## WOMAN JUMPS TO DEATH FROM TENT STORY WINDOW WHEN HUSBAND FINDS HER WITH ANOTHER MAN

**DURHAM HOTEL**  
Sprints From Tenth Story Window When Husband Finds Her With Another Man

Durham, March 7.—(AP)—Mrs. Tracie Daniels, 46, of Nashville, Tenn., leaped to her death from a tenth floor window of a local hotel at 2:15 a. m. today when her husband, W. M. Daniels, returned from a business trip to find C. B. Calvert, Baltimore attorney, in her room.

Calvert, known here as Judge Calvert, special master appointed by Federal Judge I. M. Meekins to hear evidence in connection with the still-pending Home Mortgage company receivership case, is now charged with using a hotel room for immoral purposes pending a coroner's inquest, set for today.

Investigation by police today dispelled all doubt that she might have met death otherwise than through suicide and definitely established that her husband was not in the room at the time of the fatal plunge.

Mrs. Daniels had made her home here intermittently for several months, since Durham is near the center of her husband's traveling territory.

Daniels, arriving from a trip to Richmond, stopped at the hotel desk to ask the clerk to telephone his wife he was coming up, so that other guests might not be disturbed by his knocking.

As he reached the tenth floor, he told police, he saw Calvert emerging from his wife's room only partially clad. The bellboy who accompanied him said he turned quietly and ordered his baggage carried back to his car and then entered the room.

## Eleven Negro Convicts Perish As Flames Sweep Through Duplin Stockade

Forty-one Other Prisoners Led to Safety As Fire Converts Corrugated Iron Cages Into Blazing Inferno; Coroner Investigates

Kenansville, March 7.—(AP)—Trapped in their cells 11 negro convicts burned to death early today as flames swept through the huge, wooden stockade of Duplin county.

Forty-one other prisoners, all negroes except 12, were led from the burning building by guards. Owen Basden and B. S. Nicholson, the guards on duty, discovered the fire shortly after 2 A. M. The flames began first in the kitchen. Their origin had not been determined.

The stockade, built of heavy timbers, was located one mile from here. It was virtually without fire protection.

Dan H. Bridges, Duplin County coroner, began an investigation immediately. Pending its completion, he requested the two guards not to discuss the fire.

Residents of the community who first reached the fire said however that Basden rushed into the burning building time after time to lead forth the prisoners.

Rescue of the 41 prisoners was attributed by persons familiar with the tragedy to the courage of Owen Basden, guard, who braved the flaming interior of the stockade to unlock cell doors and free individual prisoners.

Some indication that the blaze might have been of incendiary origin was being investigated.

Later in the day the dead men were identified as Wesley Bennett, Preston Hall, Robert Merritt, John James, Claude Cox, Virgil Smith, Robert Jarman, John Farrier, Sid Moore, Harry McLamb and James Mills. All were burned beyond recognition and identification was made from prison camp records.

## MOTHER CONSOLES ACCUSED SON

Asheville, March 7.—(AP)—The City of Asheville today made ready to receive President Hoover amid his party who will arrive here early Sunday morning.

City commissioners at their meeting this morning adopted resolutions welcoming Mr. Hoover to the city and expressing the hope that "his stay in the city will be enjoyed to the fullest extent."

Meanwhile, plans were being made to receive the presidential party.

Col. Edward W. Starling, for years chief of White House attaches was expected in Asheville sometime today to complete arrangements for meeting the president.

Two White House automobiles were seen this morning on the streets.

Col. Starling had reservations for today at Grove Park Inn. Four or five additional rooms had been reserved for the remainder of the party for Sunday. The party is expected to include Dr. Joel T. Boone, White House physician, who has charge of young Hoover's case.

Lawrence Ritchey, one of Mr. Hoover's secretaries, and a number of secret service men.

So far, no definite word had been received as to the length of the president's visit. The fact that Mr. Hoover had made no engagements in Washington for Monday and that reservations for the party have been made at Grove Park Inn was construed as indicating that the president would spend Monday in Asheville also, returning to the Capital Tuesday morning.

Mrs. Biddle, the former Mary L. Duke, was accompanied by about 20 friends who motored here from New York for the hearing before Supreme Court Justice Graham W. W. Clegg.

## ASHEVILLE TO GIVE WELCOME TO PRESIDENT

Chief Executive to Visit Son at Mountain City During Tomorrow

Asheville, March 7.—(AP)—The City of Asheville today made ready to receive President Hoover amid his party who will arrive here early Sunday morning.

The case, carried through with the utmost secrecy, was started in Westchester county, Newburgh, in Orange county, is in the same judicial district, and the trial was moved here.

