FURTHER CUT EXPECTED IN U. S. EXPENSE

President Probably Will Strike \$17,000,000 From Interior Department

Washington, May 18.—(AP)—President Hoover has instructed Treasury, Postoffice and Agricultural Department officials to survey their respective fields with a view to cutting down expenditures...

Washington, May 18.—(AP)—The presidential pencil of economy is expected to strike \$17,000,000 or more from expenses of the Interior Department for the next three years.

For the second consecutive week end, President Hoover returned from his Rapidan, Virginia, camp, convinced that a saving could be made in a government department.

Last week, the War Department was considered and a decision was reached for the abandonment of 20 to 30 obsolete army posts and a concentration of activities.

Interior Department officials, who had found no unusually large items they believed could be stricken, presented their savings outline at conferences Saturday and Sunday.

The Indian office which received for the fiscal year 1932 a net appropriation of \$25,000,000, was not expected to provide much of the saving, for Secretary Wilbur and his aides have inaugurated a new policy in that branch calling for first class personnel at substantial salaries.

The park service, however, may accept curtailed appropriations for roads and trails. Some officials held this work could be spared most easily.

"Administrative economy" involving operations on narrow margins, will provide a goodly share of the saving.

On his trip to Virginia, the President was accompanied by Mrs. Hoover, his son, Herbert, Jr., and the latter's wife. It was the first time the younger Hoover had been to Rapidan since he went to Asheville, North Carolina, last year for treatment for incipient tuberculosis.

Secretary Wilbur and other Interior Department officials also were present.

Two Killed When Building Collapses

Gainesville, Tex., May 18.—(AP)—Two men were killed and several others were injured early today when the front wall of a building collapsed, burying freemen and spectators.

The dead are: H. C. Talley, 37, foreman of the Texas Power and Light Company, and Wayne Williams, 28, railroad telegraph operator. William Block, Erick Giles, Raymond Powell, Morris Finley, all of Gainesville, were injured seriously.

The fire was of undetermined origin. The building, housing the Trew Brothers Motor Company and the Kennerly Hardware Company, was destroyed with loss estimated at \$100,000.

Mary Pickford Off On 2nd Honeymoon

Southampton, Eng., May 18.—(AP)—Mary Pickford arrived today and drove to London to join her husband for what she called a "second honeymoon."

"We are going to visit the same places we saw on our honeymoon," she said, "so it will be a real one, and wedding trip. These rumors of disagreements between Doug and me are all unbecome."

Cigarette Prices Reduced Again

New York, May 18.—(AP)—The price in the cigarette price war, in effect since April 10, ended today with a reduction in the price of popular brands to 13 cents a package, or two packages for 25 cents.

Mrs. Minnie Sugg Loses Life As Fayetteville - Washington Bus Catches Fire at Moccasin River Bridge; Driver Badly Burned; Funeral for Mrs. Sugg This Afternoon

Funeral services for Mrs. Minnie Sugg, Greenville woman, who was burned to death in a bus accident near Grifton yesterday afternoon, will be conducted from the home of her nephew, B. B. Sugg on Fifth street, this afternoon at 5:30 o'clock.

The final rites will be conducted by Rev. E. L. Hillman, pastor of Jarvis Memorial Methodist Church. Burial will be made in Cherry Hill cemetery.

Active pall bearers will be: W. D. Pruitt, R. C. Flanagan, Frank Wilson, R. C. Stokes, Jr., G. V. Smith, B. S. Warren, H. L. Hodges, Dr. R. H. Wright, Graham Flanagan and Ficklen Arthur.

The accident in which Mrs. Sugg lost her life happened in front of a filling station at the end of the Moccasin river bridge. The bus, operated by Kinston interests between Fayetteville and Washington, was headed for Greenville, and was driven by Loyd Pritchard, of Kinston, who was so badly burned that he was carried to a hospital for treatment. It was said today that he might lose an eye as result of burns.

An axle on the bus was said to have broken as the bus rounded the curve and glowed down to stop at the filling station, a wheel ran off and friction sparks from the brake drums dragging over the pavement set fire to the gas tank. The vehicle was instantly enveloped in flames and ran a short distance and stopped directly in front of the filling station.

NEW REVOLT AT CANTON

Two Hundred Loyal Soldiers Killed Last Few Days In Insurrection

Shanghai, May 18.—(AP)—The birthplace of two successful revolutions: Canton today proclaimed by open fighting the commencement of a third insurrectionist leaders said, when they resisted attempts to disarm them. A provisional government is expected to be established in opposition to the rule of General Chiang Kai-Shek within the next few days.

The late Dr. Sun Yat-Sen marched from Canton to sweep the old dynasty before him a score of years ago and established the first Republic in south China. After troubles had beset the young republic Chiang Kai-Shek led from Canton an expedition that resulted in 1927 in the establishment of the Nationalist government as the dominant power in China.

Sun Fo, son of Sun Yat-Sen, is expected to play an important part in the insurrection at Canton. Sun, who has been minister of railways in the Nationalist government, is hiding here, despite request from the Nationalists that he return to Canton shortly.

Meanwhile the ominous clouds which have been gathering over China for several weeks apparently had been rent by the first flash of arms.

The split between the Conservative elements of the Kuomintang (Peoples Party) and the Nationalist government by Chiang arose late in April when the southerners denounced Chiang and accused him of harboring desires to establish an autocracy in China. Although Nanking has denied such reports, preparations have been made by the government for hostilities.

Throughout Kiangsi and Hunan provinces, where Nationalist forces have been opposing groups of marauding Communists, preparations were made to attack Kwang-tun and Kwangsi provinces.

In addition, twenty-five Chinese coastal steamers have been commandeered by the Nationalists to carry troops to Canton if necessary. They are being assembled here as transports awaiting orders.

Meanwhile southern forces have not been entirely quiet. Military leaders favoring the Southern Conservatives have gathered at Canton to outline a campaign while their political constituents are fostering rebellion and reiterating their demands that Chiang retire.

NEGRO YOUTHS NABBED AFTER ROBBERY HERE

Two Boys Face Investigation of Juvenile Court for Robbing Pitt Drug Co.

Two negro youths, James Thorne and Clifton Williams, about 13 years of age, faced investigation by juvenile court authorities today on a charge of robbing the Pitt Drug Company of a small amount of cash and a considerable supply of cigarettes and cigars last night.

They were bound over to juvenile court following preliminary hearing in Police court this morning. The court will probably consider the case the latter part of the week.

The boys gained entrance to the store through a rear window and obtained about \$20 in cash from the cash register, and cigarettes and cigars. They were arrested by Officers Brewer about an hour afterwards. About three dollars of the money and a small portion of the stolen goods were recovered, police stated.

