PRES. HOOVER PRAISES IDEAL OF RED CROSS

Declares Far-sighted Action Has Solved Problem of Famine for 2,000,000 People

Washington, April 13.—(AP)—President Hoover today told the Red Cross it had helped to preserve the "great ideal" of voluntary aid by avoiding a "step on the pathway of government doles."

Opening the annual convention of the relief organization, Mr. Hoover, its president, said its "far-sighted action" had solved the "problem of famine for over 2,000,000 people" and saved them from "infinite suffering."

"If your officers had yielded on this occasion," he said, "the future national emergency, for it would have been inevitable to turn to the government and the taxpayer; it would have meant the destruction of something even greater than voluntary service—it would have injured the spiritual responses of the American people. It would have been a step on the pathway of government doles."

"You have proved yourself not only a practical instrument of mercy and relief," he added, "but you have renewed and invigorated the spiritual life of the nation."

The text of the address follows in part: "I am particularly glad to welcome this annual convention of the American Red Cross. During this past year this great mutual institution of the whole people has been put again to severe tests, not only as to its practical ability to meet national disaster, but a test involving its whole moral and spiritual purpose. You have, under most difficult handicaps, again demonstrated that it can meet and relieve human suffering in any national disaster."

"The drought presented a new type of problem for the Red Cross—the problem of famine in over two millions of people. Your leaders alive to the possibility of suffering which would be the inescapable result during the winter, began as early as last August to mobilize the Red Cross to meet the inevitable burden. It was that far-sighted action and that early action which enabled the saving of this multitude of people from infinite suffering."

Unfortunately, men less familiar with the resources and the ability and the courage of the American people in mutual action under their own Red Cross, men do doubt genuinely concerned over the growing seriousness of the situation, were skeptical of your abilities and the forces which give it strength and were insistent that the Red Cross should abandon its voluntary character, should abandon its independence and its foundations in service which are part of the spiritual life of our country, and become in effect a government bureau through Federal appropriations as the source of its funds. They did not realize that the Red Cross represents a vital and precious force in our people—their ability and strength in voluntary action and their sense of service and of moral responsibility. For the Red Cross springs from the people; it is of the people—it is a part of their spiritual expression."

Michigan Town Razed By Fires Sweeping Forests

Milwaukee, Wis., April 13.—(AP)—Forest fires, the scourge of timber land settlements, smoldered and flared menacingly today in sections of northern Wisconsin and upper Michigan.

Flames which devastated the village of Wallace, Mich., and razed countless segregated farm buildings had abated with the dying breath of a strong, veering wind.

Hundreds of acres of ashoovered soil, the debris of homes, and the smoke-filled atmosphere remained however, as an incentive for vigilance.

In Wallace, north of Menominee, Mich., only three buildings remained standing. All of the village of 150 persons were forced to flee without their belongings.

North of Wallace, the village of Inavilla was isolated when communication lines were destroyed and motorists were unable to traverse roads leading to the village because of fires.

Seven Persons Killed In Airplane Crashes Sunday; Several Pilots Involved

By Associated Press
Airplane crashes caused the deaths of seven pilots or their passengers Sunday.

George A. chief pilot for the Curtis Wright airport at Milwaukee, and his mechanic, Carl Jantz, were killed when a control wire snapped on their plane and sent them crashing 300 feet to the ground.

The right wing of the craft piloted by Curtin A. Munson, 39, buckled as a left bank was attempted, and Munson and W. H. Portman, 24, were killed at Houston, Texas.

At Sodas, N. Y., Hugh Shipley, Putneyville farmer, and Homer Potwine, garage employe, riding in a plane piloted by Robert Loope, were killed in

a fall from an altitude of 300 feet. Loope was uninjured, but was so nervous following the fall that he could not give a coherent account of the fatal dive.

Walter Frick, 26, secretary of the Gray Eagle Flying service of Marion, Ill., was killed when standing at the Marion airport. He nosed-dived from an altitude of 1,000 feet and when he tried to level at 200 feet, the motor missed fire.

William Davis, 47, suffered a fractured skull and a crushed right leg in a fall of 500 feet before 4,000 spectators at Hasbuck, N. J. He was flying one of five airplanes of French manufacture brought to this country by Charles Levine.

Accused As Robber

Mrs. Clara Reynolds Gordon, 32, formerly of Philadelphia, was arrested in Denton, Md., and charged with being the leader of a bandit band that robbed a Ridgely, Md., bank last March 16.

BIG CROWDS HEAR TUCKER

Memorial Baptist Church Packed to Capacity at Both Services Yesterday

Presenting a brilliant interpretation of the love and power of Jesus Christ, Dr. J. Powell Tucker, of Raleigh, yesterday delivered two of the most powerful sermons of the series of revival services at Memorial Baptist church. The revival started last Monday night and will come to a conclusion next Thursday evening. Two services are held daily, the first at 10:30 in the morning and the other at 7:45 in the evening.

The church was taxed to overflowing at both morning and evening services yesterday. People came from a distance of many miles to hear the distinguished champion of the Bible express in his own matchless terms some of the truths of the Nazarene who slumbered on the banks of Galilee over nineteen hundred years ago and preached the divine doctrine of "Peace on earth, good will to all men." In an effort to accommodate the crowds, chairs were placed in the aisles and rear of the building, but even this was inadequate to provide for the emergency. As on previous occasions scores were unable to gain entrance to the building and were forced to return home without an opportunity to hear the preacher who has won south-wide recognition because of his remarkable sermons delivered over the radio from Raleigh during the last several years.

The singing at both services was of an inspirational nature. Under the direction of Earl L. Wolslagel, noted evangelist singer, the choir rendered several special numbers, which were climaxed by a solo by Mr. Wolslagel at the morning service. In the evening a quartet composed of Mr. Wolslagel, Bill Lee, Ed Rawl and W. T. Lipscomb rendered a selection.