## House Passes Measure To Require All Schools To Use Same Textbooks

Bill Now Goes to the Senate for Action; Senate Clears Numbers of Minor Measures From Its Heavily Loaded Calendar and Also Passes the Blount Bill to Allow Imposition of Fines in Manslaughter Cases

Raleigh, March 7.—(AP)—Use of the same textbook in all public high schools in North Carolina will be required if the Senate gives its sanction to the Pitts bill, passed unanimously in the House today.

Under the measure only one set of approved high school texts will be allowed in the state and will be purchased and sold directly by the state instead of through private business firms by contract.

All adoptions will be for a five year period, the first being made in 1934. The Senate cleared a number of minor state-wide bills from its heavily loaded calendar and also passed the Blount bill to allow the imposition of fines in manslaughter cases.

Now judges cannot impose fines, the minimum sentence being four months imprisonment.

Provision also was made in two Senate bills for establishment of district hospital-homes and district prison and prison farms in lieu of the present system of individual county homes and jails.

The House, by a vote of 27 to 24, tabled the bill to allow horse and dog racing in Wayne county with the operation of pari-mutuel machines for betting in connection with the races.

Under the Pitts act a school book commission will select uniform texts to be adopted by the State Board of Education for use in all high schools.

Now the education group selects a list of several texts and counties pick the ones they desire to use.

Explaining his bill, Pitts told the House it would "cure one of the greatest evils in North Carolina today." He asserted it would save a large sum for school patrons, especially those who might move from one county to another.

By direct state contact, provided in an amendment by Moss of Nash, the books can be bought cheaper than business houses in the counties, Pitts said.

The Catawba representative expressed hope that the state would come to free text books, printed at state's expense, but that the change should be gradual and his bill was a first step. He said the measure bore approval of Dr. A. T. Allen, state superintendent of public instruction, and D. G. Brummitt, attorney general.

A provision that texts can be changed only every five years brought forth opposition but was retained in the measure.

## 'Yellow Kid' Held

Associated Press Photo Joseph Well, the Yellow Kid, was arrested in Hammond, Ind., charged with fleecing three Indiana farmers.

## Hoover Gives Jonas Recess Appointment

Washington, March 7.—(AP)—President Hoover today gave Charles R. Jonas, former representative of the 9th North Carolina district in Congress, a recess appointment as United States attorney for the western district of North Carolina.

Jonas, who was defeated for re-election, was nominated for the place several weeks before Congress adjourned but failed of confirmation.

Senator Morrison, Democrat, North Carolina, asked the judiciary committee to withhold a report on his confirmation and his name was referred to a subcommittee which never reported.

Jonas will serve until next September, when his name or that of another appointee must again be presented to the Senate for confirmation.

Since his predecessor did not leave office until after Congress had adjourned, the Department of Justice said today Jonas would draw pay while serving.

Members of the County Board of Education expressed appreciation of the efforts of Miss Gussie Kuykendall, member of the music department of East Carolina Teachers College, who rendered invaluable assistance in the training of the teachers in the preparation of their children.

## MUSIC HOUR DRAWS LARGE CROWDS HERE

Five Hundred Children Stage Mass Singing Program at Local College

Pitt County school children—five hundred of them—literally sang their way into the hearts of an audience at the Campus Building at East Carolina Teachers College last night.

The occasion was the annual chorus, or "music hour" of rural schools and proved decidedly the most successful since inauguration of the mass singing program several years ago.

Groups from virtually every school in the county participated. The entire five hundred children sang in concert and not a single group selection was rendered.

A rehearsal was held Friday afternoon and at that time it was declared the children showed decidedly more development than they did last year.

The event attracted hundreds of public school patrons from different parts of the county and the spacious Campus Building was packed almost to capacity.

It was said that the youthful singers, many of whom participated in the sing last year, displayed decided improvement of tonal quality and enunciation. This fact produced considerable elation among members of the faculty and the supervisor of rural schools, sponsor of the chorus.

An effort will be made to stage the music hour each year with the hope of increasing more profound interest in the development of singing. It was stated that the program in recent years had proved an inspiration to members of the faculty and students alike, and that each season witnessed renewed effort to produce better trained voices.

## ELEMENTS ON NEW RAMPAGE OVER WORLD

Storms Lash Atlantic As Snow, Wind and Quakes Affect Other Parts of Globe

Iceland to Northern Africa today, snow blanketed the prairie states from the Dakotas to Texas; rivers spilled over their banks in France, earthquakes shook the Balkans.

High waves and high tides visited their fury in the North Sea, flooding flat lands along the coast of England and endangering ships. Northwestern gales blew up violent sandstorms on the shore.

Earthquake demolished buildings and terrorized inhabitants in Bulgaria, Yugoslavia, Greece and South Serbia. Reports were meager, but one was known to be dead in South Serbia, where a mountain slide carried 200 sheep and their shepherd to death.

