KING COTTON FORGING BACK TO THE FRONT

Cotton Men, Feeling Better, Fail to Credit Spectacular Behavior of Market

New York, April 1.—(AP)—Old King Cotton, rather grimly, is going about setting his house in order. Back in 1921, in another business depression, he beat other industries at that job—and now, ten years later, he seems to be doing the same thing.

But the keynote is caution. Cotton men, though feeling better, refuse to credit cotton's rather spectacular behavior with under optimism.

The principal players in the cotton drama are figures. Here are some:

A production in February of 212,168,000 yards of staple, medium and coarse goods (the figure being based on the cotton textile institute's returns from about 70 per cent of the industry) is less than the demand.

The average weekly production for February was 53,042,000, more than in any month since last May.

February sales of 326,691,000 were greater than any month since last October.

Stocks were only 319,328,000 yards—the least in several years in the face of greater demand.

Unfilled February orders were 795,802,000 yards, the highest since December 1929.

And the institute's tentative March figures show a definite continued trend.

King Cotton is working hard. He has cut out night work by women in 83 per cent of the mills. This means a much smaller number of mills operating at night since men's feet are chummy at the spindles, and it would be expensive to train them. Fewer hours of work means less danger of over-production.

King Cotton also is working hard to find new uses for his product. Large sheets of it are placed between the layers of cement on pavements so that one layer may be removed without damaging the other. There are new cotton toys, chic dresses, bags for potatoes, oranges, and vegetables. Throughout the South the people are having carnivals, encouraging the research for these new uses.

George A. Sloan, president of the cotton textile institute, says the institute spent \$250,000 promoting cotton. He believes the industry has shown a remarkable gain, but that it's still too early for a real and definite statement.

He thinks cotton mills will be very careful to produce no more than the consumer needs; that the mills have thoroughly learned the fallacy of over-production.

The textile industry accounts for about 24 per cent of the wage earners; 20 per cent of the wages; and 18 per cent of the value of products. If cotton's movements are continued, it is probable that other textiles will follow more definitely than at present with a decisive effect on all American industry.

After Information In Bailey Contest

Greensboro, N. C., April 1.—(AP)—James S. Duncan, of this city, Republican state chairman, today planned, he said, to appeal to every Republican organization in the state for aid in obtaining evidence in the contest of the election of Josiah William Bailey, Democrat, United States Senator.

At the same time, it was indicated that the Senate subcommittee, which decided to investigate the election upon the complaint of George M. Pritchard, defeated Republican candidate, probably would come to the state within 60 days to hold hearings in several strategic points.

Pritchard, whom returns showed to have been defeated by approximately 113,000 votes, charged Bailey won over him through wide-spread fraud and election irregularities.

Former Pastor Salisbury Church Dies Suddenly

Salisbury, April 1.—(AP)—Dr. Byron Clark, former pastor of the First Presbyterian church here, died suddenly at his home last night.

Dr. Clark was a native of Clarkston. He was graduated from Princeton university, where he was a student under Woodrow Wilson. In the same class with Robert E. Speer and Booth Tarkington. He was pastor of the church here for 18 years prior to his retirement seven years ago because of ill health. Prior to coming here he was pastor of Mount Washington church in Baltimore for ten years.

Kills Self In Ni

Associated Press Photo

Peggy Davis Townsend, former New York show-girl, scribbled a note to her husband, drank two brandies and then jumped in her automobile and drove it over a steep cliff, dropping 200 feet to her death at Nice, France.

PROBE CRASH OF BIG PLANE

Several Testify Regarding Tragic Accident That Claimed Eight Lives

Cottonwood Falls, Kansas, April 1.—(AP)—A coroner's jury was told today that the transcontinental and Western Air transport plane apparently was in distress for some minutes with its motors backing before it hurtled from the clouds yesterday to carry Knute Rockne and seven others to death in a pasture near Bazaar, Kansas.

Robert Z. Blackburn, stock man who witnessed the tragic crash, testified that he had drawn the conclusion that something was amiss from the sound of the craft's engines.

"I heard the plane above the clouds. Then I ceased to hear it," he testified. "After a lapse of five minutes, perhaps, I heard it again."

"It seemed to linger in my hearing some time. Then I heard the engines backfire for some time: I was of the opinion then something was wrong."

"The sound attracted the attention of my cattle. Then I saw the plane coming out of the clouds at an angle of 45 degrees. I watched it until it went out of sight behind a hill. I heard a crash."

Three witnesses were called by Dr. Jacob Hinden, Chase County coroner. They were Blackburn, E. D. Baker, son of Stewart H. Baker, upon whose range the plane fell, and Clarence H. McCracken, ranch man who saw the liner hurtle to death from a cloudy sky.

Dr. Hinden said other witnesses would be called, among them probably officials of Transcontinental and Western Air Express, Inc. owners of the ill-fated plane and Department of Commerce aviation inspectors.

Lingle Case Nears End At Chicago

Chicago, April 1.—(AP)—The Lingle murder case entered its final stages today, with indications that the jurors may begin deliberating the question, "who killed Jake Lingle?" by tonight or tomorrow.

Only rebuttal testimony, the arguments of the attorneys and Judge Joseph Sabath's charge to the jury, remained at the opening of court today, the defense having brought its case in chief to a sudden and dramatic close yesterday.

The defense finished without putting Leo V. Brothers, the St. Louis gunman, on the stand in his own defense, and without attempting to establish an alibi for him.

Coroner Completes Probe of Deaths In Coal Mine Disaster

Sanford, April 1.—(AP)—The report of a coroner's jury set forth today that L. A. Huneycutt and his son, Elmer, 56th and 57th to perish in the mine of the Carolina Coal company at Coal Glen, died as a result of an explosion.

The explosion, the jury found, was due to an insufficient supply of air in the shaft of the mine. What actually set off the explosion was not determined.

A rescue crew followed the bodies of the Huneycutts, who entered the shaft Saturday night, in the 2,600 foot level of the mine Monday night, after working more than 30 hours to reach them.

The two men were buried yesterday at the Cottonville Baptist church in Montgomery county where they formerly lived.

Mrs. Huneycutt and nine children survive.

Recurring Earth Shocks And Fire Hamper Rescue Work in City of Managua

Thousand Persons Reported Dead As Result of Yesterday's Catastrophe; American Government Sends Relief

Managua, Nicaragua, April 1.—(AP)—Stunned by the destruction of their city by earthquake and terrified by constantly recurring tremors, the people of Managua feverishly carried on rescue work today against terrific odds.

The day broke bleakly in the stricken Nicaraguan capital with fire still raging in many sections of the city.

Estimates of the dead from yesterday's shocks and flames reached a 1,000. The number of injured tentatively was placed at 2,000. The entire population of about 60,000 was homeless. Hardly a building remained standing. Fire threatened to complete the catastrophe.

Among the known American dead were:

Lieutenant Commander Hugo F. A. Banks, doctor in the Nicaraguan National Guard.

Mrs. Joseph D. Murray, of Concord, Mass., wife of a major in the United States Marine corps.

James F. Dickey, of Vallejo, California, chief quartermaster, U. S. M. C.

Italian consul Napoleon Re, was among those killed. No mortalities among American civilians have been reported yet. Both President Moncada and American Minister Mathew E. Hanna were out of the city at the time.

Martial law was in operation. Lieutenant Colonel Frederick B. Bradman, commander of the Marine forces, was in charge of the rescue work. A lack of water through a break in the water system hampered the fire fighting. A scarcity of footstuffs brought about by the demolition of the business section added to the privation. A scarcity of medical supplies existed.

A Nicaraguan Red Cross was formed by Minister of Health, Dr. Forjades Panagua, to aid relief work. Thirty Nicaraguan doctors came from Corinto, Chinandega and Leon to assist. Minister Panagua issued the following statement:

"We do not possess the necessary medical supplies adequately to cope with the situation. Sincerely hope the American Red Cross will be able to send aid."

SOLONS RIOT UNEMPLOYED

Free for All Fight Follows Attempt to Present Petition in Maryland Capitol

Annapolis, Md., April 1.—(AP)—A riot broke out in the house of delegates chamber here today as a group of unemployed who had marched from Baltimore attempted to present a petition demanding relief from the legislature.

The spokesman for the delegation resisted when Speaker Francis A. Michel ordered the floor cleared. A free-for-all fight occurred as members of the House came to the assistance of sergeants-at-arms.

A riot call was sent to the Annapolis police department and local policemen helped clear the floor. All the delegation was put out as other members joined in the melee when the House was ordered recessed for an hour.

