Proposal To Take Over "Bama" District Me Overwhelming

Aldermen Register 7 To 1 Vote Against Annexation Project In Southwestern Section Of The City; Strong Opposition Presented By Property Owners And Manufacturing Plants

The proposal of the City of Greenville to take over a wide strip of land in the southwestern section of the city as a means of increasing revenue and relieving unemployment has gone down in ignominious defeat.

Meeting in special session last night to consider a map of the district and to receive expressions from interested citizens, the Board of Aldermen defeated the proposal by a vote of 7 to 1.

Manufacturing enterprises and landowners in that section of the city vigorously opposed the plan, contending that they were carrying all the tax burden they could afford to carry at this time, and that the city could not possibly derive any benefit from such action.

The value of the property affected by the annexation plan was estimated at approximately \$381,900 from which the city would have received \$2,600 in additional taxes. The district already pays the regular school district tax of 60c on the \$100 valuation.

The plan to incorporate the "Bama" and considerable adjacent territory was decided upon by the aldermen at the first regular meeting of the month. It was proposed by Alderman J. H. Boyd after Mayor Lanier had called upon the city fathers to devise some plan of permanent improvement by which a score of more of the unemployed people of the community might find employment.

The board visited the "Bama" district the next day and instructed the engineer and the committee to prepare definite boundary lines to be submitted at the regular meeting last night. Meantime, however, opposition had developed rapidly among the people affected and when the aldermen assembled last night virtually every tobacco company, fertilizer, oil and cotton mill company of the district had spokesmen present to offer vigorous opposition to the movement.

Mayor Lanier explained the nature of the meeting and then invited the delegations to express their sentiment in the matter.

Those opposing the plan were: S. M. Graham, representing the Greenville Oil and Fertilizer Company; Matt Long, Greenville Cotton Mill; Mr. Cleary, of the Export Tobacco Company; E. B. Higgs, landowner; Mr. Jones, of the Standard Oil Company; Mr. Gaskins, of the Royster Fertilizer Co.; James Perkins, landowner and business man; Robert Arthur and a member of the National Oil Company.

The speakers declared they did not think it wise for the city to attempt an annexation project of the kind during the period of depression when every branch of industry found it difficult to keep the roof over their heads. Furthermore, they said it was impossible to see where the city would derive any material benefit in view of the enormous sum of money that would be required in improvement of the district, although the aldermen had not been able to determine the exact sum that would be required in improvement of the district, although the aldermen had not been able to determine the exact sum that would be required in this connection.

Each of the representatives stated his firm was contributing its part to the employment situation by providing work for as many people as possible. Matt Long, head of the Cotton Mill, said four hundred persons looked to the mill for support and that increased taxation would only make the problem of survival of the period of depression more difficult for them.

Alderman Boyd spoke in behalf of the plan for incorporation, declaring he could not conceive of anybody seriously opposing the project when it was launched in the name of improvement of the district. He said the property owners would receive ten times the value of the improvement through protection from police and fire departments and the light and street improvements. He said it was their object to spend all revenue derived from the plan in development and cleaning up the vice ring which had infested the section for years. He said the "Bama" was a jumping off place for criminals, and

VANDERBILT TALKS ABOUT BUTLER CASE

Says General Twisted His Story to Score Point and to Make Him the Goat

Los Angeles, Feb. 13.—(AP)—Cornelius Vanderbilt, Jr., today told his version of the Mussolini hit-run story for which Major General Smedley D. Butler was ordered to face a court martial and asserted the anecdote would have proved merely a squib compared to issues which testimony taking would have made public had the court martial not been called off.

Vanderbilt said General Butler "took a story of mine, twisted it around to score a point for himself and made me the goat."

"Testimony I would have given at the court martial," Vanderbilt said, "would have brought out statements made by the general at a gathering of members of the American Affiliated Lecture Bureau last November." These statements, he said, concerned "failure of a foreign power to live up to the terms of the naval pact entered into last year between the United States, Great Britain and Japan."

Vanderbilt said the third speaker at the November meeting of the lecture bureau in New York, at which he and Butler spoke was "an official of a foreign government."

Vanderbilt's story of the Mussolini incident was as follows: "I was riding with Mussolini, who drove. A small child ran in front of the machine at a sharp turn in the road and was hit. I looked back to see if the child was hurt. Mussolini placed his hand on my knee and said 'Never look back. Vanderbilt, always look ahead in life!'"

Butler heard the story in a confidential meeting, Vanderbilt said. "If I had been called to the stand, I should have been prepared with 40 affidavits from persons bearing me out in my contention that General Butler misquoted me. I should have been forced to tell what the other two speakers, including General Butler, said in November."

"One overt act on the part of General Butler will result in my filing a legal action that will bring all these facts to light. I will not sue to collect monetary damages. The suit will be for the purpose of disclosing the manifold angles arising out of the Mussolini incident and the other issues."

Washington, Feb. 13.—(AP)—Major General Smedley D. Butler of the Marines, could not be reached today at his Quantico, Va., post, but his counsel Major Henry Leonard, said he had heard nothing of Vanderbilt's reported plans to sue Butler if there is "one overt act" on the latter's part.

"I know nothing about the reported plans of Vanderbilt," said Leonard, adding, "So far as I know General Butler to this day has never mentioned anything about who told him the Mussolini incident."

I. C. C. ORDERS N. & W. TO PAY AN EXCESS TAX

Government Seeks \$15,849,344 Out of Excess Earnings From 1922 to 1926

Washington, Feb. 13.—(AP)—An order requiring the Norfolk and Western Railroad to pay the government \$15,849,344 out of its alleged excess earnings between 1922 and 1926 was issued today by the Interstate Commerce Commission.

The order constituted the commission's first attempt to collect excess railroad earnings from a trunk line carrier of major size.

Although the law entitling the government to take one-half of all the earnings any railroad realized in excess of the legal fair return on its property has been in effect since 1920, the almost continuous litigation and the difficulties in ascertaining valuation of railroads has prevented action under it.

In the first serious attempt to test the law, the commission valuation of the St. Louis and O'Fallon Railroad, a small line, was rejected by the Supreme Court. After more than a year of deliberation over the court's ruling in the O'Fallon case, the commission prepared the order which today was issued against the Norfolk & Western.

Its actual net earnings in 1926 were placed at \$41,574,000, which was \$18,849,344 in excess of 6 per cent on its valuation of \$379,500,000.

The government claims \$9,402,000 for 1926 from the Norfolk & Western and for previous years smaller amounts, making the aggregate claimed.

Another test of the recapture law in the courts immediately was foreseen with the place of the St. Louis & O'Fallon as the challenger of the statute, supported by most of the nation's roads.

