FINANCE BILL APPROVED BY LEGISLATURE

Two New Bills Providing for School Support Received by the Senate

Raleigh, March 2.—(AP)—Final approval was given the drastic local government finance Act by the House and Senate today. The bill will become law 15 days after its ratification.

Legislative sessions were short as the lawmakers recessed to hear former Governor Alfred E. Smith of New York speak on governmental reorganization at 2 o'clock.

The House passed the finance bill on third reading and the Senate shortly thereafter agreed to the amendments made by the lower branch.

Tonight the House will consider the Cherry bill rewriting the banking laws of the state as a special order and then will take up the bill of Johnson of Ashe to set up machinery for the state-supported six months schools.

Two new bills, both levying ad valorem taxes for school support, were received by the Senate today. Senator McLean proposed an \$18,000,000 equalizing fund on an eight months basis and Senator McSwain would set up a fund of \$12,000,000 for six months. Each bill allowed an ad valorem tax up to 30 cents. The McLean law specifically binds the Assembly to support the six months term by means other than an ad valorem tax.

Seawell of Lee and other introduced a bill in the House to completely reorganize the State Department of Agriculture.

Both Houses will meet at 8 o'clock tonight.

Bills passed today by the House follow:

HB—Pitts of Catawba to extend Hickory city limits.

HB—Doshier of New Hanover, to protect water fowl at Wrightsville beach.

HB—Thompson of Brunswick, to permit installment payment of taxes in Brunswick.

HB—Brady of Bladen, to prohibit steel traps in Bladen.

HB—Long of Alamance, to authorize collection of taxes in Alamance.

HB—Morphew of Graham, for relief of ex-sheriff of Graham and to authorize collection of back taxes.

Morphew of Graham, to protect game in Graham.

HB—Johnson of Currituck, to amend game laws in Currituck.

HB—White of Robeson, to permit quarterly payment of taxes in Robeson.

HB—Neal of McDowell, relating to indebtedness of Marion.

HB—Pitts of Catawba, to validate all bonds and debts of Catawba.

HB—Moore of Nash, to amend charter of Nashville.

HB—Haynes of Surry, to amend charter of Pilot Mountain and amend 1929 Act.

HB—Morphew of Graham, to amend charter of Robbinssdale.

SB—Wheeler of Perquimans, local government finance.

SB—Spence of Moore, relative to reorganizing court in Moore.

SB—Conroy of Wilson, relative to court terms in Wilson.

HB—Relating of Mecklenburgh, to provide for collection of taxes in Mecklenburgh.

SB—Burt of Montgomery, to extend city limits of Biscoe.

SB—McKee of Jackson, relative to tax certificates in Jackson county.

SB—Wheeler of Perquimans, to permit Pasquotank, Bladen and other counties to establish county homes.

SB—Pritchett of Bertie, relative to terms of court in Bertie.

SB—Hendren of Forsythe, relative to tax discounts and penalties in Winston-Salem.

HB—Rogers of Macon, to amend charter town of Chapel Hill.

HB—Thomas of Anson, to restore charter town of Peachland.

SB—Jones of Richmond, to change terms of court in Richmond.

SB—Committee, relating to license to practice law by the Supreme Court.

Al Smith Urges Support Gov. Gardner's Plan in Speech Before Solons

Former Democratic Candidate for President Also Expresses Opposition to Night Work for Women and Children

Raleigh, March 2.—(AP)—For one of the few times in the history of the state, the North Carolina General Assembly met in formal session outside of the state capitol this afternoon.

With every seat taken, and standing room at a premium, Lieutenant Governor R. T. Fountain called the Assembly to session in the State Theatre to hear former Governor Alfred E. Smith of New York.

Senator Johnson of Duplin, introduced Governor Gardner who in turn presented Mr. Smith as a man who during his four terms as governor of New York "did more and comprehended more than any chief executive of any state in this nation in modern times."

J. W. Bailey, senator-elect, view with Smith for honors in the tumultuous applause given them as they entered the theatre.

Smith opened his address with an attack on night work for women and children, terming the practice injurious to the health and welfare of the people of the United States. He cited the experience of New York in prohibiting night work, stating "no industry moved out of New York and some more moved in," after passage of the law.

New York formerly had much the same system of government as North Carolina, Mr. Smith said, but reorganized it. He declared he believed the principle of reorganization "is right."

WETS SLAP AT PRESIDENT

Wickersham Committee and Senate Lobby Body Also Scored in Report

Washington, March 2.—(AP)—President Hoover, the Wickersham Commission and the Senate Lobby Committee drew some sharp criticism in the annual report of the association against the prohibition amendment, but the American people were found to be all right.

A clear majority of them, claimed Henry H. Curran, president of the Association, now favor repeal of the Eighteenth Amendment. His review of last year's prohibition events was issued yesterday.

He set out in the report the membership total of the association as 360,000.

He accused the Wickersham commission of a "bald discrepancy" in issuing a summary of conclusions that read like a "dry brief" together with a text painting the "noble experiment as a dismal failure."

The president, he said, with his message of transmittal to Congress, to Congress, "virtually tore to pieces the painstaking findings and recommendations of his commission."

"Whether the commission's report which is exhaustive and profound," he added, "can be capriciously thrown out the window because it presents a damning indictment of prohibition remains to be seen."

He took the Senate's Lobby committee to task for what he called "witch-hunting tactics." That committee grilled him last year when it was searching for evidences of heavy political contributions.

SAYS DEPRESSION AIDS RELIGION

New Orleans, March 2.—(AP)—Business depression aids religion, in the opinion of Cardinal Patrick Joseph Hayes, archbishop of New York.

"The American people," he said here yesterday enroute to preside at the San Antonio Biennial, "are experiencing a return to religion following a period of carelessness and cynicism marked by the prosperity of the land."

THREE NATIONS FINALLY AGREE ON NAVAL PACT

Britain, France and Italy Settle Issues Left Outstanding at London Meeting

Paris, March 2.—(AP)—A Franco-Italian naval pact, one of the most serious threats to the peace of post-war Europe, appeared to day to have been eliminated with definite agreement of Great Britain, France and Italy on a naval relationship to be maintained during the next five years.

