FAIL TO REACH AN AGREEMENT ON THE HOOVER DEBT PLAN

Franco and American Negotiators to Meet Again Tomorrow to Attempt to Reach Some Decision; Plan to Continue Study of Document From Washington Government Setting Forth Position of Nation on Plan to Suspend War Debts; Washington Quiet Concerning Proposals.

LEAVY WAR DEBT. Washington, July 1.—(AP)—Acting Secretary Castle of the State Department said today the French government had received pleasantly America's formal expression of its position on a debt moratorium.

Castle made the statement on the basis of a report from the American embassy at Paris and after a conference at the White House with President Hoover.

Earlier he had described as "cheerful" the outlook for a settlement of differences between the United States and France.

The American not was the first to be notified the French since negotiations began over the French counter proposals to the president's plan.

Paris, July 1.—(AP)—The Franco-American negotiations concluded their meeting this afternoon without arriving at an agreement on the Hoover war debt plan. They will meet again tomorrow.

At the close of this afternoon's session at which Secretary Mellon and Ambassador Edge represented the American government and Premier Laval spoke for France, an official communique was issued.

"Messrs Mellon and Edge communicated the text of a document designed to make clear the position of the American government in the present negotiations, the communique said.

"This document reveals, more over, simultaneously the will of the American government to continue the negotiations and the divergences of the views still appreciable between the two governments.

"This document will be published in Washington by the American government. It will be studied by the French ministers and examined tomorrow at a meeting of the cabinet.

The next meeting of the negotiators has been arranged for 9:30 P. M. tomorrow 3:30 P. M. EST).

Washington, July 1.—(AP)—The American government has informed France that it cannot accept in their present form some of the French proposals for modification of the Hoover moratorium plan.

At the same time the communication, delivered in Paris today, leaves the way open to further discussion along lines which would be acceptable here. The French government has these counter-suggestions under consideration.

It is proposed by the United States that Germany be given a much longer period than the five years suggested by France to repay the loan to be made to her out of the unconditional annuities due during the coming year.

It is suggested that instead of distributing this loan in part among smaller central European nations, as proposed by the French, some other way be found to relieve the financial troubles of those nations.

A credit in which the American Federal Reserve system would participate would be considered as a possible source of such aid.

It is further declared by the American government that France's complicated proposal for dealing with the "guarantee fund" under the Young plan is not a matter to be given serious consideration.

Washington feels that matter should be settled between France and the other signatories. American officials are hopeful that the earnestness of their counter-proposals will impress itself on the French government in such a way that a diplomatic situation which now appears almost deadlocked will yield to ultimate solution.

Postpone Opening Of Ballard Deposit Box Until Friday Morning

Opening of the safety deposit box of Mrs. G. H. Ballard in the First National Bank at Wilson has been deferred until Friday morning at 10 o'clock, it was stated by officials this afternoon. The box was to have been opened today.

The postponement resulted from Mrs. Ballard being called to Georgia on account of the illness of relatives.

Attorneys for the woman appeared before Judge J. Paul Frizzelle in Snow Hill this morning and

asked that the court defer opening of the box until Friday when Mrs. Ballard hoped to be able to be back home. Judge Frizzelle granted the extension.

J. Frank Harrington, Clerk of Superior Court of this county, who was to have heard motion for dismissal of the warrant attaching the safety deposit box tomorrow morning, stated that this hearing would be postponed until Saturday (Continued on page four)

DISMISS ALL BANK ACTIONS

Bankers at Asheville Pay Up and Charges Are Dropped By the Court

Asheville, July 1.—(AP)—Dismissal of all criminal charges growing out of the failure of the Biltmore-Oteen bank and the Bank of Black Mountain was announced here today after Gurney P. Hood, state banking commissioner, had received more than \$200,000 from indicted officers and directors of the two institutions.

In the Biltmore-Oteen case, Dr. J. A. Sinclair decided to the commissioner, for the bank, his entire property, including his palatial Beaver Lake home, in itself valued at more than \$100,000. Clyde S. Reed, another director, deeded property valued at \$20,000 and paid \$500 in cash. W. A. McGoachy, president of the defunct bank, paid \$1,000 in cash. All will go toward liquidation of the bank.

The men, along with Wallace B. Davis, director, and W. L. Crown, cashier, were charged with making false report of the bank's condition, and accepting deposits after they knew it was insolvent.

