MELLON WILL MEET LAVAL AGAIN MON.

Today's Conference on War Debt Completed at 6 O'clock; Optimism Prevails

Paris, June 27.—(AP)—Premier Laval's conference with Secretary of the Treasury Andrew W. Mellon was concluded shortly before 6 o'clock this afternoon.

The premier and the secretary, together with other French and American officials who were present at the conference will meet again Monday, M. Laval announced at the conclusion of the meeting.

Washington, June 27.—(AP)—Optimism was reflected by American officials today as the outcome of the pending negotiations for a one-year war debt-reparations moratorium.

Acting Secretary Castle of the State Department said he regarded the approval by the French Chamber of Deputies of the reply of that nation as an indication of the strength of the government itself and not as an unalterable expression in favor of the French counter proposal.

President Hoover kept a close watch upon developments. Although he had hoped to be able to leave last night for his mountain camp, he remained in Washington throughout this morning where he would be in closer contact with his emissaries in Paris.

Secretary Mellon and Ambassador Edge, these two entered conferences with French officials to seek to reconcile the views of the two nations.

Mr. Castle, who will be in charge at the State Department during Europe, predicted several days would elapse before the United States would reply formally to the French counter proposal.

South American affairs also drew the attention of government officials today. At both the White House and the State Department it was said that Federal Reserve and private banks were considering some measure of economic relief for Latin American countries.

At the White House, it was pointed out that such negotiations were matters to be carried on by the banks and the governments involved. White House officials said the president would make no statement on the subject.

Mrs. Ballard Turns Over Key To Safety Deposit Box In Bank At Wilson

The Ballard case continued to create interest here today with the turning over by Mrs. Ballard to the sheriff of a key to her safety deposit box in the First National Bank of Wilson and admission on her part that she visited Wilson Thursday night in an unsuccessful effort to get permission to enter the bank and go to the deposit box and a public statement by Mr. Ballard branding the entire affair as political propaganda and appealing to the citizens of the community to withhold judgment until all of the facts in the case are known.

New developments in the case were made known this week by the filing of a suit by Elmer Whitley, one of the two young men convicted of the highway robbery of Mrs. Ballard, and the information that a few days following the robbery Mrs. Ballard had rented a safe deposit box alleged to be under an assumed name in a Wilson bank and had placed a large amount of money therein.

Immediately upon the filing of the suit, papers attaching the deposit box were served upon officials of the bank in Wilson and a summons upon Mrs. Ballard for the turn over of the key. At a hearing regarding the turning over of the key, (Continued on page three)

NEW REVOLT NEAR SEVILLE

Disorders Reported Among Members of Spanish Air Forces At Tablada

London, June 27.—(AP)—The Reuters Agency reported today that a revolt has broken out among members of the Spanish air force at Tablada, near Seville, Spain.

The revolt was said to be headed by Major Ramon Franco, who was dismissed yesterday as chief of the Spanish air force.

Many airmen from all parts of the country are reported to have arrived at the airport by air before the outbreak.

At mid-day a column of troops left the Seville garrison bound for the airbase.

Major Franco, who was an exile from Spain at the time of the overthrow of King Alfonso has recently been urging a "real revolution" in place of the conservative government.

FLIERS STILL IN SIBERIA

Post and Gatty Land in Mudhole at Blagoveshchensk But Escape Unhurt

Shanghai, June 27.—(AP)—Wiley Post and Harold Gatty, American around the world fliers, arrived at Blagoveshchensk, Siberia, at 9 P. M. tonight (Six A. M. EST.).

The fliers landed in a mud hole but were not harmed. They had come from Irkutsk, 850 miles away. They planned to leave for Khabarovsk, Eastern Siberia, at 3 A. M. tomorrow or 12 noon EST Saturday.

Copenhagen, June 27.—(AP)—Otto Hillig and Holger Holriis, trans-Atlantic airmen who arrived in Copenhagen yesterday, basked in their fame today.

They spent the day shopping and giving calls. They visited the American legation and newspaper offices and paid their respects to Admiral Claus Bloch aboard the U. S. Arkansas.

Tonight there will be a gala banquet in their honor at town hall over which the king's chamberlain and Lord Lieutenant Buelow will preside.

Bottlers Offer to Pay Increased Tax in This State

Raleigh, June 27.—(AP)—A written offer of North Carolina bottlers to pay double the tax the last General Assembly actually levied on them today is in the hands of Allen J. Maxwell, commissioner of revenue.

The Legislature intended to levy double the bottlers tax now on the statute books. An error in the engineering department was responsible for the placing of the lower rate in the books. Approximately \$50,000 a year is involved.

Through J. Elmer Long, their attorney, the bottlers advised the commissioner of revenue they would "gladly pay" the higher rate, provided legal means could be found for collecting it.

Mr. Maxwell announced he would turn the letter from Mr. Long over to Dennis G. Brummitt, attorney general, for a ruling.

Contract Awarded For New Star Warehouse

Contract for the new Star warehouse, to replace the building destroyed by fire June 17, was awarded to D. J. Rose & Son, prominent Rocky Mount contractors, yesterday afternoon. The contract price was \$46,588.35.

