COPENHAGEN FLIERS FORCED DOWN IN GERMANY

STIMSON TO VISIT EUROPE TO DISCUSS WAR DEBT HOLIDAY

American Secretary Will Sail Saturday to Take Part in Final Negotiations Looking to Suspension of Reparations Payments; Secretary Mellon Changes His "Vacation Headquarters" From London to Paris in An Effort to Win France Over to President Hoover's Plan to Bring Economic Relief to the World

Washington, June 25.—(AP)—A second cabinet member arranged today to sail for Europe to participate in the final negotiations for a one-year suspension of international war debts.

Secretary Stimson, who recently announced along with Secretary Mellon that he would spend his vacation in Europe this summer, decided to sail Saturday on the Conte Grande for Naples.

Meantime Secretary Mellon was changing his "vacation" headquarters from London to Paris and a tight-lipped silence fell upon Washington officialdom regarding the progress of plans for carrying out the moratorium.

The reply of France to the president's proposal was being studied by Mr. Hoover and Secretary Stimson, but the details of the supposed counter-proposal of that country were not disclosed.

Another proposal designed to relieve Germany by the grant of a short term credit loan of \$100,000,000 to the Reichsbank to tide it over to the end of the month was before Federal Reserve and treasury officials. These negotiations included also the Bank of England, the Bank of France and the Bank for International Settlements at Basle.

The announcement of Secretary Stimson that he would go ahead at this time with his plans for a trip to Europe was taken by some State Department officials as an indication that the negotiations were proceeding favorably.

The secretary said the announcement "merely indicates that I am carrying out my original plans and that nothing has occurred of a nature to prevent that."

Ambassador de Martino of Italy acting on instructions of Foreign Minister Grandi, assured Secretary Stimson today that no political considerations were contemplated in Italy's acceptance of the Hoover plan.

"Italy's position of cordial acceptance is complete to the last comma," the ambassador said after his talk with the secretary.

He was followed to the State Department by Ambassador Claudel of France.

Paris, June 25.—(AP)—Andrew W. Mellon American secretary of the treasury, whose visit to Paris has aroused much interest because of the Hoover proposals, will have lunch tomorrow with Premier Laval at the ministry of the interior.

It is expected also that Franco-German conversations similar to the recent discussions at Chateaux between Prime Minister MacDonald of Great Britain and German officials, probably will take place in Paris with the next few weeks.

Foreign Minister Briand of France was reported to have sent word to Foreign Minister Curtius of Germany through Ambassador Von Hoesch that the French government would welcome an intimate conversation with the German chancellor and foreign minister.

The invitation was said to have been discussed at yesterday's council of ministers and Briand was charged with the issuance of the invitation.

While Secretary Mellon was coming to France for a pleasure trip, the significance of his visit to England during the past week has been noted here and it was believed that Mr. Mellon would confer with French government officials and officers of the Bank of France concerning the French counter proposals to the president.

Six More Fliers Get Ready For Ocean Hop

New York, June 25.—(AP)—Six more fliers who hope to cross the Atlantic were making preparations today to hop off on the first sign of good weather. At Roosevelt Field, where Post and Gatty took off, Geo. Endresz and Sandor Magyar, plan to start for Hungary, their native land. They announced they would start at dawn, but adverse weather conditions held them back.

NAVY SPENDS HUGE AMOUNT

Construction Work Will Cost the Government Approximately \$200,000,000

Washington, June 25.—(AP)—The amount called for in naval construction under way today totals more than \$150,000,000, and the navy is making ready to let contracts which will raise it above \$200,000,000.

Estimates from both coasts are expected on the 11 destroyers due to be started next. These—costing \$4,000,000 to \$5,000,000 each—were authorized in 1916, but Congress failed to appropriate funds for beginning work until the last session.

Seven 8-inch gun cruisers at \$17,000,000 each in various stages of construction, as well as a \$19,000,000 aircraft carrier and three submarines, at \$5,000,000; \$4,000,000 \$3,297,000.

The United States is building no new battleships as it already has the 15 allowed under the London naval treaty. But \$30,000,000 worth of modernizing is to be done on three of them—the Mississippi, New Mexico, and Idaho.

To conform to the Lontow treaty the battleship Florida, a veteran of the World war, will be scrapped at Philadelphia before January 1. At Norfolk, the Utah is being demilitarized for use as a target ship. It was also agreed to convert the Wyoming into a training ship and this has already been done.

announced a Saturday start on a round-the-world flight. Russell Boardman pilot of the plane "American Legion" said he and John Polando would take off at midnight tonight for Paris. He intended a flight yesterday, but his plane developed motor trouble.

Ruth Nichols, who had hoped to be the first to start, was still in a hospital at St. John, New Brunswick, injured as a result of her plane's crash at the landing field. She said she would try again in September.

DRY WEATHER DAMAGES GA.

Serious Consequences Threatened Crops in Northwestern Part of State

Atlanta, June 25.—(AP)—Lack of rainfall through Georgia was regarded by weather bureau officials today as threatening serious consequences to crops, especially in the northwestern portion of the state.

C. F. Von Herrman, meteorologist at the Atlanta bureau, said the area between this city and Rome is the driest. Only 17 of an inch of rain has fallen in Atlanta and this vicinity this month, the driest June on record in 52 years. Reports from the northwest section said much cotton planted had not come up.

The weather bureau held little hope of immediate rain. However a slight disturbance in the Gulf of Mexico was regarded by Von Herrman as giving rise to hope for some relief by Saturday.

Atlanta has a deficit of 11.94 inches of rain for the year. The average rainfall here from January 1 to June 25 is 25.07 inches. Only 13.13 inches has fallen thus far this year. The deficit for June is 2.89 inches.

