BALCHEN WILL CARRY AID TO HORSE ISLAND

Noted Flier to Leave Boston At Midnight With Supplies For Viking Survivors

Et. Johns, N. F., March 19.—(AP)—Food, medical supplies and a doctor reached the survivors of the Viking on Horse Island today.

Doctor Forsey and members of the crew of the steamer Inogenne made their way to the island over closed-packed and hummocky ice. They began immediately to take the survivors aboard the Inogenne to be fed and sent on to the sealer Sagona nearby.

The Sagona was to bring them to John's for hospital care.

The men of the Viking have been on the island since Sunday when their ship was blown up.

Consul General Edward A. Dow sent a plea to Washington for an American ice-cutter and was prepared to radio full instructions on how the ice field surrounding the island might be navigated.

George Whitney, a veteran sealer captain, refuted a report that a rescue airplane would be unable to land at the island. He said there was a clear space on the southern side of the island which would assure a safe landing place.

Six men were already aboard the Sagona, having been picked up after many hours of exposure on ice and wreckage.

Navigator W. Kennedy, one of the six, has contracted pneumonia. Wireless Operator C. King has frozen feet now attacked by gangrene, and Harry Sargent, American explorer, is suffering an eye affliction.

Boston, March 19.—(AP)—Berni Balchen who arrived early this morning to pilot a relief air expedition to Horse Island, N. F., where the Viking survivors are marooned, said after looking over the plane that he could not leave before midnight tonight.

The pilot of two polar expeditions needed only one look at the big amphibian being prepared for the flight at the East Boston Airport to decide that she was unfit for the flight in her present condition.

Additional gasoline tanks to give her a capacity of 400 gallons and a cruising range of at least seven hours must be installed, he said.

The flight to Horse Island will be made in from one to three hops the last stop to be made at either Harbor Grace, St. John's, or Corner Brook, N. F. Four men will make the trip—Balchen, Merion Cooper, moving picture photographer who organized the expedition for Dr. Lewis Frissell, father of Varick Frissell, Roy Gates, who made the sealing trip on the Viking last year, and either Ralph Enslow or Barney Barbin, New York pilots.

They will carry packages of medical supplies and food rations and pick up additional supplies at one of their stopping places en route.

An hour after Balchen arrived Harbin jumped into the plane in which he flew from Roosevelt Field early this morning and raced to Farmingdale, L. I. to pick up three gasoline tanks of 60 gallons capacity each.

He estimated that he could make the round trip in three and a half hours bringing back the tanks for installation in the amphibian.

Balchen was disturbed by reports that there was heavy snow at the Harbor Grace Airport but he received assurance from Halifax that the plane could land safely there. He sent word they were trying to get off this morning but that if they did not leave until midnight to expect them the first thing tomorrow morning.

Halifax officials also sent word on ahead to St. John's, Harbor Grace, and Corner Brook asking landing conditions there and arrangements for additional food and other supplies to be held in readiness for the fliers.

Balchen wants to fly in daylight over Nova Scotia and New Foundland. He probably would not be able to leave the East Boston Airport early enough to have daylight by the time he reached Halifax this afternoon. By setting midnight as the probable hour of departure he would be over Nova Scotia after dawn tomorrow.

Enslow said that food and other supplies would be dropped by parachute if landing was not feasible. He said that the fliers would search the ice fields around the island for any trace of those missing and notify ships of the position of anyone they might see.

Supplies consisted, besides canned food, of 24 cans of condensed heat and axes, knives, matches and guns.

While the ships battled futilely against the ice, the condition of the 118 refugees from the Viking and the handful of inhabitants of (Continued on page three)

ONE DEATH IN NEW RIOT AT JOILET PRISON

Prison Officials Rule Institutions With Iron Hand After the Fire and Riot

Joliet, Ill., March 19.—(AP)—Officials ruled Illinois two state prisons with a hand of iron today to prevent a repetition of yesterday's riot in which five buildings at Joliet penitentiary were burned by some of 1,800 milling prisoners, three of whom were wounded, one fatally before the institution could be put down.

Warned that the smoldering resentment of the convicts might flare into a new uprising, the warden of the two prisons, penitentiary authorities posted extra guards and marched members from four different companies of state militiamen into the dining room, to halt the development of any further plot. They had the support of the state government at Springfield which indicated the slogan for discipline would be "more guns and less talk."

In addition to 200 national guardsmen a like number of state highway police were on duty to stop any disturbance like that of yesterday when property damage estimated at \$300,000 was done and three guards were beaten.

The mortally wounded prisoner, Raymond Barney, died early today. He was wounded, along with Edward Devaney and Michael Farrare when they and hundreds of other convicts refused to obey immediate orders from the warden to return to their cells after the rioting had begun.

Over-crowding of men in both prisons, which are separated by five miles, and presentment against parole board procedure, were blamed by Warden Henry C. Hill for yesterday's outbreak in Stateville.

The rioting of the 1,800 convicts began in the Stateville chair factory, by a pre-arranged signal. Stateville is the newer of the two prisons. All morning long the prisoners were holding up two fingers of their hands, which prison authorities learned afterward was their method of telling each other that the uprising was to start at 2 p. m. At that hour 180 convicts in the chair factory attacked three guards, lit torches of inflammable material and ran into the prison yard.

Almost simultaneously there was an outpouring of convicts from adjoining buildings. Seizing torches they applied them to the laundry, the shoe and carpenter shop, the garage and the dining rooms, and then, under cover of the smoke assembled in the open yard.

Another chorus of jeers greeted Warden Hill when he walked, unarmed into the yard and ordered the convicts back to their cells. At the warden's direction two shots were fired over the tops of their heads, but still they refused to move. Another order for the men to disperse was refused and the guards fired.

PRES. HOOVER OFF ON TRIP TO CARRIBEAN

Batteries Boom From Ship and Shore As Arizona Steams to Sea Early Today

U. S. S. Arizona, March 19.—(AP)—President Hoover sailed toward Porto Rico today under skies which were fair from the time Hampton Roads was passed. The Arizona was making a speed of fifteen knots and expected to pick up the gulf stream this afternoon.

The president stood on the quarter deck to receive the official salute and to hear the band play and he remained there after the ceremonies were over enjoying the beauties of the seascape and the bay.

An army blimp, a squadron of planes and myriad harbor craft joined in the demonstration as the Arizona departed.

Old Point Comfort, Va., March 19.—(AP)—As batteries boomed from ship and shore, the battleship Arizona steamed out toward the Virginia capes and the sea this morning carrying President Hoover to America's island possessions in the Caribbean.

The recently remodeled dreadnaught the navy's most modern fighting craft, will carry the president and his party through 3,000 miles of the Caribbean to Porto Rico and the Virgin Islands.

Arriving by train this morning from Washington, members of the presidential party breakfasted aboard their cars and were motored to the dock in army automobiles.

As they reached the embarking point, the warship was but dimly visible through the early morning mists, although less than a mile off shore. The president boarded an admiral's barge and as the craft shoved off, the president's flag was run up the main truck of the Arizona.

High overhead an army blimp and two fast pursuit planes circled the boarding party and as the president strode up the gangway, 21 huge bombers from Langley Field droned out the distant sky to join in the navy's welcome to the Chief Executive.

The planes continued flying in formation until four bells—8 o'clock—when the signal for the departure was given.

The presidential salute, 21 guns, boomed forth and were answered (Continued on page three)

CROP DISPUTE SETTLED HERE

Belvoir Landowner Fails to Recover In Suit Against Former Tenant

W. W. Joyner, land owner of the Belvoir community, failed to recover in his suit against James Marsh, tenant on one of the Joyner farms, in the civil term of Pitt county Superior court yesterday. The jury awarded Marsh the sum of \$377.12 as his part of the crop over which the controversy started.

Joyner seized the Marsh crop upon the grounds that the tenant had deserted it. Marsh, on the other hand, claimed that he did not desert the farm, but merely went to work for a short time to obtain money with which to provide his children with clothing so they could attend school.

The case occupied a greater part of yesterday's session, and the jury remained out only a short time. Four or five actions which had been set for hearing at this term were compromised outside of court but the nature of the settlements was not made public.

Announce Sale of Salisbury Mills

Salisbury, March 19.—(AP)—Sale of the Vance Mills here by M. M. Rudisill and Carl Rudisill, mill operators of Lincoln and Bessemer City, and J. S. P. Carpenter, of Philadelphia, was announced today.

Work of renovating the plant is to start today, the new owners announced. The mill, which is to be expected to go to Asheville within a few days to arrange bond for Lea Luke Lea, Jr., the publisher of the Tennessee Publishing Company, indicted in connection with bank failures in Buncombe county.

General Cox was back in his office today after an illness from tonsillitis and said that he had not had opportunity to read the bill of indictment or study the case.

Italian Flying Ace And Two Companions Killed As Plane Falls Into Sea

Pisa, Italy, March 19.—(AP)—Colonel Umberto Maddalena, famous Italian flier and finder of the Dirigible Italia survivors, Lieut. Fausto Ceconi and Mechanic-Serjt. Damonte were killed today when their seaplane fell into the sea.

Maddalena and Lieutenant Ceconi formerly held world air records for distance and duration flights and both had recently returned from the Latin-American flight of Air Minister Italo Balbo, or, which Maddalena was adjutant.

Their seaplane was flying at a height of 1,500 feet and about 900 feet offshore today when observers saw it dive suddenly and streak toward the surface of the water.

Two hundred feet above the sea one of the three fliers was seen to detach himself from the plane and plunge out with a parachute but he struck the water with such speed that he met death with the others.

A score of boats rushed to the scene of the disaster. General Italo Balbo, minister for aeronautics, departed from Rome at once by airplane for Pisa today when he was informed of the tragedy.

Colonel Maddalena was 35 (Continued on page six)

ORDER PROBE OF 2 DEATHS

Judge Instructs the Grand Jury to Investigate Tragedy At Wilmington

Wilmington, March 19.—(AP)—Under direct charge from Judge Garland E. Midyette, the New Hanover county grand jury today launched an investigation into the deaths of two men in a gun battle near here early last Sunday.

Criticizing the solicitor, Woodus Kellum, who pleaded the press of court business as his defense, for not having called the attention of the grand jury to the case, the judge called it in from deliberation over other matters.

