

## GERMAN PLAN DISCUSSED AT CONFERENCE

### German Chancellor Invited to Go to Paris to Take Part in Deliberations

Paris, July 16.—(AP)—Tentative plans for extending financial assistance to Germany under some form of international supervision were worked out today at a meeting attended by Secretary of State Henry L. Stimson and representatives of France and Great Britain. It was learned from authentic sources.

The present idea, it is understood, is that the supervision would be by an international committee with prerogatives similar to those of the supervisory committee which operated under the Dawes plan.

Despite its character as one of the most important international meetings since the days right after the world war, this morning's conference came to no definite decision but submitted all its conclusions to the cabinet as well as to the German government, whose representatives are expected here some time tomorrow.

Mr. Stimson, it was said, made it clear to the French and British delegates that the government of the United States cannot participate further in German relief but that his government is willing to submit the question to American banks.

The amount of the credits to be extended to Germany was not discussed and apparently the issue of political guarantees imposed by France also did not enter the conversations.

This does not mean however, that the political issues have been forgotten. Undoubtedly they will be discussed with Chancellor Bruening and Foreign Minister Curtius when they get here from Berlin. It was expected that they will confer first with the French and later attend a general meeting with representatives of the other nations before going on to London for an international conference on Monday evening.

Developments in the situation arising from Germany's financial crisis are succeeding one another with a rapidity unusual in international diplomacy.

One of the most important international meetings since the treaty days of 1919, today brought representatives of France, Great Britain and the United States together for discussion of the financial crisis in Germany.

After four hours it adjourned with the announcement that the German Chancellor had been invited to come to Paris for another meeting before going on to London where representatives of all the great powers are scheduled to meet on Monday evening.

Premier Laval, Aristide Briand, the French foreign minister; Henry L. Stimson, American secretary of state; Ambassador Edge, Arthur Henderson, British foreign secretary, and Lord Tyrrell, the British ambassador, took part in today's discussions.

It was just one o'clock when Mr. Stimson and Ambassador Edge came out of the conference. Some one asked the secretary of state about the results of the meeting. "The conference has just begun," he replied.

Although there was no official word, it was reported in government circles that Chancellor Bruening of Germany and his foreign minister would reach here late tonight to sit in on a meeting tomorrow.

In Berlin it was said that the chancellor and Foreign Minister Curtius are almost sure to leave for Paris tonight.

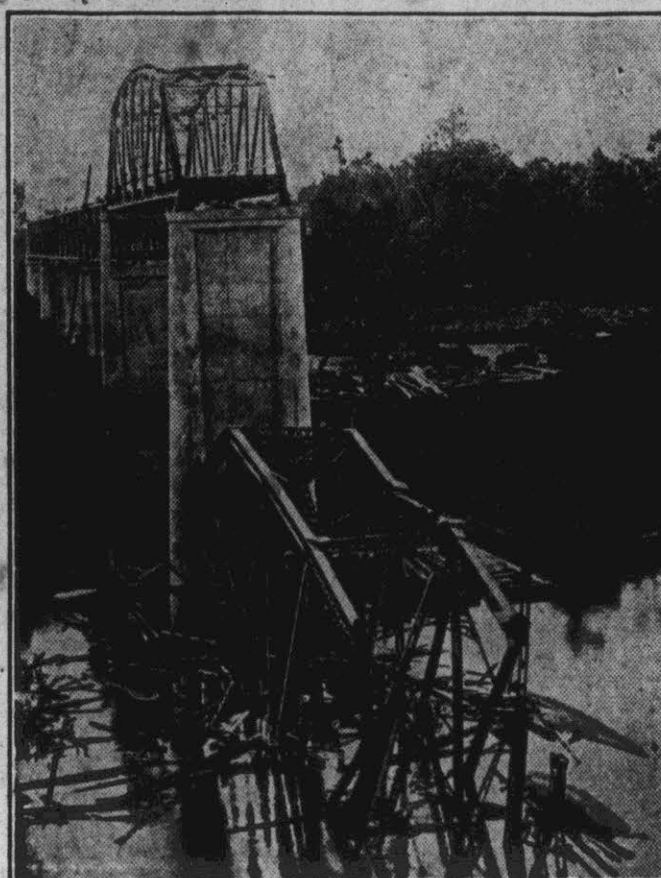

Prime Minister MacDonald of England cancelled a visit to Berlin which he was to have made tomorrow and will remain at London for the meeting there on Monday. This meeting may supersede that of the Young Plan experts who were to have gathered to dovetail that plan with the Hoover moratorium.

At Berlin the banks which were closed two days ago by government decree reopened to meet the mid-month payroll. The cabinet remained in session considering Chancellor Bruening's trip to Paris and London.

The status of the Young Plan experts' meeting, scheduled for tomorrow is somewhat uncertain now since events have followed one another with such rapidity. Originally it was to have conducted its negotiations prior to a meeting of official representatives of the nations concerned. There seems to be a possibility now that the experts may not meet as scheduled.

As explained unofficially by an authoritative quarters, the significance of these sudden changes is that Germany's situation is regarded as so serious that immediate drastic action by all the nations is required.

### Three Officers and Cadet Die As Two Planes Collide in the Air in Texas

San Antonio, Texas, July 16.—(AP)—Three officers and one flying cadet were killed four miles south of Brooks Field today when the two planes in which they were flying collided in the air.

They were Major Charles V. Hart, flight surgeon and pilot; Captain Carlos J. Chamberlain of New York City; second Lieutenant K. Austin Rogers, flying instructor, and Cadet Endicott Longacre. The two planes, piloted by Major Hart and Lieut. Rogers, were flying at an altitude of 300 or 400 feet when they crashed in midair and plunged to the ground. The accident was seen by other pilots, who landed nearby and summoned an ambulance from the Brooks Field hospital.

## PRODUCE WAR IS RENEWED

### S. C. Towns Place An Embargo On Produce From N. C. As Result \$50 Tax

Charlotte, July 16.—(AP)—Reports had it today that the "produce war" between North Carolina and South Carolina has flared up in new form.

The Charlotte Observer says merchants of Pagedale, a small South Carolina town located near the state line, have put an absolute embargo on all North Carolina goods in protest of the \$50 North Carolina license tax levied on sellers of produce from outside the state.

Other South Carolina towns near the North Carolina line, including Ruby and Mount Crogan, are preparing to join the embargo, the paper says.

C. S. Hardy, Charlotte fruit salesman, is quoted as saying Pagedale merchants yesterday would buy nothing from him because his products are shipped from Charlotte. The merchants, Hardy is quoted as saying, have agreed not to buy anything grown, manufactured or shipped from North Carolina until the \$50 license tax is lifted.

This stand was taken, Hardy said, because of a loud protest from the farmers and truck growers who threatened to cut off the merchants' trade.

