World Fliers Make Ocean Jump Safely, New Flight Begins

Wiley Post and Harold Gatty Land at Chester, England, Early Today and Continue Flight Toward Berlin With Possibility They Might Not Even Halt at German Capital; Otto Hillig and Holger Hoiris Leave Harbor Grace at 3:24 On Non-Stop Flight to Copenhagen; Maloney Plans Non-Stop Trip to Mexico

Berlin, June 24.—(AP)—Wiley Post and Harold Gatty, American round the world fliers completed the first lap of their world-circling flight at 8:30 P. M. (230 P. M. F. S. T.) landed at Tempelhof airfield after making stops at Chester, England, and Hanover, Hanover, Germany.

One team of ocean fliers reached Europe today and another team started out from Newfoundland hoping to duplicate the feat. Still a third team was preparing to leave New York non-stop for Mexico City.

Wiley Post and Harold Gatty, who left Harbor Grace at 2:28 P. M. (EST) yesterday, were reported to have landed at an airfield near Chester, England, at 7:45 A. M. (EST) today and took off for Berlin at 8:05 A. M.

Otto Hillig and Holger Hoiris took off from Harbor Grace at 3:24 A. M. (EST).

Post and Gatty flew the ocean as the first part of their projected flight around the world. Hillig and Hoiris were on a non-stop flight to Copenhagen.

While the two ocean flights were still under way Seth Yerrington and Edward Maloney began final preparations in New York for a non-stop flight to Mexico City as a "shakedown flight" preparatory to a flight across the Atlantic. They thought they might get away today.

Chester, England, June 24.—(AP)—Wiley Post and Harold Gatty "two young men in a hurry" on a flight around the world, landed safely at the Sealand Royal Air Force airfield near here this morning on a flight across the Atlantic, snatched a bite to eat and hopped off for Moscow via Berlin with the possibility that they might not even halt at the German capital.

"Hello England, we've done it," said Gatty when their machine came to a standstill after a flight of a little over 16 hours at the Sealand Airfield.

As soon as the identification numbers of the machine had been checked, Royal Air Force pilots and the ground staff rushed from the hangar to greet the fliers who had nonchalantly left New York City yesterday, barely turned around at Harbor Grace, Newfoundland and then hopped over the Atlantic.

As they stepped from their machine to be greeted cordially by the British airman, Post said: "We had a right good flight. It has been a splendid trip throughout. In truth it has been a real joy trip and the only difficulty we experienced was over a period of three or four hours during the early stages of the flight when we ran into bad weather. The rest of the journey was enjoyable and the sea was calm. We are well ahead of our time and are off for Moscow via Berlin."

Although first reports indicated the Winnie Mae had landed at 1:45 P. M., it was determined that the machine completed its trans-Atlantic crossing at 12:45 A. M. (EST). Their departure was one hour and 20 minutes later. The airman thus completed the 20,000-mile hop in 16 hours and 17 minutes at a speed of approximately 125 miles an hour.

It was not until the airman were within 200 miles of the coast of Ireland that they were able to pick out their bearings they said: "We passed through a cloudbank at a great height, so we swooped down below it." Post said. "We were surprised to find water beneath us for we thought during the time we had been above the clouds that we actually were flying

BACK FROM CONVENTION

J. T. Patterson and C. C. Hilton Report Fine Trip to San Francisco

James T. Patterson and C. C. Hilton of this city, delegates from the N. C. Division of Traveling Men's Protective Association, have returned to their homes here after attending the national convention at San Francisco.

They left Greenville three weeks ago and made the trip to the California city aboard a special train. They visited all important cities along the route, and returned by a northerly course that carried them through Canada and all principal northern cities.

The convention lasted four days and was described as one of the best in years. Both of the Greenville men were greatly pleased with the western hospitality, and said they were treated with the greatest consideration on every hand.

The trip carried them through three countries, twenty states and a total of 10,000 miles.

Mr. Patterson stated that North Carolina division received due recognition at the convention in view of the fact that this marked the fifth consecutive year the state had led the nation from the standpoint of membership. He said twenty century writers, men who wrote one hundred memberships each during the past year, represented the state.

The trip to the national convention was to have been made by J. B. Kittrell of Greenville, who holds the record as the champion membership writer of the nation, but business and illness prevented his making the trip.

Mr. Kittrell was elected president of the North Carolina division at the state convention about two months ago, and Mr. Patterson was given an important committee assignment.

Mr. Hilton is an active member of the local post, and it was largely through his splendid service that he was elected one of the state delegates to the San Francisco convention.

HATS ON

Greensboro, N. C.—(AP)—Traditional southern chivalry has taken a blow on the chin here, practically all elevators in this city are now displaying signs requesting male passengers to keep their hats on and advising that "thinking women will welcome this."

ONE KILLED AS MINE CAVES IN

Another Escapes Uninjured in Accident At Mica Mine Near Ellenboro

Ellenboro, N. C., June 24.—(AP)—Bob Davis, 50, Ellenboro miner, was killed and his son, Bob Davis, Jr., escaped uninjured when a mica mine on the Hollis road three miles from here caved in today.

Young Davis narrowly missed being trapped in the mine when the caving occurred. He was working near the mouth of the shaft when his father and ran when the earth and ore began falling.

The elder Davis' body was recovered after an hour's digging by more than 50 men summoned by his son. It lay beneath a large pile of earth and ore and diggers expressed the opinion he had died almost instantly.

Father and son, the only workers in the mine, had entered the shaft for the first time this morning. The mine is owned by C. O. Dycus who permits it to be worked by residents of this section on a percentage basis.

Mrs. Annie McKinney, telephone operator here, said practically the entire male population of Ellenboro had responded to the call for aid.

Davis was married, Mrs. McKinney said, and had several small children.