His charge consisted of the instruction to investigate the case and an outline of what constitutes a lawful attempt to arrest.

After the charge, the judge asked if anyone in the court wished to discuss the matter with him before the jury left. J. Thompson Paison, Goldsboro attorney, retained by the family of Lepo Roberts, slain mail truck driver, stepped forward and soon after the judge announced to court and jury:

"The mere statement by someone to an officer that someone is coming down the road with a load of liquor is not sufficient evidence on which to base an attempt to arrest without a warrant."

Roberts fell before the guns of sheriff's deputies after he had fatally wounded W. A. Stirling, another deputy, when the mail truck reached a barricade.

A coroner's jury found the circumstances indicated a "tragedy of errors" in which Roberts mistook the officers for bandits.

A. B. Crews, a deputy, was found to have fired the shots which killed Roberts.

Government Income Tax Collections Reflect Big Gains

Washington, March 19.—(AP)—Income tax collections for last Tuesday were \$48,129,417 as compared with \$32,158,048 on the second day last year.

The collections for last Tuesday brought the month's total to \$106,254,321 as compared with \$109,346,854 in the same period a year ago, and the total since last July 1 to \$1,277,685,746 as compared with \$1,352,300,152.

The Treasury's security sales on Monday were reflected in the Tuesday statement. It showed \$1,681,742,150 had been received from public debt transactions. Expenditures due to retirement of public debt totaled \$1,007,000,000, leaving the Treasury on that day with a net balance in the general fund of \$746,542,294.98.

The Treasury deficit, however, dipped to \$75,135,322 as compared with \$47,515,713 the previous day, because of the allocation of \$326,600,000 in the war debt retirement sinking fund.

DEFER INQUIRY INTO DEATH IN BELVOIR AREA

Coroner to Continue Probe of Killing of Henry Abrams During Next Week

The coroner's investigation of the death of Henry Abrams, 60-year-old man, whose lifeless body was found on the side of the road in the Belvoir community last Saturday evening, has been postponed indefinitely on account of lack of information, it was stated today.

The investigation was to have been continued last Tuesday, but was abandoned because of the inability of officers to obtain desired information in the case.

A. A. Elwarger, who is conducting the investigation in the absence of Coroner E. S. Williams, stated this morning he thought they would be able to conclude the inquiry within the next week. He said they had found it difficult to conduct a full hearing on account of lack of facts and the inability of both officers and witnesses, who are in Civil court this week to attend.

Opinion has been expressed that Abrams, an employee connected with the construction of the new school at Belvoir, was probably killed for a small amount of money he was said to have had on his person at the time of his death and which was missing when the body was found by passersby.

The man had previously been paid off and started for the home of his relatives when attacked by the robber or robbers. A wound on the side of the head led officers to the conclusion that he was knocked down, robbed and the body then placed in an automobile and later dropped on the roadside.

When discovered the body was lying near a church in the Monkey Den section.

Although the coroner began an investigation of the case during the evening the information was of such a meagre nature no definite decision was reached although the theory that the man was killed for his money was widespread through out the community.

FORMER BANK HEAD INDICTED

Arkansas Financier Charged With Accepting Deposits After Insolvency

Oceola, Ark., March 19.—(AP)—A. B. Banks, one of Arkansas' leading financiers before the collapse of his banking chain last November was indicted yesterday by the Mississippi County grand jury on a charge of receiving deposits in the First State Bank of Oceola while it was insolvent, it became known today.

Evidence presented the grand jury by prosecuting Attorney S. L. Bladish alleged the bank cashier, before the bank here closed November 17, exhibited a telegram, purportedly signed by Mr. Banks, saying the institution was solvent and \$100,000 cash was available for its use. Mr. Banks was president of the bank.

The First State Bank's closing was one of a wave of suspensions and failures which swept the state last November. In testimony before a state legislative committee and in public statements, Mr. Banks said the collapse in Tennessee of Caldwell and company of Nashville and affiliated institutions caught his extensive holdings in the backwash.

Complete Inquiry Into Cruelty To Wayward Women

Montgomery, Ala., March 19.—(AP)—Evidence gathered by a legislative committee investigating charges of cruel and inhuman treatments of inmates of the Alabama Girls Training school at Birmingham was ready today for presentation to Governor B. M. Miller and the Board of Trustees of the institution.

Representative Hugh McKelrery of Talladega, chairman of the committee, made public a portion of the testimony, including allegations that inmates who violated regulations were kept in solitary confinement for long periods, placed in handcuffs, and made to stand "for days at a time."

The committee also stated that testimony had been given that one inmate suffering from influenza was kept confined in her room until she died and that no physician was called.

Another charge against the institution's management was that a system of "spies" was maintained whereby a doan girls referred to as "pets" received good treatment and accommodations for informing on other inmates.

Mrs. Ira E. Champion, superintendent of the institution, has declined to make a statement.

In Ship Explosion

Varick Frissell, 27, head of a film expedition among north Atlantic sealers, was feared lost after an explosion destroyed the expedition ship, Viking, killing 20 of the crew.

SEEK TWO MEN FOR ABDUCTING RICH WOMAN

South-wide Search Conducted for Kidnappers of Mrs. Shipman at Brevard

Brevard, March 19.—(AP)—Startling developments within 24 hours in connection with the disappearance of Mrs. Norma Shipman, wealthy 40-year-old widow, from her home here 18 days ago were promised today by Sheriff Ed Patton.

"We expect something definite by this time tomorrow and it will be startling," the officer said. He declined to reveal the basis for his statement.

Brevard, March 19.—(AP)—The mysterious disappearance 18 days ago of Mrs. Norma Shipman, wealthy 40-year-old Brevard widow led today to a south-wide search for two young men on a charge of abducting her.

Joe Bradley, business assistant of Mrs. Shipman, and "Happy" Brown, both in their twenties, were named in a warrant sworn out by Deputy Sheriff Tom Wood. A description of the two was broadcast to police throughout the south.

The warrant charged that Bradley and Brown "did, by the use of opiates or drugs, weaken Norma Shipman, and while in this condition, with the intention of robbing her of money and other valuables."

Discovery of a stained cloth sack in Mrs. Shipman's home and evidence that the home had been ransacked of silverware and other valuables, authorities said, led to the issuance of the warrant. The men left Brevard a week after the widow disappeared. Mrs. Shipman was reported to have had \$7,000 in cash in her house.

Sheriff Ed Patton sent the stained sack to state chemists in Raleigh for examination and today awaited their report of whether the stains in it were blood.

Mrs. Shipman, described as a handsome woman with rosy cheeks, large brown eyes and long, brown hair, left her home on March 1 to visit a brother, J. B. Glazener, at Seneca, S. C. The next day, Brown and Bradley, who accompanied her, returned and reported she had gone to visit C. B. Glazener, a brother, at St. Petersburg, Fla. She did not reach St. Petersburg, her brother said.

Bradley, manager of a restaurant for Mrs. Shipman, closed the business a week later, and a farmer reported seeing him and Brown, of whom little was known here, leaving Brevard in automobiles owned by the widow. One of the cars was a new sports model coupe, and the other an older model coach.

Bradley, a native of Buncombe county, has brown eyes, dark hair and is freckled. Brown's home is said to be in Pickens county, South Carolina.

Mrs. Shipman is the widow of former Sheriff W. G. Shipman, of Transylvania county, who committed suicide last August. She has a third brother, Alfred Glazener, a merchant at Hendersonville.

Bradley, a native of Buncombe county, has brown eyes, dark hair and is freckled. Brown's home is said to be in Pickens county, South Carolina.

DAY-COX BILL IS KILLED BY HOUSE VOTE

Governor Denies Asking Assembly to Make Elective Offices Appointive

Raleigh, March 19.—(AP)—While the House engaged itself in killing the Day-Cox bill to provide for a Constitutional amendment to allow classification of property for taxation, Governor Gardner today announced that he had not asked the General Assembly to make appointive state officials now elective.

It was generally understood that as a part of his reorganization program the governor had included the appointive provisions in various bills now before the Assembly but he said today such sections were inserted by the committee on reorganization.

Last night the House refused to pass the reorganization measure for the Agriculture Department until the passage making the commissioner appointive had been stricken out.

"There was no opposition to my bill seeking reorganization of the department," the governor said. "I am going to rely on the proposed commission to rewrite the Constitution. I am not insisting that elective officers be made appointive. The 1933 Assembly will vote on the Constitutional amendments which will govern such officers."

The House passed a score of bills and the Senate nearly two score most of them being of a local character.

Hearings of the approach of the "final stretch," the House named its calendar committee to expedite the passage of essential legislation and pass a final authority on all new bills.

Two years ago today the 1929 Assembly adjourned sine die.

The Senate got a favorable report on the Newman bill to place stricter regulations on highway carriers and set it as a special order for Tuesday morning.

The upper House passed a substitute for the Huffman bill to prohibit the unauthorized practice of law after being told in the discussion that the measure was a compromise reached by lawyers and representatives of trust companies, at whom the bill was alleged to have been aimed.

The House tabled the Senate bill of Johnson of Duplin to allow counties to levy special taxes for general fund expenses.

Representative Day of Onslow, co-author of the Constitutional measure, explained his provisions, pointing out that it differed from the amendment defeated at the last election in limiting taxes on real property to 65 cents per \$100 and providing for a severance tax on timber and mineral resources.

Pointing to his county of Onslow as an example, Day said no benefit had been received from the large amounts of lumber cut there and that now special fire protection was needed on cut-over lands.

Poor counties, Day said, would be able to bear their own school expense if a severance tax was allowed as they are the divisions which have large timber, mineral or water power resources which now escape taxation.

Under the bill "taxation shall be ad valorem and uniform as to each class of property" and the only way the 65 cent limit may be increased is by action of the General Assembly to pay existing bonded indebtedness at the time the amendment is ratified. No severance tax could be more than 12.2 per cent of the gross quantity or value of the products taxed and the income tax rate would be limited to six per cent.

E. Wank of Henderson, explained (Continued on page 13)

Witness Declares Brothers Did Not Kill Jake Lingle

Chicago, March 19.—(AP)—Attorneys for Len W. Brothers, St. Louis on trial for slaying Alfred Lingle, Chicago Tribune reporter, today claimed they had a new witness to refute the claim of the state that Brothers was the man who shot Lingle in the back of the head in a pedestrian tunnel last June 9.

