ASKS SENATE TO POSTPONE COURT ISSUE

Senator Swanson Would Delay Consideration of World Court to Next Session

Washington, Dec. 11.—(AP)—Postponement of consideration of the World Court issue submitted to the Senate yesterday by President Hoover until the next session a year hence was advocated today by Senator Swanson, Democrat, Virginia, a leader of the court advocates.

In his message to the Senate late yesterday, President Hoover urged the question be considered as soon as the emergency legislation and appropriation bills are disposed.

In the limited session, the appropriation bills are never finally out of the way until just before adjournment. Moreover, Senator Watson, the Republican leader, has said he does not want the court issue to become involved in the prospective legislative jam and become an instrument to force an extra session of Congress after March 4.

Chairman Borah, of the Foreign Relations committee, which now has the protocols, announced today the issue would be brought up by the committee at the regular meeting next Wednesday.

If Borah, a foe of American participation, joins with the friends on the committee in reporting on adherence to the Senate, it is most likely the court will be on the Senate calendar shortly after the Christmas recess.

Senator Johnson, ranking Republican on the committee and also a foe of the court, welcomed its submission to the Senate yesterday with a statement denouncing its injection into the Senate now.

The announcement by Swanson coupled with the demand of Senator Watson, the Republican leader, that the court issues not become involved in the legislative jam of the short session was believed at the Senate to end any slight prospect still remaining for final action at this session.

Meanwhile it developed today that the court foes privately claim at least 28 votes against American adherence. This total is eight more than previously counted upon by the oppositio nard eleven more than voted against American entry five years ago.

Attempt to Save Condemned Man From Execution

Kinston, N. C., Dec. 11.—(AP)—Judge Vernon Cowper today ruled he was without power to grant the new trial attorneys sought for Herman Casey, 44-year-old truck driver convicted of killing J. C. Causey, Suffolk, Va., lumberman, and under sentence of death in the electric chair.

The defense's motion for a new trial was argued yesterday. Judge Cowper said he was without jurisdiction in the case which was tried last September before Judge W. A. Devin.

Attorneys for Casey announced they would make Judge Cowper's decision the basis for an appeal to the State Supreme court.

Boston, Dec. 11.—(AP)—The eligibility of some of the jurors who convicted Herman Casey last summer was at issue today as attorneys for the 44-year-old truck driver renewed their legal battle to save him from the electric chair.

Attorneys for Casey announced they would make Judge Cowper's decision the basis for an appeal to the State Supreme court.

Attorneys for the defendant also indicated that new evidence had been found that would warrant Judge Cowper's ordering a new trial. They attacked the testimony of the state's star witness, Milton Wood, an 18-year-old youth of Craven county, who gave testimony that he saw Casey shoot Causey and set fire to his body in his automobile.

Casey was present for the hearing, having been brought here from state prison.

Charlotte, N. C.—If you happen upon the poet who sang: "O Justice, Thou Art a Pearl," tell him Judge Fred B. Helms found on in an oyster while dining on the other night.

Is This News? Chapel Hill, N. C.—Oscar Stein, his name is, Fayetteville his home, 15 years his age. He's the youngest freshman at the University of North Carolina, a survey has shown.

Named A New Minister

A newcomer in leading French political roles, Senator Pierre Laval, noted lawyer, undertook the task of forming a new French ministry.

EXAMINERS TAKE CHARGE OF BANK HERE

Examination of Condition of National Bank Is Begun During Morning

Federal bank examiners arrived in Greenville today to take charge of the National Bank of Greenville which failed to open for business yesterday morning following heavy withdrawals by depositors over a period of several days. It was not known how long it would take the examiners to complete their work, but it was expected they would be here several days. A statement of the bank's condition will not be available until the examination has been completed.

Although a flurry of activities attended the closing of the bank, the city maintained its equilibrium throughout the day, and deposits at the remaining two banks were reported larger than withdrawals. Both banks had made preparation to take care of any emergency which might arise from the situation, however, and the Greenville Banking & Trust Company, the oldest banking institution in the county, was said to be in the most liquid condition in its history.

While the Greenville Banking & Trust Company had in its vaults far more than enough to take care of an unusually heavy run should one occur, the officials were willing to take no chances and were determined that every depositor who called for his money could get it. Therefore, several hundred thousand dollars from correspondent banks was brought in during the morning hours yesterday to be on hand in case there should be need for same.

Since there was an impression among certain people that these funds was money borrowed by the bank solely for the purpose of taking care of this emergency, bank officials explained that this was not borrowed money, but a portion of money due this bank from other banks. The immediate available resources of the bank are placed at more than \$1,300,000.

The populace continued to preserve its equanimity today, and many new accounts were reported at both the Greenville Banking & Trust Company and the Hood Industrial bank.

Officials of the two Greenville banks expressed complete faith in the security of the financial fabric of the county, and their ability to take care of the situation.

Among the big depositors with the National Bank were the County of Pitt and the City of Greenville. Both, however, were declared to have been fully protected and failed to suffer the slightest embarrassment by the closing of the bank.

Other banks of the county were not affected by the closing of the bank here nor the one at Ayden, and reports indicated this morning that business was conducted in a normal and satisfactory way all through the day.

Lansford, Pa., Dec. 11.—(AP)—A football made of anthracite coal will be presented to Knute Rockne at the annual alumni banquet at Notre Dame next month.

The ball fashioned from a solid chunk of anthracite, is polished to a brilliant finish and mounted on a pedestal surrounded by a miniature field.

The field, also of anthracite, is marked with small lines to represent five-yard stripes and two goal posts. The trophy will be presented to the noted coach by Andrew J. Rudner, of Coaldale, Pa.

