COLLUSION CHARGED IN P. O. LEASES

Blaine Declares Effort Was Made to Prevent Second Grand Jury Probe

Washington, Feb. 19.—(AP)—The flat charge there was collusion to prevent a second grand jury investigation of the St. Paul commercial station lease was made today by Chairman Blaine of the Senate committee investigating the lease.

Cross-examining former Postmaster General New, Blaine said a "chain of circumstances was growing in strength to show there was collusion" to prevent the second investigation.

Blaine's charge followed a sharp clash with New, in which the latter asserted the committee chairman was "insulting."

Blaine questioned New at length about reports submitted by postal inspectors sent to investigate the lease after a grand jury had found evidence of fraud and recommended a full investigation.

The committee chairman said the inspectors sent to St. Paul by New had criticized the first grand jury which found evidence of fraud in the lease.

New insisted he had sent the inspectors to obtain the truth. After a long cross examination, Blaine asked:

"Do you still contend the inspectors were not to send to place a construction on the evidence that would discredit future investigations?"

"That question," New said, "is almost insulting, and not worthy of answer."

"It is quite insulting," Senator Hastings of Delaware, another Republican member of the committee, interjected.

"Whether it is insulting or not can't help it," Blaine said. "I intend to pursue this case."

Charge College Head With Driving Car While Drunk

Louisville, Ky., Feb. 19.—(AP)—Both the president and a department head of a state educational institution were slated to appear in police court here today to answer to drunkenness charges filed against them after an automobile in which they were riding figured in a collision yesterday.

Dr. H. H. Cherry, 66, president of Western Kentucky Teachers college at Bowling Green, Ky., was charged with operating a motor vehicle while drunk. W. M. Pearce, 51, director of the college's extension department, was charged with being drunk in a public place.

Mayor William B. Harrison paraded them on their own recognition to appear in court today, and former Mayor Huston Quinn, an accountant, took them to a hotel. Dr. Cherry issued a statement describing the accident and said "I was not intoxicated and did not have a bottle of whiskey in my pocket."

Mr. Pearce did not comment.

Secret Witness Promises to Bare Tennessee Losses

Nashville, Tenn., Feb. 19.—(AP)—Interest quickened today in the legislative investigation into the loss of state funds in bank failures by a secret witness promising to blow the lid off and bare the stark facts if he is granted immunity from prosecution.

His proposition was laid before the committee at a private session but an agreement was not reached and another conference was expected to be held.

Information in the possession of this unnamed witness was described as "sensational" and would involve the high dictators in the manipulation of state funds that ultimately were caught in the wreckage of the banks.

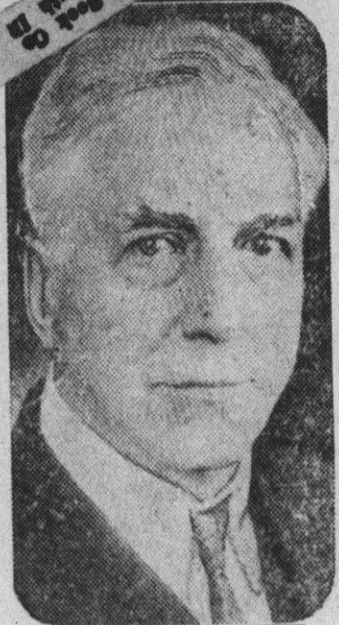

Definite decision on the immunity proposal may not be reached for several days.

Rail Lines Will Spend \$700,000,000 for Improvements

New York, Feb. 19.—(AP)—The New York Times today said the leading eastern railroads contemplated the expenditure of between \$500,000,000 and \$700,000,000 for improvements in the next few years.

In addition to the Pennsylvania, which has announced it would disburse \$175,000 within two years and a half, the Times said the New York Central would spend \$250,000,000, the Van Sweringen system, \$100,000,000, the Baltimore and Ohio, \$35,000,000 and the small roads in proportion.

Meetings of Cubans

Thomas L. Chadbourne, creator of the Chadbourne plan for stabilization of the sugar industry, explained his recent work in Europe to President Machado and Cuban producers.

PERKINS WILL BE SUSTAINED

Court Begins Hearing in Damage Suit of J. W. Smith vs. Nash Motor Co.

After deliberating seven hours, a jury in the civil term of Superior court late yesterday afternoon sustained the will of the late D. B. Perkins bequeathing his entire state to his wife. The case was begun Tuesday morning and went to the jury yesterday morning about 10 o'clock.

The case grew out of an attempt of Church Perkins and Mrs. J. R. James, son and daughter of the late Mr. Perkins and Mrs. Perkins, to set aside the will, contending that the wife used undue influence and that their father was not mentally capable of making out such an instrument.

Mrs. Perkins declared she did not have anything to do with the preparation of the will, and that her husband made it on his own free will and accord and was perfectly capable of knowing what he was doing at the time.

Court was at work today on the case of J. W. Smith, of Swift Creek township, against the Nash Motor Company, in which the plaintiff is asking damages of \$2,900 as result of injuries which he sustained as result of an alleged imperfectly constructed automobile. The case was expected to reach the jury sometime this afternoon.

A jury yesterday returned a decision awarding Dr. Battle, colored physician of Greenville, the sum of \$50 against Fred Jenkins, for professional services.

BUTLER WILL QUIT MARINES

Loquacious General to Resign Next September to Become Lecturer

Buffalo, Feb. 19.—(AP)—Major Major General Smedley D. Butler plans to ask for retirement from the Marine Corps next September to become a lecturer.

He announced his intention to forsake his military career for the hustings last night when he arrived here to deliver an address, explaining that he had signed a contract to deliver a series of lectures beginning next October.

He said the recent Mussolini incident which resulted in an apology to the Italian premier by the State Department and a reprimand for Butler from the Navy Department, had nothing to do with his proposed resignation.

His resignation, he said, was contingent upon the consent of the President, adding that some Washington officials were aware of his plans and that he expected no opposition.

Youth Attacked By Infuriated Dog

Rocky Mount, Feb. 19.—(AP)—Two little boys engaged in a childish fist fight, were attacked by an infuriated stray bull dog here, and today Clarence Crumpler, 6, lies in a hospital in a serious condition.

He was bitten about the head and body before passersby attracted by his screams could pull the dog off. Hospital attaches said he would live unless the wounds were infected. Police killed the dog.

Mitchell Gives Approval To Wire Tapping By The Prohibition Department

Attorney General Mitchell Tells House Investigating Committee He Gave Orders for Wire Tapping in Special Cases in January

Washington, Feb. 19.—(AP)—Wire tapping by prohibition agents in certain cases was approved before the House expenditures committee today by Attorney General Mitchell.