Key Norris, operator of the drug store, said it was impossible to estimate how much goods the negroes would have obtained during the night had he not entered the building while the robbery was in progress. As he entered through the front door, the young culprits fled through the rear of the building.

Norris immediately notified authorities of the robbery and Officer Brewer had little trouble rounding up the youths.

Although Norris was able to account for the sum of money taken he was unable to say definitely as to the extent of the loss in tobacco goods. He expressed belief, however, that it would reach a comfortable sum.

Fifteen Persons Injured By Bombs On Lisbon Streets

Lisbon, Portugal, May 18.—(AP)—Fifteen persons were injured in the explosion of three bombs on the streets of Lisbon early today as crowds celebrating achievements of the dictatorship of President General Carmona returned to their homes.

The first bomb was thrown into the heart of a great crowd in the Praza de Rocio and wounded thirteen people. The infuriated crowd chased the man supposed to have thrown the bomb, but he escaped in the confusion. There was some firing of revolvers for several minutes as the injured persons were removed and taken and taken to hospitals.

While the excitement was at its height a second bomb exploded in the neighboring Rua Nova Trindade, within a stone's throw of headquarters of the Republican guard.

The fury of the people rose to high pitch. They gesticulated with their fists and shouted "down with the Communists" "down with the revolution" and "down with the Free Masons!" a procession, in which students predominated, and marched on the newspapers Republica, shouting wild.

The doors were broken down and the mob rushed inside, wrecked the plant, and set piles of papers afire. The police, arriving at last, turned out the rioters and took charge of the building establishing a heavy guard.

TWO BANKERS FACE COURT AT ASHEVILLE

Judge Barnhill Overrules the Motion to Quash Indictments Today

Asheville, May 18.—(AP)—Two former bankers and five former county officials, arraigned today in Superior court on charges of conspiring to use public funds to aid the now defunct Central Bank and Trust Company, sought to have their indictments quashed, their motion was overruled by Judge M. V. Barnhill.

The motion to quash the indictments was based on the contention that the grand jury returning the true bills was not legally constituted. Defense attorneys argued the grand jury was serving a six-months term while the law provided that a new grand jury should be named for each term of court.

Judge Barnhill ruled a special act creating the six-months jury system in Buncombe county was not repealed by a subsequent general act of the legislature.

Attorneys for the defendants said they would have other motions to present tomorrow, adding that they had not had time to study the bills of indictment and present them today.

The defendants are Wallace B. Davis, who was president of the Central Bank and Trust Company; his brother, Russell Davis, who was vice-president; Newton M. Anderson, James Grimes and J. C. McElroy, county commissioners; L. L. Jenkins, county treasurer, and C. N. Malone, county bond attorney.

Wallace Davis was convicted Saturday of making and publishing a false report of the bank's condition two months before it closed, last fall, with \$20,000,000 deposits, including \$8,000,000 in public funds.

A special venire of 125 from Madison county, from which the jury to try the seven defendants will be chosen, has been ordered to report here tomorrow morning.

NAB SLAYERS OF OFFICER

Members of Bootleg Gang Reported Captured By Officers in Mississippi

Booneville, Miss., May 18.—(AP)—Sheriff L. M. Womack said today that members of a bootleg gang believed killed United States Deputy Marshal Clyde Rivers near here Saturday night have been captured by Federal and county officers, who continued raids in the Prentiss County hill country today.

Fifteen or more Federal agents, aware that Rivers was the second Federal officer killed this month by suspected Mississippi liquor law violators, converged here to lead the hunt.

Prohibition Agent H. L. Everett was killed May 2 near Collins, Miss.

T. J. Johnson, Ernest Liddle and Dell Eaton, brother of "Rouey" Eaton, alleged leader of the band, were named by the sheriff as occupants of an automobile which Rivers and Deputy Sheriff Earl Womack halted on a highway before the gun battle began. Officers believed five men were in the gang.

At least 25 others are under arrest. Sheriff Womack said he believed Rouey Eaton, who was convicted, paroled and sought again on a bootlegging charge, may have fled toward the Little River section near Osceola, Ark., where he formerly lived. Memphis police were asked to guard the Mississippi River bridge connecting Tennessee and Arkansas.

Conferees Vote To Allow Allen Chance To Explain Effects Of Revenue Bill

WIFE SLAYS WAR VETERAN

First Man Wounded in World War Shot to Death by Wife at New Orleans

New Orleans, May 18.—(AP)—Edgar Bouigny, 43, a photographer, the first man wounded in the world war was shot and killed early today by his wife, Mrs. Delia Bouigny, 37, at their apartments in the French quarter.

Bouigny recently returned to his home city, New Orleans, from New York and had been unable to obtain employment as a commercial photographer. Mrs. Bouigny said she shot her husband as a climax to years of quarreling and threats against her life.

She claimed he was advancing toward her with clenched fists. One of the three bullets struck him on the head. Displaying stamina that won him fame in the world war, he walked out of the apartment, down a 25-foot stairway and into an alley and fell dead, face downward.

Bouigny returned to New Orleans after the world war and was acclaimed a hero. He was officially designated the first American to be wounded in the war. While a member of the Lafayette escadrille, he was shot four times and taken to Paris. There he met the woman who became his wife and finally his slayer.

WORLD WHEAT CONFAB OPENS

Canadian High Commissioner Outlines Plan to Alleviate World Condition

London, May 18.—(AP)—Howard Ferguson, Canadian high commissioner, convened the world wheat conference here today, outlining in his inaugural speech broad methods of alleviating the world surplus. Delegates of eleven wheat exporting countries were in attendance.

At the outset he termed disposal of surplus wheat stock a matter of outstanding importance to the world, explaining that the wheat growing industry contained two essential problems, that the wheat reach the customers when required and that the producer gets a reasonable price for his product.

Low prices, he said, have a tendency to correct themselves—accrete shrinks and business decline shortens supplies and raises prices.

"The result is dearer bread. Our efforts must be directed to help the farmers get a fair wage and maintain their families without overcharging their fellow workers who must buy bread."

After a general discussion the conference adjourned until tomorrow morning.

The nations represented at these meetings are the United States, Canada, Australia, Argentina, Bulgaria, Hungary, India, Poland, Rumania, Yugoslavia and Soviet Russia.

The United States is represented by Mr. McKelvie, former governor of Nebraska, and grain members of the Farm Board; Dr. A. E. Taylor, of Leland Stanford University, and Nils A. Olson, chief of the bureau of agriculture economics.

WILL PRESENT LATE ACCORD AT THE HAGUE

Five Nations Agree to Seek Advisory Opinion From the League of Nations

Geneva, Switzerland, May 18.—(AP)—Germany and Austria, Italy, France, Great Britain today agreed to submit the proposed Austro-German customs accord to the World Court at the Hague for an advisory opinion as to its legality.