In tentative figures prepared as to the other prosperous carriers, it has been indicated the commission eventually may ask about \$275,000,000 as an aggregate of its excess earnings claims for the past ten years.

However, the commission recommended to Congress recently that the entire law be repealed.

Money collected by recapture of excess earnings does not go into general government funds but specifically set aside for the purpose of lending to less prosperous railroads that are unable to meet their capital requirements on the open market.

CONGRESSMAN IS INDICTED

Rep. Rowbottom Charged With Influencing Postoffice Appointments

Indianapolis, Feb. 13.—(AP)—Harry E. Rowbottom, representative in Congress from the First Indiana District, was indicted today by a Federal grand jury on a charge of accepting bribes for using his influence to obtain post office appointments for persons in his district.

Rowbottom was arrested January 27 at Evansville on an affidavit charging he accepted \$750 from Walter C. and Aaron Ayer, brothers, of Rockport in return for a promise that he would recommend the appointment of Green Ayer, a relative, as rural mail carrier. The congressman appeared before Charles Harmon, United States commissioner at Evansville, and provided bond of \$10,000 for his release.

Rowbottom was first elected to Congress in 1924 and was re-elected in 1926 and again in 1928. He was defeated last year by John W. Boehne, Democrat. His term will expire next March 4.

Rowbottom has steadfastly refused to discuss the charges against him. He is forty years old, is married and has one child.

He will be arraigned February 27.

CHEMICAL PARTICLES HOLD KEY TO SPECIES IDENTITY

Pasadena, Calif.—(AP)—"Genes," says Dr. Calvin B. Bridges, geneticist at the California Institute of Technology, "are numerous tiny bits of special chemicals existing in the nucleus of each cell."

"They are so minute that it is doubtful whether they can be seen with the best microscopes, yet so powerful that they are the agents that determine whether a given cell will develop into a flea, an elephant or a man."

House Holds Limelight Today As It Votes Down The Brooks Divorce Bill

Senate Considers McSwain Bill to Change the Date of Primary and Other Public Bills; Senate Passes Administration Bill Allowing Reallocation Previously Appropriated Funds

Raleigh, Feb. 13.—(AP)—The House today defeated the Brooks divorce bill to make separation for three years grounds for divorce if there are no children, while the Senate waded through its public calendar to kill the McSwain bill to change the date of the primary election, and pass a number of minor public bills.

The Senate passed the administration bill allowing reallocation of certain previously appropriated funds but the \$400,000 reallocation intended to allow construction of a new state prison was not included.

The House got a bill by Representative Howell of Buncombe to require sheriffs to distribute license tags for motor vehicles and to list motor vehicles and personal property for taxes.

The Assembly was notified that former Governor Alfred E. Smith of New York, could not speak this week but would March 5.

In committee this morning the Jefferson-Young constitutional convention bill was amended to require that if a convention is held the voters of the state will have a chance in 1934 to pass on the constitution drafted.

A favorable report was given the McRae alternate juror bill and the subcommittee resolution demanding a legislative inquiry of poultry marketing was killed when the Senate agriculture committee reported it unfavorably.

After more debate, in which Senators Hicks of Graniteville, Burrus of Guilford, and Jones of Richmond, attacked the measure as militating against industrial employes and generally unwise, the minority report on the measure to change the primary date was killed 30 to 13. Senators Umstead of Orange and Rankin of Gaston, had favored the bill.

Without debate the Senate passed a bill substituted for one by Senator Johnson of Moore, relating to copying of poll and registration voters books. The bill allows candidates and party chairmen to have copies of the poll and registration books.

The bill to require state courts to take judicial notice of foreign laws where they are material was passed by the Senate as a bill to abolish the January term of Superior court in Madison county.

An expected lengthy debate on the Brooks divorce bill failed to materialize when the House killed the bill after discussing it one hour. The Gwaltney divorce bill also intended to ease the grounds for divorce, was tabled immediately after the Brooks measure met defeat at a standing vote of 39 to 51.

The Senate passed the barber's bill after amending it to make its provisions apply to all barber shops in Cumberland, Sampson, Caldwell and Harnett counties instead of only to those in towns with over 500 population. The bill provides for barber shop inspection by the board of barber examiners under health board supervision.

A bill of Rep. Turner relating to sales under execution was passed and enacted into law.

The House recessed to meet at 8 o'clock tonight and the Senate will meet at 10 o'clock tomorrow to continue.

United States Announces Plans For Withdrawing Marines From Nicaragua

Stimson Says Acceptance By President Moncado of a Definite Plan to Reduce Marine Force By June Has Paved the Way for Complete Withdrawal After Elections in 1932

Will Sing In U. S.

Washington, Feb. 13.—(AP)—The United States is to withdraw its Marines from Nicaragua.

Accepting by President Moncado of Nicaragua of a definite plan to reduce substantially Marine forces in Nicaragua by June and pave the way for complete withdrawal after the elections of 1932 was announced today by Secretary Stimson.

The Marines to be withdrawn by June, plans for which will become immediately effective, are those on combat duty against the insurgent forces and total about 800. The remaining Marine force will be stationed in Managua, the capital, and will devote their attention solely to training purposes and as an aviation unit required in some sections due to lack of roads.

All Marines under the plan will be out of Nicaragua following the 1932 election.

The withdrawal plan is linked with a plan to increase immediately by 500 the Nicaraguan National Guard which will wage a vigorous campaign against insurgents, most prominent among whose leaders was the elusive "general" Sando.

The augmenting of the national guard will increase its strength to about 2,000.

By June the Marine force of 500 will be in contrast to one of over 5,000 present in Nicaragua on January 1, 1929.

The plan was devised by Stimson while in conference with American Minister Hanna, Major General Frank R. McCoy, army officer who supervised the -928 elections, and Brigadier General Douglas McDougal, former commander of the Nicaraguan National Guard and a United States Marine officer. The secretary summoned these three to Washington for the conference.

The plan covers provisions to pay for the increase by Nicaragua of the guard and looks toward the eventual suppression of the insurgent forces in the republic.

Men Convicted of First Degree Burglary and Murder Electrocuted Today

Raleigh, Feb. 13.—(AP)—Thomas Henry Bardon of Vance county and Dave McRae of Scotland county, both negroes, were electrocuted at State's prison this morning.

Bardon was convicted to first degree burglary and McRae of murder.

Bardon first to go to the chair, was given two charges of electricity, the first being two minutes and eight seconds in duration and the second 1:18, while McRae's life was snuffed out by one three minute charge of current racing into his body.

Governor Gardner this morning, less than an hour before the usual time for electrocutions, reached his final decision that he would not intervene for either man and notified Warden H. H. Honeycutt.

Due to electrical repairs needed to the chair at almost the last minute it was not definitely established that the men could be electrocuted this morning until a short time before the set hour of 10:30.

