SEND NAMES POWER BODY BACK AGAIN

Senate Committee Returns Names to the Senate Without Recommendations

Washington, Feb. 3.—(AP)—The Senate Interstate Commerce committee today reported back to the Senate without recommendation the nominations of the three members of the power commission whose names President Hoover has refused to return to the Senate.

The committee's action was unanimous. It was a preliminary move to have the Senate formally reject the nominations of the three commissioners, in order to strengthen its court test of the president's authority to retain them in office.

The nominations were of Chairman Smith and Commissioners Gersaud and Draper.

A resolution introduced before the Senate to request District Attorney Rover here to institute proceedings to try the right of the commissioners to office, in view of the Senate's reconsideration of their confirmations.

Some members of the Senate majority which is carrying on the battle with the president over the three nominations felt it would be better legal tactics actually to reject the nominations before taking the case to the courts.

Members of the committee agreed today that in view of the circumstances, the committee should report the names back to the Senate without recommendation, in order that the Senate might take what action it desired.

Meanwhile, another another move was expected today in the case when the independent offices appropriation bill, carrying salaries for the three commissioners was scheduled to come before the Senate.

Several senators have indicated they will move to strike from the bill provisions for salaries for the three members of the commission.

Heavy Air Over Rockies Keeps America Warm

By F. B. COLTON Associated Press Science Writer Washington Feb. 3.—(AP)—The "winter isn't so good this winter, but cool bills are smaller, because there is a lot of heavy air over the Rocky Mountains that refuses to move.

This is one of the warmest and driest winters in a long time, says C. L. Mitchell, chief forecaster of the United States weather bureau for the reason that an area of high pressure has been hanging over the vicinity of Utah and Idaho since the middle of November.

This area of dense, heavy air which explained today, keeps cold air from the Arctic regions away from some of the United States as effectively as a heavy overcoat. Winds that ordinarily would sweep down direct from the north and chill the whole country are turned aside by the high pressure area and strike only New England, which is the only section to have normally cold weather this winter.

Out in the northern Pacific an area of low pressure also has been hovering since November 15. The combined effect of the high and low pressure areas is to draw air warmed in crossing the Pacific north across the United States instead of letting it veer south as usual, said Mr. Mitchell.

This, with the Arctic blast shut off, made it from six to twenty-five degrees warmer than normal the latter part of January between the Great Lakes and the Rockies.

Rough Water Again Prevents Seaplane From Taking Off

Las Palmas, Canary Islands, Feb. 3.—(AP)—After several attempts to get into the air in continuation of the flight across the Atlantic of the DO-X, giant German seaplane, had suspended their flight today until tomorrow.

The plane taxied yesterday from near Las Palmas to Bahia Gando, but even there the water was too rough today for the takeoff with the more than 4,000 gallons of fuel which the craft is carrying.

President Says Drought Fund Would Hit At Very Root Of Self-Government

Tells Newspapermen He Feels Sure Red Cross Will Take Care of Both Drought and Unemployment; Ready to Pledge Himself to Ask Aid of Other Sources If Measures Fail

Washington, Feb. 3.—(AP)—President Hoover today opposed the proposed appropriations for relief as measures which would strike at the very root of self government.

While the President expressed confidence that the Red Cross together with local aid could take care of both the drought and unemployment situation he said he was willing to pledge himself to ask the aid of every resource of the federal government in event other means should fail.

The President expressed his views personally at the regular semi-weekly press conference.

President Hoover said the question problem did not present a question so much as to whether people would go hungry or cold but rather a question of the best method of preventing hunger and cold.

The friendliness and charity of the American people, he said, could be relied upon to take care of fellow citizens in distress.

He emphasized there is a practical problem involved, namely that the help now being extended by agencies and neighbors of those in need throughout the country is many times larger than that of any fund yet proposed.

His views were given after he and Senator Watson, the Republican leader, had discussed the legislative situation at a White House breakfast.

The President said he had received reports only today that no one is going hungry or need go hungry or cold.

The President said he had spent much of his life in fighting human hardship both in this country and abroad and that he did not believe he could be accused of a lack of human sympathy.

He declared he would no more see starvation occurring among the people of this country than would any senator or representative.

Meanwhile in the Senate Democratic Leader Robinson contended there had been a display of indifference or inefficiency in the disposition of emergency relief measures which the Senate "almost unanimously recognizes as necessary."

The Arkansas said it was "certainly inexplicable" that the six point Democratic relief program had not been given more serious and prompt consideration.

"Indecision, hesitation and indifference," he said, "merely defers a day when some decisive action must be taken or the most serious results attended."

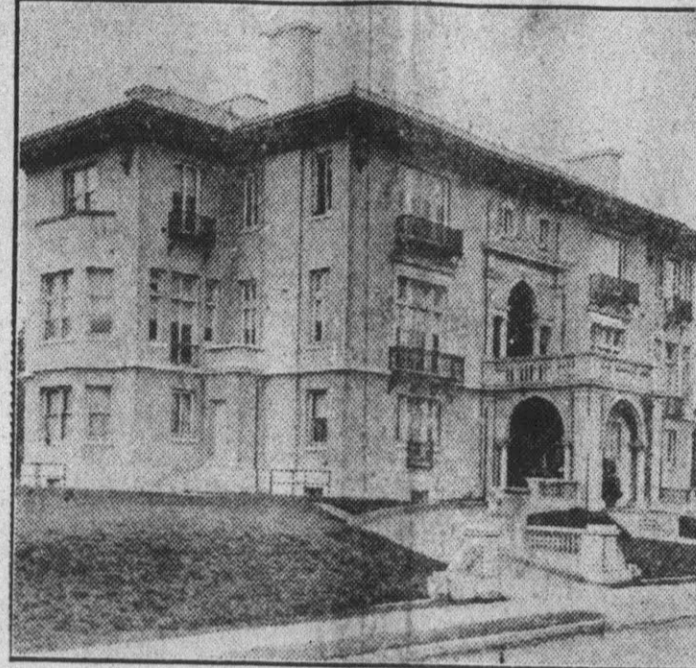

The Democratic chief pointed out that the only relief measures adopted so far were the emergency public works building program and the drought seed loan measure.

He added, however, that while the drought loan act was liberal as far as its funds were concerned so many restrictions had been included in the act and in regulations to administer it that "little benefit is to be expected" from it.

Governor Long Given Honorary Degree By Loyola

New Orleans, Feb. 3.—(AP)—Now in New Orleans it's Dr. Huey P. Long, holder of an honorary law degree from Loyola University, in Baton Rouge it's governor and soon in Washington it will be senator, but a close friend says it's still plain Huey "out in the country."

OFFERED FOR VICE-PRESIDENTS

The Washington mansion of Mrs. John B. Henderson, widow of a former Missouri senator, has been offered as a permanent home for vice-presidents. A bill has been prepared providing for acceptance of the gift together with appropriations of \$30,000 to furnish it and \$25,000 a year for maintenance.

