TWO BANKERS SENTENCED TO JAIL IN N. Y.

President and Vice-President of U. S. Bank Given Three to Six Years

New York, July 23.—(AP)—Bernard K. Marcus, president of the closed Bank of the United States and Saul Singer, executive vice-president, were sentenced today to three years to six years in state's prison following their conviction on a charge of misapplying the bank's funds.

The minimum term to which the bankers could have been sentenced was seven years each.

The court granted a week's stay of execution of the sentences to permit attorneys to petition for a certificate of reasonable doubt.

The three men were convicted before Judge Bonnellan early Saturday on a charge of misapplying \$2,009,518.45 belonging to the Municipal Safe Deposit Company, a subsidiary of the bank.

In passing sentence, Judge Bonnellan said the willful misapplication of which the three men were convicted resulted from their gambling in Bank of United States-Bankus Corporation stock units and that if the units had gone up in price instead of down, he had "absolutely no doubt the profits would have been pocketed by the defendants."

After Judge Bonnellan had imposed the sentences in a brisk voice, the defendants were led back to the Tombs, while a large crowd, including some of the closed bank's 400,000 depositors, applauded.

Marcus, 41 years of age, became known as one of the youngest presidents of a large bank, when at 37 he was elected president of the Bank of the United States, in 1927 as the successor of his father, the late Joseph S. Marcus.

As the executive vice-president, Singer was a powerful figure in the expansion of the bank that Marcus became president and started shortly after Bernard made the institution one of the largest in the city with 59 branches. He is 49 years old and a native of Russia.

Singer became potent in the cloak and suit business from a humble start as a \$2 a week worker. He became president of the Cloak, Suit and Shirt Manufacturers and his ability as an arbiter of labor troubles was recognized by two governors.

Herbert Singer, 24, was a law clerk in the office of Isidor J. Kresel, counsel and a director of the bank, who was indicted with the men who were sentenced today but was granted a severance due to illness.

Friedrichshafen, Germany, June 23.—(AP)—Abandoning its plans for a rendezvous with the submarine Nautilus at the north pole, the Graf Zeppelin will make a six-day cruise into Arctic regions next month on a scientific mission.

Dr. Hugo Eckener said the mishaps suffered by Sir Hubert Wilkins' craft on the way to Europe had eliminated the possibility of their meeting at the "top of the world."

Raleigh Banker Again Indicted

Raleigh, June 23.—(AP)—W. B. Drake, Jr., president of the defunct Raleigh Banking and Trust Company, was indicted for a third time today by the Wake County grand jury for alleged violation of the state banking laws.

The indictment today resembled a previous indictment in its charge that Drake allowed employees of the bank to receive deposits when he knew the institution was insolvent, listing 14 deposits. Drake is also under indictment for making an excessive loan.

An indictment against Carey K. and SC. Wade Marr to correct a defect in a previous indictment against them charging embezzlement was also returned.

Drake will probably face trial in July while Duffey and Marr are expected to be tried Monday.

MINE SINKER'S FAMILY IN JAIL

Arrested because she was alleged to have stoned a miner's car at the Big Run Mine, St. Clairsville, Ohio, Mrs. Stella Boncfini, wife of a striking miner, was placed in jail pending a grand jury hearing. She is shown in a cell with her five children, who were jailed with her because they had no other place to go.

Six Violent Deaths In State Last 36 Hours

Charlotte, June 23.—(AP)—The death toll in North Carolina from suicides, accidents and an electrical storm within the last 36 hours stood today at six.

Two were killed in traffic mishaps, one drowned, two committed suicide, and lightning killed one.

The dead: Mrs. Anne Parks Farris, 75, a member of a prominent Orange county family, struck and killed by an automobile yesterday at Hillsboro; Tarry Davis Kemp, driver of the car, was placed under \$1,000 bond pending an inquest today.

Eugene T. Parrish 25, former Durham county constable, accidentally drowned yesterday in Lake Michie, near Durham.

James Bird 80 year old farmer, was killed yesterday in an automobile accident near Bryson City.

Frank H. Whitaker, 28-year-old solicitor of the recorder's court at Elkin, shot himself to death with a pistol yesterday.

Uma B. Wood, 35-year-old Randolph county farmer, shot himself in the heart with a shotgun yesterday near Thomasville.

THREE HELD FOR ASSAULT

Young White Men Remanded to Jail After Preliminary Hearing Here Yesterday

Three young men who have been confined in the county jail here the last several days for alleged criminal attack on white girls in the lower section of Pitt county, were given preliminary hearing yesterday and bound over to Superior court.

They were Edward Breedlove and Reed Lewis of Rocky Mount, and Jess Little of Grimesland.

Breedlove and Little were remanded to jail in default of \$2,000 each and Lewis was also returned to jail when he failed to raise bond of \$500.

Breedlove and Little were alleged to have attempted to criminally assault Bertha and Bettie Casey, 14 and 16 years, respectively, while riding the young women in an automobile in Carolina township. The young men were arrested and brought to Greenville to await hearing. Unless they are able to raise bond they will continue their incarceration here until the next term of court the latter part of the summer.

Lewis, young married man, employed on a farm near Grimesland, was arrested in Bayboro last Sunday and returned to Grimesland in company with a young woman he was alleged to have taken to Bayboro. He was immediately brought to Greenville for confinement in jail, but was returned to Grimesland yesterday to face preliminary hearing. Upon his failure to furnish bond he was brought back to jail here.

The doctor said that as soon as the extreme soreness incident to the spinal injury wore off, Miss Nichols would be tightly bandaged and could then leave at once for home. It was indicated that this might be in three or four days. It was emphasized that cracking of vertebrae was not serious if they were not dislocated, thus pressing upon and twisting the nerves running through the spinal cord.

The X-ray examination showed that Miss Nichols had suffered no internal injury and that besides the cracked vertebrae her only hurt was a superficial cut on the knee. When the plane crashed at the end of the first leg of a projected solo flight across the Atlantic Miss Nichols was thrown forward and an oil tank behind her tore loose and struck the end of her spine.

FORD VISIONS MODEL STATE FOR FUTURE

Sees Nation Made up of Factories Surrounded by Farms Able to Sustain them

Detroit, June 23.—(AP)—Henry Ford visions the nation of the future—the perfect industrial state—as a nation made up of factories surrounded by farms able to sustain them.

The farm communities will supply the factories with carrots, cantaloupes, corn, wheat and other agricultural products, from which automobiles, building material, clothing and the necessities of life—with food an incidental product—will be turned out.

Great industrial centers no longer will be necessary, Mr. Ford theorizes, since the factories and farms will be scattered over the nation. Work will be brought to remote sections, with modern transportation the intermediary.

Farmers in the perfect industrial state, as envisioned by Mr. Ford, will be able to produce more in less time through highly improved methods. At proper seasons they may be shifted to the factories to aid in production there, or the factory labor may go to the farms during the reaping seasons.

Turning with renewed vigor to the theory which he has maintained for years—that agriculture and industry must interlock, Henry Ford today is enlarging an experimental farm near here until at present it extends over more than 3,000 acres. On this farm engineers, scientists, soil experts and chemists will work on a lavish scale, attempting to prove Mr. Ford's contention that agricultural products may be turned into something other than food.

