DOAK SHOWS INCREASE IN EMPLOYMENT

Says Volume of Industrial Work Showed Marked Improvement During Feb.

Washington, March 12.—(AP)—Secretary Doak today reported there had been a general increase in the volume of industrial employment during February.

Doak based his announcement on department statistics. He said the increase constituted the first satisfactory indication of a general upward trend since the stock market collapsed in October.

He estimated the total number of persons employed in industry had increased 1.4 per cent in February as compared with January, and that the wages paid for February would be 7.5 per cent greater than in the preceding month.

"The volume of employment index of Bureau of Labor statistics for manufacturing industries for February will show a gain of 1.4 per cent in employment in February over that of January of this year," the secretary's statement said.

"These figures are based upon a comparison of 13,377 identical manufacturing establishments employing in February 2,772,219 workers having a weekly payroll in February of \$66,567,283.

"Usually employment and payroll indexes show an upward trend in February following the customary decreases in January due to inventory and repairs. The increase in employment, however, in January, 1930, was only one-tenth of one per cent, the increase in payrolls only 3.5 per cent. The present increase compares favorably with those in years prior to 1930, and is the first satisfactory indication of a general upward trend since the stock market collapsed in October, 1929."

Flippant Attitude of Mayor Walker Draws Criticism

New York, March 12.—(AP)—Mayor Walker's "flippant attitude" and "wise-cracking" were criticized in a petition to state authorities as demands for an investigation of his administration gathered momentum today.

A petition of the Society for the Prevention of Crime was sent to Governor Franklin D. Roosevelt and the legislature at Albany. Without impugning the mayor's personal integrity, it charged him with a "laissez-faire" toward official corruption and urged that Samuel S. Bay be authorized to inaugurate a sweeping inquiry into the city government.

"We would like to have some proof by aggressive action that the mayor really desires a clean city," said the petition. "We doubt if the mayor dares give it to us."

"We believe that wisecracking, the mere appointment of committees and the mayor's 'laissez-faire' policy must end. In the presence of dastardly conditions already disclosed, a flippant attitude by the mayor as we have should be the subject of investigation."

Mrs. Cooper Heads The State U. D. C.

Statesville, March 12.—(AP)—Mrs. Sydney P. Cooper, of Henderson, today was the new state Regent of the Daughters of the American Revolution.

Mrs. Cooper was elected to the position at yesterday's session of the 31st annual conference of the North Carolina D. A. R., held in this city. Mrs. W. Henry Bell of Charlotte was named vice-regent and Mrs. W. P. Gholson, of Henderson, corresponding secretary.

Mrs. Benjamin's Wiche of Charlotte was chosen State Regent of the Virginia Dare chapter. Daughters of the American Revolution, which held its annual meeting in conjunction with the D. A. R. conference, was elected second vice-regent; Mrs. W. R. Snow, Winston-Salem, recording secretary; and Mrs. W. S. Cunningham, Charlotte, corresponding secretary.

A feature of last night's session of the D. A. R. conference was an address by Charles G. Wood, U. S. commissioner of cession, who called upon every citizen to be alert against Communist activities.

Wood said Communist agitators prove their unity to the American government by "their political acts here and elsewhere."

He asserted the people of Gastonia were warned of the labor troubles there in which Chief of Police Adherald was slain but "paid no attention" to the warnings.

Says Prohibition Report Holds More Comfort For The Wets Than The Dries

Chairman Wickersham Expresses Surprise That Vehement Criticisms Should Come From Anti-Prohibition Sources

Boston, March 12.—(AP)—Chairman Wickersham of the Law Enforcement commission today interpreted the commission's prohibition report as holding more comfort for the "wets" than the "dries."

He expressed surprise that "the most vehement criticisms" had come from anti-prohibition sources, adding he thought "the wet" would have derived more encouragement from the report, and the separate statements of the commissioners attached to it than the "dries."

The 72-year-old commission chairman included this statement in a luncheon address before the Boston Chamber of Commerce. Hitting out at various criticisms of the prohibition report, Wickersham asserted it was untrue that the commission's conclusions and recommendations "were utterly at variance with the report."

He denied flatly statements that the dry law study had cost \$500,000, or "upwards of \$5 a word." The (Continued on Page Two)

Tells Of Dry Plans

Plans for a nation-wide organization to espouse the cause of prohibition were outlined before the southern convention of the Anti-Saloon League by Dr. F. Scott McBride, general superintendent.

DRY OFFICERS DEVELOP NEW ATTACK PLAN

Woodcock Announces Strenuous Campaign Against Dry Law Violators

Washington, March 12.—(AP)—Development of a new and more strenuous "plan of campaign" against dry law violators, built around the addition of 500 new dry agents, was made known today by Prohibition Director Woodcock.

Within recent days, Woodcock said, a circular has been dispatched to all prohibition administrators, deputies and instructors throughout the country detailing what is expected of them.

They have been ordered to submit, in reply, a plan of future operation in their territories, detailing the use in which the new agents authorized by Congress will be put.

"We want to have a definite plan of action in every section before July 1, the prohibition director said. There is no use in having increased facilities unless there is a plan of campaign to employ them."

The purchase of \$50,000 worth of automobiles for use by the dry forces also was announced. Bids will be sent out shortly, Woodcock said, in order that they may be delivered before July 1. They will be light, fast cars, costing less than \$1,000 apiece, he added.

HOOVER DAM WORK BEGINS

Task of Taming the Mighty Colorado Is Started By Government Forces

Las Vegas, Nevada, March 12.—(AP)—The taming of the mighty Colorado river got under way today. Actual work started on the Hoover Dam, a monumental engineering effort fittingly placed in a wild section that has been a land of romance since the sixteenth century.

The turbulent stream which draws its volume from seven states before emptying into the gulf of California, has been the object of study by government engineers more than 40 years.

Out of forty years of study and ten years of fighting came the Swing-Johnson bill, providing for an expenditure of \$165,000,000 for the great dam project, but even as the "hard rock" crews went on the job today the fight was still on in Washington.

Arizona, dissatisfied with provisions of the Swing-Johnson bill filed suit in the United States Supreme Court to prevent its consummation on the ground that it discriminated against the state.

Waving aside Arizona's opposition, the six remaining states of the Colorado River basin entered a compact under which the development work now proceeds. The Supreme Court case still is pending.

When Secretary Wilbur of the Interior Department yesterday accepted the bid of the Six Companies, Inc., of San Francisco for construction of the dam for slightly less than \$50,000,000, officials in charge announced work would begin immediately.

Joblet crews were called on the spot to clear a right of way for a rail line that will carry supplies to the dam site.

The flow of the Colorado at Yuma, Arizona, has reached 200,000 cubic feet per second, equivalent to that over Niagara Falls.

Imperial Valley leaders, faced continuously with annihilation by the flood menace, were joined by thirty fast growing sections of Southern California. Cities which sought the water for irrigation and domestic use in the fight for the day.

Now diamond drills and explosives are ready to bite into the mill-high walls of the Boulder Canyon.

Jackson School Cottage Wrecked By Flames Today

Concord, March 12.—(AP)—Fire, starting shortly before 2 P. M. today, practically destroyed cottage number 3, state-owned dormitory at Stonewall Jackson Training School near here.

Only the walls and part of the ground floor remained standing. Officials declined to estimate the damage pending examination by insurance experts. The building originally cost between \$15,000 and \$16,000.

An investigation of the fire's origin is to be undertaken immediately. Cottage number three, owned by the state, is one of the largest dormitories in the group which houses boys sentenced for correction from juvenile courts throughout this section.

Work of a firebug was seen in today's blaze. Burning rags were found Sunday in a cabinet in the Robeson County building, and Tuesday the dormitory donated by Rowan and Iredell counties was destroyed.

Plan to Fight Wets to the End

St. Petersburg, Fla., March 12.—(AP)—Unqualified opposition to any wet candidate in any election, and announcement of continued war against all foes of prohibition, had been registered today by the annual southern convention of the Anti-Saloon League of America.

