REPORT HART DEATH CAUSED BY ASPHYXIA

Tarboro Man Died in Vain Attempt to Escape From Flames In Hotel Room.

Tarboro, July 18.—(AP)—Funeral services for B. Mabry Hart, wealthy Tarboro cotton manufacturer who was found dead in a Raleigh hotel yesterday, will be held at 5 o'clock this afternoon from the First Presbyterian Church here.

The Rev. Chester Alexander, pastor, will conduct the services. Complete funeral arrangements had not been made this morning.

Mr. Hart's body was brought here from Raleigh late last night after a coroner's jury had reached a verdict that death resulted from asphyxiation.

Raleigh, July 18.—(AP)—A coroner's jury verdict today ascribed the death of B. Mabry Hart, wealthy cotton manufacturer of Tarboro, N. C., whose body was found in the bath room of his hotel room here, as asphyxiation.

Mr. Hart's body was discovered shortly after firemen had put out a fire in his room early yesterday. The coroner's jury returned its verdict at an inquest last night. Dr. C. C. Carpenter, of Wake Forest, representing a committee of three physicians who performed an autopsy, testified the examination indicated "burns with asphyxia" were the cause of the death.

Other witnesses said Hart, who came to Raleigh to attend a power rate hearing before the Corporation Commission, entertained a party of friends in his room Thursday night.

They testified there was very little drinking at the party and that Hart himself took only one small drink.

A. J. Fox, of Raleigh, who said he was the last male member of the party to leave the room, at 2 A. M., testified there was a "blonde woman" in the room then, preparing to leave. She has not been located.

Two other women, Norma Brewster and Julia Clark, were arrested shortly after the body was found but were released after the inquest. Witnesses said they were in Hart's room but remained there only about 10 minutes.

Coroner L. M. Waring, after the inquest, said he did not believe the inquest in Hart's room had any connection with the death. He expressed the opinion Hart had been awakened by the fire and smoke in his room and was asphyxiated in an attempt to escape.

The opinion was expressed that the fire resulted from a cigarette dropped on the floor or bed.

Hart, about 45 years of age, was widely known in textile circles. He was president of Hart and Fountain Cotton Mills, Tarboro, at the time of his death, but in 1929 was president of the Clinchfield Mills at Marion, N. C., the scene of bitter labor struggles.

He played a prominent part in the labor trouble, refusing to deal with the striking employes.

Surviving him are his widow, two sons and a daughter.

Mr. Hart's body was taken to his home in Tarboro late last night. It was understood here that funeral services would be held at 5 o'clock this afternoon.

Fall's Daughter Slightly Injured

El Paso, Tex., July 18.—(AP)—Police were called to the home of Albert B. Fall here last night after Mrs. C. Chase, his daughter, had been struck by a large piece of concrete which she said was thrown from the direction of a group of photographers near the Fall house.

The police said that when they arrived the former secretary of the interior was sitting in a chair with a shotgun across his knee.

The missile struck Mrs. Chase a glancing blow on the leg, but its force was broken by small limbs of a tree and by her dress. She said she had been watering flowers. The police were unable to find the person who threw the concrete.

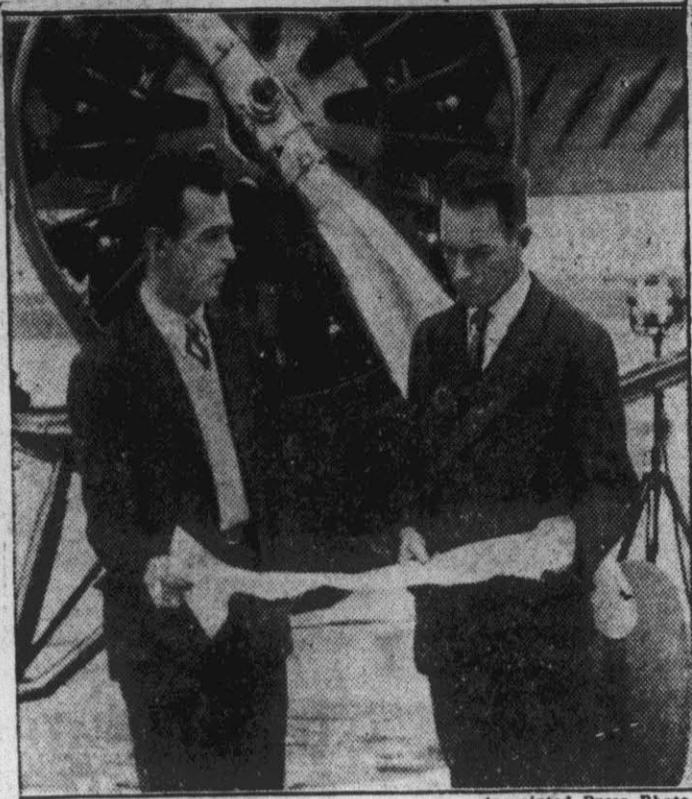

Photographers have been attempting to get pictures of Fall as he left for the New Mexico penitentiary at Santa Fe to serve a sentence of a year and a day. Plans for departure were closely guarded.

Goldboro Foundry Destroyed By Fire

Goldboro, July 18.—(AP)—The foundry of the Wayne Agricultural Company was in ruins today with the damage estimated by officials of the company at \$100,000, partly covered by insurance.

The building, believed to have been ignited by sparks from the brass furnace, caught fire and burned last night.

READY TO CIRCLE GLOBE

Clyde Pangborn and Hugh Herndon are perched at New York ready to begin their flight around the world at any minute. They hope to better the Post and Gatty record.

SLAIN SHERIFF BURIED TODAY

Officer Killed by Deported World War Veteran Laid to Rest at Salisbury.

Salisbury, July 18.—(AP)—They buried Sheriff Lock McKenzie here today and his funeral brought to his widow for the first time the realization that an officer's life is a hazardous one.

Mrs. McKenzie, daughter of a sheriff, married the son of a sheriff who followed in his father's footsteps and died in the line of duty. Practically all her life she has lived in a home where the head of the house wore a badge on his chest and carried a gun.

Until Scott, Windsor, World War veteran, fatally shot her husband Thursday morning, no serious harm had ever come to her relatives who helped enforce the laws.