Bardon appeared slightly nervous as he walked in to the chair behind two spiritual advisers. He closely watched attendants strap him in the chair and repeated verses of scripture after the ministers.

McRae was smoking a cigarette as the attendants opened his cell to lead him to the little octagonal death chamber and he continued to smoke it as he walked down the deth row corridor until he reached the door of the chamber, when he calmly flicked it away.

McRae seemed in a hurry to get seated in the chair.

"McRae, are you guilty?" asked Rev. Dr. Flynn, who accompanied him into the death chamber.

"Yes, Sir," McRae replied. "The man had shortly before confessed his guilt to two ministers. It was his case which caused the Governor to delay a final decision on the executions until this morning."

Bardon was convicted of first degree burglary in Vance county last month and did not appeal his case. He was accused of entering the Matthews home in Henderson and stabbing Jesse Matthew a number of times with an ice pick when he was surprised. Matthews was seriously injured but recovered. Bardon was caught before he escaped from the home.

McRae was convicted of killing and robbing Alfred Ellison, 81-year-old white filling station operator near McCormick's Cross Road in Scotland county last June. The man appealed to the Supreme court but the lower conviction was upheld.

Board of Commissioners Notify Superintendent of Schools That They Will Not Be Able to Advance Money for Extended School Term; Highway Commission Is Asked to Dispense With Services of C. B. Fancher, Convict Camp Boss

The financial crisis which has confronted Pitt County government the last several months began hammering at the doors of county schools today, threatening their closing if collections of taxes do not show a pronounced gain during the near future.

Members of the Board of County Commissioners, meeting here in special session yesterday, instructed the secretary to notify the County Board of Education that the commissioners would be unable to advance from current funds against uncollected special school taxes the necessary cost to operate the extended school term for the fiscal year 1930-31. Motion for the resolution was presented by T. E. Joyner and seconded by F. L. Gaskins.

The order will affect more than twenty schools of the county. These schools will complete their six months' term in about three weeks and will be unable to begin the extended term unless tax collectors, held entirely responsible for the dilemma, pick up considerably during the next several days.

The board also adopted another resolution of T. E. Joyner, seconded by F. L. Gaskins, that the Pitt County Highway Commission replace C. B. Fancher, superintendent of county convict camps, with a suitable person. The resolution declared that the road superintendent, by reason of certain admissions which he made on the stand in his recent trial of embezzlement had seriously impaired his usefulness to the county. W. H. Dail, chairman of the Board of Commissioners, was advised of the action today.

The order pertaining to the operation of the county schools will not affect the Greenville schools system. This school is operated under special charter independent of the county school system.

On another motion proposed by T. E. Joyner and seconded by F. L. Gaskins, the county auditor was authorized to advance from the recent loan of \$175,000 to the Ayden City school, amount sufficient to defray the operating cost of completing the six months school term, comprising current expense funds, debt service funds and capital outlay funds for the fiscal year 1930-1931.

Again on the motion of T. E. Joyner, seconded by F. L. Gaskins, the secretary was instructed to transmit to the chairman of the highway commission the following resolution:

Resolved: That, in view of the wide publicity due to the recent indictment and trial of one C. B. Fancher, and in further view of certain admissions made by the said C. B. Fancher while on the witness stand, it is the opinion of the Board of County Commissioners that his usefulness to the county has been seriously impaired, and that his continued presence as foreman of the county convict camp will embarrass all departments of county government; and, in view of these facts the Board of County Commissioners respectfully ask that the Pitt County Highway Commission replace the said C. B. Fancher with a suitable person.

Mutilated Currency Taken By Bandits Found At Capital

Washington, Feb. 13.—(AP)—The mutilated currency stolen by Thug early yesterday in the Union Station was discovered by police today in an up-town alley.

The three registered mail pouches in which the worthless pieces of money were being shipped from the Federal Reserve Bank in New York to the treasury here were not located. The bills worth \$807,000 had they been whole, were wrapped in 11 bundles and found near 14th and T streets, N. W.

In another alley nearby police found several packages of shotgun shells, from which the shot had been extracted and steel slugs inserted.

Jovita Fuentes, only Filipino prima donna, will leave Manila soon to visit the United States for the first time.

TWO NEGROES EXECUTED AT CAPITAL CITY

Ralph T. O'Neil Will Recupereate At Charlotte

Charlotte, Feb. 13.—(AP)—Ralph T. O'Neil, national commander of the American Legion will come to Charlotte to recuperate from a recent attack of pneumonia. Paul R. Younts, former national vice-commander, has announced.

Commander O'Neil will be Mr. Younts' guest for several days and will be honor guests of H. H. Nest, post when Representative Wright Patman of Texas addresses a mass meeting Saturday night in behalf of cash payment by the government of veterans' adjusted compensation certificates.

The Connecticut representative gave this word as the veterans committee assembled to take final action on another measure to aid veterans—one to supply pensions to widows and orphans at an estimated cost of \$18,000,000 for the first year.

NEWS BRIEFS

From Over The City and County

STATE Y. M. C. A. BOY'S SECRETARY PRAISES JUNIOR WORK HERE

C. A. Witherspoon, State Boy's Secretary of the Y. M. C. A., praised today the work done by Albert B. Osborne in Greenville. He also told the citizens of Mr. Osborne's work in Hamlet. How he took over 60 boys and girls that Rev. W. A. Lollyer had so faithfully worked with, and within three months enlarged the membership to 490; how he built a swimming pool, provided diving boards, erected a hut for boys and provided tennis for girls in the summer.

During the months of June and July of last year, the pool was used 4,350 times by the boys and girls of Hamlet. He also stated that Greenville was fortunate in having the Junior Room as a community center, where every boy and girl irrespective of their religious persuasion may enjoy camps and programs under supervision.

Mr. Witherspoon also stated that Mr. Osborne has been very modest, inasmuch as he has given two months work in Greenville without salary and spending much of his own money to provide equipment and furniture for the Junior Room. This is a local community work with at present more than 200 members and must be locally supported. Money for maintenance of this work may be handed to J. H. Rose, the superintendent of city schools.

The Junior Garden Club met Thursday afternoon and enjoyed a good program out in the woods. Louise and Jennie Saled served. The members were invited to the Valentine party given in the Junior Room on Friday night at 8 P. M. Each girl is asked to bring a box lunch for 1 we. Albert B. Osborne accompanied the members through the woods and assisted them in their program.

CHRISTIAN MINISTER SPEAKS ON CONTAGIOUS CHRISTIAN CHARACTER

The Hi-Y Club of the Greenville High School met in the Junior Room of the Sheppard Memorial Library last night. The Rev. W. A. Ryan was the speaker and spoke on "Contagious Christian Character". He told many experiences from his own life, in school and in the ministry, which were very helpful and inspiring. Several of the members were initiated after which refreshments were served.

