COURT ORDERS NON-SUIT IN BANK CASES

Charges Against Four of Seven Bankers Thrown Out At Asheville Today

Asheville, May 28.—(AP)—Charges of conspiracy to divert public funds to aid a private institution against four of seven men on trial here were non-suited today by Judge M. V. Barnhill.

After the state rested its case, Judge Barnhill ruled there was not sufficient evidence to warrant the charges against Russell Davis, who was vice-president of the Central Bank and Trust Company here which closed last fall; C. N. Malone, former county bond attorney; J. O. McElroy and James Grimes, former county commissioners.

The state did not contest Judge Barnhill's ruling in the case of Davis, but did in the cases of the other three.

The four men went on trial two weeks ago with Wallace B. Davis who was president of the Central Bank; Newton M. Anderson, former chairman of the county commission, and L. L. Jenkins, former county treasurer.

Judge Barnhill non-suited six counts of misapplication of funds brought against Anderson and Wallace Davis leaving them on trial on the charge of conspiracy and on one charge of misapplication of \$875,000. He non-suited all charges except that of conspiracy against Jenkins.

The charges grew out of the failure of the Central Bank last fall with approximately \$2,000,000 in public funds on deposit.

Before the state rested, it recalled W. S. Coursey, Charlotte account; O. N. Henon, liquidating agent for the Central Bank and Trust Company here, and J. E. Reister, former assistant cashier of the bank, to the stand.

They were asked again about their testimony that large sums of county funds were on deposit in the Central Bank during last summer and fall when tax anticipation notes were issued by the county.

The state contends the seven men conspired to issue \$3,000,000 tax anticipation notes and turned the proceeds over to the bank which lacked operating cash.

D. T. Jarrett, an official of a printing company here, said C. N. Malone, former county bond attorney, always ordered county notes printed and that bills for the work were sent to him.

Malone and Davis are on trial with L. L. Jenkins, former county treasurer; Russell Davis, who was vice-president of the Central Bank; Newton M. Anderson, James Grimes and J. O. McElroy, former county commissioners.

Mrs. T. K. Terrell, clerk in the county treasurer's office, testified Jenkins came down to the office on the night of November 19, the eve of the Central Bank's failure, and got \$14,000 of county money for deposit.

Held As Poi

Mrs. Margaret Summers, 47-year-old widow of Chicago, was held to the grand jury on four charges of murder growing out of the deaths of four men, who a coroner's chemist found had died of poison.

RECOMMEND NEW RATE ON COTTON SEED

Would Result in Increases in Southwest and Reduction in the East

Washington, May 28.—(AP)—Two examiners recommended to the Interstate Commerce Commission today a new basis of rates for application throughout the country on cottonseed and its products and related articles.

The proposals, made by John T. Money and George Esch, would result in increases in the southeast and Mississippi valley and reductions in the mountain Pacific region and central and eastern trunk line territory.

The rates on imported cottonseed meal and cake, now lower than those on the domestic manufactured article, would be raised to a level with the home product.

The investigation was started on a long series of complaints by producers of cottonseed, cottonseed hulls, linters and fibre; vegetable oils, vegetable oil cake and meal, fish and sea animal oils and inedible greases and tallows.

Seventy-three proceedings were started and the commission ordered them consolidated with the general rate investigation undertaken under the Hoch-Smith resolution.

The examiners recommended among other things that the rates on cottonseed and cottonseed cake and meal should be the same throughout the country.

Rates on cottonseed hulls were fixed at 75 per cent of the scales of rates on cakes and meals, the scale for which was fixed on a mileage basis ranging from six cents per hundred pounds for five miles and under in 40.009 pound carlots to 72 cents for hauls of 2,000 miles or over.

The proposed cottonseed rates in the southeast would increase the rates based on the average of single line intra-state scales but would reduce rates based on the average of the Interstate rates up to 200 miles. Beyond that point both intra-state and interstate rates would be raised. In the southwest the present single line interstate seed rates would be increased by one half cent a hundred pounds up to 40 miles but would be reduced two cents from 170 to 500 miles.

The cake and meal rates of the southeast would be increased about 3-4 of a cent up to 200 miles and beyond that distance by substantially greater amounts. On traffic to central and eastern trunk line territories reductions would be made except from Mississippi Valley points where increases would result.

On traffic to the southeast and to central and eastern trunk line territories substantial reductions would result from the southwestern originating points.

Two Fliers Establish Non-Refueling Record At Jacksonville Beach

Walter Lees and Frederic Brossy, Detroit Aviators, Fly 76 Hours and 23 Minutes, to Capture World's Record and Keep Going; Old Mark of 75 Hours Set By Two Frenchmen Recently in Africa

Jacksonville Beach, Fla., May 28.—(AP)—Walter Lees and Frederic Brossy, Detroit aviators, flying a Diesel motored monoplane, set a world's non-refueling flight record of 76 hours 23 minutes at 11:10 a. m. today. They did not land but continued their flight, which began at 6:47 a. m., last Monday.

The old mark of 75 hours and 23 minutes was set recently in northern Africa by two Frenchmen.

While Lees and Brossy could have landed with the new record after remaining in the air one hour longer than the Frenchmen, they apparently were determined to carry the mark beyond 80 hours.

Taking off with 398 gallons of gasoline last Monday the fliers estimated early today they had approximately sixty gallons of fuel left which they believed was enough to keep them aloft until midnight tonight.

Although they did not indicate when they expected to come down, their ground crew expressed belief the plane probably would end its course about dusk tonight, rather than attempt a landing after dark.

The fliers originally set 80 hours as their goal. This would place their hour of descent at 2:47 p. m., but it is probable they will add five hours more if everything goes well.

AUGUSTA, GA. CLEANS HOUSE

Ninety Persons Under Arrest As Federal Officers Push Clean-Up Campaign

Augusta, May 28.—(AP)—The campaign to "clean-up" Augusta was being carried on by federal prohibition agents today with 90 persons under arrest and warrants issued for 62 others.

City police started a "clean-up" campaign two weeks ago when the Municipal Civil Service Commission issued an ultimatum that the chief of police and chief of detectives would have to free the community of all vice by July 2 or quit.

The first police raids, however, netted only a few arrests and capture of one bottle of home-brew and a "suspicious" liquid mopped up from a sink in a handkerchief.

Meanwhile five federal undercover men were operating in the city and eight federal agents started making arrests yesterday. Among those arrested were Arthur Williamson, chief of the former county police force, his son, Arthur Jr., and Ernest Reader, former policeman.

The undercover men said they had made purchases of liquor from 70 different places, spending an average of \$3.50 in each place.

Sought By Police

June Taylor, presumed to have important information in connection with the slaying in Hollywood of Charles Crawford and Herbert Spencer, was sought for questioning by police.

JURY VERDICT IS SET ASIDE

Second Time Action Is Taken In Case of McLawhorn Against Litchfield Co.

A jury in the civil term of Superior court today awarded H. J. McLawhorn a verdict of \$100 against the Litchfield Motor Company as damages for an automobile, but the verdict was set aside by Judge W. A. Devin, of Oxford, on the ground that the sum was insufficient.

It was the second time the case had been set aside in the first trial when the jury awarded the plaintiff \$150.

The suit grew out of an automobile which McLawhorn carried to the Litchfield Motor Co. for repairs. The machine, it was contended, was wrecked while undergoing repairs, and McLawhorn refused to accept it, declaring that it was not in as good condition as when he carried it to the garage for repairs.

The motor company declared the machine was in good condition, but testimony showed that several parts had been taken off the car from time to time.

Says Argentina May Be Forced to High Tariff Rate

New York, May 28.—(AP)—Ambassador Don Manuel E. Malbran of Argentina, today told the National Foreign Trade convention that his country might be forced to embark on a high tariff policy in defense against the tariff barriers of the United States and other countries.

Don Manuel emphasized that Argentina's economic health depends on the extent of her export trade; and that the diminution of that trade may require her to protect and develop her own industry just as the United States has done with high tariffs.

"Then," he said, "you would lose a good market for your manufactures (I speak of the remote future), but in exchange you would gain our gratitude for having taught us to make use of high tariffs."

American exports to Argentina in 1929 represented more than 40 per cent of our total South American exports, the ambassador said, and the exports of the first three months of 1931 have decreased about 60 per cent from 1930, which in turn was 39 per cent under 1929.

SCIENTISTS SET RECORD IN BALLOON

Two Germans Land Safely In Alps After Flight of Ten Miles Into Stratosphere

Innsbruck, Austria, May 28.—(AP)—Prof. August Piccard, reaching the Alpine town of Gurgl this afternoon said his adventurous flight into the stratosphere had been "magnificent beyond conception," and that he and Charles Kipfer had broken the world's altitude record by more than 12,000 feet.