The terms of the agreement were withheld pending transmission to Washington and Tokyo, but it was understood today that they were constructed around the actual needs of France and Italy until 1936, rather than on the basis of specifying appropriation of the navies.

The agreement, if acceptable to the United States and Japan—and there was no doubt here on that score—will broaden the London naval treaty, which never was more than a three power pact in its important phases, to a five power instrument limiting until 1936 the navies and naval construction programs of the great maritime nations of the world.

Arthur Henderson, British foreign secretary, and A. V. Alexander, first lord of the admiralty, called upon Aristide Briand and Charles Dumont, French foreign and naval ministers, yesterday immediately upon their arrival from Rome, and conveyed to them the terms of the agreement which had been reached with the Italian government.

The developments are regarded here as marking the end of the naval controversy and leading the armament question to its next stage—land and air forces, which will come up for discussion at an international conference to be held under the auspices of the League of Nations for next year.

PLAN SAVING TEN MILLION

Treasury Will Attempt to Save Huge Sum By New Financing Program

Washington, March 2.—(AP)—A ten-million a year saving in interest will be effected by the Treasury the middle of this month through a \$1,400,000,000 financing program.

Bonds and certificate will be the lowest the government ever has obtained on a major financing enterprise. The Treasury will use the new issues principally to retire \$1,100,000,000 of Treasury notes. The remainder is believed to be intended for meeting the 50 per cent loans now being made to veterans on their compensation certificates.

Dated March 16, the Treasury will sell at par \$500,000,000 of 12-year 3-8-bonds, \$300,000,000 of six month 1-1-2 certificates of indebtedness and \$600,000,000 of one year two per cent certificates.

The issue of \$1,400,000,000 in securities will provide only \$200,000,000 to be used for making loans on World War adjusted service certificates.

Another \$200,000,000 must be borrowed before June 15 to meet anticipated loans. Treasury officials said today in discussing their refinancing.

Of the \$1,400,000,000 issue, \$1,100,000,000 will go to refunding maturing Treasury certificates and \$300,000,000 to meet other government obligations.

Injection of the veterans loans into the financing scheme of the government was said to have caused the Treasury to abandon plans for retiring about \$2,000,000,000 of short term securities in the course of the next year, in preparation for the meeting the maturity of Liberty bonds in 1932 and 1933.

Surrenders After Killing Farmer

Charlotte, March 2.—(AP)—Ben Hunter, 35, of Rock Hill, S. C., was held in jail today without bond charged with the murder of J. A. Gillespie, 60, Huntersville farmer.

Hunter surrendered to Mecklenburg County farmers yesterday. He bore numerous knife wounds and lacerations which he told officers he received in a fight with Gillespie.

Gillespie died Saturday night a few minutes after his throat had been cut. His widow, two sons and six daughters survive.

BARNES SEES IMPROVEMENT IN BUSINESS

Chairman of Hoover Survey Conference Says Clouds of Depression Vanishing

Washington, March 2.—(AP)—The business horizon, finds Julius H. Barnes, is clearing. Things are getting better, signs are optimistic.

Such is the report of the chairman of President Hoover's national business survey conference for the mid-winter season. Not only in the United States but abroad as well were the clouds of depression seen pushed back by the light of confidence and energy.

Some of the bright spots he reported:

"Recurring demonstration that industry generally has attained an adjustment of stocks production and marketing in which even a moderate expansion in demand will have immediate results.

"Evidence that, reduced city spending reflects into lower farm prices for products in which there is no apparent depressing surplus, such as most dairy products.

"Clear indication that the volume of savings in their various forms has been large and is still mounting.

"The long term capital market over the past two and a half months has reflected an improved condition."

Abroad, he said, "repeated evidences of improved conditions are recorded."

The reports from American business were, added Barnes, all accompanied "almost uniformly by expressions of confidence and energy which are apparently themselves the fruits of improved conditions."

ELIAS HEADS NEW PERUVIAN GOVERNMENT

Chief of Army Staff Also Collaborating in Establishment of New Order

Lima Peru, March 2.—(AP)—A new government, which its adherents hoped would prove acceptable to all insurgent groups, ruled Peru today after a week-end charge of fact by the navy which sent the six-months-old revolutionary junta of Lieutenant Colonel Luis M. Sanchez Cerro into the discard.

The head of the new government is the Chief Justice of Peruvian Supreme Court, Dr. Ricardo Leoncio Elias. Collaborating with him is Colonel Manuel Ruiz Brao, the chief of general staff. A message was sent to Captain Alejandro Vireas, commander-in-chief of the navy, at Pisco Bay, asking him to join the new junta.

Hostilities with the rebel groups at Arequipa, Cuzco, Puna and Pura were discontinued, temporarily at least.

At midnight Saturday the naval chiefs drew up a demand that Sanchez Cerro resign, and Lima's Sunday morning papers published the document.

Sunday afternoon forty-five leaders of all branches of life in the capital were called to meet at the presidential palace.

The meeting was in the same dining room in which the Prince of Wales and his party were feted a fortnight ago.

Lieutenant Colonel Sanchez read a long address. He reaffirmed his patriotism and declared that he had to the best of his ability lived up to his pronouncement of policy. He then announced his resignation, which he hoped would bring peace to the country.

The assembly arose and cheered against and again for the retiring president. A motion was then passed appointing the new government junta.

LEGION OFFERS AID TO VETS

Committee Named to Aid in Filing Applications for Government Loans

Members of the Pitt County Post of the American Legion today extended their services to former service men desiring to obtain loans on their Adjusted Compensation certificates.

Commander J. S. Elliott said this morning a committee had been named to take care of this work and that veterans would receive immediate help in filing requests for loans when applying to members of the committee.

The committee in Greenville is composed of J. S. Elliott, J. H. Waldrop, Layton McGowan and A. B. Corey. C. C. Martin is in charge of the work at Ayden and Z. V. Bunting at Bethel.

Mr. Elliott said any member of the committee would be glad to handle the applications for loans at no cost whatever to the veterans.

The action is taken, the commander said, to enable the needy veterans to obtain their loans as quickly as possible and thereby alleviate their condition.