"We mostly eat from farm products now," says Mr. Ford. "Suppose we learn to ride in them, build with them, pave with them. Is there no other use for Brazil's coffee surplus but to drink it, or no way to dispose of America's wheat surplus but to eat it? That is what we want to find out."

Mr. Ford emphasizes that his conjectures are speculative, that his engineers and chemists as yet have found only a few industrial uses for agricultural products—but he is insistent in the theory that industry and agriculture must join hands for their future success.

TWO OFFICERS FACE HEARING

Men Charged With Slaying of Mexicans In Oklahoma to go On Trial Tomorrow.

Ardmore, Okla., June 23.—(AP)—With 15 witnesses subpoenaed Marvin Shilling, Carter county attorney, said today the state was ready to begin the trial here tomorrow of William E. Guess and Cecil Crosby, former deputy sheriffs charged with the slaying of Emilio Cortes Rubio and Manuel Gomez, Mexican students.

Shilling said he would call about half a dozen witnesses who had not appeared in the preliminary hearing ten days ago, but that their stories would add little new to the case.

The new witnesses either will be in hearing distance of the point on the highway where the final shooting of the students occurred, or arrived shortly afterward," he said.

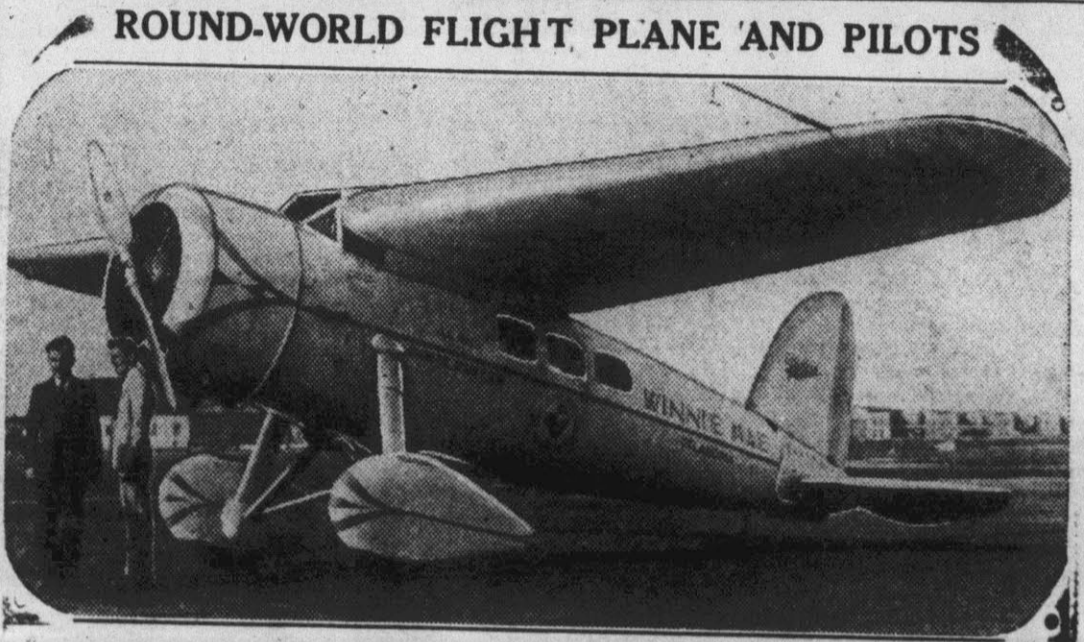

Attorneys representing the governor's office and that of the attorney general, and M. C. Gonzales, San Antonio, representing the Mexican government will appear at the state court trial.

Young Cortes Rubio, a kinsman of Mexican President Ortiz Rubio, and Gomez were returning to their homes with a fellow countryman, Salvador Cortes Rubio, when stopped by the deputies as they accosted briefly at the roadside on the edge of Ardmore late Sunday night, June 7.

Guess and Crosby, at the preliminary hearing, asserted the youths had produced pistols and Guess had fired. Crosby testified he did not shoot.

The Rev. John S. Price pastor of the Calvary Presbyterian church here, has been appointed as special sheriff for the trial. The sheriff, Elmer Boyd, disqualified himself because of his former official connection with the defendants, who resigned to face trial.

France Expected To Reply To Proposal For Holiday Of War Debts Tomorrow

Wiley Post (left) and Harold Gatty are shown in front of their plane, the "Winnie Mae of Oklahoma," in which they hope to circle the world in less than eight days. They were photographed at Roosevelt field, N. Y., as they concluded preparations for the flight.

TO RECEIVE BIDS FRIDAY

Work of Clearing Away Debris On the Star Warehouse Site Completed Today

Work of clearing away the debris on the site of the Star warehouse, which was destroyed by flames last week will be practically completed by nightfall and in a few days construction of the new building to replace the burned structure will get underway.

Bids will be received on the new building at the offices of the Merchants Association Friday afternoon at 3 o'clock. It was stated today by the owners of the warehouse. Plans and specifications will be submitted by Benton & Benton, Wilson architects tomorrow. They were selected to draft plans for the new structure last Friday night.

The building, it was stated by the owners and operators of the warehouse, G. V. Smith and B. B. Sugg, will be one of the most modern in the state and will contain all the accommodations and conveniences it is possible to provide in latest warehouse architecture.

The old building, covering nearly an entire city block and containing 76,000 square feet of floor space, was completely destroyed by flames last Wednesday, entailing loss estimated at \$100,000. The loss was partially covered by insurance.

Work of clearing away the wreckage got under way Monday morning, and it was said today probably be completed during the late afternoon or early tomorrow morning. Construction work will get under way as soon as materials can be assembled, and it was said the building would be completed by the opening of the tobacco season in September.

Many Youngsters Attend Opening Westbrook Pool

The Westbrook swimming pool was officially opened this morning. There were more than 150 waders and junior swimmers to enjoy the pool during the morning hours.

The pool is being operated as a part of the supervised recreation movement launched by a group of business and professional men for children during the summer months.

Tomorrow afternoon which is a half holiday, the pool will be opened to adults and general public at an admission price of 25 cents for the entire afternoon. Admission price for children is 5 cents an hour.

The golf course at the corner of Fourth and Washington streets is also conducted in connection with the recreation project and has been thrown open to the children at 5 cents a game.

Both developments are under the direction of Albert Osborne, who has been in charge of children's activities here the last several months.

Off On First Leg Of Flight Around World

Harold Gatty and Wiley Post Hop From New York to New Foundland Where They Stop for Two Hours Before Attempting To Cross to England.

Harbor Grace, N. F., June 23.—(AP)—Wiley Post and Harold Gatty of Oklahoma City, Okla., hopped off for Berlin, Germany from the flying field here at 4:57 p. m. N. F. daylight time.

They took off from New York at 3:56:10 EST, and landed here at 1:17 N. F. time.