Arthur Henderson, British foreign secretary, proposed the move pointing out that legality of the accord was questioned under the treaty of St. Germain and the Geneva Protocol of 1922.

Dr. John Schober, Austria's gray-haired foreign minister, agreed to the proposal, but placed a spirited defense of Austria's integrity on the record.

"I must declare strongly," he said, "that our announcement that this agreement was constructed upon an exactly equal footing of both nations must be taken seriously. Austria will by no means surrender her economic independence."

"If the powers are so greatly concerned over this matter as to infringe Austria's sovereign right to negotiate treaties, then indeed is our economic independence destroyed."

The two Germanic states agreed to go no further with their negotiations pending the World Court decision which is expected some time during the summer, before the council meets again in September.

Aristide Briand agreed for France to submit the issue to the World Court, but he reaffirmed his country's objections to the union on the ground that it compromised Austria's economic freedom and violated two treaties.

Dino Grandi, the Italian foreign minister, agreed for his nation; Italian economists, he said, are convinced that the customs union system is the best for the rehabilitation of Europe.

Julius Curtius, for Germany, defended his own position, reiterated that the arrangement does not threaten Austria's independence, but pledged Germany to Mr. Henderson's proposal.

The council session adjourned until tomorrow without taking formal action on the proposal and before Eduard Benes, Czechoslovakian foreign minister, had spoken.

State Superintendent Expresses Opinion That Adoption of Conference Report Would Mean Salary Reduction of From 20 to 25 Percent for All Teachers in This State; Conferees Meet Behind Closed Doors

Raleigh, May 18.—(AP)—The House this afternoon received the new compromise report of the revenue conferees.

Chairman Spence of the House revenue committee sent forward the report with the request that it be read and he be allowed to explain it. Four Senators and three House members on the conference committee to 16 did not sign the report, which is based on a county ad valorem tax of 15 cents to assist the state in supporting the six months school term.

Senators signing the report were Gravelly of Nash, Rankin of Gaston, Dunlap of Anson, Folger of Surry and Clement of Rowan.

Senators who did not sign, all being advocates of a sales tax to provide money for school support with an ad valorem tax were: McKee of Jackson, Clark of Edgecombe, Hinsdale of Wake and Pritchett of Bertie.

Representatives signing were: Allen of Granville, Spence of Moore, Cherry of Gaston and Harris of Person. Representatives who did not sign were MacLean of Beaufort, Comor of Wilson and Hood of Wayne.

Raleigh, May 18.—(AP)—Although all of the members of the joint conferee committee on the revenue bill were not present today at 1 P. M., for their scheduled meeting, those present voted to allow Dr. A. T. Allen, state superintendent of public instruction, 10 minutes in which to discuss the effect the proposed revenue bill will have on public schools of the state.

Dr. Allen, in a statement issued late Saturday, expressed the opinion adoption of the conference report "will mean salary cuts of from 20 to 25 per cent" for all teachers.

Under the conference report about \$16,000,000 is contemplated for support of the six months schools. This year, Dr. Allen said, the budget for the six months term was \$20,000,000, with indications that actual expenditures will be \$21,400,000.

"The only way salary cuts of from 20 to 25 per cent can be avoided will be by a drastic reduction in the number of teachers employed beyond the economies carried in any of the school bills proposed and I do not see how that can be done," Dr. Allen said.

The conferees were meeting to hind closed doors as they considered the revenue bill drawn by a sub-committee of five. The full committee adopted a report "in principle" Friday and agreed to report it today but the opposition of Dr. Allen and other educators of the state raised the possibility that they may reverse themselves and seek another compromise.

Both divisions of the Assembly were to meet at 3 o'clock this afternoon, and they had agreed not to take a vote before 5. But, if this new report provokes as much debate as previous reports have, it is likely to be nearly midnight before any action is taken by either house. A storm of opposition was brewing today as educators from all sections of the state attacked the new compromise.

In fact, the compromise may be killed before it reaches the floor of either house, for it has not been approved in its final form by the 16 revenue conferees.

The Senate committee of nine stands 5 to 4 in favor of the report. Senators Rankin of Gaston, Gravelly of Nash, Clement of Rowan, Folger of Surry, and Dunlap of Anson, all anti-sales tax men, favor it. Senator Clark of Edgecombe, Hinsdale of Wake, Pritchett of Bertie and McKee of Jackson, all sales tax supporters, are against it.

The House committee is in favor of the report, with the exception of Representative A. D. MacLean of Beaufort, author of the MacLean school law which prohibits an ad valorem tax for the support of the six months school term. The members who are expected to sign the report are Representatives Spence of Moore, and Hood of Wayne, previous general sales tax supporters, Representative Allen of Granville, a supporter of the form of sales tax and Representatives Cherry of Gaston and Harris of Person, opponents of any form of sales tax.

**ABOUT TOWN**

Greenville extends a cordial welcome to Dr. Ben Lacy, president of the Union Theological Seminary, who opened a series of evangelistic services at the Presbyterian church here yesterday.

The coming of this distinguished minister and educator to the community has been received with wide interest by members of all denominations and it is to be expected that crowds during the remainder of the week will pack the church as they did during Sunday.

Dr. Lacy while still a comparatively young man, has achieved great success in his chosen field of endeavor since the ending of the World War. His elevation to the presidency of the seminary is sufficient evidence of the regard and confidence of his denomination.

Greenville should take advantage of this opportunity to hear this whole-hearted advocate of the Bible by attending the services both morning and evening. It is seldom the city is afforded the chance of hearing such a distinguished member of the ministry.

The state will be glad to learn that the Legislature is contemplating adjourning by next Saturday, bringing to an end the longest session in the history of the body.

The solemn hope to complete the troublesome revenue bill during the week. The conference committee was scheduled to present a report of the new compromise agreement sometime today, and should the two houses agree to accept it they will open the way to adjournment.

However, it is impossible to say what the legislators are going to do. Several times before they have adjourned themselves and it would not be surprising to see them do so again.

The long-suffering public, however, will hope that something definite will be accomplished. It may not be to the liking of everybody, but deciding upon something to support the MacLean school bill will be an achievement; and that's what the people have been waiting for a long time.

Miss Thelma Cherry of Greenville and Miss Juanita Worsley of Rocky Mount, students of the East Carolina Teachers College, are to be congratulated upon their victory in the national essay contest of the American Chemical Society.

Miss Cherry was awarded first prize of \$500 and Miss Worsley received second prize of \$300.

Both of the young ladies are students in the science department of the college, and their papers were selected from among several hundred others from various parts of the country.

The victory is not only a distinction honor to the young women but to the college. It delineates in no uncertain terms the high type of training afforded the young women who go out into the various schools of the country to instruct our youth.