They named H. C. Aikman, a Chicago real estate man, as the new witness and said he had been forward to assist he had seen the back of the slayer's head and that he was convinced that Brothers was not the man, Aikman, described the slayer as having had straight black hair, which contradicted previous descriptions which have pictured the slayer as a tall blond man having blue eyes.

Meanwhile efforts to get a jury continued with indications that it would not be completed before the end of the week.

# NEWS BRIEFS

From Over The City and County

### A. C. L. EMPLOYEES TO BANQUET HERE FRIDAY NIGHT AT PARISH HOUSE

The "Three B Club," an organization composed of employees of the Norfolk division of the Atlantic Coast Line Railroad, will hold a general business session and banquet at the parish house of St. Paul's Episcopal Church Friday evening at 8:30 o'clock. It was announced today.

Prominent officials of the division will be in attendance and deliver brief addresses dealing with conditions affecting the railroads at this time. Representatives of every town in the division are also expected to attend.

Officials scheduled to speak are: W. H. Howard, Wilmington, general passenger agent; C. H. Page, Rocky Mount, general superintendent; Mr. Henderson, general freight agent; L. U. Albert, district passenger agent; C. M. Cobb, Norfolk, district superintendent; W. R. Taylor, Wilmington, assistant freight agent; W. B. Darrow, Rocky Mount, superintendent of transportation.

### KIWANIANS TO ENTERTAIN GIRLS BASKETBALL TEAM

Members of the girls' basketball team of Greenville high school will be guests of the Kiwanis club at the regular meeting in the woman's club Friday evening at 6:30 o'clock.

The young women, champions of the Northeastern Athletic conference, will be accompanied by their coach, Miss Dorothy Brown, whose untiring efforts were considered largely responsible for the success of the organization.

The young women captured their thirteenth game of the last of the conference series last Friday night March 13, and consequently the combination "13" will never be considered a hoodoo by any member of the outfit.

W. H. Woolard, well-known Greenville banker, will have charge of the program and his subject will be "Modern Banking." President J. J. Summerell will preside.

### FARM OFFICE RECEIVES APPLICATION BLANKS FOR LOANS TO FARMERS

It was stated at the Pitt County Farm Department this morning that application blanks for government loans to farmers had arrived, and that members of the department would be glad to assist the farmers in making their applications.

Many inquiries concerning the blanks have been received by the department recently, and it was expected that numbers of applications for loans would be made during the next several days.

### FRIENDLY INDIAN BOYS TO HAVE BIG TIME

Friday night is going to be a big night with the Friendly Indian Boys. A regular camp will be pitched a little way out of town and a log fire will be lighted, where the chiefs and the braves will hold their council or Pow Wow, and probably sing: Durn, fire, burn, Flicker, flame!

Whose hand above this blaze is lifted Shall be with magic touch enlivened. To warm the hearts of lonely mortals Who stand without their open portals. The torch shall draw them to the fire— Higher, higher, higher by desire. Whose shall stand by this hearthstone. Shall never stand alone.

Imagine a big fire with flames leaping and lighting the faces of a crowd of boys sitting in a circle, and that is not all, games and fun and prayers. Some will return home, but others will sing: "Beneath the quiet sentinel stars we now rest. May we arise to greet the new day; give it our best." All tribes meet at the Junior Room at 7 P. M. Friday night.

### JUNIOR HI-Y WILL PRESENT MISSIONARY DRAMA HERE

The Junior Hi-Y club held a very interesting meeting in the Junior Room of the Sheppard Memorial Library Wednesday night with all its members present. The meeting was opened and presided over by Tom Wilson, and the minutes of the last meeting were read by Gus Forb's, secretary. Messrs Wm. H. Brown and Albert B. Osborne, discussed the missionary drama which will be presented during "Father and Sons Week" and stated that a number of ministers of Greenville had promised to co-operate in making this program a success. It was not decided where the drama would be presented but it was hoped that one of the churches of Greenville would accept the same as a Sunday night missionary program.

Hill Clay was elected captain of the baseball team, and made a brief speech asking the boys to co-operate with him in helping to make a good team. The meeting was turned over to Mr. Brown, who introduced Bin Ferguson, a member of the N. C.

### Student Sponsor

Associated Press Photo  
Camile David, 19, winner of a Louisiana State University, beauty contest, has been chosen sponsor of the student body.

State University Student Y. M. C. A. who spoke on the importance of the Hi-Y in college life. He also spoke of the college "Y" cabinet and how boys going to college were elected into the different "Y" groups. Next on the program was the Junior Hi-Y text book, "Enlisting for Christ and the Church." Mr. Osborne suggested that it would be best for a member to discuss a chapter each week, and Lewis Stuart Picklen was given the first chapter for next Wednesday night the theme of which is "Realizing God's Redeeming Love." Before the meeting was brought to a close, Mr. Osborne quietly broke the news that the Mohawk tribe of the Friendly Indians beat the Junior Hi-Y team the score being 10 to 7. The Hi-Y swore that the Indians will never beat them again. The meeting was closed with sentence prayers by the members.

### SALE OF REAL ESTATE

Under and by virtue of the authority conferred upon the undersigned commissioner by an order made by J. Frank Harrington, Clerk of the Superior Court of Pitt County, and that certain special proceedings, entitled, "S. G. Worthington et als vs. J. H. McLawhorn et als," the undersigned will offer for sale for CASH before the court house door in Greenville:

On Monday, April 6, 1931 at 12 o'clock noon

the following described real estate: "First Tract: Being Lot No. 1 in the divisions of the lands of the late Mary E. McLawhorn, located in Winterville Township; Beginning at the southwest corner of Martha Beddard's lot, of the Jobb Smith division (made November 15, 1876), on a ditch at a fence in the Winnie Speight line; thence with the said ditch, the westerly line of the said Martha Beddard's lot North 6-06 East 2000 feet to the northeast corner of said Martha Beddard's lot in Tom Nobles' line; thence with his line North 82-39 West 213.5 feet to a stake in the northeast corner of Lot No. 2, this Division; thence with the easterly line of Lot No. 2 South 6-06 West 1996 feet to a stake at the southeast corner of said Lot No. 2 in the Winnie Speight line; thence with the Speight line South 83-00 East 313.5 feet to the beginning, containing 1.25 acres of land.

"Second Tract: That certain lot situated in the Town of Winterville on the North Side of Main street at the southeast corner of James and Ed Mayo's corner; and running an easterly course with said Main street 52 1-2 feet to Elbert Smith's corner; thence a northerly course with the said Elbert Smith line 219 feet to R. H. Hunsucker's line (now a street); thence a westerly course with said street 52 1-2 feet to James and Ed Mayo's corner; thence a southerly course with said Mayo's line 210 feet to the beginning, being the same lot deeded to J. T. Barwick and J. S. Ross, as appears of record in Book C-11, page 214."

This the 5th day of March, 1931. J. B. JAMES, Commissioner. Mar. 7-11w-4wks.

### Missionary Leader

Associated Press Photo  
Mrs. J. W. Perry of Nashville, Tenn., was elected president of the Women's Missionary Council of the M. E. Church, South, at the annual meeting in Memphis, Tenn.

tate of the said deceased, to exhibit them to the undersigned on or before the 12th day of February, 1932, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This the 12th day of Feb. 1931. Mrs. Retha Harris, J. H. Harris, Adms. F. G. James & Son, Attys. Feb. 23-11w-4wk.

### NOTICE OF SALE OF REAL ESTATE

Harris, dated December 7, 1928, and recorded in Book N-17 at page 430 in the office of the Register of Deeds of Pitt County, default having been made in the payment of the debt secured therein, and a re-sale having been ordered by the Clerk of the Superior Court on account of an upset bid, the undersigned mortgagee will, on Saturday, the 28th day of March, 1931

### ADMINISTRATOR'S NOTICE

Having qualified as Administrator of the estate of R. E. Harris, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the es-

### AUTOMOBILE THIEVES ACTIVE IN GREENVILLE

Automobile thieves renewed activities in Greenville this week and the disappearance of two cars are charged up to their operations. Cars belonging to John Fianavan and an employe of the Daily Reflector disappeared the first of the week and the thieves so far have been able to cover up their trail. Police, however, were keeping a keen lookout for the machines and hoped to bring about a recovery in the next several days.

### WOULD HALT DISASTERS

London—(AP)—Seeking to reduce accidents in British mines representatives of miners, operators and governmental departments will confer this spring under the chairmanship of Tom Richards, president of the Miners' Federation. In 1930 the death toll in British mines was 1,019 and 171,543 other miners were injured.

### NOTICE OF SALE

Under and by virtue of the power of sale contained in that certain Mortgage executed by Durham Kornegay and wife, Julia Kornegay, to J. C. Williams and wife, under date of February 4th, 1928, of record in Book Y-15, page 371, of the Pitt County Registry; default having been made in the payment of the indebtedness secured thereby, the undersigned mortgagee will offer for sale, and sell to the highest bidder for cash, before the courthouse door in Greenville, N. C. Tuesday, April 7th, 1931 12 o'clock, noon

all of the following described real estate:

A certain tract or parcel of land lying and being in the County of Pitt and State of North Carolina, and described as follows, to-wit: One house and lot situate on Clark Street, on West side, this lot being 50 feet by 150 feet; beginning at a stake at the corner of Alma Wade's lot running 50 feet parallel with Clark Street to a stake at the C. W. Harvey lot; thence 150 feet parallel with C. W. Harvey's line to a stake; thence 50 feet to the John Vines line and 150 feet with the Alma Wade line to a stake on Clark Street.

This sale will be made subject to a prior Deed of Trust to the Home Building & Loan Association. This the 6th day of March, 1931. J. C. Williams, Mortgagee. Blount & James, Attys. March 7-11w-4wk.

"How did you get breakfast so quickly?"

"Why, I'm serving Shredded Wheat, of course. I just take the biscuits from the package and serve them with cream or milk; sometimes I add fresh or stewed fruits. If you'd like a hot breakfast I can prepare it in a jiffy. Shredded Wheat crisped in the oven while I heat some milk to pour over it. Oh, I'm a friend of Shredded Wheat! It's ready cooked, ready to serve; and it's just as delicious and nourishing for lunch as for breakfast."