Nearly a score of prominent dry leaders from all parts of the country addressed the four-day meeting, which ended yesterday with a stirring appeal from Dr. F. Scott McBride, general superintendent, to all in sympathy with prohibition to re-dedicate themselves to its cause.

Prohibition education, legislation and enforcement formed the keynote of the addresses.

Upon adjournment, Dr. McBride announced that the next regular annual convention of the league would be held in Washington, January 16, 1932.

NAMED IN 'LOVE MARKET' INQUIRY

Alexander Pantages (left), theater magnate, John P. Mills (upper right), San Diego oil man, and William Jobelmann, theatrical press agent, are among those who face charges in connection with the operation of a Los Angeles "love market" which officials said had young girls on call for week-end parties.

BAZAR PROBE SHIFTS TODAY

Investigation of "Girl Market" Shifted From San Diego to Los Angeles

San Diego, Cal., March 12.—(AP)—Investigation of an alleged "girl bazar" which resulted in the filing of charges against five persons, among them Alexander Pantages, millionaire theatre magnate, shifted today to Los Angeles.

San Diego deputies were sent to Los Angeles where the original expose was made last week, to ferret out information for the prosecution of Pantages, John P. Mills, real estate operator; Jesse H. Shreve, San Diego business man, and William Jobelmann, former publicity agent for Pantages. They also seek the rearrest of Olive Clark Day, the fifth person involved in the charges here.

Pantages and Mills surrendered and were arraigned here yesterday. They were released on \$15,000 and \$10,000 bonds, respectively. Mrs. Day, accused of operating "the girl bazar" in Los Angeles, was released under bail shortly before the local charges were filed. She, Jobelmann and Mills were charged with abusing a girl there.

The appearance in court of Pantages, who was in Azusa, California, Mexico, when the charges were filed, barely forestalled his arrest in public. A bench warrant was being prepared when he dashed into the courtroom. Pantages had flung his coat over his head to foil cameras.

Pantages is under bond of \$100,000 on appeal of a conviction in Los Angeles in 1929 of criminally assaulting Eunice Pringle, co-ed dancer.

Georgia Salesman Held for Shooting Arkansas Legislator

Little Rock, Ark., March 12.—(AP)—W. U. McCabe, representative from Baxter county in the Arkansas state legislature, was shot and seriously wounded by a bullet which passed through the door of his hotel room early today. H. G. Lansdale, an Atlanta, Ga., traveling salesman was taken into custody following the shooting.

Officers said they found a small calibre revolver in Lansdale's room, which was across the hall from that occupied by McCabe. McCabe's condition is so critical that officers were unable to question him.

No charge was filed against Lansdale. Officers said he was held for questioning after they learned from the hotel clerk and those occupying nearby rooms that the salesman was intoxicated and had been creating a disturbance just before the shooting.

The hotel clerk said he had received several complaints about noise from both McCabe's and Lansdale's room, including one from Lansdale who was reported to have told the clerk: "If you don't stop him, I will."

The clerk was preparing to investigate when he heard the shot and hurrying to the sixth floor he found McCabe lying on the floor, a bullet wound in his chest.

ALLOT MONEY FOR HARBORS

Two Carolinas to Get More Than Million and Half Dollars From Federal Fund

Washington, March 12.—(AP)—More than a million and a half dollars was allotted to North and South Carolina by the War Department today for river and harbor work in the two states.

The allotments were part of \$75,000,000 allotted for work in all parts of the country. They included: Inland waterway Norfolk, Va.—Beaufort Inlet, N. C. \$280,000; Roanoke river, N. C. \$5,000; Mackay Creek, N. C. \$1,100; examinations, surveys and contingencies (general) Norfolk district, \$2,300.

Intra-coastal waterway Cape Fear river, N. C.—Winyah Bay, S. C. \$500,000; Pamlico and Tar rivers, N. C. \$2,000; Trent river, N. C. \$2,000; Beaufort harbor, N. C. \$11,000.

Inland waterway from Beaufort to Cape Fear river, N. C. \$185,000; Beaufort Inlet, N. C. \$13,500; Cape Fear river, N. C. at and below Wilmington, \$270,000; Cape Fear river, N. C. above Wilmington, \$5,000; Northeast (Cape Fear) river, N. C. \$1,500; Black river, S. C. \$1,500; examination, surveys, and contingencies (general) Wilmington, N. C. district, \$4,000; Winyah Bay, S. C. \$27,000.

Wee-wee river, N. C. and S. C. \$3,500; Great Pee Dee river, S. C. \$4,500; waterway Charleston-Winyah Bay, S. C. \$27,000; Charleston Harbor, S. C. \$8,000; waterway from Charleston-Beaufort, \$9,000; examinations, surveys, and contingencies (general) Charleston district \$9,000.

Washington, March 12.—(AP)—Allotment of more than \$75,000,000 for river and harbor work in all parts of the country was announced today by the war department.

The allotments were made up of \$50,696,111.97 from the \$60,000,000 appropriated for rivers and harbors work for the present fiscal year. The remainder will close the department's emergency appropriation fund of \$22,500,000.

The Missouri river received the largest single allocation with \$6,149,800 for work from Kansas City to the mouth. Thus far during the fiscal year, with the present allocation Missouri river allotments will total \$13,385,000.

"These allotments provide for carrying forward many important projects," a statement by the War Department said and will aid materially in the further relief of unemployment.

THE MIGHTY FALLS!

Fargo, N. D., March 12.—(AP)—How the mighty hath fallen. For a long time it has been known that diversification of crops and other factors have been forcing the cowboy to make his last stand in the Bad Lands, but no one has ever thought he would be called upon to fill a request like the one a woman made in a want-ad in a North Dakota newspaper. It read: "Wanted—A good cowboy to herd turkeys."

Senate Sends Gambling Bill Back To Committee For A Public Hearing

Urges Progressives To Draft Program For The Stabilizing Of Industry

Sen. La Folette Sees "Breakdown of Industrial, Financial Leadership and Calls On Conference of Independents to Act

Washington, March 12.—(AP)—A "breakdown of the industrial, financial and political leadership" of the nation was seen today by Senator La Folette, Republican, Wisconsin, when he called upon the conference of Progressives to draft a program for stabilization of industry and employment.

In asking for remedies, Senator La Folette offered none but said "it is not enough to criticize." He held that Independents in Congress are ready to exercise their power in the next session and urged formulation of the program.

"The terrific dislocation of our national life," he said, "was not caused by over-production. The people of this country, and countless millions abroad, would have consumed more than we produced had their purchasing power been adequate to absorb the output of factory and farm."

"Only a few days ago, Congress adjourned without taking any action to relieve the distress caused by unemployment. The Federal Government gave assistance only to those farmers in the led rough-stricken states who could furnish adequate security."

La Folette said he and Senator Walsh, Democrat, Massachusetts, in a survey determined that more than 170 cities of more than 5,000 population could not cope with unemployment.

Claims Estate

Arnold Franklin, sister of Vivian Gordon, slain vice inquiry witness, went to New York from Cincinnati to press a claim for a share of the Broadway butterfly's reported \$50,000 estate.

COURT DENIES MOTION TO SET DENISON FREE

Government Rests in Liquor Case Against Former Illinois Congressman

Washington, March 12.—(AP)—Justice Peyton Gordon today denied a motion for a directed verdict of acquittal of Edward E. Denison, former representative of Illinois, charged with possession of liquor.

Defense counsel, in making the motion after the government had rested, contended the prosecution had failed completely to make out a case against Denison, that the liquor laden trunk seized in his office more than two years ago was not under the control of the defendant and its contents not known to him.

E. Hilton Jackson, of defense counsel also attacked the validity of three samples of liquor brought into court as contended by the government to have been part of the seizure.

"This is the most singular and extraordinary case ever to come before the prohibition department," Jackson argued.

"There is evidence here to convict that department of the grossest, most singular and most sinister carelessness and utter disregard of the rights of citizens."

He added the government had two years to properly identify the samples yet every step taken "cast the most serious suspicion upon the integrity of the samples and the whereabouts of the liquor."