The Black Mountain settlement, Mr. Hood said, will allow reopening of the bank in an entirely solvent condition, and payment in full of all depositors.

A. A. Hegeman, president, and four directors, paid in cash, in court, \$54,000 to the banking commissioner. He gave a \$10,000 deed of Heseman paid \$40,000 in addition, he gave a \$10,000 deed of trust on his home, and assigned \$15,000 worth of notes to the bank. Fred Perley paid \$6,500 in cash. L. G. Beall and R. L. Woodard paid \$675 individually. Dr. T. E. Cotton, another director, paid \$2,000.

They faced charges of false report, receiving deposits knowing the bank to be insolvent, and making false entries.

Solicitor Zeb V. Nettles, who agreed to drop the criminal charges after conferring with Commissioner Hood regarding the settlements, action would also result in clearing seven other defendants, officers of the Central Bank and Trust Company, which also failed, of making loans to an insolvent corporation.

The Central Bank loaned large sums to the holding company which re-organized the Black Mountain Bank shortly before it failed.

RECORD HEAT STILL HOLDS FORTH IN U. S.

Hot Weather Records Shattered in Virginia, Carolinas and Georgia

July came today with a record heat wave still prevailing in many sections of the country.

Temperate relief, which came to North Dakota and Minnesota yesterday, was on its way to the other central states today—but would hardly arrive before tonight or tomorrow, weather forecasters said.

And as the cooler weather came, it apparently pushed the heat wave farther into the east and south where yesterday heat records were broken in Virginia, Pennsylvania, the Carolinas and Georgia.

While sweltering was still in prospect for the south, temporary and scattered relief by showers was predicted in the Carolinas, Georgia, Louisiana, Mississippi, Alabama, Florida, Arkansas and Texas. The Tennessee outlook was "fair and continued warm."

Yesterday's showers in many places prevented temperatures from reaching the highs of the previous day. Atlanta's highest was 94 compared with 101 on Monday.

But the promise of relief in the middle west seemed short lived, comparing his records, the weather man said they showed that hot June's are followed, two out of three times, by torrid Julys.

Total deaths attributable to the heat during the last 24 hours, including drownings and one youth killed in an electrical storm at St. Louis, were estimated at approximately 230. Total deaths for the current heat wave were set at 766.

To midwest farmers, the forecast of cooler weather, came as good news. They have seen their crops withered and scorched by the sun, their livestock drop dead in the fields, and their wells and streams dry up.

ASK REPEAL OF DRY LAW

Former U. S. Senator From N. Y. Declares Law Has Proven a Failure

University, Va., July 1.—(AP)—A plea for repeal of the Eighteenth Amendment to the Federal Constitution was made today at the Institute of Public Affairs by J. F. Wadsworth, Jr., former United States Senator from New York.

"The plain truth of the matter," said Mr. Wadsworth, "is that national prohibition is a failure. Not only has it failed to establish total abstinence as the generally prevailing rule of conduct but it has brought upon us evils greater than those from which escape was intended."

"In my opinion, the chief injury has been inflicted upon the government in all its branches. We have inflicted this injury upon the government by inserting into the Constitution a rigid police regulation."

"It has no proper place there. In spirit and in effect it is utterly inconsistent with the remainder of the instrument."

"It is a fundamental error or fault in the structure of our Federal government. We have been in trouble ever since we inserted it in the Constitution and we will not escape from this trouble until we take it out, completely."

Mr. Wadsworth said he was convinced that few people realized in 1918 that the amendment meant more than abolition of the saloon.

ROUND-THE-WORLD 'AIRMEN'

Shown above is the monoplane "Winnie Mae of Oklahoma" in which Wiley Post (lower right) and Harold Gatty (left) are on a round-world flight. Their route was from New York to Harbor Grace, N. F., across the Atlantic to Germany and thence across Russia and Siberia.

Fliers Left Edmonton This Morning on Last Lap of 16,000 Mile Trip Around York Prepares Celebration Befitting Feat Which Has Captured Imagination of World; Official Welcome of City Will be Reserved For Tomorrow; Parade up Broadway Big Feature.

Edmonton, Alta., July 1.—(AP)—The round the world plane, Winnie Mae, flying high, passed over this town from ridge village at 10:30 A. M. (CST) today. The plane was headed for Lake Superior and the upper Michigan country. Persons who sighted the plane said the numbers on the machine corresponded to those of the Winnie Mae. Tower is 10 miles northeast of Duluth.

