URGES JUSTICE IN VALUATION OF PROPERTY

Governor Gardner Tells the Tax Supervisors to Play No Favorites

Raleigh, Dec. 10.—(AP)—Most of North Carolina's 100 counties were represented today as Gov. O. Max Gardner opened a three-day school for tax supervisors with a plea for uniform valuation of property in the state.

"Play no favorites," the governor urged the supervisors, who on January 1 will begin a general revaluation of all real property in the state, "fairly and justly reevaluate the real estate of the state for tax purposes."

The supervisors were urged by the governor to remember that the words "justice and equality" were of paramount importance in their work.

A. J. Maxwell, Commissioner of revenue and chairman of the State Board of Assessment, under whose auspices the school is held, presided and explained the purpose of the gathering.

The assessors, Mr. Maxwell said, are not responsible for the amount of taxes levied, but they must measure the exact proportion each taxpayer must pay and they are confronted with the problem of arriving at a basis of value for the assessment on all property.

"Any given formula cannot be applied to all property," Mr. Maxwell said. "You cannot apply any uniform basis of value. That is a matter of sound judgment based on application of thorough information. Your lists should be so planned and co-ordinated that when you bring your lists together no township will have to seek arbitrary, horizontal percentage changes."

To Charge Manning With Responsibility for Church Disorder

New York, Dec. 10.—(AP)—Bishop Lindsey plans to heap upon Bishop William T. Manning the blame for last Sunday's disturbance when he goes to trial Friday.

Lindsey disclosed today that in defending himself on a disorderly conduct charge he would contend that the Bishop incited a riot in the cathedral of St. John the Divine "Bishop Manning," he said "willfully and without cause provoked a breach of the peace by slandering me in the pulpit and trying to make his clergy black and blacker."

"Bishop Manning's false statement about me and what I stand for not only let me down but what I did but it inflamed the mob spirit in his own congregation, so that I was very fortunate to escape the horror of being burned at the stake or lynched at the Cathedral."

The Bishop declined to comment on this line of defense or to say whether he would be represented by counsel at the trial, to which he has been subpoenaed as a witness for the defense.

The split among Episcopal clergy men over the controversy opened wider as the Rev. Dr. Bernard Jennings Beil, professor of religion at Columbia University, resigned from the New York Churchmen's Association.

Santa Claus Swamped With Early Letters

Washington, Dec. 10.—(AP)—Santa Claus started receiving Christmas letters four weeks earlier this year than last, and has ten times as many already.

Such as the Yuletide report of Jim Martin, postmaster for the hundred persons in Santa Claus, Indiana. He notified Postmaster General Brown today.

As in as in the past Jim is handling the avalanche himself. Last year it totaled about 12,000 letters, the great majority of which reached the Chicago branch of the dead letter office.

The letters come mostly from children who believe Santa Claus lives there.

To Pay Dividends Winston-Salem, (AP)—To certain persons, there will be no brighter bit than this. Directors of the Wachovia Bank and Trust Company have voted to pay an extra two percent dividend, making 10 percent this year, and a 10 percent salary bonus.

NO INTEREST MANIFESTED IN POOR FUND

Only New Theatre Has Contributed to Merchants' Christmas Cheer Fund

Christmas is not going to be a very bright and happy occasion for the poor people of this community unless contributions to the Merchants Association's Christmas Cheer fund is given more attention.

It was reported today that not a single contribution had been made to the fund to date, notwithstanding the fact that the campaign actually got under way over a week ago.

The only encouragement which the association has received came from "Red" Corbett, operator of the New Theatre, who plans to contribute ten per cent of this week's theatre receipts to the fund.

Mr. Corbett, in making known his desire to aid the poor, said he realized much suffering existed in this community as result of unemployment, and that his organization wished to do its part toward making the holidays just a bit brighter for those reported without either food or clothing.

It is the first time since the merchants started to collect money for the poor that their campaign has gotten away to such a slow start, and an urgent appeal was sent out to the public today for liberal donations as soon as possible.

C. B. Rowlett, secretary of the association, said deprivation and misery stalked through the homes of the poor in many sections of the county, especially among tenant farmers who failed to realize enough to pay out on this year's crop.

President Sends Court Protocol To The Senate

Washington, Dec. 10.—(AP)—President Hoover today submitted the protocol for American adherence to the World Court to the Senate.

The protocol with an accompanying letter was sent to the Senate late in the day. It was received there without notice for some while as the Senate debated unemployment relief.

PROHIBITION FORCES FOR UNIFIED FRONT

Delegates From Score of Dry States Confer In Washington City Today

Washington, Dec. 10.—(AP)—A unified front upon the legislative and political problems facing prohibition became the goal today of delegates from a score of dry organizations. They met in executive session as the national conference of organizations supporting the 18th amendment.

As individual dry leaders they have been gathered for the past two days in the National Temperance council. At the new session they are representative of specific groups. The delegates first tackled the report of their legislative committee, recommending among other things a further condemnation of any proposals for a prohibition referendum.

To avoid any breach in the dry ranks, the Methodist Board of Temperance voted late yesterday to withdraw from any stand favoring a resubmission of the 18th amendment to the people. Dr. Clarence True Wilson, secretary of the board, who previously had said he would agree to such a move, himself recommended it be opposed.

"We favor the coordination of all of the dry forces of the country," the motion said. It challenged the anti-prohibition forces, however, to present a "definite statement of purpose and policy," alleging they had attempted to destroy prohibition by "indirect use of criminals, by the incidental causation of murder, and by resistance to government."

Earlier, Deets Pickett, research secretary of the board, in his annual report criticized the Farm Board for its loan to the California grape interests, some of which produce grape concentrates capable of fermenting into wine.

NEW AIR MAIL STARTS FROM ATLANTA-N.Y.

Plane Carrying Six Passengers and Mail Inaugurated New Service Today

Atlanta, Ga., Dec. 10.—(AP)—Carrying six passengers and a large quantity of mail, the first plane of the Atlanta-New York combination passenger and mail service took off from Candler Field here at 9:50 a. m. (EST).

Officials of Eastern Air Transport, operators of the line, announced that notables who flew from the north yesterday for the inauguration of the new service would be carried back to their homes in four other planes taking off at intervals.

The mail plane was scheduled to get away at 8:45 a. m. (EST) but was delayed by ceremonies incident to the dedication.

Postmaster General Walter Brown, Captain Thomas B. Dox, president of Eastern Air Transport, and Frederick G. Coburn, president of the Aviation Corporation, headed the list of aviation and postal officials who came here for ceremonies. Persons in the party ETA ETA TAO.

They with other prominent persons in the party flew north with the mail today and will take part in exercises at the regular air mail stops along the route, Spartanburg, Charlotte, Greensboro and Richmond.

Operators of the line were unable to offer an estimate of the time that the inaugural flight would require, the time depending on the length of celebratory en route.