New members were M. O. Blount and Dan Wright. The meeting will be held next Thursday night. J. H. Rose, Wm. H. Brown and Albert B. Osborne were also present.

Arkansas May Vie With Reno For Divorce

Little Rock Ark., Feb. 12.—(AP)—A bill its author said would enable Arkansas to compete with Nevada for divorce business was before the State Senate today with House approval.

The bill, which would shorten to three months the period of residence necessary for divorce, was adopted 54 to 35 by the House yesterday after a heated debate on "morals," "fanaticism," and "the fair name of Arkansas."

Representative Campbell of Sevier county, author of the bill, told the House opposition to the measure had taken the form of a fanatical fervor.

"Rather than make a hell on earth of marriage, I favor the state government relieving the situation," he continued.

"If the rich people want to go to Reno to get a divorce let them go. If they want to come to Arkansas and spend their money let them come and help out our commu-

THREAT IS CLUE TO MISSING GIRL

Michael Yasso of Brooklyn, N. Y., is shown with a threatening letter that furnished one clue in the disappearance of his daughter, Rose Yasso, 10 (inset). The letter, containing an ace of spades, hinted the death of the girl and also made a threat against the family of Dudley Field Malone, prominent lawyer.

wealth with their money." "I appreciate the challenge Mr. Campbell huris that no one can oppose his bill without being a fanatic." Rep. Wheatley of Craighead county, said in reply.

"I accept the challenge in the fair name of Arkansas, which is today on the auction block."

Mr. Wheatley called the state of Nevada "shameful because of the 90-day divorce law," he said he would not change the name of Arkansas for that of Nevada for all the money the law brought in.

The bill's supporters argued for it on the ground it was not a question of morals as existing causes for divorce would not be changed.

The measure shortens from one year to three months the period of residence necessary before obtaining a final decree. Two months residence would be required before first action can be filed and another 30 days would be required before granting of the decree.

Foolproof Plane Tested in N. Y.

New York, Feb. 12.—(AP)—A foolproof airplane which its inventor claims will neither stall, spin nor dive and will land itself is the latest contribution to safety in the air.

While more than a hundred aeronautical experts and financiers watched, the plane was successfully tested at Glenn H. Curtiss Airport yesterday. Piloted by Henry White, it made a half dozen short flights and came to a near-perfect landing each time with the pilot's hands high above his head.

The designer is A. A. Merrill of White Plains, N. Y., formerly in charge of aeronautical research at the California Institute of Technology, and a contemporary of the Wright brothers, Octave Chanute and Langley. He has been working on the plane since 1913 and at one time was forced to mortgage his life insurance to continue.

Movable wings which can be adjusted over an arc of 14 degrees are the secret of the plane's stability. In flight, these restricted flying surfaces prevent a pilot from unwittingly going into a stall or a dive. In landing, they mechanically level off at the proper distance from the ground and assume the proper gliding angle.

The pilot controls the wings from the cockpit by a crank and push-rod mechanism which is calibrated arbitrarily and rotates from zero, in respect to the fuselage to an angle of incidence of 14 degrees. In taking off, he sets them at an angle that will preserve his trim. When landing, he cranks them to the maximum point, locks the crank and allows the plane to drift homeward.

"It is not so much what it will do," Mr. Merrill said, "as what it will not do that is important. It is definitely a plane to fly and not to stunt because you cannot stunt it."

Man Held For Strange Action Aboard Plane

Detroit, Feb. 13.—(AP)—A man who endangered the lives of two fellow passengers and the pilot of a Chicago-Detroit airplane with his eccentric actions yesterday under observation in the psychiatric hospital today.

He is James J. Man, an advertising manager for a Chicago realty company. The reason for his strange actions has not been determined by hospital officials, but one of the physicians said last night they might have been a manifestation of air sickness.

Louis Steward, of Plano, Ill., the pilot, said Mangan leaped from his seat, shouting at the top of his voice, when the plane was over South Bend, Ind., and tried several times to climb into the control room of the plane, shouting that he wanted "to help you run this plane."

Then, Steward said, "he would run back and forth in the plane, once in a while opening the door and throwing out money." The

PROPOSAL TO TAKE OVER BAMA DISTRICT MEETS OVERWHELMING DEFEAT

Continued from page one) that it would continue to harbor such undesirable citizens unless given more complete protection.

Alderman Smith expressed unequivocal opposition, asserting that the project would prove an undue liability to the city.

J. H. Waldrop said he believed the expenses which would be involved in taking over the area would be of a prohibitive nature, and did not see where the city could derive any decided benefit.

He asserted the district was already paying the regular school district tax, and that the city would derive only 70 cents from property. The town is not in a position financially to handle such a proposition, he pointed out, and failed to see how the plan could be financed. He said the industries were already aiding the city through the payrolls which they turn loose from time to time, and by the patronage of industries of the community.

Alderman Hogwood said he was in hearty sympathy with Alderman Waldrop's position and did not think the city would find the annexation advantageous.

Alderman Boyd moved that the map be adopted and the legislature be asked to grant incorporation of the "Bama" and after it had gone down by an overwhelming vote the board adjourned. The session lasted exactly one hour.

VIOLINIST, SPALDING, IS WORLD WAR HERO

Albert Spalding, the great violinist, who will appear at East Carolina Teachers College on February 26, two weeks from last night, is a world war hero, as well as a great artist.

In recognition of his war services he was decorated with the Cross of the Crown of Italy by the Italian government. Last year he was made Chevalier of the Legion of Honor by the French government.

Many among the young men of genius who went forth to make the sacrifice when war called failed to return, poets, musicians, authors—if they had been spared, would perhaps today have been numbered among the world's greatest.

Among those who did not return are Joyce Kilmer, the poet who wrote "Trees"; Alan Seeger, who wrote "I Have a Rendezvous with Death"; Rupert Brooke, the English poet who lies in the Dardanelles. There is a long roll of those who paid the price. But there is also a long roll of those who were spared and they are no less heroes because they came back and were privileged to live and carry on their art. There is a different note in the plying of the writing of those who lived through, as if all they had dreamed must be expressed.

Albert Spalding is one of the greatest who returned and is devoting his life to his art climbing steadily the ladder until he has reached the heights. Some one has said that to him "Art is an honored goddess," yet he is one of the most human of all the artists. There is always a bond of sympathy and understanding between him and his audience.

BIRTH CONTROL LEGGE URGES HEARING OPEN COTTON CUT

Proponents Given Chance to Air Their Views On Bill At Washington

Washington, Feb. 13.—(AP)—Scores of advocates of birth control packed the committee room today as hearings on the Gillette bill to legalize dissemination of contraceptive information opened before a Senate Judiciary subcommittee.