They never lost control of their balloon, he said, and they gathered valuable scientific data in their long hours aloft in the metal gondola suspended from the gas bag.

The balloon itself, lying on the Grosser Gurgler Ferner, 9,000 feet up in the Alps, is to be salvaged by a detachment of the Tyrolean Alpine Chasseurs.

"We're both very tired," the physicist said, "but otherwise we're well and happy. Our balloon is safe and the slight damage to the instruments was hardly worth mentioning."

"Yesterday was excellent for observation, but the buoyancy of the balloon was so great that he could land only after the sun had gone down."

"I did not choose any particular landing place but we saw a glacier and I thought that would be as good as any other spot."

"We had, as a matter of fact, too late to look at human habitation, so we spent the last 10 minutes of our flight on the mountainside," said Ober Gurgl, meeting the rescue expedition as it came up.

The balloonists, for whose safety fears had been held many hours, and their trip had been a success, and estimated that they had reached a height of 52,500 feet, almost ten miles, and a new altitude record.

After 18 hours and 13 minutes in the air, swept by varying currents over many parts of South Europe, the adventurers landed safely and in good health at 10:08 o'clock last night on a glacier above Gurgl.

Their instruments were safe and their balloon in good condition. Efforts to bring these down the valley were being made this afternoon.

WILL OBSERVE COTTON WEEK

Greenville Merchants to Provide Special Displays From June 1 to 6

"National Cotton Week" which will be observed throughout the nation from June 1 to 6, will receive considerable attention in this city and the public will be given an opportunity to see what manufacturers have been able to produce from the fleecy staple, the principal crop of the southern states.

C. B. Rowlett, secretary of the Merchants Association, said this morning that arrangements were being perfected for one of the most complete showings of cotton goods in history of the city during National Cotton Week, and the people of this great trade territory have been given a cordial invitation to visit the city and inspect the offerings.

STATE LEGISLATURE CONCLUDES RECORD SESSION AT RALEIGH

To Ask Solons To Oust Horton

Committee to Present Tennessee Legislature With Articles of Impeachment As Soon As They Are Completed

Nashville, Tenn., May 28.—(AP)—Impeachment of Governor Henry H. Horton was recommended to the House of Representatives today.

John Tipton, chairman of a special legislative committee, appointed to consider whether impeachment charges should be considered, said, "we are engaged in the preparation of articles of impeachment" and "as soon as these articles are prepared, we will immediately report them to the House of Representatives."

Administration forces claimed enough votes today to defeat the articles of impeachment when they are presented. It was generally understood that a vote may not be reached before tomorrow.

"We have found that, within the purview of section four of the constitution of Tennessee, the admitted and uncontroverted facts alone warrant the impeachment of Governor H. Horton and pursuant to the orders of this House of Representatives, and as said resolution we are engaged in the preparation of articles of impeachment," the committee report said.

Section four, article 5, reads: "The governor, judges of the supreme court, judges of the inferior courts, chancery attorneys for the state, treasurer, comptroller and secretary of state shall be liable to impeachment, when, in the opinion of the House of Representatives, commit any crime in their official capacity which may require disqualification; but judgment shall only extend to removal from office, and disqualification to fill any office thereof. The party shall, nevertheless, be liable to indictment, trial, judgment, and punishment according to law. The legislature may have and shall continue to have power to relieve from the penalty imposed any person disqualified from holding office by the judgment of a court of impeachment."

This far, the committee has not disclosed what charges against the governor were considered in its recommendation. However, it was instructed to study reports of another legislative committee that recently investigated state affairs and base its recommendations on their contents.

A majority report of the investigation (Continued on page four)

TWO JAILED FOR ROBBERY

Negro Men Held for Entering Filling Station at Falkland Friday Night

Ducie Gorham and Anthony Wilkes, colored, were being held in the county jail in this city today in connection with the robbery of Bryant's Filling Station at Falkland last Friday night.

The two negroes are charged with entering the building and stealing goods estimated at in the neighborhood of \$15.

The prisoners were arrested by county officers shortly after the robbery was reported.

Race Driver Killed

Joe Caccia, 31 (above), of Byrn Wawr, Pa., race driver, was killed at Indianapolis, Ind., while practicing for the 500 mile auto race. His mechanic, Clarence Grove, also was killed.

TRAIN HURLED FROM TRACKS BY TORNADO

Fargo, N. D., May 28.—(AP)—Dashing along at a 50-mile an hour clip, the crack Great Northern Empire Builder, coast train deluxe, was hurled from the tracks by a tornado eight miles southeast of here late Wednesday.

One life was lost, more than a score injured one probably fatally, and scores of passengers shaken up by the freak accident.

Andrew Anderson of Montevideo, Wash., was hurled through a window and ground to death beneath the wheels of the following coach. Mrs. Emily Hannan, Seattle, suffered a broken back and was said by physicians today to have a slight chance for recovery.

Mrs. N. Troil, Minot, N. D., also was said to be in a serious condition at a Fargo hospital where many of the injured were taken.

The train had crossed the North Dakota-Minnesota line and was near Sabin, Minn., with Engineer B. E. McKee, of St. Paul at the throttle.

Without warning, as if handled in a cradle, the entire twelve-coach train was lifted from the tracks, moved east from the roadbed, and deposited with a thud on the prairie, leaving only the engine and tender on the tracks.

As if held spellbound by the suddenness of the disaster, a moment or two passed before realization of the horror of the wreck became manifest among the passengers. Men struggled frantically to make their way over the debris, through shattered windows and jammed doors.

Passing motorists speeded into Moorhead, Minn., notified railway officials and within a few minutes doctors, nurses and ambulances were en route.

Longest Continuous Sitting in History of State Brought to a Close Last Night

"God Be With You 'Till We Meet Again"; Much Back-Slapping, Hand-Shaking and Flowery Speech-Making As Solons Prepare to Go Home; Governor and Wife Witness Final Scenes

Raleigh, May 28.—(AP)—All was quiet on Capitol Square today.

The General Assembly had adjourned.

Amid festivities appropriate to the occasion, the longest continuous session in the history of the state passed into history at exactly 9:49 p. m. last night.

Shortly before Lieut.-Gov. R. T. Fountain, presiding officer of the Senate, and Speaker of the House Willis Smith laid down their gavel simultaneously—all was turmoil.

From both houses came the plaintive tune, "God Be With You 'Till We Meet Again," and there was much back-slapping, hand-shaking and a happy flow of flowery oratory.

Gov. O. Max Gardner and Mrs. Gardner witnessed the closing ceremonies. They were accorded the privileges of the floor in the Senate and the governor mounted the dais in the House to say a few informal words.

The hour of sine die adjournment was officially recorded at 9 o'clock "legislative" time. But it took 49 minutes for spare work to be cleared up by the enrolling clerk.

The big doors to the House and Senate chambers were flung open. Lieutenant-Governor Fountain stood behind the Senate dais and on a straight line across the hall on the other side of the capitol behind the House dais stood Speaker Smith.

Representatives and Senators stood in the aisles as Speaker Smith and Mr. Fountain simultaneously adjourned their respective houses and laid down their gavels officially ending 141 days of legislation.

The previous record was 136 days in 1868-69. Numerous local bills were shot through the law mill. Numerous others died natural deaths.

The assembly continued the State Tax Commission for another biennium by the Senate's action in passing a House bill last night, after it had voted not to consider it at the session.

Governor Gardner briefly reviewed the legislation enacted by the General Assembly in his talk to the House. He predicted that in 1933 the state would support the six months schools under the terms of the MacLean law without any ad valorem tax whatever.

While the governor and his wife sat on the House floor, O. Max Gardner, Jr., their youngest son, and Willis Smith, Jr., son of the Speaker of the House stood on each side of Speaker Smith to watch the proceedings.

Representative Garibaldi of Mecklenburg, expressing his appreciation for the way the speaker had conducted the business of the House, nominated "Willis Smith of Wake" to be the next Governor of North Carolina.

As it was the last night of the session Representative Holmes of Pitt moved the rules be suspended and the "men" be allowed to smoke on the floor. Speaker Smith insisted the "ladies" could smoke if the men could and Mrs. Mebane of Rockingham, lone lady member, was the first person on the floor to light a cigarette.

The Senate engaged in two hours of merriment similar to that in the House but not as boisterous. In giving the Senate members his benediction, Mr. Fountain said "this has been the hardest working legislative body I have ever seen in." Senator Clement of Rowan poet laureate of the Senate, was the last member of that body recognized, giving a farewell toast to his fellow-members.

Newspaperman Dead Greensboro, May 28.—(AP)—C. J. Lamb, 57, for many years classified advertising manager of the Greensboro News and Record, died at his home here early today, from a sudden heart attack.