Flying time from here to Greenville was given as one hour and 15 or 20 minutes, which should place the planes there by 11:10 (EST). Flying times on the other hops follow: Greenville to Spartanburg 10 minutes; Spartanburg to Charlotte 50 minutes; Charlotte to Greensboro one hour; Greensboro to Richmond two hours; Richmond to Washington 50 minutes; Washington to Newark airport, northern terminus, one hour, five minutes.

G. O. P. Senate Leaders Called Into Conference Over Threatened Split

Pending Schism of Co-operative Movement With Democrats Causing Repercussions; Push Consideration of Public Improvements

Washington, Dec. 10.—(AP)—Democrats renewed their assault upon President Hoover today for his denunciation of non-administration relief measure as the emergency \$110,000,000 appropriation for public works waited a final vote.

Chairman Jones, of the appropriation committee, sought immediate action on the construction bill approved yesterday by the House.

As debate continued, Senator McKellar, Democrat, Tennessee, jumped in to attack Mr. Hoover, demanding an apology for yesterday's declaration.

In a prepared speech, McKellar said the Hoover statement charging proponents of extra relief bills with "playing politics at the expense of human misery" was "unworthy of the chief magistrate of this nation or of any nation."

"If he is worthy of his office, he will apologize to the Senate," the Tennessee continued. "If he is unworthy, he will not apologize."

There was no opposition to the huge appropriation, but the Senate ranks were still resentful to Mr. Hoover's attack. The Democrats took the occasion to belittle the effect of the emergency bill.

McKellar said it would do little good in the near future. Senator Walsh, Democrat, Massachusetts, asserted the funds were merely an appropriation that would have been made eventually, regardless of the unemployment situation.

Senator Robinson, of Arkansas, the Democratic leader, demanding and won an amendment making the funds available until expended, striking out a provision requiring their expenditure before next June 30.

Washington, Dec. 10.—(AP)—Senate Republican leaders were called into conference today on the schism in the Democratic-Republican coalition movement threatened as a result of yesterday's attack by President Hoover on sponsors of relief measures not in his program.

As the worried Republican chiefs assembled, the Senate appropriation committee rushed consideration of the \$110,000,000 public improvements measure passed yesterday by the House.

Resentfulness in the Senate over Mr. Hoover's charge that the backers of additional relief legislation are "playing politics at the expense of human misery" extended to the administration ranks.

Senator Vandenberg, Republican, Michigan, has been proposing cash payments to the World War veterans for the face value of their bonus insurance certificates.

The Michigan senator, who has been one of Mr. Hoover's strongest supporters, said nothing at the outset today but he left the distinct impression with colleagues that he intended to go ahead with his bill.

CLERK HELD AS EXTORTION PLOT LEADER

William Kuhn Arrested for Attempt to Extort \$25,000 From Chicago Society Girl

Establishment of the five-day week in all branches of government service was proposed by Senator David I. Walsh of Massachusetts as an unemployment aid.

Chicago, Dec. 10.—(AP)—The fantastic story of an alleged extortion plot against Miss Marian Wright, 18-year-old society girl, unfolded today following the arrest of William Kuhn, 23, broker's clerk, accused of sending threatening letters. He denied their authorship.

One of them, police said, mentioned "poisonous darts which would be dispatched noiselessly 3,000 feet."

"How would you like to meet such a fate?" police quoted from one of the letters after they had booked Kuhn last night on a charge of attempting to extort \$25,000 from Miss Wright under threat of death to her father, an executive of the Edgewater Steel Company. Kuhn's brother Wendell, a broker, characterized the matter as a "mistake" and posted bonds for the accused man's appearance in felony court today.

Kuhn was arrested by detectives cooperating with agents of the "Secret Six" undercover investigating committee of the Association of Commerce. Five letters, written on a typewriter, formed the basis for the arrest. Detectives said that an inspection of the office where Kuhn is employed revealed one typewriter corresponding with type of the threatening letters.

According to Miss Wright, who has appeared in junior league dramas, and who is to make her social debut next Saturday, she and Kuhn were friendly until recently, when they quarreled. At that time, she said, Kuhn remarked that he would "get even." A week later, she said, she received the first of the letters, directing that the money be sent by general delivery, was received. It bore the signature "Kester McKay," and described the author as the head of a narcotic ring. Her father then turned the matter over to the "Secret Six."

The Chicago Tribune said the extortion racket had become so serious that several families were reported to have sent their debutante daughters to winter homes while others were employing private detectives as guards.

Mr. J. J. White, who is general chairman of the campaign committee said a few words of appreciation and introduced Mr. Eugene Kempt, the campaign director, who presented Captain and Mrs. Armstrong, officers in charge of the Greenville Post. Mr. Kempt, then, spoke on how the drive was progressing, and explained details of the drive. He stated that the actual campaign would be launched on Monday morning. A strong appeal for workers was made.

Chairman J. J. White appointed the following as captains: K. W. Cobb, Rev. W. S. Harden, Mrs. Ed Harvey, Mayor J. C. Lanier, J. H. Rose, Dr. A. M. Schultz, A. C. Tadlock, Miss Lill Wilson, J. E. Winslow, James Brewer, S. T. Carson, H. J. McGinnis, L. A. Stroud and R. R. Forrest. Other members of the committee are: W. L. Best, Wiley Brown, Mr. and Mrs. G. H. Ballard, F. C. Harding, C. B. Rowlett, J. H. Waldrop, J. C. Braswell, J. G. Clark, C. H. Edwards, J. S. Elliott, James Ficklen, E. G. Flanagan, J. C. Gaskins, Phil Goodson, J. B. Kittrell, Herbert ReBarker, L. J. Smith, and J. J. Summerville.

Each captain was asked to get five workers to assist him. It was decided for all workers to meet Monday morning at nine o'clock, at the Salvation Army campaign headquarters, which is located at 505 Evans street, near Five Points.

At the close of the gathering Mr. K. W. Cobb made the suggestion that every one present pay for his share of the supper, which was carried out thus saving that expense.

DISCUSS PLANS FOR SALVATION ARMY ACTIVITY

White Appoints Captains for Campaign At Supper At Shamrock Dining Room

The Salvation Army Advisory Board of co-members met for a supper at the Shamrock Dining room last night to discuss the drive.

Mr. J. J. White, who is general chairman of the campaign committee said a few words of appreciation and introduced Mr. Eugene Kempt, the campaign director, who presented Captain and Mrs. Armstrong, officers in charge of the Greenville Post. Mr. Kempt, then, spoke on how the drive was progressing, and explained details of the drive. He stated that the actual campaign would be launched on Monday morning. At the close of the gathering Mr. K. W. Cobb made the suggestion that every one present pay for his share of the supper, which was carried out thus saving that expense.

The Salvation Army is sorely in need of funds, they are working under a great handicap because of the lack of it. So on Monday when one of the workers approaches you, do your very best, so that the Salvation Army in your community will be enabled to carry on its great humanitarian work, of which you must be aware, with a greater success.

