CONFERENCE REPORT PASSED BY HOUSE ON SECOND READING

Measure Scheduled to Come up for the Third Reading Tomorrow; If House Passes Bill on Third Reading It Still Faces Three Readings in Senate Before Enacted Into Law; House Passes Johnson Bill to Permit Counties to Levy Ad Valorem Taxes for Special Purposes

Raleigh, May 22.—(AP)—The House passed the conference report on the biennial revenue bill on second reading today by a vote of 60 to 49, including pairs.

The measure is scheduled to come up for third reading tomorrow.

The vote announced by the speaker was 44 for the report and 33 against it but 16 pairs were recorded, making the total 60 to 49.

Overnight the margin in favor of the report, which is based on a 15 cent ad valorem tax by the counties to aid the state support the six months school term, increased from six to eleven votes.

The report increases corporation franchise taxes to among the highest of any state in the union, if not the highest of all; levies a merchants license tax equivalent to one-tenth of one per cent and makes numerous slight increases in license tax levies. It does not contain a sales tax, the bone of contention which has caused the Senate and House to be at odds for weeks as the House fought for full state support of the six months schools without an ad valorem tax.

Representative Spence of Moore, chairman of the House finance and conference committee, moved that a vote be taken on the report on second reading this morning and the roll was called without debate.

If the House passes the bill on its third reading tomorrow it still faces three readings in the Senate before it can be enacted into law.

During its midday session the House voted to meet at 12:05 p. m., Saturday to vote on the report on third reading with its passage conceded by its opponents.

The Senate adopted the report late yesterday, but Lieutenant Governor R. T. Fountain, presiding officer, ruled it must come from the House before it can be put on its readings in the Senate.

Vote on the adoption by the House last night which put the report on its second reading there was 59 to 53, including pairs, it was adopted by the Senate by a vote of 25 to 21. The majorities were considered safe enough to carry the revenue measure through to final passage.

Both Houses previously had adopted a conference revenue report recommending a luxury sales tax for the schools support, but the Senate defeated it on second reading after it had passed its three House readings.

Passage of the revenue bill would leave agreement on the biennial appropriations bill and the passage of a school machinery bill the major business to be completed before sine die adjournment.

The appropriations bill, passed by the House, includes an \$18,500,000 appropriation for the six months school. The revenue bill, with the 15 cent ad valorem for schools, contemplates only \$18,500,000 annually for the schools.

Both Houses have passed a bill authorizing the governor to issue notes or bonds in case the legislature does not provide enough money to support the school. However, drastic reductions in the cost of the schools' operations are planned if the present revenue bill goes through.

The Senate yesterday passed a resolution against reductions of more than 10 per cent in teachers' salaries. The House refused to suspend its rules last night and put it on a vote.

The Day-Parler bill to increase the taxes levied on chain stores from 50 to 100 per cent was given an unfavorable committee report in the House today.

The House passed the Johnson bill to permit certain counties to levy ad valorem taxes for special purposes on second reading. The measure will come up for final reading tomorrow and if passed must go back to the Senate for concurrence in amendments.

SPEAKS ABOUT CHRISTIANITY

Dr. Ben Lacy Tells Revival Congregation About A, B, C, of Christian Life

Speaking on the subject, "A, B, C of Christianity," Dr. Ben Lacy, president of the Union Theological Seminary of Richmond, last night delivered one of the most timely sermons in progress at the Presbyterian church.

The minister summed up the requisites and showed conclusively that it is impossible to become a Christian without acknowledgment of sin, be born again and live a Christ-like life.

The sermon was delivered in such a simple way that it was impossible for even a child to miss the significance of its import, and the interpretation which the speaker placed upon the vital divisions of the theme were so liberal and comprehensive that it left no doubt in the minds of his hearers as to the requisites necessary to become a Christian.

To night, at 8 o'clock Dr. Lacy will deliver a special sermon to the young people of the city, and hope has been expressed that the building would be packed to overflow, both by young and old.

The minister has not announced the subject of his sermon, but it will be especially prepared for the youth of the city, and is expected to prove both impressive and inspirational.

Dr. Lacy informed his hearers last night that he would speak on a "Christian's Joy" Saturday night and attempt to bring before his hearers some of the rewards which people receive from following the straight and narrow road to eternal life.

Despite leaden skies which gave forth promise of showers that did not materialize until late at night, another large crowd attended the services last night. As on the previous evening the congregation overflowed into aisles and balcony and the worshippers listened intently as the distinguished advocate of the Bible unfolded to them the first steps in becoming a follower of Christ.

Dr. Lacy said the A of Christianity comes always through the "acknowledgment of sin." He told of the attempt of thousands of people to stifle consciousness of sin by following the dizzy pace of the world, but declared it was impossible for them to get away from the fact. The evidence of sin is it exists in many forms and is not to be doubted, he asserted, as blighting the lives of people who do not realize the awful price which sinners must pay.

Man will not seek salvation until he is fully conscious of his sin, he said, and is ready to acknowledge it and desires to get away from it.

SEIZE HEADS OF DOPE RING

Five Men and Woman Captured By Officers At Winston-Salem, Charlotte

Greensboro, May 22.—(AP)—Five men and a woman who officers said headed a narcotic peddling ring operating in the Carolinas and Virginia were arrested in raids here and in Winston-Salem today and last night.

John Dixon, of Charlotte, federal anti-narcotic agent, who came here to conduct the raids, said those arrested headed the most extensive narcotic ring ever discovered in the south.

Charlie Mesley, Boyd Shephard and Frank C. Warren and Mrs. Warren were arrested here, Charles A. Snipes and H. T. Towns were arrested at Winston-Salem.

Dixon expressed belief that the narcotics were brought into this section by airplane from an unknown source.

The raids culminated two months of undercover work by William J. Kelly, a special agent.

The officers said 25 ounces of narcotics were purchased from the three men and the woman here and five from the Winston-Salem pair as evidence was gathered against them.

At the time the arrests were made, no narcotics were found. Search HITAO ETAG shrdhshru

LAWYER HELD FOR SLAYINGS

Former District Attorney Jailed for Deaths of Editor and Politician

Los Angeles, May 22.—(AP)—As the door of a jail cell clanged shut upon David H. Clark, former deputy district attorney, prosecuting authorities professed today to have reached a quick solution of the murder of Herbert Spencer, magazine editor, and Charles Crawford, wealthy politician.

Clark was charged with the killings, which took place Wednesday in Crawford's Hollywood real estate office, after surrendering and being quizzed for more than an hour by a squad of officers and attorneys headed by District Attorney Buron Fitts.

Shortly after being named in a statement by Fitts as the man wanted for the slayings, Clark telephoned the district attorney last night that he was about to surrender. Alone he drove to the prosecutor's office, ran a gauntlet of cameramen and reporters and disappeared behind the swinging doors of Fitts' chambers.

Clark refused to talk about the murder when reporters shot questions at him, and Fitts later said his former subordinate had likewise refused to make a statement under questioning. A murder charge was filed against Clark Clark after he had been identified by three persons as the man who ran from Crawford's office after the shooting.

Clark's recent unsuccessful candidacy for a Los Angeles municipal judgeship had been opposed by Crawford and Spencer. Fitts said he recently had requested Clark's resignation as deputy prosecutor.