The attorney general told the committee he issued an order on January 19 permitting wire tapping in special cases when approved by the head of the bureau involved and the assistant attorney general in charge of the case.

This order, he testified, was issued to remove a discrepancy in the Regulations for the investigation and prohibition bureaus. The former bureau prohibited the practice under a 1928 regulation while it was permitted in the prohibition branch.

Mitchell said he had not felt he was in a position to establish an "iron-clad rule" so left it open for consideration of the bureau heads involved in specific cases.

Assistant Attorney General Young in charge of prohibition testified he had approved wire tapping in three specific cases since the order of January 19.

This was done, he said, in the absence of Director Woodcock of the prohibition bureau.

Woman Marries Man of All Jobs

Philadelphia, Feb. 19.—(AP)—Miss Jessie Jones of Glendora, a suburb, got married last night.

Without committing bigamy, she wed the chief of police, the fire chief, the building inspector, the director of street cleaning, the dog catcher, the head of the bureau of licenses and the highway engineer of the adjoining borough of Milbourne.

To do this she merely married Sam Taggart, who holds all those jobs with a couple of others.

House Postpones Debate On Administration Road Bill Until Monday Night

Raleigh, Feb. 19.—(AP)—With the House postponing debate on the administration road bill until Monday night, the Senate today passed the Lawrence anti-lynching bill and both divisions of the General Assembly worked on their local and public calendars.

The House got a favorable report on the Gardner road bill as amended in committee this morning.

Chairman Connor of the roads committee moved the bill be made a special order for tomorrow but a substitute motion to set it for Monday night was adopted.

The Senate got a number of important public measures, including a bill sent up in mid-session by Senator Johnson of Duplin to set up the machinery to effect a six-months state supported school system.

Senator Burrus of Guilford sent up a new bill to tax electrical power. Senator Jones of Richmond sent up two bills relating to work in industry, one of which would establish a 55-hour day and 50-hour night working week and the other would prohibit night work for women and children.

The Lawrence bill was amended so as to exclude Cleveland county before it was passed by the Senate and then a bill by Senator Folger of Surry to change the manner of appointing trustees in deeds of trust passed without opposition.

When the Hindsdale measure to change the number of voters required on a petition to abolish a special tax district was called it was opposed by Senator Whedbee of Perquimans and after debate the bill was killed on a roll call 29 to 13. The present law requires signatures of 50 per cent of the voters in the district and the Hindsdale measure proposed to reduce this requirement to 25 per cent.

The House passed the budget advisory commission bill to allow reallocation of certain previously appropriated monies of state institutions. The bill involves about \$270,000 with the University of North Carolina its major allotment of \$140,000 the largest. The body also approved the Etheridge bill to provide for an investigation of the coasts, ports and waterways of the state.

A bill by Senator Johnson of Moore to prevent mortgages disposing of timber from land was tabled in the Senate but in quick order the Lawrence bill relating to

CHICAGO AGAIN PREPARES FOR ELECTION DAY

Three-cornered Mayoralty Race Promises Spectacular Plans of Attack

Chicago, Feb. 19.—(AP)—A parade of jackasses, a display of gang weapons, a bitter exchange of personalities, and the world, tunes in on Chicago—again.

This time the attraction is the three-cornered race for the Republican nomination for mayor. Mayor William Hale Thompson, older and hoarser but still vigorous, is opposed by Municipal Judge John H. Lyle, and Alderman Arthur F. Albert in a contest that combines all the old-time theatricals with ultra-modern campaign methods.

As it turns the dials to Chicago and sits back to listen, the world knows it is in for a good show. Chicago is an old, familiar station; it has entertained, amused, sometimes shocked those on the receiving end for many years.

The game wars, Dion O'Banion's dramatic death, the shooting of Tony Lombardo on a Loop street, the Valentine's day massacre of seven gangsters, the slaying of Alfred Lingle in a pedestrian tunnel, the activities of Czar Al Capone, all have been exploited to the far corners of the earth.

In a less spectacular but still impressive way, Chicago's news has fed of industrial progress, enormous factories, the stockyards, great building projects, the glory of the world's fair and the hopes of another.

But the political life in the mid-west metropolis has always attracted attention, especially since the entry of the master showman, William Hale Thompson.

"Big Bill, the bulldozer" has staged many of them, vote-getters and side-splitters. He campaigned in 1915 on the resurrector slogan of a "full dinner pail" argued among other things for home rule for Ireland in 1919 and astounded the world in 1927 by promising to "crack King George in the snoot" if he ever came to Chicago.

This time Thompson has found someone closer home to campaign against. He vows with gusto daily that he "wears no man's halter" and attempts to show that his opponents do—that their halters lead to newspaper offices.

For once Thompson has an opponent willing to engage him at his own game. Lyle, who became a national figure while in the usually inconspicuous office of municipal judge, relishes a fight and has no objection to histrionics or to strong language.

Thompson started using a jackass parade, depicting Lyle, a mule and Albert on a burro. Lyle, vociferous foe of Ganymed, responded by bringing machine guns, sawed-off shotguns, blackjacks and pistols to his meetings and charging that the men who used such weapons were all for Thompson. Starting from "the nutty judge" and "that big clown," the two worked up to a name calling contest that got too strong for print.

Albert, backed by the faction headed by Senator Charles S. Deane, has pointed to the antics of his opponents and asked the voters, "is that the kind of a mayor you want?"

Anion J. Cermak, with no organized opposition for the Democratic nomination, asks merely that his party members stay out of the Republican primary Tuesday and prepare for the big contest two months hence.

Limited Revision of Constitution Promised Spain

Madrid, Feb. 19.—(AP)—Limited revision and modernization of the Spanish constitution of 1876 is expected from the new government, of Premier Juan Bautista Añazar whose monarchist ministry meets this evening in its first formal session.

"We shall call municipal elections first," Admiral Añazar said today. "Then we shall have balloting for provincial deputations and finally parliamentary elections."

The Parliamentary probably will be brought together several months from now, but will not have the power of a "constituent cortes" demanded by the Republicans and parties of the Left. They wished to decide if Spain should continue a monarchy or should become a republic.

The new government has succeeded in its one day of life in restoring a semblance of order although virtual martial law continued today.

Hendaye, Spanish Frontier, Feb. 19.—(AP)—BORDERZ were current along the frontier today that King Alfonso of Spain had purchased a chateau at Talence, near Bordeaux, France, for use in an emergency which might have caused him to leave the country over which he rules.

Senate Surges Ahead In Effort To Pass Veterans Loan Bill By Nightfall

Holding Tremendous Majority, Sponsors Look Forward Confidently to Over-riding President Hoover's Expected Veto

Washington, Feb. 19.—(AP)—Ignoring presidential opposition, the Senate surged ahead today toward passage of the veterans loan bill.