Mr. Lamb was at his desk in the newspaper office yesterday. Funeral arrangements have not been completed.

Upholds Practice of Birth Control

Pittsburgh, May 28.—(AP)—One of the first three women ever chosen as commissioner to the General Assembly of the Presbyterian Church in the United States of America—the mother of four children—today said that in her opinion birth control is right so long as it means the safeguarding of a physically deficient wife's health, or the suppression of the birth of physically and intellectually unfit beings.

Mrs. Mina L. Stillman, of Green River, Utah, gave her opinion of birth control while attending the general assembly here. Until this year, women could not serve as commissioners of the church.

NEWS BRIEFS

From Over The City and County

POSTOFFICE HERE TO OBSERVE MEMORIAL DAY

Memorial Day, Saturday, May 30, will be observed by the postoffice here, it was announced this morning by Postmaster H. R. Mumford. The general delivery window will be open from 11:30 to 12:30 o'clock, but the registry and money order division will not open during the day. City carriers will make morning delivery, but rural carriers will not serve their routes.

RECEIVERS NAMED FOR GREENVILLE SUPPLY CO.

The Greenville Supply Co. local wholesale grocery establishment, has been thrown into hands of receivers, it became known today.

An order of receivership was signed by Judge W. A. Devin in Superior court Tuesday. L. G. Cooper, local attorney, was named receiver of the concern, and W. O. Bilbro, co-receiver.

The proceedings were said to be the outcome of general business conditions, and do not affect other stores operated by the firm.

KIWANIS TO ENJOY MUSICAL PROGRAM

The regular meeting of the Kiwanis club will be held at the Woman's Club building Friday evening at 7 o'clock. The program will be in charge of C. B. Rowlett and Mrs. Ray Tyson, Jr., and will be confined exclusively to music. Numbers of song birds of the club were expected to display their talent.

NEWS BRIEFS... BEG... LIFE SAVERS OF CITY WILL MEET TONIGHT

All Junior or Senior Life-Savers, holding certificates awarded by either the American Red Cross, or National Swimming and Lifesaving Service are invited to meet tonight at 8 P. M. in the Junior Room of the Sheppard Memorial Library. The purpose of this meeting is to see that every member holding a certificate will receive national recognition. Girls and women are also invited to attend. Bring your certificates with you.

TWENTY-SIX JOIN THE HI-Y GROUPS

The Junior Hi-Y Girls held their regular weekly meeting in the old library building last night, and all members were present. The meeting was called to order by the president, Winifred Eberidge, and the minutes of the last meeting were read by the secretary, Eoline Sawyer. After prayer and songs, the meeting was opened for business and the following girls were appointed to serve on the committees: Program committee, Dora Tucker, Marian Wilson, Mary Rachel Teel. Service committee, Patty Whitehurst, Lou Nichols, Joyner, Margaret Hardee; social committee, Martha Jane Gates, Francis Murrill, Elizabeth Carke. All the members took part in the induction ceremony which was presided over by the councilor, Miss Wahl and Mrs. Browning. Six girls joined the club and took part in the ceremony.

HI-Y Boys

The Junior Hi-Y met last night in the Junior Room and the meeting was called to order by Tom Wilson, president. It was decided to have a short meeting because of school examination. After the devotions and prayers and a

'MODEL YOUTH' STARTS SENTENCE

Russell B. Noble (center), Haverhill, Mass., "model" schoolboy, is shown as he left court at Lawrence, Mass., after he pleaded guilty to the second degree murder of Mrs. Clara E. Ellis, wealthy Haverhill widow. The youth, shown between two other convicts, was sentenced to a life term.

short discussion the meeting was closed. Eight new members were present at this meeting.

Yesterday's Stars

(By The Associated Press)

Heine Meine, Pirates—Scored his second shutout of the season over the Cardinals 4 to 0, to knock them out of the National League lead.

Frank Hogan, Giants—His home run with two on gave his team a much needed 7 to 4 victory over Boston.

Bing Miller, Athletics—Hit a pinch double in the eighth to score two and beat the Yankees.

Earl Webb, Red Sox—His team lost a pair, but he salvaged four doubles and a triple from the wreck.

Riggs Stephenson, Cubs—Hit a triple, two double and single to help beat the Reds and put his club in third place.

Pat Caraway, White Sox—Held the Tigers to five hits to record his sixth victory, 10 to 1.

Harridge Heads American League

Cleveland, May 28.—(AP)—There wasn't much doubt in the minds of American league club owners today that they had selected not only a diplomat as their third president but a man who can handle the "big sticks" as well as the late "Ban" Johnson and Ernest S. Parrard.

The new league head, William

HARRIDGE OF CHICAGO, WHO WAS ELECTED TO A FULL THREE-YEAR TERM AT YESTERDAY'S SPECIAL MEETING, IS A QUIET, UNASSUMING MAN OF 46.

He seldom talks much but there have been occasions when he has acted quickly and decisively.

For 17 years, he served as private secretary to the stormy Johnson, a task that forced him to become a broad diplomat and to waive the "big stick" many times in Johnson's absence because of illness.

During the past three years, when he has acted as secretary of the league under the late Ernest S. Howard, he has won the admiration of American league club owners for his quick thinking and efficiency.

"They don't have to worry about Will Harridge," said Harry Edwards, head of the American league service bureau. "He doesn't say much but he knows what he's talking about." And he can wave the big stick when necessary.

Harridge frankly admits that he never played a game of baseball in his life.

"No, I never played the game," he smiled when asked about his baseball career. "I didn't know the difference between a passed ball and a strike-out when Mr. Johnson hired me as his private secretary 20 years ago so I had to do a lot of study."

HAVE PARTS IN VETERAN REUNION

Gen. L. W. Stephens (right) of Couthatta, La., will lead the United Confederate Veterans when they hold a reunion in Montgomery, Ala., June 2 to 6. Mrs. Harvey Pugh of Montgomery (left) will be matron of honor.

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by Paul Harrington and wife, Mary Harrington, on the 9th day of September, 1924 and recorded in Book E-15, page 378, we will on Saturday, the 29th day of June, 1931, 12 o'clock, noon at the court house door in Greenville, N. C., Pitt County, sell at public auction for cash to the highest bidder the following land, to-wit:

Two certain tracts or parcels of land situated in Winterville Township, Pitt County, N. C. and described as follows:

FIRST TRACT: Adjoining the lands of Claud Harrington on the North, the Tar Road on the East, the lands of H. E. Ellis on the South and the lands of A. G. Cox and the Carrol lands on the west and described as follows: Beginning at a stake on the Tar Road, H. E. Ellis and Paul Harrington's corner and running thence with H. E. Ellis line North 85-33 West 159 feet; thence with said Ellis line South 73 West 10-9 feet to the road; thence with said road North 77 West 792 feet; thence South 5-39 West 736 feet; thence North 57 West 537 feet; thence North 55 West 33 feet; thence South 29 West 745.3 feet; thence North 35-45 West 865 feet to a stake in A. G. Cox line; thence North 5-25 East with Cox and Carrol line, 1722.6 feet to the public road; thence with said road South 45 East 1163 feet; thence North 5-39 East 226 feet; thence South 53 East 1099 feet; thence North 3 East 193 feet; thence North 85 East 622 feet; thence North 85 East 297 feet; thence North 61 East 297 feet to Tar Road; thence with said Tar Road, South 16-15 East 671 feet to stake on Tar Road, it being H. E. Ellis and Paul Harrington's corner, the beginning, containing 78.8 acres.

SECOND TRACT: In said Township, County and state bounded on the North by the public road, on

the East by R. L. Worthington land, on the South by Paul Harrington land and on the West by Mary Craft and specifically described as follows: Beginning at the bridge across the canal on the public road, Paul Harrington and R. L. Worthington's corner on said road and running thence with said public road North 80 West 735 feet to Mary Craft's corner; thence with Mary Craft's line South 25 West 1373 feet to a stake; thence with Paul Harrington's line South 73-45 East 2001 feet; thence South 73-45 East 297 feet; thence North 13-30 East with R. L. Worthington's line 231 feet; North 25-45 East 496 feet; North 16-30 East 323 feet to the bridge, Paul Harrington and R. L. Worthington's corner on the public road, containing 36.5 acres as shown on map made by W. C. Dresbach, C. E., December, 1921. This sale is made by reason of the failure of Paul Harrington and wife, Mary Harrington, to pay off and discharge the indebtedness secured by said deed of trust. A deposit of 10 per cent will be required of the purchaser at the time of the 11th day of May, 1931. First National Company of Durham, Inc., Trustee; Formerly First National Trust Company; W. G. Bramham and T. L. Blani, Receivers for First National Company of Durham, Inc., Trustee; Formerly First National Trust Company, Durham, N. C. May 25-1th-1931.