WARNS SENATE OF DANGER OF CAPPER BILL

Chairman Legge Says Resolution Might Affect Grain Prices Adversely

Washington, Dec. 11.—(AP)—The Senate Agriculture committee today appointed a subcommittee of three to consider and report on the Capper resolution to authorize utilization of 40,000,000 bushels of grain stabilization corporation's wheat for unemployment relief.

The sub-committee is composed of Senators Capper, Kansas, author of the resolution and Walcott, Conn., Republicans; and Thomas, Oklahoma, Democrat.

It was appointed after Chairman Legge, of the Farm Board had testified regarding the effect of the resolution of stabilization operations.

Legge said if 40,000,000 bushels held by the Grain Stabilization Corporation were used for relief, the board would have to go into the market and replace a large portion of that amount if existing prices were to be maintained.

Washington, Dec. 11.—(AP)—Chairman Legge of the Farm Board warned the Senate Agriculture committee today enactment of the Capper resolution to distribute 40,000,000 bushels of the grain stabilization corporation's wheat for benefit of the unemployed might affect prices adversely.

Legge said the corporation, to maintain prices in event of such a distribution, would have to buy back a large portion of the amount devoted to relief purposes. "It would just replace so much wheat coming from other sources of supply," he said of the wheat.

He pointed out the domestic price was now approximately 29 cents above the world price and to maintain that level the board would have to bear the burden of carrying a large portion of the surplus.

Legge would not estimate the amount of increased consumption if the 40,000,000 bushels were diverted for relief, but said it would be small.

While welcoming "any means of getting rid of wheat holdings," Legge said from the standpoint of relieving the suffering, there was a question whether providing one good commodity would be as helpful as a general supply of all things needed.

Legge said the board was "grappling with the total surplus" and it didn't matter "where you draw the wheat from—it affects the surplus."

TWO MISSING MEN RESCUED BY AIRPLANE

Are Saved After Wandering for Two Months In Frozen Yukon Wilds

White Horse, Y. T., Dec. 11.—(AP)—Two men who wandered about two months in the frozen Yukon wilderness have been saved by an airplane.

Bob Maten of Wrangell, Alaska, a prospector, and Emil Kading, an airplane mechanic, yesterday were brought to White Horse from the wilds where their pilot E. J. A. Burke, died of exposure after their plane became disabled.

Their rescue was effected by Everett Wasson, pilot, and Joe Walsh, a prospector, who sighted their signal fire last Saturday, after repeated flights over the site of their camp. They were 40 miles from their plane.

Burke and his companions left Liard post October 11 to fly back to Atlin, B. C., after delivering some sluice boxes.

Marten and Kading said they flew into a snowstorm and turned back, hoping to reach Wolfe Lake, but were forced to land on the Liard river. The pontoons of the plane struck a rock and were damaged. They camped near the spot for six days then sent out for Wolfe Lake on foot.

Wasson and Walsh, who were seeking the missing party, sighted the plane late in November but could find no place to land nearby.

Burke and his companions, in the meantime, struggled through the snow toward Wolfe Lake, hunting game for food on the way.

EINSTEIN VISITS AMERICA

Prof. Albert Einstein, famous German scientist and father of the theory of relativity, and his wife Einstein shown aboard the liner Belgenland as they sailed for the United States.

Einstein Makes Plea For End Of Militarism Upon Arrival In United States

Urges Nation to "Kill the Monster Militarism In Address Over Radio From Liner Belgenland; Hundred Reporters and Cameramen Meet Noted Physicist

New York, Dec. 11.—(AP)—Dr. Albert Einstein, father of a scientific theory so complex that few human beings can understand it, landed today in the United States and gave to the American people by radio a simple forceful message pleading for an end to militarism.

From the drawing room of the liner Belgenland he spoke in German: "Kill the monster of militarism. Your political and economic position today is such that you can entirely destroy militarism whenever you set your hand to it."

The physicist's wife translated his address. "Your country, through its peace and labor, has reached a preeminent position in the world," Professor Einstein said. "Through your free government you have put liberty above the power of any tyranny."

A hundred reporters and cameramen met the scientist when the Belgenland reached quarantine this morning, and he jested with them in his native tongue and caused many a photographer to miss a good camera shot by making the picture man laugh just as he was about to make a picture.

Surrounded by a repertorial multitude which stood on chairs about him to see over those ahead, Einstein sat with his wife at a table and remarked:

"This is just like a Punch and Judy show!" "The first question," he went on, "always is 'is everybody here?' and the answer is 'yes.' That is the question and answer now."

He evidenced his "relativity complex," however, a few minutes later when he drew a German friend aside from the phalanx of cameramen and whispered, "I do not see them. I feel like I am on top of a high mountain and I do not look down."

Senate Committee Opens Hearings On Eligibility New Power Commission

Senator Wagner Demands Legislation To Prevent Unemployment In Future

New York Democrat Criticizes President Hoover for Not Presenting a Permanent Program for Controlling the Effects of Slack Business in the United States

Washington, Dec. 11.—(AP)—Legislation to prevent future unemployment was demanded today by Senator Wagner, Democrat, New York.

Addressing the Senate, he criticized President Hoover for not presenting a permanent program for controlling the effects of slack business.

"One of the most clearly legible expressions to be found in the election returns," he said, "is widespread public disapproval of the administration's method or rather lack of method of dealing with unemployment."

The New York Senator quoted the President as saying in his annual message "it is yet too soon to formulate" permanent legislation and said "this plea for delay is but an apology for previous inaction."

"We opened this session under the happy auspices of promised co-operation between the two sides of this chamber and between the Legislature and Executive," he continued.