BAILEY FOR MORATORIUM

N. C. Senator Writes Pres. Hoover He Favors Suspension of War Debts

Raleigh, June 24.—(AP)—Senator J. W. Bailey of North Carolina, back in Raleigh today after a business trip to Virginia, said that he had written President Hoover that he was in favor of the proposal to have a moratorium in war debts for one year as an "emergency measure."

Mr. Bailey declined to reveal the full contents of his letter to the President, which will be mailed today, saying he thought that if the contents were made public the President should do so.

"However, I am for his proposal as an emergency measure intended to avert an impending crisis in the interest of humanity at home and throughout the world," Mr. Bailey said.

Asheville, June 24.—(AP)—Representative Zebulon Weaver, of the 10th North Carolina congressional district, announced today he had advised President Hoover he will support the proposal for one year's suspension of all war debts and reparations payments.

Vanderbilts Ready for Battle to the End

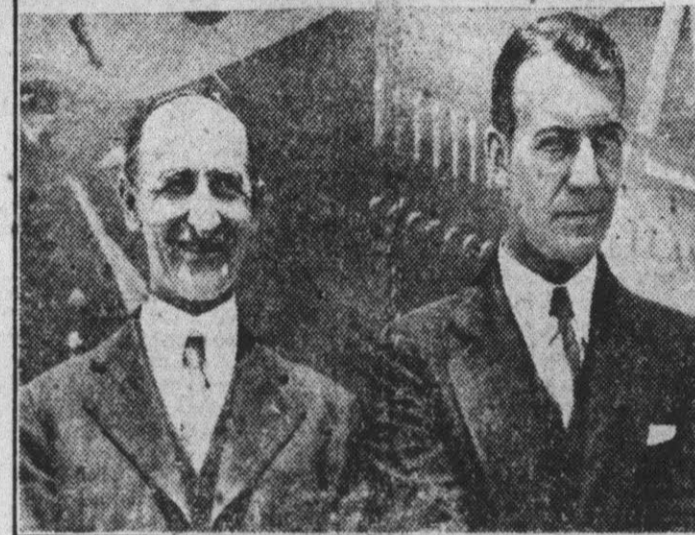

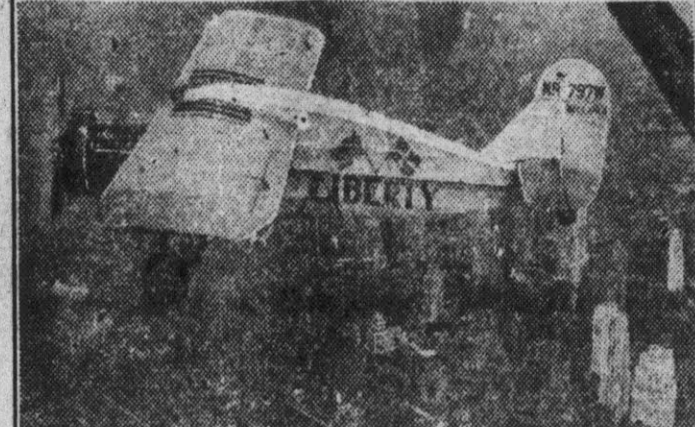

Reno, Nevada, June 24.—(AP)—T. Cornelius Vanderbilt, Jr., were squared away today for what may develop into a battle to the finish in the Reno divorce courts.

Following their separation and the filing of a divorce complaint by Mr. Vanderbilt last week, his wife filed her answer last yesterday denying his allegations of cruelty and asking that she and not her husband be granted a decree on those grounds. Mr. Vanderbilt has 10 days in which to reply.

Nine Pitt Farmers Win Live-At-Home Honors

The farmers of North Carolina are going to be in better condition this year by reason of their attention to the live-at-home movement. Dean I. O. Schaub, director of the Extension Department of State College, told about one hundred farmers who attended the regular meeting of the Pitt County Board of Agriculture at the Rotary Club last night.

By the planting of food and feed crops, Dean Schaub said, the growers will be in position to live comfortably despite the trend of prices for the main money crops. He stressed the importance of the production of the things which the grower and his family uses all the year around, and said attention to this would result in recovery from the spell of depression that has held this country in its grip the last two years.

At the end of his address, the speaker presented nine Pitt county growers with "A" certificates designating them as live-at-home farmers of the first water. The certificates were awarded through State College by the North Carolina Bankers Association in recognition of what growers are doing toward carrying out the live-at-home movement enunciated by Gov. Gardner two years ago and which has been advocated by every leader in the state since that time.

The certificates require that the growers engage in every feature necessary to make his farm self-sustaining, and the status of the farmers was determined through questionnaires issued by the Bankers Association through various banking institutions of the state.

Dean Schaub pointed to the fact that questionnaires had not been freely circulated in different parts of the state and consequently the number of certificates given out this year was not as large as it would have been had all the farmers answered the questions. He said numbers of Pitt county growers lacked from one to two points of reaching the necessary requirement and urged these men to put forth special effort and try to capture this honor next year.

The growers receiving certificates were R. A. Gaskins, C. J. Little, A. S. Tyson, Leroy Venters, J. C. Galoway, R. T. Tugwell, D. N. Nobles, Jr., Leon Evans and J. V. Taylor.

Called on for expressions concerning their participation in the live-at-home movement, recipients of the certificates said living at home was not new to them, that it had been implanted in their minds during their youth and they had tried to follow it in recent years believing it to be the only way to combat the price situation which prevails on the cash crop market from time to time. They were unanimous in their opinion that this was the most advisable

Leaps to Safety in Parachute When Plane Loses Wing

East St. Louis, Ill., June 24.—(AP)—The loss of an aileron while speeding at approximately 235 miles an hour is not cause for "particular apprehension" to Major James H. (Jimmy) Doolittle, former ace stunter of the Army Air Corps.