Edmonton, Alta., July 1.—(AP)—Using a paved street for a runway, Wiley Post and Harold Gatty hopped off from here this morning for Cleveland, Ohio, beyond which lay the home stretch of their 16,000-mile flight around the world.

They hoped to reach Roosevelt Field, New York by night thereby completing their flight in nine days, to beat the record of 22 days established by the Graf Zeppelin.

The monoplane Winnie Mae took the air at 3:39 A. M. Mountain Standard Time (5:39 EST), and headed southeast for the 1,800 mile flight to Cleveland, which the fliers hoped to accomplish in 11 or 12 hours.

Rain which had fallen here for the past 24 hours, made a take off from Blachford Field impossible.

Post ran the plane along the street for a quarter of a mile before it lifted into the air in the face of a northwest breeze, cheered by several hundred spectators.

Neither the pilot or Gatty, the navigator, would say before they took off just what course they would follow, but said they would bear well to the south to get away from the storm area in the vicinity of Edmonton.

There was little delay in the take off. The fliers refreshed by several hours sleep arrived at the field shortly before 3 A. M. The mechanics were warming up the plane when they arrived at the hangar. Securing the Canadian weather reports, they climbed into the plane and took off.

Both expressed their gratitude for their reception here, saying they had enjoyed the best night's rest they had since they left Roosevelt Field June 23.

"But we'll be mighty glad to get back home after this grind," Post said.

They arrived here at 4:35 P. M. (MST) yesterday from Fairbanks, Alaska.

New York, July 1.—(AP)—Assuming that Wiley Post and Harold Gatty will complete their record breaking flight around the northern hemisphere tonight, municipal and aviation officials today made ready to give them a welcome befitting the feat which has captured the imagination of the world.

At Roosevelt Field, Long Island, where the fliers took off June 23 on their 16,000-mile dash, and where they expect to finish between 6 and 10 P. M. tonight, careful preparations were made to handle a crowd.

The official welcome of the city will be reserved for tomorrow, after the fliers, if they hold to their schedule, will have had a night's rest.

A parade up Broadway behind an escort of soldiers and sailors between lanes of cheering throngs and a reception by Mayor Walker at City Hall are part of the program. The mayor will present medals.

In addition to the public welcome the fliers will be greeted by Mrs. Wiley Post and F. C. Hall, of Oklahoma City, sponsor of the flight. Mrs. Gatty was on her way by air like her husband, and hoped to arrive in time to see the plane land.

DRY AGENTS RAID RENO

Bedlam Ensues As Officers Swoop Down on Liquor Houses and Clubs

Reno, July 1.—(AP)—Forty Federal prohibition agents last night and today raided virtually all night clubs and liquor houses here and took possession of them, interrupting merry making by a crowd which had gathered for the opening of the racing season beginning this afternoon.

The night clubs and liquor places, which have been running wide open, were packed when the agents began their raids last night, bedlam ensued. The officers arrested approximately fifty bartenders and proprietors and carted loads of evidence to the police station. None of the patrons was arrested.

The agents, commanded by Col. George Seaver of the San Francisco regional prohibition office, visited nearly every known liquor place in Reno and the outlying village of Sparks.

Nevada having repealed her state liquor law and having voted affirmatively on proposals for revision of the Federal dry law, leaves the whole problem of enforcement to Federal authorities.

The campaign came as the city prepared for the opening of a forty-day race meeting today and a fight between Max Barr, California Heavyweight, and Pauline Jazudun, the basque woodchopper under auspices of Jack Dempsey here July 4.

Chamber of Commerce officials had estimated the sporting events, combined with wide-open gambling and other attractions of Reno, would draw 30,000 visitors this week.

"STRAURO-CHILUS DAVISSI" HONORS DWIGHT F. DAVIS

Manila.—(AP)—Dwight F. Davis, governor general of the Philippines, known the world over as donor of the Davis cup to tennis, now has an orchid named after him.

In ordinary language it is the Davis orchid, but technically it is known by the tongue-twisting name of Straurochilus Davissi. It is a newly discovered rare variety.

There are some 800 kinds of orchids in the Philippines. In season, the whole plant, not just the flower, of the common variety can be bought for 50 cents.

STATE TAKES OVER ROADS

Reorganization Authorized by Last Legislature Becomes Effective Today

Raleigh, July 1.—(AP)—North Carolina today took over all county roads, becoming the first state in the Union to maintain every public road in its boundary.

