ABANDON HOPE THAT TRAPPED MEN ARE ALIVE

British Admiralty Says Nothing to Report That Men in the Submarine Still Live

London, June 11.—(AP)—The British admiralty has abandoned hope that any of the men trapped in the sunken submarine Poseidon off Weihaiwei, China, might still be alive.

The commander-in-chief of the fleet in China sent word today that there is no foundation for reports that some of the crew who went down with the ship on Tuesday are still living.

His message confirmed reports that divers sent down from H. M. S. Hermes and received no reply to messages tapped out on the submarine's hull.

Seven British vessels, including the parent ship Medway, and a Japanese salvage tug are attempting to raise the submarine. As she is lying in about 120 feet of water, it was believed at first this would be fairly simple but no word of success has come from the spot.

The survivors, 30 men and five officers, still are aboard the Medway. The funeral of two men who died after escaping from the craft with four others was scheduled for today.

Admiralty officials said a report that eight of the 18 sailors who went down with the craft off Weihaiwei, China, had been in communication with her mother ship had not been confirmed by the naval commander there, and that it was "wholly improbable."

Advices from the scene of the disaster a few miles off the northern coast of the Shantung peninsula, said divers had been tapping at the hull for some time but had gained no response.

Vice Admiral Howard Kelly, commander of the British fleet in China waters, is en route from Hong Kong aboard H. M. S. Suffolk, and was expected Saturday.

Shanghai, June 11.—(AP)—American submarine experts in China believe the United States salvage ship Pledge, now steaming toward Weihaiwei, will be able to give valuable assistance in rescuing any men still alive in the sunken submarine Poseidon.

The Pledge is equipped with compressed air apparatus for use in such emergencies as this. She should reach the scene of the disaster this afternoon or this evening.

Continue Probe of Girl's Death in N. Y. City

New York, June 11.—(AP)—Investigation of the drowning of Miss Starr Faithfull, 25-year-old Greenwich Village beauty, was complicated today by the revelation that she had been treated for acute alcoholism at Bellevue Hospital, a city institution.

Hospital records showed that she was taken to Bellevue on March 20 from a hotel where ambulance surgeons said they found her in company with a man who said he was her husband. She was admitted to the hospital under the name of Marie Collins.

District Attorney Elvin N. Edwards of Nassau county, who is conducting the investigation, has not abandoned his theory that she was slain. He said descriptions of two men would be sent to police with a request for their arrest. Information in his possession, he said, warranted putting the case before the grand jury. Mr. Edwards yesterday predicted the arrest of "a prominent politician" and visited Boston in that connection. There was no arrest. Edwards virtually eliminated the politician.

Edwards said his theory was that Miss Faithfull was beaten into unconsciousness then held under the water until she drowned. Her body was found in the surf at Long Beach, Long Island, last Monday. She had been missing from her home since Friday.

There were numerous bruises on the body and an autopsy revealed that death was caused by drowning. No traces of alcohol or opiates were found in the body.

Edwards said that detectives had located a diary belonging to Miss Faithfull, which he expected would throw additional light on her activities and acquaintances. He refused to reveal what the diary contained but said it strengthened his theory of murder.

FIND LIQUOR HIDDEN AWAY IN ORGAN

Hickory, June 11.—(AP)—The old family organ, long-since relegated to a dark corner in most homes, still has its uses.

Officers visited the home of Q. O. Smith near here. They believed he was hiding some whiskey, but couldn't locate it. Finally one of them had a hunch. Several pint bottles were found hidden beneath the organ's pedals.

TWO OFFICERS ALLOWED BOND IN SLAYINGS

Oklahoma Deputy Sheriffs Face Trial Next Month for Killing Two Mexicans

Ardmore, Okla., June 11.—(AP)—Free under \$25,000 bond each, two Ardmore deputy sheriffs today awaited decision of District Judge Asa Walden, who was to set the date for their trial on murder charges growing out of the fatal shooting early Monday of two Mexican college students.

Indications were that trial would be set for late this month or early in July.

The officers, W. E. Guess and Cecil Crosby, were bound over yesterday after arraignment before County Judge O. N. Champion that drew international attention and legal talent representing two nations, the state and country.

Meanwhile, the bodies of the slain youths, Emilio Cortes Rubio, cousin of the Mexican President, Ortiz Rubio, and Manuel Gomez, son of a socially prominent Mexican merchant, were en route to Mexico accompanied by Col. Charles Clowe, a representative of the State of Oklahoma, and a son of Governor W. H. Murray. They were to accompany the bodies as far as the Mexican border.

The bodies were entrained late yesterday following impressive services at St. Mary's Catholic church attended by thousands, many of whom were unable to enter the small frame structure.

Governor Murray at Oklahoma City, while urging two personal representatives at Ardmore to press the case to the fullest, issued a statement last night concurring in a suggestion from Washington that it would be wise for Oklahomans to remain out of Mexico for the present in view of reports of anti-American demonstrations.

Fort Worth, Texas, June 11.—(AP)—More than 200 Mexicans gathered at the Santa Fe Station here last night to pay honor to two of their youthful countrymen, Emilio Cortes Rubio, cousin of the President of Mexico, and Manuel Garcia Gomez, whose bodies arrived from Ardmore, Okla. The youths were slain in an encounter with two Ardmore deputy sheriffs Monday.

A floral wreath was placed beside the two silver gray caskets.

Washington, June 11.—(AP)—Consul Valdez at Oklahoma City reported to the Mexican Embassy today that the two Mexican students, Emilio Cortes Rubio, kinsman of President Rubio, and Manuel Gomez were shot "without warning" by an Oklahoma deputy sheriff "fearing for his life."

"From preliminary investigations it appears Rubio and Gomez were returning from Ardmore stopped for refreshments, proceeding afterwards on their way along highway No. 77 towards the south. Approximately five minutes afterward they stopped in a place not very populated and somewhat dark so that Salvador Cortes Rubio (who accompanied the two) could get out."

"To investigators it appears that the officials (Deputy Sheriffs W. E. Guess and Cecil Crosby) were traveling behind the car driven by Rubio and Gomez and seeing that Salvador was standing in front of the lights of the automobile Salvador was admonished by Crosby, who, addressing afterwards Emilio and Manuel who were in the car, received as an answer that they were students and were going to Mexico."

"But noticing that Emilio had a pistol over his legs covered with his hands Crosby snatched the gun, and his companion, Guess, who was in the car, followed."

SEEK TO CUT FREIGHT RATE ON TOBACCOS

Railroads Operating Into Norfolk Bid for Business From Carolina Points

Washington, June 11.—(AP)—Railroads operating into Norfolk, Va., informed the Interstate Commerce Commission today that they are determined to pursue their efforts to reduce freight rates on leaf tobacco from North Carolina points to Norfolk.

The commission recently refused to permit the Atlantic Coast Line and Norfolk Southern railroads to cut the rates to 25 cents per 100 pounds from various points in Eastern North Carolina to Norfolk, Petersburg and Richmond. Rates varied from 27 to 31 cents per hundred and the roads wanted to put into effect a 25 cents rate to meet truck competition.

The Atlantic Coast Line today filed a petition for arrangement and reconsideration of the case as it affects Norfolk and informed the commission that a similar petition would be filed by the Norfolk Southern.

The petition said trucks last year hauled more than 1,600 carloads of tobacco from Eastern North Carolina to Norfolk and that because of the convenience to shippers a rate of 31 cents per 100 pounds by truck was equivalent to 26 cents by the railroad.

This situation, it was argued, makes it necessary that the railroad reduce their rates to a point four or five cents lower than truck rates and the 25-cent rate to Norfolk would do this.