The delegation, in which were a number of negroes, then proceeded to the office of Governor Albert C. Ritchie.

The march of the unemployed started at Baltimore yesterday with about 75 persons, including several women, in line. The march of 30 miles to Annapolis was completed last night.

The petition the spokesmen attempted to present demanded creation of a fund of several million dollars for unemployment relief for the industrial idle and small farmers.

BIG CROWDS AT REVIVAL

Inclement Weather Fails to Cut Attendance at Services at Methodist Church

In spite of the inclement weather another large crowd last night attended the series of revival services in progress at Jarvis Memorial Methodist church.

Dr. Rowe, head of the Department of Religion of Duke university, who is conducting the services, delivered a forceful message on the subject, "Think With Me On God." His text was taken from Romans, 11:33.

He dwelled upon the important part which God is playing in the lives of men and women of the present day, and urged his hearers to use more influence in spreading the gospel so that other people might also know more about God.

Fine attendance was reported at the morning service today, in spite of overcast skies that gave forth promise of rain at most any time.

The services are being held twice daily, 8 a. m. and 8 p. m., and the public is given a cordial invitation to attend.

City Hall Work of Art

An old low building and not a modern skyscraper, has been chosen as the most beautiful building in New York by a jury of architects and artists.

Banker Indicted

Associated Press Photo

A. B. Banks, of Fordyce, Ark., head of a large banking and insurance chain in Arkansas which collapsed last fall, has been indicted at Osceola, Ark.

GIVES STORY EARTHQUAKE

Airplane Pilot Describes Destruction Wrought By Quake At Managua

Miami, Fla., April 1.—(AP)—A vivid story of an airplane's approach to the stricken city of Managua, Nicaragua, was released by Pan-American Airways, Inc. here today.

The story, contained in a radio message, described the appearance of the city as seen by Pilot A. W. Olsen, in a Pan-American plane as he approached Managua at 9:30 a. m. today.

"We are passing the smoking crater of Momotombo. Details of Managua are becoming plainer as we draw closer to the stricken city," the message said.

"Thin ribbons of smoke rise from the few of the buildings left standing which are partially destroyed by fire. Where once a checkerboard pattern of paved streets lined by brown and white stone houses could be seen from the air, now all that is left is a jumble of broken masonry."

"The steel skeleton of the cathedral under construction has apparently suffered no damage but in all (Continued on page six)

SEND AID TO POOR MINERS

Kentucky County Officials Seek to Relieve Distress After Demonstration

Morganfield, Ky., April 1.—(AP)—Union county officials, spurred by a demonstration by unemployed miners, sought to relieve distress in the Dekoven and Curlew communities today.

Shipments of food were sent to supplement a truck load dispatched yesterday after more than one hundred miners marched to the courthouse and said 800 families were starving.

The miners, thrown out of work by shut-downs at the mines, marched 16 miles to Morganfield, bearing banners on which were inscribed "We Want Work." The marchers ranged in age from 17 to 80. Two wagons followed the parade, picking up the aged stragglers when they tired.

When they arrived at Morganfield, they visited stores and homes, urging residents to accompany them to the courthouse, where they were met by Sheriff Thomas Markham and other officials who summoned County Judge W. B. Harris, III at his home.

Alex McDowell and Fred Rohm, spokesmen for the miners, told the officials of their plight. McDowell said few families in their communities had enough bread to last a week, while "most of them haven't a crumb in their cupboards."

The Bell Union Coal Company mine suspended operations last month and the Madison Coal Company mine has not operated for three years. Rohm said nearby land was not suitable for farming.

The demonstration was orderly and at no time was there a disturbance.

Johnson Buried This Afternoon

Spencer, Ind., April 1.—(AP)—The body of Byron Bancroft Johnson, former president of the American Baseball League, will rest in a cemetery on the banks of the White river here, following funeral services this afternoon when the baseball world pays its final tribute.

Republican Contest For Seat Of Senator Bailey Carried To Legislature

Nation Crushed By The Tragic Death of Rockne

Washington, April 1.—(AP)—President Hoover today described the death of Knute Rockne as a "national loss."

The Chief Executive dispatched the following telegram to Mrs. Knute Rockne:

"I know that every American grieves with you, Mr. Rockne so contributed to a clearness and high purpose and sportsmanship in athletics that his passing is a national loss."

HERBERT HOOVER

South Bend, Ind., April 1.—(AP)—The "spirit of Notre Dame," a fighting spirit that never before tottered, was crushed today by tragedy.

Knute Kerketh Rockne, the man who did more in building up that far flung spirit than anyone else, was dead and the blow of his sudden, tragic loss stunned everybody. It was as devastating as it was sudden to Notre Dame and it seemed

like the rude interruption to just a wonderful dream.

University leaders, students, townspeople of South Bend and even the smallest boys on the street were grief stricken as they realized that their "Rock" had marched off. A pall was cast across the shadows of his achievement, flags flew sadly at half mast and everyone, who knew him personally or just by name hung their heads in sorrow.

So amazed and stricken were his friends that even today, almost 24 hours after the immortal football coach's tragic death in an airplane crash in Kansas, funeral arrangements were far from complete. All that was fairly certain was that when the remains of that restless man, whose teams made football history, are lowered in the grave that thousands will be present.

Pending word from his widow, rushing back home from Miami, (Continued on page three)

CITY QUEENS ON DISPLAY

Senior Queens at the Capitol Last Night; Juniors at the State Theatre Tonight

Pulchritude of the city of Greenville marched across the stage at the Capitol Theatre last night as twelve young women competed for the honor of becoming Greenville's queens at the Eastern Carolina Exposition to be held in this city the latter part of next month.

The group comprised contestants for senior queens, and will appear at the State theatre Thursday night.

Prospective junior queens will make their appearance at the State theatre tonight and at the Capitol theatre Friday night.

Patrons of the theatres are being given an opportunity to select three queens from each group, and these young women will preside as Greenville's representatives through out the week of the exposition. The young women from each group receiving the most votes will be declared queens.

Sickness has made considerable inroads into the ranks of the prospective queens, and the representation will not be as large as if this condition did not exist.

Several other towns of the county will be allowed one queen each, and other towns representing the forty-odd counties embraced by the Eastern Carolina Chamber of Commerce will also send representatives.

(Continued on page three)

NEW GAS TAX IS EFFECTIVE

North Carolinians Begin Paying One Cent More On the Gallon of Gas Today

Raleigh, April 1.—(AP)—Don't be surprised today if the filling station keeper charges an extra penny a gallon for gasoline.

It will be the result of the new North Carolina highway act which increases the tax on gasoline from five to six cents a gallon.

In return for this extra penny a gallon tax, the state will take over and maintain all county roads without a property tax for this purpose.

Although the new law becomes effective today, the county highways will not actually be taken over until July 1.

Gov. O. Max Gardner, who sponsored the new law, predicted it "will meet the needs of our people in a manner even beyond the expectation of its advocates." He said the act, providing for the use of convict labor for road work where cheaper labor cannot be obtained, would put the state in control of 47 chain-gangs and 2,500 county prisoners.

Seven members of the old highway commission, abolished by the law, will continue in office until a new commission is named by Governor Gardner. Their terms expired last night at midnight.

One Man Killed While Gambling

New York, April 1.—(AP)—One man was dead and another lay wounded in a prison hospital today as result of an exchange of shots in a suite of the Hotel Latham where men were gaming last night.

Albert E. Shaw, a member of the gambling party was killed by the robbers as they returned the fire of Richard Ganley, an ex-patrolman, William Horowitz, alleged leader of the robbers was perhaps mortally wounded.

Ganley began shooting when the robbers entered the place and ordered a score of gamblers to line up against the wall. The other robbers escaped.

The policeman was recently dismissed from the department after disclosures of vice activities in the framing of women. He had intended to turn in his gun, he said, but carried it because of habit.

Greensboro Firemen Fall for 'April Fool'

Greensboro, April 1.—(AP)—By a day's delay in the April fool's day for Greensboro firemen, and they say they are getting tired of it. It's all due to telephone number similarity. The principal taxicab firm here has 5151—the fire department has 515.

George Washington, of dark complexion, who says he never saw down a cherry tree but "tells the truth just the same, wanted a fact. He died. Three fire trucks and an ambulance answered.

George said he didn't want to ride any of them, especially the latter. It was raining, and the firemen were ill-humored, but all they could do was tell George he was "all wet" because the same thing has happened several times recently.