Construction work, it was stated, will get under way immediately, and the first brick will be laid by Mayor-elect Roy Flanagan Monday or Tuesday of next week.

The contract awarded yesterday did not include steam heating, offices, ladies' rest rooms, camp room, wiring, plumbing, scales, trucks, office furniture and fixtures or architectural fees.

In less than two hours after the contract had been received the contractors, recognized as among the most prominent in the south, announced the purchase of most of the material and that work would get under way immediately.

It was stated that construction would be rushed to completion as soon as possible and that the building would be completely equipped and ready for service at the opening of the market in September.

The new building will be the same size as the former one, covering 76,208 square feet, and will be constructed of steel, brick and cement, with major parts of the floor of concrete. It will be one of the most modern structures of its kind in the south and will contain all conveniences of modern warehouse architecture.

It was stated that the lighting system would be of the best it is possible to provide and will enable work to be carried on with ease and facility both day and night.

In addition to the commodious rest rooms for white women, splendid quarters will also be provided for the wives and children of colored patrons of the firm. This is an entirely new feature and shows to what extent the warehousemen have gone to furnish the best of accommodations for their patrons.

Faced brick will be used in the construction of the front of the building on Ninth street and this will greatly enhance the general appearance of the structure.

Notable Figures Will Visit Pitt Celebration

Tentative Program Is Outlined for Honoring Pitt County Solons at Country Club Thursday, July 16; One Thousand People Will Be Invited

Plans began to assume more concrete form here today for the celebration to be staged at the Country club Tuesday, July 16 in honor of the three Pitt county men who served in the last session of the General Assembly.

At a meeting of the program committee in the offices of the Merchants Association yesterday afternoon part of the program was tentatively outlined, and the remainder will be perfected during the latter part of the month.

It was stated that invitations would be extended to approximately 1,000 persons instead of 400 as previously planned and these will bring to the city some of the most important figures in the state.

Among the speakers will be Hon. Josephus Daniels, of Raleigh, former secretary of the navy during the Wilson administration; A. D. McLean, of Washington, proponent of the new school bill passed by the last Legislature; Congressman Lindsay Warren, and Carl Goerch, of Washington. Other prominent men of the business and political field will also be on the program for addresses and their names will be announced at a later date, it said after the meeting of the program committee.

Hon. F. C. Harding, who will act as master of ceremonies. The address of welcome on the part of Greenville will be delivered by Mayor R. C. Flanagan, and on the part of Pitt county by J. R. Turnage of Ayden. The response will be made by Rivers D. Johnson, of Warsaw, who was one of the leading characters in the fight for im-

CLAYTON MAN SHOT TO DEATH

Former Chairman of Johnston County Democrats Found Dead in Bed

Clayton, N. C., June 27.—(AP)—Shot through the breast, Jeffrey J. Williams, chairman of the Johnston county Democratic Executive committee, was found dying in the bedroom of his home here early today.

He died a few minutes later. A pistol, which had been discharged, lay on a mantle nearby.

Coroner J. H. Kirkman summoned a jury and held an inquest but no verdict was reached. He said another hearing would be held Monday or Tuesday.

Awakened by the sound of a shot, Williams, 17-year-old son, sleeping in an adjoining room, rushed to his father's side just before the latter died. The boy said Williams tried to say something, but his voice was so weak his remarks were not understood.

Dr. A. Hocutt, who reached the home soon after the shooting, said Mrs. Williams told him her husband shot himself.

"I was afraid he would shoot me, too," the woman was quoted as saying.

The physician said Williams, son told him he lifted the revolver from the floor and placed it on the mantle.

Dr. Hocutt said his examination revealed no powder burns either on Williams' face or clothing. Although he did not examine closely for them.

No testimony was offered at the early morning inquest. Coroner Kirkman said. The jury merely met, examined the body and adjourned.

Williams, who was 36, leaves a widow and two sons. Funeral services will be held tomorrow afternoon.

TALK BANKING TO KIWANIS

Two Bankers Discuss Modern Banking Before Regular Club Meeting Last Night

Members of the Greenville Kiwanis club know more about the problems of banking today than they knew yesterday by reason of the information imparted by two representative bankers at the regular meeting of the club at the Woman's club building last night.

The speakers were W. H. Woolard, vice-president of the Greenville Banking and Trust company, and John Mitchell, former chief State Bank Examiner.

W. A. Darden presided and the program was in charge of Mr. Woolard. The usual supper was enjoyed and a musical program was given by Misses Sybil Clark, May Phelps and Limpia Jones. Two solo numbers were rendered by Misses Clark and Phelps and they were accompanied at the piano by Miss Jones.

Discussing the various phases of "Modern Banking," Mr. Woolard pointed out the importance of keeping loans as liquid as possible so that eventualities might be coped with at any time. He also stressed the important part which co-operation plays in the life of a banking institution, and said this was very necessary for the best interests of the community at large.

He pledged his co-operation with the new institution to open here in the near future, and said that the ability of all the banks to pull together would work for the improvement of the business life of the city and community.

Mr. Mitchell, who will make Greenville his home in the future, stressed the duties of a bank management, dividing them under headings of duty to depositors, shareholders and borrowers of the community.

He said the operations of a banking institution were not large and consequently it evolved upon the officials to do everything possible to protect the depositors, shareholders and borrowers and industry through the wise loaning of money.

