## SEEK TWO MEN FOR SLAYING OF N. Y. GIRL

### Nassau County Officers Trailing Suspects in Death of Miss Starr Faithfull

New York, June 10.—(AP)—Two men, one of whom was described as a prominent politician, were sought today by District Attorney Elvin E. Edwards of Nassau county, for the slaying of Miss Starr Faithfull, whose body was found Monday on the surf at Long Beach, Long Island.

Edwards said the men had been seen in the company of the 25-year-old girl after she left her home on 12 St. Lukes Place, a few doors from the residence of Mayor Walker, last Friday.

The killing occurred in New York, the prosecutor said, after which the girl's body was placed in an automobile, taken to Long Beach, transferred to a rowboat and dropped into the ocean. Long Beach is about 25 miles from Manhattan.

Edwards said the girl had been assaulted.

After questioning Stanley Faithfull, the girl's stepfather, her mother and sister, Edwards departed for Boston with Police Inspector Harold B. King, intimating before they left that one of the men sought was from Massachusetts.

Miss Faithfull was the daughter of Frank W. Wyran, 2nd, Boston merchant. His marriage to the girl's mother, the present Mrs. Helen Faithfull, was terminated by divorce in 1924.

Before Edwards turned his search to persons ashore, police were examining a theory that Miss Faithfull might have fallen or been thrown from an outboard liner.

Police said they learned that a young woman answering her description had been seen on the Cunard Line pier on the day Miss Faithfull disappeared after leaving her home ostensibly for a shopping trip.

Martin W. Littleton, Jr., assistant district attorney of Nassau county, said he learned that shortly before the Mauretania sailed on a week-end cruise to the Bahamas, Miss Faithfull was escorted off the ship by a steward and placed in a taxicab. She was described as being intoxicated.

Two weeks ago a woman, who police believe was Miss Faithfull, was put off an outboard liner when it was found she had no ticket. At that time, police said she became hysterical when transferred to a tug and cried.

"Kill me. Throw me overboard."

## Nine American Women to Attend English Court

London, June 10.—(AP)—The fourth royal court of the season at Buckingham Palace tonight will see nine American women follow in the footsteps of those who were presented to King George and Queen Mary last night.

The scarlet and gold room of the palace was a bower of white and pink roses for the court. Royal circles were well represented with the Duke of Gloucester, Prince George, Princess Mary, Lord Harewood, the Earl and Countess of Athlone and Lady Mountbatten in attendance.

Queen Mary was a stately figure, attired in a gown of Easter blue with a train to match. She wore the ribbon of the garter across her corsage and a glittering collection of diamonds in her tiara.

Presentations totaled 400. Eight American matrons and debutantes were presented by Mrs. Charles G. Dawes, wife of the American ambassador.

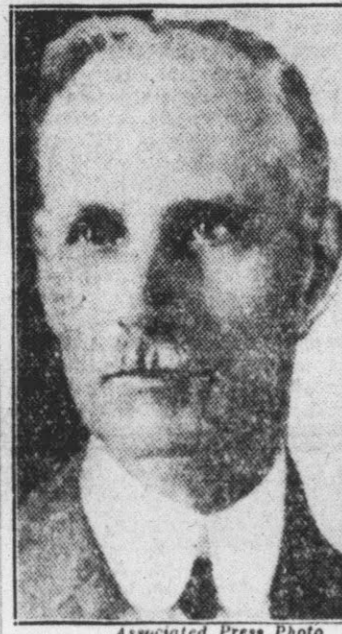

## Meteor Causes Damage in Indiana

Toledo, Ohio, June 10.—(AP)—Heavy earth shocks caused by the falling of a large meteor or by the blast of some powerful explosive shook northwestern Ohio and eastern Indiana early today.

Thousands of persons were awakened by the shock and windows were broken in houses at a considerable distance from the place where either a meteor struck the earth or where an explosion occurred.

## FLOWER SHOP TO OPEN HERE

### Greenville Floral Co., to Throw Open New Department During Thursday

The New Flower Shop of the Greenville Floral Company has been completed and decorations are busy today arranging colorful displays of flowers for the opening tomorrow from 4:30 to 10 p. m.

The Flower Shop is located in the front of the residence of L. S. Spence, owner of the Greenville Floral Company, and is considered the latest thing in effective display of flowers. The display room is a thing of beauty with its artistic decorative features, and has been described as one of the most elegant places of its kind in this part of the county.

Mr. Spence said today they had done everything possible to give to the city a flower establishment in keeping with the community development and hoped the public would attend in large numbers and see what had been accomplished in this direction.

The Flower Shop is located next door to the greenhouses on East Third street. The entire front of the residence had to be remodeled to carry out the display room idea. Two work rooms are located in the rear of the display department and here all orders will be filled and prepared for delivery.

The display room decoration represents the new trend in flower shop appointments. The more progressive florists of the country are recognizing the modern tendency to do things differently, and are getting away from the old method of the formal flower store display.

Arresting effects characterize the new public decoration. Following this vogue, the new Flower Shop is strikingly effective. It has an atmosphere of informality which provides an appropriate background for colorful groupings. Its decorations will permit of frequent changes in the displays which will give variety throughout the year.

Miss Leila Higgs was the decorator. At the opening tomorrow there will be a showing of cut flowers and ferns. Flower-lovers will be especially interested in the clever arrangements of bouquets in baskets, jars and other containers.

