WALSH FIRES AT ASSERTION BY PRESIDENT

Hoover's Reference to Warren Harding Draws Questions From Montana Sen.

Washington, June 18.—(AP)—Pointed questions as to President Hoover's knowledge of Warren G. Harding's "dim realization" that some of his trusted friends had betrayed him, have been directed at the Chief Executive by Senator Walsh of Montana.

Walsh was the Democratic pro-secutor in the Senate investigation that disclosed the Teapot Dome and Elk Hills oil lease scandals of the Harding administration, in which Hoover was secretary of commerce.

In a statement through the Democratic National Committee, Walsh in referring to Hoover's dedication of the Harding Memorial said:

"That was an interesting bit of history introduced Tuesday by President Hoover into his speech at Marion, Ohio, namely that the realization of President Harding that he had been betrayed by a few of the men whom he had trusted, was a contributing cause of his death."

Coming from the reliable source from which "the fact is now given to the public, a number of questions are prompted," Walsh said.

"Of the faithfulness of which particular friend or friends afterwards shown in the courts of the land to have betrayed the country as well—to use the language of the orator at Marion—did President Harding have knowledge, Fall, Daugherty, Forbes or Miller?"

Fall was secretary of the interior, and was convicted of accepting a \$100,000 bribe from Edward L. Doheny. Daugherty handed in his resignation as attorney general at the request of President Coolidge. Forbes became involved in his administration of the Veterans Bureau and Miller, likewise, as alien property custodian. Both were imprisoned.

Walsh asked if Harding "had such knowledge why did he not peremptorily dismiss them from the public service and cause to be instituted those prosecutions to which they later became subject?"

"Was the president's information," he continued, "that Harding had a 'dim realization' of the fact that he and, of course, the country as well, had been betrayed acquired before or after the death of Harding? If after, who was his informant and, if before, why did he remain inactive, being one of the constitutional advisers of the president?"

Indict Buncombe Road Supervisor for Embezzlement

Asheville, June 18.—(AP)—The indictment of A. D. Weaver today had brought to three the number of former Buncombe county supervisors of roads charged by the grand jury with embezzlement of county funds and forgery.

Weaver, charged with embezzling more than \$200 by counterfeit and forgery, was indicted yesterday. His bond was fixed at \$1,000.

D. M. Levi and R. S. Bradley were indicted Tuesday on similar charges. Levi arranged a bond of \$3,500, and Bradley a bond of \$500.

While Solicitor Zeb V. Nettles declined to discuss the charges already brought or the probability of other former county employes or officials being indicted, it was rumored that alleged misappropriations of county funds totaling more than \$100,000 have been disclosed by grand jury investigations.

Kinston Banker Admits Shortage

Kinston, June 17.—(AP)—Announcing he wanted to make a "clean breast," serve his time and attempt to make complete restitution, William B. Harvey today confessed defalcations totaling \$53,800 while he was an officer of the First National Bank of Kinston.

Harvey, one of the best known men in Eastern North Carolina, was executive vice-president and cashier of the bank when it closed several weeks ago carrying two other Kinston banks down with it.

He summoned U. S. Commissioner Henry Sutton and a group of friends to the office of his attorney yesterday and unfolded a story of misappropriated money, covering a period of ten years. The largest item was \$15,000, which he said he embezzled from an estate.

Commissioner Sutton advised the former banker he could not be tried before the October term of federal court and fixed bond at \$10,000. Harvey's friends signed his bond at once.

Dry Forces T Launch Crushing Offensive On Liquor Traffic In July

Washington, June 18.—(AP)—The zero hour for the biggest sustained offensive in prohibition history against leaders of the illicit liquor industry was set for July 15 today by federal officials.

Exactly 15 days before that date Prohibition Director Woodcock said, a corps of 350 new dry agents will be concentrated in a dozen cities spread from coast to coast for an by federal officials.

Added to the present force of more than 1,500 to make it the biggest and best trained federal dry army in history, he said, they will be instructed specifically to concentrate on the large scale commercial violators and the higher-ups of the liquor gangs, leaving the speakeasy and small-time bootlegger principally to local enforcement.

Woodcock acknowledged that for the past two or three months his office had been "bending every effort" toward the date when these new men, selected from among thousands of applicants, could be thrown into the field.

"If we don't make more and better cases with our force increased by nearly a third," he said, "then something is wrong with our force. There is no denying that our effort will be stronger. The results should speak for themselves."

The federal dry chief made clear however, that the new offensive should not be considered a "drive" in the sense that it would be a spectacular effort confined to any one period. He stressed his idea of keeping "a steady pressure" against the men he seeks to convict.

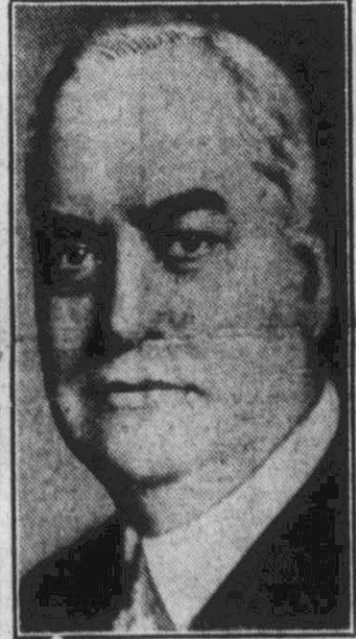

Already 150 of the new agents authorized by Congress have been thrown against the Volstead law breakers. Woodcock held out for this number against the criticism of the Wickersham Commission and its recommendation to President Hoover and to Congress that his figure be doubled.

The federal dry chief was enthusiastic about the calibre of the force that will carry on the campaign to wipe out the leaders of the liquor gangs.

"A corps of investigators has made extensive inquiry into the records of each man, inquiring among other things whether he has ever served a prison sentence and whether he himself ever used liquor."

"If a man at some time in his past has taken liquor and then stopped using it we do not hold this against him, but every man in the service must now be a total abstainer. He cannot properly enforce the law and drink himself."

Heads Shriners

Esten A. Fletcher, Imperial potentate, will preside at sessions of the Cleveland convention of Shriners July 14 to 16.

THREE HELD FOR ASSAULT

Three young white men were held in Pitt county jail today charged with alleged criminal attack on three young women of this county.

They are Robert Anderson of Black Jack, and Edward Breedlove and Reid Little of Rocky Mount.

Anderson was brought to the city and confined in jail last night by Constable Charlie Evans, of Black Jack, charged with the alleged assault of Beekie Harrison 13-year-old daughter of Ed Harrison, farmer, of the Black Jack district.

Breedlove and Little were brought here the first of the week. They were charged with attempting to attack two young women of the lower end of Pitt county while traveling in an automobile between Greenville and Rocky Mount. The names of the young women had not been divulged today, but it was understood one of them was a school teacher.

Anderson denied the charges which were brought by the father of Beekie Harrison, declaring that he had asked the man to pay him off, and was later indicted for assault on the girl.

Breedlove and Little also denied the charges launched against them. The three defendants will be given preliminary hearing at an early date.

Indian in Movies

Los Angeles—Out of the ditches he was digging to support his family, Jim Thorpe, Indian athlete, has jumped into the movies. He will be chief in frontier battle scenes.

Selma, N. C.—(AP)—Alex Ryals, 73, was critically injured when the automobile of E. G. Hobbs, Selma attorney struck his buggy.

SMALL SPEAKS HERE TONIGHT

Former Congressman to Make Address in Opposition to 18th Amendment

Hon. John H. Small of Washington, D. C. was here today to deliver an address at the court house tonight at 8 o'clock in opposition to the Eighteenth Amendment.

Mr. and Mrs. Small reached Greenville last night and will be the guests of Mrs. E. B. Ficklen during their stay here.

Referring to his address tonight, Mr. Small declared he had no fight against temperance, but was directly concerned with informing people of the failure of prohibition as represented through government enforcement.

