DAVIS DENIES LOBBYING FOR SUGAR TARIFF

Says Report That He Was Paid for Efforts in Behalf Tariff "Contemptible Lie"

Washington, Feb. 25.—(AP)—Waving senatorial immunity, Senator Davis denied before the Senate lobby committee today he had ever lobbied for or against a sugar tariff or received money for lobbying.

The Pennsylvania Republican said if he was the one referred to in published reports that a senator had received from \$100,000 to \$150,000 from a domestic sugar company while the tariff act was under consideration, it was "a contemptible lie."

He holds stock worth from \$90,000 to \$100,000 in the Celotex company, which makes board out of by-products of sugar cane. He testified he had never discussed the sugar tariff with B. G. Dahlberg, president of the company.

Davis said he knew the company was interested in the sugar tariff but did not know whether they wanted a high or a low levy.

"Well, how did you know when they were interested in the tariff?" inquired Chairman Caraway, of the committee.

"I know they were interested in sugar for some glass process," he said.

"But what about the tariff?" persisted Caraway.

"I didn't say the tariff," said Davis. "I just know they were interested in sugar."

The Pennsylvania Republican arrived before the committee had assembled. He is a former secretary of labor, having served in the Harding, Coolidge and Hoover cabinets.

Soon after the meeting opened, Chairman Caraway showed Davis a copy of the memorandum he received from Chairman Nye, of the campaign funds committee, regarding Nye's partial investigation of the report.

After reading this, Davis went into a private conference with members of the committee in an adjoining room.

Davis read a prepared statement after taking the stand. It said:

"If the charges which were read into the Congressional Record yesterday from a metropolitan newspaper refer to me, I most emphatically state that I never lobbied for or against any sugar tariff measure; that I have never spoken to anybody in Congress or any one in government service about putting a duty on sugar; that I never received any money or anything of value for any such alleged service."

"It is a contemptible lie, and I am glad that it is out in the open so that the matter can be thoroughly investigated and the falsehood killed once and for all."

"The charge is a serious one. The Senate and the public are entitled to promptly know all the facts; to condemn if true; to absolve if untrue."

"Congress will soon adjourn. I earnestly urge you in behalf of the citizens of the State of Pennsylvania, our nation, my family, and myself to fully enquire into the accusation and make your conclusions public before the adjournment of this Congress."

Funeral Rites Held For A. J. Tyson

Farmville, Feb. 24.—Funeral services were held here from the Tyson home on north Main street, on Monday afternoon for Aaron Joyner Tyson, 74, a well-known and one of the oldest citizens of the town, who died Sunday afternoon after being ill in health for several months.

Rev. S. D. Denny, Primitive Baptist minister of Wilson, was in charge of the services, and burial took place in Forest Hill cemetery.

Mr. Tyson, a highly esteemed citizen, had lived in Farmville for the past 13 years, having moved here from his farm, which is within the township. He was a loyal member of the Tyson Reunion organization, deriving great pleasure from attending the annual meetings of this group.

He is survived by his wife, formerly Miss Addie Parker, to whom he was married 41 years ago, three daughters, Mrs. Charles H. Mozingo, Mrs. Jack Taylor, and Miss Emily Tyson, of Farmville; four sons, Henry, John Aaron, Joab B., and Claude C. Tyson, all of this section.

GRAND JURY PROBES MECKLENBURG MURDER

Charlotte, Feb. 25.—(AP)—The Mecklenburg grand jury investigating the death in November of Newton Farris, 67, store-keeper today considered the testimony of the dead man's widow ard Walter Phifer, crippled negro, held in jail as a material witness.

These two went before the inquisitorial body yesterday. The examination was conducted behind closed doors and what the witnesses told the investigators was not disclosed.

PRESIDENT PAYS TRIBUTE

President Hoover led the nation in the observance of George Washington's birthday February 22 by attending services at Christ's church, Alexandria, Va., where he sat in a pew once occupied by the first President. Photo shows, left to right: Dr. H. A. Latane, a vestryman; Mrs. Hoover, Peggy Ann, their granddaughter; President Hoover, and D. N. Rust, another vestryman.

Believe Murder Mystery Is Cleared Up Today With Arrest Of Man At Raleigh

Mobile, Ala., Feb. 25.—(AP)—The locomotive and baggage car of the north-bound pan-American train plunged 40 feet through the open draw of the Mobile River bridge 18 miles north of here at 12:50 A. M. today, carrying three trainmen to death and narrowly missing a passing tugboat.

THREE DIE IN TRAIN WRECK Locomotive and Baggage Car Plunge Through Open Draw In Mobile River

No passengers were reported injured or killed, but the Louisville and Nashville railway officials said a careful check would be necessary to determine definitely whether there had been any passengers lounging in the club car. The train was No. 98, bound for Cincinnati.

H. P. Hearon, of Mobile, assistant superintendent of the Mobile-New Orleans division of the railway, said he was at a loss to account for the accident as the track leading to the bridge is equipped with an automatic block signal system which should have given warning of the open draw fully a mile away.

Hearon tentatively suggested that something might have been wrong with the engineer, Arthur N. Ingram, of Montgomery, Ala., who was one of the trio killed the negro were Ezekiel Crumpton, negro fireman and J. N. Vaughan, baggage master, both also of Montgomery.

The pullman following the combination car was partially hanging over the water in a precarious position.

Mr. Hearon said that the train must have been traveling slowly or all of the cars would have probably gone over. There were said to have been seven cars in the train.

Two relief trains, one carrying a diver were dispatched to the scene, which is in a remote section without public telephone or telegraph communication and with scarcely passable automobile roads.

Master Mechanic S. S. Tolbert refused to permit newspapermen aboard the first relief train.

Railroad officials said the draw had been opened for the passage of the river tugboat the engine and car missed in their plunge. The boat stood by to help locate the bodies.

State Again Feels Touch of Winter

Charlotte, Feb. 25.—(AP)—Threatened return of winter to the Carolinas today saw sleet and snow in many sections, but by noon temperatures were reported rising and the sun was shining in the piedmont.

Rain which started falling in Charlotte about midnight had turned to sleet and snow as the city began to stir about its business this morning. The temperature dropped to 37, but began a steady rise and before noon skies were rapidly clearing.

Asheville reported flurries of snow over the mountain area, but rising temperatures quickly cleared it away. The thermometer stood at 37 at 11 a. m.