Mr. Spence said the public was given a cordial invitation to attend the opening of the new department, and take advantage of the opportunity to see what is being done to develop the flower industry in this community.

Among those who are to deliver addresses are Leon Cash, Winston-Salem; E. J. Caffrey of Charlotte; A. K. Moore of Greensboro; Julian Miller, editor of the Charlotte News; W. A. Biggs of Durham; Charles Brenizer of Charlotte, and O. K. LaRoque of Raleigh, deputy state insurance commissioner.

## Five Officers and Thirty Men Saved Following Sinking of British Undersea Craft in Collision With Chinese Steamer in Yellow Sea; Twelve Believed to Be Dead

Weihaiwei, China, June 10.—(AP)—Twenty fathoms under the Yellow sea, eight men in the sunken British submarine Poseidon awaited helplessly today while on the surface desperate efforts to rescue them proceeded.

The mother ship Medway was able to maintain communication with the submersible while the naval vessels Hermes and Cumberland worked with a Japanese salvage ship to raise the bulk off the bottom. Naval officials believed they could do that within a few hours.

The eight men still living were believed to be the only ones of the eighteen missing after the submarine collided with the Chinese steamer Yuta 21 miles north of this port, shortly after noon yesterday.

The other ten were believed to have been trapped in one of the compartments from which rescue would be virtually impossible even if they were still alive.

Five officers and thirty men were saved six of them popping up through the water within four hours after the disaster. They had used the Davis escape apparatus as used to British submarine crews only recently. Two of them died shortly after they were taken out of the water and one of the remaining four is still in a critical condition.

Weihaiwei, China, June 10.—(AP)—The story of six men who made a remarkable escape from the British submarine Poseidon after it had sunk in the Yellow sea yesterday was revealed today.

Two members of the crew emerged from the submersible two and one half hours after it had been struck by the Chinese coastal steamer Yuta and four others reached the surface more than three hours afterward, all through the Davis escape apparatus.

They were picked up by boats from British warships, attached to the British Far East fleet.

Whether or not these rescues affected the casualty list was not known. The British admiral said eighteen men were missing and that 31 were saved, two of whom later died from their injuries. Other advices said there were only 18 aboard.

The Poseidon's parent ship Medway, the aircraft carrier Hermes and the cruisers Berwick and Cumberland went to the scene, ten miles off the north shore of the Shantung peninsula, and located the wreck in about 120 feet of water.

The cruiser Suffolk with Admiral Kelly was en route from Hankow and the warship Beaver will be sent (Continued on page two)

## LIQUOR CASES CROWD COURT

### Several Defendants Sent to Roads by Judge W. L. Whedbee Yesterday

Violators of the 18th amendment featured yesterday's session of the County court and numbers either found their way to the roads or were released on payment of fines.

Fred Joyner, charged with possession of liquor for sale, was sentenced to 90 days on the roads.

Andrew Simmons paid a fine of \$10 for operating an automobile without license.

William Langley paid a fine of \$25 for illegal possession of whiskey.

James Tyson, given the choice of a fine of \$25 and cost or 90 days on the roads, accepted the road sentence.

Peck Brown, charged with manufacturing home brew, was fined \$50 and cost and given a two years' suspended sentence to the roads.

## Says England Will Not Make Move Toward Any War Debt Conference

### Prime Minister MacDonald Asserts Proposed Cancellation of the Reparations Would Not Serve Useful Purpose; Aristide Briand Opposes Plan of Germany to Re-open Negotiations on International Debts

London, June 10.—(AP)—Prime Minister Ramsay MacDonald told the House of Commons this afternoon that the government has no present intention of making any moves toward an international war debt conference.

Asked by a Conservative member whether he considered "calling a conference of the powers interested in international settlements with a view to mutual cancellation of obligations on the largest possible scale," the Prime Minister replied: "The attitude of this country in regard to war debts of well known would not in the present circumstances serve any useful purpose."

No conclusions or decisions were reached in the British discussions with Chancellor Brüning and Dr. Julius Curtius, German foreign minister, during the visit that has just ended other than those set forth in the communique issued after the Chequers conference. Mr. MacDonald told another questioner:

"These discussions took, as always had been intended, the form of a general exchange of views," the prime minister said. He added that the government had great pleasure in accepting the invitation of the Germans to himself and to Arthur Henderson, foreign secretary, to pay a return visit, the date for which has not yet been fixed. Despite pressure from various sources on the House of Commons the prime minister declined to go further in elucidating the Chequers discussions.

Paris, June 10.—(AP)—Foreign Minister Aristide Briand is opposed to an international conference to revise Germany's war reparations payments.

He told the Chamber of Deputies yesterday that the nation need not be alarmed over the Anglo-German conference last week-end, for he would be on his guard against any attempt to re-open the subject.

"The Young plan has been recently applied," he said. "There can be no question of revising it since it has a definite character. It contains within itself definite possibilities for Germany. She will use them, perhaps—it is to her interest to do so."

"But from that to proceed to talk of a new international conference on the debt question is a long transition. Be sure that France's (Continued on page two)

## Group Of Business Men Provide Recreation For Children This Summer

### Westbrook Property and Swimming Pool and Golf Course at Corner Fourth and Washington Streets to Be Thrown Open As Playgrounds During Next Week; Albert Osborne to Direct Activities

Recreation will be provided children of Greenville this summer as result of action taken by a group of business and professional men here this afternoon.