Trains were delayed throughout the Balkans with railbeds split in numerous places. Two severe shocks, both early this morning, were reported from a score of cities there.

The American storm center over southeastern Missouri and moving northeastward. Shipping was also warned from the Virginia Capes to Jacksonville, Fla.

Almost every section of the Mississippi valley experienced snow, sleet, rain or cold. Kansas and Nebraska lay under 3 to 8 inches of snow. Sub-zero temperatures endangered fruit trees in Kansas and Oklahoma.

Heavy rains and snows during the past week swelled rivers in France and they were doing much damage. Waters of the Seine had transformed some streets of Ile St. Louis into streams. The Marne menaced the territory about Rheims.

## RASKOB PLAN CAUSES TALK ABOUT 1932

Democratic Row Precipitates Speculation Concerning the Next Presidential Race

Washington, March 7.—The Democratic row precipitated by Chairman Raskob of the National committee, has led to a full flowering of political speculation concerning 1932.

Not only in the party of Jefferson but in Republican ranks as well the next presidential race has become an absorbing topic for public utterance. And, on one side Independents are getting together, disclaiming any third party intentions but bent on making their mark through coalescing on objectives which have been somewhat scattered.

Most conspicuous in Democratic ranks was a concerted effort to another the Raskob plan to line up the party for his "home rule" state liquor control project. But out of the background a recurrent presidential boom for the Maryland anti-prohibitionist, Governor Ritchie had marched forth with an endorsement by the free state's legislature. Rumbblings of a split between Alfred E. Smith and Governor Roosevelt in New York, though denied, occupied many political speculators with emphasis on the hearing such an event would have on Roosevelt's presidential chances.

## LOVE AGENCY IS REVEALED

Woman Confesses to Inducing Girls to Make Engagements With Wealthy Men

Los Angeles, March 7.—(AP)—The district attorney's office reported today a diary relating how young girls were induced to register for engagements with wealthy Hollywood and Los Angeles men led to confession by Mrs. Olive Clark Day of a part in operating a "love" agency.

Mrs. Day, a dancer; William Jobelman, former theatrical press agent, and John P. Mills, real estate and oil promoter, were arranged in Superior court yesterday on charges growing out of an alleged attack by Mills on Clarice Tauber, 16. Their preliminary hearing is set for March 31. Mills was released under \$5,000 bond. The other two, unable to make bail, were held in jail.

Blaney Matthews, chief investigator for the district attorney's office said, Mrs. Day's diary indicated she had known Mills several years. Jobelman's Hollywood studio yielded files of more than 100 girls of from 12 to 20 years in age, and another file of wealthy men.

## Man and Woman Face Kidnapping Charge at Durham

Durham, March 7.—(AP)—Captured at Hillsboro after allegedly kidnapping their grandson, James Waldron, 8, from in front of the West Durham school today, a Mr. and Mrs. Waldron of Roanoke, Va., were being brought back here to face charges.

The boy, son of Mrs. L. Cox, had been living with his grandparents for six days, but a court order several days ago gave him to his mother.

Mrs. Sox was visiting a sister, Mrs. Addie Neighbors, here. She lives with her second husband in Roanoke.

## Negroes Gang Rum Hunters

Greensboro, March 7.—(AP)—Clyde and J. R. Snyder, went to the home of John Thomas negro, to buy some whiskey.

Several negroes were present. Somebody asked for a quarter. Clyde refused. So the negroes "ganged" the would-be customers. J. R. and Clyde told all about it in court.

## Sues Film Director

Associated Press Photo The suit for \$601,000 damages filed by Fern Sertil, actress, against D. W. Griffith, film director, charging criminal assault, was investigated by Los Angeles officials.

Broken homes are largely responsible for the under-privileged child situation which confronts the state and the nation at this time, members of the Greenville Kiwanis club were told by three speakers last night at their regular meeting at the Woman's club.

The speakers were Dr. H. M. Bonner, K. T. Putrell and Dr. M. B. Massey, chairman of the under-privileged child committee of the club, who had charge of the program. President J. J. Summerell presided and the regular song program was in charge of C. B. Rowlett with Mrs. R. A. Tyson, Jr., as accompanist. The usual supper was enjoyed.

Dr. Massey discussed the different kinds of under-privileged children and of the plan of the Kiwanis club to bring about an improvement in their condition.

Dr. Bonner described the under-privileged child as one of normal intellect and physique who has been prevented from developing his faculties by some circumstance over which he has no control. He declared that divorcees gave to the nation its largest quota of children who become public charges.