NATIONAL BISCUIT COMPANY "Uneda Bakers"

# SHREDDED WHEAT

WITH ALL THE BRAN OF THE WHOLE WHEAT

### An amazingly quick way to end Headaches

Far too many women spend hours, even days every month with splitting, torturing headaches that accompany their periods, not knowing that Capudine will end their misery in just a few minutes' time. Even women and girls who suffer the most can enjoy the same blessed quick relief. Nothing in Capudine that interferes with menstruation. Being liquid, Capudine acts immediately, often in one-third the time required by other forms. It contains no narcotics, does not disturb digestion and is approved by doctors and druggists. Even with the most severe headache, relief comes very quickly. Sold at Drug Stores, 10c, 30c & 60c bottles and by the dose at soda fountains.

Spillman and daughter, little Miss Frances Spillman, and little Miss Marjorie Spirey visited the General Assembly in Raleigh today. Mrs. J. N. Hart and Mrs. L. A. Stroud have returned from Beaufort. Miss Nell Gaskill, of Ocracoke, is visiting her sister, Mrs. James Patterson.

Right of Life In God's Hands

Last night's lecture on the Commandments at the Catholic church brought out in clear relief all that was implied in the words: "Thou shalt not kill"; and emphasized anew the principle that the taking of human life rests in the power of God. The speaker briefly said: In the last quarter of a century man has made tremendous strides of progress in every field of human endeavor; but the one that defies his skill or power, is to create life. That rests with God; and as God gives life, so He is opposed to anyone taking it.

The speaker apologized to his audience for dwelling on the topic of murder; but he pointed out that our daily news to a great extent is made up of their records. We read of them and give them very little thought. And are not on and all an insistent, violation of God's most sacred rights? Are they not a disruption of God's providence in the world; and what more precious boon of life can be taken from anyone? Murder not only is breaking of a natural and Divine law, but is a stab at the heart of society. It is a matter of concern for all right-thinking people that our number of murders is growing each year. There are twenty times as many in the United States as there are in England, in proportion to population.

But far worse in malice and condemnation are those secret murders that never find their way on the police blotter. Often veiled beneath the polite phrase of surgical operation, they tell of the destruction of an unborn child. There is never a combination of circumstances that will justify abortion—not even the death of the mother. The speaker then showed how the power to take the life of those who shed the blood of another, to some authority. That power resides in the state, and can only be carried out by its officials. In case of mob-violence, irrespective of attending circumstances, those who actively participate are guilty, not only of casting a blot on the fair name of the state; not only of breaking its laws, but they are guilty of murder in the sight of God.

On the subject of war, the speaker showed that war was just if there was a grievous moral guilt on one side, if the purpose of war was to accomplish good or avoid evil; and if it was carried out with charity and justice. If murder plays so large a part in our national life, we must find some way to eliminate it, and to accomplish this, we must determine what the causes are. The underlying causes are: Anger, hatred, envy and revenge. And to what phase of human life can we go today and not find one or the other? Often all of these conditions? While to murder, yet they are in every separate occasion a sin. "He who hates his brother is a murderer," are the words of the sacred Scripture. These vices in men and women today is an indication of how far men have wandered away from the decalogue; and how far they are from the sweet gospel of Christ. By analogy the speaker showed that those who teach or lead another into vice are guilty of a species of murder—in that it carries the spiritual death of the soul. What a school of sin society presents today. Under the taunt of "Be a sport"—innocent souls are plunged into the abyss of grievous sin. Of such leaders Christ said it were better that a mill stone be tied around their necks and they cast into the depths of the sea.

Father Gable, of patience, of kindness and toleration towards one's fellowmen: "For by this will men know that you are My disciples, in that you love one another." Next week's lecture will explain God's law to protect the Sanctity of Marriage.

**PRES. HOOVER OFF ON TRIP TO CARIBBEAN** (Continued from page one) by the belching batteries of Fortress Monroe, and the anchor was weighed. With the president were Secretaries Hurley and Wilbur, whose departments have supervision of the islands to be visited; Lawrence Richey, one of his secretaries; Cap. Joel Boone, White House physician; Captain Russell Train, naval aide; Colonel Campbell Hodges, military aide; and Mark Sullivan, political writer. There were also 18 newspaper writers and six photographers.

The voyage will be in the nature of a vacation for the president, although he will visit the island for the purpose of gaining first hand knowledge of the conditions there. In keeping with the informal nature of the journey the navy was instructed to dispense with as much ceremony aboard the battleship as possible without violating the rules and traditions of the navy. While the president is away in the warm southern waters, Mrs. Hoover will go to Asheville, N. C., for a visit with their son, Herbert Hoover, Jr., who is convalescing from an illness there.

**New Face Powder Stays On Longer** If you have large pores use a face powder that will not clog them. A new French process called MELLO-GLO makes the skin look young, stays on longer, furnishes a youthful bloom, does not irritate the skin or make it look pasty or flaky. Spreads smoothly. Try this new wonderful Face Powder MELLO-GLO.

**High Point, N. C.**—(AP)—Fire in the Southern Varnish Manufacturing Company here did damage estimated at more than \$10,000.

**Benson, N. C.**—(AP)—Farmers here made a co-operative shipment of 37,500 pounds of live hogs to Baltimore, and J. Paul Shaw, agriculture teacher, brought them back \$3,000.

**Raleigh, N. C.**—(AP)—Cornelius Scott, negro, sat down on the railroad track to watch baseball practice at State College. He became so absorbed in the game he didn't hear repeated toots of the train whistle. He got knocked off the track, received a dislocated shoulder and some cuts, but is recovering.

Jean Dayle (center), 21, called singer, with her mother, Mrs. Ida Lane of Seattle, and a deputy sheriff leaving the court house, Salt Lake City, Utah, where she went on trial on a charge of murdering Sam Frank, Memphis jewelry auctioneer.

Governor Says He Did Not Ask for Appointive Offices

Raleigh, March 19.—(AP)—Governor O. Max Gardner announced today that he had not asked the General Assembly of North Carolina to make appointive of Agriculture or any other office now elective. Favoring reorganization of many state departments, the governor said that he had Judge N. A. Town send, executive councilor, draw a number of bills to bring this about but that he had not insisted that the various elective officers be made appointive.

"Following the action of the Senate in adopting a resolution to appoint a commission to rewrite our constitution," the governor said, "and as the amendments proposed by that commission would govern the offices in question, I did not recommend that they be made appointive."

The committee on reorganization Governor Gardner said, added an amendment to his bill so as to make the Commissioner of Agriculture appointive. "I wanted a reorganization of the State Department of Agriculture, which was badly needed, and that bill was not opposed last night," the governor continued. "I am going to reply and depend on the constitutional commission and am not insisting that the Assembly allow my successor in 1933 to appoint men to fill jobs now elective," he said.

BALCHEN WILL CARRY AID TO HORSE ISLAND

(Continued from page one) the island became more desperate from hour to hour. They were subsisting on a scant ration of bread and tea and many of the Viking's company, including Captain Abram Kean, Jr., were suffering for want of medical attention for injuries inflicted when an explosion ripped their ship from under them Sunday night. Doctors and nurses from the relief ships Sagona and Foundation Franklin decided to attempt the perilous five-mile journey across the ice under escort of a party of experienced seal hunters and seamen from the sealing fleet, to carry food and medical supplies. The minister of Marine sent word to Horse Island directing the able-bodied among the men on the island to walk out to meet the relief party and help get supplies ashore. They were also instructed to help any of the injured able to travel in an effort to get them aboard the rescue ships. Although the most pressing task was succor of the beleaguered survivors on the island, search for the missing continued. The best available figures indicated that there were still 18 unaccounted for, including Varick Frissell, New York motion picture producer and his cameraman, A. G. Penrod.

Washington, March 19.—(AP)—Secretary Stimson today transmitted to the treasury a request that an American ice cutter proceed immediately to Horse Island carrying food and medical supplies to the survivors of the Viking.

High Point, N. C.—(AP)—Fire in the Southern Varnish Manufacturing Company here did damage estimated at more than \$10,000.

**Benson, N. C.**—(AP)—Farmers here made a co-operative shipment of 37,500 pounds of live hogs to Baltimore, and J. Paul Shaw, agriculture teacher, brought them back \$3,000.

Predicts Increase of Jobs in 2 Years

New York, March 9.—(AP)—Jobs for from 50,000 to 60,000 workers on public buildings in two years were predicted today by J. W. Philip, assistant postmaster general. Philip said in an address here before the Bronx Board of Trade that on the basis of present estimates, double that number would be used for one year, with 6,000 to be employed for each \$10,000,000 spent.

"For every man employed in the work," Philip pointed out, "there will be five outside employees engaged in factories, fabricating plants and other industry furnishing material used in the construction of these Federal buildings."

Approximately \$504,000,000 is available within the next 10 years, Philip said, with \$415,000,000 authorized for outside of the District of Columbia. The allocated projects, for which appropriations have not been made, Philip said, "form part and parcel of the building program and will be taken care of from time to time as necessity demands."

"It is felt that with the completion of this vast building program," Philip said, "within the next ten years every city in the country which can show annual postal receipts of \$30,000 or over will be equipped with a Federal building."

Two Youths Held On Arson Charge At Concord, N. C.

Concord, N. C., March 19.—(AP)—Edward Eggers and John Durham 15-year-old former inmates of the Stenwall Jackson Training school, state institution for delinquents, were held in Cabarrus County jail today on a charge of burning two cottages at the institution.

The youths confessed yesterday at a magistrate's hearing to setting fire to the buildings, which burned a few days ago. A charge of arson was brought against them and they were removed to the county jail to await the next term of Superior court.

The same week the cottages at the training school were burned, two dormitories were burned at two for delinquent boys. Sixteen Samarand Manor, state institution for delinquents at the institution, are charged with setting the fires at Samarand. The total damage at Samarand was estimated at approximately \$25,000, while the damage to the training school was put a little higher.

SEEK TWO MEN FOR ABDUCTING RICH WOMAN

(Continued from page one) Bradley was reared in Madison county but had moved to this county where his relatives now reside. He said Brown, alias Baker, came from near Pickens, S. C., and that both the boys, near 21 years of age, had worked in Mrs. Shipman's cafe in Brevard. He said the sheriff at Pickens had notified him that a warrant was out there for Brown. "I have spent considerable time on the case," said Sheriff Patton, "but there is very little on which the develop clues leading to the apprehension of the boys. We are not convinced that Mrs. Shipman is not alive and well."