The measure came up for consideration by agreement and its sponsors urged a vote before nightfall, holding a tremendous majority, they looked forward confidently to over-riding President Hoover's expected veto.

Senator Couzens, Republican, of Michigan, and Harrison Democrat Miss., pleaded for quick action to get the measure to President Hoover whose veto is regarded at the capitol as certain.

However, an attempt by Harrison to get a limit on debate was blocked by Senator Reed, Republican, Pennsylvania, an opponent of the measure.

The galleries were packed as the Senate prepared to jam the bill through over the expressed opposition of President Hoover.

Senator Bingham, Republican, Conn., one of the small minority band opposing the legislation, opened the debate, recalling his own war record.

"I would regret for Congress to imply that the veterans are insatiable in their demands," he said. "I have no sympathy with this legislation that is being railroaded through congress."

Bingham stated the opposition of the president and read editorials from some Democratic newspapers supporting that position.

Bingham said he was convinced the organized pleas of the American Legion posts for the legislation would encourage the veterans to borrow from the government because of the 4 1/2 per cent interest rate allowed.

Senator Vandenberg, Republican cited that the prevailing interest (Continued on page four)

SAYS BOARD WEAK-KNEED

Secretary of State of Tennessee Scores Funding Board in Bank Failure

Nashville, Tenn., Feb. 19.—(AP)—The state funding board charged with issuing highway and bridge bonds was described today by Ernest N. Haston, secretary of state, as being a weak-kneed body that responded to pressure from Governor Henry H. Horton and powerful bankers into issuing \$50,000,000 in bonds in two instalments.

With some bitterness, he also assailed the members of the legislature, who he said were yelling like Comanche Indians for roads and declared the legislators should bear part of the responsibility for the loss of state funds in the collapsed banks.

Haston said that he by nature was opposed to issuing lump sum bonds and tried to persuade the board to issue them in small allotments as needed. He said when the issue was first brought up he succeeded in having decision postponed for a day.

"Here they were recommending these issues and here was the legislature demanding roads and I acquiesced," he explained. "I came back to the meeting the next day, walked into the governor's office and said 'this is your administration. The people elected you. This is your program. I have made up my mind not to interfere with it. I am ready to go.'"

He declared that Rogers Caldwell former powerful banker, had attended the meetings of the funding board and that Colonel Luke Lea, Tennessee publisher, an ex-United States Senator, was at one of the meetings.

Haston said that he did not make any investigation to determine the safety of banks made depositories for state funds and as far as he knew no other member of the board had that it was the duty of the treasurer.

Leeds, England.—(AP)—This city claims the home of the smallest baby in England on behalf of a child who weighed only a pound and a half at birth.

Marion.—(AP)—Claiming she was left too long in a therapeutic oven and badly burned, Mrs. Alice Byrd is suing the Marion General Hospital and Dr. and Mrs. J. E. Miller for \$100,000.

APPROVE BILL FOR INCREASE OF HOSPITALS

Measure for Additional Hospital Facilities for Veterans Is Favorably Reported

Washington, Feb. 19.—(AP)—The Senate finance committee today favorably reported the Smoot bill authorizing a lump sum appropriation of \$20,877,000 for construction of additional veterans' hospital facilities.

The measure also would provide a 50 per cent cut in allowances to world war veterans while in hospitals, as recommended by Veterans' Administrator Hines.

The bill is a substitute for the \$12,500,000 House bill passed this week and does not specify the locations of the hospital projects. It was decided to leave this to the veterans' administration and the Federal Board of Hospitalization.

Committee members and Hines expressed the fear if the projects were specified it would lead to a controversy in Congress and endanger passage of the bill at this session.

Hines has a tentative program for location of the hospitals. Under this, \$20,000,000 would be spent for 6,000 beds in 12 new hospitals and 26 extensions. It would take care of the hospital program up to 1935.

Senator LaCotte, Republican of Wisconsin, moved to strike out the 50 per cent allowance cut provision but was voted down by viva voce vote.

This provision was placed in the bill to discourage veterans remaining in hospitals, and more particularly soldiers' homes after they are cured.

No allowance, however, would be reduced below \$20 a month and the full compensation would be restored upon discharge from the hospital.

Married veterans' compensation would be cut as well as the single but the remainder of the full allowance would be given to their wives and children.

Sensors Reed, Republican of Pennsylvania, and George, Democrat of Georgia, criticized the practice of specifying location of the hospitals in legislation, saying it led to controversy and delay.

Watson Miller of the American Legion, opposed the lump sum plan however, saying more "violent scraps" would result than if the locations were specified. Miller also opposed the 50 per cent allowance cut at this time.

Conference Report On Muscle Shoals Ready for House

Washington, Feb. 19.—(AP)—The conference report on Muscle Shoals has been completed and probably will be submitted to the House late today with a view to bringing it up for action tomorrow.

Meanwhile, it was said at the White House today that the nature of the compromise on the long-standing disagreement between the House and Senate conferees was as yet unknown to President Hoover.

Officials there said reports that the President would veto the bill if it reached him were misleading in view of the fact that the President does not know what is in the bill.

The conference report embodies the government operation phases of the \$150,000,000 wartime nitrate project as agreed upon yesterday.

Mystery Plane Inventor Is Dead In Test Flight

Roosevelt Field, N. Y., Feb. 19.—(AP)—Emory Davis, owner and inventor of a mystery plane, took his ship into the air today for the first time and was killed when it crashed.

The ship, a tandem monoplane, with an odd, square-shaped fuselage and front and rear wings of equal length, was being towed by an automobile when it nose-dived. Davis was instantly killed. He had been carrying on his experimental work in a hangar, the doors to which were always kept locked.

Field officials estimated that during the last two years the inventor expended about \$100,000 on his ship.

Little was known about him except that he lived at a hotel near the field and had no intimates.

CREW SAVED AS SHIP GOES DOWN

St. Just, Cornwall, England, Feb. 19.—(AP)—All hands in a crew of 29 were saved from the Greek steamer Theotokos which sank after collision with an unidentified steamer off Land's End last night.

Where the Ten-Year Customer Is Safe

It pleases us to know of the high esteem in which this store is held by so many people for its dependability.

Not only in what we sell, but the way in which it is sold. Not many days ago we were told by a very prominent lady that her little girl of ten years old did most of the shopping for her.

This is as it should be.

No place is safe for grown-ups to shop, if it isn't safe for the little girl of ten. It would be well for those who are not familiar with this store to keep this in mind.

Dependable merchandise, good service and fair prices make for confidence too important to be overlooked by any store.

New Spring Dresses

In prints and solid shades of all silk materials. Special

\$4.95

Silk Dresses

One rack of all silk Dresses in all shades and sizes. Values \$9.95 and up. Special

BLOUNT-HARVEY CO.