A statement by the company recalled that at the meeting in December directors declared as dividends on the common stock the remainder of the income of 1929 not previously appropriated for this purpose. The total then declared was \$3.65 a share, of which \$2 a share was paid May 1 and \$1.65 a share will be paid Aug. 1 to stockholders of record July 1.

"When these dividends were declared," the statement said, "the board stated that it was its purpose and expectation to review the situation at its June meeting and then determine to what extent it would be proper to supplement these dividends out of the \$4.72 a share available from 1930 earnings."

"At the meeting held today directors declared the regular dividend of \$1.25 on the preferred stock payable July 15 to stock of record on June 22 out of 1930 earnings heretofore appropriated for that purpose. The board also declared a dividend of 35 cents a share on the common stock out of the above mentioned unappropriated remainder of 1930 earnings. With the \$1.65 a share previously declared out of 1929 earnings, this will make a total of \$2 a share payable on August 1 to common stockholders of record July 1.

"The board also stated that it does not contemplate the payment of any further dividends on the common stock during 1931 and that the subject of resorting to the unappropriated balance of 1930 earnings for dividend on the common stock to be paid in 1932 would be considered at its December meeting in the light of conditions and prospects at that time."

Postpone Hearing of Four Men On Charge of Murder

Hendersonville, June 11.—(AP)—Preliminary hearings for four men charged with conspiracy to commit murder was postponed today until June 18 by U. S. Commissioner J. H. Yelton.

The hearings had been set for this afternoon. Under charges are Jim Emery, his two sons, Ben and Hill Emery, and Albert Gosnell, all residents of the Hog Back section of South Carolina.

Warrants sworn out for the four charged they planned to kill three prohibition officers W. W. Owens, W. P. Lance and J. H. Gilley.

Bill Emery was released on \$1,500 bond after his arrest. The other three are held in jail here in default of \$2,500 bond each.

No Trace of Man Reported Missing in New Bern Fire

New Bern, June 11.—(AP)—Although search was continued through the night and forenoon, no trace had been found this afternoon of Edgar Elliott, fireman, missing after yesterday's \$205,000 waterfront fire here.

Elliott is believed to have fallen into the Trent river while attempting to release boats tied up in the slip adjoining a warehouse which was burned.

Searchers were dragging the river today.

Parrott Silent On Health Job

Raleigh, June 11.—(AP)—The State Board of Health went into executive session here today with Dr. J. M. Parrott of Kinston, a board member, still silent on whether or not he will accept the position of state health officer.

The board also had before it for consideration the report of its special "reorganization" committee, which it is understood will suggest sweeping changes in the internal organization of the state board and its agencies and bureaus.

PROMINENT MAN DEAD

Gen. Theodore Davis, Prominent in Political and Legal Circles Dies at Asheville

Asheville, June 11.—(AP)—General Theodore F. Davidson, prominent in North Carolina political and legal circles for more than 60 years, died today at his home here. He was in his 87th year.

Death was due to infirmities of age. Although he had been unable to leave his home for three months his condition did not become alarming until last Sunday.

General Davidson celebrated his 86th birthday last March 30 and received congratulatory messages from many parts of the United States.

General Davidson was born in Haywood county March 30, 1845 and soon after his majority became one of the outstanding legal figures of North Carolina.

In 1867-68 he was solicitor of Clay county, soon thereafter he returned to Buncombe county, where he had established his home in 1859, and following the civil war, in which he served, he was elected to the State Senate in 1878.

In 1882 he was appointed judge of the criminal court for Buncombe county, becoming attorney general of North Carolina in 1884 and being re-elected in 1888. For 10 years he was chairman of the State Democratic Congressional Executive Committee.

In 1881 he was elected to the House of Representatives, serving four terms. In 1904 he ran for governor against R. B. Glenn, and was defeated by a narrow margin, soon thereafter becoming mayor of Asheville.

He was judge advocate general of North Carolina's United Confederate Veterans during the term of General Julian S. Carr of Durham state commander.

During his service in the legislature he took a prominent part in the famous impeachment proceedings against Chief Justice Furches and Associate Justice Douglas of the State Supreme Court.

Ford Purchases Experiment Farms

Detroit, June 11.—(AP)—The Detroit News says that Henry Ford has acquired a large group of farms in Lenawee county in southeastern Michigan preparatory to turning the property into a vast experimental farm.

The land is being cleared but the old farmhouses are being carefully restored. A small schoolhouse built a century ago, and a blacksmith shop which once was a church, also are being restored to their former uses.

The newspaper says Mr. Ford is personally supervising the work of developing the farm. He is quoted as saying that "farming ought to be run more like industry" and that "the farmer ought to work more closely with the manufacturer. The two ought to use nearly the same methods and ought to help each other."

Parrott Silent On Health Job

Raleigh, June 11.—(AP)—The State Board of Health went into executive session here today with Dr. J. M. Parrott of Kinston, a board member, still silent on whether or not he will accept the position of state health officer.

The board also had before it for consideration the report of its special "reorganization" committee, which it is understood will suggest sweeping changes in the internal organization of the state board and its agencies and bureaus.

PRES. HOOVER TO SPEND TWO DAYS IN CAMP

Chief Executive to Go to Indianapolis Monday for First of a Series of Speeches

Washington, June 11.—(AP)—President Hoover will leave Friday afternoon or Saturday morning for his Virginia mountain camp where he will spend two days quietly before going to Indianapolis for the first of his planned midwest talks Monday night.

The President will bear this special train for Indianapolis at Orange, Va., late Sunday night. The train will leave Washington with other members of the party earlier in the evening.

The President will arrive in Indianapolis Monday afternoon. Governor Leslie and Paul R. Bausman, president of the Indiana Republican Editorial Association, before which the chief executive will speak, will meet him at the station.

He will go direct to the governor's mansion to receive a committee of editors and a group of Grand Army veterans. The schedule then takes them to the state fair grounds for the Editorial association banquet. Places will be set for 5,000 people.

The party will spend the night at the governor's mansion and after breakfast Tuesday morning will leave for Marion, Ohio, where that afternoon Mr. Hoover will dedicate the "Fireside Memorial."

The presidential train will arrive in Marion shortly before ceremonies at the town. The memorial will be dedicated by former Senator Freshchmeyer and former President Coolidge will accept it. Governor White of Ohio then will speak and at the conclusion of his address introduce the President.

After this ceremony President and Mrs. Hoover will go to Columbus to review the parade of the Grand Army of the Republic.

After the review the President will walk to Governor White's office in the capital and then to the rooms where he will receive distinguished citizens, G. A. R. veterans and the public.

After this reception he will leave for Springfield, Ill., where on Wednesday he will dedicate the Lincoln tomb. He will be greeted there by Governor and Mrs. Emerson and escorted to the governor's mansion for a short rest.

After a visit to the Lincoln home he will return to the mansion to receive members of the Illinois General Assembly.

Some time during the morning (Continued on page four)

YOUNG G. O. P. HOLD MEETING

Fess Keynote Orator At Opening of Two-Day Gathering At Washington

Washington, June 11.—(AP)—Chairman Fess of the Republican national committee opened the conference of young Republicans today with the prediction that President Hoover would be renominated and re-elected.

Both Chairman Fess and Postmaster General Brown lauded the President as the party's leader. Senator Fess termed Mr. Hoover's activities in the depression as "massive and heroic." Mr. Brown praised his "courage, patriotism, patience and wisdom."

Robert H. Lucas, executive director of the Republican national committee, presided. He told the conference, the first of its kind, that the meeting was called for a discussion of general questions.

He said a round table conference had first been planned, but the apparent willingness of so many to attend had led to the general conference idea.

Washington, June 11.—(AP)—The conference of young Republicans assembled here today to listen to the teachings of the party's leaders.

Chairman Fess of the national committee was the keynote orator at the opening of the two-day meeting. President Hoover plans to receive the visitors today.