The Choice of **52** MILLION AMERICANS

For more than 100 years a savings account in a Bank has been the ideal savings plan for the American people.

Out of every 100 people in the United States 44 have savings accounts.

Think of it! Nearly every other person whom you meet keeps his savings in a Bank because it offers him the advantages he demands for saving money.

This testimonial to the universal popularity of a savings account commends it to you.

ADVANCED REFRIGERATION

You needn't do a daily dozen to reach the rice pudding in a Frigidaire!

Every part of every food shelf of a Frigidaire may be easily reached without acrobatics. Even the back of the bottom-most one is accessible—you need never stoop down as though you were about to touch your toes!

All Frigidaire food shelves are elevated—far enough from the floor to do away with tire-some bending-over...

How many millions of weary women have wished for the comforting convenience of the easy-to-get-at food storage that is a feature of every Frigidaire!

Indeed, if these sensibly placed shelves were the only outstanding advantage of this famous refrigerator, they would, in themselves, make Frigidaire well worth while to countless thousands of housewives!

Waist-high, easily accessible food shelves are one of the very real advantages of Frigidaire Advanced Refrigeration. There are many others. It is such advantages, developed by Frigidaire, that have made household refrigeration so helpful, convenient and economical. We invite you to come in to our showroom at your first opportunity and learn all about them.

PAIN IN SIDE, COULDN'T REST

Kentucky Lady Tells How She Was Helped, When Sick, By Taking Cardui.

How a Kentucky lady was benefited by taking Cardui is described below, by Mrs. E. R. Diel, of Princeton, Ky.:

"My health was bad. I was in a run-down condition, and suffered a great deal with a pain in my side.

"I simply ached all over. I was so nervous. At night I was so restless I did not feel rested or refreshed when morning came—just one day after another feeling miserable.

"My mother had taken Cardui and it had been a great help to her. She thought it would do me good.

"After my first bottle, I felt much better. I kept it up until I had taken four bottles. My side got better. I was less nervous.

"I am glad to say I am better today after having used Cardui. I can recommend it to my friends and neighbors.

"Insist on Cardui, praised and recommended by thousands of women. Sold by druggists."

CARDUI
IN USE BY WOMEN FOR OVER 50 YEARS
While taking Cardui, a good laxative to use is Theford's Black-Draught, 25¢ a package.

Social and Personal

Miss Edna Warren, of Snow Hill, was here yesterday.
 William Crawford, of Greensboro, is spending a few days here.
 Mrs. Edward S. Williams left this morning for Portsmouth, Va., to see Mr. Williams, who is in the hospital.
 Mrs. C. Heber Forbes returned today from New York.
 Mrs. John A. Staton, of Bethel, was here yesterday.
 Mrs. H. L. Carr has returned from a visit in New Bern, Kinston and Wilson.
 Mrs. T. A. Galbraith, of Kinston, spent today with her mother, Mrs. F. W. King.
 Miss Irene Marsh, of Newport News, Va., is spending a few days with Miss Alle Corey.
 Tom Litchfield, of Aurora, was here today.

Food Leaders Meet.
 The third regular meeting for food leaders was held yesterday in the Greenville Woman's Club building. Miss Mary E. Thomas gave the lesson on vegetables.

Undergoes Tonsil Operation.
 Friends of Mr. and Mrs. Earl Helen will be glad to learn that their little daughter, Betty, is getting on nicely following a tonsil operation.

Little Jean McGowan Ill.
 Friends of Mr. and Mrs. Floyd McGowan will regret to learn that their little daughter, Jean, is quite ill.

Birth Announcement.
 Mr. and Mrs. Lawrence Moye of Murray, announce the birth of a daughter, Jeanne, on Monday, May 25th, 1931.
 Mrs. Moye was formerly Miss Ruby Evans, daughter of Mr. and Mrs. Guy Evans.

Mrs. McDonald in Hospital.
 Friends of Mrs. William McDonald will regret to learn that she is in Duke Hospital, Durham.

ANNUAL SHORT COURSE TO BE HELD IN JUNE

The fifth annual short course for home demonstration club women will be held the third week of June this year instead of during the first week of June, as is our usual custom. The program will consist of a cooking school, which will be held in the high school auditorium from two to four the afternoons of June 16, 17, 18 and 19. Mrs. Frances Y. Kline, who has been with us several times, will conduct this cooking school. The general public is invited, and future announcements of programs will be found in local papers.

U. D. C. PROGRAM AT THIRD STREET SCHOOL

The fifth and sixth grades of the Third Street School will present a U. D. C. program Friday afternoon at 3:30. Parents of children and members of the U. D. C. are cordially invited to attend.
 The program will be as follows:
 The Confederacy, portraying Jefferson Davis's life through two decades.
 First Scene: Schoolroom in 1861.
 1. Cause of Secession.
 2. State Seceded.
 3. Quotations from Famous Speeches of Davis.
 Second Scene: Schoolroom in 1861.
 1. Patriotic Songs.
 2. Review of Davis's Life.
 3. Poems Dedicated to Southern Soldiers.
 4. Songs and Sketches on "The Confederate Flag."

Mrs. W. L. Hall Author of Poems.
 In the report of the Literary Department of the Woman's Club in Wednesday's Reflector, Mrs. W. L. Hall's name was omitted as author of the poems "Contentment" and "I Shall Remember."

DUKE UNIVERSITY GRADUATION EXERCISES

The Senior Class of Duke University requests the honor of your presence at the exercises of Commencement Week June seventh to tenth nineteen hundred and thirty-one Durham, N. C.

Auxiliary Elects New Officers.

Fairville, May 27.—The American Legion Auxiliary held its regular meeting in most delightful session at the club rooms of the American Legion Monday afternoon at 3:30.
 An election of the following officers was conducted at this time: Mrs. J. W. Joyner, president; Mrs. George Ballew, vice-president; Mrs. Arthur F. Joyner, secretary; Mrs. C. T. Dixon, treasurer; Mrs. Carter Glass, chaplain; and Mrs. O. O. Spell, historian. Committees and their chairmen were appointed as follows: Rehabilitation, Mrs. Leroy Rollins; Publicity, Mrs. M. V. Horton; Membership, Mrs. Chas. F. Bascam.
 Mrs. W. D. Bryan, retiring president, gave a report of the year's work and of the national citation won by this group by an over-subscription of its membership quota. Mrs. Bryan, who leaves soon to make her home in South Boston, has served faithfully and efficiently as head of the Auxiliary since its organization fourteen months ago.
 Refreshments were served after adjournment by Mrs. J. W. Joyner and Mrs. Arthur F. Joyner, hostesses for the afternoon.

MRS. GARRETT HOSTESS TO BRIDGE CLUB

Spring flowers were effectively used in the home of Mrs. E. J. Garrett Wednesday afternoon when she was hostess to the Contract Bridge Club.

A hobnail glass cigarette holder was won by Miss Margaret Blow for high score.
 Mrs. Robert Neal was a guest of the club.
 The hostess served a delectable salad course following the game.

Miss Grace Smith Improving.
 Friends of Miss Grace Smith will be glad to learn that she is improving. She has been ill for the past few weeks.

MISS JAMES ENTERTAINS BRIDGE CLUB

Miss Ada James was a charming hostess to her bridge club Tuesday afternoon. The home of Mrs. W. T. Lipscomb, Jr., where Miss James entertained, was lovely with a variety of spring flowers.

Mrs. T. A. Smoot, winner of high score, was given lingerie. Low score prize, ash trays, went to Mrs. W. F. Young.
 Mrs. Smoot, who was married in the early spring, and Miss Virginia King, who will be married in June, were remembered with attractive gifts. The hostess, assisted by Mrs. Lipscomb, served a tempting salad course and tea.

Music Club.

Fairville, May 27.—An unusually delightful meeting of the Music Club was held with Miss Vivian Case on Monday evening at her home on North Main street, and in which sweet peas and roses were artistically arranged.

Mrs. Haywood Smith presided and conducted a musical spelling bee. Billy Morton accompanied by his mother, Mrs. J. M. Hobgood, rendered lovely violin selections; an account of the life and career of Madame Melba was read by Mrs. W. H. Nance, and a libretto of the opera, "Lucia di Lammermoor," in which Melba made her debut, and some interesting notes of this opera given by Mrs. J. L. Shackelford, who heard the latter in her rendition in Atlanta in 1926.

A paper on "American Painters," by Mrs. J. W. Parker, added variety to the program. Mrs. J. M. Hobgood told of a recent visit to Arizona during a social hour in which delightful refreshments were also enjoyed.

JONES HEADS RETAIL FURNITURE DEALERS

Greensboro, May 28.—(AP)—J. G. Jones of Spartanburg, S. C., today was elected president of the Southern Retail Furniture Merchants Association as it closed its annual convention at Sedgewick, near here.