The day was to be devoted to hearing proponents of the bill, with tomorrow given over to its opponents.

The bill of Senator Gillette, Republican, Mass., was described "as the important piece of social legislation to come before you at this time or any other time." By Mrs. Thomas N. Hepburn, of Hartford, Conn. She declared the question of birth control is at the bottom of all prevailing social ills, including poverty and unemployment.

Mrs. Margaret Sanger, of New York, the country's foremost birth control advocate was introduced by Mrs. Hepburn.

A woman of middle age, quietly dressed in brown, Mrs. Sanger traced the history of the birth control in the United States.

Speaking in an earnest voice, she contended the Federal law now in force "interferes with laws in 47 states that permit a physician to give his patient scientific contraceptive information and evasive information."

"The effect of the law is simply this," she asserted. "The harm that it has done far outweighs the good."

"It has increased crime, the dissemination of unscientific information and abortion."

Dr. J. Whitridge Williams, of Johns Hopkins University, declared "a huge bootleg trade has grown in contraceptive devices and information."

He cited figures to show the average number of children in a family has declined from 5 or 6 to 2.7.

"The average doctor," he said, "objects to the present law against birth control for the same reason he objects to prohibition law and narcotic law, because it attempts to tell a physician how to prescribe treatment for his patients."

"Birth control," said Rev. Chas. Francis Potter of New York, "tends to prevent war. Nations expand beyond the ability of their own land to sustain. They demand room for expansion and colonization and the result is war."

Added to this increased revenue, the Farm Board head said, should be an estimated saving of \$200,000,000 in the cost of production of the smaller crop as compared with the larger one.

The total gain, he estimated, would amount to more than \$200 apiece for the 2,000,000 cotton growers of the south.

Explaining that the carry-over at the beginning of the new crop year would be between 8,500,000 and 9,000,000 bales, Legge said: "It seems rather conclusive that the sound business policy for 1931 would be a sufficient curtailment of production to permit the consuming demand to make a material reduction in the stock on hand."

He asserted another big crop in 1931 would inevitably result in a still lower price for cotton.

Discussing the tobacco situation briefly, Legge said it appeared also that a burdensome surplus is being created in flue-cured tobacco. He suggested that since "from 65 to 80 per cent of this kind of tobacco is grown in North Carolina," the necessary production adjustment rests largely in the hands of the growers of this state.

Scores of Firemen Overcome by Poison Gas Fumes in N. Y.

Rochester, N. Y., Feb. 13.—(AP)—With 48 firemen, including three battalion chiefs, in hospitals and many more recovering from smoke and gas poisoning after receiving first aid, a five hour fire was extinguished this morning, putting an end to a situation which overcame entire companies.

Smoke and carbon monoxide gas formed when water came in contact with burning oil in the basement of the building, dropped firemen by the scores. Even those with gas masks were overcome almost as rapidly as those without. More than 100 firemen were affected.

Emergency first aid stations were set up near the fire by nurses and internes and ambulances kept up steady runs to and from hospitals.

Three firemen returned to duty after being treated, only to be felled again by the fumes.

Firemen were handicapped in fighting the flames because of the work of rescuing fallen companions.

Damage was slight, being estimated at \$20,000.

Five Bankers Convicted At Rutherfordton

Rutherfordton, Feb. 13.—(AP)—Five officials of the defunct Rutherford County Bank and Trust company, convicted of receiving deposits while the institution was insolvent, today waited for the passing of their sentences by Judge H. Hoyle Sink.

The five men—J. L. Taylor, president of the bank; W. B. Walker, cashier and K. S. Tanner, S. E. Elmore, and T. F. Oats, directors, were found guilty yesterday by a jury in Rutherford County Superior court. The jurors deliberated a little more than two hours to reach their verdict.

Judge Sink, presiding, saying he was trying to decide what were best to do, announced in court he would defer pronouncing the sentences until 5 P. M. tomorrow, or later.

If he did not by tomorrow have certain information he desired, Judge Sink said he might delay his judgment until the May term of court.

With this announcement, prayer for judgment was continued and the five men were allowed their liberty under bond.

Infuriated Man Bites Cow's Leg

Kinston, Feb. 13.—(AP)—If, as reported, it is news when a man bites a dog, what is it when a man bites a cow?

Bill Thomas Williams doesn't know and didn't stop to think about it. He just went ahead and did it, declaring afterward the "hussy deserved it, and I should have broken her neck."

Williams acquired the cow a few days ago. She broke out of the pasture, blocked traffic in the road, kicked everything in sight including a farm hand, and then persisted in turning around and around while Williams was trying to milk.

Adding injury to insult she then proceeded to kick him in the stomach. That made him mad.

Smith Says Public Opinion Not Clear On "Dry" Question

Aberdeen, Feb. 13.—(AP)—The Sandhills Daily News quotes former Governor Alfred E. Smith, of New York, as saying "one man's opinion is just as good as another" as to whether prohibition will be a paramount issue in 1932.

The 1928 Democratic presidential candidate is a guest at Pinehurst, near here.

During the recent presidential battle, in which Smith stood for modification of the dry laws, the prohibition question was regarded as an outstanding issue.

In reply to a question as to whether it will figure largely in the next national campaign, the Sandhills Daily News quotes the New Yorker as saying:

"No man living can tell that. One man's opinion is just as good as another's. It is absolutely impossible to tell what the majority of people want in regard to the whiskey question."

"It is clearly shown that some of the northern and eastern states would favor repeal or modification of the 18th Amendment. But no one knows how the vast majority of the people feel about it, and any answer would be purely a guess."

The former governor, whom the North Carolina General Assembly has invited to address it, warmly endorsed Governor O. Max Gardner's proposed re-organization of state government.

He said he had studied the reorganization plan carefully and that Governor Gardner had the "right idea." He said the plan is erroneously referred to as "centralization of power."

"It is not centralization," Smith said, "it is simplification." Governor Gardner, he added, "is just following the lead of some of the larger eastern states who a few years ago pruned their governments."

ABOUT TOWN

Dollar Day is always of interest to the people of this section of the county and that yesterday was no exception.

Several thousand people visited the city during the day and bought free of the hundreds of bargains which the merchants had assembled for their inspection.

This was the first of the series of trade events which will be staged under auspices of the Merchants Association during the year, and each will assume greater importance to the people of the great trade territory.

The merchants are going to exert every effort to help the city maintain the distinction of the principal shopping center of this part of the state and they realize that the best way to do this is through the plan of dividing their profits with their patrons during the special trade days.