The district attorney said he had evidence that Clark purchased a .38 calibre pistol Tuesday. Police experts ascribed .38 calibre bullets had killed Spencer.

The killing at first was attributed to gambling interests which had been attacked in the magazine "Critic or Critics," of which Spencer was managing editor and Crawford a patron. The magazine had named Guy McAfee, wealthy former policeman and gambling dictator, as the "Al Capone of Los Angeles." McAfee's police said, established that he was not near the scene of the killing.

Nashville, Tenn., May 22.—(AP)—(AP) both a majority and a minority report to the legislature on the legislative investigating committee's inquiry into state affairs will be made Monday.

After two and a half days' consideration for a report drafted by the sub-committee, the investigators completed discussion today and seven committees, in addition to the Senate and House speakers, who are ex-officio members, are "getting the play."

DAMAGE SUIT JURY STILL DEADLOCKED

One Man Said to Be Holding Up Decision in Brewer - Veneer Company Suit

Pitt county has produced many forms of endurance contests, but for the first time in years court circles are witnessing a real endurance session of a jury weighing the facts in the case of Mrs. E. L. Brewer, who is suing Roy M. Ayden and the National Veneer Company of Ayden for damages of \$2,500 for injuries received when the automobile in which she was riding collided with a truck load of logs near Ayden sometime ago.

The jury received the case Wednesday afternoon at 5 o'clock, have eaten and slept over the questions involved two nights and nearly two days without being able to agree.

It was stated this morning that one man had been holding out for the last two days, and appeared adamant in his determination to stick to his conclusion regardless of the way others thought about the matter.

The identity of the juror was not revealed, neither was his position stated to the court, but it was a known fact that he was the single figure holding up the verdict, and Judge Devin appeared equally determined to hold the jury to the task until an agreement was reached.

Mrs. Brewer received painful injuries when the automobile of which she was an occupant ran into the log cart on a highway near Ayden. One of the logs, said to have protruded a considerable distance from the truck, crashed through the Brewer car, almost completely destroying the machine and threatening the life of the occupants.

The company contends that it is not responsible for the damage as Moyer was employed as an independent loader and had the truck in his charge. It was revealed, however, during the case, that an employee of the company superintended the loading of the logs, and one of the questions involved was whether the logs were put on the truck in the position they were found at the time of the wreck, or whether they slipped while in transit.

The case was non-suited at a hearing several months ago, but the plaintiff appealed to Supreme court and received a new trial. The case was begun Tuesday and was received by the jury Wednesday afternoon.

Asheville, May 22.—(AP) Mrs. T. K. Terrell, clerk in the office of the treasurer of Buncombe county, testified in Superior court here today that the treasurer's office acts "merely as a custodian of funds which are received and disbursed only on authority of other officials."

Mrs. Terrell was placed on the stand by the state yesterday to identify records introduced as evidence in the trial of L. L. Jenkins, former county official, who with four other county officials and two bankers is charged with conspiring to use public funds to aid the Central Bank and Trust company before its failure last fall.

Attorneys for Jenkins, cross-examining Mrs. Terrell, were told the proceeds from county notes "merely" were drawn out shortly after they were deposited in the Central Bank.

One of the state's contentions in the bill of indictment is that notes were issued needlessly and the money deposited in the Central Bank to give it operating cash.

The state also contends the county had ample funds on deposit at times when notes were issued.

The minutes of the commission, meeting, introduced by the state, said the notes were issued because funds were not available to meet bills due.

Nashville, Tenn., May 22.—(AP)—(AP) both a majority and a minority report to the legislature on the legislative investigating committee's inquiry into state affairs will be made Monday.

After two and a half days' consideration for a report drafted by the sub-committee, the investigators completed discussion today and seven committees, in addition to the Senate and House speakers, who are ex-officio members, are "getting the play."

BUY A POPPY TOMORROW

Remember Those Who Gave Their Lives By Helping Those Who Still Suffer

Tomorrow you are asked to buy a poppy. You are asked to wear it in your buttonhole. You are asked to show, by this small sign, that you have not forgotten. A few years ago, when the youth of America gave up jobs and homes and families in order to fight for you, you were very proud. When thousands of your boys went West with a smile you thought you could never forget. Tomorrow you are asked to get. Tomorrow you are asked to remember.

Yet all heroes are not dead heroes. Many more thousands of your boys returned, and were put away in hospitals. And are still there. Some have lost their limbs. Some are blind. Some are making the best of one lung. Some are gas-ridden ghosts. They want to forget, but they can't. In their coats, in their wheel-chairs they have plenty of time for memories.

Tomorrow, you who have your job and home and family, you who have life, you who are free to live, are asked to brighten your buttonhole with a little red poppy. You are asked to give, ever so slightly, so that those boys who suffer may suffer less. You are asked to remember.

Representative Ewing Tells Lower Body That Passage of Bill Would Have Brought State \$1,300,000 Annually to Make Up Shortage in School Bill

Raleigh, May 22.—(AP)—The House today killed the Ewing bill which would have levied a tax of one-half mill per kilowatt hour on all electrical energy produced or sold in North Carolina.

The vote was 34 for it and 69 against, including 10 pairs, with the bill on second reading.

Representatives Ewing of Cumberland, author of the measure, told the House it had just passed a revenue bill on second reading which would result in a deficit of from \$1,500,000 to \$2,000,000 annually and that passage of his bill would mean an increase of about \$1,300,000 annually in revenue.

A number of representatives, in explaining their votes against the act, said the revenue bill reported by the conference committee increased taxes on power companies a total of about \$650,000 annually, which they considered a sufficient new levy on them.

The House took the substitute for the Clarkson bill, which requires that salary cuts for school teachers, superintendents and principals may not exceed 10 per cent from its education committee and placed it on the calendar.

The substitute, which replaced a measure limiting the cut to 10 per cent only in teachers salaries and not including all school officials, was passed in the Senate yesterday.

By a vote of 35 to 21 the measure was put on the House calendar and will probably come up for consideration tomorrow. No attempt was made to suspend the rules and consider it immediately.

BANK HEARING IN PROGRESS

Depositor Seeks to Recover \$1100 From Directors of Defunct Bank of Ayden

Civil court continued hearing today in the action of J. L. Harrington, who is suing the directors of the defunct Bank of Ayden for recovery of approximately \$1,100 which he claimed to have deposited in the institution at a time when the officials knew it to be in an insolvent condition.

The case was begun yesterday morning and was expected to consume the remainder of the week. Nine other actions of a similar nature were to be heard against the bank directors following completion of this case.

W. H. Woolard, Greenville banker who was appointed to liquidate the affairs of the defunct bank, testified as to the statement of the institution, and attempted to answer questions of the court as to the condition of the institution prior to the closing. Numbers of other witnesses involving prominent Ayden business men were to go on the stand during the afternoon.

Disputing the claim of the plaintiff that they were aware of the weakened condition of the bank prior to the closing, the directors are contending that they did not know the institution was insolvent and were not guilty of accepting deposits on such grounds.

Various sums are represented in the nine other actions to come up for hearing after the completion of the present case, and the contention of the plaintiffs are identical with those advanced by Harrington. The bank officials will continue to deny knowledge of the insolvency of the institution when deposits were accepted, it was said.