Roosevelt Field, N. Y., June 23.—(AP)—Harold Gatty and Wiley Post took off at 3:56:10 a. m. EST today for Harbor Grace, Newfoundland, in their monoplane "Winnie Mae of Oklahoma" on the first leg of a round-the-world flight.

The fliers, who will relieve each other at the controls, plan to stay in Harbor Grace about two hours to refuel, change oil and check up on the motor. The trip to Harbor Grace is 1200 miles.

The occasion is being sponsored by the Greenville Merchants Association, but the expense is to be borne by friends of the legislators in both of the Pitt county towns.

Invitations will be extended to about three hundred prominent business men and growers of Pitt county and approximately a hundred from other sections of the state who are friends of the legislators.

A special committee has been named to provide an interesting program for the occasion. The program will begin at 10:30 o'clock and will conclude about 4 o'clock with recess for lunch.

Prominent men from all sections of the state as well as numbers of officials have been extended invitations to take part in the program, which promises to be one of the most important of its kind ever held here before.

It is the purpose of the program committee to make the affair eclipse all other public gatherings in history of the community, and the program will be as extensive as possible.

The Pitt county solons have been singled out for much favorable comment as result of their work in the Legislature, and it is in recognition of their services that their friends desire to bestow proper honor upon them, it was said by a member of the committee today.

Joseph Daniels, of Raleigh, former secretary of the navy in the Wilson administration, who had an opportunity to watch progress of the Legislature from day to day, wrote the Pitt county solons several days ago, expressing his admiration for the splendid services which they rendered. He said their determined fight for relieving the people of the burden of taxation was a matter of the highest commendation.

Three Are Killed During Explosion

Wareham, Dorset, Eng., June 23.—(AP)—Three persons are known to have been killed and eight others who, it is believed, practically certain were blown to pieces are missing as the result of an explosion which wiped out several buildings of the Naval Cordite factory at Walton Heath today.

Eyes of All Europe's Capitals and Washington Government Centered on Paris For Next Big Development in Reparations Situation; American Officials Seek to Speed Ratification; German Officialdom Declares Holiday as Reply From Capital of France is Awaited.

Paris, June 23.—(AP)—Information in diplomatic circles indicates France is now working on a definite counter project to the Hoover war debt proposal which will be submitted to the cabinet tomorrow.

This counter plan it was said today is based upon Mr. Hoover's principle of helping Germany but it also takes into consideration France's desire to keep on with the Young plan and to assist Germany by payments through the Bank for International Settlements.

The underlying idea is that unconditional reparations payments could be received and then paid back to Germany through the Bank for International Settlements.

It was reported that the cabinet at its meeting today agreed to the broad lines of this formula but the details must be worked out and are subject to modification at tomorrow's meeting.

Paris, June 23.—(AP)—Not before tomorrow will France write her reply to President Hoover's proposal for a one-year postponement of inter-allied debt and reparation payments.

Meanwhile the eyes of all Europe's capitals and of the Washington government were centered on Paris for it is from France that the next big development in the reparations situation is expected.

There were indications that the Hoover plan has taken the French by surprise and that the government is finding some embarrassment in agreeing upon the form of its answer.

One minister declared after leaving the cabinet meeting that it was too early to predict the nature of France's reply because discussion among the ministers is not sufficiently advanced.

"The cabinet has examined the proposal of Mr. Hoover, tending to the deferring of inter-governmental payment of debts and reparations," said the official communication issued by Premier Laval.

"M. Briand put before the cabinet the conditions under which the French government has been approached with this proposal. Minister of Finance Flaindin and Budget Minister Pietri set forth the consequences which the American suggestion would entail for French finance.

"The discussions will be resumed tomorrow morning during another cabinet meeting which will decide upon the text of the reply to be sent to the President of the United States.

Washington, June 23.—(AP)—American officials sought today to speed ratification of the moratorium to maintain with undiminished force what they saw as already materializing economic improvement.

From no less a person than Secretary Stimson had come the warning that there must be no bargaining; that the plan must be acted upon quickly to pull the world out of its business morass.

And to critics who held that postponement for one year of all war debt and reparations payments would only delay the crisis, the administration reiterated its unqualified opposition to cancellation of the obligations. Modification of existing agreements has been argued but the consensus is against any change.

Hoping to stimulate France to acceptance, Secretary Stimson expressed his opposition to the suggestion in that country that an international conference be held. Other, here said they believed the generally favorable world-wide reaction would lead France to approve the suggestion.

Already President Hoover's offer to suspend for one year payments on all inter-governmental debts like the informal approval of four of the countries most directly involved in world war obligations—Great Britain, Italy, Austria and Germany.

Meanwhile, France, holding the conclusive answer to the moratorium, (Continued on page two)

WILL HONOR PITT SOLONS

Greenville and Farmville to Stage Monster Barbecue Dinner Here July 15

Senator M. K. Blount and Representatives E. G. Flanagan and J. W. Holmes, who represent Pitt county in the Legislature, will be honored at a barbecue dinner to be given by the citizens of Greenville and Farmville at the Country club here on Thursday, July 15.

The affair is being staged as an expression of appreciation of the important part which the legislators played in the passage of legislation at the last sitting of the General Assembly.

The occasion is being sponsored by the Greenville Merchants Association, but the expense is to be borne by friends of the legislators in both of the Pitt county towns.

Invitations will be extended to about three hundred prominent business men and growers of Pitt county and approximately a hundred from other sections of the state who are friends of the legislators.

A special committee has been named to provide an interesting program for the occasion. The program will begin at 10:30 o'clock and will conclude about 4 o'clock with recess for lunch.

Prominent men from all sections of the state as well as numbers of officials have been extended invitations to take part in the program, which promises to be one of the most important of its kind ever held here before.

It is the purpose of the program committee to make the affair eclipse all other public gatherings in history of the community, and the program will be as extensive as possible.

The Pitt county solons have been singled out for much favorable comment as result of their work in the Legislature, and it is in recognition of their services that their friends desire to bestow proper honor upon them, it was said by a member of the committee today.

Joseph Daniels, of Raleigh, former secretary of the navy in the Wilson administration, who had an opportunity to watch progress of the Legislature from day to day, wrote the Pitt county solons several days ago, expressing his admiration for the splendid services which they rendered. He said their determined fight for relieving the people of the burden of taxation was a matter of the highest commendation.

ABOUT TOWN

Supervised recreation for the children of Greenville got under way yesterday. This is something that should command the attention of the parents in all walks of life as it is the first time in the history of the community that such complete protection has been offered hundreds of children here while at play.

The Westbrook swimming pool and the golf course at the corner of Fourth and Washington streets offers plenty of opportunity for recreation for the youngsters and parents should not be slow in permitting their offsprings to take advantage of it.

A nominal fee will be charged both at the swimming pool and golf course. This will go toward payment of expenses incurred in operation and is sufficiently small to permit children in all walks of life to take part.

The expense of the first month's operation has been guaranteed by the group of business men sponsoring the playground movement, but it is going to be necessary for appreciative people to contribute liberally toward operation during the remainder of the summer.