The delegates voted to hold the next convention in some South Carolina city to be selected by the board of directors later.
 Frank Morris, of Winston-Salem, was elected vice-president. The other officers, all re-elected, are John A. Gilmore, Charlottesville, Va., secretary-treasurer; James M. Battle, Raleigh, assistant secretary, and E. A. Sneed, Clifton Forge, Va., president emeritus.

The association adopted a resolution to continue opposition to what is described as the unfair methods used by public utilities companies to sell gas and electric appliances.

Idling Ceases

Mannehan, Germany.—An unwelcome watch on the Rhine has been wound up. Locomotives at street corners were congesting traffic. The police drove a truck about town, a truck heavily laden with chairs and portly, offered all loungers free use of them. There were no acceptances. Idling has ceased.

NATION MAY ISSUE BONDS

Treasury Considers Long Term Issue to Take Care of Billion Dollar Deficit

Washington, May 28.—(AP)—Faced with a deficit of more than a billion dollars, high administration officials indicated today that the treasury was considering announcing in the near future a large long term bond issue.

At the same time they voiced hope that the late summer would see an improvement in agricultural conditions which might mark the first steady return to normal. They pointed out that in previous depressions, the upward climb had started in late summer when farm crops were marketed, but that the improvement was slow and did not become generally evident until the early winter.

The opinion was expressed that the present depression had reached the bottom and that any change would be upward.
 The marketing of farm crops in the late summer was expected to provide more credit for the farmers and more money to be spent, but whether the improvement would be steady and continue could not be determined until several months later when the effect upon general business conditions could be assessed.

No official would comment upon the government's financial plans for raising money to meet the huge deficit, but it was indicated that serious consideration was being given to announcing a bond issue next month rather than to continue raising funds through issues of short term paper.

The treasury's daily statement showed that on May 26 the government had a deficit of \$1,000,792,430 and indications were that it would not be less than that at the end of the fiscal year.

While the treasury expects to collect \$300,000,000 or more in income taxes and war debt interest on June 15 it at the same time expects the total expenditures for the fiscal year will amount to \$4,430,000,000 which will amount to a deficit of more than a billion dollars.

The treasury already has issued since March 15 more than \$2,600,000,000 in securities about half of which represented refunding operations and the remainder the raising of new money. It announced this week an issue of treasury bills amounting to \$50,000,000 but has found it necessary to increase that amount by \$30,000,000 because of unexpected expenditures.

To Close Bureaus for Employment
 Raleigh, May 28.—(AP)—As a result of the drastic cut in appropriations for the next biennium, including complete elimination of any funds to support four Federal-State employment bureaus, Frank D. Grist, commissioner of labor, announced today the bureaus would close after June 30.

The bureaus are located at Wilmington, Charlotte, Asheville and Raleigh.
 A year ago two offices at Winston-Salem and Greensboro were closed when Governor Gardner ordered a cut in expenditures.
 The House refused to offer any appropriation for the bureaus, Mr. Grist said, but the Senate amended the measure to include \$6,300,000 for the employment work. The conference report adopted in the closing hours of the session of the General Assembly eliminated the fund completely.

New Health Board Meets At Raleigh

Raleigh, May 28.—(AP)—The new State Board of Health, created by an act of the General Assembly which adjourned last night, held its first meeting here today.

The board members met with Governor Gardner before going into executive session. This afternoon no announcement had been made as to the selection of a state health officer and secretary of the board nor the election of a president of the board.

This week Dr. William Picard Jacobs of Ceylon, India, a native North Carolinian, notified Governor Gardner he would not accept the position of secretary of the board and state health officer which was tendered him following the death last year of Dr. C. O'H. Laughinghouse.

Dr. J. M. Parrott of Kinston, a member of the board, has been most prominently mentioned as the likely selection as health officer.

Attempt to Increase Kirkland Sentence

Valparaiso, Ind., May 28.—(AP)—Virgil Kirkland, 20-year-old Gary, Ind., steel mill worker, faced the prospect today of a movement to increase the one to ten year prison term he received following his trial on a charge of being responsible for the death of Arlene Draves.

A formal demand would be made next Monday Prosecutor Robert Estill said, to increase the sentence to five to twenty-one years. Estill based his statement on an opinion by Attorney General James M. Ogden in Indianapolis. Ogden contended the one to ten year sentence imposed by Judge Grant Crumpacker upon Kirkland's conviction last Tuesday of assault and battery with intent to rape, was in error.

The attorney general cited a 1920 decision of the State Supreme court holding that a 1927 statute defining rape and fixing one to ten years as the punishment, did not repeal an older statute governing assault and battery in an attempt to commit rape which set the penalty at five to twenty-one years and a \$1,000 fine.

Kirkland was taken to the Pendleton state reformatory yesterday.

Probe Deaths of Two Girls
 Asheville, May 28.—(AP)—An inquest was scheduled today into the deaths of Thelma and Marie Ellenburg, 16 and 7, respectively, who were struck and killed by a Southern Railway freight train yesterday near Craggy, near here.

Maxey Ellenburg, a brother of the two girls, said they stepped from the track of an eastbound train into the path of a westbound train and were crushed to death. He said they apparently did not notice the approach of the train that struck them.

Missing Man Shows Up At Goldsboro
 Goldsboro, May 28.—(AP)—Missing man for 12 days, J. H. Booth, elderly grocer, was returned home today after being found in

ARREST MAY SOLVE MYSTERY

The arrest of a man at San Francisco identified as George Perry, wanted for murder in Eagle River, Wis., may solve a five-year-old mystery in Hornell, N. Y. Perry, shown at right with his captor, Inspector James Johnson, in San Francisco, was said to resemble a railroad conductor who left Hornell suddenly. Hornell officials are investigating

a tobacco house a mile north of Goldsboro.
 Booth, who previously had suffered one lapse of memory, disappeared May 15. He was unable to tell how he lived during the time he was gone, but said he remembered some one giving him food from time to time and eating growing things from the fields.

Chaplin Considers Direction of All British Pictures
 London, May 28.—(AP)—Charles Chaplin is reported to be considering an offer by the British government to direct "an all-talking motion picture of national significance."

Investigate Death Reidville Woman
 Reidville, May 28.—(AP)—Mrs. Albert H. Waycaster, 55, was found dead on the floor of her bedroom here early today and coroner C. E. Barton ordered an investigation, saying he was not satisfied with family statements that the woman died from an internal hemorrhage.

The London Daily Sketch said today that negotiations had been in progress between the screen comedian and the foreign office for three months. He has suggested the picture be called "London" and deal with the romance of the British capital, and plans are now being carried forward to that end.

ABOUT TOWN

With college and high school commencements coming the same week, Greenville people will be kept busy the next several days attending the exercises of both schools. The baccalaureate sermon will be delivered at the college next Sunday morning and at the high school during the evening.

This will give church-goers ample opportunity to hear some of the leading ministers of the state, men who for years have stood at the top of the religious and educational ranks.

Both institutions have had a highly successful year despite the perplexing situations which have arisen at times, and the finals will see scores of young people either going out into life to take up their duties or registering at high schools of learning.

The college is recognized as one of the leading institutions for the training of teachers in the south, and members of the faculty are to be congratulated upon the splendid success they have been able to achieve the last few years.

The high school students have been recipients of many honors in different branches of training in a state and national way and will bring the spring term to an end with probably one of the most outstanding records in history.

The celebration of "National Cotton Week" during the first of June, is of especial significance to the people of the south in that it tends to encourage the consumption of more of the fleecy staple.

With consumption far behind production something must be done to improve the contract, and the only way to do it is to induce the people to purchase more liberally of cotton made goods.

The development of the manufacture of cotton materials the last several years has been of an amazing nature, and hundreds of dress materials on the market at this time go to show that manufacturers are doing to meet competition of the silk market.

Should people realize that their future economic success will be largely determined by the cotton trade, it is possible the demand for goods of this kind in the years to come would far exceed anything of the past.

Everybody is urged to keep "National Cotton Week" constantly in mind and do his bit toward making it the great success the promoters hope it will be.

Scores of workmen will be thrown out of employment indefinitely as result of the fire which destroyed the planing mill at Elizabeth City Tuesday night.

This fact is to be regretted because if there is anything needed in this nation at this time it is employment.

Every time a man loses his job it only tends to increase the problems of community life, and it should be the purpose of organizations everywhere to do everything they can to promote employment.

Lack of work has produced one of the most acute situations in history in all sections of the country, but continued letting of contracts for government work will have a tendency to improve conditions in months to come.

Fire which destroys sources of employment is every regrettable at this time for the simple reason of its effect on unemployment and the difficulty of restoring property because of the stringent financial situation.