PUSH PLANS FOR DEFENSE OF BUTLER AT CAPITAL

Colonel Frank Hyatt Asks President to Stop Action Against General

Washington, Feb. 3.—(AP)—Those charges against which, Maj. General Smedley D. Butler must defend himself before a court-martial remained secret today while preparations for his defense and prosecution went ahead.

The fighting Marine kept in the seclusion of his Quantico, Va., quarters. He had asked a discharge permission, however, to leave to confer with counsel.

Major Henry Leonard, lawyer and a friend of combat days in China to whom he turned when cited for trial, said the accused officer probably would sense the Washington tomorrow. The lawyer already has discussed the case with unnamed hearers of the Philadelphia speech in which Butler made the remarks about Italian Premier Mussolini which led to the order for his self-arrest.

Butler's aid at Quantico said by telephone he had not received the charges, which will be withheld from publication unless he consents.

The trial begins Monday, February 16, in Philadelphia. Arrangements are being made for a public hearing.

Chester, Pa., Feb. 3.—(AP)—Col. Frank K. Hyatt, president and commander of Pennsylvania Military College, today made public a letter to President Hoover containing a plea that the order for the court martial of Major General Smedley D. Butler be rescinded and that clemency be granted the Marine officer.

Colonel Hyatt asked that now the United States had apologized to Italy for the Mussolini incident, that the people of the United States as a whole be allowed to "share the responsibility for the mistake in judgment made by our soldier who has served us throughout his life to the very best of his ability."

Townsend Succeeds Mull as Counsel to Governor Gardner

Raleigh, Feb. 3.—(AP)—Judge N. A. Townsend, of Charlotte, appointed executive counsel to Gov. O. Max Gardner to succeed Odus M. Mull, resigned, prepared today to give his full time to his own business duties in Shelby was announced last night by Governor Gardner coincident with the naming of Judge Townsend to succeed him.

Judge Townsend was named executive counsel by Governor Gardner soon after the former assumed office and served for slightly more than a year, resigning to engage in the practice of law in Charlotte.

Upon his resignation, Mr. Mull, state Democratic chairman, and close friend and business associate of Governor Gardner, was chosen for the post, filling it until his resignation yesterday.

Members Of Legislature Confine Most Of Time To Committee Rooms Today

Both Houses Hold Brief Sessions During Morning; Another Revenue Bill Finds Its Way To The Senate Following Presentation Of Administration Bill For State Banking Department

Raleigh, Feb. 3.—(AP)—With both House and Senate holding short sessions today, legislative activity hummed along in committee rooms.

The administration bill to create a state banking department under a commissioner of banking appointed by the governor was given to the House by Representative Sewall of Lee and the Senate got another revenue measure which would levy a graduated license tax on all businesses of the state based on their gross sales.

A bill regulating employment of children in "dangerous industries" was given to the House.

The Senate session was enlivened by a discussion of two newspaper articles written by J. C. Baskerville, Raleigh newspaper correspondent which Senator Baggett of Harnett charged reflected on the sincerity of the supporters of the MacLean school bill.

The Senate adopted a resolution of regret over the serious illness of Representative Dillard of Cherokee, which passed the House last night.

In committee, House Judiciary No. 1 gave a favorable report to the divorce bill of Representative Brooks of Durham to allow divorce on the grounds of desertion after three years instead of five if there are no children. The bill caused extended debate before it was given approval.

The sub-finance committee considering a state-wide bill to aid counties and sub-divisions in financial straits discussed needed reforms with William Hoyt, bond attorney.

Senate Judiciary No. 1 reported a score of bills, most of them local, and Judiciary No. 2 heard Frank Nash, Assistant Attorney General, explain the McRae bill to make extradition proceedings uniform.

Judiciary No. 1 of the House will hold a public hearing Thursday morning and all bills relating to Justice of the Peace and Senate Judiciary No. 2 will have a hearing the same day on the Hinesdale bill relating to local school tax lien.

Senator Cleeve of Rowan offered a substitute for the committee redrafting of his bill authorizing finishers, bleachers et al., protection under the state lien laws. The measure was passed.

The Senate passed a joint resolution by Representative White of Robeson to require all state department heads to submit to the General Assembly expense accounts of all employees for the six months period ending December 31, 1930.

Raleigh, Feb. 3.—(AP)—Bills passed by the Senate today were: Substitute Cleeve of Rowan, relating to the liens of bleachers, mercers, etc.

White of Robeson, to require expense accounts of all state employees.

Regers of Macon, relating to the seizure of liquor cars in Macon county.

Over One Thousand Persons Believed Injured as Disturbance Hits Hawkes Bay Community; Four Other Towns Reported Completely Wrecked; Napier Still Ablaze and Helpless; British Warships Rush to Aid of Distressed Area With Doctors and Nurses

Wellington, N. Z., Wednesday, Feb. 4.—(AP)—Three towns were in ruins today, more than 100 were dead and more than 1,000 injured as the result of one of the most terrible earthquakes that ever struck New Zealand.

It began on North Island early yesterday morning, bringing stone and brick buildings toppling about the heads of their occupants and pedestrians in the streets, and setting fire to hundreds of frame structures.

Then the water supply, wrecked by the shocks, gave out and the firemen were helpless.

In a series of recurring shocks the flourishing town of Hastings twelve miles away was devastated and the buildings came tumbling down by the dozen in the town of Wairoa.

The shocks were continuing today and the population was stunned and helpless in the face of the disaster.

Auckland, N. Z., Feb. 3.—(AP)—Earthquake and fire levelled the City of Napier, N. Z., today leaving a casualty list reported at 100 dead and 1,000 injured and wrecked four nearby towns, causing an undetermined number of fatalities and injuries.

Napier was still ablaze and virtually helpless tonight, the quake having cut off its water supply. Its stunned populace stood by, unable to count its dead and without effective means of fighting the fire. Dynamiting was resorted to in an attempt to check the flames.

The first shock came shortly before 11 a. m., shaking a large portion of the coastal region of Hawke Bay Province, of which Napier is the capital. Hastings, a town 15 miles from Napier, reported 21 dead and 100 injured.

The towns of Waipawa and Waipukurua also suffered. Fire from the Napier blaze caused the shutting off of oil in the tanks at Fort Ahuriri.

All early reports of casualties were expected to be exceeded as no accurate count could be made immediately.

The British war sloop Veronica, anchored at Napier, was grounded but subsequently refloated. The steamer Northumberland headed for sea when the water in the harbor began to recede. Early reports of a tidal wave following the quake were denied.

The British warship Diomed and Dunedin left Auckland for Napier with 66 doctors and 15 nurses. A wireless from the Veronica reported the whole town was aflame. All telephonic and telegraphic communication was cut off. A pall of smoke hung over the district. The shock razed virtually every stone building in the town.

Commander Morgan of the Veronica reported it was impossible to estimate the casualties tonight.