Dollar day happens but twice a year but there will be other occasions of a similar nature at different times throughout the year and the people may be assured of getting the best to be had at such times.

People who watch for advertising matter dealing with the bargain days should be able to save a considerable amount of money in the course of the year as result of the substantial reductions provided by the merchants.

Don't miss the opportunities which the merchants will offer during the spring and summer months and be one of the thousands of people who will flock to the city to partake of the harvest of values.

The High School basketball season is rapidly drawing to a close, and people who want to see two of the best teams the city has ever produced in action should not fail to attend the remainder of the games played in this city.

The girls' team has set one of the most enviable records of any team in this part of the State, and at the present time they hold the honor of being the only undefeated team in the conference. This is a distinction the high school has been out to capture for a number of years and if they close the season without any losses they deserve all recognition that can be bestowed upon them.

The boys, under the capable direction of Billy Brown, started out like they meant to set the world afire, but they encountered reverses and will not be able to conclude the season with as good a record as the girls, still they have done some mighty creditable work and also come in for their share of commendation.

The High School Athletic Association has experienced more than its share of financial difficulties during the last two or three years, due largely to lack of attendance, and if they were relieved of this worry it is possible they might be able to do even more effective work.

The public should not permit this condition to continue, and it is the hope of supporters that the next year will witness the largest attendance of the season.

Men are needed in the Boy Scout movement in this community and those who offer their services will find plenty of room for doing some mighty fine work among the youth of this great organization.

The Greenville organization has made excellent progress the last two years, but leaders have expressed a lack of help from the standpoint of leadership, and if this is not given it is going to be difficult for them to expand in the future as they have in days of the past.

It is impossible to enumerate off hand the good work that has been accomplished among the youth as result of the Boy Scout ideals, and it ought to be of paramount importance to the mothers and fathers of the city to see that continuation of the future are not curtailed.

Strong, healthy boys make aggressive, high-minded, liberal-

thinking men and this is one of the objectives of the Boy Scout organization. If you have not been giving the Scouts the attention which they are deserving, why not encourage them by your interest in the program which they have outlined for the present year. Their welfare should be of vital concern to you in that the youth of today represents the citizenship of tomorrow, and their ideals and ambitions will be a determining factor in the progress of coming generations.

If you have not been keeping in touch with the many important news developments of the last several weeks you are not aware of the vital questions which have been considered by the State Legislature from day to day and do not realize their bearing on the future life of the State.

The Reflector gives a graphic portrayal of the proceedings of the Legislature from day to day, and people who wish to familiarize themselves with these things would do well to read the paper.

If you are not one of the hundreds of people who read the paper from day to day send in your subscription at once in that way you will be able to keep in close personal touch with developments both at Raleigh and Washington City. You owe that much to yourself—because the affairs of the government are your own affairs and must be so considered before you can hope to be the kind of citizen you have been hoping to be all your life.

Congressman Fort Defends Record of President Hoover

Greensboro, Feb. 13.—(AP)—Herbert Hoover—"the man who never failed"—today was representative Franklin Fort's description of the Chief Executive of the nation in a period "when the most perplexing of economic problems press for solution."

Addressing North Carolina Republicans at the Lincoln Day dinner here last night, the New Jersey congressman vigorously defended the President's record and assailed the movement for cash payment of veteran's compensation certificates.

"President Hoover," Fort said, "is the victim of the same type of yelping attack which tore the heart of Lincoln."

Turning to the veteran's compensation question, he asserted: "The credit facilities of the nation cannot stand the strain, just now before they have rallied from all the shocks of depression, of flotation of an issue of even one half billion dollars of government bonds for this purpose. Nor could industry recover in face of the threatened tax increase."

The speaker said, "We have given the nation the leadership of Lincoln for our greatest time of internal travail" and "the leadership of Coolidge to reaffirm the confidence of the people in the honesty of their government and to produce economy and efficiency in the administration of affairs."

"And now we have given it for the period when the most perplexing of economic problems press for solution, the best trained economic mind that ever came to the chair, in the man who never failed—Herbert Hoover."

Prominent Republicans from all sections of the state attended the dinner, sponsored by the North Carolina Young Republicans club. Short talks were made by James S. Duncan, State Republican chairman, and others.

Duncan said Republicans of the state "have no cause to be downcast on account of recent adversities." He pointed to "every indication of steady improvement in the business situation" and maintained that "under the leadership of President Hoover this country is again on the road to prosperity."

Receivers to Pay Additional Sum To Old Co-Op Members

Richmond, Va., Feb. 13.—(AP)—Receivers of the defunct Tri-State Tobacco Growers association will distribute \$612,736.50 to members about March 20, they have announced.

Distribution of this sum, a residue from the liquidation of the association, was ordered some time ago by Judge I. M. Meehings, of the U. S. District Court for Eastern North Carolina.

The receivers announced here yesterday final lists of members still having equities, including approximately 125,000 names, had been completed in preparation for disbursing the residue funds.

The lists are being mailed in the court of primary jurisdiction at Raleigh, and the four Ancillary Courts at Norfolk and Lynchburg, Greensboro and Charlotte, S. C. They are open to inspection and persons dissatisfied with the sums allotted to them have until March 19 to file exceptions with the Federal Clerk of Court at Raleigh, the receivers said.

Where small amounts are involved, however, persons interested need not go to the expense of filing formal exceptions, merely furnish proof of their claims to the receivers who will file a supplementary report to the court asking for authority to pay according to the corrected list, it was said.

These claims should be addressed to M. L. Corey, Richmond, one of the receivers, it was said. The other two receivers are Hallett S. Ward of Washington, N. C., and James H. Pou, of Raleigh.

HIGH LOSES THRILLER TO CRAVEN LADS

The Greenville high school basketball team lost a thriller to New Bern high school on a court in that city Wednesday. It was a fast, rough, hard-fought game in which although many of the players were discharged from the game the refereeing was very lax indeed. The margin of victory lay in fouls; both teams scored about the same number of times from the floor, but New Bern made her fouls and Greenville missed hers. Greenville had anticipated the necessity of shooting fouls last night, and that phase was emphasized the last two days before the game, but the boys just failed to make them good.

New Bern got off to a good start, and after three minutes of play they had a five point lead. However, Greenville overcame this, and a hard-fought half ended 10-9. Madrin played a wonderful floor game, and his play stood Greenville in good stead many times during the first half, and the part of the second half which he was in the game. He was expelled from play on account of fouls.

For New Bern the leaders in scoring were Angell and Duval with eight points each; Angell, however, shot four field goals. Cannon, the New Bern captain made four points and along with Duval led in the New Bern floor work. For Greenville, Captain Bullock dominated the floorwork and the shooting, scoring eight points to tie for high scorer of the evening. The referee reported after the game that Captain Bullock was the finest high school player that he has seen this season. In addition to Bullock and Madrin, Broadhurst, Nobles and Deel also fought valiantly. It is no dishonor to lose as the boys lost the other night; they fought to the last ditch and went down fighting.