Supervised recreation is the only play by which a safeguard is thrown around the children while at play, and it means that the protection will be of far greater benefit to the city than otherwise. The fathers and mothers should go out to these places and see what has been done for the physical development of their children, and then contribute their part toward the upkeep of the development.

Sell what you can and then can what you can't sell is the advice given out to growers of North Carolina at this time by men and women high in the farm life of the state.

In other words it is meant that the people go about the business of marketing their crops, and then conserve for home use all that cannot be disposed of. It is a wise plan — one that should grip the attention of men and women who have suffered acutely from dealing too extensively in cash crops in past years. Those who follow it will come out to better financial shape at the end of the year than those who do not. In fact, they will be able to live comfortably in spite of the trend of prices for cash crops, a condition that has been conspicuous for its paucity in this part of the country in recent years.

The importance of destroying first primings as a means of reducing tobacco acreage throughout the south can not be too strongly impressed upon the growers at this time. With the world market glutted more hopelessly than in many past years, it is going to be necessary for growers to do what they can to cut down production. By eliminating the first primings millions of pounds of tobacco that would not mean anything to the farmer will be kept off the market, probably creating higher prices for the good qualities. Growers should make it a point to co-operate in this movement and see how much better off they are at the end of the season.

The annual crop of fliers will begin streaking off across the Atlantic in a few days attempting to display their ability to conquer the air over the long waste of water that has claimed so many lives in past years. In making these daring hops, the group of men and women are attempting to further the cause of aviation and make it easier for others to follow their course in years to come. The risks these youngsters take may seem foolhardy to the more cautious — the men and women who like the security of the ground — but to the fliers themselves it is merely the following of a desire to be among the first to blaze the path through the clouds for the success of the world of aviation. Millions of dollars are being ex-

ended in expeditions of this kind, but the sum is insignificant compared to what future generations will spend in following the trail blazed by such men as Lindbergh, Byrd, and others that the air might hold forth greater possibilities to transportation. It is impossible to foresee the outcome of the flights this summer. That some will perish in the effort cannot be doubted, but whatever they accomplish will be just that much more done in behalf of the men and women who are to follow in their footsteps — intrepid youths who will lift high the torch and carry it to the perihelion of fame and fortune.

This is the second week of registration for the \$100,000 gas plant election to be held in this city July 14, and people who have not registered should do so at once. Registration books will close on the 3rd of July leaving only one week after the present in which people will have a chance to gain the privilege of expressing their opinion in the matter.

It is a special registration and those who do not register cannot vote. Hence it is necessary to get the important matter over with before the closing days of registration period. The election is to be held simply for the purpose to determine whether or not the people of the city want to purchase the gas plant at the present time being operated by the Tidewater Power Company, after sale by the Carolina Electric Company. It is believed the city can operate the plant to a direct advantage and make sufficient revenue to pay off the bonds without additional expense to the taxpayers. The voters are urged to inform themselves concerning the issue and then cast their vote in behalf of the continued expansion of the community.

FRANCE EXPECTED TO REPLY TO DEBT HOLIDAY PROPOSAL (Continued from page one) had available for comparison with her own data the American figures as to the difference between the money involved in two possible plans. The first calls for suspension of conditional and unconditional payments alike, the second allows only for a moratorium of the conditional.

As one of the biggest sufferers in the war, France became among the largest beneficiaries through reconstruction payments, which are classed as unconditional. The loss of these, it was reported, would be felt keenly. President Hoover, however, in his announcement of the plan included "all payments on inter-governmental debts" owing the important creditor powers" and it was said unequivocally yesterday that he meant both conditional and unconditional obligations.

There was some speculation today as to whether the President contemplated other suggestions intended to improve business. Senator Watson of Indiana the Republican leader, and Senator Harrison of Mississippi, ranking Democrat on the finance committee, had left their homes for the capital. Conferences with the President were indicated. Both senators, however, already had endorsed the moratorium proposal.

Berlin, June 23.—(AP)—German officialdom declared a one-day moratorium from over-work today with the realization that Paris—not Berlin or Washington—is the hub of the universe in respect to the Hoover debt proposal.

"The whole world waits for Paris" Mittagzeitung announced in a banner line, unquestionably voicing the sentiment of all Germany. Ambassador Leopold von Hoesch, who hastened to Paris when President Hoover cut the Gordian knot of inter-government debts, has been in continuous touch with Chancellor Bruening and Foreign Minister Curtius, advising them as to what Germany can do to make France's acceptance of the plan easier until Paris makes her decision the Wilhelmstrasse is marking time.

Insofar as German public opinion was concerned, yesterday's burst of jubilation was followed by a day of sober calculation. One evidence of this feeling is the Reichsbank's decision to try to get along without the \$300,000,000 loan placed at its disposal by American banks.

Raleigh, N. C.—(AP)—E. F. Lewis, of Raleigh, has attended Sunday school every Sunday for the last 26 years.

NEWS BRIEFS From Over The City and County

NOTED CELLIST AT THE COLLEGE WED. NIGHT

Tomorrow evening at eight o'clock is the time for the cello concert by Alexandre Bajansky at East Carolina Teachers college. Music lovers will have the opportunity of hearing one of the greatest masters of this instrument.

His wife is a noted sculptress and has made a reproduction in miniature of a cross figure of his head and showing his expressive hands in action.

The concert will be in the Campus building.

CLINIC TO GIVE FREE BLOOD TESTS IN JULY

The Pitt county syphilis control demonstration has been in operation since March 1930. The demonstration was made possible by the co-operation of the United States Public Health Service, the Rescwald Fund and the North Carolina State Board of Health. Pitt is the only county in North Carolina which has had the advantage of such a clinic. It was thru the efforts of the late Dr. Charles O.H. Laughinghouse that Pitt was selected, rather than several other counties which were anxious for the clinic. The colored people of Pitt county should forever be grateful to Dr. Laughinghouse for his efforts in their behalf.

A physician and two registered nurses have donated their entire time to the work since the clinic began operation. The members of the Pitt County Health Department have rendered invaluable aid. Weekly clinics have been conducted for the diagnosis and treatment of syphilis in the county at the following points: Bethel, Pactolus, Greenville (2), Simpson, Grimesland, Ayden, Winterville and Farmville. Approximately 13,000 free blood tests have been given and more than 1,300 people have received free treatment.

The clinic will stop treating June 30th and will spend the month of July conducting free blood testing clinics in the county for the benefit of those who had clean blood last year when the survey was made. It is advised that all people who employ colored help should encourage them to take a blood test in July, at which time it may be

obtained free. Landlords will be conferring a great favor on their colored tenants by encouraging them to take advantage of this opportunity to have a free blood test. Clinics will be held in Greenville during the week beginning July 20 and clinics in the county will be held prior to that time. Watch for the schedule of clinics which will appear in a few days.

Senior Hi-Y Boys to Meet The Pioneers met at Westbrook's last night for their weekly meeting and a good time was had by all present. The Senior Hi-Y boys will meet at Westbrook's tonight at 7:45 p. m. Members of the Junior Hi-Y who were promoted to the 9th grade will be present at this meeting. Bring your bathing suits with you.