Prominent Men From All Parts of the State Vie With One Another In Effort to Appropriately Laud Activities of Last General Assembly At Celebration Here

Three members of the Legislature from Pitt county—Senator M. K. Blount and Representatives E. G. Flanagan and J. W. Holmes—received the plaudits of a grateful people at a celebration at the Country club yesterday.

A crowd estimated at between 700 and 1,000 attended the exercises, and joined with Pitt County people in attempting to honor the legislators for the conspicuous part which they played in the passage of outstanding legislation during the last General Assembly. Among the gathering was a number of notable men from all sections—figures high in the business and political life of the State—who did their part in the tossing of bouquets in direction of the solons. The celebration got under way shortly before the noon hour and concluded last night with a dance. A barbecue dinner was served during the afternoon, and over 700 persons displayed their ability to dispose of the bountiful supply of Pitt County hog.

Those who came with the hope of hearing something out of the ordinary from a political standpoint went away disappointed because the entire affair was given over to praise of the legislators and their spectacular fight in behalf of the McLean School Bill. While the bill did not pass in its original form it was shown that its supporters were still hopeful of victory in the future, and they so expressed themselves in a very convincing manner.

F. C. Harding was master of ceremonies. R. C. Flanagan, mayor of Greenville, welcomed the visitors on the part of the city, and Raymond Turnage did so on behalf of the county. The speakers were: Congressman Lindsay Warren, A. D. McLean, author of the School Bill; Judge Francis D. Winston, Senator Rivers D. Johnson, Lieutenant Governor Fountain, Hallet S. Ward, E. B. Jeffers, chairman of the State Highway Commission, A. J. Maxwell, commissioner of revenue; Senator John Hinsdale, Senator Baggett, Tom McNeill, O. B. Moss, R. B. Davis, Senator Rodwell, and others.

All addresses were confined exclusively to the activities of the last session of the General Assembly, and speakers were liberal in their praise of the men who sat through one of the longest sessions in history in an attempt to pass what they believed to be constructive legislation.

Joseph Daniels, editor of the Raleigh News and Observer, was prevented from attending the celebration but sent a letter which was read by Colonel Albion Dunn. Mr. Daniels was unsparring in his praise of the solons, and rapped sharply (Continued on page two)

## DO NOT SEEK PERMANENT HIGHER RATES

### Railroads Ask I. C. C. to Grant Increase and Leave the Question Open for Future

Washington, July 16.—(AP)—The railroads today announced that they did not want the 15 per cent freight rate increase they have asked to be made necessarily a permanent rate.

Counsel for the railroads asked the Interstate Commerce Commission to grant the rate increase and leave the case open for the future to determine whether an additional boost or lower rates were necessary.

Henry Wolf Bikle, chief counsel for the railroads, made the suggestion at the outset of the second day's hearing by the commission of the railroads' case.

Immediately afterward J. J. Pelley, president of the New York, New Haven & Hartford Railroad, testified that it was felt that without additional revenues, such as would be afforded by the 15 per cent increase, the railroads could not continue the transportation service "which it is their duty under the law to provide and which is essential to the public welfare."

Bikle told the commission that it obviously was impossible to tell when the present depression would change.

"Therefore it seems impossible for us to set a date for expiration of the rate increase," he said.

## TO HOLD UNION SERVICES HERE

### Ministerial Association Arranges for Evening Meetings During August

The Ministerial Union of Greenville has arranged for Union evening services for the five Sundays of August and one in September. These services will be held in all of the churches of the town, beginning with the Presbyterian, and ending with the Episcopal. Ministers of the town will do the preaching. The schedule is as follows:

First Sunday evening, Presbyterian church, with Rev. Covert as preacher.

Second Sunday, Immanuel Baptist, Rev. W. S. Harden.

Third Sunday, Methodist, A. W. Fleischmann.

Fourth Sunday, Christian, Rev. E. L. Hillman.

Fifth Sunday, Memorial Baptist, Rev. W. A. Ryan.

First Sunday, September, Episcopal, Rev. W. A. Lillycrop.

All services begin at 8 p. m., with exception of the third Sunday, when the service will be held at 7:15 p. m. to conform to the present arrangement at the Methodist church.

## ASK CLEMENCY FOR A. B. FALL

### New Mexico Senators and Legislature Appeal to President in Joint Telegram

Washington, July 16.—(AP)—A joint telegram from the two New Mexico senators and both Houses of the legislature of that state asking executive clemency for Albert B. Fall was received today at the White House and sent immediately to the Department of Justice.

The former secretary of the interior is awaiting commitment to the New Mexico penitentiary to serve a sentence of a year and a day for accepting a bribe in connection with a naval oil reserve lease.

The president will take no action on the clemency petition until after the Department of Justice has studied it and made recommendations.

El Paso, Texas, July 16.—(AP)—Mrs. J. J. Elliott, daughter of Albert B. Fall, former secretary of the interior who is awaiting commitment to the New Mexico penitentiary to serve a year and a day for accepting a bribe, was prostrated today by news that her former husband, Brant F. Elliott, had died at Walsingham, Va. A physician was called to attend her.

## NAVY SEEKS AIR SPEED

### Will Ask for Larger Appropriation for Development of a Faster Aircraft

Washington, July 16.—(AP)—The navy has launched a program calculated to make it second to none in speed in the air.

A secret contract calling for development of an airplane engine of greater power, speed and efficiency than any ever produced in this country has been assigned to a civilian designer described as one of the best in the business.

The job of turning out an engine to compare favorably with those of the English and Italians who have been winning seaplane speed honors in recent years, is expected to occupy the designer a year or more. His identity has been carefully guarded.

To continue the program, the navy expects to ask the next Congress for a considerable larger sum than the \$220,000 appropriated for high speed plane development at the last session. This will permit the high speed propellers and plane construction as thoroughly as it has started to do with respect to engines.

"Nearly \$3,000,000 and two to three years of development will be required," said David S. Ingalls, assistant secretary for air.

By 1933 the navy hopes to be able to re-enter the international which it has not competed since Schneider cup seaplane races in 1926. This year's race will be held in September in England with the British and Italians renewing their rivalry.

Although Secretary Ingalls believes America now is on an equality with other nations in the speed of the fighting planes, he keenly appreciates the importance of high speed engine development in maintaining this position.

## Rain Relieves Drought Areas

Atlanta, July 16.—(AP)—Continued rains brought further relief to the scorched South last night and early today and the Weather Bureau forecast more showers tomorrow.

The rains of the past two days C. F. Von Herrmann, United States meteorologist said, have covered virtually the entire cotton belt with the possible exception of a few local areas which may still get showers. Serious aspects of the drought, he said, have been removed. Lower temperatures came with the rain.

Mobile, Ala., was among the cities to receive the heaviest rains during the past twenty four hours.

## Thirty Witnesses Summoned to Testify in Clayton Slaying

Smithfield, July 16.—(AP)—Some 30 witnesses were under summons today to appear as witnesses tomorrow night at Clayton on the inquest into the death of Jesse J. Williams, chairman of the Johnston County Democratic committee, who died of a pistol wound at his home there, June 26.