NEGRO SENT TO ROADS ON THEFT CHARGE

Edward Gibbs, colored, convicted of the larceny of clothes from Frank Wilson's store several weeks ago, was sentenced to 90 days on the roads by Judge W. L. Whedbee, presiding over the regular weekly session of County court in this city yesterday.

Gibbs, a former employee of the store, was alleged to have spirited away merchandise valued at \$75 or more from time to time. Police recovered part of the goods when the negro was taken into custody.

The docket yesterday was on of the lightest in several months and work was completed in comparatively short time.

Raymond Page, white man of Carolina township, was sentenced to 90 days on the roads on a charge of stealing chickens.

Jesse Johnson, appearing for failure to obtain privilege license for his filling station was ordered to pay one-half cost, and to provide himself with necessary license.

KELLOGG IS PRESENTED NOBEL PRIZE

Former Secretary of State Given Award In Presence of Distinguished Crowd

Oslo, Norway, Dec. 10.—(AP)—Frank B. Kellogg, former American secretary of state, today received the Nobel peace prize for 1929 in the presence of King Haakon and a distinguished audience.

Dr. Nathan Soeberblom, archbishop of Upsala, received the peace award for 1930.

The award was voted to Mr. Kellogg for his activities in connection with the Kellogg-Briand peace pact. Dr. Soeberblom has long been active in the cause of world peace and was the principal organizer of the Christian union conference held in Stockholm five years ago.

Four other Americans have won this award—Theodore Roosevelt in 1906, Elihu Root in 1912, Woodrow Wilson in 1919 and Ambassador Charles G. Dawes in 1925.

Another American, Sinclair Lewis received this year's award in literature for his novel, "Babbalanza." This award will be made in Stockholm.

The achievement of Woodrow Wilson is the cause of peace were recalled by Premier Mowinkel in an address praising the work of Mr. Kellogg and Dr. Soeberblom.

"We must not lose sight," said he, "that the League of Nations is the most powerful institute for promoting peace which the world has developed." He recalled that the league was created on the initiative of the United States and declared that while America is not one of its members, the nation has not stood apart from the "great international efforts to secure peace."

"It is not enough," said he, "to declare war a crime. We must recognize that the murder of thousands of men to settle an international dispute is no more excusable than the murder of one man."

National Bank Of Greenville Failed To Open Today And First National Of Ayden Closed During Morning Hours; Other Two Local Banks Prepared To Meet Emergency.

While news of the closing of two Pitt County banks created considerable excitement for a while here today, indications late this afternoon were that Greenville's other two banks, the Greenville Banking and Trust Company and the Hood System Industrial Bank had passed safely through the period of first excitement and were in position to meet any emergency that might arise.

The National Bank failed to open for business this morning. Its directors placing a notice on the door saying heavy withdrawals had made the action necessary for the protection of depositors. The bank was capitalized at \$100,000 and its last published statement as of September 24, showed \$1,021,222. While no statement of its condition at the time of the closing was available today, it was understood that the deposits had shrunk far below the September figure under steady withdrawals during the past few weeks. It was also believed by many on the outside that real estate including a four-story bank building together with slow loans were responsible for the closing.

The other Pitt County bank to close was the First National Bank of Ayden which closed its doors about 11:30 this morning following heavy withdrawals. No statement of the condition of the bank was available, but it was stated that the directors deemed it necessary to close for protection of depositors.

Definite decision not to open the National Bank this morning was reached at a meeting of the board of directors last night. And immediately following announcement of the action, the Greenville Banking & Trust Company, the oldest and largest bank in Pitt county, notified the four tobacco warehouse-going business at the National Bank that the Trust Company was in position to take care of their needs in order that sales on the local tobacco market might continue without interruption or embarrassment.

The Greenville Banking & Trust Company at this time is in the most liquid condition in its history, and amply prepared to take care of any emergency that might arise together with caring for the banking needs of the community. In addition to the main bank, it operates a Dickinson avenue branch in this city and a branch in Grimesland. Their last published statement showed a cash balance of \$950,308.67; North Carolina bonds, \$119,257.97; Short Time investments available in cash immediately if necessary, \$279,630.34; making a total amount immediately available in cash, \$1,349,196.98.

Last night it was learned that the National Bank would not open today, cash immediately began to pour into the Trust Company vault, placing them in a position where they could meet any and all demands made upon them by paying off all their depositors in full if necessary.

The Hood System Industrial Bank of this city, was likewise prepared to take care of any demands.

Upon the spread of the news of the closing of the National Bank, large crowds gathered in front of the other two banks this morning, but up until mid-afternoon withdrawals were less than had been anticipated while the banks opened many new accounts and received deposits in excess of their expectations. Throughout the morning armed cars continued to bring in additional funds from other banks, but apparently same will not be needed by the local bank to take care of the situation.

Numbers of telegrams from banks throughout this state and northern cities have been received by W. H. Woolard, vice-president of the Greenville Banking & Trust Company, expressing complete confidence in the bank and promising all assistance necessary to take care of any requirements. Messages of confidence have likewise been received from large business institutions throughout the section.

While the usual closing hour of the bank is at 3 p. m., Mr. Woolard stated this afternoon that the bank would remain open until 6 o'clock in order that any depositors who desired might withdraw their money from the bank. It was noted this afternoon that many accounts withdrawn during the excitement during the morning hours had been re-

RED BANDITS CARRY TERROR THRU CHINA

Communism Gains Momentum Despite Effort of Government to Curb It

Hankow, China, Dec. 10.—(AP)—China's latest scourge, Communism, today appeared to be gaining momentum despite all efforts of the government to curb this latest menace.

Dispatches received here today from northwest Hupeh Province, where Sunday's advances said 20,000 Reds virtually annihilated a similar number of provincial troops indicated Communist activities were increasing greatly throughout that area. Advances said the tentacles of Communism were spreading rapidly into Southeastern Honan Province, where bandits were reported conducting a reign of terror.

Dispatches described orgies of killing, looting and burning in Honan. One message stated the Reds, furious against the Kuomintang (political party behind the Nationalist government) publicly boiled in a pot of oil its representative in an obscure village. Many tax officials of Honan Province were reported to have been executed.

Leaders of the Communists in Hupeh were said to be well educated, upper-class, men, meticulous, however, in their war against capitalism. Instances have been cited in which these leaders were reported to have shot down their own relatives as members of the capitalist class.

Communist deprecations also were continuing in Human Province, advices from Changsha indicated. Dispatches said Reds occupied the town of Siangyin, north of Changsha, for one day. When they departed, they left the city a heap of ashes. Changsha lives in constant fear of another Red attack similar to that which left many portions of the city in ruins last summer.

River pirates near Wuhu captured a small boat, robbed the passengers and crew, stripped the ship of all valuables and escaped with 10,000 dollars Mexican (about \$4,000). Ten pirates boarded the vessel as passengers, overpowered the ship's officers soon after the boat got under way, and forced the vessel to heave to when a pirate junk came alongside. Buccaneers swarmed aboard, completed their work, and disappeared in the darkness.