When an aileron fell away while Doolittle was putting a new plane of his own design through its initial speed tests at Surtiss-Stinberg airport near here early last night, the famous flier nosed the craft into an "upside down" loop to avoid crashing into a group of spectators and leaped to safety in a parachute.

The plane, especially built for the purpose of trying for a new world speed record for land planes, was demolished. The 512-horsepower "Wasp" engine was hurled five feet in the ground.

Doolittle was flying at an altitude of approximately 100 feet when the plane's wing fabric began disintegrating, fluttering to the ground, and the left aileron tore itself loose from the wing.

Tobacco Stocks Make Spectacular Advance

New York, June 24.—(AP)—A spectacular advance in the tobacco shares marked the opening of the stock market today. American tobacco B shot up \$11, Lorillard \$4.50 and Reynolds \$3.50 a share.

Announcement of a rise in cigarette prices to jobbers in addition to another advance in copper, putting that commodity at \$1.2 cents a pound were stimulating developments to which the market was quick to respond.

United States Steel common and Bethlehem steel, despite estimates of a decrease in ingot production, rallied \$1 each and there were similar gains in Kennecott copper and American smelting.

POOL DRAWS BIG CROWDS

Three Hundred Children Attend Opening of Westbrook Swimming Pool

Approximately three hundred children attended the official opening of the Westbrook swimming pool yesterday, it was announced this morning by Albert Osborne, director of the supervised recreation movement launched by a group of business and professional men here several days ago.

Osborne said the kiddies had the time of their lives wading and swimming and it was indicated that the place would be one of the most popular in the city during the summer months.

The pool was thrown open to the general public this afternoon to give half-holiday celebrants an opportunity to take a cooling plunge in the new recreation center. It was expected the water would be filled with swimmers throughout the afternoon hours.

The golf course at the corner of Washington and Fourth street was thrown open the latter part of last week as a part of the public playground movement for children. This place, like the swimming pool, is under supervision to insure the safety of the children while at play, and was expected to be one of the big drawing cards for the kiddies during the afternoon.

The two projects are the property of M. K. and J. H. Blount and were tendered to the city as playgrounds providing the group of business men would insure operation. The group guaranteed to finance the operation for the first month, but has called on the public for contributions to help in the payment of expenses during the remainder of the summer.

An admission of five cents per hour is charged at the swimming pool and a similar sum for each game of golf. Adults will be charged at the rate of 25 cents when the pool is thrown open to the general public.

Mrs. Perry Tripp Buried Yesterday

Mrs. Bessie May Tripp, aged 24, wife of Perry Tripp of Ballard's Cross Roads, died Monday night about midnight, following a very short illness. Funeral services were conducted yesterday afternoon at four o'clock from her late home by Rev. M. A. Woodard, Free Will Baptist minister of Winterville. Burial followed in the family burying ground near Bell Arthur.

Mrs. Tripp leaves two small children, her husband, mother and father, Mr. and Mrs. J. T. O'Neal; three brothers, Linwood, Fountain and Johnnie O'Neal; four sisters, Mrs. Zeb Anderson, Lydia, Neddie and Bonnie May O'Neal, all of Pitt county.

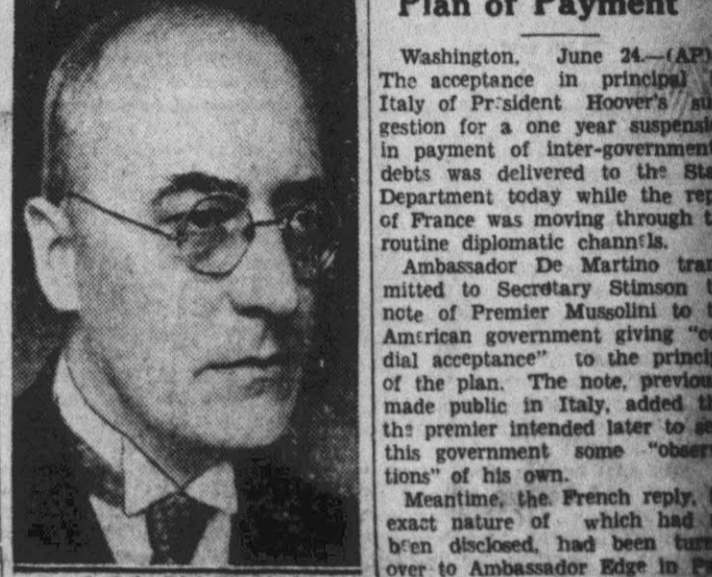

Mrs. Tripp was a member of the Piney Grove Free Will Baptist Church. Her passing will be deeply mourned by those who knew and loved her.

Two Persons Burned To Death in N. Y.

North River, N. Y., June 24.—(AP)—Two persons were burned to death and four injured in a fire which destroyed the thirteenth lake house at Thirteenth Lake today.

The dead are: E. O. Weiss, 50, New York City druggist and Paul Owen, 12, of Rotterdam.

Hails Hoover Plan

Chancellor Heinrich Brüning of Germany characterized President Hoover's plan for war debt and reparations suspension as "an historic event" and expressed his nation's thanks to United States.

SIX CASES IN COUNTY COURT

Two Men Convicted On Charges of Violation of the Prohibition Law

An even half dozen cases were disposed of in County court yesterday in one of the shortest sessions of the summer. The docket was cleared by the noon hour which is something unusual for the court during any session of the year.

Roy Mills, convicted of driving an automobile while intoxicated, paid a fine of \$50 and cost and had his license revoked for a period of 90 days.

Joe Smith, of the Black Jack community, was convicted of possessing and transporting liquor and sentenced to 60 days on the roads. He was given a two years' suspended sentence on a charge of being drunk and disorderly.