Last night Mr. Wolslagel delivered the usual illustrated lecture to the hundred or more children comprising his Wambler choir. In addition to the singing of several songs, members of the choir heard the speaker tell them of the greatness of God, and the things they would have to do to be deserving of His love.

Yesterday morning Dr. Tucker spoke on the subject, "The Creator" and last night he discussed "The Crucifixion." Both were rare expositions of the power of Christ and the things He suffered because of His unspokeable love for human beings.

NO POISON IN VISCERA

Officers Receive Report On Examination of Part of Body of Henry Abrams

Henry Abrams, aged construction company employe, whose mysterious death has provided a puzzle for county officials the last several weeks, did not come to his death as result of poison, in the opinion of examiners who completed an examination of the man's viscera the latter part of last week.

A report on the viscera, which was sent to Raleigh for examination nearly two weeks ago, was received by county officers Saturday afternoon. It stated that no evidence of poison was found in the viscera and that death was not produced by such a cause.

Three white men, Raymond Stancill, Francis Bullock and Thomas Hathaway are being held in the county jail here charged with the crime. Three negroes, Sam Lawrence, Buster Dowell and Dave Foreman, are being detained as material witnesses.

Abrams, employed by a construction company in erection of the new school building in Belvoir township, was paid off on the afternoon of his death and started to the home of a relative. Several hours later his body was found on a roadside in Monkey Den section, and the money was missing. Indications of a blow on the side of the head led officers to believe that the man had been a victim of highwaymen.

After a short investigation, however, Stancill, Bullock and Hathaway, who discovered the body on the highway and reported it to the officers, were arrested and charged with the crime.

In jail here, Stancill, officers said, admitted that Abrams had died in his house that afternoon. He said the man came to his house, sat down in a chair and toppled over dead a few minutes later.

The suspects were given a habeas corpus hearing a few days later and remanded to jail without bond. Defense attorneys, however, asked that an autopsy be performed on the body of the dead man, contending that he came to his death either from heart trouble or poison.

The body was exhumed under the direction of Acting Coroner A. A. Elwanger and Dr. Joseph Smith, assisted by the county health officer and another physician, performed the post mortem. Opinion was expressed that Abrams did not die from heart trouble, but it was admitted that it was possible the blow might have been a contributory cause of death. The viscera was ordered sent to Raleigh for examination to ascertain if the man did not die from poison.

Officers continued to stick to their former contention that death was caused by the blow on the head and evidence of this nature will be presented to the grand jury in the criminal term of court here this week.

\$1,000,000 Fire At Marinette, Wis.

Menominee, Wis., April 13.—(AP)—A fire of undetermined origin that destroyed a lumber yard and three dwellings here and two buildings across the Menominee river at Marinette, Wis., with a loss estimated at more than \$1,000,000 was brought under control shortly after 9 a. m. today.

The A. W. Wells lumber mills and yards were destroyed. Embers from the blaze carried on a stiff breeze, spread to 50 houses here. Three were destroyed.

Across the river, at Marinette an ice house owned by City Treasurer George E. Cleary flamed from flying embers and was burned along with a shack.

GIRL FLIER SETS NEW RECORD

Elinor Smith, New York's 19-year-old flier, swept down on Roosevelt field, claiming a new women's altitude record. According to her altimeter she made an ascent of 32,000 feet. The present official women's record is 23,418 feet. She is shown about to turn her barograph over to William Ward, National Aeronautical association representative, after the flight.

Warm Fight Expected On Revenue Bill In Senate

Raleigh, April 13.—(AP)—Indications this afternoon were that the Senate would see a warm fight tonight if the biennial revenue bill is taken up on second reading.

Threats that friends of the MacLean law would make every possible effort to strike the Grier-Polger finance plan from the bill and substitute either the Day or Hindsdale sales tax were heard in increasing crescendo.

As approved by the committee of the whole and adopted by the Senate the revenue act anticipates a school fund of \$10,000,000 and an ad valorem tax of not more than 30 cents per \$100.

The MacLean law requires full state support—a fund of \$18,500,000—without an ad valorem tax. To raise this money it is conceded some form of sales tax must be adopted. Either the Day plan of one percent on gross receipts of retail merchants or the Hindsdale selected commodities or "luxury" tax. The House refused the Hindsdale plan and passed the Day idea. The Senate as a committee killed both.

This morning the House held a short session with 14 members present and passed five local bills.

The House will not take up public business again until Tuesday night when the senatorial re-districting and House re-apportionment bills are a special order. Although making some changes, the senatorial bill still calls for the present

system of 25 senators from the east of Raleigh and 25 from the west, while only three counties, Guilford, Buncombe and Mecklenburg gain under the House bill. New Hanover, Nash and Rockingham will each lose a member of the House if the bill passes.

It is regarded as inevitable that the two Houses will disagree, and a conference committee will be reported to work out a compromise, but if the Senate should adopt the general luxury sales tax, on second or third reading, or if the House should accept the Grier-Polger plan, it would be possible for the Legislature to adjourn by Saturday of this week.

The Senate rejected the luxury taxes by a vote of 26 to 24, and if it is offered again—and it will be if one senator will agree to change his vote—Lieutenant Governor R. R. Fountain may be called upon to decide the question which has kept the legislature in session for 97 days. Mr. Fountain has announced he favored the MacLean law, and that he preferred the luxury tax to the general sales tax if either is necessary.

The House passed the following local bills: HB 1231—Howell of Asheville, to amend the charter of Asheville with reference to municipal elections.

HB 1175—Senate substitute, creating Buncombe board of financial

Cabinet Crisis Looms in Spain

Madrid, April 13.—(AP)—King Alfonso was seeking a decision today as to the government's action in a situation gravely threatening the throne, brought about by the Republican victory in yesterday's municipal elections.