Emergency hospitals, food depots and police protection were organized and temporary hospitals set up. The Veronica became a refuge for women and children. Shocks were still being felt.

The first shocks were felt across North Island district from Napier to New Plymouth but were not experienced here.

The earthquake is the worst disaster ever suffered by New Zealand. The material loss was hundreds of thousands pounds sterling. The whole business area of Napier, one half mile square, was destroyed by fire and quake.

Large supplies of food will be required in the district affected. Roads were broken up and bridges destroyed between Napier and Hastings, twelve miles southwest. The Hawkes Bay district has been generally regarded as immune (Continued on page three)

URGES COURT TO SUSTAIN FALL VERDICT

Pomerene Appears Against Oil Man in District of Columbia Court

Washington, Feb. 3.—(AP)—Contending Albert B. Fall, convicted of accepting a bribe while secretary of the interior, had impartial trial, Atlee Pomerene, government prosecutor, today urged the District of Columbia Court of Appeals to sustain his sentence.

The former cabinet officer of President Harding was sentenced to one year in prison and to pay a fine of \$100,000.

Pomerene said Fall had accepted a bribe of \$100,000 for awarding to a company of his friends, Edward L. Doheny, a lease in the Elk Hills, Calif., Naval oil reserve.

He said, answering defense counsel, that Justice Hitz, who presided at the Fall trial in the District of Columbia Supreme court, had acted within his authority in excusing a woman juror after the jury had been selected, and that Justice Hitz had not erred in admitting testimony of Fall's dealings with Harry F. Sinclair, who secured a lease to the Teapot Dome, Wyo., Naval oil reserve.

The appeal of Harry M. Blackmer, of Denver, convicted of contempt of court in refusing to testify for the government in the Fall-Sinclair conspiracy trials, was set for hearing at conclusion of the Fall appeal.

Blackmer was fined \$60,000.

Man Held for Newton Holdup

Lincolnton, N. C., Feb. 3.—(AP)—Charles Helton, charged with the \$2,100 Newton Mills payroll hold-up several weeks ago, was arrested here early today.

He was found living at the home of an aunt in the Roseland Mill village.

The Newton Mills paymaster was robbed while enroute from one mill to another.

BELIEVES THREE ARRESTS SOLVES RECENT HOLD-UP

Raleigh, Feb. 3.—(AP)—Wake County officers today believed that with the arrest of the three young men at Durham last night they had solved a hold-up of a woman operating a store at Mount Hermon cross-roads last week.

American Heiress Dies In London After Short Illness

London, Feb. 3.—(AP)—The former Helen Vivian Gould, American heiress, who as the youthful bride of the Baron Deless was English society, died here at dawn today of a heart attack which developed from jaundice. She was 39 years old and had been ill three weeks.

Death came in a London nursing home. Beside her husband, who has had a famous career in the army, she left three children, a son and two daughters.

The grand-daughter of Jay Gould, whose railroad manipulations made him a money king of the post Civil war period, Lady Deless came to be known in England as a lavish but charming hostess.

She was married in 1911 when she was 19 years old. The ceremony was performed in New York in splendor and the prominence of the principals gives it wide publicity.

Her name was frequently in the headlines, particularly when on her honeymoon she smoked a cigarette at the railroad station in Brunswick, Ga.

She was active in Red Cross work during the war, and since had been a great traveler, making several adventurous trips with her husband into west Africa, and other parts of the world. Her husband, John Graham Hope De La Poer Borecard, was once a lieutenant colonel commanding the South Irish Home, and from 1916 to 1919 was chief press censor for Ireland.

SERMONS ON THE TEN COMMANDMENTS
Who has not heard the phrase "the changing standards of morality"? Is such a thing possible? Whence do we get our standards of morality? What is the relation of the Mosaic Code and our present day problems? These and other questions will be the theme of the pastor's talks of the local Catholic church. The opening sermon this evening "Giving the Law" will not only give the historic setting, but will serve as an introduction for the rest of the sermons. The services begin at 7:45. All are invited.

FIRE DESTROYS DWELLING AND BARN IN CITY TODAY
Fire in widely separated areas of the city this morning destroyed a two-story negro house and a barn, both of which were valued in the neighborhood of \$3,000.

A garage in the rear of the home of Mr. Walter Wilson was completely destroyed before the arrival of the fire department, and the loss was estimated by firemen at about \$75.

A negro house in the Banta section of the city burned down at a loss of approximately \$2,500. The fire was outside the water limit, and the firemen were unable to save the burning structure although they rendered aid in saving nearby buildings.

RED OAK NEWS

All song lovers are invited to attend a sing at the home of our esteemed neighbor, Mr. B. F. Jolly, next Thursday night at 7 o'clock. Please bear in mind that the date has been changed from Friday night to Thursday night. Our club will have music as one of its minor projects and to carry this out we have appointed Mrs. James Allen as our music leader and we will meet around at the neighbors' houses one night a week to practice. Now, get your voices in tune and lets make this a real musical feast.

On account of the leaders' school in Greenville next Wednesday afternoon our club meeting will be postponed until further notice.

We are sorry to know that Mr. Leon Manning is sick. He has been so kind and faithful about hearing up our Sunday school rooms every Sunday morning. We appreciate it very much and we truly hope he will be better soon.

Most of the members of Mr. Frank Elks' family, Betty Lou Tripp, Lois Delander, baby of Mr. and Mrs. Henry Tripp, Mr. Joe Tripp, Mrs. Mittle Tripp, have been confined with influenza recently.

Our school has inaugurated a clean-up campaign. We have our school yard all nice and clean and our garden club will begin the planting of flowers this week. Piney Grove people have been busy beautifying their church ground and Red Oak people have put out shrubbery around their church and club house. We are indeed proud of our little community and we are going to try to make it as attractive as we can.

Practically every family in the community are great flower lovers.

Our Sunday school is on the boom. We have it well organized with several departments and since we have been organized, strictly making a greater effort to be on time. If the merchant has a certain time to open his store; if the lawyer opens his office at a certain hour; if the teacher gets to her school at a certain hour, why should we be slack about the business of our Lord? Let's be just as prompt about His business as we are about our other affairs and I am sure our Sunday school will grow. We were glad to have several new members join our ranks last Sunday and we hope they will make an effort to be with us every Sunday.

Mr. Oscar Kerman of Norfolk, visited Miss Margaret Stokes at the home of her parents last week-end.

Mr. and Mrs. C. A. Stokes and Mrs. E. T. Dexter of Norfolk, Mr. and Mrs. Edward Elliott and Mrs. Pat Harrington of Bath, visited Mr. and Mrs. N. T. Stokes Sunday.

Mrs. N. T. Stokes, Mrs. R. W. Vainright and Miss Margaret Stokes motored to Durham and Greensboro last week. While away they visited Mr. and Mrs. Hazel James at Liberty.

ROTES HOSTS TO WIVES AND SWEETHEARTS

Entertaining Program Rendered At the Annual "Ladies' Night" of Club

It was "ladies' night" with members of the Greenville Rotary club last night and wives and sweethearts were treated to a program of exceptional merit.