Test Special Life Saving Device

New York, June 23.—(AP)—Officials of the Brooklyn Navy Yard today revealed that a special submarine life-saving device had been tested.

It is a rescue chamber to bring crews out of sunken submarines without exposing them to great variations in pressure.

The chamber is pear-shaped, of steel construction and is eight feet in diameter at the top and five at the bottom. There are two compartments, an upper and lower, the lower being open to the sea. The lower compartment also contains 600 feet of wire rope, operated from the upper chamber. In rescue work a diver may descend through the lower chamber and fasten the wire rope to the submarine's two escape hatches.

By using air pressure inside, and the natural force of water outside, the chamber wedges itself to the hatch, which is then opened. This allows six to ten men to enter the lower chamber and later the upper chamber.

Buoyancy is maintained by the emptying of cans of water. As more men enter the chamber, more water is emptied. The chamber contains windows, electric lights and meters for depth work.

Dangerous Business

Our stomach and digestive systems are lined with membrane which is delicate, sensitive and easily injured. It is dangerous business, then, to use medicines containing harsh drugs, salts or minerals, when we are constipated. In addition to the possibility of injuring the linings of our digestive system, these medicines give only temporary relief and may prove habit forming. To relieve constipation, take Herbine, the cathartic that is made from herbs, and acts in the way nature intended. You can get Herbine at B. S. Warren, Druggist

Social and Personal

Mr. and Mrs. James R. Wrosley and family are on a two-week automobile tour of New York and New Jersey.

Mr. and Mrs. W. C. Vincent have returned from Georgia and Florida. Mrs. C. M. Jones is visiting her daughter in Williamston.

H. P. Brown of Reidsville, is visiting at the home of his brother, Z. W. Brown.

Miss Sue Taylor Myers, of La-Grange, is visiting Mrs. J. C. Lanier. Miss Sarah Winslow of Scotland Neck, and Miss Rebecca Williams of Newport News, Va., are the guests of Miss Pattie Whitehurst.

Mr. and Mrs. J. S. Honeycutt of New Bern, Mrs. J. E. Whitley of Albermarle, Mr. and Mrs. J. W. Womble and sons, Jack and Harry, of Greensboro, spent Sunday with Mr. and Mrs. G. C. Honeycutt.

Mr. and Mrs. Ferrall Jackson and little daughter Margie, spent the week-end with her parents Mr. and Mrs. W. E. Moore.

Miss Elizabeth Moore left Sunday to visit her sister in Portsmouth, Va.

Miss Mabel Perkins of Portsmouth, Va., is spending the week with her sister, Mrs. David Turner.

Misses Annie Rosemond Horne and Virginia Jones are visiting Miss Mary Wilson Spence in Mount Holly. They will also spend several days in Shelby as the guests of Miss Horne's aunt, Mrs. H. M. Lloyd.

Miss Annie Laurie Herring is spending several days in Snow Hill. Edwin Tucker of New York, has returned after visiting his parents, Mr. and Mrs. E. P. Tucker. His brother, Eric, accompanied him to New York for a stay there.

Miss Lois Herring left today for several days' stay in Nags Head.

Resolutions of Respect. Inasmuch as our heavenly Father has seen fit to call from our community one of its oldest and well beloved men, Mr. John Richard Barnhill; and whereas Mr. John Richard Barnhill was not a member of Sweet Gum Grove Church, but was a member of Hickory Grove Church and had a son, N. C. Barnhill, who is a loyal member of our church. Cause to be written and adopt the following resolutions:

1st. That we, the church, with Bro. Barnhill bow our heads in humble submission to the will of our Heavenly Father realizing He doeth all things well;

2nd. That we, the church, extend to Bro. N. C. Barnhill and the other members of the family our deepest sympathy in these lonely hours, and pray that the Holy Spirit may comfort them in their bereavement.

3rd. That a copy of these resolutions be published in the F. W. B. paper, a copy in the Daily Reflector, a copy be recorded on our church minutes, and a copy sent to Bro. N. C. Barnhill.

D. N. Nobles, Jr.
D. W. Alexander,
Committee.

Miscellaneous Shower. Farmville, June 21.—Outstanding among the social courtesies accorded Miss Mary Barrett, bride-elect of the month, was a miscellaneous shower given by Mrs. R. C. Thornhill on Saturday evening at her home on Lang street, in which summer flowers were beautifully arranged.

Greeting the guests as they arrived were the hostess, Miss Barrett and Mrs. Bert McCullom of San Antonio, Texas, who also shared in the honors of the occasion. Punch was served in an alcove on the porch by Mrs. L. T. Pierce and Mrs. I. E. Satterfield, assisted by Misses Sue Barrett and Louise Smith.

Places were found at the ten tables arranged for cards by fan tables, and after several progressive the bridge prize, a wall vase, was awarded Mrs. D. R. Morgan, and the rummy prize, a handkerchief to Mrs. J. O. Pollard. Miss Barrett was given a novel table light, and Mrs. McCullom a compact.

As cards were laid aside little Miss Ann Jones presented Miss Barrett with a basket of flowers and a note which advised her of a shower outside, which proved a shower of lovely gifts, brought in by little Misses Wilma Stancil and Miriam Gates.

Lime ice, cakes, and salted nuts were served by the hostess, assisted by Mrs. Bert Taylor, Mrs. Cecil Modlin and Mrs. George Beckman. Out of town guests included Misses Mary and Mary Frances Whitehurst, Mrs. R. J. Barbee and Mrs. Willie J. Bundy of Greenville; Mrs. Frank Capps and Miss Georgia Bunn of Raleigh.

Asheville Flower Festival to Open During Tomorrow

Asheville, June 23.—(AP)—Western North Carolina's rhododendrum festival, held here annually to glorify the mountain flower for which this section is famous, will open tomorrow.

Miss Katherine Jones and R. U. Robertson, Jr., both of Asheville, will reign as king and queen of the celebration.

Young women from 10 southern states will act as sponsors of the event.

The festival will last through Friday. Sight-seeing trips through the mountains where the Rhododendrum flourishes, a pageant showing the history of the flower in this section, various parades, speedboat races and a terrapin derby are on the program.

HILL HOME ATTENDS GRAND ENCAMPMENT

W. Hill Home, grand commander of the North Carolina Knights Templar, left Saturday night for Minneapolis to attend the grand encampment of the national organization. He will be away about ten days.

INVITE COTILLION CLUB TO SHARE DANCE

The German Club invites the Cotillion Club to be their guests at their dance Thursday evening at the Woman's Club from ten until one.

Mrs. Capps Hostess. Farmville, June 21.—Mrs. Frank Capps of Raleigh, who is visiting her mother, Mrs. Dora Horton Keel was charming hostess at a lovely bridge party on Thursday afternoon honoring Mrs. Harold Suggs Askew a recent bride, and Mrs. Bert McCullom of San Antonio, Texas, formerly Miss Gullie Askew of this city. Handsome gladioli predominated in the arrangement of the flowers.

