SOLDIERS SENT TO COAL DISTRICT TO QUELL DISORDERS

Three Hundred National Guardsmen on Duty at Harlan, Ky., As Leaders Confer With Civil Authorities on Plans for Occupation of Everts; Guardsmen Under Order to Take Any Steps to Restore Order in the Community Torn by Labor Strife

Harlan, Ky., May 7.—(AP)—More than 300 National Guardsmen, equipped for battle, were quartered temporarily in the Harlan county armory this morning while their leaders conferred with civil authorities on plans for occupation of Everts, nine miles away.

Under orders to take any steps necessary to restore law and order in a community torn with labor strife, the officers expected to move into Everts momentarily.

While these plans were under way reports continued to reach Harlan of armed men perched atop houses in and around Everts, apparently awaiting the troops. All women and children have been moved out of Everts, the reports said.

Hundreds of persons were on the streets and in the railroad station as the troops moved in by bus, automobile and special train. There were no demonstrations during the arrival.

The order for the troop movement was issued yesterday by Governor Flief D. Sampson, who terminated the Everts situation as "a state of terror and lawlessness" and added "this must stop and stop now."

The disorders in Harlan county have been blamed on unemployment due to economic conditions and to disagreements between coal mine operators and employes as the basis for discontent.

Five men have been killed, a number of stores and mine commissaries have been looted and sixteen houses have been burned.

Meanwhile a special Harlan County grand jury was in session investigating the disorders in the county. In his instructions to the jurors yesterday Judge D. C. Jones said "The only things that will follow conditions like these are grief and sorrow, widows and orphans and bloodshed."

Shortly after daybreak a few few shots were heard in and around Everts but civil authorities said this was not unusual.

Civil authorities today were still unable to explain two loud blasts in the Everts section last night. An investigation was started but no traces of the explosions were found.

Soon after Sheriff J. H. Blair and Circuit Judge D. C. Jones had said they feared trouble before the arrival of the guardsmen, two terrible blasts reverberated through the hills in the direction of Everts. Deputy sheriffs were sent in an effort to locate the blasts.

The decision to send troops was reached at a conference of representatives of Governor Sampson and organized labor. William Turnbull, district president of the United Mine Workers of America, said the agreement provided mine guards be dismissed and their commissions revoked.

Col. Dan M. Carrell, Louisville, is in command of the troops. Under him are Lieut. Col. Sidne Smith and Maj. George M. Cheschier, both of Louisville.

A medical corps from Richmond and a troop of military police from Jackson are included.

Governor Sampson, after calling out the troops, said "they will police the whole community of Everts, protecting those who behave themselves and taking charge of those who do not."

The Harlan County grand jury, summoned in special session by Judge Jones to probe recent lawlessness in the county, was expected to enter upon its inquiry into the labor disorders today.

Didn't Know Signal. Lakewood, N. J.—Tige is mourned as one of the navy who did his duty as he saw it. He was with the ground crew when the airship J-3 was taken out of its hangar. When the motors started the men let go the ropes. Tige hadn't been in the navy long enough to learn the cast-off signal. Up he went. Some 400 feet above an expanse of scrub pine, his hold weakened. Tige was a bull pup.

Chamber Members Talk Ways and Means for Improving Conditions

Washington, May 7.—(AP)—A general resolution summarizing the world economic situation and suggesting ways of improving it was in process of formulation today in a series of meetings of national committees of the International Chamber of Commerce.

Although differences of opinion were apparent, especially over suggestions for a continuing study of war debts in the light of the decline in commodity prices, Silas H. Strawn, chairman of the American section, said "everybody is working toward a common end and when it comes to a show down tomorrow or Saturday, there will be no differences of opinion."

He indicated all difficulties over phrasing of what he termed the "composite" resolution would be ironed out before the resolution committee passed it on to the convention floor.

"The question of war debts and everything else," said the new President of the United States Chamber, "is still in the embryonic stage and there is no row."

The second series of group sessions were scheduled for the afternoon. In one of these it was expected the question would be settled whether the International Chamber would be asked to express itself on the proposal of the Chinese delegation for a silver stabilization conference.

Agreement among agricultural nations including Soviet Russia, to regulate farm production to consumption was proposed before the International Chamber of Commerce today by Alfred Falter, of the Polish delegation.

Johning Dr. H. L. Russell, former dean of the College of Agriculture, University of Wisconsin, in the belief that the problem for world farmers is to readjust production to existing needs, Falter said it was "obvious that the world-wide agricultural crisis may only be solved by international means based on a world-wide scale."

Russell assailed the Federal Farm Board relief as temporary, artificial stimulation that only postpones inevitable readjustments and a permanent cure.

Senator Nye Goes Ahead With Investigation of Bishop's Political Activities; Woman Declines to Testify

Washington, May 7.—(AP)—The Senate campaign funds committee today laid aside the protest of Bishop James Cannon, Jr., against its authority to inquire into his use of funds in the 1928 campaign and decided to go ahead with the hearing.

With the letter of the bishop before him, Chairman Nye of the committee stated "We have no doubt of our authority and we will proceed forthwith."

Nye said he was speaking for the whole committee. The bishop of the Methodist Episcopal Church, in his last minute effort to halt the committee's inquiry contended that

KINSTON GETS TWO BANKS

North Carolina Bank and Trust Co., and Branch Bank Begin Operations

Kinston, May 6.—(AP)—Two banks were opened here today, providing citizens with banking facilities they have not had since April 30.

The North Carolina Bank and Trust Company of Greensboro opened a branch in charge of Gordon C. Hunter, cashier. The Branch Bank and Trust Company of Wilson opened an office with G. A. Cramer, cashier, in control.

No announcement was made as to the amount of money which would be available for use of citizens, but it was said both banks would furnish normal credit facilities. While deposits during the morning were not heavy it was expected they would increase later.

W. S. Ryland, president of the North Carolina Bank and Trust Company, and H. D. Bateman, president of the Branch Bank and Trust Company spoke briefly to assembled citizens when the two banks opened.

Kinston has been without banking facilities since April 30 when the Farmers and Merchants Bank failed. This followed within a few days the closing of the First National Bank and the National Bank of Kinston, the only other two banking institutions of the city.