High temperatures are accompanying the drought in Georgia. The mercury's peak at Millen yesterday was 104. Augusta had 102. Columbus 101 and Macon and Rome 100. The highest in Atlanta was 95.

Intense heat likewise prevailed in other portions of the south. It was 96 yesterday in Birmingham, Knoxville, Montgomery and Shreveport. New Orleans' highest was 92 and the same maximum was seen at Charlotte, N. C. Memphis, Tenn., was somewhat cooler with a high of 90.

Peoples Bank Fails to Open at Winston

Winston-Salem, N. C., June 25.—(AP)—The Peoples National Bank with deposits of \$1,164,670.61 at the time of the last statement, failed to open today.

A notice posted on the doors, said: "To protect the interest of all depositors, the board of directors, at a meeting held this morning, ordered the bank closed."

The notice was signed by C. W. Reeland, president. The Peoples Bank was one of oldest in the section of the state. A further notice said the bank is under the direction of the comptroller of the currency and is in charge of Thomas F. Keene, National bank examiner.

Assets were listed as \$1,691,462.50

Just a Small Amount Greensboro, N. C.—(AP)—Mrs. Rosalie A. Ferguson Whiting, of Silver City, who served as a nurse in France during the World war, has filed a claim against the government for \$2,222.50 disability compensation she alleges is due her under a war risk insurance policy.

NEW HOT WAVE HITS MID-WEST

Chicago, June 25.—(AP)—Summer got down to business today. Still smarting from last week's blister, the midwest sweltered under temperatures that near all-time records.

Iowa was hardest hit. The thermometer burned up at 105 in Waterloo yesterday, within three degrees of the state maximum for June. Three men and a baby boy died from heat. Crops were scorched by a week of hot winds and were in a critical condition.

At Canton, the mercury stood at the century mark. It was 98 at Peoria and Quincy. In Chicago, it wasn't the heat, but the humidity, and one death was chalk'd up. A farmer dropped dead in a cornfield near Quincy.

It was plenty hot too, in Nebraska. Freeport reported 100. Crowded beaches brought four deaths from drowning in the last three days.

Northern Minnesota was cool, the southern part scalded. New records for the year were recorded in the twin-cities—Minneapolis, 96; St. Paul, 95.

Held for Manslaughter Lenoir, N. C.—(AP)—Tommy Holder, charged with manslaughter after his motorcycle struck and killed Mary Kelly, of Union, S. C. here June 8, was bound over to Superior court under \$1,000 bond.

Flier Falls Asleep In German Bathtub Berlin, June 25.—(AP)—It's any part in a storm for a wealthy trans-Atlantic airman Harold Gatty, of the flying team of Post and Gatty, was so tired last night from his fatiguing trip across the Atlantic that he fell asleep in a bathtub. Attendants at the Tempelhof airdrome, hauled him out and sent him to bed.

English Textile Industry Hard Hit By Depression

By EDWARD STANLEY Manchester, Eng., June 25.—(AP)—Prompted, perhaps, by governmental nudgings, Britain's cotton textile industry is plucking the mote out of its own eye.

Of all British industries, it has been the most violently kicked about by the depression. In the last year its exports have been halved.

For nearly a decade Lancashire has been the target of real and amateur economists; its plight has been so obvious.

It was easy to tell Lancashire what it was up against, but it was difficult to pull together an industry of old firms, guarded secrets and bitter competition.

Lancashire was hard-headed at first. But it was just as tough when it set out to find the facts.

Its economic missions, sent to investigate vanished markets, didn't spare any sore spots when they returned. The trouble, they found was lower production costs and better salesmanship by other nations.

But the industry knew where it was at. Now it is turning its self-inspection inward. Not all credit should go to the industry. If it hadn't acted the government probably would have.

The first step toward complete reorganization is underway. Faced with a restricted market, perhaps permanently, the industry is planning to adjust its production capacity to present and prospective demand.

Enormous Volume of Buying Orders Completely Swamps the Facilities of Market During Early Hours; Advances of \$1 to \$5 a Share Recorded

New York, June 25.—(AP)—A heavy volume of profit-taking followed another active advance of \$1 to \$7 in the stock market today, and most prominent issues closed with net losses of \$1 to \$4.

New York, June 25.—(AP)—Stocks leaped gaily upward today, pushed by an enormous volume of buying orders that swamped the facilities of the exchange.

Advances of \$1 to \$5 a share were recorded in the first half hour when sales approximated 900,000 shares, only 100,000 below the turnover for the same period on Monday. So great was the pressure to execute orders that high speed tickers installed after the crash to handle days of wild trading, fell seven minutes behind the actual placing of the transactions on the floor of the exchange.

Reports that the Federal Reserve Board was arranging to give Germany a \$100,000,000 short term credit to tide her over the June 30 settlement period when otherwise she might be pinched for cash was an important development in the news. There also was another rise in the price of copper metal to 33.4 cents a pound; and in addition, both the Paris Bourse and London stock exchange were firm.

Tobacco was still strong and rails, invigorated by the regular dividend declared late yesterday by Baltimore and Ohio and Northern Pacific, advanced \$1 to \$2 or more.

United States Steel common set a new high for the recovery by crossing \$101 a share, up about \$150. There were similar advances in General Motors, American Can, Radio and American Telephone.

MOB KIDNAPS YOUNG WOMAN

Housekeeper of Bourneale, Mass., Spirited Away During the Night

Bourneale, Mass., June 25.—(AP)—Miss Ellen Edstrom, 17, whose uncle Charles Johnson, told police she had been kidnapped early today from his home by several men who left him bound and gagged, returned later.