The county road, the taking over of which was authorized by the last General Assembly, embraced approximately 45,000 miles. These, added to the more than 10,000 miles of state highways, making a new state system of more than 55,000 miles, the largest in the United States.

Co-incident with the taking over of the county roads, the State also assumed control of approximately 3,500 county convicts, to be used in road work.

Since the new law makes no provisions for working prisoners serving sentences of less than 60 days, 303 in this classification found the gates of freedom open to them today. Tyre Taylor, executive secretary to Gov. Max Gardner, put in a busy day yesterday writing out paroles for the men.

The new State system will be maintained entirely from the proceeds of a six-cent gasoline tax, relieving property of all road tax burden.

On the eve of the transfer of the county roads to the State, E. B. Jeffress, chairman of the highway commission, announced John D. Waldrop had been named engineer in charge of all highway construction work in the State. Main tenance work will be done by a separate and district organization.

Assisting Mr. Waldrop in the construction division, will be three district engineers. Selected for these positions were C. A. Hayward, headquarters at Asheville; W. D. Somerville, headquarters at Tarboro, and J. W. Mills, headquarters at Greensboro.

SWEET CLOVER "DRAINS" LOW-LYING FARM LANDS

Lindsborg, Kas.—(AP)—Experiments with stands of sweet clover to benefit drainage on low, flat land have proven successful in McPherson county.

A. J. Welker, who followed clover in a low, wet field with wheat, was able to cut his crop on this tract earlier than on the rest of his farm. Dan Zerger of Moundridge was able to plow land previously sown to clover, while other fields contained far too much moisture.

League Opposes Freight Increase

Raleigh, July 1.—(AP)—The North Carolina Traffic League went forward today with its plans opposing a general 15 per cent increase in freight rates asked by the railroad, of the country in an application to the Interstate Commerce Commission.

The league's program for fighting the increase was discussed at its annual meeting here yesterday, at which Julius Cone, Greensboro, was re-elected secretary.

Jointly with several other organizations, the league has filed with the Interstate Commerce Commission.

The league's program for fighting the increase was discussed at its annual meeting here yesterday, at which Julius Cone, Greensboro, was re-elected president and W. S. Creighton, Charlotte, re-elected secretary.

Jointly with several other organizations, the league has filed with the Commerce Commission a reply to the statement and application of the railroads in the rate case.

The reply contends that while other industries are struggling against odds to save their business from complete loss, in a period of depression, the railroads are "unjustly" asking for a freight rate increase.

Caldwell Indicted By Kentucky Jury

Morehead, Ky., July 1.—(AP)—Rogers Caldwell, Nashville investment banker already under state and Federal indictments and now on trial in Nashville on one of the charges against him in Tennessee, today was under indictment here charging obtaining money under false pretenses.