The game ended: New Bern 22; Greenville 19.

Tonight the locals engage in their feature game of the season; Farmville on the home court will be a game worth travelling to see. Both teams will be intact probably, and in shape, but Greenville is determined to win this game in spite of any difficulties that might arise.

The game will be played in the high school auditorium and will start at 7:30 o'clock. Seater tickets will be on sale, and they are reasonable enough, fifteen games for two dollars. Come out; the school needs your financial and moral support. See you Friday night at the gym; tell your friends this!

PLAYS HIGH HERE TONIGHT

Tonight Greenville High School engages in a basketball game with her most strong and worthy foe—Farmville. High is more desirous of winning this contest than any which she has played this season. The game in Farmville was the true indicator of the relative merits of the two teams on account of the extensive sick list which Greenville was laboring under at the time. The fine and meales scored a knockout victory over the G. H. S. basketball team. Farmville won the game by about 21-8, but the Greenville second team, along with two sick and injured players as usual fought all the way through.

Greenville lost an exciting contest to New Bern High School on last Wednesday night to the tune of 22-18, but the boys have put that game out of their minds and are now determined fighters to lick Farmville through any fair means which is in this case, fast and clean basketball. The Greenville boys have been working hard, and they are feeling confident of victory. They have the advantage of the home court, and then too, the boys feel good about the refereeing of Forbes and Hicks, for they have been suffering rather much this season from lax refereeing. Our boys are small and play clean basketball, so they naturally prefer strict refereeing.

The lineup for Farmville is not known, but is known that one of Gibbs, who got sixteen or more out of Farmville's 22 in that other game, will be watched at every move tonight for Greenville hopes to have only his name put in the paper tomorrow with nothing by it.

For Greenville the lineup to start will be chosen from among the following: King, Deal, Broadhurst, Woodard, Blount, and Cahoon, forwards; Nobles, Dennis, Lee, and Fitzgerald, centers; and Bullock captain; Madrin, Brown, Winlow, Wilson and Brewer, guards. Which combination from among these boys that starts will certainly be a fighting one which will do its best to bring victory to G. H. S.

Season tickets will be on sale for a reasonable price, and the public is urged to buy these in order to help themselves and the High School. When a season ticket is bought, the school is assured of more money, and therefore season tickets are to their advantage. Come out and lend your support to the team; they need you.

Harvey and Dundee To Fight Tonight

New York, Feb. 13.—(AP)—A return bout between Len Harvey, the British middleweight champion, and Vince Dundee, of Baltimore, heads Madison Square Garden's weekly card tonight.

Harvey dumped Dundee on the floor twice in their first meeting but the rugged Italian got up to carry the fight to his British rival and win a decision in 12 rounds.

Harvey was just off the boat when he battled Dundee the first time. Now with a few more weeks of training, the Britisher thinks he can wipe that defeat off a record that shows only two reverses in something like 350 ring engagements.

Harvey rules a slight favorite in the betting although Dundee does not lack for support. The bout is at 12 rounds and there is a possibility that the New York State A. C. will recognize him winner as 160-pound champion of the world. The crown has gone a-begging in this state since Mickey Walker was stripped of it by the commission several weeks ago.

HEELS DROP FAST GAME TO THE CATS

By PAUL SIMMONS Associated Press Staff Writer Charlotte, Feb. 13.—(AP)—The Davidson Wildcats, having hurled the opposition of the North Carolina Tar Heels for the second time this season, moved on against N. C. State today in their campaign for Big Five basketball honors.

With Capt. Bill Goodson back in the lineup doing yeoman service, the Presbyterians nosed out the Tar Heels, 30 to 28, last night at Chapel Hill. The margin of victory was just one point better than their 18 to 17 triumph over the same crew at Charlotte on January 10.

After the Wildcats had scrubbed a 19 to 16 lead at mid-period last night, Goodson, guard, saw them safely through a dramatic final half, scoring 10 of the 11 points his team garnered in that period. He accounted for 13 tallies in all to lead both teams in individual scoring.

Having "repeated" against North Carolina, the Wildcats will attempt to do likewise at Raleigh tonight against State, whom they licked 25 to 19 earlier in the season. The odds in the match, however, were about even, the Terrors last week having licked Duke, conqueror of Davidson, but losing this week to Wake Forest.

Coming hot on the heels of Davidson's two Big Five tilts of the week will be an interesting clash tomorrow night between Duke and North Carolina at Chapel Hill. If Davidson should lose tonight, the Devils could shore them squarely out of first place in the Big Five standing by winning from the Tar Heels.

The Deacons, who have engagements next week with both Duke and North Carolina, downed Elon last night at Wake Forest, 35 to 25. The count was knotted 16-all at the half, but the Baptists pulled through easily in the last period.

Atlantic Christian college dropped its fourth Little Seven match of the week last night by losing 3 to 37 to Lenoir-Rhyne in an extra-period match at Hickory. The Bull Dogs will tackle the conference-leading Catawba Indians tonight and try High Point tomorrow.

Duke boxers will take on a tough assignment tonight when they meet the Virginia Cavalier crew. North Carolina pugilists licked the Virginians, and 3 last week, but just prior to that the Cavaliers had taken the measure of Florida and V. M. I., 1930 Southern Conference champion and runner-up, respectively.

Raleigh and Durham Lead Tournament at University of N. C.

Chapel Hill, Feb. 13.—(AP)—Leather-pushers from Raleigh and Grapplers from Durham had a big lead in the state's first high school and boxing tournament here today after the opening round matches.

Seven of the Hugh Morson boxers, Raleigh, came through the first skirmish, staged yesterday, five drawing ties and the other two winning by technical knockouts.

Six of Durham's entries survived in the mat contests, four winning time decisions and two drawing ties.

A total of 61 young athletes entered the competition, 35 in the boxing division and 26 in the Greengboro and Leaksville had teams in both tournaments, while Wilson, Raleigh and Gastonia sent boxing teams, and Salisbury and Bragtown entered wrestlers.

Semi-finals in divisions where further elimination was necessary were set for this morning in both tourneys. The finals will be held tonight.

Martin Winner in Milrose Event

Philadelphia, Feb. 13.—(AP)—A three thousand mile ocean voyage and two weeks of intensive training on indoor tracks has been crowned with success for Seraphin Martin, leading middle distance runner of France and holder of the world's record for 800 meters.

After a disappointing race in the international half mile in the Milrose gam's last Saturday, Martin showed a return to form last night in winning the classic Meadowbrook 600, feature event of the annual indoor games at Philadelphia's arena.