The program consisted largely of musical numbers with soloists and members of a quartet doing their best to contribute to the pleasure of the evening.

President J. H. Waldrop presided and the program was in charge of the music committee. The session opened with song and prayer by Rev. A. W. Fleischmann, pastor of Memorial Baptist church, after which an elaborate dinner was served.

A male quartet, the "Aeolians," provided the opening selection, being accompanied at the piano by Mrs. Cooper Taylor.

A piano solo was rendered by Mrs. William Tolson. This was followed by a duet by the Misses Fullilove, accompanied by Mrs. Ray Tyson.

Mrs. A. W. Fleischmann gave an interesting reading.

A trio composed of Misses Agnes and Carolyn Fullilove and Gail Sinder rendered a selection.

"Billy" Tolson, youthful pianist, scored a big hit in the rendition of a popular number.

A mixed quartet composed of Misses Agnes and Carolyn Fullilove, J. H. Rose and Sam Allen provided the closing number.

A contest had been arranged for the entertainment of the visitors and this provoked much merriment.

FALKLAND NEWS

Mr. L. T. Pierce and family of Farmville were visitors at Mr. G. H. Pittman's Sunday.

Miss Annie Mayo left Sunday for Kinston where she expects to go in training for nursing.

Charles Fleming and family of near Greenville, were visiting Mrs. Lyman Brown Sunday.

Mr. Preston Pierce and wife also daughter, were visitors of Mr. Satterfield Sunday.

Mr. P. C. Mayo and family spent Sunday visiting Mr. Ida Watson.

There was a game of basketball played here Friday with Bell Arthur. The score was 27 to 12 in favor of Falkland.

The Falkland basketball team played Grifton Saturday. Score, 61-15, in favor of Falkland.

Mr. W. J. Moore has moved into his new place of business, Mr. Frank Parker and Frank Parker, Jr., have opened up the store vacated by Mr. Moore. We wish all great success.

Mrs. F. G. Mayo entertained a number of young folks at her home Friday night. Games were played.

We are glad to see the good attendance at Sunday school and church and trust that as spring advances even more will "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."

Elizabeth City Girl Dies From Wreck Injuries

Rocky Mount, Feb. 3.—(AP)—Miss Ruth Alden Jacob, 18, of Elizabeth City, died in a hospital here today from injuries received in an automobile wreck near Spring Hope Sunday.

Miss Jacob's companion, Miss Mildred Virginia Mansfield, 18, also of Elizabeth City, who suffered head injuries, will probably leave the hospital here today. Both girls were students at North Carolina College for Women, Greensboro.

Fernon O'Neal, 21, of Wake Forest Road, and Randall Perry, 21, of Louisville who were riding in a stripped-down car that struck the sedan in which the girls were riding are held in jail at Nashville. They are charged with assault with a deadly weapon and murder.

O'Neal and Perry fled in their car from the scene of the wreck and were arrested here, 20 miles from Spring Hope.

Floyd Waley and George Myerly, both of Elizabeth City, cousins of both Jacobs and Miss Mansfield, were not hurt.

Bishop Rondthaler Sleeps in God's Acre

Winston-Salem, Feb. 3.—(AP)—Bishop Edward Rondthaler also today in "God's Acre" where for 80 years he had led the impressive Easter sunrise service of the Moravian church.

The venerable leader of the Southern Province of the church was placed to rest yesterday in the historic burial ground of the Moravians.

Services were held in the Home Moravian church at Old Salem, of which Bishop Rondthaler was for many years pastor. Then the funeral procession moved down the shady lane to "God's Acre" where the body was lowered in the grave.

It was the same lane through which Bishop Rondthaler had gone year after year to lead the tens of thousands who came from many states to observe the beautiful Easter service the Moravians brought from Germany many years ago.

Thousands attended the last rites for the 85-year-old bishop. Beautiful tribute was paid him by the officiating ministers, including Dr. J. Kenneth Johl, the Rev. James E. Hall, the Rev. W. E. Grabs, Bishop E. C. Greider, Bishop Taylor Hamilton and Bishop Edward C. Croiland.

Twenty-Eight Moslem Reactionaries Put To Death By the Turks

(By PRISCILLA RING)
Menemec, Turkey, Feb. 3.—(AP)—The bodies of 28 Turkish Moslem reactionaries swung from gibbets in the cold Balkan wind today in a warning from the republic that the days of the Caliphate have passed forever.

Singly and in some cases by groups the condemned men, convicted of leading an abortive revolutionary movement here on December 23, were led at dawn from their cells to the gallows, where Gypsy hangmen, western caps addily topping baggy Turkish trousers and scarlet rashes, swung them aloft.

Because of the martial law which has been in effect since the revolt, citizens were kept in their homes until 8 A. M. and there were almost no witnesses to the executions beyond a few officials. An occasional scream could be heard from women peeping from behind shuttered windows, however, and with the advance of day, shuddering crowds passed the gruesome scene.

Thirty to gibbets were erected yesterday for the condemned, but at the last moment the Turkish Parliament at Amora commuted the sentences of two, and two others, terrified at the approach of their hour of doom, died of heart disease. The four unneeded gibbets were torn down during the night.

In cases where it was possible the gibbets ere erected on the spots where the condemned men harangued the mosque populace two days before the Christian Christmas and pleaded with them to arise in behalf of Islam, destroy the western innovations of Mustafa Kemal Pasha, the Gazi, replace the derby with a fez, and restore the Caliphate of Allah's golden age.

A young Turkish army officer, was happening, rushed to give the alarm. He was caught by the reactionaries, who included drivelishes and fanatical Moslems of the wild mountain country, and was beheaded. Troops and police put down the movement and hundreds of arrests followed.

Besides those condemned to die in the ensuing trials 41 drivelishes, priests and their acolytes, must serve sentences of three to 24 years hard labor for clandestine religious practices.

Ask Judge to Stay Order In Case of the Home Mortgage Co.

Hickory, Feb. 3.—(AP)—The Home Mortgage company, ordered into receivership yesterday by Federal Judge I. M. Meekins, will ask him to stay the order until it can perfect an appeal to the Circuit court. Attorneys for the firm announced

Two appeals to the Circuit court are now on file with that body in Charlotte, counsel said. A third is being prepared and a fourth will be drawn up as soon as a complete study of Judge Meekins' receivership order is made.

In the appeals on file in Charlotte, the Home Mortgage Company alleges Judge Meekins had no jurisdiction in the Hickory District; that the plaintiff, Mrs. Margaret Ramsey, of Norfolk, Va., holder of \$3,500 in bonds of the company, "comes with unclean hands"; and that no demand had been made on the trustees to give the plaintiff relief in accordance with the provisions of collateral trust indenture under which she held her bonds.

Action for receivership of the company was instituted by Mrs. Ramsey October 17, 1930.