He discouraged the idea of loans for building purposes, declaring that people contemplating construction should go to Building and Loan association for allied institutions where longer loans were available.

He pointed out the importance of friendly competition and stated that this when rightly directed benefits will be held tomorrow afternoon.

From Ohio River Valley to Southern California Temperatures Sizzle at 100 Degrees and Above With No Relief In Sight for Week-End; Michigan, Ohio and Western Pennsylvania Swept By Windstorms, Raking Rains and Lightning; Scores Injured As Storm Whips Over City of Detroit

(By The Associated Press) Killing heat raged over America today.

Forty-nine lives have burned out since summer went on its first rampage Thursday and signed a path of destruction across the country.

From the Ohio River Valley to Southern California, temperatures sizzled at 100 degrees and above. No relief was in sight for the week-end.

The storm god added his wrath yesterday to that of a merciless sun. Michigan, Ohio and Western Pennsylvania were swept by windstorms, raking rains and lightning.

Whipped across Lake Erie, the storm lashed the shoreline from Toledo to Cleveland. Lightning killed two in Cleveland. A street cleaner was electrocuted by a fallen wire. Twenty thousand telephone circuits are blinded. A woman in North Olmstead was killed by lightning and a boy was drowned in Maumee Bay, near Toledo, when waves knocked a boat to pieces.

In Detroit, a score of persons were injured as wind and rain damaged buildings, homes and automobiles. At Seelfridge Field, Mich., a man was killed in the wreck of a hangar. A farmer was killed by lightning near Yale.

A woman died of fright in Pittsburgh, where the rainfall was the heaviest since 1903. Another woman was killed by a tree blown down in Somersette, Pa.

Summer's scourge struck terrifically in the mid-west. Illinois had ten more heat deaths, eight of them in Chicago, where the temperature shoved down to 72 at noon yesterday by lake winds, only to soar to 95 again by evening. The weather bureau predicted 92 for today. At Canton, an all-time June high of 104 was recorded. Over all the state, the mercury hovered near the century mark.

The burning sun took five more lives in Iowa, five in Missouri, four in Indiana, four in Minnesota and two in Kentucky.

Over all the grain belt, farmers worked at night in their fields. Horses dropped dead in harness yesterday in many places. In Adams county, Illinois, the humane society forbade heavy work for horses in the sunny hours.

At Cherrville, Kan., a farmer dropped dead shocking wheat. For ten days the state has roared at 100 and above. It was 104 at Salina, 103 at Emporia. Oklahoma, too, burned up. A new season high was reported at Altus—104.

The Pacific coast, from San Francisco north, was comparatively cool. Southern California still blistered. One unofficial report had it 120 in the shade at Boulder Dam.

The east and south were again moderate, although it reached 90 and above in Memphis, Birmingham, Tampa and New Orleans.

Lightning killed a man at Ruxton, La., and another at Needham, Mass.

New Governor of Georgia Takes Oath

Atlanta, Ga., June 27.—(AP)—Georgia's long list of governors, stretching back almost 200 years, was increased to 67 today as 33-year-old Richard B. Russell, Jr., son of the State Supreme Court justice, Richard B. Russell, Sr., Dr. Lamartine Griffin Hardman.

Due to his official position, the duty of administering the oath of office was the pleasure of the senior Russell.

Like Georgia's first governor and founder, General James Edward Oglethorpe, the new governor is a bachelor.

Russell is the youngest man who has ever occupied the office.

His demise was received with widespread sorrow among members of the church in this part of the state where he was well known and held in high esteem.

Wants to Write Talkie
London—Fritz Lehner, who wrote "The Merry Widow" in 1907, wants to write an American opera for the talkies. He hopes to visit New York and Hollywood in search of a libretto. Time, place and girl would be American, but the music would have the romantic touch and would not be jazz.

WORLD TITLE AT STAKE IN MAX-STRIK MIX

When Max Schmeling, German heavyweight, and W. L. "Young" Stribling of the Cleveland Municipal stadium (above) July 3, the world's heavyweight title will go to the victor. Schmeling, who won championship on a foul when he met Jack Sharkey, has been fighting aggressively during training.

There will be a welcome meeting tomorrow night at 8 o'clock. Everyone is invited. A service will be held at the Citadel on Dickinson avenue across from Benz station. Come early to get a seat and enjoy a real lively old time gospel service.

VACATION BIBLE SCHOOL REPORTS FINE PROGRESS

The Vacation Bible School at the Memorial Baptist church closed its second week yesterday with a picnic and swimming party at Westbrook swimming pool. About 80 children participated. The school was reported as getting along nicely today. The enrollment was given at 110 with an average attendance of 76 for the week.

OUTBUILDINGS DESTROYED BY FIRE ON STOKES FARM

A barn, stables and packhouse on the farm of Mrs. Della Perkins, near Stokes, were destroyed by fire this morning about 2 o'clock. A considerable amount of feed and fertilizer was stored in the building; and this also was a total loss. Damage was estimated at several hundred dollars.