New Highway Body Begins the Study of State Operation

Raleigh, May 7.—(AP)—With James L. McNair of Laurinburg as temporary chairman, the new State Highway Commission today started a detailed study of the set-up and machinery necessary to have the state take over 45,000 miles of county roads and 4,000 convicts July 1.

The new commission, five members of which were sworn in yesterday, elected Mr. McNair temporary chairman to serve until the Legislature adjourns when E. B. Jeffress of Guilford will be sworn in and elected chairman. Mr. Jeffress and W. W. Neal of Marion, members of the House, did not take oath yesterday.

Today the full commission met with G. C. Clark of the United States Bureau of Public Roads, to discuss the taking over of county roads.

Full state maintenance of county roads has never before been attempted in the United States, officials say, and the experiment in this state is attracting national-wide attention of road officials.

SAYS STRIKES FOMENTED BY ORGANIZERS

Textile Leader Gives Causes of Strikes At Gastonia, Marion and Danville

Chapel Hill, May 7.—(AP)—Strike organizers and a small percentage of the workers who, he said, intimidated other employes were blamed today for the recent textile strikes at Gastonia and Marion N. C., and Danville, Va., by Ben Geer, former president of the American Cotton Manufacturers association.

Speaking before the Institute of Human Relations at the University of North Carolina here, Geer, who is chief executive of the Judson Mills at Greenville, S. C., said not more than 15 percent of the workers joining the strike were in favor of it.

The others, he charged, were intimidated into joining it by organizers.

Among those in Geer's audience at the institute, organized to study international industrial and racial relations, was Francis Gorman, first vice-president of the United Textile Workers, which called the strike at Danville and aided the strikers at Marion.

The union leader asked Geer numerous questions about the attitude of the mill owners in the strike and a pleasant exchange of views followed.

"I am not opposed to the labor union as such," Geer told Gorman "I believe labor has the right to organize, but unions in the south should be organized and directed by southerners, who understand our kind of people and our kind of problems and not by outsiders and foreigners."

Geer added that strikes were usually settled by the workers themselves "who get impatient and tell the labor leaders where to head in."

Geer expressed belief that the textile industry's economic situation was improving through a better balance of production and demand at present than in the past.

It was the second address made to the institute by Geer. Last night the textile manufacturers recognized their deficiencies and problems and were progressively solving them.

ALIMONY CASE IS CONTINUED

Mrs. Novella Allen Allowed \$75 for This Month in Suit Against Husband

The case of Mrs. Novella Allen against John Allen, involving suit for alimony, has been continued for jury trial in the civil term of Pitt County Superior court May 25.

The hearing was brought to a conclusion yesterday afternoon at which time Judge Harris ruled that Mr. Allen pay his wife \$75 for the present month, and left it to the jury of the next term of court to decide as to what should be done in the matter in the future.

The case was begun last Monday afternoon. Scores of witnesses were put on the stand trying to bear out the contentions of both husband and wife.

Mrs. Allen claimed that she was unable to live with her husband on account of his cruelty. He contended that she would not stay with him regardless of what he did.

Two children of the couple are now in the possession of the husband.

Immediately after disposing of this case, court began consideration of the action of Grover Hardee vs. Sam Hardee and others, involving dispute over a piece of land and dower rights. The case was expected to consume the remainder of today's session as many witnesses remained to be examined when court began work this morning.

"Two years is all too short a time," he said, "in which to make thorough and searching investigations into the effect of law, or lack of law, or the social problems involved in the present unsatisfactory condition of observance of our criminal law."

The work of the national commission should be of great value to those who undertake such further effort. Indeed, it is such body as this institute must undertake the necessary constructive follow-up work, if the labors of the national commission are to fructify into the most useful re-

Attorneys Begin Effort to Secure the Release of Shuford Grooms

Waynesville, May 7.—(AP)—Attorneys for Shuford Grooms, 13, of Haywood county, were scheduled to appear before Judge John H. Harwood in Superior Court this afternoon to request that their client be released on bond.

Grooms is charged with killing "Shorley" Miller of Haywood county Sunday night after the latter allegedly had fatally wounded Grooms' sister, Minnie.

Sheriff Ledbetter today arrested Jesse Grooms, father of the accused youth, Kin Grooms, a brother; and Mary Grooms, his sister. They were lodged in jail pending investigation of the double slaying.

According to the story told piecemeal by various members of the Grooms family, "Shorley" Miller and his brother Tom Miller engaged in a family quarrel Sunday morning. Several hours later Minnie Grooms intervened and induced the brothers to make peace.

A short time later Shuford Grooms entered the kitchen of his home where he found his sister and "Shorley" Miller in an argument which is alleged to have taken place between Miller and the girl, the latter was killed. Grooms then fired on Miller, with fatal results.

All of the parties of the affair have declined to make sworn statements, and such information as the authorities have has been obtained through evasive answers to questions.

WOULD FIGHT CRIME WAVE

Wickersham Seeks to Enlist Law Institute in Effort to Check Lawlessness

Washington, May 7.—(AP)—Chairman Wickersham of the Law Enforcement commission today urged the American Law Institute to enlist its scholarship and research in the fight on crime.

Wickersham, who is also president of the institute, said in opening his ninth annual session that he felt the time had come for an intensive study and clarification of criminal law, and asked the institute to undertake the work.

"The time for such action is peculiarly opportune," he said, adding that the work of the Law Enforcement commission should come to an end next June 30. He said reports on some of its crime studies would be issued soon and that the information should be helpful in the law observance problem.

"Two years is all too short a time," he said, "in which to make thorough and searching investigations into the effect of law, or lack of law, or the social problems involved in the present unsatisfactory condition of observance of our criminal law."

The work of the national commission should be of great value to those who undertake such further effort. Indeed, it is such body as this institute must undertake the necessary constructive follow-up work, if the labors of the national commission are to fructify into the most useful re-

MacLean Says Body Must Give Up Stand On Revenue Bill Or Insist Upon Adjourment and Return Home

Raleigh, May 7.—(AP)—The House this afternoon instructed its conferees on the biennial revenue bill to vote against any measure carrying or contemplating an ad valorem tax for school support.

By a vote of 46 to 35 the Hamilton resolution, amended so as to remove any threat of adjournment by the House, was passed after three hours of debate.

TO HONOR OLD VETS FRIDAY

Plans Completed for Memorial Day Exercises in This City Tomorrow

Finishing touches were put on plans today for the Memorial Day exercises to be conducted in this city tomorrow under auspices of the local organization of United Daughters of the Confederacy.