MOTHER ADVISED TAKING CARDUI
Lady Who Had Been In Bad Health Took Cardui And Was Benefited.

Birmingham, Ala.—When in a run-down condition of health some time ago, Mrs. W. F. Siveley, 5412 Seventh Avenue, South, this city, took Cardui, with the resulting benefit which she describes below.

"About a year ago, my health was not good," writes Mrs. Siveley. "I felt weak and tired, and had pains in my back. I lost weight."

"I knew by these symptoms I needed something to build me up. My mother advised me to try Cardui, which I did. I found it was what I needed, for it built me up. The pain in my back stopped, and I felt better and stronger than I had in some time."

"I took about seven bottles of Cardui in all, and now I am feeling just fine, and have been since taking Cardui."

Thousands of other women have written to say that Cardui has proved of valuable assistance to them in building up their health.

Cardui is a purely vegetable medicinal compound, and contains nothing harmful or injurious.

IN THE PAST two years many new Fords have been driven 50,000, 75,000 and even 100,000 miles. Everywhere the car has made an unusual record for reliability and economy.

Ford owners have found, as you will find, that the low cost of operation and up-keep is even more important than the low first cost of the car. This saving frequently amounts to hundreds of dollars in twenty or thirty thousand miles.

Talk with Ford owners. Better still, let us show you what it can do in traffic, on steep hills and on the open road. Then you will know, from your own experience, that it brings you everything you want or need in a motor car at an unusually low price.

NATIONAL ADVERTISING REPRESENTATIVES Thos. F. Clark Co., Inc., New York, Chicago, Indianapolis, Philadelphia, Kansas City.

ABOUT TOWN

The annual meeting of the Greenville Merchants Association has been set for February 10. This is one of the most important meetings of the year and if plans carry, the members will be treated to a program of exceptional merit.

It is at this meeting that the merchants will talk over the past and attempt to outline plans looking to constructive business in the future.

The association here is one of the most active in this part of the state and the meeting is expected to result in an enlarged program to extend activities and bring more business to Greenville during the present year.

The association is proud of the enviable record it has been able to establish in behalf of the city in past years and if the program for the present year should prove as successful as past years, its members have nothing to fear.

Finding themselves growing a little bit morbid as result of the strain of the business world, the business and professional men of Greenville have organized two volleyball teams with schedule providing for two games weekly.

Some of the boys have become real proficient in the handling of the ball during the few days they have been playing, and if they continue the future bids fair to see an organization of which the entire city will be proud.

The man who is forced to undergo great mental strain day in and day out should go in for some form of exercise of this kind. He can not hope to keep his brain performing efficiently without due attention to his physical condition. Volley ball opens up a great opportunity for physical development and promoters of the game are hopeful everybody desiring to join will come out and open up full steam ahead.

Farmers who have not sold all of their crop of tobacco are urged to get busy this week and market it as rapidly as possible.

The Greenville market will close for the season with the conclusion of sales Friday afternoon and if they sell 700,000 pounds of leaf during the intervening time they will have passed the high mark of over 71,137,249 pounds recorded during the 1922 season.

The sales at this time stand well above the 70,000,000 pound mark and it is the ambition of tobaccoists to dispose of enough tobacco during the remainder of the week to enable them to set an entirely new record.

Despite the fact that September failed to witness the disposition of the usual amount of tobacco on this market, members of the industry are proud of what they have been able to accomplish thus far, and are facing the next season confident in their ability to set a mark others will have to shoot at long time before surpassing.

People interested in development of the greatest industry of the community are urged to do everything possible looking to improvement in the future. In addition to the honor of being the county seat of the largest tobacco producing county in the world, Greenville is deserving of the distinction as the world's largest market.

In event you did not put out your bundle for the relief committee last Saturday, why not get busy and do so now.

The committee is in constant need of clothing to take care of the demand of the hundreds of poor people and unless the public contributes as it should, provisions for the needy cannot be made.

The Boy Scouts made the canvass last Saturday and while they obtained considerable clothing, it was not sufficient to take care of the situation by any means.

Look about your home and get out some of the things you have abandoned. It may not be right up to the minute from the standpoint of style, but it will help to keep warm the body of some of the unfortunate people without work and nose in sight for the time being.

If you have any bundle of this

kind call the Reflector office and somebody will be sent after it.

It has not been determined exactly what point the groundhog made his appearance, and consequently, some doubt exists as to what kind of weather may be expected during the next six weeks.

The major part of the country was in the grip of cloudy weather when the woodchuck made his annual visit to the outside to prognosticate the kind of weather the country is to have the next six weeks, and if he appeared in that territory springtime is just around the corner, according to belief of the superstitious. If, on the other hand, he poked his snout out in the region of the sunshine, winter will have another long siege.

Whichever way one may believe, one is compelled to await the passage of time to determine what the hog saw. The weather man in the meantime, should be able to continue to serve and he alone will be able to prove what the groundhog failed to designate definitely enough for those who believe in his infallibility.

DAVIDSON TO TACKLE DUKE BOYS TONIGHT

By PAUL SIMMONS (Associated Press Staff Writer) Charlotte, Feb. 3.—(AP)—Tonight will tell the story—whether the Davidson Wildcats will keep their Big Five basketball leadership or yield the top rung to the Duke Blue Devils.

The Presbyterians, undefeated conquerors of North Carolina and N. C. State, will travel to the Durham stronghold of the Dukemen for the battle. This and the fact they have shifted their line-up slightly since their last, Big Five game, due to the loss of Skinny Pierce, six foot three center, may be slightly against them.

Martin, successor to Pierce at center, has been going strong in the last two matches, however, and the Wildcats expect to make up in speed what they lack in height.

The Durham cagers, who have won from North Carolina and Wake Forest and lost to N. C. State, will not go into the fray with quite as good record as the Davidsons. If they win, through their three wins and one defeat would put them on top in the loop standing.

Eddie Cameron plans to send his regular line-up, built around G. J. Joe Croson, center, against the invaders.

Another tilt of no little interest is on deck for tonight—the N. C. State-North Carolina go at Raleigh. These five are now tied for third place, with two wins and two losses each, and will fight it out for third or second place, depending on the outcome at Durham.

If Davidson wins, the victor at Raleigh will climb up to the place next to the circuit leader.

While the battle waxes warm for Big Five ascendancy, the Catawba Indians, with three straight successes, are relatively certain to hold their North State conference, or little seven, leadership throughout the week at least.

Carl Davis' Indian five will meet Appalachian at Salisbury Saturday night in its only conference game of the week.

Four squads—Elon, High Point, Appalachian, and Atlantic Christian—with percentages of 500 each are tied for second place in the North State circle. Lenoir-Rhyne comes next, and Guilford is on the bottom.

High Point goes to Guilford for a match tonight, entertains Appalachian at High Point Thursday and meets Elon Saturday in another game at home.