Other speakers today included Mrs. Edward Everett Gann, sister of Vice-President Curtis; Representative F. Snyder, assistant secretary of labor.

After a review of "seventy years of national progress," Senator Fess launched into enthusiastic praise of the President's leadership which gave the conference somewhat of a nominating convention atmosphere.

The party chairman defended the protective tariff policy of the administration and attributed a sound (Continued on page four)

Road Commission Sets Up Machinery For The Operation Of Highways

System Divided Into Five Administrative Divisions With Headquarters in Tarboro, Fayetteville, Greensboro and Asheville; Engineers and Assistant Engineers Selected

Raleigh, June 11.—(AP)—The State Highway Commission today announced the setting up of five administrative divisions and the appointment of engineers and assistant engineers for each.

Headquarters of the five divisions were announced as being Tarboro, Fayetteville, Greensboro and Asheville with one district headquarters still to be selected.

All of the engineers for the five administrative divisions, which will in turn each be divided into five maintenance districts, were district engineers under the old highway system set-up of nine districts.

J. C. Gardner of Tarboro will be engineer of Division A, with headquarters at Tarboro and with J. D. Miller as assistant.

R. E. Snowden of Kinston will be engineer of Division B with headquarters probably at Fayetteville, with B. Markham as assistant.

W. F. Morson of Wilmington will head Division C with headquarters at Greensboro, and with D. M. Rea as assistant.

H. E. Noel of Marion will head Division D with headquarters unannounced, and F. S. Klutz as assistant.

J. C. Walke of Asheville heads Division E with headquarters at Asheville and with T. F. Betts as assistant.

Sam Scott, superintendent of Wayne county roads, was named prison supervisor for the highway commission.

A resolution setting forth that the commission intended to abide by the spirit of the 1931 road law in that it represented the state at large and that no individual member represented any particular section was adopted.

The counties of the state were divided into the administrative divisions as follows: Division A: Currituck, Camden, Pasquotank, Perquimans, Gates, Chowan, Hertford, Bertie, Northampton, Halifax, Nash, Edgecombe, Wilson, Pitt, Greene, Lenoir, Jones (Continued on page four)

TRY TO DETECT EARTH SHOCKS

Science Attempts to Find Means of Warning of Any Approaching Quakes

Columbia, June 11.—(AP)—The Rev. Joseph Lynch, head of the seismographic station at Fordham University, New York City, outlined today the progress of one of the most important research programs in all science—the study to discover some means by which warning of an earthquake may be given before it occurs.

Father Lynch addressed the eastern section of the Seismological Society of America, made up of men who have made their life work the study of earthquakes.

He advocated the founding of a national earthquake research institute, which he said had been suggested by Captain Patton of the coast survey, in Washington.

"Endowed on a generous scale, the institute should have facilities that would make possible the solution of any practical problem in seismology," Father Lynch said.

"It should first of all possess a complete seismological library in all languages, with all publications and reports likely to be of use in research. Inducements should be offered to promising students of engineering to take up the study of seismology."

So far, Father Lynch said, seismology has not yet reached the point where warning of an earthquake can be given, but partial warning given in Japan last November prevented a repetition of the Japanese earthquake disaster of 1923. The people had all been warned to extinguish their fires. It said, after seismographic instruments detected the preliminary tremors a few days before the main shock.

Seismology's contribution to date, Father Lynch said, has been the development in California and Japan of a type of building especially adapted to withstand earthquakes. Revised building codes (Continued on page one)

New Scotland Yard

Associated Press Photo To battle Chicago crime, a new detail of police patterned after England's Scotland Yard has been formed with Capt. William Shoemaker in charge.

LOOK TO U. S. FOR SOLUTION OF DEBT ISSUE

Powers of the World Watch Sign That America is Ready to Lend Helping Hand

Washington, June 11.—(AP)—Economic forces born of the World War, but swollen to gigantic proportions by the general depression of today, face the statesmen of the world.

On the surface Europe alone is involved in the new uprising of the war reparations problem. The known developments have centered in Germany and England with the heads of those governments in intimate conference and France a vitally interested onlooker.

Yet it is on Washington and the Hoover administration that world attention is focused, looking for a sign that America again is ready to lend aid to a new attempt to iron out the tangle of reparations, inter-allied debts, disarmament, tariffs, budgetary deficits and all other elements involved in an international economic crisis in 1931.

Out of the Anglo-German conference at Chequers, official residence of Prime Minister MacDonald, European observers drew the impression that a new move had been set afoot looking to "international collaboration" to meet the situation.

That phrase was construed as meaning American collaboration in a conference where Germany's war reparations liabilities to the former world war allies could be reviewed simultaneously with the situation as to the war debts owed by those allies to their former war associate the United States.

America exacted no reparations payments from Germany. Under four presidents, Wilson, Harding, Coolidge and Hoover, she has declined to consider the question of allied reparations from Germany and allied war debts to her as interlocking.

State of Siege Established in All Parts Peru

Lima, Peru, June 11.—(AP)—The Junta announced today that a state of siege had been re-established throughout the country because "public order is menaced by revolutionary plans."

The decree, establishing a state of siege, declared the provisional government is acquainted with the revolutionary plans which are now under control.

It adds that authorities will enforce martial law and are empowered to use firearms in suppressing any public demonstration or in dispersing any group of four or more persons who do not heed verbal warning to move.

AYDEN OPENS NEW NATIONAL BANK TODAY

Institution Will Stage House Warming Celebration Tuesday, June 16

Ayden, Pitt county town, which has been without banking facilities since the closing of the First National Bank several months ago, has organized an entirely new institution and this was formally opened for business today.

Charter for the bank, which has been named the First National Bank in Ayden, was issued June 8, and since that time committees have been working at top speed in preparation for the opening today.

The new bank, which takes over the old First National Bank of Ayden, has guaranteed the depositors one hundred cents on the dollar, and this will be paid over a period of one, two, three and four years.

It is the third National bank to be re-opened following the series of failures in this state the last two years. The bank has a capital and surplus of \$50,000.

J. R. Turnage, for years one of the leading spirits in the business and financial life of the community, has been elected to the presidency of the institution, with Dr. G. G. Dixon, vice-president, and A. F. Rowe, cashier.

The new board of directors is composed of the following leading business and professional men of the community: Dr. M. T. Prizzelle, H. T. Stokes, Dr. C. R. Riddick, R. H. McLawhorn, O. C. Stroud, Dr. G. G. Dixon, J. R. Turnage.

Commenting on the opening of the new bank, President Turnage heartily commended the people of Ayden for their one hundred percent co-operation which they gave the committee on organization. Everybody, he said, contributed his part toward making the bank possible and their splendid spirit is an inspiration to the entire community.

Mr. Turnage also stated that the opening of the banks in Greenville and Ayden should have a salutary effect on the life of the county, and help stabilize conditions to no little extent. He thought the people of both towns deserving of highest praise for what they had done for improvement of the financial status of the county as represented in the opening of the two banks, and said it was a splendid augury for the future.

The Ayden bank will hold a house warming Tuesday, June 16, Mr. Turnage said, and the entire citizenship has been invited to join in the celebration of the organization of the new institution.

Mrs. Rennie Cox Dies at Black Jack

Mrs. Rennie Cox, 65, widow of the late J. F. M. Cox, died last night from a heart attack at her home in the Black Jack community. Mrs. Cox retired last night in the best of health and was found dead in bed this morning.

Funeral services will be conducted from her late home tomorrow afternoon at 2:30 o'clock by Elder W. H. Laughinghouse, pastor of the Free Will Baptist Church, and burial will be made in the McLawhorn graveyard.

Mrs. Cox was a member of the Free Will Baptist Church of Black Jack and was held in high esteem by a host of friends.