Charlotte, N. C.—(AP)—Mrs. Edith Byrd, of Toledo, O., national president of the Spanish war veterans auxiliary, will address members from this district April 10 and 11.

New York Awaits Roosevelt Action In Walker Charge

New York, March 19.—(AP)—The charges against Mayor Walker were swallowed in a great void of silence today as the city awaited Governor Roosevelt's decision.

The New York Times said that Tammany Hall had advised the mayor by telephone that the time for "wisecracking" was past and that he should refrain from all comment until he returned here. Tammany representatives in the city government similarly were ordered to maintain silence, the paper said. They did so.

Nevertheless, the mayor was quoted by the New York American as saying in a telephone interview from Palm Springs, Calif., that the accusations leveled against him by the City Affairs committee were "nothing more than were used against me in the campaign of 1929, when I was re-elected by an overwhelming plurality."

"There is nothing in the charges to disturb my rest in this beautiful place," he was quoted as saying. "I am feeling considerably better."

A Palm Springs dispatch to the Times had Mayor Walker saying that he would not comment until he returned to New York.

Now! MODERN WHITE LIGHT

This New Aladdin from KEROSENE Lights Instantly

Burns 94% A's Scientists say its White Light is nearest to daylight in color.

Costs You Nothing

to have this wonderful new Aladdin coal oil (kerosene) mantle lamp and enjoy all the pleasures and comforts of a perfectly lighted home, Aladdin light is just like sunlight, yet soft and beautiful. Perfectly safe—no smoke, odor or noise. Saves its cost in less than a year.

TWICE THE LIGHT ON HALF THE OIL

Recent tests by the Government and noted scientists at 25 leading Universities prove the ALADDIN gives MORE THAN TWICE THE LIGHT AND BURNS LESS THAN HALF AS MUCH OIL as the best round, wick open flame lamps on the market. Thus the Aladdin will pay for itself many times over in oil saved, to say nothing of the increased quantity and quality of pure white light it produces. A style for every need.

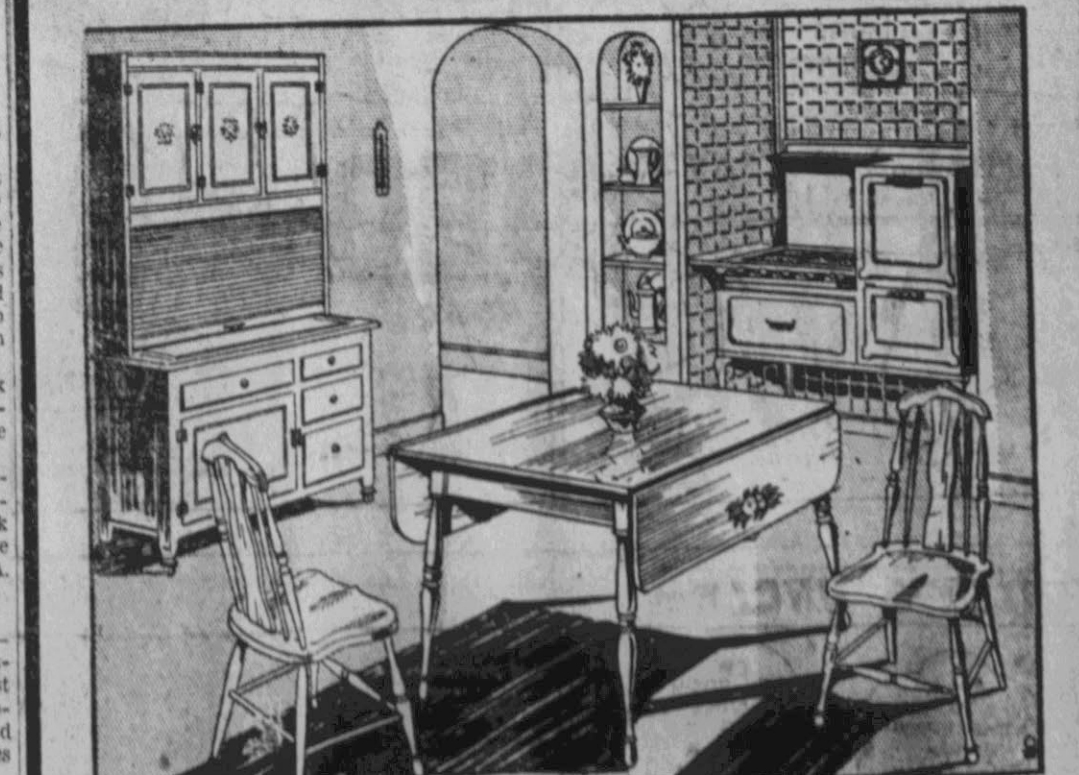

Beautiful New Hand Decorated Shades in Glass and Parchment

An entirely new idea in shades for Kerosene lamps. Makes it possible with the Aladdin to not only light country homes as efficiently but as artistically as well. These new shades add an unsurpassed beauty and charm to home illumination, that you appreciate.

## ABOUT TOWN

Automobile thieves have begun extensive operations in Greenville again. Several cars have been stolen from the business and residential sections the last few days, and only a few of them have been recovered. This brings the populace to the necessity of seeing that their machines are properly locked when parked. It is the easiest thing in the world for a thief to jump into a car and start it when he has nothing to do but turn the switch, and people who fail to lock their cars can expect no better than to see them disappear.

The police are doing everything they can to cope with the situation, but they are helpless in the face of the lack of co-operation of car owners.

The next time you leave your car in front of your home or in the business area see that it is properly locked. This will insure you against the loss of an investment of several hundred dollars.

It is a matter of pride to the citizenship generally to note the interest which colored people are giving the live-at-home movement. Programs of varied natures are conducted in the schools and churches from time to time and the majority of progressive colored people are thoroughly saturated with the spirit of the experiment.

As the ability to provide the things to enable the people to live comfortably despite the price situation for the main money crops is going to play an important part in the life of the community the next several years, everybody should make it a point to consider seriously the proposition outlined by Governor Gardner for safeguarding the interest of the farming element.

Farmers, be they white or colored, can not go amiss by providing themselves with the necessities of life, and if they do that along the line suggested in the live-at-home plan, the future is doubly bright for early recovery from price deflation and depression.

Greenville business houses realize that newspaper advertising is the most powerful medium for reaching the people, and even at this time the majority of the firms are informing their patrons of the things which they will have to offer for Spring.

The showing this season is one of the most colorful of years, and the archaic display is attracting the attention of people who live many miles from the city.

The coming of warmer weather will bring thousands of people to the business district the next several weeks, and that they will buy liberally of the splendid offerings from the worlds greatest fashions centers cannot be doubted.

An anomaly of the present session of the General Assembly is the desire of the solons to relieve the landowner of some of his tax burden and their disinclination to find a source of revenue to provide for state support of schools.

The school bill, which provides for a reduction of land taxes, was passed in a comparatively short order but when the time came to raise the necessary revenue the solons stalled and have been stalled ever since.

While several proposals have been offered for the raising of the desired \$10,000,000 none of them have met with approval, due largely to the opposition from affected interests. The people who thought they were going to have to bear some of the new tax burden began yelling "raw-head-and-bloody-bones" and legislative machinery ceased its groaning until the solons had time to take another deliberate squint at the fields of taxation.

Indications at this time point to the acceptance of a tax on luxuries, power and securities as a means of finding the way out of the wilderness and the fact that the legis-

### TOBACCO ACREAGE MUST BE CUT

For some time tobacco companies have been warning the farmers against the production of a big crop of tobacco this year and yesterday at the meeting in Wilson tobaccoists of Eastern Carolina added further to these warnings.

If the tobacco farmers are to get anything for their crop this year there must be at least a twenty-five per cent cut in acreage, yet there are many who are going right ahead with their plans for either an equal or increased acreage compared with last year. Such action on the part of the farmers is inviting further financial disaster and ruin and we urge the farmers of the entire tobacco section not to take this foolish step.

A twenty-five per cent cut in acreage will make not only a smaller crop but should result in better quality because of the additional time the farmers will have to care for the reduced acreage and this plan is the only way that farmers can hope to get anything for their tobacco.

This matter is one that affects every business man in our section as well as the farmers for further financial distress for the farmers will reflect itself in every line of business. We therefore urge every business man of our county and section to lend his efforts and influence toward a decrease of at least twenty-five per cent in the tobacco acreage this year.

### LOCK YOUR CAR

With the automobile stealing here almost the epidemic stage, we urge motorists to help break it up by not leaving their cars an easy prey to the thieves. If you are to leave your car even for a few minutes with any degree of safety you must see to it that you lock it before you get out. While some of the cars have been stolen during a five minute's absence of the motorist, the thieves principally are operating around theatres, churches and other public places where they can safely estimate that the car owner will be out of the way for at least an hour, giving plenty of time for a good getaway. No matter where you park your car on the street, see to it that it is locked. Otherwise you might be minus a car when you come back for it and the police will have just another set of numbers to add to their list of stolen cars. It only takes a few seconds to lock your car before you get out of it and to know that you'll have a car when you come back is well worth the trouble.

### "GREAT HELP IN RAISING FAMILY"

That's What A Texas Lady Says About Black-Draught After Years of Use.

Austin, Texas.—An interesting story of how Theford's Black-Draught has proved valuable in her home life was related here recently by Mrs. T. C. Laws, of 1704 Willow Street. She wrote:

"During my childhood, my mother used Theford's Black-Draught in our home frequently. She gave it to us children for little spells of sickness. Whenever we would complain of not feeling well, she would give us a course of Black-Draught which straightened us right out. "Since I have been married, I have found Black-Draught to be a great help in raising my family. It is a handy medicine to keep in the house. I give it to my children and I take it myself. It is splendid to treat constipation and colds with. I also use it when I have spells of indigestion. "Sometimes I suffer with bad, sick headaches and gas pains. Black-Draught always gives me relief, and after I have taken it I feel fresh and energetic. "I give it to the children in form of a tea. They do not object to taking it."