Pitt County Schools To Continue Regular Eight Months Term This Year

Grand Jury Points Finger Of Suspicion At Members Corporation Commission

Jackson County Jurors Charge W. T. Lee and R. O. Self With Acts "Which Have Sinister Look" in Connection With Defunct Tuskaseegee Bank

Expecting An Heir

Elaborate preparations are being made in Japan to hail the expected birth of a child to Empress Nagako and Emperor Hirohito.

Sylvia, N. C., March 2.—(AP)—Acts which "have a sinister look on their face" are laid to the chairman and chief clerk of the State Corporation Commission in a supplementary report filed with Judge Walter E. Moore by the Jackson county grand jury.

The investigating body reported to the judge that these officials, charged by the state with responsibility for bank regulation, owed considerable sums to the defunct Tuskaseegee Bank, and also cited the appointment of the bank's cashier as liquidating agent for another bank after its failure.

The grand jury report to Judge Moore follows:

"Since preparing our report, we the grand jury have come across some information that we believe should be submitted to the court which is as follows:

"In a precursory investigation of the defunct Tuskaseegee Bank, that among the Corporation Commission and its employees at least the chairman and chief clerk have been borrowers of said defunct bank, and that within a few months after its failure the cashier of the same has been appointed by the Corporation Commission as liquidating agent for another bank in the state.

"Now, while these facts may be perfectly legitimate as far as statutory law and interest is concerned, we do think taken together, to us they have a sinister look on their face, and if known might bring about a distrust of the bank supervisory department of the state and such practice would receive the condemnation of all right thinking people."

Raleigh, March 2.—(AP)—W. T. Lee, chairman, and R. O. Self, chief clerk of the North Carolina Corporation Commission, commenting on a Jackson county grand jury report criticizing their connections with the defunct Tuskaseegee Bank, issued explanatory statements.

Lee said his only transaction with the bank was a loan of \$300 obtained by himself and his son, W. T. Lee, Jr., for the purpose of paying taxes on Jackson county property. He said he had paid his half when the note matured and that the other half was paid when the bank failed.

He also said Billy Davis, cashier, was not appointed liquidating agent for another bank but was named assistant to J. A. Porter in handling the affairs of the Bank of Clay and the Bank of Murphy, one of which has already re-opened and the other is preparing to do so.

Self said Sylvia was his home town, that he had done business with the defunct bank for more than a score of years and owed it \$200 when it failed.

DEAN OF HOUSE PASSES AWAY

Congress Recesses for Hour to Pay Honor to Henry Allen Cooper

Washington, March 2.—(AP)—Both houses of Congress recessed for an hour today out of respect for Representative Henry Allen Cooper of Wisconsin, "Dean of the House" who died yesterday.

To his widow, President Hoover wrote:

"I send you my deepest sympathy in your bereavement, and I do pray that you may find consolation in the memory of his long and useful career."

In the Senate, Senator LaFollette, of Wisconsin, said Representative Cooper's death was a great loss to the nation and to Wisconsin.

In the House, Representative Tilson characterized him as one of the most beloved members of that body.

Speaker Longworth is expected to appoint tomorrow a committee of about 20 members of the House to attend the funeral at Racine, including the entire Wisconsin delegation members of the foreign affairs committee and others. The Senate adopted a resolution to send a committee of 15 Senators to the funeral.

Before recessing the House adopted a resolution mourning the passing of a member of 36 years service.

The Republican Progressive, who has sat in Congress longer than any man now there succumbed to acute indigestion several hours after taking part in a bitter House session Saturday night.

Cooper came to the House in 1893 from the first district of his state. He is survived only by his widow, Susan.

Heat Wave in Argentine

Buenos Aires, March 2.—(AP)—The Argentine is sweltering in the worst heat wave of the season. Several sunstrokes were reported.

Giant Cobra Rides In Pullman Berth

New York, March 2.—(AP)—A fourteen-foot king cobra, largest of poisonous serpents, was the pullman berth mate of Dr. Raymond L. Dittmars the other day on a trip to Washington, D. C.

Dr. Dittmars was delivering the snake to the National Zoo from the Bronx Zoo, where he is curator of reptiles and mammals. A fat man in the berth above the curator objected to what he thought was whistling on the part of the occupant of the lower berth. It was the snake, purring in contentment because he was nice and warm.

"How's that?" inquired the judge. "He has paid no board at my house," he said, "for eleven years. That is he gave me nothing until Wednesday and then—"

"And then?" asked the judge. "And then," said John, "he gave me these two black eyes."

"What nice black eyes!" commented the judge as he continued the case until March 6.

Al Smith Arrives At Capital City In Sartorial Splendor

Raleigh, March 2.—(AP)—Al Smith is just the most stylish dresser that ever left his trousers with "Red" McCoy, located negro knight of the flat iron.

"Dem's the fanciest clothes I ever seen," the boy exclaimed. "I ain't never seen no clothes like dem befo."

The black pin-stripe trousers, yellow vest and cut-away coat were eye-openers to the boy who put the creases in the pants of the noted Democrat here, today.

"Red," after the work, said he didn't even want pay.

"Just to be able to press dem fancy clothes for Mr. Smith is pay enough for me," the darky said.

Commissioners Notify Board of Education That Recent Legislation By General Assembly Will Provide for the Financing of the Extended Eight Month Term; Action Relieves Critical Situation

Shortage of finance, a problem which has been hammering unrelentingly at the doors of county governments the last several months, will not force Pitt County schools to close their doors at the expiration of the six month term the latter part of this month.

This fact became known this morning when the Pitt County Board of Commissioners, meeting in regular monthly session, notified members of the Board of Education, that operation of schools would continue.

The statement contained the information that recent legislation passed by the General Assembly would enable the financing of the extended eight-month term on sound basis and that the activities of the schools would not be hampered by any curtailment of funds.

At a special meeting the first of last month the Board of Commissioners notified the Department of Education that they would be unable to advance from current funds against uncollected taxes the necessary cost to operate the extended school term for the fiscal year 1930-31. The action, it was said, became necessary as result of inability of the county to realize on tax collections.