Her father, J. D. McLean, was sheriff of Gaston county and her husband's father, James H. McKenzie was sheriff of Rowan county when the couple was married 15 years ago.

Even at that time, the dead sheriff was serving as his father's deputy in addition to operating a hardware business.

Funeral services for the dead sheriff were conducted from St. Luke's Episcopal church and interment was in Chestnut Hill cemetery.

Sheriff McKenzie was a former vestryman of St. Luke's. The Rev. M. H. Milne, the rector, assisted by Archbishop W. H. Hardin, was in charge of the services.

A throng of people attended, many from nearby towns and cities. O choirs composed of singers from the choirs of practically all the city churches, furnished special music.

County officials and deputy sheriffs acted as pall bearers.

HEAT CLAIMS ELEVEN LIVES

Seven Drowned, Four Killed by Lightning in the Vicinity of Detroit, Mich.

Detroit, July 18.—(AP)—Four persons were killed by lightning, seven were drowned and a large number of heat prostrations were reported early this morning as the aftermath of a 100-degree temperature and a severe electrical storm which lashed this vicinity.

Clark Hixon, of Rochester, and Edward Lang, of Saginaw, farmers, were killed by bolts while working in the fields. Myra Hayes and Edna Dupuis, 11-year-old St. Joe, Ont., girls were killed when lightning struck a barn on their farm.

BUYERS SNOW FLOW DURING HEAT WAVE

Kewanee, Ill., July 18.—(AP)—Someone here in Kewanee is an optimist.

C. F. Cass, salesman for a road machinery company announced he had sold a snow plow.

At the time of the sale the thermometer was hitting it up around 102. The buyer's name was not revealed.

NEW CLINIC IS PLANNED HERE

Health Department is to Examine Suspected Adult Cases of Tuberculosis.

A clinic will be held in Pitt county during September for the examination of all suspected adult cases of tuberculosis, it was announced today by the Pitt County Department of Health.

The clinic will begin September 28 and continue for a period of two weeks. All former State Sanatorium patients and those living in contact with tubercular cases should be examined, it was stated.

Present plans of the health department provide for most of the examinations being made in Greenville, but if there are enough cases to justify it, clinics of one day each will be held in Ayden, Farmville and Bethel. The last two days will probably be reserved for colored people.

It was stated by the health authorities that no case under the care of a physician will be admitted for examination unless referred by the physician in charge. Those desiring to take advantage of the free examinations should see their family physician and make arrangements through him.

Due to the limited personnel of the health department it was stated it will be next, to impossible to visit all sections of the county in the interest of this phase of public health work, and the health officer said that it would be appreciated if those desiring examination will either call at the office in the court house or telephone number 130 and give name, age, sex, color and exact address so that a date and hour may be assigned each one.

The examination arropen to all persons over fifteen years of age.

Two Men Arrested For Check Flashing

Charlotte, July 18.—(AP)—A dapper appearing man who boasted he had swindled unsuspecting persons in four counties by check flashing and other schemes was held here today on a bad check charge.

The man identified himself as John Williams Jones, a native of Birmingham, Ed., although he was using the name Edward J. Hickey were arrested yesterday. A companion, arrested as an accomplice of Jones, said he was John Pickett.

The two were taken into custody after they had passed a \$35 check drawn on the South Carolina National Bank, Columbia and marked "certified" on a local Floral Company. Authorities said investigation revealed the check was spurious.

Jones boasted to officers he had been arrested in cities "from Spokane, Wash., to Texas," and twice in the last four years had been deported from the United States as an undesirable alien.

He said he had worked the check flashing game in England, France and Spain.

Local officers communicated with authorities in Washington to check up Jones's story.

Economy Is the Word

Greensboro, N. C.—(AP)—Dismissal of six city policemen in the name of economy has drawn a protest from the Central Labor Union here.

Greensboro.—(AP)—The bulldog Sallie Walker, Negro, bought for protection has been stolen and Sallie has brought charges of breaking and entering against Turner and Willie Perry, Negroes.

PITT COUNTY WORKERS CUT TEN PERCENT

Salary Reduction Applies to Every Department of the County Government

Salaries of employees in every department of Pitt county have been slashed 10 percent, it was revealed following a special meeting of the Board of Commissioners here yesterday to consider the budget.

The cut does not apply to employees who accepted a reduction the first of the year. J. C. Gaskins, register of deeds, and J. F. Harrington, clerk of Superior court, voluntarily accepted a similar cut the first of the year when the question first came up for consideration.

It was said no department had escaped the reduction measure and that every employee from the ordinary day laborer to the highest salaried official would be affected.

Work on the tentative budget will not be completed until August owing to the fact that it is impossible to determine the amount of money which the county will receive from the state until the state budget has been made public.

ABDUCTORS OF YOUTH SOUGHT

Young Man Tells how He was Held Captive in Mountain Cabin For \$300 Ransom.

Hendersonville, July 18.—(AP)—A story of Grady Edward Pace, 23-year-old youth, of how he was kidnapped and held in a secluded mountain cabin two weeks for \$300 ransom sent the Henderson county authorities today off on a search for the alleged abductors.

Pace, who had been missing from his home, turned up last night at Biltmore and told his story to the officers.

He said two men who had their faces blacked came up to him in his car in Hendersonville June 27, drew a pistol and ordered him to drive toward Knoxville.

After they had passed Asheville, he said, his car ran out of gas, and as one of the men guarded him the other pushed the machine down the road and returned with another car.

He then was driven, he said, to a mountain cabin near Bristol, Va., Tenn., and placed under the guard of an older man.

His captors demanded, he said, that he write friends to send a \$300 ransom, but he refused and finally was released.

Clearance Mackay Weds Anna Case

New York, July 18.—(AP)—Clearance H. Mackay, chairman of the board of directors of the Postal Telegraph and Cable Corporation, and Miss Anna Case, concert soprano and for eight years a member of the Metropolitan Opera Company, were married today at St. Mary's Catholic Church, Roslyn, L. I.

Only members of the immediate families of the bride and bridegroom were present.

Mr. and Mrs. McKay left for a motor trip immediately after the ceremony.

