DEMAND FOR RELIEF INCREASES IN UNITED STATES

School Bill Fight Set for Next Week Million People To Need Aid By First Of Month, Red Cross Head Asserts

BOTH HOUSES MAKE MEASURE SPECIAL ORDER

House to Begin Consideration Monday Night and the Senate Tuesday Morning; Several Bills of Minor Importance Given Consideration During Today; Both Houses to Remain in Session Tomorrow

Raleigh, Jan. 23.—(AP)—State support of the six months constitutional school term moved a step nearer debate on the floor of the General Assembly today when the MacLean bill to revise state operation was sent by both houses to special order next week.

The lower branch will consider the bill Monday night. It replaces two measures introduced separately by Representative Young of Hargett and Senator Lindsey of Brunswick.

The Senate will take up the measure Tuesday morning. A few measures of importance were heard today as both Houses held rather listless sessions.

Tomorrow both branches will meet to consider local bills.

Debate in the Senate on reference to the MacLean measure to the finance committee brought a charge from Senator McSwain of Cleveland that this was proposed "to smother the bill" and Senator Baggett of Harnett questioned the wisdom of having a finance committee "composed of half the members of the Senate."

One state-wide measure introduced in the upper House, by Senator Johnson of Duplin, would change the method of selling automobile license plates so as to allow persons buying plates between April 1 and July 1 to pay only three-fourths of the full price.

The House got a measure by Representative Connor of Wilson to require banks establishing branches to allocate a part of their capital stock at surplus to the branch.

Representative Halstead of Camden introduced a resolution to reduce license taxes on farm-owned automobile trucks 40 percent.

The House, by a 51 to 40 vote, passed a measure of Representative Gattis of Orange to have simpler rules of procedure, was recommended by the judicial conference, set up by the Supreme court.

A bill to allow settlement of law suits by county commissioners only after unanimous consent and public notice was amended to apply to Union county only and was passed.

The House passed the following bills today:

Rogers of Macon, to abolish bonuses for prohibition arrest in Macon.

Rogers of Macon, to amend Macon County statute relative to seizure of liquor cars.

Huffman of Rowan, to validate marriages performed by D. W. Julian.

Huffman of Rowan, to provide for peace officers' relief fund for Salisbury and Rowan county.

Gattis of Orange, to authorize Supreme Court to set up general rules of procedure.

Helm of Union, to require unanimous consent and public notice prior to settlement of lawsuits by county commissioners of Union county.

Johnson of Halifax, to name the bridge over Roanoke river on Highway No. 12.

The Senate today passed the following bills:

Priestley of Bertie, to amend laws relating to fishing so as to allow non-residents to fish in the state by acquiring a lease on the property to be fished on.

McSwain of Cleveland, to create office of county auditor in in Cleveland county.

White and Graham of Robeson, to abolish the Robeson County tax collector.

SEEK REMOVAL OF BAN ON RUM FOR THE SICK

Copeland Introduces Bill for Lifting of Restrictions On Prescription Liquor

Washington Jan. 23.—(AP)—A bill to remove restrictions on the distribution of medicinal liquor by physicians—as recommended by the Wickham commission—was introduced today by Senator Copeland, Democrat, New York.

The New Yorker said the bill was designed to carry out the only recommendation the law enforcement commission had been able to agree upon—as far as he could see.

Prior to submitting suggestions concerning control of medicinal liquor, the commission concluded the removal of present restrictions would remove "causes of resentment on the part of the medical profession."

"While the bulk of the profession have undoubtedly been scrupulous in adherence to the law," the report said, "prosecutions have been necessary from time to time and palpable evasions or violations come to light continually."

"But we are satisfied that in several particulars the causes of resentment on the part of the medical profession operate against a favorable public opinion to such an extent as to outweigh the advantages to enforcement."

In addition to recommending that the statutory fixing of the amount of liquor to be prescribed by physicians be abolished, the commission recommended abolition of the requirement of "specifying the amount for which liquor is prescribed upon a blank to go into the public files."

It recommended also "leaving as much as possible to regulations rather than fixing details by statute."

Senator Copeland is a physician.

Mrs. Susie Corey Died Early Today; Burial Tomorrow

Mrs. Susie Jane Corey, 80, died this morning at 9:40 o'clock at her home near Greenville.

Funeral services will be conducted from her late home tomorrow afternoon at 2 o'clock by Elder Laughinghouse. Burial will be made in the Williams graveyard.

Mrs. Corey was a member of the Rose Hill Free Will Baptist church and held in high esteem by members of people of her community. She is survived by two sons, Henry and T. E. Corey, and a daughter, Mrs. Mattie Cannon all of Pitt county.

Only One Recommendation Contained in Report to Judge W. A. Devin, That Seeking a More Deadly "Bug Killer" At County Home; County Health Officer Asked to Visit Home Once a Week in Future

The new six months' grand jury which began action last Monday morning reported to Judge W. A. Devin, of Oxford, yesterday afternoon that it found the various offices of Pitt county in the best of condition and being well cared for. The report contained only one recommendation. That suggested that the county home be furnished with a good "bug killer" as the spray at present time in use is not sufficient to take care of the bug situation.

It was also recommended that the county health officer make a visit to the county home at once and also visit the place once a week thereafter.

The report was probably one of the most favorable presented by a grand jury since the six-month plan for juries was inaugurated about two years ago.

The jury's report in detail follows:

To the Honorable W. A. Devin, Judge Presiding:

Your grand jury for this term submits the following report:

We have carefully considered and acted upon all bills submitted to us which have been made and made due returns on same.

We have visited the several public offices of the county.

Clerk of Superior Court, Register of Deeds, Superintendent of Education, Treasurer, Sheriff, Welfare Department, County Farm Agent, County Auditor and Tax Supervisor. In each of them we find the affairs of the county are being well cared for and efficiently managed.

We have visited the following named county institutions and report thereon as follows:

The jail was found to be in good condition, well cared for with the exception of three prisoners needing medical attention. We suggest that the county health officer look after these prisoners at once.

The county road camp, we found in good condition and prisoners well cared for. We found two of the prisoners sick, and two suffering from gun shot wounds which they received while trying to make their escape.

The county home under management of Mr. Corbett was found in good condition. The inmates seemed to be well cared for and contented. We recommend a good "bug killer" to be furnished Mr. Corbett, as the spray he has been using is inadequate and also we recommend that the county health officer make a visit at once to the county home, and hereafter make a visit once a week and whenever called.

We commend the presiding judge for the manner in which he conducts his court and express our appreciation to him, the solicitor and all other officers, for their courtesies to this grand jury.

Respectfully submitted, this January 22, 1931.

J. S. WILLARD, Foreman.

Cotton Ginning Falling Behind

Washington Jan. 23.—(AP)—Cotton of the 1930 crop ginned prior to January 16 was announced today by the Census Bureau to have totalled 13,592,104 running bales, including 512,354 round bales counted as half bales and excluding linters.

To that date last year 14,176,936 running including 558,964 round bales, and in the previous year, 13,888,972 running bales, including 646,396 round bales, were ginned.

Ginnings by states to January 15 this year were:

Alabama 1,436,610; Arizona 128,423; Arkansas 858,976; California 210,619; Florida 50,732; Georgia 1,390,282; Louisiana 701,562; Mississippi 1,450,152; Missouri 151,955; New Mexico 94,065; North Carolina 780,119; Oklahoma 851,521; South Carolina 988,507; Tennessee 367,562; Texas 3,853,293; Virginia 41,635 and all other states 6,061.