He said whiskey could be obtained as easily today as before the Eighteenth Amendment became effective, and the pity about it is the number of young women drinking today.

Mr. Small expressed a desire to have the women attend the speaking tonight in large numbers, because, as he recently expressed it, they are the conservators of the home and upon their shoulders rests the responsibility of rearing future generations.

Mr. Small rendered distinguished service to this section of the state while in Congress, and it was expected that he would be heard tonight by people from many surrounding communities.

Frigate to Run Under Own Power At Celebration

Washington, June 18.—(AP)—Plans are afoot to have the restored frigate Constitution sail on her "patriotic cruise" from the Boston navy yard July 3 under her own power and manned by a crew of 75 dressed in naval uniforms of 1812.

Representative Bloom of New York, associate director of the George Washington Bicentennial commission said today he agreed with advocates of the proposal that "Old Ironsides should be put into commission exactly as she was of old—to the last detail."

He added he would urge the Navy Department to give favorable consideration to the proposal. "It seems to me a mistake," he said, "to violate the historic atmosphere of the famous old ship by having her manned by a crew in the uniforms of today." "Moreover I think it would be an inspiration to everyone to see the Constitution under full sail instead of in tow of a tug."

Bloom said he would guarantee to provide the uniforms if the Navy had no funds for the purpose.

The Constitution will be brought to Washington for the bicentennial celebration next year.

Former Legislator Dead

Raleigh, June 18.—(AP)—Percy J. Olive, county attorney for Wake and former member of the General Assembly, died suddenly at his home here today. He was a native of Apex, this county.

Named Bank Head

S. Sloan Colt, 38, was elected president of the Bankers Trust Co. of New York, an \$800,000,000 institution. He is the youngest head of any of the large Wall street financial institutions.

DEFICIT OF GOVERNMENT IS REDUCED

Income Tax Payments and Foreign Debt Collections Causes Drop of \$82,662,000

Washington, June 18.—(AP)—The federal deficit was reduced by \$82,662,000 today by income tax payments and collections on the foreign debt.

The red ink figure however, still exceeded the billion dollar mark, standing at the close of business June 16 at \$1,017,241,877. The preceding day's figure was \$1,099,903,063.

Income tax collections totaled \$29,368,152 as compared with \$48,129,000 on the corresponding day during payments for the first and as compared with collections the preceding day of \$11,948,411.

Payments on the foreign debt exceeded \$111,000,000 of which over \$93,000,000 was applied to operating expenses.

Income tax collections for the month totalled \$75,897,122.93 as compared with \$186,173,071 on the corresponding date in June last year. If June tax collections equal previous estimates more than \$210,000,000 must be tabulated before the end of the financial year on June 30.

Treasury officials had not modified recent opinions that the year end deficit would probably drop below the official estimate of \$950,000,000.

Latest figures on governmental receipts for the fiscal year totalled \$3,046,265,131 while expenditures aggregated \$4,063,507,008.

Customs receipts for the fiscal year to date came to \$364,369,031 as compared with \$549,973,286 last year.

Departmental expenditures on June 16 totalled \$2,308,155,544 or over \$203,000,000 in excess of the 1930 outlay.

Escaped Convict Declared Outlaw

Raleigh, June 18.—(AP)—Boiling Byrd, 19-year-old Durham youth, who since his escape from State's Prison farm at Cary several weeks ago has become to be called by Wake County officers "Wake's most dangerous criminal," was declared an outlaw this afternoon.

The declaring of the youth an outlaw followed his escape yesterday when he wrested a pistol from Claude Watkins, policeman at Wendell near here, when Watkins attempted to arrest him.

A companion of Byrd fired on Watkins, but the shot did not take effect. Watkins returned the fire before he was overpowered by Byrd.

Since his escape from the Cary farm, Byrd has been charged with holding up a number of filling stations and stores in Wake county. He is said to be traveling in an automobile with two companions.

CHRISTIAN ENDEAVOR CONVENTION BUSY

Charlotte, June 18.—(AP)—The North Carolina Christian Endeavor turned today to a busy program of discussion of Christian Endeavor work at its 33rd annual convention. Approximately 300 young people are attending the meeting which opened last night and will close tomorrow night. Dr. Charles F. Evans, of Chicago, will deliver an address tonight on "Youth's Opportunities."

SEEK TO QUIZ TWO WOMEN IN MURDER CASE

Detectives After Women Reported With Starr Faithful Before Her Death

New York, June 18.—(AP)—Detectives, still balked in their attempts to untangle the mysterious snarl of facts and fancy surrounding the death of Starr Faithful, south today to question two women reported to have been with her shortly before she disappeared.

They hoped these witnesses might be able to throw light on why the overwrought, unstable girl of 25 dropped from sight and turned up dead on Long Beach.

One of the women was reported to have been seen talking with Starr at Grand Central station at 4:30 p. m. on June 4, the day before she disappeared.

The second woman was a clerk in a Fifth Avenue department store, said to have lunched with Starr the next day. Seeking this girl for several days, officers hoped to question her today.

Meanwhile authorities tended to cast doubt on the story of Henry Goldstein, a chauffeur, who said he saw the girl on the day she disappeared with a "millionaire" for whom he once worked. He knew them, he said, because he once drove them on an eight-day trip in Europe.

Dr. G. Jameson Carr, Cunard Line surgeon aboard the Franconia, is on his way to New York from Liverpool with a letter in his possession, mailed to him by Starr Faithful the day before she disappeared. He is due Monday.

Mr. Edwards said but one line of his contents had been cabled him. It read: "When you receive this I will be dead."

The prosecutor commented: "You have a girl that has been drugged. A girl who has been bruised and beaten, and was sober. You must admit the possibility of murder."

The girl's body was washed ashore at Long Beach a week ago Monday. An autopsy showed death was due to drowning. A small quantity of sleeping portion was found in her organs. Investigation has revealed she was a constant user of such sedatives.

FLYING BOAT IS OFF AGAIN

DO-X Leaves Natal On First Stage of Flight to Rio De Janeiro Today

Natal, Brazil, June 18.—(AP)—The German flying boat DO-X, resuming her flight from the old world to the new, was soaring down the coast of Brazil today toward Bahia on the first stage of a trip to Rio De Janeiro.

She rose from the harbor at 5:30 a. m. and set her course due south. Fifty-two minutes later she was sighted over the city of Paratyba, about 100 miles from here. About 40 minutes after that she circled about Pernambuco, 75 miles further, and turned back on her course at 7:06. She had then flown nearly a third of the total distance of approximately 600 miles.

The big seaplane, largest in the world, landed here on June 6 with 13 passengers and under the command of Friedrich Christiansen had come from the island of Fernando Noronha, several hundred miles off the coast of Brazil after a 1,400 mile flight across the South Atlantic from the Cape Verde Islands. It marked the climax to an adventure which began in Alerheim, Switzerland in November, 1930.

At 8:30 a. m. the big ship landed on Lagoa Grande (Great Lake) at Maceio, to be refueled. About half her journey had been completed. There was no wind to assist her on her take-off at Natal so only enough gasoline had been carried to fly three hours.

Burke County Man Victim of Feud

Morganton, June 18.—(AP)—An- Woodrow Mull was added to the list of victims attributed to a fierce family feud smouldering for many months in Burke county.

Mull died last night in a Morganton hospital from wounds he received in a fight last Sunday. Clinton Duckworth, also 19, and Theodore Mull, a cousin of Woodrow, are held in jail in connection with the melee.

Capture Beer Baron During Pistol Battle With N. Y. Police

Townpeople Pray For Rain In The Southwest

St. Paul, June 18.—(AP)—The northwest simmered today in the worst heat wave of the season.

For three days temperatures have soared. Thunderstorm predictions held out hopes for local relief today.

Minot, N. D., roasted at 104 yesterday. Bismarck, N. D., reported 100. At Mohall, same state, business houses were closed and the townspeople flogged all four churches to pray for rain.