SAYS GROWTH OF U. S. NAVY WILL BE SLOW

Admiral Pratt Says Navy Will Not Reach London Treaty Maximum By 1932

Washington, Dec. 10.—(AP)—The opinion that the United States Navy would not be built up to the maximum strength allowed by the London treaty by 1932 was expressed today by Admiral Pratt, chief of naval operations, before the House naval committee.

Such a program would make the cost too much, Pratt said, while expressing hope that authorization for construction of a London treaty navy could be obtained by that time.

Chairman Britten recalled testimony by Secretary Adams that a general construction program for the treaty navy would be presented to the next Congress.

Britten asked whether the navy's general board had changed its mind about 8-inch gun cruisers since the London naval treaty.

"I think they are melting," Pratt replied.

The general board about the time of the London conference said 18 eight-inch gun cruisers would be necessary for adequate defense, and objected to a proposed limitation in that category with the differences to be made up in six inch gun cruisers.

Pratt said he would want only a limited number of six inch cruisers for "close in fleet work," under the protection of battleship guns, adding: "Then I would take all the eight inch allowed—they are excellent."

Britten expressed the opinion that the willingness of other powers signatory to the treaty to let the United States "build all the six inch gun ships we want" was "good evidence" that they are not the best.

Pratt, who has favored construction of some six inch smaller vessels since before the treaty was adopted, said that type of vessel could perform many functions other large ships could not and he favored "a limited number."

Don't Go to Extremes To End Constipation
When had breath, or a coated tongue, biliousness or headaches warn of constipation, don't take violent purgatives. There's no use when a candy Cascaret will stop the trouble in a jiffy; will cleanse your system pleasantly, and completely. The relief you get so promptly from Cascarets is lasting. Cascarets are made from cascara, a substance which medical authorities agree actually strengthens the bowel muscles. So Cascarets are a blessing to old folks with weakened bowels; to children; to anyone in need of establishing regular bowel habits. Ten cents a box—all drug stores.

Ask Contributions For Needy.

The Patient Circle of the King's Daughters are today making an earnest appeal to the general public for contributions to aid the many needy families that are coming to them daily for help. We cannot wait for a Christmas fund, we need money today.

Ours is a "Christian Order." We work "in His Name." We have no salaries to pay out of funds given through our treasury. The needy gets the benefit of every dollar.

Send your checks or contributions to Mrs. Emma Bryan, 1407 Broad St., or to Mrs. W. R. Jones, 110 Pitt St.

We also call attention to the jars placed in the drug stores and hotels to catch the passing change.

Mrs. W. R. Jones, Chairman, Emergency Committee.

The Literary Department Meets.

Mrs. B. McK. Johnson and Mrs. Troy Rouse were hostesses to the Literary Department of the Women's Club, which met at the club on Tuesday afternoon.

The meeting was presided over by the president. Minutes of last meeting were read and roll called. Each member answered with a current event. Members were asked to buy tuberculosis Christmas seals. Mrs. Arnold told how the money would be used.

Mrs. E. L. Henderson had charge of the program. Willa Cather was the writer discussed. Mrs. Ernest B. Hillard gave some interesting facts concerning the life of Willa Cather. Mrs. Henderson gave a vivid description of the life and customs of the people in New Mexico, the scene of the book discussed. She then reviewed "Death Comes for the Archbishop," by Willa Cather.

The hostesses served a delicious salad course with hot tea. Mrs. Bishop, Mrs. Juett and Miss Peterson were guests for the afternoon.

TO SHOW EXCLUSIVE PICTURES OF "FLYING BOTH ENDS OF THE EARTH"

Sir Hubert Wilkins, on Friday evening at 8:30 o'clock, in the Campus building of East Carolina Teachers College, will give a personal narrative of his explorations in both Arctic and Antarctic regions and will show throughout the evening, life motion pictures illustrating the narrative.

He is said to be such an interesting speaker that he does not need the pictures, as his narrative is thrilling, and told in most attractive manner. The pictures alone, without one word of explanation, speak for themselves and would furnish an evening of rare entertainment. Just the chance to see a man who has such a marvelous record of achievement to his credit is an inspiration to those who cannot go adventuring for themselves to the young men and boys of a community.

GARDEN CLUB TO MEET WITH AMERICAN HOME DEPARTMENT THURSDAY

There will be a joint meeting of Garden Club and the American Home Department of the Woman's Club Thursday afternoon at 3:30 at the club house. Mrs. Bloxton, member of the faculty of East Carolina Teachers College, will speak on the subject "Keeping the Family Well Fed."

Dr. R. L. Carr will speak on the subject "Native Shrubs and Living Christmas Trees." All members are urged to be present as a very interesting program has been arranged for the occasion.

Card of Thanks

We take this method of extending our heartfelt thanks for the kindness and sympathy shown us during the illness and death of our wife and mother. We also thank the many friends for the elaborate floral tribute.

A Call To Public Prayer.

This is Wednesday, and the evening hour is the hour of prayer in all of our churches. We call upon all who believe in prayer, feel the need of prayer, and want to pray for themselves or others, to be in one of the churches this evening at 7:30. At the Presbyterian church the study will be "The Song of Solomon. Idealism in Marriage." A much misunderstood book which can be very helpful and is much needed in this day. Come and bring a friend with you.

A CANNING FACTORY FOR GREENVILLE.

"There is a tide in the affairs of men which taken at the flood, leads on to fortune."

Such a tide seems to be nearing us—shall we take it at the flood? The effort to establish a canning factory in Greenville is the most promising thing for farmers that has come up in a long time. Surely they will be eager to take advantage of an opportunity to diversify crops and curtail the production of tobacco.

There is much to be learned about the growing of tomatoes and snap beans for canning, but in our present depression we should hail with delight anything practicable which will help us.

The time to plant, the varieties most suitable, the kind and cost of fertilizer, spraying and staking and all other essentials. These things will have to be explained before we contract for planting.

Mrs. J. J. White is to be greatly commended for his interest in this matter. We should show our appreciation by doing everything in our power to put this over.

Opportunity knocks; we open the door.

MRS. CHAS. McARTHUR.

Hurt in Collision.

Farmville, Dec. 9.—(AP)—Mrs. Sam Etheridge of Washington has a broken arm and John Tugwell, Jr., of the Fountain section, is suffering from painful cuts and injuries, as the result of a collision at the intersection of the Fountain and Wilson highways just within the incorporated limits here late this afternoon.

Mrs. Etheridge and Miss Lalla Bragaw were returning to Washington from Raleigh in Mrs. Etheridge's car. Mr. Tugwell and his sister were the only occupants of his car. Both cars were badly damaged in the crash in which a telephone pole and hydrant were also involved.