At the time it appeared that the only solution to the situation, one of the most critical in the history of the county school system, would be through the spending of tax collections, but little hope was held out in this connection and the closing of the schools the end of the month appeared inevitable.

However, the notification transmitted to the Department of Education this morning, completely clarifies the situation, and will enable all county schools to go into their extended terms as usual without having to worry about what is to become of the hundreds of children who would have been directly affected by the order.

The commissioners were highly commended this morning by men and women interested in the educational life of the community for their quick action to enable the remainder of the term, and it was said that had it not been for their foresight the severe financial situation certainly would have evoked.

Will Investigate Cage Game Riot At Citadel, S. C.

Charleston, S. C., March 2.—(AP)—A board of inquiry, composed of two faculty members and two regular army officers, was appointed today to investigate the basketball game riot at the Citadel Saturday night in which two freshmen were badly injured and many others less seriously hurt.

The board's report will be made to Lieut. Col. W. C. Miller, commandant of cadets, who will in turn present it to the president.

The investigation will begin at once.

The Saturday night melee began as a dispute between students of the Citadel and of the College of Charleston. When bricks and other implements of extemporaneous warfare began to fly, police were summoned.

Finding themselves helpless, they turned in a fire alarm. Firemen joined the officers, and the criminal combatants combined forces against the new enemy. Streams from fire hose finally quelled the outbreak.

ENTITLED TO SOME SORT OF RECORD

Chicago, March 2.—(AP)—As a star boarder, John Kofries, is entitled to some sort of record, Judge Marelo, whose first name is not a title, told Judge Oraber.

"How's that?" inquired the judge. "He has paid no board at my house," he said, "for eleven years. That is he gave me nothing until Wednesday and then—"

"And then?" asked the judge. "And then," said John, "he gave me these two black eyes."

"What nice black eyes!" commented the judge as he continued the case until March 6.

Announcement today that the schools of Pitt County will not be forced to close at the end of the six months' term as previously announced, but will continue for the full term as usual, will be received gladly in every community in the county. Despite the depression and all the talk of hard times, it must be remembered that the future to very great extent depends upon our schools of today and the Board of County Commissioners is to be congratulated for its efforts to make possible a continuance for the full term.

AND NOW FOR SUBSTANTIAL TAX RELIEF

Yesterday the Senate by a vote of three to one passed the bill to increase the gasoline tax one cent a gallon, reorganize the State Highway Commission and direct it to build and maintain all roads of the State, with power to use convicts. This bill will enable the counties to decrease the ad valorem tax by the amount raised on the gasoline tax estimated to be \$3,000,000. It also turns over the \$3,000,000 raised from the one cent increase in gasoline tax voted two years ago, heretofore going to the counties, to the State Highway Commission for road maintenance. Many counties have been using the money derived from the 1929 gasoline tax as debt payment for road construction. They will hereafter have to levy an ad valorem tax to take care of road debts. It was because of that fact and opposition to taking the control of county roads from county authorities that caused some opposition to the measure, but the majority in both houses was commanding.

The determination of the legislators for tax relief caused the passage of the measure. Because they are resolved to stay here until they get it, some legislators overcame the local control argument in order to support the Governor's bill. It was tax reduction on land promised to the people that carried the measure through. Otherwise it would have failed.

And now that this \$3,000,000 tax relief measure has passed as a starter, the big

thing of the session—the raising of \$13,000,000 to carry on the State's six months school—is in order. The road saving is good, but small in comparison with the school relief.

Having made a beginning, it now behooves all who favored the small road reduction and all others to unite to secure substantial relief through the school measure.

Getting money to carry on the six months school from "sources other than ad valorem taxes on property" is "our inescapable duty." Not to do so would be to make Governor Gardner's recommendation no more than a "scrap of paper" and an impotent gesture. Governor Gardner said:

Of one conclusion I am absolutely certain. Taxes on property must be reduced. This is one clear mandate from the people. I but interpret this will. And we must go further: when we provide to cut taxes here, we must also make provision that the cut be positively felt in the pocketbook of the taxpayer back home. This is our inescapable duty.

The only to live up to our "inescapable duty" is to carry out the pledge contained in the MacLean bill. If that is not done in full measure. Failure will be written as the record of this General Assembly.—(News and Observer).

Opera At High School
The public is again reminded of the impressive opera, "The Belle of Barcelona" to be presented by the high school students this evening in the high school auditorium. In addition to the two lovers and the villain, there is a unique love affair between a harem scarem Irishman and a proper English governess. George Willard, who interprets the role of the Irishman keeps the audience in roars of laughter and appears to be a little rough on the surface, but as Hal, the leading man, expresses it, he has a heart of gold and impresses his good qualities upon the good governess. Agnes Gaskins very gracefully takes the part of Miss Ayers, the governess.

Miss Ayers, who is very proud of her aristocracy and untarnished name has never before experienced the thrills of love and strives vainly to believe that she hates all men but most particularly the horrid red-headed Irishman. Finally love gets the best of her and though the English nationality has been her guide she confesses that England must now bow to Ireland and kiss the shamrock of green.

You have been told of two romantic love affairs but there is yet another which is lovingly played by Lucy James and Lewis Clark.

The entire cast is doing its best and has responded beautifully to the work of its coaches, Miss Shindler and Mrs. Picklesimer.

Let's don't miss the performance. There is love, adventure, song, dance and fun all in an evening.

By coming you will be supporting the music department of the Greenville high school. Last year the school won in the music contest and many were entitled to go to Greensboro for the state finals but were deprived because of lack of funds. Students and the music director say "We are going to win again." So everybody come, enjoy yourself for one evening and provide for Greenville talent to be known throughout the state.

Anticipate Peak of Loans to Vets During the Week

Washington, March 2.—(AP)—Striving mightily to meet the pleas of all the needy in double-quick time while protecting the Treasury from undue drain, veterans bureau officials settled down today to meet the crest of the wave of loan-seeking veterans.

They looked for the peak this week, a number of applicants dwarfing the lines which formed Friday afternoon and Saturday at the more than fifty offices.

Meanwhile, they drilled away at every chance that came with pleas that the veterans who had no urgent need to borrow keep their loan certificates unimpaired.