Bishop Cannon Defends His Son

Pasadena, Cal., March 12.—(AP)—Bishop James Cannon, Jr., of the Methodist Episcopal church, South, has personally entered the defense of his son, Richard M. Cannon, convicted recently of failure to pay wages to employees of a school he managed. They studied Justice court records together here yesterday.

Young Cannon was sentenced to 90 days in jail, but requested permission to appeal and was released on bond. A further hearing was postponed until March 17 at the bishop's request.

Bishop Cannon who came here recently from Washington said he was resting to improve his health.

March of Education — Greenville, Ind. — (AP) — The steps of Meharry hall, chapel of DePauw university, have been worn so deep that new trends have had to be installed as a safety measure.

Bill to Legalize Betting On Races In Buncombe Meets Stormy Opposition From Ministers In All Parts of State; Public Hearing Set for Friday Afternoon; House Acts Favorably On the Whedbee Bill; Hundreds Gather for Hearing on School Law

Raleigh, March 12.—(AP)—Refusing to let the bill go to third reading without a public hearing, the Senate today sent the Reid racing bill back to its committee on counties, cities and towns and a hearing will be held Friday afternoon.

The measure has passed the House and was approved on second reading in the Senate last night.

Under its terms pari-mutuel betting machines would be allowed in Buncombe county and it has brought the opposition of ministers in every part of the state. Legislative interest centered in it today to the exclusion of all other business.

House carried the move for a new constitution for the state a step nearer of completion by passing the Whedbee bill to allow voting on Constitutional amendments at a special election. Under the present law this may only be done at general elections.

Much interest was also evidenced in the meeting of the two finance committees this afternoon in the hall of the House of Representatives when hundreds of farmers and landowners are expected to protest against efforts to repeal the MacLean school law requiring state support of this six months constitutional term without an ad valorem tax on land.

Upon motion of Mrs. McKee of Sylvia, only woman member of the Senate, the pari-mutuel bill was first referred to a judiciary committee but as it had previously been referred to counties, cities and towns it was recalled and again sent to that group.

A public hearing will be held Friday at 3 P. M. on the Act. Last night the measure passed its second reading in the Senate but during the night hundreds of telegrams from ministers and others poured into Raleigh in opposition to the bill.

Its legislative course has been extraordinary.

Sponsored by the 77-year-old veteran, Mark Reed of Buncombe, the bill was voted against by his colleagues. Representative Howell and Senator Bernard.

Information in Raleigh is that it has sharply split sentiment in Asheville, with one group working unceasingly for its passage and another equally as large opposing it.

Today the Senate heard Ward of Beaufort exhort for re-reference of the bill while Senator McLean of Polk bitterly opposed any delay further than tonight, as was suggested in a substitute motion of Senator Johnson of Duplin.

"There is no reason whatsoever to re-refer this bill," McLean said. Commenting that making it a special order for tonight would "give elders and preachers time enough to talk to you and me before 8 o'clock tonight."

The bill was once tabled in the House, recalled and hotly debated on second reading. Passed on third reading without a murmur and favorably reported an hour later by the Senate committee. An attempt in the House today to recall it failed but the fight on re-reference prevailed in the Senate and the bill must be dormant at least until Friday.

Under it a racing commission is created in Buncombe to grant racing franchises at the rate of \$5,000 per day with pari-mutuel machines allowed in connection with the races.

FIERCER GRIP OF WINTER

London, March 12.—(AP)—Winter still held most of Europe in a fierce, unrelenting grip today.

Germany, France, Austria, Switzerland, Scandinavia, Holland and the British Isles suffered from storms which began last week and

MANY PITT COUNTY MEN JOIN MASS APPEAL FOR TAX REDUCTION TODAY

Numbers of Pitt County farmers joined thousands of others from various sections of the state in a pilgrimage to the Legislature today to demand immediate action looking to the reduction of taxes. The gathering was called through farm organizations of the state as result of a bill now before the General Assembly seeking repeal of the McLean School Bill, a measure passed several weeks ago giving the state control of the entire school system. It was understood that the plan to defer revaluation of property would also receive attention of the chief speakers of the delegation.

CITY JAIL DECLARED IN "GOOD" CONDITION

Following inspection by a member of the State Department of Health, the Greenville city jail has been declared in good condition.

Mayor J. C. Lanier yesterday received notice from the Sanitary Department of the Health Office that the inspector found the walls, floors, and bunk clean and tidy.

The following recommendations were presented with a view of bringing about even a greater improvement in the jail:

Provide slips for the new mattresses; remove slop cans daily and installation of sewer commodes if possible; police the jail, regularly and daily.

The inspection, it was said, resulted from complaints regarding the insanitary condition of the jail.

STATE SWINE SPECIALIST WILL SPEAK AT STOKES

W. V. Hayes, swine specialist of the State Extension Department, will be in the city today and tomorrow conferring with growers concerning the development of swine.

He was scheduled to visit Stokes tonight at which time he will make

ACHES, PAINS QUIT COMING

Kentucky Lady Took Cardui and Tells How She Was Greatly Benefited.

Hopkinsville, Ky.—"I used to have headache and dizziness, and at times would have severe cramping spells," says Mrs. Mackey Scott, of 102 North Kentucky Avenue, this city.

"This unlit me for my work or any pleasures that I wanted to enter into. I am naturally a very active woman and I did not feel this way until I gave two or three days at a time to aches and pains. So I looked around for a remedy.

"I had heard a great deal about Cardui and seeing it advertised I decided to take it. I took four bottles and it did me a world of good. It seemed to regulate and strengthen me. I quit having headaches and felt fine.

"I have never ceased praising Cardui to my friends and neighbors for what it did for me."

For more than fifty years, women who had suffered, or who had gotten into a run-down, weak condition, have been enthusiastic in praising Cardui for the benefits obtained from its use.

CARDUI
USED BY WOMEN FOR OVER 50 YEARS
Take Theodor's Black-Draught for Constipation, Indigestion, Bloating, 25 cents a package.

a talk dealing with this form of industry. Although his itinerary had not been completed, it was said that Mr. Hayes would probably deliver other talks to county farmers before his return to the capital.

CHICKENS AND HOGS BRING GOOD RETURNS TO FARMERS

Co-operative shipment of poultry is nearing prohibition in Pitt county at the present time, but several other shipments are scheduled during the spring.

The next shipment will move toward the north next week members of the Department of Agriculture, who have charge of the co-operative movement, stated today. Between \$2,000 and \$3,000 has already been paid to Pitt County farmers for their poultry this season, but the amount will be considerably increased at the end of the season. Two carloads of hogs have been shipped to northern markets this year, bringing the growers in the neighborhood of \$2,000.

INTERNECINE STRIFE PLANNED BY INDIANS

At the officer's meeting of the Friendly Indian Boys, which was held Wednesday afternoon, it was decided to have another Indian warfare in another section of town. The invading tribe or enemy is not known, but the scouts of the Cherokee, Mohawk and Blackfeet tribes will be sent out early on Friday evening.

The three tribes are asked to be present at the Junior Room at 7:15 Friday night, and full details of the warfare will be explained. Last week the tribes only got the scalps of the enemy, this time they are asked to bring his body and a prize will be given.

The Blackfeet meets also at 4:30 P. M. Friday for their weekly Powwow, and on Saturday morning at 10:30 for a hike and paddle boat race. Bring a lunch if you want to eat, for you will feel mighty hungry on this hike.

A significant statement was made by President Hoover in his Memorial Day address at Gettysburg: "The things of the spirit alone persist. It is in that field that the nation makes its lasting progress." This is also true in organizations of this kind, and I am urging on you to go to Sunday School regularly and attend church as much as possible during this Lenten season. Daniel Sater has earned more merit for faithfulness in church worship than any other members of the Friendly Indians.

SENIOR H. Y. MEETS TONIGHT IN THE JUNIOR ROOM

The Junior H. Y. met last night in the Junior Room of the Shepard Memorial Library and after the devotionals, the father and sons banquet and the presenting of a missionary play were discussed. The latter part of the evening games were played and prizes offered the winners. The following boys were the winners: Tom Wilson and Ernest Lee Clark. Albert B. Osborne member of the advisory council, told the members that the club lacked only three members having its quota.