Meeting at luncheon at the noon hour, the group accepted the offer of Messrs. M. K. and J. H. Blount, owners of the Westbrook estate and the golf course at the corner of Fourth and Washington streets, that the committee take over the properties and operate them as places of recreation during the summer months. The offer included the swimming pool on the Westbrook estate.

Mr. Albert Osborne, director of the Junior Room activities in this city and a registered life-saver with the National Life Saving Council, has been employed to take charge of the program. James S. Ficklen is chairman of the committee, and D. J. Whichard, Jr., is secretary and treasurer.

The committee at the present time, which will be enlarged later, consists of the following men, in addition to the officers named:

R. J. Slay, J. B. Kittrell, J. H. Waldrop, B. B. Sugg, Dr. R. S. McGeachy, Berry Bostic, Francis Bowen, M. K. Blount, C. W. Shuff, J. J. White, B. W. Moseley, Ralph Garrett, J. L. Kilgo, Frank W. Brown, C. W. Howard, J. H. Rose

Details of the program will be worked out by a committee composed of Messrs. Ficklen, Shuff and Rose.

A general policy committee was also appointed and is composed of Dr. McGeachy, and Messrs. Slay and Moseley.

The general committee has agreed to underwrite the program for the first month financially, and is to guarantee the operation of the golf course and swimming pool.

The committee is very anxious that all of the citizens of Greenville have an opportunity to make a financial contribution to the program. Contributions should be sent to D. J. Whichard, secretary and treasurer.

A committee consisting of Dr. McGeachy, Messrs. Bostic and Bowen appeared before the Water & Light Commission last night regarding the securing of reduced rates for the water used in the (Continued on page two)

## HOUSE SEES VICTORY FOR DEMOCRATS

### Advisor to Late Woodrow Wilson Declares People Looking to Democrats

Manchester, Mass., June 10.—(AP)—From the seclusion of his summer home overlooking the waters of the north Atlantic, Col. Edward M. House is keeping his ear to the political ground.

Through the medium of extensive correspondence with political friends in all parts of the nation, but particularly in the west and southwest, the man who was for years President Wilson's trusted and confidential advisor, finds, he says, the portents point to a Democratic victory next year.

"If the election was to be held next week, the country would go overwhelmingly Democratic," he said today during a discussion which included the tariff and international problems.

"The people are looking for a Democratic president," he asserted, and reiterated his preference, expressed last week, for Franklin D. Roosevelt, governor of New York. He and Roosevelt are friends of many years since both were associated with the Wilson administration and House regards the governor as the "most available" of all potential candidates for the nomination.

House, who describes himself as a "moderate wet," declared Roosevelt is "the only available wet who is politically acceptable to the drys."

He said he felt that the Smoot-Hawley tariff undoubtedly played a part in creating the economic depression and termed it "one of the most disagreeable" ever enacted by any party.

It has put this country's relations with foreign governments on "an irritating basis," he said, and would undoubtedly be lowered by the Democrats if they were victorious.

Despite his years, he carries on a heavy daily correspondence. Those to whom he writes include world famous figures on both sides of the Atlantic, many of whom he met while President Wilson's personal representative to various European capitals, as a member of the Supreme War Council, the council which drafted the peace treaty and the commission which evolved the covenant of the League of Nations.

This is Col. House's 36th summer on the Massachusetts north shore and he plans to pass it as he has most of his previous ones. Walking and motoring his his only recreations. He does not golf nor play tennis and considers the ocean hereabouts much too cold for enjoyable swimming.

Restrain State From Collecting Powr Co. Taxes

Charleston, S. C., June 10.—(AP)—The State Tax Commission was under a temporary order today restraining it from collecting the power tax passed by the 1931 General Assembly from three South Carolina companies and faced the prospect of a long legal battle for the levy.

Judge Ernest F. Cochran issued the order following a hearing in United States court here yesterday. It prevents enforcement of the law against the South Carolina Power Company, of Charleston, the Broad River Power Company and the Lexington Water Power Company of Columbia.

The power companies alleged the tax of one-half mill on each kilowatt hour of power generated or distributed in the state violates both state and federal constitutions.

## Negro Sentenced to the Chair for Attack on Woman

Monroe, N. C., June 10.—(AP)—A plea for a sanity hearing and executive clemency today were the only hopes Wilson Autry, negro youth, had of escaping a chair in the electric chair August 10.

Autry was convicted here yesterday of criminally assaulting Mrs. Hoyle Kesiah, youthful mother, at her home near Marshville last May 13. Judge N. A. Sinclair pronounced the death sentence.

The negro's attorneys, H. B. Smith and Osborne Aycock, appointed by the court to defend him, announced they would move before Judge Sinclair today for a stay of execution in order to allow a sanity hearing. If the plea is denied, counsel said, a similar appeal will be made to Governor Gardner.

Mrs. Kesiah took the stand against Autry and identified him as her attacker.

Autry was captured near Lanesboro, S. C., after a posse had chased him across the state.

## \$200,000 FIRE AT NEW BERN

### Two Barges, Tugboat and Warehouse Destroyed by Flames Early Today

New Bern, June 10.—(AP)—Two barges, a tugboat and a warehouse used by the Carolina Lines, Inc., were destroyed here early today by fire. The damage was estimated at \$200,000.