Greenville is proud of the record established by the young women, and everybody will hope it will inspire them to greater achievement after they have left the walls of the college and taken up the battle in the broad fields of life.

Who said summer would never come?

It was slow getting here but when it finally arrived it brought with it sufficient warmth to permit the people to put on their glad rags and get out and get under, to employ some patois of the streets.

From now on until the latter part of October this season ought to be treated to every kind of elemental change when the weather man is capable of putting on at this season of the year, but everybody will glory in the change from cold temperatures.

In a short time now if plans are consummated, employees of the various business houses of the city will be having off to seashores for a well holiday each week, and the coming of the fall and winter

months should find them in much better physical condition to combat the strain of business always accompanying this season of the year.

That half day off to revel in the pleasures of the great open spaces means much to the working man and woman, and the merchants unquestionably will do everything in their power to see that the half holiday is observed as usual.

Members of the Greenville Merchants Association left today for Greensboro to take part in the annual convention of the State Merchants Association which will hold forth today and tomorrow.

Greenville will be well represented not only by the large representation of the city most assuredly will send, but by the fact that the fact that the president of the state organization is a Greenville man, Judson Blount, will preside over the deliberations of the body, and a successor will be named at the closing of the convention.

The State Association has made considerable progress this year despite the depression existing from one end of the nation to the other, and the reports to be made by the secretary and other officers will show what has been accomplished under the leadership of the Greenville man.

Greenville always occupies front ranks at the conventions and it is needless to say this year will be no exception.

**IRON CAUSES GOOD CIGARS**

**Potash Also Contributing Factor to Pipe Dreams in Tobacco Smoke**

By HOWARD W. BLAKESLEE (Associated Press Sports Editor) State College, Pa., May 18.—(AP)—The "pipe dreams" which flow from smoking a good cigar are due largely to the presence of potash and iron.

Without these chemicals, it is found at Pennsylvania State College, the smoke loses its seductiveness and the cigar becomes a distillation retort brewing much bitterness. These studies of the burning qualities of cigar leaf tobacco are made by Dr. D. E. Haley, professor of soil and phyto chemistry.

One of his helpers is a robot with glass throat and water lungs, which puffs cigars mechanically with the rhythm of a living smoker. Water flowing through a valve governs the timing of the puffs. Test tubes arranged like the pipes of an organ catch and analyze everything in the smoke.

"A good cigar, when once ignited," he says, "will hold fire for many minutes. When smoked the tobacco burns with a glow rather than a flame and a very high temperature is obtained.

"Some cigars do not burn as well as others, hence a considerable quantity of materials may be distilled rather than consumed. Some of these may condense in the cigar, raising its temperature, and the remainder appears in the smoke. These products of distillation are usually quite bitter and may seriously interfere with the taste of the smoke."

The potash helps the burning, a fact, he says which is appreciated by other scientists. This substance has figuratively the effect of a meat chopper. It reduces the cellulose and other compounds of the leaf to finely divided particles. This increases the surface available for oxidation—that is, for burning. This action of potash is aided materially by the liberation of water in the course of the reaction and by the high temperature of the glowing surface.

The iron completes the combustion. It must be present in the leaf in combination with the potash or with similar compounds.

When heated these compounds liberate magnetic iron particles. Dr. Haley finds that these function as catalysts, in some way finishing the combustion of other substances and maintaining the maximum temperature of the glow, without allowing it to spread too far.

**PUT PRICE ON BARBER JAKE**

**Both Lawless and the Law Seek Swindler for Operations in Windy City**

Chicago, May 18.—(AP)—Reports were current today that John Factor, known as Jake the Barber, alleged swindler of English stock investors, was sought by the lawless as well as by the law.

The Chicago Daily Tribune said a price had been set on Factor's Federal agents as fearing he might be slain before he could be arrested for extradition to England where he is accused of defrauding investors of several millions of dollars.

"Jake the Barber" reputed to have made big money illegally since he closed up his cut rate barber shop in Halsted street, was at odds with Diamond, the Tribune said, because of his failure to split the profits of a stock selling scheme after Diamond had "grubstaked" him on a trip to England.

The story was that Factor accepted Diamond's aid at a time when the former barber was in trouble over Florida land deals but forgot all about dividing with the New York gangster. It recalled that Diamond tried unsuccessfully to enter England last summer and described this trip as an attempt to have a showdown with Factor.

Meanwhile the officials of both the American and British governments were investigating Factor's financial affairs, with a view toward impounding his assets for the benefit of the investors he is alleged to have defrauded.

Specifically he is charged with defrauding the Broad Street Press, Ltd., of London, of \$3,300,000 on which complaint his attorney, A. L. Swartz, has offered to surrender him, if he is allowed his freedom on bail.

**Flier Killed While Stunting at Omaha**

Omaha, Neb., May 18.—(AP)—Death has brought to a close the aerial career of Charles W. "Speed" Holman, 33, of St. Paul, whose name for years had been high in the list of American aviators.

He was killed yesterday while stunting upside down at a height of only 20 at the Omaha air races. Death was instantaneous. Twenty thousand spectators saw him die.

His own magnanimity, his friends said, was the indirect cause of the death of the St. Paul aviator whose stunts in the air had thrilled thousands during the past decade.

During a lull in the closing day program, Holman volunteered to go aloft and stunt for the capacity holiday crowd. A stiff, treacherous wind was blowing above the field. For fifteen minutes he had delighted the crowd with his sky antics. Barrel-rolls, outside loops, immelman turns, each in turn, brought spectators to their feet.

Then a thunderous crash was heard as his plane fell. It rolled,

**Stomach Ulcers Healed With Famous Powder**

A Milwaukee physician of over 26 years experience has perfected a formula in powder form which has brought amazingly quick relief to sufferers from ulcers, acid dyspepsia, gas, bloating, dizziness, headaches, etc.

It neutralizes excess acid, relieves irritation, pain and distress, and being in powder form forms a soothing coating over the inflamed stomach lining and ulcers so that healing can take place.

And best of all there is no rigid dieting necessary. This treatment is different and to quickly introduce it everywhere the distributors are offering to send a free proof treatment and the true facts about the treatment of ulcers and other forms of stomach trouble to any sufferer who writes them. **LACY BEGINS REVIVAL HERE**

(Continued from page one)

He stressed the existence of greed and the great part which it is playing in public life today.

As a cure for existing conditions, he advised his hearers to seek God and "these things will be added unto you." He urged God's people to be up and doing in an effort to

improve conditions.

Last night he spoke directly to the Christians, admonishing them not let pride stand in the way of accomplishing the work of God's kingdom.

At the morning services today, Dr. Lacy delivered the first of a series of talks on the Bible. He will confine himself to study of the Bible at each of the morning services.