They combined this with urging upon individual banks to absorb as much as possible of the loan demand. Only 41-2 per cent can be charged lawfully on the new loans authorized by Congress but the veterans officials were confident many banks would see their way to make money on this business in view of current low money rates and the rocklike soundness of the security behind the certificates.

Still they could not measure the demand for money confronting them. The minimum would run to 250,000,000, the demand of those really in need. A higher figure would be \$800,000,000—loans to those who already have borrowed, and they are in overwhelming majority so far among applicants. The maximum is about \$1,700,000,000, a figure they hope to avoid by a large margin.

The New York Daily News said in copyright story today that Al Marks, ex-convict, sought for questioning in the slaying of Miss Gordon, would surrender.

He is expected to present an alibi.

was to testify in a vice graft inquiry, bogged deep in mystery today by denials by the policeman who arrested her and her ex-husband that they railroaded her to the reformatory in 1923.

Returning from a vacation in Bermuda, Andrew J. McLaughlin was questioned at length by Police Commissioner Edward P. Mulrooney and District Attorney Charles B. McLaughlin of the Bronx.

Miss Gordon flirted with him on the street, he said, and he took her to a lodging house where he made the arrest. Her accusations that her husband conspired with him to obtain control of their daughter were unfounded, he said.

Miss Gordon was strangled and thrown out of an automobile after conferring with counsel assisting Referee Samuel Seabur in an inquiry into the Magis trates courts.

The ex-husband, John Bischoff, business manager of the District of Columbia Reformatory at Lorton, Va., denied that he even knew McLaughlin or that a plot existed between them. He obtained a divorce in Philadelphia on grounds of extreme cruelty.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, March 2.—(AP)—Cotton opened steady today at an advance of 7 to 12 points in response to relatively firm Liverpool cables, more encouraging reports as to the prospects of an early political settlement in India and favorable reports from the cotton cloth markets.

There may also have been a little buying on reports of further rains over night in the South Texas section where wet weather is causing some delay in farm work but the demand was quite readily supplied around 11:48 for May and 11:56 for October. Prices later reacted a few points under realizing with the market at the end of the first half hour showing net advances of 4 to 6 points. The trade was reported among the best buyers at the opening, some of the demand being for foreign accounts while there was some southern and local selling as well as realizing on the reaction.

Liverpool cables reported covering with Continental and Bombay buying on the improved Indian situation.

GRAIN MARKET

Chicago, March 2.—(AP)—Influenced by outright failure of unofficial estimates to confirm forecasts of big livestock feeding of wheat led to downturns in grain values today. Increases of the visible supply both of wheat and corn tended also to pull prices down. Export business in North American wheat lacked volume.

STOCK MARKET

New York, March 2.—(AP)—The rail shares again rolled downward today as bears worked the brakes loose in the rail group. It appeared that New York Central would earn little more than \$1 a share, or half its current dividend rate, in the first quarter. This stock dropped about 5 points. Atchafalpa, B. & O., Union Pacific, Worthington Pump and American Smelting soon showed losses of 3 or more, and shares off a point or two included U. S. Steel, Radio, Johns Manville, Pennsylvania, Missouri Pacific, North American, American Telephone, Bethlehem Steel, Eastman, American Can and International Harvester. Most of the morning advance was cancelled. Auburn, after surging up 12 points, broke sharply.

The outstanding news of the day was the announcement of the Treasury's March financing, and while it amounts to one of the largest operations in its history, Wall street in the main was pleasantly surprised with the total of only about \$1,400,000,000 of which less than \$300,000,000 appears to be the result of passage of the bonus law. Interest rates are favorable. The 12-year bonds at 3 3/8 per cent are low and they compare favorably with previous government financing of that sort.

What with impending government financing and income tax payments some firming in money rates is expected this month, but call money today held officially at 1 1/2 per cent and there was a little available at concessions early in the day, although it soon disappeared.

Business and trade reviews appearing over the week-end were in the main conservative.

room big enough for all heads to meet in. At the first cabinet meeting, heads of departments had to be introduced to each other.

Taking up the departments of North Carolina government one by one, Smith declared the commissioner of agriculture, the members of the corporation commission, the insurance commissioner, and the commissioner of labor and printing should be appointive.

"There is no need for a treasurer," he continued, stating that all of his work could be done by a department of finance.

Throughout his address Smith was continually interrupted by applause.

He cited the opinions of Governor Bickett, Morrison and McLean that North Carolina needed governmental reorganization.

"The promotion of the public welfare is the main function of the Democratic party," Smith said, "and when it ceases to be we cease to exist."

The reorganization must come by constitutional amendments and not by statute, Smith said.

Cupid Outshooting the Divorce Courts

Hollywood, Cal., March 2.—(AP)—Dan Cupid is still outshooting the divorce courts here, but their scores are close.

Dan marked up the marriage of William H. Boyd in December and the courts recorded the divorce of William H. Boyd in January. They were two different Boyds, but they illustrate the nip and tuck race.

One statistician said there were 47 marriages and 37 divorces among

the motion picture prominent in 1930. So far this year cupid is being outscored.

Charles Farrell and Virginia Valli have married. Kay Francis and Josephine Dunne took new husbands. Douglas MacLean has filed notice of intention to marry.

Against these are the divorces of Boyd, the former New York stage actor; Evelyn Laye, Kathleen Williams and Jean Harlow. Mrs. Fred Beeton has a suit pending against her husband, who is an assistant to Will Hay. Ina Claire has announced her permanent separation from

John Gilbert. Loretta Young has moved back home with her mother, intimating a disagreement with Grant Withers.

AL SMITH URGES SUPPORT OF GOV. GARDNER'S PLANS IN SPEECH BEFORE SOLONS

(Continued from page one) responsibility as the head of the state," Mr. Smith said, "he should have the corresponding power to discharge the responsibility."

He advocated election of only three state officers, the governor, lieutenant governor and auditor.

It took 12 years to bring about the reorganization in New York, Smith said, and it cannot be done anywhere overnight.

