URGES DRIVE FOR REDUCED COTTON CROP

Governor Gardner Declares Another 14,000,000 Crop Would Be Knockout

Raleigh, Dec. 9.—(AP)—Gov. O. Max Gardner of North Carolina declared today that he was "absolutely convinced that a cotton crop of 14,000,000 bales of American cotton next year would furnish a final knockout for the south."

Speaking at the annual joint meeting of farm and home demonstration agents of the counties of the state the governor declared "if the leaders of southern agriculture do not make a united drive to reduce our cotton acreage next year our situation will be deplorable."

"The same argument for cotton applies with equal force to tobacco and the same line of reasoning and possible economic disaster is indicated," Governor Gardner said.

The governor declared "there is no economic escape from that fact that with our huge carry-over of 8,000,000 bales and reduced world consumption of American cotton we are looking eight cent cotton squarely in the eye 'if we have another normal crop.'"

In 1928, he said, with an 18,000,000 bale crop the price was 11 cents a pound and in 1927 with a 12,000,000 bale crop the price was 20 cents.

"I am convinced that our production of cotton in 1931 is going to determine the social and economic status of the South for the next decade," Governor Gardner said. "I realize that we cannot make a big crop east of the Mississippi without commercial fertilizer and I also realize that we cannot secure fertilizer without cash, which is going to be most difficult to obtain."

"I therefore think that even if we are foolish enough not to reduce acreage that our crop will be greatly reduced by reason of a lack of food value."

"The banks and leaders of the south should exercise the highest degree of patriotism in directing this acreage reduction for the salvation of the South."

Court Refuses Plea To Delay Gant Sentence

Greensboro, Dec. 9.—(AP)—Judge W. A. Devin today declined request of attorneys for Mason W. Gant, given ten years in state's prison yesterday for having misappropriated public funds, that he be permitted to delay starting service of his sentence until March 1, 1931.

The former clerk of Guilford Superior court probably will be taken to the penitentiary in Raleigh tomorrow.

Gant had asked the delay in order that he might assist in straightening out the affairs of the clerk's office, which he turned over to A. Wayland Cooke when charges of fraud were brought against him, and that he might aid receivers for his property.

The convicted man yesterday pleaded nolo contendere to 13 and guilty to two of 15 indictments charging him with forgery, embezzlement, abstraction and misappropriation of funds and malfeasance in office. Last week the State of North Carolina was awarded an uncontested judgment against his property for \$9,519.44. The sum and interest of Confederate pension funds Gant was charged with having converted to his own use. Saturday Judge Thomas J. Shaw placed his properties in permanent receivership.

Gant, 33 years old, has been reported ill since one week before the first indictment against him was returned. He appeared in court yesterday, however.

South Pays Homage to Creator of the 'Brer Rabbit Story

Atlanta, Dec. 9.—(AP)—The papers of 'Brer Rabbit' were revived in memories of grown-ups today as the south paid homage to the genius of Joel Chandler Harris, the "Uncle Remus" who had delighted children of many lands.

The occasion was the 82nd anniversary of his birth. Memorial programs were arranged in schools and other public places.

Mrs. Matthew Wilson, president of the Uncle Remus Memorial Association, announced the association plans to enter Mr. Harris' name for selection to the American hall of fame in New York University. Mrs. H. G. Hastings, in charge of the association's observance of the birthday said that already Mr. Harris and his writings are better known "than Shakespeare was in England 200 years after his death."

NAMED CORN KING AT CHICAGO

Herbert C. Watson of Tipton, Ind., former Purdue college student, was named corn king for 1930 at the international livestock exposition in Chicago.

Emergency Bill Provides \$110,000,000 For Roads And Harbor Improvement

Emergency Bill Provides Large Sums for N. C.

Wilmington, Dec. 9.—(AP)—The emergency construction bill reported to the House today carried provisions for expenditure of \$1,104,000 on Rivers and Harbors in North Carolina.

The total is exclusive of an item of \$530,000 for construction of a waterway from the Cape Fear River to Craven Bay, S. C., part of which will be expended in North Carolina.

The largest item for the state in the bill was one of \$785,000 for improvements in the Cape Fear River channel at and below Wilmington.

The highway allotment for the State was listed at \$1,926,775.

PRICES PICK UP ON LOCAL LEAF MARKET

Market Averaged \$15.99 On Nearly Million Pounds of Tobacco Yesterday

With sales showing a pronounced gain over the past few days the Greenville tobacco market yesterday sold 917,232 pounds of tobacco for \$146,624.63 at a general price average of 15.99 per hundred pounds, according to the daily report made public yesterday afternoon by K. W. Cobb, supervisor of sales.

The report stated that prices for the better grades of tobacco were decidedly higher than any other time this year. Medium grades also showed renewed life.

With improved weather conditions sales were expected to continue heavy with little letup until the holiday season when the major part of the crop will have been disposed of.

The improvement in the price situation is expected to see a speeding up of marketing, as growers make an effort to lay aside funds for making their homes merrier during the Christmas season.

Disposition of the crop will be somewhat later this season because of the slow start which the farmers get when the market first opens. But, barring bad weather, tobaccoists expect to be able to handle the bulk of the crop by Christmas.

Man Held In Jail At His Own Request

Hickory, Dec. 9.—(AP)—At his own request, Sutton Abernethy, who late yesterday shot and killed "shorty" Tallent, 45, resident of the Hilderbran section, was held in jail today.

Abernethy asked no bond. He said he feared Tallent's kinsmen.

According to Abernethy's story related when he surrendered to sheriff's officers here, he was out hunting rabbits when Tallent approached and threatened him with a knife. He shot in self defense, Abernethy said.

SIX MEMBERS TARIFF BODY APPROVED

Senate Committee Passes on Men Nominated by President Hoover

Washington, Dec. 9.—(AP)—The Senate Finance committee today approved the nominations of President Hoover's six tariff commissioners, after inquiring into the connections of Edgar B. Bossard, Republican, Utah, with the 1923 sugar study.

Floor contests against confirmation of Bossard and Alfred P. Dennis, Democrat, Maryland, were promised.

Bossard was approved 11 to 8 and Dennis, 16 to 2.

One Democrat, King of Utah, voted with ten Republicans in favor of Bossard. One Republican, La Follette of Wisconsin, voted with seven Democrats in opposition.

Senators Couzens, Republican, Michigan, and Harrison, Democrat, Mississippi, opposed Dennis, although several of those voting for him reserved the right to oppose confirmation.

The other nominees, Henry P. Fletcher, Pennsylvania, chairman; John L. Coulter, North Dakota, Republicans; and Thomas W. Parr, Virginia, and Lincoln Dixon, Indiana, Democrats, were approved without record votes.

MEASURE PROVIDING FOR RELIEF OF UNEMPLOYMENT RECEIVED BY THE HOUSE TODAY; \$80,000,000 ADVANCE FOR STATES TO PROCEED WITH HIGHWAY CONSTRUCTION

Washington, Dec. 9.—(AP)—Speeding an act on relief legislation, the House received from its appropriations committee today the unemployment emergency construction bill providing \$110,000,000 for highway and river and harbor improvements.

The sum of \$80,000,000 was appropriated for advance to states for highway construction, so they might go on with building despite inability to meet Federal aid obligations. The fund will be returnable over a period of five years, where the states cannot meet Federal funds of a 50-50 basis.

River and harbor work was allowed \$27,000,000; flood control on the Mississippi and its tributaries \$3,000,000; roads and trails for national forest \$3,000,000; and roads and trails in national parks \$1,500,000.

Reporting the bill, the committee reduced President Hoover's requested \$150,000,000 lump sum to be allocated by him by \$40,000,000 and required that definite allotments be made for use of the \$110,000,000.