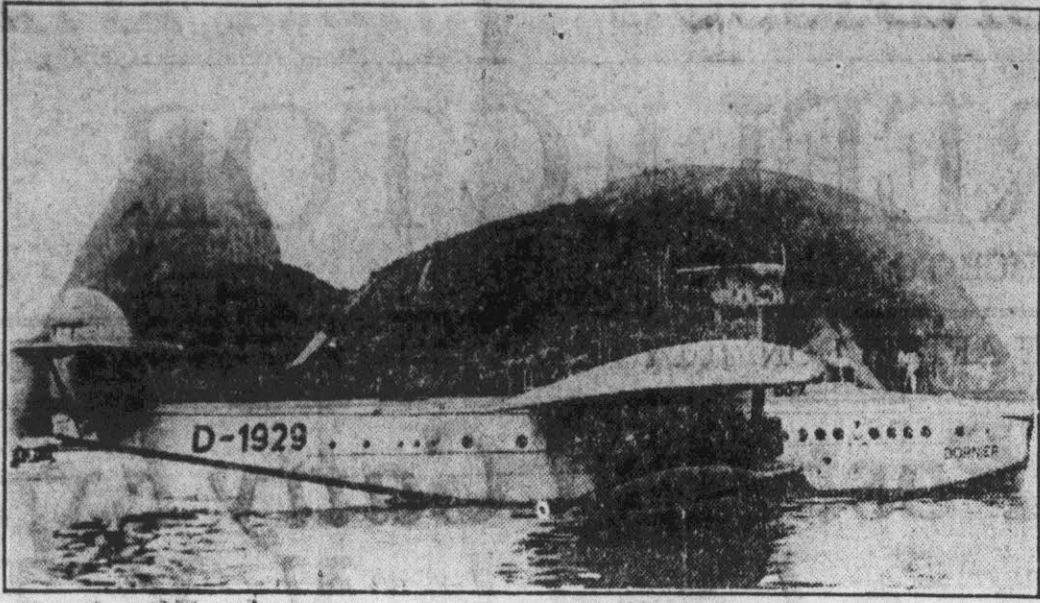

The Rowan county indictment charges Caldwell and three other men connected with Caldwell and Company with an alleged conspiracy to obtain possession of \$50,000 in county bonds and to appropriate the proceeds to their own use. Other names in this writ are Frank D. Marr, J. D. Carter and E. J. Heitzberg.

Hoover Sends Best Wishes To N. C. Celebration

Greensboro, July 1.—(AP)—President Hoover says history is coming to appraise the Battle of Guilford Courthouse, "as marking a turning point in the struggle for our independence as a nation."

The celebration will be held at Guilford battle ground, near here, next Saturday.

A Hen Keeps On Scratching Even If Worms Are Scarce

THEN WHY SHOULD A MERCHANT STOP ADVERTISING WHEN BUSINESS IS DULL?

As you desire and expect the continual, all-year-round patronage of the people of your sales community, just that much you should continue, in season and out of season, your cordial invitation—your advertising—to these customers that they do continue to patronize your store and buy your goods.

If you use only the Christmas and New Year's greetings as the limit of your invitation for patronage and for presenting your goods to the public, how can you consistently kick if the community folks read the merchandise offerings in the catalogs and give the mail-order houses their patronage throughout the year, and when they do see your invitation for patronage in the home paper along about Christmas time, patronize you at all at that time with but a dollar purchase? One is as consistent as the other.

Make your invitations for their patronage so cordial, the descriptions of the goods so alluring, the quality of the offerings so high that a gallon of gasoline is spent in reaching your store is an investment to them, not an expense.

High Sounding words do not alone sell goods. Establish a character for your store—the words of your advertising are truthful, the quality of the goods are dependable—the buying public of your sales territory will have confidence in what you tell them and will know that you are offering the very best merchandise at the lowest possible price.

Do not lose sight of the fact that all men and women love a bargain. And it is also true that a bargain is not always gauged by the unknown firm, just that much easier it is to sell merchandise in a store Advertising has made popular.

The more you advertise your store the more popular it will become with the buying public. The more popular your store the more you turn your goods over and the oftener your turn-over, the greater your profits.

Profit by the HEN. Worm or no worm she scratches.

For the benefit of those who cannot find it convenient to play eighteen holes by the consent of both players, they may decide their match with a nine hole play, taking one-half of their respective handicaps, except in the semi-finals and final. In these 18 holes will be required to decide the winner.

MISS CHRISTINE PERKINS HOSTESS AT LUNCHEON

Miss Christine Perkins was a gracious hostess at luncheon yesterday at her home in Stokes, honoring her brother, Walter Reid Perkins and the former Miss Virginia King, who were married last evening.

The Perkins home was elaborately decorated with colorful garden flowers. In the receiving line were the hostess, Mr. and Mrs. J. L. Perkins, the bride and groom-elect, Gordon Roebuck and Mrs. Roebuck, the former Miss Mary Annis Perkins, sister of the hostess, and Mrs. R. W. King.

Miss Rose Hadley and Sam T. Carson directed the guests to the register where Miss Frances Page and Miss Carolyn Stokes registered each guest. The dining table was especially pretty with a center piece of roses, snapdragons and larkspur.

'THE MAN TO BEAT' IN U. S. OPEN

With no Bobby Jones to monopolize honors, they're calling the United States open golf tourney at Toledo, Ohio, July 2-4, the first real "open" meet in this country in several years. However, Tommy Armour, Detroit pro, rapidly is assuming Bobby's place and is considered "the man to beat" this year.

Council Meeting Held A delightful meeting of the Pitt County Woman's Council was held at the Woman's club building on Monday afternoon with an attendance of nearly 100 per cent.

A very enjoyable musical program had been arranged and Miss Sarah Brown Braxton had charge of the piano. Mrs. Luella Stancill was our director. Two songs were sung, after which Mrs. B. T. Cox read the minutes and led in prayer.

A brief business discussion was held, then Miss Nice explained in full, the state short course for home makers to be held in Raleigh during the month of July. She urged all who could to go, and enjoy a real vacation. She also stated that colored embroidered handwork could be disposed of, at this place.