"Throughout the United States there seems to be a fear, a reactionary attitude toward anything new in government," Smith continued, citing the action of the lower house of Congress five time defeating the Senate action to abolish "the properly so-called lame duck session of Congress."

"I've talked a million words about this," Smith said as he spoke of his fight for reorganization to get rid of "big boards, with all their inefficiency and expense."

An important thing in reorganization, Smith said is to "fix it so your legislature cannot create new commissions."

He described the process of cutting New York's government from 150 boards and commissions to 17 departments, "so that we could have a cabinet meeting, because before we reorganized there was not a

THREE FIRES IN CITY DURING THE WEEK-END

The fire demon paid Greenville three separate visits over the week end and exacted loss which firemen estimated at approximately \$2,300.

A blaze discovered in the storage room in the rear of Forbes and Morton's warehouse Saturday afternoon was quickly extinguished with damage of about \$200. The cause was not determined.

The Home Grocery Store and the Service Market were damaged to the extent of \$2,000 by a blaze early Sunday morning. Originating in the rear of the market, the flames had eaten their way west to the grocery store by the time the fire department arrived. Both businesses were housed in the same building, and damage to the stock was caused mainly by smoke. The building was the property of Jim King and firemen estimated the damage at about \$500.

Fire early this morning badly damaged the automobile belonging to Bill Lee, entailing loss estimated at about \$200. The automobile was in the garage when fire from an undetermined source was discovered in the rear seat of the car. The machine was pushed out of the garage and the blaze quickly extinguished.

DRAMATIC READER WILL GIVE RECITAL HERE

Tomorrow evening at 8:30 o'clock Gay MacLaren, a dramatic reader who presents scenes from plays in such a way that she seems to be the whole cast, one of the unique feature entertainers before the public today, will give a recital in the Campus Building of East Carolina Teachers College.

Miss MacLaren has the power of adopting a play so the audience gets the essential parts, so there is no wasted time or effort in her presentation. She watches a play for its effects on the audience and with her "camera eye" gets snappy shots of the parts she wants and, with the blending of her own interpretation with that of the actor or actress, she produces very fine effects.

Her program includes scenes from various favorite stage stars and is a charming combination of things from grave to gay, with both pathos and humor. She is also a playwright of note in her own name and sometimes gives hits from her own plays.

DAVE MOORE ENTERS INSURANCE FIELD HERE

D. C. Moore, Jr., former member of the bookkeeping department of Frank Wilson, Evans Street clother, became associated today with his brother, Thomas J. Moore, special agent of the Equitable Life Insurance Society of the United States. Mr. Moore was connected with Mr. Wilson for fifteen years.

FRIENDLY INDIAN NOTES

The Friendly Indian Girls had a party last Saturday night to which they invited the braves and warriors of the Blackfeet tribe. Tom Skinner, the newly-elected chief, does not like squaws, so he was not present. All had a good time. The following will be awarded a Friendly Indian sweater badge: William Woolard, Billy Hyde, Jimmie Whitchard, George Lautares, John Lautares, Robert Musselwhite, Charles Musselwhite, Tom Skinner, Charles Wooten, Lon Forest, James Calvin Smith, Billy Ray McCollum, John Marvin Elks, Charles Furelle, Roscoe Cox, Alice Leigh Blow, Elma Dixon, Pauline Abeyoumis, Tracy Jordan.

I hope that no Friendly Indian boys were among the twenty boys seen smoking around a campfire at Rock Springs last Saturday morning. Demerits will be given for such an offense. The coming of spring and warm weather tempts boys to jump in the creek or river. It is not enough to be able to swim and to swim well; but to have some experienced swimmer or life saver in case of need of help, is the only safe thing.

NEGRO KILLED IN FIGHT OVER WOMAN

A negro by the name of "Flea" Brown was killed by James Hardy, also colored, in an altercation over a woman here early Sunday morning. Hardy immediately escaped and so far had not been heard from. Brown came to his death from loss of blood after a bullet had been fired into his leg.

MONTGOMERY WARD HAS TWO NEW EMPLOYEES HERE

B. B. Baucell, former assistant manager of the Montgomery Ward store at Bluefield, W. Va., and E. L. Scott, formerly with the radio department of the Montgomery Ward store at Kinston, are now connected with the local store, it was announced today.

Mr. Baucell has charge of the furniture department and Mr. Scott is head of the radio department of the local store.

THREE DEFENDANTS IN POLICE COURT TODAY

Charged with carrying a concealed weapon, Annie Lee Daniels, colored, was bound over to the next sitting of County court under bond of \$100 in Police court this morning. She was also required to give bail of \$50 on a charge of assault with a deadly weapon.

Jim Wooten was bound over to County court under \$100 bond on a charge of trespass. Rex Allen had judgment suspended on payment of cost on a charge of disorderly conduct.

MARRIAGE LICENSE BUSINESS SLOW IN PITT COUNTY

The nadir of depression has been reached in the marriage license market in Pitt county, and county employees expressed opinion today that things would begin to pick up with the coming of the first breath of Spring.

Only three licenses to marry were issued by the register of deeds during the week-end, and all the applicants were members of the colored race. They were:

Robert Oakley to Mattie Lee Smith, Swift Creek; Chester Whitfield, Pitt county, to Beatrice Eason, Wilson county; Mose Blount to Sue Bell Dickerson, Farmville.

SEEKS PAYMENT TAXES ON INSTALLMENT PLAN

L. S. Spence has just returned from a trip to Sanford and Goldsboro on the interest of a bill which he is promoting to have taxes paid at least three times a year thereby relieving the strain of total payment with possible penalty as heretofore.

Mr. Spence appeared before the legislature last week with petitions from the local order of Red Men and other organizations asking that a bill be introduced providing for payment of taxes on the installment plan.

JUNIOR ROOM PROGRAM FOR THIS WEEK

The junior room will be open every afternoon until 6 p. m. for boys and girls. A number of indoor games, archery and dart baseball will help to pass away a pleasant afternoon.

Wednesday—Junior H-Y meets at 3 p. m.

Tuesday—Friendly Indian Girls meet at 4 p. m.

Wednesday—Friendly Indian Boys officers meeting at 4 p. m.