Sub-Committee Favorable To Luxury Tax Principles For Raising School Money

Soft Drinks, Tobacco, Theatres, Playing Cards and Automobiles Would Come in for Share to Tax Under Plan

Raleigh, Feb. 25.—(AP)—The sub-committee of the House and Senate finance committees today had adopted "in principle" tax plans estimated to raise \$9,500,000 of the \$13,000,000 needed for the state-supported six months school.

Adoption "in principle" of the Hindsdale "selected commodity" sales tax bill and the "Brummitt plans" to include intangible value in the franchise tax on corporations was made last night.

The sales tax bill, introduced by Senator Hindsdale, of Wake, is modeled on the South Carolina "commodity" sales tax law.

It would place a tax on the sale of soft drinks, cigarettes, playing cards and similar commodities and also would tax theatre admission and automobiles.

The committee estimated it would raise \$7,500,000 annually.

The Brummitt plan was advanced by Attorney General Dennis G. Brummitt and is embraced in a bill introduced by Senator Folger, of Surry.

It is estimated to raise \$2,000,000. Cigarettes would be taxed 20 per cent or three cents on each package of the popular 15 cent brand under the Hindsdale bill. Cigars would be taxed 10 per cent; theatre admissions 10 per cent; playing cards 10 per cent; bottled and fountain drinks, 20 per cent; ammunition 10 per cent, and malt, extra 10 per cent.

The levy on automobiles purchased would range from \$5 on cars costing from \$400 to \$1,000 to \$15 for those costing more than \$3,000.

Adoption of the two measures "in principle" was taken to mean that the sub-committee, which was appointed to raise \$13,000,000 for the six months school, will draw up a finance bill to include the principles of the Hindsdale and Folger bills.

The cost of the six months school is estimated at \$19,500,000, \$6,500,000 of which will come from taxes raised for schools under the present equalization law.

The General Assembly is "committed" by the MacLean law, passed early in the session, to provide support for the constitutional six months school term from "sources other than ad valorem taxes on land."

Counties would levy taxes only for extended terms or "improved" schools over the state standard. Bills are in the House and Senate now to set up machinery for the state-supported school.

CAPONE FACES COURT CHARGE

Gang Leader Makes First Appearance in Chicago Court for a Year

Chicago, Feb. 25.—(AP)—Alphonse Capone, czar of Chicago gang, slipped into the Federal building a half hour before his scheduled arraignment on a contempt of court citation today and eluded the besieging throng of people who clogged the sidewalks about every entrance.

Capone, accompanied only by his attorney, William F. Waugh, went directly to the courtroom of U. S. District Judge James H. Wilkerson and evaded the battery of cameramen and reporters who were watching for him.

It was his first appearance in a Chicago court for a year. He laughed at the widely published reports that he had returned from Florida to marshal his forces in the primary and aldermanic elections yesterday.

"Judge Lyle made an issue of me, and the people answered him," he said.

It was Judge John H. Lyle who issued a wholesale lot of variance warrants for Capone, his friends and enemies after they were listed by the Chicago Crime Commission as "public enemies." Capone, awaiting the opening of Federal court, said he was ready to answer the charge in criminal court.

Gunnar H. Nordbye of Minneapolis has been nominated Federal Judge for Minnesota by President Hoover following a controversy precipitated by the efforts of Senator Thomas D. Schall to gain the appointment for Ernest A. Michel of Minneapolis.

SEEK PERMIT TO SELL NEW YORK PAPERS

Pulitzer Heirs Would Sell the New York World Because of Heavy Losses

New York, Feb. 25.—The effort of an immigrant genius to build a newspaper that would stand forever as a monument to his ideals seemed today to have failed.

The three New York World—morning, evening and Sunday—were for sale. The heirs of Joseph Pulitzer, famed publisher, were in surrogate's court awaiting decision as to whether they might sell those properties to save them from collapse.

Surrogate Foley had to decide whether the Pulitzer sons—Herbert, Joseph, Jr., and Ralph—might sell the names good-will and press association memberships to the Scrips-Howard newspaper interest for a sum estimated at \$5,000,000.

The papers, it was testified at the opening of the Surrogate's hearing last night have been losing \$811,000 annually for the last five years. The remaining surplus, according to Herbert Pulitzer, president of the Press Publishing Co., is only \$500,000. He expressed the opinion that unless the properties could be sold the papers could not publish more than 90 days longer.

Max D. Steuer, counsel for Paul D. Block, publisher of a group of newspapers, appeared at the hearing and said his client was willing to offer \$500,000 more than the price under consideration.

A conference of counsel following the night hearing resulted in decision to give Steuer until today to make a concrete offer.

The World was acquired by Pulitzer May 10, 1883. Joseph Pulitzer died in 1911. His will provided for the continuation of the newspapers "forever" upon the same deals.

The three newspapers have 2,867 employees.

Evangelist Draws Road Sentence for Dry Law Violation

Winston-Salem, Feb. 25.—(AP)—The Rev. Thomas F. Pardo, an evangelist, whose testimony at the Alma Petty Gallin trial four years ago saved him wide publicity, was back in the news again today—this time because of his conviction on a liquor charge.

The evangelist, known as "Thunderbolt Tom" drew a six month road sentence in Municipal court yesterday after officers testified they found nine gallons of whiskey under his house and several empty bottles in the house. He gave notice of an appeal.

"Thunderbolt Tom" went into court at the Gallin trial in Wentworth to testify Mrs. Gallin had confessed to him at a revival meeting that she slew her father, T. Smith Petty. The young woman was acquitted.

COMMITTEE TO BEGIN WORK ON BUS TAX

Ready to Consider Bills to Place Drastic Regulations On Bus and Trucks

Raleigh, Feb. 25.—(AP)—A legislative sub-committee was ready today to consider bills intended to place drastic regulations on bus and truck operation in North Carolina.

Until almost midnight last night a House Judiciary committee heard arguments on bus and railroad competition as representatives of the rail companies launched into their first frank and open attack on bus competition.

The railroads, through legal counsel and representatives of a number of labor organizations whose members worked for the companies deemed bus competition "unfair" as it is now allowed. Plans were made for "as strict regulation of highway carriers as is now imposed on railroads."

Charges were made that bus companies do not pay "anything like" their just proportion of taxes.

In reply, representatives of bus companies and of the Eastern Carolina tobacco industry argued against "shackling" the bus companies.