The Senior H. Y. meets tonight at 8 o'clock. Membership cards from the State Y. M. C. A. are here and also the monthly report.

SIX REALTY TRANSFERS HERE FROM MARCH 7 to 11

Six realty transfers were made in Pitt county between March 7 and 11, according to records in the office of the Register of Deeds.

The most important exchange was that of J. K. Proctor, mfg., to Dr. L. C. Skinner, for a consideration of \$1,200. Other transfers involved sums ranging from \$10 to \$127.

The deeds registered here follow: K. A. Pittman, Tr., to Mrs. L. C. Fletcher et als, 22 acres \$100; Alfred Evans, Mfg. to Redmond Johnson, 2 lots \$100; Redmond Johnson and wife to Alfred Evans, 2 lots \$10; W. B. Brown and wife to R. S. Smith et als, 1 lot \$127; J. K. Proctor, Mfg., to Dr. L. C. Skinner, 1 lot \$1,200; Jarvis Mills et als to L. A. Mills et als, 25 acres \$1.00.

SAYS PROHIBITION REPORT HOLDS MORE COMFORT FOR THE WETS THAN DRIES

(Continued from page one) total amount expended upon it, he said, was \$56,958.50, addition of overhead expenses leaving the cost below \$100,000. The commission technically ceases to exist after July 1.

Discussing reactions to the commission report, Wickersham said comments of "the dry press and of dry organizations" had been friendly.

"They seem," he continued, "to have taken to heart the criticisms of methods adopted by prohibition advocates in the past, and to have realized from the description of existing conditions the need of rallying their forces and reconsidering their plans in the light of the facts set forth."

"In the past there has been much well founded complaint of the extreme intolerance of the prohibitionists. Their peculiar characteristics of late appear to have been appreciated by their opponents. Apparently a large body of anti-prohibitionists expected the commission to find a way for them to secure liquor with ease and were enraged when we failed to do so."

Wickersham spoke at length upon the reported "differences" between the individual reports of the 11 commissioners and their brief conclusions. He contended the differences mainly were confined to remedies suggested for recognized ills.

"The report frankly recognizes the evils which have developed in the course of ten years of the administration of the national prohibition act, but nevertheless points out that the great achievement of the act has been the abolition of the legalized saloon," he said.

"The question of alternatives to the existing order gave members of the commission great concern," he said. "Some of us, of whom I am one, feared that any of the modifications proposed would inevitably lead to the restoration of the licensed saloon, with all the evils of this institution in the past, and therefore were unwilling at this time to abandon all further efforts to bring about a general observance of the eighteenth amendment."

Wickersham listed the experts who are preparing reports upon various phases of crime, including data showing "much rank maladministration" regarding the deportation of aliens, a study of lawlessness of governmental officials, and an inquiry into federal and state prisons and approximately 18,000 jails.

"I can not but think," Wickersham concluded, "it will be a misfortune if in the development of our political conditions the only reward of such efforts should come to be misunderstanding, misrepresentation and abuse."

URGES PROGRESSIVES TO DRAFT MEASURES FOR STABILIZATION OF INDUSTRY

(Continued from page one) employment relief. He added "the administration lacked either the will or the courage to meet this crisis."

In response to LaFollette, remedies were suggested by other

speakers. George E. Scule, of the labor bureau New York City, proposed creation by Congress of an economic general staff to work out a national economic policy.

Leo Wolman, employment expert connected with the national bureau of economic and research, also advocated establishment of some machinery such as an economic council.

He suggested organization of a system of public employment exchanges; greater control of planning of public construction and unemployment insurance.

LaFollette assailed proposals of industrial leaders for mergers and reduction of wages asserting the program means reduced living standards and permanent unemployment.

"Armed with a fundamentally sound program," he concluded, "supported by an aroused and enlightened public opinion, we believe the Progressives can exercise their balance of power in the next succeeding Congress for the public welfare, independent of party alignments."

TO GIVE DRAMA OF WORLD NEWS

Associated Press to Radio-cast Program From New York On Saturday Night

New York, March 12.—(AP)—Against a backdrop of the click and hum of high-speed telegraph typewriters, the Associated Press will radio-cast Saturday night the never-ending drama of gathering and distributing the news of the world.

For half an hour, beginning at 7:30 P. M. (EST) microphones set up in the general news room of the New York headquarters, will carry over WEA and WJZ with the combined chains of the National Broadcasting system the heart-beat of this news gathering organization whose arteries encircle the globe. Every available station from coast to coast will be cut in.

Kent Cooper, general manager of the Associated Press, will make a

DEMOCRATIC CHIEFS DISCUSS PARTY ISSUES

Important figures at the meeting of the democratic national committee in Washington, discuss issues presented by speakers at the meeting during a recess. Left to right: Former Gov. Alfred E. Smith, John J. Raakob, chairman of the democratic national committee; Jouett Shouse, chairman of the executive committee, and James M. Cox of Ohio.

brief address, explaining the purpose and functioning of the organization. He will be introduced by M. H. Aylesworth, president of the National Broadcasting Company, through whose co-operation the broadcast was arranged.

After Mr. Cooper, George Hicks and James Wallington, announcers will make a tour of the news room, describing the work of the editors, reporters and operators through whose hands pass 367,000 words a day recording the events of the

world on their way to the news columns of 1,300 member newspapers of the Associated Press in North and South America and through allied news gathering agencies to the papers of the old

world. A close-up of the work will be furnished in interviews with J. M. Kendrick, executive news editor in charge of the news report to morning papers, and other editors on the news that is developing at the moment of the broadcast. Accounts of how outstanding news events of the last few years were covered will be part of the program, which will be listed as "on top of the world."

SUNSHINE MELLOWS Heat Purifies

LUCKIES are always kind to your throat

The advice of your physician is: Keep out of doors, in the open air, breathe deeply; take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

Everyone knows that sunshine melloWS—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret heating process. Harsh irritants present in all raw tobaccos are expelled by "TOASTING." These irritants are sold to others. They are not present in your LUCKY STRIKE. No wonder LUCKIES are always kind to your throat.

"It's toasted"

Social and Personal

Mrs. Arthur Copeland, of Kinston spent Wednesday with her sister, Mrs. O. G. Gully.

Mrs. N. S. Fulford is spending a few days in Fayetteville.

Mrs. P. H. Von Eberstine and Miss Mable Von Eberstine have returned from a visit in Washington.

Mrs. Bruce Warren returned yesterday from a visit in Fayetteville.

Miss Sonora Moore is spending some time in Richmond, Va.

Mr. and Mrs. Curtis Perkins have moved from East Ninth street to West Fourth street.

JUNIOR WOMAN'S CLUB TO MEET TOMORROW

The Junior Woman's Club will meet in the club home Friday afternoon at 3:30. Misses Catherine Warlick, Mary Lou White and Leila Thomas will be hostesses.

Junior Woman's Club Meets.

The Junior Woman's Club held its regular meeting at the Woman's Club building on Friday afternoon, with Mesdames Dick Bundy, Soup Porter and Selma Carson Moore serving as hostesses. The meeting was presided over by Mrs. George F. Hadley, in the absence of the president, and the minutes from the preceding meeting read by the secretary, Miss Sonora Moore. Quite a bit of business was disposed of. Miss Jesse Moye, our sponsor, read a letter to the club from Mrs. Land, president of the State Federation, concerning the placing of books in the jail for the benefit of the prisoners. Mrs. Laughinghouse reported that she had talked with the city librarian concerning our gift of books for the library, the selection and presentation of which will be made shortly. Mrs. Harrington, chairman of the ways and means committee, then reported that she would sponsor a picture at the Capitol Theatre and asked the hearty co-operation of the members.

Flowering Shrubs.

One of the first shrubs to begin blooming in this part of the state is the *Jasminum nudiflorum*. It begins blooming the last of January and continues for several weeks. Its graceful drooping branches are a mass of gold before the leaves come, that is why it is called *Nudiflorum*, meaning naked-flowering; stems with flowers but without leaves. *Cydonia japonica* or Japanese quince, with bright red flowers, are the most popular color but there is a pink variety. This shrub is sometimes erroneously called hawthorne. It has a fruit that is like the real quince but it is not edible. The fruit is fragrant when ripe and is very acid. This shrub is used for hedges as well as specimens in among other shrubs and evergreens.