Thursday—No meeting of the Senior H-Y this week. It will meet next Thursday and every two weeks. Mr. Osborne teaches a mission class at St. Paul's Episcopal church. Garden club at 4 p. m.

Friday—A tribal warfare will be the first of a series of out-door programs planned by the Friendly Indian boys. This week the Mohawk tribe will be the invaders and the Cherokees and Blackfeet tribes will attack their camp. The Mohawks are asked to be at the junior room Friday afternoon for instructions. The Cherokees and Blackfeet tribes will meet at the junior room at 7 p. m. Any boy wishing to take part who is not yet a member, give in your name and sign up not later than Thursday.

Saturday—The Friendly Indian Girls had a fine time last week with Mrs. Alfred Johnson, and another fine time is in store for you this Saturday. So bring a lunch and be at the junior room not later than 10:30 in the morning.

LARGE CROWDS VIEWS STATE PRODUCTION

A large crowd was on hand at the State theatre today to get a glimpse of beautiful Barbara Stanwyck in the picture "Illicit" playing three today and Tuesday. "Illicit" is a thrilling exposition of modern theories of love vs. the tried practices of the ages. A new Charlie Chase comedy and Sound News complete the bill.

Musicians Drowned

Santiago, Chile, March 2.—(AP)—A gay party arranged as the farewell of the Prince of Wales to Chilean soil had a tragic end for the little band of musicians who provided music for the entertainment. As the band sailed back across Lake Llanquihue late Saturday night the steamer Chile struck their lighter and sunk it. Twelve of the musicians were drowned.

HENHOUSES UNNECESSARY IN WARM, DRY CLIMATE. Glendale, Ariz. — (AP) — Hen houses in mild climates are superfluous, experiments of the U. S. Department of Agriculture here have disclosed. Average food costs and average egg production as between flocks, housed and unhoused, were found to be almost identical. Fed the same rations, a group of 150 white Leghorns provided with open-air roosts laid an average of 191 eggs per hen in 18 months. The group maintained in conventional hen-houses laid 194 eggs.

BROWNS TRY OUT LOTS OF NEW PLAYERS

BY ALAN GOULD
 Associated Press Sports Editor
 West Palm Beach, Fla., March 2.—The slogan of the St. Louis Browns this year is "off with the old; on with the new." It includes the baseball, at least half the infield, a portion of the outfield and the general structure of the club.

Keen and kindly Bill Killefer, one-time battery-mate of Grover Cleveland Alexander, is still manager, starting his fifth term, but he has launched a radical program of reconstruction designed to pull the Browns out of the rut.

This program's chief feature is Killefer's attempt to introduce into major league company at least half, and possibly three-fourths of the "new infield" that performed record-breaking defensive tricks for the Wichita Falls club of the Texas league last year.

Plucked from scattered points, kept under cover and drilled for faster company at the Browns' farm, the trio up for the big test now are Shortstop Jimmy Levy, rangy Jewish lad obtained from the Quantico marines; First Baseman Irving Burns, Irish boy from New England; Second Baseman Lin Storti, Italian product of West Texas.

The fourth member of the quartet that set a flock of double play records in the fast Texas league, including seven in one game, was Walter Buller, a German now with Milwaukee.

Burns and Levy have performed sensationally in the early workouts. Storti has been drilling well at second but faces keen competition in the veteran Oscar Melillo, representing with the regulars this week.

With Levy at short, Killefer plans to shift the hard-hitting Ralph Kress to third base. If Burns makes good at first, it will mean the passing from duty of Lu Blue, for years one of the league's best first sackers. The veterans, however, will be kept so that two complete infields will be available.

The club needs more outfield punch. The big gun is the veteran Goose Goslin, who laid aside his golf sticks this week for his bats. Killefer expects the Goose to hit at least 50 home runs, even with the new ball in use. The Browns have not yet received the new ball for testing.

Fred Schulte probably will hold down centerfield but he will have to battle Earl McVie. Perhaps field is Larry Bettemcourt, former St. Mary's all-American center, who batted .300 and hit 43 homers with Wichita Falls last season. His rivals are Tom Jenkins, who hit .343 with Milwaukee; Ted Gullic, with the Browns last year; and Frank Waddey, former Georgia Tech footballer who hit .344 with Memphis last season. Waddey has been a holdout.

Wally Stewart, slim Southpaw who won 20 games and lost 12 with a second division outfit last season, is the ace of the pitchers. The veteran Sam Gray, after a hard luck season reported with the rookies, to begin a come-back. George Blac-holder, a protracted holdout a year ago, is in the fold. The staff has other seasoned performers in Dick Coffman, Warren Collins, Chad Kinsey and "Lena" Stiles.

"Most of the boys are picking us to finish last," smiled Killefer. "You can do the same thing without hurting our feelings. We are making experiments. We have better reserve strength. If the infield shapes up and we get more punch to help Goslin and Kress, the Browns will be on their way up."

Run-Down, Weak Nervous?

To have plenty of firm flesh and the ability to do a big day's work and feel "like a two-year old" at night, you must eat three good meals a day, relish your food and properly digest it. ALLIGATORS PONCE UPON CATS TONIGHT

By GLENN RAMSEY
 (Associated Press Staff Writer)
 Atlanta, Ga., March 2.—(AP)—The Gators were the outsiders as the Wildcats, Bulldogs and Terrapins moved from the paddock to the post today in the semi-finals of the southern conference basketball tournament.

At 8 P. M. G. S. T. tonight, Florida's Alligators open the night's show with the Kentucky Cats. Georgia's Bulldogs and Maryland's Terrapins are scheduled to end the evening's entertainment, starting at 9:15 P. M.

Three out of four of the teams meeting tonight were among the seeded favorites before the opening of the annual struggle. Only Alabama, last year's champions among the "Big Four" has been dropped to the count.

The Kentucky Wildcats have a powerful defense and with fair goal shooting, will be hard to down by the Gators despite their splendid offense between Georgia and Maryland, there is still the question of whether a strong defense team with mediocre shooting ability can down a masterful offensive combination. However, Georgia's ability to give a lead and overcome it to lead gives them the edge over the Terrapins. Maryland's crack offense has been one of the brilliant spots of the tournament.