Coroner J. H. Kirkman announced today that he had decided to hold the inquest in Clayton, probably in the schoolhouse, instead of in the courtroom here as originally planned.

Among those subpoenaed were Mrs. Williams and her son, Jesse McCoy Williams. They have said Williams shot himself.

Coroner Kirkman said the absence of powder burns on the body or clothing of the dead political leader and other circumstances led him to order the inquest.

## ROWAN COUNTY SHERIFF SLAIN

### Shot to Death By World War Veteran At Salisbury During the Morning

Salisbury, July 16.—(AP)—Sheriff Locke McKenzie of Rowan county, was shot and killed here today by Scott Winders, a world war veteran.

Winders opened fire on Sheriff McKenzie with a shotgun shortly after the sheriff had gone to the Winders home in response to a telephone message from Mrs. Winders. Several shots took effect and McKenzie died before he could be put into an ambulance.

Winders recently had returned to Salisbury after being treated in several government hospitals for shell shock and other after effects of wounds received during the war.

This morning, according to his wife, he made a number of rash statements about what he proposed to do. One of these statements, Mrs. Winders said, was that he intended to "shoot up the town."

Winders telephoned the sheriff and said she telephoned the sheriff and asked him to come down and see what could be done with her husband. Soon after the sheriff arrived, Winders got his shotgun and fired point blank at the official. Sheriff McKenzie was 42. He was a son of former Sheriff James H. McKenzie and leaves a wife and family.

Winders was arrested by Deputy Sheriff Arthur Shuping, who had gone to the Winders home with Sheriff McKenzie, and lodged in the Rowan county jail.

Coroner M. L. Tatum announced no inquest would be held until after Sheriff McKenzie's funeral.

Winders fired one time, practically the entire load from his shotgun striking the officer. It was the only shell in his gun.

Relatives said Winders was admitted to the State Hospital for the (Continued on page two)

## CANNOT QUIZ MRS. BALLARD

### Judge Frizzelle Vacates Order of Examination in Elmer Whitley Suit

Mrs. G. H. Ballard can not be examined regarding any property she may have in her possession until after her attorneys have filed an answer to the charges which Elmer Whitley brought against Mrs. Ballard in his \$5,000 damage suit.

According to a ruling handed down today by Judge J. Paul Frizzelle, in chambers at Snow Hill. The order of examination issued by Clerk of Superior Court J. F. Harrington last week was vacated by Judge Frizzelle, and the case which has held the spotlight here the last several months will remain unchanged until attorneys for Mrs. Ballard have filed their answer.

The order of examination was issued by Clerk Harrington one day last week, and when Mrs. Ballard was brought up for examination, Judge Albion Dunn and Julius Brown, her attorneys, declared the order contrary to law and appealed to Judge Frizzelle. The two attorneys appeared before the jurist at Snow Hill this morning and returned at the noon hour with his decision vacating the examination order and dismissing the plaintiff's petition.

Whitley and Elmer Cox were sentenced to from six to nine years in state's prison by Judge Frizzelle in April for the highway robbery of Mrs. Ballard during the Christmas holidays.

Several weeks ago the two men were released from jail here under bond, and Whitley immediately filed notice of suit for damages.

About this time it was discovered that Mrs. Ballard had an undetermined amount of money in a safe deposit box at Wilson, and attorneys for Whitley obtained an order to open the deposit box. When the box was opened something over \$6,000 was discovered, but Mrs. Ballard contended that it was a trust fund which she was holding for a relative.

An official of the bank was summoned to Greenville to tell what he knew about the deposit box, and stated that Mrs. Ballard had rented the box under an assumed name with a request that it be kept a secret. He said she had gone to Wilson one night shortly after the secret became known, in an unsuccessful attempt to get into the box.

Further developments in the case were awaited with interest today, but nothing is anticipated until attorneys complete their answer to the complaint filed by the plaintiff sometime ago.

## Captain Alexander Magyar and George Endres Reach Goal At 2 O'clock This Afternoon After Crossing the Atlantic From New Foundland; Thousands of People Gathered At Airport to Give Daring Airmen Rousing Welcome

Budapest, Hungary, July 16.—(AP)—Captain George Endres and Captain Alexander Magyar landed the trans-Atlantic monoplane "Justice for Hungary" late today.

They brought down their plane in the gathering darkness, completing a flight of 3,200 miles from Harbor Grace, New Foundland.

It was the twelfth successful non-stop crossing of the north Atlantic by airplane.

This is the first flight since Lindbergh's passage to Paris in which the pilots set a definite goal for themselves in continental Europe and hit it.

A crowd which probably numbered 100,000 turned loose a roar which drowned the noise of the motors as the ship nosed down.

They were perched on roofs, jammed in the streets and massed on building tops. Many of them leant out of their windows, cheering until they were hoarse as the plane rode over the city.

## Chinese Demand The Execution of Dr. Francis Tucker

Peking, China, July 16.—(AP)—Execution of Dr. Francis F. Tucker treasurer of the William S. Portt Memorial Hospital operated by the American Board of Missions at Tchow, Shantung, has been demanded by the Kuomintang in the Tchow district as the penalty for the death of a native hospital employee whom Dr. Tucker shot last week in the belief that he was a burglar.

The Kuomintang demands the physician's immediate arrest and suspension of the activities of the mission. It demands an apology from the American minister and payment of an indemnity to the dead man's family.

The American consul at Tsinan reported that Dr. Tucker, after a series of burglaries at the hospital, kept a revolver under his pillow on a cot in his office. Last Saturday night he was awakened by a man who entered the office with a skeleton key. The intruder fled when Dr. Tucker awoke and the physician shot him.

Any effort to bring Dr. Tucker to trial in the Chinese courts would be vigorously opposed, legislation officials said.

Several weeks ago the two men were released from jail here under bond, and Whitley immediately filed notice of suit for damages.

### GERMAN HILLS DISCUSSED AT CONFERENCE

(Continued from page one) Items concerned is imperative.

New York, July 16.—(AP)—Dr. Herman Dietrich, German financier, said today in a statement through Dillon, Read and Company, that in agreement with the Reichsbank he considered it a matter of course to make interest and sinking fund payments on long term loans of German debtors.

The statement represented the official answer of Germany's finance ministry to press reports that the Reich contemplated declaring a moratorium on debts represented by external bond issues

including municipal, state, industry and utility loans, of which large amounts are held in this country.