The first civil action in connection with the closing of the bank was heard at the last term of court here, but non-suit was directed after failure to produce sufficient evidence. The suit is being watched with (Continued on page one)

DECLARES BIG CONCERNS ARE CUTTING WAGES

James Farrell Charges Steel Executives With Failure to Maintain Scales

New York, May 22.—(AP)—James A. Farrell, president of the United States Steel Corporation, faced fellow-executives of the steel industry today and charged that "the big standard companies" are not maintaining wage scales. "I think," he said, "it's a pretty cheap sort of business."

Mr. Farrell's indictment of the companies was made at a general meeting of the American iron and steel institute.

"You say wages have been stabilized in the steel industry," Mr. Farrell began. "They have not. We are living in a fool's paradise. Honeycombing and pinching of all sorts of things have gone on. The so-called big standard companies, the companies in the headlines, are not maintaining the standard of wages. It's a shame that when some of the large companies are trying to maintain wages others are cutting them even when they are affording only three-day-a-week employment."

"I am not going to give the names of all the companies represented in this room that have cut wages, because I don't want to embarrass you, but I think it's a pretty cheap sort of business."

Mr. Farrell's remarks were in marked contrast to those of Charles M. Schwab, chairman of the Bethlehem Steel Corporation and president of the institute, who presided and who said "We have had a stabilized wage rate since 1923. He expressed the opinion that this period of liquidation is 'about over.'"

Both Schwab and Farrell discussed the unfavorable price level prevailing in the industry. Mr. Farrell said most steel companies dividends if the present situation continued.

"We are wasting millions of tons of raw material and getting no return," he asserted, and thought the industry should "take the risk of closing down" rather than continue to waste materials.

"We are no longer selling steel, but are accepting the prices the consumers are willing to pay," he said. "We have to set up resistance against this move on the part of the buyer to ruin our business. You can't blame this price cutting chiefs in the organization who are on the salesman. It is the big doing the cutting. And they are sitting here in the front row. It below cost and knock something is not honest for us to sell our steel from our dividend."

"I don't see any hope of better prices until the presidents of the company's stop the present dis-bolical situation."

"Taking into account our capacity (67,000,000 tons) we ought to be thriving on 50 per cent operation. I think we are not doing a good job and unless we do a better job something is going to happen."

"This occurrence in the City of Jackson last night after hearing Morgan's testimony that the killing was caused by accidental discharge of his old army pistol that he was showing Rice."

"This occurrence in the City of Jackson capital of the commonwealth, stands as an indictment against decency and law," declared Jephtha Barbour, attorney for Morgan.

"I say before the tribunal of God, we are the guilty ones, we who set a bad example. In the best homes in Jackson, excepting those of men of God, we find whiskey and gin and drinking parties."

"We are those who stand indicted and not this boy and his girl wife."

Replying, Prosecutor Fitzgerald, said that "if these people," pointing to Morgan and his wife, "are of the class and character defense counsel says they are, and if they call themselves real Mississippians, then I'm not a real Mississippian."

Man Acquitted for Killing His Friend

Jackson, Miss., May 22.—(AP)—Edward Morgan, 25-year-old business man and social leader of Jackson, was free today of the charge of murder for the killing of his friend George E. Rice, a young attorney, at a party where two quarts of gin were consumed.

A jury brought in a verdict of acquittal last night after hearing Morgan's testimony that the killing was caused by accidental discharge of his old army pistol that he was showing Rice.

"This occurrence in the City of Jackson capital of the commonwealth, stands as an indictment against decency and law," declared Jephtha Barbour, attorney for Morgan.

"I say before the tribunal of God, we are the guilty ones, we who set a bad example. In the best homes in Jackson, excepting those of men of God, we find whiskey and gin and drinking parties."

Rare Ecclesiastical Antiques On Display

Montreat, N. C., May 22—(AP)—Two rare ecclesiastical antiques have been acquired by the historical foundation of the Presbyterian and Reformed churches and are now on display in the foundation's depository here, Dr. S. M. Tenney, curator, announced today.

A silver token used by the First Presbyterian Church, Charleston, S. C., said to be one of two churches in the world known to have used silver tokens, and a tuning fork, used during the early days of revivals in Kentucky by the Rev. Thomas Cleland, are the antiques added to the depository.

Dr. Tenney, in his annual report to the General Assembly of the Presbyterian Church in the United States, which opens here May 23, will recount the histories of the two articles.

The purpose of the historical foundation, which maintains a fireproof depository here for the protection of official and rare materials, is to encourage research study in the history of the church.

Says Liquidation About Completed

New York, May 22—(AP)—Charles M. Schwab told the American Iron and Steel Institute today that there was reason to believe liquidation was about over.

Schwab, chairman of the Bethlehem Steel Corporation, is president of the institute, which held its semi-annual meeting here.

"There has been so much talk about the future that we have lost sight of the extent to which the deflation has gone," he said, pointing to the long decline in commodity, security, wholesale and retail prices.

Legislature Will Adjourn Next Week

Raleigh, May 22—(AP)—Barring a reversal of position on the revenue conference report by one house or the other of the General Assembly, the longest continuous session of a North Carolina legislature in the state's history will be adjourned sine die next week.

Not since the reconstruction days has any legislative session approached the current sitting in length.

In 1868-69 the legislative session, on the calendar, stretched over a period of 148 days but a Christmas recess of 12 days was taken—making the actual length 136 days.

The present assembly passed its 136th day of continuous session today and is bound to reach 141 days due to the constitutional requirement that all revenue producing measures must take six days to be finally enacted.

Minister Faces Jail Sentence In Liquor Case

Winston-Salem, May 22—(AP)—The Rev. Thomas F. (Thunderbolt) Pardue, evangelist, today faced an eight months road sentence on a liquor law violation count, unless the court accepts his offer to leave the state and suspends the sentence.

The Rev. Mr. Pardue, who gained wide publicity a few years ago as a witness at the trial at Wentworth of Mrs. Alma Petty Gatlin, who was acquitted of the murder of her father, confessed yesterday to possessing liquor for sale.

Through a representative, he informed the court "he had confessed everything to God and had confessed to the court."

Several months ago, the evangelist had denied his guilt in city court and had appeal to superior court from a six months sentence given him.

Judge Wilson Warlick sentenced Pardue to eight months on the chan gang. Later, through counsel, the evangelist offered to leave the state, if granted his freedom. Judge Warlick took his offer under consideration.

PATRONS URGED TO RETURN LIBRARY BOOKS

The fiscal year for libraries belonging to the American Library Association closes with June 30. The staff of the local library is making quite an effort to get everything in shape so as to make a report for this year which will be in keeping with the building, and one from which future reports and progress may be measured. At present the weakest points in the report promise to be in the number of books which have not been returned, which have to be reported as lost and in the poor collection of fines for overdue and lost books. Members of the book committee are working with the staff just now in their efforts to improve the record on these points. Heavy co-operation of readers will be very helpful. When a reader is asked to return an overdue book, if he will do so at once, and pay the small fee at the same time, he is only doing his part in showing appreciation and respect for the local library and in helping the yearly report to be a creditable one. Just now teachers are clearing up their desks, housekeepers are cleaning out book cases, please watch all books and see that any bearing a library stamp are sent to the library. Each book replaced within the next few weeks will improve the yearly report of YOUR library.