G. O. P. Members of Both Houses Introduce Resolutions to Request Governor Gardner to Impound Ballot Boxes in Bailey - Pritchard Senatorial Election and Turn Them Over to the Investigating Committee; Houses Refuse Immediate Action; Bill to Increase Highway Patrolmen Killed

Raleigh, April 1.—(AP)—Republican members of the House and Senate today introduced joint resolutions to request Governor Gardner to impound ballot boxes used in the Bailey-Pritchard senatorial election last November in order that they be turned over to the elections investigating committee of the United States Senate.

Representatives Butler of Sampson and McBee of Mitchell introduced the resolution in the House with Senator Grant of Davis giving it to the Senate.

Both houses refused to consider the resolutions immediately, the attitude of Pritchard in contesting the election of Senator J. W. Bailey being termed "unsportsmanlike" by Hamilton of Oartart during debate in the House. Half a dozen senators objected in the upper division. A motion of Johnson of Pender to table the House resolution failed.

By a practically unanimous oral vote, the House killed the Bennett bill to increase the personnel of the highway patrol from 37 to 87 men.

The measure had passed the Senate and survived one effort in the House to table it.

The House concurred in Senate amendments to the Sewall bill to create a new banking department divorced from the Corporation Commission and directly under the governor. The bill will become law upon ratification.

Senate amendments to the Newman bus bill, however, did not please the House and were refused.

The House discussed salary cuts again, receiving a favorable committee report on the Davis-Moore bill with an amendment to reduce the scale of reductions to range from 5 to 15 per cent instead of from 10 to 30 per cent. The bill, however, was sent to the appropriations committee upon motion of Pitts of Catawba. Harris of Person, chairman of the appropriations group, told the House his committee favored a 10 per cent cut and expected to report a bill tomorrow.

The Senate finance committee continued study of uncontested sections of the House revenue bill.

Under a Republican resolution all clerks of Superior court would be required to furnish the investigating committee with lists of absentee ballots cast in the election.

Sensors Ward of Beaufort, Dunlap of Anson, Lawrence of Hertford and others objected to the procedure.

In the House the resolution barely missed being tabled upon motion of Johnson of Pender.

Hyde On Visit To Drought Section

Memphis, Tenn., April 1.—(AP)—Secretary Hyde went into the drought areas of Arkansas today to see for himself what aid government loans have given farmers.

The secretary left here after a hurried conference last night with J. H. Lynch, district loan administrator.

"If I thought prices in general would go any lower I'd hang myself," Hyde said of agricultural market conditions.

NEWS BRIEFS

From Over The City and County

DR. REBARKER THE JUNIOR ROOM BANQUET ORATOR

The arrangements for the 90 fathers and sons to come together at the "Father and Sons" banquet to be given in the Junior Room of the Sheppard Memorial Library on April 16, are completed.

Address of welcome to the fathers, by Ralph Deal, Jr., president of the Senior Hi-Y.

Address of the evening, by Dr. Herbert ReBarker of the East Carolina Teachers College.

The parable of the Prodigal Son, by Rev. W. S. Harden.

The parable of the Prodigal Father by Howard Sumnerell, of the Senior Hi-Y.

What a father can do for his boy, by Tom Wilson, president of the Junior Hi-Y.

Our Hi-Y clubs, by Gus Forbes, secretary of the Senior Hi-Y.

Song leader, J. H. Rose, superintendent of city schools.

We are rather fortunate in securing as our principal speaker, Dr. Herbert ReBarker of the E. C. T. C. His years of experience with students and the Hi-Y clubs makes him a fitting speaker for the occasion.

The regular weekly meeting of the Junior Hi-Y will meet tonight at 8 o'clock. The devotional part of the program is in charge of W. C. Clay, Jr., Theme: "God's Great Compassion for Men."

The Pioneers elected their officers last night.

President: L. G. Hamilton. Vice-President: Archie Jones; Secretary: Douglas Butler; treasurer, Walter Doughty.

Sixteen boys joined the club last night and will be initiated at a later date.

FARMVILLE TO PLAY LOCALS

If Old Man Jupiter Pluvius looks upon Greenville High, and those who like to go to a good baseball game, with eyes of consideration and mercy tomorrow, Greenville High will meet Farmville High at 3:30 o'clock. It will be an opener for the Greenville and Farmville teams and should be a good contest indeed. Due to the fact that the Farmville schools are closing early this year because of the depression, Farmville is not in the conference, but this will not prevent her putting up a strong front indeed against her ancient rivals, Greenville. The teams divided last year and Greenville is exceedingly anxious to make a better showing this year by taking both contests which will be played.

The Greenville boys have been working hard now for about three weeks, and the team is now rounding rapidly into form. Greenville is anticipating having one of the finest teams she has had in years. The high school usually has about one pitcher who has to do all of the work during the season. This year the team has an abundance of pitchers and contestants for all the other positions. There are five letter men back: Captain Bullock, who was elected the other day; King, Deal, Brown and Taylor. The only seniors out for the team are Bullock and Deal, so the school can look forward to good baseball teams for at least another year.

Those who have been looking good in practice are as follows: Bullock and Broadhurst, catchers; King and Brewer, first basemen; Deal and West, second basemen; Madrin and Blanchard, shortstop; Gaston, Dennis and Hardee, battling for third; Summerell and Register left field; Brown, Carr, Cobb, Whichard, Turnage, Wells and Moye, right field.

The backers of the high school are asked to come out and stand behind this team. They need your moral and financial support. You will enjoy the games and will help both yourself and the school by coming. It will be appreciated if the spectators will make it easy for the admission collectors to collect the money for there is not any fence around the diamond back of the Third Street School and without the co-operation of the spectators the whole season will be a financial flop. The games will be announced through this paper and also by advertisement on the street. Watch for the games and come; you will learn to like it if you don't already.

Be sure to come out behind the Third Street School tomorrow afternoon at 3:30 when Greenville meets Farmville in what promises to be a fast and furious contest on the diamond.

MULES STANDING FIRM AGAINST MACHINE AGE

Topeka, Kas.—(AP)—Tractors used on Kansas farms in 1930 showed a slight decrease from 1929, according to a report of the State Board of Agriculture, after increasing about 370 per cent during the past decade.

Current activity in the Wichita mule market was interpreted as some indication of "revolt against the operation of farms with mechanical power."

Society Girl To Wed

Associated Press Photo
Mary Van Rensselaer Cogswell, New York society girl whose adventures in Soviet Russia and the Caucasus created something of a stir in 1929, and Sigourney Thayer, theatrical producer, will be married March 28.

TEN PERSONS SENT TO ROAD

County Court Continues Hearing Today of the Heaviest Docket in Months

Ten defendants either found their way to jail or the county roads in the regular session of County court yesterday. The session continued today as an effort was made to complete one of the heaviest dockets in months.

The charges ranged all the way from larceny of chickens to violation of the prohibition law, and almost in every instance the defendants were sent to jail or the roads. It was the first sitting of court in three weeks, due to two weeks' session of Civil court which came to an end the latter part of last week. Judge W. L. Whedbee presided. Several other cases awaited consideration during the morning and it was expected the roads would receive additional workers before adjournment.

Raywood Johnson, of Raleigh, charged with transporting whiskey, was sentenced to six months on the roads. He was arrested by officers when his car collided with another automobile near Greenwood cemetery about two weeks ago. Twenty-two gallons of whiskey were said to have been found in the car. Johnson was immediately arrested and held for County court action.

John Smith, colored, who had such a weakness for chickens that he went out and borrowed a few without the knowledge of the owner, was sentenced to the roads for a period of six months.

Other cases disposed of were:

Minnie Coward, colored, larceny, 30 days in jail.

John Hall, colored, possession of whiskey, ten days in jail.

William Joyner, colored, larceny of whiskey, 90 days on the roads.

Cletus Dawson, colored, larceny, 90 days on the roads.

Frank Matthews, colored, liquor, four months on the roads.

J. Creech, possession of whiskey, 10 and cost.

Matthew Boyd, colored, possession of whiskey, \$75 and cost.

Jim Holliday, colored, possession of liquor, six months.

Romeo Ebron, colored, driving drunk, 90 days on the roads; auto license revoked for six months.

James Allen, colored, larceny, four months.

Davis Was Not In Fatal Auto Wreck

Pittsboro, April 1.—(AP)—Dan Davis, object of a lengthy search by Chatham county officers in the fear he was an occupant of the automobile of J. H. Davis when it overturned in a small stream near here at midnight Monday night, was not in the car, Sheriff Walter Blair said today.