Jasper Davenport was given a suspended sentence of 60 days, on a charge of possessing liquor for sale.

Judgment was suspended in the case of J. W. Sanderlin, charged with assault with a deadly weapon. John Speight, colored, charged with non-support, had prayer for judgment continued under condition that he provide for his family.

Navy Dirigible Slightly Damaged By Flames Today

Washington, June 24.—(AP)—A fire aboard the navy dirigible Los Angeles while she was in her hangar at Lakehurst, N. J., was reported to the Navy today.

Commander A. H. Dreesel said in a telephoned report that the fire was a small one and that it caused "slight damage to the outer cover" of the dirigible.

Dreesel added that the cause was uncertain at present. The commander said the craft would be in flying condition again at the close of working hours tomorrow. Repairs were undertaken at once.

French Reply Turned Over to Ambassador Edge in Paris and Is Being Transmitted to Ambassador Caudel at Washington; Mussolini Gives "Cordial Acceptance" to Principal of Plan for Suspension of Reparations; British Government to Offer Dominions Same Concessions as Proposed in Hoover Plan of Payment

Washington, June 24.—(AP)—The acceptance in principle by Italy of President Hoover's suggestion for a one year suspension in payment of inter-governmental debts was delivered to the State Department today while the reply of France was moving through the routine diplomatic channels.

Ambassador De Martino transmitted to Secretary Stimson the note of Premier Mussolini to the American government giving "cordial acceptance" to the principal of the plan. The note, previously made public in Italy, added that the premier intended later to send this government some "observations" of his own.

Meantime, the French reply, exact nature of which had been disclosed, had been turned over to Ambassador Edge in Paris and was being sent to Ambassador Caudel here.

No comment came from either the State Department or the White House pending its receipt. Both were anxious to see the reply.

President Hoover continued to give his entire attention to the matter, as did Secretary Stimson who conferred during the morning with Sir Ronald Lindsay, the British ambassador, but no indication was given of the nature of their discussion.

Paris, June 24.—(AP)—The reply of the French government to President Hoover's proposals for year's suspension of war debt payment and reparations was turned to Ambassador Edge by Premier Laval this afternoon.

The French government transmitted the reply this afternoon. Ambassador Caudel at Washington who is expected to turn over to the State Department today.

Premier Laval was understood to have given Ambassador Edge detailed explanations of the contents which will be given out today.

Usually well-informed quarters this afternoon stated that the French reply agrees with President Hoover that something must be done to aid Germany and Europe, but disagrees with the President's plan of carrying out the proposal.

London, June 24.—(AP)—The British government intends to offer its dominions the same concessions regarding suspension of debt payments as is proposed in the case of foreign countries under the Hoover proposal. Phil Snowden, chancellor of the exchequer, informed the House Commons.

Snowden also said that thought this was a most unusual time for calling an international conference to discuss international indebtedness.

"We must first of all settle the matter of President Hoover's proposal. If others should eventually develop so as to make an international conference desirable, doubt that will be done."

Stanley Baldwin, conservative leader, whose question had drawn out Mr. Snowden's statement, endorsed the chancellor's attitude. He did David Lloyd George, the Liberal leader.

"While thanking the right honorable gentlemen for his statement," said Mr. Baldwin, "I had not the opportunity of reading it beforehand. I content myself with saying that in my opinion of those behind me, that government has taken a fully consistent with the dignity and reputation of our country."

Lloyd George then remarked: "I would also like to add I am glad that the government has given so complete and unequivocal an answer to the question."

NEWS BRIEFS

From Over The City and County

CONCERT TO BE HELD IN CAMPUS BUILDING

The concert at East Carolina Teachers College this spring by the noted Russian cellist, Barjansky will be in the campus building auditorium instead of in the other one, as advertised. The change was made for two reasons, chiefly the grand piano is on the stage in the Campus Building and the space is more open. This will perhaps make both musicians and audience more comfortable on a hot spring evening.

The News and Observer this morning has an account of his concert at the University on Monday evening. The remarkable tonal beauty and inflection were especially marked in all of his numbers. The music teachers of the college here say he has a very beautiful program and they feel this is an important musical event. The hour is eight o'clock.

Junior Hi-Y Boys Meet Tonight

The Junior-Hi-Y boys will meet at Westbrook's tonight at 7:30. All members are requested to bring their bathing suits. Junior Hi-Y girls meet Thursday night at the same place and hour. They too are requested to bring bathing suits.

Locals to Play Macclesfield

The local baseball team was scheduled to play Macclesfield this afternoon at the Third Street School grounds. It was stated however, that if rain prevented the game today, it would be played at four o'clock tomorrow afternoon.

Dr. Wright Convalescing

Dr. Robert H. Wright, president of East Carolina Teachers College, is to be dismissed from the Pitt Community Hospital today. He has improved steadily since his operation for appendicitis on June 7, and expects to be back in his office within the next few days.

BRIDGE LUNCHEON FOR MISS KING, BRIDE-ELECT

Miss Mary Cousins charmingly entertained at bridge Tuesday morning, honoring Miss Virginia King, who will marry Reid Perkins on June thirtieth.

Three tables were placed for the game in an attractive setting of vari-colored garden flowers.

Miss Mary Warren, making high score, was awarded bridge cards. Miss King, the honor guest, was remembered with china in her selected pattern. Mrs. John Bonner of Richmond Va., was presented lingerie.

A delectable three course luncheon was served.

Mrs. Warren Club Hostess

Mrs. C. M. Warren delightfully entertained her bridge club this morning at her home on East Ninth street.

Gladioli and roses were effectively used for decorations.

Mrs. N. O. Warren was given gladioli for scoring high. Mrs. W. H. Rogers, Jr., who is leaving Greenville in the near future, was remembered with an attractive towel.