The blaze, of undetermined origin, originated in the warehouse shortly after 3 a. m. It was brought under control after four hours of fighting.

The building was located on the waterfront at the foot of Craven street. The boats were tied up at the dock.

One barge and the tug burned and sank at the dock. The other barges, which was empty, was cut free and floated in flames down the Neuse river.

The Carolina Distributing Company owned the boats. One barge was valued at \$40,000 and was insured. The other barge and the tug, valued at \$30,000 and \$25,000, respectively were not insured.

Twelve thousand bags of sugar, roughly worth \$60,000, were stored in the warehouse. They were owned by the Pennsylvania Sugar Company and had been shipped here for distribution.

Representatives of the company here said the sugar was insured. Other contents of the warehouse included soft drink stocks of the Carolina Distributing Company, estimated at \$20,000. They were partially insured.

The building and docks, valued at \$25,000, were insured.

The warehouse was owned by E. K. Bishop. Investigation this morning failed to reveal the origin of the blaze.

The fire was fought without serious accident. Two firemen, Alfred Kafer, Jr. and Gates Matthews, suffered slight injuries. They received treatment at a hospital and were discharged.

A negro watchman asleep on one of the barges suffered a dislocated ankle when he jumped into the river and swam ashore.

Capt. R. N. Quidley of the South-tern Transportation Company barge, his wife and little daughter, Mercedes, of Haiteras, and Mate Cecil Henley of Norfolk were rescued by M. L. Lupton, fish dealer, who discovered the flames.

They were all asleep on the barge when awakened by Lupton. He left but before the others got ashore the fire burned the line holding the barge to the dock and the wind sent the boat against the other blazing barge.

Lupton secured a motor launch and took them off. Capt. Quidley's clothing was scorched and Lupton's clothes were ignited before the rescue was effected.

The Quidleys lost all their personal effects and their pet dog was burned to death.

## TWO CONVICTS SHOT AT CAMP

### Negroes Seriously Wounded in Attempted Escape At Guilford Quarry

Raleigh, June 10.—(AP)—Two convicts were in the hospital at state's prison here today seriously wounded as a result of an attempt to escape from the quarry in which they were being worked at Stokesdale, Guilford county, late yesterday.

Odell Eskridge, Cleveland county negro, was in critical condition with gunshot wounds in his head and Sylvester Williams, Wake county negro, was suffering from wounds in the arms, legs and thighs.

Prison officials here said the two men tried to break from the quarry pit in which they were working and were stopped by a volley of shot fired by several guards.

Eskridge entered prison in October, 1929, to serve 3-4 to 5 years for breaking and entering. Williams entered in October, 1928 to serve 7 to 10 years for highway robbery.

## Sustains Broken Back in Accident

Fayetteville, June 10.—(AP)—G. B. Webb of Hoke county, was brought to the Fayetteville hospital last night suffering from a broken back as the result of an automobile accident near Raeford.

Officers said Webb was driving an automobile stolen from E. W. Felton of Fayetteville, and side-swiped the automobile of Charles L. Taylor, Wilmington banker. The car Webb was in overturned.

## New Health Board and Highway Body to Meet Tomorrow

Raleigh, June 10.—(AP)—The new State Board of Health and the new State Highway Commission will hold meetings here tomorrow.

The Board of Health is expected to hear the decision of Dr. J. M. Parrott, one of its members, who was tendered the decision of secretary to the board and state health officer with the proviso he must reach a definite decision as to acceptance of the position by tomorrow. It is generally understood he will accept.

The State Highway Commission will continue its consideration of plans for the state to take over 45,000 miles of county roads, and 3,000 to 4,000 county convicts on July 1. It is expected that a prison supervisor to direct the work of the convicts on the roads will be appointed tomorrow.

## Clara Bow Desires Life of Free Lancer

Hollywood, Cal., June 10.—(AP)—The life of a free lancer—unhindered by long term contracts—is what Clara Bow would like to try when she returns her health and is ready to return to motion picture work.

The little red-haired film star, whose contract with Paramount Studio was cancelled after her request, expressed this desire as she headed for her ranch in Nevada today.

"As soon as I am able," she said, "I will become what is known as a free lance player, contracting for a single production at a time. In this manner I believe I will be able to get parts more suitable for me when the time comes for me to stage a comeback, if it can be called that."

## ABOUT TOWN

The planters of this section are growing more food and feed crops this season than they ever produced before in an effort to provide against eventualities when the harvest season rolls around. A visitor to Greenville the other day said the thing that impressed him was the number of gardens in view along his route. This means that the farmers are going to be able to live comfortably despite the trend of prices for the main money crops, he said, and speaks great things for the future.

This man had traveled over many sections of the state, and he expressed belief that the people around here would be more prosperous than any other farming district were it not for the depression which they have had to endure the last several months. By raising more of the things they use at home, the farmers ought to be able to pull themselves out of the quagmire of depression and gain the ground of economic freedom in a few years.

Although it has not been determined how people have co-operated with the mayor's plea for elimination of rank growth of vegetation in the various residential districts, it is hoped that something definite has been accomplished in this direction.