Earth Shocks Felt in Missouri

New Madrid, Mo., July 18.—(AP)—A distinct earthquake shook buildings, rattled windows and swayed telephone poles and trees here at 8:32 A. M. today. So far as is known no one was injured and no serious damage resulted.

Old residents said the shock was the most severe of any in recent years. New Madrid is in the center of an earthquake region. About 115 years ago a severe shock leveled buildings and hills, and flattened out the entire country side.

CLAYTON MAN DIED AFTER WILD PARTY

Jesse Williams' Death Followed Closely Behind Joy-ride, Coroner's Jury Finds

Clayton, July 18.—(AP)—The story of a "drinking party" a few hours before Jesse J. Williams was found shot to death at his home here and other sensational evidence was written today in the files of a coroner's jury investigating the death.

The jury met here last night to continue its inquest, heard four witnesses, and, without reaching a verdict, adjourned to meet again at 8 P. M. Next Friday. A large number of other witnesses remain to be heard.

Mrs. Williams, a 17-year-old son, Jesse McCoy Williams, claim Williams a Johnston county political leader, committed suicide, the son testifying to this effect last night. Coroner J. H. Kirkman ordered an inquest after he announced he had been unable to discover powder burns on the body or clothing of Williams, who died the night of June 26 of a pistol wound.

Arthur Hinnant, a brother of Mrs. Williams, testified that the afternoon of June 26 he and Williams, had procured some whiskey and that night went for an automobile ride with a "Mrs. Morning Jackson" and the woman's niece, who live near Smithfield. He and Williams, Hinnant testified, took several drinks during the ride.

Another witness, Sheriff R. H. Richardson, said he had heard Mrs. Williams speak to her husband about "running around with other women." He said he thought it was a joke but on one occasion Williams was asked by his wife about being in a Raleigh hotel room with a girl who stood on a dresser with a whiskey glass in her hand and made a toast.

Sheriff Richardson also testified that when he aided the coroner and others in examining Williams' body no powder burns were found.

The other two witnesses were Jesse McCoy Williams and Wilbur Biggs, who was spending the night with him, at the time the elder Williams was shot.

Jesse McCoy said his father staggered into his room and said: "Jesse McCoy, I've shot myself."

Solicitor Clawson Williams, present at the inquest, asked the boy if Williams did not say Mrs. Williams shot him.

"No sir, he didn't say that," was the answer.

The son admitted he might have heard a noise in the room of his father and mother, adjoining his, just before his father stumbled into his room but said he could not tell whether it was somebody talking or not.

Young Biggs corroborated in general the story of Jesse McCoy, differing, however, in one detail. Jesse McCoy said he did not see a pistol in his father's hand but Biggs testified the elder Williams was holding a gun in his hand.

FOOD PRICES DROP IN U. S.

Decline of 13.8 Per Cent in the Past Six Months Reported by Labor Department.

Living and wholesale prices in June were set forth today by the labor department to show that a 1926 dollar was worth \$1.42 last month.

The department also reported an increase of 2.7 per cent in building construction employment; in 20 representative cities and 2.1 per cent payroll increase to a total of \$1,485,436 against May's \$1,454,934.

The 3,423 firms reporting for the pay period ending July 15 counted 49,564 employes, against 48,264 in May.

Food prices were credited with a decline of 13.8 per cent in the past six months, while clothing dropped 4.8 per cent, and rents likewise were down 3.1 per cent compared with January 1 figures.

NEW RECRUITING OFFICER FOR TWO CAROLINAS

Raleigh, July 18.—(AP)—Lieut. John L. Reynolds, U. S. Navy, arrived in Raleigh today to take command of recruiting activities in the two Carolinas. He succeeds Lieut. G. C. Crawford, who has been transferred to submarine duty.

Lieut. Reynolds is a native of Centerville, Ala.

GERMAN LEADERS IN PARIS TO SEEK AID IN FINANCIAL CRISIS

N. Y. Broker Attempts To Beat Hawks Mark

Havana, July 18.—(AP)—James Goodwin Hall, New York stock broker and war aviator, completed a non-stop flight from New York to Havana this afternoon, arriving here at 1:18 p. m., E. S. T.

Roosevelt Field, N. Y., July 18.—James Goodwin Hall, New York stock broker and war aviator, hopped off at 4:38 A. M. (EST) today on a non-stop flight to Havana, Cuba, in an attempt to shatter the record

held by Captain Frank Hawks. Hall's Lockheed-Orion plane, "The Crusader," rolled down the field for a short distance and gracefully took the air. He circled the field once and started off.

He said he would refuse on reaching Havana and start back for New York within a few minutes. His route would take him along the Eastern Coast Line to Miami, and over Key West to Cuba.

ARMED POSSE STILL HUNTS FOR NEGROES

Seek Communist Organizers For Disorders in Tallapoosa County, Alabama.

Camp Hill, Ala., July 18.—(AP)—Armed posses continued today to comb Tallapoosa county in search of organizers and members of "The Society for the Advancement of Colored People" that is protesting against the sentencing to death of eight negroes in Scottsboro, Ala., for an alleged assault on two white girls who were hobnobbing aboard a freight train.

Other objectives of the society, according to Chief J. M. Wilson, of Camp Hill, are political and social equality and a minimum wage of \$2 a day. He described the organization as Communist-inspired.

Disorders in connection with efforts of county authorities to break up meetings of the society Thursday night and yesterday resulted in the killing of one negro, the disappearance of another, and the arrest of 17, and the wounding of Sheriff J. Kyle Young and Deputy Sheriff Jack Thompson. The sheriff's condition is serious.

Three negroes were wounded, two of whom are now under arrest. The other is not accounted for. Chief Wilson said he "went to cut stove-wood," and in reply to a question as to when he would return the chief said "he has lots to cut."

Meanwhile, the general headquarters in New York of the International Labor Defense and the southern district headquarters in Chattanooga have protested the activities of Tallapoosa officials as "slaughter" and "terror." The Chattanooga branch telegraphed Governor Miller of Alabama, demanding "the right of the negro and white croppers to organize, meet and defend themselves against lynch mobs," and announcing that "we hold you responsible for terrorist actions planned against croppers and their leaders."