She told police a man had thrown a blanket over her head and attempted to strangle her, but that she succeeded in escaping to the home of Louis Norris, a neighbor.

Bourneale, Mass., June 25.—(AP)—Ellen Edstrom, 15-year-old housekeeper at the home of Charles Johnson, was kidnapped early today by a mob of men who bound and gagged Johnson before carrying the girl away.

Johnson told police that he was awakened about 2 A. M. by a muffled cry of "Charlie." As he started out of bed, he said, several men grabbed him, slipped a bag over his head, tied him up and later took the bag off and placed a gag in his mouth.

He worked himself loose about an hour later, he said, and went to a neighbor's house, from which he telephoned the police. Johnson, who has been in ill health for some time, collapsed after phoning. He is 50 years old.

OTTO HILLIG AND HOLLER HOIRIIS, FLYING FROM NEW FOUNDLAND TO DENMARK, IN MONOPLANE LIBERTY, ESCAPE UNHURT IN FORCED LANDING AT KREFELD; CONTINUE FLIGHT LATER; WILEY POST AND HAROLD GATTY LAND AT MOSCOW AT 5:30 AFTER LAP OF 950 MILES FROM BERLIN; WILL LEAVE FOR IRKUTSK TOMORROW

Krefeld, Germany, June 25.—(AP)—Otto Hillig and Holler Hoiriis, trans-Atlantic airmen, made a forced landing here today 32 hours after their departure from Newfoundland, and an hour and a quarter later took off for Copenhagen, Denmark, their goal, which they had missed on their crossing.

Before hopping off the Danes took on a supply of gasoline and had a luncheon of hot coffee, sandwiches, pickles and a can of beer. Nor did their extreme haste prevent them from seizing the opportunity to toss down several steins of beer for which the region is famous.

The airmen, for whose safety fears had been felt, landed with empty fuel tanks. The fliers said they had lost their way in Spain and France thereby exhausting their fuel.

"We were certainly surprised when this strange plane flew into sight," said an air force officer on duty at the field near here. "We didn't know what to make of it. It was an unexpected friendly visit altogether too short. We hardly had time to get acquainted when they were off again. One of them could speak German, so we got along nicely."

It was estimated that the Danes would reach Copenhagen in four hours.

By the time word got around to the populace of the unexpected visit, and the crowd had begun to head for the airport, the propeller of the Liberty was already whirling and the airmen were on the way.

In coming down at this particular Rhineland city the fliers might well be said to have landed "in velvet" for Krefeld is one of the principal centers of velvet manufacturing in Germany. It is a city of more than 100,000 population.

Moscow, June 25.—(AP)—Wiley Post and Harold Gatty, American round-the-world fliers, landed at October airdrome from Berlin at 5:30 P. M. (10:30 A. M. EST).

The fliers who are on a rapid fire trip around the world left Berlin at 7:38 this morning, Berlin time (1:38 A. M. E. S. T.) for the 950 mile lap of their trip of which two legs have not been completed. They have now covered about 5,000 miles of the world, which they hope to complete in ten days. Their next goal is Irkutsk, 2,600 miles from Moscow.

October airdrome is on the edge of Moscow.

Fortified by seven and a half hours sleep—the first since they left New York Tuesday morning—a hearty breakfast and a welcome bath, they both appeared fresh and wide awake as they climbed into their ship at Berlin. The plane had been refueled, ground and inspected and airport attendants pronounced it in excellent condition for the grueling race against Dr. Hugo Eckener's mark of 21 days and 17 minutes.

Just before the take-off they expressed their gratitude for last night's raising reception and for other favors granted by well-wishers. Asked how they liked the welcome, they said "fine—but it was just a little crowded." They felt better when only a small gathering appeared to see them off.

SEEK TO RAISE ALL RAIL RATES

Nation's Railroads Inform I. C. C. Concerning Proposed Increases

Washington, June 25.—(AP)—The nation's railroads replied to the Interstate Commerce Commission's request for added information on the proposed 15 per cent freight rate increase today with a resolution stating that the carriers were prepared to make effective increases on all existing freight rates.

The commission had asked whether the railroads proposed to make specific exceptions to the general rate increase or sought to raise the entire list.

The reply to the I. C. C. query was adopted at a meeting of railway executives in Chicago yesterday and was filed with the commission today, signed by J. J. Peley, chairman of the special committee of presidents representing the eastern group; H. A. Scandrett, chairman of the special committee of presidents representing the western and mountain-Pacific groups; and W. R. Cole, chairman of the special committee of presidents representing the southern group.

The resolution informed the commission that "all steam railroads in the United States are prepared, if the authority sought in the application is granted, to make effective increases of all existing freight rates and charges... with such adjustments in the case of coal, coke and certain other commodities as will preserve existing differentials."

Taylor explained that under the new law there will be no provisions for working on the roads men serving original sentences of less than 60 days when the state takes over the county convict camps on July 1.

The plan is, he said, to parole those serving sentences of less than 60 days, most of them "30 day men," to save the counties the additional expense of keeping them in jails.

He said that most of them were sent to the roads for failure to pay minor fines.

To Recommend The Parole of 300 Prisoners

Raleigh, June 25.—(AP)—Tyrre C. Taylor, executive counsel, says he expects to recommend to Gov. O. Max Gardner the paroling of approximately 300 county convicts serving short terms to save them from having to be placed in county jails.

Taylor explained that under the new law there will be no provisions for working on the roads men serving original sentences of less than 60 days when the state takes over the county convict camps on July 1.

The plan is, he said, to parole those serving sentences of less than 60 days, most of them "30 day men," to save the counties the additional expense of keeping them in jails.