The hostess assisted by her little daughter, Adelaide, served a tempting two-course luncheon.

NINE PITT FARMERS WIN LIVE-AT-HOME HONORS

—(Continued from page one)

way to farm, and J. C. Galloway, one of the leading growers of the county, urged the growers to attempt to impress upon their children the importance of the plan so that they might follow it in the years to come.

Among the visitors were B. T. Ferguson, district farm demonstration agent, and B. F. McCrary, farm agent. Each expressed his appreciation of the achievements of Pitt county farmers, and thought good results should be obtained from the plan in the years to come.

Other speakers of the evening were, Mr. Lewis representing the agricultural division of the A. C. L. Railroad; Mr. Barnhill, Mr. Tutwell, Blaney Summerell, C. G. Little, Van Taylor, Mr. Tyson, Luther Deal, J. C. Galloway, W. H. Woolard and E. P. Arnold.

Mr. Arnold director of farm work in Pitt county, read a report of activities of his department during the last six months, showing that work in all branches had been pushed forward at top speed. He said hogs and poultry valued at \$22,000 had been sold through the department the past season, and that vegetable sales neared \$3,000. He also pointed to the progress made in tobacco development and vaccination of hogs for cholera.

Mr. Woolard, who had charge of issuing questionnaires to live-at-home farmers in this county, explained the requirements of the certificate plan, and expressed the belief that attention to the growing of food for home consumption would play a vital part in the future economic life of the community.

J. E. Winslow presided over the session and a delightful supper was served.

homes. The home where five tables were arranged for bridge, was lovely with baskets and bowls of red, white and blue cut flowers and other decorations carrying out the patriotic colors.

Upon arrival the guests were served punch by Mr. and Mrs. J. Key Brown, Mrs. Hugh Ragsdale and Mrs. W. H. Tolson, Jr. After many enthusiastic games, to Mrs. W. A. Darden, who made high score for ladies, the hostess presented Cara Nome dusting powder.

Low score, a box of stationery, went to Mrs. Z. E. Brinson. To Mr. C. M. Banks, scoring high for men, was presented linen handkerchiefs and to Mr. Harry Brown scoring low, was presented a deck of cards. The guests of honor were remembered with boxes of Shari powder.

During the evening the guests were entertained by an instrumental solo beautifully rendered by Mrs. W. H. Tolson, Jr.

A delicious iced course was served by the hostess, assisted by Mrs. Ragsdale, Mrs. Tolson and Mrs. J. Key Brown.

Those playing were, Misses Ida Seidel, Margaret Gustin, Ethel Nice Mrs. Blanche Cherry, Mrs. W. H. Tolson, Jr. Messrs. C. M. Banks of Fictolus, D. H. Conley of Winterville, Harry Brown, Dr. W. M. B. Brown, Mr. and Mrs. R. G. Fitzgerald, Mr. and Mrs. J. Thomas Clifton, Mr. and Mrs. D. M. Clark, Mr. and Mrs. W. A. Darden, and Mr. and Mrs. Z. E. Brinson of Stokes.

Canning Schools

ABOUT TOWN

Members of the Pitt County Department of Agriculture met at the Rotary home last night and discussed some of the problems affecting the industry at this time. The department has taken an important part in threshing out some of the problems affecting the farmers from year to year and much of the success enjoyed in this country is due largely to the foresight of the membership.

It is the consensus of opinion that the farmers who desire to go forward the next few years should plant more of the things which they consume at home. By growing of food crops they will be able to live regardless of the price situation for the main crops.

The trouble with the community at this time is not the shortage of money, but the fact that the farmers did not prepare against eventualities in the past. Instead of laying by enough food to carry them through the season they relied solely on cash crops. When prices were low they had to go in debt to obtain necessities of life, and found themselves forced to play for two years' livelihood on the end of the next season.

The production of the things which the entire family uses from month to month will solve a great problem and in the course of a few years stabilize conditions more than any one thing that can be imagined at this time.

With the official opening of the Westbrook swimming pool and golf course yesterday as a means of supervised recreation for children of the city during the summer months, the offspring of local people will have plenty of things to occupy their minds from now on.

The swimming pool is under the supervision of a certified life saver, and every safeguard is thrown about the children while they are enjoying this form of pastime. The same condition will prevail at the golf course where the movements of the youngsters will be watched to see that they are safe while at play.

The mothers and fathers of the city owe a debt of gratitude to the group of business and professional men who made the two playgrounds possible. It is the first time in the history of the city that supervised recreation has been offered the children, and that parents will give the movement their hearty support cannot be doubted.

While the first month's operation was made possible by the group of business men, it is going to be necessary for interested citizens to contribute to the cause to insure its operations during the remainder of the summer. While a small fee is being charged at each of the playgrounds this will not be sufficient to meet expenses and other sources of finance must be tapped to continue the diversions.

It would bring joy to the hearts of discriminating parents to visit the playgrounds and see the youngsters at play. The fact that they are away from the dangers of crowded thoroughfares should be a source of satisfaction and comfort to parents and relieve them of the countless hours of anxiety which they experienced when their children are playing about the neighborhood exposed to the innumerable dangers to be found on every hand.

Ruth Nichols, daring New York aviatrix, is having a difficult time winning the honor of being the first woman to cross the stormy Atlantic, but that she will do so eventually is not to be questioned. Such pluck and endurance are not to be denied by misfortunes such as those which have beset the young woman from time to time, and as soon as she recovers from the injuries experienced in the crash while landing at St. John there is every reason to believe she will succeed in spanning the expanse of water which has claimed the lives of some of the best known followers of aviation. While Miss Nichols is convalescing

except for the western part, Texas is dry and needing rain," reports from the American association said. "The crop is late and rain is needed in Arkansas and Tennessee. Drought is becoming acute in most of Georgia. It is getting dry in all sections of Louisiana, Mississippi and Alabama."