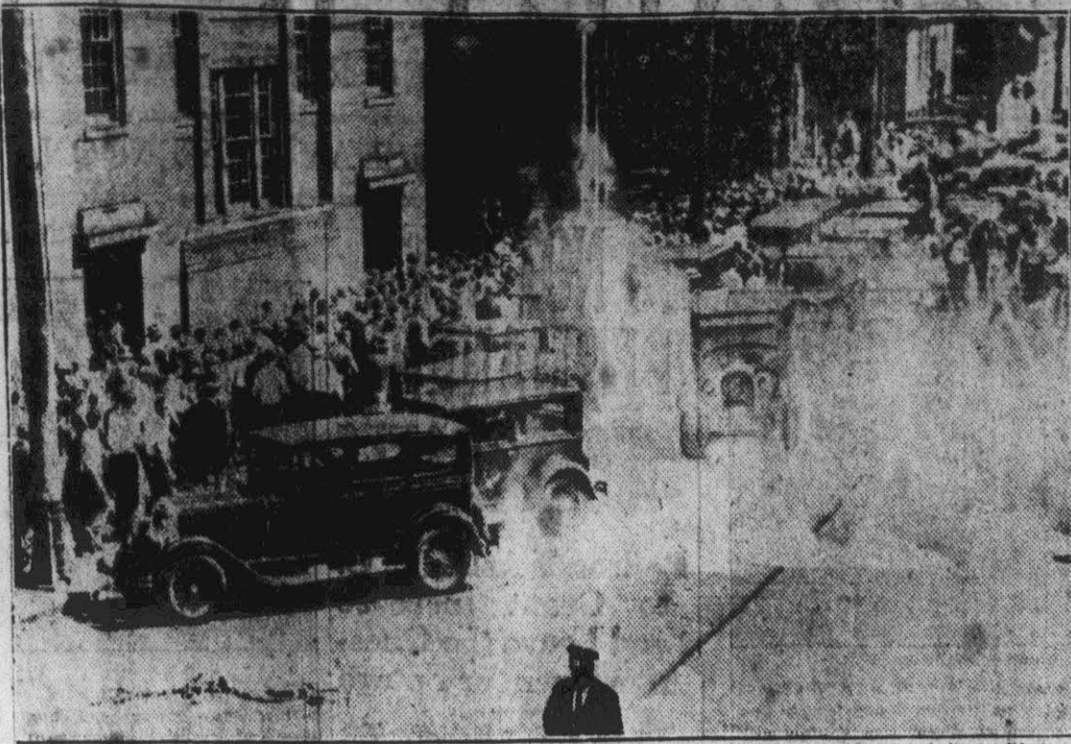

In connection with the statement it was emphasized that Germany's current difficulties were due chiefly to sudden and substantial withdrawals of short term credits in large volume, a movement which, coming suddenly, offered a serious problem. Dr. Dietrich said, however, that efforts were being made to find a basis for a settlement of these credits.

not show when he was released.

Mrs. Winters told the sheriff over the telephone that Winters was threatening to shoot up the Veterans' Bureau in Charlotte if efforts were made to return him to a government hospital.

When McKenzie and Deputy Shuping reached the house, Shuping, who was a friend of Winters', said, "Come here, Scott, I want to talk to you."

Winters replied from the rear of the house that he was going to kill him (Shuping) the officer said. Shuping, however, said he believed Winters was not armed at that time.

Following this conversation, Sheriff McKenzie, who had just reached the porch beside Shuping, spoke to Winters who had come from the rear of the house. Then, said Shuping, Winters opened the screen door and fired his shotgun point blank at the sheriff.

The dead sheriff leaves three sons besides Mrs. McKenzie, who was Miss Nell McLean, of Gastonia.

### Junior Woman's Club

Farmville, July 15.—The Junior Woman's club, one of the very few local organizations able to keep up enthusiasm and attendance during the summer months, met on Wednesday afternoon at the home of Miss Mary Alice Beaman, with Miss Beaman and Miss Sue Barrett as joint hostesses.

Miss Lottie Lane Joyner, vice-president, presided over a business session during which reports from the constitution and program committees were read and accepted. In line with the decision of the club to study art for a period of several months, was the excellent program presented by Miss Sarah Mewborn, whose subject was, "The Importance of Art to the Early Greeks and Romans," and by Mrs. W. A. Pollard, Jr. on "Ancient Contribution to Modern Arts."

Out-of-town guests included Miss Allie Louise Fountain of Fountain, and Miss Virginia Lang of Walstonburg. An ice course was served after adjournment.

### Bridge Luncheon

Farmville, July 15.—(AP) — One of the most delightful affairs of the summer was a bridge luncheon held on Wednesday, with Miss Adie Bynum as hostess at her home near Farmville, and at which members of the Progressive Bridge Club and additional friends were guests. Bridge was played at six tables, bearing attractive appointments and place amid a setting of garden flowers. The club prize, bridge cards, was won by Miss Tabitha De Visconti, and a similar prize for the guests, went to Mrs. D. R. Morgan. A delicious barbecue luncheon was served at 1 o'clock, with the following guests invited especially for this part of the affair: Misses Mary and Lucy Barrow, Mrs. Ed Nash Warren, Maury; Mrs. J. H. Bynum, and Mrs. L. L. Murphey.

### YOUTH TELLS ABOUT SHOOTING MAN TO DEATH

Waynesville, July 16.—(AP)—Shuford Grooms, stalwart mountain lad of the Big Bend section of Haywood county, told a jury here today how he killed "Shorty" Miller with a single pistol shot on May 2.

"I killed him because he killed my sister," the youth said in a voice which was audible throughout the crowded court room. Grooms is being tried for second degree murder.

He then related his version of the tragedy which cost the lives of his sister, Minnie Grooms, and Miller at the Grooms home in a remote section of the county.

### Mrs. Ewling Club Hostess

Mrs. L. H. Bowling was hostess at a delightful meeting of her bridge club yesterday morning.

The home on Summit street was very attractive with summer flowers.

Following a number of interesting rubbers of contract bridge, the hostess, assisted by Mrs. C. A. Bowen, served a delectable luncheon.

An attractive prize was awarded Mrs. L. W. Gaylord for high score. Mrs. W. H. Rogers, Jr., who is leaving Greenville soon, was given a string of lovely beads.

### Chicago Solves Mystery Figure

Chicago, July 16.—(AP)—Someone in the home of Sam Genna, once notorious as the leader of a liquor gang, pulled down a shade last night and Chicago's six day wonder—the image of a mother and her child—which appeared on the side of an apartment building on South Ashland avenue, vanished while 20,000 spectators watched.

Genna's home is directly opposite the apartment building to which as many as 50,000 persons were attracted by the appearance of the figure on the wall. An arch lamp some distance away had been throwing its beams upon a bay window in the Genna home. The window pane, in turn, had reflected the light upon the wall of the apartment, with a lace curtain adding a shadow that resulted in a somewhat dim resemblance of the Madonna and child.

With the discovery of the cause of the image the crowd went home disappointed. Some of them had been in the neighborhood all day. Once the crowd was so dense police reserves were called out to maintain order. During the excitement some of the spectators threw rocks at the police as they tried to force their way through the crowd. One woman, Mrs. Paul Wimmer, of Milwaukee, Wis., was hit, but was not badly hurt.

Peanut vendors and hot dog men did a big business, while pickpockets reaped a harvest.