The subject of canning was discussed and food leaders will be glad to go into unorganized sections to help make it a big thing. The possibility of "homemakers" selling canned tomato juice at hotels was announced.

Miss Olive Jackson, champion 4-H club member of North Carolina, gave a detailed account of her delightful free trip to Washington City.

Miss Myrtle Worthington, health winner, gave a short talk. During the program Miss Braxton favored us with two solos; then assisted by Mrs. Stancill several songs were practiced, all of which we feel sure

PERKINS-KING Beautiful Wedding Solemnized in Christian Church The Eighth Street Christian Church was the scene of a beautiful wedding last evening at 8:30 o'clock, when Miss Virginia King became the bride of Mr. Walter Reid Perkins. The church was appropriately decorated for the occasion to carry out the green and white color note of the wedding. Stately palms and ferns interspersed with madonna lilies and myriads of burning tapers made a setting most fitting. As the scores of guests were assembling, Mrs. S. T. White, gowned in white lace with shoulette of sweet peas, furnished an organ program using "The Golden Wedding," by Gabriel; "I Love You Truly," by Carrie Jacobson; and "Ah! Sweet Mystery of Life," by Victor Herbert.

YOUR VOTE IS NEEDED

Just two more days to register if you wish to vote in the coming bond election to decide whether or not our city is to purchase the gas plant or let the Tidewater Power Company have it and again we urge you to see to it now that you register and then on election day VOTE FOR THE ISSUE.

Those persons hired by the power companies or otherwise interested in defeating the bond issue and letting the power company come into our city are leaving no stone unturned to get their supporters on the books in an effort to defeat the bond issue and unless our citizens favoring the issue see to it that every available voter is registered we can rest assured that the power company will get the gas plant and in the end our electric plant. If you are interested in the future of our city and our one asset that can keep our tax rate down—the electric plant—certainly you must realize that we cannot afford to let the power company have the gas plant to use as a weapon to tear down the profits of our electric plant to the extent that in the end we would be forced to sell it to the power companies and then forever more be at their mercy.

Your vote is needed to help carry this bond issue to keep out the power company. Don't fail to register and VOTE FOR THE ISSUE!

ABOUT TOWN

The observance of the half-holiday today was probably as general as any other time since the plan was inaugurated several years ago.

Stores that were not able to join the movement when it began the first of the month have announced their intention of closing today which will greatly augment the crowds patronizing the various places of recreation during the afternoon hours.

It is a matter of impossibility to enumerate the good which the employees of the various business houses derive from these half days spent out in the open, but it may be easily imagined that they return to their jobs in much better spirits and more capable of handling the countless problems which confront them from time to time.

This is one of the best investments the merchants can make because it has as its purpose the improvement of the health of the thousands of men and women who constitute the brain and the

Two more days and the registration books for the \$100,000 gas plant election will be closed. This brings the unregistered vote face to face with the fact that if he does not register during the intervening time he will miss the opportunity of casting his vote on this important question.

People who have been thinking over the matter and informing themselves of the plan involved should be able to cast their vote intelligently this time as they ever did in any previous issue, and it is the hope of proponents that those in favor of the purchase will rally to the polls and let their support count.

If the election should not carry, the sale of the plant from the Carolina Gas and Electric Company to the Tidewater Power Company will automatically become effective, and the city will lose its opportunity to acquire this valuable piece of property.

It is needless to enumerate the importance of voting on the question. The far-sighted individual knows what it will mean to the future life of the city and will lose no time in going to the polls and expressing his sentiment.

Don't delay registering, but do so at once before the week slips by and you lose the opportunity.

Free blood testing will be conducted among the colored people by the clinic established here about two years ago by the Rosenwald Foundation co-operating with the State Board of Health and the Pitt County Health Department.

The clinic has been able to accomplish some splendid work among the colored race during the time it has been in operation, and it is not to be doubted that hundreds will take advantage of the free tests offered by the clinics to be conducted in the various colored school houses beginning Monday July 6th and continuing through Friday July 17.

The health workers will spend from one to two hours in each place and administer to all of those in need of treatment. It is impossible to estimate the good that has been derived from this form of health work, and the people should rally to the cause in every way possible and show they appreciate what is being accomplished in their behalf.

Interest continues to increase in the swimming pool recently opened by the group of business men with a view of providing supervised recreation for children during the hot summer months.