### MRS. FLANAGAN ENTERTAINS BRIDGE CLUB

Mrs. John Flanagan was a charming hostess to her bridge club and an extra table of players yesterday afternoon, having as honor guest Miss Mary Lily Smoot, of Norfolk, Va.

A colorful arrangement of summer flowers formed an attractive setting for the game.

After a number of interesting rubbers a double deck of bridge cards went to Miss Smoot for high score. Miss Smoot was also given silk hose for guest prize.

The hostess served a tempting salad course.

### Honoring Miss King.

Foremost among entertainments of the summer season was the bridge luncheon and hosiery shower combined given Wednesday morning, when Miss Nina Fleming entertained at her home, 400 Summit street, complimentary to Miss Virginia King, June bride.

The guests were received at the door by Mrs. Earl Pace and Miss Martha Cherry and introduced to the receiving line, which consisted of Miss Fleming, Miss Virginia King, Miss Effie Mae Winslow, Miss Martha Thigpen, bride-elect, and Mrs. Cleve Hardee, a recent bride.

The living room, dining room and drawing room were beautifully decorated with shasta daisies, brown-eyed Susans, nasturtiums, larkspur and ragged robins, carrying out the color scheme of yellow and lavender. Contract bridge was played at ten tables.

At the conclusion of the game an elaborate two-course luncheon was served by Mrs. L. H. Bowling, Mrs. K. B. Pace, Misses Mary Lou White, Martha Cherry and Irene Fleming.

A lovely box of dusting powder was presented to Mrs. W. F. Young for high score, and perfume to Miss Martha Cherry for low score. Dainty pieces of lingerie were given to Misses Martha Thigpen, Effie Mae Winslow, bride-elects, Mrs. Cleve Hardee, recent bride, and Mrs. Tom Galbraith, of Kinston.

Miss King, honor guest, was given china in her selected pattern. As a complete surprise to the bride-elect, little Miss Marjorie Fleming entered the room daintily dressed, drawing a miniature model draped in hose and presented Miss King with a "lady of hose."

### Rehearsal Party

Farmville, June 24.—Following the rehearsal of the Whitehurst-Barrett wedding on Tuesday evening, and bringing to a close a brilliant pre-nuptial event, was a lovely rehearsal party when Mr. and Mrs. B. S. Smith were gracious hosts at their home on Contentnea street, to members of the bridal party, immediate relatives, and intimate friends.

The guests were met by Miss Louise Smith and introduced to the receiving line composed of the hosts, Mrs. Cora Lang Barrett, and Mrs. Ben May of Sanford. They were invited into the punch room where punch was served by Misses Virginia and Elizabeth Lang, and Mary Alice Beaman. Miss Agnes Moore presided over the bride's table.

Mixed flowers were used throughout the house with the exception of the dining room, where a color note of yellow and white was effectively carried out. The table bore a lace cloth centered with a bowl of daisies and fern, which was flanked by tall yellow tapers with white maline bows, standing in silver holders. A large bride's cake surmounted by a miniature bride and groom, with silver dishes of mints and salted nuts completed the appointments. Serving ices were Misses Nita Lee Townsend, Penny Ykeel Lang, Bertha Joyner, and Hazel Barrett.

Out of town guests were: Mrs. Ben May and daughter Miss Frances May of Sanford; Miss Alice

Louise Fountain, Fountain; Miss Rachel Jordan, Smithfield; Lester E. Barrett, Washington, D. C.; Mr. and Mrs. Knott Proctor, Mrs. R. J. Barbee, Miss Mary Frances Whitehurst, and W. T. Lipscomb, of Greenville.

WHITEHURST-BARRETT Farmville, June 24.—One of the most beautiful weddings which has ever occurred here, and one of much interest in this and adjoining states took place in the Christian Disciples' church on Wednesday morning at 11 o'clock, when Miss Mary Alice Barrett became the bride of Mr. Zebulon Montgomery Whitehurst, Jr., of Greenville, N. C., with Rev. C. B. Mashburn, pastor of the church, officiating.

The church had been converted into a garden scene a profusion of flowers being used, with hollyhocks predominating, against a background of lattices entwined with smilax. A fountain splashing in the recess of the pulpit completed a picture of rare loveliness.

As the guests assembled a musical program was rendered by Mrs. Knott Proctor of Greenville, soprano, Elbert Holmes, baritone, and Miss Maude Dunn of Pinetops, violinist, with Mrs. J. L. Shackelford at the piano.

Just before the ceremony, Mrs. Proctor and Mr. Holmes sang a duet, "The Want of You," and the gates were opened by little Miss Ann Oglesby, dressed in green taffeta, carrying a basket of flowers, and Master Bobby Barbee of Greenville.

First to enter were the ushers, W. T. Lipscomb of Greenville, Robert Lee Smith, W. D. Bryan, Jr., and C. T. Dixon. Next came the drape of honor, Mrs. M. V. Jones, gowning in salmon chiffon, with eggshell hat and accessories, carrying an arm bouquet of garden flowers. Then came Miss Rachel Jordan of Smithfield, maid of honor, who wore orchid chiffon with matching hat, carrying an arm bouquet of garden flowers.

The bride entered with her brother, Lester E. Barrett of Washington, D. C., by whom she was given in marriage, and was met at the pulpit steps by the bridegroom and his best man, S. S. Williams, of Newport News, Va.

The bride, a lovely petite brunette, was never prettier than in her wedding costume of blue chiffon with picture hat, pink accessories, and carrying a shower bouquet of pink roses and valley lilies, tied with a misty bow of blue chiffon.