Teachers Entertain P. T. A.

Winterville, March 11.—The teachers of the Winterville high school entertained the P. T. A. at a most delightful party on Tuesday evening, March 9. With get-acquainted games, contests and other amusing features, young and old made merry, hard times were forgotten and truly for the evening, "Happy Days Were Here Again." The climax of the evening's entertainment came when the entire faculty presented a musical revue with a sixteen-piece orchestra. Delicious refreshments were served and all present voted this one of the best meetings of the year and the teachers most charming hostesses and delightful and versatile entertainers.

NO CHARGES PREFERRED YET IN INJURY TO GIRL

Kinston, March 11.—Authorities here have preferred no charge against Mrs. Lane Lehue, Greenville woman whose automobile ran down a seriously injured Mary Ormond, 15, Contentnea high school girl on a road near Kinston. Lieut. William Croom of the highway patrol states the outcome of Miss Ormond's injuries will be awaited. She may be hurt internally. Questioned by officers, Mrs. Lehue broke down. She said she became confused when she saw the girl crossing the road at a point where a school bus was parked temporarily.

OFFICERS PRESBYTERIAN CHURCH TO MEET

The officers of the Presbyterian church will meet at the Shamrock Dining Room this evening at seven o'clock.

Easter Special.

NEWS BRIEFS

Sumpter, S. C.—(AP)—William DuBose, 30, was probably fatally injured when his logging truck overturned, pinning him beneath it.

Asheville.—(AP)—Plans for reopening the Bank of West Asheville, the Farmers and Traders Bank at Weaverville and the Citizens Bank and Trust company at Waynesville are well under way; depositors committees reported today.

High Point.—(AP)—Burch Durham was bound over to Superior court here charged with murder and hit-run driving as the result of the death of Woodrow Medlin, newsboy, under the wheels of an automobile.

Fors, City, N. C.—Approximately \$350 worth of merchandise was stolen from Dalton Bros. Department stores by thieves who entered during the night.

Rockingham.—The three-day-old daughter of Clarence Bolston was almost instantly killed when she ran in front of the car of C. D. Parker, who was exonerated of any blame.

Avalon, Calif.—The Chicago Cubs today faced eastward and sundry recruits were wondering who would be left behind after the series with the Los Angeles club which opens tomorrow.

St. Petersburg, Fla.—Freddy McGuire, who hit Lou Gehrig while attempting to complete a double play during yesterday's game, today was slated to do a little resting. Manager McKechnie, of the Braves, said that Freddy looked tired and evidently hadn't fully recovered from his humpago attack.

St. Petersburg, Fla.—Freddy McGuire, who hit Lou Gehrig while attempting to complete a double play during yesterday's game, today was slated to do a little resting. Manager McKechnie, of the Braves, said that Freddy looked tired and evidently hadn't fully recovered from his humpago attack.

No grime or grit. MELLO-GLO prevents large pores and never smart or feels dry. Blends naturally with any complexion. Demand Mello-glo.

SEE OUR WINDOW W. L. BEST "Pitt County's Leading Jeweler"

Dixie Diversifies to Its Old Throne

Atlanta. —(AP)—A fight has been started this year to oust "King Cotton" as the absolute monarch of Dixie farms. Agricultural experts who have given much time and thought to farm problems in the south are agreed that the farmer who continues to depend on cotton for a living is playing a losing game. Vigorous campaigns are being waged in practically all southern states to make 1931 a banner year for diversified crops, co-operative marketing and generally "living at home."

During the past five years the value of cotton produced in the United States has decreased approximately \$250,000,000. United States department of commerce figures show:

In Georgia alone cotton was responsible for less than one-third of the total value of farm products grown last year, the total of which was \$397,288,000.

The value of dairy products was \$20,000,000; livestock \$78,273,000; corn, \$44,000,000; tobacco, \$16,000,000; poultry and eggs \$40,000,000.

Dairying has been considered the "best bet" for farm relief in the south. In 1909 no butter was manufactured commercially in Mississippi and census reports indicate sales of home-produced butter at \$334 pounds.

In 1923 the total 24 creameries turned out 7,850,465 pounds of high grade butter, and agricultural authorities said the poundage was greater in 1929 and 1930.

J. C. McCain, extension dairyman of the United States department of agriculture, said one small co-operative creamery in Mississippi had distributed an average of \$20,000 a month to farmers for dairy products for the past several years.

Exposition Steering Committee to Meet Here Monday Night

The first meeting of the Steering committee of the Eastern Carolina Exposition, will be held in Greenville Monday night March 16th at 8:15 in the Greenville Merchants Association rooms. More than sixty members from more than a dozen towns in Eastern Carolina made up this committee. President Guy V. Smith and Secretary Bartlett announced that this first meeting is to be very important in that the program will be decided upon at this time. A complete five days program will be submitted by the officials for consideration by the committee Monday night. "We want a full committee meeting" President Smith said. The opening date of the exposition is only seven weeks off from Monday night and things will have to be speeded up a bit to get everything in readiness for the big opening day. The committee selected Forbes and Morton Warehouse on Dickerson avenue as the place for holding the show. This house is centrally located and has sufficient floor space to take care of the large number of exhibits that will be offered for display.

an artificial hay drier at the University of Louisiana; has made possible the growing of larger and better hay crops in several instances and removed the danger of having the hay spoiled by rain before it can be cured.

Evidence that farmers are interested in scientific ideas that can be applied to their work comes from the fact that in 1930 the 153 farm agents and home demonstration agents in Tennessee reached more than 1,000,000 people in their improvement program.

One railroad, serving a large agricultural area in the heart of the south, reported through its farm representative that in the past five years league seed shipped into its territory for planting increased from 92,000 pounds to 1,800,000 pounds in 1930.

Coming of the dairy industry has brought the necessity for larger production of hay. Invention of

THERE IS ONLY ONE RIGHT WAY

Just a few days ago the people as a whole and the press of our state found occasion to congratulate the legislature on its action in promptly tabling the measure that would legalize gambling on races in Buncombe county. Now immediately following this the legislature has seen fit to reverse its former sensible and dutiful action and permit a re-hearing of the bill which unless killed by the Senate on the final reading will become a law and a disgrace to our state.

Advocates of tax reduction from various parts of the state went to Raleigh today with the express purpose of convincing the Legislature of their desire for a lifting of the tax burden. They see in the bill designed to kill the McLean school measure a desire of certain elements to leave the tax problem with the landowners and hope to fulminate sufficient emotional charges to cause the legislators to adhere to the plan of raising the taxes from some source other than land.

Seed Crusings Show Slow Gain

Washington, March 12.—(AP)—Cottonseed crushed during the 7 month period, August 1 to February 28, was reported today by the Census Bureau to have been 4,126,489 tons, compared with 4,099,091 for the same period a year ago, and cottonseed on hand at mills February 28 totaled 376,551 tons, compared with 325,517 a year ago.

ABOUT TOWN

Despite the fact that the fetsom of this thriving community is incarcerated within its walls from time to time, the city jail has been able to establish a good rating with the State Department of Health. A recent investigation of the jail revealed the fact that it was in the best sanitary condition, and the inspector went back to Raleigh and wrote city officials to that effect.

The girls' basketball team of the Greenville high school has won the championship of the Northeastern Athletic conference. Not only that, but they have emerged at the end of the season without the loss of a single game.

This is the first time a girls' team has been able to claim such distinction in the history of the school, and they deserve the highest commendation of the public. The success of the club is due largely to the untiring effort of Miss Dorothy Brown, coach, who has done everything in her power to win for the city the laurels of the conference.

Greenville is proud of the enviable record and hopes the young women will continue to strive to prove their superiority in contests in future years. Advocates of tax reduction from various parts of the state went to Raleigh today with the express purpose of convincing the Legislature of their desire for a lifting of the tax burden.