W. A. Lucas of Wilson, representing tobacco interest, asserted they could not have gained otherwise.

H. Pierce Brawner of Raleigh, manager of the Safety Transi. Co., epitomized his argument in "we can stand competition—but we can't stand legislation."

Other speakers asserted that the bills to regulate bus companies were the most dangerous that had ever come before the Assembly, as they threaten to throttle highway competition with railroads.

Four bills before the committee provide for an ad valorem tax on all motor carriers, restriction of non-resident motor carriers, regulation of all carriers on the same basis as railroads, and regulations of operation on the highways.

By an overwhelming vote the Senate today finally approved the local government finance bill.

Under the measure, which now goes to the House, all political subdivisions of the state must still bonds and notes at Raleigh and they must be approved by a state commission.

The vote was 36 to 5.

Both Houses passed a resolution to hear former Governor Alfred E. Smith of New York in the State Theatre next Monday instead of in the capitol.

The House tabled the Ervin bill to make counties not co-operating in forest fire prevention work liable for damage done by fires starting in their counties.

A commission to have charge of the sesqui-centennial celebration of the Battle of Guilford Court House was created by a joint resolution passed by both Houses.

Leaders of the two Houses will name the members of the commission later.

The Gardner roads measure, calling for the state to take over maintenance of all county roads, rested for today with the Senate Roads committee. It was passed yesterday by the House and the Senate committee was set to act upon it tonight.

Columbia, S. C., Feb. 25.—(AP)—An attack on the Duke Power Co. was made in the South Carolina House today as the body opened consideration of a bill to tax hydro-electric power.

W. L. Dalie, Greenwood, said the Duke Power Company "has almost stifled in some instances the voice of the press. It has certainly stifled the voice of some who spoke for the people when I was here twenty years ago."

Urge Raskob To Steer Clear Of Prohibition Question At Meeting

Belated Fame Congressional Leaders Say Committee Is Without Authority to Adopt Platform for Party

Washington, Feb. 25.—(AP)—When Chairman Raskob of the Democratic National Committee arrives here shortly, he will be advised urgently by congressional leaders to steer away from the prohibition issue at the March 5 meeting of the committee.

In fact, the congressional leaders of the party are almost united in their determination that the committee is without authority to adopt a platform for the party on any issues.

Whether Mr. Raskob has had any intention of bringing up prohibition or other issues at the special committee meeting has never been established, but such a plan has been rumored widely.

Jouett Shouse, executive director, failed to shed any light on it upon his return to the capital yesterday, only remarking that the call for the meeting was broad enough in scope to permit discussion of any policies.

Alarm in the congressional wing of the party that issues were to be acted upon was not'd in a new warning issued from Southern Democracy in the Senate yesterday Senator McKellar, of Tennessee, declared the Democrats cannot win in 1932 "on a wet and high tariff platform."

The Democratic drys are confident of defeating any attempts to open up the prohibition issue at the special meeting; basing their fight solely on the ground that the national committee is without authority to adopt a party platform or to commit the party on matters of policy.

New York, Feb. 25.—(AP)—The New York Times today said the last three Democratic candidates for president would support John J. Raskob, chairman of the national committee, in a move to commit the party to a wet program.

Alfred E. Smith, John W. Davis, and James M. Cox, the Times said, would attend the national committee meeting March 5 to champion a resolution declaring for flat repeal of the Eighteenth Amendment or for the return of the liquor traffic to the states.

All three the Times pointed out, have expressed dissatisfaction with the present prohibition laws and have urged repeal or modification in some form. In the event that the committee adopts such a resolution it will have to be adopted by the ensuing convention before it is inserted in the party platform.

Robert W. Smith Dies in Farmville

Farmville, Feb. 24.—(AP)—Robert W. Smith, 72, died Monday at noon, at his home on Lang avenue after an illness of several months' duration. Mr. Smith was a native of this county, and a successful farmer of the Kings Cross Roads section, before retiring and moving here several years ago. He was a man of high integrity and character.

Funeral services were conducted from the residence Tuesday afternoon at 2:30 by his pastor, Dr. A. S. Venable of the Presbyterian church, and interment was made in Forest Hill cemetery. His wife, who was before his marriage, Miss Mary Ruth Little, preceded him to the grave eight years before.

Surviving are three daughters: Mrs. John Stancil, and Miss Marie Ruth Smith of Farmville, Mrs. H. W. Warren of Speed; five sons, Chester of Fountain; Durward and Heber of Oak City; Robert and Julius of Farmville; three sisters, Mrs. Martha Pierce of Falkland, Mrs. Mary Moore of Wilson, and Mrs. Addie Armstead.

Jonas Asks to Be Heard by Committee

Washington, Feb. 25.—(AP)—Representative Charles A. Jonas today to appeal for a hearing on charges brought by Senator Cameron Morrison in opposing his confirmation by the Senate as U. S. District Attorney for Western North Carolina.

Although admitting he was doubtful of success, Jonas said yesterday he would make a request today for a hearing before a Senate sub-committee.

"I think I am entitled to a hearing," he said, "but I understood today (Tuesday) that the sub-committee to which my nomination has been referred at the request of Senator Morrison has not ever been organized and that it very likely would not organize before the Senate adjourns."

Plenty of Valentines

Albermarle, Feb. 25.—(AP)—Dewey Beams of Locus was born on St. Valentine's day.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, Feb. 25.—(AP)—Cotton opened steady today 14 to 18 points higher in response to firmness in Liverpool, a further advance in Egyptian cotton at Alexandria, and reports of continued trade buying partly for foreign account.

May sold up to 11.55 and October to 12.15, making new high ground for the present movement. The market met considerable realization at these figures. There was also a little southern selling and the market lost 8 or 10 points of the initial advance by the end of the first hour. A few additional March notices were issued this morning but were without much effect on the market.

Liverpool cables reported covering with continental, India and Japanese buying in that market and said the larger inquiry for cotton cloth was being maintained both for the British home trade and export. Private cable advices from Alexandria reported a good demand in the market there from Asia.

The volume of business tapered off considerably later in the morning and prices worked down several points from the high levels of the morning under realizing combined with some southern selling. May contracts sold back to 11.50, or within 3 points of yesterday's closing quotations, while March reacted to 11.25, but the market held fairly steady around these figures at midday or about next unchanged to 6 points higher. Cable advices were said to have been received in the trade here indicating that Japanese mills were refusing to follow the advance.