Social and Personal

Little Miss Rosamond Hooker Colson is visiting her grandfather in Kinston.

C. Noell, of Raleigh, was here yesterday.

Clayton Young has returned to Winston-Salem after spending a few days here.

Miss Louise Eagles (of Fountain, was here yesterday.

Miss Charlotte Beddingfield and Miss Dixie Hines, of Stokes, were here Wednesday.

Mrs. G. V. Conrad, of Washington, was a Greenville visitor yesterday.

Mrs. E. G. Flanagan and Mrs. Person Nicholson left this morning for Raleigh to join Mr. Flanagan who is a member of the General Assembly.

Mrs. George Powell, of Danville, Va., who has been the guest of Mrs. Graham Flanagan and Mrs. Larry James, returned to her home today.

Miss Virginia Tucker, of Hertford, was the guest of Miss Elizabeth Phelps Tuesday.

Mr. and Mrs. W. A. Forbes and Mrs. John R. Carroll, of Winterville, were here today.

Mrs. Leslie Felverton and Miss Madeline Humble, of Goldsboro, were here Tuesday.

Miss Abiah Person, of Kinston, is the guest of Mr. and Mrs. T. A. Person.

Mr. Manning Improving.
Friends of Lewis A. Manning, of Winterville, will be glad to know that he is now improving, following a recent illness.

Cotillion Club Dance.
The Cotillion Club will hold their regular monthly dance on Friday evening at the country club. Dancing will begin at ten o'clock and music will be furnished by Hinman's orchestra. In compliance with a recent ruling of the Cotillion Club, guests will be restricted to members of the club and out-of-town visitors.

Primitive Baptist Church.
The services of the Primitive Baptist church will be held both Saturday and Sunday at 11 o'clock in the Universalist church on Dickinson avenue.

Little Misses Blount Honored.
Little Miss Jean Blount, daughter of Mr. and Mrs. J. H. Blount of this city, and Little Miss Margaret Blount, daughter of Mr. and Mrs. F. L. Blount, of Bethel, visited the State Legislature a few days ago with their uncle, Senator Marvin K. Blount. They were made honorary pages and their pictures appeared in the Raleigh News and Observer this morning.

Spalding Known as "Al."
There are a number of very delightful stories about Albert Spalding that prove he is worthy of his popularity as a man. He is a lover of tennis, golf and swimming, and follows the example of his father the noted business man, A. G. Spalding, in stressing the importance of keeping fit physically. He enjoys a good game of bridge and says he thinks chess is a great game. He also says that he enjoys "that very much neglected occupation of thinking."

Few people connect him with a minstrel show, but he is the "Al" in the famous expression "You know me, Al." He was a member of the Friar Club, taking part in the program in two roles, one as artist and the other as one of the interlocutors in the minstrel show, with the noted black face comedian, Frank Tinney, as end-man. Tinney would shoot his questions at Spalding introducing his repartee with the expression "You know me, Al" and never once did he fail to get a good comeback from "Al."

He likes to watch audiences and note changes in places, he has been returning to throughout his career. He says that the number of men in his audiences has increased greatly. He attributes this partly to the increased interest in music in the colleges. The fans who write letters after a radio concert indicate a change also. At first most of them were from women, but now the majority are from men. He is that rare, all around creature who is neither altogether a man's man nor a woman's matinee idol, but appeals to both men and women.

This is his first appearance in Eastern North Carolina, and he should draw a large audience from the entire eastern part of the state. His concert will be on next Thursday evening at 8:30 o'clock at East Carolina Teachers College.

MR. AND MRS. FLANAGAN DINNER HOSTS
Mr. and Mrs. Graham Flanagan were hosts at dinner Monday evening, honoring their house guest, Mrs. George Powell, of Danville, Va., and Lieutenant and Mrs. N. S. Fulford, Jr., of Boston Mass.

A color note of green and yellow was used in the dining room. The table was centered with a low green bowl of calendulas, with green candles in silver holders placed at the corners.

An elaborate five-course dinner was served. Covers were laid for ten.

D. A. R. Meets.
Farmville, Feb. 19.—An exceptionally interesting and well attended meeting of the Major Benjamin May chapter D. A. R., was held at the home of Mrs. G. E. Moore on Wednesday afternoon, with Mrs. Moore and Mrs. D. R. Morgan as gracious hostesses.

After the customary opening formalities the regent, Mrs. T. C. Turnage, made a talk on the hanging gardens of Babylon, bringing out the point that along with other lines of usefulness, woman's influence should be employed in beautifying and making the world a more pleasant place in which to live. The chapter instructed the secretary to write a note of appreciation to Mrs. B. Frank Mebane, Lady of the House, for the important part she played in defeating the bills for lowering the divorce bars in the state. Verbal appreciation to the Elizabethan chapter, which along with many other chapters of the State, have endorsed this chapter's regent for the state regency, was expressed by Mrs. B. Streeter Sheppard of Raleigh.

The following delegates, alternates and pages to the state convention convening in Statesville in March were elected: Miss Annie Perkins, Mrs. C. T. Dixon, Mrs. M. V. Jones, Mrs. J. Loyd Horton, Mrs. H. S. Sheppard and Mrs. E. E. Moore of Wilson, Mrs. C. H. Arrington of Rocky Mount, Mrs. B. Streeter Sheppard of Raleigh, Mrs. E. B. Beasley of Fountain, Mrs. W. C. Holston and Mrs. A. C. Monk.

The program for the afternoon consisted of an illustrated talk on "The History of the Flag" by Miss Susie Copeland, a discussion of George Washington in the light of "America's First Farmer" by Mrs. R. S. Tandy, and two delightful readings by Mrs. A. C. Hodges.

The national colors were suggested in the decorations and the Valentine motif and colors of red and white were effectively used in the salad course and favors.

The hostesses had as special guests Mesdames J. K. Cobb, A. C. Hodges, D. E. Oglesby, R. A. Parker, S. A. Robuck, J. L. Runley, Floyd Warren, J. L. Shackelford, and Misses Susie Copeland and Mamie Proctor.

Mrs. Knott Hostess.
Farmville, Feb. 13.—Mrs. R. H. Knott graciously entertained at a pretty party given on Monday afternoon at her home on Church street. Members of the Progressive Bridge Club and special guests made up five tables of artich. Baskets and bowls of Japanese quinces and yellow bell, provided a decorative touch to the living room and library.

This was the last of the winter tournament series, and Mrs. R. O. Lang was declared winner at this time. The event at which she will be honored will be held in the spring, as the club voted to adjourn during the Lenten season. Delicious refreshments were served.

Mesdames J. I. Morgan, G. M. Holden, George Holston, Donald A. Leveaux of Norfolk, I. E. Satterfield and M. V. Horton were special guests of the hostess.