People in all walks of life will find something to appeal to them among the various business houses of Greenville, and they are invited to visit the city in the future to inspect the offerings.

Merchants here have labored untiringly in past years to convince the trading public of the importance of the city as a shopping center, and this has enabled them to lay claim to the distinction of being the principal shopping center of Eastern Carolina.

needed for the vacation season at prices which will compare favorably with the largest shopping districts of the country.

Presbyterians Meet At Montreat, N. C.

By MILES H. WOLFF
 (Associated Press Staff Writer)
 Montreat, N. C., May 28.—(AP)—Weighty problems faced the General Assembly of the Presbyterian church in the United States as it convened here today in its 71st session.

Appeals to withdraw from the Federal Council of Churches of Christ in America because of approval of birth control measures, protests against proposed merger with other Presbyterian groups in the United States and proposals for general cuts in salaries of assembly employees were among 92 overtures to be presented.

Announcement that he would reopen the controversy involving the faith of the Rev. Hay Watson Smith, D. D., pastor of the Second Presbyterian church of Little Rock, Ark., was made by the Rev. W. M. McPheeters, D. D., of Decatur, Ga.

The first business of the assembly, however, was the selection of a moderator to succeed the Rev. Thomas W. Currie, D. D., of Austin Tex. This was scheduled for this afternoon.

Dr. Currie's sermon, which opens the assembly this morning, is on the subject, "Repent, for the Kingdom of Heaven is at hand."

The assembly, scheduled to be held in the school of the Ozarks, Hollister, Mo., was changed to Montreat by the moderator.

The church, with membership in 17 states, owns 4,000 acres of mountain property, high in the Blue Ridge chain. A modern hotel and an assembly hall seating more than 2,500 are among the church's holdings here.

Pittsburgh, May 28.—(AP)—The general assembly of the Presbyterian church in the United States began its deliberations today freed of the responsibility of either approving or condemning a committee report recommending qualified acceptance of birth control as a matter of church policy.

Overwhelmed with protests from Presbyterians throughout the country, the assembly special committee on marriage, divorce, and remarriage ended all-day executive sessions yesterday with a decision to eliminate from its report that section urging approval of birth control when practiced because of economic necessity or because of maternal health.

Within the next six days the assembly is expected to take further action toward organic union with the Methodist and Reformed churches, already tentatively approved.

Salisbury Youth Killed By Truck

Salisbury, May 28.—(AP)—Charles Craig Kennedy, 4-year-old son of Mr. and Mrs. W. D. Kennedy, was instantly killed here today when struck by a truck driven by R. P. Lookadoo, of Bostic.

Lookadoo was hauling material for a construction company that is building the Salisbury-Morrisville highway. He said the child ran across the street into the truck and was run over by the rear wheels. An inquest was ordered for later today.

Engineer Kills Himself in N. Y.

New York, May 28.—(AP)—Colonel Gustave R. Tuska, 61, a consulting engineer of national prominence, committed suicide at his Park avenue apartment today.

He fired a .32 calibre bullet into his right temple. Mrs. Tuska and servants, awakened by the shot, found his body, clad in his pajamas, sprawled on the floor of the bathroom. He had been ill for a year.

At one time in his career Colonel Tuska was resident engineer for the Knoxville, Cumberland Gap and Louisville Railroad Company.

AGED ROCKY MOUNT MAN PASSES AWAY

Rocky Mount, May 28.—(AP)—H. M. Finch, 70, a pioneer resident of Rocky Mount, died here today after a protracted illness.

For eleven years Finch was secretary of the Y. M. C. A. here and during the world war served overseas as a Y secretary.

NEW STATE HIGHWAY COMMISSION MEETS

Raleigh, May 28.—(AP)—The new State Highway Commission met in executive session today with E. B. Jeffers of Greensboro, chairman, presiding.

Just before the meeting started Mr. Jeffers and W. W. Neal of Marion, both members of the General Assembly which adjourned yesterday and who resigned yesterday afternoon, were sworn in by Associate Justice Clarkson of the State Supreme Court.

dominate his actions in affairs of state to their advantage.

was named after the late James J. Hill, "Empire Builder" of the northwest and had been in service for three years. Interiors of many of the coaches were wrecked.

Minister Not Concerned Over Recent Charges

Montreat, N. C., May 28.—(AP)—The Rev. Hay Watson Smith, D. D., of Little Rock, Ark., said here today he was not "greatly worried" over a charge that he had been received into the Presbyterian ministry in violation of that church's constitution.

"The charge is inexpressibly foolish," Dr. Smith said. "I don't know what the General Assembly is going to do and don't greatly care."

"The General Assembly is now in session here."

The Rev. W. M. McPheeters, D. D., professor at Columbia Theological Seminary, Decatur, Ga., has announced he will seek to have Dr. Smith discharged from the ministry on the grounds that his ordination was not in accord with the church's constitutional requirements.

Dr. Smith was cleared last fall by an Arkansas committee which investigated charges that his faith was "unsound."

"Dr. McPheeters says the southern church has come to a crisis," the Little Rock minister said. "It is only this crisis: To determine whether or not a minister will be allowed to think."

Dr. Smith described Dr. McPheeters as a "legalist" who refused to countenance any divergence from "seventeenth century doctrines."

He said he had not only been cleared by the Arkansas commis-

sion by a vote of five to two, but that his Presbytery and his Synod had stood "squarely behind me."

Queen Helen Plans Period of Exile

London, May 28.—(AP)—Queen Helen of Rumania is represented as being reconciled to the bitter fact that she soon must leave her adopted country and her 9-year old son, Crown Prince Michael.

She is quoted by an Englishwoman friend here as having said recently in Bucharest that she probably would go into voluntary exile as soon as the new Rumanian Parliament is convened. She said she would live either in France or Italy.

"No choice is left for me," she said, "as between humiliation and departure. I have chosen the latter—that is to say, I have resigned myself to what had to come sooner or later. I could do nothing."

"My life has been a sad one for years and now I am going out into the dark. There is no key to my fortune. I have lived in enforced retirement for a full year now and I shall live the life of a recluse henceforward."

"My dear boy Michael was unconsoled when I told him what my life is to be. I never saw despair written more deeply on the face of a child. I don't know where or how I shall be seeing him. That is my profound sorrow."

King Carol, then Crown Prince, deserted Helen in 1922 for other loves, among whom was the red-haired Mme. Magda Lupescu. After his renunciation of his royal rights, she divorced him and led a life of seclusion. He returned to claim the throne in June, 1930, but Helen refused to be reconciled.

Statesville, —(AP)—Miss Carolina Pass, of Mocksville, won first place in the 17th district essay contest sponsored by the North Carolina Cotton Grower's Cooperative Association.

SPEED KINGS MAKE FINAL TESTS TODAY

Indianapolis, May 26.—(AP)—Automobile parts were scattered all over the garages at the Indianapolis Motor Speedway today as starters in the 500-mile race to be run Saturday were given their final thorough inspection.

Most of the drivers—among them the world's most famous pilots—merely looked on as their mechanics reached into the power plants to make certain that everything was in correct adjustment. A few put on jumper suits and gave their mounts personal attention.

All of the cars were due for a short run on the track some time during the day to check carburetion, shock absorbers and performance at the speed each has set for himself during the long run. The track was to be closed at 4 p. m. for its annual chemical bath to remove oil and other hazards.

Qualification and elimination trials began last Saturday and ended yesterday, and out of them came the fastest field that ever won places in the starting lineup of a 500 mile race. Thirty-eight of the thirty-nine gasoline powered cars averaged better than 100 miles an hour, the exception missed the century mark by only a fraction of a mile an hour.

The fortyeth car in the race is the Cummins oil burner, which qualified at 96.871 miles per hour. It had only to do 80 miles an hour under the rules, while the gasoline motored type had to attain a minimum of 90 miles per hour.

Four of the successful entries have 16-cylinder motors. Thirty others will get their power from the 8-cylinder type that has prevailed in number for years over all other type engine. Six others have 4-cylinder motors.

The qualification trials disclosed that part stock cars have been speeded up considerably since last year. Ten of the starters Saturday will be part stock. There will be only four front drive speedsters, among them Billy Arnold's winner; mount of last year, which he again will pilot, and the first racer of that type, introduced in 1925.

Veterans of years' race driving and youngsters who are just beginning to make names in the speed world will pilot the cars Saturday. In the class of nationally known drivers are Billy Arnold, Russell Snowberger, Shorty Canton, Leon Duray, Louis Meyer, Babe Stapp and Ralph Hepburn. The up and coming youngsters include Wild Bill Cummings, Francis Quinn, a west coast sensation last year, and Billy Winn.