STOCK MARKET

New York, Feb. 25.—(AP)—The stock market spilled over again today, as it did a week ago when bullishness became too violent. Utility and amusement shares turned decidedly weak and large scale profit taking appeared over the list. Toward mid-afternoon some rallying tendencies appeared. The mid-week business statistics were in the main mildly constructive, but this erratic character of yesterday's upward movement, topping off an advance uninterrupted for five consecutive sessions, led to the conviction in professional trading circles that the last was ripe for a corrective reaction.

Heaviness in the initial transactions was temporarily overcome for a time in the morning by vigorous bidding up of the merchandising issues, particularly the mail orders, but by early afternoon, losses of 2 to 5 points were numerous, and Auburn was off more than 7. At those levels, however, some support appeared. Allied Chemical and Eastman lost about 5 points, and issues off 2 to 4 or more included American Can, American Telephone, National Biscuit, Westinghouse Electric, Warner Bros., Fox Film, Loew's, Johns Manville, International Telephone, Eyer and American and Foreign Power.

Further expansion in electric power production for the week ended Feb. 21 and a small gain in freight car loadings for the week ended Feb. 14, were other moderately cheering aspects of the mid-week statistics. Electric power output was only 3.6 per cent under the like week of a year ago, the best comparison in several weeks. The Atlantic seaboard showed a gain of 2.3 per cent, while the middle western region continued to show a fairly wide decline.

Credit conditions were about unchanged, although call money was a little scarcer at 1 per cent outside than it has been of late. Foreign news was regarded as constructive, particularly reports that negotiations between Paris and London for closer co-operation by the two money markets, were making headway.

Faleigh, Feb. 25.—(AP)—Liability of owners of motor vehicles for injuries suffered by "gratuitous guests" would be restricted under a bill given a "without prejudice" report by a Senate judiciary committee today.

Illinois officers placed him, heavily manacled, in an automobile for the trip.

GRAIN MARKET

Chicago, Feb. 25.—(AP)—Wheat advanced about a cent a bushel here today despite an equal decline at Liverpool. Firmness of the Winnipeg wheat market was largely responsible for Chicago gains, and was more than a counterbalance for the action of Liverpool. No rain or snow was reported today either in American or Canadian wheat belts.

Wheat closed firm unchanged to 11-4 higher; corn 1-2 to 11-8 up; oats 1-8 to 3-8 advance and provisions at a rise of 5 to 25.

thought the body was that of Miss Marie C. Freeman of Tappahannock but authorities have learned since that Miss Freeman had been seen in Petersburg Monday.

Stader, a welder, is expected to return to Rahway sometime today. He said he and his wife were married eight years ago and that she was 32.

Stader said he recognized the color and cut of the woman's hair, the shape and size of two rather large front teeth, the shape of the hands and the mark of a finger where a ring had been worn, and by a bruise on the leg just above the right knee.

Commonwealth's Attorney D. B. Powers said he was positive the identification was correct.

New York.—Sax Rommer, British author of crime stories, is in town with an idea for improving New York and Chicago. He would have the Federal government put troops into the two cities, declare martial law and make every person on the streets after a certain hour identify himself.

New York.—Light can be made to travel in a circle. At the Museum of Science and Industry light from a 200-watt bulb was sent back from a one inch in diameter, returning almost to the starting point. The light was refracted time and again on its way so that little escaped through the tube walls. The device is expected to be of value in surgical operations.

rying the clipping.

At the request of New Jersey authorities, police would not permit anyone to question Frazer. They said, however, that he denied any knowledge of Mrs. Stader's disappearance and sought a story told by Ira Jansen, a cousin.

The latter told Prosecutor Abe J. David at Rahway that Frazer brought Mrs. Stader's body to his home a few nights ago, stayed overnight and disappeared with the body in his automobile the next day, saying he was going to Raleigh.

Frazer's automobile, located here, contained only luggage.
Frazer was neatly dressed. He wore a brown felt hat, brown topcoat and a dark suit.
He was alone when arrested and had not had a companion at his boarding house.

MARDI GRAS THRONGS CROWN OLD GOLD KING

NEW ORLEANS CARNIVAL CROWDS GIVE OLD GOLD BIG VOTE

By ROBERT RIPLEY, Himself
Creator of "Believe It or Not"

"Believe it or not!" You can take any group of ten or more smokers. Let them smoke the four leading cigarettes, with the names covered up. And the majority will pick out OLD GOLDS as the smoothest and best cigarette.

"I proved this again with 1241 smokers in New Orleans the other day. The score was OLD GOLD, 440; Brand X, 286; Brand Y, 264; Brand Z, 251. This test hasn't failed yet, and I've made it in 15 cities. The reason is: Better tobaccos, genuinely easier on your throat. Believe it or not that's why O. Gs. win."

OFFICIAL BOX-SCORE
As audited by Certified Public Accountant
"I hereby certify that the following is a true and complete audit of the test of the four leading cigarettes, conducted by Robert Ripley, in New Orleans."
OLD GOLD.....440 Brand Y.....264
Brand X.....251 Brand Z.....251

Social and Personal

Rev. E. L. Hillman returned last night from Bath, where he has been holding a revival service for the past several days.

Miss Elizabeth Jones and Miss Betty Wright, of Kinston, were here yesterday.

W. S. Tyson and Vance Perkins went to Farmville today.

Judge Albion Dunn, L. G. Cooper and Mayor J. C. Lanier attended the Supreme Court in Raleigh Tuesday.

C. W. Schuff, B. B. Sugg, K. W. Cobb, W. C. Jones and W. Z. Morton were business visitors in Raleigh Tuesday.

Mrs. F. R. Elmore, of Rocky Mount, is visiting her sister, Mrs. Leland Hardee.

Mrs. J. M. Meditz is the guest of her parents, Mr. and Mrs. J. D. Rogers on Reade street.

W. B. Cozart and family have moved to their home at 1600 Dickinson avenue, which they recently purchased.

Mr. and Mrs. Frank Skinner and daughter, Miss Toy Skinner, of New York, and Mrs. C. S. Carr, of Norfolk, are visiting relatives here.

Here For Mrs. Wooten's Funeral.
Among those from out-of-town here for the funeral of Mrs. J. L. Wooten yesterday were: Rev. John C. Wooten, of Durham; Mrs. Tom Washington, Mrs. Charles Harper, of Wilson; Mr. and Mrs. Joe Anderson, of New Bern; Mrs. Robert Rouse, Mrs. N. J. Rouse and Mrs. Cowper, of Kinston; Miss Mary Wooten, of Snow Hill; Mrs. Cora Bynum, of Stantonsburg; Mr. and Mrs. Swanson Graves, of Washington, Mr. and Mrs. N. W. Outlaw, of Goldsboro.