The exercises will probably be the most impressive in years, and about a dozen grizzled veterans, bent from age and infirmities, are expected to attend.

Dr. R. H. Wright, president of East Carolina Teachers College will deliver the principal address at the college where the main exercises are to be held.

Upon arrival here in the morning the hoary members of J. Bryan Grimes Camp of the Confederacy will gather at the court house to elect officers for the ensuing year.

This is always an important occasion in the life of the veterans as they are afforded ample time to renew acquaintances and exchange tales regarding the bloody conflicts of the Civil war.

From the court house the veterans will participate in a parade to the cemetery where scores of school children will place flowers on the graves of the soldiers who have answered the summons of death. In the parade will be school children, high school glee club and band members of the United Daughters of the Confederacy.

After the exercises at the college the veterans and friends will be served luncheon.

All business houses have been requested to display their Confederate flags tomorrow and in that way help honor the veterans to assemble here in annual reunion.

Fourteen Japanese Burned to Death

Tokyo (May 7.—(AP)—Fourteen persons, all Japanese, were burned to death and property valued at \$2,000,000 was destroyed in a series of fires which swept various Japanese hindered firemen.

The most destructive fire was at Yamataka Hot Springs, in Ishikawa Prefecture, where four lives were lost. Thirty hotels were wiped out at the resort. 100 persons were injured and 4,000 made homeless, including 400 hotel guests.

The flames also destroyed 800 frail Japanese dwellings, the business section of the resort, post office, police stations, banks, town hall, a temple and school houses.

Four persons were burned to death in Yokohama by a fire which destroyed the Chinese consulate and 60 dwellings. In Tokyo six persons lost their lives in a fire which swept the thickly populated Shiba ward.

A fire in Toyama City destroyed 47 homes; 53 dwellings were burned in a fire at Akamatsu Tottori Prefecture and 20 homes were consumed by a fire at Tanamura in Wakayama Prefecture.

BANK REPORT WAS 'FIXED'

Auditor Tells of False Statement Issued by Central Bank and Trust Company

Asheville, May 7.—(AP)—William McCants, former auditor for the Central Bank & Trust Company here, today testified he did not tell Dr. J. A. Sinclair and C. N. Brown, directors of the bank and two of three men on trial here on charge of making a false report of the bank's condition, that a report as of September 24, 1930 signed by them, was false.

McCants yesterday testified he prepared the false report upon instructions from Wallace B. Davis, president of the bank, and the third defendant in the trial.

Asked if he was "willing" to involve "innocent men," he said he was not, but followed orders from Davis.

"I always made a true report except when instructed to do otherwise," McCants said.

The auditor told of fixing the report to make it appear that overdrafts of the bank were smaller, public deposits smaller and general deposits larger than they actually were.

A few weeks after the September 24 report was made, the bank failed with \$18,000,000 on deposit. Appurtenances were included in the approximately \$2,000,000 in public posts.

McCants' story that he did not tell Brown and Sinclair the report was false was given on cross-examination.

He completed his direct examination, begun yesterday, with testimony that telegrams the Central Bank sent to other banks ordering payments out of the Central's account usually were handled as checks and charged off on the bank's books immediately.

He was referring to a \$2,200,000 transaction of the bank with the Central Hanover Bank and Trust Company of New York where telegrams ordering payment of that sum on September 15, 1930, were not charged off on the Asheville's bank's books until September 27.

The September 24 report to the Corporation Commission gave the sum as on deposit with the New York Bank.

R. R. Williams, attorney for Davis, paced up and down within the bar and roared questions at the witness on cross-examination.

He asked if McCants had not withheld his evidence until assured he would not be prosecuted himself. The auditor denied this and said he had never expected to be indicted as he was the "unwilling agent of those who controlled my bread and meat."

Apology Follows Scathing Denunciation by Members of the Senate; Senator Gravelly of Nash Charges That Statements Are "Infernal Lie"; Folger Says Author of Charges Should Be Brought Before Bar of Senate and Made to Name His Man or Men

Raleigh, May 7.—(AP)—Representative A. D. MacLean apologized to the General Assembly today for remarks he made on the floor of the House yesterday.

Before the apology was received the Senate had more than an hour of discussion of the statement of the Beaufort legislator that "too much liquor and too many women" was responsible for the inability to agree. MacLean also referred to rumors that "North Carolina senators have been bought and sold" but said he did not believe it.

Senator Gravelly of Nash charged that the statements of MacLean were "an infernal lie" and asserted it was his belief they were made deliberately and not in the heat of debate in an effort to arouse suspicion in the minds of the people back home in the actions of the legislators.

Senator Folger of Surry said that if he had made the charges MacLean made, "I would resign my commission and go home," and Senator Horton of Chatham demanded that "the man who made the charges" be brought before the Senate to point out his man.

After MacLean had apologized and the House had taken up consideration of the Hamilton resolution, Representative Garibaldi of Mecklenburg assailed the Beaufort legislator for "spreading a false impression which has gone throughout the state."

MacLean arose and said "I accept your reprimand" and Garibaldi replied: "You justly deserved it."

His apology did not deny the charges but said in the zeal of debate he did not observe the parliamentary rule which "condemns derogatory remarks of criticism by one house about the other or its members" and apologized for the remarks.

The senator did not call names but Senator Horton of Chatham said he "heard the statement on the floor of the House yesterday" that it was rumored that senators had been bought by lobbyists.

During debate in the House yesterday MacLean told the House to "go home and sober up" and said he did not believe rumors that North Carolina senators have been bought and sold.

Horton charged that "the statement made on the floor of the House yesterday points a finger of suspicion at every member of the Legislature." He demanded that "the man who made the statement be brought before the bar of this Senate and he made to name his man or men."

Senator Burrus of Guilford defended the record of the Senate and the "sobriety and virtue" of its members as he asserted: "I condemn to the utmost any reflection on the character of any legislator."

Senator Baggett of Harnett, discussing the remarks in a more or less light manner, deplored them and expressed regret that they had been given such attention. He said he trusted it was "but a passing incident."