Mr. and Mrs. Whitehurst left by motor for a trip through western Carolina and Virginia. Upon their return they will make their home in Farmville.

Mrs. Whitehurst, who is a daughter of Mrs. Cora Lang Barrett, is a young woman of much personal charm, and is very popular in this section of the state.

Mr. Whitehurst is a son of Mr. and Mrs. Z. M. Whitehurst, Sr., of Greenville. He holds a prominent position with the Imperial Tobacco Company.

The cut of town guests at the

wedding included: Mr. and Mrs. Z. M. Whitehurst, Sr., and family, Mr. and Mrs. N. H. Whitehurst and family, Mr. and Mrs. R. J. Barbee, Miss Sarah Winslow, Mr. and Mrs. James Evans, Mrs. Miller, Mr. and Mrs. G. J. Woodward, Mr. and Mrs. W. D. Pruett, Mr. and Mrs. T. H. Boykin, Mrs. C. W. Wilson, Mr. and Mrs. W. T. Lipscomb, Mr. and Mrs. C. W. Shuff, Mr. and Mrs. G. O. Britt, Mrs. Ashley Whichard, Mrs. Ernest Pittman, of Greenville; Mr. and Mrs. S. S. Williams, Mrs. R. C. Williams, of Newport News, Va.; Mrs. Ben May and Miss Frances May, of Sanford; Mrs. J. T. Moore, New Bern; Mrs. L. B. Knight, Mr. and Mrs. J. D. Taylor, Dr. and Mrs. S. N. Harrell, Miss Gussie Harrell, Mrs. Earl West, Tarboro.

MUSICIANS CAPTIVATE AUDIENCE AT COLLEGE The great Russian cellist, Barsky, and his pianist, Raymond Bauman, completely captivated their audience by their marvelous playing last night at East Carolina Teachers College. The cello in the hands of the master seemed far more than a mere musical instrument, as the musician and the instrument seemed to become one. Beautiful tone, depth of emotional expression, and power to stir an audience to emotional response marked the playing of the two musicians.

The Russian, who has been in America only a short time, proved that his friends have not over estimated his ability. His technique was so nearly perfect that he seemed utterly unconscious of it and he had complete freedom for emotional expression. While some marvelled at his graceful hands and wrists and at the dexterity of his fingering, these were of secondary interest to the music itself. When at the close of a piece, he prolonged the last tones by slowly releasing his bow and the tones faded away, applause seemed almost a deprecation. Both of the musicians commented on the sympathetic response they received from the audience.

The program opened with Beethoven's "Sonata in A Major," with the four parts, Allegro, Scherzo, Adagio, and Allegro. In the second group they gave five of Bach's "Choral Preludes." The deeply religious spirit was brought out by the organ tones, and Bach was not dry, dead, classical music, but was vitalized so that some in the audience felt that listening was almost a spiritual experience.

Raymond Bauman, more than accompanist, who assisted at the piano, is a musician, and music teacher of considerable note himself. He is a director of music in the Duncan school, the American branch of the Russian School of Dancing, and his wife is at the head of this school. He will soon take charge for the summer of the music in the Scopsett School of Opitich, or Nantucket Island, in Massachusetts. He has played with many of the musicians of the day, among them Mischa Elman. He is

an author of note on musical problems. A book soon to come from the press is "Education Through Music," the introduction of which was written by Harold Rugg.

The next attraction in the series for this summer will be on Thursday evening of next week, July 2, The Ukrainian Trio, a pianist, violinist, and a singer, two women and one man. The third scheduled for July 11, will be the Boston Choir.

### Women's Cup Race Narrows Down to Seven

Play in the women's golf tournament for the President's Cup, which started at the Country club Tuesday, had narrowed down to seven players today and these were to battle it out this afternoon for semi-finals tomorrow afternoon. Winners of the semi-finals tomorrow will engage in final play for the cup Saturday.

Players in today's events were Mrs. S. P. Heath and Mrs. Luther Herring; Mrs. Luther Bowling and Mrs. W. H. Bradsher; Mrs. Knott Proctor and Mrs. E. G. Flanagan.

The winners of today's event and Mrs. J. S. Picklen, who drew a "bye" for today will participate in the semi-finals tomorrow.

Twenty-eight players entered the field at the beginning of play Tuesday, and much interest was attached to the contest.

**ABOUT TOWN**

That Pitt county farmers realize the great part which the live-at-home movement is going to play in the economic recovery of the nation was manifested in no uncertain terms here Tuesday night when nine of them were presented with "A" certificates showing that they had measured up to all requirements as live-at-home growers.

The certificates were issued by the North Carolina Bankers' Association with a view of encouraging more attention to this important method of farming and also to determine just how many farmers were going in the right direction.

Although only nine received certificates, it was indicated that numbers of others came within one or two points of winning the coveted honor. That they will accomplish the ambition the next year or so is not to be doubted.

One of the most interesting facts in connection with presentation of the certificates was that all of those who had qualified for certificates stated they had been following this method of farming for many years. In fact, some of them indicated their fathers instilled in them the idea that to be a successful farmer it is necessary to produce the things which the farmer himself consumes.

The plan to make farming self-sustaining is gaining wider scope as result of the campaign being waged through the State Department of Agriculture, and has been given additional impetus by the depression which has existed throughout the nation the last two years. Low prices undoubtedly will prevail on the cash crop market in future years but they will not find the farmer as vulnerable as past years by reason of his attempt to provide enough food for his family to live on until another harvest season rolls around.

That Greenville children are going to take advantage of the supervised recreation made possible for them by the group of business and professional men was plainly evidenced Tuesday afternoon when more than three hundred splashed around in the pool during the formal opening.