TO CONSIDER BOND FOR COX

Status of Bondsmen to Be Heard Before Clerk of Court Tomorrow

A hearing will be held before Clerk of Superior Court J. F. Harrington tomorrow morning to consider bond for the release of Rodney Cox, who with Elmer Whitley, was convicted of the highway robbery of Mrs. G. H. Ballard here the latter part of last year.

The two young men filed notice of appeal to Supreme court after being sentenced to jail to from seven to nine years, and bonds were fixed at \$5000 each.

They were unable to raise the desired sums; however, and Judge J. Paul Prizzelle the latter part of last week agreed to reduce the bonds to \$3,000 each.

It was understood today that preparations had practically been completed for posing the bond for Cox and the hearing will be held tomorrow to determine the financial status of the bondsmen.

Although plans are under way to raise bond for Whitley, it was understood that not as much progress had been made as in the Cox case. Belief was expressed, however, that he would be able to obtain their release within the next several days.

The two young men were alleged to have held up and robbed Mrs. Ballard of a sum estimated at \$4,200 while she was walking along the street one night after the Christmas holidays. She said one of the robbers placed his hand over her eyes and dragged her back of a garage while the other snatched her pocketbook containing the money and fled down the street. The two defendants stoutly denied implication in the robbery but the state presented considerable evidence during the five days' hearing tending to show that they spent liberally after the robbery despite the fact both had been out of employment for a considerable time.

The appeal for a new trial is now pending in Supreme Court, and since considerable time was expected to elapse before a decision is returned friends of the two men are doing everything possible to effect their release from jail where they have been confined since conviction in April.

Contractors Meet At Hendersonville

Hendersonville, June 18.—(AP)—The Carolina branch, Associated General Contractors of America, will open its summer convention here this afternoon with President John G. Caldwell, of Charlotte, presiding.

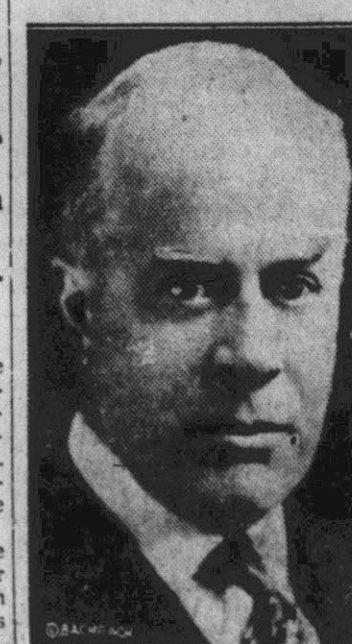

A number of addresses are on the program. Included in the list of speakers are: Fred Thompson, Charlotte; Earl Whitton, Charlotte; Judge Hoyle Sink of Lexington; Charles O. Hearon of Spartanburg, S. C., editor of the Spartanburg Herald and chairman of the South Carolina Highway Commission; W. S. McClelland, Charlotte, and W. C. Hinson, Charlotte.

SHRINERS STAGE ANNUAL CEREMONIAL

Rocky Mount, June 18.—(AP)—Lively music snappy drills by men in full regalia and other festivities today marked the annual ceremonial of Sudan Temple, order of the Mystic Shrine.

Potentialia Thomas L. Simmons estimated the attendance at the ceremonial at 3,500. The meeting began last night with a concert and street dance to continue through today.

Issues Statement

Andrew J. Peters, former mayor of Boston, issued a statement saying he had no evidence to give in the inquiry into the mysterious death of Starr Faithful, but that he had the slightest evidence he would be glad to give it.

LOWELL MASON IS SHOT BY COP

Former Duke Quarterback Wounded in Attempt to Escape Charlotte Police

Charlotte, June 18.—(AP)—Lowell Mason, Duke University quarterback and son of one of Charlotte's best known families, was shot and seriously wounded here early today by Police Captain Alex West.

The policeman said he had arrested Mason on a charge of drunkenness after an automobile accident and shot when the youth ran.

Mason was taken to Presbyterian Hospital here with a wound through his pelvis and upper leg. Physicians declined to estimate the seriousness of the wound until after an internal investigation.

The shooting occurred, according to police reports, after Mason and two companions had been taken to police headquarters. Mason was said to have leaped out of the police car and fled down a side street.

Ed Pittman, chief of police, said Captain West was behind buildings as Mason passed, and hearing brother officers crying "Stop him," fired twice into the ground without ever seeing the fleeing youth. The shooting occurred at 4 a. m.

Having the youth's name and not knowing he was wounded, police said, they gave up the chase.

An hour later officers on patrol found Mason wandering in the negro district, took him back to the station and did not know he was wounded until he told them, they said.

Mason was arrested shortly before 4 a. m. when the car in which he was riding with J. B. Wilkes, Jr., of Charlotte, and F. T. Dellinger, of Cherryville, N. C. State College students, crashed into a milk truck. Dellinger was convicted this morning in city recorder's court of drunkenness and Wilkes is scheduled to be tried tomorrow for driving while intoxicated.

Mason is a son of E. L. Mason, prominent in Charlotte civic, business and political affairs for years, who recently moved his home to Greenville, S. C. He is expected to arrive here this morning after being advised of his son's wounding.

Police insisted today the shooting was accidental. Captain West said he intended to fire into the (Continued on page six)

Dutch Schultz, "Bad Man of Bronx," Held in \$150,000 Bail As Detectives Attempt to Catch Three of His Men Who Escaped in Battle in Front of Baron's Fifth Avenue Home; Henchman Shot Through Abdomen During the Encounter

New York, June 18.—(AP)—Dutch Schultz, Bronx beer baron known to the police as a general "bad man", glowered in a cell today while detectives tried to run down three of his men who escaped after a pistol fight with detectives in which the "boss" was taken.

Schultz was held in \$150,000 bail by Magistrate Burke on three different charges; acting in concert in felonious assault, and two counts of violating the Sullivan anti-firearms law.

The encounter occurred in front of an upper Fifth avenue apartment house where Schultz was living in hiding. When the smoke cleared Daniel Amacio, alleged to be a Schultz henchman, lay in the street, with a bullet in his abdomen.

Police raided the Schultz apartment, and found he had fitted it up as an armed lookout post equipping it with pistols, shotguns and binoculars.

All but Amacio fled when the detectives first opened fire. Schultz was collared as he was climbing into a taxicab. Whittipped and shivering, he grew almost hysterical as he was taken to a police station, beginning "for something to quiet my nerves."

By the time he had reached the police lineup, however, he had recovered the sullen, cool attitude of the racketeer, and to most of the questions put to him he answered: "I don't remember."

Police notified Federal authorities that Schultz, known as one of New York's "public enemies", would be available for questioning.

Meanwhile forty Federal agents and accountants were at work here today on racketeers' banking and brokerage accounts. One was in Chicago during the Al Capone investigation. Nineteen came from Washington and Philadelphia, and the rest were New Yorkers.

The investigation here is more generally in scope than was that in Chicago, where Capone was supposed to be head of all big racketeering. Here, there are many big independent racketeers conducting grand endeavors in mail lines, The Koshier chicken trust, markets, laundries and slot machines are among them.

Order All Males to Grow Whiskers

Centralia, Wash., June 18.—(AP)—A special city ordinance has ordered the entire male population of Centralia to grow whiskers between the dates of July 8 and August 12.

The purpose, sponsors said today, is to provide realism for the 20th annual Southwest Washington Pioneer picnic on the latter date.

Commits Suicide at Theatre

Chicago, June 18.—(AP)—Several thousand persons watched a movie in the uptown theatre last night, ignorant of the covered body of a suicide in a rear seat.

Just as pistol shots broke upon the screen, Christopher Kelley, 60, Northside druggist, shot himself in the head. Only those in nearby seats knew of the shooting.

Railroad Petition for Rate Reduction Adversely Received

Washington, June 18.—(AP)—The appeal of the country's railroads to the Interstate Commerce Commission for a general 15 per cent increase in freight rates was the subject of diverse opinions today in congressional circles.