The blue shirted French runner, the redi insignia of the stade Francois on his chest, led Eddie Blake and Dr. Paul Martin of Switzerland to the tape. Blake was six yards behind and the good doctor was half a lap back, in sixth place.

The French automobile mechanic's performance served notice on American speedsters that he must be reckoned with in the rest of his American campaign, which closes late this month in the national championships.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Feb. 13.—(AP)—Cotton opened steady today 2 to 4 points net lower, with May selling off 1/8 to 1/16 and October to 1/16 in response to relatively easy Liverpool cables and some over holiday selling orders from the South.

The initial offerings were readily absorbed by a renewal of trade buying or covering which may have been promoted by reports that the Lancashire labor troubles had been settled and that work would be resumed on Monday. May sold up to 11.22 and October to 11.73, with the active months showing net advances of about 1 to 5 points at the end of the first half hour. The price of January contracts touched the 12 cent level on this bulge.

Liverpool cables said that hedging had been absorbed by Bombay buying and covering in that market had reported moderate cloth sales.

GRAIN MARKET

Chicago, Feb. 13.—(AP)—General selling broke grain prices abruptly today, and rallies failed to last. Heavy exports of wheat from the southern hemisphere and from Russia acted as a weight on values, and so too did beneficial rains over the United States winter wheat belt. Piling up of domestic wheat supplies was also a bearish factor, Chicago today receiving wheat from a section of Illinois that previously was believed to have disposed of all wheat on hand.

Wheat closed unsettled 1-8 to 1-8 down; corn 1/4 to 1/4 off; oats 1-2 to 1 lower and provisions varying from 10 decline to 5 advance.

STOCK MARKET

New York, Feb. 13.—(AP)—The long-depressed oil shares were brought forward to smooth the way for the infant bull movement in the stock market today.

The impetuous recovery showed decided signs of tiring as trading was resumed after the holiday, but setbacks were checked first by bidding a pipe copper sand utilities, and later by bullish demonstrations in the oils. The volume of trading shrank sharply from that of Tuesday and Wednesday, and some of the pivotal shares, notably U. S. Steel, had sinking spells, but Wall Street had been inclined to look for a substantial technical reaction after the vigorous rise earlier in the week, and was impressed with the bulls' ability to carry on as well as they did.

Standard of New Jersey, Atlantic Refining, Mexican Seaboard and American Republic moving up 2 points, and Houston old stock 7.

Such issues and Barnsdall A, Sinclair, Phillips, Simms, Texas Corp. and Standard of California. An assortment of miscellaneous issues advanced 2 to 4 points, including American Smelting, Kennecott, Public Service of N. J., American Tobacco B, National Steel, Case, Foster Wheeler and Westinghouse. Pittsburgh and West Virginia shot up 7 in a few sales. American Telephone, U. S. Steel, Bethlehem, Eastman and Allied Chemical encountered selling pressure, and yielded a point or two.

The report of electric power production for the first week of February showed a somewhat larger than seasonal decline. On the other hand the Department of the Interior's report on power production during 1930 was mildly encouraging, showing a drop from the last year, 1929, of less than 2 per cent. In the previous year of sharp business depression, 1921, power production dropped nearly 6 per cent. Curtailment of water power production accounted for all of the 1930 decline, for power generated by fuel actually showed a small gain.

Credit conditions were tranquil, with call money still available at 1 per cent in the outside market.

Captain Hawks Believes in 13

Texarkana, Ark., Feb. 13.—(AP)—Captain Frank Hawks the aviator, agrees with the late President Wilson that 13 is a lucky number.

Captain Hawks is flying plane No. 13 with federal license No. 1315 and is completing his 13th year of flying. Further, he recently played 13 engagements in Texas with Will Rogers to raise money for drought relief.

And today being Friday the 13th, Captain Hawks was poised to pilot Rogers from here to Fort Worth, Texas.

SMITH WILL SPEAK MAR. 5

Tells the Legislative Committee He Cannot Appear Today or Monday

Raleigh, Feb. 13.—(AP)—Former Governor Alfred E. Smith of New York today declined an invitation to address the General Assembly of North Carolina today or Monday but accepted an invitation to speak to the body March 5, a special legislative committee which visited the Democratic presidential candidate of 1928, notified the General Assembly this afternoon.

The committee, after a conference with Mr. Smith at Pinehurst, where he is spending the week-end, said the New Yorker expressed regret that he would be unable to accept the invitation to speak while in the state at this time but assured it that he would be able to address the Legislature in March.

Without a dissenting vote the two Houses of the Assembly yesterday passed a joint resolution to invite Mr. Smith, "the most beloved and fearless living Democrat," to speak to them.

Majority Of Mills Ready to Cut Night Work for Women

Washington, Feb. 13.—(AP)—Operators of 70 per cent of the country's cotton mills have agreed to do away with night work for women and children on March 1, providing five per cent more of the mill-workers will join them.

This work was taken to President Hoover yesterday by George A. Sloan of New York, head of the Cotton Textile Institute, who added his organization's hope and belief that gaining the additional number of supporters was assured.

After the White House conference in which Secretary Lamont took part, Sloan issued a statement saying, "dropping night work for the women and children would not cause any serious dislocation of labor as all has been prepared for the change. He said the President had offered sympathetic support of the movement.

Elimination of this night work has had the aid of the government's trade aid groups ever since it was first advanced.

Sloan also told the chief executive conditions in the cotton manufacturing industry had improved considerably with sales of yarn and cloth for the first six weeks of the year 20 per cent in excess of production.

Fighting Plane Attains Speed Of 300 Miles Hour

Roosevelt Field, N. Y., Feb. 13.—(AP)—A naval fighting plane which observers claim attains a speed of 300 miles an hour and an altitude of 20,000 feet was secreted under armed guard today.

Completed yesterday by the Curtiss-Wright Corporation, the ship was tested by William Crosswell, a company pilot, at Mitchell Field. Crosswell took it off the ground in less than 400 feet, dived it at 350 miles an hour and pointed it to tow the sun until it was two miles in the air.

Under cover of night the plane was flown here and stored preparatory to a trip to the naval air station at Anacostia Field, Washington, for final tests. Army and Navy officers and Curtis officials who witnessed the experiments referred all queries to Washington, Alfred J. Williams, former-Navy pilot and speed king, was one of the few permitted to examine it.

The ship is the smallest single-seated combat biplane ever seen here. It is powered by a new type of Wright air cooled motor and is equipped with two machine gun mounts. Highly stream lined the fuselage tapers to a V-shape at the bottom and the wings are staggered to produce speed.

The secrecy surrounding the tests led to the belief the ship might become the United States entry in the coming Schneider Cup competition.