Theford's **BLACK-DRAUGHT** for Constipation, Indigestion, Biliousness

### Brothers on Trial for Murder

### BROTHERS ON TRIAL FOR MURDER

Leo V. Brothers of St. Louis (right) shown as he entered Judge Joseph Sabath's court in Chicago as his trial for the slaying of Alfred (Jake) Lingle, began.

Members of the Pitt County Post of the American Legion have a catholicity of sympathy for the former service man. They are always on the alert to render him any service looking to his welfare and happiness.

The post recently extended aid to a veteran who became ill here and had no visible means of support. They found him beard and loquag and then made arrangements for his transportation to a government hospital for treatment.

This is one of the many services the organization has been able to render in past years, and it is just as ready to lend a helping hand now as ever.

The Legion was formed with the idea of protecting the interests of the men who fought that the world might be saved from the ruthless heel of German autocracy, and this is being put into actual practice daily. The more support the organization receives from the former service men, the more effective and far-reaching will be its campaign in their interests.

### NOTICE OF SALE OF REAL ESTATE

Under and by virtue of the powers of sale contained in that certain mortgage executed by Henry Lewis to S. O. Worthington on the 12th day of August, 1930, recorded in Book N-18 at page 354, default having been made in the payment of the notes secured, the undersigned will offer for sale for cash at public auction before the court house door in Greenville, at 12 o'clock, Noon, on Thursday, the 26th day of March, 1931

the following lands, to-wit: First Parcel: Beginning at a stake on Green Street as extended just south of Branch near the Beaufort County Lumber Co. log Deck; thence northwardly with the eastern boundary of Green Street 150 feet to stake at corner; thence eastward at right angles from said street about 120 feet to stake at corner; thence southward parallel with said Street 150 feet to stake at corner; thence westward about 120 feet to stake at corner at the beginning, being a part of the land conveyed to L. C. Arthur and wife to W. M. B. Brown and other and by L. C. Arthur and wife conveyed to Henry Lewis and wife by deed recorded in book W-7 at page 517.

Second Parcel: Beginning at a stake in southeast corner of Pitt Street as extended and Cross Street; thence with Cross Street about 220 feet to stake in southwest corner of Green Street as extended; thence with the western boundary of Green Street 200 feet southward to stake; thence westward at right angles from Green Street about 110 feet to stake at Henry Lewis southeast corner; thence northward with Henry Lewis eastern line 150 feet to stake at said Lewis northeast corner; thence westward with said Lewis northern line about 110 feet to corner in Pitt Street; thence northward with the eastern boundary of Pitt Street 50 feet to beginning, being a part of the W. M. B. Brown land and the same conveyed by L. C. Arthur and wife to Henry Lewis and wife by deed recorded in book G-8 at page 346.

Third Parcel: Beginning at the southwest corner of Pitt Street as extended and Cross Street; thence in a westerly direction with the southern boundary of Cross Street about 200 feet to the southeast corner of Cross Street and McClellan Street; thence in a southerly direction with the eastern boundary of McClellan Street 50 feet to a stake; thence in an easterly direction parallel to and at right angles from Cross Street about 200 feet to Pitt Street; thence in a northerly direction with the eastern boundary of Pitt Street 50 feet to beginning, containing 1-4 of an acre and being same land as conveyed to Henry Lewis and wife by deed recorded in book M-8 at page 582 except so much of said land as was conveyed to Della Ruffin by deed in book J-12 page 233.

Fourth Parcel: Beginning at the southeast corner of Henry Lewis lot on the west side of Pitt Street; thence in a southerly course with the western boundary of Pitt Street 90 feet to corner; thence in a westerly direction at right angles from Pitt Street 190 feet to stake; thence in a northerly direction with the western boundary of McClellan Street 100 feet to Lewis corner; thence in an easterly course with Lewis southern line 190 feet to the beginning, being the same land conveyed by L. C. Arthur and wife to Henry Lewis and wife by deed in book R-10 at page 332.

A deposit of ten per cent of bid will be required on day of sale. This February 23, 1931. S. O. Worthington, Mortgagee. Feb. 24-11w-4wk.

tion with the eastern boundary of western boundary of, McClellan Street 100 feet to Lewis corner; thence in an easterly course with Lewis southern line 190 feet to the beginning, being the same land conveyed by L. C. Arthur and wife to Henry Lewis and wife by deed in book R-10 at page 332.

A deposit of ten per cent of bid will be required on day of sale. This February 23, 1931. S. O. Worthington, Mortgagee. Feb. 24-11w-4wk.

### NOTICE OF SALE OF REAL ESTATE

Under and by virtue of authority contained in that certain deed of trust executed by Spencer Williams and wife, George Ann Williams, to S. O. Worthington, on the 22nd day of January, 1930, and recorded in Book E-16 at page 602, default having been made in the payment of the note secured, the undersigned will offer for sale for cash at public auction before the court house door in Greenville on Monday, the 6th day of April, 1931 at 12 o'clock Noon

the following described lands: That certain tract or parcel of land, lying and being in the County of Pitt and in the State of North Carolina, known and designated as follows: Beginning at a stake in the run of Swift Creek, W. G. Wall and Spencer Williams corner, and runs N. 30 W. 128 poles; thence N. 52-1-4 poles; thence S. 30 W. 144-1-4 poles to the run of Swift Creek; thence up the various courses of said Creek to the beginning, containing by estimation 30 acres, more or less, and being known as the Spencer Williams land.

144-1-4 poles to the run of Swift Creek; thence up the various courses of said Creek to the beginning, containing by estimation 30 acres, more or less, and being known as the Spencer Williams land.

### THIS WOMAN IN 4 WEEKS LOST 17 POUNDS OF FAT

Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Lewistown, Montana, that ought to be read by every overweight woman in America:

Gentlemen: I started taking Kruschen every morning as directed as I was very much overweight and wanted to reduce. I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give "Kruschen Salts" a fair trial. The day I started to take them I weighed 256 lbs. and at present, which has been just four weeks, I weigh 239 lbs. And I must say, I feel better in every way, besides looking much better.

A deposit of ten per cent of purchase price will be required on day of sale to show good faith. This the 5th day of March, 1931. S. O. Worthington, Trustee. March 7-11w-4wk.

May all large people, both men and women, who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince anyone.

A bottle of Kruschen Salts that lasts four weeks costs but 85c at Greenville Drug Co., or any drug-store in America. Take one half teaspoon in a glass of hot water before breakfast every morning. To help reduce swiftly cut out pastry and fatty meats and go light on potatoes, butter, cream and sugar. The Kruschen way is the safe way to reduce—Try one bottle and if not joyfully satisfied—money back.

# PHILLIES IN NEED OF GOOD MOUND WORK

**By ALAN GOULD**  
(Associated Press Sports Writer)  
Winter Haven, Fla., March 19.—(AP)—The sad plight of the Philadelphia Nationals will be sadder unless "Doctor" Burten E. Shotton finds a quick cure for the club's pitching aches and pains.

Medicore mound work by all save Phil Collins wrecked the bright prospects of this colorful, hard hitting club a year ago. Picked to finish no worse than fifth, the Phillies skidded to last place. As a result Shotton has been forced to tear the team apart and face the 1931 season with distinctly dubious prospects.

The Phillies still have the punch even though they left Frank Letty O'Doul and Fresno Thompson go to Brooklyn in a big deal aimed at strengthening the pitching corps.

Headed by Chuck Klein, the brilliant outfielder who hit 386 last season, the slugging troops include Pinkey Whitney, Don Hurst, 210-pound Virgil Davis, No. 1 backstop; and "Buzz" Arlett, the elderly and portly "rookie" who hits 'em high, wide and handsome from a mooring-mast stance.

On paper, at least, Shotton has gone far toward solving his pitching worries but an epidemic of minor ailments and sore arms has handicapped the fingers in camp.

Much is expected from the two men obtained from Brooklyn, Clise Dudley and Jumbo Elliott.

The most promising addition, otherwise is Lil Stoner, former Detroit tiger, who won 14 games with Fort Worth last season.

Shotton hopes to get at least one winner from three seasoned south-paw recruits—Stewart Bolen, who won 19 with Baltimore; Hal Willis, also credited 19 victories for Fort Worth; and Ben Shields, a burly fellow who once showed a 1/2 of stuff with the New York Yankees.

In addition to Phil Collins, the club has pitching hold-overs in Ray Benge, Hal Elliott and John Milligan.

The infield appears strengthened by the addition of Dick Bartell, fleet ex-pirate, at short-stop; Whitney is a fixture at third; Don Hurst reliable at first; and Barney Friberg slated to play second base unless he is relegated to the utility role by a youngster, Les Mallon, from Fort Worth.

Klein's holdout tactics compelled considerable juggling in his outfield, the starting trio is still uncertain. Hal Lee, obtained from Brooklyn, appears to have clinched one position, perhaps the left field vacated by O'Doul. Klein may be shifted from his customary right field post to make for the heavy hitting Arlett. Fred Koster, the Little Rock recruit, has shown great ground-covering ability in centerfield and is an ideal lead-off man because of his speed.

Behind the bat, Davis will have the aid of Harry McCurdy and George Rens, taken over from the Tigers last season via the waiver route.

# PRINCE OF WALES PLAYS POLO IN SOUTH AMERICA

Polo was one of the main forms of recreation for the Prince of Wales during his visit at Vina del Mar, Chile. He is shown here (center) walking with a group of other polo players before the start of one of several games in which he participated in Chile.

# News From The Training Camp

San Antonio, Tex.—John McGraw, New York Giants manager, at last has explained why he likes to direct every move his pitchers make during a game.

"My one regret," McGraw says, "is that I did not start out as a pitcher. I always wanted to be a pitcher but they made me play in the infield."

Fort Myers, Fla.—Despite their great potential batting strength, the Brooklyn Robins are becoming a bit worried about hitting as Babe Herman tour progresses. Babe Herman, formerly their outstanding catcher, has not shown much to far.

St. Petersburg, Fla.—The players who believe the saying "as Ruth goes, so go the Yankees" believe that New York's chances of winning the American league pennant are getting better daily. So far Ruth has failed to satisfy the home run demands of the fans but he has hit at a .350 clip through eight exhibition games.