She is survived by her husband and seven children, Fred, G. C. and J. C. Cox; and Mrs. W. S. Cox, Mrs. L. F. Williams and Mrs. Elijah Mills, all of Pitt county. She is also survived by a brother, Tom McLawhorn.

Yacht Released By Customs Officers

Wilmington, June 11.—(AP)—The Se-Tac, costly yacht of M. W. Gates of Cincinnati, Ohio, seized by coast guardsmen with 24 quart of whiskey, resumed its trip from Florida to New York today.

The vessel was released by customs authorities on advice from the Treasury Department at Washington after a "nominal" fine had been paid.

Officials also said the government had dropped charges of customs and prohibition law violators against the vessel's skipper, Captain Peter Smith.

NEWS BRIEFS

From Over The City and County

THREE BOYS SAVED FROM DROWNING THE LAST SEVERAL DAYS

Three boys saved from drowning in the river during the last few days is sufficient warning to the youth of the city. To be able to swim and swim well is not enough to save you from drowning. One boy, a good swimmer who boasted of swimming across the river several times was caught in the middle of the river and called for help when he was held by an old tree that was hid below the surface of the water. The other two boys were non-swimmers that waded beyond their depths.

No boy no matter how large he is should venture in the river, unless someone that can help him is watching him. Lots of boys steal away from home to the river unknown to their parents because they can swim without a bathing suit.

HI-Y GIRLS WANT SWIMMING PRIVILEGES

The Hi-Y Girls met last night in the Junior Room of the library, and enjoyed a splendid meeting. Twenty-six girls and their councillor, Miss Wahl, were present.

Seven girls joined the Hi-Y last night, and seven girls are on the waiting list and will be voted on at the next meeting.

The Hi-Y girls are going to write to the chairman of the Junior Room committee, James S. Ficklen, for swimming privileges at Westbrook's for the girl members of the Junior Room.

On Thursday, June 10, they will go on a hike for the purpose of studying and identifying trees, birds, flowers, etc.

LIONS TO MEET TONIGHT

The regular meeting of the Lions club will be held in the club rooms on Dickinson avenue tonight at 7:30 o'clock. An interesting program has been arranged and all members are urged to be present.

WORK FOR BOYS ON RECREATIONAL GROUNDS

Boys wishing to work on the golf course and Westbrook's swimming pool see Albert Osborne Friday morning at 9 a. m. at Junior room.

There will be no Pioneer meeting tonight.

The Friendly Indians will camp out tonight and will meet at the Third Street school at 7 p. m.

The party returned from Hillcrest safe and sound last night.

CORRECTION IN M'KAY'S ADVERTISEMENT TUESDAY

In the advertisement of McKay's, carried in the columns of this paper Tuesday it was stated that "Many other styles of Corsets by Warners ranging from \$5 up." The price was in error and it should have read \$1.

KIWANIANS TO MEET NEXT FRIDAY EVENING

The semi-monthly meeting of the Kiwanis Club will be held at the Woman's Club Friday evening at 7 o'clock. Frank Harrington, chairman of the business standards committee, will be in charge of the program.

Highway Program Ahead of Last Year

Washington, June 11.—(AP)—The nation's emergency highway con-

struction program is four months ahead of 1930 and has furnished employment for about 265,000 men. The cost of federal aid projects approved thus far in the plan to aid the idle is \$241,200,000. It is made up of \$112,450,000 regular federal aid funds; \$74,500,000 emergency money provided by Congress at the last session and \$54,250,000 state funds.

With the \$80,000,000 emergency money advanced to enable states to take up immediately a greater portion of the increased federal aid appropriations the program equals projects started and approved up to October 1, last year. It exceeds by many millions (the entire 1929 construction work).

In April this year the federal aid employment totaled 30,000 men as against 39,000 in the same month last year. The total of both state and federal aid during April was 265,000.

Of the \$80,000,000 emergency money, \$76,450,000 has been obligated by the States and Hawaii. Twenty-two states have obligated practically all of their shares. The others have unobligated amounts ranging from \$27,000 to \$1,289,362 as in the case of Michigan, which probably will be erased before the summer has passed.

Capone Talked In Academic Circles

Chicago, June 11.—(AP)—Alphonse Capone, the gang leader, was referred to in academic circles yesterday.

The reference was made by Congressman James M. Beck of Pennsylvania in an address delivered before 788 graduates of Loyola University, in which he declared that the present was a "chippodrome age" characterized by a loss of a sense of values.

CUBAN WILL MEET TUG PHILLIPS TONIGHT

Chicago, June 11.—(AP)—Relampón Saguro, Cuba's latest pride of the ring, gets another hard test tonight when he meets the rugged Tug Phillips of Pittsburgh in the main 10-round battle at Mills Stadium.

ENCOURAGING TO SICK WOMEN

Good Experience of An Ohio Lady Who Took Cardui When Run-Down.

"Shortly after I was married," writes Mrs. Harry Cole, 1712 Valley St., Portsmouth, Ohio, "I became bothered with weakness. I tried a remedy that was recommended to me, but it did me no good.

"A friend of mine told me about Cardui, so I began taking it. After taking a few bottles, I began to feel better. My appetite came back to me and I felt stronger.

"When I first began to take Cardui, I was pale and run-down and thin as I could be, and my weight went down to 98 pounds. Frequently my sides hurt and I was not able to do much. My household work was a drag.

"After I had given Cardui a trial, my weight went up to 126 pounds, and I felt like a different person. I believe Cardui saved me some serious trouble. I hope these few lines will encourage some sickly woman to give Cardui a trial."

"I will continue to use Cardui whenever I need a tonic."

Sold by all good druggists.

CARDUI
Used by Women For Over 50 Years

A companion medicine to Cardui—Theford's Black-Draught for Constipation, Indigestion, Biliousness.

Good - they've got to be good!

A gallant army of **125,546** NURSES [IN THE U.S.A.] help fight your battle in the cause of Health

What modern civilization owes the trained nurse can't be figured in dollars. Tireless, patient, efficient, she has earned one of the highest places in public and private esteem. We couldn't do without her—why not tell her so?

They have a way with them, too!

Not only do you trust them, but you like them. And it's the same with a good cigarette.

Smokers stick to CHESTERFIELD because they find them dependably milder. You can smoke as many as you like.

And CHESTERFIELD smokes more

evenly. Credit that to the ripe mild tobaccos and the pure imported cigarette paper.

Every CHESTERFIELD is made to smoke milder and to taste better.

More men and women every day are finding this out!

Chesterfield

- June 22-23—Greenville Drug Co.
- June 24-25—Pitt Drug Store.
- June 26-27—Court House.
- June 29-30—Home Furniture Store, Inc.
- July 1-2—Water and Light Commission Office.
- July 3—Court House.

This is a new registration and all desiring to vote will be required to appear before the registrar in person.

J. HARVEY WARD, Registrar

Social and Personal

Miss Mary Rivers may left today for a visit to relatives in Portsmouth.

Mrs. T. A. Galbraith, of Kingston, spent today with her mother, Mrs. E. W. King.

Mrs. E. W. Griffin is visiting relatives in Norfolk, Va.

Miss Jessie Mae Summerell is spending the summer with Miss Bett Dixon.

Mr. and Mrs. M. H. Hill, Ellene and Sigmon Hill of Columbia, S. C.; **Miss Gladys Bowen** of Burgaw, and **Mr. and Mrs. C. C. Dawson** of Elizabeth City, are visiting Mr. and Mrs. C. W. Willard.

Mrs. K. E. Pace, Mrs. Leslie Yelverton, Mrs. Nannie Jeter, Mrs. Mamie Bradshaw, Master Karl, Jr. and Charles Taylor Pace have returned from an automobile trip through the Valley of Virginia and Lynchburg, Va.