However, the bill contains a clause providing for the inapplicability of the appropriations so that in event it may be expedient to utilize more funds upon one character of work than another, the president will have authority to make such transfers as will provide the greatest opportunities for furnishing employment.

Another provision requires a report to Congress at the beginning of the next regular session, showing how he funds have been expended.

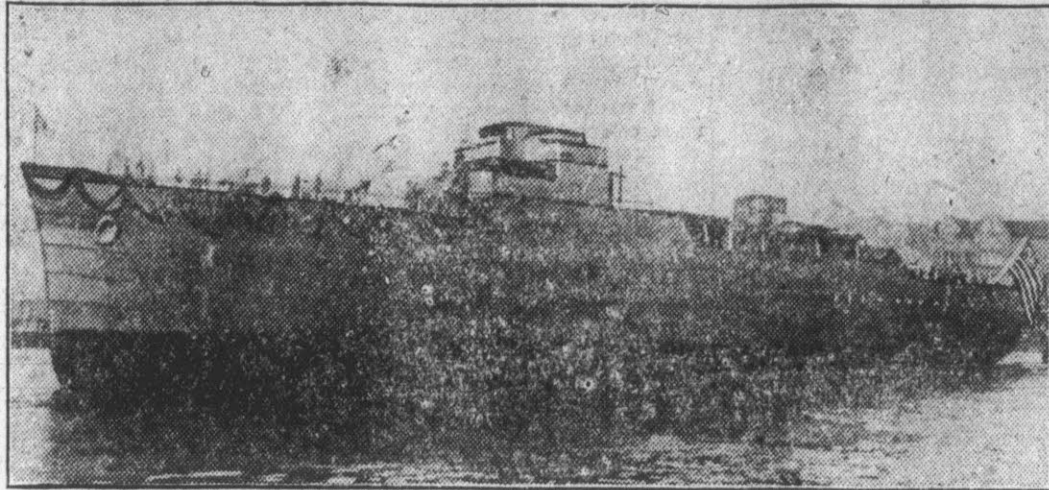

"The committee felt," the report said, "that as time was the essential factor in appropriations of this character it was far more advisable to include in a special measure at once these purposes which comprise the larger proportion of the estimates and give them special and immediate consideration."

The \$3,000,000 for flood control is to be expended under direction of Major General Brown, chief of the Mississippi under the 1928 Flood Act. About half is to be spent on the upper Mississippi and the remainder on the lower.

For rivers and harbors works, the South Atlantic division was allowed \$4,200,000, including: Knobbs Creek, N. C., \$79,000; Edenton Harbor, N. C., \$57,000; Cashier River, N. C., \$5,000; Roanoke River, N. C., \$46,500; MacKay Creek, N. C., \$1,100; Far Creek, N. C., \$30,000; Silver Lake harbor, N. C., \$11,000; Beaufort harbor, N. C., \$55,000; Morehead City harbor, N. C., \$35,000; Cape Fear river, at and below Wilmington \$735,000; waterway from Cape Fear river to Win-yah Bay, S. C., \$530,000; Waccamaw River, S. C., \$12,500; Shipyard Creek, S. C., \$24,000; Savannah harbor, Ga., \$90,000; Brunswick harbor, Ga., \$68,000; waterway from Beaufort, S. C., to St. John's river Fla., \$10,000.

Raleigh, N. C.—(AP)—November automobile sales in North Carolina totalled 1,780, the smallest since the 1923 title law was passed.

W. K. VANDERBILT'S YACHT LAUNCHED IN GERMANY

The Alva, William K. Vanderbilt's new 4,200 horse power motor yacht, as it appeared following launching ceremony at Kiel, Germany. The vessel, whose interior fixtures represent the last word in luxury, has a displacement of 3,500 tons.

President Sees Efforts To Increase Financial Burden Of United States

Says Organizations Trying to Impose Greater Expenses Than Government's Financial Position Would Permit; He Warns Against Raids On the Public Treasury

Washington, Dec. 9.—(AP)—President Hoover declared today that efforts were being made to impose greater financial burdens upon the government than its financial position would permit.

Prosperity cannot be restored by raids on the public treasury, he warned.

Noting that pending legislation would impose additional burdens of \$4,500,000,000 above the sums he asked for in his budget message he said the budget contained the maximum expenditure that the government could make without increase in taxes. Any tax increase, he continued, would fall on the farmer and worker.

Mr. Hoover said that some organizations were playing politics at the expense of "human misery."

"The American people will not be misled by such tactics," the full text of President Hoover's statement was:

"I observe that measures have already been introduced in Congress and are having advocacy which if passed would impose an increased expenditure beyond the sums which I have recommended for the present and the next fiscal year by a total of nearly \$4,500,000,000 and mostly under the guise of giving relief of some kind or another."

"The gross sums which I have recommended to carry on the essential functions of the government include the extreme sums which can be applied by the Federal government in actual emergency employment or relief, and are the maximum which can be financed without increase in taxes."

"No matter how devised, an increase in taxes in the end falls upon the workers and farmers, or alternatively deprives industry of that much ability to give employment and defeat the very purpose of the schemes. For the government to finance by bond issues deprives industry and agriculture of just that much capital for its own use and for employment. Prosperity cannot be restored by raids upon the public treasury."

"The leaders of both parties are co-operating to prevent any such event. Some of these schemes are ill-considered; some represent statisticians and some represent desire of individuals to show that they are more generous than the administration or that they are even more generous than their own parties. They are playing politics at the expense of human misery."

"Many of these measures are being promoted by organizations and agencies outside of Congress and being pushed upon members of Congress. Some of them are mistaken as to the result they will accomplish and they are all mistaken as to the ability of the Federal government to undertake such burdens. Some of these outside agencies are also engaged in promoting political purposes. The American people will not be misled by such tactics."

Members of the Pitt County Board of Commissioners met yesterday to appoint county tax assessors for the coming year, but the matter was transferred to the supervisor of taxes in the Auditor's department. The list, it was said, would be complete during the latter part of the week.

The collection of taxes prior to 1930 was turned over to P. L. Store, assistant auditor. Collection of these taxes heretofore was in the hands of the sheriff. The change was necessitated by legislation calling for such a transfer.

This was the third meeting of the Board of Commissioners since they were inducted into office the first Monday of the month. The last meeting was held at night to discuss the proposed reduction of the salaries of county employees. This matter was deferred until the first meeting in January.

At the former meeting the tax department was combined with that of the County Auditor, and will be in charge of J. T. Olifton, auditor, with P. L. Stone, former head of the tax department, acting as assistant auditor.

The first meeting of the New Year will be one of the most important since the new board went into office, and will be marked by the consideration of numbers of matters. Chief among them will be the election of a superintendent of the County home which has been hanging fire since the first meeting.

Doak Administered the Oath of Office

Washington, Dec. 9.—(AP)—The swearing in of William N. Doak as secretary of labor was a simple affair today.

The formality that usually accompanies the induction into office of a cabinet member was held last week. Only department officials were in the office as Mr. Doak recited the oath, following his confirmation yesterday by the Senate.

Siler City Man Killed By Auto

Liberty, Dec. 9.—(AP)—W. B. Straughan, 57, of near Siler City, was struck and instantly killed here last evening by the automobile of Prof. T. G. Andrews, Staley high school principal.

A magistrate's court absolved Andrews of blame, when three eye witnesses testified the tragedy was unavoidable.