He will decide late this afternoon at a cabinet meeting whether to accept and announce the resignations of three members of his cabinet which were tendered today.

Flushed with victory over the Monarchists in yesterday's elections, Don Niceto Alcalá Zamora and the group of Republican leaders who proclaimed a revolution in Spain last December, late this afternoon formally demanded that Alfonso recognize the Spanish republic.

In a note signed by all the signatories of last December's revolution proclamation, the Republicans declare that "Sunday's elections signify an expression of the public will for an immediate republic in Spain."

"If the king does not accept the dictates of the public," the manifesto continues, "we are ready to enforce them and to establish a republic ourselves."

Democratic Women Begin Organized Drive For The Resignation Of Raskob

Ruth Nichols Sets New Speed Record At Detroit

Detroit, April 13.—(AP)—Ruth Nichols, Rye, N. Y., aviatrice set a new speed record for women over a three kilometer course here this morning, with a speed of 216.685 miles per hour. Mrs. Amelia Earhart Putnam held the previous record of 181.157 miles an hour.

Harry H. Knepper, of the National Aeronautical association, checked the flight, and R. A. Leavell, another aeronautical official, timed the race. Knepper said an official reading must be taken from the barograph in her plane that the flight might be certified. Miss Nichols made two round trips over the course and the speed was averaged of the four timings. In the trips against the wind she was timed at 191.036 and 202.814 miles an hour, and with the wind the times were 221.825 and 226.880.

G. O. P. LOOK NEW LEADER

Speakership Problem Main Topic of Discussion Among the Party Heads

Washington, April 13.—(AP)—Returned from paying last tribute to their popular and powerful leader, Nicholas Longworth and Democratic representatives during the difficult task of choosing his successor.

The speakership problem was a main topic of discussion among nearly 40 Republican and Democratic representatives during their trip from Cincinnati. Already candidates from various sections were appearing as prospective opponents to Democratic Leader Garner.

Republican Leader Tilson and Chairman Snell of the rules committee stood forth as among the leading eastern candidates. Members of the funeral party said that while Tilson starts with a handicap founded on the contacts made as trader and close association with President Hoover, friends of Enell have begun an active and powerful campaign in his behalf.

From the west, the nam's of Michener ad Mapes of Michigan, Ramseyer o Iowa, Hoch of Kansas, and Purnell of Indiana, were prominently mentioned, with Michener and Ramseyer gaining strong consideration.

Though of primary importance to Republicans, the death of Longworth greatly increased Democratic interest in the speakership. Many of these who went to Cincinnati felt for the first time their party must assume the responsibility of organizing the next House.

Both parties conceded a close interest in the Ohio election that will name a representative from Longworth's district. The Republican House majority is now only one. Word was brought back that Governor George White may not call the election until November.

One member who made the trip said the Republicans have a hard job on their hands but probably will present a harmonious front at the party caucus next November. "This will be the endeavor of all the party regulars."

Democrats saw their opportunities for electing Garner speaker greatly enhanced despite the apathy of many toward taking charge of organization.

Those who belong to the conservative element of the party said to do so would greatly endanger the party's opportunities in 1932.

Chief of Police At St. Pauls Is Held for Shooting

St. Pauls, N. C., April 13.—(AP)—Willie Bethea, St. Pauls police chief, was at liberty today on bond charged with the fatal shooting of Judd Dean, 39, local farmer.

Dean was shot to death late Saturday. Bethea surrendered to the authorities, admitted he fired the four bullets that tore through the man's body, and was released on \$500 bond.

A coroner's jury called to view the body, deferred rendering a verdict.

There were no known eye witnesses to the shooting. It was said he shot in self defense, firing when Dean "put his hand to his pocket."

It fell between the two, Bethea said, dated from a whiskey raid he made on Dean's home some time ago.

THREE U. S. MARINES SLAIN

Several Natives Killed As Bandits Attack Commissary in Nicaragua

Panama City, April 13.—(AP)—Airlines received by officials of the Standard Fruit Steamship Company as Cristobal said that three United States Marines were killed in an attack by a large force of bandits on the commissary at Logtown, Nicaragua, seven miles from Puerto Cabezas.

The three marines listed as killed in the reports to the steamship company are Captain Harlem Peffly, Lieut. Darrah and Sergeant Taylor.

Several native employes of the commissary were also killed, the report said.

The steamship company has considerable holdings at Logtown and Puerto Cabezas.

The report to the steamship company said that the engagement took place early Sunday morning between a national guard patrol led by the three marine officers, and a force of bandits in which the three officers and the entire national guard force was wiped out. It was a desperate hand-to-hand battle, the report said, in which the marines and national guardsmen were overpowered only after their ammunition was exhausted.

Jews Organize for Betterment of Their Race

Wilmington, April 13.—(AP)—Jewish men and women in this state today were banded together by organization to work for the betterment of their race.

The North Carolina Association of Jewish Men and Women was organized here yesterday at a business session of the North Carolina Association of Jewish Women, that is holding its 10th annual conference in Wilmington.

S. J. Stern, of Greenboro, active president of the new organization, "The two groups will work together to further educational, religious and social interest of Jews. The women's conference will close today after sessions which address will be made by Jewish leaders."

Mrs. Jesse Nicholson, Delivering Keynote Address at Biennial Convention of the National Woman's Democratic Law Enforcement League, Declares They Will Desert the Party Unless a New Leader is Chosen; Attack Initiated by Dr. Jennie Calfass of Nebraska, Who Asserted Raskob Is Not True Democrat

Washington, April 13.—(AP)—A demand for the resignation of Chairman Raskob of the Democratic national committee was made today by Mrs. Jesse W. Nicholson, chairman of the National Woman's Democratic Law Enforcement League.

In her keynote address before the biennial convention of the league, Mrs. Nicholson asserted a drive would be made to have organized Democratic women desert the party unless a new leader were chosen.