SIAMESE TWINS IN COURT

Associated Press Photo
The Hilton twins, Daisy and Violet, 23, are shown in court in San Antonio, Tex., during their receivership suit against their former guardians. They asked for an accounting of about \$200,000 received from vaudeville and exhibition contracts.

Charge Of Embezzlement Against County Convict Head In Hands Of Jury

Jury In Case Of C. B. Fancher Continued Here This Afternoon At Four O'clock. Decision Expected Momentarily; Superintendent Also Charged With Bribery And Cruelty To Prisoners

The fate of C. B. Fancher, county convict superintendent, charged with embezzlement of county supplies assigned for use at the convict camp, still hung in the balance this afternoon as the jury continued its deliberations. At 4 o'clock the jury continued weighing the case and it was indicated that many more hours might pass before a decision would be returned.

In addition to the case of embezzlement, Fancher is also faced by charges of bribery and cruelty to two prisoners under his charge at the convict camp. These cases will come up for hearing at another term of court.

Hearing in the case began yesterday morning about 10 o'clock and the State rested late yesterday afternoon. The defense presented a number of character witnesses this morning who testified to the ability and efficiency of the road superintendent. The case went to the jury about one o'clock this afternoon.

Fancher was indicted for embezzlement and the other two charges by the grand jury sitting at a previous term of criminal court in this city.

He was alleged to have sold gasoline and cylinder oil belonging to the county and applying the proceeds to his own use.

This fact was vigorously denied when the road superintendent went on the stand. He admitted that he had sold some supplies of this kind, but said the money had been transferred to the county funds.

He had previously declared that the charge's grew out of ill feeling on the part of his enemies.

In the bribery case, he is alleged to have attempted to pay off a juror ordered to appear in the embezzlement proceedings, with the idea of getting him to leave town. The charge of cruelty grew out of alleged inhuman treatment of two prisoners.

The case has attracted much interest among people all over the county and the courtroom has been comfortably filled during both days the case has been in progress.

Committee Begins Action Here To Provide For The Unemployment Situation

Commissary Will Be Established by Next Tuesday From Which the Poor and Needy Will Receive Food and Clothing; \$2,000 in Cash and Similar Amount in Food and Clothing Needed to Take Care of Situation

Plans looking to the relief of the unemployment situation assumed definite form in this city today when committees began canvassing to raise funds to take care of the situation.

The movement actually got under way at a meeting of prominent citizens at the office of Mayor J. C. Lanier yesterday afternoon at 2 o'clock. At this time committees to take care of every phase of the work were named and instructed to get busy at once.

A commissary, similar to the one established on Dickinson avenue last year to provide for the needs of the poor, will be opened again this year, and it is hoped relief may be carried to every needy family in the community through this medium. Efforts toward the opening of the commissary not later than next Tuesday, and it is hoped to have it sufficiently well stocked at that time to provide for the relief work.

The committee will ask the public to contribute a total sum of \$2,000 in cash and a similar amount in food and clothing. Opinion was expressed that this would take care of the situation, which is, though at its worst at this time, is expected to improve as spring approaches and hundreds of men and women are able to find employment in the fertile fields of the county, and in other industries handicapped by cold winter weather.

A committee will make a complete canvass of the city for clothing. It will be assisted by members of the local unit of Boy Scouts. The public will be asked to bundle up all of the clothes which they wish to give to the cause and place on the front porch so that there will be no occasion for the canvassers to disturb the home owner.

The relief committee is headed by James S. Picklen, well-known tobaccoist, who took an active part for relief of the needy people last year. J. H. Waldrop is secretary-treasurer.

The finance committee is composed of B. B. Sugg, J. B. Kibrell, J. J. Sumnerell, J. H. Waldrop, J. F. Bowen.

Members of the clothing committee are J. J. White, D. J. Whichard, K. W. Cobb, Joe Taft.

The committee having charge of arrangements for the commissary is composed of Dr. R. L. Carr, J. C. Lanier, H. L. Hodges, C. W. Shuff, R. M. Garrett.

Wilson Lumberman Fatally Injured

Farmville, Jan. 22.—(AP)—J. L. Rivers lumberman of Wilson, sustained injuries in an accident which occurred on the Farmville-Wilson highway about three miles from here at 6:30 Wednesday evening, and which proved fatal, death resulting early this morning at a Wilson hospital, where he was carried immediately after the wreck.

Mr. Rivers and his son, W. M. Rivers, were driving home from their logging camp near Falkland, when the car slipped on the shoulder of the road. In turning back on the pavement, it is said that Mr. Rivers lost control of the car which finally turned over.

The accident occurred near the place where one of the Rivers' lumber trucks collided with a wagon and a car several weeks ago, and two of their negro employees received fatal injuries.

NEGRO KILLER EXECUTED AT STATE PRISON

Sidney Gattis Electrocuted This Morning for the Murder of Durham Negress

Raleigh, Jan. 23.—(AP)—Sidney M. Gattis, 49-year-old Durham negro, was electrocuted at State's prison this morning for the murder of Etta Petty, Durham negress.

The man entered the death chamber at 10:34 and after two charges of electricity had raced through his body was pronounced dead at 10:39.

Gattis made no statement after entering the death chamber.

Last night the man discussed his crime with a newspaperman, saying he shot the woman on a Durham street after she had threatened to kill him.

He readily described the killing, saying he was about 10 feet from the woman but thought she was going to kill him, as she had said she would.

Negro ministers who were with Gattis this morning said he was calm and expressed readiness to pay with his life for his crime if the "Law of God" ruled that he be electrocuted.

Gattis did not appeal his case after conviction and an investigation of the facts convinced Governor Gardner that no intervention should be made.

Gattis was the first person to die in the chair in 1931 and the 107th victim since the chair was installed 21 years ago.

Nineteen Thousand Flu Cases in U. S.

Washington, Jan. 23.—(AP)—An estimate of more than 19,000 influenza cases in the United States was made by public health officials today, on the basis of reports showing 3,867 recorded for the week ending January 17.

"There is an outbreak in Europe as well," Surgeon General Cummings said. "It has abated in Poland and France, but still is extensive in Germany and England. Apparently it is in mild form abroad also. The prevalence here is above the normal curve for the season—but not near so widespread as in 1928."

The largest numbers of cases reported were as follows:

South Carolina, 1,078; New Jersey, 382; Maryland, 113; North Carolina 112; Georgia 108; Tennessee 121; Alabama, 126; Arkansas, 101, and Oklahoma, 162.

John Barton Payne Says Despite Fact That the Organization Is Caring for 587,034 People, Demands for Relief Continue to Pour In; Half Million People In Arkansas Alone Will Be Dependent Upon the Red Cross By the First of Next Month

Washington, Jan. 23.—(AP)—Relief calls to the Red Cross for food and clothing during the past few days have been so great that Chairman John Barton Payne today said close to a million people would need aid by February 1.

"Our reports today show we are caring for 587,034," Payne said. "Our field workers in the one state of Arkansas alone estimated that 550,000 persons will be on the Red Cross rolls in that state by February 1. This is more than one quarter of the entire population of the state."

"Relief has been extended to a number of counties in West Virginia, Virginia, Alabama and Ohio by the National organization in the past few days, as the local resources of the community and the chapters were exhausted."