MAYOR STILL HOLDING JOB AT ASHEVILLE

Gallatin Roberts May Yet Follow Lead of Other Officials and Resign

Asheville, Dec. 10.—(AP)—The governmental reins of the City of Asheville hung slack this morning as Mayor Gallatin Roberts debated the question of whether to follow the lead of his colleagues, Commissioner C. H. Bartlett and Commissioner L. B. Rogers, in tendering his resignation.

Commissioner Rogers, of the department of public works, tendered his resignation, and the other two members of the board yesterday morning for immediate action. It was accepted. Then Commissioner Bartlett last night wrote Mayor Roberts that he would resign as soon as another commissioner could be appointed so that the resignation could be accepted by two members of the board as required by law.

The letter was brought before Mayor Roberts as he and Commissioner Bartlett, two remaining members of the board, met this morning. The meeting was recessed in order that the mayor might have an opportunity to consider the problem of new appointments and the possibility of his own resignation.

A mass meeting, proposed to be held at the city auditorium tonight for the purpose of "discussing the situation," was called off this morning on account of recent happenings which have tended to clarify the situation, it was explained. Petitions had been circulated in the business and residential sections yesterday calling for the meeting of citizens.

Miller was sent to prison on Aug. 22, 1929 from Gaston county for stockbreking and larceny to serve seven to ten years. On September 19, less than a month after entering prison, Miller escaped from Cary prison farm. He was recaptured and escaped again June 16, this year.

Sunday Birmingham authorities shot and captured J. L. Sullivan and Ollie Moore, two other escaped prisoners, from North Carolina.

WOMAN FACES LIFE IN JAIL FOR MURDER

Denver, Dec. 9.—(AP)—Convicted of murdering her 10-year-old step-daughter, Mrs. Pearl O'Loughlin today faced life imprisonment at hard labor in the Colorado state penitentiary.

The jury which heard the case of the titillated, 31-year-old step-mother deliberated an hour and 36 minutes last night.

With Mrs. O'Loughlin's alleged confession to police barred as evidence, the verdict carried with it an automatic penalty. Under Colorado law capital punishment can be imposed only where there is an eye-witness to the crime or a confession by the accused.

Laughing and joking with her attorney a moment before the jury filed into the box, Mrs. O'Loughlin listened intently but with no display of emotion as Judge Henry A. Calvert read the verdict.

The formalities were granted thirty days in which to file a motion for a new trial. Should the motion be denied, John M. Keating, her counsel, said he will appeal to the State Supreme court.

The formalities over Mrs. O'Loughlin stood erect and walked with firm step from her chair down a narrow passageway to the prisoner's dock.

In the front row of the spectators' section sat the woman's husband, Leo, a city detective, whose life the State alleged she also sought.

SOUNDS NEED FOR DRY LAW RALLY IN 1932

President of Flying Squadron Speaks At National Temperance Council

Washington, Dec. 9.—(AP)—A demand for creation of an all-embracing federation of dry forces, divorced from the church, to protect prohibition in the 1932 campaigns, was laid today before the National Temperance Council. At another dry meeting the question of a prohibition referendum was revived.

Oliver Stewart, president of the Flying Squadron Foundation, called for a dry mobilization pointed toward the next presidential election. He hit out at the lack of "militant leadership" in the prohibition ranks, contended "the church, as such, has no place in a contest for the election of a president," and even suggested supplanting some dry organizations.

Virtually all the 100 delegates he addressed represented either church or temperance societies.

Three blocks away, Dr. Clarence True Wilson, secretary of the Methodist Board of Temperance, laid before the annual meeting of his board the challenge for a referendum. He opened his annual report with a reference to the "great alarm being expressed by some of our timid people in regard to newspaper publicity about referendum."

Scarcely 12 hours before, the temperance council behind closed doors had recorded a unanimous standing vote against any such proposal. Dr. Wilson was not present.

The resolution adopted said that "Having won the eighteenth amendment, there is no occasion for the dry forces to join in any movement by referendum or other process for its repeal."

F. Scott McBride, superintendent of the Anti-Saloon League, in a militant address had predicted a prohibition "battle royal" in the 1932 conventions of both parties, and defeat for the Republican party if its candidate was wet or moist.

Dr. Wilson in his report criticized shifting the prohibition bureau from the Treasury to the Justice Department, saying, "We imagined it would take two years to do this and get it on a working basis." He added: "This has proved to be the case and will be the situation for some time to come."

Escaped Convict Killed In Attempt to Rob Ala. Store

Raleigh, Dec. 9.—(AP)—Ernest Miller, escaped convict of state's prison, was shot and killed while attempting to rob a store near Birmingham, Ala., yesterday, prison officials here announced.

Miller was sent to prison on Aug. 22, 1929 from Gaston county for stockbreking and larceny to serve seven to ten years. On September 19, less than a month after entering prison, Miller escaped from Cary prison farm. He was recaptured and escaped again June 16, this year.

Sunday Birmingham authorities shot and captured J. L. Sullivan and Ollie Moore, two other escaped prisoners, from North Carolina.

Hope of Finding Missing Student Abandoned Again

Pampa, Tex., Dec. 9.—(AP)—Hope that Morgan P. Moorer, long missing University of North Carolina youth, had been found flared up in this southwestern town but faded almost as quickly as it dawned.

Capt. Edward G. Trimmer, of the Salvation Army, Galveston, yesterday wired authorities at Asheville, N. C., Moorer's former home:

"Missing Morgan P. Moorer staying in flop house, Fort Worth Highway, Pampa, Tex.

Hurried messages flashed back from the North Carolina city sent newspapermen and police hastily searching for the youth. The quest early today had been futile.

A Salvation Army official remembered having fed a youth from the Carolinas last week, but the young man disappeared and had not been seen at the Salvation Army lodging place again.

There were some discrepancies, too, in the description of the young man seen here and Moorer. The Salvation Army official described the youth he fed as blond and rather tall. Asheville dispatches said Moorer was dark-eyed and tall.

Moorer, 17-year-old son of a deceased Asheville physician, disappeared from the North Carolina University at Chapel Hill, Feb. 17.

A nation-wide search failed to locate the missing student, although many unverified reports that he had been seen in widely distant places were received.

APPEAL FOR MORE LIBERAL SEAL BUYING

Woman's Club Calls On Public to Buy Generously in Behalf Sick Children

An appeal for more liberal support of the Tuberculosis Christmas Seal campaign went out from the Woman's Club today. Although sales of the tiny seals have been fairly good, it was stated that they were far below what was expected.

Money derived from the sale of the seals will be used in providing a bed for indigent children at Pitt Community hospital. The accommodations will not be for tuberculosis sufferers alone, but for any child of the poor requiring hospital attention.

The club this season hoped to sell one hundred thousand seals, it was revealed this morning, but up to this time only a small part of that number had been disposed of. Every organization is being called upon to join in this movement to ameliorate the condition existing upon the sick children of indigent families during the coming year.

Dollars invested in this way members of the club, declared go to the saving of human life—the lives of little children who would never be able to realize the full extent of physical development without the aid of the public.

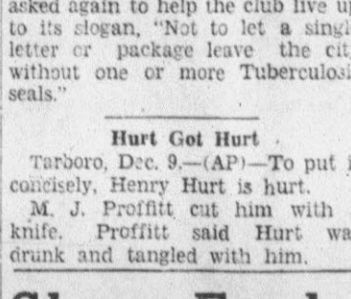

Scores of children even at this time are in need of hospital attention, but they cannot obtain it because their people are too poor to afford it. It is such cases that the Woman's club hopes to reach, and with liberal support from the public in the sales of Tuberculosis Christmas seals, the organization hopes to be able to do it during the coming year.

Seals are being offered for sale by various club members and organizations, and the public has been asked again to help the club live up to its slogan, "Not to let a single letter or package leave the city without one or more Tuberculosis seals."