A newspaper reporter helped in a solution of the mystery. Toward midnight he held up a handkerchief between the figure and the window of the Genna home and noticed that its shadows partially obscured the image. He asked the police to investigate at the Genna home.

Lieut. Joseph Pieroth went into the house and examined the shade, reporting back that the mystery had been solved.

### HUNDRED HEAD OF CATTLE DROWNED

Hammond, La., July 16.—(AP)—Reports reaching here today from Frenier, a small town on the western shore of Lake Pontchartrain, said high tides overflowed a pasture during yesterday's tropical storm and drowned 100 head of cattle.

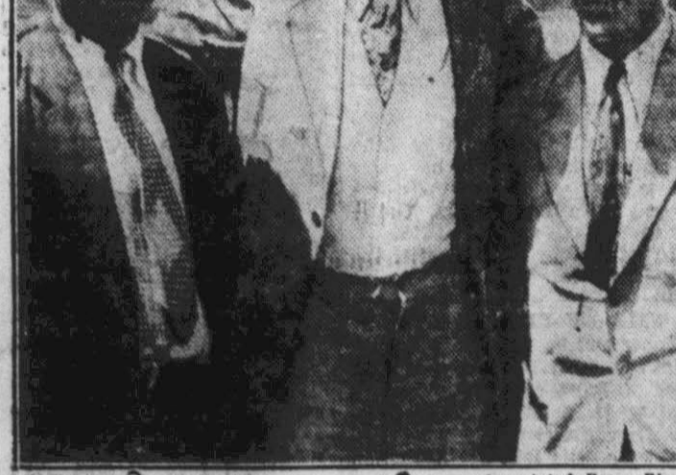

### KILLED BY LIGHTNING AT MOTHERS BEDSIDE

Chicago, July 16.—(AP)—The story of how a man was struck dead by lightning while standing at the bedside of his mother, believed dying, was told today by Frank Donly, a secretary employed in the Chicago office of Judge Frederick D. Young of the State Supreme court.

Leonidas Jeffers, cousin of Donly, was the victim. Donly said Jeffers left Nebraska to hurry to the bedside of his mother, who was ill in Galien, Mich. Just as he was shown to his mother's room a bolt of lightning flashed through the window, killing him.

His mother escaped unharmed.

The commissions adding them to a long list of colonels of the state of Oklahoma were awarded at a reception to the fliers in Oklahoma City. Left to right are: Post, Governor Murray and Gatty.

### Welfare Workers Discuss Children

Chapel Hill, July 16.—(AP)—Welfare workers attending the public welfare institute here today had as an example of one of their problems the case of a six year old boy who was kept tied to a cradle for the first three years of his life.

The child, Miss Lilly E. Mitchell, state director of child welfare, said in discussing the case yesterday, will be one of the first to benefit from the new state boarding home fund created by the last Legislature.

Miss Mitchell said the mother of the child, unmarried and wishing to conceal its identity, kept it locked in a room and tied in a cradle or rocking chair. At three years of age, she said, the baby could not walk or talk, being able to make only swaying motions.

Three years ago, she said, the mother persuaded a western North Carolina housewife to take care of the child. It now has been taught to walk and talk and appears normal.

Speakers at last night's session of the institute, which will continue through tomorrow included Dr. C. A. Wildwood, of Duke University, and John J. Phoenix, superintendent of the North Carolina Children's Home Society, Greensboro.

## AVOID THIS SERIOUS EMBARRASSMENT

This is a common sense talk on the New Automobile Financial Responsibility Law, recently passed by the State, and effective July 1st. Simply, this law says:

**"Pay the losses you incur by negligent and careless driving or lose your license to drive in this State."**

If you have an accident which results in a suit and a judgment of damages against you, you must meet the judgment within thirty days or forfeit your right to drive in the State. It may be for \$50 or \$5,000. You have to meet THAT judgment or get along without your car, and that would be a serious embarrassment. We have to depend so much upon a car for business and pleasure.

How to avoid such a disagreeable possibility? Take out Public Liability and Property Damage Insurance with us today and protect yourself against the possible consequences of this law. Tomorrow may be too late.

Thunderstorm Causes Damage at Capital

Washington, July 16.—(AP)—Lightning snarled threes and buildings, a burned awning on the capitol and a shattered hickory in the White House grounds remained today as handwork of an electrical thunderstorm that broke late yesterday over Washington.

Hail and high wind accompanied a pelting rain. The temperature dropped from 93 degrees to 77 within two hours, bringing relief from high temperatures.

Capitol building police reported lightning had fired the awnings McFadden of the House Banking outside the office of chairman of the committee near the middle of the west side of the structure. Witnesses, however, insisted the goddess of freedom on the dome was struck, but no damage was reported.

Lightning struck on wing of the census building, starting an attic fire that was extinguished quickly. Governmental officials said the heat preceding the storm probably prevented injuries, as employees had been excused from work.

A number of private buildings and a church in Anacostia, D. C. were struck, the church being ignited. A flagpole at the Naval Hospital was destroyed.

An empty airplane at Washington Airport was picked up by the wind and hurled into trolley wires about 100 feet distant. Temporary structures at Bolling Field were damaged.

John Powell, 18, narrowly escaped death when his sailboat was capsized in the potomac.

Hardy Grim, 50, farmer, was killed by lightning while 1 oadish hay on his farm near Kernstown, Virginia. The death here of Rudolph Kovaciel, 58, was attributed to the heat.

New Law Eliminates 465 Schools in N. C.

Raleigh, July 16.—(AP)—A total of 465-52 high schools and 415 elementary schools—in North Carolina have been eliminated in arrangements to put the MacLean six month school act in supplementary legislation into effect.

Elimination of the schools, through consolidations, was announced last night by the State Board of Equalization in allotting teachers to the counties under the new law.

The allotment showed that 21,894 teachers will be employed under the law 11,395 less than participants from the equalizing fund; 684 less than employed under the school laws in effect last year, and 1,933 less than employed last year by state and local agencies.

Explaining that elimination of the schools through consolidation was mandatory under the law, the equalizing board said every effort was made to see that none suffered injustice.

"The result," the board's statement said, "represents the best thought and earnest effort of this group to carry out the intent of the law and to build for the State a better school system."

The board gave three reasons for the decreased number: 1. The increased teaching load contained in the new school act. 2. The consolidation effected by instances that a small school could be very easily placed in a larger one without additional teachers. 3. The increase in average daily attendance for the past year was not equal to that of recent years.

Recover Girl's Body From Lake; Declared Suicide

Lenoir, July 16.—(AP)—The death of pretty 18-year-old Lucille Parker, of Conover, whose body was dragged yesterday from Lake Hickory near here, was recorded today as a suicide.

A coroner's jury returned a suicide verdict after the body had been discovered at the end of a long search near the spot where Emmett (Bud) Clins 27, of Star-town, a friend of the girl, had said she plunged into the water Monday night.

Cline, who had been held without bond for questioning while the search for the body was made, was released.