Dr. Windley of Washington happened to stop to offer his assistance and carried Mrs. Etheridge to a hospital in their town.

Stone Attends Conference Of Tax Supervisors

P. L. Stone, assistant auditor of Pitt county, left this morning for Raleigh to attend a meeting of newly named tax supervisors from the state's one hundred counties.

Appointed tax supervisor of Pitt county at a recent meeting of the Board of Commissioners, Mr. Stone went to Raleigh today to fully acquaint himself with plans for a uniform return on property valuations in the state next year.

The conference will be in session three days and Governor Gardner was the principal speaker on the program today. Other speakers will be Allen J. Maxwell, chairman of the State Board of Assessments, and Dennis G. Brummitt, attorney general.

Revaluation of property will begin January 1st. It is expected to result in decreased valuations as result of the wide-spread demand for tax reduction in all sessions of the State.

Gatesville.—(AP)—The-year-old son of Edward Walton, negro, was fatally shot while hunting, both barrels of his gun being discharged into his body.

Raleigh.—(AP)—A letter from Dr. W. P. Jacobs, in Ceylon, India either accepting or rejected the post of State Health Officer proffered him last September, is said to be on the way to Raleigh.

DUKE ALUMNI TO MEET HERE DECEMBER 11

Former Students To Be Guests At Banquet At Shamrock Dining Room

Local alumni of Duke University will meet here Thursday, December 11, to observe Duke University Day, the sixth anniversary of the signing of the indenture of trust creating the Duke Endowment and making possible Duke University. At the same time throughout North Carolina and in a number of cities in other states Duke alumni groups will gather to hear speakers representing the university.

Former Duke students residing in this section will meet at 7:30 P. M., Thursday at the Shamrock Dining Room, Greenville, N. C. and will hear Dr. Bert Cunningham speak on "Duke University: Our Opportunity and Responsibility."

Dinner meetings are to be held in 34 other communities Thursday, most of the min North Carolina, but others in New York, Washington, D. C., Richmond, Baltimore, Nashville, Columbia, and probably as Los Angeles California. Two meetings are also expected to be held in countries outside of the United States.

President W. P. Few of Duke University will speak at the New York alumni gathering, while in Washington Dr. Ray Lyman Wilbur, secretary of the United States department of interior, who received an honorary LL. D. degree from Duke last June, will be the speaker. Dr. R. L. Flowers, secretary of the university, will speak in Richmond.

J. Walter Lambeth, '16, of Thomasville, congressman-elect from the seventh North Carolina district, will speak at the exercises held at Duke University Thursday. Dr. W. H. Wannamaker and Dean Alice M. Baldwin will speak at the Women's College on the east campus.

Plans for the wide-spread observation of Duke University Day are under the general direction of H. R. Dwire, director of public relations and alumni affairs, exceptionally well attended and successful meetings are expected to be held by all local groups.

Rough Riders To Get Big Welcome Back to Illinois

Chicago, Dec. 10.—(AP)—Knute Rockne and his Notre Dame team haven't heard or read that they are the recognized chieftains of college football for 1930; they will know it by nightfall. At Chicago and South Bend, Ind., stamping ground for the famous Rough Riders, today planned to give them probably the mightiest and noisiest ovation ever tendered any celebrity or athletic team in the Midwest as they returned from Los Angeles where they stormed Southern California Saturday for their nineteenth triumph in two seasons.

By official proclamation it was

To Marry Banker

Notice of intention to marry was filed in Los Angeles by Helen Ferguson, 29, actress, and Richard S. Hargreaves, 61, Beverly Hills banker, former husband of Grace Bryan Hargreaves.

"Irish Day" in Chicago and the Notre Dame alumni promised the city would go down in history with the night of the big wind in Ireland. Rockne and his players had only one hour to spend in Chicago before proceeding to South Bend and the school room but it was to be jammed full of joyous reception.

A parade through the Loop, headed by Rockne and several other football celebrities, and speeches of eulogy were a neat program. The Chicago streets were bedecked with Notre Dame's colors and central dealers warned the "white wings" of a busy day.

The team was scheduled to depart at 10:25 A. M. for South Bend where another celebration was imminent.

Raleigh.—(AP)—The industrial commission, and member T. A. Wilson vouches for it, is fast becoming a matrimonial bureau. Seven young women and one man of its employes have married in its 17 months of operative.

Newbern.—(AP)—J. A. Gaskins, police say, disrobed Carl Daniels, local attorney, and exchanged clothes with him. Gaskins awaits trial.

PITT COUNTY SHRINE CLUB FORMED HERE

E. W. Griffin of This City Elected President of the Organization

Pitt County Shriners gathered in this city last night and organized the Greenville Shrine Club. E. W. Griffin was elected president of the new organization and J. C. Galloway, of Grimesland, secretary-treasurer.

The organization was perfected at a banquet at the Woman's club at which time the members entered into an interesting round table discussions concerning the possibilities for work of the club in this community.

The club will meet every quarter; and its purpose will be to advance the cause of the Shrine.

The board of governors is composed of the following:

Dr. E. B. Beasley, Fountain, J. B. Bunting, Bethel, Paul Davenport, Pactolus, Frank Wilson, Greenville, J. F. Harrington, Greenville.

Brown Convinced Airplane Travel Is Really Safe

Greensboro, Dec. 10.—(AP)—Postmaster General Walter F. Brown is convinced that airplane travel is safe.

He said so as he stopped here yesterday on a flight to help inaugurate the Eastern Air Transport's new passenger line between New York and Atlanta.

If he had any misgivings about the safety of flying, the postmaster general said, he would not risk his "neck" aboard a plane.

"I have only one neck," he remarked, "and it is getting old and brittle."

The Postoffice Department chief predicted that within two years the cruising rate of passenger planes would be increased to 150 miles an hour. It is a little more than 100 miles an hour now, he said.

DON'T GET PANICKY.
 Bank failures are always bad for any community and the closing of the National Bank here no doubt will have its effect upon our city and county, but just the amount of trouble that our people will experience as a result of this closing will depend to a large extent on how well our people hold their heads. To become panicky at a time like this is just adding more trouble instead of helping matters.

It is regretted that it becomes necessary for the National Bank to close but such action was necessary on the part of the directors for the protection of their depositors and it is to be hoped that in the end all will receive the full amount of their money.

The closing of the National Bank leaves our city with only one commercial banking institution, The Hood System Bank. For the benefit of our people we are glad to state that these two banks today were prepared and in position to take care of any emergency but thanks to the wisdom of our people these banks at the noon hour had received more deposits than withdrawals.

According to latest statements The Greenville Banking and Trust Company was in the most liquid condition in its history with more than a million three hundred thousand dollars immediately available to take care of their depositors in case they should desire to withdraw their money. While the Hood Industrial Bank is naturally a smaller institution its position was likewise steady and its published statement today shows it equal to any demands that might be made upon it.