TALK BANKING TO KIWANIS

(Continued on page three) comes one of the most vital influences in the life of the people.
C. B. Rowlett, secretary of the Merchants Association, speaking at the celebration to be staged at the Country Club July 16, announced an invitation to the entire club.
Mr. Darden read a letter from the Wilmington Kiwanis club inviting the local club to take part in an inter-city meeting planned for Wrightsville Beach next month. Although the club did not act in the matter, all members were urged to attend and see that Greenville was properly represented.

MRS. BALLARD TURNS OVER KEY TO SAFETY DEPOSIT BOX AT BANK IN WILSON

(Continued From Page One) the key held before Clerk of Superior Court J. F. Harrington this morning. Mrs. Ballard admitted that such a key had been in her possession as late as Thursday night when she made her unsuccessful visit to Wilson, but whether she could now find the key she did not know. Under a court order she was instructed to find the key and turn it over to the sheriff not later than the noon hour with which she complied, delivering the key at 11:15 o'clock this morning. The sheriff was instructed to hold the key pending further court order.

Rouney Cox and Eimer Whitley, convicted in the April term of court for the robbery of Mrs. Ballard, and sentenced to the penitentiary, are both now on bond pending a review of the case by Supreme court.

These new developments in the case brought about renewed interest, and much speculation as to the outcome of the whole affair. The statement of Mr. Ballard, addressed to the "Law abiding and Christian people of Greenville and Pitt County" follows:

"I am writing this in defense of my wife, Mrs. G. H. Ballard in answer to yesterday's famous propaganda. In the famous headline article you can see the ghost of the demon politics. Mrs. Ballard has had to suffer more than any woman I ever saw. We had to defend ourselves at great loss and expense after scraping together all the money we could and giving our time to this horrible crime to get a conviction, failed to get the co-operation due us from certain political officials. Now comes the highly scented and slanderous perfumed article, casting reflection on my wife's good name and reputation. In regard to a certain safety deposit box in Wilson Mrs. Ballard can show to the court and the people that her every act and movement in this famous case has been done in all fairness and in a clean way. I am appealing in this manner to the Law Abiding and God Loving Citizens of our County for justice in this matter, as I personally know that she has done no wrong and that she would not as hinted in this article, do an unlawful act. Now, dear people, has the time come when politics will cause justice to miscarry such a pity that God would not step in at such times as this and reveal to the people the true facts in a case like this. God only knows what Mrs. Ballard and I have had to suffer. I know that the majority of our people are fair minded and

law abiding, and we feel that they will give us a fair trial in their mind.

"At the same time I know that such misleading write-ups as yesterday will cause much comment and unfair talk. We do not blame The Reflector for yesterday's article which was written from information received by them from an official source and supposed to be authentic. By reading it you can see who is the official who furnished this information and you can see the head of the demon's politics pop up. I have been asked by certain people if my wife's money was insured. There are no such insurance policies written that I know of and she had no such policy. After being robbed, now comes this damage suit and warrant attachment sponsored by those who gave the information for yesterday's article.

"Now, good people, I again appeal to you for a just and fair opinion in this matter. Mrs. Ballard was robbed by these two men.

"Yours very respectfully,
G. H. BALLARD.

NOTABLE FIGURES WILL ATTEND CELEBRATION

(Continued from page one)

portant legislation in the last session of the Legislature.
A meeting of representatives from all townships of the county has been called for next Tuesday to complete plans for the celebration, which will be climaxed by a barbecue dinner at the noon hour and a dance at the Country Club in the evening. The meeting will be held in the office of the Merchants Association.

Members of the program committee stated that it was their purpose to make the celebration as near county-wide as possible in order that each locality might have an opportunity to appropriately honor the legislators. The celebration is planned in honor of Senator M. K. Blount and Representatives E. G. Flanagan of Greenville and John Holmes of Farmville.

The solons have been highly praised for the conspicuous part which they played in the passage of important legislation during the lengthy session of the Legislature, and it is the desire of their friends that they be publicly honored for their notable services. The event will be sponsored by the Merchants Association, but the expense will be borne by contributions from friends of the legislators in various parts of the county.

"TRADER HORN" DIES AT ENGLISH HOSPITAL

Whitstable, Kent, England, June

26.—(AP)—Alfred Aloysius Smith, known to the world as "Trader Horn," died today at a nursing home in Antwerp after a brief illness. He was a "young man of 62" in his own words.
He was stricken with a chill at the home of his sister several days ago and did not rally.
"Trader Horn" came out of the jungles of the dark continent to take a place in the spotlight of the world's literary capitals. In collaboration with Mrs. Ethelreda Lewis, he wrote "Trader Horn" and entertained England and America with fascinating tales of his experiences with African natives.

Hits at Speakeasies

Hundreds Arrested In Bomb Explosion

Genoa, Italy, June 27.—(AP)—Four bombs were exploded here early today, shattering many windows and damaging the walls of several buildings. Police arrested hundreds of suspects.

The bombs went off at half-hour intervals awakening the populace over a wide area in the center of the city and creating a semblance of panic. One exploded near the royal palace, another in the Piazza Della Nunziata, a third near the street car barns and the last near a factory at San Vincenzo.

The property damage was relatively small but the systematic method of the explosions the fourth in a recent series throughout Italy has caused much alarm. The previous explosion occurred at Turin and Bologna and police assumed they were intended as terroristic demonstrations.