"The magnitude of this task for caring for drought sufferers, and the acute need for the relief fund of \$10,000,000 which the Red Cross has asked for, can be comprehended when a comparison is made with the relief work by the Red Cross in the Mississippi Valley flood in 1927."

"At the very height of the emergency 600,000 persons were cared for by the Red Cross. Today we are helping within fifty thousand of that number and our workers tell me we will be giving food, clothing and other types of relief to almost a million persons by February 1 if calls continue to increase at the rate established in the past few days."

Contributions to the Red Cross' \$10,000,000 relief fund were boosted to \$1,164,000 today.

Over-Ripe Grapefruit Trown At Crooner

Boston, Jan. 23.—(AP)—Rudy Vallee, crooning idol of thousands of radio listeners, was greeted with two over-ripe grapefruit during a performance at the Metropolitan theatre last night.

It was the final performance of the opening day of a week's engagement and Rudy was in the midst of one of his characteristic melodies. Without warning, the fruit came hurtling down from the balcony. Neither of the grapefruit struck the singer's maestro but one did strike the drummer's cymbals and the other splattered over the stage props.

The audience gasped. Murmurs were audible throughout the house. But Rudy kept right on crooning. He took no notice of the interruption until he had finished the song. Then, stepping to the front of the stage, he addressed the audience in a mild but decided tone. He took the hecklers to task for their discourtesy and added that there might be some in the audience who enjoyed hearing him. He said many had paid admission for that purpose and that those who disliked his singing were not compelled to stay.

Three young men whose names were withheld, were taken into custody by ushers and turned over to the police.

The show went on and the young men went to police station 4, where a desk sergeant "read the riot act" to them. Vallee and the theatre manager declined to press charges, and they were released.

DEMPSEY INJURED; GOES TO HOSPITAL

New York, Jan. 23.—(AP)—A small cut on the fourth finger of his left hand has forced Jack Dempsey into the Polytechnic hospital here for treatment.

Dempsey disregarded the cut as of no consequence but an infection set in, swelling the hand to twice its normal size. Dr. Frank Brennan said the former heavyweight champion probably would be able to leave the hospital in a day or two.

NEWS BRIEFS

From Over The City and County

POLICE TO HANDLE PEOPLE WITHOUT CITY AUTO LICENSE PLATES

People who have not obtained their city automobile license plates would do well to do so at once. Mayor Lanier let it be known this morning that police would be instructed to take care of people without license plates in the future. In other words, the cops will notify you that the city has the plates for sale, and if you fail to buy, you will be carried before the mayor to say why you refused.

The sale of plates has been continuing slowly since the beginning of the new year, and the mayor has been forced to take action to remind the public it is necessary that all cars are provided with the plates if they operate within the city limits.

ONE MARRIAGE LICENSE ISSUED HERE YESTERDAY

All was quiet in the field of matrimony in Pitt county yesterday and the best Cupid was able to do was to send one couple to the register of deeds to obtain license to marry.

License was issued to Marvin Apple and Miss Susie Wilson, both of Chocoll township.

PUBLIC URGED TO LIMBER UP FOR CHARITY BALL HERE

You may not be able to "shake a foot" like you once did, but this should not cause you to fail to attend the charity ball to be given by the Lions club on the night of January 29, was the opinion expressed today by members of the committee arranging for the dance. The ball is given for the purpose of raising funds for relief of the unemployment situation, and the more people in attendance, the larger the sum the Lions will be able to turn over to the unemployment relief committee.

If your limbs are not in dancing condition, begin limbering them up at once and be ready to shake a "wicked leg" in behalf of the needy people of the community, is the advice of the ball committee.

Jobless: Raid Bakery

Melbourne—(AP)—Unemployed laborers, led by several communists, raided one of the biggest bread factories of this city. They carried off large quantities of newly-baked bread. A foreman baker who tried to drive them out was beaten.

Action Without Harm Whenever Constipated

Here's a way to be rid of constipation and its ills—a way that works quickly, effectively, but gently. A candy Cascarat at night—the next morning you're feeling fine. Breath is sweetened; tongue cleared; biliousness, headaches, dizziness, gas vanish. Repeat the treatment two or three nights to get the souring waste out of your system. See how appetite and energy return; how digestion improves.

The action of Cascarat is sure, complete, helpful to everyone. They're made from cascarilla, which doctors actually strengthen laxative pills. All drug stores have it.

tion of this project she intended to retire, fulfilling a promise that she would leave the stage while in the prime of life.

Denounced by the Bolsheviks as the "Darling of Aristocrats," she died in virtual exile from the Russia in which she was born, bearing her ballet lessons at the age of ten, and achieved her first success. In recent years Communist influences had led even to rejection of annual contributions of \$500 to other Russian dancers.

It was during her last visit to the United States in 1921, that she announced her marriage to D'Arco, her accompanist, later revealing that she had taken place 17 years before. Other details of her private life she kept secret, with the plea that the public regards the artist as an illusion, and she preferred to remain so.

Blount-Harvey Co.
DEPARTMENT STORE
GREENVILLE, N. C.

Social and Personal

Mr. and Mrs. John Staton, of Bethel, were visitors here today. Mrs. R. D. Harrington and Mrs. L. H. Bowling spent yesterday afternoon in Rocky Mount. Asa Jones, of Vanceboro, was here today.

Mrs. Pace Club Hostess
Mrs. K. B. Pace was a charming hostess to her bridge club last evening. Potted plants were attractively placed in the living room where the tables were arranged. Following a number of splendid progressions, Miss Iva Shelburn was awarded an attractive vase for high score. Table prizes were awarded Mrs. E. E. Rawl, Mrs. W. H. Rogers and Mrs. A. J. Moore. Mrs. R. S. McGeachy, who recently came to Greenville to make her home, was remembered with a dainty handkerchief.

Mrs. W. H. Rogers, Jr., and Mrs. L. H. Bowling assisted the hostess in serving tempting refreshment.

Demonstration Club to Meet
Each member is requested to attend the Winterville Home Demonstration club meeting to be held with Mrs. O. H. Jackson Tuesday afternoon, January 27, at 2 o'clock, to begin the new year's work. A surprise awaits you. Be sure and attend. —Ethel Nice, agent.

Council Meeting of Club.
A meeting of the Pitt County Woman's Council was held in the beautiful assembly room at Sheppard Memorial Library Wednesday afternoon. Mrs. O. H. Jackson, our president, opened this meeting, which was marked with interest and encouragement. All present resolved to support Mrs. Nice in all her movements for the making of better homes. Mrs. B. T. Cox, our much beloved secretary, read the minutes and seven clubs responded to roll call. A short news report was then heard from each club. Members of Hopewell club resolved to make themselves better than ever, and are enthusiastic over the year's program.

Red Oak has been busy planting shrubbery around their club building and also the church. Hollywood holds first place in the better singing project. Several meetings, well attended have been held. We were glad to have their leader, Miss Gray, with us. Red Banks has held different social meetings. Some of the ones outstanding for the enlightenment afforded. Their last regular meeting was held at the home of Mrs. E. H. Boyd. We like the idea of meeting in the different homes instead of the school room altogether.

A lively program and live-at-home supper, with Miss Nice and Mr. Arnold present, was reported from Renston. Then came Winterville with a glowing account of their social in December. Needless to say it was up to their usual high standard in the making of a happy time. Motion was then in order for the selection of a master home-maker from Pitt county. Due to the fact that all of our members were not acquainted with possible candidates mentioned, they were given a short time for deliberation. A committee of three was appointed. Mrs. B. T. Cox, chairman; Mrs. Jerome McLawhorn, and Mrs. Lonnie Stokes.