J. H. Davis was found dead, imprisoned under his car in the water of the stream early yesterday. Sheriff Blair said no inquest was held as it appeared that the man may have died of heart trouble while driving the car, before it left the highway to turn over.

Dan Davis, relatives told the sheriff, had left Manners with J. H. Davis to drive to Siler City. Last night Sheriff Blair was informed "by a party at Lillington" that Dan Davis was in "Sanford, having separated from his cousin there."

LAST OF INHABITANTS TO QUIT LONELY ISLE

Pellheil, Wales.—(AP)—The little island of Bardsey, at the tip of the South Carnarvonshire coast, is soon to be evacuated.

Life on the island is dull and the inhabitants have tired of their solitary existence. And the young people wouldn't remain on the island; they wanted to "see life."

The four farmers probably will move to the mainland. The pastor and his wife will leave in April.

Extra Special

All persons paying their account during these three days may deduct 5 per cent discount. Remember this means exactly what we say and no discount will be allowed at a later date than April 4th.

BILLY'S UNCLE

Social and Personal

Miss Ada Jones arrived today from Belmont to spend Easter with her parents, Mr. and Mrs. W. R. Jones.

Mrs. J. N. Hart and Miss Evelyn Hart spent yesterday in Raleigh.

Mrs. D. H. Gower and children are visiting her parents Mr. and Mrs. W. R. Jones.

Mr. and Mrs. John R. Carroll, of Winterville, spent today with Mr. and Mrs. A. E. Hogood.

Mr. and Mrs. C. A. White and little daughter, Mr. and Mrs. W. H. White and little daughter have returned from Baltimore.

Mrs. John Harvey, of Kinston, was here yesterday.

Mrs. Richard Thornton and Miss Susan Barrett, of Farmville, were Greenville visitors yesterday.

Mrs. Eugene Neal and Mrs. John Rodman, Jr., of Washington, were here yesterday.

Mrs. Charles Waters, of Kinston, was here yesterday.

Miss Hattie Carr and Miss Evelyn Carr, of Farmville, were here Tuesday.

ROUND TABLE CLUB MEETS WITH MRS. HILLMAN

On yesterday afternoon the Round Table Club was entertained by Mrs. E. L. Hillman. Among the visitors for the afternoon was Miss Adda L. Gardner, Wheeling, West Va., the house guest of Mrs. Howard McGinnis. A very enjoyable musical program was given by Mrs. C. W. Bernier, Miss Lois Gorrell, Miss Ona Chandler and Misses Agnes and Carolyn Fullilove.

The paper for the afternoon, a study of "Women in Industry," was given by Mrs. T. A. Person. From wide reading and study of the subject, Mrs. Person had prepared an unusually interesting paper. Speaker and hearers were again reminded of the fact that North Carolina has in report of a survey of women in industry on which to base words in approval of existing conditions, or efforts for correcting possible faults.

Following the program Mrs. Hillman invited her guests into the dining room, where Mrs. H. E. Austin, seated at a beautifully arranged table, poured tea, while the hostess assisted by her little daughter, Ann Hillman, Miss Kathryn Warlick and Miss Athleen Edwards, passed delicious sandwiches and wafers, baskets of spring flowers and fires of open grates all through the house were in pleasing contrast with the gloomy weather outside. Club members are indebted to Mrs. Hillman for a very pleasant afternoon.

Rev. J. H. Little III.

The friends of Rev. J. H. Little III regret to learn that he is convalescing at his home in Winterville.

NIGHT SCHOOL PUPILS TO BE GUESTS OF WOMAN'S CLUB

The pupils of the night school sponsored by the Woman's Club will be special guests of the club Thursday afternoon at 4:30. Mrs. M. Clark, teacher of this class, will have some of the pupils to demonstrate some of the things they have learned since organization of the work was begun by the club. Members of the club are asked to notice the change in hour of meeting and to come promptly at 4:30. The regular monthly business session will be held and delegates appointed to the convention to be held in Greensboro April 14-17.

St. Peter's Catholic Church.

Service on Commandments and section of the Blessed Sacrament Wednesday night at 7:45.

Solemn Sacrifice of the Mass Thursday morning at 7:30. Procession of children and placing the Blessed Sacrament in the Repository.

Mass for the adoration of the host all day Holy Thursday.

Adoration and Adoration of the host Thursday night 7:45.

Mass of the Pre-sanctified Good Friday morning at 7:30, followed by the Adoration of the Cross Good Friday afternoon at 2:30.

Memorial Baptist Church.

The mid-week service of prayer, song and Bible study will be held at 8:00 o'clock. We sincerely hope every member will make special effort to meet with us as we gather for prayer. Thus say draw near to God, and God will draw near to you. Let us fortify ourselves to meet life with tasks and problems each day.

Bring your Bible with you. Brief church conference will follow this hour.

To Stage Party in China.

Yew York-Alexander Woolf-literate, has left for a birthday party in China. There will be no other guests. The party is a month. It is in honor of mother of Henry Kyan Yuan, got chummy with Woolf-literate college days. Yuan's was once president of China.

A Short Sermon.

Charlotte-(AP)—Card playing, and theatre-going are still devil and should not be indulged in by Christians, the Rev. S. Dixon, Dallas, Texas, pastor, told a Baptist congregation here.

Stockholders Meet.

Grand-(AP)—Stockholders of Cannon mills of Kannapolis, received \$1,899,944 in dividends last despite a drop in net income from \$4,160,000 to \$1,544,638, met in annual session April 1.

Mrs. Watkins Seriously Ill.

Mrs. J. D. Watkins of Rocky Mount, is seriously ill at the home of her niece, Mrs. R. O. Harris, on Evans street. She suffered a stroke of paralysis yesterday.

SPECIAL COMMUNION AT CHRISTIAN CHURCH

The Holy Week services which are being held in the Eighth Street Christian Church are being well attended, the attendance increasing each night. On Thursday night the most important of these services will be held, at which time there will be a special Communion service. Every detail of this service has been planned to deepen the spiritual experience of celebrating the institution of the Lord's Supper on Thursday of the last week. The membership of this congregation is expected to attend this service and the public is invited. The minister will speak on "The Fellowship of Jesus."

MID-WEEK SERVICE AT PRESBYTERIAN CHURCH

This evening at eight o'clock, the mid-week prayer meeting will be held in the Presbyterian church, with the book study of the prophet Zephaniah, in addition to prayers and song. Please read the three chapters before coming. Let nothing interfere with your attendance. This is the time set apart every week for prayer in the churches. Do not forget it.

FALKLAND NEWS

Mr. L. T. Pierce, of Farmville, was here Monday.

Mrs. Lyman Brown spent the week-end in Greenville.

Miss Frances Patrick went to her home in Griffin Sunday.

Mr. Preston Pierce and family and Mr. George Brown of Greenville, were visitors here Sunday.

There was a community sing or practice at the school auditorium Friday night.

Several from here went to Greenville Thursday night and Saturday night.

Mr. Ben Fleming and Mr. and Mrs. Hubert Savage, of Greenville, were here Sunday.

Mrs. Emma Little, we regret to say, is quite sick at her home here.

Mr. Frank Dupree and family of Farmville, were visiting Miss Anna Little Sunday.

Mr. and Mrs. J. B. Umphlette of Tarboro, have located here, where Mr. Umphlette will be engaged in work on the highway.

Dr. and Mrs. S. M. Crisp of Greenville, were here Sunday.

The F. C. S. Club will meet with Miss Emma Gorham Tuesday night.

Mrs. Luella Stancil, mother, son and nephew, went to Kinston Sunday.

The Falkland P. T. A. will meet Thursday night. There will be an election of officers for the coming year.

The officers of the Presbyterian Church had a meeting Monday night at the home of Mr. J. J. Morris, in regard to the every member canvass.

Mrs. C. H. Mayo, Mrs. Blanche Weeks and Miss Olive Mayo went to see Miss Annie Mayo in Kinston Sunday.

There was a meeting of the Home Demonstration Club at the home of Mrs. C. H. Mayo on Thursday. Miss Niece showed interesting ways of preparing eggs and delicious refreshments were served.

Mrs. G. H. Pittman and Mrs. A. C. Fletcher attended the food and nutrition demonstration at the Woman's Club in Greenville Wednesday. Attractive and appetizing ways with milk and cottage cheese were seen and enjoyed by all.

Rev. J. H. Little III.

The friends of Rev. J. H. Little III regret to learn that he is convalescing at his home in Winterville.

