One Official Telephone Directory In Greenville

NO individual or firm has been authorized to publish a directory containing a list of telephone numbers in Greenville. Any such list is unofficial and unauthorized by us, and, if used, will probably interfere with your service.

The Carolina Telephone Company's directory contains the only complete and official list of telephone subscribers in Greenville.

When you are solicited for listings or space for advertising in the telephone directory, be sure the solicitor represents the Carolina Telephone Company's directory.

Carolina Telephone Company's representatives are prepared to identify themselves. Demand identification for your own protection, and be sure that your contract is for space in the official telephone directory. The Carolina Telephone Company's directory has been arranged to meet every useful need of telephone subscribers and the general public, and is the only official list of Greenville telephone numbers.

It is corrected and published at regular intervals, and a copy is furnished each telephone subscriber without cost.

CAROLINA TELEPHONE AND TELEGRAPH COMPANY
Incorporated

expeted romp for Harry Hehr's Dixie gridiron frontier, the argu- boys from Athens, Georgia looked like one of the best teams in the country when it bowled over Yale at New Haven early in October, but that "peak" could not be held. Tulane defeat of the Bulldogs probably will revive some optimism on the Tech campus in Atlanta.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

Perkins

Says— WE ARE OVERSTOCKED!

This being our third year, each season having shown a good increase in our business, I expected good prices for Tobacco and Cotton crops, and bought accordingly. The disappointing crop prices has given us a Big Overstock. I have turned the stock over to C. H. Schaut, of the Carolina Trade Bureau, for Quick Sale at what it will bring. You will receive the same courteous treatment as if there was no sale.

Visit our store during this Sale, you will be thoroughly convinced of the Real Bargains we are offering

Market Report Cotton--Stocks--Grain

COTTON MARKET N. Y. STOCK LIST

New York, Dec. 4.—(AP)—There was a steadier tone in cotton during today's early trading on covering and trade buying promoted by the relatively firm ruling of Liverpool.

The opening was 4 to 9 points higher, with new December selling up to 10.37 and Ma to 10.98, but there was further scattered liquidation and some southern selling which supplied the demand and the market became comparatively quiet after the initial orders had been executed. At the end of the first half hour, however, the market was holding steady within 2 or 3 points of the opening quotations.

Liverpool cables said that hedge selling and liquidation had been absorbed by covering in that market but that buyers of cotton yarns and cloths in Manchester were holding aloft pending a more stable market. A private crop report was published estimating the yield at 14,940,000 bales.

GRAIN MARKET

Chicago, Dec. 4.—(AP)—Buying ascribed to government sponsored agencies helped rally wheat in late dealings today, and more than offset early downturns in prices. An improvement was noted in domestic milling demand also.

Wheat also was sought for previous speculative sellers, although December wheat in Winnipeg sold around 10c under Chicago compared with an import duty of only 15c.

STOCK MARKET

New York, Dec. 4.—(AP)—A listless downward drift of prices was extended without interruption into another session of the stock market today.

Losses again ranged from 1 to 3 points. A few of the rails penetrated new low levels, but the list as a whole held well above the bottom prices touched last month. Trading was extremely slow.

Shares losing 2 to 3 points include American Telephone, Allied Chemical, Air Reduction, Electric Auto Lite, North American, Sears Roebuck, Macy, Easman, Delaware and Hudson, Underwood Elliott, Gillett, Western Union, Coca Cola and Atchison, while issues losing a point or more included U. S. Steel, Radio, National Biscuit, Woolworth, Electric Power and Light, Proctor and Gamble, New Haven, New York Central, and Rock Island. Lehigh Valley was firm, reflecting declaration of the regular dividend. Richfield Oil had an upturn during the morning, but then lost its advance.

Failure of the market to make any bullish response to the announcement of higher prices for plates shapes and bars by leading steel producers, evidently encouraged a little bear selling, but the scant volume of trading made bears cautious.

Woolworth reported November sales 79-10 per cent off from last year, against an aggregate decline for the first 11 months of only 49.10. It would appear that Montgomery Ward's November report, showing a drop of 25 percent, reflected an individual situation, rather than general trade conditions. It is recalled that the company opened several new stores a year ago, at which special sales efforts were made.

Call money held at 2 percent, with an easier undertone. Secretary Mellon's request for authorization of new bond issues was a further step in the government's plan to take advantage of the current low interest rates for refunding some of its indebtedness.

Two More Deaths From Poison Rum In North Carolina

Lumberton, Dec. 4.—(AP)—The toll of lives taken in North Carolina by poisonous liquor within ten days stood today at eight. All ten dead were negroes. Two deaths from drinking poisonous alcohol were counted here yesterday. Six were listed last week in Guilford county. In addition to the two dead, three negroes here were seriously ill. They said the alcohol was bought at a garage. The alcohol blamed with causing the death of three of the Guilford negroes was reported to have been bought at a filling station.