Mrs. Helen Warren to Be Buried in Pitt

Carey, May 6.—Mrs. Helen Ricks Warren, 63, wife of J. J. Warren died suddenly at 7:15 tonight at the home of Dr. F. R. Yarborough. She is survived by her husband and ten children, Mrs. A. N. Lewis and Oscar Warren, of Hopewell, Va.; Jesse J. Warren, Philadelphia; Dr. B. P. Warren, Lowell, Md.; Mrs. George Diamond, Washington, N. C.; Mrs. Frank Yarborough, Cary; Addison E. Warren, Millard and Miss Emily Warren, of Durham; John Warren, students at the State University. Mrs. Warren will be buried in the new Maplewood cemetery at Durham tomorrow afternoon at 2 o'clock. Funeral services will be conducted from her late home, 1506 Chapel Hill street.

Mrs. Warren was a former resident of Pitt county, and is a sister of Mr. W. H. Hicks.

Home Demonstration Clubs Hold Annual District Meeting Here

A large group of home demonstration club members, representing the counties of Beaufort, Pitt, Tyrrell and Martin met at the Washington, Tyrrell and Martin at the Woman's Club building in Wednesday, May 6.

The meeting was opened in the usual order, after which Mrs. B. T. Cox in her usual pleasing and distinctive manner, gave everyone a hearty welcome. Mrs. T. M. Woodson read the minutes from last year's district meeting held in Washington. We were glad to hear this report.

We were justly proud to have Mrs. L. N. Stedman, president of the State Council Federation, with us. She urged a large number to attend the meeting to be held in Raleigh during July. We felt that we could take a keener interest in club work after hearing her remarks.

A beautiful memorial service in charge of Mrs. W. C. Harrison Washington county, was given to honor the memory of Mrs. Ida Swaine Brickhouse whose death took from us October 17, 1930.

Miss Pauline Smith gave a brief history of Home Demonstration work up to the present time. We wish that more people could have been present to hear her speech.

Mrs. J. H. B. Moore gave us a cordial welcome and urged us to press forward with zeal in our work. The musical program in which each county was given 10 minutes to present their selections was greatly enjoyed. Wonderful talent, with violin and piano selections and several vocal numbers were heard. It was generally conceded that this part of the program was a treat and an agreeable surprise.

Miss Lois Gorrell of East Carolina Teachers College, gave a brief and highly instructive talk on "The Power and Charm of Music." Her remarks began with its origin and tracing to the present date. Rhythm, melody, and harmony were discussed and everyone felt that they might have a better appreciation of all forms of music. We were greatly indebted to her for this talk.

The usual delightful pot-luck luncheon was served in cafeteria style. Expressions of satisfaction were heard on every side.

After the lunch hour, a report was heard from the nominating committee. Officers for the 1931

ABANDON STAND

(Continued from page one) Raleigh, May 7.—(AP)—Representative MacLean of Beaufort, told the House this afternoon that "It must abandon its position or insist upon adjournment" during discussion of the resolution to instruct the conferees on the revenue bill.

MacLean had offered an amendment to the Hamilton resolution to set the date on which the House will adjourn if a revenue bill including a sales tax has not been agreed upon as Tuesday, May 12 instead of tomorrow.

SAYS HOUSE MUST

The statement the House must abandon its position or adjourn was made to Representative Cherry of Gaston.

Under the Hamilton resolution the House conferees must work for state support of the six months school without an ad valorem tax. The Senate has repeatedly refused to accept any sales tax.

In the Senate, with the substitute

McSwain resolution on the calendar to instruct the upper House conferees to advocate adoption of a \$10,000,000 school fund and an ad valorem tax to raise the difference, Senator Johnson of Duplin offered a new resolution to instruct the conferees to draw up a revenue bill including a sales tax but omitting chewing gum, peanuts and package candy retailing for less than 50 cents.

Cherry, a member of the conferees committee, asked the House to defeat the Hamilton resolution and not "try to dictate to the Senate." He is an opponent of the sales tax.

MacLean told him the Senate "is determined not to accept the position of the House" and that the best thing that could be done would be adjourn and "let the people change the senators when they go home."

No. 7

YOU know the fine crops many farmers around here get year after year with Chilean Nitrate of Soda. They side dress with Chilean and it pays them well. This year with Chilean selling at the lowest price in years, there's no sense in thinking you can economize with unproved fertilizers. Use plenty of Chilean and you'll get a good profitable crop.

Your Fertilizer Dealer

AND when you order, be sure to specify "Chilean". It contains rare elements in addition to Nitrogen that make it the super-nitrate. It is Nitrogen PLUS, for it contains iodine, boron, magnesium, plant foods in themselves. Remember that Chilean is the proved fertilizer. Side dress your crops with it. At the new low price and in the new 100 lb. bag, it is a better buy than ever before. Remember the two kinds—Original Chilean (Crystalline) and Champion Brand (Granulated) both natural nitrate.

BEFORE IT IS TOO LATE

If you have a gray-haired mother in the old home far away, sit down and write the letter you put off from day to day. Don't wait till her weary steps reach heaven's pearly gates. But show her that you think of her before it is too late.

If you have a tender message, of a loving word to say, don't wait until you forget it. But whisper it today. Who knows what bitter memories may haunt you if you wait? So make your loved one happy before it is too late.

WORTHINGTON-SERMONS.

Mr. and Mrs. Mathew Sermons announce the marriage of their daughter Irma Inez to Mr. Thurman Wardell Worthington on Thursday, the seventh of May Nineteen hundred and thirty-one Greenville, North Carolina

The marriage of Miss Irma Sermons, of Greenville, to Wardell Worthington, of Winterville, took place today at the home of Mr. and Mrs. F. O. Pursler. The ceremony was performed by Reverend P. L. Hillman, and was witnessed by only a few friends.

The bride wore a navy and white gossamer dress, with white accessories. A shoulder corsage of sweet-heart roses and lilies of the valley completed her costume.

Mrs. Worthington is the daughter of Mr. and Mrs. M. C. Sermons of the Greenville vicinity. She received her education at East Carolina Teachers College, and for the past few years has been a teacher in the Pitt county schools.

Mr. Worthington is the son of Mr. and Mrs. F. A. Worthington of near Winterville. He is a graduate of Massey's Business College in Richmond. At present he is engaged in the tobacco industry in Pitt county.

After a short wedding trip the couple will be at home in Winterville.