Complete Highway From Mountains to the Seashore

Marion, N. C., July 16.—(AP)—North Carolina today had a completely paved highway from the mountains to the sea.

Traffic was opened today on the last lap of the 600 mile stretch from the sand dunes of Carteret county through the rolling Piedmont into the mountains of Cherokee.

The final stretch of the state's "main street" was one mile of concrete recently laid near Old Fort on Highway No. 10.

Discuss Plans for Operating Nitrate Plants in Alabama

Florence, Ala., July 16.—(AP)—Representatives of Tennessee, Alabama and Army engineers assembled here today for a conference with Secretary of War Hurley to devise some plan to operate the government's \$150,000,000 nitrate plants of Muscle Shoals.

Efforts of Congress to provide for Federal operation of the plants have been vetoed twice in the past ten years, once through a pocket veto of President Coolidge and again by veto of President Hoover, who suggested that the two states most interested solve the problem for themselves. The conference today is the outgrowth of that suggestion.

The secretary was due here by plane from Washington shortly after noon to inspect the project, which includes Wilson dam and the war-time nitrate plants.

C. Arthur and others on November 13, 1926, as appears by deed of record in Book X-15, at page 298, Pitt County Register of Deeds office."

This the 6th day of July 1931. H. A. White, Trustee. J. J. White, Admr. F. G. James & Son, Attys. July 6-11w-4wks.

ABOUT TOWN

The Greenville Banking and Trust Company continues to grow. In addition to the parent institution here, it is operating five branches in this section of the state. The latest branch is that at Belhaven, which has been without banking facilities since the closing of the Farmers Bank there some time ago.

The Trust Company is listed among the strongest organizations in this section of the state. Its assets are in the most liquid condition of any single period of years, and this enables it to offer greater assistance than ever to its hundreds of patrons.

Greenville is proud of the growth of its organizations, and it is a source of much satisfaction that they have been able to continue to expand in the face of the depression existing in all parts of the world at this time.

Greenville people know more about the activities of members of the State Legislature by reason of the celebration held in this city yesterday honoring Senator M. K. Blount and Representatives E. G. Pannan and J. W. Holmes.

Business men and politicians from all sections of the state were in attendance and helped laud the Pitt county men for the part which they played in outstanding legislation.

It was the first time that a celebration of this type had been held in this part of the state and much speculation was attached to it. Some thought it was an attempt to boost somebody for governor, others saw an effort to create more sentiment in behalf of the McLean school bill, but in the words of the promoters the prime object of the assemblage was to duly honor county legislators.

Now that Pitt county has led the way it is to be expected other counties of the state will hold similar celebrations in the future to honor their members. It is impossible to estimate the political importance which may be given some of the gatherings, but whatever it may be done their part by the men they sent to Raleigh to represent them in the passage of constructive legislation.

The city has cast its vote in favor of the proposed purchase of the local gas plant, and officials will begin immediately to plan for disposition of the \$100,000 bond issue and transfer of the gas plant property.

The plant will be consolidated with the Water and Light Commission and that organization, which for years has moulded the destiny of the light and water plant, will do what it can to convert the gas plant into a paying proposition for the city.

It is a great task they have undertaken, but who will question their ability to emerge successfully after the long years of operation of the water and light plant.

The commission has adopted an ambitious program for the present year. It provides for a turnover to the town of \$25,000, and an additional sum of \$25,000 for the retirement of bonds.

In recent years the organization has turned over from \$10,000 to \$15,000 annually, enabling the city to effect a considerable reduction in tax rate.

Sources of revenue of this type play a vital part in the life of any progressive city, and Greenville people should congratulate themselves upon the fact that they have paved the way for greater earnings through purchase of the gas plant.

Union evening services will be held in Greenville during the five Sundays in August and one in September, according to announcement made today by the Ministerial Association.

The services will be held in all churches of the city, beginning with the Presbyterian and ending with the Episcopal.

Ministers of the various churches will do the preaching, and the public is promised one of the most inspirational programs in years. All the churches should co-operate in this effort to provide appropriate services for the hottest

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

Place your finger on your Adam's Apple. You are actually touching your larynx—this is your voice box—it contains your vocal chords. When you consider your Adam's Apple, you are considering your throat—your vocal chords. Don't rasp your throat with harsh irritants. Reach for a LUCKY instead.

Here is what one of America's great scientists, whom we retained to study LUCKY STRIKE'S manufacturing process, says about the mellowing effect of Ultra Violet Rays which are included in our exclusive "TOASTING" Process:

"The effects of this ultra violet treatment on the tobacco have been tested and are found to involve an increase in what is called the 'mildness' of the tobacco."

One of America's greatest writers and editors says this:

"When I visited Reidsville and went through the LUCKY STRIKE plant, I found one explanation for the growth of LUCKY STRIKE. Your use of the Ultra Violet Ray in the 'Toasting' of tobaccos is a splendid example of achievement. It is the new order of the day."

Remember, LUCKY STRIKE is the only cigarette in America which offers you the throat protection of the exclusive "TOASTING" Process—that secret heating process which expels certain harsh irritants present in all raw tobaccos, and which includes the extra mellowing benefits of modern Ultra Violet Rays. And so we say "Consider your Adam's Apple". Be careful in your choice of cigarettes.

# NIGHT DOUBLE HEADER FOR THE PIEDMONT

By PAUL SIMMONS  
 Charlotte, July 16.—(AP)—Something new in the Piedmont league—a night double header—The first in the league's history, will be served up tonight to Charlotte fans.

The Greensboro Pats and the Hornets were lined up for a match last night but a rainstorm washed it away, and they decided to play a twin-bill tonight. The program will be put on partly for the benefit of the local American Legion Post of Felix Hyman, club president, was optimistic today, as to the number of the faithful who would be attracted by the night bargain offering—two games for the price of one. He was expecting upwards of 5,000.

With Charlotte idle last night, the pact that is on the nine's heels in the race for top honors picked up a half a game on the leader. Asheville, Henderson and Raleigh won their matches and pulled up within two games and a half of the bees. They are all in a tie for second place with a percentage standing of 556.

It was a quadruple tie for second place before last night, but the pointers dropped their game with Henderson at High Point, 10 to 5, and slipped back a notch.

One day, the Piedmont nines will brane up and play air-tight ball, the victor being pressed to win by a one-run margin. Night before last one of the jam-up ball nights. Last night, however, it was a little different.

While the Gamecocks wrought mayhem on the Pointers at High Point, Asheville's Tourists did as bad for the Bulls at Durham. Monroe Mitchell, Tourist moundsman, held the home team to four hits, while the visitors garnered more than three times that number off Brown, Durham pitcher, to win 9 to 2.

Sewell, Raleigh pitcher, likewise held the Twins at Winston to four hits, but the scoring was held down on both sides. The Caps took the game 3 to 1.