Frank growth of weeds from the best breeding places imaginable for mosquitoes and people who do not clean off their yards of this form of vegetation can expect nothing more than to be troubled with the insects all summer. Mosquitoes are detrimental to the public health and the people residing in an infested community can not hope to go through the summer without being affected by malaria.

ple continue to show interest in the matter. The Pitt county solons served on important committees during the five-month sitting of the legislature and were in the midst of the thickest of the fray at all times. The constituency is proud of the praise emanating from such a splendid source and hopes it will prove an inspiration to the future life of the community.

Employees of the various business houses of the city had the pleasure of observing the first half-holiday closing of the summer months today. Over forty stores and business houses signified their intention of taking part in the movement, and others said they would join. The half-day closing has been in vogue in this city the last several years, and employees derived such pronounced benefit for the hours spent out in the open, free from the cares of business life, that the merchants thought it wise to continue the plan again this year. It is impossible to estimate the good derived by the employees and the merchants alike, but one thing is certain, it produces a higher grade of efficiency during the fall and winter months when business is at its height.

### SAYS ENGLAND WILL NOT MAKE MOVE TOWARD ANY WAR DEBT CONFERENCE

(Continued from page one) "foreign minister will not let himself be pulled into anything." On the other hand, he said, the future welfare of France and Germany will best be served by a policy of co-operation. The foreign minister conceded that such demonstrations as that of the steel helmet organization at Breslau recently were a hindrance to peaceful relations between the two countries. "I have not ceased to plead with the German government that it should halt such manifestations," he declared. "The last was deplorable and regrettable."

He reminded his hearers, however, that "a Bruening government is preferable to a Hitler government, which might one day come into power." "France can envisage all the events in Germany with a calm and serene eye," he said. "It is sufficient to look at France's position on the map of Europe and the friendships with which she is surrounded. She can remain cool even when faced with unpleasant events."

The chamber decided by a vote of 312 to 252 to postpone interpellation of the foreign policy at least until President-elect Paul Doumer takes office on Saturday and the ministry formally resigns.

### SPEED EFFORT TO SAVE EIGHT SEAMEN TRAPPED IN SUNKEN SUBMARINE

(Continued from page one) from Tsingtao. Efforts were being made to raise the submersible. London, June 10.—(AP)—Six men who escaped from the sunken submarine Poseidon apparently owe their lives to the invention of a Londoner, R. H. Davis, who provided them with what is described in effect as a "third lung" resembling a lifebelt with a gas mask attached. It was designed to enable men trapped in a submarine to breathe freely until they had a chance to escape. "It is twelve months since the apparatus was first served out as part of the equipment of submarine crews," Gorman Davis, the inventor's son, said today. "It consists of a breathing bag carried on a man's chest and a buoyancy apparatus. To the bag is attached a cylinder of oxygen and the man inhales and exhales air which is being continually purified in the bag. With one of these bags it is possible for a man to live an appreciable time under water. Goggles are used to protect the eyes."

### GROUP OF BUSINESS MEN PROVIDE RECREATION FOR CHILDREN THIS SUMMER

(Continued from page one) swimming pool. The commission very generously agreed to give free of charge a certain amount of water each week, this amount to be decided by Superintendent Swartz of the Water and Light department. Money will be necessary in order to repair the platform around the pool, to pay the salary of Mr. Osborne, such helpers as are necessary, and to pay expenses of indemnity bond to protect the committee in case of accident. Dr. McGeachy has agreed to see that the place is kept in a sanitary manner at all times. It was indicated that for the time being there would be a charge of 5 cents for swimmers, but children will be given an opportunity to work about the premises and earn their admission free. Members of the committee stated this afternoon that the project would be opened within the next week.

## Girlhood Training Destroys Capacity for Marital Life

Philadelphia, June 10.—(AP)—An analysis of happiness in the married life of 1,000 cultured American women, based on data obtained from personal physicians, was presented at the American Medical Association meeting today. It showed that girlhood experiences, taboos and training often thwart or destroy capacity for marital happiness; and that about half of the 700 "typical wives" in this group are unhappily mated. The report was made by Dr. Robert L. Dickinson, M. D., of New York. "These 1,000," he said "were what may be called the cultural American type. They were urban of good family background and education. Married to professional men of moderate income, each with one or two children, they were considered socially normal in the ordinary relationships of work and life. They had an average of 161 children per 100 women. The typical woman had her first child at about the age of 26 and wanted more. When the widows, the divorced and the recently wed were excluded, 770 remained as typical wives. Answers to questions about happiness were distributed about fifty-fifty. Three hundred and sixty-five made no complaints; 39 sometimes answered yes and sometimes no; 375 said definitely that they were dissatisfied. As causes of unhappiness, Dr. Dickinson found that complaints about relatives, money work, management of children and the home were usually secondary. Among the dissatisfied he found in many instances evidence of "some shock in childhood related to the sex side of life. The effect of extensive educational and religious training," he said, "is to intensify the cultural taboos of fear and avoidance of sex expression." He found 250 seeking compensations that included the arts, religion, morals, culture, social pursuits, political causes, over assumption of family responsibility, worry over financial extravagance.