Washington, June 27.—(AP)—The Weather Bureau today issued the following storm warning: Advisory northwest storm warnings ordered 9 A. M. Brownsville to Corpus Christi, tropical disturbance central less than one hundred miles east of east-northeast of Brownsville, moving west-northwest.

BILIOUSNESS DRIVEN AWAY

"Feel So Much Better After a Few Doses of Theodor's Black-Draught."

"When I get bilious, I lose my appetite, feel dull and tired, and do not feel like doing my work," writes Mrs. S. M. Fulton, of Fort Payne, Ala.

"I take a few doses of Black-Draught until I feel my system is cleaned, then I leave it off. It is about the only medicine I take, and I am sixty-nine years old."

"I have been using Black-Draught for about twenty-five years, and think it is wonderful."

Mrs. D. W. DeShane, of 4216 South Twenty-fifth Street, Redford, Tulsa, Okla., also has used Black-Draught, and she writes: "I felt the need of a good medicine for biliousness. I saw Black-Draught advertised and decided to use it. I have never been sorry, for I certainly have found it a great help in my family."

"I would have dizzy spells and feel like I was going to faint. I would have a bad breath and bad taste in my mouth. I found Black-Draught would clear this up and make me feel so much better. After a few doses, I would be rid of dizziness and feel full of pep."

ABOUT TOWN

The pellagra situation in this county is causing public health authorities much concern at this time, and extra effort is being put forward to combat the spread of the disease.

The number of cases has multiplied with surprising swiftness the last two months, and at this time it is believed several hundred people are suffering from an incipient stage of pellagra.

Health officials are administering treatment to the scores of cases which come under their jurisdiction from time to time but their effort to cope with conditions will be unavailing unless they are assisted in educating the public regarding the proper kind of diet necessary for the sufferers.

Pellagra results from lack of proper food, or the eating of foods that do not have sufficient nourishment. If the people in the rural communities were impressed with the importance of a well-balanced diet it is possible this would do more to relieve the situation than any other thing to be imagined at this time.

Of course there are many of the sufferers unable to provide themselves with proper nourishment, but the health workers are doing everything possible to provide such people with yeast, milk and other health-building mediums. Still there are many the department is unable to reach because the sufferers in the incipient stage do not realize the seriousness of their condition.

Public organization could do much to improve the pellagra situation by creating special funds to provide indigent sufferers with proper nourishment. The impairment of man-power through the disease will cost the county thousands of dollars—is already costing a huge sum—and aid of the public at this time would do much toward returning the men and women to the field of profitable employment.

Greenville and Farmville will honor Pitt County legislators at a barbecue dinner to be staged in this city July 16th. The occasion will be one of the most important of the kind ever held in the county before, and hundreds of citizens will be invited to take part in the program.

The legislators to be honored are Senator M. K. Blount and Representatives E. G. Flanagan and John Holmes. Each served with distinction in the last session of the General Assembly—the longest in his history of the state—and their services were of such an outstanding character as to win the approbation of people in many parts of the state.