**GREENVILLE WOMAN BURNS TO DEATH IN BUS ACCIDENT NEAR GRIFTON YESTERDAY**

(Continued from page one)

The driver, his clothing aflame, opened the door and rolled out on

the ground. His life was saved by a man who rushed out of the station and extinguished the flames with a small extinguisher. Mrs. Sugg, the only passenger, could not be reached by the dozen or more men who rushed to the rescue.

The fire was so hot that the woodwork was consumed in a few minutes. Mrs. Sugg was said to have succumbed to the stifling fumes and fire in two minutes after the machine burst into flames. Her body was burned almost beyond identification.

The tank cap was believed to have been shaken off when the axle broke. The driver was highly commended for his bravery in attempting to save the burning woman. He

was said to reached over and opened the door on the opposite side of the car in order to give her a chance to escape as the flames spread over his body.

Mrs. Sugg was 60 years of age and was one of the best known women in the community. She was returning to Greenville from Wilmington where she had been to visit her daughter, Mrs. Sam Northrop, and her niece, Mrs. E. F. Williams, Jr.

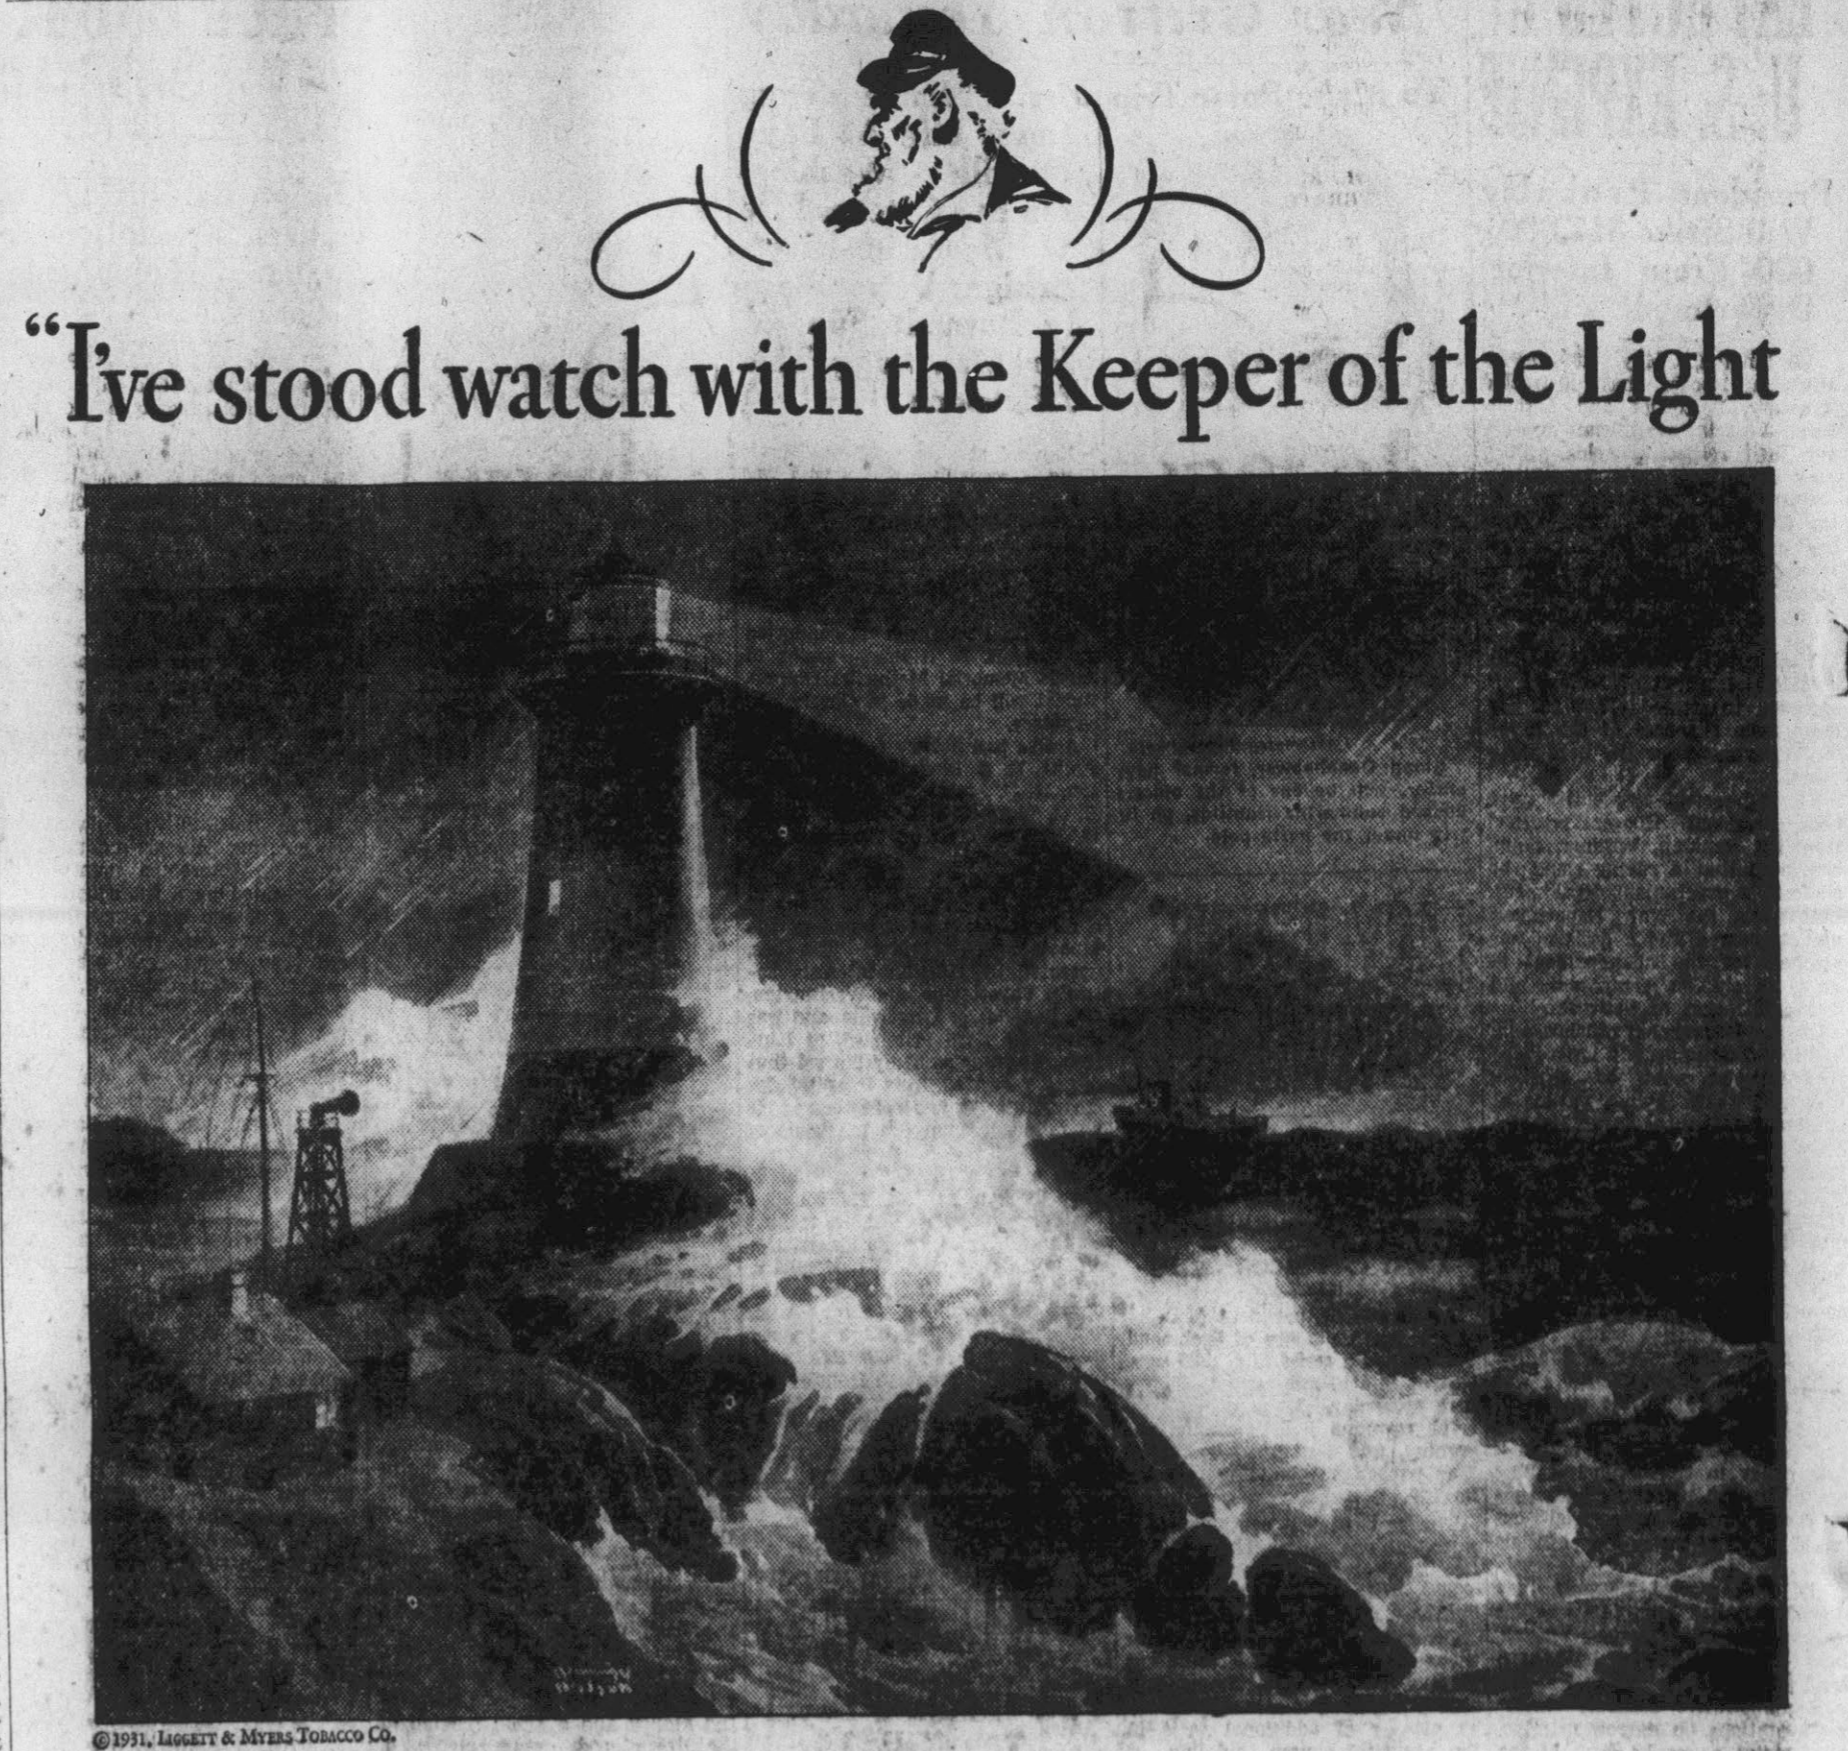

She is survived by two other daughters, Misses Minnie Exum and Lillian Sugg, and a sister, Mrs. Marietta Dixon, all of Greenville. The body, which was taken to Kinston and prepared for burial,

was brought to Greenville this morning.

Mrs. Sugg was the wife of the late J. L. Sugg. She was born in Greene county but moved to Greenville during her girlhood.

She was held in highest esteem by scores of friends in this and other parts of the country and her tragic death came as a profound shock to the community.