Officials of the women's Democratic league planned to go to the White House shortly after Mrs. Nicholson's address for an interview with President Hoover.

The attack against Raskob was initiated shortly after the meeting convened by Dr. Jennie M. Calfass of Omaha, Nebraska, who resigned as a Democratic national committee woman in 1928 in protest of the nomination of Governor Smith.

"Mr. Raskob is not a true Democrat," Dr. Calfass said, "and anyone Mr. Raskob endorses for the Presidency of these United States, the dry element of the party will oppose."

Mrs. Nicholson said the Democratic Women's league had organized a following without a penny's expense to the Democratic party leadership, and we are here today to offer the services gratuitously, to our party on certain conditions.

"We demand the resignation of the national Democratic chairman, John J. Raskob, that a competent leader may be appointed that can unite all factions in the party," she said.

"We cannot and will not support a candidate offered us by Tammany leadership."

Mrs. Nicholson was interrupted several times by applause. The women cheered particularly a statement that "we want to support a Democratic candidate for President—but it can only be done on the basis we suggest."

She added that for the Democratic party "to become the liquid party," would tend to divide rather than to unite same.

Catherine Waugh McCulloch, a Chicago lawyer, asserted the Democratic party must remain dry if it hopes for success in 1932.

"If the national Democratic party wishes to deserve success," she said, "it must again declare valiantly its loyalty to the 18th amendment and show that loyalty by nominating Presidential and Vice-presidential candidates who are unequivocal dry."

"Many dry Democrats are longing to return to their party in the next Presidential election."

Miss Estir DuPre of Louisiana, was applauded when she asserted that "if the Democratic party which was to propagate democracy and liberty, and if any man nominated by that party is proposing any modification (of prohibition) whatever, we will not fix the present law, but be assured we will fix them."

The delegate said that though "perhaps you hear very little that is encouraging from our state," except perhaps of the death blow to that great and well known band of run runners and bootleggers in New Orleans Saturday," she believed that the women of her state would not hesitate "when the testing time comes."

A message from Miss Edna Bennett of Illinois, telling of plans to Governor Emmerson to veto repeal of the state enforcement law, was read amid applause.

Fatally Injured As Car Hits Abutment

Burlington, April 13.—(AP)—George Albert Kernode, Jr., 71, drove his automobile into an abutment of the Back Creek bridge, 18 miles from Haw river, early today and was fatally injured.

The car hurled down an embankment. Kernode, member of a prominent family in this section, was alone.

CLOSE RACE FORESEEN IN THE NATIONAL

By HUGH S. FULLERTON JR. (Associated Press Sports Writer) New York, April 13.—(AP)—Another close race in the National league with at least four or five clubs in the running—that is the hope of the day before the 1931 season opens.

Optimism is the rule in the elder major league and few clubs are willing to admit they won't be close to the top in September.

The St. Louis Cardinals are generally favored to repeat their triumph but only after the hardest kind of struggle from the Chicago Cubs, Brooklyn Robins, New York Giants and Pittsburgh Pirates.

The consensus of experts has picked the five leaders to finish in that order with Boston, Philadelphia and Cincinnati bringing up in the rear.

While all the clubs have added new playing talent in preparation for another tight race, the Cardinals, for the most part, are standing pat on their 1930 lineup.

With Rogers Hornsby, now manager, back in condition, the Chicago Cubs are brimming over with confidence. Hornsby has made no changes in last year's regular lineup but has acquired a lot of good reserves.

Brooklyn's Robins plugged a few holes by trading some to their spare man power to the Phillies for Eric Thompson, a steady second baseman, and Frank O'Doul, hard hitting outfielder, and also are highly optimistic.

The New York Giants are counting on young Johnny Vergez to take care of third base while Freddy Lindstrom plays right field. Like most of his rival managers, John McGraw could use another good pitcher or two but Harold Schumacher and John Berly may fill the bill.

The Pittsburgh Pirates, handicapped by injuries last season, again are rated as a fifth National league contender. With Pie Traynor and Lloyd Waner back in shape, the Pirates should be much stronger. Tommy Thevenou, ex-Phillie, at shortstop, may help.

Boston's chances seem to depend upon how their newly acquired minor league sluggers fare. Manager Bill McKeehan has four newcomers in his regular lineup. Wesley Schulmerich and Red Worthington, outfielders; Earl at first base and Charlie Wilson at third.

The Phillies are counting on improved pitching to put them into the race. They traded several good men for pitchers and will start with Buzz Arlett and Hal Lee in the outfield, Dick Bartell at short and Leslie Mallon at second. Their new moundmen include Clise Dudley and Jim Elliott from Brooklyn and Stewart Bolen from Baltimore.

Dan Howley's Cincinnati Reds still are in the process of re-building and have few hopes of climbing high in the standing. Ed Bush, former Giant holdout, and Nick Cullup may provide some badly needed punch at the plate.

Tennis Stars Gathering for Pinehurst Play

Pinehurst, April 13.—(AP)—Many of the nation's highest ranking tennis stars were here today, seeking added honors in the north and south tournament.

Frank X. Shields, New York Davis cup player, was seeded No. 1 in the men's single, opening event on the week's program.

Mrs. Marjorie Gladman Van Ryn of Orange, N. J., was given top seeding in the women's division.

Behind Shields, in order of their rank the tournament committee seeded Clifford Sutter, New Orleans; John Van Ryn, Philadelphia; Bryan Grant, Atlanta; Berkeley Bell, Austin, Tex.; Marcell Rainville, Montreal; J. A. Wright, Montreal, and Edtram Honnell, Absecon, N. J.

Sutter is national collegiate champion; Van Ryn is a Davis cup player; Grant is national clay courts champion and Rainville and Wright are members of the Canadian Davis cup team.