The directors of the American association and General Manager E. F. Creekmore, Mr. Bialock said, had unanimously decided that as present holdings are financed for a three-year period, if necessary, no 1930 cotton will be sold at anything like the present price. Hon. Carl Williams, cotton member of the Federal Farm Board, declared at the New Orleans meeting that the Stabilization Corporation did not intend to dispose of the 1929 crop at present market prices.

ing two other intrepid airmen are on the way across the Atlantic on a proposed hop around the world. They are Harold Gatty and Wiley Post, of Oklahoma. They hope to be able to shatter the record of twenty-two days set by the Graf Zeppelin in its notable cruise around the globe a year ago. If they should succeed in lowering the record they will have shown to the world that the best of achievement is always subject to something better at any time.

The attention of the entire world is centered around these fliers as they go about their dangerous mission, and whether they succeed or not they will have the honor of attempting to do their part toward the development of the flying world.

Bankers convicted of misapplication of funds in various parts of the country are not going unpunished. This fact was emphasized by the sentencing of the president and vice-president of the large banking institution which closed its doors in New York City several months ago.

The president, who at one time was denominated a "financial wizard" was convicted of playing the stock market and lost so heavily that the bank, operating a large string in New York, was unable to stand the strain. In ordering the bankers sentenced to prison, the presiding judge declared that if they had won on the stock market, the profits would have gone into their own pockets and not into those of the thousands of people whose money had been used in the unlawful investments.

Yesterday a court in this state for the third time convicted a banker for misapplication of funds, showing conclusively that men of this type who willfully violate the law at the expense of the hard work of other people cannot escape punishment.

Not so long ago one of the officials of a bank in the western section of the state was convicted of a similar charge and has been sent to prison to pay the penalty. While the failure of numbers of banks were attributed to defalcation of employees, the majority resulted from economic conditions and could not be helped. It is one of the prices which every nation has to pay during a drop from inflation to deflation, and from which all eventually recover stronger and more capable than ever to meet the demands of the future.

Bankers throughout the entire nation are stronger today than they have ever been before by reason of the deflation and the future will witness the financial fabric more secure than it has ever been before.

Says Cotton Acreage Will be Less This Year

John T. Thorne, of Farmville, president of the North Carolina Cotton Growers Co-operative association, who attended the regular monthly meeting of the Board of Directors in Raleigh Tuesday, said yesterday that according to an estimate of that body, the cotton acreage in North Carolina will be 15 per cent less this year than last, and the use of commercial fertilizers will be reduced 26 per cent as compared to 1930.

Considering dry weather this year's crop is making satisfactory progress, according to reports of the twenty association field men who are located over the cotton area of the State. Prevalent dry weather over the State, and extremely dry weather in some sections, has retarded the growth of cotton. Several of the field men reported presence of boll weevil and a few reported that the pests were numerous.

General Manager U. B. Bialock, who is the North Carolina member of the Board of Directors of the American Cotton Co-operative Association and who just recently returned from a meeting of that board in New Orleans, said that the directors of the American association estimated a reduction of from ten to twelve per cent in the American cotton acreage this year as compared with last and a reduction in the use of commercial fertilizers ranging from 25 per cent in the eastern states to as much as 60 per cent in Mississippi.

The American cotton crop, reports indicate is two weeks late because of drought. "With the

STRIB AND MAX TAKE ON NEW RING WIZARDS

By EDWARD J. NEIL, (Associated Press Sports Writer)
Geauga Lake, O., June 24.—(AP)—W. L. (Young) Stribling has a new heavyweight playmate, a pudgy fellow named Frank Cawley, of Wilkesbarre, Pa., and if their first training set is any indication of the kind of workouts to come, the southern challenger for Max Schmeling's heavyweight title is in for a few busy evenings.

Cawley, a staminate of Tommy Loughran and a boxer with a style faintly reminiscent of the phantom of Philly, hove into camp here for the first time last night and immediately engaged Stribling in a two round workout.

He was fat but he was clever. Bill discovered immediately that he could not belt Frankie around as he has the less experienced men who have contracted to prepare the pride of Macon for his match with Schmeling in the Cleveland municipal stadium the night of July 3.

Occasionally Stribling nailed his new spar mate with left hooks but he had hardly any luck at all with a straight right to the head, a punch that he has been neglecting in favor of development of his left. The Cawley, who has beaten such fellows as Tom Hency, Jack Gagon, and Frankie Simm, slugged back quite merrily. He even borrowed Schmeling's best punch, a straight right to the head, and clicked it full on Stribling's ear on one occasion.

Bill is taking things easily in an effort to hold the edge of perfect condition.

Connell Lake, Pa., June 24.—(AP)—Max Schmeling's chin is just another chin to Nat Brown, San Francisco heavyweight the newest sparring partner for the world's heavyweight champion.

The California heavyweight made his first appearance in the ring against Schmeling yesterday, and without exception, their bristling two rounds was the best of the current training drive. Brown showed up in camp four days ago without funds but with a desire to trade a few punches. They fattened him up on a few square meals before they sent him into the ring with his title-holder.

Brown more than made good, giving the champion his best work out. He rattled left hooks and right crosses off Schmeling's chin to delight 100 spectators. Schmeling, a slow starter, warmed up to his work in the second round, and seemed to get Brown's measure.

They say the champion did not unload his real dynamite at any time against Brown but is certain to do so before the end of the week. The critics are curious to see what will happen, because because Brown has a decision over Max Baer, has fought Larry Johnson, the Chicago negro and is considered a capable ring man.