Another telegram to Chief Wilson demanded the "cessation of the reign of terror against negro share croppers who are organizing to ward off starvation and to protest against the Scottsboro legal lynching." The message advised the chief he would be held "responsible for those already arrested."

One of the organizers being hunted is a negro from Chattanooga, which is the home of several of the negroes convicted in the Scottsboro case. Chattanooga police last night said a number of negro Communists there left yesterday for this section.

Harry Gordon, a white Communist organizer, held a meeting of negroes in Chattanooga last week to arouse organized protest against the Scottsboro convictions.

The International Labor Defense maintains the Scottsboro case is a "frame-up" and the negroes are guilty of nothing more than stealing a ride aboard a freight train on which the two white girls and their white male companions also were hobnobbing. The case is now before the Alabama Supreme Court. Over 1,700 protests against the convictions have been received from various parts of the world, including one signed by Albert Einstein, the German scientist.

Charlotte.—(AP)—Four persons—two of them women—have become pupils in a parachute jumping school opened here by Dusty Barnard, veteran jumper.

Visiting In U. S.

Rudolph Sieber, husband of Marlene Dietrich, film actress, is shown as he arrived in New York City for a visit in the United States. He is a motion picture director in Germany.

MAY REMOVE RAIL STOCKS

I. C. C. Told Inability of Roads to Earn Charges Creates a Dangerous Situation

Washington, July 18.—(AP)—Testimony that railroad bonds having a par value of \$5,748,500,000 might be removed from the legal list of securities because of inability of the roads to earn fixed charges today was given the Interstate Commerce Commission.

Fairman R. Dick, of New York, testifying in the hearing by the commission of the railroad's petition for a fifteen percent rate increase said an analysis of the railroads having gross incomes of \$10,000,000 in 1929 showed that only 21 of them on the basis of figures thus far this year would earn their fixed charges of \$150 or more. Dick is chairman of the Security Holder's Association of the railroad emergency.

"The disastrous effect of the removal of so vast a volume of securities from said legal list upon the credit of the railroads and their future financing is apparent," he said.

He added that out of the situation would grow the imminent danger of a general unloading of railroad securities upon an already depressed market.

Army To Stage Another Air Attack at Sea

Washington, July 18.—(AP)—An aerial attack upon ships at sea, under conditions simulating warfare, will be demonstrated again by the Army Air Corps.

A former Shipping Board vessel, the Mt. Shaasta, was announced today by the War Department as the target for bombing maneuvers to be held August 11 off the Virginia Coast.

The ship, will be towed 2,000 feet behind a mine planter, with bombs ranging from 25 to 600 pounds to be dropped at her by Langley Field fliers.

Chancellor Bruening And Foreign Minister Curtis Meet Premier Laval to Talk Over Relief Plans; First Time German Chancellor Has Been In Paris Since 1871 In an Official Capacity; Both Sides Agree That Peace of Europe Depends on Outcome of Conference; General Meeting Planned Tomorrow.

Paris, July 18.—(AP)—Negotiations fraught with importance to France and Germany began today in the office of Premier Laval less than an hour after Chancellor Bruening and Foreign Minister Curtis of Germany arrived from Berlin.

It is the first time a German chancellor has been in Paris officially since 1871 when Bismarck came to proclaim the German empire at Versailles at the end of the Franco-Prussian war.

Both the Germans and the French regard this meeting today as equal in importance to the conference after the World war, and both sides agree that the peace of Europe depends upon the outcome.

It is not going to be easy, for the German representatives have made it clear that they are not in Paris to accept French demands, and the French have said that they do not intend to take part in a conference of ministers at London on Monday unless they reach an agreement in principle with the Germans beforehand.

On the way down from Berlin this morning Dr. Curtius said that he and Chancellor Bruening are headed for London and that it would be "unfortunate" if arrangements for the meeting there were changed.

Nevertheless in a statement issued by the chancellor shortly after his arrival here, it was indicated that he is determined to reach an agreement on some sort of settlement as a basis for establishment of real peace.

In this respect the French are in thorough accord, with Premier Laval upholding Briand's cherished ambition to achieve a real entente with Germany.

Unless something happens to alter the present schedule, there will be a general conference tomorrow morning attended by Secretary of State Stimson and Secretary of the Treasury Mellon representing the United States, and delegates from Great Britain, Italy, Belgium and Japan.

Berlin, July 18.—(AP)—The hopes and fears of the Fatherland went with her statesmen to Paris today to convince France that unless financial aid is forthcoming Germany's crisis may become Europe's catastrophe.

Millions of Germans were hoping that Chancellor Bruening and his foreign minister, Dr. Julius Curtius, would be able to secure French collaboration in a long term loan or credits—and fearing that the political conditions attached to such assistance would be unacceptable to the Reich.

The chancellor himself, when he left on the Nord express, was optimistic that his parley with Premier Laval would inaugurate a new era in Franco-German relations.

Shortly before they left, President Von Hindenburg issued a decree strengthening the government's power to suppress newspapers "endangering public safety" and compelling all papers of whatever political faith to publish emergency decrees and urgent appeals to the people. The failure of the anti-government press to print notice of the bank holiday led to this move.

Gotfried Treviranus, cabinet minister without portfolio, announced over the radio that beginning Monday bank restrictions would be relaxed to allow savings banks depositors to withdraw not more than 20 marks (about \$4.60) daily from savings accounts and 100 marks (about \$23) from checking accounts. He also revealed that a special passport tax of 100 marks would be levied on Germans leaving the country.

On the Increase Marion, N. C.—(AP)—The Marion Knitting mill has increased production from 1,000 to 1,500 dozen pairs of hose a day.

ABOUT TOWN

The library has sent out a plea for a return overdue books, and the patrons should make an effort to co-operate in every way they can.

The institution cannot be expected to render the high type of service demanded of it if the people do not return books promptly.

Crop conditions in this section of the country are described as very good at this time, and if the growers will make it a point to conserve large supplies of their food products...

The main trouble with the farmer is to be found in their disinclination to conserve such products in past years.

Leading agriculturalists are impressing upon the people the importance of canning and preserving foodstuffs, and if the advice is generally accepted...