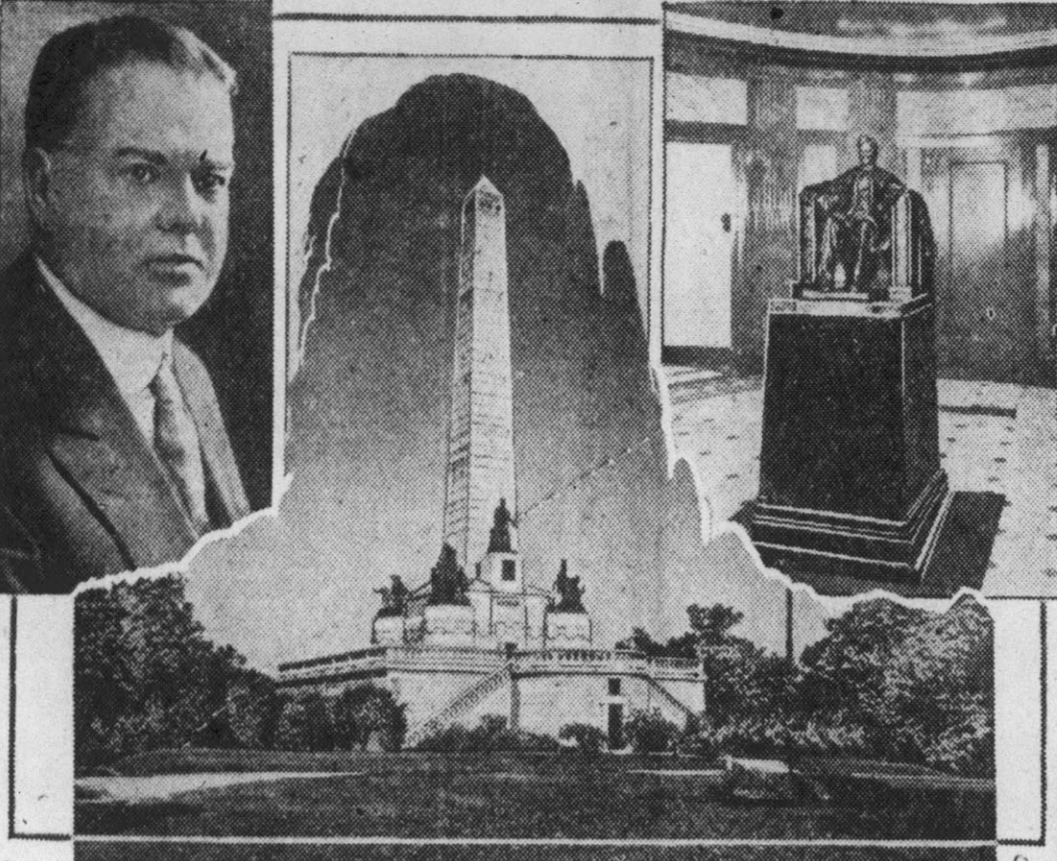

The three sons not long ago received letters from Josephus Daniels, former secretary of the navy in the Wilson administration, commanding them for their part in the passage of constructive legislation. Mr. Daniels expressed belief that the things which they fought for would have a far-reaching influence in the life of the state, and predicted that some of the things not accomplished would assume more concrete form in coming years.

It is the plan of the program committee to invite numbers of other legislators, who were associated with the Pitt County representatives, so that they, too, may have the opportunity of gaining an impression of what Pitt County people think of the work of the body.

The program will start in the morning of July 16 and concluded with a dance in the evening. There will be much oratory, of course, and when all has been said everybody will have a more definite impression of what the legislative program of the General Assembly will mean to the future life of the state.

The expenses of the affair will be borne by friends of the legislators, and first contributions have already started pouring into the office of the Merchants Association, sponsors of the event. Men who are fully appreciate the splendor should not hesitate to give did example of the Pitt county to this cause and in that way show the world what they think of their achievements.

"ADS" IN THE REFLECTOR PAY

HAVE YOU REGISTERED?

If you are interested in the future of our city be sure that you get your name on the registration books next week for the bond election, for the purchase of the gas plant and then on election day, July 14, be sure that you vote for the issue. An entirely new registration is required for this election and regardless of how many times you have voted here, you must register again for this special election and unless your name is on the new registration books you cannot vote. These books will close the latter part of the coming week and we urge you not to put this important matter off until it is too late.

Every indication is that those people who are opposed to the bond issue and are in favor of letting the power company come into our town will be registered and your vote is necessary if we are to keep the power company out.

Our water and light plant is without a doubt our city's greatest material asset and without the profits from this plant our tax rate would be considerably higher to run our city. Are you willing for a power company to have our gas plant to use as a weapon to cut down the profits of our water and light plant or do you agree with us that we should purchase the gas plant and keep the power company out. There can be but two reasons for the power company to want to purchase the gas plant—for profits it can make out of the plant or to use it as a means of cutting down the profits on our electric plant until we cannot afford to keep it and will be forced to sell. If the power company can make money out of the gas plant our city can make more out of it because we can operate it under our Water and Light Commission without additional overhead, therefore as a business proposition it is a good buy for our city. If there is no money in it and the power company wants it only as a means of eventually getting our power plant then by all means we should not let them have it, for if we do our loss in the end will be far more than what it would cost us to buy and operate the gas plant without profit.

The time for registration is getting short. We appeal to our citizens to get their names on the books now and then be sure that nothing keeps you from voting "FOR THE BOND ISSUE."

Former Newspaper Man Dead Today

Charlotte, June 27.—(AP)—John V. Simms, former general manager of the Charlotte Observer under D. A. Tompkins ownership, and former co-publisher of the Raleigh Times, died at his home here yesterday. He was 60 years old.

For many years he was one of North Carolina's best known newspapermen. A native of Elijah, Ga., his parents brought him to North Carolina when he was but four years old. He made his home here for 27 years. He was a graduate of Vanderbilt University, Nashville, Tenn., and of the Eastman Business College, Poughkeepsie, N. Y.

Soon after entering the newspaper field he was circulation manager of the Charlotte News.

He is survived by his widow, who was formerly Miss Mabel Clair Irwin; a son, Carson Irwin Simms; his step-mother, Mrs. A. H. Simms of Forest City; a half sister, Mrs. Kenneth B. Smith of Raleigh; and a half brother, A. H. Simms, Gastonia banker.

Funeral services will be held today.

HENDRICK IS STILL LEADING WITH STICK

New York, June 27.—(AP)—A glance at the current batting records of the National league indicates that if hitting alone could win ball games, Philadelphia ought to be very close to the top of the standing instead of deep in the second division. The names of Philadelphia batters appear among the leaders more than players from any other team.

Chuck Klein and Virgil Davis of the Phillies staged sensational rises during the past week and are threatening the lead held by Harvey Hendrick of Cincinnati according to the semi-official records which include Thursday's games. Hendrick still clings to his lead with a .372 average, but Davis has climbed to second place at .367 while Klein, at .354, is tied with Bill Terry of New York for the third position.

Klein holds the unthreatened post as leading scorer and long distance hitter of the league. He has tallied 60 runs, 13 more than Terry, who is second. He has hit 19 homers, leading Rogers Hornsby of Chicago by seven, and has batted in 58 runners for another first place. Hornsby also is second here with 49. Chuck has made 85 hits, only one less than the leader, Terry.