The goals for 1931 were read. In addition to that of foods, each member was asked to plant two small fruits, such as strawberries, etc. Also plant a crepe myrtle tree and all live at home. We were very much pleased when Miss Nice announced that Mrs. W. C. Vincent could give a setting of Rhode Island eggs to one particular member of each club—the only requirement that a nice sized pullet be given her as a compensation. It is planned to have Miss Kuykendall assist in the making up of a music or better singing contest among the clubs, a final get-together to be held during the short course in early summer. We are confident each club, which has not already appointed their song leader, will soon avail itself of this opportunity in order to compete in this contest. Mrs. Ola Tucker will be the leader of Red Banks club.

The Jane McKinnon Loan will be collected in April. This enables one girl from the east and another from the west to attend college. Each club will also have their regular dues of each year (25c) paid to Miss Nice or the county secretary at the same time.

We were grateful for the privilege of meeting in the luxurious room of Sheppard Memorial Library.

PRESBYTERIANS TO HAVE OLD FASHIONED "SING"

The evening service at the Presbyterian church, Sunday the 25th, is to be devoted to the practice of new and old hymns of the church, in an effort to get the congregation to join in the singing at all of the services. The old familiar hymns will be sung along with some of the newer ones, and a call is issued to all who will help to make up a chorus, to come prepared to help the leader direct the congregation in the singing. All church members and those who like to sing are invited and urged to come and help in this service. There will be no sermon, but the pastor will read the scripture and offer prayers, using the remainder of the time in singing.

Woman's Club Meeting
The January meeting of the Woman's Club held Thursday afternoon at the club home was one of unusual interest to those women awake to their responsibilities as citizens of North Carolina. The program was in charge of Mrs. M. K. Fort, chairman of the citizenship department of the club. She presented a list of the bills sponsored by the explained briefly the effort to secure a fifty-five hour week for women in all industries, and the bill asking the state to take over the industrial school for negro girls at Effland. This school was established and has been taken care of heretofore by the negro club women of the state. Mrs. J. B. Kittrell then discussed the child welfare bill. This is an old well-seasoned bill, having been brought up first in 1904. Its object is to keep all children in school through the sixth grade. It also touches the industries, since it is the working child who would be directly benefited by such a bill. Mrs. J. H. B. Moore gave an able explanation of the bill for the beautification of the highways. It asks the state to appropriate one percent of the highway fund for that purpose. If this is granted, then the federal government will give an additional one per cent. This threatens the sign boards which at present mar the trunks of our tallest pines and greet the traveler around most every curve.

The above four bills will almost surely be brought up before the present Legislature. Mrs. M. D. Clark discussed the registration law, explaining that the state of the books now used, a card index system should be substituted, one to be kept in the place of registration, and the other sent to Raleigh. She called it a cleaning check. The purging of the present system, since it would be much more difficult for one person to be voted in two places at once—either intentionally or otherwise. Also it would simplify matters in the case of a lost book. It would not be necessary to call for another registration.

This bill may not be brought up, but it calls for discussion and thought, and will in all probability be presented sometime if not at the present Legislature. The report of the health department showed the sale of Christmas seals was \$312.00, which is a much smaller sum than the quota set by the department. One small patient, however, has already received benefit from this fund, and we expect many others to do so.—Reported.

Sans Souci Book Club Meets
On Tuesday afternoon the Sans Souci Book club held its regular meeting at the home of Mrs. Frank Wooten. Mrs. Key Brown had charge of the program. After a report on the books read by the club members since the last meeting, Mrs. Brown gave a very interesting paper on the life of Paul Robeson, the noted negro actor and singer who although still a very young man, has risen from the simple home of a slave who ran away from his birth place in Martin county, N. C., during the Civil war, to the heights toward which he has been striving. This ambition was to play the part of Othello which he did last year in London. In addition to her paper Mrs. Brown played three of Paul Robeson's records of the negro spirituals which first brought him fame. Mrs. J. L. Kilgo led the discussion of current events which is always one of the most enjoyable parts of the club programs. At the close of the meeting Mrs. Wooten served a delicious salad course.—Reported.

Mrs. Hardison Entertains
Snow Hill, Jan. 22.—One of the loveliest parties of the new year was that of Tuesday evening when Mrs. D. F. Hardison entertained complimentary to Mrs. T. U. Lassiter, Jr., whose birthday fell on that date, and to Mrs. Walter G. Sheppard, a recent addition to Snow Hill's social circle. Both honorees received a surprise in having been invited to honor the other. Nine tables were arranged for bridge and hearts. At the end of several progressions high score prizes were awarded, and Mrs. L. V. Morrill in behalf of the hostess very graciously presented Mrs. Lassiter with a basket of useful gifts, and to Mrs. Sheppard a bouquet of lovely cut flowers. A color scheme of rose and green was used in the house decorations, the refreshment plates carrying the same colors and bearing as favors, colonial bouquets of vari-colored candies.

Observe Lee-Jackson Day.
Farmville, Jan. 23.—The Rebecca Winbourne chapter U. D. C. of which Mrs. J. W. Parker is president, observed Lee-Jackson Day this morning at 9:30 with special exercises at the school auditorium. Mrs. Robert Isley of Snow Hill, the state historian, and Mrs. L. V. Morrill, historian of the Snow Hill chapter U. D. C. were present and made appropriate addresses.

SHEPARDSON-GURLEY

Mr. and Mrs. J. C. Gurley announce the marriage of their daughter Alma to Mr. Winthrop Earl Shepardson on Monday, January 5th, 1931 at Home Springfield, Mass.

MRS. HARDING HOSTESS TO END OF THE CENTURY CLUB

The end of the Century club held their regular meeting Tuesday afternoon with Mrs. F. C. Harding as hostess. The club was called to order by the president, Mrs. L. C. Artliff, and the usual routine of business disposed of. The club voted to help the colored school in their efforts to furnish soup to those whose parents are unemployed at this time.

Current events were unusually lengthy and interesting. The program for the afternoon was given by Mrs. R. L. Carr, whose subject was Spanish painters. Mrs. Carr gave us a very interesting paper calling our attention to the time when Jan Van Eyck made visits to Spain where the greatest painter in all the world from the point of technique—was to appear about two centuries later—Velasquez. Spain in the person of El Greco, Ribera and Zurbarán had shown the touch of Italian influence before Velasquez awoke to his own strong interesting genius through the study of Titian and other Venetians. Murillo followed, then Goya with his power of realism mingled with dramatic feeling.

At the close of the program the hostess assisted by her daughter, Miss Mary Harding, Miss Von Eyckstein and Mrs. Lillycrop served delicious refreshments.

We were delighted to have as guests for the afternoon Mrs. W. H. Hicks and Mrs. H. M. Bonner.—Reported.

Attend O. E. S. Banquet.

Farmville, Jan. 23.—Mr. and Mrs. J. W. Parker attended the Order Eastern Star banquet in Raleigh Thursday evening, which was given complimentary to Mrs. Daisy Mae Davis of Andrews, grand matron. Mrs. Parker has been quite prominent in Eastern Star work in the state for several years, having served as grand matron, holding other state offices and is at present a member of the board of directors of the Masonic and Eastern Star Home at Greensboro.