The battle to transfer the tax burden has been one of the most bitter the state has seen in many a day, and if the legislators do not arrange some way to meet popular demand it is inconceivable that any of them should be able to find their way back to the legislative halls after the next election.

The landowners, especially in this section of the state, have borne the brunt of taxation ever since the nation was formed, and it is nothing but fair that they should be relieved. There are plenty of sources to place the burden of defraying expenses of the schools and if this Legislature does not find a way to do it, then some other will.

Despite the cold wave which has gripped this community the last several days the harbingers of springtime have come in the form of thousands of robins. Flocks of the "red breasts" may be seen from the highways in all sections of the country, and needless to say they are welcome.

People who have shivered from the low temperatures offered the section from time to time this winter will be glad to welcome anything presaging the coming of warmer weather and the sooner the forerunners of springtime bring on the balmy days the better everybody will like it.

However, this locality has suffered little compared with other areas of the country which have been snow-bound and exposed to indescribable furies of the winter for months. The weather man has been very considerate of Pitt county, and we have no cause to grumble about discomfort and coal bills.

Over two millions of dollars will be spent for new highway construction in North Carolina during the next several months. Contracts have already been awarded and as soon as work gets under way hundreds of men who have been suffering from the effects of unemployment will find themselves on the payroll again.

The project was made possible by federal funds released sometimes ago for the relief of the unemployment situation and will add greatly to the system of hard surfaced roads which has gained recognition for North Carolina throughout the entire country.

Construction work of this kind is filling a twofold object in that it provides the state with additional highway and at the same time furnishes work for the unemployed.

Command of God—Safeguard of Home

In the lecture last evening at the local Catholic church on the Commandments, Father Gable pleaded for a return to the law of the Decalogue as the salvation of the home. The lecture was as follows: Every executive that assumes a new position first ascertains what are his rights and responsibilities, and from that he formulates his policies. The smallest and yet the most potent organization we know—the family—is not without its rights and responsibilities. To whom can its executives turn for guidance to ascertain for certainty what are their privileges and duties. Many new theories are being tried; others are being proposed. Being man-made they are ultimately bound to fail. There is only one to whom they can turn for direction that will be for the greatest happiness of the members. He, Who is the Creator of family and society can best determine what are the rights and duties of the respective positions; and they are all implied in the words: "Honor Thy Father and Thy Mother." Honor can only be given where honor is due; and honor is due to those who have authority. The honor due to parents, is that of God's representatives, with God given authority—being instruments and co-operators in the Creator in the preservation of human souls, parents are invested with a position of great dignity. From this flows the right to be held in an esteem and affection to which there is no other parallel in the world. An idea of the position is gained from the title "father," which shares, as it were, the title with the Father in heaven—of whom all paternity in heaven and earth is named." (Ep. 3-15).

Of necessity parents must be conscious of this dignity and must conduct themselves properly, before they can hope to receive the recognition due them. So great is this dignity, that one of the greatest minds of Christianity did not hesitate to say that: "the dishonor of father or mother dishonors God."

Obedience in the home has its foundation in the principles of government. Where there is a group there must be a head; and the heads of the family have the right to demand complete and voluntary obedience in all matters that are not sinful. Disobedience is always a sin, and where it is in a serious matter, it is a grievous sin. Obedience has its value in that it is indispensable in the formation of character. To command others, we must first learn to obey. A child that habitually disobeys its parents carries a handicap throughout life.

Another responsibility of this commandment is that children are obliged to support their parents in their old age when they are in need. And a dutiful child will not fail to pray for its parents during life and even after their death. But the great honor of parenthood carries with it corresponding obligations; first, in order, is that

of attending to the child's religious instruction, any are of the opinion that this is the duty of the church. In truth, parents have the obligation first. Then in turn children have the right to food, clothing, shelter and medical attention. But the speaker pleaded with parents to turn to God for strength and guidance; and to seek from the common Father the blessings necessary to fulfill their high calling; and that their greatest care be to rear their children so that the family may be united happily eternally. Next Wednesday evening the topic will be the commandment protecting life.

Give Up Effort for Re-opening of Bank

Edenton, March 12.—According to a statement made public Tuesday by Charles Wood, cashier of the defunct Citizens Bank of Edenton, no further efforts will be made to reopen that institution. This decision was reached following a call meeting of the directors of the bank on Monday, and contained in resolutions unanimously adopted at the meeting were their reason for this move.

Refusal of several of the largest depositors of the bank to sign agreements pertaining to its re-opening is given as an outstanding reason, and W. O. Crump, liquidating agent, estimates that a five-year period will be necessary to make final settlement of the bank's affairs. The bank closed December 26, last year.

Old-Timer Revisits Tombstone, Ariz.

Tombstone, Ariz., March 12.—(AP)—John P. Clum, 80, who made his exit from this town years ago in a hall of lead, was back today looking around. "It seems mighty peaceful now," he remarked. Tombstone was a bustling silver mining camp when he rode into it, first, from taking 4,500 apaches on the San Carlos reservation and effecting the first capture of the bloody renegade Chief Geronimo. Gum sought new fields to conquer and Tombstone offered more than a promise. It used no restraint

Carolina Woman LOST 47 LBS. In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower part of abdomen and sides. "Now I am glad to say I am a well woman, feel much younger, 170 years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say. "I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C. Jan. 1930. "P.S. You may think I am exaggerating by writing such a long letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough." A bottle of Kruschen Salts that lasts 4 weeks costs but 83 cents at Greenville Drug Co., and druggists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast. Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back.

either in cards or killings. Glum became the first mayor, incidentally serving as postmaster, school director and editor of the Tombstone Epitaph, which he established. "Yes, I ran away from Tombstone," said Glum. "There were nine of us who were not supposed to get out of Tombstone alive. We received warnings, written in blood. We didn't pay a lot of attention to them at first, but after a few months it became most unbearable. "They were picking us off one by one." We could never put our hands definitely on those who were doing it. I decided to settle elsewhere. They opened fire on me from both sides of the road, three miles farther along the road a bullet tore through my coat and lead brought down my horse. I kept going without him."

Ames, Iowa.—(AP)—With alfalfa hay costing \$15 to \$20 a ton, oats only \$16.74 and corn \$21.40, Iowa dairy and beef farmers have been advised that they will save money by feeding grain heavily in preference to large amounts of alfalfa.

NOTICE OF RE-SALE OF IMPROVED REAL ESTATE IN TOWN OF AYDEN Pursuant to the authority contained in that certain deed of trust made the 15th day of April, 1926, between Robert C. Cannon and wife, Sude G. Cannon, A. R. Cannon and wife, Hattie K. Cannon, C. V. Cannon and wife, Freddie J. Cannon, and Jno. H. Coward and wife, Blanche W. Coward, the said Robert C. Cannon, A. R. Cannon, C. V. Cannon and Jno. H. Coward composing the firm known as R. C. Cannon & Sons, to American Bank & Trust Co., of Richmond (formerly American Trust Company) Trustee, and duly recorded in the office of the Register of Deeds of Pitt County in Book 11-16, page 61, default having been made in the payment of the note secured by the said deed of trust, and of other conditions stipulated and contained therein, and the holder of said note having requested the undersigned Trustee to make sale of the lands described therein and the undersigned trustee having heretofore made sale of said lands after due advertisement, on the 24th day of February, 1931, and having duly reported the said sale