Tune In
on WBAL Baltimore, Thursday evening 7:15 to 7:45. Baker & Davis Hardware Co.—(Adv.)

Presbyterian Church.
This evening at 7:30 the usual prayer service will be held in the Presbyterian church, with the prophecy of Jonah as the book study. Please read it before coming. Let us come together and pray for each other, as we study the will of God for us.

Jarvis Memorial M. E. Church.
We will resume our study of the "Meaning of Prayer" this evening at the mid-week service. The theme is: "Prayer and the Goodness of God." Think through the following questions: If God is all wise and all good, what is the use of prayer? What light do the experience recorded in the Bible throw upon the problem of prayer and the goodness of God? What place has prayer in the life of every man in finding and doing God's will?
You are invited to be with us at 7:30 this evening and share in the discussion of these questions.

U. D. C. To Meet.
The local chapter U. D. C. will meet with Mrs. Sam White, Seventh street, Thursday afternoon at 3:30. The program for the afternoon will be given by Mrs. R. C. Deal on Matthew Fontaine Maury, known as "The Pathfinder of the Seas."

EIGHT-FIFTEEN HOUR FOR SPALDING CONCERT
Tomorrow evening at 8:15 those who will attend the concert at East Carolina Teachers College by Albert Spalding, the great violinist, should be settled in their places so as not to miss one strain from Spalding's famous violin.
There will perhaps be a number of people from out of town, if the weather is good, as this is one of the most important musical events that Eastern North Carolina has had and music lovers from the surrounding towns will doubtless take advantage of this opportunity to hear this master American violinist.

Birth Announcement.
Dr. and Mrs. G. G. Dixon, of Ayden, announce the birth of a son, George Grady Dixon II, on Saturday, February 21st, 1931.

Notice to Red Men.
On next Friday evening every member is requested to be present. The second of a series of very interesting meetings will be held in Mr. Judge room. At each of these things a prominent speaker will address the members of the tribe.
A novel entertainment has been arranged for these meetings. For this initial meeting the tribe has the promise of two of the most noted men of our city. This meeting will start at 7:30 p. m. L. S. Spence, chairman, will head the committee in charge of this program.

Tune In
on WBAL Baltimore, Thursday evening 7:15 to 7:45. Baker & Davis Hardware Co.—(Adv.)

Special.
This is the last week of our special on \$12.50 Frederic Vita-Tonic Permanent Waves. Two for \$15.00. Make your appointment early. Rosebud Beauty Shop, phone 379. 34-21

Junior Garden Club to Meet.
The Junior Garden Club will meet Thursday afternoon at four o'clock. "Garden Handcraft" and things you have made for the garden, such as "Keep off the Grass" signs or "Bird Houses," bring them along.

Mrs. Van Dyke Recovered.
Friends of Mrs. Z. P. Van Dyke will be glad to learn that she is out again, after being confined to her home with influenza.

COMMANDMENT ON THE HOLY NAME EXPLAINED
In the fourth lecture on the Ten Commandments Father Gable gave an interesting account of the reverence shown to God's Name by the Jews, and deplored the abuse of the same Name, so prevalent today.

FIVE BOOKS RECEIVED FOR SHELF AT LIBRARY
A new installment of five books for the International Mind Alcove has been received at Sheppard Memorial Library. Among these are a biography of Stressemann, the only German statesman of the post-war period whose fame and influence were world-wide. Many consider that he has accomplished a task more formidable than Bismark's, and in circumstances more difficult. Read both Stressemann and Bismark.

International Law and International Relations. by Elizabeth F. Read, is a reliable source of information on this complex subject, expressed in a simple, readable manner.

Tepestan. by Redfield, is a short interesting study of a Mexican village.

The Path to Peace is Nicholas Murray Butler's newest book. It contains the text of his notable address delivered before the Reichstag in Berlin, and other essays showing his constructive views on world peace.

GREENVILLE GIRLS WIN FROM KINSTON
Last night the Greenville girls' team beat Kinston at Kinston, 29-7 in a rather slow game. The girls did not snap into their usual fast stepping and pass work, and as a result the game dragged.

Our \$5.00 Permanents—will please you. Call 31 today for an appointment. Expert operators.—THE VANITIE BOXE.—(Adv.)

PITT SCOUT LEADERS TO HOLD CONFERENCE
The members of all troop committees of Scouting in Pitt district are to meet in the Methodist church Friday night at 8 o'clock to discuss plans for making our Boy Scout work more effective.
Rev. E. L. Hillman, local training chairman, will have charge of

the meeting and Mr. J. J. Summerell of the Boy Scout camping committee with Mr. Herbert Stucky the area Scout executive, will take part in the discussions.

Troop committees representing the Methodist, Episcopal, Christian and Memorial Baptist churches of Greenville and the Parent-Teacher Association of Bethel are to participate in this meeting. Scoutmasters and assistants are also expected to attend.

Scouting in Greenville is beginning to take on renewed growth and under the leadership of our present district committee with Mr. B. B. Sugg as local chairman, the movement will make a fine showing during 1931.

In the fourth lecture on the Ten Commandments Father Gable gave an interesting account of the reverence shown to God's Name by the Jews, and deplored the abuse of the same Name, so prevalent today.

The lecture was in part: We show by the very intonation of our voice the regard we feel, whether it be esteem or disdain, for those whom we are addressing. A child's lip of "Mother" conveys all its affection reflected from the mother love. To a child of God, His Name has all that God means to it. For everything in life we can

find a word that expresses the thing's nature; but when we come to the idea of the Supreme Being we are at a loss for a word—and so use the word—God. And yet it does not express the Divine Essence except by association. We refer to God as the All Holy, the All Wise and the All Mighty, but these are only the attributes of God. The truth is from the earliest revelations it is clear that man could not pronounce, nor can it be given him, the Name of Him Who said: "I am, Who Am." To the Jews was given an unutterable Name that only the High Priest could pronounce, and that once a year. And so sacred was that Name that although we have the letters—I. H. W. H. we do not know what the vowels are or how it was pronounced. It is easy to see how this must have protected God's Name in the speech and thoughts of the children of Israel.