Your home town may not be the best place in the world, but it will be a decidedly better place to live if you try to make it so.

You may entertain a mental picture of some modern Utopia, but when you remember that towns and cities reflect the thoughts and characters of their people...

What every town needs at this time is optimism. The spirit of depression has put a damper on a majority of our cities, and this will not improve until the people awake to the fact that this condition will not continue longer than they permit it.

By injecting optimism in the atmosphere of your home and business you should be an influential factor in the creation of improved conditions.

Business conditions are gradually "looking up" in this part of the State, in the opinion of some of those who have been observing the situation closely the last few weeks.

The change is reflected as much in this community as any other section of the east. We asked a business man yesterday how business was and his reply was that the month had shown a distinct improvement over the past month.

Farmers of Pitt county continue to manifest interest in the purchase of canning plants for the conservation of their products, and the end of the summer will find hundreds of them in position to feed their families during the long winter months even in the face of low price conditions.

The canning movement was begun sometime ago by the Merchants Association co-operating with the Home Demonstration Department of the county...

Twine, to Dink James, Trustee under date of December 19th, 1928 of record in Book N-17, page 520, of the Pitt County Registry, default having been made in the payment of the indebtedness secured thereby, the undersigned trustee will offer for sale and sell to the highest bidder for cash, before the Courthouse door in Greenville, N. C., Monday, August 10th, 1931 12 o'clock noon

all the following described lot or parcel of land lying and being in Greenville Township, Pitt County, and more particularly described as follows: Beginning at a point on the eastern side of Ridgeway Street, 50 feet north of the northeast intersection of Ridgeway and Short Street, running; thence an easterly course parallel with Short Street 120.36 feet; thence in a northerly direction parallel with Ridgeway Street 50 feet; thence in a westerly direction parallel with Short Street 120.36 feet to the eastern boundary of Ridgeway Street; thence along the eastern boundary of Ridgeway Street in a southerly direction 50 feet to the beginning, and being Lot 10, in Block D of Ridgeway Division of Greenville, as shown on map of same by D. C. James, C. E. of record in Map Book 2, page 11 and being one of the identical lots conveyed to R. W. Twine by T. C. Twine in deed dated February 26th 1923, of record in Book E-14, page 447 of the Pitt County Registry, reference to which is hereby made for a more accurate description. This the 7th day of July, 1931. Dink James, Trustee. Blount & James, Attys. July 8-14w-4wks.

NOTICE OF LAND SALE

Under and by virtue of a certain deed of trust, etc., executed by Charles Foster and wife, Gertrude Foster, to the undersigned trustee, dated January 1st, 1929, and duly recorded in Book V-17, page 502 of the Pitt County Registry, default having been made in the payment of the indebtedness therein secured and demand for foreclosure having been made upon the undersigned, I will on

William R. Castle, acting secretary of state, announced that United States was aloof from all political considerations in connection with the German financial situation.

NOTICE OF ADMINISTRATION

The undersigned having this day qualified as Administratrix of the estate of the late A. L. Tucker, Sr., this is to notify all persons having claims against said estate to file same with said administratrix within twelve months from the date hereof, or this notice will be pleaded in bar of any recovery thereon.

This the 23rd day of June, 1931. (MRS.) ESSIE TUCKER, Administratrix of the Estate of A. L. Tucker, Sr. Harding & Lee Attys. July 1-14w-4wks.

Social and Personal

Miss Helen Brooks who has been home on a month's vacation, has returned to Richmond, Va. to complete her training at Westbrook Sanatorium.

Mrs. W. T. Mason and Mrs. H. W. Jernigan left today for Raleigh where they will make their home.

Miss Mary Wall Bost, Miss Lillian Hardee and William Stuart Bost have returned from New York.

Mrs. J. R. Hawkins of Greenville, S. C., will arrive tomorrow to be the guest of Miss Iva Shelburn.

H. S. Ragsdale and Powell Bland went to Goldsboro yesterday to join a party who will spend the weekend at Top Sall.

Dr. E. T. Dickinson of Wilson, was here today.

Misses Terry Jernigan and Elizabeth Michard of Tampa, Fla., who have been spending the past few days with Miss Peggy Johnson, left yesterday for Long Island, N. Y.

Mr. and Mrs. D. M. Clark and little son, David, spent Thursday in Raleigh.

Mr. and Mrs. J. D. Simpson and children have returned from a visit in Bishopville, S. C., where they have been visiting relatives.

Herbert Brodgen who has been spending some time with his sister, Mrs. D. M. Clark, left Thursday for Winchester, Tenn.

Mr. and Mrs. L. C. Evans returned this morning from a business trip to Washington, D. C.

Mrs. J. N. White and son, Edward, of Norfolk, Va., and Mrs. N. A. Relfe and daughters of Hertford who have been guests of Mr. and Mrs. M. H. White have returned to their home.

Dr. Cecil Garrenton of Bethel was a Greenville visitor today.

Mrs. James Long Bridge Hostess Mrs. James Long entertained last evening at an enjoyable bridge party, honoring her house guest, Miss Estelle Jenkins of Pinetops.

Garden flowers were attractively used for decorations. Prizes for high score were awarded Mrs. D. M. Clark and Mrs. J. A. Watson. Miss Jenkins was remembered with a gift.

A tempting ice course was served.

WARREN SCOVILLE TO PREACH IN THE METHODIST CHURCH

Warren Candler Scoville will preach his first sermon Sunday evening, 7:15 to 8:00. This announcement will be of peculiar interest to his many friends here who will wish to be present at the service. If the weather is not threatening the service will be held outdoors on the lawn at the rear of the building. It is hoped that the largest crowd possible will attend this service. Warren has been reared in our midst and deserves to have a great hearing. Then too, his many friends will want to attend because of their interest in him, and also the public in general will certainly attend because of the real interest it has in the launching of a life in the service of the Lord Jesus Christ.

Jarvis Memorial Church is justly proud of this occasion when one of her own sons enters upon a life of service to the Lord Jesus Christ.

Jarvis Memorial Church is justly proud of this occasion when one of her own sons enters upon a life of dedication and service in the Kingdom of God.