Guilford and Appalachian play Friday night at Guilford. The Blue Devil grapplers had best luck last night. Losing to V. P. I. 16 to 14, at Durham. They had a 14 to 11 lead until Gibbs' Gobber unlimited, pinned Hughes to the mat in the last match to win the meet for the visitors.

Will Reorganize Pennsy Athletics

Philadelphia, Feb. 3.—(AP)—The entire athletic structure at the University of Pennsylvania will be reorganized upon a basis of simplicity and "under-emphasis" in the most drastic single up-heaval of eastern intercollegiate sports history.

Control and management of athletics have been taken over completely by Thomas S. Gates, president of the university and his board of trustees while the trustees themselves will be given back to the students. The present all-powerful council of athletics, composed of alumni students and faculty, will be abolished.

Spring and pre-season training in football, training camps, feasting tables, dormitories for athletes, as well as scholarship and beyond that won in the classroom, have been wiped out. In all sports coaches will be made members of the faculty and will receive the salaries of faculty members.

Intercollegiate competition will be fostered with natural rivals on a year-round basis through the whole range of teams in each sport. Intra-mural athletics will be stressed, every student will be urged to take part in some sport, and the development of proficient athletes under this system "will tend to lessen the necessity for dependence upon enrollment of star athletes as a basis for victory teams."

One department—physical education—will receive the entire athletic scheme of things at the university in the future. It will be administered by a dean responsible to the president and the trustees. Three divisions of the department—student health, physical education, and intercollegiate athletics—will be in charge of directors. E. L. Moore Penn president of the class of 1913, and director of athletics at Swarthmore since 1914 will head the new department.

The committee found that abolition of gate receipts would not furnish a cure for abuses, but suggested that gifts and subscriptions from alumni and friends, excluding money to preferential treatment in the allotment of seats, might be one means of meeting expenses.

CAMPBELL IS READY TO SET NEW RECORD

Daytona Beach, Fla., Feb. 3.—(AP)—Poor visibility and a strong wind today prevented Captain Malcolm Campbell, British racing car driver, from making an official attempt to lower the world's land speed record of 231 miles an hour.

Daytona Beach, Fla., Feb. 3.—(AP)—With ideal beach conditions prevailing and his trim racing car tuned to perfection, Captain Malcolm Campbell today set out to establish a new world's automobile speed record on the glistening sands of the natural speedway here.

Highly elated over his machine's performance yesterday, when he attained an unofficial clip of approximately 240 miles an hour, the 46-year-old British driver was confident of setting a new mark considerably higher than the present record established here in 1929 by the late Sir Henry Seagrave also of England.

Although the 240 mile an hour speed exceeded by nine miles an hour the standing record of 231, it was not officially recognized as no timing instruments were set up for the trial. Campbell calculated his approximate speed from his tachometer, which registers his engine revolutions.

With the arrival here of Odie Porter, official timer for the American Automobile association, orders were issued for the setting up of the electrical clocking device that to a thousandth of a second. From records a driver's time for his runs the elapsed time, his speed in miles per hour is determined.

Policemen were instructed to clear the beach of all automobiles and spectators several hours before Campbell's Bluebird II machine was to be towed to the course. Although low tide occurs about 2:15 P. M. (EST), he planned to be at the starting post from one to two hours before that time to begin his trials as soon as the sun dries out the beach after the tide recedes.

Campbell planned to take a four mile running start and by the time he enters the official mile, probably will have his motor running as fast as beach conditions will permit. After flashing past the finish wire, he will require approximately four miles to bring his car to a stop.

Then he will change tires, inspect his car and make another run in the opposite direction, which must be completed 30 minutes after the start of the first. One trial must be made with the wind and the other against it. If the average speed of the two runs is higher than 231 miles an hour, he will have established a new world's land speed record.

SPORTS SLANTS

They brought out the sand-wedge—right out on the carpet—at a recent meeting of the United States Golf association's executive committee, and, so far as I ever learned, that was all they did about it.

Anyway, the sand-wedge continues to be a golf club, in the United States. There is a clause, or perhaps a flock of clauses, in the rules under the section entitled "implements" which may be taken as forbidding mechanical contrivances (such as springs—or, inferentially, explosives) in the head, to aid in the projection of the ball.

Over in Great Britain, too, the shaft must connect with one end of the head. It must not grow out of the center, with a mallet-effect.

One reason for this Brit's conservatism is the naturally conservative attitude and policy of the Royal and Ancient Golf club, ruling body of golf.

Another reason, it is said, was the little 8-iron-putter with which Walter J. Travis in 1919 putted his way to the first British amateur championship ever won by anybody except a native son.

Over here, we all said that Travis was the first American. As a matter of record, he was born an Australian.

However, Jess Sweetser and more lately Bobby Jones have attended to that little discrepancy.

They have allowed the steel shaft in Britain (this last year, we legalized it—in 1927, I was just crawling out of bed in a room at the Oakland Hills Country club the first day of the national open championship of 1924, when I heard the starter cheer time).

"Herbert Lazenby, using the first steel-shafted club ever seen in the national open championship."

I fancy our British cousins will view the sand-wedge as a couple of years. Our own U. S. G. A. committee had a look at it.

But it's nothing of a mechanical contrivance. It has a well-earned

FLORIDA AND VA. TO CLASH IN THE RING

By DILLON GRAHAM (Associated Press Sports Writer)

Atlanta, Feb. 3.—(AP)—An indication as to whether the University of Florida boxing team, 1930 Southern Conference champion, will be a threat for this year's crown will be available tonight as Florida faces Virginia at Charlottesville.

This dual meet will be Florida's first in defense of the title it won in the same ring at Charlottesville last February. Virginia exhibited power in whipping V. M. I. runner-up for the 1930 title, last week 6 to 1. The Cavaliers also face North Carolina Saturday.

A conference championship as captain and a two-time conference title-holder as coach is the Florida set-up. Phil O'Connell, the coach, won the featherweight laurels in 1929 and copped the lightweight honors last year. Johnny Minardi, captain, won the bantam weight crown in 1930.

O'Connell is well pleased with the early work of his candidates and optimistic regarding their chances of success in their debut. The Floridians probably will line up with Zoller, featherweight; Carter, lightweight; Whitaker, welterweight; Salavir, middleweight; Housica, lightweight, and Proctor, heavyweight. Proctor is football captain-elect.

Captain Bob Rainey, conference welterweight king, will lead the Cavaliers. Coach Johnny LaRowe probably will use Fishburn, Bantam; Goldstein, feather; Williams, middle; Reis, light heavy and Bryant and Goldstein scored knockouts in the V. M. I. engagement.

Tonight's match is the fourth dual meet between Virginia and Florida. The Cavaliers won the first in 1927, while Florida was victorious in 1929 and 1930.

Other important boxing engagements of the week include Duke and Louisiana State Friday and Duke at Tulane and Washington and Lee at V. P. I. Saturday.

Goes To Majors

Russel "Buz" Arlett, heavy hitting outfielder of the Oakland, Calif. club, who was sold to the Philadelphia Athletics. It is his first trip to the majors.

ed back, broad blade, bowled (or concealed) from sole to top; a thin cutting edge, good for slicing through heavy grass, and a flange sole nearly as broad as the face.