Tomorrow Is Poppy Day

Millions of Americans will pay honor to the country's World War dead tomorrow by wearing the little red poppy of Flanders Fields. Early tomorrow morning an army of women, estimated to be 100,000 strong, mobilized for the work by the American Legion Auxiliary, will take the streets throughout the country with baskets of the memorial flowers. By nightfall it is expected that poppies will be placed on approximately 10,000,000 coats and more than \$1,000,000 will be received for the welfare of disabled veterans and their families.

The women of Pitt County Post

unit of the Auxiliary will provide the people of Greenville with their poppies. Preparations for the sale have been worked out in such detail that no one in the city will be without opportunity to buy and wear a poppy, according to Mrs. Wiley Brown, general chairman of the activity. A larger sale of poppies is expected in the city than ever before.

The poppies which the local unit of the Auxiliary will offer were made by disabled veterans. They are exact replicas of the wild poppy of France and Belgium which grew on the World War battlefields. No set price will be asked for the flowers, each purchaser being allowed to contribute any amount he desires for his poppy.

The poppy sale is the principal source of support for the continuous relief program which the Auxiliary is carrying out. As heavier funds are being made on the Auxiliary this year than at any time in the past, the organization is hoping that more people than ever before will "honor the dead and serve the living" by wearing a poppy tomorrow.

Miscellaneous Shower

Circle No. 7 of Jarvis Memorial Methodist Church met on May 15, at eight o'clock, with Miss Athlene Edwards and Mrs. R. B. Darden as hostesses, at the home of Mrs. W. S. Harden, on Eighth street.

The devotionals were read by Mrs. W. S. Harden in a most impressive manner. Miss Edwards, chairman of the program committee, introduced Mrs. R. L. Harris, she taking up the study of Africa, the organization of the churches, down through the ages.

All business being disposed of, the meeting was turned over to the hostesses for a social hour. A musical program was rendered by three young ladies of the Intermediate department of the Sunday school. Instrumental solo, "Sounds from the Ringing Rock," by Miss Rose Gurganus, and duets "The Call of Summer" and "The Woodland Path," by Misses Louise Clark and Helen Sawyer.

Mrs. R. B. Darden being a recent bride, the circle honored her with a miscellaneous shower, much merriment was enjoyed, as two huge boxes filled with lovely and useful gifts, were opened by the bride and admired by all.

Delicious refreshments were served, carrying out the pink and green color scheme, which predominated throughout the house. —Reported.

MRS. PACE ENTERTAINS BRIDGE CLUB

Mrs. K. B. Pace was a gracious hostess to her bridge club Thursday afternoon. Sweet peas, roses and other spring flowers were attractively placed in the rooms where the game was played. Miss Estelle Greene was awarded bridge cards for high score and Mrs. L. W. Gaylord a piece of bric-a-brac for second high.

Mrs. L. H. Bowling, Mrs. W. W. Lee, Masters Karl, Jr., and Charles Pace, assisted the hostess in serving delectable refreshments.

MR. AND MRS. MARVIN S. HUNECYTT HONORED

Wednesday evening, at their home on Chestnut street, Mr. and Mrs. R. W. Dunn were hosts at a delightful bridge party complimenting Mr. and Mrs. Marvin S. Hunecytt, a recently married couple of this city.

The house was beautifully decorated with a profusion of spring flowers, carrying out the pink and white color scheme.

During the game Coca-Colas and stuffed dates were served. Following several spirited progressions the high score prize for ladies, two miniature pictures, were presented Mrs. Jack Brown. High score prize for men, a lovely silk handkerchief, was presented to Mr. Jack Brown. Low score prizes, an attractive set of individual bath salts, went to Miss Mary Elsie Patrick and cigarettes to Mr. Dee Durham. Mr. and Mrs. Hunecytt, guests of honor, were presented a lovely condiment set.

The hostess, assisted by Miss Margaret Patrick, served a delicious pink and white ice course, with puffs and nuts.

Those enjoying the kind hospitality of Mr. and Mrs. Dunn were: Mr. and Mrs. Marvin S. Hunecytt, Mr. and Mrs. G. C. Hunecytt, Mr. and Mrs. Jack Brown, Mr. and Mrs. Garland Woodard, Mrs. W. L. Patrick, Misses Bruce Tucker, Mary Elsie Patrick, Mattie Evans, Florence Taft, "Sis" Van Dyke, Margaret Patrick and Helen Staton; Messrs. Zack Van Dyke, Bill Taft, Jack Tripp, Dee Durham, Joe Taft and Kenneth Staton.

Negro Shoots Sweetheart

Farmville, May 21.—Dave Simmons, negro, is awaiting trial in the county jail at Greenville, charged with assault with a deadly weapon. It seemed that Simmons loved Carrie Lee Jones "to kill," and while visiting her Tuesday evening, calmly and deliberately shot her, saying, "I've got to kill you some time, it might as well be now." The bullet entered the abdominal wall but the girl is recovering.

Methodist Series Meetings Close

Farmville, May 21.—The series of meetings held in the Methodist Church, of which Rev. H. L. Hendricks is pastor, closed Wednesday evening. The preaching has been done by the presiding elder of the district, Rev. influence. He pointed to constant mention of sin by writers of the Old Testament, revealing the fact that it was the purpose of those men to bring to the attention of the people the preponderance of sin and that it must be recognized before the way to salvation could be made possible.

The B of Christianity, he pointed out, is in "being born again." He did not attempt to say how the rebirth should come about, but clarifying it to be one of the great mysteries of life, known only to God and performed only through his illimitable love. The change must bring about a complete regeneration, and at this point, he delineated Christ's revelation to again.

"A Christ-like life" was revealed. Nicodemus that he must be "born as the C of Christianity, the business of trying to live along the same lines which the Savior prescribed that man should live if he is to inherit eternal life.

Dr. Lacy said the business of salvation was a much bigger job than the majority of people think, requiring constant sacrifices of worldly things, but bringing in return immortality, or life beyond the grave.

Says United States Will Be Drawn Into Next World Conflict

Chattanooga, Tenn., May 22.—(AP)—Senator Thomas J. Walsh, Montana Democrat, predicts that when another great world war comes the United States will be drawn into it.

Speaking at the University of Chattanooga last night, Walsh said such a war would endanger America's huge foreign trade, merchant marine, foreign loans and investments, in addition to plunging the entire world into almost incredible miseries.

Walsh said that the world court lessens the chance of another world conflict and urged that America join the court.

Fall Will Carry Bribery Case To The High Court

Washington, May 22.—(AP)—Albert E. Fall will carry to the Supreme court his conviction of accepting a \$100,000 bribe while he was interior secretary under President Harding.

One of his counsel, Frank J. Hogan, announced last night that friends and counsel of the 69-year-old former cabinet officer had succeeded in convincing Fall that the case "should not stop short of the Supreme court."

Hence, Hogan said, Fall from his Three Rivers, New Mexico, home, has instructed his attorneys to petition the highest judicial group to review a District of Columbia Appeals court decision upholding the conviction, a year's prison sentence and a \$100,000 fine.

Monarchists Will Present United Front In Spain

By G. M. JOHNSON

Madrid, May 22.—(AP)—Engulfed in the Republic's malstrom during which brought the overthrow of the throne and King Alfonso into exile, scattered Monarchist forces are rallying to present a united front in the National Assembly elections set for June 21.