Only three other players in the women's division were seeded. In order after Mrs. Van Ryn they are Mrs. Marian Jessup, Wilmington, Del.; Miss Marjorie Sachs, Boston; and Miss Virginia Rice, Boston.

Grant is entered as one of the eight members of the University of North Carolina tennis team, which includes Wilmer Hines, Columbia, S. C., national junior champion.

New champions in men's and women's singles and doubles will be crowned this year.

John Does, Newark, N. J., and Miss Penelope Anderson, Richmond, Va., will not defend their singles titles.

Wilmer Allison, of Austin, Texas, who paired with Van Ryn to win the men's doubles, and Miss Marjorie Morrill, Boston, who paired with Mrs. Jessup to win the women's doubles, are not entered in this year's tournament.

STARS IN NATIONAL SWIM MEET

These champions will defend their titles in the national indoor swimming championships in New York City in which the nation's leading women swimmers will compete. Helene Madison wears the 100, 220 and 500-yard free style crown, Eleanor Holm is 100-yards backstroke and 300-yards medley champion, Georgia Coleman is the 10-foot spring-board champion and Jane Fautz holds the low board title.

AMERICAN TO BATTLE HARD FOR THE FLAG

By PAUL MICKELSON (Associated Press Sports Writer) Chicago, April 13.—Having watched their National league cousins reap gate receipt harvests for four straight years while they eagerly snatched world series glory, American league clubs set out on their 1931 baseball war tomorrow with renewed but rather doubtful hopes of a tighter pennant race.

Most of the experts, accustomed to seeing the league stage a somewhat top-heavy pennant race for the past few years, predict just another romp for Connie Mack and his Philadelphia Athletics with only a little interesting crowding by Washington, New York and perhaps Cleveland.

A careful sifting of claims and hopes just before the big get away indicates that the key to the situation is held by the Athletics, who have been running away with the flag for two straight years.

Connie Mack, perhaps with a feeling of remorse, has failed to strengthen his championship front for the 1931 campaign except for a few reserves while the rest of the clubs have strengthened their forces in varying degrees.

The big "if" of the race centers around the Athletic pitching staff. If "Lefty" Grove and big George Earnshaw are as good as they were last year, the A's probably will repeat no matter what the reserves accomplish.

If either of aMek's two pitching ace experience a poor season, and no reserve pitcher comes through in big style, the whole race may be turned upside down.

Walter Johnson and his Washington Senators and the New York Yankees, piloted by the same Joe McCarthy who lifted the Cubs out of baseball's wilderness in the National league, are the two clubs which are expected to end the domination of the Athletics if any team does it.

Of the two, the Senators look the strongest because of excellent pitching, a timely attack, a tight infield and the spirit that moulds championship teams.

The Yankees, still possessing a great punch at the plate, are considered although their pitching is of a suspicious quality. Given good pitching, the Yanks probably would extend the A's to the limit, but they don't appear to have them.

Fleeting is the big Cleveland problem. Errors on defense beat the Indians last year.

Detroit, Chicago, Boston and St. Louis all have been strengthened during the winter and spring shopping season but none is expected to startle the league by winning the pennant. Of the four, the White Sox appear to be the most improved although they, like Cleveland, must prove their ability on defense.

Detroit has a good attack and a fair defense but pitching worries Manager Bucky Harris. The Browns have pitching and fielding, but light hitters, a trouble likewise afflicting the Boston Red Sox who have made great improvements over last year.

Warren to Fight Parker Tonight

Automobile Races To Be Faster Than Ever This Season

New York, April 13.—(AP)—Cars in the 500-mile race for \$100,000 at the Indianapolis speedway next month will be seven to ten miles an hour faster than they were last year, according to Billy Arnold, youthful winner of the 1930 race, who will defend his title.

More than 60 cars—the largest nomination list in the history of the race—will be entered, Arnold believes, but only the 40 fastest cars will face the starter.

"Specifications for the coming race are approximately the same as last year but there are one or two variations which will make the cars faster," said Arnold. "Two man cars—demanding riding men a rule. It is a good one. I have chanced as well as driver—remain

driven races in both single seaters and two man cars. A riding mechanic is a big help. Motors this year are the same with a maximum capacity of 366 cubic inches piston displacement but instead of one carburetor for each four cylinders which was the specification for last year, one carburetor or "pot" as we call them in racing, will be permitted for each two cylinders. That alone will boost the speed several miles an hour."

At luncheon Rockne had plied me with so many questions that I had difficulty plying the features of my own trade. What was going to happen at Yale? Would Adam Walsh be the next coach there? How was the ban on spring practice working out at some eastern schools? Was Primo Carnera any good as a heavyweight and could he be taught how to use his right hand?

Over the radio later we talked about the 1931 Notre Dame team, the backfield places Rock needed to fill, the chances of Miami seeking a counter attraction to the annual Rose Bowl football post-season game.

He wound up in such good humor that he told the story of the chap who, on his first visit to Notre Dame, discovered the porter at the station, the taxi driver, the boys on the campus all executing a shaft as they did things or went places. All carried footballs too.

This was natural enough, he reasoned, but as a climax on being ushered into the university offices, the president looked up at his visitor, "heppity" shifted and then concluded Rock, "is that a lot of folks think it is true?"

Add Warren will be fighting for a chance at some of this summer's "big shots" which began a rapid fade-out after the Kimrey fight.

Everybody, including Add, admitted that he looked terrible against Kimrey, but now he claims that's all over. He has parted company with Jimmy Bronson, who once handled Gene Tunney, and says the managerial blood-transfusion has done him good.

There has been no greater tribute to any figure in all the history of American sport than the spontaneous and heart-felt character of expressions all over the country following Knute Rockne's tragic death.

Walter Camp, Percy Haughton, Tex Richard, Mill'r Huggins, Ban Johnson all have passed on in recent years, leaving records of remarkable achievement and leadership. Beyond these factors Rockne left the effect of his astounding personality in the hearts of boys and men he knew.