RESCUE HERO OF BUS TRAGEDY

Bryan Untiedt, 13-year-old school boy who survived a 36-hour ordeal in a bus stalled during a snowstorm near Towner, Colo., is shown as he was rescued. Young Untiedt was the hero of the tragedy, taking off his clothing to give it to other children, and urging them to keep moving. Despite his efforts five children died from the cold, and the bus driver lost his life seeking help.

Says Portion of Lea Transactions Kited By Bank

Nashville, Tenn., April 1.—(AP)—A former assistant cashier of the closed Liberty Bank and Trust Company told a legislative committee investigating state affairs today that during the five years of the bank's existence, transactions of Colonel Luke Lea, Nashville publisher, totaled approximately \$12,000,000, "a large portion of which were kited."

Testifying before the investigating committee, M. D. Johnson, the former cashier, was asked if "kiting" is using the assets of a bank without having the proper security therefor. He replied "it's just a loan without a note."

Transactions of Luke Lea, Jr., the publisher's son, totaled in excess of \$1,000,000 and he "kited" also "in some instances," Johnson said.

"We're not practically all the transactions Colonel Lea had with that institution kites except what he borrowed," asked Robert L. McReynolds, of committee counsel.

"Yes, I'd say they were," Johnson replied.

Kansas City, April 1.—(AP)—The body of Knute Rockne, football wizard of Notre Dame, killed in the crash of an air liner near Bazaar, Kansas, yesterday, was escorted to Kansas City today by his two sons, Knute, Jr., 12, and William, 15.

The boys, accompanied by Dr. D. M. Nigro, Notre Dame alumnus, went to Cottonwood Falls, Kansas, yesterday, upon receiving news of the gridiron mentor's death. They are students in the Pembroke School here.

The body was met here by Father Michael Mulcaire, vice-president of Notre Dame, Jack Chevigny, assistant Notre Dame coach, who in 1922 made a touchdown against Army "for the Gipper," "Hunk" Anderson, another assistant coach, Edward Halpin, manager of the Notre Dame team; Earl King, and Howard Edwards.

The party boarded the train which took the remains of the gridiron genius on toward Chicago and South Bend, Ind.

NATION CRUSHED BY THE TRAGIC DEATH OF ROCKNE

(Continued from page one)

Fla. definite arrangements will be held in absence. Mrs. Rockne was expected to arrive in South Bend Thursday night, several hours after the arrival of the body. Most of her friends and university officials said today they believed the funeral services would be held Saturday morning.

"I want him buried from the Church of Notre Dame amid the surroundings and boys he loved so well," was all Mrs. Rockne would say.

Church law forbids requiems during holy week and a low mass instead of a solemn high requiem was celebrated in Sacred Heart church for Rockne at 6:20 a. m. today. Two thousand students and faculty attended the mass and received holy communion.

Messages of condolence literally poured into the Rockne home and to the university. They came from all corners of the world and from everyone who had known "Rock," as he was known intimately to thousands. Telegrams and telephone offices worked overtime to care for the messages, which only served to accentuate the importance of his passing.

What effect Rockne's passing will have on Notre Dame football was hard to say. Doubtless Notre Dame will find it hard to come close to replacing his genius; never will it be able to replace his personality, a personality set forth with wisdom, sparkling humor and sportsmanship. Who his immediate successor will be also is a matter of conjecture although the logical choice for the 1931 campaign falls to his chief assistance, Heartley "Hunk" Anderson.

Most football coaches have been signed for this year and "Fighting American" relief on wings sped today toward earthquake-smitten Managua, Nicaragua.

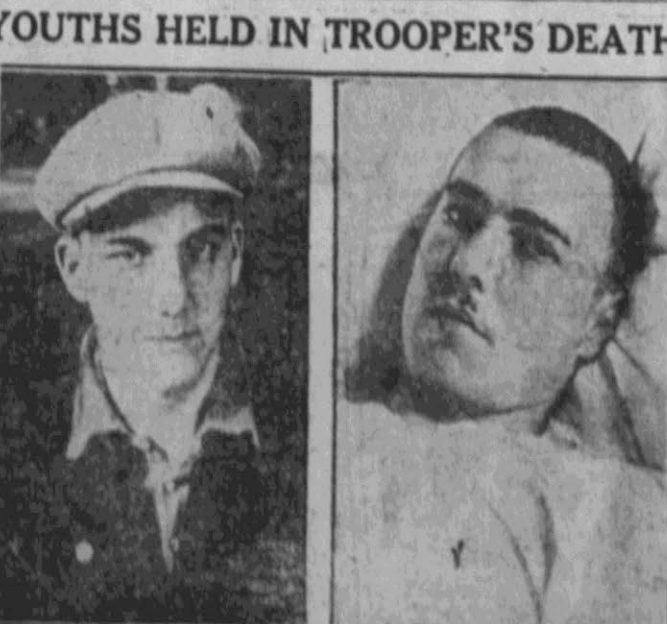

RECURRING EARTH SHOCKS AND FIRE HAMPER RESCUE WORK IN CITY OF MANAGUA

(Continued from page one)

The only buildings of importance left standing were new structures reinforced by concrete. The front of the presidential palace was intact but the rear part of the building was sliding downwards. Two of the three Managua banks were completely destroyed. The Anglo-South American Bank was dynamited by soldiers before the fire reached it and the Anglo-Central American Commercial Bank was burned to the ground.

The Hotel Lupon, headquarters of Pan-American Airways was one of the first structures to go. Air Port Manager Harry Rammer was in the office when the tremor was felt and rushed outside as the walls caved in. The American legation was burned and its entire files destroyed. Ellis M. Stevens, clerk at the legation was sitting on the porch of Piedrecitas Chalt when the quake happened and dashed away as it slid into Asococa Lagoon.

YOUTHS HELD IN TROOPER'S DEATH

William Schmitzer (left) and Stanley Chero, alleged youthful outlaws, who were captured in McAlister, Ohio, and accused of the slaying of John Frey, New York state trooper. Chero was wounded as he attempted to escape after his arrest. The youths will be returned to New York for trial.

American Legation Afire at Managua

Washington, April 1.—(AP)—A message received at the State Department early today said America's Legation in Managua was in flames and that all Archives were lost.

The message was from Wilfrid Beaulac, charge d'affaires, who added that earth tremors were continuing.

In another message, Beaulac said practically all inhabitants of Managua were homeless; and that the \$10,000 to be made available by the Red Cross for relief purposes would "not begin to give adequate relief."

Toward the western coast, nearer the scene, sped the cruiser Rochester, the hospital ship Relief, and the army transport Chaumont. The gunboat Sacramento stood by at Balboa awaiting orders.

The navy, which had some vessels in the area, bore the burden of early relief efforts, but after the Red Cross and the army subsequently joined sea forces in planning relief.

After a conference, the American Minister to Nicaragua, Matthew E. Hanna, was asked to co-ordinate activities until the arrival of Ernest J. Swift, acting director of Insular and Foreign affairs for the Red Cross. Swift is on his way to Nicaragua.

For the time being, relief work was devoted principally to medical aid. As in all such disasters, outbreaks of disease were feared. While the injured still needed attention.

TRACTORS BRING MACHINE AGE TO PORTUGUESE FARM

Lisbon—(AP)—Taking a leaf from the Soviet book, Portugal is teaching her peasant farmers to use tractors.

Increased use of the machines is credited with the size of the 1930 wheat crop which broke all records. It exceeded the 1929 yield by 3,375,000 bushels.

During a recent "national agriculture week," 865 open air meetings were held. The government campaigners who urged intensification of grain culture included President Carmona, the minister of agriculture and a number of other personages.

MANY STATES PLAN TESTS OF NEW POTATO VARIETY

Rhineland, Wis.—(AP)—A new potato, produced by Sidney Schmidt of Oneida county, after 10 years' experimentation, because of its heavy yielding qualities has attracted national attention.

He called it the "Longhope," and last year on his farm produced 600 bushels on two and one-half acres. This year he will plant 15 acres.

The United States Department of Agriculture will test the "Longhope" seed at the federal experimental station in Arisook county, Maine. Farm departments of several states also will test the seed.

Arkansas Editor Dead.

Little Rock, Ark., April 1.—(AP)—Death today had claimed Frederick H. Heiskell, managing editor for more than a quarter of a century of the Arkansas Gazette.

Mr. Heiskell died suddenly at his home last night of a heart attack. He was 55 years old.

Appear On Stage

Palm Beach, Fla.—Miss Muriel McCormick of Chicago as Mona Lisa! She has made her first professional stage appearance at Palm Beach playhouse, of which she is the president. She played a role in "The Face," a drama in black verse about the life of Leonardo da Vinci, artist.