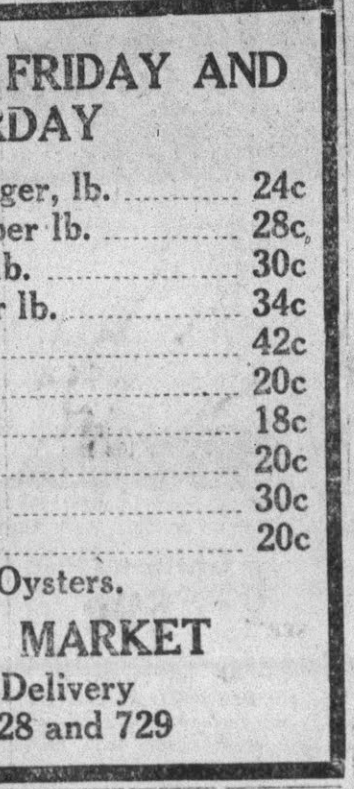

to the Clerk of the Superior Court of Pitt County, and a raised bid having been filed with said Clerk, as provided by law for a re-sale of the hereinafter described parcel of land designated in said deed of trust and in the report of sale as Parcel No. 5, known as the R. C. Cannon residence, and the said Clerk of the Superior Court having ordered a re-sale of said Parcel No. 5 only, the undersigned trustee will offer at public sale, to the highest bidder for cash, on Thursday, the 26th day of March, 1931 at about the hour of 12 o'clock, noon, at the courthouse door in the Town of Greenville, County of Pitt, the following described parcel or lot of land, situate in the Town of Ayden, County of Pitt, State of North Carolina, and bounded as follows: PARCEL NO. 5: All that certain lot of land, with the improvements thereon, known as the R. C. Cannon residence, in the Town of Ayden, County of Pitt, State of North Carolina, bounded and described as follows: BEGINNING at a point on the southern line of Second Street, distant therefrom Four Hundred and Sixty-five (465) feet, more or less,

eastwardly from the Eastern line of Blount Street and at the point of intersection of the Western line of an alley; thence southwardly, parallel with the Eastern line of Blount Street and along the Eastern line of said alley, One Hundred and Sixty (160) feet; thence eastwardly parallel with the Southern line of Second Street, One Hundred and Thirty-five (135) feet; thence northwardly, parallel with the Eastern line of Blount Street, One Hundred and Sixty (160) feet to the Southern line of Second Street; thence westwardly along the Southern line of Second Street, One Hundred and Thirty-five (135) feet to the beginning; said land having been acquired by two (2) certain deeds, as follows: (1) Alfred Darden to Robert C. Cannon, dated April 3, 1894, of record in Book T-5, page 34, of the records of Pitt Co., North Carolina, and (2) William H. Harris and wife to R. C. Cannon and Sude G. Cannon, his wife, dated June 15, 1897, of record in Book F-6, page 369 of the records of said county. The said parcel of land will be offered for sale subject to all taxes accrued or to accrue and paying

assessments due the County of Pitt and Town of Ayden, which amount to the approximate sum of \$1,552.89 and the sale of said Parcel No. 5 and the sale of the sum of \$275.00, subject to the aforesaid taxes, paying assessments and liens. The undersigned Trustee will further require the highest bidder at said sale to deposit with said trustee on the date of sale an amount representing 10 per cent of the bid to show good faith of the bidder. This the 9th day of March, 1931. American Bank & Trust Company of Richmond, Va.; (Formerly American Trust Company), Trustee. Whitaker & Allen, Attys. March 12-19.

Full Rows V-C FERTILIZERS FILL EVERY ROW WITH PROFITS. Cost per bale or pound of bushel—that's what spells Profit. Not cost per acre. "The three-year average on my tobacco crop, twelve acres each year, has been 1,492 pounds per acre, selling for better than 20 cents a pound. I attribute a large part of my success to V-C Powhatan 8-3-5 fertilizer."—W. R. Wimberly, Lovett, Fla.

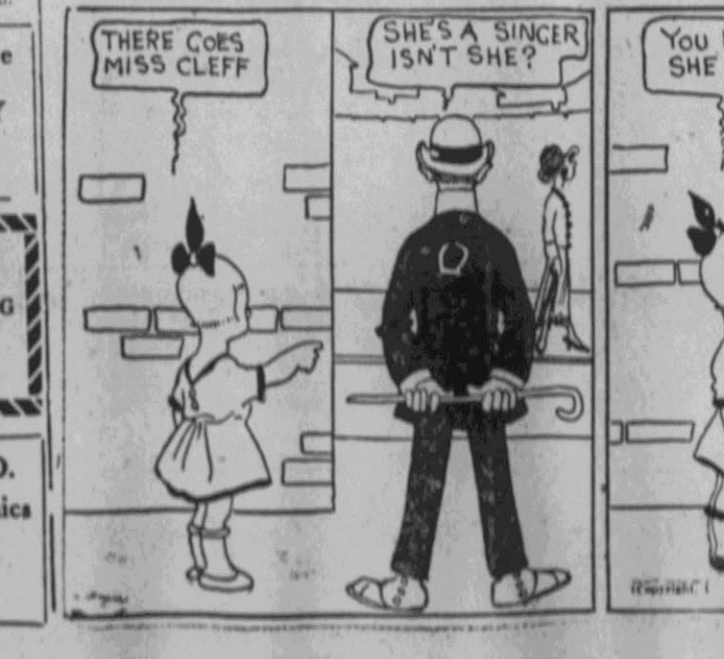

Out of the Ground All of your profit comes out of the ground. But ground can't grow a profit without the help of plenty of plant food—good plant food such as you're sure to get in V-C fertilizer. Make your ground rich, start your profit there and grow this profit big, with V-C fertilizer. Demand V-C—insist on V-C! J. O. Wall, Eatonton, Ga., gathered eleven bales of cotton from eight acres, after applying 700 pounds of V-C Owl Brand 10-4-4 per acre at planting time and 100 pounds of side dressing per acre just after chopping. "It is false economy to buy fertilizer merely on the basis of price per ton. It pays to buy goods made by companies of established reputation. These companies owe their existence to the farmer's success with fertilizer and are anxious to sell the proper kind for each crop."—A farmer's letter to a newspaper.

V-C FERTILIZERS VIRGINIA-CAROLINA CHEMICAL CORPORATION RICHMOND, VIRGINIA Sales offices in seventeen cities Dealers at all distribution points

Reduced Gas Rates GAS—the clean, convenient fuel is now made possible for house and building heating: A rate of 75 Cents per thousand cubic feet has been put into effect for all gas that is used in a Building that is heated exclusively by gas. If you will heat your house with gas only, either by fire place heaters, heatrola, furnace or have your present heating plant converted to gas, all gas used in your home for heating, cooking, water heating, refrigeration, etc., will cost you 75c per thousand cubic feet. This low price for house heating will enable every user of gas to enjoy the benefits of a clean, convenient and economical fuel. This rate will enable you to heat your home with a modern fuel at a cost comparable with other fuels on the market. We will be glad to discuss your househeating problem with you at your convenience. Phone 61 (our office) for a representative. Carolina Gas & Electric Company

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, March 12.—(AP)—Cotton opened steady today 2 to 6 points lower in response to weakness in Liverpool and active selling through houses with Liverpool connections.

There was also a renewal of liquidation combined with southern selling which was probably promoted by the international cotton statistics placing the world's consumption of American lint cotton at 5,278,000 bales compared with 5,904,000 for the six months ending with July, 1930. Trading continued active after the opening with offerings absorbed by covering and trade buying at the decline. At the end of the first half hour, May contracts were selling at 10.78 and October at 11.29, or about 8 to 10 points net lower.

Liverpool cables said there had been continental and Bombay selling in that market on the weakness in Alexandria and a bearish interpretation of the world's consumption figures.

GRAIN MARKET

Chicago, March 12.—(AP)—Much increased selling on price upturns almost nullified gains scored in the cereal markets today. Auspicious crop reports as to domestic winter wheat were a bearish factor, and so too was snow in Canada and North Dakota spring wheat territory. Some uneasiness was shown coming crowded elevator conditions.

Wheat closed irregular at 1-2 decline to 1-8 to 1-4 advance; corn unchanged to 3-8 up; oats 1-8 to 1-2 higher and provisions showing setbacks of 2 to 12 cents.

STOCK MARKET

By CLAUDE A. JAGGER
 (Associated Press Financial Editor)
 New York, March 12.—(AP)—Selling prompted by adverse dividend news was soon mopped up in today's stock market, and bull leaders made cautious efforts to get things in hand again.

The list slipped off 1 to 3 points in the first hour, but worked slowly higher thereafter. Trading was spirited. Bears appeared already to have slipped away with their profits so the market lacked a resilient cushion of short covering. Both business and corporate news was confusing to restrain the public from entering the market.