Visit Farmville Auxiliary.

Farmville, Jan. 21.—Mrs. Reverdy J. Miller of Charlotte, state president of the American Legion Auxiliary, and Mrs. M. M. Dew, of Wilson, chairman of the Fifth district, were present and addressed the local Auxiliary at its meeting Monday morning, outlining the specific work of the Auxiliary in the state, and urging endorsement of bills relative to child welfare and mother's aid, which are to come before the State General Assembly during the present session. A round table discussion was held before adjournment. The Farmville Auxiliary, of which Mrs. W. D. Bryan is president is a wide-awake enthusiastic organization, and has recently won state citation for having oversubscribed its 1931 membership quota.

Progressive Bridge Club.

Farmville, Jan. 22.—Members of the Progressive Bridge Club and invited guests enjoyed a delightful meeting with Mrs. J. Loyd Horton as hostess on Tuesday afternoon. The house was attractively decorated with winter greens and berries, and four tables were placed for the games. There were many interesting progressions, after which refreshments were served by the hostess. Additional guests included Mrs. W. M. Willis, Mrs. C. T. Dixon, Mrs. M. V. Horton, Mrs. W. R. Willis and Mrs. G. M. Holden.

Faces Inquiries

Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, faces two inquiries, one by his church into charges made by ministers, and the other by a senate committee into his 1923 campaign activities.

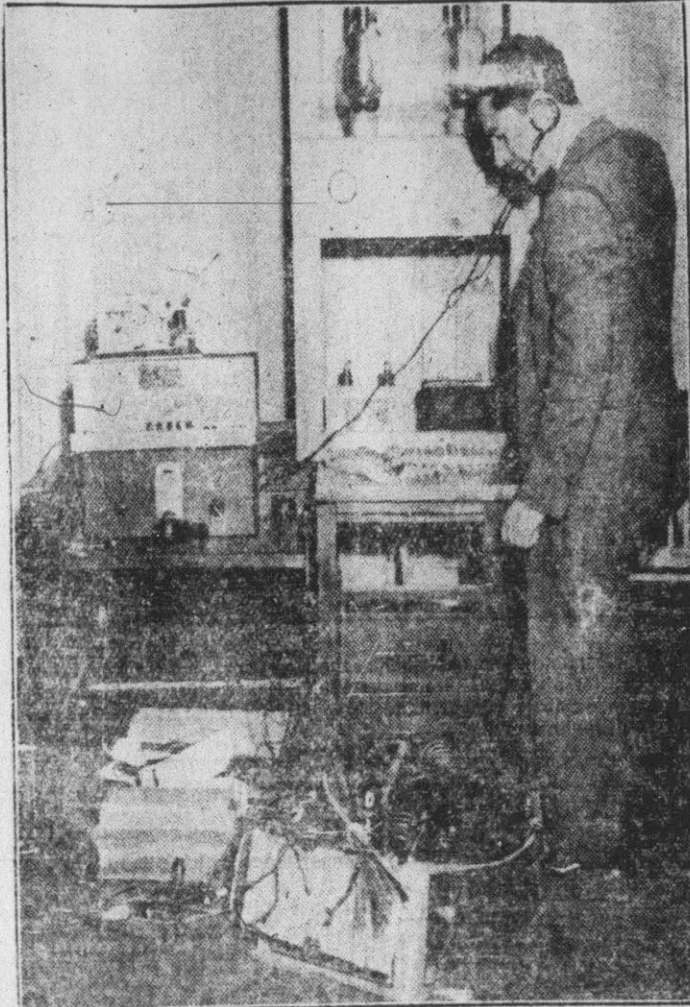

LIONS CLUB TO STAGE CHARITY BALL JAN. 29TH

A charity ball, having as its purpose the raising of funds for the relief of unemployment in this city will be staged by the Lions Club of Greenville Thursday night, January 29th. Although it had not been determined where the ball will be held, a committee was busy today working out this phase of plans and hoped to be able to render a report the first of the week.

Vance Perkins, chairman of the charity ball committee, reproved on activities of his committee at the regular meeting of the Lions at the club rooms on Dickinson avenue last night, and stated that they hoped to be able to make it one of the greatest affairs of the kind ever held in Greenville. Tickets will be placed on sale immediately, he stated, and the public has been requested to purchase as liberally as possible. The club raised a nice sum for relief among the poor at a similar event last year, but members are hopeful of raising a much larger sum this year. K. W. Putrell, Welfare Officer of Pitt county, was the principal speaker last night. He discussed the effective work done by the Juvenile court in Pitt county. He said the court had been instrumental in placing 116 delinquent children in homes and institutions last year, thereby putting them in position to become of value to society in the years to come.

He pointed out that whereas 72 children were brought before the court eight years ago for violation of the public school attendance law, only six such cases were called to attention of the court during the past year. Discussing the results obtained from Mother's Aid Program, he pointed out that there were 9 such cases being cared for in Pitt county at this time. It has been found that children may be kept at home at a cost of \$3 a month against

RADIO STATION SEIZED

Federal agents in a raid at Newark, N. J., seized this unlicensed radio station which they charged was used in connection with rum-running. Two men, Fred Simpson and Fred Webster, were arrested. An officer is shown looking over the equipment.

\$23 for the same period in the state institutions.

He declared that Pitt county had a splendid record in the various institutions for mental delinquents, ranking first, second and third in the majority of places of this kind. Sidney Skinner was induced as a member of the organization last night. Same Carson presided.

World's Largest Tire to Be Shown In City Saturday

Tomorrow the largest tire in the world will be on exhibition in Greenville, being brought to our city by John Flanagan Bugby Co., well-known Goodyear dealer, who will have the giant casing at his place of business, corner Fourth and Cotanch streets.

The intensely interesting tire was built by the Goodyear Tire and Rubber Company of Akron, Ohio, and is on a tour of several states in this section of the country. It has been in many sections of the United States, and has been exhibited in Canada, causing no end of amazement at the Toronto Exposition last fall.

The rubber giant, which is 12 feet high and four feet wide, was built under the combined supervision of the chemical, tire design and research divisions of Goodyear's development department. It takes about three-quarters of an hour to inflate the mammoth casing to a pressure of only three pounds. Its value is placed conservatively at \$5000.

ABOUT TOWN

Boy Scouts, under the supervision of B. B. Sugg, well-known tobaccoist are planning to do more than ever to prove their worth to the public during the present year.

At a meeting tonight the Scouts will outline some of the objectives for the year, and then go to it like they mean real business.

The organization has been able to render distinct service to the public in days gone by, and that they will continue to prove worthy of the great organization they represent cannot be doubted.

Bruce Sugg knows something about the ambitions and aspirations of modern youth. He has rubbed elbows with the youngsters from time to time as an officer of the organization and will do his best to help them live up to the high ideals which they represent.

Scouting has done much toward developing American youth—interesting them in clean living and clear, sober thinking, and if the parents would support the movement the Scouts should be able to experience much more development.

If you have a boy in the Scouting game, Mr. Citizen, lend him your encouragement. It is one of the most direct ways to implant in him a desire for clean, wholesome living and thinking, and that, as you know, always plays a dominant part in the life of young people.

Public attention has been called to the fact that the tree planting campaign launched here last year for the purpose of beautifying the city has not been receiving proper consideration, and it is the object of members of the committee to revive interest in the campaign if possible.