Senator Cawsey of Arkansas declared such an increase in the face of the depression would be "suicidal" both to the railroads and to the public. Senator Copeland of New York, said the railroads were in dire straits and unless something was done they would "go bust". Both are Democrats.

NEWS BRIEFS

From Over The City and County

Camping at Westbrook
A number of boys may camp at Westbrook any night by making arrangements with Albert Osborne. Campers must arrive not later than 8 P. M. Bringing blankets and food for breakfast, and may return home any time after 6 A. M.

SUDAN TEMPLE DRILLERS GIVE EXHIBITION HERE

A drill team from Sudan Temple at New Bern gave an exhibition drill on Evans street in front of the court house yesterday afternoon. The drillers were put through a twenty-minute performance under direction of Captain George Allen, and attracted no little attention from persons who were congregated around court house square and along the streets at the time. The drillers were dressed in complete regalia of the order and made a brilliant showing as they marched up and down the street in formations that gave evidence of painstaking training.

The team was on its way to Rocky Mount to attend the ceremonial of Sudan Temple which will hold forth in that city today.

THREE SLOT MACHINES SEIZED AT BETHEL

Three slot machines were seized by county officers in Bethel yesterday. The machines were said to have been operated as gambling devices in direct violation of the law. County officers have maintained consistent warfare against gambling devices of this kind the last several months, and numbers of stores in various sections have been deprived of their machines.

STOVE EXPLODES AT COTANCH STREET HOME

Fire at the home of Clarence Taylor on Cotanch street occurred before the noon hour today did damage which from estimates at approximately \$100. The fire was caused by an exploding oil stove in the kitchen but was extinguished before the building had been damaged to any extent.

P. Price for H. P. Straus June 5th, 1898, said lot containing one and one-quarter (1 1/4) acres more or less, and being the same land conveyed to Greenville Mfg. Co., by deed dated May 8th, 1901 from L. C. Arthur, which deed is duly recorded in the Register's office in Pitt County in Book A-7, page 214, to which reference is made, and thereafter conveyed to the Pitt Lumber & Mfg. Co., by the said Greenville Mfg. Co., by deed recorded in Pitt County Registry, and being the parcel of land that was conveyed to Pitt Lumber Co., by the Pitt Lumber & Mfg. Co., by deed recorded in Book G-11, page 621, and by means conveyances to R. W. Gorman, Trustee, recorded in Book G-17, page 606 Public Registry of Pitt County.

Terms of sale cash. This the 16th day of June, 1931. Walter A. Williams, Jr., R. C. Griffith, Trustees. J. C. Lanier, Atty. June 18-19-31w.

PRES. HOOVER ON WAY HOME

Returning to Washington After Speaking Tour of the Central States

President Hoover's Train Enroute to Washington, June 12.—(AP)—Two dog lovers got together today at Hinton, West Virginia. One was President Hoover and the other was a lad who brought his mongrel along for the Chief executive to see.

The boy waded his way through the crowd to the back platform of the president's special train and held him up.

"What kind of a dog is he," the president asked.

"Alaskan," the red-headed owner replied.

"Well, I might suspect he had a little other blood in him," Mr. Hoover said.

At that point the dog broke loose and scampered away.

President Hoover has several dogs at the White House.

Enroute with President Hoover to Washington, June 12.—(AP)—President Hoover was on his way back to the White House today, "appreciative" of the welcome given him by the people of the central states.

In the last three days he has spoken at many times to vast audiences in Ohio, Indiana and Illinois and he has been the central figure in receptions at the capital cities of all three states.

In the central states President Hoover laid down his program and upon it he is determined to stand. Confidants of Mr. Hoover asserted he will stand on the issues he has defined in this region and remain henceforth in his post at the White House. He has no speaking engagements for the next two months and his close friends are of the opinion that his platform has been completed.

Crops in the section, the President observed, are unusually good, and he believes the depression will be broken eventually by a good crop. Administration officials pointed out hopefully today that every depression in the last fifty years has been broken in June or July.

Relaxing from his strenuous three days which included the most extensive tour he has undertaken during his term, Mr. Hoover was on the rear platform of his special train early today to meet those whom he passed in retracing his route to Washington.

AFTER CAPONE AT MIAMI, FLA.

Attorney to Seize House Furnishing of Gang Leader As Payment of Fee

Miami, Fla., June 12.—(AP)—Alphonse Capone today faced loss of the furnishings in his Palm Island residence there as well as a prison term for violating the prohibition law and evading income tax payments.

An order dissolving a temporary injunction prohibiting removal of the furnishings in connection with a \$50,000 suit filed against the gangster by Vincent G. Giblin, local attorney, was handed down yesterday by Circuit Judge W. L. Freeland. Judge Freeland said the injunction had been granted solely to allow Mrs. Capone to file suit asserting her ownership to the property, but that no suit had been filed. The order was made effective Monday to give time for an appeal.

The injunction was granted on June 8 on petition of Frank Clark, Jr., representing Mrs. Capone, on the ground that the property was held in her name while Giblin's suit named her husband as defendant.

Deputy sheriffs removed a portion of the furnishings from the residence before the injunction was granted last week. Giblin said the property was valued at \$20,000 which was insufficient to meet his claim.

THREE KILLED IN ACCIDENT

Four Others Injured in Truck-Automobile Collision in South Carolina

Sumpter, S. C., June 12.—(AP)—Three persons were killed and four others seriously injured in a truck-automobile crash near Summerton, 20 miles south of here, early yesterday.

All of the dead and injured were men.

One man was killed instantly. On his person were two identification cards. One card gave his name as Tutlerow, care of the Salvation Army, Greensboro, N. C., while the other was a Baltimore driver's license on which the name was illegible.

Two others were rushed to Sumpter hospital and died in a few minutes. Efforts were being made to identify them.

Lieut. T. Hutto of the South Carolina highway patrol gave the names of the injured as L. W. Doughty and his brother, W. A. Doughty, driver of the truck, of near Holly Hill, S. C.; Paul Patrick, Jr., 18 of Route 2, Jacksonville, Fla.; Johnnie Mathis, 46, Sumter, S. C.; and Gillam Morris, 36, of Sumpter.

Both of Patrick's legs were broken. L. W. Doughty was badly bruised and lacerated. Gillam has serious body injuries and Mathis was badly bruised. W. A. Doughty's injuries were not serious.

The Doughty brothers were returning from Washington, D. C., where they had hauled a load of produce for J. B. Bennett, Holly Hill planter.

A short distance south of Summerton, W. A. Doughty told Lieut. Hutto, the truck collided with a light coupe in which three men were riding. Doughty said the

Vatican Asks Spain to Rectify Procedure in Religious Matters

Madrid, June 12.—(AP)—The Vatican's note of protest regarding the expulsion of Cardinal Segura is understood on good authority to demand that the Spanish government rectify its procedure in dealing with religious matters.

Cardinal Segura now in France, was said in the message to have returned to Spain at the express orders of the Pope. The note is in the hands of Foreign Minister Laroque and may be presented to the cabinet today.

Africans Give To U. S. Unemployed

New York, June 12.—(AP)—The Presbyterian Mission Board had \$3.77 to use for the hungry and unemployed today, a contribution from the Batanga Church in Cameroon, West Africa, which raised the money at a cocoanut bazaar.

The Rev. Albert Good, Presbyterian missionary at Cameroon, sent the money to the board of foreign missions here, explaining that the Bulu Tribes' newspaper "Mefou," had published an article saying: "There are actually people in America who do not have enough to eat."

Pastor Eduma Musambi and his son, a church elder, concluded aid must be forthcoming to the United States and arranged the church festival. The \$3.77 raised was turned over to Dr. Good, who wrote to the missions board, "Perhaps you will be able to multiply this sum."

coupe did not have any lights. W. W. Davis, Summerton bank official who saw the wrecked machines shortly after the accident, said it appeared that the coupe had passed the truck and cut into the trailer, striking it midway. Davis said the road was dusty and visibility poor.