Supporters to the Bourbon dynasty are invoking modern election propaganda means. For the first time in Spain, to band themselves into a consolidated organization.

The biggest lesson the Monarchists learned in April, their leaders claim, is that a house divided against itself cannot stand. While the many factions of Republicans and Socialists "got out their" vote in April, Monarchists were fighting over petty grievances among themselves.

Another important factor, which Monarchist leaders assert caused their downfall, was that no organized efforts were made to stage campaigns.

Monarchists are none too optimistic over chances to win a majority in the first national assembly and many frankly admit that it is virtually a vain hope. But they are more hopeful of future years and are busily at work toward this end.

Campaign offices have been opened in Madrid, Seville, Barcelona and other large cities. Where Monarchists of all former factions are being registered and organized for the campaign.

Over Five Hundred Reported Killed in Burma Insurrection

Simla, India, May 22.—(AP)—Nearly 500 persons are reported to have been killed and thousands wounded or captured in the current insurrection in Burma against British authority.

American missionaries returning here say that the rebellion is in danger of spreading from southern Burma, its starting point, throughout the country and that colonial officials are rushing fresh troops from India into the upper section.

The trouble is much more serious than earlier reports indicated, it was said, although martial law has not yet been declared.

Business is nearing a standstill and rice, the national staple, is selling at half its normal price. The interior was described as unsafe for foreigners.

Burmese Nationalists have been agitating for some years for a dominion status, separate from India. Guerilla detachments of natives have clashed with British troops frequently in the Tharawaddy and Theyetmo districts, resulting in heavy casualties to the former.

The mysterious "King of Burma," leader of the movement, was reported to have been killed in January but this has never been confirmed.

Cuba Quiet After Threatened Crisis

Havana, May 22.—(AP)—Order reigned throughout Cuba today after 24 hours of uncertainty which threatened to bring about a national crisis.

Rumors of revolutionary uprisings in Oriente province, where tension has been high for more than a month due chiefly to the alleged brutality of military authorities, caused general concern until it was ascertained that rumors were exaggerated.

Political circles were wondering today if Ambassador Harry F. Guggenheim, on his way back to Havana after a fortnight spent in Washington and New York, would bring any message from the State Department.

Student leaders and men prominent in the opposition ranks including Col. Carlos Penate, president of the Nationalists, and Mario G. Menocal, former president of the republic, have freely predicted revolution is "imminent" and the government has taken extraordinary precautions including militarization of public works employees, to insure order.

The opposition is determined to secure its three main objectives: constitutional reforms, a new census, and new elections in 1932; but says it would also like a few other concessions including the resignation of the president and the establishment of a provisional government.

Machado, grizzled veteran of the wars of liberation, has accepted the challenge and defied his enemies to unseat him. Sixty-five and with five more years of his second term yet to serve, Machado has scorned the proposal to resign and declared his intention to stay in office.

Red Cross Has Golden Jubilee At Capital City

Washington, May 22.—(AP)—After fifty years of labor on battlefield, among earthquake debris, through fire and flood and famine, the American Red Cross took time off last night to celebrate its golden jubilee.

President Hoover cut the first slice of an enormous white-iced birthday cake, topped with a red cross and fifty gleaming candles.

Never before had the organization appeared before the American public in festive mood, yet its pageantry was as effective as its appeals for the suffering.

"A chief glory and pride of the American democracy," President Hoover said of the organization, "it belongs to the people themselves. It is a living embodiment of their heart and soul. It has lived and grown because it is a natural outgrowth of their spiritual impulse."

"It is the finest and most effective expression of the American heart," said Chief Justice Hughes, who presided. "It knows no partisanship. In the perfection of its co-operation, there is no blemish of distinctions by reason of race or creed or political philosophy."

"Since the day of its origin, the Red Cross has meant relief to suffering friends and to suffering enemies alike," said Judge Max Huber, of Zurich, Switzerland, president of the international committee of the Red Cross. "This goes beyond solidarity, this demands abnegation."

Flier Killed in Fall From Plane

Youngstown, O., May 21.—(AP)—A 700 foot plunge from an open cockpit airplane caused the death of Daniel Mills, 29-year-old amateur pilot and Youngstown tire salesman, under circumstances which remained a mystery today.

Two witnesses said Mills apparently jumped from the ship, but his widow and a brother, David, of Cleveland, said they knew of no reason for suicide and believed it was an accident.

The fall occurred as Mills was being flown back to Youngstown late yesterday after inspecting a ship in Cleveland. Pilot William Jones said they were near Miles, north of here, when the plane suddenly lurched. He glanced behind and saw his passenger was missing. Jones was sure Mills was still wearing a safety belt when they left Parkman, 30 miles from here, after a brief stop, and said he did not believe the fall was accidental.

David Mills suggested that his brother, who suffered from a bad heart, might have raised himself to catch his breath and was swept overboard by the propeller blast. Jones agreed this was plausible. Officials declined to comment in advance of a coroner's inquest to be held at Warren today.

Governor Long Loses Jew's-Harp

Baton Rouge, La., May 22.—(AP)—Governor Huey P. Long was willing today to give several gallons of poltikken and enough cornpone to absorb same, for return of his missing Jew's-harp.

The loss of the Jew's-harp, as well as the musical side of the many-sided governor and senator, was revealed last night when the cadet band of the Louisiana State University serenaded him. When the concert was concluded the governor was asked if he could play any musical instrument.

"Sure," he said. "I've always played the Jew's-harp, and I'm good at it. Wait until I get it and I'll show you."

The governor's mansion was searched high, low and in between—but no Jew's-harp was found.

"Mrs. Long may have taken it," the governor commented, which may or may not indicate a difference of opinion in the Long family over the statesman's ability in flirting with the muses.

PARKER RAPS FARM BOARD

Counsel of American Cotton Shippers Would Abolish Government Agency

Houston, Texas, May 22.—(AP)—Abolition of the Federal Farm Board and substitution of intensive government activity in behalf of a better grade of American cotton and the development of broader foreign trade were recommended here today by Walter Parker, of New Orleans, economic counsel for the American Cotton Shippers' Association.

He outlined his views in an address prepared for delivery at a meeting for organizing a Texas division of the association for increased use of cotton.

Parker cited the falling off in American cotton exports, criticized "our high tariff," and charged the Farm Board "put into practice some of the queerest policies ever set up in the history of the world in a vain attempt to sustain prices."

"The effect of those policies," he said, "was to further close our export markets for cotton, and to close them in a wholesale way."

While we are striving for a larger domestic market for cotton, we should not for one moment forget that our cotton must compete in world markets with cotton grown in many other countries and that our ability to so compete will be determined by the quality and cost of our product and by the character of our encouragement we hold out to merchants, consumers and investors.

We cannot place obstructions in our channels of trade and neglect the quality and cost of our product, and then hope to hold our own in the face of foreign competition.

"Repeat the Farm Board act and restore the cotton market to normal and common sense basis. In that

way, world consumers, world merchants and investors generally will be restored as competitive buyers of cotton.

"In place of the Farm Board, inaugurate comprehensive and effective work by the government to induce cotton producers to use better seed, so that the product will be more desirable; to use more fertilizer and more intensive cultural methods so that all the cotton the world will consume may be produced on less land, with less labor at less cost."

ON THE RADIO

New York—(AP)—Radio has its own type of humor, distinct from the stage and screen.