It is not exaggerating to say that youths who learned their football or spent much of their college careers under Rockne's influence, now grown to maturity, hold a rare affection for the genius of Notre Dame.

Rockne made almost everyone he met feel that his interest in them and what they were doing was genuine. He had the knack of being intimate while also asserting a mass influence felt by those who knew him only through what they read or saw.

Newspapermen, players, coaches, business associates all appreciated the compelling, magnetic character of the man, his extraordinary breadth of vision, command of language, vivid imagination and grasp of essentials.

Life meant so much to "Rock" in his short span he contributed to it an amazing range of activity. If in its course, he was set upon a pedestal by his hero worshippers, it is also true that he was quite capable of stepping off it to maintain his personal balance and popularity.

All of us like to remember "Rock" in his bantering, humorous moods. He liked to leave 'em laughing and it was with a smile and a warning not to bet on the wrong horse that I last said good-bye to him and Mrs. Rockne on the Bis-

TOBACCO GROWERS WARNING!

Of North Carolina, Virginia, South Carolina and Georgia

A Tremendous Surplus of Tobacco Is Now on Hand—The 1930 Tobacco Crop Was The Largest Ever Grown

WE URGE A REDUCTION IN ACREAGE OF NOT LESS THAN 25 PER CENT.

If you do not make a material reduction in your acreage this year and tobacco sells cheap do not hold indignation meetings nor blame anyone but yourself.

FARMER, SUPPLY MERCHANT, FERTILIZER DEALER, BANKER—This is of vital importance to all of you.

Act Now and Avert Certain Financial Disaster!

Prosperity lies in smaller production with quality—Lower prices are certain with another large crop.

THE FIGURES BELOW ARE CONCLUSIVE EVIDENCE OF CONSTANTLY LOWER PRICES WITH CONSTANTLY INCREASED PRODUCTION:

BRIGHT LEAF TOBACCO		
YEAR	PRODUCTION	AVERAGE
1922	408 Million Pounds	\$28.95
1923	592 Million Pounds	22.25
1927	715 Million Pounds	21.30
1929	750 Million Pounds	17.82
1930	858 Million Pounds	11.86

The 1922 crop—408 Million Lbs.—sold for — \$118,338,000.00
The 1930 crop—858 Million Lbs.—sold for — \$101,758,800.00

In 1922 less than half as much tobacco sold for \$16,000,000.00 more money.

FARMERS ACT WISELY REDUCE YOUR ACREAGE

ENTERTAIN AT TEA FOR MISS WARLICK

On Saturday afternoon from four to six o'clock, Mrs. E. L. Hillman and Miss Athlene Edwards were hostesses at a lovely tea at the home of the former, honoring Miss Kathryn Warlick, bride-elect of June.

The house was attractively decorated with snapdragons, lilies and palms, and lighted with tall tapers. The guests were welcomed at the door by Miss Frances Norman. Little Miss Anne Warlick Hillman received the cards. Mrs. J. L. Kilgo presented the guests to the receiving line which was composed of Mrs. Hillman, Miss Edwards, Miss Warlick, honoree, Miss Elizabeth Austin, bride-elect of the spring, Miss Eppie Plyler, Miss Ruth Daley, of Durham, Miss Doris Christl and Miss Jessie Thompson, of Wilson. Miss Warlick was lovely in a gown of misty blue lace with rhinestone girdle, and corsage of pink roses and valley lilies. Miss Austin wore a handsome gown of flowered net, with shoulder corsage of roses and sweet peas.

Receiving at the living room doors were Misses Florence Taft and Mamie Ruth Fleming, who directed the guests to the register, presided over by Mrs. L. L. Rives. A miniature bride and groom mounted on a white satin heart guarded the bride's book which served as a register. Misses Effie Mae Winslow and Jane Hadley showed the guests to the dining room, where a color scheme of pink and green predominated. The table was covered with a lace cloth, and the centerpiece was of snapdragons and sweet peas flanked by four silver candlesticks with tulle, holding burning tapers. Misses Laura Fleming, Annie Lee Hooker, Janice McGowan, Maria Garrett and Lucy James served ices, small cakes, pastries and bonbons.

From the dining room the guests were directed by Mrs. J. H. Blount and Mrs. H. L. Rivers to the library where Mrs. R. G. Fitzgerald presided. Coffee and cheese wafers were served by Misses Mary Wright, Annie Shields Vandycie and Mrs. J. S. Spain. The coffee table was beautifully appointed in silver candlesticks with pink candles, and single pink roses.

About seventy-five guests, members of the younger set and intimate friends of Miss Warlick, called during the afternoon.

Ladies bowl free this week.—(Adv.) Mon-Wed-Fri.

RADIOGRAMS

BY C. E. BUTTERFIELD Associated Press Radio Editor

When Amos 'n' Andy go on the air, their studio door is always locked.

The key is turned because they refuse to permit visitors. Even their announcer, Bill Hay, is in another room, and his voice and the music of their theme song is heard via a loudspeaker.

Amos 'n' Andy, who are Freeman Gosden and Charles J. Correll in real life, go on twice a night because of time differences across the country. Their first period comes at 6 o'clock central time.

With the end of the early broadcast for an eastern network, they spend the evening until 9:15 as anyone else would.

That time calls for preparation for their second broadcast to the middle west, the south and the Pacific coast. Like for the first transmission, they are 20 to 30 minutes ahead.

Their day is done. They go back home, "unlax" and are in bed by 1 a. m., meanwhile getting the views of their wives as to how they went over.

The length of their appearances never varies ten seconds more or less than 10 minutes. Occasionally through an error in copy of a slight slip, it is necessary that they add a few lines. They have never missed a broadcast.

Correll and Gosden in real life are pals, just like Amos 'n' Andy. So are their wives.