All are invited to share this service next Sunday evening 7:15 to 8:00.

AWARDS SWIMMING CERTIFICATES AT WESTBROOK

The following were awarded swimming certificates this week at Westbrook: Howard Hodges, Tom Skinner, Burney S. Warren, J. L. C. Whichard, Norman Fleming, Phyllis Shuff and Mary Agnes Deal.

The swimming and life saving classes are enlarging daily and making splendid progress. Paul Fitzgerald joined the senior life saving class, and Quinton Lassiter and John David Bridgers the Junior class.

Westbrook pool is opened Saturday, Sundays, Wednesdays to adults.

CAMP CHARLES CLOSES SUMMER SEASON JULY 26

The Camp Charles committee, Boy Scouts of America, has changed the last period of the camp to open Sunday afternoon, July 19, and close Sunday July 26.

All Scouts desiring to attend the camp the last period while the South Pole Scout, is in camp, will report to camp Sunday 19.

Mexican Consul Given Freedom On Rum Charge

Oklahoma City, July 18.—(AP)—Quick action by city officials to prevent the possible creation of ill will between Mexico and the United States today has wiped from the police blotter charges of violating the prohibition law filed against H. Valdez, Mexican consul here.

John McClelland, city manager, called a conference soon after it became known the charges had been filed and the city authorities announced last night that the incident was closed.

Similar charges against Miss Kay Barrett, nurse and sister-in-law of Senator Valdez, also were ordered dismissed.

Three members of the police liquor squad said that they found in Miss Barrett's home 46 pints of beer and eight gallons of beer mash and that Senator Valdez was at home when they made the search.

Governor W. H. Murray, when informed of the charges, asserted "They shouldn't have done that."

The consul said the officers poured out the beer over his protest. He related that he was visiting at the home of Miss Barrett with another couple and "we were drinking beer and eating sandwiches when the officers walked in."

Valdez was an investigator for his government in the recent slaying at Ardmore, Okla., of Emilio Cortes Rubio, kinsman of the Mexican President, and Manuel Gomez students. W. E. (Bill) Guess deputy sheriff who was dismissed as a result of the slayings, was acquitted of a murder charge at his subsequent trial.

Truck Growers Give Liberally to Poor Relief

Pitt County farmers have raised plenty of food crops this year and they believe in sharing them with persons needing.

This fact was revealed this morning when Mrs. J. L. Hassell, chairman of the Pitt County Chapter of the American Red Cross, asked producers who sell on the curb market if they would not help several poor families the chapter was attempting to provide for.

The growers responded so generously that an entire Ford car was loaded with fruits and vegetables.

Mrs. Hassell said they had eight cases to provide for and that a family of two was given enough fruits and vegetables to last several days, and that the other families, consisting of from eight to nine members each, were given a sufficient supply to last them two days.

Mrs. Hassell said she desired to give public expression of appreciation of the liberal gifts, and to assure the growers they had done their part to keep the wolf away from the doors of the needy.

Good News

Asheboro, N. C.—(AP)—The Cranford Furniture Manufacturing plant, which now employs 92 persons, will add 40 extra workers when an addition under construction is completed.

METHODIST SCOUTS ENJOY WATERMELON FEAST

The Boy Scout Troop of the Methodist Church met at the Rotary Club last evening, where they left to go for a few miles to the country. After arriving at a suitable spot, watermelons, which the boys carried, were cut. After feasting on the watermelons, the boys enjoyed a few exciting ghost stories.

Music Study

This golden age of music demands musical understanding. This can be adequately secured only through the study of an instrument. The joy of hearing music will thus be splendidly increased. Not to understand music will be classed with illiteracy in the world of tomorrow.

'Mother Kennedy Says She's Through With Matrimony

Los Angeles, July 18.—(AP)—Mrs. Minnie Kennedy-Hudson, one-time Angelus Temple leader and the mother of Almeda McPherson, today lopped off her name as she added just 20 days ago when she became a June bride in a moonlit midnight marriage to the Rev. G. Edward Hudson in Longview, Wash.

"I'm through," she said. "I have my own life to live. From now on I'm the old 'Mother' Kennedy that used to be."

Their romance shattered by a divorce action filed yesterday by Mrs. L. Margaret Newton-Hudson and the announcement by the county prosecutor at Longview that he was preparing to ask the extradition of Mr. Hudson for alleged bigamy, the bride and bridegroom became quite matter of fact.

"I'm glad to know Mrs. Newton places a fairly high price on Mr. Hudson," said Mrs. Kennedy, commenting on the other Mrs. Hudson's petition for \$200 a month temporary alimony, \$5,000 final alimony and \$500 attorney fees.

"Needless to say there will be no money forthcoming from me. Before our marriage Mr. Hudson voluntarily quit-claimed all rights to my real estate and properties, assuring me that it was myself only he cared for. I have filed for annulment and if the other lady considers herself his wife will gladly relinquish him."

Hudson, to whom Mrs. Kennedy often referred with the expression "What a man!" defended himself in an interview.

"Mrs. Kennedy knew about me before we were married," he said. "I told her everything."

Probable Candidates For Governor Speak At Educational Meet

Chapel Hill July 18.—(AP)—Views of three men mentioned as probable candidates for governor of North Carolina on education were open for study today by educational leaders and others.

The three—Attorney General Dennis G. Brummitt, Gen. Albert L. Cox, and J. C. B. Ehringhaus—spoke on the question here last night at the annual conference on elementary education. A fountain, Lieut. Gov. Richard T. Fountain was scheduled to be heard but was prevented by illness in his family from being present.

Excerpts from the speeches of the three speaking follow:

Brummitt—"The task of the educational machine grows heavier not lighter. Always it will be necessary to strain at our resources to meet the need. Surely it is the part of wisdom to strengthen, not weaken it."

Cox—"Our educational program has been years in the building and we cannot permit it to falter now, but unless closely watched and guarded, but a short time would be necessary for impairment."

Ehringhaus—"It is an hour of definite challenge to our patriotism, our courage and our considered judgment, and for consideration in calm and labored judgment of every phase of the educational problem—the cause is close to the hearts of us all and which is the palladium of our liberties."