Mr. Putrell, director of the Department of Welfare of Pitt county, discussed the situation from a local angle, and found that the church, the Sunday School and organizations for improving the morals of youth were doing much to bring about an improvement among certain classes of the under-privileged.

He agreed with Dr. Bonner that a majority of the unfortunate children were the products of blasted homes.

He commended the proposed establishment of clinics for the treatment of the physically unfit, declaring there is plenty of room for such activity in the county.

He showed the need of encouragement for young men who have been returned home after confinement at reformatories. They must be taught to believe that the public is interested in their welfare, he said, and this should inspire them to become worthy, worth-while citizens.

ABOUT TOWN

In an effort to curb the practice of sending in false fire alarms the Board of Aldermen have offered a reward of \$50 for the apprehension of those responsible for such acts.

It costs the fire department at the rate of \$25 to respond to an alarm and the flagrant violation of the law in this respect caused the expenses of the department to increase to no little extent during the month of February.

The firemen not only endanger their own lives while responding to the alarms, but those of hundreds of other citizens and persons who willfully jeopardize the life of the public in this way should be prosecuted to the full extent of the law when arrested and convicted.

Conviction on a charge of this kind carries with it a fine of \$500 and a prison sentence of two years, or both, whichever the court finds it fitting to provide.

Persons who have been guilty of turning in false alarms should consider this fact and let it restrain them from similar activities in the future.

The planting of trees and erection of a fence along the sidewalk bordering the ravine of Fifth street has produced an appreciable improvement in the locality.

When running rose bushes have been planted alongside the fence a view of the ravine, long an eye sore to people passing along Fifth street, will be completely eliminated.

Such improvements play an important part in the beautification of unsightly places on the city's landscape, and should prove quite an encouragement to the citizenship generally in an attempt to make their city one of the best kept in this part of the state.

The aldermen have set up machinery for the municipal election on May 4 and from now on the people will begin turning their attention to the important matter of casting their votes for the board.

Although there has been no public announcement of any of the candidates it is expected there will be as usual a plethora of material to select from with many of the members of the old board making a strong bid for re-election.

Elections of this kind always attract more or less interest among men and women interested in the life of the government, and the race this year is not expected to prove an exception to the rule.

Ed Flanagan is not only one of the leading citizens of his home town but he is proving himself to be one of the commanding figures in the General Assembly at Raleigh.

The veteran legislator from Pitt fought into the limelight again this week by proposing a reduction of salaries for the members of the Legislature. Needless to say the proposal created pseudo-panic among his colleagues and was tabled before it had a chance of gaining the breath of life.

Although the action did not accomplish anything, it brought the voters face to face with how a person feels in the face of impending salary reduction and may have a salutary effect upon their future efforts in the consideration of such problems. Members of the Assembly are not always amenable in matters of the kind, but it required no persuasion to induce them to sound the death knell for the Flanagan resolution.

Members of the Senate Campaign Funds Investigating committee hit barren soil when they sought to come to North Carolina to look over the situation. In fact, they might as well be searching for a needle in the proverbial haystack as to try to find irregularities in a campaign which resulted in such overwhelming victory for Josiah William Bailey over his Republican opponent.

But Mr. Prichard has induced the investigators to believe that everything was not conducted above board and when a candidate be-

gins yelling "election irregularities" it is nothing but a ploy to have his charges looked into. The people of the state will watch the proceedings with interest and will be more surprised than the investigators, if indications of chicanery are uncovered.

COMPLAINED TO A FRIEND She Said To Take Cardui, and "It Made All the Difference In My Health."

Poplar Bluff, Mo.—"For a long time I suffered with pains right across my back," writes Mrs. F. M. Boatwright, of 839 Park Avenue, this city. "I had nervous headache and sometimes I could not sleep. When I began to take Cardui I began to feel better. I was complaining to a friend how bad I felt. She had been taking Cardui and she told me to try it, so I did. Before that, I just could not relax, and I got very little rest at night. I took Cardui for several months and it made all the difference in the world in my health. I felt stronger and better than I had in many a year. I recommend Cardui to other women when they suffer from weakness and bad health. Thousands of women have been benefited by taking Cardui, and their experience prompts them to recommend it to their friends. Cardui is a purely vegetable, medicinal tonic, and contains nothing harmful or injurious."

Mr. and Mrs. C. W. Howard are touring New York State.

Miss Elizabeth Norman, who is teaching in Newport, is at home for the week-end.

### WOMAN'S CLUB HOLDS INTERESTING MEETING

The regular meeting of the Greenville Woman's Club was held at the club house Thursday, March 5. In the absence of the president, Mrs. W. I. Wooten, Mrs. J. H. B. Moore, vice-president, presided. The minutes of the previous meeting were read and approved.