Talks were passed by little Miss Novella Horton Capps, and bridge was played at eleven tables, Mrs. W. C. Holston winning the high score prize, a necklace, and Mrs. W. Leslie Smith the consolation, bridge ash trays. Mrs. Askew was presented with a set of Italian china plates, and Mrs. McCullom with a miniature spinning wheel. Miss Mary Barrett, bride-elect, and Mrs. W. Harry Lang, a recent bride were given hobnail salts. Ices moulded in replica of flowers and fruits with dainty cakes and salted nuts were served after the games.

Rainbow Tea. Farmville, June 21.—One of the most elaborate and charming affairs given during the season was the Rainbow Tea of Friday afternoon, given by Mrs. Plato Monk in compliment to her sister, and bride-elect, Miss Edith McGranahan of Durham, Mrs. Wm. L. Smith, Jr., of Kingston, and Mrs. W. Harry Lang, recent brides. The rainbow colors were effectively carried in the floral arrangement and softly shaded whips tapers in silver holders were used.

Greeting the guests were Mrs. J. Sterling Gates and Mrs. Paul E. Jones. Mrs. F. M. Davis introduced the receiving line composed of Mrs. Plato Monk, Miss Edith McGranahan, Mrs. J. Y. Monk, Mrs. W. Harry Lang, Mrs. Francis J. Murdock of Salisbury, Mrs. W. Leslie Smith, Mrs. Wm. L. Smith Jr., Mrs. J. B. Gray and Miss Nancy Gray of Wilson, Mrs. A. G. Monk, Miss Mary Barrett, Mrs. Harold Suggs Askew and Miss Janie Davis.

Mrs. A. S. Venable and Mrs. J. T. Thorne invited the guests into the sun room, where Mrs. Arthur F. Joyner, Mrs. G. M. Holden and Mrs. J. Loyd Horton received, and tea was poured at an exquisitely appointed table by Mrs. T. C. Turnage and Mrs. R. E. Boyd. Sandwiches were passed by Misses Sue Barrett, Edna Foust Harris, Elizabeth Fields, Louise Smith, Sarah Humphrey and Rachel Monk.

Receiving in the garden, where ices and decorated cakes carrying the rainbow colors were served at small tables, were Mrs. B. O. Turnage and Mrs. J. L. Shackelford. Serving were Mrs. A. W. Bobbitt, Mrs. George Gates, Mrs. M. V. Jones, Misses Eva Mae, Ruth Hayes and Serene Turnage, Elizabeth Smith and Hazel Monk.

Imposter Jailed In New York City

New York, June 23.—(AP)—George Robert Gabor, 25, native of Hungary, was in jail today while federal authorities were investigating his boastful tale of how he imposed on personages.

Acting as his own attorney, he said in court that he had: Posed as Baron von Krupp. Been entertained at Palo Alto by Mr. and Mrs. Herbert Hoover. Induced Henry Ford to give him a new automobile. Become engaged to Eleanor duPont.

Posed as Taft Thew, Jr., representing himself as the son of a former ambassador, and got money and clothes from Ambassador Herriek in Paris.

Borrowed \$45,000, of which he got \$25,000 in cash. Donated \$2,500 to the Pan-American University at Dallas, Tex., and was elected vice-president.

Judge Knox, after listening to the story, said: "I never heard of an ambassador by the name of Thew."

"You're right," answered Gabor, "there never was such a person in the diplomatic service."

"What saps we are," Judge Knox remarked.

In 1928 Judge Knox ordered Gabor's deportation and suspended a 5-year sentence on condition that he stay out of the country. Gabor returned. He was brought to New York from prison at McNeil Island, Calif., after completing an 18-month sentence for impersonating the "third solicitor-general of the United States."

Federal Attorney Medalla remarked "Many of his boasts are obviously untrue."

Elizabeth City, N. C.—(AP)—A total of 876 carloads of Irish potatoes has been shipped from here this season. Of this number, 150 moved out in one day to set a new local shipping record.

TO SUPPORT MORATORIUM

Congressman Bulwinkle Favors Hoover Program for the War Debt Holiday

Washington, June 23.—(AP)—President Hoover is making a complete canvass of all members of the Senate and House to ascertain their attitude toward his proposed war debt reparations holiday.

It was said at the White House today that Mr. Hoover had talked to all members of the House and Senate in Washington and had consulted with many of them by telephone.

These he could not reach by those methods he has telegraphed or cabled.

The White House did not indicate how complete the poll was up to date, but it was said that over 50 per cent of the two memberships had replied.

Gastonia, June 23.—(AP)—Congressman A. Lee Bulwinkle of Gastonia, Democrat, representative of the ninth North Carolina district, today said he would back President Hoover's proposal for a reparations moratorium when it comes before Congress.

He set forth his position in replying to a telegram received from the chief executive.

The telegram received by Representative Bulwinkle said: "You no doubt have seen my statement in Sunday's press of the proposals of the American government in respect to postponement for one year of all inter-governmental debts. Inasmuch as the proposal, of course, contingent upon action by Congress and as the matter is one of national interest, having no partisan character in that light, I consulted before action the senators and representatives of both parties present in Washington and as many as possible who were accessible in the country."

"This list of generous support from members was shown in the public statement referred to above. I regret that difficulties of communication rendered it impossible to contact with all members of the Senate and House. I do not wish to press any member for reply as to his views if he prefers not to give them at this time. Yet if you are favorable to the proposal in the first paragraph of the statement above mentioned, it would undoubtedly aid in the negotiations now in progress, if you could inform me thereof."

Representative Bulwinkle's reply said: "Telegram received. Approve of your action in proposing on behalf of the United States government the postponement of all inter-governmental debts for one year. In the next Congress I will support legislation necessary to carry the proposal into effect."

Congressman Bulwinkle is a world war veteran.

INDICT MAYOR FOR BRIBERY

Several Other Residents of Detroit Suburb Cited by Grand Jury.

Detroit, June 23.—(AP)—The mayor of the suburb of Hamtramck and 14 other persons including several public officials, were named in 16 indictments handed down by a Circuit court grand jury last Saturday, a prosecution official attached the jury announced today.

Howard Bowman, an assistant prosecuting attorney, who made the announcement, said several indictments were returned against Mayor Rudolph G. Tenenowicz.

Three major charges in the indictments include conspiracy to accept bribes in the operation of disorderly houses, in the accepting of bribes in city dump contracts, and in contracts for the Department of Public Works.

In addition to Tenenowicz, others were: Councilman Fred C. Dible; Councilman Joseph L. Skoniski; Daniel L. Minock, a former councilman now serving as a police department clerk; and Sam Margolis, who was charged with paying a bribe to obtain a city trucking contract. The names of the others indicted were not made public. Bowman said they would be revealed as they are arrested or as others indicted with them are arrested.

Yadkin Railroad Seeks to Suspend Passenger Service

Raleigh, June 23.—(AP)—The Atlantic and Yadkin railroad, built as a part of the state's ambitious railroad program of 80 years ago, sought today to have all passenger and mail service discontinued on its 130 mile route between Sanford and Mount Airy.

It asked authority for this step through the State Corporation Commission which set today for beginning hearing on the road's petition. Representatives of cities and towns along the railroad's route opposed the petition.