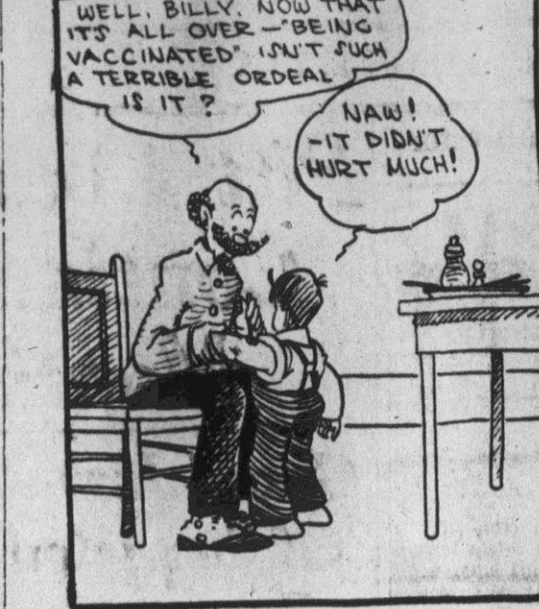

The defeat of Duke and North Carolina, after N. C. State had lost in the opening round, marked a new tournament era. The Tarheels and the Blue Devils have been menaces for years and their going left the championship to new regions, heretofore not holding a championship.

Georgia's Bulldogs have made a bid for honors, time and time again, getting to the semi-finals four times in the eight years the tournament has been operating. Kentucky has reached the same spot as Georgia on two occasions. Georgia once was a finalist, being defeated for the title in 1927 by Vanderbilt.

Florida has been tossed out in the first round twice in the past, once in 1924 and again in 1928. Maryland has gotten as far as the quarter finals twice to take the next train home.

The finals will be played tomorrow night.

LOCAL GIRLS WIN FROM WASHINGTON

The Greenville girls' team defeated the Washington girls 25-21 last Saturday night in the most decisive game of the season. As the Washington girls had been defeated only once and that once by Greenville, they had a chance of tying for first place by defeating the Greenville team. For their first quarters, no one could determine who the victors would be, as first Washington looped a basket, and then Greenville. In the last quarter Washington climbed in the lead, the score being 21-15. It seemed then that Greenville was sunk. But in the last few minutes of play, the Greenville team snapped into action, and passed and looped as they never had before.

The Washington team is one of the fastest-working teams Greenville has as yet encountered, a fact which gave the Greenville forwards difficulty in placing their shots. Askew, Jones, and Aesspass played a fine game at forward, while Briley, Hearne and Robeson outdid themselves at the guarding positions.

The Greenville team has three more conference games to win before they could possibly receive the coveted Northeastern Conference cup. The whole team realizes that there's "many a slip 'twixt the cup and the lip"—but the whole-hearted support of the town will help

LOCAL GIRLS WIN FROM WASHINGTON

out. The girls play Kinston here tomorrow night, and the next conference game this Friday night on our floor with Herford. Let's all come out.

New Baseball League Formed

Montgomery, Ala., March 2.—(AP)—A new baseball league, the Dixie Association, today had been formed and invitations extended to fourteen cities in Mississippi, Alabama, Georgia, Florida and South Carolina to bid for franchises.

Preference in forming an eight or twelve club league will be given to those cities having representatives at today's meeting and the official personnel will be named at Columbus, Ga., next Sunday, March 7.

Cities invited to become members of the new loop were, Anniston, Dothan, Selma and Montgomery, Ala.; Columbus, Macon, Albany, and Augusta, Ga.; Jackson and Meridian, Miss.; Pensacola, Jacksonville and Tampa, Fla.; and Greenville, S. C.

The cities invited included former members of the cotton states, Southeastern, South Atlantic and Georgia-Alabama leagues, of which only the cotton states still is considering running this season.

A temporary operating basis for the new league was adopted with clubs limited to fifteen players, including the manager, and a salary limit of \$3,200, including the manager. Each city bidding for a berth in the league organized yesterday must post a \$2,500 forfeit with the league head by next Saturday.

Sacramento, Calif.—Members of the Detroit American league baseball team are skeptical of the new new ball. "I can't see much difference," says Manager Bucky Harris.

BOBBY JONES AT HOLLYWOOD

Noted Golfer Tees up at Movie Center In Preparation for the Screen Feature

By BRIAN BELL
 Hollywood, Cal., March 2.—(AP)—Motion pictures' newest star looked out this morning to say: "So this is Hollywood."

Robert T. Jones, Jr., winner of 13 major golf championships, four of them making up the only grand slam the game has known, was on a new course today, teeing up for an ambitious series of 12 pictures.

Starting at the green with a picture on putting he will stand before the camera until he has made chip shots, niblick shots, mashie niblick, spade, mashie and four iron combined three and two irons, two iron and spoon compared, brassie, driver, trouble shots, practice and finally to ring down the curtain, a complete round.

Bob was asked as he prepared to start his work if there would be a comedy relief.

"If there is," he said, "somebody else will have to furnish it. I won't

BOBBY JONES AT HOLLYWOOD

try to do anything I know I know nothing about. I'll stick to golf and hope for the best."

He said he had played lots of golf during the winter.

"I had to try to get on my game but didn't succeed. The last time I played I was not so good. I hope I'll be better when the shooting starts."

He was reminded that the director always can say "cut" and have the shot made over.

"Oh, yes, but I don't want to waste film. I want to co-operate by making these pictures at the lowest possible cost."

While in California the champion of champions will play in several four ball matches for charity.

Bob appeared in Hollywood with a new golf bag, one he has had since his last visit to England, where it was given him. He could not use it until he retired from competition for he dared not risk charging his luck by changing bags, and a dilapidated old club container went down the long golf trail with him and folded up only when he turned his back on championship play.

For the same reason he never played with steel shafted clubs. Lately he used steel shafted irons in two rounds, asked if he liked them he said yes and no.

"The shots were great when the ball was properly hit," he said, "but I missed some of them badly!"

As a co-star in the first picture will be Calamity Jane, his famous putter.