Reports from the various departments were given. Mrs. R. C. Deal, chairman of the Garden Club, stated that with the help of the city aldermen that the club had made a definite start on the plans for the beautification of "Our Greenville." The city has just recently built a fence on the south side of the street just in front of the high school and the Garden Club members have planted eighteen red, running roses there. The triangular plot at the end of Fifth street has been planted in shrubbery. And due to the efforts of this department many trees have been planted.

The Health Department reported that money was needed to further the work of providing milk for the poor children of Greenville and that bottles, covered with blue paper, have been put in the hotels and stores. It is hoped that small donations will be dropped into these bottles, thus helping to relieve this distressing situation. The club gladly responded to a call from the welfare officer for a quart of milk to be given daily to a worthy colored woman who is fighting a case of T. B.

The Educational Department reported that the club is sponsoring a night school for illiterate adults at the cotton mill district. Mrs. D. M. Clark is teaching this first class and she told of the interest which the men and women of the class are showing. It is hoped that later on provision can be made for the large number of men and women who have applied for admission.

The meeting was then turned over to the Literary Department. For this year's study the department is taking up a set of programs called "Some Literary Adventures in Local Color" and since this program was on our own state of North Carolina, it was chosen as the one to be given at this open meeting. Mrs. Arnold, chairman of this department, introduced Miss Mamie Jenkins of East Carolina Teachers College, who gave a most interesting and instructive survey of "Some High Spots in North Carolina Literature."

She said that though North Carolina is just now coming into her own in the literary field that she is very rich in source material. The Little Theatre Movement, which we think of as being new, was brought over by the Colonists, and the first tragedy which was produced in the United States was written at Wilmington by Godfrey. Miss Jenkins ranked O. Henry as one of the foremost of N. C. writers and said that while he left the state his work remained typical of the Piedmont section of the state. Edwin Fuller made a real contribution to American literature in his "Sea Girl" and his "Angel of the Cloud." Christian Reid, of Salisbury, was a very popular writer. She wrote over forty novels and in one of them she coined the phrase "Land of the Sky" which has helped to make Asheville a national resort.

Bill Nye came to North Carolina for his health and found it so delightful that he remained and his history of the United States, especially the chapters on North Carolina history, are very interesting. Walter Hines Page stands out as a representative of the Sandhill country. His little poem about the little road that began nowhere and went nowhere and finally began everywhere, and went everywhere, was prophetic of the road building campaign which began ten years later. John Charles McNeil was discussed as a poet who wrote poems that are gems of every household.

We wish that everybody interested in the literature of this state could have heard Miss Jenkins who so ably presented this subject.

In keeping with the program the Misses Fulllove sang three songs which are typical of the mountain country and, as is the custom there, they used the guitar as accompaniment. They sang "Little Mahoe," "Grandma Grunts," and "Possum Tree." These were most enjoyable.

The hostesses, Mrs. W. H. Woolard and Mrs. H. H. Settle, served tea, sandwiches and minis. They were assisted by their young daughters who wore caps and aprons trimmed in shamrocks.

their efficient teacher, Mrs. D. M. Clark. After the meeting was called to order by the president, Mrs. R. E. Pittman conducted the devotional and made an inspirational talk on the "Macedonian Call." A business session was held and plans were made for future work.

### Fidelis Class Meets.

The members of the Fidelis Class of the Memorial Baptist Sunday school were delightfully entertained on Friday evening at the home of Mrs. H. R. Goodall, with Misses Dixie Taylor and Ada Hill assisting hostesses. The home was attractively decorated in keeping with St. Patrick's day, the lights being shaded with green and shamrocks much in evidence. A number of games, contests and readings were enjoyed. In the contests, Mrs. L. A. Stroud and Miss Dolphin were awarded sashettes and Mrs. Hill of Charlotte, sister of Mrs. Stroud, was awarded a novelty prize.

### In Memoriam.

Again the chain of membership of Greenville Woman's Club has been broken by the death of our beloved friend and co-worker, Mrs. John L. Wooten. In deepest sympathy we desire to express words of love and consolation to our bereaved president and her family.

### Eleven Negro Convicts Perish as Flames Sweep Thru Duplin Stockade

(Continued from page one) the cages, Bennett said, but the negroes were already dead from the terrific temperature raised within the iron cages by the flaming outer structure.

The stockade was built after the manner of many of the earlier prisons in the United States. It consisted of a high "stock" or stake fence covered with corrugated iron inside were cell houses. Similar prisons were used by both armies during the war between the states.

Raleigh, March 7.—(AP)—Mrs. W. T. Bost, state commissioner of public welfare, today instructed L. G. Whitley, state penal inspector, to proceed at once to Kenansville to investigate the prison stockade fire that cost the lives of eleven negro convicts early this morning.