That's as far as the similarity goes, for Correll and Gosden are the exact opposites of Amos 'n' Andy.

Gosden is of the nervous type, full of activity. He always chews gum, and he must be in motion even in an ordinary conversation. To the listener, Gosden as Amos seems to be much calmer than Andy.

Correll is of the staid business man type, and not all the blustery braggadocio that Andy pretends to be.

The two get along so well together in real life they say, because of their conflicting natures. Amos is slightly taller than Andy, who is the heavier.

ABOUT TOWN

The campaign to bring about a reduction of tobacco acreage in different parts of the bright leaf belt has gotten away to a good start and indications point to good results at this time.

The farmers have been convinced that it will prove disastrous to produce a crop similar to that last season, and not many of them will fall to reduce acreage at least 25 per cent this season.

One of the best arguments in behalf of reduction which has been so far advanced is comparative figures of the two past seasons. With larger acreage last season the growers failed to receive as much for their crop as they did the previous season. They lost by several millions of dollars.

It is true of last season, what in the world can be expected this year with the world market glutted more than it was at the beginning of sales of the last crop. There is only one way to avert the impending disaster and that is for the growers to cut their crops as advised and plant the surplus acreage in food crops.

Building operations are continuing in Greenville despite the cry of depression which has reverberated from one end of the land to the other the last several months. While the construction work is not along the same extensive plan as in previous years, it is of sufficient scope to show that the people have confidence in the possibilities of the community and are going to continue with improvements.

Contracts have been awarded for several residences and repairs in the last several months, and others are in the offing for the summer and fall.

Before the year comes to a close Greenville and Pitt county will be experiencing a return of the prosperity which leaders of industry and finance have been predicting for quite a while.

Billy Brown, coach of the Greenville high school baseball team, is making a plea for support of the club as it attempts to capture honors of the Northeastern Athletic conference.

Although the club had hard luck against one of its rivals here the latter part of last week, Brown is of the opinion they will be able to redeem themselves in forthcoming contests.

The Athletic Association of the high school has had hard sledding the last few years by reason of the lack of public support, and it is hoped the lovers of the remaining sport will attend the remaining ball games and boost the boys on to victory.

The girls' basketball team had the honor of capturing the conference flag this season, and incidentally, to pass through the entire schedule of thirteen games without a single defeat. This is a feat the people should be proud of. It should inspire them to a more whole-hearted effort to aid the clubs in the capturing of more laurels in the future.

This is the season of the year when people begin to turn their attention to the important matter of what to wear during the summer months.

It is one of the most paramount questions confronting the public at this season and the solution will be found by the majority of thrifty shoppers within the next several weeks.

Greenville merchants have done their part toward a solution of the problem by providing one of the most complete and orchidaceous displays of materials in years.

Display windows in the principal business districts have been filled with seasonal fabrics for weeks, but the weather has been so abnormal that only a few persons have bought as liberally as they would have had weather conditions been different.

Persons who have never shopped in Greenville are given a cordial welcome to visit the city and in that way gain some idea of what the merchants are doing to hold the distinction of the "principal shopping center of Eastern Carolina."

"I'M NOT A HERO," SAYS BRYAN UNTIEDT, BUT HE IS THRILLED OVER PRESIDENT'S INVITATION

Associated Press Photo

Lama, Colo. (AP)—A typically western boy, born to the outdoors in the flat tableland of southeastern Colorado, Bryan Untiedt at the age of 13 finds himself a recognized hero.

President Hoover, returning from a visit to Caribbean Islands, read of Bryan's fight to keep alive 19 of his Towners, Colo., schoolmates who were marooned late in March in a bus for 36 hours while the worst blizzard in 40 years howled around them.

So he invited Bryan to Washington as his guest for a day, as soon as the lad is able to go.

The boy also has been recommended by a service organization and the commanding officer of a Wyoming army post for the Carnegie medal.

Bryan is wise well beyond his 13 years. He has lived all his life in the farming district has grown accustomed to hardships unknown to the city child of the same years, and is getting his education in a one-room schoolhouse from two teachers.

He is one of 23 pupils in the Summit Hill school, 10 miles south of Towner.

He is one of four children of Mr and Mrs. H. A. Untiedt. His brother Orlo, seven, was one of the five child victims of the blizzard.

Two sisters, Evelyn and Ome! also were passengers on the ill-fated bus, which was discovered in a ditch by their father.

The youth is modest, exceedingly so, and has steadfastly refused to claim credit. He is regarded by his teachers as all especially good student, with a faculty for writing

What will the rest of the kids think?

Of course, that's the first thing to come into your head when the invitation came, and it's hard to realize just what it's all about.

It's hard, too, to have everybody around talking about me being a hero and all that. I can think of lots of acts in history that were a whole lot more heroic—if they are going to insist on calling me a hero—than what I did.

The rest of the kids in that bus shared the same misfortune that I did, and it seems maybe a little

unjust for me to receive the invitation from the President.

Certainly I want to go to Washington. But dropped out of a clear sky as it did, the invitation leaves me with the feeling that I don't quite realize what the trip will mean.

It seems like a long way to go alone, and I don't know whether I want to make the trip alone. At first I thought I might not want to make the trip, but then I go thinking it over and decided it would be the best thing to do.

Even if I didn't want to go—and I sure do want to now—it would be pretty discourteous to refuse, wouldn't it?

One thing I don't want them to do if I go to Washington, and that is to say that I did anything more than anybody else in the same fix would do. I don't know what to expect.

Gosh, I never heard a radio until I came to the hospital. Mother thinks it will be a fine opportunity for me, traveling that way, and so does dad.

What sort of makes me wonder is the long way it is to Washington.

It's farther than I've ever been by myself, but of course I'll make it all right.

I'll have a new suit to go in, and of course that will make me feel better about it. Clothes make you feel that way.