Dr. Frank Graham, president of the University of North Carolina; D. A. T. Allen, superintendent of

Market Report

Cotton--Stocks--Grain

N. Y. COTTON

New York, July 18.—(AP)—Cotton opened steady today, 1 to 5 points higher on some further covering and foreign trade buying promoted by the relatively firm showing of Liverpool.

The advance met considerable week-end realigning, however, and after the initial demand had been supplied, prices eased off from 9.46 to 9.34 for October, with the market showing net losses of about 7 to 10 points on the more active positions at the end of the first half hour. The European news seemed to make rather a less favorable impression, leading to apprehensions that there might be some difficulty in reaching an agreement at today's Paris conference, and there may be some more selling early on the easier ruling of the stock market.

Liverpool cables said that continental liquidation had been absorbed by trade calling and covering in that market and reported rather a better feeling in Manchester although offers for cotton cloth were said to be unwelcome. The amount of cotton on shipboard at the end of the week was estimated at 48,000 bales against 50,000 last year.

GRAIN MARKET

Chicago, July 18.—(AP)—With big receipts of newly harvested domestic wheat looked for on Monday, and export demand apathetic, while prices ranged lower today, wheat corn advanced. Primary arrivals of wheat this week totaled 29,004,000 bushels, against 21,325,000 the previous week and 24,657,000 a year ago. The weekly forecast held out no hope of a break in the drought in the corn belt.

STOCK MARKET

New York, July 18.—(AP)—The Stock Market went to sleep on its feet today.

With foreign markets closed, and Wall Street undermined whether to be hopeful or gloomy over the prospects of relief for Germany from the international conferences of cabinet ministers, traders decided to let the market while away the time as best it could.

Sales for the two-hour session fell off to less than 400,000 shares, around the lowest in five years. A trickle of week-end selling appeared early in the session, causing several recessions of 1 to 2 points, but the list firmed in the last half hour, and closed with fractional gains predominating.

U. S. Steel and American Can, after showing temporary losses of about a point, recovered to close virtually unchanged. A little bullish activity developed in the cigarette issues, with Lorillard making a gain nearly 2 points.

The weekly mercantile reviews stressed the reports from retail trade as indicating a maintenance of fair turnover for midsummer, about equal to a year ago. Shoe and textile manufacturers continue to make about the best showing in industrial activity, although there has been some slackening of cotton cloth output.

In a dull bond market, the German issues made a little more recovery. Foreign exchanges were generally under pressure. Sterling dropped about 1-2 cent.

Brides Certified By Boston College

"Certified bride" is the striking degree conferred upon graduates from the new marriage course established by Boston University. This fine institution has formerly recognized the desire of countless young women to become better equipped for the lifelong job of presiding over a good home.

A canvass among some of the marriageable young women in this community discloses no "certified brides" but it did show a growing appreciation of up-to-date thinking, coupled with modern methods and equipment, as prerequisite to successful home-making.

Prospective brides were found to be making a careful study of the social responsibilities attendant upon marriage, also the practical side of operating a domestic plan. While interviews with these young women brought out a variety of views as to just what constitutes a happy marriage, there was expressed a unanimous belief in "feeding the brute" as an absolutely necessary domestic accomplishment.

Prospective brides also evinced a somewhat surprising knowledge of modern equipment as a means of disposing of household duties and still leaving time for shopping, recreation and self-improvement. Here is a most interesting fact. Every girl had near the top of her list of things specified for house-keeping a modern kitchen cabinet.

Forward looking young women of today have learned the difference between scrubbing a pine table and passing a damp cloth over the glistening surface of a cabinet table top. They recognize the importance of orderly arrangement of utensils and food ingredients, in fact could almost count the enormous number of steps saved by the use of a fine kitchen cabinet.

This view of the situation is confirmed by local merchants. They find that while the younger women, and especially college women, are taking the lead in purchasing cabinets, the idea is being rapidly adopted in a majority of the better class homes. The growing popularity of cabinets is proved by the rapid increase in sales. Some stores have found difficulty in stocking enough cabinets to supply the demand.

NOTICE OF APPLICATION FOR PARDON

Notice is hereby given that Herbert Moore, who was convicted at the January Term of Pitt County Superior Court, 1931, of the crime of manslaughter and sentenced to serve a term of two years in the State Penitentiary, is about to apply to the Governor and Pardon Commissioner of the State of North Carolina for a parole for the remainder of said term.

All persons who oppose the granting of said parole are requested to file protest with the said Pardon Commissioner immediately.

This the 7th day of June, 1931.

MORGAN TAKES BATTING LEAD IN AMERICAN

Chicago, July 18.—(AP)—Eddie Morgan of Cleveland, a holdout who made good the same season, again has replaced Babe Ruth as the leader in the American League batting championship race.

Unofficial averages, including games of Thursday, showed that while the Bambino's mark fell from .391 to .376 that Morgan climbed into the lead with his .381 record. It was the first time in three weeks that Ruth was shoved out of the lead and it was Morgan who accomplished the trick the last time.

Lou Gehrig, another first baseman of note with the New York Yankees, stood out as the individual batting leader of the three, however. He led in four specialties with 87 runs, a total base collection of 227, a leading total of 26 home runs and in runs batted in with 91. His batting mark was .354. The leading hit producer was Al Simmons of the Athletics with 127; Earl Webb of Boston topped the field with 39 doubles; Simmons and West of Washington were tied with 11 triples apiece while Chapman of the Yankees was far ahead in base stealing with 34 thefts.

All of the leaders except Chapman, were among the big ten hitters in the league, the unofficial averages disclosed. The leaders: Morgan of Cleveland, .381; Ruth of New York, .376; D. Harris of Washington, .364; Simmons of Philadelphia, .362; Gehrig of St. Louis, .361; Gehrig of New York, .354; West of Washington, .354; Webb of Boston, .352; Averill of Cleveland, .348; and Cochrane of Philadelphia, .343.

Lefty Grove of the Athletics, pitched and won only one game during the week for a change but his season's total of 18 victories and 2 defeats was easily the best in the league.