Rules As Dictator

Associated Press Photo
President Paul von Hindenburg of Germany has assumed "dictatorship" powers to deal with political radicals.

"Don't be Typical . . . Be Your TYPE!"

say the new hats

At last—a season where you don't HAVE to wear something that doesn't suit you just because it's the vogue. This season's hat fashions are proof enough of this new mode of individuality. Look in your mirror, and decide on your "line"—the languorously feminine, the dashing and debonair—then choose your Easter hat to suit your type. There's enough variety (in millinery) to cope with the most versatile imagination.

C. HEBER FORBES

"The Store All Women Know."

ROCKNE TO BE REMEMBERED AS WIZARD

By CHARLES DUNKLEY
Chicago, April 1.—(AP)—Knut Rockne will be remembered first for his football accomplishments as "the wizard of Notre Dame," but of all the figures in the athletic world he was by far the most entertaining.

His fund of stories, told about himself and about his players, was inexhaustible and they were part of the tradition that has been built up around him. He never was backward about asserting his opinions about football and its conduct. He was involved in more controversies over rule making than any other coach in America. His development of the forward pass and the open game of which the now much discussed "shift" was the leading and most controversial feature, spread throughout the country until at present there are more than a hundred coaches using it.

Although only 43 years old, premature baldness, combined with his recent illness, made many think he was much older. Rockne was kidded quite a bit because of the absence of hair on his head. He stopped the wise-crackers with this remark:

"Well, Demosthenes didn't have any, either."

Never was Rockne without a wisecrack to fit every occasion. His tongue was as sharp as a sword and he would cut down a star football player just as soon as some stumbling fourth rater. His wisecracks and stories were gems.

One of Knute's select sayings was: "Be a good loser, don't beef. But don't lose."

Another one:

"To hell with the guy who'll die for Notre Dame. I want men who will fight and keep it alive."

Once during a practice scrimmage he yelled:

"Heads up there, Joe, they won't give you a chance to tie your shoes in the army game."

"Send your knees, Joe. Throw away your knitting needles and get in the ball game. Remember this is football, rough and manly."

Rockne, possessing marvelous personality and magnetism, was a driver; yet there was nothing harsh about his methods. He was famed as a master psychologist. Few had his knack of inspiring men.

In 1925 Northwestern, one of Notre Dame's major rivals, was beating the Fighting Irish 10 to 0 at the end of the half.

Disgusted with the stumbling of his players, Rockne walked into the dressing room between halves, took one disgusted look at the athletes sprawled on the floor and snarled to Assistant Coach Anderson:

"Fighting Irish, eh, well you can have my share of them." Then he walked out.

That Notre Dame team went back into the game fighting mad and in two successive drives down the field won the game 13 to 10.

Rockne made frequent use of his story-telling capabilities in teaching little but important lessons on the practice field, too. Some of the most choice of this sort were those used to deflate the conceit of players who came to Notre Dame with fancy prep reputations.

Probably his favorite in this category was in the form of his between halves condescence of a huge and highly rated Notre Dame tackle who had found himself consistently brushed aside by his opponent during the first half.

"The whole trouble is," Rockne told him confidentially, "that fellow doesn't know who you are. Go out there next half and show him your clipings and he'll let you alone!"

Kirkwood Wins Last Big Money for Professionals

Augusta, Ga., April 1.—(AP)—The band of gold professionals that followed a golden trail across the continent this winter disbanded today to their various clubs with Joe Kirkwood, Australian trick-shot artist, the winner of the last big money event—the \$5,000 southeastern open.

The southeastern is the first tournament Kirkwood has won this year. He shot a 70, two under par, for the final 18 holes yesterday to turn in a total of 290. The final round was played in a hard rain.

Gene Sarazen was crowned king of the money seekers. He finished out of the money yesterday, but his season's total of \$8,325, was not surpassed by any of the other players, most of them outsiders in the competition for money honors. Sarazen picked up his ball on the last round yesterday.

Horton Smith, runner-up to Bob Jones, and the leading professional of last year's tournament, finished with 317, failing to place in the money.

Paul Runyan, White Plains, N. Y., took second place with a total of 292. Willie MacFarlane, Tuckahoe, N. Y., won third place with a total of 293. Runyan and MacFarlane were tied at the 36-hole mark, and Runyan led the field on rounding the 54-hole marker, but weakened on the 18th to lose the tournament.

Johnny Farrell, Mamaroneck, N. Y., won fourth place with 295.

The only amateur to finish, Julius Hughes, Atlanta, was given a trophy.

The golfing swing started last October in Utah, and has carried the professionals through Mexico, Texas, Florida up to North Carolina, and down to the final tournament here.

CABLE PICTURE OF ENGLISH TURF CLASSIC

Grakie, 9-year-old British bred, owned, trained and ridden, is shown in this cable picture crossing the finish line and scoring a record-breaking triumph in the classic Grand National steeplechase at Aintree, England. Grakie paid odds of 100 to 6. Close on the heels of the winner was the great Irish jumper and 1929 winner, Gregalach. Pictured was transmitted from London to New York by the Bartlane process over Western Union cables.

SPORTS SLANTS

Down in the midst of the North Carolina pine country, where the celebrated Duke tobacco and power millions have created one of the great st. collegiate developments of all time, William Wallace Wade has completed the first stages of his new job, the object of which is to put Duke university on the athletic map in general, the football sector in particular.

Wade has taken charge there after eight years of sensational success at the University of Alabama.

The engagement of the tall, grey-haired Tennesseean is typical of the way in which Duke is doing things, athletically as well as educationally.

Before he put his football charge through their final spring workout, in a practice game that revealed a startling wealth of gridiron talent.

Wade talked with this correspondent in his office in the new gymnasium of "fiel house."

Like everything else about the premises, the building bespoke its newness and the minute attention to the last word in equipment.

Everything about the far-flung Duke campus, split into two sections for men and women, is spic and span.

Construction is still in progress, with the baseball field being linked to the magnificent athletic plant and an imposing stone chapel being added to the main group of college buildings.

It isn't visible to the naked eye, if anything necessary to the establishment of this remarkable institution has been overlooked by trustees who have handled the \$20,000,000 building program and will administer the endowment capital of upwards of \$40,000,000—figures exceeded in the American collegiate world only by Harvard.

To William Wallace Wade, Duke presents a rare opportunity to carry out his ideas and ideals of college athletics.

"Our object isn't simply to turn out a lot of first-rate football teams. Of course we hope to make a show on the gridiron and we may do so this year, but we have undertaken an athletic program designed to benefit all the students."

"To do this our program will be three-fold—to stimulate general and specialized intra-mural sports to develop the proper coaching and to take part in intercollegiate competition."

Wade, besides his duties as head football coach, is general athletic director. He has had broad experience, although his fame rests chiefly in his ability to develop gridiron talent. He will visit his old friend, Bob Zuppke, at Illinois this spring for consultation on the best methods to employ at Duke.

"My football system?" Wade repeated, in answer to a question.

"Well, I guess we mostly use some variations of the so-called Warner style of play, with an unbalanced line and, usually, one wingback. But, you know, there's a lot of over-emphasis on these systems. There isn't much difference in them. The main things are to have the proper blocking, tackling and effective plays. The fundamentals are all the same."

"My football system?" Wade repeated, in answer to a question.

Young Bobby "Sits" in Place of Noted Father

Atlanta.—(AP)—Little Robert Tyre Jones, III, four years old, did the honors for news photographers in the absence of his famous father when a new cup arrived in Atlanta for Bobby Jones, the golfer.

The trophy is a miniature replica of the British amateur cup, which was sent Jones by members of the Royal and Ancient golf club at St. Andrews, Scotland.

It is engraved with the names of all previous winners, and will be Bobby's permanent possession. He must return the large cup which he won as part of his "grand slam" last year before this year's British amateur tournament is played.

The cup arrived at Jones' Atlanta home during his absence in Hollywood, where he is making a series of golf movies. His young son, a great believer in his daddy, consented to pose with the cup for the photographers.

It was during Bobby's absence in England last year that young Bobby, III, learned the art of whistling.

When a special train carrying several hundred Atlanta admirers of the famous golfer was about to leave for New York to welcome him back home, the lad came running down to the station and cried out above the babel of voices:

"Please, somebody tell my daddy I can whistle now."