**TO FINISH BASEBALL SEASON AT AYDEN**

It was announced today, that beginning with July 20, all games scheduled to be played in Greenville, will be transferred to Ayden. Backers of the club stated that the change was being made on account of the local park not being fenced-in, and poor attendance. It was also stated that the club had not made expenses at a home game this season.

It was believed that by making this change and going to a fenced-in park, that the club would soon realize enough to come out of the hole. The local club, of course, extends an invitation to all baseball lovers to attend the games which will be played in Ayden.

**"Keed" Chocolate Scores Knockout Over Benny Bass**

Philadelphia, July 16.—(AP)—"Keed" Chocolate, the polished warrior from Cuba, stood today on a modest pedestal, a champion everywhere but in New York state, king of the junior lightweights.

The slender grinning Havana news boy scored a technical knockout over Benny Bass, of Philadelphia, before 15,000 of the home folks in the National league ball park last night to rise to the championship heights that had been forecast for him ever since he arrived in New York from Cuba three years ago. It isn't much of a championship, a synthetic title at best, but it eased in part much of the disappointment that had been in shooting for the greater crowns of fistiana in his short but brilliant career.

Chocolate was a champion last night of almost any of the lighter classes as he put together all his speed, skill and punching powers to hammer Bass for two seconds short of seven rounds, slash him about the face, mouth and nose and finally cut his left eyelid so badly with crashing rights that Referee Leo Houck stopped the one-sided duel after 2:58 of the seventh.

In only the fourth round was Bass able to reach Chocolate with his looping left hooks to the body. In every other session but the first, which was even, he took a smashing.

**Fights Last Night**

Philadelphia—Kid Chocolate, Cuba, stopped Denny Bass, Philadelphia, junior lightweight champion (7), for title; Baby Joe Gans, Los Angeles outpointed Eddie Ran, Poland (10); Vidal Gregorio, Spain, and Archie Bell, New York, drew (7).

Detroit—Ace Hudkins Nebraska stopped Chuck Burns, Texas (4); Jimmy Alvaro, California, outpointed Johnny Minicella, Detroit (8).

Parkersburgh, W. Va.—Teddy Yerosa, Pittsburgh, outpointed M. Hale, Cleveland (10).

Oakland Cal.—Jose Santa, Portugal outpointed Roberto Roberti, Italy (10); Jack Van Noy, Reno, outpointed "Big" Bill Hartwell, of Newark, (4).

Cleveland, with its great municipal stadium, will be in the bidding if any, for the proposed September show designed to give Primo Carnera a chance to bounce off with heavyweight championship honors.

It might be risky to have the fistie lightning strike twice in the same spot within a few months but the Ohio nity has manifested a keen fight-consciousness, going so far as to make a bid for Jack Dempsey's return to the ring.

"Old John" may listen to but he will never answer the gong's call to action again. The next big show will have to get along without him as a participant, and probably even as a spectator.

**NOTICE OF LAND SALE**

Under and by virtue of a certain deed of trust, etc., executed by Charles Foster and wife, Gertrude Foster, to the undersigned trustee, dated January 1st, 1929, and duly recorded in Book V-17, page 502 of the Pitt County Registry, default having been made in the payment of the indebtedness therein secured and demand for foreclosure having been made upon the undersigned, I will on

Tuesday, July 21st, 1931 offer for sale in front of the Court House door in Greenville, N. C. between the hours of 12:00 M and two o'clock P. M., to the highest bidder for cash all the right, title, and interest of Charles Foster in the following described lands, to-wit:

The three-fourth undivided interest, belonging to Charles Foster, in that certain tract or parcel of land in Belvoir Township, the County of Pitt, and beginning at a hickory in a field, formerly Theodore Randolph, a corner, thence running to Charles A. **REDS DEFEAT THE BRAVES**

By GAYLE TALBOT Jr. (Associated Press Sports Writer)

You would think, off-hand, that such a seasoned campaigner as the 28-year-old Walter Rabbit Maranville of the Boston Braves had long since learned not to fall for anything as venerable as the hidden ball trick.

But it was none other than the sprightly Rabbit who was trapped by this oldest of baseball ledger-men yesterday as the Cincinnati Reds won a brilliant 1 to 0 pitching duel from the Braves. But for Maranville's lapse, there might have been a different result.

Coming up in the ninth after John Ogdin had held the Braves John Ogdin had no runs for eight innings; the Rabbit singled, went to second on a wild pitch and was in position to score the tying run. Then he forgot himself, wandered off the bag and was tagged out with ease and dispatch by Joe Stripp, Cincinnati third baseman.