YOUNG PEOPLES' SOCIETIES CHRISTIAN CHURCH MEET
There was held in the Eighth Street Christian Church this afternoon a meeting of the representatives of the Young Peoples' Societies of the various churches of Greenville in the interest of a union service to be held on Sunday night, May 17, at seven o'clock. At this special union service the various young peoples' societies of high school age and upward will discuss the subject: "War, the Enemy of Christian Civilization." An outside speaker will bring the principal message and representatives of the young peoples' groups will present various phases of the subject. It is expected that this special service will draw together the best of the Christian workers among the young folk of Greenville and that the elder people will be much interested in hearing what the present generation has to say on this all-important subject. Details of the service will be published later.

ELEMENTARY DEPT. OF CHRISTIAN CHURCH TO ENTERTAIN

At three-thirty tomorrow afternoon the teachers of the elementary departments of the Eighth Street Christian Sunday School will entertain the mothers of the children in these departments. There will be an appropriate program, inspection of the class rooms, explanations by teachers of the work done in the various age-groups, followed by a social hour. This meeting is a preparatory step to Mother's Day May 10. The meeting is also one of the many steps being taken by this school to bring about a better understanding and closer co-operation between the church and the home.

THE READING MOTHER.

I had a mother who read to me Sagas of pirates who scoured the sea, Cutlasses clenched in their yellow teeth, "Blackbirds" starved in the hold beneath.

I had a mother who read me days Of ancient and gallant and golden days; Stories of Marmion and Ivanhoe, Which every boy has a right to know.

I had a mother who read me tales Of Galat, the hound, of the hills of Wales, True to his troob till his tragic death, Faithfulness blent with his final breath.

I had a mother who read me the things That wholesome lift to the boy heart brings— Stories that stir with an upward touch, Oh! that each mother of boys were such!

You may have tangible wealth untold; Caskets of jewels and coffers of gold. Richer than I you can never be— I had a mother who read to me.

MONEY NOT IN CIRCULATION MAKES HARD TIMES!

Money that is afraid to work paralyzes prosperity. Idle dollars make idle men. And that misfortune comes home to roost because hard times affect you as well as the fellow out of a job. Get your dollars into activity!—for yourself and for the community!

You don't have to spend to do it. The money you save works just as hard for better times as the money you spend. Invested with The Home Building and Loan Association, your money will safely earn a liberal return... and will go quickly and directly into financing homes in your own community.

It will start hammers hammering... saws sawing... and trucks trucking. Activity! Prosperity! Carpenters, plumbers, plasterers, painters, lumbermen and supply dealers will smile again. Money will start to circulate. And pretty soon it will circulate back to you. Every man given employment has increased purchasing power. That makes more business. Better business reflects in better times for you. That's how you can have the prosperity your money will buy without spending it. In other words... you can have your cake and eat it, too.

Help prosperity and prosperity will help you.—Money in a sock is a "sack" at prosperity. Invest today in The Home Building & Loan Association's Silver Anniversary Series, which is now open.—(Adv.)

NEW BOOKS FOR SHEPPARD MEMORIAL LIBRARY

A very attractive installment of books for the International Mind Alcove was received yesterday, put in circulation and all taken out by patrons during the afternoon. "Romantic Czechoslovakia" is a beautiful book, fully illustrated and in clear type easy to read. "Jungle Portraits," by Della Ake, is the newest book on Africa. It may be read in a few hours. "Humanity Uprooted" is an honest endeavor to show both sides of Russian life today. "The Genius of Mexico" is a copy of a very limited edition on cultural relations with Latin-America. With these came six beautifully illustrated children's books.

The following magazines may always be found at Sheppard Memorial Library: American Magazine, Adult Education, Cosmopolitan, Confederate Veteran, Flower Grower, Forum, Good Housekeeping, Harper's Bazaar, Harper's Magazine, House and Garden, House Beautiful, Hygiene, Kiwanis Magazine, National Geographic, National Republic, Outlook, Parents' Magazine, Public Management, Reader's Digest, Scribner's, Times, World Tomorrow, World's Work.

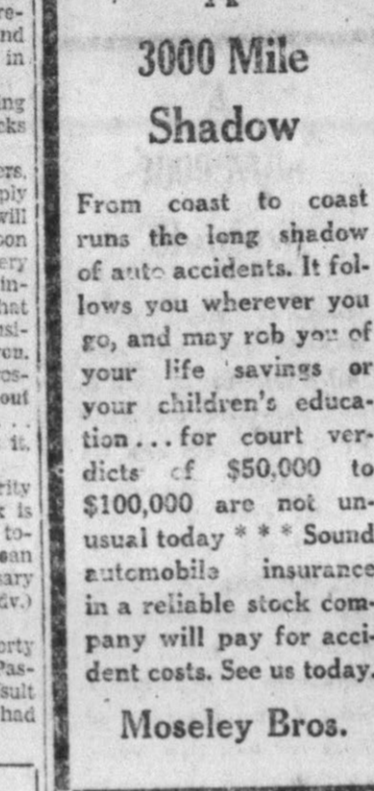

These magazines may be read in the delightfully cool and comfortable reading room of the Sheppard Memorial Library, or one copy of any of these may be taken out for two days. The time is limited to two days, in order that a larger number of patrons may enjoy the magazines. When the new magazine arrives, the former number may be taken out for any desired time.

Several rare books, too valuable to be taken from the library, are now accessible to Greenville readers.

FREE MINIATURE CEDAR CHESTS TO GIRL GRADUATES OF THE HIGH SCHOOL

There is a lot of excitement among the girls who are graduating from high school this June, said Mr. Collins, manager of Lane Furniture Store, Inc. "It seems that good news travels fast so it is no wonder why so many girls keep asking me when they can get their own free miniature cedar chests which are my graduation gifts to them. Maybe they remember that the girls in last year's graduating class were so tickled with theirs that these new graduates are determined to have them too!" Mr. Collins went on to tell that in the very near future all the girls who are going to graduate will receive a letter from Mr. Lane, president of The Lane Company, which explains the 1931 Lane Girl Graduate Plan and encloses a card entitling them to an adorable little Lane Cedar Chest—almost exactly like the big Lane Cedar Chests which offer insured moth protection.

These miniature chests, he explained, are a great "hit" with the girls because they are an ideal place to store treasured mementos of their high school days such as class pins, dance programs, etc. He cautions every girl graduate to keep her card as it is required by him before he can present the miniature chest.