"To me that meant joint effort in making a lasting contribution to the overshadowing problem of our generation. It did not occur to me that it might mean acquiescence in a policy of further delay and inaction."

Wagner said he was not opposed to the relief measures now pending. "But I plead for a better way in the future," he said. "A place on the bread line is, after all, an unkind and ungenerous reward to the workmen who have made our country."

He urged that enactment of his bills to prevent unemployment, which passed the Senate last session.

Gets Farm Medal

Mrs. Ellsworth Richardson of Albia, Iowa, is the first woman to receive the distinguished service medal from the American Farm Bureau federation.

George Otis Smith, Chairman, Tells Senate Commerce Committee That He Had Been On the Side of the Power Companies In a State Fight Over Export of Power; Other Members To Be Heard

Washington, Dec. 11.—(AP)—George Otis Smith, of Maine, nominated chairman of the Senate Interstate Commerce committee today he had been on the side of the power companies in a state fight over the export of power.

He said he had advocated the export of power, not to aid the power companies but because he believed it best for the people of Maine.

Senator Wheeler, Democrat, Montana, read a letter from Smith to the Maine Public Utilities commission in 1924 saying the people of Maine should be more friendly to the power companies. Smith said later votes had shown this opinion to be correct.

Questioned, Smith testified he was in favor of regulation both by the Federal government and the states of the transmission of power whether generated from coal, oil or water.

He opposed government operation of power projects and contended that state regulation of public utilities has been successful.

Smith was the first of the five men nominated for the tariff commission to be questioned.

Smith said he was not so worried over duplication of regulations between states and the Federal government, as he was in "avoiding a gap" in control.

Replying to questions, Smith said he was opposed to government ownership of power projects.

Regulation of electric light rates has been favorable both to the people and the companies, Smith went on.

Senator Howell, Republican, Nebraska, said "the higher costs of electric energy in the United States are not due to the cost of generation, but the cost of distribution, which is regulated by power utilities' commission."

Smith reiterated that in his opinion regulation had been a success. Chairman Couzens asked Smith's attitude toward issuance of minor licenses for power development, which allow power companies to operate without full regulation provided by the Water Power Act.

The nominee replied the restriction of regulation under minor permits or non-navigable streams was in variance with the intent of Congress.

Charlotte, Dec. 11.—(AP)—Frank R. McNinch carried with him the endorsement of his fellow members of the Charlotte bar today as he approached the first hurdle in his path toward membership on the recently created Federal Power Commission.

On the eve of his appearance in Washington for examination by the Senate Interstate Commerce committee as to his qualifications for the post to which President Hoover appointed him a few days ago, the Charlotte attorney was formally endorsed by the local bar association at a special meeting attended by 40 members.

The resolution adopted unanimously endorsed Mr. McNinch "as one who is an upright citizen and worthy in character and an accomplished lawyer of ability and integrity and in ever way in our to serve upon the Federal Power opinion worthy and competent to serve upon the Federal Power commission."

It concluded with an appeal to Senators Simmons and Overman, "to vote and work for his confirmation."

Some of the lawyers present took occasion to say, however, that in voting for the resolution they did not endorse Mr. McNinch's political activity in 1928 when he was state chairman of the anti-Smith campaign movement.

Interest in his appearance before the committee, of which Senator Couzens, Republican, Michigan, is chairman, was focused upon the question of whether he will reveal the financial details of his anti-Smith campaign. There have been a close secret for more than two years, although Attorney General Brummitt ruled that the law required a report. Mr. McNinch differed with the attorney general and refused to file a statement of receipts and disbursements.

MERCHANTS TO HELP JOBLESS OBTAIN WORK

Association Will Attempt to Relieve Unemployment During the Holidays

Through its Secretary C. B. Rowlett, the Merchants Association today announced plans for helping the unemployed people of the community to find employment during the holidays.

Realizing that scores of people are unable to find employment at this time, Mr. Rowlett said the association's office on Evans street would be used as an employment department during the Christmas holidays, and expressed hope that the public would co-operate in helping make the plan the success desired.

People having employment of any kind, from ordinary hard labor to office work, have been requested to inform the association of same so that it will be able to place the workers who make applications for positions. If this is done, opinion was expressed that unemployment might be reduced to no little extent during the holidays, and there by help make Christmas brighter for the men and women who have been walking the streets in search of lucrative employment.

The condition among the poor people in the city to Greenville is much improved over last year, the secretary of the association said, and with the placement of the unemployed the condition would be much better than it is. The most serious situation exists in the rural communities where tenant farmers who failed to pay out their crops are suffering for food and clothing. This condition will be met, however, through the association's Christmas funds and donations raised through other charity movements.

Both people without jobs and those having jobs to be filled are urged to get in touch with the Merchants Association immediately, and in that way help along the movement looking to the improvement of unemployment during the holidays.

Members of the association expressed the hope that the "breaking of the ice" by the two donations today would have a tendency to speed up gifts and that the arrival of the holidays would find the fund swelled to several hundreds of dollars.

The association is being assisted by the Department of Welfare. Field workers have gone out into the community to determine the need of the poor and have found actual hunger existing among some of the tenant farmers.

Contributions of money, food, clothing or fuel will be gratefully received by members of the campaign committee, and the public was urged to give magnanimously to the fund during the remaining days before the Yuletide season rolls around.

TWO GIFTS TO HOLIDAY FUND FOR THE POOR

Contributions Amounting to \$35 Received By Merchants Association Here

First contributions to the Merchants Association's Christmas fund for the poor were reported this morning from the association's offices on Evans street.