Fort Myers, Fla.—Howard Ehmke, Athletic's winning pitcher in the opening world series game against the Chicago Cubs in 1929, loomed today as a possible comeback. Asked to confirm reports that the veteran would rejoin the A's, Manager Connie Mack said:

"If Ehmke says his arm is sound and that he is ready to pitch again he can have a job with us."

Los Angeles, Cal.—Leo "Gabby" Hartnett of the Cubs, who broke all records for catchers last season by crashing out 37 home runs, looks fit for another big year. Hartnett has slammed out a homer in each of the past five games.

St. Petersburg, Fla.—There was much self-congratulation and not a few laughs directed at the St. Louis Cardinals in the Braves camp today over a certain red-headed outfielder by the name of Worthington. The Braves bought Worthington from the Rochester International league club, a Card's farm, and that young man smashed out a terrific home run to far left center in the third inning of yesterday's game with the Cincinnati Reds besides making a single and scoring two runs.

Bloft, Miss.—Back in Bloft today, the Washington Senators looked forward to a day of comparative rest. Tomorrow they will renew their pre-season play in a game with the Spring Hill college nine.

New Orleans.—The season's first grief was upon the Cleveland Indians today. Johnny Hodapp's temperamental knee slid out of joint yesterday. The second baseman will have to stay out of ex-

hibition games for a couple weeks.

# STONE WILL DELIVER DAVIDSON'S FINAL SERMON

Davidson, March 19.—(AP)—Dr. John Timothy Stone, president of Presbyterian Theological Seminary at Chicago, has accepted an invitation to deliver the annual Baccalaureate sermon during the 96th commencement at Davidson College, which will be held May 31, June 2.

prospectors with camel trains have concentrated at Alice Springs, a little sun-baked town on the edge of "the big never-never."

They plan to rush the field if information leaks out. Special troops are watching them.

# Full Rows

### V-C Fertilizers Fill Every Row With Profits

## Another generation...

UP goes the big bag on strong young shoulders: another generation wins the manhood of farming! Two hundred full pounds of V-C fertilizer, with good, rich plant food in every pound... it takes a man!

"To the efficient producer, a surplus has no terrors."—Silas Bent.

Through all its years of welcoming new generations and initiating them into the ways of successful farming, V-C fertilizer has kept the faith of full weight and honest value. V-C has done even more: it has kept the fast pace of advances in agriculture. It is the standard-bearer not only of reliability but also of today's latest and best in soil management. V-C fertilizer belongs with good farming—with your farming.

High yields usually cost less per unit to produce.—The Fertilizer Review.

If farmers were to use the plant food recommended by the agricultural experiment stations and others, North Carolina would use a million tons a year more than it is using. The same conditions exist in South Carolina. Virginia would use more than one million tons instead of less than half a million tons.—National Fertilizer Assn.

Load your own trucks with V-C this season. Be wise with your generation—for here comes another!

On land no better than that of neighboring farms making a quarter of a bale to the acre, Wesley Reid of Miller County, Ark., produced 495 pounds of lint cotton per acre with V-C 4-8-6.

An annual business of over a million dollars each is done by more than 200 farmer-owned cooperative associations according to Arthur M. Hyde, Secretary of Agriculture.

"The really great profits have come from elimination of waste," says a famous merchant. The saying applies to farming. Farming makes a great profit when it eliminates waste work on many acres by concentrating all its work on a smaller number of acres, using V-C fertilizer and growing plenty of better crops that cost less.

"When properly organized, farming should be the most stable industry in the world."—Chairman Legge of Federal Farm Board.

There is often an opportunity to choose between materials that are very different in drilling qualities. It will pay well to choose the fertilizer that can be distributed best.—U. S. Dept. of Agriculture.

"Hush yo' mouth, Black Boy, or I makes you eat yo' words!" "Crack down! Chicken dumplin, ri—ed fish and hot biscuits! Watermelon!"—Exchange.

"One of the first essentials to success in agriculture is the adjustment of production to potential market requirements. For the most part, farmers have grown their crops blindly, each trying to produce the maximum without regard to the possible effect of over-production at selling time."—Chairman Legge, Federal Farm Board.

Trouble comes when the crop costs more to produce than it brings when sold. The grower can't dictate selling price, but he can control cost of production. The growing cost of ten bales of cotton, for instance, grown on ten acres of good land with V-C fertilizers, is less than the growing cost of ten bales of cotton grown on twenty acres. And the same truth applies to any other crop.

It is better to produce a high and profitable yield on less acreage than an average yield on full acreage.—U. S. Dept. of Agriculture.

"The fertilizer industry has been going through a gradual but distinct evolution. There has been an increasing use of inorganic materials, a tendency toward the elimination of low grades, and an increased use of synthetic salts. These changes are fundamental. The fertilizer industry is becoming a chemical industry."—Arthur M. Hyde, Secretary of Agriculture.

"That tightwad wouldn't lend me two dollars! Would you believe there was such a miser in the world?" "Oh, my, yes! Why, I'm just that mean, myself!"—Exchange.

"We are handling V-C exclusively, and have never had a complaint from a user. We shall continue selling V-C fertilizers as long as their present high standard is maintained."—F. B. King, V-C Dealer, Homer, La.

On four acres, J. C. Boswell, Atkinson, N. C., raised 4,400 pounds of tobacco that sold for \$1,286. Mr. Boswell used V-C Lion Brand 8-3-5. From five other acres he gathered 2,080 pounds of cotton, with V-C Fish Mixture 8-3-3. "I also made plenty of feed crops for my family and my stock," says Mr. Boswell. "And my fertilizer bill was \$182.45."

VIRGINIA-CAROLINA CHEMICAL CORPORATION  
RICHMOND, VIRGINIA

Make your ground rich, start your profits here and grow it big with V-C fertilizers.

"There is no better fertilizer on the market than V-C," says J. W. French of Gordo, Ala. Mr. French has been selling V-C, and using it on his own farm, for a number of years. "It has given perfect satisfaction," he says.

# ALL CLUBS OF PIEDMONT GET THEIR PILOTS

Raleigh, March 19.—(AP)—The managerial roster of the 8-club Piedmont league, slated to be one of the fastest class B circuits in the country this summer, today was complete.

Announcement by President W. Ransom Sanders of the Raleigh club, that Odie Strain, former Augusta pilot in the old Sally league, would skipper the Caps, rounded out the list of managers for the Cigarette loop.

George Whitted at Durham, Jimmy Teague at Henderson, and Daniel Boone at High Point, skippers at these cities last year, are back in harness for another season, and all the rest of the clubs have a man at the helm.

Winston-Salem is counting on Bunn Hearn, who guided the Twins to a pennant in 1928, to repeat this season. He has hooked up with the club anew as part owner and manager.

Ray Kennedy, of old Sally league fame, is lined up as part owner and pilot of the Asheville club, and Guy Lacy, who likewise won fame in the late lamented Sally circuit and in the old Virginia league, has the reins in Charlotte.

Greensboro fans are looking to the diamond genius of Johnny Kane to bring them their share of the season's glory.

Charlotte and Asheville will make their debut in the Piedmont league this season, having clambered from the wreckage of the Sally, which broke down a few weeks ago, into the fast Cigarette circle.

Although the day when the opening gun will be fired is still undecided, club managers and owners are applying themselves to pre-season problems with vigor. They are hard at it, rounding up likely prospects, getting ready for spring training and the opening of the season.

Two dates, April 22 and later April 29, have been circulated as the days for the hop-off. But, a few days ago, Judge W. K. Bramham, of Durham, the league proxy, said the question of when the curtain would rise had not yet been definitely settled.

A decision is expected in a few days.

# S. C. REMOVES BAN ON RING ACTIVITIES

Columbia, S. C., March 19.—(AP)—South Carolina's fight for rights was won today with Governor I. C. Blackwood's signature making it a legislative act legalizing "boxing contests" within the state.

For years the state's constitution has banned prize fights along with bear baiting and bull fighting. In order to escape the necessity of a constitutional amendment, the new law refers only to "boxing contests."

It provides for bouts up to 15 rounds, to be staged under the supervision of county boxing commissioners who are to serve without pay. The commissioners are prohibited from taking part in the promotion or management of any fight or fighter.

Until former Governor John C. Richards took office a little more than four years ago scant attention had been paid this constitutional mandate against prize fights. When promoters decided to stage a bout, the law in most cases joined them in ignoring the constitution.

Richards, a devout Christian and an ardent sportsman, decreed no prize fights should be held when he took office. It was not so much his personal objection, he explained, as it was the laws of the state which he had sworn to uphold.

A few promoters who refused to believe in the new order of things attempted to stage fights, particularly in Charleston, but constables from Richards' office stopped them. They argued they were being discriminated against as state-supported colleges were allowed to have inter-collegiate boxing bouts.

Attorney General John M. Daniel, however, ruled the colleges slugged without pay and therefore no "prize" was paid and the fights were simply exhibitions of boxing skill.

Whereupon the promoters took a different view of things and began staging "smokers," "oyster suppers," and "catfish stews."

For a couple of dollars a gentleman could secure a good two-for-

a-nickie cigar, a scant helping of oysters, or a tiny bowl of stew and the promoter would advise him if he cared to hang round he would be able to see a very good exhibition of boxing skill.

"Absolutely free, suh," the gentlemen would be advised with a wink and, everybody would laugh and take a seat at the ringside.

In the meantime, however, friends of boxing began agitating passage of a bill to legalize the sport. A year ago it seemed almost certain such a bill would be passed, just to put the finishing touch on, however, before a vote was taken, the legislature was invited to attend a boxing meet between the University of South Carolina and Clemson College, ancient enemies supported by the state.

It so happened that Edward K. Prichard, a University law student was not only a member of the Legislature from Charleston county but was the university's heavyweight fighter.

The meet broke up in a riot when Prichard's opponent disappeared with the referee over a foul decision.

When Columbia policemen had quieted the disturbance, backers of the boxing bill decided to wait a year before pushing the act to a vote.

# Fights Last Night

Oakland, Cal.—Meyer Gace, Chicago, outpointed Buddy Gorman, San Jose, Cal., (10).

# WANT ADS PAY

Richards, a devout Christian and an ardent sportsman, decreed no prize fights should be held when he took office. It was not so much his personal objection, he explained, as it was the laws of the state which he had sworn to uphold.