Our town would be in a deplorable condition without a strong commercial banking institution, and of course a bank could not successfully function without depositors. Thousands of communities have been through bank failures and are going forward in a normal manner today and what is true in those communities should be equally true with our own. It is the unreasonable panic of the people that brings disaster on a community and we urge our people to take the sensible attitude.

We believe that the wisest course for all of us to pursue is to fight—fight with a smile, with optimism, with a determination to win. Fight with every ounce of energy and strength in us. If

there was ever a time that the people of our community needed to push their businesses and their bank it is now and such action on our part will bring us success.

You people who have cash, put it in the bank that it may be in circulation and stimulate business and you whose funds are tied up in the closed bank, don't use it as an excuse for knocking, kicking, wailing or for idleness. Be up and doing and your efforts will be rewarded by success. And most important of all, you people who had no money in the closed bank, don't go about trying to create the impression that you lost your funds there and therefore are unable to pay your just debts.

The people of our community should take this occasion to show to the world that we are made of the right kind of stuff. Though some may be temporarily crippled financially, it is our honest belief that we have nothing more to fear. There is no question that our other two banks are in excellent condition. Give them the support they should have and in turn your support will be reflected in better business and better conditions in our community.

We reiterate it is a time for sane action on the part of our people.

ABOUT TOWN

Improvement of the price situation has been reported on the Greenville tobacco market, and this should encourage the farmers to market their crop as rapidly as possible before the holiday season begins.

Good tobacco, according to the supervisor of sales is bringing the highest prices of the season. Even the mediocre brands has shown a spurt upward, lending belief that the farmer is going to receive decidedly more for the remainder of his crop than he received for the first.

When tobacco is selling high, the farmers may rest assured of receiving the top of the market in Greenville. The warehouses have always made it a policy to see that their patrons received the best to be had in the way of financial returns, and this is a guarantee that the crop here will bring as much if not more than in other sections.

With favorable weather prevailing, the farmers would do well to market the remainder of the crop and in that way take advantage of the renewed strength of prices.

An additional appeal for support of the Tuberculosis Christmas Seal sale has gone out from the Woman's club, and the public has been called upon to purchase the seals more freely than ever before.

Members of the club are anxious to dispose of the hundred thousand seals which they have on hand this season. This will enable them to carry out their plan to provide a bed for indigent children at Pitt Community hospital, a project that has called forth the united effort of every member of the club.

The movement is one of the most ambitious attempted by the organization in years. It is one which the entire citizenship should be interested in by reason of the scores of children who are unable to receive hospital attention because their parents are penniless and hardly capable of providing them with food and clothing.

These children will continue to grow worse if they are not attended to, and hope has been expressed that the public would buy liberally of the seals.

Santa Claus, patron saint of the American child, is just as busy this season as he has ever seen before, and when he finishes his work he will have his bag packed with gifts for the poor people of Greenville and community.

Old Saint Nick has been in constant touch with members of the Greenville Merchants Association who even at this time are busy raising funds to devote to the poor. The more money they give, the greater will be the resources of Saint Nick, the more he will be able to tuck away in the stockings of indigent children.

If you haven't contributed to this fund why not resolve to do so at once? Your pocketbook may not be as well filled as it was a few years ago, but you would not miss the contribution to the poor, and think of the satisfaction you would get out of the knowledge of having done your bit by humanity.

The poor fund got away to a slow start this season, but maybe this

EX-JUDGE EJECTED FROM CHURCH

The cathedral of St. John the Divine, New York, echoed with riot and epithets as former Judge E. B. Lindsey of Denver, interrupting Bishop William T. Manning's prayer at the end of a sermon assailing companionate marriage, was ejected. He is shown (center) after his release from a police station.

will have little to do with the successful conclusion of the campaign. Everybody will hope so at least.

Tiny children, ragged, hungry and cold—this was the description given by a Salvation Army worker of one case right here in Greenville.

The father of these children is in bed a victim of tuberculosis, the mother is dead, and neighbors, hardly able to keep the wolf away from their own door, and attempting to share their frugal supplies with the children of the sick man. Think what a gift of a few dollars food or clothing, would mean in a case of this kind.

Along with other organizations of the community, the Salvation Army is trying to eliminate poverty and want as much as possible during the holiday season. It is a monumental task they have undertaken, but given the support of thoughtful men and women of the community, they will be able to accomplish it.

Anything to wear, eat or burn would be gratefully received by the loyal workers of the Salvation Army, and if you have neither, why not send in a cash contribution. The situation must be met and the only way to meet it is through liberal giving.

Greenville business houses got away to an early start in their decorating for Christmas this year, and at this time it would be hard to find a store not all dolled up for the holidays.

Some of the buildings are more profusely decorated than others in that they have adopted the use of electric lights of red and green shades, but all in all the business district is a thing of beauty and deserving of commendation.

The fronts of the stores and all of the streets have not been dressed up as extensively as past years, but this will take place during the next week or so. When Christmas week actually comes the entire city will glow under the light of thousands of electric light bulbs, and the spirit of Christmas will permeate every household.

These decorations mean much to the plan of the Merchants Association to make Greenville the best decorated city in Eastern Carolina, and if business houses and home owners continue as they have started the same recognition will be enjoyed this season.

G. O. P. SENATE LEADERS CALLED INTO CONFERENCE

(Continued from page one)
 believed the presidential declaration untimely, others strongly supported it.

Democrats predicted Senator Robinson, of Arkansas, the party leader who has given assurance of Democratic co-operation on relief legislation, would take the floor today to address himself to Mr. Hoover's pronouncement.

Senator McKellar, Democrat, Tennessee, reached the chamber early to seek recognition for a speech he sought to deliver last night when the Senate adjourned. Admit the expectancy of quick debate; the Senate appropriations committee approved without material change the \$110,000,000 public works bill passed yesterday by the House.

Chairman Jones announced he would seek action on the bill today. Meanwhile, whose Republican leaders were formulating plans to slash the \$60,000,000 drought relief bill sent to it with Senate approval.

BALL LEADERS FAIL TO PUT ACROSS DEALS

New York, Dec. 10.—(AP)—Major league club owners and managers have set some sort of a record for the first two days of the annual winter meetings—they've failed to complete a single player deal of any importance.

It's not because they haven't tried. Hour after hour in the hotel lobbies the conversations go on but every budding deal has been nipped by the frost of excessive demands before it reached full bloom.

The New York Yankees, for instance, have been talking things over with the St. Louis Browns, the Chicago White Sox and the Boston Red Sox without getting anywhere. From the Browns the Yanks would like to get a pitcher, particularly George Blaeholder, but the Browns are interested only a pitcher the Yankees do not want to lose young Henry Johnson.

Third baseman Willie Kamm and Catcher Moe Berg are the players the Yankees would be glad to take off the White Sox's hands and they still have a hankering for either Danny MacFayden or Ed Morris, Eed Sox pitching ace. Outfielder Harry Rice is the Yankee most likely to figure in a trade.