FLORIDA WHISKER CLOUTER SHAVES 'EM FOR EXPENSES

Gainesville, Fla.—(AP)—Johnny Molinari, bantamweight boxing champion of the Southern conference, is snipping his way through school.

He is the most popular barber at the University of Florida, and his little shop on the campus always has a line of waiting customers.

Molinari has not been defeated this year in boxing, and offered a psychological advantage to the rest of the team as he was always the first "Gator" to enter the ring.

The diminutive puglist is a product of Tampa amateur rings.

"Well, I guess we mostly use some variations of the so-called Warner style of play, with an unbalanced line and, usually, one wingback. But, you know, there's a lot of over-emphasis on these systems. There isn't much difference in them. The main things are to have the proper blocking, tackling and effective plays. The fundamentals are all the same."

"My football system?" Wade repeated, in answer to a question.

News From The Training Camp

Asheville, April 1.—(AP)—Burt Shotton, manager of the Phillies, is favorably impressed with the showing of two big pitchers, Frank Watt and Ben Shields, both of whom are attempting a comeback.

Watt, a success in the Texas league was tried out last year by Detroit, but the Tigers let him go and the Phillies grabbed him. He is mainly a fast-ball pitcher.

Shields, a southpaw from North Carolina, was with the Yankees for a time and last spring the Red Sox gave him a trial. He was a free agent when the Phillies got him.

Greenville, S. C.—Mickey Cochran, one of the Philadelphia A's "big five," is not in agreement with his big boss, Connie Mack. Mack has been telling the boys to watch Washington in the pennant scramble, but his peppy catcher thinks the Yankees will offer the stiffest opposition.

"All we have to do," he said, "is to watch the Yanks. If they get good pitching they are going to be mighty tough. I'm afraid of them more than I am of Washington. Washington has a good pitching staff, but it is doubtful that the rest of the club will travel as fast as in 1930."

Bradenton—Manager Street of the St. Louis Cardinals today expressed satisfaction over the condition of his pitchers.

"I haven't a sore arm among my pitchers," he said. "I haven't given much thought to the pitcher I plan to use on the opening day. I might play a hunch and start with Flint Rhem, as I believe he has pitched the opening game in each of the seasons the Cards won pennants."

Birmingham, Ala.—Two former gridiron stars apparently have won outfield jobs with the St. Louis Browns. Frank Waddey, once a football great at Georgia Tech, is certain to be retained, probably as a regular in right field, and Larry Bettencourt, who played with St. Mary's of California, likely will be retained because of his ability to hit for extra bases.

Los Angeles, (A)—Eddie Phillips, the frisk catcher acquired by the Pittsburgh Pirates from the champion Philadelphia Athletics during the winter, Eddie smacked two homers yesterday to beat the Chicago Cubs.

Birmingham—(AP)—Joe McCarthy of the New York Yankees, has about solved his one outfield problem this year.

He has Babe Ruth and Earl Combs, of course, for two places

TRIO OF HURLERS CARRY FLAG HOPES OF PELICANS

New Orleans, La. (AP)—The pitching staff is the best looking spot for the New Orleans Pelicans in the Southern association this year.

In Whitey Glazner, Fred Johnson and Sal Gilato, three twirlers who won 45 games among them last year, Manager Larry Gilbert has a staff upon which he pins his hopes. Thornton "Lefty" Lee, a southpaw, now working out with Cleveland, also may be back.

The outfield is completely new. Frank Luce and Jack Ware, utility men last year, are expected to be fixtures there this year.

SQUEEZING REDUCES WEIGHT-OF METALS

Schenectady, N. Y.—(AP)—It may not be news to Hollywood slyphs, but when metal is squeezed it loses weight.

Considered as a reducing expedient, there is a catch in this method. Nearly all the lost weight returns when the strain is removed.

Experiments showing weight losses sometimes of one part in 130,000 are reported to the American Association for the Advancement of Science by Peter I. Wold and Earle M. Bisbee of Union college. The cause is not explained.

and the other probably will be divided by Dusty Cook and Myril Hoag, one against right handed pitching and the other against the southpaw slyring.

Memphis, Tenn., April 1.—(AP)—Somebody started a canard to the effect that members of the New York Giants voluntarily had gone to a gymnasium to work out when they were rained out of outdoor exercise, John McGraw was amused.

"Can you imagine a lot of ball players going to work without being ordered?" asked John.

Biloxi Miss.—Bad luck seems to be following Pitcher Wally Tauscher, of the Senators. In last Sunday while he was pitching to batters another hot one smashed into the injured foot.

Macon, Ga.—Eddie Roush, who signed recently to play with the Cincinnati Reds this season, was out in uniform today with the team, but will not accompany the Athletics on the exhibition trip to the north. He expects to report in Cincinnati in time for the season's opener.

San Francisco.—Marty McManus, veteran third baseman of the Detroit Tigers, was back in the lineup yesterday after weeks spent in favoring a game leg which was injured last summer.

WIN \$886,360 IN GRAND NATIONAL

Gregalach (inset) placing second in the Grand National steeplechase at Aintree, England, reaped a golden harvest for Clayton C. Woods, Buffalo, N. Y., and members of his family. Their ticket costing about \$2.50 produced a prize of approximately \$886,360. Those who benefit are Mr. and Mrs. Kenneth Woods (left) and Mr. and Mrs. Clayton C. Woods (right).

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by W. W. Joyner and wife, Annie Lily Joyner and J. L. Joyner and wife, Nettie Dora Joyner on the 25th day of April 1925 and recorded in Book V-15, page 253, we will on Saturday the 18th day of April 1931

at the Courthouse door in Pitt County, Greenville, N. C., sell at public auction for cash to the highest bidder the following land to-wit:

A certain piece or parcel of land situate in Belvoir Township, Pitt County, North Carolina, as follows, to-wit:

A certain piece or parcel of land situate in Belvoir Township, Pitt County, N. C., on the W. side of Conetoe Creek, bounded on the N. by the Orlando Manning land, on the E. by the run of Conetoe Creek, on the S. by the lands of Annie Peardon, and on the W. by the center of the Tarboro-Greenville Road, more fully described as follows:

Beginning in the center of the said Tarboro-Greenville Road at Orlando Manning corner; thence with

said Road S. 24-25 E. 1624 ft. to the corner of the Annie Peardon land, thence with her line N. 68-45 E. 2855 ft. to an iron stake in said Peardon line, thence with her line again N. 69 E. 894 ft. to a chopped cypress on the run of Conetoe Creek, Annie Peardon corner, then up the run of said creek N. 11 W. 730 ft. N. 36 W. 1130 ft. to a stake on the run of said creek the corner of Orlando Manning land, thence with the said Orlando Manning line S. 65 W. 3481.5 ft. to the beginning, containing 142 acres of land.

This sale is made by reason of the failure of W. W. Joyner and wife, Annie Lily Joyner, to pay off and discharge the indebtedness secured by said deed of trust.

A deposit of 10 per cent will be required from the purchaser at the sale.

This the 9th day of March, 1931. First National Company of Durham, Inc., Trustee; Formerly First National Trust Company, W. G. Bramham and T. L. Bland Receivers for First National Company of Durham, Inc. Trustee; Formerly First National Trust Company, Durham, N. C.

Three Edged Star

Salt Lake City.—(AP)—Sherman "Red" Clark is a member of three Rocky Mountain conference athletic squads—football, basketball and track. He plays regular center on the hoop quintet, leaps over hurdles on the cinders and plays a bang up game at end on the eleven of the University of Utah.

Are You "Hitting On All Six?"

Liver—Stomach—Bowels—Nerves—Brain—Heart—Are They All 100%?

Folks, the human body is just like a good car, everything must be in good working order if you expect to get the best performance out of either.

You can't expect to feel 100% if your liver is out of order, your stomach upset, nerves jumpy or bowels tied up. You must build up your vital forces and you weak, weary, despondent men and women who have been doctoring for ages trying to get back the vim and endurance of earlier years will be astonished, delighted and amazed to see how quickly strength, energy and vitality come back thru the use of Tanlac.

Go to your druggist now and get a bottle of Tanlac. Millions of folks have started back on the road to youth, health and happiness with this world-famous tonic and there is no reason why you, too, can't begin today to rebuild your worn-out tissues and revitalize your entire system.

Your money back if you are not speedily helped by a fair trial of this world-famous medicine.

WANTED

We want you to know that we are in the wall papering business. Just let us figure on that next job for you—interior or exterior painting and decorating. We specify a guarantee quality service. We use best grade materials obtainable and can show some attractive patterns in paper and panel designs. No matter how large or small your rooms may be, we'll fix them up and they'll be fit to see. Just come to see us or phone 751 for appointment.