The two Morris and Mathis were riding in the coupe. The Doughty brothers were sitting on the driver's seat in the truck while the others were riding the trailer.

"You will feel much better if you eat simple foods"

"There is no breakfast that will be better for you than Shredded Wheat and milk. This combination makes a complete food, supplying every element necessary to growth and good health. If you are dieting, Shredded Wheat is especially important because of its vitamins and minerals. You'll like Shredded Wheat—and it certainly will like you!"

Trail Blazers Win 1st Place 6 Times in 8 Comparisons .. YET COST LESS!

8 WAYS TO COMPARE TIRE VALUES!

This Table lists the eight comparisons that were made. **Six FIRSTS for Ward's Trail Blazers.** And Trail Blazers are also the lowest priced.

4.50-21 Tire	Ward's Trail Blazers	Pirestone Oldfield	Goodyear Pathfinder	Goodrich Cavalier
Non-Skid Depth	.250 In.	.250 In.	.216 In.	.190 In.
Tread Thickness	.390 In.	.343 In.	.328 In.	.367 In.
Thickness of Tire	.625 In.	.593 In.	.558 In.	.500 In.
Width	4.713 In.	4.747 In.	4.768 In.	4.742 In.
Strength of Carcass	1714 lbs.	1655 lbs.	1256 lbs.	1418 lbs.
Strength of Tread Stock	4270 lbs.	3490 lbs.	3160 lbs.	4165 lbs.
Outside Diameter	30.765 In.	30.765 In.	30.796 In.	30.664 In.
Squeegees	1	1	1	1
	(List Price) \$5.15	(List Price) \$5.69	(List Price) \$5.69	(List Price Usually) \$5.65

I have personally examined the specifications of the four tires described above and hereby certify that I know these specifications to be exact, accurate and devoid of prejudice.

George Schmitt
President, MONTGOMERY WARD & CO.

Subscribed and sworn to before me, this 9th day of April, 1931 at Chicago, Ill.

W. B. Bullington Notary Public

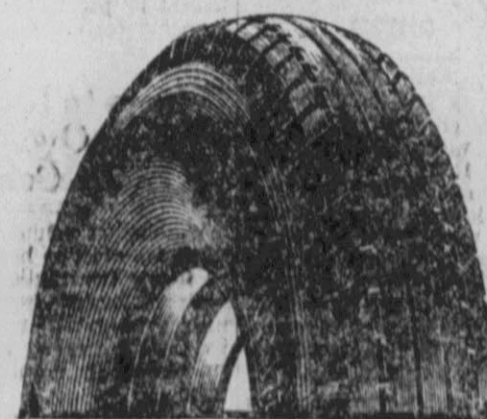

WEIGHT AS A MEASURE OF TIRE QUALITY IS NOT INCLUDED IN THIS TABLE FOR TWO REASONS:

1st, Because no two tires of the same brand and size weigh exactly alike, and

2nd, Because quality of rubber and cotton fabric used, rather than the compounded weight after being mixed with other ingredients is the determining factor. Reclaimed or second hand rubber weighs more than new rubber. Tires containing a large percentage of second hand rubber, therefore, weigh more than those made entirely of new rubber—even though the tires are exactly alike in size—so "Weight as a standard by which to measure tire quality MEANS NOTHING."

The TRAIL BLAZER is Ward's second quality tire. We frankly admit it. But—certain manufacturers and dealers, jealous of Ward's deserved preeminence in the tire industry, are making and publishing misleading statements about Ward's tires. They give specifications which are NOT those of Ward's tires; and they then compare the prices of their second quality tires with those of our first quality tires—the famous Riversides. The table above shows accurately the manner in which TRAIL BLAZERS compare in quality and in price with other well known makes.

These other misleading advertisements (and if they are not intended to deliberately fool tire consumers, what IS their purpose?) also say that "Mail Order Tires are made by some unknown manufacturer..." Well, Ward's tires are made by one of the largest tire companies in the world; a company that has always been famous for the fine quality of its products!

No Montgomery Ward tire advertisement is complete without mentioning Ward's first quality Riversides. Riverside tires are one of the best known brands in America. They have been sold for 19 years. They, too, are made by the same large tire manufacturer mentioned above. They are the finest quality it is possible to produce. They are backed by the most liberal tire guarantee ever written. And they sell for less than any first quality nationally advertised tire on the market! These sound like sensational claims. But Montgomery Ward & Co.—one of the largest and oldest merchandising institutions in the world—now in its 60th year in business—the originators of the "Satisfaction Guaranteed or your Money Back" guarantee—stands back of every claim made in this advertisement.

COMPARE

SIZE	WARD'S Trail Blazer	Pirestone Oldfield	Goodyear Pathfinder	Goodrich Cavalier
29x4.40/21	\$4.55	\$4.98		
30x4.50/21	5.15	5.69		
28x4.75/19	5.95	6.65		
29x5.00/17	6.30	6.98		

Not all sizes have been listed—but enough to give an idea of how prices compare. And by the way, Ward's prices are even LESS when you buy in PAIRS!

ATLANTIC BEACH OPENS WITH LARGE CROWD IN ATTENDANCE

Atlantic Beach, June 18.—Three thousand persons from many parts of North Carolina attended the opening cabaret ball at Atlantic Beach casino last night, the event being considered even more success-

ful than last year's opening.

Rosita and Ramiro, the costumed Mexican dancers, made big hits in their costumed Spanish dances. Oliver Naylor and his orchestra were highly acclaimed. The professional dancers stated that Naylor's orchestra furnished the best music they had ever had for their musical accompaniments.

Three thousand gladioli were used to decorate the stage and the dance hall at the casino, presenting an unusually colorful effect.

Falkland News

Mr. Joe Henderson and little Anne Smith of Arthur, visited the Mayos Friday.

Mr. David Morrill has returned from Gallaudet College in Washington, D. C.

Mr. Richard Crisp of New York, is now spending awhile at his home here.

Mr. C. A. Lawrence of Vass, has been a recent visitor of the Crisps. Mrs. Lancaster is spending this week with her daughter in Rocky Mount.

Mrs. Lou Ella Stancil and little son L. T. Stancil, went to Rocky Mount Sunday.

Miss Pattie Lee Corbett visited Mrs. Mattie Little and family recently.

Several people of this place went to Greenville to see Charlie Chaplin in "City Streets."

Mr. and Mrs. H. C. Smith visited Mr. and Mrs. D. T. House, Jr., at their home near Bethel Sunday.

Mrs. G. H. Pittman, Miss Ruth Pittman were Ayden and Kinross visitors last Wednesday, while C. H. Jr., visited Clyde Cannon in Ayden.

Misses Edith Marslander, Olive Mayo and Virginia Pierce went over to Greenville Sunday.

Mrs. Edward Brown and little Shirley Ann Brown of Crewe, Va., guests of the Mayos here, spent last week-end in Rocky Mount.

A classmate of Mr. David Morrill, John Wurderman of Suffolk, Va., came home with him from college and spent Wednesday night

with him at his home here.

Mrs. C. A. Lawrence, little son, Lewis, and baby, who have been visiting Mrs. Lawrence's mother Mrs. Crisp, returned to their home in Vass.

Messrs. C. H. Mayo, Jenness Moore, G. H. Pittman and Brown Mayo went to the school meeting held at the courthouse in Greenville Thursday morning.

Miss Virginia Pierce of Greenville, spent a few days here with Miss Edith Marslander and also with her relatives, the Satterfields, recently.

The Pittmans were visitors of Dr. E. E. Pittman and family in Oak City Sunday.

Mrs. Lizzie Smith of Greenville, and Mrs. Ida Watson were visitors of Mr. and Mrs. P. G. Mayo and Mrs. Susie Robinson at their home here Sunday.

Mrs. John Denton who has been in the Parrot Hospital in Kinston, is now at the home of her parents Mr. and Mrs. Will Moore who live near here.