Rogers Hornsby of the Chicago Cubs has about given up hope of getting first baseman, Jim Bottomley from the Cardinals and will string along with Charlie Grimm and George Kelly. The giants could use Wally Berger, slugging outfielder of the Boston Braves, but everytime John McGraw tries to do business someone asks for third baseman Freddie Lindstrom and the whole thing's off.

A contemplate deal between Brooklyn and the Boston Braves has fallen through. Brooklyn wanted to send Harvey Hendrick and Gordon Slade to the Braves in exchange for Ed Brandt, a good pitcher. The Braves were willing to buy Hendrick outright but refused to part with Brandt.

There are more veterans around the meetings looking for jobs than in some years. Cy Perkins, old Philadelphia Athletic catcher, would like to hook up with Portland of the Pacific Coast League while Jack Quinn thinks he still could be of assistance to a major league pitching staff. He talked to Hornsby but the Cubs already have 17 pitchers. Bob Shawkey, who was mentioned as Portland's next manager before Spencer Abbott beat him to it, is here scouting around and so are Wally Schang, Joe Dumeau and Oscar Vitt.

Neither the American nor the National leagues accomplished much so far other than routine nature at yesterday's meetings. Today the much heralded conference over the "draft" situation is to be held before the committee of nine from the American Association, International and Pacific Coast Leagues and a committee representing the Petrolors.

Indianapolis—Tracy Cox, Indiana, knocked out Billy Shaw, Ill. (3); Billy Noon, Rock Island, and Roy Mitchell, St. Paul, drew (8).

Angeles—Paulie Walker, N. C. State, and Mike Rayan, San Francisco, drew (10).

ARMY AND NAVY SIGN TRUCE FOR CHARITY GAME

Differences of three years' standing between the naval academy and West Point have been waived for the time being and they will meet in a post-season football game in New York, December 13, for the benefit of the unemployed. The game will pit the Army's ground-gaining halfbacks, Ray Stecker and Ed Herb, against such Navy favorites as J. W. Byng, end, and Johnny Gannon, a slashing back.

DUKE PLAYERS LEAD ALL STAR GRID OUTFIT

Charlotte, Dec. 10.—(AP)—Opinions of North Carolina's "Big Five" coaches as to what football players were outstanding this season were made known today.

The Charlotte News, publishing an all-state team compiled from selections made by Coaches Cruck Collins, North Carolina; Jimmy D. Hart, Duke University; Monk Younger, Davidson; Pat Miller, Wake Forest, and Ray Sermon, North Carolina State, pointed out that DeHart's choice was his first since he entered state football circles five years ago.

Erst this Duke mentor has refused to choose all-state teams. Because two men are deadlocked for both guard selections and for end for center, the composite team numbers 14 men. And for Duke six places, North Carolina's four, Wake Forest and N. C. State two each and Davidson none.

Johnny Branch, University quarterback, and Bill Murray, halfback, alone gained unanimous favor.

The coaches team and, in parenthesis, the votes given each:

The coaches team and SHRDLU Rosky (4), left end, Duke; Cobb (4), left tackle, N. C. State; Stout (2), and Davis (2), left guard, Duke; Parker (2), Lipscomb (2), Duke; Werner and Fysal (2), North Carolina; Webb (3), right tackle, Wake Forest; Hyatt (3) right end, Duke; Branch (5), quarterback, North Carolina; Magma (3), left half, N. C. State; Murray (5), right half, Duke; Brewer (3), fullback, Duke.

Alternates:

Ends—Gregson (1), Wake Forest; Bock (1), Davidson; Silver (1), N. C. State.

Tackles—McDade (2), Davidson; Levine (1), Wake Forest.

Centers—Akins (1), Duke.

Halfbacks—Mills (1), Wake Forest.

Fullbacks—Mills (1), Wake Forest; House (1), North Carolina.

DeHart's team follows:

Ends: Rosky and Hyatt, Duke.

Jacksonville, Fla.—Tommy Cello, San Francisco, outpointed Boots Antley, Columbus, Ga., (10).

Soft, wavy hair!

The modern sculptured bobs do wonders to bring out your personality. But like other present-day modes of arranging the hair, they call attention to it. That's why it's so important nowadays to keep your hair soft, lustrous, abundant. The easiest and quickest way to give new lustre and color to hair, which has begun to look dull and lifeless, is with Danderine. And it makes the hair softer, easier to arrange; holds it in place.

Here's all you do. Each time you use your brush just put a little Danderine on it. It removes the oily film from your hair; brings out its natural color; gives it more gloss than brilliantine. Waves "set" with it stay in longer.

Danderine dissolves the crust of dandruff; puts the scalp in the pink of condition. It stops falling hair. A small bottle is enough to show its merit. Start on it tonight.

HIGHLIGHTS OF SOUTHERN GRID SEASON

Atlanta, Ga., Dec. 10.—(AP)—Some highlights on the southern football season:

Bobby Dodd's four year college record of never having a kick blocked was broken in his final game last Saturday against Florida in Jacksonville. Gator end, sited through and smashed Dodd's boot on the 10-yard line, the unrecruited for Florida. However, no damage resulted as the Floridians were unable to punch across a score. Dodd's ability to place his kicks, both long and short, rate him as the South's best kicker.

Georgia Tech offered an unusual situation in the final game with Georgia by rushing the Bulldogs so eagerly that officials nipped the engineers for offside three times in four successive plays. And it all happened around Tech's 30-yard line when Georgia was driving for a score. But the Bulldogs were finally halted in this advance.

Southern Conference and S. I. A. eleven played 20 tie games during the season, about half of which were scoreless arguments. Accurate place and drop kickers aided in winning 22 games for their teams. These games were decided by the one point margin coming from the extra point after touchdown. The majority of these games ended in 7 to 6 scores.

Single touchdowns margins

brought victory in 54 games. Three contests were won by safeties, two of which ended 2 to 0. The field goal played a major part in only one game, the Tennessee-Kentucky contest, Tennessee won 8 to 0 without crossing the Kentucky goal. Six points came from a pair of field goals while a safety by a Kentuckian brought the additional two points.

Many observers regard Bobby Dodd's feat of twice reversing his field with opposing players snatching at his ankles and finally tossing a pass to Buddy Hackman in the Tennessee-Vanderbilt game as the feature play of the Southern season. Dodd was on his own 20 yard line when the play started, and seemingly caught by onrushing commodores every where he turned, he finally spotted Hackman. A short pass and an 80 yard spring spelled touchdown.

Thursday afternoon, coaches will hold their banquet and business meeting at the Durham hotel that night. Chuck Collins, University of North Carolina head coach, will welcome the group, while President W. J. Raftery of V. M. I., will respond.

Other speakers will include W. A. Alexander, president of the American Football Coaches Association; W. J. Stegeman, A. R. Hutcheson, and Dan McGugin of Vanderbilt, dean of southern gridiron mentors.