McLeth Moore left today for Durham to attend Duke summer school.

Dr. Paul Jones, and **Bert Smith** of Farmville, were Greenville visitors today.

Mr. and Mrs. T. T. Hollingsworth have returned from Atlanta and Athens, Ga.

Mr. and Mrs. Coy Forbes had children of Stokes, were here today.

Misses Laura and **Elizabeth Overton** are visiting relatives in Andrews, Georgetown, S. C.

Mrs. Soup Porter and little son have returned from a visit in Sanford.

Mrs. E. B. Ficklen and **Louis Stewart Ficklen** have returned from Washington, D. C.

Miss Jan: **Hadley** and **Miss Alma Lee** left today for Chapel Hill to attend summer school.

Rev. W. A. Lillycrop has returned from Washington, D. C.

Miss Evelyn Wright, **Miss Lillian Hardee**, **William A. Wright**, **Buster Starkey**, **Jack Hadley** and **Carver Mayo** left today for Chapel Hill to attend the University finals.

Miss Lonia Hooker left today for Durham where she will attend Duke summer school.

Mrs. Warren Club Hostess.
Wednesday morning Mrs. E. S. Warren was hostess at an enjoyable meeting of her bridge club. A variety of cut flowers were attractively placed in the home.

Mrs. L. H. Bowling was awarded dusting powder for making high score. Mrs. George Sharpe of Burlington, a guest, was also presented dusting powder.

The hostess served a tempting two-course luncheon.

First Reading Club Member.
Claude Roebuck was the first club member to make a book report this year. He read "The Story of Columbus" by Bassett. Margaret Harris made the next report on "Haunt House" by Macdonald. Reports have been made also by Ruby Butner, Helen Butner, Lillian Harris and John Gregson.

MRS. GALLOWAY ENTERTAINS FOR LITTLE GRANDDAUGHTER
Mrs. Scott Galloway entertained twenty little friends on Wednesday morning at her home on Eighth street, complimentary to her granddaughter, little Miss Bettie Lou Turnage of Abbeville, N. C. On arrival the little guests were met by the hostess and little Honore. Mrs. E. R. Burke assisted in entertaining the young guests. After much merriment in playing games and story telling, popsticks, mints and nuts were served. Balls were given as favors.

MRS. NORMAN WINSLOW ENTERTAINS FOR BRIDES-ELECT AT BRIDGE
A lovely affair was the bridge luncheon Mrs. Norman Winslow gave yesterday morning, honoring Miss Etta Mae Winslow, whose engagement to Lieutenant Daniel Russell Taylor has been recently announced, and Miss Virginia King, popular bride-elect of this month. Gladioli, roses and other garden flowers were used in the spacious Winslow home. In this setting four-tables were placed for bridge.

The guests were greeted by the hostess and presented to Miss Etta Mae Winslow, Mrs. J. E. Winslow, mother of the bride-elect, Miss Louise Winslow, Miss Virginia King, and Miss Elizabeth Winslow.

Miss Rose Hadley made highest bridge score, and the low score prize was awarded to Miss Evelyn Hart.

Lovely pieces of lingerie were presented to Miss Winslow and Miss King, the two brides-elect.

After cards, a delectable two-course luncheon was served. Assisting the hostess were Miss Elizabeth Morton, Miss Mary Wright, Miss Virginia Perkins, Mrs. E. S. Williams, and Mrs. R. L. Crow. Calling after cards were Mrs. Leighton Blount of Bethel, Mrs. J. H. Blount, Mrs. Paul Fitzgerald, Mrs. E. L. Hillman, Mrs. J. L. Kilgo, Mrs. Herbert Waldrop, Mrs. R. L. Crow, Mrs. H. L. Rivers and Miss Athlene Edwards. The out-of-town guests included Mrs. W. E. Padgett of Greensboro, Mrs. Harvey Turnage of Albermarle, Mrs. Guilford Smith of Charleston, West Virginia, and Mrs. Leighton Blount of Bethel.

Pitt County W. M. S. to Meet.
The Baptist W. M. S. of Pitt county will meet in their annual session with the Immanuel Baptist Church in this city on Friday, June 12 at 10 o'clock. In addition to the usual program there will be special music, a chorus "God So Loved the World," and a pageant, "Send the Light." The pageant is to be given by the young people of the local society. Lunch will be served at the noon hour. All the women of the church and those who are interested in the work are cordially invited.

The following program will be given:
Session opens at 10:30 a. m.
Hymn: "Joy to the World."
Watchwords.
Devotional.
Address of Welcome—Mrs. W. H. Covert.
Response—Mrs. W. W. Taylor of

Mrs. Whichard at Home.
Mrs. David J. Whichard, Jr., returned yesterday from Sanatorium, where she has been for the past months.

LUCY JAMES ENTERTAINING HOUSE PARTY
Lucy James is entertaining a house party of girls and boys Friday until Tuesday, in honor of her brother, James Burton James, Jr., who graduated from high school.

The guests include Miss Alex Alexander and Miss Courtland Preston of Charlotte; Miss Patsy McMullan of Washington; Charles Norfleet and John Creech of Winston-Salem, and Edward Outlaw of Goldsboro.

While in the city, the visitors will be entertained at a number of social affairs. The first will be a dance given by Miss James Friday evening from ten until one, at her home "Ilium." About fifty guests will enjoy this hospitality.

On Saturday, Mrs. W. E. Hooker and Mrs. M. L. Wright will take the house party and about thirty friends to Bayview for lunch, followed by a swimming party.

Saturday evening, Mrs. L. C. Skinner is entertaining the visitors at dinner.

Mrs. James will serve a delightful old-fashioned supper Monday evening in her beautiful garden, which is one of the show places in the city.

Mr. and Mrs. Charles M. Norfleet of Winston-Salem, will arrive Monday to be the guests of Mr. and Mrs. James. Tuesday, Mr. and Mrs. James, Miss Lucy James and James Burton James, Jr., will accompany them to Morehead where they will be their guests aboard their yacht.

MRS. MUNFORD HONORED AT CHAPTER MEETING
Mr. and Mrs. Wiley Brown, Mrs. and Mrs. H. S. Ragsdale, Mrs. C. F. Munford, Mrs. E. E. Rawl, Mrs. William B. Herring, Mrs. Robert B. Darden, Mrs. A. P. Hines, Mrs. T. L. Moore and Miss Lill Wilson, of Greenville Chapter No. 149 Order of Eastern Star, have returned from Elizabeth City where they attended the Grand Chapter meeting.

Mrs. Munford had the honor of being made District Grand Matron of District No. Two.

Catholic Services.
The feast of the Sacred Heart will be observed by the members of St. Peter's Catholic Church with special services. Holy mass and exposition of the Blessed Sacrament at the convent at 7:30 a. m. Benediction at 4:30 p. m.

Confessions will be heard in the church at 8 o'clock this evening.

Dr. Wright Improving.
Friends of Dr. Robert H. Wright will be glad to learn that he is getting on nicely following an operation which he underwent Sunday in Pitt Community Hospital.

Miss Smith Hostess.
Farmville, June 10.—Miss Elizabeth Smith delightfully entertained members of the younger set on Monday evening at her home on Church street. Games, dancing, and an ice course were enjoyed by the guests including Misses Nathalie Vought, Ruth Hayes Turnage, Virginia Spell, Mary Elizabeth Smith, Frances Joyner, Virginia Atkinson, Evelyn Carr, David Harris, Jack Horton, Jim Roebuck, Fred Jones, James Grey, Charles Rountree, Arthur Taylor and Red Newton.