And few are the comedians who have successfully made the transition from one entertainment medium to the other.

The mirth-making Weber and Fields are among the exceptions to the rule that radio creates its own comedians. Another is Roy Atwell, bubbling, witty word-twister.

These veteran funsters are clicking with the radio audience as they did for years in the theatre. Their broadcasting success, like that of a few others who have migrated to the radio, is due to voice alone.

For the radio funny man must forego the use of furnishings, gestures and facial expressions which help on the stage.

And that, perhaps, is why radio has been forced to create its own style of comedy.

Amos 'n Andy, Henry Burbig, Phil Cook, the Goldbergs, Ray Knight, Snoop and Peep—these are significant names in radio.

Phil Cook and Henry Burbig have risen to the top in comic broadcasts because of their distinctive type of humor—the former with his array of varied voices and Burbig with his dialect parodies.

Any industry or art proves its maturity when it can laugh at itself. Radio does just that when Raymond Knight, actor and playwright, burlesques various types of radio programs.

Radio is the object of more "kid-

din" in Sisters of the Skillet created by Eddie East and Ralph Dumke, former vaudeville headliners. They interpret fan mail in an impractical and illogical manner, burlesquing "household hints."

Then there is Ray Perkins, sometimes called the "Will Rogers of the microphone." He intersperses humorous comments on timely subjects with songs and piano pieces.

The studios even have their Damon and Pythias—Brad Browne and Al Lelewelym. Their song and patter is of the nonsensical variety.

Out of the university stepped three young women to make a name for themselves. Clara, Lu and Em, who, by the way are among the few outstanding comedienne on the air, expound an original bit of humor based upon small town gossip.

Snoop and Peep, master burlesque detectives of the comic opera type; the Goldbergs, Jewish dialecters; Dale Wimbow, ukulele-strumming philosopher; Ernest Natfzger, jokester, and Art Gillham, imitator, are others who have been able to overcome obstacles in dispensing humor for the ear alone.

Yale And Lewis In Argument Over Offer Of Medal

New York, May 22.—(AP)—There seemed to be a wide divergence today between Sinclair Lewis and officials of Sterling Memorial Library at Yale University over whether the author had offered his Nobel prize medal to the library.

Lewis said he offered the medal, which he was awarded with the \$46,350 prize, to the library. Chas. E. Rush, associated librarian, said no offer was made.

"I thought the Yale library was the natural place for the medal, and so while motoring from Westport, (Conn.) to Belhel (Vt) last Saturday, I stopped off at New Haven," Lewis said. "I learned better, however, than to try to make any presents to the Yale library. They just didn't seem interested, and said there wasn't

any place in their collection for such an item."

Rush, in his version of Lewis' visit to the library said:

"He asked if we had any exhibit of coins or medals, a permanent exhibit. I told him that we had quite a numismatic collection and would be glad to show it to him when he would care to look at it."

"He said no, he didn't want to see it, but we have a permanent loan of coins? I'm sure I didn't know what he meant by a permanent loan, and asked him to explain. Then he said: 'No, I won't do it' and turned on his heel and walked out of the building. He hadn't made the slightest mention of any gift to the library or the Nobel medal."

Professor Andrew Geogh, chief

librarian, said that the Yale library had not refused the offer of the Nobel medal because it had never been made.

"We would take the gift cheerfully," he said, "all he has to do is put it in a box and mail it to us and we will put it on exhibit for a period of time then place it with our other coins and medals."

"As for putting it on permanent exhibit in the main hall of the library that is a different matter. He would have to make formal application before it would be even considered."

Lewis was graduated from Yale in 1907.

BEACH BRIDGE TO BE FINISHED SOON

Wilmington, May 22.—(AP)—The Carolina Beach highway bridge, crossing the Wrightsville - Cape Fear section of the inland waterway 14 miles from here, will be completed June 2 under the present plans.

ABOUT TOWN

Tomorrow will be "Poppy Day" in Greenville and citizens will be called upon by a bevy of pretty girls to purchase liberally of the tiny red flowers and in that way show their appreciation of the bravery of American soldiers on foreign battlefields.

The poppy sale will be conducted under the auspices of the American Legion Auxiliary. No special price will be charged for the flowers, and each person will be asked to give according to his ability.

Money derived from the sale will go to improving the condition of disabled veterans and their families. Thousands of these men lie in hospitals throughout the nation, unable to lift their hands, while their families back home suffer the hardships that come to homes of disabled parents.

Think of the splendid sacrifices which these men made during the great World War and then dig down into your pocket and give until you have satisfied yourself that you have done your best.

By wearing one of the tiny red flowers you will attest to all the world that you are truly appreciative of the intrepid spirit of the men who lie beneath the poppies on Flanders field, an unspeakable sacrifice to the welfare of their nation.

The coming of summertime always increases the amount of traffic on the various highways throughout the nation over week-ends, and this brings everybody to the realization of the danger of failure to be careful in the operation of our cars.

We may feel like we are expert drivers, but the time will come when all the skill in the world will not save us from having a wreck. It is against this time that we must all be on guard, and by eternal vigilance we may be able to save ourselves and others from serious injury and death.

Facts compiled by the leading highway bodies of the country show conclusively that the majority of wrecks do not result from the inexperienced drivers, but from the over-confident ones. Men who feel like they are capable of handling their cars under any circumstances oftentimes overestimate their ability and find themselves faced by eventualities which they have no power to control.

By careful driving when the road is congested drivers should be able to greatly reduce the annual toll of injury and death resulting from automobile accidents.

The next time you start anywhere, bear in mind the fact that your best driving will be required at all times and never permit yourself to become careless. Death or injury is the price which all drivers must pay eventually for carelessness in the operation of their cars.

Big business men are of the opinion that the time to advertise is in the summer, when business is dull. If everybody realized this fact it is safe to say that the usual period of depression which the various sections of the nation experience from time to time would be averted.

The majority of merchants began reducing their advertising expenses with the first breath of summer, not realizing that people read even more during the long summer days than they do any other season of the year. This gives everybody more time to scan the advertisements and absorb what the merchants have to offer for the season.

It is a mistaken impression that values should not be just as much in demand at this time of the year as any other. By keeping his display windows attractively arranged and advertisements before the public eye, the average merchant should be able to come out at the end of the summer in much better condition than the man that sits down and waits until the fall and winter months come.

services which began last Sunday. Hope has been expressed that parents will use their influence to get as many children as possible to attend and gain some of the inspiration which Dr. Lacy wishes to impart to his young hearers.

Dr. Lacy realizes as do all other educators and thinkers of the country, that the hope of civilization rests upon the future generation of young people, and it is his desire to implant in the young people a realization of the important part which God plays in the life of men and women.

Young people are very impressionable and if given the proper atmosphere and inspiration will carry on into the future with ideals of service and human morality that should prove an important factor in the future of this great nation.

Parents should realize that the lives of their children will be largely determined by the kind of examples which they set for them, and if they lead the way to the Cross they may rest assured their offspring will be inspired to follow in their footsteps. Not many of them will forget the inspiration of home life in the long years ahead of them, and that inspiration will encourage them to attempt to leave the world a better place than they found it at the beginning of their ministrations.

PACE SETTERS CLING TO OWN IN PIEDMONT

Charlotte, May 22.—(AP)—Well, the first series of crucial battles are over, and the three Piedmont league pace-setters are right where they were before in bloody warfare began.