Literary Club.
Farmville, Feb. 19.—The Farmville Literary Club was pleasantly entertained on Tuesday afternoon by Mrs. R. T. Martin at the home of Mrs. C. T. Dixon. Early spring flowers made the living room most attractive.

Mrs. J. W. Parker presided over

Makes You Look So Fresh, Young

severe drought neither government nor Red Cross aid had been extended to Texas.
The Senator's reply, dated February 2 and written on Senate stationery, was quoted as follows:
"I have your letter in which you people fed and talking about having seen hungry people in West Texas."
"Yes; and the first appeal ever made to this government for relief was made from drought sufferers in Texas; and it was white people that made it. But the rest of you, if they had gotten it, would have been fed also. It is strange that a negro always finds something to complain about, although his immediate wants are cared for."
"I should be very glad indeed if you would confine your correspondence to people of your own race."

Caraway Mistakes Critic for Negro

New York, Feb. 19.—(AP)—The New York World today quoted letters indicating Senator Thaddeus H. Caraway of Arkansas had curtly terminated correspondence with a critic of his drought policy under the mistaken impression that the critic was a negro.

O. G. Halliburton, Fort Worth, Tex., oil man, wrote Senator Caraway censuring him and his colleague, Senator Joe T. Robinson, on the grounds that in past years of

Hines Granted New Hearing
Raleigh, Feb. 19.—(AP)—An employer has a "qualified privilege" of disclosing to an officer suspicious of business irregularity on the part of an employee the North Carolina Supreme Court has ruled in the case of Hartsfield versus Hines, Lenoir county.
Harvey C. Hines, head of the Harvey C. Hines Company, appealed from a \$10,325 verdict a lower court awarded T. G. Hartsfield, an employee, for alleged slander. The high court yesterday awarded Hines a new trial.
The original action was based on a remark Hines was said to have made to a deputy sheriff, who had arrested an employe of Hines and reported that in his opinion the man arrested and not Hartsfield was responsible for alleged irregularities in Hines' business. Hines was alleged to have replied: "Tom (Hartsfield) has been at that for two or three years."
The trial judge charged the jury Hines was not entitled to plead "qualified privilege" in regard to the remark, but the Supreme Court in an opinion written by Justice W. J. Brogden, ruled he was and granted a new trial.
Seventeen opinions deciding 18 cases were handed down by the court. Most of them were short.

SUNSHINE MELLOWS

Heat Purifies

LUCKIES are always kind to your throat

The advice of your physician is: Keep out of doors, in the open air, breathe deeply, take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

Everyone knows that sunshine mellows—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret heating process. Harsh irritants present in all raw tobaccos are expelled by "TOASTING." These irritants are sold to others. They are not present in your LUCKY STRIKE. No wonder LUCKIES are always kind to your throat.

"It's toasted"

Your Throat Protection—against irritation—against cough

ABOUT TOWN

The Pitt County Post of the American Legion is experiencing healthy growth despite the complaint of depression existing in this section. The post recently added twenty or more new members, bringing into the fold men in every walk of life of the community.

The Legion is one of the most active organizations of its kind in this part of the state and is doing everything possible to further the cause of those men who crossed the ocean to fight a foreign foe in behalf of humanity.

The success of an organization depends upon the amount of work which its members put into its activities, and judging from this standard, the Legion has a bright future because its members are constantly hammering at something in behalf of the community and the national organization.

If it receives as much attention in the future as the boys have put into it the last year, it is impossible to estimate the importance of its achievements.

Both basketball teams of the Greenville high school are having exceptionally fine success this season, and the public has been served a brand of ball that would have brought joy to the connoisseurs of any community.

The girls continued to cling steadfastly to their record of no defeats by emerging victorious over the strong team from Wilson Tuesday night. At the same time the boys won from their old rival, Bethel, another Pitt county town that has been furnishing its patrons with a good brand of ball this season.

The young women of the school are proud of the admirable record their team has been able to establish, and if they can only hold to it long enough to reach the championship finals at Chapel Hill, they will realize a great ambition.

While the boys have no hope of entering any championship finals, they have the consolation of winning the majority of the games played this season, and are looking forward to another year when maybe they will have better luck.

Attendance has been far under the average this season, and neither of the teams will emerge at the end of the season with anything to their credit from the financial standpoint. This brings to the attention of the public the necessity of a better attendance at the games if the youngsters are to continue to furnish them with a brand of ball they are proud of.

The season is rapidly drawing to a close and people who have not been attending the games should go out and let their presence show the players they appreciate what they are doing to give the city a winning brand of ball.

It will not be long now before people will begin turning their attention to baseball, and this brings us to the question as to whether or not Greenville is going to have this form of sport to help drive away the care of the dull summer months.

Since league ball is out of the question, it is to be hoped amateur teams will be organized among the various towns of the county with a schedule providing for at least two games a week.

Greenville has enough material to put out a fast team, and if the boys will only get together and resolve to "play ball" the section ought to be able to find plenty of entertainment during the summer months when a diversion of the kind should do much toward relieving conditions.

An organization of this kind was started last year, but it did not last very long for the simple reason that the public did not get behind it as it should. If you are interested in baseball, why not let your desires be known and throw your support behind an amateur organization.

The people of this great trade territory are invited to visit Greenville during the spring and summer months to see what the merchants have to offer in the way of values. Always on the alert to render the highest type of service possible to the men and women of the

section, the merchants have brought together one of the most extensive lines seen here in years. While other people have been complaining about depression, the merchants have been going about their business in their usual progressive way preparing for the day to come when the public generally will begin their annual dress-up campaign.

Greenville for years has claimed the distinction of being the "principal shopping center of Eastern Carolina," and this forever keeps the merchants on their toes to provide values that will compete with the largest shopping centers of the country. It matters not where you have been doing your shopping, why not visit the city from time to time and obtain your share of the values.

HOUSE POSTPONES DEBATE ON ADMINISTRATION ROAD BILL UNTIL MONDAY NIGHT

(Continued from Page One) HB 176—Reading, McRae, and Garibaldi of Mecklenburg, placing Mecklenburg county officers on a salary basis.

HB 256—Rogers of Macon, reducing the Macon Board of Education from five members to three.

HB 311—James of Pasquotank, relating to sewerage assessments in Elizabeth City.

HB 372—Ewbank of Henderson, to appoint water commission in Hendersonville.

HB 357—Helms of Union, to abolish auditor of Union county.

HB 381—James of Pasquotank, to abolish highway commission in Pasquotank.

HB 400—Ewing of Cumberland, to authorize Cumberland to acquire a county farm.

HB 401—Dasher of New Hanover relative to time of meetings of New Hanover commissioners.