Don't forget to ask Mr. Collins to show you the big new Lane Cedar Chests, either, girls, because they are the one safe and sure place to keep your valuable clothing and linens safe from moths year in and year out. They are actually insured by a free Lane Moth Insurance policy which is given with every chest!

A beautiful gift for her Graduation

a chest... steeped in the romance of the past

THE DOWLING DOWRY CHEST

The design of this chest reverts to an old dowry chest said to have been used in the Court of King James I in about the year 1620.

According to the story, one of the court attaches, a Sir Henry Dowling, had one daughter whom he loved very dearly.

This daughter, Amelia, had been sent to a convent on the continent. When she was ready to return to England, Sir Henry, in true fatherly fashion, desired to commemorate her home-coming with a gift.

So he called in the artisans and he ordered them to make a chest which should surpass all others in beauty. He selected the wood, watched

Now offers INSURED MOTH PROTECTION

the work step by step, and finally when the chest was completed, nobody in all the Court had ever seen one lovelier.

Amelia came home. She accepted the chest with heart overflowing with joy. And, according to the story which ends just as all such stories should, she married,

settled down and lived happily ever after. The gift from her father then passed on down through many generations, finally to bestow its wealth of beauty and romance upon this modern adaptation, the Dowling Hope Chest, specially designed for the Girl Graduate by Lane—the world's foremost cedar chest maker.

This Dowling Dowry Hope Chest has the loveliest of Oriental and American walnut veneers on the outside and the choicest of aromatic red cedar heartwood on the inside, the cedar being 3/4 inch thick in accordance with the U. S. Government recommendations for a moth-killing cedar chest. It also carries a free Lane Moth INSURANCE POLICY guaranteeing against moth damage up to \$250.00 for 5 years. Heavily paneled top richly embellished with hand carved moldings. The chest is roomy, capacious, inviting—indeed a charming treasure to hand down to future generations. We shall be most happy to have you inspect this chest. For the Girl Graduate—for any girl or young woman—no finer or more acceptable gift is easily conceivable. The price is \$35. Remember, the cost of one moth-ridden garment will more than pay for a Lane Convenient terms may be arranged, if desired. We show many other pleasing Lane models from \$16.50 up.

ABOUT TOWN

Greenville is proud of the splendid showing which members of the local unit of North Carolina National Guards made during annual inspection this week.

The inspecting officer said the unit made a very satisfactory showing and praised the men for their high standard of intelligence, attitude and development.

The battery has won considerable recognition the last two years by reason of the excellent training exhibited at annual encampment and officers are looking forward to the summer encampment this year when they will have the opportunity to capture additional laurels.

A military organization of this type reflects credit on the community and the public should not be slow expressing appreciation of what the youngsters have been able to accomplish.

The high school senior play this year was declared one of the best in many sessions by the several hundred patrons of the school who witnessed the performance.

The youthful actors displayed decidedly more knowledge of the stage than those of former years, and so well were they chosen that each one seemed to have been cut out for his part.

High school senior plays are always of interest at this season of the year and the encouragement which the youngsters received through large attendance this year should play an important part in the presentation of superior productions in years to come.

It is to be hoped that parents will continue to let the students know that they are interested in their activities at school, whether it be in classroom or otherwise, and if this should be done there can be little doubt as to the outcome of future efforts.

The Westbrook swimming pool will be thrown open to children of school age this summer if plans of citizens interested in improving the condition of the city meet with success.

The matter will be presented to the board of aldermen tonight, and should this organization agree to furnish lights and water, the plan will become an actuality.

The swimming pool will be one of the many forms of sports to be under the direction of Albert Osborne during the summer, and will afford an excellent diversion for the youth of the city during the hot weather.

Supervised activity of this kind is just twice as valuable to a community as any other kind because it assures children will have full and complete protection while at play.

It is impossible to say what action the board will take in the matter of providing lights and water, but if it should be favorable, the pool will play a big part in the life of the children who have no public swimming place in the city and are forced to go miles to find such form of recreation.

The campaign against typhoid fever, which is waged annually in this county, will be carried into the Belvoir community this week.

All residents, white or black, have been urged to attend the clinics and receive inoculations which will immunize them against the typhoid menace for the next few years.

The fight against this form of fever has been continued in this county from year to year with such results that the malady has been reduced to a minimum. It has resulted in the saving of an untold number of lives, and the improvement of general health conditions.

Persons interested in the welfare of community life should not fail to impress upon the people the importance of attending the clinics, for it is one of the most direct ways known to medical science to combat the fever.

Similar clinics to that in Belvoir will be held in other parts of the county from time to time and people are urged to take advantage of them and increase that feeling of security during the part of the year when everybody is susceptible to fever.

When business becomes dull is

the time to advertise in the opinion of leading business men in all parts of the nation.

Advertising is one of the greatest stimulants known to present day business, and the man that sits down and grows and slacks business instead of letting the public know what he has to offer will find himself still sitting and doing nothing when the other fellow is enjoying his share of the season trade.

The merchant that keeps continually on his toes, dresses up his display windows, advertises and makes a genuine bid for trade, will find that his sales will show up decidedly better at the end of the year.

This is the season of the year when the majority of men begin slowing down for the summer months, just as if people do not have to live in the summer just like any other time of the year. Instead of slowing up, it should be the purpose of all branches of industry to make a more insistent bid for trade, and let the people know they are in the game all the year around.

BANK REPORT WAS "FIXED"

(Continued from page one) While Williams questioned McCants in thunderous tones real thunder with intermittent lightning rolled across the mountainsides outside and reverberated through Buncombe county's 14-story courthouse.

The storm inside, however, drew a capacity crowd which was not deterred by the one outside.

Williams asked McCants if he had not falsified the report to save his job and if he wasn't falsifying now because he was employed by the Corporation Commission.

The 60-year-old gray-haired witness replied calmly to the shouted question, reiterating that he was telling only the truth.

RESUMES INQUIRY IN CANNON CASE

(Continued from page one) the Federal corrupt practices act which he is charged with violating is unconstitutional.

He also challenged the legality of the Senate resolution ordering an inquiry into his use of anti-Smith funds in Virginia.

Bishop Cannon came to the committee room ahead of the senators. Informed that the committee intended to go ahead with examination of witnesses the bishop said:

"I have nothing to say. I am here to listen to the proceedings."