Utmost Skill To Be Demanded in the Big British Open

Carnoustie, Scotland, May 26.—(AP)—Great stretches of sandy waste, high sand dunes and more than 300 yawning traps will demand the utmost skill and accuracy from the 214 entrants, including 13 from the United States, who tee off in the qualifying round of the British open Monday over the "old course" here.

Most courses may be lengthened for championship play, but Carnoustie, unlike most modern courses, is "left to right" layout most of the way, with the out of bounds regions generally on the left side of the fairways. This is calculated to give the players more confidence.

Though there is a world of trouble lurking on the fairways, the greens afford a haven for the golfer who sends his shots true. For size, beauty and texture of turf combined with evenness of pace they are unsurpassed anywhere in the world.

Par for each nine of the "old course" is 36, with 3,328 yards going out and 3,373 coming in. There are only three par-three holes on the course, and one of them, No. 14, measures 235 yards from tee to flag. What the layout has in abundance is long par-four holes, with traps strewn freely about and tall grass and woods on either side. A poorly hit shot almost always is costly.

Seven of the first nine holes are of the par-four variety, with three of them stretching over 400 yards. There are five more on the way in measuring 467, 428, 424, 406 and 352 yards. The longest hole on the course is the sixth, a dog-leg affair of 521 yards. The shortest is the par-three thirteenth of 135 yards.

Fights Last Night

New York—Jimmy McLarnin, Vancouver, B. C. outpointed Billy Petrolle, Fargo, N. D. (10).

Philadelphia—Billy Jones Philadelphia, stopped Willard Dix, of California (2).

Boston—Leo Larive, Waterbury, Conn. outpointed Sam Bruce, of Buffalo N. Y. (10).

Quebec—Hito Sanstel, Norway, outpointed Benny Brestoff, New York. (10).

Kansas City—Babe Hunt, Oklahoma City, outpointed Walter Cobb Baltimore, (10).

MEET IN DAVIS CUP MATCHES

The United States' Davis cup team, winners of the North American zone title, will clash with Argentina, South American champions, in Washington. Lucilo Costello and Adriano Zappa (above, left to right) are Argentine players. Sidney B. Wood, Jr. (lower left), and Frank Shields (lower right) will play for America.

GIANTS REACH TOP PLACE IN THE NATIONAL

By GAYLE TALBOT, Jr. (Associated Press Sports Writer) It's been a long, hard haul for John McGraw and his New York Giants, but they finally have reached the top of the National League percentage column.

After having flirted with the leadership for a week, during which common sense at times told them they were ahead but the figures told them differently, they moved the last doubt by trimming the Boston Braves yesterday 7 to 4, while the St. Louis Cardinals were receiving a blanking from Pittsburgh, 4 to 0.

The Giants were out in front by a game and a half today, despite the fact they were several points behind the Cards before yesterday's momentous proceedings. It is the first time the Red Birds have been disclosed since the race began. The first time, in fact, since the latter stages of the 1930 marathon.

Boston's third straight loss to the G-men, cost Bill McKeehan's hopefuls their hold on third place. The Chicago Cubs, by downing Cincinnati 5 to 4, moved in.

After having seen their lengthy winning streak clipped the previous day, the Philadelphia Athletics got right back on the victory trail with a 6 to 5 decision over the Yankees. Cochrane contributed his eighth home run of the year.

Walt Johnson's Washington Senators took advantage of the opportunity to move into second place. Their double victory over the Boston Red Sox, 11 to 3 and 4 to 3, put them a game ahead of the Yankees and four and a half games off the top.

The Chicago White Sox swept a double header with Detroit by the scores of 5 to 4 and 10 to 1.

The Cleveland Indians produced a similar punch in the ninth round to take their third straight from St. Louis 5 to 4. Wes Ferrell went the route to win his seventh game.

Brooklyn and Philadelphia were no scheduled in the National.

How One Woman LOST 47 LBS. In 3 Months and Feels Years Younger

Mrs. S. A. Solomon of New Bern, N. C., lost 47 lbs. in 3 months with Kruschen Salts. She reduced from 217 to 170 lbs. She feels much stronger, years younger and pains in side, back and abdomen that bothered her for years are all gone. She says she not only feels better but looks better as all her friends tell her.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it."

A bottle of Kruschen Salts that last 4 weeks costs but 85 cents at druggists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help—out on pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back.

CAPS MAKING BIG BID FOR MIRACLE NINE

By PAUL SIMMONS
Charlotte, May 26.—(AP)—The Raleigh Caps, having stolen the thunder of the Charlotte Bees and grabbed the league leadership, are making a bid for the title of "miracle nine" of the loop.

Various and sundry shut-out victories and one no-run, no-hit affair decorate the league records for the season, but aside from the no-run, no-hit achievement of High Point, nothing has happened quite like what occurred last night at Henderson.

The Caps rode the Gamecocks for a shut-out and to make it impressive piled up a score of 12 to 0. Any team that can handle Jimmy Tague's crew like that must be pretty good.

Lefty Chambers, a new luminary in the constellation of Cap mound aces, limited the Birds to three bingles in as many innings and to make himself a little more solid with the fans tapped out a homer.

It was the sixth straight victory for Strain's boys. Their mounting percentage looks just now like a ladder that might lead to the throne room.

But it's no use speculating what may happen in these many weeks before the season ends. The Hornets, who are just a game and a half behind the Capitols, celebrated the initiation of night ball in Charlotte last night by taking a 4 to 2 decision from Asheville before 4,500 cash customers.

Greensboro made it three wins in a row by trampling the Durham Bulls 10 to 3 in the Gate City. Ostermuller was in the starring role, yielding the Bulls seven hits, while his team collected twice that number.

McLarnin Wins Over Petrolle

New York, May 26.—(AP)—Jimmy McLarnin's comeback by way of a decisive victory over Billy Petrolle satisfied the master minds of fightdom today that there are still plenty of customers available providing they have the proper fistic inducement.

There was not the slightest sign of depression as a crowd of 18,000 packed Madison Square Garden to see McLarnin turn the tables on Petrolle last night and gain the unanimous verdict of Referee Arthur Donovan and two judges after ten automatic bystanding and mediocre rounds of scuffling.

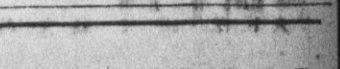

The gate receipts of \$32,377 set a new "high" for 1931 and stimulated a feeling of prosperity in garden circles that has not been manifest in many a moon. It demonstrated once again that McLarnin is the greatest drawing card in New York rings for his weight and inches. McLarnin waged a cool and calculating fight, designed to frustrate the rushes of Petrolle. Despite an injured right hand,

Jimmy's plan of campaign was sufficiently effective to give him a clean sweep of the ten rounds.

Ends Any Kind of HEADACHE ...in few minutes!

Why put up with a miserable headache when a single dose of Capudine will relieve pain in a few minutes and freshen you up like new? Being liquid, Capudine works in one-third the time of ordinary forms. No harmful drugs.

Make This Test... Next time you have a headache, go to your drug store and get a bottle of Capudine, or take a dose at the soda fountain. Then time the action. Note how quickly pain disappears and you "pep" right up. In 10, 20, 30, 60 seconds or by the dose at drug stores or by mail.

Market Report Cotton--Stocks--Grain

N. Y. COTTON

New York, May 28.—(AP)—Cotton opened steady today influenced by relatively easy Liverpool cables and reports of good weather in the south.

There was considerable July liquidation believed to be partly for continental account which sent the price off to 8.45, but it was absorbed by covering and trading buying as this figure, while the decline to 9.03 for December was also checked by an increased demand which seemed to come from the trade and shorts. This was sufficient to steady the market but rallied 5 or 6 points seemed to meet continued liquidation with the market showing net losses of about 4 to 6 points at the end of the first half hour.

A private report was published pointing to a decrease of 9.2 per cent in the acreage and estimating that 80 per cent of the crop had been chopped out compared with 75 per cent last year. Liverpool cables reported continental selling absorbed by trade calling and covering in that market.

GRAIN MARKET

Chicago, May 28.—(AP)—Helped by stock market rallies, and by improved export demand for North American wheat, grains developed strength today.

It was announced that the United States Government organizations had sold 25,000,000 bushels of wheat which the Farm Board recently stated would be disposed of for shipment overseas, and that further sales were under way.

Wheat closed irregular 1-4 off to 7-8 to 1 up; corn 3-8 to 17-8 advance; oats at 1-8 decline to 1-4 gain; and provisions unchanged to 10 down.

STOCK MARKET

New York, May 28.—(AP)—The market showed further uneasiness in today's stock market, but share prices were unable to show sustained rallying power.

Shares moved up 1 to 3 points after a brief decline in the first hour, only to encounter further selling pressure after mid-day. Resistance to the downward movement soon developed.

U. S. Steel dropped 2 points to another new low close to 90, regained its loss, sold off, and recovered again. Utilities, chemicals and motion picture shares were prominent in the advance.