Speculators for the rise again concentrated their efforts in some of the Eastern utilities. Tobacco was moderately in response to the available earnings report made by the American Tobacco Company. Consolidated Gas, Public Service of N. J., and United Gas Improvement rose 2 points or so. Eastman and Ward Baking "A" gained as much, and Allred Chemical recovered 4. The American Tobacco, Liggett and Myers and Reynolds Class "B" shares and Lorillard all mounted a point or so. Columbia Graphophone was again actively traded, rising about a point.

Rubbers also firmed. U. S. and Goodyear each advancing more than a point during the early selling. New York Central dropped 3 to a new low, and Lackawanna lost 6. Other shares getting down 2 to 3 included American Power and Light, Corn Products, Westinghouse Electric Baltimore and Ohio, and Dyers. U. S. Steel sold off a point then recovered.

Call money renewed at 11-2 percent once more, and was in fairly firm, but extremely dull.

Makes Accords of Poems
 Springfield, Ill.—(AP)—Future generations need not wonder how Vachel Lindsay would have recited the poems he wrote. Columbia University sponsored the making of a phonograph record by Lindsay of 80 of his poems.

RED SHAKE-UP EXPECTED TO GET RESULTS

By ALAN GOULD
 (Associated Press Sports Editor)
 Tampa, Fla., March 12.—(AP)—The Cincinnati Reds may be all dressed up and nowhere to go, so far as the National league's pennant race this year is concerned, but Col. Daniel Philip Howley has hopes that his shake-up will show surprising results.

These hopes are not without foundation. The manager of the Reds has landed a prospective star in first baseman, Mickey Heath, to round out a rapid-fire infield. He has made over the outfield completely in the quest for more punch. His pitching prospects, with an outstanding star in Red Lucas, looked good. He has an ace catcher in Clyde Sukeforth, a hard hitter.

The Reds, having decided to rebuild while the others wage a battle royal, will present more new faces than any other club in the league.

Howley broke up the best double play combination in the majors when he let Hughey Critz go to the Giants and Joechen Horace Ford but he has put together another brilliant defensive pair in Tony Cuccinello, New York boy, at second base, and Leo Durocher at short.

Cuccinello also is the most consistently long hitter on the club. He was going to close to a 400 clip toward the end of 1930 and has been assigned to the cleanup position.

The infield will start with Heath, the Hollywood recruit, on first and Jersey Joe Stripp on third. Both can hit and they can't do it any too often to suit Colonel Howley. The reserves are Ford, Sigafos, and Dressen.

Handsome Harry Hellmann, the old American league batting champion, will be welcomed for outfield duty anytime he recovers from an ailment of the right arm. So far, however, the signs have pointed to the end of Hellmann's great career. Howley's number one outfield combination now is composed of Gene Moore, the Dallas rookie, in right; Nick Cullop, the American Association homer king, in center; Walter Roetger, obtained from the Giants, in left.

If Larry (Red) Benton stages a comeback and one or two youngsters come through Cincinnati's pitching will be ended.

Howley has great confidence in Benton's return to the form that carried him to 25 victories for the Giants in 1928.

Red Lucas has averaged 16 victories for the last four years with a second division outfit. He also is a great pinch hitter. Bennie Frey, Nashville product, made a good start last year and figures to improve. Eppa Rixey, Ray Kolp, Owen Carroll and John Ogden are experienced men.

San Antonio, Tex.—Uncle Charley Moran, who umpires exhibition games for the New York Giants, is glad the Giants were able to pile up so big a score against the University of Texas that he could not be blamed for the defeat.

Moran and Billy Ditch, Texas coach, have been bitter rivals ever since they each managed Texas League teams. Moran also coached football at one of the university's leading rivals, Texas Aggies.

News From The Training Camp

Pasadena, Fla.—Francis Raymond Connolly, son of Tommy, dean of American league umpires, has arrived in the Red Sox camp to umpire today's exhibition game with the Spring Hill college nine from Mobile, Ala. Young Connolly started umpiring while he was still a student at Little Rock college. He has officiated at school games, shop league games of the Missouri Pacific and in a professional way with the Piedmont league.

Francis hails from Natick, Mass.

Clearwater, Fla.—Wilbert Robinson, Brooklyn manager, who has two important holdouts on his hands, Babe Herman and Dazzy Vance, has advanced a new plan for the prevention of such troubles. He favors the classification of baseball players into set salaries for each class.

St. Petersburg, Fla.—Joe Sewell, veteran third baseman who attached himself to the New York Yankees after being let out by Cleveland, is rapidly becoming a threat to the peace of mind of the other Yankee infielders. In two exhibition games Sewell has had eight official times at bat and has hit safely five times.

Fort Myers, Fla.—Manager Connie Mack concedes that Hank McDonald, giant recruit pitcher from the west coast, has a chance to make the Athletics.

"Hank is a good boy," Mack observed.

Winter Haven, Fla.—The first phase of the training season at an end, the Phillies were in only fair shape today to engage Brooklyn in the opening game of a long Florida series.

Bradenton, Fla.—News from the Cardinals' training camp continues bullish. Now it's Southpaw Al Gabrowski Manager Gabby Street is saying nice things about. Al had plenty of "stuff" last year, but had trouble controlling his knuckle ball.

West Palm Beach.—Bill Killefer's St. Louis Browns are about ready for the training ordeal of 27 exhibition games, which starts tomorrow with the coast guard team of Fort Lauderdale and closes April 12 with the second tilt of the St. Louis city series.

Paso Robles, Cal.—With his team ready to break camp here next Monday, Manager Jewel Ens has been giving the boys a heart-to-heart talk on how they will be expected to conduct themselves off the field. He warned particularly against gambling dives and speak-easies.

Tampa, Fla.—Brisck talk of a trade between the Cincinnati Reds and Brooklyn Robins had sprung up in the Red camp here today, but Manager Dan Howley was silent on details.

New Orleans.—Bob Seed has demonstrated himself amply in the running for the scramble to patrol the Cleveland Indians' left field this summer. He pounded out a triple that emptied the bases and slashed a single in two trips to the plate yesterday.

Sacramento, Calif.—Members of the Detroit Tiger baseball team are strong for Jack Dempsey. The former heavyweight champion referred to fight here recently and saw that all the Tigers had tickets. Now the players have learned that Jack paid for them.

Biloxi, Miss.—Oldsters and youngsters alike had buck eggs as the Washington Senators prepared for their first exhibition game today with the Baltimore Orioles.

English Golfers To Take Part In Greensboro Play

Greensboro, March 12.—(AP)—Golfing fans of the Carolinas are going to get a chance to see how the best of the British women stars swing their clubs in links competition.

Announcement was made yesterday that Miss Diana Fishwick, British champion, with a bevy of other English stars would compete in the Sedgefield Women's Spring Medal tournament tomorrow and Saturday. Elteen holes will be played each day in the championship division.

The British luminaries will stop

off at Sedgefield on their way from competition in Florida to New York to sail for home. The stop will be the only one the golfers will make between Florida and New York.

Mrs. O. S. Hill of Kansas City, Mo., a well known American links star, who is secretary of the tournament, said invitations have been extended women golf stars through out Dixie to play in the event.

Accompanying the British champion are Mrs. Ruby L. Fishwick, her mother, Mrs. Bee Brindle, Miss Kathleen Garnham, Miss Molly Carnby, Miss Karla Ruston, Miss Marjorie White, Miss Nona Dixon, Miss Jessie Firth, Miss Betty Dix Perkin, Miss Vera Haycock. All are well known English golfers

San Antonio, Tex.—The White Sox today had only one holdout on their list and his absence was causing Manager Donie Bush no worry. Moe Berg, catcher, is the only one now out of the fold.

KIRK SILVER

AT A NEW LOW PRICE

Reposse and Calvert Patterns

Now anyone can own Sterling Silver. Several months ago when the price of Silver bullion showed a decided decrease, Kirk Silver was offered at the lowest price for Sterling Silver in America. Now our special improved methods of silversmithing together with a further decline in the price of silver permit our offering the famous Kirk Repousse and Calvert Patterns at even more deeply reduced prices.

These prices will remain in effect only as long as the present low price of silver bullion prevails.