Market Report

Cotton--Stocks--Grain

COTTON MARKET

New York, April 1.—(AP)—Cotton opened steady today 1 to 3 points higher on some trade buying and covering which may have been promoted by unfavorable features in the day's weather news and the weekly weather report, publication of which was resumed for the season by the New York Cotton Exchange this morning.

May sold up to 10.70 and October to 12.75 or about 2 to 3 points net higher but buyers were supplied by realising or local selling and the market was quiet with the tone about steady at the end of the first half hour. Local traders found no inspiration in the Liverpool cables, apparently, as prices there were about as due on the New York close of yesterday.

Advices received in the trade here reported that Bombay selling and hedging had been absorbed by covering in the English market and said the turnover in cotton cloth was unimportant with Indian advices discouraging. Egyptian cotton futures in Alexandria were 4 to 13 points lower and the Indian spot quotation in Liverpool showed a decline of 2 points.

GRAIN MARKET

Chicago, April 1.—(AP)—All deliveries of corn dropped late today to fresh low price records for the season, and carried wheat downward in sympathy. Stop loss selling by holders of corn futures was much in evidence. Unusual slowness of shipping demand here for corn acted as a weight on the market.

STOCK MARKET

New York, April 1.—(AP)—The stock market greeted the new month and the second quarter with a slow decline. Renewed selling of the rails, putting half a dozen prominent carriers into new low ground for the year, found other groups heavy, but trading through the list was very dull.

Losses in the rail ran from 1 to 4 points. Industrials and utilities, as a rule, yielded more grudgingly, although the chemicals were weak. Steels did not like the reduction in ingot output during the past week and showed general recession from the previous close. Oil found little comfort in another gain in crude production. Coppers were dull.

Rails making new minimums for the year or longer included New York Central, Delaware & Hudson, Southern, Illinois Central common and preferred and Southern Pacific. New Haven lost 4 points and Reading, Union Pacific and Southern Pacific about 3.

U. S. Industrial Alcohol and Case Chemicals, 5, Columbia Carbon, United Aircraft preferred and Purdy Baking 4, and Allied Chemical, Vanadium, Republic Steel, North American and American Telephone 2 or more. American Water Works dropped 4 points on the earnings report for the year ended February 28, which showed \$2.91 a common share against \$3.97 in the previous twelve months.

The weekly steel trade reviews noted an uncertain situation in that important industry. National City Bank's monthly review of business repeated the familiar statement that business had reached "the bottom of the valley"—the recovery, it added, has so far been slow and spotty and "its permanence is still a matter of opinion rather than practical demonstration."

Money was firm with the opening of April, which brings a large quota of dividend and interest payments. Some loan calling was reported.

Dies From Injuries.
Kennesaw, April 1.—(AP)—William Brown, 19, died in a Kingston hospital today from injuries received Sunday when his car overturned near here. Samuel Aldridge, a companion, escaped with minor injuries.

New York—Gay pajamas for old ladies' homes and fashionable costumes for women prisoners are the dream of Julia Jaffray, penologist. She is presenting her ideas in a exhibit of ideal institutional dress.

Morton Given Long Jail Term

Trenton, N. C., April 1.—(AP)—Clyde Morton faced from 31 to 36 years in state's prison as a result of his slaying Asa Hawkins, federal prohibition agent, near here last December.

Morton pleaded guilty of second degree murder and was sentenced to from 15 to 20 years. Prior to the shooting he escaped while serving a term for another Jores county murder, and must serve the 16 remaining years of that sentence before the new one starts.

Tom Morton, Clyde's brother, pleaded guilty to aiding an accessory after the fact, and was given three to five years. But, another brother, had not been sentenced at the noon recess today on a similar pleading, but Leverton Conway got two years.

See Further Delay In Completing Law Enforcement Report

Washington, April 1.—(AP)—Convening for the first time in a month President Hoover's Law Enforcement Commission today confronted the admitted impossibility of completing its crime survey during the allotted time.

One finished report lay before the members—the first since their survey of prohibition—while nine more remained to be completed before July 1. On that day the remainder of the commission's \$250,000 appropriation will expire and its offices must be abandoned and its clerical force dismissed.

Unless plans are altered the members will give early consideration to the criminal statistics study directed by Dean Roscoe Pound of Harvard.

If approved, unless it is voted that signatures of the several absentee members must be obtained, the report can go almost immediately to President Hoover.

Several members were pessimistic, however, as to completion of the remaining nine reports before July 1 unless drastic steps are taken. Only one, a criminal prosecutions survey supervised by Monte Lehmann, New Orleans lawyer, is near completion. Even this cannot be signed until the commission's next meeting.

It was forecast that the first of the remaining eight reports will not be ready for publication before June.

Noted Actor Dies At Waddington

Waddington, N. Y., April 1.—(AP)—Maclyn Arbuckle, actor, died last night at his home of an illness enduring since 1926. He was 64 years old.

He made famous the line "nobody loves a fat man" when he played the role of Sheriff "Slim" Hoover in "The Round-up."

This role and that of Jim Hacker in George Ade's "The Country Chairman" were his best known.

He was born in Texas, educated in Glasgow and studied law in Boston. Admitted to the bar at 21, he practiced only a year and turned on the stage.

Among his last stage roles were Stingo in a revival of "She Stoops to Conquer," and Benjamin Franklin in "Poor Richard."

Turning to motion pictures in "The Prodigal Judge." He played the title role.

He is survived by his widow.

Charges Two Youths With the Kidnapping of Mount Holly Girl

Mount Holly, April 1.—(AP)—Mrs. John Morris today told police her daughter, Mallie Cornwell, 15, had been missing from her home since Sunday and swore out a warrant charging Gene Taylor and Lawrence Stewart, Mount Holly youths, with kidnapping her.

Mrs. Morris quoted neighbors as saying the girl had told them she and Taylor were going to York, S. C., and be married. Stewart was said to have accompanied them.

A warrant was also issued charging Taylor and Stewart with stealing an automobile they had for the York trip from Duncan Fowler of Charlotte.

Pitt's Most Popular

There are about 2,000 girls at the University of Pittsburgh and Adelaide Hunter, 20, a junior in the school of education, was chosen as the most popular.

\$75,000,000 Divided
New York—April fool, eh? Mr. and Mrs. and Miss Inventor of America get something like \$75,000,000 in dividends and interest today.

Babe Closes Store
New York—As a haberdasher Barbe Ruth is one swell king of swat. He went into the business last fall with a shabby shop on Broadway. An auctioneer hopes to get him out of it at about seven cents on the dollar.

Says Burke May Plead "Guilty"

St. Joseph, Mich., April 1.—(AP)—After a conference with Fred Burke in his cell in the Berrien County jail, Charles W. Gore, former prosecutor, announced today that there is a "possibility" that the notorious gangster may plead guilty to the charge of murdering Patrolman Charles Skelly in December, 1929.

Gore said that he had been engaged to represent Burke but would not say by whom he had been retained. The attorney indicated that Burke may waive examination on April 8 then plead guilty to the charge of murdering Skelly on the grounds that he was drunk when he shot Skelly as the latter jumped to the running board of his car after an accident.

The announcement, however, had no effect on the plans of Wilbur M. Cunningham, county prosecutor to build up a strong case against Burke, nor was the jail guard diminished.

Thanks Court and Takes Fine of \$25

Miami, Fla., April 1.—(AP)—Different places, different manners, and it cost Alex Nothy \$25 to learn that "thank you" is listed as an insult in the rules of etiquette of the Federal District Court here.

Nothy pleaded guilty to a charge of transporting a sack of beer and asked for leniency. Judge Halsted L. Ritter assessed a fine of \$50.

"Thank you, thank you, Judge," said Nothy.

"Don't thank me," answered the judge. "To thank a court or jury for doing its duty is an insult. Your fine is raised to \$75."

There's A Difference
Haltax, N. S.—Some government officials get more than other gov-

ernment officials and that pains some members of the House of Assembly. But Premier G. S. Harrington knew how to stop odious comparisons. "The fact is," he commented, "a proficient boxer can draw more cash in a single night than does the premier of this province or the Premier of Canada in a year."

Washington Favored Again
Karachi, India—Subhas Bose, Hindu mayor of Calcutta, wants the second round table conference to be held in Washington for the sake of the "historic precedents for one great nation granting freedom to another." Mahatma Gandhi agreed "Washington would be best of all," but added, "we have no voice in the matter."