The upturn in the severely depressed motion pictures was a notable development. Warner Bros. and Loew's gained more than 11-2 points and Paramount and Fox gained 1.

At their best prices, shares showing gains of 2 to 3 points included American Telephone, Johns Manville, Public Service of N. J., Consolidated Gas, Air Reduction, Lambert, Union Carbide, Union Pacific, Westinghouse Electric, Case, Eastman and American Tobacco B.

Regarding individual stocks, the strength of Westinghouse was attributed to news of a \$9,000,000 order from Pennsylvania Railroad, and sharp cutting of expenses. Warner Bros. responded to a report that the Warners had provided a \$5,000,000 loan from their personal fortunes to obviate new financing. Motion picture companies have been drastically cutting expenses, and Warner Bros. and Paramount which have been at odds for about a year, are understood to be renewing their interlocking arrangement.

Midwest broke sharply on omission of its semi-annual dividend of \$1.2 cents. This reflects the low level to which railway equipment buying has fallen. If the carriers do obtain relief through higher freight rates, it is not expected for several months.

Call money held at 11-2 per cent and it was widely reported that large banks have agreed to hold it at that level. Nevertheless, there were still outside offerings at 1 per cent.

Fascist Students Destroy Picture of Pope Pius XI

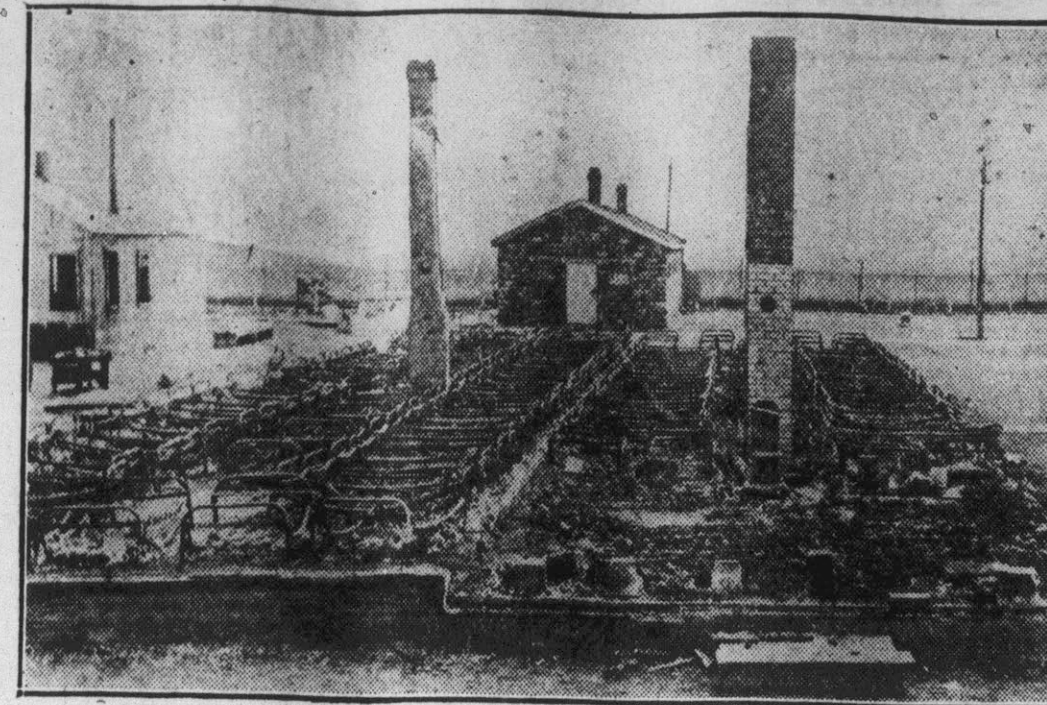

Rome, May 28.—(AP)—Destruction of a portrait of Pope Pius XI by Fascist students during an attack on a Catholic publishing house cast new fuel today on the smoldering resentment of the aviators toward the Italian government.
The young blackshirts stormed the headquarters of Civiltà Cattolica last night, stoning the windows and committing other depredations. They tore an oil painting of the pontiff from the wall, carried it into the streets and trampled on it, crying meanwhile:
"Here is a traitor to his country."
Heaving copies of the book "Il Papa" (The Pope) out of the windows, they took them to the Piazza Colonna, near the foreign office, and consigned them to a bonfire, together with copies of Osservatore Romano, the paper which has been publishing accounts of purported Fascist indignities.
The march on the publishing house was without interference by police. Later, authorities dispersed the students as they broke into small groups and began parading the streets, shouting deprecatory remarks against the church.
The incident was expected to lead to an exchange of notes between the Vatican and the government and perhaps to complicate an already strained situation.

TWO RUM MAKERS TAKEN IN GUNFIGHT
Greensboro, May 28.—(AP)—The capture of two men in Allegheny county by prohibition agents after a gun battle was reported to district enforcement headquarters here today.

The dry agents reported the door to their automobile was shot off by Gauthier Rash and his son, Sherman, who were captured. Four distilleries were destroyed.
The capture of Arthur Parlier, of Wilkes county, also was reported.

RIOTING ILLINOIS CONVICTS BURN DORMITORIES

Four wooden dormitories were burned and four prisoners were wounded during rioting at the Illinois state prison farm at Vandalia. The ruins of one of the buildings are shown above. The outbreak started when four prisoners made an unsuccessful attempt to escape.

Indian Manager Says a Few Things About the Athletics

By PAUL MICHELSON (Associated Press Sports Writer)
Cleveland, May 28.—(AP)—A bunch of American League baseball leaders were gossiping in the office of Billy Evans, general manager of the Cleveland club, when one of them reflected:
"Darned if I see how these A's win baseball games so easily. They don't stem from a whole lot and very few sports writers pick them to repeat this year. What about it, Billy?"
"It's only this," replied Evans. "All the A's have is the greatest catcher baseball ever saw in Cochrane, two pitchers in Grove and Earnshaw who can pitch almost every day of the week and keep it up, the greatest two-man batting punch in the game with Simmons and Foxx and a whole lot of smart baseball players to complete the cast."
"You know," Evans went on, "I used to think that some of these days Grove and Earnshaw would get dead-armed by pitching so much. But I have changed my mind. They are the equal of five good pitchers and will cop the pennant again for Connie Mack. Their pitching is effortless and they can keep it up. They are different from most of the pitchers who sweat and squirm for nine innings. They just breeze along."
"And Cochrane? I once thought Ray Chaikh was the greatest catcher baseball ever had, but I've changed my mind. It's Cochrane. He can do everything Chaikh did, is faster and can hit much better. The nether are: Al Simmons and Jimmy Foxx. They comprise the greatest two-man batting punch in the game and I don't except Babe Ruth and Lou Gehrig."
"Once in awhile I dream that

the A's have sent those fellows to Siberia or some place. It wouldn't make any of the rest of the clubs too angry in this league."
When the American League campaign began, Evans, generally regarded as one of the best forecasters in the game, predicted the Athletics with New York and Washington next. He picked his own club, the Cleveland Indians, for fourth.
"We've just had a long losing streak," he said, "but I still think the Indians will finish fourth, no higher, no lower. We've got over our slump and I think we'll be tough from now on. The Willie Kamm-Lew Pinesca deal has helped us, I think."

APPOINTMENTS OF SPONSORS FROM THE OTHER 10 SOUTHERN STATES IS EXPECTED SHORTLY.

Distinguished Radical London—James Maxton, a leader of English radicals, is a lineal descendant of the man who inspired "Robinson Crusoe." An ancestor, Alexander Selkirk, was wrecked on the island of Juan Fernandez.

No Windows Vatican City—A new art gallery in the Vatican is to have skylights and no windows. Professor Bigais Biagetti, the director, has visited various museums in Europe to study the best methods for custody and preservation of pictures.

To Give Paris a Tip Ridgewood, N. J.—Miss Elizabeth Hawes, who resides here, hopes to show Paris a thing or two about fashions. Her American creations of evening gowns, travel suits and bridal outfits are to be exhibited in a style revue in Paris.

Auto Runs 59 Miles On Gallon of Gas

Automobile engineers who worked for years in an effort to reduce gasoline consumption have found the solution in a marvelous invention that fits all cars. An actual test made by one of the engineers showed 59 miles on a gallon of gas. Thousands of car owners have already installed this new invention. They not only report amazing gas savings but are also surprised to find quicker pick-up, instant starting, smoother running motors and more power. The Whirlwind Mfg. Co., Dept. 704-S, Station C. Milwaukee, Wis., for a limited time is offering a free device to those who will help introduce it. They also need men everywhere to make up to \$100 weekly in their own territory taking care of local business. Write them at once for free sample and big money making offer.—Adv.