In the opinion of the preacher, there never has been a century since that time, when the Name of God was subjected to so many forms of dishonor and disrespect, as now. The habit of cursing—calling down an imprecation on a person or thing—was formerly restricted to men, but today it is very common among women. And among the young people it is a "hall mark" of good fellowship. Not uncommon is the promiscuous use of swearing for trivial and unnecessary mat-

ters. The blackest sin of this kind "blasphemy," so rare and for which Jews would have been stoned to death, is today hidden beneath high-sounding phrases, and not only finds its way into print but is often passed out to our boys and girls in our colleges and universities.

Nowhere is the disregard of God's Name and Honor more apparent than in the administering of oaths to public officials and in the court room. An oath at any time is an act of worship, since it is acknowledging God as the Supreme Being and Infinite Truth—but when one listens to the conflicting statements from the witness stand we must come to the conclusion that the tremendous responsibility of speaking the truth has been sold to win a case. But there is little wonder, when we hear how mechanically some of our balliffs swear in the witness. There is no semblance of solemnity, nor any indication of calling upon God. And again the oaths of all municipal officials are very solemn, and yet it is evident from the abuse and corruption that they are not all taken seriously.

But the speaker reminded the audience that though the commandments forbade the misuse of God's Name, it also implied the obligation of giving the Name reverence and honor. All Christians pray "Hallowed by Thy Name," but that is only possible by invoking

the Name of God in all our undertakings. When this becomes the moving influence in our civic assemblies, in our social gatherings, and in our business relations, then will the abuse lessen among men—and the Name of Name will be glorified.

Next week's subject will be the "Code of the Lord's Day."

Another False Alarm
A fire alarm was turned in from box 42 about midnight last night. The fire truck was rushed to the scene, but no fire was discovered.

Turlington Says Keep Prohibition Out of Campaign
Charlotte, Feb. 25.—(AP)—Zeb V. Turlington, author of North Carolina's prohibition enforcement Act, says he does not believe prohibition should be injected into the 1932 Democratic National campaign.

"Prohibition is a great moral issue but it is not a political issue," the formal Iredell County legislator said in a formal statement issued here yesterday. "I agree with Senator Harrison that it should not be injected into the next campaign with the party either favoring it or favoring repeal or mod-

ification."
He said, "I certainly hope that the National Committee at its meeting March 5 will keep away from the prohibition issue."

Would Knight Charlie London—Sir Charlie Chaplin?

ABOUT TOWN

Almost every day one hears of the theft of packages which motorists leave in their automobiles when parking the machines in the business section of the city.

The situation here is not as bad as it was before Christmas but it is still serious enough to cause the automobile owner to observe more care when leaving bundles in an unlocked machine.

It does not require much time to lock the doors to an automobile and by doing so the driver or owner safeguards himself against the loss of the things he leaves behind while away from the car. It is to be admitted that some thieves are able to unlock cars, but they are few and far between and will not be found among the unexperienced persons who prowl about the streets awaiting an opportunity to ply their business.

The practice of a little caution on the part of the automobile owner will aid tremendously in breaking up the epidemic of thievery and give the officers a chance to catch their breath in the wild scramble to apprehend the cuprits involved in the cases reported from time to time.

Members of the Ayden Rotary club believe in doing things in a big way.

They came to Greenville the other night to attend the celebration marking the 26th anniversary of the birthday of Rotary with buttonholes filled with monster white carnations. The stems to the flowers were so long they nearly touched the ground, and placed end to end, would have undoubtedly embraced the length of the hard surfaced road connecting the sister cities.

The carnations only formed the decorations for the club, and only in an extremely mediocre way compared with the splendid spirit of the men who wore them.

Ayden business men, a majority of whom are represented in the Rotary club, have always done things in a big way, and they are applying the same idea to Rotary. They believe the spirit of their club is doing much to bring about world-wide peace, and that its influence is destined to have a more far-reaching effect in the future than in the past.

By practicing the code of ethics of their organization, they have instilled in one another a desire to serve, not self alone, but the great and thriving community they represent. That very thing has been instrumental in the advancement of community life in Greenville's sister city, and if an infinitesimal part of the teaching which they practice could be injected into the hearts of the country at large, the world peace these boys have dreamed of, and which many of them fought for on foreign battlefields, would become an actuality working for the uplift of the humanity they have delegated themselves to serve.

Service clubs of this kind are not "setting the woods afire" with the brilliance of their accomplishments, as some seem to think will should do, but the spirit of their slogan, "Service Above Self," has emblazoned the firmament like the passing of some huge meteor, and is making a profound impression upon the millions of peoples of all nations attempting to find a satisfying solution for war and strife and unhappiness.

A man does not have to convert his farmhouse into a hermitage to abide by the live-at-home plan as suggested by Gov. O. M. Gardner last year, and which at this time is receiving a catholicity of sympathy among leading farmers and business men in all sections of the state.

The practice of the plan will not involve unnecessary confinement to the farm as some seem to think, but actually puts into motion a movement to provide more of the things which the farmer consumes at home all the year around and eliminates entire dependence upon the cash crops.

Naturally, and quite properly, the farmers will be forced to put more thought into the business of the kind of things they are going to plant to enable them to live at

home, but this should not require over a minimum of their time and leave plenty of spare hours for recreation and social service activities.

Indifference to the condition of world supply and demand is directly responsible for the plight which producers of the money crop find themselves in today, and if they disregard the advice of agricultural leaders and signs of the times they cannot expect to recover any time soon from the predicament they find themselves in at this time.

Living at home, by which is also meant "farming to live," must be practiced extensively this year, and the farmer that fails to stock his barns and smokehouses with the things his family consumes, and work toward further congestion of the world market will awake to discover himself, in a position not dissimilar from that today.

The ability of any person to eat and live comfortably in spite of the prices for the money crop is the only salvation of the agricultural regions of this great nation today and will do more to keep the sheriff away from our doors than anything to be imagined.

BELVOIR NEWS

Lloyd Ballance spent Monday with his mother, Mrs. F. A. Ballance, of Wilson.

Mr. and Mrs. Charlie Cox of Tarboro, were here today.

M. C. Turner left Sunday for Richmond, Va., where he will spend a few days.

John Moore of Pinetops was a Belvoir visitor Tuesday.

C. D. Clarke, of Greenville, spent Wednesday with relatives here.

Mrs. A. L. Jarney who has been spending some time with her brother, has returned to her home in Kinston.