HB 454—Helms of Union, fixing salary of sheriff of Union county and appointing tax collector.

The House passed the following bills:

SB 230—Johnson of Duplin, to invite Harry Flood Byrd to speak to the assembly.

SB 134—Horton of Chatham, to authorize Chatham county commissioners to approve a tax collector.

HB 372—Ward of Randolph, to exempt F. H. Coble from peddlers' license.

HB 426—Johnson of Chatham, to fix place for sale in Chatham.

HB 462—Jeffers of Guilford, to allow counties to install photostatic machines.

SB 29—Gravelly of Nash, to re-appropriate and re-allocate certain unallotted balances of permanent improvement appropriations to state institutions.

HB 301—Etheridge of Dare, to provide for an investigation of the coasts, ports and waterways of North Carolina.

SENATE SURGES AHEAD IN EFFORT TO PASS VETERANS' LOAN BILL BY NIGHTFALL

(Continued from Page One) rate in the New York Federal Reserve district was 4 percent.

Senator Copeland, Democrat, N. Y., offered the first amendment to reduce the interest rate on the loans from 4-2 to 3 percent.

As Senator Reed began an opposition speech, he declined to have a quorum call to bring the membership to the chamber, conceding "I know nothing I can say will change a single vote."

Meanwhile, the House Rules committee decided upon a program for that branch of Congress call-

ing for bringing up the administration's \$30,000,000 battleship modernization bill and the Jenkins restricted immigration bill in the remaining fortnight of the session.

In the House chamber, party bickerings were laid aside for memorial services for members who have died within the last year.

Missie Shoals conferees completed the preparation of their report embodying the new agreement for government power production and private operation of the fertilizer plant. They planned to introduce it in the House late in the day and ask a vote tomorrow.

The two New York Senators, Copeland and Wagner, both Democrats, replied vigorously to a charge by Chairman McFadden of the House banking committee.

McFadden in an "extension of remarks" in today's Congressional Record, said they were supporting Eugene Meyer's nomination for governor of the Federal Reserve Board as a political trade to pressure an investigation of Tammany Hall.

The Senators termed the charge absolutely untrue and asserted McFadden had transgressed the rules of the House in bringing it.

The House Ways and Means committee continued its hearings on the Burtless bill to place a temporary embargo on wheat and a list of selected agricultural commodities.

Hollywood, Calif., Feb. 19.—(AP)—Louis Wolheim, whose hard face masked the kindest of hearts, was mourned here by a thousand friends today.

His unexpected death yesterday of cancer of the stomach stunned the film colony, which knew him as one of the most promising of its character actors, one who appeared likely to fill the place left vacant by Lon Chaney's passing. He was 50 years old.

Wolheim was born in New York. He is survived by his widow, Mrs. Ethel Dane Wolheim.

Bad Man Actor Widely Mourned

JIM BRONSON SAW TUNNEY AS A WINNER

By EDWARD J. NEIL
New York, Feb. 19.—(AP)—Gene Tunney was stretched on a rubbing table in his training quarters at Strouds, resting while Lou Fink kneaded his muscles. His first duel with Jack Dempsey for the heavyweight championship was still a month away.

Old Bill McCabe, kindly, paternal, stuck his fuzzy white head through the half opened door. He glared at the newspapermen crowding around.

"Jimmy Bronson's here, Gene," he said.

Bow-tie Jim from Joplin, one of the finest characters in the fight business, walked over to the big Marine and shook his hand. He had come to help Tunney prepare for the title bout.

Alone of the small crowd in the dressing room he thought Gene could whip Dempsey.

"The Almighty," he said, looking down into Tunney's face, "molded you to lick Dempsey. You are the champion."

Tunney looked up at Bronson, serious faced, earnest, for a moment he thought he was being kidded. He realized he wasn't. He gripped Jim's hand tight.

"There are just two men who believe that," he said, and at that moment the man of destiny of the prize ring came into being.

"Tunney never doubted after that that he would beat Dempsey. He flew to the scene of the fight in Philadelphia.

He slept in his dressing room, waiting to be called into the ring before 100,000 gawking faithful for the biggest opportunity of his life. The only plan of battle he had was one sentence from Bronson:

"The first time Dempsey cocks his left hook, break your right arm if you can on the first punch to the chin."

In the first round Dempsey drew back the left. Tunney threw everything he had into a right. It landed high on the side of the man Mauler's head. Dempsey's knees sagged. Two inches lower and it might have been a clean knockout. The bell rang and Tunney returned to his corner.

"I didn't break my arm," he said softly. "But I've won myself a fight."

Tunney loves boxing but hates the fight game. He is headed for

Asia with an exploration expedition, partly because he was being tempted to come back. He doesn't believe he has two real friends among the people connected with the boxing business.

Directors Called to Consider Fate of Sally League

Charlotte, Feb. 19.—(AP)—With the fate of the loop hanging in balance, directors of the South Atlantic Baseball League have been called to meet here tomorrow to consider its problems.

Judge W. G. Bramham, league president, issued the call for the meeting last night. He did not say what questions would come up for discussion, but it was expected that whether or not the circuit will operate this season would be one of them.

Two of the league's clubs, Columbia and Augusta, have dropped out, and a third, Charlotte, has shown an inclination to cast its lot with the nearby Piedmont loop. Still another, Macon, has been mentioned in connection with a proposed new Southeastern League, which Judge Bramham has been asked to father.

The other two clubs are Greenville, S. C., and Asheville, N. C. Just what will be done about the situation remains to be seen. Sports experts have pointed out that Judge Bramham has pulled the well known minor loop out of tight places in the past and have suggested he may have "an ace up his sleeve" now.

One ray of hope is seen in the eagerness which Selma, Ala., has displayed for Columbia's berth. Other southeastern cities also are said to have shown a desire to join the Sally aggregation.

Griffiths Agrees to Meet Levinsky

Chicago, Feb. 19.—(AP)—Gerald Ambrose Griffiths the tough Irish from Sioux City, Ia., has agreed to meet Kink Levinsky the former Jewish fish merchant from Chicago's west side, in a ten round bout at the Chicago Stadium March 6.

Before signing, Griffiths demanded a guarantee of \$25,000. Levinsky agreed to take 60 per cent, out of which he will undertake to pay Griffiths \$25,000. If the 60 per cent does not amount to \$25,000, the stadium will make up the difference. If the match draws \$60,000, as the stadium man agent anticipates Levinsky stands to earn about \$11,000 for himself after paying Griffiths.

Clark Willing To Promote Stribling-Schmeling Fight

Chicago, Feb. 19.—(AP)—Sheldon Clark, millionaire sportsman and a vice-president of the Sinclair Oil Company, is willing to serve as promoter of the world's heavyweight championship match between Max Schmeling and W. L. (Young) Stribling at Soldier Field June 19, providing certain conditions are fulfilled.