Mrs. C. H. Mayo and Olive Mayo and their guests Mrs. Edward Brown, little Shirley Ann Brown and Miss Mattie Moore, spent part of last week with Mrs. Mark Smith at their home near Arthur.

There was a meeting of the Falkland school committee at Mr. C. H. Mayo's store Monday night. It was decided at this meeting that the people would like to keep the high school if it is possible to do so.

Dr. Venable of Suffolk, Va., occupied the pulpit of his father Dr. A. S. Venable, and delivered a fine sermon here Sunday night. He emphasized the value of the church as a place for mending broken hearts and raising lowered and broken standards and for setting up the right kind of ideals, the part especially valuable for young people.

New York—Society is chuckling over a story that the Duchesse de Richelieu sent a bon voyage bouquet to the steamship when the Princess Rospigliosi was leaving for Europe. With the bouquet was notice of a suit by the princess over a bill for furniture bought from the duchesse.

Atlanta to Give Welcome to Mayor

Atlanta, June 18.—(AP)—Friends and foes alike were striving today to give Mayor James L. Key the warmest reception in the history of the city when he returns from his tour of France with a group of mayors who were guests of the French government.

Friends were preparing a rousing "tribute to the man who dared to speak the truth about prohibition's colossal failure," while foes were circulating a petition seeking his recall.

A large number of business and political leaders joined in arranging the friendly welcome for the mayor, urging "thousands of just good plain Atlantians" to turn out in his honor for his widely quoted remarks in Paris that prohibition was not working so well.

Attorney George E. Finch is leading the recall movement and announced that fifteen lists for signatures are in circulation. Under a municipal statute slightly over 6,000 signatures are necessary for a recall election.

Meanwhile, Luke Arnold, the mayor's executive secretary, asked Mayor Walker, of New York, to provide police protection for Key when he lands because of threats against his life following "his bold statements" against the eighteenth amendment.

Four Men Face Murder Hearing

Hendersonville, June 18.—(AP)—Preliminary hearing for four South Carolinians on charges of conspiracy to murder federal prohibition operatives will be held Friday at 3 p. m. before United States Commissioner J. H. Yelton, the commissioner's office announced today.

The hearing had been ordered for today but was continued. The men, Jim Emry, his two sons, Will and Ben Emry, and Albert Cos-

Hour and a half of dance music by three orchestras starting at 10:30 via WEAF-NBC.

Talking Pictures Used in Surgery

Hollywood, Cal., June 18.—(AP)—Natural color motion picture photography for the first time has gone into the surgical amphitheatre, marking a forward step in the use of the screen for medical instruction and demonstration.

Two talking pictures, photographed by a new color process which requires little more than ordinary lighting and having as their subject two plastic surgery operations performed by Dr. Howard L. Updegraff of Hollywood, were screened for the press yesterday.

The films revealed the operations step by step in intimate detail and closeups, accompanied by a spoken explanation.

Talking pictures in black and white have been used for medical instruction for some time, but hitherto the color camera has been barred from operating rooms because of excessive lighting required.

The new color process, remarkable for its naturalness of tone and sharp definition of objects, has been developed by Georges Musaphia, who said he will restrict its use for the present to medical films.

W. L. BEST, O. D. OP-TOM-E-TRIST Eyes Scientifically Examined Glasses Fitted—Newest Designs

Well, all of the Hog Back mountain section of South Carolina, were arrested several days ago. They are alleged to have resented the presence of prohibition agents in their community. The elder Emry was released under \$1,500 bond pending the hearing. The other three men are held in jail in lieu of \$2,500 each.

SECOND DAY OF COOKING SCHOOL WELL ATTENDED

The second day of the cooking school, under the auspices of the Water and Light Commission, yesterday afternoon in the high school auditorium, was well attended.

The dining table was set for breakfast and the stage setting of a modern kitchen remained as the day before. Yesterday was Parent-Teacher Association Day, and Mrs. E. L. Henderson, president of the Training School P. T. A., and Mrs. Jermain Taylor, president of the West Greenville P. T. A., were at the door to meet the ladies.

Mrs. James S. Ficklen, president of the Third Street School P. T. A., introduced Mrs. Frances Young Kline, noted home economics expert of the General Foods Corporation, who is most efficient in conducting the school.

Among the dishes discussed and prepared yesterday were chocolate steam pudding, marbled lemon pie, three-minute meringue, strawberry whip, huckle-berry cobbler, huckle-berry pie, chocolate ice cream, stuffed flank steak, jellied ginger pears, tiny hot birthday cake and drip coffee. All these were prepared in the electric refrigerators or electric ranges being used in the school.

This afternoon will be American Legion Auxiliary Day and Mrs. D. M. Clark president of the Pitt County Post American Legion Auxiliary, will present Mrs. Kline and several members of the Auxiliary will greet the ladies.

The ladies of the 4-H Club will assist in the school and ushering this afternoon, as usual.

The cooking school will come to a close Friday afternoon, and a large attendance is desired. In addition to the daily prizes, the grand prizes given by the business firms, who are co-operating with the cooking school, will be awarded.

ITS REPUTATION WELL DESERVED
Black-Draught Equal To The Expectations of a Bristol Man Who Tried It.

"I had heard of it so much, I thought there must be some good in it"—a reference to Theford's Black-Draught by Mr. W. J. Rogers, a well-known Bristol man, residing in that city at 1308 Penn Avenue. Mr. Rogers said he had been using Black-Draught fifteen years, when needed, and considered it "a splendid remedy."

"One day," said Mr. Rogers, "when I needed a laxative, I decided to try Black-Draught, and I have been glad ever since that I did, as I found it to be as recommended—a splendid medicine for biliousness and constipation."

"I have to be out a lot, with the position I hold, and seem to be easily constipated. This makes me have dizzy spells; my head feels dull and I feel tired and worn-out. But after I take a few doses of Black-Draught, I feel fine, full of pep. Black-Draught has been quite a help to me."

Thousands of others have reported the relief of many disagreeable symptoms, due to constipation, indigestion, biliousness, following the use of this medicine.

The new, lower rates offered by the Water and Light Commission, makes this delightful form of cooking more economical than ever.

Tomorrow—Friday June 19th

"The New Model Electric Range"

Is the greatest improvement in cooking devices the women of America have ever been offered."

Hear Mrs. Kline at the High School Auditorium—See Her Successfully Using the New Model Electric Ranges

After a thorough test of the new model Electric Range which was installed for Mrs. Kline at the High School auditorium, Mrs. Kline said: "I think this new type range is the greatest improvement in cooking devices the housewives of America have ever been offered. Its use will save every housewife a great deal of labor and time, and will directly contribute to her greater success in home-making. The new height of the stove is so convenient that a woman may do her work standing erect, thus saving her strength and save her much back-bending and many a backache. I heartily recommend this new Range to any woman who wants to make her work easier and preserve her youth."

NATIONAL ADVERTISING REPRESENTATIVES
 Thos. F. Clark, Co., Inc., New York, Chicago, Indianapolis, Philadelphia, Kansas City.

our city has been very small and again we urge our citizens interested in the welfare of the children and in furnishing them healthful recreation during the summer months to make their donations just as soon as possible. The type of recreation program to be staged for the children is worth far more than the amount of money required to carry on the work and it is to be hoped that the necessary funds will be raised at once. Please make all donations to D. J. Whichard, Jr., Treasurer, just as soon as possible in order that there might be no unnecessary delay in getting the program under way.

ABOUT TOWN

The second costly fire of the year has visited the community.

During the first of the year the Aboynous building on Evans street in the heart of the business district was destroyed at a loss estimated at approximately \$75,000.

Yesterday the Star Warehouse, one of the largest auction tobacco houses in the state, went up in flames.

In both instances the flames had made such headway when discovered that efforts of the fire department to save the properties proved futile.

This brings us to the realization of eternal vigilance against the unexpected visit of the fire demon. The best we can do to reduce hazards is to exercise more care than we have once gained headway, and it should be the purpose of every citizen to use his influence in the prevention of conflagrations.