Merry Matrons Meet.
Farmville, June 10.—The Merry Matrons held a delightful meeting on Tuesday afternoon of this week at the home of Mrs. A. C. Monk, with Mrs. J. M. Hogobog presiding. Two splendid papers, the first on "William Alexander Graham," written by Mrs. B. S. Smith, and the second "North Carolina's Oldest Town, Bath, and the Next New Bern" by Mrs. W. Leslie Smith, were read with two piano selections. Mrs. Haywood Smith made up an excellent program.

Larkspur, roses and snapdragons were in artistic arrangement. A delectable salad course was served during a pleasant social hour. In addition to the club members, Mrs. Monk had as guests Miss Agnes Moore, Mrs. Haywood Smith, Mrs. Plato Monk, Mrs. A. W. Bobbitt, and Mrs. J. L. Shackelford.

Billie Dove Tries Flying

New York—Mrs. James J. Walker, wife of the mayor, proposes to reduce 40 pounds by dieting and to bring her weight down to 100, what it was when she married.

Wooten Clan to Hold Reunion In This City June 19

One June 19, at 10 a. m. the Wooten Clan will hold its annual reunion at the Country Club near Greenville. Members of the clan from North Carolina, South Carolina, Georgia, Virginia, Alabama, Florida and Louisiana are expected to attend. This famous old family descended from Dr. Thomas Wooten, gentleman, who came to Virginia in 1607, includes hundreds of prominent people in North Carolina—doctors, lawyers, ministers, professors, bankers and army officers. The president of the clan is Mr. John L. Wooten of Greenville, and the secretary is Mrs. Annie Wooten McAulay of Acme, N. C.

An excellent program has been prepared. The devotional will be conducted by Rev. John C. Wooten, presiding elder of the Durham Conference; the music will be in charge of Mrs. Lloyd K. Wooten, Kingston; the annual address will be made by Hon. F. C. Harding; and an address will be made in the afternoon by Rev. J. G. Barden, a missionary, on "The Belgian Congo." Each family is asked to bring a basket of good things for the picnic dinner.

English School Boy Perishes In the Northland
Edmonton, Alta., June 11.—(AP)—The struggles of an 18-year-old English school boy, inexperienced in woodcraft, to save himself from the clutches of winter in the north Canadian wilderness were revealed today in a diary found beside his body at the end of his trail.

The body of John Noel Patch Bennett, member of a wealthy family in Caledonia, England, was found by Kelly Sunderman, a guide, beside Tullium creek after a search of several months and has been shipped to England.

Bennett set out alone from Grande Prairie last October with a pack horse, intending to make his way through Pine Pass to Prince George, British Columbia for adventure.

Entries in the diary show that his troubles began on October 27 when the autumn rains presaging the coming of winter set in. Two days later snow had obliterated the trail.

On November 2 he lost his pack horse, axe and gun and spent the day hunting for it. Two days later he discovered he was going in the

wrong direction and had to retrace his steps. On November 9 his supplies had dwindled to a tin of beans and a little flour.

His moccasins became worn out and with his matches spoiled by water, he was unable to build a fire to thaw his frozen feet. He lost his pack horse and crossed a frozen river in his bare feet.

The last entry in the diary was dated November 16, written in a cabin where he spent a night. His

Chinese Minister Resigns His Post

Washington, June 11.—(AP)—These Chinese legation announced today that Minister Chao-Chu had resigned his post.

Legation attaches declined to go into details but said the resignation was for political reasons.

The minister was said by legation attaches to be "out of sympathy with the Nanking government." They withheld further information until a conference with newspapermen called for today at 3 p. m.

Minister Wu had an appointment with President Hoover today to tell him goodbye.

To Go to Virginia
Greensboro, N. C.—(AP)—Rev. Clarence E. Buxton, rector of St.

Andrews Episcopal church here for more than seven years, has resigned to accept a call to Lunenburg and Copia parishes, in Richmond and Westmoreland counties, Virginia.

See Legitimate Stage Comeback
New York—Talkies, in the opinion of George Jean Nathan, critic, will be as much an anachronism in five years as silent pictures are today, and the legitimate theatre where human beings act and speak is coming into its own again.

ABOUT TOWN

It is mighty fine news concerning the opening of the Westbrook swimming pool and golf course at the corner of Fourth and Washington streets as places of recreation for children during the summer months.

Plans looking to the operation of the projects were announced yesterday, and it is the hope of the committee to have both in operation during the next week.

The two pieces of property are owned by Messrs. M. K. and J. H. Blount, who tendered them for use as places of recreation providing a group of business men would direct the operation. Action of both the property owners and the operators is of a most commendable nature, and that they will receive the thanks of hundreds of children and parents alike is not to be doubted. Greenville has needed places of this kind for a number of years, and now they have been made possible the people should do everything possible to insure the financing of same.

Both projects will be operated under direction of Albert Osborne, who has already distinguished himself in children's activities in this city, and that he will make both the golf course and swimming pool of inestimable benefit to the health and happiness of the city's young people is confidently expected by the promoters.

Although observance of the half-holiday here yesterday was not as general as expected, it was indicated that the number of stores to close would increase within the next month.

About forty stores and business houses closed at the noon hour yesterday in order to give their employees a half day off in which to enjoy the many forms of recreation during the summer months.

The plan has been observed by the business district for the last several years, and even the most recalcitrant merchants are generally agreed that the employees rendered a higher brand of service following the time spent out in the open in past years.

The people who are forced to stay indoors, from early morning to night, and many of them until late at night, appreciate this time off, and return to work in much better frame of mind with the world at large. Merchants profit from the half holiday and should join the employees in getting all they can out of the few hours allotted them for recreation out in the open.

Traffic on the various highways of the state always increases to a noticeable extent during the summer months, making it important for people to drive with greater care than any other season of the year.

People who are in the habit of driving at a high speed should slow down somewhat as the traffic increases and safeguard their own lives as well as hundreds of others along the highways from day to day.

The majority of accidents result from over-confident drivers—the man or woman who feels perfectly capable of handling their cars safely even under the most extraordinary circumstances. But when the

HEADACHE?

... Quick Way to End It
Headaches, whether from stomach, nerves, periodic cause, eating or drinking, can be relieved in few minutes by Capudine, the new prescription in liquid form. Works in one-third the time usually required by other forms. Try it for any kind of headache.

Make This Test!..
Next time you have a headache go to your drug store and get a bottle of Capudine, or take a dose at the soda fountain. Then time the action. Note how quickly pain disappears and you "pop" right up. In 10, 30, 60, bottles, or by the dose at drug store soda fountain.

Capudine
FOR HEADACHES

highways are crowded one's own skill is at the mercy of the other fellow, and a sudden, unexpected move of another car may result in serious injury or death before the expert driver has time to act. Life is precious, far too precious to be jeopardized by high speed when there is no cause for rush, and the man or woman that considers this fact and drives slowly and carefully on crowded highways will more than likely escape the toll exacted by automobiles each month of the summer season.

Greenville extends a cordial welcome to the young women attending the summer session of East Carolina Teachers College.

The people are always glad of this influx of teachers during the summer months because it helps relieve the quiet usually following the completion of the regular term.

The summer session has been divided into two terms this year, which means that the young women will be here six weeks longer than customary.

It is to be hoped the students will take advantage of the cordial welcome extended by the businessmen and citizenship generally and let their stay here count both for profit and pleasure.

Advertising always pays at this season of the year, and business men should not neglect keeping the public posted on the numbers of splendid values which they have to offer from time to time.

Advertising in the daily newspaper reaches thousands of people daily, and the business houses with something special to offer may rest assured of getting the ear of the people when resorting to this method of news dissemination.

Some may argue that business is always dull at this season of the year and that they will wait until things improve before renewing the advertising campaign. This is a mistaken impression, as any wise business man will agree and the man that sticks to it will find business continued dull because the man that keeps the people informed will get the major part of the trade.