From the looks of things Wednesday night, the high-flying Charlotte Bees were sailing for a long lead in the championship chase, and the Asheville Tourists were slated to take the runner-up place in the league standings away from Cde Strain's Caps. But yesterday told a different story.

Thanks to the mighty arm of handsome Al Yeargin, the Caps turned back the Bees at Charlotte, three to one, and evened the count for the series. Yeargin, who left his home near the little town of Mauldin, S. C., to win fame with Greenville of the old Sally loop several years ago and earn a brief stay in the majors, had his opponent yesterday Chief Wical, another veteran.

Strain yanked Yeargin in the ninth, but the marvel, having already fanned six men, had the match on ice and got credit for the victory.

It took Hugh Stallings, formerly of the University of Alabama, and Lefty Swamy, Gamecock twirler, to ring Asheville's number. Between them, they held the Tourists to 9 bingles. The Gamecocks rimped on Lee Ormand and Monroe Mitchell for 12 safeties and a 7 to 4 triumph.

Thus, the Henderson - Asheville series at the Tourist lot also was ended all square, and today the percentage figures show Charlotte number one, Raleigh two, and Asheville three in the standing column—just like they were before the runner-up Caps tackled the first place Bees, and the Tourists went up against the dangerous Gamecock nine.

But it was a different story, down 13 the lower bracket, occupied by Bunn Hearn's Winston-Salem Twins and George Whitted's Durham Bulls. Rain stopped the scheduled match at Winston Wednesday, but the moguls decided on a double-header yesterday, with the result of all kinds of disaster overtook the Bulls.

Hearn wasn't satisfied to lick the nine of his old time league rival once, but did it twice. The worst part about it was that both defeats were washouts. Hearn took a 2 to 0 decision over the Bulls in the afternoon, and, in the night go he sent to the box Paul Pollard, who yielded up just three hits in ten innings, allowing the Twins to win again, this time, 1 to 0.

The result was that the Bulls sank lower into the pit, and the Twins pulled up in a tie with High Point for sixth place.

So much for all this, and now for the bad news. Lefty Young, the High Point sandlot sensation, who became famous for his no-hit, no-run game against Raleigh recently, met with sad fate last night.

Dan Boone sent him against the Pats in the last game of a double-header at High Point. They pounded him from the mound with nine hits in 4-2-3 innings. In fact the slugging visitors got such a start that even old Guy Morton, who relieved Young, couldn't stop them, and they took the game 12 to 4.

The Pointers, behind the nice twirling of Pat Townsend, Gamecock cast-off, won the afternoon contest, 8 to 2.

Youthful Ball Game Gets Man in Trouble

Chicago, May 22.—(AP)—Jimmy Quillin's ball game started something yesterday. Jimmy is 8 and the owner of a baseball, with which the game was being played.

It was the eighth inning and the score was tied 3 to 3 when someone knocked a homer over the fence into the yard of Otto Wahler, salesman, who apparently wasn't in favor of the game.

Wahler picked up the ball and Jimmy said, refused to return it, so Jimmy when to his father, Cosker Quillin.

Fapa Quillin demanded the return of the ball. In reply, he complained. Wahler drew a tear gas pistol and fired, temporarily blinding Quillin. Crying, he found his way home and called police.

ATHLETICS SUCCESSFUL IN THE WEST

By HUGH S. FULLERTON, JR. (Associated Press Sports Writer) "The triumph of the east" is the only possible title for the story of the first round of inter-sectional play in the two major baseball leagues.

The Philadelphia Athletics must come first in recounting the tale of eastern triumphs. The A's made a clean sweep of their eleven games in the west, climbing to the top of the American League. Altogether they have won 13 successive games, pounding the Detroit Tigers for a final triumph yesterday, 12 to 5.

Washington also did some important climbing in its western tour, downing the Chicago White Sox 4-2 yesterday to make it nine victories in eleven games. Heinie Manush drove in all four senators runs.

The New York Yankees, holding second place just ahead of Washington, won seven and lost two. They completed the route of Cleveland yesterday taking a 7-6 decision after Babe Ruth's fifth home run of the season had given them a good start.

Rip Collins of St. Louis cost the Boston Red Sox a chance to gain an even break in their 12 games in the west. Collins held the Sox to four hits to take a 2 to 1 decision. Boston finished ahead of all the west ner... of SHIRDLW all the westerners with eight defeats. St. Louis won three games and lost six while Chicago scored three victories to seven defeats. Each of them took a series from Boston, the easterners winning all other series.

In the National League, the count for 32 inter-sectional games was 20-12 in favor of the east with the New York Giants in the lead. The Giants lost a single game to Pittsburgh but won every other series to finish with six victories and two defeats. Boston and Philadelphia each won five games from their western visitors and lost three while Brooklyn, despite some wobbly playing, broke even in its eight games.

Pittsburgh, at a disadvantage playin' away from home, equalled the Robins' record. The St. Louis Cardinals managed to hold the league lead by a few percentage points as they won two games and lost four. Cincinnati's last place Reds did better than expected, turning in four victories against six defeats. The Chicago Cubs went into an unaccountable slump, winning only two games out of eight.

Senators Fail To Lose Single Game In West

Chicago, May 22.—(AP)—Back in 1912 the Washington Senators went through the western half of the American league for a series and didn't lose a game.

No team in the league had been able to accomplish the feat since then until Connie Mack's Athletics, champions of the world, did it on the western jaunt which ended yesterday.

From the league records Henry P. Edwards has unearthed data showing that the Senators of 1912 started out on June 1 and returned home with a record of 15 straight victories. They had won one in the east and upon returning to their own park, took the first game of a double-header before losing one, for a 1 to 0 row.

Mr. Mack and his men opened their invasion at St. Louis May 8, but rain held them to one game. They won it and moved to Chicago where they took three straight. Cleveland was next and the A's won four, and yesterday finished up by making it three straight over Detroit.

Philadelphia started its winning streak at home taking the final game of the series from Boston, and yesterday's 10 to 5 triumph at Detroit made it an even thirteen straight.

The record includes three shut-outs, one a 4 to 9 win for Eddie Rummel over Cleveland, a two-hit, 5 to 0 victory for George Earnshaw over Detroit, and a 3 to 0 win for Lefty Grove in which he held the Tigers to three hits.

During the Washington raid of 1912, Walter Johnson, now pilot of the Senators, was credited with four victories, and long Tom Hughes now a resident of Chicago, came up with four more.

Raymond J. Barbuti, whose Olympic performance for Uncle Sam was front-page news all over the United States in August, 1928, was talking proccally about insurance when a dispatch arrived reporting Stanford's on-mile relay team had run the distance in the world's record time of 3 minutes 12.6 seconds at Fresno, Cal.

Mr. Barbuti, to put in mildly, was shocked. He was a member of the picked American quartet that ran the mile relay to the record time of 3:12.5 at Stamford Bridge, London, in the 1928 meet with the British emperors.

His running mates that steaming afternoon were George Baird of Iowa, Morgan Taylor of Grinnell and Emerson (Bud) Spencer of Stanford.

"What's this trac' busin'ss comin' to," inquired Mr. Barbuti, "when four boys from one college can run the legs of a record set and all in top shape? It just does not seem right and proper, but there's the figures.