**SALE OF VALUABLE FARM PROPERTY**  
Under and by virtue of the authority conferred upon us in a

decid of trust executed by John M. Tripp and wife, Sallie H. Tripp, on the 15th day of December, 1922, and recorded in Book T-14, page 366, we will on Saturday, the 20th day of June, 1931 12 o'clock noon

at the courthouse door in Greenville, N. C. Pitt County, sell at public auction for cash to the highest bidder the following land, to-wit:

A certain piece or parcel of land situated in Carolina Township, Pitt County, North Carolina, on the North side of Grindie Creek, bounded on the North by R. D. Harrington, on the East by the County Road, leading from Greenville to Whichards, on the South by Grindie Creek, on the West by lands of W. M. Simmons, more particularly described as follows, to-wit: Beginning at a corner centered by five gums and one Cypress on the North edge of the run of Grindie Creek being an agreed corner made between said R. D. Harrington and W. M. Simmons, during November, 1911, and recorded in Book B-10, page 182, Pitt County records; thence with their agreed line N. 36-30 E. 1790 feet to a small sweet gum centered by sourwood, maple, dogwood and sweet gum, thence with their agreed line N. 29-30 E. 755 feet to their agreed corner, an iron axle centered by two small sweet gums and two small oaks; thence with a dividing line made today between said R. D. Harrington and G. W. Griffin, S. 76-30 E. 1425 feet to the center of a path; thence with said path as follows: S. 13-30 E. 205 feet; S. 2-5 W. 89 feet; S. 10-40 E. 161 feet to the county road, leading from Greenville to Whichards; thence with said road as follows: S. 18-10 W. 671 feet; S. 52-30 W. 691 feet; S. 55-35 W. 1141 feet; S. 51-25 W. 330 feet.

N. 86 W. 400 feet; S. 31-10 W. 139 feet to the center of the County Road Bridge over Grindie; thence up the run of Grindie Creek 890 feet to the beginning, 100 acres more or less.

This sale is made by reason of the failure of John M. Tripp and wife, Sallie H. Tripp, to pay off and discharge the indebtedness secured by said deed of trust. A deposit of 10 per cent will be required of the purchaser at the sale.

# Safety Glass

Ford cars are now equipped with safety glass in all doors and windows at a small extra charge

\$15 for the Coupe, De Luxe Coupe, Sport Coupe or Convertible Cabriolet \$20 for the Tudor Sedan, Standard Sedan, De Luxe Sedan, Town Sedan or Victoria

THE Triplex safety glass windshield has always been an outstanding feature of the Model A Ford. By reducing the dangers of flying glass, it has saved many lives and prevented countless injuries in automobile collisions.

Now comes a further assurance of safety to every Ford owner... polished plate safety glass in ALL DOORS AND WINDOWS at slight additional cost.

The charge for this extra protection is unusually low because of large production and the development of new methods of manufacture. Simply tell the dealer when you buy the Ford that you want "safety plate glass in all doors and windows" and the car will be factory-equipped for you in that manner.

Today, as before, the safety glass windshield is furnished as standard equipment on all Ford cars without extra charge.

FORD OWNERS This announcement refers only to NEW CARS. Ford dealers are not in a position to install safety glass in the windows of your present Ford at the above prices.

### SUMMER READING COURSE AT LIBRARY

The summer reading clubs started very nicely at the library this morning. About seventy-five children were present and anxious to get started at ten o'clock. The books are unusually interesting this year. Children who did not join this morning may come in at any time during library hours this week. Practically all the new books for children will be used by club members during the summer.

### Vacation Bible School.

The Daily Vacation Bible School to be held at the Memorial Baptist Church, will begin Monday morning, June 15 at nine o'clock. All children of the city between the ages of four and twelve, inclusive, are invited to attend. Registration will take place at the Memorial Church Friday and Saturday mornings, June 12 and 13. Please register early in order that all arrangements may be completed. Those failing to register before Monday may do so then.

### PRAYER MEETING AT PRESBYTERIAN CHURCH

This evening at 8 o'clock the regular prayer meeting will be held in the Presbyterian Church, with the pastor leading. The book study will be the Gospel of Matthew in outline. Prayer and praise will be parts of the service. Let all who love their church and each other, with their God, meet with us in this weekly service for help and encouragement.

### Club Meeting.

Grimesland, June 9.—On Monday night, June 8, the Rainbow Club of Grimesland had its initial meeting at the home of the sponsor, Mrs. W. H. Drewry.

The club is a largely recreational activity with athletic objectives.

The business meeting was first conducted and the following officers were elected: Roland Proctor, president; Mary Fleming, vice-president; Jennie N. Outlaw, secretary; Dorcas Jackson, treasurer; Hazel Dunbar, captain.

The club had its beginning with nine members who chose as their motto, "Follow the Rainbow." A hike was planned to take place on Wednesday morning.

A delicious ice course was served by Mrs. Drewry to the members of the club and their guest, Miss Betty Frances Hooks, of New Harmony, Indiana.

### LATEST FASHIONS IN FOODS

A cooking school depicting the "Latest Fashions in Foods" using the newest models in household appliances will be conducted by Mrs. Frances Y. Kline, a home economist with a national reputation. This school will be held in the high school building June 16, 17, 18 and 19 in connection with the Water & Light Commission.

Mrs. Kline is from the educational department of the General Foods Corporation. She is widely and favorably known by the housewives of America.

Mrs. Kline has appeared on similar large programs throughout the United States and has conducted a large number of cooking schools. She is a former extension worker and was connected in that phrase of work with the University of Kentucky and Winthrop College, South Carolina. Previous to her extension service she was a teacher.