Hurt Got Hurt
Tarboro, Dec. 9.—(AP)—To put it concisely, Henry Hurt is hurt.

M. J. Proffitt cut him with a knife. Proffitt said Hurt was drunk and tangled with him.

Shop Early

15 UNTIL DAYS XMAS

DUKE COACH TO GO TO W. AND L. NEXT SEASON

Charlotte, Dec. 9.—(AP)—The Charlotte News today says James DeHart, football coach at Duke University had revealed an agreement with Washington and Lee University officials to coach there next year.

DeHart's contract with Duke expired this fall and last summer Duke athletic officials announced he would be replaced by Wallace Wade, present Alabama mentor.

Before coming to Duke, four years ago, DeHart, a former Pittsburgh star, coached at Washington and Lee.

The paper says Tex Tilson, line coach at Duke, will accompany DeHart to Washington and Lee and that "it is expected Eddie Cameron, second aid of DeHart, also will move to the general institution."

A "co-worker" of DeHart is given by the News as the source of its information. It says DeHart met W & L officials in Washington a week or so ago and reached an agreement with them "at a salary that exceeds that paid him when he was there formerly."

TENNESSEE FINISHES UP IN 3RD PLACE

Atlanta, Dec. 9.—(AP)—Although injuries to veterans hurt its championship hopes, Tennessee, the early Southern Conference favorite, backed overwhelming odds to finish the campaign just a notch lower than Alabama and Tulane, co-sharers of the 1930 title.

The injury jinx visited the Volunteer camp at Knoxville before the practice days were over as Gene McEver, the nation's scoring leader in 1929, suffered a knee injury that kept him out all year.

Early warm-up victories cost the Vols their stellar senior ends, Paul Hug and Fritz Brandt. And Decker, Cox, Saunders and other stars were out of the lineup for crucial games.

But even with these aces missing the Vols, under Coach Bob Neyland, marched to victories over their arch rivals, Vanderbilt and Kentucky, and lost only to the Red Juggernaut from Alabama.

Dixie Gridiron critics give most credit for Tennessee's sensational play under these handicaps to Quarterback Bobby Dodd, called by many a coach on the field. This youngster, a unanimous choice for the Associated Press all-southern team, was uncanny in his selections of plays. He directed an admittedly inferior team through several games to victory.

Seldom has the south seen such an all-round backfield performer as Dodd. McGugin, veteran coach at Vanderbilt, ranked him alongside of Benny Friedman, the former Michigan star, as a passer, while his skill as a kicker rated him the best in the south.

The excellent play of Buddy Hackman, halfback, and the meritorious service of several sophomore substitutes also aided Tennessee in beating Florida Saturday, 13 to 6.

CHARITY GAME FAIL TO GET DRAWS CASH DUKE-N. C. TO PLAY AGAIN

New York, Dec. 9.—(AP)—Ticket sales for the benefit football game between the Army and Navy at the Yankee Stadium Saturday had passed the \$600,000 mark today and it still was hoped the receipts would reach or exceed \$1,000,000.

Grover Whalen, chairman of the committee sponsoring the contest to aid the unemployed, announced that 17,000 of the 80,000 tickets still remained to be sold. He expressed confidence that they would be disposed of within the next two days.

Stimulating the sale more than any other factor was Navy's spectacular triumph over Pennsylvania at Philadelphia last Saturday. The Midshipmen revealed unsuspected power on the attack in that game and all predictions of an easy Army victory have been tossed overboard. Prospects now are for a closely contested game that may be decided by one "break."

Army has much the better record, losing only to Notre Dame by a one point margin and getting no better than a tie with Yale. Navy, on the other hand, was trounced by Notre Dame, 26-2, and lost to Duke, Ohio State and Southern Methodist as well.

But the Midshipmen have been coming fast and seemed to have reached the peak against Penn. The Quakers were baffled by the rugged Navy defense and Gagnon, Kim and Hurley gained ground almost at will through Penn's defenses. The Army, on the other hand, pointed for the Notre Dame contest and the broke training for three days to keep from going stale. The coaches at West Point have the difficult task of building up the team again to the high point of efficiency it reached against Rockne's might array.

employment relief, and President Graham said both universities were sympathetic with plans to relieve unemployment but felt the post-season game idea was "unwise." The opening of examinations nine days hence was cited as an objection.

Dean Wannamaker said no request for such a game had been received from any charity or welfare organization and called attention to a Southern Conference rule against post season games. North Carolina representatives cited a faculty resolution against such contests.

SPICER WINS SCORING RACE IN THE SOUTH

Atlanta, Dec. 9.—(AP)—Caray Spicer, University of Kentucky backfield star, scored 75 points during the football season just ended to win first place in the Southern Conference scoring race.

Campbell, Alabama, was runner-up to Spicer, with 73 points. Roberts, Georgia fullback, who led conference scorers early in the fall, finished in a tie for third place with Berger, Maryland, each had 72 points.

Spicer played his last conference game Thanksgiving, as did Campbell. Roberts and Berger thus had a chance to overcome their lead, but were held scoreless in their games Saturday.

Durham, Dec. 9.—(AP)—Jimmy DeHart was out of the city today and could not be reached for a statement on reports he would coach next year at Washington and Lee University.

Lexington, Va., Dec. 9.—(AP)—R. A. Smith, graduate manager of athletics at Washington and Lee University, today vigorously denied reports that Jimmy DeHart "or any one else" had been named football coach at the Lexington institution to succeed Eugene Oberst, resigned.

"The Athletics Council hasn't even met to consider the matter," Mr. Smith said. "Just as soon as we do meet, we will issue a statement. Until then believe nothing."

DeHart, in his final year at Duke Devil team on record.

Goldsboro, Dec. 9.—(AP)—Jimmy DeHart, here for a short time today, declined to discuss a report that he would coach at Washington and Lee University next fall.

"I really can't say," he replied when asked his future coaching plans.

Tex Tilson, Duke line coach with DeHart. The latter said they were passing through Goldsboro on a "hunting trip" but declined to state where they were going.

Chicago University Discontinues Annual Basketball Classic

Chicago, Dec. 9.—(AP)—The "Big Trip" to Chicago to strive for the national interscholastic basketball title has been made by high school teams for the last time.

Coach Amos Alonzo Stagg last night announced that the University of Chicago had decided to discontinue the tournament which has been the Blue Ribbon event of high school basketball since 1912.

From ever part of the country the Prep stars made a colorful drive on Chicago for a week each March. Boys who had to walk miles to the railroad and teams which played and practiced outdoors came to the tournament, the last two renewals of which were won by the Athers, Texas, Hornets.

The National Federation of High School Athletic associations and the north central conference of colleges and secondary schools, in the past few years have disapproved of the national athletic events. The high school organization last winter voted to suspend any member institution attending such tournaments.

A committee appointed by the University of Chicago to learn the sentiment of high school principals sent out a questionnaire. Eighty-nine voted for discontinuance, 30 wished to have the tournament continue and 16 were undecided.

In announcing discontinuance of the event, Director Stagg said: "The University of Chicago began interscholastic basketball tournament to cover a field which then was rather neglected.

"I believe the tournament has done much to create interest in the sport and I am sure it has made distinct contributions to developments of standards of eligibility and sportsmanship. It also has been an important factor in the development of the National Federation of State and High School Athletic Associations. Apparently the purpose of the tournament has been served and no longer is necessary."

Diegel Defeats Chicago Golfer

San Francisco, Dec. 8.—(AP)—Shooting sub-par golf, Leo Diegel, Agua Caliente professional, has defeated Al Espinosa, Chicago, 6 and 4 to win the first annual San Francisco open match play golf tournament.