"Say, do you know what that means? These Stanford boys ran four quarters, three of them with running starts, at an average of about 48.1 seconds apiece. I never thought I would see the day when collegians would do any such hoofing as that. Maybe I should have started selling insurance and staying off college tracks altogether. I though we knew how to run three years ago, but this shows us up."

The boys who reeled off the record time for Stanford were Maynor Shove, Les and Ike Habies and Ben Eastman, who have been tearing up the coast tracks all spring and expect to do the same to the clinders at Franklin field in the I. C. A. A. A. championships May 29-30.

It may have been a break for Connie Mack's Athletics to have all those spring games postponed while his ace twirler, Robert Moses Grov, was recovering from a slight illness, but then again it may not. It means a flock of double-headed strainers later on, with a consequent strain on the regulars—Grover, George Earnshaw and Rube Walberg. Perhaps they can bear the burden, with aid from McDonald, Rummel and Shores, but it would suit the A's much better to take the opposition on singly.

Still, there have been few occasions for the world's champions to worry so far, especially since Messrs. Cochrane, Simmons and Fox have begun to sock what the boys used to describe as the old apple.

The one-time fighting clan of Gibbons of St. Paul has now turned to more peaceful pursuits. Mike Gibbons, Jr., son of the famous "Phantom" of the ring, recently won the championship of the first handball tournament held by the University of Detroit. Mr. Informant doubts whether Mike, Sr., ever was seen publicly on a handball court and notes that it is a sign of the times similar to the interst; of Ty Cobb's son in every sport except baseball.

Baseball history may repeat itself, fete annoyance and embarrassment of the earnest, hard-working experts. Last season only two of them drew the St. Louis Cardinals out of the hat in making pre-battle forecasts on the National League pennant race.

The Cardinals, of course, upset a lot of dope by winning and forth with were awarded No. 1 position in the 1931 consensus. Nothing has happened so far to disturb the confidence in the Red Birds but the New York Giants look like the "catch" this year.

Only four robots, critics named the Giants to win the pennant. They were rated behind the Cubs and Robins. Whether as a result of this or not, the House of McGraw has projected itself to the very front rank. The club has all-around class, fortified by better pitching.

Breaks For McGraw McGraw seems about to get the break, after a considerable lapse. He shifted Lindstrom to the outfield with the rookie Verger on the... well. He needed an understudy for Travis Jackson and found it in... Eddie Marshall. He needed more pitching strength, whereupon the ace Clarence Mitchell world four straight victories, to keep pace with the right-handed ace of the staff, Freddy Fitzgerald.

The first series between the Cardinals and Giants, starting May 16 at the Polo Grounds, should develop some of the flashiest pitching... a brilliance of the spring skirmishes.

Dame champions as a backfield coach.

"There is no use trying to lecture halfbacks on how to tackle," remarked Little in discussing Brill's selection. "So I am going to give them a coach who is young and able bodied enough to step in and give some practical demonstrations. If we don't do anything else next Fall we are going to teach interference and tackling.

Market Report

Cotton--Stocks--Grain

N. Y. COTTON

New York, May 22.—(AP)—Cotton opened steady today 4 to 7 points higher in response to the relatively steady showing of Liverpool and unfavorable features in the western news.

Trading was moderately active, and while the advance met considerable realization of liquidation it was absorbed on slight setbacks. The early buying was encouraged by the steady tone in the stock market and cotton was steady at the end of the first half hour with July selling at 9.34 and December at 9.80, or about 6 to 7 points net higher.

There was a little liquidation in May incident to the issuance of about 13 notices but that position held a couple of points above yesterday's closing quotations and the fluctuations attracted comparative little attention as trading in the current May contract ended at noon today.

Liverpool cables reported Continental and Bombay buying and said there were improved sales of cotton cloths for shipment to Egypt and the Argentine.

GRAIN MARKET

Chicago, May 22.—(AP)—Wheat averaged higher and corn lower today, with all deliveries of corn reaching a new low price record for the season. The first export sales of United States 1931 new crop wheat were made today for July shipment, and New Orleans cleared some domestic wheat. Greece was reported to have bought 1,000,000 bushels of Canadian wheat yesterday and today. Stop loss selling dominated corn.

STOCK MARKET

New York, May 22.—(AP)—The stimulus given the railroad securities by the launching of a project to increase freight rates failed to check the persistent trickle of selling in other divisions in today's security markets.

Stocks were firm during the early trading, but weakness cropped out in the copper and chemical issues, and gradually imparted a heavy tone to the entire list. Railway bonds recovered substantially, but several other descriptions continued to shrink.

U. S. Industrial Alcohol stock dropped about 5 points to the lowest price since 1915, and Allied Chemical fell back to the lowest since 1926.

Early gains of point or two in the industrials and utilities were mostly more than lost by afternoon, although such advances in a broad list of rails were partially retained.

In connection with the low state of railroad revenues, and the current effort to get an upward revision of freight rates to keep railway bonds on savings bank legal lists, some rail executives assert that rail executives are in part responsible for their troubles, through ruthless competition to get business.

It is pointed out that at meetings of traffic executives of various roads when an executive wishes to make a recommendation for specific increases in freight rates, he usually does so on a blank slip of paper given anonymously to the chairman, for fear the proposal may be used by competitors to incur the ill-will of large shippers.

Both copper and chemical shares reflected the recent reductions in prices of their products. The analysts' weekly commodity price index was announced as lower for the 16th consecutive week, and at 102.5 it stands within 25 points of its 1913 level.

FARM-TO-CITY TIDE GOES INTO REVERSE

Louisville, Ky.—(AP)—A well-defined trend of migration from the city back to the farm has been noted by Kentucky, A. O. Brown, president of the Federal Land Bank here.

"Whether the trend is due to unemployment in the cities," Brown stated, "I am unable to say, but it is certain that we are receiving more inquiries from the cities concerning farms for sale."

THE AUTOMOBILE IS THE greatest menace to life and limb in this country today. Figures compiled by the National Safety Council prove it. In spite of all traffic regulations, "Stop and Go" lights, safety devices, drivers' licenses and other precautionary measures, the number of deaths from automobiles climbs steadily upward each year and injuries multiply without end. Furthermore—the damage done is financial as well as physical. Hospital, surgical and nursing fees come high these days. Why continue to take chances? Why keep on daily risking your own time and earning power and the welfare of your family to the turn of an automobile wheel when a Provident Automobile Accident Policy will take the financial jer out of these bumps! CONFERENCE REPORT PASSED BY HOUSE ON SECOND READING

(Continued from page one) system to be used in the employment of state employees was proposed in a bill introduced in the House today by Representative Seawell of Lee.

Under the measure the state personnel director would be in charge of the administration of the civil service. Examinations of applicants for jobs would be conducted by either state or county educational authorities.

The bill would not apply to teachers, instructors in educational institutions, elected officials or officials appointed directly by the governor, and manual laborers.

Independents Will Seek Speakership In Next Congress

Washington, May 22.—(AP)—The prediction that independents in the next house will put forward a candidate for the speakership was made today by Representative Schneider of Wisconsin.

Schneider, who bolted the Republican caucus when the late Nicholas Longworth was re-elected as candidate for speaker, said the independents would meet in the late summer to choose a candidate and make a legislative program on which the candidacy would be based. He did not suggest who might be the candidate.