# SPORTS SLANTS

This column dislikes to end a good argument or any subject but the clinching evidence is at hand that the much-discussed "football-hidden-under-the-jersey" play was originated by Mr. John W. Heisman while coaching at Alabama Poly (Auburn) in 1895, not by Mr. Glenn Scooby (Pop) Warner at Cornell in 1897.

This evidence is from Mr. Heisman himself, who noted what Mr. Warner had to say recently in this sports column's opinion and writes me as follows:

"What Mr. Warner saw of Auburn's play he says he observed when he scouted Auburn in 1896. But that was just one year too late because I invented the play in October, 1895, and my Auburn team of that year played it successfully against Vanderbilt at Nashville in that same month and year."

"That same year—still 1895—we played the University of Georgia, with Mr. Warner coaching the latter team, at Brisbane Park Atlanta, on Thanksgiving Day. The second half of that game we again pulled the play and Harry Smith, left halfback, this time ran 40 yards with the ball under his jersey for a touchdown."

"It happened, however, that Ga. was offside on that very play and the ball had to be called back, with Auburn awarded 10 yards, for the offside play. In those days, you will recall, one could not declare the penalty."

"Where Mr. Warner's attention was riveted on that particular day and occasion I can have no idea, but certain it is that the Georgia rooters yelled very derisively when the referee called the touchdown off and shame-faced Harry Smith was thereby forced to pull the ball out from under his jersey."

"The ball was actually hidden under his clothing—right next to his stomach. We played it from a 'lose formation'—formed by huddling in a ring, as Mr. Warner says. When and where Mr. Warner first hid his man hide the ball under his clothing I cannot say."

OUT OF THE CRUCIBLE OF 3 YEARS' USE comes this... **3 YEAR GUARANTEE** and NEW LOW PRICES

IN thrifty homes throughout the country, you'll find overwhelming proof of the expense-free performance of General Electric Refrigerators. Now—with price reductions—General Electric announces a 3-Year Guarantee. Every new General Electric Refrigerator is warranted free from service expense for three long years.

The simple mechanism is sealed in the gleaming Monitor Top, permanently oiled—safe from air, moisture and dirt. Cabinets are all steel—porcelain-lined—easy to clean—broom-room beneath. Accessible temperature control plus three zones of cold, means instant response to every need.

At new low prices enjoy General Electric convenience and economy now.

Down payments are as low as... **\$10** (24 months to pay)

### ITALIAN FLYING ACE AND TWO COMPANIONS KILLED AS PLANE FALLS INTO SEA

(Continued from page one) and Lieutenant Ceconi was 28. The two and Second Lieutenant Giuseppe Damonte all flew in the same plane with General Balbo on the squadron flight to Brazil. Colonel Maddalena himself was piloting the Savoia-Marchetti 64 seaplane over the harbor of Pisa when it plunged into the sea. The three officers were among Italy's most famous fliers. Major Maddalena and Lieutenant Ceconi set a non-refueling endurance record in the air of 67 hours and 15 minutes last June. Major Maddalena who was 35 was already famous in Italy for his great share in the rescue of General Umberto Nobile and other survivors of the Dirigible Italia on the ice near Spitzbergen in 1928 after the collapse of the Italian airship during its North Polar flight. Maddalena made the first contact with the group, dropped supplies and medicine. Then he assisted in the search for other members of the Italia crew. The major had often visited the United States on sailing ships and was a master mariner. Before he turned to aviation. He also was a former holder of the world record for a distance flight over a closed circuit. He had intended to fly from Rome to New York this summer by way of the Azores.

Verne Treat (inset), veteran airmail pilot, was saved by a parachute when he leaped from his plane when it was forced down near Laurel, Md., because of a heavy coating of ice. He landed safely a mile from the wreckage of the plane.

### Capture Slayers of Two Missionaries

Nanking, March 19--(AP)--The slayers of Mrs. Vera White and Mrs. Victoria Miller, American missionaries, at Yunnanfu Sunday night have been captured by provincial authorities, the foreign office was informed today.

The two women were killed in their sleep while their husbands were absent from the Seventh Day Adventist mission at Yunnanfu. Mrs. White's home was in Battleground, Wash., and Mrs. Miller's home was in Spokane.

The women were slain with hatchets. Mrs. White's two children, asleep in the mission, were not molested.

Washington, March 19--(AP)--The State Department has instructed American Minister Johnson at Nanking to insist that the murderers of two American women slain at Yunnanfu, China, last Sunday, be brought to justice immediately.

The victims, Mrs. Vera M. White of Denver and Mrs. Victoria M. Miller of Chowchilla, Calif., wives of American missionaries of the Seventh Day Adventist church, were hacked to death.

Secretary Stimson reported today Minister Johnson and Consul Harry E. Stevens at Yunnanfu had been instructed to impress upon Chinese authorities need for energetic action against the criminals.

### NEWS BRIEFS

Asheville, N. C.--(AP)--John Harris and a friend were at a still. They heard some dogs barking. John didn't think it amounted to much, but his friend started moving. John was captured by deputies but the man who believed in the dogs escaped.

Elizabeth City, N. C.--(AP)--The Riverside Machlee Shop here was destroyed by fire with damage estimated at \$12,000.

contained therein, and the holder of said note having requested the undersigned Trustee to make sale of the lands described therein and the undersigned trustee having heretofore made sale of said lands after due advertisement, on the 24th day of February, 1931, and having duly reported the said sale to the Clerk of the Superior Court of Pitt County, and a raised bid having been filed with said Clerk, as provided by law for a re-sale of the hereinafter described parcel of land designated in said deed of trust, and in the report of sale as Parcel No. 5, known as the R. C. Cannon residence, and the said Clerk of the Superior Court having ordered a re-sale of said Parcel No. 5 only, the undersigned trustee will offer at public sale, to the highest bidder for cash, on Thursday, the 26th day of March, 1931, at about the hour of 12 o'clock noon, at the courthouse in the Town of Greenville, County of Pitt, the following described parcel or lot of land, situate in the Town of Ayden, County of Pitt, State of North Carolina, and bounded as follows:

PARCEL NO. 5: All that certain lot of land, with the improvements thereon, known as the R. C. Cannon residence, in the Town of Ayden, County of Pitt, State of North Carolina, bounded and described as follows: BEGINNING at a point on the southern line of Second Street, distant thereon Four Hundred and Sixty-five (465) feet, more or less, eastwardly from the Eastern line of Blount Street and at the point of intersection of the Western line of an alley; thence southwardly, parallel with the Eastern line of Blount Street and along the Eastern line of

said alley, One Hundred and Sixty (160) feet; thence eastwardly parallel with the Southern line of Second Street; One Hundred and Thirty-five (135) feet; thence northwardly, parallel with the Eastern line of Blount Street, One Hundred and Sixty (160) feet to the Southern line of Second Street; thence westwardly along the Southern line of Second Street, One Hundred and Thirty-five (135) feet to the point of beginning; said land having been acquired by two (c) certain deeds, as follows:

(1) Alfred Darden to Robert C. Cannon, dated April 3, 1894, of record in Book T-5, page 34, of the records of Pitt Co., North Carolina, and (2) William H. Harris and wife to R. C. Cannon and Sude G. Cannon, n. s. C. W. Can, dated June 15, 1897, of record in Book F-6, page 369 of the records of said county.

The said parcel of land will be offered for sale subject to all taxes accrued or to accrue and paying assessments due the County of Pitt, and Town of Ayden, which amount to the approximate sum of \$1,552.69 and the sale of said Parcel No. 5 above described will start at the raised bid of the sum of \$27.50, subject to the aforesaid taxes, paying assessments and liens.

The undersigned Trustee will further require the highest bidder at said sale to deposit with said trustee on the date of sale an amount representing 10 per cent of the bid to show good faith of the bidder. This the 9th day of March, 1931. American Bank & Trust Company of Richmond, Va. (Formerly American Trust Company), Trustee.

Whitaker & Allen, Atty's. March 12-19.

**COTTON MARKET**

New York, March 19--(AP)--Cotton opened steady today at 2 to 3 points lower for the later positions and at the outset was rather heavy in response to lower Liverpool cables than expected and reports of a decline in the price of silver in London.

Offers were not large, however, and the market subsequently developed a steadier tone on domestic and foreign trade buying. Reports of a slight improvement in the domestic spot demand in the south and on the firmer stock market which was interpreted as an indication of improving confidence in business. The May position declined to 10.96 and rallied to 11.02, while October after selling down to 11.53, advanced to 11.57.

Liverpool cabled that Bombay was a buyer there, but that local traders were liquidating and adding that there was further cloth buying by India with the home trade fair. Egyptian cotton futures in Alexandria were unchanged to 5 points higher.

**GRAIN MARKET**

Chicago, March 19--(AP)--Announcement that predictions of widespread beneficial moisture were beginning to be fulfilled by rain in Kansas and snow in Nebraska eased grain prices down late today. Rain and snow were also received in the Canadian Northwest. Houses with export connections sold Chicago delivery of wheat, and bought September.

**STOCK MARKET**

New York, March 19--(AP)--Bulls opened their heavy artillery for the first time this month in today's stock market.

Trading was in large volume in the first hour, but slackened as the day wore on. General Motors was brought forward as a leader, a role in which it has served infrequently since its violent rise of 1928.

This prominent motor issue sold up 2 points into new high ground for 1931 around 47. Other issues breaking into new high ground included McKeesport Tinplate, Johns Manville, and DuPont, rising 2 to 4 points. Issues making little progress included American Can, Union Carbide, American Water Works, Electric Power & Light, Westinghouse Electric, Loews, American Tobacco and Case. Such stocks as U. S. Steel, Bethlehem, Radio, North American, United Corp., Nash, General Electric, Electric Autolite, Paramount, Fox and Woolworth were among a wide assortment of issues up a point or more.

The movement in stocks was in contrast to the sluggish action of the bond market, which still seemed to be weighed down by uncertainty over further Treasury financing to meet the larger than expected veterans' loan demand.

Commodity price trends were mixed. The sugar market was notably firmer, with refiners expecting to increase prices 1-10 of a cent to 4 1-2 cents tomorrow. The seriousness of the commodity price situation appears again in a report of the livestock advisory committee of the Farm Board which stated that prices of all meat animals are below production costs.

Credit conditions were about stationary, although commercial paper rates were shaded a little.