The contributors were Mrs. W. B. Young, \$10.00, and the Young Mercantile Company, merchandise valued at \$25.00.

Although the campaign is nearly two weeks old these were the first donations received by the association, with exception of the announcement last week by Red Corbett, operator of the New Theatre, that he would contribute ten per cent of this week's theatre receipts to the fund.

Members of the association expressed the hope that the "breaking of the ice" by the two donations today would have a tendency to speed up gifts and that the arrival of the holidays would find the fund swelled to several hundreds of dollars.

The association is being assisted by the Department of Welfare. Field workers have gone out into the community to determine the need of the poor and have found actual hunger existing among some of the tenant farmers.

Contributions of money, food, clothing or fuel will be gratefully received by members of the campaign committee, and the public was urged to give magnanimously to the fund during the remaining days before the Yuletide season rolls around.

Widow In Need of Clothing for Four Children

A widow with a flock of four precious children, all of school age. She grades tobacco and does whatever she can to eke out a living. She "thanks the Good Lord" that she has been able to secure food, with the help of the bread the Salvation Army has been giving out. She asks for only one thing, for clothing to keep her little ones warm.

Bread is distributed to needy families every day by the Salvation Army, thanks to F. J. Deiner of the Peoples Bakery, and, my, how that bread is enjoyed.

Inability to Say "No" Lands Banker Behind Jail Bars

Hillsboro, Dec. 11.—(AP)—An inability to say "no" to friends was blamed by Robert Riley for a 7 to 10 year prison sentence, hanging over him today.

Judge Henry Grady imposed the sentence on him yesterday when he pleaded guilty in Superior Court here to misappropriating about \$40,000 of funds from the Bank of Effland, of which he was cashier.

Riley asserted that the shortage in his accounts accumulated over a period of years from loans he made to persons who had been refused credit by other officials of the bank. He denied that he had personally profited.

The bank was closed in November when Riley informed examiners he was hopelessly short in his accounts.

Martial Law Is Proclaimed In All Parts Cuba

Havana, Dec. 11.—(AP)—Increasing unrest throughout the republic President Machado at 3 o'clock this afternoon informed the Associated Press that he issued a decree suspending constitutional guarantees and establishing a practical state of martial law throughout Cuba.

The streets of Havana echoed today to the cries of students and the firing of police attempting to disperse marchers. Business and professional men who claim the National University as their alma mater were pledging their support to the students.

A meeting of newspaper publishers was held to discuss whether the public press should also be thrown to the support of the students.

## COMMON SENSE PAYS.

Congratulations to our people for the wisdom they displayed yesterday in the face of trouble that might have been expected to follow the closing of the National Bank. While there were some withdrawals from the Greenville Banking and Trust Company, our remaining commercial bank, the close of the day found the withdrawals and deposits almost on a par, despite the fact that the bank remained open three hours longer than the usual time to permit withdrawals if the patrons so desired. To visit the bank today no one would ever know that there had ever been any trouble anticipated and business there as well as in local business houses is moving along on as normal a scale as it was before the closing of the other bank.

Of course rumors together with the failure of a neighbor bank always have their effect but the actions of our people yesterday displayed far more reason than had been anticipated and we congratulate them as well as the officials of the Greenville Banking and Trust Company and interested business men of our town for the admirable manner in which the situation was handled.

While the bank was and is prepared to pay every depositor every penny of their money on demand, our people evidently realized that to draw it from the bank would mean financial suicide for the entire community and they took the safe and sane attitude toward the situation. By this use of common sense on the part of our people we feel that a great disaster to our community has been prevented and we wish to compliment all who had a part in this fine piece of work.

# ABOUT TOWN

The Salvation Army has postponed the opening of its campaign until next Monday. This announcement was made by campaign forces yesterday afternoon. All of the committees have been named and when Monday morning arrives it will find every member in place ready to do his part toward raising the \$2,500 budget. The Salvation Army has done some mighty fine work in Greenville the last two years. By reaching down in the shadows of life's highways it has been able to reach men and women the churches and other religious organizations have been unable to touch. Money invested in this kind of an organization is well spent, and it may be assured that every cent of the budget will be used in the uplift of humankind.

In the face of business adversity such as the county probably never experienced before, the people of Pitt county are "milking their way through" confident in their ability to emerge at the big end of the horn in the not distant future.

It is in the kind of spirit that has placed the county in the front ranks of the business, educational and agricultural ranks of the state, and which will enable it to continue to hold this exalted position. Things may be bad, but it should be remembered that every cloud has its silver lining despite all fears and contradictions.

Optimism is the thing necessary to every community affected as is North Carolina and the entire nation, for that matter, and the man that cultivates the habit of smiling and singing will be the first to round the bend into the era of prosperity and happiness.

A Pitt County Shrine club has been organized in Greenville with some of the best known members of the organization as members. Such a club has been under consideration here for sometime, but this was the first time a meeting was held for the purpose of perfecting permanent organization.

Shriners of Pitt county are doing their part in the business and educational life of the various communities in which they reside, and it is possible that they may be able to accomplish even more through organization.

The county welcomes organization as it is through this method alone can any thing great and good be accomplished. With only 12 more shopping days until Christmas the time has come for the shoppers to begin to seriously consider the slogan, "Do your Christmas shopping early."

In fact, people who desire to buy the best market has should get busy immediately and in that way take advantage of the best the stores have to offer. Merchants have been in readiness for the annual pilgrimage of Christmas shoppers for nearly two weeks now and it will be no fault of theirs if the bargain seekers fail to get everything coming to them.

Do not longer pass the shopping slogan idly by, but act at once and see that you get the pick of the thousands of things the merchants have placed on their counters.