Clark said today that if the profits of the match were divided among Chicago charities, he would be willing to support it, but under no circumstances would he associate himself with the venture if the profits were devoted to the New York milk fund.

Clark, a stockholder in the Chicago Stadium, and one of the judges of the Tunney-Dempsey fight in Soldier Field in 1927, is not positive Chicago will get the bout. At least one other city, he said, has an equal chance.

Financial Wizard Under Indictment

Belvidere, Ill., Feb. 19.—(AP)—The spectacular rise of Albert W. Benham from a shipping clerk to a "financial wizard" had an aftermath today in his indictment by the grand jury.

Benham, variously called "the one man mint," "Prosperity Al," and a "Midas," because his business, extending over a period of two years was reputed to have paid investors as high as 50 per cent interest, was accused of operating a confidence game and obtaining money under false pretenses. Four true bills were returned by the county grand jury.

A bench warrant for his arrest was issued by Judge E. D. Shurtliff of the Circuit court. Benham was missing but his friends said he would return to face charges.

Potlikker Dispute Gathers Momentum

New York, Feb. 19.—(AP)—The battle of the "dunkers" and the "crumblers" over the most delectable method of introducing cornpone to potlikker had home-sick southerners watering at the mouth today.

While most of them separated into the two main camps, others transformed the controversy into a wide-spread engagement threatening the very foundation of the South.

Irving S. Cobb of Paduka, Ky., author of "Eating In Two or Three Languages," said:

"The cornpone should be but-

tered while hot and bits of it taken between sips of potlikker." Dr. Thomas Dixon, author of the "Clansman": "Cornpone should not be eaten at all, either with or without potlikker, if you can get good hot southern biscuit." Carruthers Ewig, an attorney, of Memphis: "Soak the cornpone in potlikker and then get a glass of beer. Corn pone is fatal if taken in any other way." George Gordon Battle, Criminal lawyer, of North Carolina: "I never tasted potlikker." Emily Post, unofficial arbiter of etiquette: "When in Rome, do as the Romans do."

Wilbur Speaks At Health Conference At White House

Washington, Feb. 19.—(AP)—Physicians assembled at the final sessions of the medical section of the White House child health conference were charged today by Secretary Wilbur with presenting to the nation the "results of centuries of observations, study and research" in the interest of children.

Expressing a hope the conference would open a new era for the American child, the secretary presented to the doctors a message from President Hoover thanking them for their efforts.

Wilbur, a physician himself, said the medical section had a unique responsibility as it "must get together usable facts to apply to the care and protection of children.... and show what medicine can do for the child."

Full Rows

V-C FERTILIZERS FILL EVERY ROW WITH PROFITS

The farmers who follow the best methods and push their yields to the highest point consistent with good practice, will be the gainers. It is the man who grows the average or less than average crop who loses.—Missouri College of Agriculture.

"Better" is the word

Better profits from better farming—who gets them? The better farmers! V-C fertilizers have the call with better farmers because V-C fertilizers are better fertilizers—the fertilizers that can be depended on when nothing must fail. Put your own reliance in V-C—"better" is the watchword now!

There is an old saying among farmers that the cheapest time to cultivate a crop is before it is planted.—Arkansas Experiment Station.

The best scientific minds failed to foresee the progress which has been made in agricultural research.—U. S. Dept. of Agriculture.

We find farmers on our poorest soils planning their crops without considering the matter of feeding the plants. These men arrange for the largest crop their resources will permit, and then get whatever fertilizer they can—often very little or none at all. This results in an immense acreage of non-fertilized, non-profitable crop, increasing the total and reducing price without adding to profit.—A. and M. College, Mississippi.

The good farmer is always a good credit risk.

The best scientific minds failed to foresee the progress which has been made in agricultural research.—U. S. Dept. of Agriculture.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Feb. 19.—(AP)—Cotton opened steady today unchanged to 7 points higher on overnight buying orders which again seemed to indicate a demand from foreign and domestic trade interests as well as covering and a little commission house buying.

Offerings were few, however, owing to somewhat disappointing Liverpool cables and there was more or less reactionary sentiment in evidence following recent advances. Many contracts after selling up to 11.52 at the opening, reacted to 11.44 but orders were pretty evenly divided, apparently, and the market held fairly steady within a point or two either way of yesterday's closing quotations at the end of the first half hour.

GRAIN MARKET

Chicago, Feb. 19.—(AP)—Scarcity of offerings helped to turn grain prices upward late today. Advances were associated with statements by Chairman Legge of the Federal Farm Board that he regarded recent news on wheat as rather favorable. There was also purchasing of May wheat here believed to be from Farm Board allies.

Wheat closed firm, unchanged to 1-4 to 1-3-8 higher; corn 5-8 to 1-8 up; oats 1-4 to 3-4 advance, and provisions varying from 7 decline to 5 gain.

CORN:	High	Low	Close

Jan.	77 1-4	76 1-2	77 1-2

STOCK MARKET

New York, Feb. 19.—(AP)—The stock market settled today to a quiet orderly upturn today.

Bulls appeared willing to proceed at a pace more in keeping with the moderate pace of business recovery. It has been no secret in Wall Street that conservative banking interest viewed the tendency to stir up a widespread fever of speculation at this time as unhealthy, and some observers express the opinion that blocks of stocks were dropped upon the market earlier in the week as a warning to over-zealous bulls.

Steele, copper, utilities, food shares and miscellaneous industrial shares made moderate progress. The earnings statements of food and utility companies have in the main helped these shares. Adverse dividend actions by LaCrosse Gas Fuel and Power and Light and Stone and Webster were regarded as due to special causes not seriously affecting the utility industry as a whole.

Call money was again available in the outside market at 1 percent, although a little firmer tendency in credit appeared with another advance of 1-8 of one percent in acceptance rates.

Italian Airmen Greeted By Big Crowd at Genoa

Genoa, Feb. 19.—(AP)—General Italo Balbo who led a squadron of airplanes from Italy to Brazil, came home in triumph today aboard the steamer Conte Rosso. He and his forty-seven companions were greeted by a wildly cheering crowd.

The aviators returned today from Rio de Janeiro aboard the Conte Rosso.

Fifty six aviators left Orbetello, Italy, in December to begin the flight, but only 48 returned. Four died when their ship crashed and four others made a forced landing shortly after the flight started.

Engine Pushes Fire to Firemen

Washington, Feb. 19.—(AP)—The Seat Pleasant, Maryland, fire department dashed to the seat of the fire. The hose wouldn't reach.

The fire department went to the fire and a locomotive pushed the fire to the firehouse door. An artistic job was done of quincing a blazing box car.