He unfolded a brief case as he sat smiling to photographers who took his picture. He took a seat at the committee table, across from the members' seats.

Miss Ada Burroughs, of Richmond, Va., the first witness, flatly declined to give any testimony to the committee. She gave this notice after reading a lengthy statement protesting the authority of the committee and was similar to the bishop's protest.

"You were treasurer of the anti-Smith committee in Virginia in 1928," said Chairman Nye. "You certainly will answer questions about your activities, won't you?"

"I decline to testify," said Miss Burroughs nervously.

As Nye put further questions she said: "I have nothing to add to my statement. I decline to testify."

Harry F. Sinclair, a millionaire oil operator, served a jail sentence for refusing to testify to a Senate committee.

Bishop Cannon rested his chin on one of his crutches as he listened to Miss Burroughs.

Senator Dill, Democrat, Washington, the fifth member of the committee, came in during the examination of Miss Burroughs.

Chairman Nye persisted in his futile questioning.

"You feel you are acting on good authority in taking this position?" he asked in a warning tone.

Miss Burroughs said she was satisfied on her position.

After she left the stand she was recalled.

"You are aware of the possible consequences attendant upon your action?" asked Nye.

"Yes," she said simply.

"You are fully aware," asked Senator Dill, "that there is a law involved here and that you are subject to prosecution?"

"Yes," she said.

CARDS BEAT THE PIRATES BY 6-5 SCORE

By GAYLE TALBOT, Pr. (Associated Press Sports Writer) If the St. Louis Cardinals could arrange to play nothing but extra inning games the remainder of the season, they likely would romp home in front of the National League field by a longer margin than they did in 1930.

Thus far Gabby Street's Red Birds have engaged in three extended sessions, and they have yet to lose a decision. Twice they beat out the Chicago Cubs in overtime duels, and yesterday they victimized the Pirates in 13 innings, 6 to 5.

In seven rounds of overtime their opponents have been able to score but once.

In contrast, the New York Yanks have indulged in four extra period affairs and have yet to win one of them. Had they done as well as the Cards, they would be leading the American League chase.

Charley Gelbert, shining light of the last world series, was the hero of yesterday's victory over Pittsburgh. The Card shortstop tripled in the 13th and scored on Martin's single. He then came through with a brilliant assist to retire the Pirates in their halp after they had filled the bases on relief pitcher Jim Lindsey.

Two National League hurlers had the unhappy experience of pitching four-hit games, yet being charged with defeats. Bill Walker, giant southpaw, held the Brooklyn Robins to a quartet of blows, only to come up on the losing end 1 to 0.

Willie Sherdel of the Boston Braves was the other unfortunate finger. The Philles got to him for only four hits, but one of them was Buzz Arlett's fifth homer of the season. It came in the seventh with one on, so the Phils won, 3 to 1.

The Yankees finally won a series from Washington by taking their final, 10 to 7, in a three-hour slugfest.

Babe Ruth and Lyn Lary each contributed a homer to the Yanks' 14-hit assault on three pitchers, and Cronin and Bluege did likewise for the losers.

Led by Al Simmons, who cracked two doubles and three singles in five trips, the Athletics enjoyed a field day at the expense of the Boston Red Sox. Homers by Fox and Cochran helped make the score 10 to 3.

Roy Johnson, Detroit rightfielder, hit two doubles and a single, drove in four runs and scored one himself as the Tigers made it two out of three from Chicago, 9 to 4.

Rain caused postponement of the Chicago-Cincinnati engagement at Chicago and cold weather spiked the Indians and Browns at St. Louis.

KINSTON HIGH TO CLASH IN CITY FRIDAY

Tomorrow afternoon at 3:30 at the Third Street School diamond, Greenville High School meets an ancient rival, Kinston High School, in what promises to be a great baseball conflict.

Kinston defeated Greenville 4-3 in their previous engagement, and Greenville is particularly anxious to win this contest. Douglas, Kinston's little left-hander is their only hope, and he surely is a sweet little pitcher, but the Greenville boys are going to hit him all over the lot tomorrow. At any rate some mighty good pitching is going to be seen tomorrow.

Greenville's ace has lost several games this season, but they have been due to errors mostly, and not due to faulty pitching. The Greenville team has come through lately with wins over Roanoke Rapids and Washington, and conference teams and the teams confidence and defensive play is at the top. Taylor's arm has been sore of late, but it is right now, and all these familiar with this situation feel that Greenville will win. With Bullock catching Taylor, Kinston's chances are very Chinaman-like.

Madrin will be on first, King, or Deal or second, Gaston on Short, Dennis on third, Register in left, Brooks in center and Turnage in right. If both King and Deal are available, it is probable that King will be used somewhere in the outfield.

All these who love baseball and have the High School at heart should make every effort to see this great game. It was 4-3 before, and promises to be even closer this time. The admission will be 25 cents, reasonable enough, and the spectators are asked to make it easy for the gate keepers to collect these quarters—See you tomorrow at the game.

CIGARETTE LOOP SETS FAST PACE

By PAUL SIMONS
Charlotte, May 7.—(AP)—There's no use talking, the Cigarette Loop, the only class B circuit in the south, is setting a pace that would do credit to a class A loop.

If the North Carolina boys keep going like they have started, big league scouts by the end of the season will be swarming over the Old North State like bees in a honey-suckle vine. That will mean more money in the club treasuries and a chance to develop more good players next season.

The first thing noticeable was the swarming powers of Piedmont leaguers. They now have 29 homers to their credit, a better average than the major leagues, and enough one, two and three base hits to satisfy old Joe McCarthy himself. Now, it's the pitchers fans are talking about. Merle Settemire, a left-hander the Hornets got from Chattanooga is a good example. He hurled his second no-run game of the season yesterday at Asheville, turning a 6 to 0 victory over the Tourists. A few days ago, his twirling enabled his team to blank Winston-Salem.

Another likely prospect is Wally Pate, rookie working with the Caps. Although the game was halted by rain in the sixth inning, Pate held the Gamecocks to three hits yesterday at Raleigh while the Caps blanked them 2 to 0—a pretty good performance for a youngster.

And then, as the fans all know by now, there is the young High Point sandlots sensation, Ivan "Lefty" Young, who dished up a no-run, no-hit game against the Caps at High Point Tuesday. Reports from the furniture city have it that Young, playing on an industrial team last season, won 45 games.