While mailing the Christmas letters and packages bear in mind the message conveyed by Tuberculosis seals and see that no parcel

## A DOCTOR'S ADVICE for Stubborn Bowels

"Drink at least six glasses of water daily—preferably before meals. Eat bulkier foods, such as vegetables, fruits and coarse breads. Use a mild laxative as needed."

That is Dr. Caldwell's advice to people with stubborn bowels. He specialized on the bowels; treated thousands for constipation and its ills. The prescription he used over and over in his practice has become the world's most popular laxative "Syrup Pepsin," as it is now called, was tested by more than 47 years of practice.

Today you can get Dr. Caldwell's Syrup Pepsin at any drugstore in America. It is always the same; made exactly according to the original prescription, from laxative herbs, pure pepsin and other valuable ingredients. Nothing in it to harm even a baby. It does not grip, or sicken or cause any discomfort. But it moves the bowels; it gets rid of all the stinging waste which clogs the system; makes you bilious, headachy, gassy, bloated, weak, half-sick. A doctor should know what is best for the bowels. Syrup Pepsin is a famous doctor's choice of a safe, pleasant, effective laxative for men, women, older folks, babies and children.

**DR. W. B. CALDWELL'S SYRUP PEPSIN A Doctor's Family Laxative**

of mail leaves your hand unless it contains one or more of the tubercle seals. They will show the recipient of the gift that you are doing your part to stamp out dreaded tuberculosis through the purchase of the seals. The seals are being sold through the Woman's Club of Greenville and funds will be devoted to the establishment of a bed for indigent children at Pitt County hospital.

Greenville and Pitt county have a sound financial rating with the money interests in New York and other big cities of the nation judging by the telegrams received in this city yesterday following closing of the National Bank. The big bankers intimated that they stood ready to meet any demands which might be made upon them for relief of the situation here. The offer was made in the best of spirit, and gratefully received by bankers, but enough money was on hand to take care of the situation and the invitations were not taken advantage of.

Every section of the country is having its financial reverses as a result of deflated values and inability to realize on securities, and the peak has just about been reached. It is one of those periods of readjustment which inescapably as death comes from the big cities, and there should be no apprehension concerning our ability to come through with colors flying.

## PRaises WORK OF THE PRESS

Frank Noyes Speaks At Convention of Life Insurance Presidents

New York, Dec. 11.—(AP)—The value of the press and life insurance companies in producing an informed nation was set forth to the convention of life insurance presidents today by Frank B. Noyes, president of the Associated Press.

Saying that in normal times the press fulfills its functions of informing, explaining to and exhorting readers more broadly and more admirably than at any previous period, Mr. Noyes proceeded:

"The information regarding what is going on in the world on which most citizens must base their beliefs and their actions, comes to them in the overwhelmingly majority of cases through the columns of their newspapers.

"A grave responsibility is thus imposed on the press and its gravely is recognized broadly by newspaper men.

"Today, a newspaper may be Democratic or Republican, Conservative or radical in its leanings, but its recognizes its obligations to its readers to give them, as nearly as may be, a balanced picture of the world's news, generally doing its missionary work in its editorial columns."

Mr. Noyes praised the newspapers of today as vastly better than those of 50 years ago.

"The Associated Press," he continued, "exists because of the determination of its members that no privately owned concern should have control of their main news service which is the life-blood of their newspapers."

"This determination was and is based on our belief that the prosperity of our newspapers and indeed the safety of our republican institutions is founded on an undivided news service.

Praising the great life insurance companies of the country as second only to the press as informative agencies, Mr. Noyes called attention to their welfare and research work and the delivery to policyholders of a mass of publications contributing greatly to popular instruction on health matters.

## Insure Health With Good Milk—

Blount's Dairy Milk meets all requirements of the best quality Grade A milk. It comes from a healthy tuberculin tested herd. It is produced and bottled under the most hygienic conditions. The dairy is inspected and milk tested regularly by the City Health Officer.

Our bacteria count has been consistently low. Our average for the past six months being only 1-5 of that allowed for Grade A milk.

Our milk is rich in cream, testing high in butter fat content.

Call phone 641 and we will deliver it to you morning or afternoon.

# Social and Personal

Oscar Greene, of Kinston, was here yesterday.  
 J. B. James spent yesterday in Raleigh.  
 Miss Gladys Stennette, of Virginia Beach is the guest of Miss Gretchen Parker.  
 H. S. Sheppard of Wilson spent last night with his father, Mr. Henry Sheppard.

**Girl Scout Notice.**  
 The Girl Scouts of Troop One are requested to be present at the Greenville high school auditorium at 7:30 Thursday night.

**Mrs. Darden Recovers.**  
 Friends of Mrs. W. A. Darden will be glad to learn that she has recovered and is able to be out after several weeks' illness.

**T. E. L. Class to Meet.**  
 The T. E. L. class of the Emmanuel Baptist church will meet Friday evening at 8 o'clock with Mrs. F. A. Edmondson on Chestnut street. All members requested to be present.

**Junior Woman's Club.**  
 The Junior Woman's club held its regular meeting at the club house Friday afternoon with most of the members in attendance. Mrs. Persis Nicholson, Mrs. Durwood Tucker and Mrs. Mary Forbes were the officiating hostesses for the afternoon. The meeting was presided over by Mrs. Geo. F. Hadley in the absence of the president, Miss Clara Moye. Minutes from the preceding meeting were read and accepted and the usual business disposed of.  
 Mr. Tom Gorman made a report on the Christmas tree which the club will have for the more unfortunate children and it was decided to have the tree at the club building on December 23. The meeting was then turned over to the hostesses and a delightful program rendered. Mrs. J. E. Kirkpatrick very charmingly sang "Under the Stars" and was accompanied by Mrs. Closs Hearne. Mrs. Nicholson then presented Mrs. June Rose who read a most interesting paper on the "Origin of Christmas Customs." The origin of Christmas itself was attributed to Martin Luther, and making its appearance in this country with the first German immigrants. Delicious tea and sandwiches were served by the hostesses.—Reported.