Up in this bird's nest of a turret, or breasting the tides of a crowded city street, one welcomes the company of a good cigarette. And a good cigarette means good tobaccos. What smokers taste in Chesterfield is the aroma of riper, milder, better tobaccos, blended and cross-blended to bring out their finest flavor and fragrance.

FOR NINETEEN years, our Research Department has kept intimate touch with every new development of Science that could be applied to the manufacture of cigarettes. During this period there has been no development of tested value or importance to the smoker which we have not incorporated into the making of Chesterfield cigarettes.

The Round Table Club will meet tomorrow afternoon at 3:30 at the home of Mrs. R. L. Smith, with Mrs. Smith and Mrs. T. A. Person hostesses.

**MEMORIAL DAY POPPY THE HERO'S FLOWER**

Among the French farmers who till the battlefields of the World War there is a tradition that where the men fell thickest the little wild poppies push up their blooms in the greatest profusion. A symbolic connection is seen between the blood of the slain and the bright red blossoms of the poppies. The poppy has become recognized the world over as the hero's flower.

In America on the Saturday before Memorial Day, May 23, the poppy will be worn by millions in tribute to the World War dead. Where true patriots dwell the thickest the blood-red symbols of sacrifice will be seen in the greatest profusion. It is to be hoped that no city or town in America will be able to show a more unanimous wearing of the poppy than Greenville.

Everyone can wear a poppy. The person who does not have a poppy on his lapel on Poppy Day gives evidence that he no longer remembers or honors the deeds of the war dead and has no interest in the welfare of the disabled veterans, their families and the families of the dead. Let us pray that we have no such persons in Greenville.