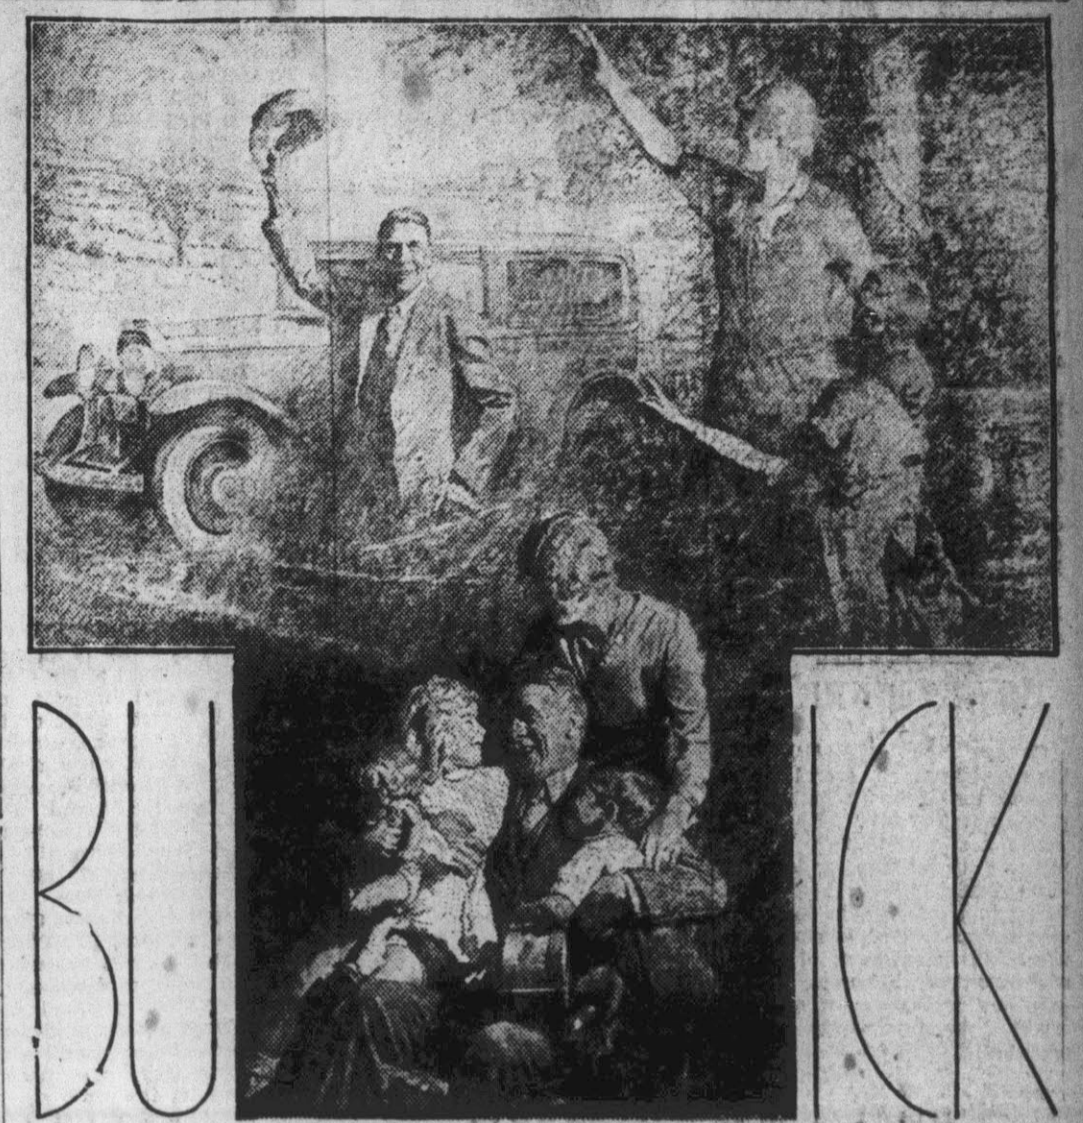

The trick putout supplied a climax to a duel between the veteran Ogdin and Lefty Brandt. The Reds made only four hits off the Boston ace, but scored the winning run in the seventh when Heathcote tripled and crossed the plate on Nick Cullop's fly to Worthington.

The Brooklyn Robins came back to square accounts with the St. Louis Cardinals, 10 to 3, when Watson Clark chalked up his seventh straight victory.

Kiki Cuyler's timely single in the ninth, scoring Jakey May, who had doubled, gave the Chicago Cubs their second straight over the New York Giants 5 to 4, and put the Hornsbymen within half a game of second place in the National League.

Larry French allowed only six hits as the Pittsburgh Pirates scored their third straight win over the Phillies 4 to 2.

# Market Report Cotton--Stocks--Grain

## N. Y. COTTON

New York, July 16.—(AP)—Cotton opened steady today, unchanged prices to 5 points higher in response to the steeper late cables from Liverpool and the steadier tone reported in the stock exchanges abroad.

This was supposed to reflect a more hopeful view of the German situation and while the bulges met some selling on a favorable view of the weather reports, it was quite readily absorbed. October sold up to 9.29 and January to 9.62 during the first half hour or about 9 to 11 points net higher and the market was holding steady around 10.20 o'clock. There was rather conflicting comment on the early weather map, some traders calling it perfect for plant development while others said it looked like boll weevil weather, owing to further rains or showers.

Liverpool cables reported continental buying distant supplies by liquidation and said there were numerous small orders for cotton cloths with yarns easy.

## GRAIN MARKET

Chicago, July 16.—(AP)—With buying active, corn soared today to more than 5 cents a bushel over prices current earlier this week. Torrid heat coupled with lack of moisture threatening widespread crop damage was responsible. Wheat and other grains rose with corn and as a result of more confidence in improvement of economic conditions in Europe. There were also intimations of a better export demand for North American wheat.

## STOCK MARKET

By CLAUD A. JAGGER  
(Associated Press Financial Editor)  
New York, July 16.—(AP)—Tension relaxed somewhat in world financial markets today, and there was some recovery in security prices.

Uneasiness was still apparent, however, and New York stocks ran into fresh selling after a late morning rally. The foreign exchange markets remained largely disputed, but pressure against sterling was lightened.

New York stocks fell back into a state of partial paralysis, after yesterday's falling flurry. Trading was apathetic. A temporary upturn carried such stocks as U. S. Steel, American Telephone, American Can, Baltimore and Ohio and Alchison, about 1 1/2 to 3 points higher, but these advances were short-lived, rails turned distinctly heavy.

Wall street was encouraged by the manner in which the partial reopening of German banks was accepted by the German public. Particularly reassuring to security markets was a statement by the German finance minister, in effect renouncing proposals of a moratorium on service of external long term loans.

The most disturbing factor yesterday probably was the severe pressure against the British pound sterling. This pressure was only partially lightened today, but even moderate recovery of the pound, to the accompaniment of a downturn in the French franc, was regarded as the beginning of a movement to check the fresh losses of British gold. At any rate, the Bank of England did not feel obliged to raise its discount rate, although the purely nominal quotations for the German mark were advanced about 2 cents to 23 cents reflecting the more hopeful attitude toward the German banking situation.

# No wonder Women are switching to Camels

Smoke a FRESH cigarette

The steady increase in the number of women who are switching to Camels is a tribute to the mildness of this cigarette.

A woman's throat is more delicate than a man's — more easily irritated by the unkindly hot smoke of parched, dry-as-dust tobaccos.

Camels are milder, first, because they are a throat-friendly blend of fine Turkish and mellow Domestic tobaccos that require no parching.

Camels are milder, second, because all peppery dust is removed by a special vacuum-cleaning process before Camels are air-sealed in the Humidor Pack of germ-safe moisture-proof Cellophane.

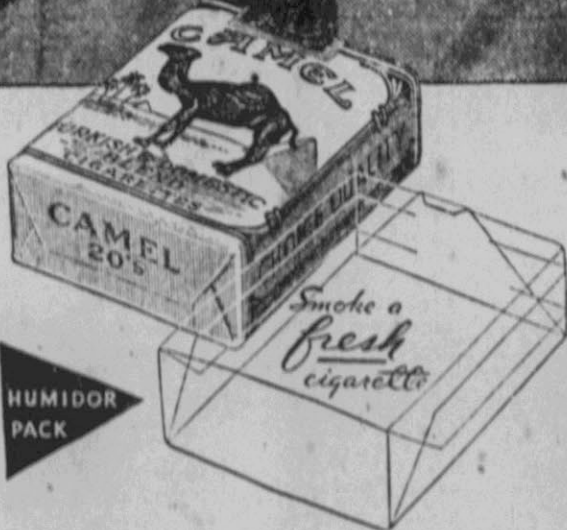

Camels are milder, third, because this wrapping of moisture-proof Cellophane prevents the cigarettes from drying out. The natural moisture of the tobaccos is held intact.

When you inhale the cool fragrant smoke of a Camel you enjoy all the flavor, all the aroma of blended fine tobaccos kept in prime smoking condition—without the sting and bite-and-burn of stale, dried-out cigarettes.

Just try Camels, join the throng and switch to them for one day, then quit them — if you can.

Don't remove the moisture-proof Cellophane from your package of Camels after you open it. The Humidor Pack is protection against perfume and powder odors, dust and germs. It delivers fresh Camels and keeps them right until the last one has been smoked