Espinosa had difficulty in the final play yesterday in spite of the fact that the news of the death of his sister, Mrs. Lydia Sorrell, in Los Angeles, was withheld from him until after the match.

Out of prize money, totalling \$7,500, Diegel received \$1,000 and Espinosa \$1,005. George Von Elm of Detroit, and Joe Ezar, Chicago, who were eliminated in the semi-finals, received \$532 each.

Abe Espinosa, Chicago, brother of Al Espinosa; Willie Groggin, San Francisco; Gene Sarazen, Flushing, N. Y., and Fred Morrison, of Alhambra, Cal., who fell by the wayside in the quarter finals, received \$320 each.

Brewer to Captain Devils Next Year

Durham, Dec. 9.—(AP)—Dashing, plunging Pierce O. "Kdi" Brewer who alternated this season between half and fullback position, will captain the Duke Blue Devils in 1931.

Brewer was elected captain last night. His home is Winston-Salem. He is a rising senior.

Coach Jimmy DeHart announced 25 members of this year's squad would receive block letters.

Chicago University Discontinues Annual Basketball Classic

Chicago, Dec. 9.—(AP)—The "Big Trip" to Chicago to strive for the national interscholastic basketball title has been made by high school teams for the last time.

Coach Amos Alonzo Stagg last night announced that the University of Chicago had decided to discontinue the tournament which has been the Blue Ribbon event of high school basketball since 1912.

From ever part of the country the Prep stars made a colorful drive on Chicago for a week each March. Boys who had to walk miles to the railroad and teams which played and practiced outdoors came to the tournament, the last two renewals of which were won by the Athers, Texas, Hornets.

The National Federation of High School Athletic associations and the north central conference of colleges and secondary schools, in the past few years have disapproved of the national athletic events. The high school organization last winter voted to suspend any member institution attending such tournaments.

A committee appointed by the University of Chicago to learn the sentiment of high school principals sent out a questionnaire. Eighty-nine voted for discontinuance, 30 wished to have the tournament continue and 16 were undecided.

In announcing discontinuance of the event, Director Stagg said: "The University of Chicago began interscholastic basketball tournament to cover a field which then was rather neglected.

"I believe the tournament has done much to create interest in the sport and I am sure it has made distinct contributions to developments of standards of eligibility and sportsmanship. It also has been an important factor in the development of the National Federation of State and High School Athletic Associations. Apparently the purpose of the tournament has been served and no longer is necessary."

Chicago University Discontinues Annual Basketball Classic

Chicago, Dec. 9.—(AP)—The "Big Trip" to Chicago to strive for the national interscholastic basketball title has been made by high school teams for the last time.

Coach Amos Alonzo Stagg last night announced that the University of Chicago had decided to discontinue the tournament which has been the Blue Ribbon event of high school basketball since 1912.

From ever part of the country the Prep stars made a colorful drive on Chicago for a week each March. Boys who had to walk miles to the railroad and teams which played and practiced outdoors came to the tournament, the last two renewals of which were won by the Athers, Texas, Hornets.

Bloodhounds and Police Put End To Negro Party

Farmville, Dec. 9.—Spirits were high even at break of day Monday, at an all night party held at the home of Emeline May, in Washington Heights a negro section here until broken up by bloodhounds and police in search of thieves, who had pilfered the grocery store of Batton and Shirley of bread, mayonnaise, and carbed goods for refreshments served earlier in the evening.

There is no doubt in the minds of local police but what they arrested the guilty party, who was tracked by the hounds, but the evidence had been consumed by the party makers. However, a carload of Wilson negroes was jailed along with several suspects, charged with transporting whiskey, and the following sentences were imposed by Mayor Belcher at a hearing held early this morning: James Joyner, driving an automobile under the influence of liquor, and transporting same, road sentence of a year; Willie Vines and Frank Barnes, 6 months for resisting officers, and Emeline May, 6 months.

WILKINS STARTED CAREER AS FLIER-PHOTOGRAPHER

Wilkins seems to have begun his career as photographer or what might be called an aviator-photographer. He flew an airplane as early as 1910, learning from Gramme-White, one of the pioneers of aviation. His exciting career began when he went into the Balkan war zone, before the World War, and took the first moving pictures from the air over the fighting lines.

It was as motion photographer that he joined the Arctic expedition with Stefansson in 1913, and he took many of the pictures that have been shown in various magazines and books of that expedition.

The motion pictures that he shows in connection with his account of his experiences in "Flying the Ends of the Earth," are said to be very fine. When he appears at East Carolina Teachers College on the evening of December 12, he will show these pictures.

New Hudson and Essex Models On Exhibition Here

New Hudson and Essex models at the lowest prices in the 22 year successful history of their makers, the Hudson Motor Car Company, went on exhibition today at Pitt Hudson Co., on Dickinson avenue.

Both the popular cars are greatly improved in appearance, both being striking examples of the 1931 increased quality at reduced prices.

The Hudson, which will be known as The Greater Hudson Eight, is much more stylish, the swinging streamline effect being carried through from the new chromium-plated wind-screen to the tip of the rear fender. Luxurious upholstery, fittings and appointments, executed in a carefully restrained modern motif, harmonize in style and color and are carried out to the smallest detail. Power has been increased and many outstanding advancements in motor, chassis and body construction give great flexibility and smooth, easy riding at every speed.

There will be fourteen body types in the Greater Hudson Eight on two chassis lengths, 119 inches and 126 inches. These models are:

The Coach; the Coupe (a passenger and rumble seat); the Standard Sedan, four-door, two window, close coupled; Sport Roadster, 11th boat type rear deck, and 5 passenger Phaeton—on the 119-inch chassis. The Touring Sedan, seven passenger Family Sedan, Club Sedan, Brougham, with landau rear quarters, and seven passenger Phaeton come on the 126 inch chassis.

Youth Sacrifices To Buy Bird Dog; Animal Is Killed

Greensboro, Dec. 9.—(AP)—Acquilla Cameron, 13, Faison lad, set his heart on the possession of a fine bird dog.

By dint of selling papers, doing odd chores about town and hoarding his every nickel, he achieved the sum of \$50. Then he wrote to Oklahoma for the best bird dog \$50 would buy.

In due time the dog arrived. Acquilla unboxed him. He was, undeniably, a beauty, a dog to make a boy's heart glad and the eyes of his friends a bit envious. Acquilla set off uptown to display him.

Crossing the highway, the dog was killed by a truck.

Carolina Deaths

Greensboro, —(AP)—Zeb V. Conyers, 64, for 25 years in the drug business here.

Elm City, —(AP)—W. D. Tripp, father of Mrs. Duke Williams of Elm City. He died in Taylorsville, Ga., where he held several public offices.

Burlington, N. C., —(AP)—R. D. Malone, 85, Confederate Veteran.

PILES PAIN THOUSANDS

An old Chinese proverb says, "Nine in 10 suffer from piles," but the pain and itching of blind, protruding or bleeding piles usually are alleviated within a few minutes by soothing, healing Dr. Nixon's Chinairoid, fortified with a rare, imported Chinese herb, having amazing power to reduce swollen tissues. It's the newest and fastest acting treatment out. You can work and enjoy life right from the start while it continues its healing action. Don't delay. Act in time to avoid a dangerous and costly operation. Try Dr. Nixon's Chinairoid under our guarantee to satisfy completely and be worth 100 times the small cost or your money back.

Pitt Drug Company

Ethel Barrymore Fails As Blackface

New York, Dec. 9.—(AP)—Ethel Barrymore's Broadway engagement in "Scarlet Sister Mary" will be terminated next Saturday night after a run of less than three weeks.