This may be done by care in the handling of cigarettes and cigars, and the removal of as many hazards as possible.

The fire department never fails to do its best when called upon but all of its effort are fruitless without the combined support of the citizenship.

If there is anything around your premises which constitutes a fire menace, get busy at once and see that it is eliminated. Only through unremitting labor on the part of cautious citizens can the city be saved from a recurrence of disastrous fires.

The election of Charlie Martin of Ayden as commander of the Pitt County Post of the American Legion will be received with interest by former service men throughout the county.

Aside from being one of the most likable chaps in the organization, Charlie is a tireless worker and devoted to the great cause which the Legion represents.

Much of the progress which the post has made in past years resulted from his attention to the work of his district, and he is

sufficiently acquainted with the future program of the national organization to enable the Pitt County Post to make great headway even against great obstacles. That the membership will support him in any undertaking which he may launch in behalf of continued growth is not to be questioned. He is a worthy successor to J. S. Elliott, retiring commander, and will surely carry on to completion any ambition which the former commander might have had.

The sending of W. H. "Bill" Rogers to a new field of service in reorganization of the State Highway department will be received with keen regret by his hundreds of friends in this part of the state.

As engineer of the Pitt County Highway department the last eight years, Bill's interest in the aims and ambitions of the people of the community has endeared him to folks in all walks of life.

In addition to his service to the highway department Bill has done much toward the improvement of the life of the various organizations of the city and community.

He has served the Rotarians, and Boy Scouts faithfully and unselfishly over a period of many years, and never tired of trying to render some outstanding service to the people.

Pitt county's loss is going to be the gain in the district around Raleigh which Bill will serve in the future. That he will be as faithful and untiring in his labors for the people is not to be doubted.

The Inter-City league, composed of four towns in this immediate section got away to a good start in this city yesterday with a game between Greenville and Snow Hill.

From now on the league will play a schedule of two games weekly, giving each town one game each.

In a short time now, if plans work out, another league will begin action. This will be composed of much larger towns than the Inter-City, and the players will be members of the military units of Greenville, Kinston, New Bern and Washington.

These military boys know something about playing ball as some of the members saw former service in colleges and leagues and should be able to turn in an extra good brand of ball.

Should they have a schedule similar to the Inter-City it will mean that Greenville will get two games of ball a week. This will be sufficient to break the monotony of the dull summer months and enable the people to satisfy that longing for the national sport which always comes with the advent of spring and summer. Greenville people have form

now until the 4th of next month in which to register for the \$100,000 gas plant election scheduled for the 14th of the month.

It is highly important that the voters register because an entirely new registration has been called and those who do not get their names on the books will not be accorded the privilege of voting.

Considerable attention is being given the proposed purchase of the gas plant which was recently sold by the Carolina Gas and Electric Company to the Tidewater Power Company.

The election is one of the most mooted questions of the day in Greenville, and it is the duty of the entire citizenship to study the questions involved and see that they vote.

DON'T BE A NUISANCE.

Of course in a town the size of our own, a fire always draws a large crowd of people, but on such occasions our people should exercise more sense and judgment than they usually do and this lack of the use of common sense was most evident yesterday when some of the fire trucks were forced to back out and go three blocks out of its way because so many spectators had parked cars in the street and left them that there was not room for the truck to pass.

If you feel that you must attend the fire every time the alarm sounds please use common sense enough to wait until the trucks and firemen have had time to reach the scene of the blaze and then when you get there stay out of their way and park your car where it will not interfere with the work of fighting the fire. Every minute counts in fire fighting and when your carelessness delays the work you are causing greater damage to be done.

Consider your Adam's Apple!!

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

Place your finger on your Adam's Apple. You are actually touching your larynx - this is your voice box - it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat - your vocal chords. What is the effect of modern Ultra Violet Rays upon tobacco? Dr. E. E. Free, one of America's well-known scientists, who was retained by us to study Lucky Strike's manufacturing process, addressing the Illuminating Engineering Society, said:

"The essential effect of the Ultra Violet is the production of better tobacco and of cigarettes regarded by virtually all smokers who have tested them as milder and with a lesser tendency to cause throat irritation."

Here in America LUCKY STRIKE is the only cigarette that employs Ultra Violet Rays in connection with its exclusive "TOASTING" Process - the only cigarette that brings you the benefits of the exclusive "TOASTING" Process which expels certain harsh irritants present in all raw tobaccos.

LUCKIES are always kind to your throat

TAKE A SPOONFUL OF WATER TWICE A DAY

SNOW BIRDS HAND LOCALS BAD LICKING

Snow Hill administered a 11 to 6 drubbing to Greenville at the Third Street School grounds here yesterday afternoon in the opening game of the Tobacco Belt league, formerly known as the Inter-City league, composed of four towns in this immediate section.

The visiting club displayed entirely too much form for the locals

who appeared on the diamond without having been rounded into form but who furnished a strong offensive at different parts of the game despite the handicap.

The game was witnessed by a fairly good crowd of fans from both towns.

Representatives from the various towns of the league met at the Princeton hotel last night and completed organization plans.

Dr. J. H. Harper, of Snow Hill, was elected president of the circuit, and Joe Burgess of Greenville, secretary.

The manager of the participating teams follow: Bob Exum, Snow Hill; A. L. Fulton, Macleesfield; Roy Bailey, Bethel; Joe Burgess, Greenville.

It was voted to change the name of the circuit from Inter-City to Tobacco Belt.

Greenville will go to Bethel Saturday for the second game of the season, and as both clubs will have time for some practice work it was expected that a superior brand of ball compared with that yesterday would be the order of the day.

BEES FAIL BEFORE PATS

By PAUL SIMMONS

Charlotte, June 18.—(AP)—The thing that was practically sure to happen soon or later occurred last night. The Charlotte Bees pacemakers in the Piedmont league, took a hard punch on the nose.

Johnny Kane's Pats did the job at Greensboro, walloping the league leaders, 9 to 6. Lefty Ostermuller, Gate City twirler, exhibited a dual genius in the match. He lanned 10 men, walked eight, and batted out three hits in four times up.

One of the liveliest features of the fray was the big stick work. Maus, Mize and Suggs poled four-beggars for the home n's.

A'S DEFEAT INDIANS IN CLOSE GAME

By GAYLE TALBOT, Jr.

(Associated Press Sports Writer)

George Earnshaw, hero of the last world series, was expected to be a great help to the Philadelphia Athletics in their quest of a third straight championship, but it is doubtful that even Connie Mack looked for his big right hander to get the sizzling pace he has for the first two months of the race.

In turning back the Cleveland Indians 4 to 2 yesterday, Earnshaw recorded his 11th consecutive victory as against 2 defeats. He lost his first two starts of the year, Washington knocking him from the hill in his first appearance on April 15 and the Yankees beating him five days later, but since then he has been invincible. In his last four victories over western clubs he has allowed only six runs.

At his present clip, Earnshaw will set a far better record than last season, when he won 22 and lost 13. At this time a year ago he had won only seven and lost five. His mark of eleven consecutive wins ties the 1930 record set by Earl Whitehill of Detroit but still is far short of the modern major league record of 19, set by Rube Marquard of the New York Giants in 1912.

Washington completed its rout of the western invaders by scoring once in the ninth to nose out the St. Louis Browns, 8 to 7. Ossie Bluege's triple drove Dave Harris across with the winner after the Browns had scored two runs in their half to tie it up. The victory was Washington's twelfth in a row and its fifteenth out of sixteen starts.

Rain washed away the only other bouts scheduled in the American League, a double header between the Yankees and Red Sox at Boston.

In the day's only National League contest, the Brooklyn Robins wound up their western invasion with a 2 to 0 victory over Pittsburgh. Watson Clark held the Pirates to seven hits to score his second straight shutout. Leading the race at this time, last season, the Robins return east a poor fifth.