The women of the American Legion Auxiliary who will be on the streets with the poppies on Poppy Day, in reality do not sell the flowers. They offer the poppies to everyone who wishes to honor the dead in exchange for a contribution to help the living. No price is fixed for these little flowers shaped by the patient hands of disabled veterans. The child who drops a penny into the coin box of the poppy seller, the financier who tucks in a ten dollar bill and the penniless unemployed who can give nothing at all will be given the same bright red poppies.

And every penny of the money which goes into these coin boxes will come out in service to needy disabled men and their families during the coming year.

Paying honor to the men who have died for the country should be a natural impulse with every patriotic American. Helping better the lot of the war's living victims is an obligation upon all of us. We can do both by wearing the Legion and Auxiliary poppy on Poppy Day.

**Pitt County Banks to Observe Holiday Next Wednesday**

All banks of Pitt county will observe Mecklenburg Declaration Day Wednesday, May 20, as a holiday. This state holiday is being observed by other banks throughout the state and announcement was made here this afternoon that the Greenville Banking and Trust Company and its branches, the Hood Bank, and the Bank of Farmville, would not be open for business.

## Kitchen Shower for Mrs. Darden

Greenville Chapter No. 149 Order of Eastern Star delightfully entertained at the home of Mrs. William B. Herring last Thursday evening, May 14, in compliment to Mrs. Robert B. Darden, recent bride.

The living room was beautifully arranged with pink roses. The dining room was distinctive with an imported lace cover on the table and a large silver basket of pink roses.

The guests were greeted by Mr. and Mrs. Herring and introduced to the bride and groom. After the guests had arrived and had regaled, a telegram came to the bride telling her of the hidden treasures that were hers for the finding. The bride and groom then began on the treasure hunt being directed by arrows. They were led into various rooms. The treasures proved to be useful gifts for the kitchen in green. The bride was next presented with a bride's bouquet of a domestic nature.

Little Miss Marjorie Dean Allen and Master G. A. Taylor, in a very cunning manner, sang "The Quare." Later on in the evening a delicious ice course following the color scheme of pink and green, was served by Mrs. Herring, Mrs. A. P. Hines and Mrs. C. T. Munford.

## ILLUSTRATED LECTURE AT IMMANUEL BAPTIST CHURCH

Wednesday evening at 8 o'clock, William H. Crofts, a returned missionary, will give an illustrated program at the Immanuel Baptist Church. He comes well recommended and his performance will consist of an address on his work in China, illustrated with lantern slides. He will dress in Chinese apparel and sing in their native tongue. There will be no charge for admittance—a free will offering being taken for the visiting missionary.

It is thought that perhaps the people, many of them from the other churches in town, will want to avail themselves of this opportunity of first-hand information of a branch of the great work of the church.

## PITT COUNTY GROUP WOMAN'S AUXILIARIES MEETS

Farmville, May 16.—A very interesting and splendid meeting of the Episcopal Women's Auxiliaries of Pitt county, was held in Greenville Friday in St. Paul's parish house, with the Greenville Auxiliary as hostess, and Mrs. J. L. Shackelford of Farmville, the president, presiding.

The meeting opened at 10:15 with a celebration of the Holy Communion by Rev. W. A. Lillycrop, with 75 percent. Mrs. W. Haywood Dail, president of the Greenville Auxiliary, cordially welcomed the group, to which Mrs. W. C. Askew of Farmville responded. Reports of the Christmas and Lenten activities were heard, and excerpts from letters received from one of East Carolina's missionaries to China, Miss Venetia Cox, formerly of Winterville, were read by her mother, Mrs. B. T. Cox.

The young peoples' work their summer camp, Camp Leach, Washington, and the social service work of this convocation were emphasized in a program of short addresses, featured by those of Rev. W. A. Lillycrop, Camp Leach chaplain, Mrs. Howard of the students' center, Greenville, and Mrs. Fred L. Outland of Washington, chairman of social service. Among other interesting talks were those of Mrs. Waldo Gower and a member of the Young Peoples' Service League of Grifton. Miss Myra Scull, a student of E. C. T. C., Greenville, rendered a solo.

It was decided that the annual Field Day of this group be held jointly with the Diocesan Rally Day at Camp Leach in June. A luncheon was served in the parish house dining room by the hostess Auxiliary after adjournment.

AL SIMMONS AGAIN COPS BAT HONORS

Chicago, May 18.—(AP)—Al Simmons of the Athletics, who aims to be the first American league batting champion to repeat since Ty Cobb turned the trick in 1918 and 1919, rode into first place in the hitting depression of the fourth week of shelling.

Unofficial averages, including games of Wednesday, today placed the clean-up man of the world's champions in first place with an average of .411 although his percentage of hits dropped like most of the others during the week.

Dale Alexander of Detroit, former Babe Ruth of the Yankees, former leader in the race, were tied for second, just three small points away.

Batting averages fell off so perceptibly during the week that only one of the leading 10 hitters of a week ago was able to add points. The exception was Bob Fothergill of the White Sox, who jumped from sixth to fourth place with an average of .404 or four points higher than last week.

The other members of the "big ten" were Fonseca, Cleveland .396; West, Washington .390; Cochran, Philadelphia .370; Cronin, Washington .364; Ferrell, St. Louis .364; and Reynolds, Chicago .362.

Of the other eight individual field achievement, 14 players figured among the leaders. Charlie Myer led by himself in run production with 22, while his teammate, Joe Cronin, topped the field by clouting out the most total bases, 63, but the rest of the departments had two or more leaders.

Alexander and Cronin led with 40 hits; Earl Webb of the Red Sox tied Alexander with 11 doubles; Simmons and Harry Rice of the Senators tied with four triples; Simmons and Jonathan Stone of the Tigers were even with five homers apiece; Cronin and Earl Averill of Cleveland were tied in the art of runs batted in with a collection of 26 each with Roy Pohnston of the Tigers and Bill Cissell of the White Sox leading in stolen bases.

Cleveland's team batting mark fell from .317 to .310 during the week but the mark was good enough to keep first place. The Athletics held their lead in team fielding with a .866 percentage.

Although Clint Brown of Cleveland, Sam Jones of Washington and Herb Pennock of the Yankees owned perfect records of two victories and no defeats, the two recognized leaders in the pitching race were Roy Sherid of the Yankees and Rube Walberg of the Athletics, who have won four out of five. Walberg's record was the best of the two, however, as he has permitted but 40 hits and 14 runs in 47 innings.

Re-enact Story of Jumping Frog At Angeles Camp

Angeles Camp, Cal., May 18.—(AP)—Mark Twain's immortal story of the jumping frog has been re-enacted in this sun-baked mining village and today Budweiser, the greatest piece of frog flesh that ever swung a leg down Main street, was the toast of the Mother Lode country.

The lead pellets of Twain's jumping contests were missing yesterday, just as were lead bullets in the six-guns flourished before 20,000 spectators.