It was a good start for the enterprise having as its purpose the safeguarding of the children while at play, and every day from now on will find scores of youngsters on hand to enjoy the splendid pastime made possible by the liberality of the business men.

In addition to the pool the children have the privilege of playing at the golf course on the corner of Fourth and Washington streets at the small sum of five cents a game, the same admission charged for one hour of swimming. The golf course, will be under supervision of capable men just like the pool, and parents may rest assured that every safeguard is thrown about their children while they are taking part in activities on either of the playgrounds.

Additional finances in the way of public contributions are going to be necessary for the successful operation of the two projects during the remainder of the summer, and parents who appreciate what has been done for the protection of the lives of their children should not hesitate to give as liberally as they can. It is the most ambitious attempt yet made by the city to furnish safe and wholesome recreation for the youngsters, and given proper support there is no doubt that it will become a permanency even on a more extensive scale in years to come.

The second week of registration for the \$100,000 gas plant election will come to a close Saturday, leaving only one more week for the citizens to register and make it possible for them to vote on this important question.

Owing to the fact that Saturday of next week is the Fourth of July, a holiday, registration books will close on Friday afternoon. Persons who fail to register up to that time will not have the privilege of voting, hence the necessity of acting at once and getting the question of eligibility definitely settled.

Persons who are not fully informed

ed concerning the proposed purchase of the gas plant should make it a point to obtain all possible information at once. It is a question that demands the consideration of every citizen interested in the future welfare of the community, and those who neglect casting their vote will not be rendering their proper duty as public-spirited citizens.

The election was called by the Board of Aldermen to give everybody the privilege of expressing his sentiment in the matter, and hope was expressed that the invitation would be accepted.

The plant at present is being operated by the Tidewater Power Company who recently purchased it from the Carolina Electric Company pending the exercise of an option by the City of Greenville. If the city is in favor of the Power Company operating the plant then the election will be lost, but if on the other hand there is a sentiment in favor of municipal operation, then there can be no question about the trend of vote.

Rocky Mount and Wilson have operated plants successfully for a number of years, and their rates were much less than those which Greenville people have been paying in for years. Proponents of the proposal here believe that if the plants pay in these two towns they can make it pay in Greenville, and apply the profits to the development of the city. Then, too, they figure they will be keeping big power companies out, and that thing in itself, it is believed, will work to the good of the city in years to come.

**VOCATIONAL WORK IN PITT**

**Splendid Results Obtained By Student Farmers in This County**

The year 1929-30 twenty agricultural students having thirty projects made a net profit of \$2799.86. The projects consisted of 42 acres of corn, 22 acres of tobacco, and 2 brood sows with their litters. The labor income from these projects was \$3244.59. This means that the young farmers paid themselves a total of \$4444.75 for the actual labor they put into the work, or an average of \$22.23 each for labor. The average net profit per boy was \$138.54 with a labor income per boy of \$163.22. These vocational students carried from one to three projects each. In addition to the classroom work these boys got supervision on their project work during the summer.

This year the vocational students are carrying in the Stokes community projects consisting of 62 acres of corn, 28 acres of tobacco, 17 acres of peanuts, 2 acres of cotton, 3 acres of Irish potatoes, 350 yards of vegetable plant bed, 11 hives of bees and have all ready fed out and sold 12 pigs at a profit in spite of low prices this spring.

The following editorial from the Goldsboro News-Argus shows what advantages of the work:

For those of you who may not know how the system works, we summarize it briefly. The boys study farming in their classes, they apply what they learn in experimental projects supervised by the instructor. It is a year-round and of a nine-months work. In addition to work among the boys, the farm teacher conducts evening class's among the adult farmers and assists in the organization of local co-operative units for buying and selling.

**SALARY CUTS BEGIN JULY 1**

**Horizontal Cut of 10 Per Cent to Affect All Employees of the State**

Raleigh, June 25.—(AP)—A horizontal cut of 10 per cent in all state salaries, based on the pay for June 1931, will become effective July 1 and continue in effect until a survey can be made of all state employees, Frank Dunlap, director of personnel, told heads of all state departments today.

For the first time in the reorganization of Raleigh officialdom all heads of departments met together to discuss with Mr. Dunlap and A. S. Browner purchasing agent, the relation of the two new state departments to the rest of the state government.

Mr. Dunlap asked all officers to immediately prepare for him a list of employees and their duties to be used in connection with the survey he will make. Upon completion of the survey salary adjustment will be made.

Heads of all departments were told by Mr. Browner to continue purchasing for immediate needs just as in the past, until a later date, probably about July 25, but he requested them to notify him of any needed quantity purchases.

# HORNETS PUT DRUBBING ON THE TOURISTS

By PAUL SIMMONS  
Charlotte, June 25.—(AP)—The Charlotte Hornets, slugging the double-dribbling the Winston-Salem Tourists handed them this week in Charlotte, are on the war-path with blood in their eyes. They are out to redeem themselves.

The league leaders sprang upon the Tourists last night at Asheville, and, behind the hurrying of "Strutting Bud" Shany, grabbed a 11 to 3 victory. They piled up 16 hits to 6 for their opponents. Ray Kennedy the Tourist pilot, used 14 men in a vain effort to check them.

The Twins' triumph over the Bees launched them a drive that gained momentum yesterday and last night with victories over Boone's High Pointers at Winston-Salem.

With Mary Baylin on the hill in the afternoon, the Twins took the Pointers into camp, 5 to 1. Young Paul Follard twirled the archlight engagement for the home team, registering a 4 to 1 win.

Their seems to have been a race on between the Pointers and the Durham Bulls for undisputed possession of the basement berth. Both dropped their Wednesday matches, but since the Pointers played two games they gained the prize.