"My friends in New York are determined not to come to see me in blackface," Miss Barrymore said, explaining the short run of the negro drama in which she stars and her daughter Ethel Barrymore Colt made her debut.

"That is all right, but I believe in this play and I'm going to take it to some other cities on tour which have expressed a desire to see me in it."

The play will go to Boston Christmas week. A dramatization of Julia Peterkin's Pulitzer novel of 1929 about the Gullah negroes. It opened in Columbus, Ohio, in September and played a lucrative road engagement before opening in New York two weeks ago tonight.

Son Beat Daddy

Fayetteville, Dec. 9.—(AP)—The buck of the draw threw George McNeill and Dick McNeill, father and son, against each other in the semi-final round of both the Fayetteville Country club and Highlands Public Links Golf course. Each time the younger McNeill won. He has opportunity now to win both tournaments.

Hines Reports On Disability Claims Of War Veterans

Washington, Dec. 9.—(AP)—Director General Hines, of the Veterans Administration, informed President Hoover today that 271,210 veterans had applied for the disability allowance created by the last Congress and that out of 99,026 claims passed on approximately 51 per cent had been allowed.

Hines said Mr. Hoover had been deeply interested in the fact that where employment was the tightest, the number of applications for government aid had been the largest.

The largest office of the veterans administration, in New York, had 9,000 applications compared with 10,000 at Detroit, a much smaller office, and 13,000 at Louisville, Ky.

The government on November 30 was paying benefits, Hines said to 1,095,524 persons. Compensation was being paid to 289,344 and death compensations to 93,238, making a total of 382,582 persons receiving compensation.

A total of 154,598 persons were drawing benefits from war risk insurance and 85,032 were receiving benefits from government converted insurance making a total of 169,630 persons receiving benefits from insurance.

Pensions were being paid to 256,204 soldiers, 203,753 widows or orphans of soldiers and 480 nurses. A total of 480,437 persons receiving pensions from the government.

The veterans administration was caring for 31,530 persons in hospitals and 21,604 in soldiers homes, a total of 53,000 persons being directly cared for by the government.

Padre Of Rains Passes Away At San Jose, Calif.

San Jose, Cal., Dec. 9.—(AP)—The Rev. Jerome Sixtus Ricard, "Padre of the Rains" died at the University of Santa Clara infirmary here last night. He had been confined to his bed most of the time since he suffered a heart attack in April, 1929.

The 80-year-old churchman and scientist was nationally known for his development of the sun spot theory of weather prognostication. His monthly weather forecasts, based upon observation of the sun, were issued regularly for a quarter of a century until he was stricken.

For more than a half a century he was connected with the University of Santa Clara where he was head of the astronomical observatory from 1917 to 1929.

Card of Thanks

We only wish we could find words to express our appreciation for the many kindnesses and expressions of sympathy shown us by our many friends through the loss of our wife, mother, sister and aunt, Mrs. W. J. Midyette and Mrs. B. W. Payne. The flowers were lovely. Words cannot express our appreciation. We will love every one more.

ABOUT TOWN

The firemen of Greenville are going to do their bit for the poor people. They have provided themselves with a toy department and from now on until Christmas actually come will devote considerable of their time to fixing of broken toys for the children of the destitute.

The firemen have called on all organizations and individuals who have broken toys to send them to the fire station so that they may help carry Christmas cheer into the homes of the poor.

This is the first time such a campaign has been adopted by the firemen and it is expected to have far-reaching effect in spreading the spirit of Yuletide where it is most needed.

If you have any broken toys around your home, bundle them up and send them along to the firemen so that they may rejoice in them for the happiness of the tiny tots of the poor.

Have you noticed the general increase in Christmas lights in the business section of the city? If you have, you have also probably noticed they are doing much to arouse the spirit of the Yuletide season. They tend to quicken the public pulse and to cause people to turn their thoughts to buying of things which they will need during the holidays.

Greenville has had the reputation of being the best lighted city in this section of the state the last two years and it is the purpose of the campaign committee to retain this prestige during the coming year. You can do much to help them realize this ambition by decorating your home or business house so that they will reflect the spirit of the occasion.

The Merchants Association has sponsored the Christmas lighting movement for the last three years, and it is the purpose of the organization to make this season greater than all previous. Don't forget your obligation as a public-spirited citizen.

The drive for the organization of the canning factory will begin Wednesday of this week and members of the soliciting committees today expressed hope that they would be able to raise the required sum. About half the amount of money to make the project possible has already been raised so the task before the committee is not such a large one.

Everybody realizes that the crying need of Greenville at this time is more manufacturing industries. No enterprise could serve such a vast number of people as the canning plant. It will not only open up a new market for farm products, but decrease unemployment and put a regular payroll in circulation among the business interests of the city.

The canning plant has been under consideration for months, but this is the first time a concerted drive has been started to make it an actuality. If you have any extra money you wish to invest in behalf of a greater and better Greenville, the opportunity is offered you through the canning factory movement.

While casting about trying to determine what to buy for Christmas, do not forget the tiny Tuberculous Christmas seals which members of the Woman's club are selling in behalf of the poor children of the community. Money derived from the sales of the seals will be used in providing a bed for sick children of the poor at Pitt Community hospital, and the greater the sales the more money the women will have to carry out their worthy movement.

The slogan of the organization is "not to let a single letter or package leave Greenville without Tuberculous Christmas seals." Help them realize the ambition by seeing that every letter or package leaving your home bears one or more of the tiny seals.

This is a cause in behalf of suffering humanity—tiny children writhing in pain an agony—so do your part while the opportunity is before you.

A year's subscription to the Daily Reflector is one of the most desirable Christmas gifts to be imagined.

For the man or woman who has been away from home for a long time, nothing would please them more than news from their home town every day of the year except Sunday, for an entire year.

The Reflector not only gives a graphic portrayal of the things happening right here at home, but also keeps its people fully informed of the things happening in other parts of the world. This is made possible by a complete leased wire news service operating eight hours every day of the week.

Don't worry yourself any more about what to send the friend or relative away from home, but mail us your check for \$5 and let us play Santa Claus for you.

North Carolina. The revenue derived from this source to be applied in the direction of reducing the taxes on real estate and farm land throughout the State.

10. This commission recommends that this State take over, operate, and finance the 6-months schools in North Carolina.

12. This Commission recommends wherever feasible and expedient consolidate the superintendents of the school systems of the county under one head which will bring about a reduction of expenses for the counties thus affected.

14. This Commission does not think that it is wise to permit an elective officer to collect the taxes of the county.

14. This Commission recommends that the tax on public utilities be equalized and classified in such a way that this class of property will bear its proportionate part of the support of the government.

15. This Commission recommends that Legislation be passed that will make it more attractive for corporations to incorporate in North Carolina, feeling that if this is done more corporations will have home offices in this State and incidental produce more revenue for the State than is now being received from this source.

This report was adopted by the Tax Relief Commission in session in Kinston, December 2, 1930.

Steering Committee appointed to have charge of carrying through this program: Geo. R. Ward, Chairman, Duplin; D. M. Stringfield, Cumberland; T. W. Coster, Jr., Gates; C. S. Wallace, Carteret; J. A. Weddell, Edgecombe; W. S. Corbett, Vance; Chairman W. A. Brown, Pender and N. G. Bartless, secretary of the commission.

RECOMMEND ECONOMY FOR THIS SECTION

Eastern Chamber of Commerce Would Delay Eight Months School Law

The following recommendations have been provided by the Tax Relief Commission of the Eastern Carolina Chamber of Commerce at Kinston, N. C.:

1. This Commission recommends that a State-wide 8 months school not be put into effect in North Carolina at this time. The Commission is not opposed to education but is of the opinion that this is not the proper time to establish a State-wide 8 months school system.