Hundreds of youngsters have taken advantage of the offer to swim at the rate of five cents an hour, and it is expected the number of patrons will increase as the summer wears on.

The group of men have guaranteed the operation of the pool for the first month, and have called on the public to contribute to support of the project the remainder of the summer.

That the people will respond to the appeal for financial aid is not to be doubted. Everybody realizes that this is one of the first strokes in behalf of throwing a safeguard around the children while at play tried out here in years, and will stand firmly behind the business men trying to make the pool and golf course a success.

Persons who do not fully appreciate what the pool means to the children should visit the place and watch the beaming faces of those at play. This should be convincing proof of what the pool means to the life of the city.

STATE BEGINS NEW BIENNIUM

Several New Faces Visible at Capitol Today As New Officers Begin Work

Raleigh, July 1.—(AP)—North Carolina's ship of state embarked upon a new biennial sea today, and there were several new faces aboard, while some of the old ones were missing.

Frank L. Dunlap, former Anson county senator, officially entered upon his duties as director of the Bureau of Prisons, an office created by the General Assembly.

A. S. Brower officially assumed his duties as State director of purchase and contract, also created by the last legislature.

Both these men have been serving for the past few weeks, but in preparation for the official opening of their offices July 1, the date specified by the General Assembly.

The State Corporation Commission, from which the duties of supervising banks in the state were taken today.

The resignation of I. M. Bailey, Corporation Commission attorney, and Carl Hill, securities expert of the commission, took effect at midnight. They resigned because of reduced salaries resulting from the ten per cent salary cut for all state officials except those whose salary is set by statute and further salary reductions caused by lightening of their duties.

A. A. Seawell of Sanford, assumed the post of assistant to the attorney general, an office resigned by Frank Nash, who succeeded E. C. Seawell as clerk of the State Supreme Court today. Mr. Seawell resigned after 11 years service to enter the private practice of law.

The salary reduction for the state employees started today, also. They will first feel the slash in their next week pay envelopes.

The ship of state for the 1931-33 biennium will run on sharply slashed budgets. Although the legislature made drastic cuts, Governor Gardner has called upon all department heads to further reduce their expenditures by 20 per cent.

With a \$1,700,000 deficit estimated for the biennium just closing, Governor Gardner has estimated for the biennium just closing in Raleigh with a deficit of approximately \$3,000,000.

This will partly result from the State's taking over control of the six months school term for which the legislature failed to provide for sufficient revenue.

The St. Louis Cardinals, who seem to have the "Indian sign" on their nearest rivals, the New York Giants, increased their lead in the National league race to 31-2 games by beating the Giants 11 to 10 for their second victory in the important series.

The Brooklyn Robins, who were threatening third place, dropped back again as the Cincinnati Reds won a close game 4 to 3. The Reds got an early lead then last night when Benny Frey weakened toward the end.

STRIB PLANS ANOTHER BOUT

By CHARLES DUNKLEY (Associated Press Sports Writer)

Cleveland, July 1.—(AP)—Satey back on the ground after a daring airplane ride over his opponent's training camp, Young Stribling hurried his departure at his handlers' bidding today by suddenly announcing that he would box again tonight in preparation for his quest of the world's heavyweight championship.

Stribling intended finishing his training last night, in accordance with previous plans. All preparations had been made for him to come to Cleveland today and to go into seclusion until time for him to go into the ring to battle Max Schmeling, the title holder, Friday night.

Stribling, accompanied by a New York newspaperman, borrowed a friend's plane in Akron, Ohio, flew over his own training camp at Geauga Lake and then headed toward Pennsylvania, line for Schmeling's camp, 93 miles away.

Stribling's plane was not more than 200 feet above the spectators. He returned twice to repeat the daring exploit and then swiftly sped back to the Cleveland airport to receive a scolding from his father.

NEW BERN TO PLAY BATTERY

The baseball teams of Battery "A", local outfit, and Battery "D" of New Bern, will play tomorrow afternoon at 4 o'clock at the Third Street School grounds.

New Bern will bring a team made up entirely of ex-professionals and college players. Among them will be Johnny Morton, left-handed pitcher for Greenville in East Carolina League, Emmet Ferebee, Carolina shortstop, Bill Powell, Carolina third baseman.

Carey To Watch Young Stribling

Cleveland, July 1.—(AP)—Young Stribling will be a watched young man from now on.