Greensboro's Pats trimmed the Bulls, 12 to 4, last night at Durham.

Odle Strain's Raleigh Caps, having regained their stride after Greensboro routing them Monday are now moving along like a steam roller in their drive to overtake the Hornets for the loop lead. They beat Henderson 9 to 4 yesterday afternoon at Raleigh and 13 to 12 last night.

The night tray was a hectic affair, the Caps requiring 3 hours and 5 minutes and 11 innings to subdue the Gamecocks. The victors got 19 hits to 14 for the winning home team.

# LOCALS DEFEAT MACCLESFIELD

Greenville defeated the fast stepping baseball team of Macclesfield here yesterday by a count of 9 to 4. Page pitched for the visitors, had the locals eating from his hand until the eighth, when he gave way to Ellis, who proved to be the losing pitcher.

Greenville came to bat in the eighth, four runs behind the visitors. Barnhill singled and Faulkner walked, then Tommy Hicks hit for four bases, two other runs were pushed over during this inning.

Bob Faulkner pitched a fine brand of ball for the locals, having rather had support at times, causing four of the eight runs scored on him.

The locals will go to Snow Hill Saturday for their second contest this season.

The locals have a splendid ball team, made up of local talent, and with the fans' support, they can assure you a much better brand of ball during the present season. A number of games are being scheduled with strong clubs over North Carolina and Virginia, so give the boys your support.

# CARD PLAYER GETS THREE HOME RUNS

By GAYLE TALBOT JR.  
(Associated Press Sports Writer)

Not many times in the course of a season will major league fans see an afternoon more crammed with sparkling baseball than was served up in yesterday's program of twelve games. There was a little of everything, including prodigious feats at bat and field.

Outstanding in the list of the day's achievements was that of George Watkins, right fielder of the St. Louis Cardinals, who tied the modern record for homers in a single game when he parked three in the second game of a doubleheader against the Phillies. Watkins' three blows, one with a man on base, gave the leaders a 4 to 2 victory and a clean sweep for the day. They took the first by the same score when they knocked Ray Benge from the hill in the ninth and scored three runs.

Wiley Moore, veteran Boston Red Sox righthander, gave the day's second remarkable performance in beating the Cleveland Indians, 7 to 3. So well did Moore have the Indians in hand that not a single chance was handled by the Sox outfielders. Bill Sweeney on first came within one chance of tying the all-time big league record when he made 21 putouts.

Watkin's three homers proved a big help to the Cardinals. The double victory at Philadelphia enabled them to increase their lead over the field by a full game at the Giants and Cubs broke even at the Polo Grounds. Carl Hubbell set the Hornsby nine down with two hits and blanked them, 2 to 0, in the first game, but Chicago came back to slug out a 14 to 10 victory in the ninth.

The Brooklyn Robins surprised their constituents by winning a pair from Pittsburgh, 6 to 4 and 5 to 3, and running their winning streak to five straight. The double triumph put Brooklyn into the first division for the first time this season, supplanting Boston in fourth place. Mickey Pinn's patting proved the deciding factor in

both games. Both Shaute and Heimack went the route for the winners.

After dropping their third game in a row to Cincinnati, 8 to 5, the Boston Braves came back to win the second half of their doubleheader, 11 to 6. Johnson pitched his seventh victory of the year for the Reds in the first tilt, his mates knocked Lefty Brandt from the hill in the fifth. Tom Zachary stopped Col Howley's men off Babe's second, holding them to one hit the first five innings.

The Philadelphia Athletics ran into Wallace Herbert, rookie south paw, cut at St. Louis and took another beating from the Louisiana youngster, this time by a score of 6 to 1. He licked them in his first big league start two weeks ago. Goes Goslin helped him along with a pair of home runs off Babe Walberg, who was charged with his third defeat.

# Balloon Ball to Take International Test Tomorrow

Columbus, O., June 25.—(AP)—The balloon ball goes up for an international trial tomorrow in one of the biggest golfing shows of 1931—the Ryder cup matches between teams of homebred British and American professionals.

Captain Walter Hagen's forces, completed only after Densmore Shute had beaten Frank Walsh at the 90th hole of the competition for the tenth and last place, will carry the home colors in a battle as favorites to win the two-day competition over the ruffled layout of the Scioto Country club.

The Americans, whether they like the over-sized ball or not, have the advantage of greater familiarity with it plus the confidence of being on home soil and the fact that the British likely will start without the services of one of their best professionals, Harry Cotton, and with another seasoned campaigner, George Duncan, in poor condition.

The invaders, led by Captain Charles Withcombe, have found Scioto an exceedingly troublesome battleground, in addition to manifesting a marked prejudice against the American ball. They have confidence nevertheless in their team strength and the record of having beaten their rivals in two of the three team matches played since 1926. The first of these affairs was not for the Ryder Cup, however, so that this is the third series for the trophy, won by the Americans at Worcester in 1927, by the British at Moortown in 1929.

The rival captains, after a good deal of jockeying and maneuvering, were slated to pick their lineups today for the four Scotch foursomes, Friday, and the eight singles contests, Saturday, all to be over the 36-hole route.

Denny Schute's victory in the play-off for a place on the American team may mean the benching of Horton Smith or Craig Wood.

The expectation was that Hagen would pair his men in the foursomes as follows: Gene Sarazen and Johnny Farrell, Leo Diegel and Al Espinosa, Hagen and Wiffy Cox, Densmore Schute.

## JUST DRAGGED AROUND, WEAK

When In This Condition, Kentucky Lady Took Cardui and "Improved So Much."