Values are just as much in demand at this season of the year as at any other time, and when people go to do their buying they always shop where they have seen what they want attractively presented through advertising columns of the daily paper.

TRY TO DETECT EARTH SHOCK

(Continued from page one) both in California and in Japan, he said, were based on vibration research made with a shaking table at Stanford University.

"Seismologists are like detectives," Father Lynch observed. "They are called in to solve a mystery, and people expect the impossible of them. They are expected to be

TWO OFFICERS ALLOWED BOND IN SLAYINGS

(Continued from page one)
their car stepped from the auto and walked towards Crosby. When Guess approached the car on the right side, he found Manuel standing outside the car covered with a blanket and holding a gun in his hand.

"Deputy Sheriff Guess, fearing for his life and without having tried to warn Gomez, fired his gun killing Gomez instantly.

"Then, approaching the car and seeing another person inside, without warning him, he fired on Emilio, who also died instantly."

PRES. HOOVER O SPEND TWO DAYS IN CAMP

(Continued from page one)
Mrs. Hoover will receive a Girl Scout troop which will give her a wreath to be placed on the tomb.

The party will be escorted to the Lincoln tomb by mounted troops. After laying wreaths on the tomb it will go to the speaker's stand. The program will begin about 2:30 o'clock. Governor Emerson will preside and music will be furnished by a chorus.

Immediately after the rededication ceremonies the President will return to his train and begin the trip back to Washington, arriving here late Thursday afternoon.

YOUNG G. O. P. HOLD MEETING

(Continued from page one)
money policy to Republicans throughout the years. Turning to the present era, he said Mr. Hoover had taken "massive and heroic steps" at the outset of the depression in calling to the White House leaders of industry and labor and fostering a move to maintain wages.

"The need of the hour," said Senator Fess, "is a leader with a vision to comprehend the problem and the courage to withstand the organized clamor."

"As was recently said: 'We should be thankful that we have at the head of the nation a man who is the embodiment of all that is capable, strong, patient, sympathetic; all that is protective, conservative, purposeful and beneficial.' Such a man is President Hoover."

Peter F. Snyder, assistant secretary of labor, another speaker of the day, went further than Senator Fess and called for the "triumphant re-election" of Mr. Hoover.

Other speakers welcomed the tariff issue for the 1932 campaign, each declaring the tariff wall a necessity to protect the American standard of living.

Disorder Marks New Tax Decree In German Cities

Berlin, June 11.—(AP)—Communist violence against the new emergency taxation decrees in four widely separated cities gave Chancellor Heinrich Brüning food for thought today.

The most serious disturbance occurred in Mannheim last night when radicals resented authorities' efforts to break up their mass meeting. Throwing up a barricade in the streets, they fired on police and firemen and stood them off until the arrival of reinforcements.

Pavements were torn up, street lights were smashed and thoroughfares were darkened before the battle was over. Traffic was disrupted and merchants closed their shops. Many arrests were made but no one was known to have been injured.

A policeman was killed at Kassel by shots fired from the dark as the authorities were attempting to break up a communist demonstration. The officers also were bombarded with beer mugs, flower pots and stones from nearby houses.

May Dies As Result Wreck

Gastonia, N. C. — (AP) — Jack Seizer, 21, injured in an automobile accident here, was reported to have slight chance for recovery.

Maryland Woman Happy Now—

LOSES 55 LBS.

Edith J. Marriott of Baltimore, Md., writes: "Last winter I weighed 200 lbs. and was very much ashamed. I bought a bottle of Kruschen Salts which gave such wonderful results I bought more. After 4 bottles I weigh 145 lbs., and all my friends say, 'How slender you've gotten—how did you do it?' I say only 4 words—thanks to Kruschen Salts."

A generous bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at any drugstore in America—take one half teaspoon in a glass of hot water every morning before breakfast—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—that will help Kruschen take off your fat.

Take Kruschen every morning—it's the little daily dose that does it—if not joyfully satisfied after the first bottle—money back.

FOUR TOWNS TO ORGANIZE BALL LEAGUE

That Greenville will witness at least one game of ball a week, was revealed today in an announcement by Joe "Red" Burgess of the formation of a league among four towns of this section.

A meeting looking to the arranging of a schedule will be held at Snow Hill tonight, Burgess said, and at that time final plans looking to organization will be perfected.

The towns expected to participate are Greenville, Snow Hill, Pine tops and Macclesfield.

Burgess said the schedule in all probability would call for two games a week, which will give the fans of each town an opportunity of seeing at least one game weekly.

It was stated that the Greenville organization would be composed of players from Greenville and Asplen and it was expected to attract much larger crowds by reason of this fact. Burgess stated that plans for organization of the local club would be rushed to completion in time

for beginning of practice next week. He said some splendid material was in prospect in Greenville and Asplen and hoped this organization would snatch the league leadership right in the beginning.

BUSH PLANS TO TRADE OFF FEW PLAYERS

Chicago, June 11.—(AP)—Donie Bush is getting so mixed up with his player talent that he may end it all by making some trades. First and second base are his most important of many problems. Lew Fonseca, recently acquired from Cleveland, is showing signs of wearing out at second base but Lu Blue, obtained last spring from St. Louis, is playing its first bag so well that Donie doesn't like to bench him.

Hence, he may trade Blue and put Fonseca on first if he can get what he wants.

Al Thomas, a pitcher who hasn't returned to form, and Outfielder Carl Reynolds, who has been ill much of the season, are wanted by other clubs. If Donie can swing a satisfactory deal, he may do so.

Double Plays Worry Hornsby

Chicago, June 11.—(AP)—Double plays are irking Rogers Hornsby, manager of the Cubs.

So far this season, the Cubs have been victimized just 60 times by double killings and Manager Hornsby doesn't like it.

"It's our one biggest weakness," Hornsby said. "Our hitting is good enough to lead the league and so is our fielding. Our pitching is good but those double plays are taking the steam out of our wallops."

"We keep down expenses with Shredded Wheat"

"I've found one way of getting better breakfasts for less money. I serve Shredded Wheat. I don't know anything else that gives so much nourishment and costs so little. It's so easy to digest that every one likes it, too—especially when I cover it with fresh fruit. Shredded Wheat is whole wheat, and with milk it contains every food element we need for growth and good health."

Yesterday's Stars

(By The Associated Press)
Charlie Root, Cubs—Held Phillies to four hits, shut them out 3 to 0 and drove in what proved to be the winning run.
Rabbit Maranville, Braves—Hit a triple and three singles and scored five runs to help slaughter the Cards, 13 to 4.
Larry French, Pirates—Limited the Giants to three scattered hits, all singles, and was deprived of a shutout by an error.
Tony Cuccinello, Reds—His triple, double and single drove in four runs against the Robins.
Heine Manush, Senators—Hit a home run and two singles to help sink the Indians 9 to 4.

Frigidaire is finished in Porcelain because Porcelain is rust-proof, heat-proof, blister-proof, scratch-proof, dirt-proof, moisture-proof, wear-proof, odor-proof, time-proof.

It is easy to keep clean, everlastingly beautiful, and never needs refinishing.

25 REASONS why Frigidaire is the advanced refrigerator

Today's Frigidaire offers many important improvements and refinements. It offers quiet, dependable operation with surplus refrigerating power. It offers permanent beauty and many other advantages which make it the Advanced Refrigerator.