Dick Bartell, another Philadelphia, tops the list in hitting doubles with 25 to his credit and Davis is second with 23. Terry, Red Worthington of Boston and George Watkins of St. Louis are tied for the lead in three-base hitting, each with eight.

Adam Comorosky of Pittsburgh has gone back in to the base stealing lead with nine thefts with Kiki Cuyler of Chicago just one behind.

Behind Klein on the list of leading batters come Grimm, Chicago, .352; Roetger, St. Louis, .351; Arlt, Philadelphia, .348; Cuyler, Chicago, .344; Whitney, Philadelphia, .335 and Stephenson, Chicago, .333.

Although they are far ahead in the number of individual leaders, the Phillies have not threatened Chicago's team batting lead. The Cubs, with three of the first ten, have increased their club average to .303, completely outdistancing the New York Giants. They also have held the fielding lead with a .977 mark.

The Cubs and the Cardinals continue to share honors in the mound department. Guy Bush of Chicago tops the list of pitchers with an .833 average gained from five victories and one defeat. Paul Derringer of St. Louis is second with seven games won and two lost for a .778 mark while ten victories and three defeats give Burleigh Grimes of St. Louis third place with a .769 average.

CAPS DEFEAT POINTERS IN BIG SLUGFEST

CAPE DEFEAT.—(AP)—If the fans were looking for action last night at High Point, they got their money's worth.

Thirty-three runs and 37 hits, three of them homers, were piled up during a match in which the Raleigh Caps overcame the Pointers 22 to 11.

Right in the midst of the battling was Biggerstaff, Cap outfielder. He went to the bat seven times to get a circuit clout, two doubles and three singles and drive in a quintet of runs. Pitcher Sewell also was quite active at bat for the Caps, scoring five men with a home run and two singles. Molly Cox hit over the fence for the Pointers.

To hear Bud Moore, one of the Hornet owners talk, you'd think hard times are a figment of the imagination. He says the Bees have drawn an average of 2,500 paid customers every time they have played at home this season.

"Night baseball, a winning club and other factors," says he, "have combined to draw 'em at the gate in a very satisfactory manner."

What he said about a winning club seems to be very true at this time. The column-topping Bees chalked up a couple of wins over the Durham Bulls yesterday and last night, 4 to 3 and 9 to 7.

The Winston Twins, who lambasted the Hornets before a Queen City crowd early this week, also have moved into the "winning team" classification. They made it six in a row by downing Tanager's Gamecocks, 9 to 5, last night at Henderson.

Asheville's Tourists have not been having such good luck this week but they pulled a nice piece of work last evening by out-hitting the Pats and beating them 5 to 4 at Greensboro.

Greensboro, N. C.—(AP)—The city council has approved a reduction in the salary of I. C. Bower, city manager, from \$10,000 annually to \$7,500.

SEEK U. S. OPEN GOLF CHAMPIONSHIP

The golf classic of the year, the United States open, is to be played this year July 2, 3, and 4 over the Inverness course, Toledo, Ohio. High in the list of contenders for Bobby Jones' abdicated throne are Gene Sarazen, former champion; Al Espinosa, leader of the qualifiers, and Henry Cotton, brilliant young British pro. The clubhouse and eighteenth green are shown above.

BROWNS WIN TIGHT GAME FROM BOSTON

By HUGH S. FULLERTON, JR. (Associated Press Sports Writer)

After playing nearly half a season without showing any signs of getting anywhere in the American league standing, the St. Louis Browns seem to have nominated themselves as the Giant killers of the circuit if nothing else. The Browns skidded badly after the first week of the campaign, dropping into a nine game losing streak, and never recovered from it.

Yet in the past week the Browns have electrified the fans by winning eight out of nine games, finishing a second nine games string of defeats just then turned around and won three from the New York Yankees and four out of five from the champion Philadelphia Athletics.

St. Louis took a tight game from Boston in the series opener yesterday. Off to a two run lead in the first inning, they were tied the seventh when Jack Rothrock hit a homer but came back in the same inning to win their fifth straight game, 3 to 2.

In the only other American League game yesterday, Chicago beat Washington 4 to 3. Pat Caraway broke the White Sox five-game losing streak by holding the Senators to five hits, two of them home runs by Joe Kuhel. The defeat dropped Washington to 11-2 games behind the Philadelphia Athletics, who were kept idle by rain at Detroit the weather also stopped New York and Cleveland.

A pair of upsets provided the feature of the National league yesterday. The Brooklyn Robins handed the league leading St. Louis Cardinals a sound trouncing, 16 to 5, while the Boston Braves made it two straight over Chicago by a 7 to 3 count.

The New York Giants regained the game they lost to St. Louis the day before by beating the Cincinnati Reds 2 to 0. Bill Walker held the Reds to four hits.

The Phillies collected 18 blows off Pittsburgh pitching, and won by a 13 to 2 count, giving the Pirates their 13th defeat in 15 games.

Terrapin Derby Features Annual Flower Festival

Asheville, June 27.—(AP)—Racing bloods of the terrapin mobile from the west are not match for mountain climbing shellbacks of Buncombe county.