Cleveland retained first place in team batting with a 300 mark, one point higher than a week ago, but Philadelphia went ahead of Washington in fielding, pulling up a point to .977 while the Senators dropped to .974 and second place. St. Louis turned in seven more double plays during the week to run its record to 91 for the campaign.

FINE PITCHING MARKS ACTION IN NATIONAL

By GAYLE TALBOT, Jr. (Associated Press Sports Writer)

No one has accused either the Boston Braves or the Cincinnati Reds of having designs on this year's National League pennant, but those two clubs have just completed what likely will stand as the most remarkable series played in either major league this season.

For pitching brilliance over a period of days, there has been nothing so far to compare with the performances given by their respective mound staffs the last four days. The total runs scored by both teams in the four contests was only 13, eight for the Reds and five for the Braves. Shutouts were registered on three of the four afternoons, John Ogdan and Red Lucas turning the feat for the Reds and Bruce Cunningham for the Braves.

Cincinnati's two victories were won by scores of 1 to 0 and 5 to 0. Boston captured its pair 2 to 2 and 2 to 0. Lefty Brandt of the Braves allowed only 4 hits in losing the second game of the series to old John Ogdan.

In climaxing the torrid series yesterday, Lucas limited the Braves to five hits.

While on the subject of pitching, Jumbo Jim Elliott of the Phillies comes in for a share of the plaudits. His team could win only two out of five engagements from the Pittsburgh Pirates, and he pitched both of them. After beating the Pirates 1 to 0, on Monday, he came back to do it again yesterday 4 to 1 for his 13th victory of the year. He yielded only four hits and did not walk a batter.

A pair of Brooklyn ancients, Adolfo Luque and John Quinn, held the St. Louis Cards to nine scattered blows as the Robins squared the four-game series 4 to 1.

Batting, rather than pitching, featured the fourth game in the senior circuit, the Giants clouting three Chicago curvers for 15 hits to close the series with a 7 to 6 victory and squeeze back into second place in the standing.

Lefty Grove chalked up his 19th victory of the year and his 10th in a row as the champion Athletics made it four out of five from Detroit 6 to 3.

Wes Ferrell of the Indians scored almost a single handed victory over the Yankees 2 to 1. He granted only three hits, one of which was Babe Ruth's 23rd homer of the season and won his own game with a blow into the left bleachers in the seventh.

SPORTS SLANTS

I have the interesting results of a scientific study of the new golf ball from James Eugene Rowe, who was for 16 months chief ballistatist at the Aberdeen Proving Grounds.

Computation of the ballistic coefficient of the new golf ball as compared with the old is a trifle technical but, to illustrate the main idea, Mr. Rowe explains:

"with a given blow of his bat Babe Ruth is able to knock a baseball farther than he would be able to knock a tennis ball with the same blow because the ballistic coefficient of the baseball is greater than that of the tennis ball."

Same Distance Impossible
From there, Mr. Rowe goes on to point out that since the ballistic coefficient of the new golf ball is not so high as that of the old ball, "One has no right to expect to make as long drives." A simple application of his coefficient indicates "a stroke which would give a distance of 100 yards with the new ball would give 112 yards if the old ball has been used."

"Of course the total score of an 18 hole course depends upon many factors," Mr. Rowe said. "However, if we assume that the total score obtained with a particular type of ball is inversely proportional to its ability to pierce the air... the new par of the balloon golf ball would be 81 as compared with 72 for the old ball."

"Players who have been accustomed to make scores of 85, 95 and 100 with the old ball might be expected to make scores of 96, 107 and 113 with the balloon ball. In short, your score with the old ball multiplied by 1.124 (the ballistic coefficient) should give you your normal score with the balloon ball."

Mediocrity Costly
"One important factor, that fundamentally influences all athletic efficiency, has been entirely neglected," continues Mr. Rowe. "A very excellent player will more efficiently solve new difficulties than a mediocre player."

"My own feeling is that a poor or mediocre player is more affected by a change in the type of ball. If we consider players who were accustomed to make scores of 72, 80, 90, 100 and 110 with the old ball these same players might be expected to make 81, 90, 102, 113 124 with the new ball if no knowledge of athletic ability and technique is taken into consideration. However, if this factor is considered, the new expected scores might be 75, 85, 110.

"Let me emphasize the fact that I do not attach very great importance to these numerical values. I do claim as a scientific fact, that the ballistic coefficient of the new ball is less than that of the old ball, and that we do not have the right to expect as much distance with it."

"Moreover, I claim that with a little attention to such scientific principles, a better ball—even a bigger and better ball—could have been designed, and that a better ball can be designed to replace the present balloon ball by employing the same principles."

NOTICE OF EXECUTION SALE

North Carolina—Pitt County.
In the Superior Court of Greenville and Fertilizer Co.
-vs-
W. H. Forbes
By virtue of an execution directed to the undersigned from the Superior Court of Pitt County in the above entitled action, I will, on Monday, the 24th day of Aug., 1931 at 12:00 o'clock Noon at the courthouse door in Greenville, N. C., sell to the highest bidder for cash to satisfy said execution, all of the right, title and interest of the said W. H. Forbes, defendant, in the following described real estate, to-wit:

Situate in Greenville Township, Pitt County, adjoining Guy Evans, Roy Evans, the Hester lands, the Kingston Road, and beginning at a stake on the Kingston Road corner of Lot No. 1 in the Division of the Hattie Evans lands, and runs with

League Leaders

NATIONAL LEAGUE
Batting—Davis, Phillies, .356.
Runs—Klein, Phillies 81.
Rung batted in—Klein, Phillies 80.
Hits—Klein, Phillies, 123.
Doubles—Hornby Cubs, 30.
Triples—Terry Giants 11.
Home runs—Klein, Phillies, 23.
Stolen bases—Comorosky Pirates 11.
Pitching—Clark, Robins, Won 8.

AMERICAN LEAGUE
Batting—Morgan Indians .380.
Runs—Gehrig, Yankees, 87.
Runs batted in—Gehrig, Yankees, 91.
Hits—Simmons, Athletics, 91.
Doubles—Webb, Red Sox 40.
Triples—Simmons Athletics, 11.
Home runs—Gehrig, Yankees, 34.
Pitching—Grove 19.