**FATHER OF MRS. SAVAGE DIES AT ROWLAND HOME.**  
 News was received in Greenville this morning of the death of Dr. W. A. Evans at his home in Rowland, N. C. Death resulted from injuries which he received when a train hit his automobile several days ago.  
 Dr. Evans was the father of Mrs. Lindsay Savage, of Greenville, who was called to his bedside immediately after the accident occurred.

**NOTES TO SPONSOR FOOD MATINEE AT THE STATE THEATRE SOON.**  
 Members of the Greenville Rotary club will sponsor a food matinee at the State theatre Saturday, December 20, at 10:30 o'clock. Children under sixteen years of age will be admitted free of charge provided they bring some item of food for the poor.

**The Colonial**  
 A design so old that it is new  
 Style is everything else run in cycles, with each recurrence an improvement of the previous type.  
 The Colonial glasses are rimless, quaint, dainty, artistic and in proper hands can be made to harmonize with the features.  
 We can do this, getting measurements for the lenses from those you are wearing.  
**W. L. BEST**  
 Optometrist  
 404 Evans St. Greenville

**Masonic Club Meeting.**  
 Greenville Masonic Club will have a regular meeting tonight at 7:30 o'clock for the purpose of practicing in the Fellowcraft degree.

**FIFTY NEW HATS FOR THE POOR.**  
 Happiness for women and children! Miss Bessie Lowe was so touched by the pathetic appeal for help for the poor of our community that she gave a very generous cash contribution besides fifty new hats for women and children. These hats were taken from her present stock and not hats that could not be sold. Miss Lowe said, she was glad to be able to help in this way because she knew of the pleasure this gift would give.

**MRS. MEADOWS HOSTESS TO END OF CENTURY CLUB.**  
 The End of the Century Club held its regular meeting Tuesday afternoon at the home of Mrs. L. R. Meadows on Student street. Mrs. Arthur, the president, called in greeting to order. After the various items of business were dispatched she asked for the current events. As these are among the most enjoyable features of the club meeting everybody responded with bits of interesting news.  
 Mrs. J. L. Hassell had charge of the program. The Flower Industry of Holland was the subject of her paper. Holland is unique in many respects and in some more than in her flower industry, the propagation of tulips and other bulbous plants.  
 Mrs. Hassell handled her subject well and presented one of the most delightful and instructive papers of the year.  
 At the close of the meeting Mrs. Meadows served delicious refreshments. She was assisted by Misses Elizabeth and Mae Meadows, Dora Coates and Emma Hooper, and Mrs. Kittrell.  
 The guests were Mrs. Bloxton and Mrs. Murphy.  
 —Reported.

**SIR HUBERT WILKINS TO LECTURE AT COLLEGE ON FRIDAY EVENING.**  
 Tomorrow evening, at 8:30 o'clock, in the campus building of East Carolina Teachers College, Sir Hubert Wilkins will give an account of his experiences in "Flying Both Ends of the Earth" and will show motion pictures taken in both the Arctic and Antarctic regions. This is one of the most important occasions ever sponsored by the college.  
 Capt. Sir Hubert Wilkins is one of the greatest living explorers and aviators, with a record back of him that is second to none, and he is now planning to carry out a theory that will once again put him on the list of "firsts." He expects to make an expedition next summer testing his theory that the best way to invade the polar regions is by submarine. He will perhaps tell something of how he is to do this.  
 The story of his explorations in the polar regions reads like a thrilling tale of adventure, but to hear from his own lips the story and to see the pictures actually taken makes one feel that he is a part of the great adventure.  
 A low rate of admission, with half price for all of school age gives everyone a chance to see and hear the great man.

## COMPOSITIONS OF FORMER GREENVILLE WOMAN TO BE BROADCAST ON SUNDAY

Station WJZ will broadcast a group of five songs by "Velma Rawls," "Mrs. Edgeworth Smith" on Sunday afternoon, December 14, at 4:45.

Miss Rawls, who presents a premier of some of her songs over WJZ at 4:45 p. m. on December 14th, the Shur-On hour, has had a brilliant juvenile career, as soloist. She was the daughter of the late Wm. Stowe and Margaret Tyson Rawls, of Greenville. She made her first public appearance at the piano, at the age of five, and played in concert at the Peabody Conservatory of Music in Baltimore at the age of nine and was the youngest to receive the rarely awarded and much valued diploma in piano and composition from that conservatory. Soon after that, she was offered an engagement as piano soloist with the Philadelphia Symphony Orchestra but, instead, she became Mrs. Edgeworth Smith, and has given her playing for charity in various towns.  
 She resides at High Farms, Glen Head, Long Island, N. Y.  
 The songs to have their premier on December 14 include:  
 "I Love But Remains."  
 "Maz at Laas."  
 "I Met You In a Dream."  
 "Big Eyes."  
 "Oh, Wait for Me Darling."  
 Harold Randolph, former director of the Peabody Conservatory, said:  
 "There is a quality in Miss Rawls' playing which appeals to me more deeply than any artist I ever heard."  
 Velma Rawls studied piano under Prof. Emanuel Wlad of the famous, a favored pupil of Liszt, and studied composition under Howard Brockway. Her early writings were classified for including piano sonata and minor pieces. Recently she has turned to song writing of modern and popular character, and is also completing an opera.