Fifty speed demons from Ponca City, Okla., were pitted against a like number selected from local stock yesterday in a no-prize event of the Terrapin Derby of the annual rhododendron festival.

The North Carolina entries ran away with first, second, fifth and sixth places, making their opponents look like a slow motion picture. The best the western entries could do was to toddle across the mark in third, fourth and seventh positions.

High honors of the derby went to "Farmer's Federation, a native product. He wiggled across the line a full shell ahead in the fourth heat and again in the sweepstakes to win "Big Money" for R. Stewart Gaston, his backer.

Four-year old Billy Moon, pian, son of a Woodfin druggist, also received a handsome cut in the money when "Dell," a racer he scrouled in the woods near his home, finished second in the third heat and in the sweepstakes.

"Caroline," a speedster entered for Miss Angelina Watson, of Orangeburg, S. C., one of the festival sponsors, captured the second heat. "Charlie," entered for Miss Edwina Coulbourne, of Cape Charles, Va., state sponsor, took second money in the heat.

Seven prizes were given in each of the four heats of the derby, with two prizes in the sweepstakes event.

The terrapin race, a street carnival, a jester's parade, and a ball for the sponsors were the final events of the 3-day carnival, that closed last night.

CRAVEN LADS BEAT LOCALS

Playing against a team composed of college stars and ex-professional players, the baseball team of Battery "A" was defeated by Battery "D" of Newbern yesterday afternoon by the score of 7 to 4. New Bern has not been defeated in two years.

Roger Taylor, local high school ace, handled the pitching assignment for the locals and did a fine job of it. Had it not been for the short right field fence which made home runs out of two fly balls that would have been easy outs on a regulation field, the youngster might have broken New Bern's winning streak. He struck out six of the opposing sluggers in addition smacked out two hits that aided in his team's scoring.

New Bern started the scoring in the first inning when they scored three runs on an error, a single and a home run by Allen. Greenville came back in their half of the second to tie the score on two hits and some heads-up base running. From then on the score was tied until the seventh with not a New Bern man getting past second. New Bern made one run in the seventh but Greenville matched it in their half of the next inning. Morto nput the game on ice for New Bern when the looped high fly over the short right field fence for the deciding runs.

For Greenville Bostic and Taylor led the offensive attack with two hits each. For New Bern Powell, University of North Carolina third baseman, and Allen had two hits each.

New Bern will play the local Battery team at the Third street park on next Thursday.

Yesterday's Stars

Irving Burns, Browns—Singed to drive home run that beat Red Sox, 3-2.

A Hen Keeps On Scratching Even If Worms Are Scarce

THEN WHY SHOULD A MERCHANT STOP ADVERTISING WHEN BUSINESS IS DULL?

As you desire and expect the continual, all-year-round patronage of the people of your sales community, just that much you should continue, in season and out of season, your cordial invitation—your advertising—to these customers that they do continue to patronize your store and buy your goods.

If you use only the Christmas and New Year's greetings as the limit of your invitation for patronage and for presenting your goods to the public, how can you consistently kick if the community folks read the merchandise offerings in the catalogs and give the mail-order houses their patronage throughout the year, and when they do see your invitation for patronage in the home paper along about Christmas time, patronize you at all at that time with but a dollar purchase? One is as consistent as the other.

Make your invitations for their patronage so cordial, the descriptions of the goods so alluring, the quality of the offerings so high that a gallon of gasoline is spent in reaching your store is an investment to them, not an expense.

High Sounding words do not alone sell goods. Establish a character for your store—the words of your advertising are truthful, the quality of the goods are dependable—the buying public of your sales territory will have confidence in what you tell them and will know that you are offering the very best merchandise at the lowest possible price.

Do not lose sight of the fact that all men and women love a bargain. And it is also true that a bargain is not always gauged by the unknown firm, just that much easier it is to sell merchandise in a store Advertising has made popular.

The more you advertise your store the more popular it will become with the buying public. The more popular your store the more you turn your goods over and the oftener your turn-over, the greater your profits.

Profit by the HEN. Worm or no worm she scratches.

Business or no business, ADVERTISE.

Market Report

Cotton--Stocks--Grain

N. Y. COTTON

New York, June 27.—(AP)—Cotton opened steady today 6 to 15 points lower in response to relatively easy Liverpool cables.

There was heavy realizing or liquidation during the first few minutes with July selling off to 10.06 and December to 10.66 or about 14 to 18 points below yesterday's closing quotations. Offerings became lighter after the initial selling had been absorbed by covering and trade buying, however, and the market was quieter with prices working up several points from the lowest in sympathy with the rally from an opening decline in the stock market.

Liverpool cables reported that continental buying had been absorbed by realizing and that the decline had uncovered stop orders in that market.

GRAIN MARKET

Chicago, June 27.—(AP)—Active general buying of corn and oats hoisted prices for those cereals today. The buying of feed grains resulted from continued hot dry weather and fears of crop damage. Strength of the stock market was also a stimulus and helped to rally wheat for price declines that were associated with the Federal Farm Board's continuance of its sales policy as to old crop surplus wheat.

Corn closed firm 5-8 to 11-4 up; wheat 3-8 off to 1-4 up; oats 3-4 to 1 advance and provisions unchanged to a rise of 12 cents.