Mr. Whitley was at Caledonia when he was reached by Mrs. Bost. Senator Rivers D. Johnson, of Duplin, who is attorney for Duplin county, and Junius K. Powell, head bookkeeper of state's prison, left early today to investigate the Duplin holocaust.

Governor Gardner, who has often termed state's prison a "fire trap," would not comment on the catastrophe except to question "What would happen if a fire like that broke out in the prison here?"

Mr. Pou, later in the day, presented each member of the General Assembly a brief communication calling their attention to the Duplin fire and asking for a new state prison, such as has already been proposed in a bill to reappropriate \$100,000 in funds for the prison.

If defined correctly and given its full value in deeds rather than in words, there probably is no word in the English language that means so much as the word "Service."

Unfortunately the word has become so habitual in its use by so many firms and individuals as well, that its real value in meaning has greatly deteriorated by its misuse by those who have formed the "Service Saying" habit, but failing utterly to live up to its true meaning.

The kind of Service rendered by this or any other store must be measured by the ATTENTION you receive in making a purchase, adjustment if there is any to be made, and the maximum ATTENTION to the quality of merchandise it sells if complete satisfaction is to be expected.

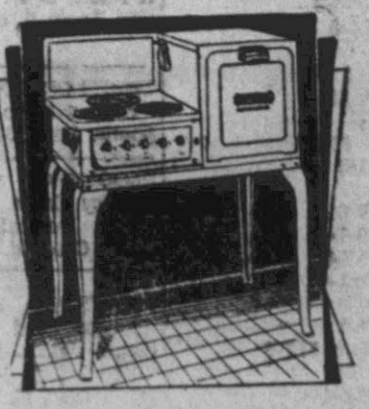

Call it what you will, the one main desire of this store is to give its patrons that kind of ATTENTION which makes for permanency and a satisfied customer. Anything short of this is not good service.

## Cotton--Stocks--Grain

### COTTON MARKET

New York, March 7.—(AP)—Cotton opened steady today at a decline of 11 to 14 points in response to weakness in Liverpool which was coupled with some selling here for Liverpool and continental account.

There was also considerable liquidation and some scattered selling from local or southern sources, but the offerings seemed to be quite readily absorbed by week-end covering combined with some buying believed to be for India and Japanese account. May sold off to 11.09 and October to 11.58 under the initial pressure but the demand was sufficient to hold prices around these figures up to the end of the first half hour.

The amount of cotton on shipboard awaiting clearance was estimated at 115,000 bales against 108,000 last year.

### GRAIN MARKET

Chicago, March 7.—(AP)—Led by corn, all grains advanced in price today, and closed at about the top level reached. Reports of huge snowdrifts impeding traffic were largely responsible, as implying serious delay to corn movement. Both France and Australia advised of probable reduction of wheat acreage.

Corn closed firm 1-8 to 7-8 higher; wheat as high as 5-8 up; oats 1-8 to 1-2 advance and provisions showing 5 to 20 gain.

### STOCK MARKET

New York, March 7.—(AP)—The stock market ended a week of sharp declines today with a brisk upturn, and bears took their profits and bulls generated a fresh current of enthusiasm in the electric power issues.

The market again reflected little save the churning about of prices by professional traders.

The persistent bullish activity in the utility shares this week, even in the face of unfavorable market conditions, apparently reflects determination on the part of utility interests to make hay while the sun shines, and the sun shines for them primarily with Congress out of session.

United Corp., the Morgan-Bonbright issue, was pushed up 2 points in heavy trading. American Water Works, Public Service of N. J., and Standard Gas made similar gains, and International Telephone and American and Foreign Power were sent up 3 points. Several issues, including Consolidated Gas and Electric Power & Light gained a point or more.

Trading was in large volume in the last half hour, as repurchasing by shorts became rather urgent. Transactions for the two hour session aggregated 1,500,000 shares. High fliers were Atchison and Allied Chemical, up about 6 points.

The amusement shares were pulled up by Adel-Kelth. Chrysler was firm, selling up a point to a new high for 1931. The market was able to ignore further reductions in crude oil and gasoline prices. Coppers and oils, however, were sluggish.

Week-end trade reviews were conservative and reported little tangible change.

**Shipping Disrupted** By Severe Storms on Eastern Atlantic

London, March 7.—(AP)—Wild storms which lashed the eastern Atlantic into a turbulent fury, today disrupted shipping as far north as Iceland and as far south as south as northern Africa.

J. P. Morgan's yacht, the Corsair upon which the Archbishop of Canterbury, convalescing after an attack of neuritis, is accompanying the financier to Palestine, had to put in at Gibraltar to escape the gale. The Ile de France and President Harding were many hours late on the way to Cherbourg because of the storm. The President Harding developed propeller trouble and may have to be drydocked.