Mrs. Kline's training and experience are of a broad, comprehensive nature and her studies have included research in institutions of higher learning. During the past five years she has served as chairman of the Home Economics Association of the Home Economics in Business Section, being the organizer of this section.

The agencies conducting the school feel that they are extremely fortunate in being able to announce that the school will be under the direct supervision of Mrs. Kline, her previous work and experience eminently qualify her for the position of instructor. She will tell the story of easy culinary preparation to the "household executives" and the demonstrations will be given in such a manner that they may easily be carried out later in the home.

Each person interested in the science of home-making, and in obtaining new ideas on the preparation of foods and in making the home more attractive are cordially invited to attend the classes.

Mrs. Kline's classes are a happy combination of lectures and dem-

onstrations. In the model kitchen upon the stage with all the latest kitchen equipment, she prepares and cooks all food right before your eyes, lecturing as she works.

There will be a display of modern household equipment. Every visitor will be presented with a handsome souvenir program. Plan to attend every day and take home a host of new suggestions. All food prepared will be placed on exhibit.

### Mrs. Gibson Out.

Friends of Mrs. Dacy Gibson will be glad to learn that she is very much improved and is able to be out, following several weeks' illness.

### A Young Man's Prayer.

The heading of this announcement will be the subject of the prayer meeting at the Methodist Church this evening at 8 o'clock.

Any young man or young woman who may be thinking upon life's work, or trying to reach a decision concerning such work, will do well to attend this service. There may be much help given them in making the decision for their life's work. All are invited to come to this service and worship the Lord in study, in song and in prayer.

### MISS THIGPEN HONORED AT LUNCHEON

Speed, N. C., June 9.—Miss Ethel Shelton charmingly entertained Tuesday noon at a bridge luncheon, honoring Miss Martha Thigpen who will be married to Mr. Sam P. Allen, of Greenville, this month.

The entire lower floor was beautifully decorated in cut flowers and ferns.

Miss Shelton greeted her guests and directed them to the dining room where places were found by miniature candy corsages. Miss Thigpen's being marked by a shoulder corsage of sweet peas and roses. During the luncheon the honoree was presented with a sketched book which afforded much amusement. After several progressions of bridge, Miss Louise Bell was awarded a dainty handkerchief for high score prize and Miss Thigpen was given a dainty bridge luncheon set.

Those enjoying Miss Shelton's luncheon with Miss Thigpen were, Mrs. B. S. Pender, Mrs. L. P. Hall, Miss Mary Hooks Armstrong, Miss Louise Bell, Miss Mabel Parker.

Miss Madeline Langston, Mrs. A. L. Thigpen, Miss Aldah Little Thigpen and Mrs. T. H. Boykin of Greenville.

### Cannon Warns Democrats Against Moist Platform

San Francisco, June 10.—(AP)—Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, expresses the opinion that if the Democrats should nominate a candidate for President who favored tampering with the eighteenth amendment, President Hoover would win by 10,000,000 votes in 1932.

The statement was made at a meeting with Dr. Clarence True Wilson, secretary of the Board of Temperance, Prohibition and Moral of the Methodist Episcopal church here yesterday.

"Governor Franklin D. Roosevelt of New York, Governor A. C. Ritchie of Maryland or Al Smith won't do for a Democratic nominee if the Democrats expect to win," said the bishop.

"The south puts moral purpose above party loyalty and will repeat its vote of 1928 for the Republican party should the Democrats adopt a wet platform or nominate a wet Presidential candidate."

Dr. Wilson warned the Republicans, however, that "if they monkey with Vice-President Curtis or if there is a suspicion that President Hoover wants Theodore Roosevelt on the ticket, we'll leave him by millions."

"Curtis is the idol of the dregs, the church people and of the farmers of the central west," he said.

### ADDRESSES FEATURE HARDWARE CONVENTION

Greensboro, June 10.—(AP)—Addresses dealing with matters of particular interest to the trade were on the program today of the 27th annual convention of the Hardware Association of the Carolinas.

H. Elton Pease, Chicago; Paul J. Stokes, Indianapolis; Carl W. Dipman, editor of "Good Hardware"; George H. Moore, Charlotte, and J. M. Williams, Beaver Dam, Ky., were among today's speakers.

The convention opened yesterday and will close Thursday at noon.

### American Mayors Overfed in France

Tours, June 10.—(AP)—Nobody said anything about it, but after a seven-course luncheon here today the touring American mayors generally felt they would rather encounter less food.

Mayor Daniel W. Hoan of Milwaukee, thanked Socialist Mayor Molin of Tours for a generous welcome but failed to mention the desire of the mayors to spend more time seeing Touraine than eating and talking.

Arriving by train the mayors visited the Rotary club where Mayor George L. Baker of Portland, Ore., spoke.

### ENGINEERS TO ELECT OFFICERS AT ASHEVILLE

Asheville, June 10.—(AP)—Election of officers and selection of the 1932 convention city today will bring to an end the annual convention here of the Brotherhood of Locomotive Engineers from the southeastern states and the Grand International Auxiliary.

Practically all business sessions of the convention have been executive.

Huntington, W. Va., Raleigh, N. C., New Orleans, La., and Alexandria, Va. have bid for next year's meeting.

# Market Report Cotton--Stocks--Grain

## N. Y. COTTON

New York, June 10.—(AP)—Cotton opened steady today.