## Mrs. Barrow Dies At Farmville

Farmville, Dec. 11.—Mrs. Lucy Tyson Barrow, 59, one of the best known and highly esteemed women of Green county, died at her home five miles from here, Wednesday afternoon at 1:45 following a protracted illness with Bright's disease.

She was born in Pitt county near here, and was the daughter of the late Mr. and Mrs. Seth Tyson, one of the oldest families of this section. She married Taylor E. Barrow of Green county, May 1897, who survives her with four daughters; Mrs. Ed. Nash Warren of Maury, Misses Gladys Jeanette, Mary Tyson, and Lucy Oliver Barrow, two sons; Seth Tyson and Taylor Everett Barrow, and two sisters, Mrs. W. Y. Swain of Henderson, and Mrs. T. C. Beaman of Farmville.

Rev. J. A. Russell of Darham, a friend of many years, and a former pastor of M. Hermon Church, Methodist of which she had long been a member, eulogized the life of Mrs. Barrow, saying that the keynote was devotion to God, family, and friends. Rev. K. B. Craven, the present pastor assisted in the service. Possessed of an irrepressible youthfulness of heart and generous spirit, her home had always been noted for its open door and old time Scotch hospitality, and she will be greatly missed by a large circle of friends and neighbors.

Interment in Forest Hill cemetery here, followed the services held at the home this afternoon at 3:30.

## Tenant Farmer Commits Suicide Near Farmville

Farmville, Dec. 10.—Ben Hedgepeth, tenant farmer, died of self-inflicted injuries while enroute to a Greenville hospital Tuesday where he was being rushed by relatives, who found him bleeding to death from gun shot wounds.

Mr. Hedgepeth, 55-years-old, had lived for a number of years near Bruce on the Harris farm, now owned by A. C. Mack and was alone in the house when the act was committed, the rest of the family having gone across the road to the grading room. Financial worries are thought to have unbalanced his mind. He was of an affable disposition and considered a good neighbor.

He leaves a wife and several children. Funeral arrangements have not been completed, the family awaiting the arrival of a son from Georgia.

## New York Bank Closed Following Heavy Withdrawals

New York, Dec. 11.—(AP)—Notices stating that the institution was in the hands of the state banking department were posted at the main office and several of the branches of the Bank of the United States, one of the city's smaller and newer banking organizations, before the regular opening time this morning. This action was taken after a

hurry of withdrawals late yesterday, and a series of conferences of leading bankers lasting well into the morning at the New York Federal Reserve Bank. The bank has no connection with the government, but because of its name, bankers were anxious to take constructive action to prevent ill-advised nervousness.

The bank obtained its state charter with a single branch on the lower East Side in 1913. Present laws would prevent the giving of such a title to any new bank.

The bank, while specializing in small deposits, and serving primarily the garment manufacturing trade, had expanded rapidly, opening a total of 59 branches in various sections of the city. It is not

identified with Wall Street, maintaining only a branch in the financial district.

On the basis of its latest condition statement, which was as of September 24, the bank had total resources of \$254,043,942, and deposits of \$202,972,469. It is understood, however, that deposits have been considerably reduced since

STATE, Mon.-Tues.

that time. While its total resources are comparatively large, they amount to only a small fraction of the resources of any one of the city's leading banks.

**Card of Thanks.**  
 We only wish we could find words to express our appreciation for the many kindnesses and expressions of sympathy shown us by our many friends through the loss of our wife, mother, sister and aunt, Mrs. W. J. Midyette and Mrs. B. W. Payne. The flowers were lovely. Words cannot express our appreciation. We will love every one more.  
 W. J. Midyette and Daughter, Ruby.

# Market Report Cotton--Stocks--Grain

## COTTON MARKET

New York, Dec. 11.—(AP)—Cotton opened barely steady today at a decline of 3 to 7 points under selling influenced by relatively easy Liverpool cables, with all active months making new low records for the season. Business was fairly active.

There was further scattering liquidation which appeared to be occupied with some southern selling by houses with Liverpool connections. The decline, however, seemed to be reaching the trade buying limits, according to local brokers and there was sufficient buying on that account or covering to steady prices around 10.51 for May contracts. Rallies of 3 or 4 points followed, with new December selling at 9.95 and May at 10.55 at the end of the first half hour.

Liverpool cables reported hedging and general liquidation in that market and said that sales of cotton cloths and yarns were unimportant with China business at a standstill owing to the decline in silver and low exchange.

## GRAIN MARKET

Chicago, Dec. 11.—(AP)—Wheat deliverable in July reached a new low price record for the season today. Buying support was lacking except for wheat already in storage which was upheld by government sponsored agencies purchases. Corn also gave way. Sympathizing with weakness of wheat and of securities. Although a comprehensive survey made in Illinois and Iowa indicated there would not be an over-large movement of corn the next 30 days unless prices advanced.

Wheat closed irregular, at yesterday's finish to 1 1/4 lower; corn nervous, unchanged to 3/4 to 7/8 off; oats 3/8 to 7/8 down and provisions at 15 to 35 decline.

## STOCK MARKET

New York, Dec. 11.—(AP)—The stock market drifted substantially lower after holding fairly steady during the early trading today.

Selling was in fair volume, and several issues declined 2 to 6 points to new lows for the bear market. Liquidation, however, was orderly and unhastened.

Recent heaviness in some of the commodities appeared to be a depressing factor in the stock market. Cotton futures sold at new lows for the season, which came on the heels of the sag in copper and silver. Steel prices, however, seem to be maintaining their recent improvement, and stabilization of wheat seems to progress satisfactorily.