William F. Carey, president of the Madison Square Garden Corporation, decided today to detail two guards to follow Stribling to keep him from flying airplanes, riding motorcycles, etc., until he gets into the ring with Max Schmeling for the championship Friday night.

"This business of riding airplanes is altogether too dangerous with a \$500,000 gate in sight," Carey explained.

LOCALS WIN ANOTHER GAME

The local baseball club of the Tobacco Belt league visited Scotland Neck yesterday, and defeated them by the tune of 7 to 4.

Morris started for Scotland Neck but he gave way to Ailsbrook in the fifth. Gaylor started on the mound for the locals, but proved to be a bit wild and was replaced by Preston Dunn who held Scotland Neck to three hits in seven innings.

The locals will play here again Friday, but at this writing complete plans had not been arranged. Saturday morning at 10 o'clock will find the local club playing the strong team from Macesfield on the local lot, and in the afternoon Greenville will go to Macesfield to complete the 4th of July double-header.

CHARLOTTE CLINGING TO FIRST PLACE

Charlotte, July 1.—(AP)—The Charlotte Bees were sitting a little more steadily on the Piedmont pinnacle today, thanks to the three-hit twirling of "Struttin'."

Shanev, of old Sally league fame, did a nice job of it last night in the Cap city, besting Bill Ferebee, the Raleigh ace, who dished up a no-hit, no-run game recently in a mound duel.

Ferebee pitched a good game, yielding but eight binges, but the Hornets smacked his offerings opportunely enough to ring up a 6 to 2 victory.

Boone's High Pointers made a valiant effort to snap out of the slump at Greensboro, but a sweeping Pat drive in the ninth, scoring four runs, sent their hopes into the ash can.

Fine support from his team-mates enabled Hahn, Tourist roofer, to mark down a 2 to 1 win for Asheville over the Gamecocks at Henderson. He allowed the Birds eight hits, the same number Rube Crews, the old veteran, yielded the Tourists, but the visitors snatched the match to make it two-straight.

Pcughkeepsie, N. Y. Kid Choochate, Cuba, outpointed Harry Saakey, Chicago (10). Philadelphia—Maxie Rosnbloom, New York, outpointed Billy Jones, Philadelphia (10).

N. Y. COTTON

New York, July 1.—(AP)—Cotton opened steady today, 2 to 6 points lower in response to a rather favorable interpretation of the private weekly crop review.

July sold off to 9.70 and December to 10.30, under liquidation which seemed to be combined with some local and commission house selling, but the offerings were not aggressive, the market was quiet at the end of the first half hour with prices showing slight rallies from the lowest.

Liverpool cables said that local and continental liquidation had been absorbed by covering and trade calling in that market and said that home trading in cotton cloths was improving and that a fair business was doing in yarns.

GRAIN MARKET

Chicago, July 1.—(AP)—Sharp breaks in corn prices today carried the market down 4 1/2 cents a bushel. Moisture forecasts and a crop estimate of 914,000,000 bushels more corn this season than last year were largely responsible. The present condition of the new corn crop was unofficially reported as better than a year average. Wheat sold down to within a fraction of the season's low price records.

STOCK MARKET

New York, July 1.—(AP)—Bulls grew more aggressive today at the start of the last half of the year in the stock market.

With the intergovernmental debt negotiations still apparently deadlocked, the session began hesitantly, but a better tone in the foreign courses as their session drew to a close was reassuring, and a few prominent bulls resumed active operations in some of the specialties.

A midday rally soon developed. Of somewhat impressive proportions than yesterday's. Trading remained sluggish and highly professional. Early losses of a point or two were soon replaced by gains of 1 to 3. Bulls gave Woolworth a whirl, which strengthened the merchandising group generally.

Mid-week business statistics in general, were mildly favorable. The freight car loadings report for the third week of June showed the small gain of 6,663 cars.

This week's negotiations on the four-party eastern consolidation plan have not succeeded in ironing out differences as rapidly as expected in some quarters, and meetings have been postponed to July 7.

Although reports are not yet all in, it is now estimated that net operating income for May for all class I roads was about 40 per cent under May, 1930, and 80 per cent under 1929. April showed a reduc-

tion of 37.5 per cent from 1930. The weekly petroleum statistics, showing a drop of 432,000 barrels in gasoline stocks, and of 40,400 in daily crude oil output, served to bolster the somewhat improved sentiment in the industry.

Credit remained plentiful, with outside call money offered at 1 per cent.