2. This Commission recommends a program of economy be put into effect in State, County and Municipal governments of this State in such a way that it will bring about at least a 10 percent reduction in salaries of State, County and Municipal employees including the schools. This Commission fully appreciates the fact that salaries of State officials that are fixed by the Constitution cannot be arbitrarily reduced except by amendment to the Constitution but it is the opinion of this Commission that such officials as come under this head should feel it their duty to fall in line with the spirit of the recommendation and accept at least a ten percent cut in their salaries voluntarily and let this ten percent remain in the treasury of the State. The commission is of the opinion that this ten percent cut in salaries will not amount to as much reduction in income as the farmer, laboring man, lawyer, doctor, minister, or merchant has had to accept during the last 3 years.

3. This Commission recommends that an additional one cent per gallon be added to the tax on gasoline provided that this additional revenue is sent back to the counties to be used in defraying the expenses of the up-keep of the county roads and thereby relieve farm lands and real estate of this proportionate part of the tax now being carried, to support the up-keep of the county roads.

4. This Commission is not in favor of uniform liability insurance on motor driver vehicles.

5. This Commission recommends that the State adopt a drivers license of \$1.00 per person; same to carry with it an examination of the applicant to determine the fitness of the said applicant so applying to drive a car.

6. This Commission is not in favor of increasing the high-way patrol system in North Carolina.

7. This Commission recommends that the State of North Carolina take over all county roads, operate and finance them.

(It is understood of course that if the State should take over the county roads the 1c additional on gasoline would apply in this direction instead of as referred to in No. 3).

8. This Commission recommends a substantial increase in the taxes now being paid by the organized Bus and Freight truck lines operating in North Carolina. This Commission takes this position because it feels that inasmuch as the State has furnished the road bed for these transportation companies they should pay their part of the expenses of the up-keep of the said roads.

9. This Commission recommends that a sales tax on luxuries, in such a way that this tax may be collected at the source, and not out of the purchaser at the time of the purchase in made, be levied in

Deeds of Pitt County, default having been made in the payment of the amount due therein, the undersigned will offer for sale at the home of the late S. W. Erwin in Beaver Dam Township, Pitt County, at 2:30 P. M.

Monday, December 29th, 1930 the following described personal property, to the highest bidder for cash, to-wit:

All of the personal property, consisting of farming implements, hay, corn and feed, teams, consisting of two horses, four mules, two milch cows, one bull, two yearlings, 28 hogs, and all other personal property belonging to the said S. W. Erwin.

This the 6th day of Dec., 1930. Citizens Bank of Farmville, Trustee.

Dec. 9-11w-4w.

LAND SALE

By virtue of the power of sale contained in that certain Mortgage Deed, executed and delivered by J. C. Dixon and wife, Martha Dixon, to J. H. Edwards, on the 3rd day of January, 1920, and duly recorded in the office of the Register of Deeds of Pitt County in Book M-13 page 481, the undersigned will sell at public auction before the Court House Door in Greenville for CASH on Wednesday, Dec. 24, 1930 at 12 o'clock Noon

a certain parcel of land lying and being in the County of Pitt and State of North Carolina, in Chicod Township and described as follows, to-wit:

That tract of land upon which the said J. C. Dixon, Jr., and wife now reside, described in said mortgage in three tracts. Tract No. 1 containing 20 acres, more or less; tract No. 2 containing 40 acres, more or less, and Tract No. 3 containing 3 acres, more or less; the whole tract containing 63 acres, more or less. Reference is hereby made to said mortgage for a more definite description.

This land was sold on December 4, 1930, and the bid having been raised.

This the 8th day of Dec., 1930. J. H. Edwards, Mortgagee. F. G. James & Son, Attys. Dec. 9-11w-2w.

GOVERNOR WILL NOT ISSUE ANY PARDONS DURING HOLIDAYS

Raleigh, Dec. 9. — (AP) — North Carolina prisoners who may have looked to the Yuletide season with hopes of a pardon or parole are doomed to disappointment.

Gov. O. Max Gardner announced yesterday through Odus M. Mull, executive counsel, that no "Christmas" paroles or pardons would be issued. Throughout his term he has adhered to this policy.

Several paroles were announced on Thanksgiving Eve but it was explained they fell on this date by coincidence and were not "Thanksgiving paroles."

NOTICE OF SALE OF REAL ESTATE

Under and by virtue of the power of sale contained in that certain mortgage deed executed by L. T. Wilson and wife, Cora Wilson, to F. S. Harris, dated December 7, 1928 and recorded in Book N-17 at page 430 in the office of the Register of Deeds of Pitt County, default having been made in the payment of the debt secured thereby, the undersigned mortgagee will on Wednesday, the

7th day of January, 1931 at 12 o'clock Noon before the courthouse door in Pitt County sell to the highest bidder for cash the following described real estate:

First Tract: Lying and being situated in Swift Creek Township, Pitt County, beginning at George Wilson's corner on the Ayden and

"We invade a new field with vastly improved cars at the lowest prices in our history"

BY WILLIAM J. McANEENY
President, Hudson Motor Car Company

WE have built these models up to and beyond the 1931 standards of performance and quality in every way, and have never in our history offered so many improvements. Quality is greater down to the last detail. Every phase of performance has been greatly improved, and the luxury we have built into the cars is substantially greater than ever before. Motors are larger and more powerful. An efficient system of oil cooling is introduced. A marked improvement in carburetion increases flexibility and economy. Bodies are longer and wider. These cars possess the finest, easiest riding qualities. For the first time, such comfort is available at these low prices. Only great manufacturing economies and the fact that our large resources permit us to take the fullest possible advantage of reduced commodity prices have enabled us to offer the public the greatest combination of quality and low prices in our entire history.

Owner-Management Permits Exclusive Value Advantages

Owner-management enables Hudson-Essex to give you outstanding advantages in quality and price. The men who are now guiding its destinies have been with the company since its inception twenty-two years ago. Its department heads and principal distributors are its controlling owners. Their independence is backed by unusually large resources in capital and plant facilities. It enables Hudson-Essex to lead in design and engineering quality. It permits economies in manufacture and distribution that bring exceptional quality direct to the public at distinct price advantages.

See both new cars at these places today:

BLOUNT'S DAIRY

Bishop Manning Must Appear At Lindsey's Trial

New York, Dec. 9.—(AP)—Bishop William T. Manning is required to appear in court next Friday when Ben B. Lindsey will be tried on a charge of disorderly conduct.

In the rectory of the cathedral where Lindsey was set upon and ejected because he interrupted the prelate's prayer, Bishop Manning was served yesterday with a subpoena in behalf of the defense.

The Rev. Elliot White of Grace church, who is chairman of the speakers' committee for the New York Churchmen's league, has made an affidavit in which he attests that Bishop Manning "demanded" Lindsey's engagement before the league last week be cancelled.

Bishop Manning said in his sermon Sunday that he merely "requested" the change. He then proceeded to criticize a group of clergymen who had sponsored Lindsey's address.

The bishop announced he would be unable to re-dedicate St. Bartholomew's church today because of a severe cold.

The Right Rev. Charles K. Gilbert, Suffragan bishop, will replace him.

St. Bartholomew's rector is the Rev. Dr. Robert Norwood, who recently joined ten other clergymen in a protest against the bishop's declaration that the Episcopal church is "fundamentally and definitely Catholic."

The New York World says that Dr. Norwood was one of a score of rectors who met yesterday at the Union League club to determine

their stand on Bishop Manning's reference Sunday to the "little group of clergymen who have been doing whatever lay in their power to place him in publicly embarrassing situations."