Schmeling plunged into his final week of training yesterday, full of fight and energy. His boxing today may be increased to eight rounds instead of the usual six, especially as Trainer Max Meehan desires to test the German's speed over the eight round route. With that test over, Schmeling will return to the six round boxing schedule.

TWINS WIN 2 STRAIGHT FROM BEES

Charlotte, June 24.—(AP)—When old Bunn Hearn, the Winston pilot announces he has rejuvenated his nine and is all set to travel the come-back route, somebody had better look out. He means just what he says.

To make his demonstration impressive, Hearn picked the Charlotte Hornets, ordinarily a tough bunch, to start on. He journeyed to the Queen City Monday with four new players on his roster to turn the trick.

When he left today he had two smashing wins over the column-topping Bees to bolster his league standing.

Hearn and his rejuvenated outfit took it comparatively easy Monday night, beating the Bees, 5 to 3, but last night they unlimbered the heavy artillery. When sound of battle died down, the score board showed the Twins had romped on the Bees to the tempo of 11 to 2.

Johnny Kane's aggregation tried the same tactics on the Raleigh Caps at Greensboro in the opening series of the week but with less success. The Pats trimmed the Caps 7 to 3 Monday night, but a storm broke in the Gate City last night.

When Kane sent his portside ace, Ostermuller, against them, the Caps cut loose. They sent Ostermuller to the showers in two-thirds of an inning, rapping out five runs, two homers, before the first inning was over. They crashed a couple more circuit clouts before the game ended and wound up by whacking out a 10 to 6 victory.

Another rejuvenated nine, George Whitted's Durham Bulls, also went on the warpath last night. Dewitt Perry, their moundsman, limited the Henderson Gamecocks to three bingles and allowed the Bulls to blank them 2 to 0, after the Gamecocks had taken an afternoon match 6 to 4.

Smoot Smith, Monroe Mitchell, and the rest of the Tourist crew went like a house afire against Dan Boone's Pointers last night at Asheville. Smith banged out five hits in five tries and drove in as many runs, while Mitchell held the visitors to five safeties, and the Tourists turned in a 15 to 1 win.

LOCALS BLANK WINTERVILLE

Connelly, pitcher for the visiting Winterville ball team, who played the locals here yesterday, robbed Bostic, local pitcher, of a no-hit-no-run game in the ninth inning when he got a single through short. The score was 26 to 0.

Bostic had the visitors at his command at all times during the game and never did Winterville get in a scoring position. Dunn, Bullock, Markham and Small let the locals with the stick work. Dunn getting six safeties out of as many times at bat. Bullock touched Connelly for three out of four trips up, with Markham and Small hitting three safeties each. At the beginning of the 6th inning, Roebuck replaced Faulkner in left field and Barnhill replaced Bullock, catcher, and both of these boys hit safely twice.

The club asks support and promises to give a better brand of baseball. Greenville will be glad to schedule games with any amateur team within a two hundred mile radius, all communications should be addressed to Joseph P. Burgess, and open dates will be given.

Bill discovered immediately that he could not belt Frankie around as he has the less experienced men who have contracted to prepare the pride of Macon for his match with Schmeling in the Cleveland municipal stadium the night of July 3.

made Wille Stribling a slight favorite over Max Schmeling for their 15-round affair at Cleveland for the world's heavyweight championship.

The acrobatic eluder from the south is figured at 4 to 5 against choice.

The training camp chatter has not disclosed any conclusive information calculated to alter the opinions based on previous performances. It seldom does. The battles always seem to go well and look impressive in their workouts, especially to the visiting lunarians qualified for quotation by previous experience in the ring. Billy Papke liked Schmeling's short punches to the body. Geo. Chip or maybe it was Johnny Kilbane fancied Stribling's all-around skill.

SPORTS SLANTS

The Athletics, in the opinion of Tom Kerney, the St. Louis commissioner, are "out" or "in", according to which way you look at it. Although the A's haven't by any manner of means shaken off the hot pursuit of the Washington Senators, despite a great winning streak, Kerney won't take any bets against the world's champions at the current writing.

He rates the Senators no better than New York ankles, as 4 to 1 shots.

The recent slump of the New York Giants hasn't altered the team's position as co-favorite with the St. Louis Cardinals at the short price of 2 to 1. The Cubs, price of 4 to 1 undoubtedly will shorten if Rogers Hornsby's clubbers continue their drive.

The odds against Brooklyn are 5 to 1, Pittsburgh 10 to 1, Boston, 40 to 1, Philadelphia and Cincinnati 500 to 1.

Cleveland in the American is quoted at 10 to 1; Detroit at 40 to 1; Chicago, St. Louis and Boston, 500 to 1.

TWO NEW MEN SHINE BRIGHT IN BIG LEAGUE

By HUGH S. FULLERTON, Jr. (Associated Press Sports Writer)
Two of the season's outstanding stars in the American League this year are a couple of young players who hardly have been in the circuit long enough to know their way around it. Joe Cronin, husky young Washington shortstop, came up to the Senators in the middle of the 1928 season and did not really begin to shine until last year, when Ben Chapman of the New York Yankees was a newcomer in 1930.

The Yankee youngster stole three sacks in the second game yesterday as his chief contribution to New York's double victory over the Chicago White Sox.

Chapman also made three hits and batted in four runs as the Yanks won by score of 8 to 6 and 9 to 4. Babe Ruth's 14th homer and a six-hit pitching performance by Ed Wells in the second clash were merely added attractions.

Cronin helped the Senators take a pair of games from Detroit by hitting three times, batting in four runs and figuring in four double plays. Washington had an easy time winning the first game 10 to 3, but played nine scoreless innings

in the closing duel between Fred Marberry and George Uhle before batting around in the tenth to score four runs and win 4-0.