Some of the committees assigned to work in some sections of the city performed their tasks admirably, we are told, while others set down on the job and declined to do the work expected of them.

This is a situation that demands attention, and it is hoped the committee will be able to revive interest and in that way bring about the planting of many more trees during the spring and summer months.

Trees do more to add natural beauty to a municipality than any other one thing, and if the proper kind should be planted and attention given to those already in existence there is no reason why Greenville should not be converted into the best looking town in the eastern section of the state.

Expansion of activities so that it may be of greater service to the community—this is the object of the Kiwanis club for the new year.

At its regular session tonight the organization will discuss plans looking to increased activities, and will strive to carry out its program during the remainder of the year.

There is plenty of work for every organization of this kind in and around Greenville, and if they will accept the responsibility and go to it the future should witness many things in behalf of the improvement of humankind.

Right at this time there is a movement on foot to improve the unemployment situation by increasing employment, and if there is any set of people that should be able to aid in the campaign it is the representatives of the various business houses to be found in the clubs.

A concerted movement in behalf of the poor and those suffering directly as result of lack of work would bring rich results, and something of this kind should be the objective of the clubs during the present period of depression.

It isn't profitable to take things belonging to other people.

This fact was demonstrated quite plainly in the one week term of criminal court when nearly two dozen people charged with larceny and burglary were either sent to the state penitentiary or the county

roads.

The majority of the prisoners were arrested after stealing from their neighbors or participating in an organized movement against stores and business establishments. Ill-gained profits of this kind never prove any benefit to the winner. He must pay sooner or later, and he is constantly fearful of falling into the toils of the law.

Retribution in cases of this kind is just as sure—just as inevitable—as in any other violation of the law, and the man that tries the game is certain to suffer for it eventually.

With the disposition of so many theft cases at this term of court, it is possible that this may have a salutary effect on the criminal element and cause them to abandon the path of crime and strive to get back to higher ground and stay within the law.

A committee was organized in Greenville yesterday to carry relief to the people suffering from the effects of unemployment. This committee should be able to render splendid service through the establishment of a commissary where food and clothing will be issued to needy people.

The same plan was adopted last season and relief was carried to hundreds of people who would have suffered untold hardships had it not been for the liberality of the public.

Conditions in Greenville proper are not as bad as they were a year ago. The greatest suffering seems to exist among tenant farmers and laborers dependent upon farm activities for livelihood.

This condition, however, should not continue for any length of time as planting will get under way in the near future and hundreds of men and women will find employment on the fertile acres of Pitt county farms.

The worst situation in Greenville seems to exist among the colored people, but the committee should be able to take care of this through liberal giving on the part of the public as the campaign actually gets under way.

Around The WORLD

More Soviet Wheat
Moscow—Planning to increase the wheat yield of state farms in 1931 by 15 per cent, the Soviet government has decided to grant credits of \$375,000,000 for new agricultural machinery.

English Teeth Bad
London—Four million English school children need dental treatment, says Sir George Newman, chief medical examiner of the board of education.

Add To French Army
Paris—A decree by President Domergue makes of the corps of customs examiners an independent military unit to form part of the frontier defense troops on mobilization for war.

Find Bronze Age Graves
Kisker, Hungary—Sixty graves of the bronze age, about 4,500 years ago, have been found by the school master near this town in the center of the Great Plain of Hungary. The Hungarian National Museum is supervising excavation work.

New Manchuria Lines
Mukden—Government plans call for construction of 27 branch railway lines in Manchuria this year at a cost of \$3,500,000. The money to be raised by loans from Chinese banks supplemented by appropriations from receipts of existing roads.

Close Old London Church
London—The Priory Church of St. John of Jerusalem, founded here 700 years ago, has been closed because when the vicar died recently the congregation was too small to support a successor.

NOTICE

Please take notice that on the 26th day of January, 1931, at 12 o'clock Noon, the Board of Commissioners of the County of Pitt, North Carolina will receive in its office at the County Court House at Greenville, North Carolina, proposals for the purchase of notes of said County, aggregating ONE HUNDRED SEVENTY FIVE THOUSAND (\$175,000.00) DOLLARS, said notes dated January 26, 1931, with maturities as follows:

\$50,000.00, due and payable three (3) months after date.
\$50,000.00, due and payable four (4) months after date.
\$75,000.00, due and payable six (6) months after date.

Bearing interest at a rate not to exceed six per cent per annum, said notes executed for the purpose of paying appropriations made for the current fiscal year, in anticipation of the collection of taxes. Bidders are requested to name the rate of interest which the notes are to bear.

This notice is published by order of the Board of Commissioners of Pitt County, pursuant to Section Six of the County Finance Act. This the 17th day of Jan. 1931.

APPEAL FOR DROUGHT RELIEF

John Barton Payne, chairman of the Red Cross, and President Hoover posed for photographers at the White House after issuing appeal to American people to contribute \$10,000,000 for relief of destitute persons in drought areas.

STATE LEGION TO BROADCAST PROGRAM 24TH

State Department to Officially Launch "Past Commanders-Pioneers Week"

J. S. Elliott, commander of the Pitt County Post No. 39 American Legion, today announced that he is cordially urging all the present and past Post officials and local Pioneers in Legion service of this community to listen in to the two radio programs which will be broadcast on Saturday, Jan. 24th, from radio stations WBT, Charlotte, 7:30 to 7:45 p. m. and from WPTF, Raleigh from 8 to 8:15 p. m. These programs will officially launch "Past Commanders-Pioneers Week" in North Carolina.

"State Commander Con. C. Johnston and Department Adjutant Caldwell, of Mooresville, will outline the plans and purposes of Past Commanders-Pioneers' Week (January 24 to 31 inclusive) from WBT, Charlotte on January 24th from 7:30 to 7:45 p. m. It is quite likely that the State Commander will touch upon the department's position on the subject of the proposed legislation providing for the immediate payment in full and in cash of all Adjusted Service Certificates by the Government," the local commander stated. "Every former service man in this community would do well to 'listen in'."

"The program from WPTF from 8:00 to 8:15 p. m., on January 24 will be in charge of Albert L. Cox, a former State Commander. Last year's State Commander, Geo. K. Freeman, of Goldsboro, (whom State Commander Johnston has appointed as Generalissimo in charge of Past Commanders-Pioneers Week in North Carolina, and former State Commander R. Gregg Stevens, of Warsaw, and Cale K. Cherry, of Gastonia, Henry L. Burgess of Raleigh, and National Committeeman Wm. T. Joyner also are expected to participate in this program. It is certain that thousands of Legionnaires and former service men over the state will listen in to these programs from the present and former leaders of the Legion in this state.

"One of the main purposes of Past Commanders-Pioneers' Week

SUCCESS IN COOKING—IS IT LUCK?

Keeping step with progress in methods of cooking will mean less waste and more satisfaction at many a table, for many a cook confesses her frequent failures in the preparation of dishes.

Why cakes should always be as light as a feather, and pie crust as tender as butter, when the roast may or may not be done to a turn, seems to be an unanswerable question. But it isn't at all a matter of luck; it is a matter of standards. You may say you always have good luck with your cakes, pies and biscuits and that you do not have good luck with your steaks, chops, roasts or stews; but what you really mean is that you have adopted definite rules or recipes for your cakes, pies and biscuits and you follow them with an exactness which gives uniform results.