Another topic of comment around the state is the smashing drive the Greensboro Patriots, piloted by Johnnie Kane, are putting on. Failing to win a match the first week, the Pats have a clean sweep of three victories for the first three days of this week. They hopped on the Durham Bulls to the tune of 6 to 5 yesterday at Durham for their third success.

Bad weather, which had been dogging the league fairly persistently the first few days of the new season, interfered with the scheduled High Point at Winston-Salem match last night.

Charlotte's victory over Asheville enabled the Bees to hold on to the helm of the league standing, with the Raleigh Caps in second place close after them.

Says New Style Baseball Slower On the Ground

Chicago, May 7.—(AP)—The new style baseball is just about the same in the air, but it's slower on the ground, Tris Speaker believes. The former Cleveland, Boston and Athletics outfielder, ranked with the greatest of all time, is a radio announcer, specializing in baseball. He has watched the new and deader baseball with interest and has concluded that it will ride just as far through the air when well hit, but does not roll so far nor as hard on the ground.

"I've watched the antics of this baseball now since the season opened," he said, "and I have come to the conclusion that if you get a full swipe at it, the ball travels as far in the air as it ever did. Maybe it's the raised seams, but the new ball seems to slow down more quickly, once it hits the ground."

HEEL NETMEN BLANK ARMY

Charlotte, May 7.—(AP)—Nothing, it seems, not even the crack eastern teams, can halt the onward march of the University of North Carolina's brilliant netmen. The smashing Tar Heel combination, headed by Bryan Grant, national clay court champion, and Wilmer Hin's, national junior champion, yesterday blanked Army, 9 to 0, to add the Cadets to their long list of season's victims.

Although they have met such formidable outfits as Princeton, New York University and others, the North Carolinians have not been even threatened this season. Many of their victories have been by the shut-out route.

Fights Last Night

Chicago—Eggar Norman, Newark and Buck Esterling, Wichita, Kan., drew (10).

Montreal—Art G'Foux, Montreal, outpouted Willie Davies, Charlotte, Pa., (10).

Haven, tomorrow Brown at Providence, R. I., and Saturday Harvard at Cambridge.

If they are successful against these teams, reports have it, they will claim the championship of the East.

The Virginia Cavalier baseball team, primed for an attempt to take North Carolina from the top of the tri-state league standings, opens a Carolina invasion today with a match with N. C. State at Raleigh. They go against the Tar Heels at Chapel Hill tomorrow and at Greensboro Saturday, although the Greensboro match will not count in the league standing.

The Wake Forest Deacons seem just not able to get going on this northern baseball trip. They dropped a match to Pennsylvania, 14 to 2, yesterday and remained in Philadelphia to meet Drexel today.

West yesterday to Georgetown, 5 to 4, meets George Washington today in Washington.

If You Only Knew What You Get for \$595 You Couldn't Resist the New ESSEX

Essex performance can never be confused with any other low-priced car. Every owner vividly knows the difference. You can know it, too, in a 30-minute ride.

You get a big, roomy car that has none of the limitations of small appearance or cramped quarters usual in low-priced cars. You get completeness and good taste in appointment. You make no sacrifice in quality or accustomed car comfort and distinction.

Essex has flexibility that rarely calls for shifting gears—fast get-away that thrills you—reliability that actually shows the lowest record of service costs—smoothness exclusive to Super-Six engineering—economy that saves you money—rare riding comfort rivaled only by costlier cars—yet its price compares with the lowest-priced cars on the market.

\$595 for the Coach or Business Coupe. 5 other body styles as attractively priced. Freight and special equipment extra. All prices f. o. b. Detroit.

EASY TO BUY—Your present car will probably cover the down payment. Monthly payments are as low as on the lowest-priced cars. Choose an Essex and you get top quality, top performance, top value in the lowest price field.

"MOST MARVELOUS 6-CYLINDER CAR"
"I have owned and driven many makes of cars—both heavy and light—but I am realizing more comfort, pleasure and satisfaction from my Essex than I ever had. That's a pretty big statement from one who has been prejudiced against Essex cars. It's the most marvelous 6-cylinder car. If I knew what great satisfaction they would derive from the New Essex, the whole country would be filled with them."

Market Report Cotton--Stocks--Grain

N. Y. COTTON

New York, May 7.—(AP)—Cotton opened steady today 3 points lower on May but generally 2 to 4 points higher on some overnight buying orders, which were eventually brought in by the advance of late yesterday, while May was influenced by liquidation incident to the circulation of a few additional notices.

Reports of cold rainy weather in the south may have encouraged some buying of later deliveries, but the market was comparatively quiet after the opening with fluctuations rather narrow and irregular. At the end of the first half hour, July was selling around 9.95 and December 10.51, or about net unchanged to 4 points higher. Sales of fertilizer tags in the 13 southern states for the five months December-April were said to show a falling off of 28.6 percent as compared with the same period last year. A private report, was published placing the probable acreage at 41,511,000 acres or 10.1 per cent reduction as compared with last year.

Liverpool cables said that continental buying had been supplied by liquidation in that market.

GRAIN MARKET

Chicago, May 7.—(AP)—Spread trading in which wheat was sold and corn bought led late today to returns in wheat prices and to relative strength in corn. On the wheat setbacks, a fair amount of export business was done. Corn reacted on profit-taking, however.

STOCK MARKET

New York, May 7.—(AP)—Equity share prices continued to fluctuate irresolutely today, while a strong demand developed for bonds.

Stocks advanced during the first hour, but turned downward before midday, as heaviness cropped out in the motion picture issues, and spread to other sections.

The list again stiffened in the afternoon. Wall street was more interested in the cheapening of the money rates, which appeared to be forcing bank funds into the bond market, and the weekly meeting of the New York Federal Reserve directors this afternoon.

Advances of a point or two were numerous in the early trading, while Auburn and Macy sold up about 4. These gains were cancelled or modified later, as several shares showed losses of a point or two, including Paramount, Liewis, American Can, U. S. Steel, Eastman, North American, Consolidated Gas, American Telephone, Good-year, Electric Autolite, Texas Corp. and Royal Dutch. Chain store issues were strong, Woolworth and W. T. Grant, reaching new high levels for 1931, a notable development at a time when new lows for the year or longer have been the rule.