A conspicuous item of corporate news was the declaration of the regular quarterly dividends on the \$7 and \$6 preferred issues of In-

ternational Paper and Power. Credit conditions were little changed. Call money was rather firm at 2 percent. Canadian exchange declined sharply, resulting in a shipment of \$5,000,000 in gold from Montreal to New York.

E. G. Flanagan et al, trading as Flanagan Buggy Co, dated October 29, 1929, and recorded in Book Y-15 at page 640 of Pitt County Public Registry, default having been made in the payment of the debt therein secured, and a re-sale having been ordered by Clerk of Court on account of an upset bid, the undersigned will on Saturday, the 27th day of December, 1930, at 12 o'clock noon

before the courthouse door in Pitt County, sell to the highest bidder for cash, the following described real property, to-wit:

That certain tract or parcel of land lying and being situated in Greenville Township, Pitt County, North Carolina, bounded on the North by the lands of John Corey, on the South by the lands of Lou-

nie Smith, on the East by the lands of Lawrence Anderson, on the West by the lands of Joseph Tripp, containing 52 acres, more or less, and being the same land described in Book K-15, at page 632 in the office of the Register of Deeds of Pitt County.

This the 10th day of Dec., 1930.  
E. G. Flanagan, E. G. Flanagan, Jr., John Flanagan and W. E. Hocker, trading as Flanagan Buggy Co., Mortgagees.  
Harding & Lee, Attys.  
Dec. 11-11w-2wk.

## NOTICE OF SALE OF REAL ESTATE

Under and by virtue of the power of sale contained in that certain deed of trust executed by Ira J. Frazelle (unmarried) to W. H. Wool-

ard, trustee, dated January 21, 1928 and recorded in Book F-17 at page 476 in the office of the Register of Deeds of Pitt County, default having been made in the payment of the debt therein secured and the cestui que trust and holder of the notes having requested said trustee to advertise under said trust, the undersigned trustee will on Monday, the 12th day of January, 1931 at 12 o'clock noon

at the courthouse door in Greenville, N. C. sell to the highest bidder for cash the following described real property, to-wit:

That certain tract of land lying

in what was formerly Contentnea Township, Pitt County, lying on both sides of the main road leading from Greenville to Kinston and bounded on the North by the lands of William Smith, on the East by the lands of Mrs. Luke McGlohon, Ira Manning, J. B. White and Craven Sumrell, on the East by the lands of Mrs. A. R. Holton and Mrs. Della Cannon, on the West by the lands of Olen Wingate, and on the northwest by the lands of R. C. Cannon and Sons, containing 226 acres, more or less. References: C-3 at page 140; Y-3 at page 213; N-3 at page 535; and G-8 at page 448.  
This the 10th day of Dec., 1930.  
W. H. Woolard, Trustee.  
Harding & Lee, Attys.  
Dec. 11-11w-4wk.

# A THREE-DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing

elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

# CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

**Court Dismisses Case of Two Men Condemned to Die**

Raleigh, Dec. 11.—(AP)—Only Gov. O. Max Gardner stood between two negroes today and a double electrocution in the central prison here the day after Christmas.

The State Supreme court yesterday dismissed the appeals of Lancy Sterling and George Davis, New Hanover county negroes, under death sentences for murder of John Brown, crippled Wilmington store-keeper. This action automatically set the execution date for December 26, third Friday after the court's opinion in the case.

Governor Gardner announced, however, he would stay the execution until after the Christmas holidays.

Twenty-one opinions, the largest batch in several weeks, were handed down by the court.

One opinion affirmed a lower court judgment that T. C. Johnston was elected High Point court-citizen in the place of W. S. Davis, whom the original ballot count showed elected.

The courts upheld the throwing out of a number of absentee ballots and ruled the correct count was: Johnson 567, Davis 574.

In another opinion, the high court dismissed as a moot question the appeal of William A. Sullivan, Buncombe County, who had sought to have his name put on the ballot as a candidate for county judge in the June primary.

**Bailey Sees New Future Ahead of American People**

New York, Dec. 11.—(AP)—J. W. Bailey, U. S. Senator-elect from North Carolina, sees a new nation, without geographical distinctions of serious sectional cleavage—where the struggle of the future will be pitched around two Cardinal ideals equality and liberty.

Mr. Bailey and Dr. Francis P. Gaines, president of Washington and Lee University, were speakers last night at the annual dinner of the Southern Society of New York where a host of representatives from a dozen states assembled. George Gordon Battle, native of North Carolina, is president of the society.

"America is after all now but one vast community," Mr. Bailey said, "to which geographical and historical distinctions are slowly yielding."

"There will never again be a serious sectional cleavage in our land," he continued. "We have done for the most part with political geography. Political parties in order to succeed must seek a national unity in national mission."

Referring to the ramifications of the machine age with its mass production, the senator-elect said "manifestly the line of division will be neither geographical or racial. The struggle will be pitched around equality and liberty; and it will be determined by the unity of those of British heritage, who 70 years ago, were so ardently opposed the one to the other."

**Negro Actor Killed in N. Y.**

New York, Dec. 11.—(AP)—The "Angel Gabriel" has answered the trumpet call to greener pastures.

Wesley Hill, negro actor who portrayed the part of the angel in Marc Connelly's Pulitzer prize-winning play, was struck by a taxicab in Harlem yesterday and died before he could be taken to a hospital.

At Gabriel's funeral the lord of the "Green Pastures" (Richard E. Harrison) will deliver his eulogy. Cherubin (the Hall Johnson choir) will sing his requiem, and Adam and Eve and all the rest will attend to mourn his passing.