To assist as much as possible, the Water and Light Commission will publish each day in the columns of this paper a recipe that will help every housewife to solve her cooking problems. Today's recipe is—

ROASTING

In roasting any piece of meat the factors of time and temperature must be controlled with as much exactness as possible. The stove with an oven control is ideal, of course. We must rely on the time-weight relations—that is, we must allow a certain number of minutes per pound for roasting. Again this time will vary with the different kinds of meat or the degree of doneness to which we wish the meat to be cooked. A rare roast beef naturally requires less time to cook than one which is well done. A small pork roast requires more time per pound than a large one. Very satisfactory results may be obtained by putting the roast in a cold oven, but the standard methods suggest searing the meat at a high degree of heat and then completing the cooking at a lower temperature. The following table gives time and temperature for roasting the various meats;

	Searing Temperature Degrees Fahrenheit	Searing Time Minutes	Roasting Temperature Degrees Fahrenheit	Time Per Pound Minutes
CUT				
Beef—rare	500	20-30	300	16
Beef—medium	500	20-30	300	20
Beef—well done	500	20-30	300	30
Veal	525	15	260	20
Lamb	480	30	300	30
Pork Loin—3-4 lbs.	480	15	300	30
Fresh Shoulder	480	15	300	25-30
Fresh Ham	480	15	300	25-30
Fresh Butt	480	15	300	45-50

With the exception of veal, all meats have a better appearance if cooked in an uncovered pan. In the case of veal, which is the flesh of an immature animal and therefore deficient in fat, a juicier roast results if the pan is covered. The reason for not covering the pan with other meats is that the steam condensing on the lid and dripping on the meat gives a product which is more like a pot roast than an oven roast.

It is not desirable to add water to the roast, as those cooked without water are juicier and have a better flavor. Nor is it necessary to baste a roast; but it is necessary to place it in the pan in such a way that the fat in melting will baste the meat. The rib roast of beef and the loin of pork are put in the pan with the fat side up. The leg of lamb is placed in the pan with the skin side down.

It is often desirable to add more fat to meat before roasting. This may be done by larding or inserting thin strips of fat into the meat by means of a larding needle. Another good way to add fat is to pound suet into a flat sheet and tie or skewer it over the meat.

A question of meat cookery is when to salt the meat. Salt draws out juices which enrich the liquid in the pan used for gravy; and the flavor of the roast is decidedly improved if the salt is added at the beginning and has a chance to penetrate the meat.

HIGH TACKLES STRONG TEAM HERE TONIGHT

Tonight, in her fifth conference game, the fighting Greenville eagles will be tested as to their true wares by the Roanoke Rapids High team. The exact or relative strength of the Roanoke Rapids team has not been determined, but it is a well-taken and established fact that good teams always come forth from that city. The local team is just recuperating from a stage of sickness and is just rounding into form. Also, the fact that the game is to be played on the home court is a decided advantage to Greenville. In fact judgment based on all known or rather available information point to a Greenville victory. The locals have won three out of four conference games played and are exceptionally anxious to win this game and boost their standing possibly to the top of the conference. The high school boys can be counted on for their best fighting.

The Roanoke Rapids line-up is not known yet, but the Greenville line-up will be taken from the following men: Blount, Woodard, Lawton, and Broadhurst, forwards; Kings, Hardee, and Fitzgerald, centers; Bullock, Capt. Madrin, Winslow, Turnage, guards. This line-up, whatever it is can be counted on for its best, and that should bring victory tonight.

The friends of the high school are urged to attend this game; they are assured of an enjoyable evening at a very reasonable price. Season tickets will be on sale at the door, which at the beginning of the season would have given fifteen games for \$2, and only four games have been played at home thus far.

Greenville has the team. All she needs now is some backing by the townspeople. Everyone is invited to come. Those who do not have season tickets will be charged 35c. The game will start at 7:30 o'clock in the high school gym.

FOXX THINKS A'S WILL WIN '31 PENNANT

Fort Myers, Fla., Jan. 23.—(AP)—Jimmy Foxx already is credited with the first eagle ever scored on the 16th hole of the Fort Myers golf course, but he would like to duplicate that performance on the 430 yard 18th hole before he gives much serious thought to the coming baseball season.

The slugging first baseman, first of the Philadelphia Athletics to reach the club's spring training base, also has another chance to complete before he dons baseball togs. He is teaching golf to Mrs. Foxx.

"If things go well, it looks like another pennant for the A's," he commented rapidly between practice swings with his driver. "But it's going to be a harder job than we had last year."

"Joe McCarthy can get all three is out of New York, Cleveland and Detroit have a lot of good stuff in prospect, and Washington has been on the upgrade for a year," he explained.

In the National League, it's anybody's race, he said.

Connie Mack will have 18 rookie pitchers in camp with him when training opens here; the middle of February, he said, in addition to the regulars.

"George Earnshaw and Lefty Grove can still twist them when twirling is necessary," he assured a listener.

Foxx beamed as he described an eagle duce he made on the 371 yard 16th hole. It's the 18th hole he's worried about now, however.

"I've tried time and time again to sink a three there," he said. Par for the hole is five. "I can get up on the green and have been within a few feet of the cup in two, but it seems I always bounce my put some way."

Bladder Weakness

If Getting Up Night, Backache, frequent day calls, Leg Pains, Nervousness, or Burning, due to functional Bladder Irritation, in acid conditions, makes you feel tired, depressed and discouraged, try the Cystex Test. Works fast, starts circulating thru the system in 15 minutes. Praised by thousands for rapid and positive action. Don't give up. Try Cystex (pronounced cyst-test) today, under the Iron-Clad Guarantee. Must quickly pay these conditions, improve general sleep and energy, or money back. Only 50c a box.

WAKE FOREST DEFEATS V.P.I. CAGE OUTFIT

Charlotte, N. C., Jan. 23.—(AP)—The Wake Forest Deacons, kicked about most any old way the early part of the basketball season, today had given the wise birds something to talk about.

It happened last night on the home court. The Deacons, hungry for victory, unleashed the full force of their latent basketball ability.

Barnes, Baptist forward, in a dashing basketball exhibition alone rang up 11 points. Joynes, his side-kick, came along with 10 more, and when it was all over the score stood:

Wake Forest 39; V. P. I. 17.

This was many points better than N. C. State's 22 to 18 victory over V. P. I. the night before in Raleigh. Notwithstanding the fact the Red Terrors smothered the Deacons, 42 to 20, earlier in the season.

Last night's triumph was the first collegiate victory of the season for Wake Forest, the Deacons having been defeated by Villa Nova, North Carolina and Duke in addition to N. C. State.

Dazzled by their overwhelming defeat at the hands of the North Carolina Baptist, the Gobblers went to Chapel Hill to try their luck tonight with the Tar Heels.

Aside from the Wake Forest victory, all the talk among the fans in Raleigh was about the forthcoming clash tomorrow night between Duke, Defending Big Five state quint, and the Blue Devils are eager to keep their slate clean in the Big Five race, while the tyrors, who appear to have recovered somewhat from their ill-fated southern tour, are slated to make a strong drive to turn back the Dukemen.

Hitchcock Still Monarch of Polo

New York, Jan. 23.—(AP)—Tommy Hitchcock still is king of all he surveys on the polo fields.

America's international captain, who led the new "Big Four" to a triumph over Great Britain last September, again is ranked at the maximum of ten goals by the U. S. Polo Association, the only player in the world so honored.