The road claimed that, due chiefly to the competition of bus lines, its passenger and mail service is being operated at a \$2,000 a month loss. Daily runs are made from Mount Airy to Sanford and from Sanford to Mount Airy.

The Southern now controls the A. and Y.

OFF ON FIRST LEG OF FLIGHT AROUND THE WORLD (Continued from page one)

From Newfoundland the fliers will hop to Croydon, England, 2,000 miles across the Atlantic.

The Gatty-Post enterprise is sponsored by F. C. Hall, Oklahoma oil magnate, for whose daughter the gleaming white "Winnie Mae" is named.

The fliers hope to shatter the mark of 22 days set by the Graf Zeppelin for the round-the-world trip. With a cruising speed of 150 miles per hour, they believe their plane can make the journey in from seven to ten days.

The Winnie Mae is powered with a Wasp 425 horsepower motor, supercharger-equipped. A radio will enable the fliers to communicate with the world at all times, weather permitting.

Pett, who is from Oklahoma City, is 35, has had wide experience as a transport pilot and has gained a reputation for being an expert flier in adverse weather conditions.

Gatty, who is from Los Angeles, also is a veteran transport pilot. He is 30. Their flying has been done largely in the west and middle-west.

From Croydon, the Winnie Mae will fly to Berlin, thence across Siberia and the Bering Straits probably to Nome, Alaska, and to Seattle, Chicago and New York.

The fliers loaded 340 gallons of gasoline. They started on signal from a national aeronautical timer and rolled about 1,400 feet before they went into the air. At the start they were going 140 miles an hour and hoped to maintain that speed.

They expected to reach Harbor Grace in less than seven hours. The distance is about 1,200 miles.

Gatty, who is an expert radio operator said the Winnie Mae could keep in touch ships and land stations at intervals of two hours during the flight.

They expect to reload fuel and food at Harbor Grace and take off again about noon, EST. They hope to make Croydon Field, London in 14 hours.

Prince of Wales Congratulated On His 37th Birthday

London, June 23.—(AP)—The Prince of Wales, England's royal bachelor, awoke today with the realization that he was 37 years old and that the world had beaten a pathway of congratulations to his door.

Literally thousands of telegrams and messages of felicitations were heaped on the table at York House. Among the first personal greetings he received were from King George and Queen Mary and other members of his immediate family.

He treated the anniversary like an ordinary day. After dealing with a mass of correspondence, he motored to Buckingham Palace where he assisted the king at the investiture of members of the order of St. John of Jerusalem, of which he is prior.

Over all the land and to the utmost reaches of the British empire the day was signalized by the flying of flags from government and public buildings. Distinguished men and women accorded him recognition by going to York House to sign the visitors' book.

The public seemed to feel that only one thing was lacking in the universal rejoicing over the birthday of its favorite prince—a Princess of Wales. The Daily Express in wishing him many happy returns put it this way: "Perhaps before he is 38 he may

Rollins Buried At Durham Today

Durham, June 23.—(AP)—Funeral services for Edward T. Rollins, publisher of the Durham Morning Herald and owner and publisher of the Durham Sun, were set for 4 p. m. today at the home, with interment at Maplewood cemetery.

The rites were in charge of Dr. W. A. Lambeth, pastor of Trinity Methodist Church, assisted by Dr. Ira D. Knight, pastor of the First Baptist Church.

Mr. Rollins, one of the best known newspaper publishers in the south, died yesterday of a heart attack while he slept. He was in his 67th year.

Expressions of condolence continued today to pour in from all parts of this and other states. Tribute was paid Mr. Rollins for his long, successful and constructive career.

Surviving are Mrs. Rollins, who before marriage in 1904 was Miss Bessie Steed of Oxford; two sons, Steed and E. T. Rollins Jr.; two daughters, Mrs. W. Y. Pickell and Mrs. P. G. Wallace and two sisters, Mrs. J. A. Phelps and Mrs. Della Dixon. All are of Durham.

HEADACHE? ... Quick Way to End It

Headaches, whether from stomach, nerves, periodic cause, eating or drinking, can be relieved in few minutes by Capudine, the new prescription in liquid form. Works in one-third the time usually required by other forms. Try it for any kind of headache.

Make This Test!.. Next time you have a headache go to your drug store and get a bottle of Capudine, or take a dose at the soda fountain. Then time the action. Note how quickly pain disappears and you "pop" right up. In 10c, 30c, 60c bottles, or by the dose at drug store soda fountains.

HICKS Capudine FOR HEADACHES

BILLY'S UNCLE

Market Report Cotton--Stocks--Grain

N. Y. COTTON

New York, June 23.—(AP)—Cotton opened steady 9 to 15 points lower.

The more urgent demand stimulated by the delay of payment proposals appeared to have been supplied on the excited buying of yesterday and a disposition to take profits on recent purchases was promoted by relatively easy cables and the lower opening of the stock market. There were still a good many buying orders in the market but they were quit readily supplied and prices worked off to 9.37 for July and 9.98 for December, or about 19 to 24 points net lower by the end of the first half hour. Reactionary sentiment was more or less in evidence and some selling was reported on a theory that the advance had gone far enough pending further developments with reference to the reparations proposals.

Liverpool cables said that there had been continental and Bombay selling together with realizing in that market. Egyptian cotton in Alexandria was 7 to 18 points lower and the Indian spot quotation in Liverpool showed a decline of 2 points.

GRAIN MARKET

Chicago, June 23.—(AP)—A drop of more than 2 cents in wheat today followed announcement that Farm Board policy was unchanged regarding disposal of government sponsored wheat holdings. The former National Grain Company, a Farm Board ally, was reported selling June wheat at Minneapolis, despite the fact that Minneapolis arrivals of newly harvested wheat from Oklahoma were announced. Export business in North American wheat appeared to be at a standstill.

Wheat closed unsettled 11-4 to 17-8 down; corn 1 to 15-8 off; oats at 3-8 decline and provisions unchanged to 7 setback.

STOCK MARKET

New York, June 23.—(AP)—Today was largely a day of anti-climax in the financial markets, as they calmed down after the bullish spree in celebration of the proposal of a foreign debt holiday.

The reaction in prices, however, was moderate, in view of the violence of the advance of the past two sessions, and in the New York Stock Market, the copper shares managed to extend their advance. Trading dwindled to moderate proportions.

The day in stocks began here with declines of a point or two, despite further strength in London and Berlin.

With the aggressive steps already taken, Wall Street was still highly optimistic over the prospects of war debt relief, although delay on the part of the French in announcing their decision added a note of uncertainty, and it was pointed out that approval by the next Congress before the December payments are due assumes that there will be no protracted disagreement over organization.

On the whole, the action of the stock market was in keeping with expectations. There is an inclination in brokerage circles to expect the market to settle down to a narrow trading range for a time, pending quarterly dividend and earnings announcements. Those several important dividend meetings are for this week.

Local credit conditions were a little easier, with some call money offered at 1 per cent outside, while the official rate held at 11-2. The flight of capital from Berlin appeared to have been checked at last, and the Bank for International Settlements was understood to be assisting the Reichsbank through purchases of German acceptances. It was disclosed at the Federal Reserve that no credit has been requested here as yet.