Mrs. Schroeder Must Pay Death Sentence

New Castle, Pa., Feb. 19.—(AP)—Apparently more concerned about the new black silk dress she is to wear on the trip to the death house than in the fate that awaits her, Mrs. Irene Schroeder, 22 blonde fire-woman, today prepared for her removal to the prison at Bellefonte.

The former waitress, mother of a five-year-old boy, merely shrugged her shoulders when informed last night that the State Board of Pardons at Harrisburg had refused her petition for commutation of the death sentence.

The same concern was shown by W. Glenn Dague, dapper former Wheeling, W. Va., auto and insurance salesman, under sentence to die with her in the electric chair Monday morning for the same crime.

Mrs. Schroeder and Dague were convicted last March of shooting to death Corporal Brady Paul when he sought to question them concerning a store holdup.

Butler Causes Capone to Talk

Miami, Fla., Feb. 19.—(AP)—Al Capone is wrathful because of published reports that Major General Smedley D. Butler had said the Chicago "public enemy" would be deported when public opinion is aroused.

"The General is ill-informed," Capone said in a statement at his estate here yesterday. "He should know the laws of this country protect an American-born citizen and prevent the deportation of any one who, like myself, was born in this country."

"General Butler says I am a criminal. The only charge that I know of, or any law abiding authorities know of, is of my being charged with vagrancy."

"I have been feeding between 2,500 and 3,000 people a day in Chicago for the last six months. If this is an act of a vagrant, I want to be classed as one."

"I leave the American people to judge between General Butler and myself. And I am satisfied to abide by their verdict."

Veterans Speed Up Their Applications for Compensation

Washington, Feb. 19.—(AP)—Veterans Bureau officials disclosed today that applications for adjusted compensation certificates were increasing rapidly and that claims for disability allowances had jumped upward within the past thirty days.

They attributed the increase to moves in Congress for payment of the certificates in full and a corresponding quickening of interest among former soldiers in filing claims at this time.

Only between 200,000 and 300,000 former soldiers remain eligible, with certificates already issued to 3,510,000.

Because of exclusion provisions in the law, thousands of the 4,700,000 soldiers or sailors under arms during the war are ineligible for certificates.

Begin Investigation of Police Corruption

Chicago, Feb. 19.—(AP)—The grand jury investigating charges of police corruption has swung into action.

Seven policemen yesterday were ordered suspended from the force. Two of them were accused of accepting protection money. Five others were charged with taking monthly bribes from a handbook operator.

At the same time investigators for the jury raided the station of the Englewood district in which he seven men are employed, and seized the complaint an inventory docket for 1930. These are to be studied by prosecutors.

TO WHOM IT MAY CONCERN:

I am certifying that S. P. Davis being not in his right mind, will not be responsible for any bills contracted for by him.

COATED TONGUE, DULL HEADACHE

"Time To Take Black-Draught And I Do It," Says This Texas Lady.

Temple, Texas.—"My mother used Theford's Black-Draught in her home as a family medicine for many years," writes Mrs. J. W. Crenshaw, 106 North Thirteenth Street, this city. "My mother thought Black-Draught was the best medicine for general family use she had ever tried. She gave it to her children for all minor illness, such as colds and constipation."

"Of recent years I have taken Black-Draught whenever I needed a medicine for constipation. Sometimes I suffer from spells of biliousness and indigestion. When I get up in the morning I am dizzy, have a dull headache, my tongue is coated and I have a bad taste in my mouth. When I feel like this, I know it is time for me to take a course of Black-Draught, and I do it. It is astonishing how much better I feel afterwards. I have more energy and feel more like doing my work."

"Black-Draught is a great medicine to keep a person in trim. I recommend it to others because I found it so good."

Twenty-five Men Slain By Marines In Nicaragua

Washington, Feb. 19.—(AP)—The Navy Department was advised today that 25 insurgents were killed by marines February 16 near El Tule, in the northern part of Nicaragua.

Colonel F. M. Bradman, commanding the second marine brigade, reported a 30-minute contact was made by a guardia patrol, commanded by Capt. Oregon A. Williams of San Diego, Calif. A group of 35 insurgents were routed with five known wounded. Their camp was destroyed.

Lieut. Floyd McCorkle, of Wilmar, Calif., was sent in pursuit with a patrol unit and made a long range contact with the fleeing group, inflicting 25 known casualties.

Butler Causes Capone to Talk

Miami, Fla., Feb. 19.—(AP)—Al Capone is wrathful because of published reports that Major General Smedley D. Butler had said the Chicago "public enemy" would be deported when public opinion is aroused.

NEWS BRIEFS

From Over The City and County

MRS. MUNFORD EXHIBITS RECORDS 150 YEARS OLD

Old records dealing with business transactions over 150 years ago were exhibited here yesterday by Mrs. C. T. Munford. The papers record the payment of a debt, taxes, and transfer of real estate by Mrs. Munford's grandmother, the late Mrs. Susan Savage.

A receipt of a business transaction was dated in Richmond, Virginia, March 22, 1860. The tax receipt was dated at Tarboro and contained the signature of the supervisor of U. S. District Taxes. It was dated May 30, 1866.

The oldest of the instruments was in the form of a land grant conveying a piece of property to Joshua Proctor, a man who was in the employ of Mrs. Munford's relatives at that period. The paper was recorded in 1779.

Although the paper is discolored from age, the records are in an excellent state of preservation. Mrs. Munford said she had many papers of a similar nature several years old, but all were destroyed with only the three being preserved.

ONE MARRIAGE LICENSE ISSUED HERE YESTERDAY

One license to marry was issued by the register of deeds here yesterday, that being to Blount Joynr and Adelaide Pitt, colored, both of the Farmville community.

FRIENDLY INDIAN COUNCIL CIRCLE MEETS FRIDAY NIGHT

The council circle with its fire is probably the most attractive form of recreation. The fire itself is one of great importance; it radiates the spirit of friendship and equality.

The council circle with its fire and hot cocoa will be the climax of a great program on Friday night with the Friendly Indians.

The Cherokee and Mohawk tribes are asked to meet at the Junior Room at 7 o'clock, to receive such information as will help them to find the three spies. After the spies have been found, then we feast. Bring something to eat, cocoa furnished free.

Wyoming Governor Dies of Pneumonia

Cheyenne, Wyo., Feb. 19.—(AP)—Governor Frank C. Emerson of Wyoming, weakened by a 5-day illness, died of a heart attack last night. He was 48 years old.

The governor left his office last Friday because of a mild attack of influenza, which developed into pneumonia Sunday.

A. M. Clark, secretary of state, said today he would declare himself acting governor until a successor is chosen at the state election in 1932. Clark is a Republican, as was his chief.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by the highest medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)