A northeasterly gale whipped up high waves in the North Sea and broke over defenses on the southeast coast of England, flooding a large section of the sparsely inhabited flat country known as Romney Marsh. Two small coast resorts, Littlestone and Dymchurch, were battered and flooded at high tide.

## LEGION POST ASSISTS VETS TO FILE NOTES

**Committee Lends Aid In Making Out Applications for Government Laons**

J. S. Elliott, Commander of Pitt County Post, American Legion No. 39, of this city, stated today that a number of necessary forms have been received from the U. S. Veterans Bureau by the local post, and that arrangements had already been made for several of the local post officials and a special veteran loan committee appointed by him, composed of J. S. Elliott, at Pitt Chevrolet Co.; Layton McGugan at Home Furniture Co.; J. H. Waldrop, at Greenville Banking & Trust Co.; and A. B. Corey, at his office, in Greenville and C. C. Martin, at Turnage Bros., Ayden, and Z. V. Bunting, at his store in Bethel.

This committee will be on duty each day from now until further notice at their respective places of business for the purpose of assisting all veterans of this county in filing properly the necessary forms to secure at the earliest possible date the cash to which each veteran is entitled under the recent legislation authorizing loans up to fifty per cent of the full face value on adjusted service certificates.

Commander Elliott stated further: "The local Legion Post is always anxious to be of service to the veterans of this community. We believe that here is an opportunity for real service for the local post. The splendid manner in which the officials of this post the special veteran loan committee has responded to this call makes me realize more than ever before what a real organization this local post is. We are proud of the fact this post was one of the first in the whole country to pass resolution asking for the immediate payment in full and in cash of the full face value of all adjusted service certificates. In so doing, we believed then and now believe that such legislation is an economic necessity."

The national commander of the Legion has urged that only those who are in need of loans apply for same. "Practically all of the veterans in this community are in urgent need of this money which is now available because of the great fight which this post and the American Legion made for justice at the recent session of Congress. The American Legion is growing stronger each day. It is hoped that by the time the next session of Congress rolls around, the Legion will be strong enough to secure even more liberal legislation for veterans generally and for the widows and orphans of our deceased comrades—a legislative program which every veteran should help put over."

**Prodigal Returns**  
Asheville, March 7.—(AP)—C. L. Hodges had been away from home for many years, and Locke, his brother, was mighty glad to see him when he got back—for a few minutes.

Then Locke's happiness turned to wrathful sadness. The pair went to a barber shop, and as soon as Locke got all lathered up Claude got in his brother's car and drove off.

The car was found across the Tennessee line, but officers are still holding a larceny warrant against the prodigal.

Charlotte.—(AP)—Charles H. Gattis, for many years with associated railways of Virginia and the Carolinas, at Raleigh, has been named general passenger agent of the Seaboard Air Line at Norfolk.

## NEWS BRIEFS

### From Over The City and County

#### ALLEGED BOOTLEGGER INJURED IN COLLISION

Robert King, of Raleigh, was confined in the local hospital today suffering from a broken arm which he received in collision with another car near Greenwood cemetery last night. Police who investigated the wreck were said to have discovered in King's car a five gallon jug containing about a gallon and a half of whiskey. He will be given a preliminary hearing on a charge of possession and transporting liquor immediately after his release from the hospital. The driver of the other car, a negro from the Washington community escaped uninjured.

#### TWO NEGROES SENTENCED TO ROADS FOR ASSAULT

Ed Peyton and John Green, colored, were sentenced to thirty days each on the city's streets following conviction on a charge of mutual assault in police court.

John Green received an additional thirty days on a charge of simple assault. W. E. Elliott paid a fine of \$10 for being drunk.

George Harrington, colored, had judgment suspended on payment of cost on a charge of assaulting his wife.

#### POLICE TO ARREST PEOPLE WITHOUT LICENSE TAGS

Persons who fail to obtain city automobile license tags within the next few days will be halted before the mayor to explain why they did not, according to an ultimatum issued by Chief of Police Preston Pierce this morning.

The chief declared that license sales were far behind the same period last year because of the failure of the public to abide by the city ordinance providing that each car operating in the city limits carry a license.

The police have shown considerable leniency in the enforcement of the law the last few months, giving everybody ample time to procure licenses, but they have been instructed to go after violators hereafter.

#### FIRST PAPERS RECEIVED IN STATE ESSAY CONTEST

First letters in connection with the essay contest announced yesterday by the State Theatre were in the hands of the management today. The contest is open to anybody desiring to participate, and the subject is "Why it Pays to Advertise."

All compositions must be limited to fifty words written on one side of the paper with signature of the writer at the bottom.