Greensboro, N. C.—(AP)—There is going to be plenty of shooting when this section celebrates the battle of Guilford July 4. Promoters of the event have secured 6,000 rounds of "blank" ammunition from the government arsenal at Charlotte, N. C.

VIC FRASIER WINS FOR WHITE SOX

By GAYLE TALBOT, Jr. (Associated Press Sports Writer) A year ago Vic Frasier was spending most of his waking hours following a brace of mules down the cotton rows of his farm in East Texas. He had jumped the Chicago White Sox some months previously for the simple reason that he had found himself lonesome in the mid-west metropolises.

Yesterday the husky young right hander turned the Philadelphia Athletics back with six hits and helped his team mates bat out an 8 to 2 victory over the World champions. His double in the fourth with the bases loaded drove in the winning runs.

The White Sox, it appears, are about to be rewarded for their patience with Frasier. A year's idleness cost him his control and he has been wild as a prairie flower but Manager Donie Bush has used him regularly, confident he would pitch winning ball when he settled down. He had perfect control yesterday, issuing not a single pass and striking out three Athletics.

Rookie pitchers, incidentally, have handled the A's two of their four defeats this month. Wallace Herbert, the Brown's southpaw find stopped them ten days ago.

Yesterday's defeat cut a half-game from the champions' lead as rain held the Washington Senators idle at Cleveland. The third place New York Yankees fell further back in the race, the result of a 14 to 10 drubbing from St. Louis. Lou Gehrig hit two homers.

Danny MacFayden pitched steady ball in the pinches to give the Boston Red Sox their second straight over Detroit, 7 to 2.

The St. Louis Cards continued to encounter grief in the east. Jumbo Jim Elliott, pitching his third game in five days for the Phils, handed the National League leaders their fourth defeat in their last five games. Homers by Chuck Klein and Pinky Whitney featured the 7 to 3 triumph.

Rogers Hornsby hit his 11th homer of the year with two on to help his Chicago Cubs plaster the Giants 11 to 4, and climb within a game and a half of second place.

For the second time this year, fancy base running by Fresno Thompson enabled the Brooklyn Robins to pull out with a tight one. He stole third base in the tenth inning and scored on Babe Herman's roller to Grantham to give the Flatbush flock a 3 to 2 decision over Pittsburgh.

A scheduled game between the Reds and Braves at Boston was postponed.

Fights Last Night

London—Lyn Harvey, British middleweight champion, outpointed Jack Hood, British welterweight champion (10) non title.
Newark N. J.—Jack (Kid) Berg, England, stopped Tony Lambert, Newark (8).
Boston—Jack Renault, Cambridge, Mass., outpointed White, New Bedford (10).
Poughkeepsie N. Y.—Joe San Francisco, outpointed Angel Tej. rio Spain (10).

To Name Referees For Strib Fight

Cleveland, June 23.—(AP)—The Cleveland Boxing Commission will gather secretly with the managers of Young Stribling and Max Schmeling sometime this week and select five referees from a list of fifteen nationally known officials.

Of the final five, two will be discarded by the commission and of the remaining three one will be drawn out of a hat July 3 to referee the 15-round heavyweight championship match between Max Schmeling, the champion, and W. L. Young Stribling, the challenger. The other two will act as judges.

This order of procedure was decided upon Tuesday at a meeting of the five man commission and the representatives of the two heavyweights. Prof sources close to both the fighters also the commission it was learned today that George Blake, of Los Angeles, manager of Fidel La Barba and a well-known referee on the Pacific coast, is the first choice for referee of both Stribling and Schmeling as well as some of the members of the commission.

Stribling has scheduled the first of his final three workouts for tonight. He will joust with his battered sparring partners again on Thursday night, in the midst of the miniature Coney Island of Ohio where he has pitched his training camp. Sunday he will

box for the last time, resting thereafter until the following Friday night and the call to the most important battle of his long career. Schmeling has boxed about seventy rounds since he arrived at his training camp May 19 and has numerous more sparring sessions ahead of him. Manager Joe Jacobs has announced that he will box tomorrow, Wednesday, Friday and Saturday of this week and Sunday of next week, which will be the week of the fight. He will rest Thursday of this week and Wednesday of next week Jacobs has not said as yet.

Yesterday's Stars

Vic Frasier, White Sox—Held the Athletics to six hits, doubled with bases filled in fourth and won 8-2. Earl Webb, Red Sox—Hit his 28th double and three singles, drove in three runs as Reds tripped Tigers. Rick Ferrell, Browns—Collected double and three singles off Yankee pitching, drove in four runs and scored two. Chuck Klein, Phillies—Hit 18th homer and two singles to aid in defeat of Cards. Bill Clark, Robins—Won fourth straight victory, beating Pirates in 10 innings, 3-2.

BIG GAME ON WEDNESDAY

The fast stepping baseball club of Macclesfield will meet the local club of the Tobacco Belt League here tomorrow afternoon at four o'clock on the Third street school lot.

Macclesfield has the reputation of always having a fast team, and a good game is assured. The local club has been working very hard for the past few days, getting themselves rounded into a fast moving machine. The following line-up is believed to be the starters in tomorrow's game: Markham, first base; Small, second base; Roebuck, shortstop; Bostic, third base; Hicks, left field; Dunn, right field; Gaylor, center field; Bullock, catcher; Bob Faulkner, pitcher.

The locals will go to Snow Hill on Saturday for their second meeting of the season, Snow Hill defeating the locals in the opening game here last Wednesday by a count of 11 to 6. But with a lot of hard work since that time, the locals have formed altogether a new club, and a much better game is assured these boys.

Come out tomorrow at 4 o'clock and help your home town boys defeat the strong Macclesfield club. The locals will play Winterville this afternoon at four o'clock.

Veterans Will Get New Loans

Raleigh, June 20.—(AP)—Col. John Hall Manning, state commissioner of veterans loans, says North Carolina veterans will begin receiving loans from the new fund about August 1.

He made the statement yesterday after the board of advisers of veterans' loans had unanimously voted to authorize \$1,000,000 in bonds from the \$2,000,000 total approved by the voters in 1930.

Unfilled applications on hand for loans total more than \$1,000,000, Colonel Manning said.

The governor and council of state were asked to issue \$500,000 in bonds at once, the remainder to be issued later. The board conferred with Gov. O. Max Gardner before holding its formal session. Approximately \$2,500,000 has been loaned from the first \$2,000,000 revolving fund from bonds approved in the election of 1926.

AUSTRALIAN STUDENTS DRIVE RADICALS FROM SYDNEY UNIVERSITY
Sydney, Australia.—(AP)—Tea gas and stink bombs set to fight several members of parliament who attempted to create a radical socialist organization at a mass meeting of Sydney University students.

When someone referred enthusiastically to the Soviet, there was a shower of bombs, eggs, tomatoes, bricks and old boots.
Asheville, N. C.—(AP)—It costs \$200 to establish a fortune telling business here. That's the license fee fixed by city council for all professional mystics.