Movie Producer Sued for Criminal Assault on Woman

Los Angeles, Feb. 25.—(AP)—David Wark Griffith, 51, veteran film director, is charged with criminal assault in a civil suit filed in Superior court here by Fern Setrl, actress. She asks \$501,000 damages.

Miss Setrl said in her complaint, filed yesterday, she met Griffith when she was touring the studios looking for work and he told her "he was an unusual type of beauty, unspooled, and that she had remarkable features that would film well in motion pictures."

She charged she "visited defendant in an apartment" June 25 last on his promise to employ her in the role of Ann Rutledge in the picture "Abraham Lincoln" and that he attacked her. She asked \$500,000 for actual damages, \$100,000 for punitive damages and \$1,000 for medical treatment.

New York, Feb. 25.—(AP)—David Wark Griffith, film director, today described a \$500,000 damage suit filed against him in Los Angeles by Fern Setrl, actress, as "absurd" and "without foundation in fact."

TWO ATTEMPTS TO TAKE LIFE MACHADO FAIL

Two Arrested in Connection With Efforts to Assassinate Cuba President

Havana, Feb. 25.—(AP)—Two attempts upon the life of President Machado within two days have failed. A soldier stationed on top of the presidential palace residence has been arrested in one instance, while police have taken into custody a youth charged with the second attempt.

The first attempt was with a bomb which was lowered through a ventilating vent, presumably into the president's bathroom, where a fuse was set to set it off at 4:30 a. m. Monday when the president arose and went for his bath.

It failed because the vent was arranged so that the bomb stopped at the bathroom of the floor above, in the quarter of the president's son-in-law, Emilio Obregon. It exploded, doing considerable damage but injuring no one.

The second attempt occurred during the presidential address at the inauguration of the new \$18,000,000 capitol yesterday. The president was making a plea for nation-wide peace when a youth was seen to pull a revolver from his pocket.

The action precipitated a near-riot, but police rushed the youth from the crowd before he could fire. The marine band played the national anthem to quiet the crowd and the president resumed his address.

FALKLAND NEWS

Mrs. Gus Lancaster and family, of Rocky Mount, brother of Mrs. Luella Stancil, visited here Sunday.

Mr. Lang, of Farmville, was here Sunday with Dr. Venable.

Mr. G. V. Smith, of Greenville, accompanied by Misses Edith Marslander and Bubelle Pierce were here Saturday.

Mr. G. H. Pittman and family went to Greenville Sunday.

The friends and relatives here of Mr. Bob Smith, of Farmville, are saddened by his departure of this life Monday. Sympathy to the bereaved is extended.

Master George Henry Pittman and Ruby Adams are on the sick list.

Mr. J. F. Parker and family are grieved to learn of the death of their uncle, Mr. Aaron Tyson in Farmville Sunday.

Mr. and Mrs. H. C. Smith went to Jamesville Sunday to visit Mrs. Smith's sister.

Mrs. Lancaster spent the week-end visiting in Rocky Mount.

There were two interesting games of basket ball here Thursday. The Winterville team played Belvoir here. Score 16-13. The Falkland men vs. the faculty or lady teachers. Score 22-12.

The Ladies' Bible Class had a most enjoyable meeting at the teachers' home Thursday night. New officers were elected, plans for new work and contests, refreshments, etc.

This week's meeting of the F. C. S. Club will be with Mrs. G. H. Pittman. All members are urged to be present.

There are so many good lectures, readings, talks, etc., on how to solve the problems of the agricultural depression. We hope that much good will result by people rallying to the cause of the live-at-home program

MARIE SIMPSON HONORED BY FRIENDLY INDIANS

The winning of an Indian name was one of the most coveted rewards of the American Indians. Once in every moon the Indian braves came before Wakondah to make their vows and worship at the feet of the Great Father. Tuesday afternoon at the Friendly Indian girls' council, Marie Simpson was awarded a silk Indian headband and given another Indian name "Awah" or "Torch-bearer" and made a member of the "Lodge of the Faithful." The Indian names are awarded only by "Ahgeneles" himself. No name is ever awarded without a personal contact that has left an impression of ability, willingness to serve, and a capacity for self-forgetfulness that fosters a spirit of real service. Marie is the first member of the "Lodge of the Faithful" which stands for the highest type of girl and boy. The completion of this ceremony will take place at a later date, when other members are added. Mrs. Alfred Johnson, formerly Miss Esther Wayne will take the girls out Saturday morning at 10:30. All girls are asked to be present at the junior room at 10:30 prompt, bringing a lunch, and something to cook

Favorable Report For Increase Of Highway Patrol

Raleigh, Feb. 25.—(AP)—Advocates of an increase highway patrol today put their fight before the Senate Roads committee. The Bennett bill, increasing the personnel of the patrol from 37 to 89 was given a favorable report at the same time the Dorch measure to abolish the patrol was unfavorably reported. Under the Bennett bill, patrol

FIGHT SHOW TONIGHT AT MIAMI, FLA.

By ALAN GOULD
(Associated Press Sports Editor)
Miami, Fla., Feb. 25.—(AP)—Weather permitting, "Pa" Stribling hoped to marshal his fistic forces tonight for a heavyweight show topped by a ten-round bout between Mickey Walker, middleweight champion, and Johnny Risko of Cleveland.

The card, arranged as the first of two possible carnivals of sock in Miami, was postponed from last night because of rain.

The prospects were for clearing weather this afternoon and favorable, if not actually monlit and balmy atmosphere for the evening.

Promoter Stribling, with another day in which to lure the elusive customer to the turnstiles, optimistically hoped to go over his "top" of a \$50,000 gate for the show, high ill include exhibitions by the forthcoming heavyweight title rivals, Max Schmeling and W. L. (Young) Stribling.

The fate of tonight's bouts, artistically as well as financially, may have a bearing on plans for the second show in March 5 when Primo Carnera is slated to meet Jimmy Maloney of Boston at ten rounds under the direction of Frank Maloney of Boston at ten rounds under the direction of F. J. Bruen, general manager of the Miami Racing association.

Despite Bruen's insistence that the show would go on, with Carnera playing the feature role in defiance of a cracked rib, the feeling has persisted that it will either be re-vamped or called off altogether. The latest report was that Walker, if he beats Risko again, would be asked to substitute for Carnera.

TAR HEELS ARE LEADING FIELD IN WRESTLING

(By PAUL SIMMONS)
(Associated Press Staff Writer)
Charlotte, Feb. 25.—(AP)—Showing up rather poorly this season in basketball, the North Carolina Tar Heels are mopping up in two other classy sports—wrestling and boxing.