The writer of the best essay will be presented a one month's pass to the State Theatre; the second a two weeks' pass; the third, fourth and fifth two passes each to witness the production, "Why it Pays to Advertise," to be exhibited at the State next Thursday.

All papers must be submitted by 12 o'clock next Tuesday.

#### WEATHER OUTLOOK FOR WEEK BEGINNING MONDAY

Generally fair except rain Thursday or Friday. Temperature below normal first half of week, warmer about Thursday and colder again at end of week.

#### TWO FRIENDLY INDIAN CHIEFS LOSE SCALPS

The Friendly Indian tribal warfare was a greater success than anticipated, this was largely due to the splendid trail left by the Mo-

hawk tribe. The trail was three miles long and the Cherokee and Blackfoot tribes had little idea that their adversary was camping along the river near the Third Street school. Although the Cherokee and Blackfoot tribes out-number the Mohawks, two to one; they were almost exhausted when they approached the enemy's camp, and felt little prepared for the conflict. However, they chased the enemy out of hiding and a battle ensued. Within twenty minutes the battle was over, and the warriors danced around the campfire exhibiting the scalps. Charles Horne, exhibited the scalp of the Mohawk chief and Arthur Williams the scalp of the Blackfoot chief. Prizes were given for the largest number of scalps, which fell to the two boys mentioned above. Now the fight is over—

#### Detroit Provides Solution for Red Demonstrations

Detroit, March 7.—(AP)—Time was when Communist demonstrations in Detroit occasioned bloody scalps and black eyes. A young red-headed fellow named Murphy took charge of affairs and changed all of that.

Today, Mayor Frank Murphy says he has solved the demonstration haven't done the same thing; it problem and wonders why others appears so simple.

His policy is based on the belief that "the fathers of the country meant what they said about free speech. People naturally are sensitive, impatient, dissatisfied, and the best policy is to let them give expression to their feelings."

Soon after Mayor Murphy went into office, Communists said something about a public demonstration. "All right," he said, "take Grand Circus park." Grand Circus park is a double square in the heart of the downtown section, and such a thing as a demonstration

there, or any sort of public meeting, never had been heard of.

"Then they wanted to parade," related the mayor, "and I told them to go ahead and parade. They wanted to come to the city hall, and I told them I'd be glad to see a delegation in my office while the rest stood outside."

#### Japan Celebrates Arrival of Princess

Tokio, March 7.—(AP)—The arrival of a new princess at the Imperial Palace today caused all Japan to celebrate, and while her birth left the emperor still without a male heir to succeed him on the throne, any feeling of disappointment among the people was well concealed.

The royal baby was born at 12:02 P. M., and is the fourth daughter born by Empress Naikoko. Since only male descendants of the Japanese emperors may occupy the throne, Prince Chichibu, younger brother of Emperor Hirohito, remains as the heir presumptive of the oldest unbroken royal line in the world. The line was established in 660 B. C. and Hirohito is the 124th emperor.

News of the birth was broadcast by radio throughout the nation and by a single blast of sirens in Tokio and other larger cities. Newspapers issued extras and the rising sun flag national emblem, was hoisted in many places.

The new princess who weighed 7 pounds 4 ounces, was quickly attired in white flannels and put into a tiny bed in the imperial nursery exit to the chambers of empress.

Emperor Hirohito, who had anxiously paced the floor in a nearby apartment, then had his first view of his new daughter. The baby was taking its first nap as the royal father entered. A few minutes later Princess Teru and Princess Taka tiptoed in to see their new sister, who continued to sleep.

Outside the palace a crowd.

### BOOTLEGGERS ATTEMPT TO SHIELD ONE ANOTHER

Greensboro, March 7.—(AP)—Honor among thieves has found its counterpart here in altruism among bootleggers.

Police found Sam Lockhart and Leroy Harris in a house with two gallons of whiskey. Each, trying to shield the other, claimed ownership.

Officers decided to let the judge get the straight of it.

### RASKOB PLAN CAUSES TALK ABOUT 1932

(Continued from page one)

Plans that embracing such an issue would amount to throwing away the 1932 chances of the party, though otherwise they appeared excellent.

Some Republicans agreed with them. Out of a Texas meeting of party leaders came a prediction that the G. O. P. would have easy sailing as a result of the Democratic row. That group yesterday endorsed without qualification Mr. Hoover's record and called for his renomination. So did the state convention of the party in Michigan.

An utterance, interesting because of its source, was attributed to Senator LaFollette of Wisconsin, Independent Republican, who was speaking in Philadelphia as saying Mr. Hoover's renomination on a home-dry platform was a forgone conclusion.

He said again that he saw no immediate twelping of public sentiment to justify a third party movement.