There was some further liquidation and foreign selling but it was absorbed on slight setbacks during the first few minutes and the market stiffened up again on a continuance of the demand. July contracts advanced to 8.35 and December to 8.94 by the end of the first half hour with the active months showing net advances of about 14 to 17 points. There was probably some buying on a belief that yesterday's decline had improved the technical position of the market and this view was encouraged by the comparatively quiet as if traders were waiting further developments in the stock market or the showing of the weekly weather report.

Liverpool cables reported that liquidation had been absorbed by covering, trade calling and continental and Bombay buying.

Chicago, June 10.—(AP)—Late reports of showers in Saskatchewan province, Canada, where drought had been most severe, influenced setbacks which largely cancelled earlier price advances today. Sensationally adverse crop reports had accompanied the advances. American and Canadian reports showed the poorest condition of spring wheat ever known on June 1.

## STOCK MARKET

New York, June 10.—(AP)—The stock market had difficulty in deciding on a trend today and was compromised by being irregular. There was a similar situation in bonds, but wheat rallied at both Chicago and Winnipeg.

Much of the earlier indecision exhibited by shares was due to uncertainties as to what the day's bulging news budget would disclose, for it was an unusually crowded calendar.

Maintenance of the regular dividend by New York Central was followed by considerable covering in the rails and a moderate rally in other groups. This improvement had largely been lost by the time and the U. S. Steel tonnage figures were published, but the market again moved higher when that piece of news was out of the way, indicating that the decrease had been well discounted.

However, this rise was rather labored and prices edged off again, although the resistance improved as yesterday's closing levels were approached.

Steel common was nearly 2 points higher at the top of its early afternoon advance which was then reduced. New York Central's spurt of 4 points was cut in two and there were fair sized reactions after 2 to 3 point gains in other rails, including Baltimore & Ohio, Southern Pacific and Atchison. American Can was supported. McKeesport strengthened in response to word that tin plate demand was holding up well. Chemicals advanced with some uniformity. American Telephone behaved erratically, but was much firmer than on Tuesday.

Offerings of call money under the stock exchange rate of 11-2 per cent reappeared. This supply of funds dried up yesterday afternoon as smaller lenders withdrew their funds.

# TIGERS STILL AFFECTED BY STICK SLUMP

By HUGH S. FULLERTON, Jr., Associated Press Sports Writer

The plight of the Detroit Tigers has become a serious matter to followers of the team.

Due largely to injuries to Dale Alexander and Charles Gehringher, the Tigers have lost the greatest part of their batting punch and the work of the rest of the team has suffered accordingly.

They have slumped to last place in the American league standing with a record of 20 defeats in their last 23 games despite the desperate efforts of Manager Stanley "Bucky" Harris, to pull them out of the slump.

Harris, who had not played as a regular since he became to Detroit, even went into the lineup himself at second base on Monday in one of his numerous shakeups and for a while in yesterday's game against Philadelphia it looked as if the move might have brought success.

Bucky cracked out a double in the third inning to start a two run rally and the Tigers led up to the seventh inning. Then young Tom Bridges weakened badly; Waite Hoyt, relief hurler, proved no better and behind them the Tigers committed four errors. As a result, the Athletics scored ten runs in two innings to win 12 to 3.

The victory did not increase Philadelphia's margin of leadership, however, for Washington's Senators, playing a fine brand of ball, defeated the Chicago White Sox 9 to 3. The other two American league games were rained out.

The Cincinnati Reds, who have been making a determined effort to climb out of the National league cellar, made it six victories in their last seven games yesterday by trouncing the Boston Braves 7 to 2.

The New York Giants accomplished the day's big killing as they took second place away from the Chicago Cubs with a 10 to 2 triumph, going a full game ahead of their rivals.

Driving Lester Sweetland from the mound in two innings, the Giants piled up 1 hit and led all the way.

The league leading St. Louis Cardinals collected as many safeties, their largest total of the season, to hold their 4-2 game margin with an 8 to 5 victory over Brooklyn.

Philadelphia exchanged places with Pittsburgh in the standing, going into sixth with a 7 to 3 victory. Chuck Klein's 14th home run of the season brought about the downfall of Ervin Brame.

# NO CIRCUIT CLOUTS IN PIEDMONT

kept them well scattered.

It took four pitchers to do it but Greensboro finally managed to eke out a 10-to-9 win over Asheville. The Tourists had the tying run on third base in the ninth inning but failed to get it across. It was the second game in succession the Tourists had dropped to the Pats and an examination of box scores reveal that although they managed to get plenty of runners on base, the Tourists just couldn't bring them in. In the two games, 24 Asheville men died on the bags.

Behind the excellent pitching of Lefty Briggs, Raleigh managed to even its series with High Point by winning 4 to 3. Briggs gave up

Taking kindly to the offerings of Shuman, of Durham, the Charlotte Hornets fattened their batting averages to the extent of 23 hits and 17 runs, but there were no circuit clouts among the base hits.

With the exception of the carnival at Durham, all other games in the league were such close affairs that one run decided each contest.

Rube Crews, Henderson twirler, won a beautiful pitching duel from Dave McKinney, Winston-Salem, to give the Gamecocks a 2 to 1 victory over the Twins. McKinney gave up only four hits while Crews allowed seven but the Henderson hurler