They gave a clear demonstration of their grappling strength last night at Durham by overwhelming the Duke Blue Devils, 27 to 3, and capturing the state wrestling crown. Duke started off well by winning the first bout, but the Chapel Hill athletes soon put a crimp in the Devil's style and copped the seven other matches in a row.

The Tar Heel leather-pushers have made a clean sweep in that sport so far, winning every match, and are rated in the top ranks for competition in the southern conference tourney starting Friday at the University of Virginia. There mat team is similarly favored to furnish stern competition in the conference wrestling tourney at V. M. I. a week later.

Although the Heel cagers finished in fourth place in the Big Five race, they showed last night they are by no means down and out by licking Sewanee, 37 to 28, at Chapel Hill. This compared, however, with a 65-23 drubbing the state champion Blue Devils gave the Rigers the night before at Durham.

The Deacons downed High Point 32 to 24, last night at High Point.

BILLY'S UNCLE

LOCALS WIN GAME FROM WASHINGTON

(By W. M. BROWN)

Last night Greenville High School won a hard fought but well earned victory over her closest and most ancient rival, Washington. The game opened like it was going to prove to be track meet for Washington, as they scored eight points before Greenville found the hoop for a point. Then Greenville opened up and came up to within one point of Washington with the score at 9-8. Washington put on a little spurt and ran out at the half with a 12-8 score. The teams fought hard throughout for they fully realized how much a victory would mean to their school. Greenville had previously dropped a two-point margin game to Washington, and the Greenville boys were out last night determined to win. The play was good and fast all the way thru but the actual scoring was very spurt. Washington, once in the first half and once in the last half led Greenville by eight points and then Greenville came back to overcome this lead each time and win. There were many shots missed, but nearly all of them were close, and I guarantee that an insurance company would be taking a great risk to insure any interested spectator's heart who was looking at that game. I know that all of the onlookers felt weak after that affair last night.

For Washington Credle, Hodges, and Harper led in the Washington scoring with 4, 4 and 4 points respectively. Credle and Gautier also showed fine floor work. Washington showed spurts of brilliancy and worked with clock-like precision. They ran the score from 12-10 to 19-11 at the beginning of the second half in about three minutes on a series of beautiful tip-off plays. They upheld the honor of Washington High last night even in defeat by their good playing. It has to be admitted by all that Washington missed some close ones indeed. King with 7 points, led the Greenville scoring. Cahoon with 6 and Captain Bullock with 6 followed him closely. Nobles, Bullock, Cahoon, Madrin, King, James and Broadhurst all led in the floorwork and fighting for victory.

On Friday night Greenville High School's cager close their conference schedule when they meet Kinston here. Greenville had defeated Kinston once this season to the tune of 11-8 but Kinston is a much improved team, as some ineligible athletes have returned to the fold. Douglas, a lefthander, is said to be quite clever and accurate with the spheroid. Greenville needs this game to make her wins and losses eight to four in favor if the wins, and the boys will be out with their usual vim and something extra. Captain Bullock, Broadhurst, Deal, Nobles and James close their conference activities on the court on Friday night. However, there will be enough good boys left to give Greenville High a strong team next year.

Come out to see the last game of the season. Kinston has lately beat New Bern, and New Bern has

lately beat Greenville, so the game is sure to be close and exciting. The Greenville team is going to Raleigh and the athletic association's treasury is in bad shape. Then, too, Greenville has to pay Kinston \$20 to come over here. Come out to help a worthy cause, the fighting and fine high school youths of Greenville to pursue their athletic pursuits without being badly handicapped by the lack of finances. They need both your moral and financial support, and you cannot lose for you are guaranteed a fast, furious and exciting game between two ancient foes, Kinston and Greenville; friendly foes though, at 7:30 night in the Greenville High

is a friend to the school be there.
Last night's score:

"You are . . . Helping Awaken the Public to the Ever Existent Danger"

Says
DR. EARL MUSSELMAN
Health Commissioner, Department of Public Health, Alliance, Ohio

...one of 56 health officials from 56 different points approving Creme's crusade against spit or spit-tipping.

Every smoker, every wife whose husband smokes cigars, should read Dr. Musselman's letter.

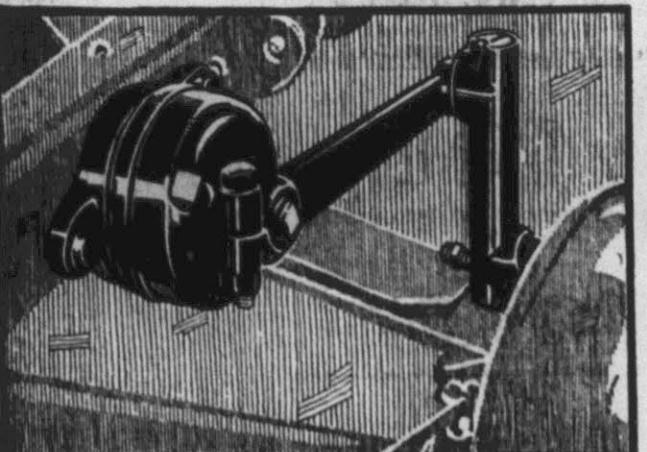

"Who are the friends of 'Spit'?"

YOU MAY WELL ASK THIS QUESTION WHEN 56 IMPORTANT HEALTH OFFICIALS HAVE WRITTEN SO STRONGLY AGAINST THE EVILS OF SPIT OR SPIT-TIPPING.

Dr. Musselman writes: "Your advertisements warn against the danger to health in the 'Spit-tipping' method of cigar manufacture."

The war against spit is a crusade of decency. Join it...Smoke Certified Creme—a really wonderful smoke—mild—mellow—nut-sweet! Every leaf entering the clean, sunny Creme factories is scientifically treated by methods recommended by the United States Department of Agriculture.

FORD COMFORT

Every new Ford is equipped with four Houdaille double-acting hydraulic shock absorbers

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue. No matter how long the trip, you know it will bring you safely, quickly, comfortably to the journey's end.

The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs and four Houdaille double-acting hydraulic shock absorbers. These work both ways — up and down. They absorb the force of road shocks and also provide a cushion against the rebound of the springs.

Other features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, Rustless Steel and unusual accuracy in manufacturing.

In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

LOW PRICES OF FORD CARS
\$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on convenient terms through the authorized Ford Finance Plans of the Universal Credit Company.