The mottled Budweiser, which brought victory to his master, Louis Fisher of Stockton, Cal., leaped 11 feet 5 inches to stage a comeback and defeat 150 other entries in the fourth annual Calaveras frog jumping contest. Three years ago Budweiser won the meet.

Between lines of screaming women, shouting men and goading children, Budweiser stretched long lean legs to seize victory from Puddle Jumper, entered by John Dechenio, Oakdale, Cal. Puddle Jumper leaped 11 feet 1 inch. Joe placed third with a leap of 10 feet 6 inches for Joe Cesar of Antioch, Calif.

Zenobia, a king of frogdom from Kinston, N. C., backed by the Kinston Kiwanis Club, placed fourth with a leap of 8 feet 6 inches. Smoke of the Washington N. C. fire department's entry, did his best at 7 feet 1 inch.

Sally, the soulful eyed amphibian entered by the Ladies' Auxiliary of the Calaveras fire department, misunderstood regulations and jumped backwards.

For the benefit of those who may not have seen a first class frog jumping contest, a vigilante committee with side arms and side whiskers governs the jumps.

Angels Camp was jammed. The town's hotel was packed to the rafters. There as had chairs kept 'em and a bed was a luxury.

HORNSBY IS LEADING WITH THE WILLOW

New York, May 18.—(AP)—With the batting averages of the National league in general going down rather than up, Rogers Hornsby, manager of the Chicago Cubs, and Wally Roettger, Cincinnati outfielder, have become involved in a tight battle for first place.

The semi-official averages which include Wednesday's games show Hornsby ahead but holding a margin of only one point.

Hornsby's average is .362 and Roettger's .316, while close enough to threaten the leaders come Freddy Lindstrom of New York and Ernie Orsatti of St. Louis, tied for third at .349 and Jim Bottomley of St. Louis at .348.

Six other regulars have marks of .333 or better. They are Vergez, of New York .346; Davis, Philadelphia .345; Leach, New York .344; Whitney, Philadelphia .338; and Sheely and Worthington, Boston, .333.

The clouting Cub manager has not won his place by singles alone for he is tied with Chuck Klein of the Phillies for the long distance lead with six homers, and has made as many doubles.

Hornsby also is tied for first place in batting in runs. He and Pie Traynor of Pittsburgh each have driven home 19.

Traynor has collected the greatest number of hits, his total of 41 putting him one ahead of his teammate, Lloyd Waner, who tops the scorers with 23 runs. Babe Herman of Brooklyn has hit ten doubles to lead in that respect and Orsatti and Dick Bartell of Philadelphia are tied for the lead in triples with four apiece. Wally Berger of Boston and Adam Comorosky of Pittsburgh have stolen five bases each.

The New York Giants, with three men on the list of leading regulars top the teams in batting with a .293 average. They are tied with Chicago for the fielding lead at .980.

Ed Brandt of Boston, the current string king of the league, and big Fred Fitzsimmons of New York share the pitching lead. Each has won five games without a defeat. Brandt has fanned 30 opponents.

WES FERRELL PURSUED BY OLD HOODOO

By HUGH S. FULLERTON, Jr. (Associated Press Sports Writer) A hoodoo seems to have pursued Wesley Ferrell, Cleveland ace, since he pitched a hitless shutout against the St. Louis Browns three weeks ago.

Since then he has been able to pitch only one full game. On his next start he got out of some trouble and beat Detroit, but he has failed to last through the last three games he started.

The Indians called on him again yesterday in an endeavor to halt the slump they have been in ever since they began meeting eastern teams. He weathered five stormy innings against the Athletics and contributed a home run on his own account. But in the sixth he gave way to Pete Jablonowski, who was charged with Cleveland's ninth straight defeat. The A's used three pitchers in the slugfest which wound up with a 15 to 10 score. Five homers featured the game, the ninth in succession won by Philadelphia.

Another flock of four baggers turned up as Washington and the St. Louis Browns divided a double header. The Browns won the first, 7 to 1, behind Sammy Gray's fine pitching, to break their five game losing streak and end the Senators' string of victories at six.

Homers by West and Bluege in the ninth inning of the second clash broke up a pitching duel between Lefy Brown and George Blaholder, giving Washington a 4 to 2 triumph.

Ground rules limited the long hits at Detroit to two bases as 38,000 fans, the biggest crowd of the season, turned out to see the New York Yankees outslug the Tigers 8 to 5.

The St. Louis Cardinals clouted four of the National League's homers in beating the New York Giants and Fred Fitzsimmons 6 to 1. They connected four times, George Watkins hitting two. Johnny Vergez of the Giants made the other. The defeat was the first for Fitzsimmons after five straight victories while Burrell Grimes recorded his fifth win in succession.

Eppa Rixey of Cincinnati and Heinie Meine of Pittsburgh turned in some more good National League pitching to win the other two games. Rixey weakened in the eighth and gave Brooklyn four runs before he rescued him but Cincinnati won out 7 to 5. Given a three run lead in the first inning, Meine pitched the Pirates to a 5-3 victory over the Boston Braves, getting in trouble only once.

The Chicago Cubs and the Phillies had on off day.

Yesterday's Stars

Burleigh Grimes, Cardinals—Held Giants to eight scattered hits and beat them, 6-1, for fifth straight win.

CAPS PUSH CHARLOTTE FOR FIRST

Charlotte, May 18.—(AP)—The one-two-three teams in the Piedmont League cross bats this week and the heavy slugger boys who have been getting base hits at the expense of cellar candidates will scrap among themselves.

Raleigh, just under Charlotte in the league's percentage column will take on the third place Asheville team today and tomorrow.

Both teams are within 100 points of Charlotte's top rating and a couple of games picked up early in the week would be welcomed by either club.

After entertaining the Tourists, the Caps will spend Wednesday and Thursday as guests of the Hornets, it will be the first meeting since the season opened of this pair of league leaders and may give the boys in the bleachers a line on which is the better prospect as a consistent winner.

Hits and runs rained all over the loop last week and the biggest rains fell where the Caps played. They slugged away an average of 13-1-2 hits to the game while the Tourists led in average runs with more than 81-2 to the game.

Despite all this extra effort, Charlotte won as many five, and lost as many, too, as did Raleigh and Asheville.

Durham, however, got nine more hits during the last week than Charlotte but fell short of the Hornets total runs by 19 to drop in the cellar with five hits against 11 losses.

Charlotte opens the week at Henderson; Winston-Salem at Greensboro, and High Point at Durham.

Local Golfers To Journey To Kinston Soon

The Greenville Country Club golfers will journey to Kinston Wednesday to play another of the matches scheduled by the Eastern Carolina Golf Association. There will also be a ladies' match.

Lunch will be served at 12:30 and play will get under way shortly thereafter.