The twin victory enabled the Senators to reduce Philadelphia's lead to 21-2 games as the Athletics got only an even break with the St. Louis Browns. Bob Grove pitched the champions to a 3 to 0 victory in the first game, but the Browns badly outlasted to win the 12-inning second game 5 to 4.

Cleveland stole some of the thunder from the American League leaders, who have been specializing in pitching, by sending out two moundsmen who pitched shutout ball against Boston. Clint Brown held the Red Sox to five hits to win the first game 13 to 0, then Willis Hudlin improved on that performance by granting only one hit as the Indians took the second 10 to 0.

Only one double header was left when the weather got through with the National League program and in it the Cincinnati Reds upset the dope by overwhelming the Boston Braves. Red Lucas turned in a 3-hit pitching job to win the first battle 2 to 0, then Larry Benton gave Cincinnati some more effective pitching and the Reds hit mightily behind him to win the second 3 to 4.

a mere "hollow shell" against Gene Tunney. In fact, Dempsey was a 3 to 1 choice when he entered the ring that dismal evening on the flatlands of South Philadelphia.

The training camp ballyhoo did much to build up Georget Carpenter in 1921 for what turned out to be a one-sided scrap with Dempsey at Boyle's Thirty Acres.

Tex Richard was so apprehensive personally that he went into Dempsey's dressing room before this bout and pleaded with Jack to "go easy" and "give all these folks a show." Yet Carpenter had won public following by the "secret punch" he practiced, plus the reputed power of his manager, Des camps' hypnotic eye.

We do not recall that there was any tip-off from Atlantic City in 1926 that Jack Dempsey would be

Market Report Cotton--Stocks--Grain

N. Y. COTTON

New York, June 24.—(AP)—Cotton opened steady today 6 to 8 points lower under overnight selling orders and a renewal of July liquidation.

Later cables from Liverpool showed sharp rallies from an early decline in that market but appeared to make little impression on the trading here and prices continued to work lower with July selling off to 3.29 and December to 10.05 or about 13 to 15 points net lower. The rallies in Liverpool were supposed to reflect a favorable interpretation of the French reply to the international debt moratorium proposals, and there may have been some buying on cotton on the steady showing of the early stock market, but July liquidation was more active in preparation for possible notices tomorrow.

Liverpool cables said the early decline in that market was due to liquidation and a poor off-take and said that cloth buyers were cautious owing to distrust of present prices.

GRAIN MARKET

Chicago, June 24.—(AP)—Rising buoyantly with securities, wheat scored late gains of about 2 cents a bushel today. General purchasing of wheat futures was more active than for some time, and speculators who were short made haste to switch their market position, with French modified acceptance of the Hoover war debt holiday plan a factor. Meanwhile, President Milnor of the grain stabilization corporation said neither he nor Chairman Stone of the Federal Farm Board had any new statement to make about government sponsored wheat holdings or planned to have any statement.

STOCK MARKET

Wall Street, June 24.—(AP)—Bullishness bloomed again in world financial markets today.

New York stocks swept upward with a vigor equalling that of Saturday and Monday. The amazing reversal of sentiment inspired by the war debt proposal showed no signs of wavering, despite the fact that some of the mid-week business statistics were distinctly unfavorable, and reports that the French acceptance of the debt plan involved various conditions.

Advances in shares ranged from 2 to more than 12 points, with American Tobacco issues making the maximum gains, on news of higher wholesale cigarette prices. Radio Corp. surged up about 5 points on news that the Federal Radio commission has at last decided to renew licenses of its subsidiaries. A feature of the proceedings was a vigorous advance in the long depressed oils. Standard of N. J. rising more than 3 points. U. S. Steel got up more than 4, as did Westinghouse Electric, Baltimore and Ohio, New York Central, Sears Roebuck and Co. and others.

The wavering of the markets yesterday appeared merely to have provided a breathing spell. Bonds improved and a new offering of \$85,000,000, the Commonwealth Edison issue was the largest since April. Financial temper has so changed that bankers are becoming optimistic over a revival of foreign lending in this market. A bond issue of about \$20,000,000 for the Island of Formosa, to be guaranteed by the Japanese government, is expected shortly. Excepting Canadian issues, this will be the first sizable foreign issue in a long time.

The way the stock market was able to pass over the reduction of Pennsylvania railroads dividend contrasted with the abrupt decline caused by New York Central cuts a few months earlier. Brokers who were insisting a week ago that the market had already discounted the expected adverse developments of summer had a chance to say "I told you so."

The fresh violence of the advance in stocks again caused some misgivings among more conservatively inclined brokers, who pointed out that the market is, at best, faced with an extremely quiet summer in industry. Bears, how-

STATE FACES HUGE DEFICIT

Appropriations For Coming Biennium \$3,436,000 More Than Anticipated

Raleigh, June 24.—(AP)—Appropriations for the coming biennium, 1933-35 are \$3,436,000 more than anticipated revenue according to the general outline of the state's fiscal program issued today in a budget memorandum to all state departments and institutions.

An almost certain deficit of \$3,700,000 faces the state at the end of the biennium, the statement said. Saying that its figure was at least \$1,000,000 too high, the bureau estimated the state would receive \$27,513,874 the first year of the biennium.

The total obligations for the first year of the biennium are \$29,213,874 in excess of anticipated revenue.

Supreme Court Delays Opinions Until Saturday

Raleigh, June 24.—(AP)—The State Supreme Court was to have handed down its final opinions of the spring session today but announcement was made that opinions would not be filed until Saturday.

The court has before it two cases testing the constitutionality of the new local government finance law, one from Durham and one from Duplin counties, which were heard in extraordinary session last Saturday as well as a number of cases heard during the regular term. No announcement has been made but it has been authoritatively learned that it is probable that the court will not render its decisions in the local finance cases until the fall term.