Chicago Office Building Bombed; \$15,000 Damage

Chicago, Dec. 9.—(AP)—One of the world's largest office buildings—the American Furniture Mart—situated in Lake Shore Drive on the near north side, was bombed last night. A hole was torn in the first floor, masonry on the Huron street side was ripped away and windows throughout the north and northeast parts of the building were shattered. Estimates of the damage ranged from \$5,000 to \$15,000.

Mystery surrounded the explosion which was on the first floor and of such force that it knocked the night custodian off his feet, shattered all office equipment within a radius of twenty feet and set off the sprinkler system. No one saw the bombers or the explosive which police believed was attached to a time fuse. Neither could anyone supply a motive.

V. L. Alward, president of the Furniture Mart Corporation, said he could think of no reason for the bombing. He was asleep in his room on the fifteenth floor of the Lake Shore Athletic club, three blocks distant, but was awakened by the detonation. A fire department insurance patrol was called to shut off the sprinkler system. Windows in nearby buildings were broken, and the switchboard operator in a nearby garage was hurled from his car.

The bombing was the first of two occurring within a few hours. The second was at a three-story brick building used as a grocery and meat market in West Harrison street. A black powder bomb threw two families from their beds and caused property damage estimated at \$1,000. Andrew Trotti blamed competitors.

What Congress Is Doing Today

Senate: Considers the McNary drought relief bill.

Appropriations committee takes up Treasury-Post Office supply measure.

Murphy Shoals conferees resume meetings.

Finance committee considers tariff commission nominations.

House: Debates Interior appropriation bill.

Prepares to consider relief appropriation measures.

Immigration committee studies restrictive legislation.

Senate Passes Bill for Relief of Drought Area

Washington, Dec. 9.—(AP)—The Senate today passed the bill authorizing \$20,000,000 for relief to drought stricken farmers.

The measure was approved without a record vote after Democrats had bitterly assailed the contention of the administration that it should not be loaned to farmers for purchase of personal food.

Republicans made no effort to cut down the \$20,000,000 to the \$25,000,000 recommended by President Hoover. Senator McNary of Oregon, the assistant Republican leader, sponsored the bill with its \$20,000,000 sum.

The bill authorizes the secretary of agriculture to make advances or loans to farmers in the drought stricken areas "for the purchase of food, seed of suitable crops, fertilizers, feeds and livestock and fuel and oil for tractors."

Claims Assets of Bank Unlawfully Used for Another

Wilmington Del., Dec. 9.—(AP)—Claims that the assets of the Central Securities Company, Asheville, N. C., have been unlawfully used for the benefit of the closed Central Bank and Trust Company of that city are contained in an application for a receiver on file here today in U. S. District Court.

The application was filed by A. E. Kausterer & Company on behalf of itself and other bond holders.

The suit asked a receiver be named to "prevent further dissipation and diversion" of the securities company's property and assets. It also petitioned that the Central Bank and Trust Company, as trustee, be enjoined from misappropriating or interfering with any of the assets of the company or any of the trust funds held in the bank as security for bonds of the defendant company.

The officers of the bank and the securities company are the same, the suit set forth.

December 20 was set as the date for a hearing.

Negro Killed by Train

Wilson, Dec. 9.—(AP)—Refusing to heed the warnings of a watchman, Tom Pitt, Elm City negro was instantly killed when Atlantic Coast Line passenger train No. 81 struck his mule and buggy as it crossed near Elm City yesterday.

Coroner V. C. Martin held no inquest was necessary.

Market Report Cotton--Stocks--Grain

COTTON MARKET

STOCK MARKET

New York, Dec. 9.—(AP)—Cotton opened steady today at a decline of 4 to 8 points in response to relatively easy Liverpool cables and a renewal of the selling movement of yesterday afternoon.

The decline carried the price of the new December off to 10.10 and January to 10.21, making new low records for the season on these positions, while May sold off to 10.73, or within 3 points of the October low, making net declines of 8 to 11 points on the active months. There was some further liquidation of December owing to the circulation of additional notices representing about 9,000 bales according to early estimates, and considerable selling here by Liverpool where sentiment appeared to have been influenced by the continued weakness of Egyptian cotton.

Liverpool cables reported hedging and general liquidation absorbed by covering and trade calling at the decline and said that business in cotton goods was restricted by fear of lower prices.

New York, Dec. 9.—(AP)—The stock market dropped anchor today, after drifting quietly lower for five sessions.

There was further selling during the morning, depressing some of the rails and specialties to new lows, but industrial shares began to work higher, early declines of 1 to 3 points were reduced, and several prominent issues sold up a point or two.

U. S. Steel Bethlehem steel, Con Edison Gas, Atchafson, N. Y. Central, Baltimore and Ohio, Woolworth, American Telephone and Goodyear rallied about a point, and shares advancing 2 points or so included American Can, Sears Roebuck, and Allied Chemical.

The strong support accorded the industrial shares as their general level approached the year's low was regarded as distinctly encouraging. The rails, as measured by the price index of 20 issues, broke through their November bottom yesterday and recorded the lowest level since May, 1926.

Strength of the steel shares was presumably a reflection of forecasts that United States Steel's unfilled orders, to be announced tomorrow, will show a fair gain.

The treasury department's figures as to money in circulation at the end of November, amounting to \$37.50 per capita, an increase of \$1.29 cents during the month, was interesting as reflecting the normal increase in money requirements as the holidays approach. Credit conditions were virtually unchanged, call loans held steady at 2 percent, although early in the day there were limited outside offerings at 11-12 percent.

GRAIN MARKET

Chicago, Dec. 9.—(AP)—Corn outdid wheat in activity today. Commission houses tended to recommend dealings in corn and as a result prices turned upward, whereas wheat price changes were few, and sales apparently were controlled almost entirely by Farm Board allies.

Corn closed unsettled at yesterday's finish to 1-2 higher. Wheat closed irregular from 1-4 decline to 1-2 gain, with oats 1-4 off to 1-4 to 3-8 up, and provisions unchanged to 17 lower.

Germans Protest Against American Screen Production

Berlin, Dec. 9.—(AP)—Young Germany, grown from babyhood in the days since the World War, voiced its distaste for the American-Made movie, "All Quiet on the Western Front" in a riotous demonstration in fashionable sections of Berlin last night. Twenty seven arrests were made.

Drawn by reports that Paul Goebbels, Fascist member of the Reichstag, would stage another protest at showing of the film, thousands filled the movie house with paid admissions and massed about the outside.

Goebbels, who used white mice and stench bombs Friday night to bring temporary suspension of the film, addressed the crowd in a nearby plaza and started the thousands of Fascist youths on a march down costly Kurfurstendamm, the smartest shopping boulevard in Berlin.

Mounted police attempted to disperse the marchers, but heavy street traffic did not diminish the activities of the mob. Police and opposing factions clashed on side streets but none was injured.

American Woman Turns Corsets Into Cruisers

Washington, Dec. 9.—(AP)—Others may boast of heating swords into plowshares, but only Alice Roosevelt Longworth can lay claim

to turning corsets into cruisers. A story first told to acquaintances by J. Leonard R. Pogue, director of Steel Supply of the War Industries Board, during the world war, only today was admitted as accurate by Mrs. Longworth to an inquisitive friend.

Repulse related that during the world war corset manufacturers came to him with an appeal for steel. Investigating, he said, he learned corset manufacturers had been making a \$42,000,000 profit per annum using 28,800 tons of steel, "enough to build two battleships."

Was this an essential industry? He telephoned Alice Roosevelt. It was not, replied the "princess" of sylvan-like figure. The corset men got no more steel.