Two of his team-mates on the American team, F. W. C. Guest of New York, and Eric Pedley of Los Angeles, were raised from an eight to a nine goal rating. The fourth member of the team, Earle A. S. Hopping, retains his eight goal handicap.

Of other members of the squad from which the "Big Four" was picked, Cecil Smith of Texas, was raised from seven goals to eight, while the handicaps of W. W. (Rube) Williams, R. E. Strawbridge, Jr., Stephen (Laddie) Sanford and Stewart B. Teichart, from six to seven. Elmer Boeseke, another California star, is ranked again at eight goals, and G. H. (Pete) Bostwick at six goals.

Hess to Get Shot At Welter Title

Chicago, Jan. 23.—(AP)—Goldie Hess, blond freckle-faced youngster

Cagle Turns Clerk

Associated Press Photo

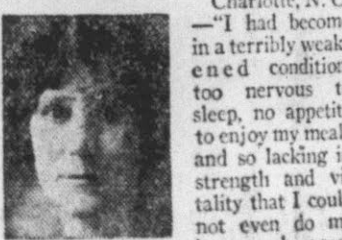

Christian "Red" Cagle, Army grid-iron star for four seasons, has turned his talents to the New York stock exchange, and now is a floor clerk for a firm of Wall street brokers.

from Los Angeles, will have a chance to win the world's junior welter-weight championship tonight when he engages Jack "Kid" Berg, spectacular British holder of the 140-pound championship, in a ten-round battle.

Hess and Berg share the headline role on the Chicago Stadium card with Bat Battalino, world's featherweight champion, who is meeting Eddie Shea, rugged Chicago contender. Both contests are scheduled for ten rounds, but the featherweight battle is a non-championship affair as Shea agreed to weigh in above the class limit of 125 pounds.

Berg recently returned to America from London and has not been in the wars since defeating Billy Petrolle in New York last October. However, the popular little English boxer will probably enter the ring a prohibitive favorite, as he is generally conceded to carry too many guns for Hess.

TOO NERVOUS TO SLEEP Why Not Try This?

Charlotte, N. C.—"I had become in a terribly weakened condition, too nervous to sleep, no appetite to enjoy my meals and so lacking in strength and vitality that I could not even do my housework properly. I was just dragging around when a friend told me to take Dr. Pierce's Medical Discovery. My appetite and nerves soon became normal, I was able to enjoy my meals and had restful sleep. I took the 'Discovery' until I was restored to perfect health."

Mrs. Mamie Hartgrove, Louise Mill, Fluid or tablets. All druggists. Send for Dr. Pierce's Clinic, Buffalo, N. Y., for trial package.

Dr. Briggs Buried At Selma Today

Selma, N. C., Jan. 23.—(AP)—Funeral services are to be held today for James Clarke Briggs, 108, who was a practicing physician for 63 years and a surgeon in the Confederate army.

Dr. Briggs came here two years ago from Oklahoma to make his home with a son. He was a native of New York State, and claimed, until his recent illness, to be the oldest practitioner in the United States.

For 15 years Dr. Briggs was head of the Veterans Home at Johnson City, Tenn. He is survived by his son here, George A. Briggs, and by a sister in Wisconsin.

JUST 'A PRE-TRAINING PASTIME

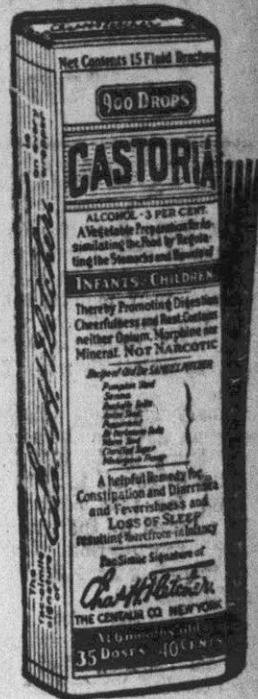

Associated Press Photo

Preliminary to his actual training for his battle in June with the German heavyweight, Max Schmeling, W. L. (Young) Stribling has returned to simple life in the country. He is shown here following the plow on his father's farm near Ochlocknee in south Georgia.

Castoria...for CHILDREN'S ailments

ARE you prepared to render first aid and quick comfort the moment your youngster has an upset of any sort? Could you do the right thing—immediately—though the emergency came without warning—perhaps tonight? Castoria is a mother's standby at such times. There is nothing like it in emergencies, and nothing better for everyday use. For a sudden attack of colic, or for the gentle relief of constipation; to allay a feverish spell, or to soothe a fretful baby that can't sleep. This pure vegetable preparation is always ready to ease an ailing youngster. It is just as harmless as the recipe on the wrapper reads. If you see Chas. H. Fletcher's signature, it is genuine.

Castoria. It is harmless to the smallest infant; doctors will tell you so.

You can tell from the formula on the wrapper how mild it is, and how good for little systems. But continue with Castoria until a child is grown.

It Will be Here TOMORROW

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, Jan. 23.—(AP)—Cotton opened steady today at an advance of 4 points to a decline of 3 points, near months being relatively firm on a flurry of covering while later deliveries were influenced by relatively easy Liverpool cables.

January contracts showed the maximum advance at the start but after selling up to 10.33, the new January eased off to 10.28 and the demand for that position seemed to be relieved by the circulation of notices, representing about 6,400 bales including 2,500 issued against the old contract.

Later months also eased off slightly under realizing and some Liverpool selling, but offerings were absorbed by further trade or commission house demand and the market was fairly steady at net declines of 2 or 3 points, with March selling around 10.40 at the end of the first half hour. Liverpool cables said that continental buying in that market had been supplied by hedging and local realizing.

GRAIN MARKET

Chicago, Jan. 23.—(AP)—Corn underwent setbacks of more than 1 1/2 cents a bushel late today, and dragged wheat down. Stop-loss selling took place, influenced by a trade digest which said that barring crop failure or war conditions world prices of major farm products would at best rule but slightly higher than current levels, and that no general increase of farm land values was looked for.

Corn closed nervous 1 1/8 to 1 1/2 down; wheat at 3-8 to 1 decline; oats 1-8 to 3-4 off and provisions showing 5 to 10 drop.

STOCK MARKET

New York, Jan. 23.—(AP)—The revolt against pessimism made further gains in the financial markets today.

Shares continued to recover in brisker trading, and bords again reflected the salutary influence of a favorable credit position. While the rally in shares is described by most observers as primarily in a technical correction of an oversold condition, expressions of mild optimism from high financial sources obviously bolstered the better feeling which the improvement of the market has engendered.

A news ticker report that Bethlehem Steel directors are likely to declare the regular dividend when they meet next week carried that issue up 2 points. Speculation for the rise appeared in some of the utilities, and electric power and lig utilities, and Electric Power and Light gained 2. North American rose as much. Other shares advancing 2 or more included several of the chemicals, Dupont, Air Reduction, and U. S. Industrial Alcohol. American Can, American Smelting, Atchafson also gained 2.

The statement of George F. Baker, dean of Wall Street bankers that there are "some slight indications of improvement in business conditions along sound lines." While cautious enough, attracted wide attention, for Mr. Baker's tactfulness is one of his best known characteristics. The statement of Owen D. Young, head of General Electric, that it seemed certain the depression had struck bottom, also lent encouragement.

Fresh statistical surveys continue to show that business has shown strong resistance since November. The Federal Reserve Board's monthly survey showed that its index of industrial production dropped only 2 percent in December.