The conference meeting in Chapel Hill, to be in session through Saturday, is expected to provide important announcements as to new coaching contracts, schedules, selection of sites for basketball tournaments, track meets and other events.

Williamston, N. C.—(AP)—Officers arrested Newsome Boston, negro, when they charged, his automobile struck and seriously injured the nine-year-old son of Mr. and Mrs. Jim Gardner of this county.

Winston-Salem, N. C.—(AP)—John Darrell Green, five years old, was struck and instantly killed by the automobile of W. N. Pate, 46, Kannapolis man. Pate was charged with reckless driving.

Chapel Hill, Dec. 10.—(AP)—The men who mold the south's football teams gather Thursday at the Washington-Duke hotel Durham, to talk things over.

Today 30 institutions' members of the Southern Conference, Southern Intercollegiate Association or non-affiliated, had made reservations for 45 coaches. Alabama V. P. I., Washington and Lee, Auburn, South Carolina, Sewanee, Mississippi A. & M., and Louisiana State University, all Southern Conference schools, were expected to send delegates, although they had not reported.

Conference coaches will come to Chapel Hill Friday for the annual meeting of the Southern Conference. S. I. A. officials will assemble at Memphis Monday and Tuesday, following a golf tournament on

When You **OVER-INDULGE**

EVERY man, woman and child will occasionally over-indulge. But don't suffer for your indiscretions. It's folly to do so when you can so easily sweeten and settle a sour, upset stomach with a little Phillips' Milk of Magnesia.

Hearty eaters have long since learned the quick comfort this perfect anti-acid brings. Smokers know how it neutralizes nicotine; brings back a sweet taste; guards the breath. Women know what it does for nausea—or sick headache. And when children have over-eaten—are bilious, constipated or otherwise upset—give them a little of the same, pleasant-tasting and milky-white Phillips' Milk of Magnesia.

You'll be through with crude methods once you learn the perfect way. Nothing else has the same quick, gentle effect. Doctors prescribe it for sour stomach, indigestion, heartburn, gas, nausea, headache. It has been standard with them for over 50 years.

Insist on genuine Phillips' Milk of Magnesia; a less perfect product may not act the same. The genuine is always a liquid—never in tablet form—and the name Phillips is always on bottle and wrapper.

GRAIN MARKET

Chicago, Dec. 10.—(AP)—Wheat and corn scored brisk late advances today, but as a result of a wave of profit taking sales receded nearly as fast. The upturn was largely due to Farm Board allies buying wheat above quotations at which the market recently had been pegged. July wheat, shown to be in an oversold condition, scored a transient upturn of about 2 cents a bushel.

Wheat closed irregular, 1-4 cent net lower to an equal advance. Corn closed heavy, 15-8 to 21-4 cents off, oats 3-8 cents down and provisions unchanged to 30 cents decline.

STOCK MARKET

New York, Dec. 10.—(AP)—The stock market flurried today with the three year low level, recorded just one month ago.

After pushing up a little during the first hour, the list gave way under persistent selling, and by early afternoon, losses of 2 to 5 points were numerous. The rails, having already broken the average price of 2 to 5 point were numerous. The rails, having already broken the average price of 20 issues, to record the lowest level since May, 1926, moved still lower, and a handful of industrial and utilities penetrated below the bottom prices of a month ago.

Failure of the copper producers to maintain their recent advance in the price of the metal to 12 cents a pound was an unsettling development offsetting favorable news from the steel industry. Bethlehem Steel, Westinghouse Electric, Johns Mansville, Illinois Central, St. Louis Southwestern, New Haven Railroad, International Harvester, Eastman Kodak, and American and Foreign Power sold off 2 to 5 points to new bottom prices. U. S. Steel, American Can, American Water Works, Consolidated Gas, and DuPont were among issues sagging 2 points or so.

Divided news included some bright spots. Despite some rumors to the contrary, New York Central

COTTON MARKET

New York, Dec. 10.—(AP)—Cotton opened steady today at an advance of 6 to 9 points in response to relatively steady Liverpool cables and rallies in the Alexandria market for Egyptian cotton.

Buyers showed very little disposition to follow up the market with purchases, however, and business

declined its regular quarterly payment of \$2 a share.

Fresh selling of the rail issues appeared to be partly in response to the report of freight car loadings for the week ended Nov. 29, which included the Thanksgiving day holiday. A loss from the previous week of 77,672 cars, however, was less than the normal seasonal decline for that week. Declines from the like weeks of 1929 and 1928, nevertheless, were 16 and 22 percent, respectively.

Call money was firm at 2 percent. There was no concession in the outside market, where limited funds were offered yesterday at 11-9 percent.

"One of the Largest Banks in New York"

Banks from other towns of the county reported this afternoon that they were experiencing no difficulty as result of the two failures, and that they were amply prepared to pay off their depositors if necessary.

AUSTRALIAN GIRLS GLAD OF JOBS AS SERVANTS

Sydney, Australia, (AP)—Thousands of girls in Australia have deserted the ranks of unemployed for domestic jobs that pay \$3 weekly and a home.

"They've done it gladly, too, for many were ill-equipped for any other sort of work."

Toward the \$2 wage the government pays as subsidy of \$1. Thousands of dollars are being spent to relieve distress and unemployment.

A method of solving the serious unemployment among girls and women was probably the biggest problem that faced the government in this connection, but under the dollar subsidy scheme householders who never have employed domestic servants are availing themselves of cheap help.

HOME-MADE APPLE BUTTER RAISES MONEY FOR CHURCH

Pittsburgh, (AP)—Women of the Carnegie Episcopal church were discussing fund-raising to obtain money for completing a new \$60,000 church.

The answer was apple butter. The women went about their business with a large scale. Large kettles were obtained and placed in the yard of one of the members, and many women gathered to assist in the operations.

After much stirring, tasting and fire building, the net result was gallons of apple butter, with a "home-made" label—and it found a ready sale.

Farm Dwellers Decrease

Washington, (AP)—There are 4,000,000 fewer people on American farms than 10 years ago, the department of agriculture estimates.

Teague Presented As Successor To Judge Humphreys

Raleigh, Dec. 10.—(AP)—Gov. O. Max Gardner, declaring that he did not expect to fill the vacancy created by the death of John D. Humphreys, judge-elect, for some time, today notified the Guilford Bar Association he would be glad to hear a delegation from the organization.

The Guilford association telegraphed Governor Gardner a request that he hear a delegation present the name of Lester Teague, High Point municipal judge, who has been endorsed for the vacancy. No date was set for the presentation of Mr. Teague's name.

The bar association endorsed Mr. Teague late yesterday as the proper man to succeed Mr. Humphreys who was elected November to succeed Judge T. J. Shaw January 1.

Reports here and in Greensboro have been that Special Judge Hoyle Sink, of Lexington, is favored by the governor to fill the vacancy but Governor Gardner declined today to comment on the rumors.