- 1 Porcelain-on-steel inside and out for lifetime beauty.
- 2 A smooth, flat top that is easy to keep clean.
- 3 Beauty of design to harmonize with any kitchen.
- 4 Acid and stain-resisting, seamless porcelain interior.
- 5 The Cold Control—for extra fast freezing.
- 6 The Hydrator—for freshening vegetables.
- 7 The Quickcube Ice Tray—for releasing ice cubes instantly.
- 8 Surplus power for every need—just as in the modern, high-powered automobile.
- 9 Extremely quiet operation.
- 10 All mechanism enclosed and out of sight.
- 11 Economical operation.
- 12 Conveniently elevated food shelves.
- 13 Ample food storage space.
- 14 High-speed freezing unit for desserts and ice cubes.
- 15 Beautiful, polished tray fronts that seal in the cold.
- 16 Metal freezing trays specially treated to prevent discoloration.
- 17 Cabinet equipped either with legs or casters.
- 18 Room for tall bottles and containers.
- 19 Sanitary porcelain surfaces that are easy to keep clean.
- 20 Chromium-plated fittings of pleasing design that never need polishing.
- 21 Cabinet that can be built into wall recesses or cupboards.
- 22 Models for the smallest or largest family.
- 23 Three-year guarantee that covers the mechanism, cabinet, finish.
- 24 A General Motors value.
- 25 Convenient terms arranged to suit the purchaser.

When You Buy An Electric Refrigerator Be Sure That It Is Porcelain

NOW IT'S AN EVEN FINER HEAVY DUTY TIRE at its Lower Price!

The stunning-looking Goodyear Heavy Duty All-Weather, which adds so much CLASS to a car's appearance, is further improved for 1931. And its price is reduced!

Still more mileage! — yes, MORE of that EXTRA endurance which has made it by far THE leader of the Heavy Duty field.

Ride with pride — and save money, too — by putting on these tires; they are strikingly identified by the prised side-bars pointing to a silver stripe.

You will be pleasantly surprised to learn how little the cost is now. Come and see us.

Market Report Cotton--Stocks--Grain

N. Y. COTTON

New York, June 11.—(AP)—Cotton opened steady today, unchanged to 3 points higher, which was rather better than due on the showing of Liverpool, and held steady during the early trading.

Business was comparatively quiet, but some liquidation or reselling by recent buyers was quite readily absorbed by trade buying and covering.

July liquidation continued but was absorbed by spot house buying at the prevailing differences between months and was partly in the way of exchanges. There was no criticism of weather conditions, but reports of a fairly steady tone in the stock market probably helped cotton at the start. July sold up to 8.40 and December to 9.01 with the market showing net advances of about 3 to 5 points at the end of the first half hour.

Liverpool cables said that continental liquidation had been absorbed by trade calling and covering in that market and that the British home trade in cotton goods was rather better.

GRAIN MARKET

Chicago, June 11.—(AP)—Rallies in cereal prices late today accompanied reports that only two points in Canada had received more than half an inch of rain. There were also advices of dust blowing in some Canadian drought territory. Meanwhile, complaints were received of too much rain in various domestic winter wheat sections, with fears expressed of damage from lodging and as to likelihood of a difficult harvest. Rallies, however, failed to hold.

STOCK MARKET

New York, June 11.—(AP)—The stocks fluttered irregularly in a professional market today, unable to break out of a trading rut either on the frequent dips or recoveries. Group movements were indecisive. Volume continued very light.

Heaviness of U. S. Steel, Westinghouse and a few other prominent issues checked moderately active buying in the early dealings but whenever the slight pressure was lifted the market tended to advance.

Public following for an extension of the rally seemed to be definitely lacking, while the resistance to recent selling kept bears cautious. Bonds were somewhat mixed, with rails improving slowly.

U. S. Steel dragged most of the day, ruling a point or so under the previous close. Other soggy spots included Western Union, McKeesport, Real Silk Hosiery, Alaska Juneau, Allied Chemical and Consolidated Gas.

Southern Railway broke 3 on the dividend news, which was not unexpected. American Telephone, American Tobacco, B. Case, Electric Power & Light, Rock Island, Pacific Lighting, New York Traction and Youngstown Sheet & Tube reacted after small gains.

Reports that copper had been sold at 8 cents were discredited in some quarters at 9 1/4 cents. Call money firmed in the outside market were funds at one per cent again dried up and all offerings were at the stock exchange renewal rate, 11-2 per cent.

Teaches Psychology to "Dry" Agents

Washington, June 11.—(AP)—A self-styled "unsophisticated, undiluted professor from the Bible belt" has undertaken the task of making psychology a prohibition enforcement weapon.

Fred N. Gregg, professor of psychology and education at Nebraska Wesleyan University, is holding classes at the prohibition bureau daily for 24 picked men from the 12 prohibition districts.

In two weeks they are expected by him to return to their headquarters well versed in the mental gymnastics of the human race. Ideas acquired here are to be passed along by them to the more than 2,000 agents who will compose the federal enforcement division beginning July 1.

A class room atmosphere pervades the hall in which the professor presides. Charts relating to the science of teaching and to the relationship of instincts, emotions and intelligence hang upon the walls. Along with these, Professor Gregg brought specially prepared diagrams depicting the effects of alcohol upon the human brain.

Although not actually teaching prohibition to the agents, the professor came from the west with an assertion that the people on the eastern Allegheny slope think inhabitants of other sections "naive." He said he also believed easterners do not sense the dry sentiment of

the remainder of the country. He is teaching the general principles of psychology and methods of teaching. Other classes are held for agents and various officials of the bureau, including Director Woodcock, lecturer. The director expects these instructors to be a large factor in developing next year what he describes as the most efficient prohibition enforcement division yet created.

Girl Injured By Exploding Shell

Asheville, June 11.—(AP)—The mystery of the shooting of Anna Warren, 14-year-old South Hominny girl, was no longer a mystery today. After several days of investigation, officers convinced that the little girl could not have been shot

through a window by an outside marauder, as she said, visited her in a hospital where she is recovering. She admitted her wounds were received when she knocked a shotgun shell from a shelf to the marble topped table, exploding it.

Woman Hater Charlotte, N. C.—(AP)— Jack

Denman, in jail charged with assault on his wife, sought to commit suicide by slashing his arm with a razor blade. eH was reported recovering.

Asheville, N. C.—(AP)—Harvey S. Firestone, tire manufacturer and member of the famous Edison-Ford-Firestone triumvirate, attended his son's graduation at Asheville school.

Smoke a fresh cigarette

Of course I've switched to CAMELS

You don't have to look beyond your own intimate circle to realize what has happened.

Everywhere you see evidence of a great country-wide switch to Camels.

That is because the new Humidor Pack performs a real new service for the smoker.

Throughout the nation, literally millions of people have found by actual test that the new air-sealed, sanitary package of moisture-proof Cellophane not only keeps out dust and germs, but also keeps in the rich, mild flavor of the choice Turkish and mellow Domestic tobaccos of which Camels are blended.

To show their real appreciation of the Humidor Pack Camel smokers from all parts of the country write letters telling the advantages of this scientific new wrapping.

Women tell us they carry Camels in the Humidor

Pack in their handbags without having them absorb powder and perfume odors. Workmen say this moisture-proof wrapping protects their cigarettes from perspiration and pocket dust. Sailors are enthusiastic because the damp salt air does not reach Humidor-packed Camels.

All real benefits of course, but the chief fact that is causing this great nation-wide swing to Camels is the protection which this air-sealed wrapping gives to the choice Turkish and mellow Domestic tobaccos of which Camel cigarettes are blended.

No peppery dust to irritate the membrane; no dried-out tobacco to burn the tongue or sear the throat. Just the fresh, cool mildness of perfectly conditioned tobacco.

Switch to Camels for one day, then quit them—if you can.

CAMELS

NO CIGARETTE AFTER-TASTE

Don't remove the moisture-proof Cellophane from your package of Camels after you open it. The Humidor Pack is protection against perfume and powder odors, dust and germs. It delivers fresh Camels and keeps them right until you smoke the last one