This latter keeps the weapon from digging in—tends rather to skid along through sand or grass and frankly boost the ball up and outward.

The entire club weighs about 25 ounces, which is eight or ten more than ordinary nibblers weigh. This in itself is one reason for its success, explained by Bobby Jones:

"You swing it back slowly and then hit the ball."

I should say you have to swing it back slowly or it will take you along and throw you out of the bunker on the wrong side. And a deliberate backswing, when unexpected in grief, is one of the best little panaceas known to golf, with or without a concave blade and a flange sole.

FOUR MORE LIVES CLAIMED BY POISON FOOD IN GRAFTON N. D.

Grafton, N. D., Feb. 3.—(AP)—Four deaths yesterday brought to 12 the number of persons killed by food poisoning after attending a party given by Edward Hein near here Thursday. No more fatalities were anticipated.

Health officials blamed a salad of home-preserved peas, lettuce, cheese and ripe olives for the deaths but planned a thorough analysis.

SAVOLDI TRAINING TO BECOME WRESTLER

Los Angeles, Feb. 3.—(AP)—"Jumping" Joe Savoldi, who went places with a football as fullback for Notre Dame, will do his future training on a wrestling mat.

Savoldi said last night he was in training here to become a wrestler. He cites the case of Ed Conzetta, former Michigan university athlete, who in a short month has advanced to claimant to the world heavyweight wrestling title.

"I want to earn enough money to send my brother to college," said Joe, "and attend law school myself. Wrestling will give me that opportunity."

Savoldi tipped the scales at 200 pounds. "Puss" Halbritter, his manager, said Savoldi will make his mat debut "somewhere in the east" within the next three weeks.

DRIVING 1945 AUTOMOBILES 21,000,000 MILES

That's a Real Test For Any Gasoline and Motor Oil

IF all gasolines and motor oils were as high quality as "Standard," it wouldn't make any difference what kind you used: they'd all give you maximum results. But they aren't and they don't. The quality has to be proved and "Standard" does it with actual operating road tests—21,000,000 miles of them in one year.

Those 21,000,000 miles last year showed the power in ESSO, the Giant Power Fuel. They showed the excellence of "Standard" Gasoline; the extraordinary lubricating qualities of "Standard" Motor Oil. They stood the test in 371 passenger cars and 1,574 trucks—"Standard" vehicles driven daily over good roads, bad roads and no roads at all.

And those 21,000,000 miles proved the economy of using "Standard" Products. Costs were carefully watched. Miles per gallon checked. Engines were taken down and inspected. "Standard" Products proved themselves again. And their popularity with the public (they're two-to-one favorites) showed that motorists everywhere have found them right, too.

In the interests of your own pocketbook and the pleasure a smooth-running motor gives you, you can't ignore the results of the "Standard" 21,000,000 mile test. Stop at the nearest "Standard" service station or dealer's today and ask the operator to "fill 'er up!"

"STANDARD" MEN ARE SAFE DRIVERS
because they obey the rule "Be Careful—Be Considerate"

Fifty careful miles every day is the average for each "Standard" vehicle. Here are a few records, selected at random, of the men who drive for "Standard":

Henry W. Wittman, Paterson, N. J., 23 years without a single accident.

W. W. Weaver, Norfolk, Va., 20 years without a single accident.

J. C. Mentzer, Havre de Grace, Md., 15 years without a single accident.

J. E. Ingram, Salisbury, N. C., 23 years—two minor accidents, neither of which was through any fault of his own.

H. H. Smith, Huntington, W. Va., 17 years without an accident.

W. L. Davis, Greenville, S. C., 14 years without a single accident.

COTTON MARKET

New York, Feb. 3.—(AP)—Cotton opened steady today, 2 to 3 points lower under selling which was influenced by relatively easy Liverpool cables and the weakness of silver in the London market.

There was some spot house selling of May and July which was attributed to hedging and the contract was credited with selling in new crop positions, but the offerings were well enough taken, by covering and trade buying to hold the market fairly steady around 10.80 for May and 11.11 for October or about 2 to 4 points net lower, during the early trading.

Liverpool cables said the market here had declined under hedge selling and liquidation but reported a fair business in cotton cloths for delivery after settlement of the labor dispute in Lancashire.

GRAIN MARKET

Chicago, Feb. 3.—(AP)—Wheat jumped about 2 cents a bushel today on widespread drought and late reports that domestic disappearance of wheat for six months was 60,000,000 bushels in excess of last year. Earlier reports had suggested that 1930-31 bushels increase. Corn and soy bean ran up briskly with wheat. Wheat closed firm, unchanged to 7-8 up; corn 1-1-2 to 2 advance; soy showing 5-8 to 7-8 gain, and provisions varying from 10 decline to a rise of 2 cents.

STOCK MARKET

New York, Feb. 3.—(AP)—The stock market again stalled in dead center today.

An encouraging development was the drying up of liquidation of the U. S. Government obligations in the bond division, but that was not sufficiently inspiring to budge the inert share market. Further clarification through earnings reports of the gloomy tale of the straying of corporate profits in 1930 was decidedly stabilizing.

The practical stocks fluctuated within a narrow range. There were a few special upward movements here and there, largely reflecting covering by discouraged shorts or experimental efforts by impatient bulls. Shares rising a point or two included National Biscuit, General Theatres, Air Reduction, Johns Manville, Eastman, Atchison, N. Y. Central and Ludlum. Best and Woodworth were firm in reflecting of comparatively favorable 1930 profits. Such erratic issues as Foster Wheeler, Worthington, and Auburn jumped up about 3 to 4. Left spots were Hudson Motor, Frisco, Rock Island, and U. S. Industrial Alcohol, off 2 to 4 points.

Hudson Motor declined on publication of its 1930 statement, showing net of only 20 cents a share, which failed to include a large charge off for development, taken over a low record for the president from surplus. The stock fell 10 points. The motor trade, however, expects gradual improvement this month. Output may reach about 220,000 units, against about 175,000 in January.

The condition statement of week reporting member banks showed a further reduction of \$46,000,000 in loans on securities, indicating a deflation for January of about \$50,000,000. Other, or commercial loans sagged \$40,000,000. On the other hand the January commercial insolvency record was distinctly unfavorable showing an even large gain than normal for the first month of the year. Credit conditions remained stationary.

STOCK MARKET

East St. Louis, Ill., Feb. 3.—(AP)—Investigators today strove to sort tangle clues from a maze of rumors in their effort to pierce the mystery surrounding the slaying of three men, one of them a well-known business man, apparently by machine guns.

The bodies each containing several bullet wounds, were found in Lover's Lane, three miles east of Granite City, late yesterday. Subsequent investigation fixed the scene of the triple slaying at 330 East Broadway, East St. Louis, and the time early Sunday morning. The place is said by police to be a hide-away for gangsters.