Winston-Salem, N. C.—Frankie Wine, Montana, stopped Add Warren, Durham, N. C. (3).

Add Warren Loses to Frankie Wine

Winston-Salem, June 18.—Badly punched and battered, Add Warren, heavyweight champion of the Carolinas, today was recovering from a fierce licking at the hands of Frankie Wine, the Montana blacksmith.

Wine, after smacking the champion to the floor several times, was awarded a third-round technical knock-out over Warren in a bout here last night. Both tipped the scales at 186 pounds.

Add was floored in the first and second rounds and was hanging on the ropes from a slashing right when the referee stopped the fight in the third set.

Yesterday's Stars

Ossie Bluege, Senators—His three base hit in ninth inning drove in winning run for 3-7 victory over Browns.

George Earnshaw, Athletics—Held Cleveland to five hits and cracked out single and double to score eleventh straight victory.

Wally Gilbert, Robins—Hit two singles a double and scored one run in 2-0 victory over Pittsburgh.

TIME CAN'T HARM ITS BEAUTY

You can both see and feel why porcelain adds so much to the value of Frigidaire. For the Frigidaire cabinet inside and out is as smooth and sparkling as polished glass and stays that way. Age can never change its color. It cannot peel or blister. And it is left unharmed by scratches, knocks and stains that would quickly ruin an ordinary finish. Many unusual features make Frigidaire outstanding in the convenience it offers—features such as the Cold Control for faster freezing, the Quickcube Tray for easy removal of ice cubes, and the Hydrator for keeping vegetables crisp and fresh—added advantages at no added cost.

You will also find that Frigidaire is easy to own, for any household model can be had on terms to suit your convenience.

Market Report

Cotton--Stocks--Grain

N. Y. COTTON

New York, June 18.—(AP)—Cotton opened barely steady today, 6 to 9 points lower in response to a favorable view of the weather map.

The initial offerings were quite readily taken by covering and trade buying but the selling continued with prices ruling around 8.66 for July and 8.29 for December at the end of the first half hour or about 8 to 9 points net lower on the more active positions.

Trading was moderately active and orders seemed to be fairly well divided, leading to rather irregular fluctuations.

Liverpool cables reported local and foreign liquidation with a poor effort in that market and said business in cotton cloths was slow in developing owing to distrust in current prices. Egyptian futures in Alexandria were 8 to 26 points lower and the Indian spot quotation in Liverpool showed a decline of 7 points.

GRAIN MARKET

Chicago, June 18.—(AP)—Wheat today outdid the lowest prices which July and September contracts had heretofore reached this season. Beneficial rains in Canada, coming at a time when most needed, were largely responsible. Some Canadian points said the downpours were the best in years.

STOCK MARKET

New York, June 18.—(AP)—The stock market was lulled to sleep again today by the increasing summer quiet in industry.

Share prices again drifted a little lower, but the decline reflected lack of buying interest rather than extensive selling, as trading continued at the slow pace to which the market was accustomed before the "new era" days of 1927-1929.

Among a handful of share getting down 2 to 3 points were American Telephone, Case, Eastman, U. S. Industrial Alcohol, Johns Manville, Southern Pacific and Rock Island. Youngtown Sheet slipped off more than 4. Most losses however, ranged from fractions to a point, and such issues as U. S. Steel American Can and American Telephone met periodic support. Cotton Belt common pushed up 5 points and then lost part of its gain. Liberty Owens gained more than a point on announcement of a contract to supply General Motors with virtually all of its glass requirements, and the New York tractions rallied.

The rail shares were steadier as the effects of the gloomy picture presented by the freight rate petition were off, and Wall street forecasters were inclined to the belief that some relief would be granted. The divergent trends of Southern Pacific and Cotton Belt reflected the exchange offer made to Cotton Belt minority stockholders. While the offer of 3 Southern Pacific common shares for five Cotton Belt preferred, and one Southern Pacific for three Cotton Belt common, is equivalent to only around one-third of the price suggested by the Interstate Commerce Commission's examiner, the market action of the stocks has indicated that there had been little hope of a price anywhere near that suggested by the examiner.

Credit conditions were about stationary in Wall Street, with no outside call money offered under the official rate of 11-2 per cent. This presumably represented the withdrawal of credit caused by paying off the governments quarterly overdraft, and withdrawals by interior banks.

LOWELL MASON SHOT BY COP

(Continued from page one)
ground in the darkness to frighten the fleeing youth into surrender, and maintained a ricocheting bullet was responsible.

Chief Pittman said Mason had been brought to the station for drinking about two hours before the automobile crash, but had been released by Captain West when his companions promised to take him home.

No official investigation of the shooting had been launched several hours after it occurred. J. B. Pridden, Charlotte's new city manager went into office only this morning and professed lack of knowledge of just what procedure to follow until given an opportunity to study this case.

John G. Carpenter, solicitor of this district, could not be reached. Chief Pittman said he was convinced it "was purely an accident" and indicated he planned no disciplinary steps against the officer.

Girl Killed in Parachute Leap

Kansas City, June 18.—(AP)—The Missouri river near Fairfax airport was dragged today for the body of an 18-year-old restaurant employe who yesterday made a 2,500 foot parachute leap from a plane for the thrill of it.

From another plane, Arthur Winter, test pilot, said he saw the girl, Mrs. Ruth Dunning, land in the river in shallow water and struggle with her chute.

He looked away momentarily, he said and when he tried to locate the girl again she had disappeared.

Drastic Changes for State Highway Patrol Planned

Raleigh, June 18.—(AP)—Drastic changes in the state highway patrol, involving an increase from 37 to 60 in its personnel and a cut in salaries, will be made by the Highway Commission as soon as possible.

E. B. Jeffers, chairman of the commission yesterday announced plans for the re-organization program. No increase in the annual budget of approximately \$140,000 will be made.

One important feature of the new policy, Mr. Jeffers explained, will be the localizing of the patrolmen in the centers of population and at the gateways of the state instead of having them constantly

moving over large districts.

As a result of this arrangement, allowances from meals and lodgings will be discontinued and traveling expenses will be greatly reduced, Mr. Jeffers said. He added that it was felt the patrolmen would be much greater service in the cities and larger towns than in some of the less thickly settled areas they have been covering.

The number of lieutenants will be reduced from nine to six—one for each of the highway divisions and one to work directly under Capt. Charles D. Farmer at Raleigh.

Salaries of lieutenants will be reduced from \$200 a month to approximately \$175 a month and patrolmen from \$150 a month to \$125 to \$135. The some 30 new men that will be added to the force will be added to the \$15 a month. In addition, allowances from living expenses will be dis-

To smokers who are hard-to-convince

Smoke a fresh cigarette

WE LIKE nothing better than to induce hard-to-convince smokers to switch to Camels for just one day.

For we know that after they have made a real test, it will be mighty hard to lure them away from this famous brand.

It's not easy to smoke parched-dry cigarettes once you have known the delights of perfectly conditioned Camels.

After inhaling the cool, soft fragrance of the Camel Blend of choice Turkish and mellow Domestic tobaccos protected by the Humidor Pack, your throat protests against the bite and sting and harsh hotness that comes from crumbly, dry tobacco.

No matter where you pick them up, in any land, in any climate, Camels are the same fresh, factory-prime cigarettes.

For the Humidor Pack of moisture-proof Cellophane air-seals all the flavor in and keeps out weather, dust and germs.

This is no mere advertising story. It is a recitation of fact that has made the whole country conscious of a new superiority in Camels.

If you are hard to convince, won't you switch to Camels for just one day? Then leave them—if you can.

Tune in CAMEL QUARTER HOUR featuring Morton Downey and Tony Fons
Columbia Broadcasting System—every night except Sunday

CAMELS
NO CIGARETTE AFTER-TASTE

Don't remove the moisture-proof Cellophane from your package of Camels after you open it. The Humidor Pack is protection against sweat, dust and germs. It delivers fresh Camels and keeps them right until you smoke the last one.