Market Report Cotton--Stocks--Grain

N. Y. COTTON

New York, April 13.—(AP)—Cotton opened steady today 1 to 3 points lower in response to easier Liverpool cables, but orders appeared to be quite evenly divided and the market held within a range of 3 or 4 points net lower.

The standard cloth statistics for March showed an increase of 2.4 per cent over the February rate of production, but reported sales 8.7 per cent in excess of the month production with stocks on hand showing a decrease of 4.3 per cent while there was a decrease of 5.5 per cent in unfilled orders. These figures came in for some comment, but evidently had little or no effect on the market.

Liverpool cables said that some continental buying had been supplied by local selling in that market. It was a holiday in Alexandria but Egyptian futures were 10 to 15 higher in Liverpool and the Indian spot quotation 4 points higher.

GRAIN MARKET

Chicago, April 13.—(AP)—Drought reports from the northwest and lively export demand hoisted wheat today to a new high price record for the season, 65 1/2 cents for December delivery. On passage stocks of wheat were shown to have decreased 13,000,000 bushels in the last month compared with an increase of 2,500,000 bushels during the same period last year. No. 1 northern wheat went to a premium over May for the first time in months.

STOCK MARKET

New York, April 13.—(AP)—The stock market began the new week today with a vague upward flutter. Bearish effort caused some recession during the early trading, but failed to impel important selling, and the list soon reflected short covering. Tobacco and utilities were leaders of the advance. Radio was also brought forward. Trading remained listless, however, and professional traders moved cautiously.

American Tobacco B rose 4 points to within the neighborhood of its 1930 high. Allied Chemical rallied as much, and issues up 2 points or more included American Water Works, American Power and Light, American Can, Westinghouse Electric, Eastman, Case and McKesson.

Amun shot up several points, recording another new high since 1929. Radio was a feature of the medium-priced group, rising nearly 3 points. There were numerous gains of a point or so. The steel, however, failed to participate. Vanadium was pushed down 4 points and failed to rebound notably when the list turned upward.

Strength in American Tobacco was accompanied by unconfirmed rumors of an increase in wholesale cigarette prices, as a sequel to the recent ending of the so-called price cutting war by two tobacco store chains. There was considerable difference of opinion in financial quarters, however, as to how well grounded these rumors may be.

There was nothing new to account for the strength of radio, although there has lately been some brokerage house gossip to the effect that the first quarter was relatively satisfactory, which presumably means only that preferred dividends were earned, as contrasted to a deficit during the early part of last week.

The sluggishness of the steel shares apparently reflects the growing belief that the peak operations of the first half of the year were reached about three weeks ago.

The rail shares stiffened a little, although Southern railway sagged to still another new low for the past seven years. Advance estimates of freight car loadings for the week ended April 4 indicate

another moderate recession from the preceding week.

Credit conditions remained about steady, with call money at 11-2 per cent, both officially and in the outside market.

Greater Speed Awaits Change In Propellers

Los Angeles, (AP)—One of aviation's fondest dreams, transport ships that will cruise at 250 miles an hour, will be realized when one of the simplest pieces of mechanism—the propeller—has been developed. Capt. Carl Squire, speed plane builder, believes. And the time, he adds, is not far off.

The present speed of airplanes, he says, has been reached by streamlining and the development of powerful motors.

"Right now we can go no further. We have built a ship so streamlined that at a speed of slightly more than 200 miles an hour the plane actually catches up with the motor and coasts through the air.

NEWS BRIEFS From Over The City and County

Activities of Boy Scout Patrol 33 of the Christian church will be resumed at a banquet at the church building tomorrow evening at 8:30 o'clock.

It was stated today that Bill Tatt, well-known young business man, had accepted the leadership of the patrol, and is making extensive plans for reviving the life of the organization.

All members and prospective members have been urged to attend and familiarize themselves with the program which will be outlined for the summer months.

A two-week term of Pitt County Superior court, for the trial of criminal cases, convened in this city this morning with Judge J. Paul Frizzelle, of Snow Hill, presiding.

The calendar contains several score cases, the majority consisting of charges of theft and violation of prohibition laws.

A considerable amount of business awaited attention of the grand jury. The Bullard case, involving charges of highway robbery of several hundreds of dollars, and the murder charge in the Abrams case, are among the most important matters to be considered. Solicitor D. M. Clark is prosecuting the docket.

BIG CROWDS HEAR TUCKER (Continued from page one)

Describing Christ as the Creator of all things, Dr. Tucker painted Him as eternal, having existed always, and whose glory and beauty were reflected in all the bewildering changes of nature. He declared the miracles performed by Christ during His visit on earth were not any greater than the constant transmutations which nature undergoes each season of the year. His power and presence, he declared, are evident in all the wonders of the universe, and He is just as ready to aid the deserving today as He was when His miracles caused such wonderment over nineteen hundred years ago.

Dr. Tucker painted a graphic word picture of the "Crucifixion" last night and revealed that it was the love of Jesus which caused Him to give His life on the Cross.

He suffered the tortures inflicted by His enemies to make the amenities of life more amenable, to make it possible even for the lowliest of men to realize the reward that comes to all who have faith and believe in Him.

All the horror and tragedy surrounding the Crucifixion was pictured by the minister as he drove home the fact that Calvary opened the way for the salvation of all men.

At this morning's service Dr.

Tucker spoke on the subject, "The Present State of Departed Ones."

He spoke of the teachings of Christ, Paul and John dealing with the subject and declared that the dead are recognizable in their former state. The body is in the grave, but the spirit of the living carries on forever, he stated.

He drew a striking word picture of Christ on the Cross and his revelation to the thief that he would be with him in heaven.

He declared that we were like Jesus in an indescribable way, and that after death we would be conscious of things going on in the world below.

A duet, "When Golden Bells Ring for Me," was rendered by Mrs. W. L. Hall and Mr. Wolslagel. The latter also sang a solo number.