St. Louis police said last night two of the victims, J. P. Carroll, connected lately with the operation of a handbook here, and Theodore Kaminski, 24, also of St. Louis, a former chauffeur, recently had been engaged in the East St. Louis "kidnapping racket."

The third victim was David Hoffman 39, who conducted a woman's apparel store and pawnshop here, and is said to have sold gangster's guns at times.

Inquests were held last night. The jurie merely reported the men had been slain by unknown persons.

Forest Fires Sweep Western Counties

Rutherfordton, Feb. 3.—(AP)—Thousands of acres of forest lands in Rutherford and McDowell counties are being swept by fires which started with the coming of dry weather recently.

A 1,000 acre blaze along the headwaters of the river has been reported from McDowell, while County Fire Warden J. E. Trammell, here said \$25,000 to \$35,000 damage had been done to timber lands in Rutherford, and several outlying farm houses have been reported destroyed.

Charles H. Flory, assistant state forester, has announced that the situation constitutes a menace to the forest of this section, and W. K. Bechler, district forester at Asheville, has issued a call to service for all look-outs and rangers. Patrols and fire fighting bands have been organized throughout the area.

What Congress Is Doing Today

Senate: Begins debate on independent offices supply bill. Commerce committee continues taking of testimony on oil tariff proposals. Banking committee hears further testimony in its financial investigation. Public lands committee begins inquiry into Kelley oil shares charges. House: Debates annual supply bill for District of Columbia. Veterans committee considers legislative program. Agriculture committee prepares to act on Departmental measures.

STAGE GETS ANOTHER BARRYMORE

Another Barrymore, John Drew Colt, 17, carried the red apple tradition of the Barrymores on to the stage. He made his debut in Chicago in a show featuring his mother and sister. Here he is with his mother, Ethel Barrymore, and sister, Ethel Barrymore Colt.

Twenty-Four Hour Strike Called In Cuba For Tonight

Havana, Feb. 3.—(AP)—A general strike to last 24 hours or more, has been called to begin in Havana at six p. m. today in protest at renewed authorization by the Cuban Congress for suspension of constitutional guarantees.

Havana labor organizations, meeting separately last night, voted to call the walkout. There were indications that the order would be widely obeyed. Most Havana newspapers, their employees affected, gave notice they would make no attempt to publish.

While the chief grievance is the renewed authorization for suspension of constitutional guarantees, the strike order also cites the recent suspensions of most of the Havana newspapers, imprisonment of students and other measures of defense adopted by the administration of President Machado.

Street railway company employees also protested a proposal reduction of their wages by five cents per hour.

The 60-day suspension of constitutional guarantees decreed by President Machado in December after island-wide disturbances will end tomorrow, but under a new authorizing order, passed last week by the House of Representatives and approved last night by the Senate, the President may at any time renew the suspensions for an indefinite term.

Chicago Limbers Up for Election Three Weeks Off

Chicago, Feb. 3.—(AP)—Politics boomed out a greeting to the Chicago loop today, vying with the everyday noises of a busy city.

Parades, bunting, bands and mass meetings served to remind a million accredited voters that it is only three weeks until the primary election for "world's fair mayor" takes place.

And those three weeks, by testimony of the candidates who converged on the downtown area for the windup, will be an advance world's fair in themselves—packed full of the forensic fireworks and stunt moves that go to make up a Chicago campaign.

Exhibit "A" in the Republican sector consists of a horse a mule and a desert burro. It is Mayor William Hale Thompson's contribution to the campaign dramatics. The procession of three winds daily through the loop—a cowboy representing Thompson on the horse, a bespectacled man meant to represent candidate John H. Lyle on the mule and a little boy meant to represent Candidate Arthur H. Albert on the burro.

Exhibit "B" likewise Thompson's—a talking picture film entitled "What Mayor Thompson has done for Chicago." Preceded by the strains of "The Bill, the builder," it is a movie of the mayor in action, colored with statistics on his administration.

But the sharpest battle is being waged at the formal mass-meetings, to which voters have flocked. Thompson, who opened speech-making in the loop yesterday, has lashed out at Lyle, calling him "irresponsible" and Albert as "too young." Judge Lyle has accused both Thompson and Alderman Albert of racketeer support. Albert who has been backed by Senator Charles S. Dwyer, professes to see a hidden alliance between Thompson and Lyle.

Television Expert Predicts Great Things for Future

Charlotte, Feb. 3.—(AP)—Mail sent by radio, television broadcast "so that we can see Mount Vesuvius in eruption" elevators that will run 3,000 feet a minute, and buildings that are 100 stories high!

These are some of the marvels that Charles M. Ripley of Schenectady, N. Y., mechanical engineer and author, predicts for the future.

Addressing the Charlotte engineers club here last night, Mr. Ripley said that in the future, "we shall talk to electricity and it will do our bidding."

He said that should mechanical power suddenly be taken away, three billion slaves, almost twice the population of the world, would be required to handle a day's work in America.

Several Airplanes, Hangars Wrecked By Flames in N. Y.

Valley Stream, N. Y., Feb. 3.—(AP)—A fire which destroyed several hangars and half a dozen airplanes last night was under investigation today for traces of incendiarism.

Fanned by a stiff north wind, the blaze swept wooden hangars on Roosevelt Field No. 2, summoning apparatus from ten Long Island towns and attracting motorists for miles around. Field attendants broke in the doors and saved upwards of twenty planes before the flames gained headway.

Chief among the losses was the Columbia super-airplane Sam, built for Charles A. Levine for a world girdling journey and sold at auction to cover hangar rental.

Field officials estimated the damage at \$100,000.

MAN BEATEN AND HIS CAR STOLEN

Edenton, Feb. 3.—(AP)—Johnnie Ball, young Beaufort county constable, walked into Edenton police headquarters late last night and counted how two men whom he had picked up on a highway had beaten on him and taken his automobile.

Groundhog Day Is Failure For The City of Burlington

Burlington, Feb. 3.—(AP)—Ground-hog day in Burlington was a total loss, unless this almanac capital is willing to depend on the woodchucks of other cities for its weather prognosticating.

Walter Williamson had a ground hog. Months ago he gave the little animal a nice place under the house for a den. Food was provided and the weather prophet stuffed it into his burrow until it would hold no more.

Mr. Williamson was sure that, after all this kindness, the furbearer would repay him with a first class weather forecast yesterday. Everything was in readiness, but what did the ground-hog do? He didn't even come out.

Six Injured In Submarine Blast

Chatham, Eng., Feb. 3.—(AP)—Six men were injured, one critically, today when an explosion of undetermined origin wrecked the internal combustion engine of the submarine X-1, one of the largest undersea boats in the British navy.

She had left Sheerness for a trial run after reconditioning and had gone twenty miles on the surface to the Thames estuary when the blast occurred.

The injured men were treated on the ship and the submarine came back to Chatham on one engine. The extent of the damage was not immediately determined.