"I believe it will strengthen and build me up, and help in many ways," writes Mrs. J. R. Clark, of Hopkinsville, Ky., in referring to Cardui, a medicine long used by women and which helped Mrs. Clark as described below:

"A few years ago," she says, "I was in a very weak, run-down condition. It is hard to describe how bad I felt. I know I was sick, for I did not feel like doing my work. I just dragged around. I was getting nervous, and knew I must do something to keep from getting sick in bed."

"I had heard so much about Cardui, I decided to try it, and I haven't regretted it."

"I improved so much. I felt like a new person. I often wonder why we suffer when there are such good remedies as Cardui. I am glad I found it so that I can recommend it to others."

Let this recommendation help you get started on the road to better health.

Cardui has been in use by women for more than fifty years.

# Market Report Cotton--Stocks--Grain

## N. Y. COTTON

New York, June 25.—(AP)—Cotton opened steady, 6 to 9 points higher on a renewal of the buying movement which appeared to be encouraged by reports of favorable progress in the negotiations for the international debt moratorium, steadiness in Liverpool and the steady opening of the stock market.

There was a good deal of switching from July to later months due to the circulation of notices estimated at 34,400 bales, but it was readily absorbed by spot interests against sales of later deliveries and the demand increased right after the call with July selling up to 9.85 and December to 10.51.

These prices represented new high records and net advances of about 18 to 21 points. They appeared to meet a little more realizing or liquidation and the market eased off several points by the end of the first half hour.

Liverpool cables reported foreign buying and covering in that market and said Manchester was more cheerful with a fair business plying in cotton goods. Egyptian futures in Alexandria were 58 to 83 points higher.

## GRAIN MARKET

Chicago, June 25.—(AP)—Enlarged selling that was associated with the movement of newly harvested wheat in the southwest pulled all grains lower today. More than 650 cars of new wheat arrived at the various primary markets, and a material further increase next week was expected. North American wheat export business was almost at halt.

## STOCK MARKET

New York, June 25.—(AP)—The stock market was kept boiling today, as further advances in non-ferrous metal prices, announcement of a \$100,000,000 credit to the Reichsbank and the visit of Secretary Mellon to Paris, added fresh fuel to the fires of bullishness.

Copper shares led a feverish upturn which embraced most of the list. Trading swelled to such volume that the ticker fell several minutes behind transactions. Occasional waves of profit taking swept through the market, and the behavior somewhat confusedly at times, but Wall Street's reform optimism was well maintained.

Anacosta pushed up 3 points in enthusiastic buying, as directors maintained the \$1.50 annual dividend rate. Calumet and Arizona and National Lead made similar gains, and Kennecott, Phelps and Cerro de Pasco up substantially. Case was a high-flyer, gaining about 7 points, and dragging other farm implement issues upward.

Auburn gyrated 23 points, but failed to maintain its gain. Miscellaneous issues rising 2 or 3 points included U. S. Steel, International Harvester, Air Reduction, McKees and Roberts Liggett and Myers, DuPont Stone and Webster.

## GLOBE-GIRDERS COMPLETE HOP FROM CITY OF BERLIN TO MOSCOW IN NINE HOURS

(Continued from page one)  
To be sure they wouldn't go hungry, they had two breakfasts—a German one of coffee and rolls and an American one of ham and eggs. All they took with them was a bottle of water and two ham sandwiches. The fliers selected maps of Eastern Europe to guard against losing their way as they did yesterday after landing in England. They set their course on a direct route across middle Poland instead of the more northerly route via Koenigsberg used by Luftansa planes.

The Winnie Mae was supplied with 200 gallons of gasoline, sufficient to take her to Moscow, but 300 gallons more were stored at Kovno, Lithuania, in case of emergency.

# SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon me in a deed of trust executed by Eva Fleming (widow) on the 23rd day of December, 1928, and recorded in book N-17, page 561, I will on Saturday the

18th day of July 1931  
12 o'clock noon  
at the courthouse door in Greenville, N. C., Pitt county, sell at public auction for cash to the highest bidder that certain tract of parcel of land lying and being situate in Pictouls Township, Pitt County, North Carolina, and described as follows:

That certain tract or parcel of land adjoining the lands of Lunsford Fleming, the Davenport lands, and others, and being the identical tract of land conveyed by Mc D. Byrd to Benjamin Fleming by deed dated December 11, 1874 and known as the Joe Fleming Home Place, containing 462 acres, more or less and being the land described in a deed executed by N. O. Warren and John A. Coke, trustees, to Eva Fleming, dated September 4, 1923 and recorded in Book V-14, page 422 in the office of the Register of Deeds in Pitt County.

This sale is made by reason of the failure of Eva Fleming (widow) to pay off and discharge the indebtedness secured by said deed of trust. A deposit of 10 per cent will be required of the purchaser at said sale.

**H**ARSH tobaccos require harsh measures, like parching, to make them tolerable to the throat.

But the choice Turkish and mellow Domestic tobaccos of which Camels are blended are naturally mild and gentle. Parching would only ruin their exquisite flavor and aroma.

No matter where you buy Camels you will find them always in factory-fresh condition. Their rare flavor together with their natural moisture is air-sealed-in by moisture-proof Cellophane. We call it the Humidor Pack.

This protective wrapping is dust-proof, germ-proof and weather-proof. A great boon to the smoker.

No stinging particles of peppery dust to irritate the throat; no brackish smoke from stale tobacco; no burnt tongue from the hot smoke of dried-out cigarettes.

Just the cool, mild fragrance of choice tobaccos expertly blended and properly conditioned.

If you are not a Camel smoker, switch over for just one day. Then leave them—if you can.
